## DR. DAVIS' SON KILLED IN FRANCE

Sunday Dr. and Mrs. L. H. Davis received the sad news that their son, Staff Sgt. Robert C. Davis, was "Killed in action in France June 14th."

Robert, only son of Dr. and Mrs. Davis, was serving with Co. K. of the 357th Infantry and would have been 24 years of age September 10th. He entered the service on September 5, 1942, going overseas some time in March of this year.

Sgt. Davis graduated from the Crawfordsville High School and attended the School of Commerce at South Bend. In addition to his mother and father, he is survived by one sister, Margaret Shearer, of Crawfordsville, and his wife whom he married at Fort Sill, Oklahoma last November. She is a member of the Women's Auxiliary Corps.

The entire community extends sympathy to Dr. Davis and the other members of his family in their hour of grief.

## MEMORIAL SERVICES HERE SUNDAY NOON

Short memorial services will be held at the Honor Roll Board in Mentone Sunday noon, July 9th, starting at 12 o'clock. The various churches in town will dismiss at 11:45 to permit those in attendance to get to the memorial services.

The service will be in honor of Staff Sgt. Robert Davis, son of Dr. and Mrs. L. H. Davis, who was killed in France June 14th.

The service is expected to be of a short duration, with music, scripture reading, invocation, remarks, taps and benediction. The nameplate on the honor roll will be replaced with one lettered in gold on black some time during the ceremony.

## MENTONE D. A. R. MEETS

The Anthony Nigo chapter of the D. A. R. enjoyed a lovely carry-in dinner at the Mollenhour cottage at Yellow Creek Lake Tuesday evening, June 27.

The regular business meeting was held and Mrs. Burns gave a report on Continental Congress held in New York.

The evening was enjoyed by eight members and the following guests: Mrs. John Grimes, Mrs. Ora McKinley, Mrs. Earl Smith, Mrs. Burns, Jean Burns and Mary Shirey.

## HOLLIS KAY'S BROTHER DIED SATURDAY

Sylvenius V. Kay, aged 70 years, of Warsaw, died suddenly Saturday morning. The hour of death was approximated at 9 a. m. by the county coroner who was summoned when the body was discovered. Death was due to acute myocardial failure following an illness since last August.

Mr. Kay was born in Burket on Oct. 8, 1873, the son of William and Susan Kay. He made his home in Kosciusko county since 1912. In 1900 he was married at Harrison Center to Lula Edler, who survives him.

Mr. Kay was employed as a laborer and was a member of the Warsaw Baptist church. Surviving, besides the widow, are one son, Lawrence Kay, of northwest of Warsaw; one daughter, Cleo Lowman of Indianapolis; four grandchildren, and one brother, Hollis, of Mentone. On June 12, this year, Marion Edler, brother of Mrs. Kay, died suddenly in the same home.

Funeral services were held Monday afternoon at two o'clock at the Bibler funeral home in Warsaw with Rev. A. W. Littrell in charge. Burial was in the oakwood cemetery.

## BARNEY NELLANS MISSING THREE DAYS

Barney Nellans, skipper of a beach landing boat on D-Day, in a letter received this week, stated that he was listed as missing for three days but was glad that he was still very much alive. He stated, too, that he as yet hasn't seen any of his unit since D-Day plus three. This information is very indefinite however, in that he may consider his unit in a different light than we might suppose. The landing boats carry a crew of five, and a unit, in his words, may include enough for crews for a large number of boats.

We're glad to hear Barney that you aren't "missing" even though we'd bet our last winter's long underwear that you got your feet wet and were doing plenty of talking putting the boys on shore. We were thinking of you, often, as we did all the other boys from Mentone.

Mahlon Mentzer just completed a month's session with the county board of review at Warsaw.

LOCAL HAPPENINGS

Mr. and Mrs. Everett Clabaugh, of Mentone, left Sunday for Missouri to spend a week.

Rev. and Mrs. Simmons and Broda and Frances Clark spent the Fourth of July at Winona Lake.

The Misses Phyllis Lemler, Mary E. Smith and Grace Rans spent the Fourth of July in Fort Wayne.

Mrs. Miles Manwaring was the guest of Mrs. Jack VanGilder and Mrs. Donald VanGilder Saturday evening.

Mr. and Mrs. Forrest Hoffer and son Jimmie have been guests of Mrs. Hoffer's parents, Mr. and Mrs. Ray Rush.

Mrs. Anna Betters, who has been the guest of Mrs. Maude Snyder, went to Lima, Ohio for a visit last Friday.

Miss Elmira Wallace, of North Webster, was visiting Mentone friends last week.

Rudolph Dickey, of Ohio, spent the Fourth of July holiday with his parents, Mr. and Mrs. George Dickey of Warsaw.

Mr. and Mrs. John Shoup, daughter Mary K., Miss Adeline Shoup and Mrs. Elizabeth Cook were guests of the Shaffer and Manwaring families on July 4th.

Jack VanGilder SK 2-c, and Mrs. VanGilder, were week end guests of Mrs. Cora VanGilder. Jack is now stationed at Glenview.

Jackie Julian, son of Mr. and Mrs. Clarence Julian, underwent a tonsillectomy at the Woodlawn hospital at Rochester Saturday morning.

Mr. and Mrs. Hershel Enyeart and daughter Gertrude, Mrs. Robert Enyeart and daughter Marilyn and mother, Mrs. Winddor, of Mishawaka, spent Sunday with Mrs. Etta Halterman.

Mrs. William Vernet's daughter, Mrs. Louise Grimes, and son Bobbie of San Diego, California, have been visiting in Mentone with Mr. and Mrs. Vernet.

Mrs. Sherman Bybee, Mrs. Onthank, Mrs. Helen Mollenhour, Mrs. Ray Rush and Mrs. Earl Smith went to Warsaw last week to help with Red Cross sewing.

Major Don Jenkins, whose father operated a store in Mentone years ago, was in Mentone for a few minutes one day this week. Major Jenkins has been confined to a hospital at Fort Dix the past two months and was given a medical discharge and was on his way to a government hospital near his home at Minneapolis, Minn. Max Nellans, of Mentone, went on with him as the driver of his auto.

Guests at the Artley Cullum home Tuesday were Mr. and Mrs. Fred Carey and four sons and Mr. and Mrs. Eugene Lancaster and two daughters of South Whitley, and Mr. and Mrs. Chas. Davis and three children of Monroeville. The day was in celebration of the 19th wedding anniversary of the Cullums. As far as the men are concerned, the congregation was a "brother-in-law" affair.

The Mentone fire department made a trip to the Mrs. Alice Flenar farm, east of town, Monday afternoon, to help put out a fire in a stall in the barn. No one lives at the farm, so it is rather evident that there had been visitors shortly before. This is the third

such fire in recent weeks and one would guess that some youngsters are getting a trifle careless with their matches or cigarettes. (It's tough trying to stomp out a cigarette with bare and tender feet.)

## BLOOD BANK AT FORT WAYNE FOR NINE DAYS

Nine days of blood donor service will start at Fort Wayne at the end of this month, it was announced Monday by the local Red Cross, Kosciusko county residents who wish appointments for this visit of the blood bank may contact the Red Cross office in the court house, it was stated. (The Mentone chapter of Psi Iota Xi can also make the arrangements for you.)

It was also reported that a radio program, "Food For All," a series of nine broadcasts on Red Cross nutrition, was launched July 1 over WGN, Chicago. The programs will be staged three times weekly at 8:45 a. m.

## CARD OF THANKS

We want to thank the neighbors and the fire department for helping to control the grass fire at our home Friday afternoon.

## Success of 5th War Loan Will Meet Acclaim, of Men in Field and Prove Nation Is Backing Our Armed Forces

by Gen. Ike Eisenhower

"In moments of crisis involving the safety of our native land, the American people have invariably rallied against the danger with courage, faith and resolution.

"For the past two years we have been in one of these crises, perhaps the greatest in our history. On the battlefield and on the home front men and women are daily making great sacrifices so the freedom in our way of life may be preserved.

"There is now in progress the 5th War Loan Drive to raise money so as to insure that this conflict will be brought to the speediest possible conclusion and

with the least loss in lives. The complete success in the drive will meet the acclaim of the forces in the field and will be renewed proof that all Americans are one solid phalanx of determination in this great war.

"All of us profoundly trust that soon the world may be restored to a just peace. Until we can, with God's help, bring about that happy realization of our dreams, each of us must seek incessantly for ways and means by which the value of our services to our country may be enhanced. Right now we can do so by buying Bonds. Let's make this particular victory a quick and decisive one."

## Future Farmers Put Food Profits in Bonds

Throughout the nation the FFA boys are making a substantial contribution to the war effort through the production of the all-important food supply and purchase of War Bonds with their profits. Shown here are some instances. No. 1 shows Robert Hill of the Welcome Chapter FFA, North Carolina, with three of his eight registered dairy calves. North Carolina FFA boys owned 9,299 dairy cows and invested profits in War Bonds totalling \$308,650. No. 2 shows two Wilson County, Tennessee, boys of the Green Gale Chapter at Lebanon repairing farm equipment. At an auction of this farm equipment a total of \$85,000

went into War Bonds. No. 3—Edward Jones of Pittsboro Chapter FFA, North Carolina, and some of his 455 high-producing victory hens. Edward made a net profit of \$548.12 from his flock last year and is putting his profits in War Bonds. No. 4 shows Colin English, State Superintendent of Public Instruction, Herbert Shuman, president Palmetto Chapter FFA, and Harrison E. Barringer, State Senator, all of Florida, at the high light of an annual Father-and-Son banquet. The Florida Future Farmers bought a \$1,000 War Bond with the funds from their farm produce grown on their own class project. Back the Attack—Buy More Than Before.

## LOOKING FOR A HELLARIOUS TIME

The WPB, at the insistence of some congressmen, will permit the distilleries to wring out sixty million gallons of panther sweat in August so we can have a merry campaign this fall. They figure a guy can't make a decent "X" without having his eyes crossed looking up at the bottom of a bottle.

A few hours ago we were so short of industrial Al K. Hall that we were going to trade 25,000 gallons of gas to Cuba so we could make synthetic rubber tires for cars without gas. Now we have the alky and an oversupply of lime rickey, so we're going to hatch out a sample batch so each man, woman and wandering offspring can have a half gallon each. Cut that down with rye, rain water, red oak chips and tobacco juice and we'll have enough to float the Jap navy and embalm the crew at the same time.

In the so-called good old days, a man pushed his way through a swinging door, threw a leg over a brass rail and proceeded to throw the grocery and furniture money down the lavatory. Lately, they moved in swell furniture, gave the joint a new name, and a sluggard with alkali dust in his glizard can bring the old lady along and they can go to the poor house in style.

This is a healthy situation for the nation, as the kids get a lot of exercise pulling themselves up to peek in the doors and windows to see if mom and pop are still able to stand up alone.

Synthetic rubber may be new, but I've seen birds with legs made of similar material. Just a flat tire that needed a boot.

This new batch of liquid fire will be plenty hot to handle as there isn't time to take the fire of youth out of it. It'll be a babe with plenty of kick, and after one big swallow you'll feel as if the Oklahoma just went down with all its guns firing.

The heat of the equator will start just south of the adam's apple, while the fire of hades starts up from the lower regions. Your inside pressure will make you think you're bulging at the ears, your shoulders will droop and your neck will stretch out like a turkey with indigestion while your eyes start revolving like a mole on the chin of a stuttering St. Vitus patient.

The only way a man can handle liquor is when he's in the morgue and they give him a shot with a bicycle pump.

### THE CAMP OF THE OPEN BIBLE CLOSSES

Rev. E. C. Ralston, director of the Camp of the Open Bible, announces that the camp was a great success this year. There was a total of 54 who registered for the camp during the two weeks. Some were only able to stay one week. 51 were in attendance the first week and 46 the second. Of the total 39 received certificates for having completed the course of study, attended all classes and finished the required work. An accurate point merit system was kept of each camper and points were given for domestic, class and other work. At the close of the camp the boy and the girl receiving the highest number of points received a gold bar pin with a suspended gold and enameled open Bible engraved with "Camp 1944." Carol Lee Eaton received the award for the girls and Norbert Darr received it for the boys. A "Camp Echoes" program was given by the campers at the church Sunday night. The campers told in their own words the various activities of the camp.

### O. E. S. INSPECTION HELD HERE MONDAY EVENING

The annual inspection of the Order of the Eastern Star by the Worthy Grand Matron of Indianapolis, Mrs. Mildred Smith, was held in the Mentone Masonic Hall July 3rd. There was a carry-in dinner served in the dining room of the Methodist Church at 6:30. The tables were beautifully adorned with flowers and candles, and miniature drums for nut cups. The colors throughout were red, white and blue in honor of Independence Day.

The Masonic Hall was made comfortable with the aid of electric fans and open windows.

Seven little tots, sons and daughters of members, were dedicated by the W. G. M. They were Sue Ellen Long, Jo Ann Tucker, Merlin Valentine and Barry Clair and Larry Kent Greulich.

Argos officers initiated two candidates from their chapter and Mentone chapter exemplified the opening and closing ceremonies. In the Worthy Grand Matron's address she commended very highly the work of both chapters and expressed her sincere appreciation for all courtesies extended her.

There were guests from Nappanee, Wabash, Bremen, Warsaw, Leesburg, chapters and a goodly number from our home chapter present. The evening was most enjoyable and well planned by

### S. AND E. MET THURSDAY

A very enjoyable meeting was held at the country home of Mr. and Mrs. Clarence Peterson, Thursday, June 29, when the Social and Educational ladies of the Newcastle Township Farm Bureau met. The meeting opened with community singing led by Mrs. Dee Berrier with Mrs. Chloris Barkman at the piano. This was followed by prayer by Mrs. John Gordon and scripture reading by Mrs. Walter Safford. Roll call was answered by introducing the guests. After a short business session Mrs. Marie Warner, county Social and Educational leader, gave a short talk.

Mrs. Alice Womack, leader of Valparaiso district, was then introduced and gave a very interesting and educational talk on Farm Bureau and its benefits. Mrs. Harold Carruthers, Fulton county's war food agent, gave a short talk on the necessity of "Proper Canning." Mrs. Kermit Biddinger gave a short talk on "The 4-H Fair," she also gave out material to be sewed for Red Cross work.

The meeting was then turned over to the program committee with Mrs. Roland Lukens in charge. Mrs. Lukens led the group in several songs. Vocal and instrumental music and twirling by different ones followed.

The hostess and assistants served delicious refreshments to 69 members, guests and children. The hostess for the September meeting will be Mrs. David Swihart, Mrs. Victor Tobey, Mrs. Lester White and Mrs. Roy Adamson. The program committee will be Mrs. John Haimbaugh, Mrs. Wilvin Long and Mrs. Clarence Mikesell.

John William McGowen AM 1-c, overseas for 11 months, is now spending a 20-day leave with his wife at the home of his parents, Mr. and Mrs. Mel McGowen.

The fire department was called to the Vinson Meredith farm home, southwest of Mentone, Friday afternoon to help extinguish a fire in a field of timothy. Neighbors came to the rescue and had the fire pretty much under control when the department arrived. The fire started when Mr. Meredith attempted to burn a small brush pile.

## FRUIT JUICES FOR YOUR FAMILY'S HEALTH AND PLEASURE

Photo Courtesy Ball Bros. Co.

The average person finds it somewhat difficult, except in hot weather, to drink the quantity of water needed for keeping the body in prime condition but there are few who do not welcome a tall glass of cool, home-canned fruit juice at noontime, bedtime—any time! Fruit juices are water with the plus value of color, flavor, vitamins, and sugar. They are also useful for making cocktails, punches, congealed desserts, molded salads, sauces, ice creams, sherbets, etc.

According to Gladys Kimbrough, authority on home canning and Home Service Director for Ball Brothers Company, fruits from which juices are to be extracted should be fresh, sound, ripe, and of good color and flavor. All except citrus fruits and white grapes should be heated before the juice is extracted. The cooking should be done below boiling point because intense heat tends to destroy color, flavor and vitamins.

Juices of highest quality can be made easily at home if instructions are carefully followed and a dairy or candy thermometer is used to determine temperatures. However, a satisfactory product can be made without the use of a thermometer.

The amount of sugar used varies from 1 to 2 cups to 1 gallon juice, depending upon preference. Some fruits do not hold color and flavor well unless a larger quantity of sugar is used and are for this reason made into sirups which may be combined with other juices or with water when served as a beverage. Juices intended to be used for making jelly must be canned without sugar. Fruit juices should be processed (cooked in jar) 30 minutes in a hot-water bath at 175-200° F. If no thermometer is available, process at simmering,—that is, just below boiling, when bubbles begin to show on the surface of the hot water.

Grape and berry juices are clearer if left standing 12 or more hours

and then siphoned or poured from the dregs which settle at the bottom. Filtered juices are more attractive in appearance, but less so in flavor than unfiltered ones.

Of tomato juice, Miss Kimbrough says, "No tomato juice is superior to that which is made, as needed, by pressing home-canned tomatoes through a fine sieve." For those who prefer canning the juice, she gives the following recipe: Use firm, red-ripe, freshly picked tomatoes. Discard any that are bruised or specked with decay or fungus. Wash carefully. Leave whole and bake in an oven; or steam; or cut into small pieces and cook until soft. (It is said that a smaller percentage of vitamins is lost when the cooking is done by steaming or baking.) Press the hot tomatoes through a fine, preferably cone-shaped, sieve. Reheat to simmering (195-205° F.). Pour into hot jars. Process 20 minutes in hot water bath at simmering, or 10 minutes at boiling. If the juice is to be used in infant feeding, omit salt. Otherwise, add salt to season.

And this is a good recipe for grape juice. Wash, stem, and crush fresh, firm-ripe grapes. Add 1 cup water to each gallon crushed grapes. Heat 10 minutes at simmering. Strain through several layers of cheesecloth. Let stand in a cool place, preferably in refrigerator, 24 hours. Strain again. Add 1 or 2 cups sugar to each gallon juice. Reheat to simmering. Pour into hot jars. Process 30 minutes in hot-water bath at 175-185° F.

All institutions which have for their purpose the inculcation of moral and religious principles in the adolescent mind are contributors to the stability of the worthwhile institutions that make for human progress and happiness. Without religious belief the world would be in chaos.

"The Sunday school is one of the most important factors in building religious belief and moral responsibility."

The Sunday school is one of the greatest institutions in the world today yet many people do not use their opportunity to attend nor do they make any effort to send their children.

#### Purple Heart

The Military Order of the Purple Heart is awarded to men wounded in action under conditions which entitle them to wear a wound chevron or to those who have received the Meritorious Citation certificate from the Commander-in-Chief of the AEF.

The decoration, as revised, consists of a heart-shaped medal with a center of purple enamel. A relief bust of George Washington in uniform of a general of the Continental army is on the obverse. On the reverse appears the inscription "For Military Merit." The Washington coat of arms is incorporated in the ring which attaches it to the ribbon.

### To the People of this Community

The next time you write to your fighting man or fighting woman tell him or her what you have done about the Fifth War Loan. You can take the word of General Eisenhower that your man or woman in uniform will be deeply interested.

Your War Bond buying is a good tip-off to them about the state of affairs in your home. The headlines in this newspaper on the progress of the drive, the items about participating individuals, the character of the Fifth War Loan special events—all these things reflect the morale back home.

Do you like to read a sorry headline about the invasion fronts? Our fighting forces, made up of individuals with the same reactions to good and bad as you, will not be heartened to read: "Fifth War Loan Lags."

Your silence in your letter about your part in the Fifth War Loan will mean non-interest, perhaps non-participation to the recipients. It's up to you to make your letters cheerful. Write today. Write often. Write about your war work, your war support. Double your best previous War Bond buying record and then shout it to the house-tops—just to that special

The marriage of Lewis R. Fawley, now serving in the army, and Ruby B. Fawley, believed to be residing in Florida, which occurred on Jan. 9, 1942, has been annulled by Judge John A. Sloane in circuit court. Fawley had asked a divorce decree on grounds that the marriage resulted from fraudulent representations.

Mrs. Ralph Mattix and daughter of Claypool, spent a week in Ohio recently.

Mrs. Orpha Blue is visiting her son, Robert, and family in Midland, Mich.

Mr. and Mrs. George Dickey and son Rudolph, of Ohio, took Sunday dinner at the Vernon Jones home.

Mrs. Mervin Jones and Mrs. George Clark called on Mrs. Lydia Rynearson Sunday at the Murphy medical center and did not find her so well.

Mrs. Hattie Melton, of Burket, was admitted to the McDonald hospital on Saturday night with a fractured knee, the result of a fall in her home.

**TED** — come home. Got something different for breakfast. New bran flakes and raisin combination called Post's Raisin Bran. It's delicious. It's new!

Mr. and Mrs. M. O. Mentzer and daughter Rosalind spent the week end at Vincennes, Ind. with their daughter and sister, Mrs. Margaret Foulks, who is recovering from a major operation at the Good Samaritan hospital. Miss Rosalind is staying a few days to be with her sister until she is removed to her home. While at Vincennes, the Mentzers were entertained by Mr. and Mrs. Earl Byers. Mr. Byers has several hundred acres in peaches and apples and expects to harvest a very large crop.

## WILLIAM COOK WRITES HOME FROM FRANCE

Mr. and Mrs. William F. Cook, of Mentone, received the following letter (V-Mail) from their son, under date of June 13th:

Dear Mom and Dad.  
Everything is going along fine. I couldn't be feeling any better. We landed somewhere in France on D-Day. Things haven't been so awful tough as yet. We're getting plenty to eat and well taken care of. So don't worry about me. In fact, we are enjoying ourselves at times.

We can't tell you anything about the fighting. But the newspapers are pretty straight about such things. I sure have a nice beard and could use a real hot shower.

I'm writing this with a German fountain pen that I got off of a prisoner. I hope you can read it. Well, will close. I want to drop Guilford a line. This is the first chance I've had to write.

Love, BILL.

### KATHRYN SNYDER-DALY TO TALK BEFORE LIONS

War Nurse to Speak Before Lions, Ladies and Guests July 19th

Many months the citizens of this community have been interested in the welfare of a local young lady who has been serving her country in the European theatre of war in the capacity of a nurse. She has been subjected to the most trying hardships of modern war, has been on sinking ships, among falling bombs and whining shells, and in her official duty has viewed the horror and brutality of bitter conflict.

Miss Kathryn Snyder, as we know her, recently returned to her home near here and has accepted the invitation of the Mentone Lions Club to meet with them on the evening of July 19th and to speak to them in the basement of the Methodist church.

Kathryn Snyder-Daly was married while in the service of her country and her husband, we are informed, continues to fight in this great global conflict.

The meeting will be open to all the Lions, their ladies and guests and all are invited to dine with us at seven o'clock. Each Lion must report whether or not he will be present at the luncheon and how many will be in his party.

### GRANDMOTHER DIES FROM FALL INJURIES

Mrs. Margaret M. Peterson, 86, of Warsaw, grandmother of Byron Peterson of Mentone, died Monday morning at 8:15 o'clock at the McDonald hospital at Warsaw, just four days after she suffered a broken hip and shoulder at her home. Death was caused by uremic poisoning caused by her injuries.

Mrs. Peterson tripped over a wire in the yard of her home Thursday evening.

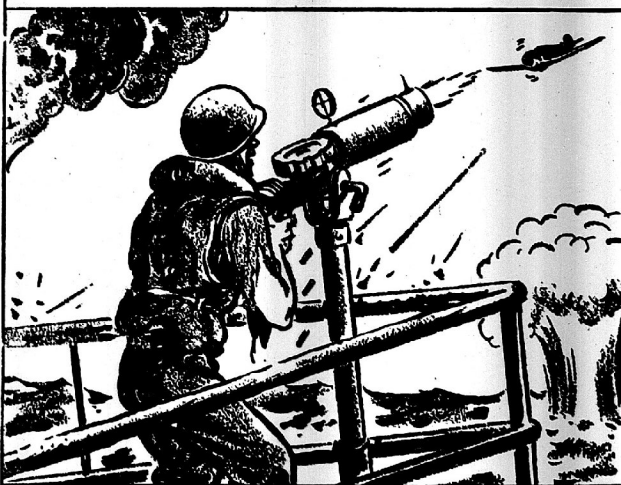

Mrs. Peterson, a native of Indiana, was born June 8, 1858, and had lived her entire life in this vicinity. In 1879 she was married to Theodore Peterson who preceded her in death 15 years ago. She was a member of the Warsaw Methodist church.

Surviving relatives are: three sons, Joseph and Claude of Warsaw, and Ernest of Osceola; one daughter, Mrs. Opal LaCrone, of Lakeville, Indiana, eighteen grandchildren and fifteen great-grandchildren.

Funeral services were held at the

### COUNTY EXCEEDS WAR BOND QUOTA

Incomplete reports Monday revealed that Kosciusko county had gone "over the top" by at least \$100,000 in the greatest financial drive in history, Eugene T. White, county campaign chairman of the Fifth War Loan bond drive which ended Saturday, announced. The county quota of \$1,590,700 was met and surpassed as practically every town attained or exceeded its quota.

### YOUNG DAUGHTER DIES FOLLOWING OPERATION

Carolyn Sue Marquis, 7, daughter of George and Marie (East) Marquis, died Tuesday at her home in Elkhart following a tonsillectomy. The operation was performed about 11 a. m., and her death came at 7 p. m., due to hemorrhage and shock. She was born in July, 1937, at Mentone, where the family lived for some time before moving to Elkhart.

Besides her parents, she is survived by a brother, Lowell, now in service overseas, and a married sister living in Elkhart. Her maternal grandmother, Mrs. William East, lives in Palestine, and her paternal grandfather, James Marquis, lives in Larwill.

Rev. Silas Hill of Mentone, conducted a service at 10 a. m. Thursday at the residence, 126 Cottage Court, Elkhart. Later, Rev. Hill conducted another funeral service at 2:30 p. m. Thursday at the Johns funeral home in Mentone.

### CONSERVATION CAMP TO OPEN SUNDAY

The annual Conservation Club camp opens at McClure lake on Sunday evening, July 16th and lasts until Wednesday evening. Bill Chapel is camp director and Dale Kelley assistant.

The camp is owned by the Conservation clubs of the county and each year each club pays for sending a number of young people to the camp. The Mentone club sent two from Burket and three from this immediate vicinity.

Registration takes place from four to six o'clock Sunday afternoon, with M. G. Fawley in charge.

The day's schedule starts at six in the morning when the camp director gives the morning call. Bill Chapel will supervise swimming at 6:10 and assembly will be called at 6:45. Breakfast will be at seven and first aid from 8:15 to 9:15 on Monday. Swimming will take place at this time Tuesday and Wednesday. The feeding of birds, mammals and the habitation of fish will be presented by the State Conservation Department at 9:30 on the three days, one subject each day. Monday at 10:15 Bill Chapel will talk on tree planting and bird shelters on Wednesday. Joe Clark will have soil erosion as his subject at this time Tuesday. Pauline Kintzel will teach rifle at 11:00 each day and Dale Kelley will instruct in archery at 11:30. After noon, at 1:30 and 2:30 the program will be more of the same topics for 10:15 and 9:30 respectively. Organized play from 2:45 to 4:15 and swimming, boating and relaxation from 4:15 to 5:00. Supper at six and vespers at 7:30. Evening program at 8:15 and taps at ten.

Wednesday evening, the final night before breaking camp, a fish fry and program will be given to the campers and the general public. Everyone is welcome but reservations must be made to Mr. Fawley, county secretary, by Tuesday evening. The charge will be \$1.00 per person.

### ENTRIES RECEIVED FOR HORSE SHOW HERE AUG. 13

A number of entries have already been received for the horse show to be held at Mentone on Sunday, August 13. Thirteen classes are scheduled with a prize list of \$449.00.

Mrs. Emma Underhill is moving into her new home this week.

**J. D. FINNEY LOSES FINGER IN HAY FORK PULLEY**

J. D. Finney, farmer residing near Talma, lost one finger and smashed two others on his left hand Monday morning while helping a neighbor to make hay, according to our Newcastle reporter.

Mr. Finney, while setting the hay fork, got his hand caught in the pulley and was pulled clear to the barn

loft before the mechanism was stopped.

### DON'T SEND DOLLAR FOR NEWSPAPER CLIPPING OF YOUR RELATIVE IN ARMY

The Warsaw Times warns: Watch for this racket, one of the foulest we have heard of in a long time. An unknown clipping service bureau, which clips personal notices out of newspapers, notifies families of army service men by post card telling them they have a newspaper clipping about their son, father or husband, which will be forwarded to them for \$1. The clipping is usually taken from their own local newspaper and already had been seen by the family. Don't bite on this one. While there is no violation of federal law, the scheme borders on obtaining money under false pretenses.

### Water Buffalo Duel

Villagers in China throng a river bank to enjoy the thrills of a water buffalo duel. The animals suffer nothing worse than a slight headache.

### ATTEND BASEBALL GAME

Mentone and vicinity was well represented at the baseball game at South Bend Monday evening when the Hoosier Beer team played the Chicago Cubs. The final score was 20 to 2, yet the game was interesting. The Cubs were out for an evening of sport and took their revenge from the Beers for the rough treatment they have had from some of the league teams this year.

Bill Blue started pitching for the Rainwater and hops gang, but left the mound in the fore part of the second inning when the Cubs insisted upon knocking the ball all over the park—and sometimes over the fence. The Beers didn't improve the situation a bit with the next pitcher while the third did manage to do a little better.

### Vehicle Mileage

Vehicle mileage in 1943 is estimated at 18 per cent below 1942, and 33 per cent below 1941. In comparison with the drop in fatalities, there is an indicated reduction in the mileage death rate of 14 per cent from 1941, and no change in the mileage death rate over 1942.

## If You Suffer 'PERIODIC' FEMALE PAIN

With Its Weak, Cranky, Nervous Feelings

If at such times you, like so many women and girls suffer from cramps, headaches, backache, distress of "irregularities", periods of the blues — due to functional monthly disturbances—Start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous not only to help relieve monthly pain but also accompanying tired, weak, nervous feelings of this nature. This is because of its soothing effect on one of woman's most important organs. Taken regularly — Pinkham's Compound helps build up resistance against such symptoms. Follow label directions.

## AVOID CANNING MISHAPS BY FOLLOWING PROPER DIRECTIONS

Although 1943 was a banner year for home canners, it was also a troublesome one. As unbelievable as it may seem, it was the old-timer, rather than the novice, who most often lost her way in the maze of jars and war-time caps. Some of the old-timers were so sure they knew the road to successful home canning that they struck out alone, paying no attention to directions. Others chose to follow uninformed guides who posed as authorities, but those who went to headquarters for information made the journey without mishap.

The glass top seal cap, consisting of metal band, glass lid, and separate rubber ring, was the indirect cause of the more serious canning troubles in 1943. This cap gave satisfaction when used right, which was and is fortunate because the War Production Board's order that at least forty percent of all jars made be fitted with glass tops has been carried over into 1944.

Gladys Kimbrough, Home Service Director for Ball Brothers Company, gives five simple rules which will, if followed, insure successful use of the glass top seal caps. They are:

1. Examine the top of every jar. It must be even and smooth.
2. Leave about one inch head space when filling jars to be processed (cooking in jar in canner) and about one-half inch head space when doing old-fashioned open kettle canning.
3. Fit the rubber around the projection on the bottom of the lid before putting lid on the jar. The rubber must lie flat between the lid and the top of the jar. Rubbers cannot slip out of place if they are put on right.
4. When processing is to be done, tighten the metal bands, then loosen them by turning back about one-quarter turn. The bands must be tightened after the jars are removed from the canner.
5. Remove the metal bands the next day after the canning is done and test the seal by pulling on the lids, gently, with the finger tips. If the canning is done right, vacuum in the jar plus air pressure on the outside will hold the lid down in an airtight seal. That is why it is unnecessary to put the bands back on the jars.

Each of the five rules given is important, but failure to observe rule number four causes trouble.

Every section of the country "over-subscribed its quota" of jar breakage last season. Too much internal pressure is the most common

cause of jar breakage while jars are in a canner and is the only thing that causes a jar to explode. Internal pressure builds up when a jar is closed so tight that steam cannot escape from it during processing. So, keep those glass top seal bands loose while the jars are in a canner, and there will be, can be, no explosions!

A jar on which a separate rubber ring is used should never be closed tight before processing. On the other hand, the flexibility of the metal lid plus the nature of the sealing compound make it both possible and necessary to tighten the bands on vacuum seal, two-piece metal caps before processing.

Manufacturer's instructions clearly state that:

1. Jars to be sealed with vacuum seal caps must have even, smooth, flawless top edges.
2. From one-half to one inch head space must be left when filling jars and anything spilled on the top of the jar must be wiped off.
3. The lids must be dropped in boiling water. They need not be boiled unless they are to be used for old-fashioned open kettle canning.
4. The metal bands must be screwed down snugly tight,—that is, as tight as they will go without force. The bands must not be tightened after the jars are taken from the canner.
5. The bands should be removed from the jars the next day after the canning is done and the seal tested by pressing on the lid with a finger. A tightly sealed lid will not move under finger pressure.

In spite of these five simple rules, there were persons who went right ahead last season and used old sharp-edged jars or those with rough, nicked, or uneven top edges, and there were some who filled the jars too full. Others tried to make cast-off lids from commercial jars serve the purpose of the regular metal bands, but possibly the most common of all blunders was that of forcing the bands so tight that the tops of the jars pushed through the compound and prevented a seal.

The metal bands for vacuum and glass top seals are not interchange-

Photo Courtesy Ball Bros. Co.

able but both should be removed from the jars the next day after the canning is done and left off. Otherwise, they are likely to rust and be difficult to remove when time comes to open the jars.

The "war babies" are still with us, but prospects are much brighter for the 1944 canning season. More people will be familiar with the glass top seal and two-piece vacuum seal caps. The sealing compound on the metal vacuum seal lids will be less easily ruined because of the synthetic rubber in its composition. Best news of the season for a great many home canners is that the one-piece zinc, porcelain-lined cap is back from the war.

When asked to give "you-can't-miss-it" directions to a successful canning season, Miss Kimbrough said: "Select strictly sound, garden-fresh vegetables; prepare, pack, and process by Blue Book recipes; use regular home canning jars—every one of them has the name of the jar molded in the side; and follow the manufacturer's instructions for using jars, caps, lids, and rubbers."

### MANY ATTEND MUSICAL RECITAL GIVEN HERE

### WILLIAM F. FAWLEY DIES AT HOME NEAR CRYSTAL LAKE

William F. Fawley, 73, passed away early Wednesday at his home on the Crystal lake road, five miles west of Warsaw, following an illness of the past six weeks. Cause of death was heart and kidney trouble.

The deceased was born September 16, 1870, in Harrison township and had lived in this community all his life. He was the son of Mr. and Mrs. Joseph Fawley, both deceased. In 1891 he was married to Lillie Cummings, with whom he celebrated a golden wedding anniversary in 1941. He was a farmer having retired several years ago.

Mr. Fawley is survived by his widow; two sons, Clifford of near Atwood, and Kenneth, well known auctioneer of near Warsaw; two daughters, Mrs. Gladys Jones of Burket, and Mrs. Katherine Dunnuck of near Warsaw, and seven grandchildren. A sister, Mrs. John Harmon of Mishawaka, died at her home Sunday. Funeral services for her were held Wednesday morning at ten o'clock at Mishawaka.

Funeral services for Mr. Fawley will be held on Friday afternoon at two o'clock at the Atwood United Brethren Church. Rev. Silas Hill, of Mentone, assisted by Rev. I. E. Longenbaugh of the Atwood church, will be in charge. Burial will be in the Oakwood cemetery at Warsaw.

### RAY RUSH RE-ELECTED AS STATE RLC SECRETARY-TREAS.

Ray Rush, of Mentone, who has served as secretary-treasurer of the Indiana Rural Letter Carriers' Association, was re-elected to that position at the state convention held at Indianapolis Monday, Tuesday and Wednesday of this week. All the other officials were also re-elected, as follows:

Charles R. Okel, Farmland, president.  
Ira M. Cleveland, Carlisle, vice president.

## AMERICAN HEROES

BY LEFF

Two New York Boys, one from the lower East Side, one from the Bronx, have been awarded the Soldiers' Medal for saving eight crew members of a burning bomber at Port Moresby, Papua. Disregarding the dangers of exploding bombs, ammunition, and gasoline, Cpl. Anthony J. Lobritto, Manhattan, and Pfc. Irving Leibhaber, the Bronx, rushed to the crashed bomber. It's up to us to buy War Bonds and hold 'em.

### REBEKAH LODGE SOCIAL

The annual yard and ice cream social was enjoyed by the members and families of Foster Rebekah Lodge No. 546, at the home of Dora Goodman Wednesday evening, July 12th. It was a very pleasant evening and over a hundred partook of home made ice cream and cake.

As this was the birthday of Sister Bess McCoy she was given a tea towel shower by the members.

The yard was adequately lighted with a number of electric lights. All departed at a late hour expressing their appreciation to the hostesses and declaring the evening well spent.

### MISS BEULAH NETTROUER BRIDE OF SGT. ANDERSON

The United Brethren parsonage at North Manchester was the scene of a pretty wedding on Thursday morning, June 29, when Miss Beulah Nettrouer, daughter of Mr. and Mrs. Clyde Nettrouer, of near Mentone, became the bride of T-Sgt. Ralph W. Anderson, son of Mr. and Mrs. Charles Anderson of Celina, Ohio. Rev. E. M. Cornelius read the vows for the double-ring ceremony. The couple was attended by Miss Frances Nettrouer, sister of the bride, and John Besson.

The bride was dressed in street-length frock of aqua crepe with white accessories and corsage of red roses and baby's breath. Her sister wore an orchid crepe dress with white accessories and a corsage of pink roses and baby's breath.

Following the ceremony the couple left for a short honeymoon after which they plan to reside in Watertown, S. D. where T-Sgt. Anderson is stationed during summer months. In the fall he will return to Alaska, where he has been stationed previously with the Cold Weather Testing detachment of the Army Air Corps.

Mrs. Stanford just received word that her son, Cpl. Thomas A. Stanford, U. S. Marine Corps, has been transferred to the Naval Hospital, Ward 43, B-US, Oakland, California. Tommie, who has been somewhere overseas, has not informed his mother of the injuries or ailment which has placed him in the hospital. He just returned to the U. S. with a group of Marines.

### FIRST BAPTIST CHURCH Mentone, Ind.

You are ever welcome to this house of God

Harvey T. Woodruff says "whatever our later activities in life, no matter how far we may stray from the devout teachings of our parents,

I feel the early training in Sunday School and the knowledge we there acquire of the scriptures, is an influence for good, not only in our personal conduct, but in our attitude toward others, which never can be effaced". Henry S. Wood says, "in investigating the economic conditions in rural and industrial life, I find one of the greatest needs to be leaders who will forget greed and selfishness and think in terms of real service to the world. These leaders can only come from the boys and girls who are being taught the spirit of the Golden Rule by lessons taught in our Sunday Schools". The Sunday School affects the child's life, for good, in every phase of his or her life. Your children should be in Sunday school. Why not bring them Sunday?

### SNYDER-WARNER MARRIAGE

The Plymouth church at Fort Wayne was the scene of a pretty six o'clock Wedding Sunday evening when Dr. Charles M. Houser read the vows for Miss Jane Warner, only daughter of Mr. and Mrs. M. A. Warner of Silver Lake, and Lt. Robert Snyder, son of Mr. and Mrs. Paul Snyder of Fort Wayne. The church was beautifully decorated and a short musicale was presented by the organist, Mrs. I. Henry Curdes who played appropriate selections.

The bride, who was given in marriage by her father, was attended by Miss Eleanor Wallace of North Webster and Miss Martha Carr of Silver Lake. Following the wedding, an informal reception was held in the church parlors. The guests were served cake and punch.

Mrs. Snyder was graduated from the Silver Lake high school and attended Manchester college, and before the wedding was employed in the payroll division of General Electric at Fort Wayne. Lt. Snyder, also a graduate from Silver Lake, before going into the service was employed in the laboratory office of the Harvester company. He has just completed pilot training and received his commission as second lieutenant in the Army Air Forces at Brooks Field, Texas.

Following the reception, the couple left for a short wedding trip.

Those who attended the wedding from Mentone were Mr. and Mrs. A. I. Nelson and son Robert, Mr. and Mrs. Don Bunner, Mr. and Mrs. M. O. Smith and daughter and Lide Williamson.

### Go Into Field

Gathering field data on the value of a new fungicide requires a lot of crawling over a lot of loose, cultivated soil. In one series of tests on 49 different farms, plant pathologists, under a hot southern sun, crawled along about 35 miles of peanut rows. Moving along on hands and knees, these scientists counted over 255,000 plants to obtain information under actual farming conditions.

# How it Started and why it started

When someone asks "who started the co-operative movement?" you can get a hundred answers, all of them right.

Some will say co-operatives started at Rochedale, England.

Another person will say co-operation is the Christian way of life, first taught over nineteen hundred years ago.

An economist will insist co-operatives are an economic necessity.

A sociologist will say co-operatives grew because there is a feeling of strength in numbers.

Or a business analyst may use charts to explain that co-operatives are a better way of life.

But when you sift all the answers, you get down to the real one.

### CO-OPERATIVES ARE STARTED BY PEOPLE.

Maybe the co-operative movement looks like "small potatoes" in comparison with some big businesses.

But that's not so. A local co-op is the most important cog in the co-operative movement—the cog which has been responsible for bringing better living standards in hundreds of spots in this old world of ours . . . in Rochedale . . . in Sweden . . . in our neighbor's town . . . and in our town.

Congress knows that co-operation is the way for people to transact business . . . they know that co-operative associations promote efficiency in marketing and distribution.

Any type of business which succeeds in reducing costs and rendering efficient service is bound to prosper . . . and is entitled to our whole-hearted support.

**THE CO-OPERATIVE PRINCIPLE MUST BE APPLIED IN THE POST-WAR WORLD IF WE EXPECT TO GAIN ANYTHING FROM THE PRESENT WORLD CONFLICT and IF WE WOULD PROTECT OURSELVES FROM ANOTHER SEASON OF WHOLESALE SLAUGHTER.**

### Attention! All Home Canners

Before you begin your 1944 canning, Good Housekeeping Magazine advises you: use the boiling-water bath method for tomatoes and fruits only. Can all vegetables except tomatoes by the correct use of a pressure cooker to be sure of killing botulinus germs. In the last few years, cases of botulinus food poisoning have cropped up in widely different parts of the country. Buy, borrow, share a pressure cooker—but don't can low-acid vegetables any other way. If you want further information, write Good Housekeeping Magazine, 959 Eighth Avenue, New York 19, N. Y.

## LT. BUD LOWMAN REPORTED MISSING OVER FRANCE

Second Lt. Samuel J. (Bud) Lowman, 24, of Warsaw, army air force fighter pilot and son of Mr. and Mrs. Sam Lowman of Warsaw, has been missing in action over France since July 6th, it was learned Tuesday. The lad's mother is a sister to Cloice Paulus of Mentone.

The war department telegram gave no details other than the date he became missing and the area in which he was operating.

Lt. Lowman has been in the news on various occasions the past few weeks and friends and relatives had followed his work as a fighter pilot with interest. He was recently promoted from Flight Officer and awarded the Distinguished Flying Cross for saving the life of a soldier in the North Sea. At one time he was shot down while flying with Major Walker M. Mahurin of Fort Wayne. He was a member of one of the highest-scoring P-47 Thunderbolt fighter outfits in the European Theatre of Operations.

His parents were in Michigan on a vacation trip when the news arrived at Warsaw. They were immediately notified by telephone.

## ROBERT ADAMS, ATWOOD, IS KILLED IN ACTION

Pfc. Robert W. Adams, 19, U. S. Marine corps, son of Mr. and Mrs. Victor Adams of Atwood, has been killed in action. The information was received by his parents Thursday morning in a telegram from Lt.-General A. A. Vandergrift, commandant of the U. S. Marine corps at Washington, D. C. No other details were contained in the wire. However it was assured that any other information of him would be forthcoming immediately. It is believed he met death during action in the Pacific area.

## ETNA GREEN SOLDIER WOUNDED

## AGED ETNA GREEN MAN DIES OF HEART ATTACK

William Anglin, aged 73 years, of Etna Green, was found dead Monday at Camp Creek, just northeast of town. Death was due to heart attack. In search of fishing bait he had left home around two o'clock in the afternoon, driving his car and parked it near the stream where he expected to gather minnows. Failing to return home in due time, Mrs. Anglin became alarmed and sent out searchers to locate him. Otto Lyons found the body at about 6:30 p. m.

Surviving besides the widow are one daughter, Mrs. Mary Myers of Nevada, and one granddaughter of Tennessee. Funeral services were held Wednesday at two p. m. in the Presbyterian church at Bourbon, Rev. R. Smith delivering the sermon.

Lewis Blue, son of Bessie Blue, is home this week and expects to return on Thursday to New York.

## AGED BURKET LADY DIES FOLLOWING OPERATION

Mrs. Isadora Paxton, 77, of two and one-half miles south of Burket, passed away Tuesday evening at the McDonald hospital following an operation last Saturday for strangulated hernia. She had been an invalid for the past eight months.

Mrs. Paxton was born in Seward township July 30, 1866 to Enoch and Caroline (Smith) Burket. In 1882 she was married to Ira Paxton, who was engaged in farming in that community. She lived her entire life in Seward township.

Surviving besides the husband, are one son, Manfred, at home; one daughter, Mrs. Meda Homman, of Elkhart; three grandchildren and seven great-grandchildren.

Funeral services will be held at the Palestine Christian church on Friday at two p. m., with Rev. Noah McCoy officiating. Burial will be in the Palestine cemetery.

## MRS. DOYLE BAKER DIES IN ILLINOIS HOSPITAL

Mrs. Doyle Baker, 42, husband of a former Mentone man, passed away on Thursday afternoon in a hospital at Geneva, Illinois. Death was due to carcinoma with which she had been ill for the past year. She was a native of Philadelphia where she was married to Doyle Baker.

Mrs. Baker, who had been a prominent music instructor at Wheaton, Ill., where the family had made its home for the past several years, was a member of the Presbyterian church there.

She is survived by her husband; a son, Brooks, aged two years; her mother, Mrs. Edward Hare, of Pennsylvania; and a brother, Bruce Kolb, also of Pennsylvania. A year ago, our readers will remember, another son, Eddie, 10, was accidentally electrocuted.

The funeral was held at Wheaton on Saturday, with burial in Pennsylvania.

## CONSERVATION CLUB CAMP ENDED WEDNESDAY EVENING

The Kosciusko County Conservation Club boys camp closed at McClure lake Wednesday evening when about 125 campers and guests were present to enjoy the fish fry and program. Harrel Mosbaugh, of the state conservation department, was the main speaker. Rev. Plank, of Warsaw, lead in the vesper services.

The Pawley boy, according to C. O. Mollenhour, was chosen star camper and will be eligible to attend next year's camp free of charge.

Bill Chapel, of Warsaw, was camp director and Dale Kelley, of Mentone, was assistant. About 40 boys were in attendance at the camp which opened Sunday evening.

The club camp, built by conservation club members from all parts of the county, provides a splendid place for various outings for many from Kosciusko county, and in a few years will undoubtedly grow into one of the largest camps of its kind in this area.

# **FIVE DISEASES AT EPIDEMIC LEVEL DURING JUNE PREVAIL**

Five Communicable diseases—poliomyelitis, scarlet fever, typhoid fever, rocky mountain spotted fever, and meningococcus meningitis—were at epidemic levels during June, the U. S. public health service reported today. Most outbreaks were localized and some showed effects of seasonal variation, the report said.

The nation as a whole recorded 480 polio cases—130 in west central North Carolina and 55 in Kentucky, the health service said.

Scarlet fever cases numbered 11,000, about 2,000 above normal expectancy, and 2,600 above last June's level of 8,400. A decline of 3,000 cases was registered during the month, however.

The nation reported 113 cases of Rocky Mountain spotted fever, 61 of them in South Atlantic states, with about 30 of these in Maryland and Virginia.

An expected seasonal rise was registered in typhoid fever cases, which numbered 470, but this total was well below that of June, 1943.

Meningitis, which usually recedes in summer, showed a decline with 1,100 cases reported against 1,500 in June last year. Public health officials said a rise could be expected next winter but a lower peak is anticipated.

# **HOME ECONOMICS CLUB ENTERTAINED BY MARY BORTON**

The Mentone Home Economics club met on Thursday, July 13th, with Mrs. Mary Borton. Mrs. Lucinda Jones was assisting hostess.

The Pledge to the Flag was given and "The Star Spangled Banner" was sung by all. After the creed was repeated, roll call was answered with current events.

Several purses that the ladies had made were shown.

Business meeting was presided over by the president.

The mystery package was won by Lenna Anderson.

High bidders at auction were Mary Borton and Lenna Anderson.

The prayer song was sung.

Refreshments were served to 17 members and 6 guests, Marjorie Mollenhour, Stella Emmons, Freda Roosen, Pauline, Rex and Sue Borton.

Next meeting will be a picnic at the home of Helen Weirick.

# **WAR TAKES SECOND SON OF MILFORD FAMILY**

Corporal Roy N. Auer, 25, of the Marine corps, veteran of four major campaigns against the Japanese, has been killed in action, presumably in the Southwest Pacific, it was revealed Thursday by his parents, Mr. and Mrs. George Auer, of near Milford.

Although the communication from the War department, received by the parents Wednesday evening, gave no details regarding the date or nature of the young marine's death, it appeared certain that he had returned to the Pacific war front after being stationed in Hawaii for some time.

Cpl. Auer was the second member of his family to die in service in World War II. Just two years ago his brother, Cpl. Lewis Auer, an army man attached to the field artillery, was killed at Camp Shelby, Miss., by the premature explosion of a shell on the firing range.

#### MRS. A. FRETZ FUNERAL HELD FRIDAY AFTERNOON

Funeral services were held Friday afternoon at 2:30 o'clock at the Summit Chapel church, southeast of Bourbon, for Mrs. Vida Almetta Fretz, 53, who died at the Woodlawn hospital in Rochester Tuesday afternoon at 1 o'clock. Rev. Glen Sutton of Wolcottville was in charge of the services, and was assisted by the pastor, Rev. Donald Koontz. Burial was in the Bethel cemetery.

Mrs. Fretz had been in ill health for the past three years and had been a patient at the hospital for two weeks. Death was attributed to complications following a major operation.

She was born in Marshall county, Oct. 25, 1890, the daughter of Mr. and Mrs. Matthey Fields and in 1911 she was married to John Fretz, who survives. Mrs. Fretz had lived her entire life in the Summit Chapel community. She was a member of the Summit Chapel Methodist church.

Surviving besides Mr. Fretz are six children, Mrs. Arthur Abbott of Rochester, Mrs. Raymond Bowers of Talma, Mrs. Verl Hoagland of San Diego, Calif., Ralph and Alice Marie, at home, and Wilfred of Tippecanoe; two brothers, Frank Fields of Plymouth and Cloyd Fields of Bourbon, and one sister, Mrs. Dan Shoemaker of Bourbon. There are six grandchildren.

#### \$4,000 DAMAGE IN FIRE AT WARREN GOHN HOME

Fire, which broke out Thursday afternoon, gutted the farm home of Warren Gohn, three miles west of Rochester on Road 14, and resulted in damages estimated between \$3,500 and \$4,000.

The blaze, believed to have originated from a spark from the chimney, spread quickly to the upper portions of the two-story frame building and razed five upstairs rooms and the attic, before it was brought under control.

Rochester firemen were called to the scene at 1:45 o'clock and through their efforts halted the spread of the flames to the lower part of the Gohn home. A nearby 105-barrel cistern provided the firemen with water to fight the blaze, and officials reported that without the reservoir the flames would probably have consumed the entire house before it could have been extinguished.

Neighbors assisted the residents in carrying household goods and other articles from the downstairs and basement part of the 12-room house. Goods stored in the attic and some of the furnishings in the second story of the house were destroyed by the fire.

Damage to the structure was placed at \$2,500 and to the contents, between \$1,000 and \$1,500. The loss was covered by insurance.

BARNEY NELLANS

WRITES AGAIN

11 July 44

Hi Geo.

Received your letters today, with the pictures of Dad and Elery—thanks a million—they were swell. Today's the first mail I have received since a week before D-Day. Of course, we have been pretty busy, maybe that accounts for it. The comics and news reels are over and the feature has started. Let's hope there are not too many intermissions before the Finis. I really hope what I did there D-Day and plus might have helped just a little anyway. Myself and my crew have so far come through without a scratch. Sure hope our luck holds out.

I still haven't had much luck finding anyone I know over here. I guess we are on the move too much. I have run across several from Indiana: La-Porte, South Bend, Ft. Wayne, Marion, but none from home. I guess we will have to have a big get together when we all get home for keeps.

As ever,  
BARNEY.

### GATHERING HITLER SOUVENIRS

The following letter, written to Geo. Clark under date of July 5, indicates that the local boys really have a serious part in this war business.

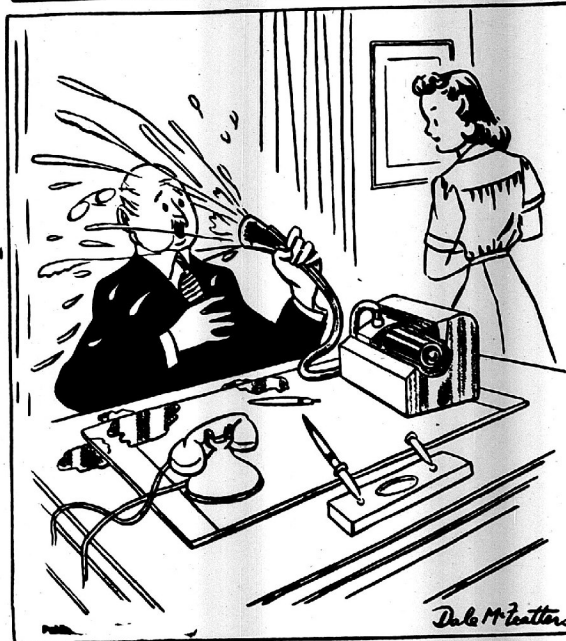

Dear George:

I'm sorry that I haven't written you sooner but it is the same old story in the army. Busy doing nothing. I sure want to thank you for the letter. It has gotten results with the other boys as well as me. I got a letter from Dick Morrison and Carl Rush. I expect Earl thinks I've forgotten him because I'm just getting ready to write him. However, it is hard to get stationery over here and that's the main reason I haven't written. As a matter of fact, this paper I'm writing on now is some that I took from a German officer. Of course, he won't have any more use for it. Ha. Ha. I've picked up enough equipment from the Germans to supply one soldier in the German army. I think I've got more rifles, bayonets, ammunition and belts in my barracks bag of German equipment than I have of my own. We sure go for those P38's the Germans put out.

Three of Adolph's boys came over the other day and started strafing us. Well, those boys just picked on the wrong gun crews, because they never came out of the dive. We piled them up in the

### "PORKY" REPORTS FROM NEW BRITAIN ISLAND

Under date of June 29, Pvt. Mervin Jones wrote the following to George Clark, who has assisted with maintaining a mailing address of the soldiers from here and has compiled and mailed a number of newsletters:

Dear George:

Received the special edition of the Co-Op News and enjoyed the letters very much.

As you know, at present I'm on New Britain Island, very hot and dry all the time except during the months of Jan., Feb. and Mar. When they took this part of the Island they fought in rain and mud continually for almost thirty days. The nights are rather cool, as we are located about a half mile from the ocean. The rats hold their nightly 500-mile race in the tent and by this time we're used to the bugs, ants and other insects occupying our cots with us. Ha.

Raymond Lewis and I have been seeing each other. He's located about a half mile from me. He was here last night.

I'm writing Wendell Anderson a letter as I read his letter in the paper. New Guinea is only (censored) miles from here, but its hard to tell which part of the island he might be in. Just heard Dewey received the nomination, more power to him, so all you guys mount the soap boxes and put him in. Keep the paper coming, it's enjoyed very much. Give everyone my best.

As ever,

JONES.

### TOO MUCH OF A GOOD THING

Patricia Jane Fawley, 10, daughter of Mrs. Erna Fawley, of route 5, Warsaw, Tuesday had been returned to her home after a week of observation and examination at the Riley Memorial hospital, Indianapolis, showed that she did not have infantile paralysis. Local agencies, including the welfare department, were advised by the hospital that the girl was not ill and that a difficulty in walking she had experienced was the result of muscles made stiff and sore by too much bicycle riding.

**LARGE ATTENDANCE AT  
LIONS CLUB MEETING**

Nearly one hundred persons were present at the Mentone Lions Club meeting on Wednesday evening to hear Kathryn Daly tell of some of her experiences as a nurse at the battlefield in Italy. Lt. Daly, who recently returned from the service, went through many hardships while caring for the wounded. She gave a brief summary of the events which took place from the day she entered the service. Several months were spent in training camps and they were shipped to New York ready for a trip across the water. The doctors in her evacuation unit went on ahead in a small ocean-going landing craft and suffered many privations from the rough seas. The ladies followed in a large troop transport and landed at Oran. They expected proper accommodations, but after leaving the boat at about 2:30 in the morning and taking an airy truck ride for a couple of hours, they were dumped out on a rocky noll and told to make themselves comfortable. They were more fortunate than the other nurses in that their medical men had erected tents for their shelter. A few days and they moved again, and eventually landed at Bizerte. Several attempts were made to follow the troops as they attacked the west central part of Italy but the British

hospital ship upon which they were being transported was sunk by enemy bombs. They were placed on another ship and returned to Africa. Eventually they did reach the battlefield again and were operating so close to the front lines that the battle casualties were being carried directly to the hospital unit. The nurses worked from twelve to as much as twenty hours a day and during the fourteen months she was overseas she had but six days of rest.

Although she did not go into detail as to the various methods of treatment or the extent of soldier injuries, she assured everyone that the soldier boys were receiving the best of medical aid and always had all the equipment and drugs they needed.

The wives and friends of Lions members were guests of the club and everyone seemingly enjoyed the evening.

A cold wave is upon us now, and from the pen of the editor's assistant oozes the following: "This weather might help some of you guys with your parlor stove sitting back in a corner (about 14 feet from the chimney) understand what the old-timer meant when he said (between expectorations of the weed nicotine) 'a feller never ort to take his stove down till after the 4th of July, and he better put it up again long about knee-deep in June.'"

## MAKE YOUR OWN CANNING EQUIPMENT

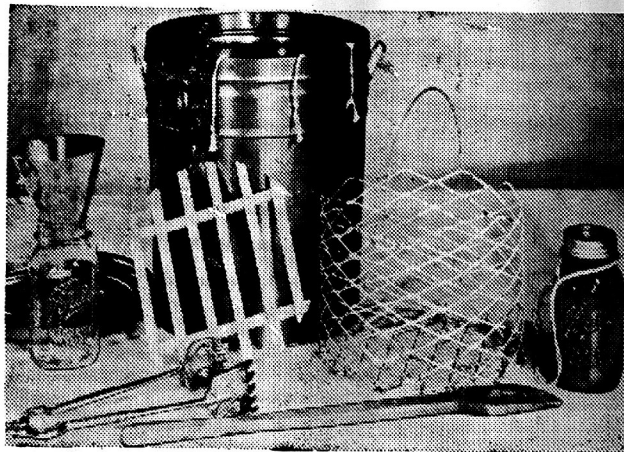

Photo Courtesy Ball Bros. Co.

Be determined to do your part toward saving food, canning equipment or no canning equipment. Don't glibly use the shortage of equipment as an excuse for not getting busy and filling those pantry shelves with jars of non-rationed food, put up just the way your family likes it best.

You will do well to follow the advice of Gladys Kimbrough, Home

Service Director for Ball Brothers Company. To all who lament the lack of canning conveniences she suggests: "It is true that a skilled workman requires good tools but when he can't buy what he needs, he makes the best use of what he has and makes what he hasn't."

A few of Miss Kimbrough's suggestions for home-made canning equipment are illustrated in the photograph above. They are:

1. A lard can to use as a water-bath canner. A pail, sirup bucket, wash boiler, or any other container in which water can be boiled, will serve, provided it is twelve or more inches deep.

2. Funnel. This was made from a No. 10 tin can.

3. A rack or platform to fit in the bottom of the canner. Make by

tacking strips of odorless wood together.

4. Coal tongs (part of fire set) make good jar lifter.

5. Strong string looped (slip hitch) around neck of jar. Use when neither jar lifter nor tongs can be found.

7. Wire basket to hold the jars while they are in the canner. Made from a scrap of wire mesh. (Poultry wire will do.)

7. Wooden paddle for stirring apple butter, chili sauce, etc. Whittled from hard wood. Wooden spoons can be made in same manner.

This year the government is releasing more metal for the manufacture of canning equipment. Production and distribution may make it unnecessary for the housewife to assemble home-made equipment, but it can be done and done easily.

### LEGION MEMBERSHIP INCREASING RAPIDLY

American Legion membership in the Second Indiana district, of which Kosciusko county is a part, totals 3,717, a gain of 567 during the year, according to announcement made by William E. Brown, of Bloomington, state membership chairman of the Indiana department of the Legion.

Mr. Brown, who will be a candidate for election as state commander at the Legion's state convention in Indianapolis next month, asserted in his announcement that 6,276 Hoosier veterans of World War II, or more than 50 per cent of those who have returned to civilian life, had joined the Legion. The total active membership of the Legion in Indiana is 48,688, an all-time high, and 8,102 more members than the state roster contained a year ago.

"Membership in the American Legion is growing so fast that every post in the state already is, or soon will be, faced with the problem of expanding its quarters to accommodate the veterans of both world wars," Mr. Brown declared.

### WARSAW FAIR TO BE BIGGER THAN EVER

Kosciusko county's 28th annual free fair, to be staged as usual on the Warsaw streets, from Aug. 29 through Sept. 2, will be bigger and better than at any time during the past several years, Milo Maloy, fair association president and general manager of the event, announced Wednesday.

In addition to announcing his selection of department superintendents, Maloy revealed that a new amusement company will furnish double the number of rides available last year and that 35 per cent more than usual will be spent for top-notch free acts.

★ A business that can't be helped by advertising isn't legitimate.

The Mentone fire department made a brief run to the Mollenhour Lumber and Manufacturing plant Tuesday afternoon when a trash fire ignited the dry grass, carrying the flames near the lumber company buildings.

Glendys Anne was born to Cpl. and Mrs. Arnie Gustafson at the Wallace Clinic, Fresno, California, on July 11th. The mother, the former Ruth Baker, and new daughter are doing well according to a postcard from the grandmother, Mrs. Rose Baker.

A reader reports hearing of a cow that died of poisoning after she ate the withered leaves of a wild cherry tree. The leaves, it seems are neither poisonous to animals when green or dry, but in the withered state are very dangerous for livestock feed.

Mr. and Mrs. William Meredith, of Warsaw, are the parents of a seven-pound girl, Bonnie Jo, born Tuesday afternoon at the McDonald hospital. The grandparents are Mr. and Mrs. Er Mishler of Warsaw and Mr. and Mrs. Harry Meredith of Mentone.

Miss Barbara Creighton entertained at a picnic supper Sunday evening. The following were present: Misses Iola Tucker, Mary E. Smith, Grace Rans, Melva Lackey, Mrs. Paul Warren, Mrs. Jim Lyon. A very enjoyable time was had by all talking about old times as all these girls were members of the same graduation class of the Mentone High School.

Mr. and Mrs. Tony Dilley, of Crown Point, were calling on friends in Mentone Tuesday afternoon and evening.

Miss Juanita Nellans and Miss Louise Paulus visited in Chicago over the week end.

Mr. and Mrs. Vernon Jones and Mr. and Mrs. Harold McIntyre spent Saturday in Warsaw.

Mr. and Mrs. Harold McIntyre entertained an uncle and aunt from So. Bend Sunday.

Mr. and Mrs. Jake Gross spent Sunday evening with Mr. and Mrs. Vernon Jones.

Mr. and Mrs. Virgil Nelson, of South Bend, are moving soon to their new 80-acre farm on the Bremen road, near South Bend.

A pot luck supper was held at the home of Mr. and Mrs. Pete Blue Saturday evening, July 8, with the following relatives present: Mr. and Mrs. H. W. Kuncie and daughter Diane, Mabel Igo and Lois Busenburg of Elkhart, Mr. and Mrs. Everett Busenburg and sons and Mr. and Mrs. Paul Perkins.

Mrs. Louise Grimes and son Bobbie returned home Monday to San Diego, California after visiting her mother, Mrs. William Vernet several weeks.

Rev. and Mrs. A. G. Simmons, and the young people of the Mentone Methodist church are leaving for Epworth Forest Sat. July 22, to spend a week.

Mrs. Freda Roose of Mentone submitted to a tonsil operation Tuesday of last week at the McDonald hospital in Warsaw.

Mr. and Mrs. Lowell Pontius and daughters of Claypool, called on their aunt, Cora Williams, Wednesday afternoon.

Mrs. Marshall Goodman was returned to her home Tuesday morning after spending five days in the McDonald hospital as a medical patient.

Richard and Marie Horn, children of Mr. and Mrs. Fred Horn, underwent tonsillectomies at the McDonald hospital at Warsaw Monday morning.

The fire department was called to the George Mollenhour home Saturday forenoon when a kerosene range stove was burning furiously. Mrs. Mollenhour had attempted to put out the flames with a rug but was unsuccessful. She had a few small burns on her hand and arm. Damage to the kitchen, which had just been redecorated, was mainly in sut, smoke and heat on the painted interior.

Mrs. Garlen Smith underwent an operation for appendicitis at the McDonald hospital at Warsaw Thursday of last week.

Miss Lois Busenburg and Mabel Igo have returned to their work at Elkhart after spending the past two weeks with relatives and friends in and around Mentone.

Mr. and Mrs. Oral Welch, Mr. and Mrs. Philip Blue and daughter and Matha Welch drove to Huntington Sunday to spend the afternoon with Mr. and Mrs. George Borton.

Mrs. Mervin Jones and Mrs. George Clark called on Mrs. Lydia Rynearson Monday at the Murphy medical center in Warsaw and found her much better.

Mrs. Hullinger and son Kenneth, of Pierceton, Mrs. Dean C. Bowen and baby from Columbia City, spent Monday with Mr. and Mrs. L. C. Bowen in Mentone.

A surprise birthday party for Elma Jean King was enjoyed at the Kesler home Tuesday evening. Those present were: Bob Nelson, Jim Gates, Dave Bowser, Howard Fawley, Dick King, Bob Flenar, Eileen Kercher, Ruth Floor, Babe Rogers, Ellen and Freeda Kesler and Miss King.

Mrs. Earl Rush and son Jackie, of Detroit, Michigan, who have been visiting relatives and friends around Mentone the past month, left for their home Tuesday. They will spend a few days at Clark Lake, near Jackson, Michigan, where Earl is to meet them, then on home to Detroit.

Mrs. Ilene Bergstrom has received word from her husband, Pfc. Dwayne Bergstrom, who is in the infantry in New Guinea, that he has been in some heavy fighting but came through without a scratch. Her sent a piece of paper money home, but as yet no one has been able to determine what it's worth or what nation issued it.

A very enjoyable birthday party was given for Jackie Rush, of Detroit, by his mother, Mrs. Earl Rush, in honor of his eighth birthday on July 13th at the Bert Rush home. They are spending a month here, with relatives and friends. The following guests were present at the party: Mrs. Ray Rush, Virginia and Don; Mrs. Miles Manwaring and Larry, Mrs. Dale Plew, Bobby, Alfred and Barbara; Clo Ann and Janice Nelson, Eleanor Rush, Mr. and Mrs. Bert Rush, Mrs. Earl Rush and Jackie. Ice cream, cake, punch and candy were served and Jackie received several nice presents.

### DALE WALLACE ADVANCED TO TECHNICAL SERGEANT

Dale Wallace, son of Dale D. Wallace of Warsaw, and husband of Mrs. Lola F. (Mollenhour) Wallace of Mentone, has been advanced from staff sergeant to technical sergeant with his troop-carrier squadron headquartered in England.

Sgt. Wallace, a crew chief on a troop-carrier plane, entered service in Jan. 1942. He wears the European-African-Middle East service ribbon with two battle stars, representing participation in the Sicilian and Italian campaigns, the air medal with one oak leaf cluster for participation in aerial combat missions over enemy territory and the good conduct ribbon for outstanding attitude and behavior. He is a graduate of the Mentone High School.

Headed by Brigadier-General Paul L. Williams, the Ninth Troop Carrier Command is part of the Ninth Air Force, U. S. component of the Allied expeditionary air force.

Troop-carrier units have been active since the start of the war in glider and paratroop operations, in air evacuation of wounded and aerial supply of front-line troops.

### COUNTY RATIONING BOARD CLARIFIES PRICE IN PEACHES

The retail ceiling price for fresh peaches is approximately \$6.74 a bushel, the county rationing board said Friday after receiving complaints that Warsaw stores were advertising peaches for sale at more than \$1.25 a bushel.

The erroneous \$2.16 figure was contained in a wire release regarding OPA peach ceilings which appeared in a newspaper under a Washington dateline on July 10, the board said. Actually, under regulations received by the board, peaches may be sold at \$3.66 at the orchards, wholesalers may mark this price up \$1.08 a bushel and retailers may add 4 cents a pound, bringing the possible charges under OPA ceiling to almost \$7 a bushel.

Although the story cited by the board stated that highest retail prices would range from 14-1/2 to 16 cents a pound—which at 48 to 50 pounds per bushel, the accepted average, would total more than \$7—a final erroneous paragraph was added which completely nullified the earlier statement, setting out that peaches would be \$2.16 a bushel for the entire season

## AMERICAN HEROES

The district OPA explained that a mix-up between bushel and half-bushel prices had caused the confusion.

### BOY LOSES FINGER IN FARM ACCIDENT

Clifford Morris, 15-year-old son of Mr. and Mrs. Dick Morris, Newcastle township, lost the middle finger on his right hand last Monday afternoon while repairing a binder on the Morris farm south of Talma.

The youth was taken to the office of Dr. Dean K. Stinson in Rochester where the remainder of the finger was amputated. He was later released and now is recovering at his home in Newcastle township.

Friends report that Mr. Clarence Leininger is slowly improving.

### CHAPLAIN WRITES TO LOCAL WAR MOTHER

Mrs. Riley Shoemaker received the following letter recently.

29 June 1944  
France

Dear Mrs. Shoemaker,

I have just returned from a refreshing visit to the Medical Detachment. We had a thanksgiving service under the apple trees singing some of our favorite hymns such as "The Old Rugged Cross" and "Abide With Me".

Herschel was there looking better than ever. I enjoyed chatting with him. He certainly has been doing a grand job and has proved himself a fine soldier. Of course he is thinking constantly of you.

May God's richest blessings continue to abide with you and those you love.

Faithfully,

### GRANDMOTHER DIES.

Mrs. Bertha Cullum, 82, resident of South Whitley and grandmother of Artley Cullum of Mentone, was buried at South Whitley Thursday afternoon. She had been a patient at the Linvill hospital at Columbia City the past four weeks, suffering with heart trouble. Death came early Tuesday morning after a paralytic stroke ten days previous.

Mrs. Cullum was born near Berlin, in Germany, on November 20, 1861, to Charles and Katherine Ash, and came with them to the United States when she was three years old. The family first settled in Ohio, and a few years later came to Indiana, living in White and Carroll counties.

December 29, 1881 she was married to Albert Cullum in White county. They resided in Carroll county until 1902 when they moved to Churubusco, making the trip overland through the Mentone vicinity. About 25 years ago they moved to a farm near South Whitley where they resided until her husband's death in 1929.

Surviving are two sons, Ray of near Columbia City and Roy of Cicero, Ill.; one step-daughter, Mrs. Joseph Wilson of Monticello; seven grandchildren and six great-grandchildren.

Funeral services were held at the Miller funeral home at South Whitley Thursday afternoon at two o'clock with Rev. and Mrs. Ira Kilpatrick, pastors of the South Whitley Church of God, officiating. Interment was in the South Whitley cemetery.

### STATE FAIR 4-H CLUB SHOW

Plans and dates have been set for the 4-H Club Round-up and Show, which will be held September 2nd to 6th, the main Club days being September 4th, 5th and 6th.

Lieutenant-Governor, Chas. M. Dawson, who is also Commissioner of Agriculture, states that the Indiana State Fair Board, along with Purdue University, have worked out plans for a real round-up for the 4-H Clubs this year. He also states that the Fair Board has made plans to house these Club exhibits in the Light Harness Horse Barn, Coliseum and in nearby tents.

The Commissioner of Agriculture hopes it will be possible for every boy and girl interested in Club work to enjoy at least a few days at this round-up, as he realizes they will be our agricultural leaders in the future.

# **HANDS GREETED WITH PLENTY OF NOISE**

Friends and neighbors of Mr. and Mrs. Charley Hand, who live east of Mentone, gathered at the Roy Coshier home last Thursday evening and then went to the Hand home to give them an old-fashioned "belling." Shotguns, bells, dynamite, etc. were used and those who participated said they really got results.

Mr. and Mrs. Hand, who were married a few weeks ago, treated everyone present.

Bite of a rat, which 8-year-old Richard Banghart, Warsaw, picked up in a woodshed at his home thinking it was a ground squirrel, is causing the lad considerable illness. Two weeks ago he was bitten on a finger by a rodent he had attempted to fondle. Anti-tetanus shots were administered. The lad was quite ill all night Wednesday. He is the son of Mr. and Mrs. Ed Banghart. His father is in naval service at Glenview, Ill.

# **DINNER HONORING SOLDIER BOY**

A pot luck dinner was enjoyed Sunday at the home of Mr. and Mrs. Earl Davis, near Tippecanoe, for T-Sgt. Harry L. Davis, who is home on furlough from Camp Hood, Texas.

Those present were Mr. and Mrs. Earl Leedy and daughters from Warsaw, Mr. and Mrs. Royce Bemenderfer and daughter from Chili, Mr. and Mrs. Howard Horn and family and Mrs. Myrtle Davis of Mentone, and Miss Donnell Slusher of Pierceton.

## WARTIME ESSENTIAL—YOUR OWN HOME-CANNED TOMATOES

Photo Courtesy Ball Bros. Co.

Let there be no doubt about it, loss of home-canned tomatoes is unnecessary at any time and inexcusable in war-time, unnecessary because spoilage is caused by carelessness in selecting, preparing, packing, and canning, or by not following the manufacturer's instructions for using jars and caps, inexcusable because wasting food is wicked.

Gladys Kimbrough, Home Service Director for Ball Brothers Company, advises home canners to put up large quantities of tomatoes and explains how failures can be avoided. "First of all, use jars that were made for home canning and use them according to the simple step-by-step instructions furnished by the manufacturer—commercial cast-offs are expensive in the long run. Get the jars and caps ready before preparing the tomatoes.

"Next, get your water-bath canner ready. Any deep kettle, lard can, metal bucket or pail, or wash boiler will do if it has a cover and something to keep the jars from touching the bottom. A home-made wire or wooden rack will serve the latter purpose. The water in the canner must be steaming (not boiling) when the jars are lowered into it, and deep enough to cover the tops of the jars one or more inches.

"Use locally grown, garden-fresh, red-ripe tomatoes. Examine every tomato. Those having small spots or raw weather cracks may be set aside to use in chili sauce but should not be used for canning. Wash the tomatoes clean before they are scalded for skinning and scald enough at a time to fill two quart jars and no more.

"Scalding takes from one-half to one minute and the easiest way is to put the tomatoes in the center of a square of cheese cloth, then gather up the cloth by its four corners and lower the tomatoes into a kettle of boiling water. Suit your own pleasure about dipping the scalded tomatoes into cold water. They are a bit more comfortable to handle if cold dipped. Cut all the core and any healed weather cracks out of a tomato, then slip off the skin, remove the black spot at the blossom end and any green or white spots that may show after the skin is off.

"Drop the tomato into a clean hot jar. Cut it into two or more pieces if it is too large to go through the

mouth of the jar. After two or three tomatoes are in the jar, press them gently with a wooden spoon until they crack and their juice fills the space between them. Continue skinning, packing, and pressing the tomatoes until the jar is filled to within one inch of the top, then add one or two teaspoons salt, and close the jar according to the manufacturer's instructions.

"Work quickly until you have enough jars packed to fill the canner, then put them in the canner slowly. Bring the water to boiling as quickly as possible. When bubbles are dancing all over the top of the water, begin counting canning or processing time and lower heat. Keep the water boiling steadily but quietly for forty-five minutes, then take the jars out and set them several inches apart and out of a draft to cool.

"This is known as the cold pack method and gives a canned product of superior flavor, but the tomatoes tend to shrink a good bit in cooking and there is usually some waste space in the jars. If you object to wasting a small amount of jar space, you should select and prepare the tomatoes as suggested, then cook them in a covered pan until they are boiling hot before putting them into clean hot jars for processing fifteen minutes at boiling in a water bath canner.

"Although the water bath is the preferred method, cold packed tomatoes may be processed in a steam pressure cooker for ten minutes at five pounds pressure. It is best to forget about the old-fashioned open kettle method, but if you must use it, remember to work at the stove so that everything—jars, caps, lids, rubbers, and food—can be kept boiling hot and every jar filled and sealed in double quick time.

"Don't risk canning tomatoes in an oven and do, please, remember that trick methods such as the 'blanket' are likely to trick you."

### FACTS ABOUT GASOLINE

The American oil industry is today producing, refining and distributing the largest volume of petroleum products in its history, but in spite of this increase there is still a shortage of petroleum for civilian consumption because:

These startling facts: 1,000 4-motor bombers use 1,800,000 gallons of 100 octane gasoline on a 6 hour mission but they can carry 5,000,000 pounds more bombs when fueled with 100 octane gasoline as compared with 91 octane, the next lower grade and about the best quality our enemies are using. Bear in mind that it takes more crude to make a gallon of 100 octane than it does regular motor gasoline, and that fact alone adds to the present and impending shortage.

To train one pilot requires the consumption of 12,500 gallons of aviation gasoline.

A single squadron of U. S. Navy bombers burns 11,160 gallons of 100 octane gasoline in an average day's operation. This is about as much gasoline as the average motorist uses in 20 years of peacetime driving.

It takes about 3 tons of gasoline to "deliver" a one ton bomb and drop it down the enemy's neck, and don't forget that in perhaps four cases out of five the bomb contains a whopping big charge of toluene, which, in most cases, was produced by robbing the motor gasoline stream of one of its most valuable ingredients.

In an hour a Flying Fortress burns up enough gasoline to last the average car owner 6 months, or to permit him to drive from New York to Hollywood and half way back again.

Take 80 octane, all-purpose gasoline - it powers tanks, trucks, jeeps, half-

tracks, and mobile guns. It is used to light the field hospitals and run its equipment. It powers radio and telephone generators, searchlights, pipe lines, mechanical refrigeration for food and blood plasma, airports, and what have you. It cooks meals, boils water, and does many other things. No longer is the saying true, that an army moves on its stomach. It moves on gasoline, too.

Every soldier serving abroad requires about 50 gallons of petroleum products a month to keep him going. A battleship can take aboard enough fuel in one fueling to heat the average home for over 350 years.

In 1941 we made in this country about 18 gallons of automobile gasoline out of a 42 gallon barrel of crude. Today the yield is a little less than 12 gallons. That puts a real squeeze on us. It means about 21,000,000 gallons of gasoline less per day for civilian use than we had before we entered the war.

Mr. and Mrs. Allen Herendeen spent a few days at Arbutus, Mich. with Mr. and Mrs. Samuel Lowman and son Danny. They made the trip by airplane.

## REUNION POSTPONED A YEAR.

The annual reunion of the old Third Indiana Infantry and 137th Field Artillery, which was scheduled to be held this week end at Portland, Indiana, has been postponed for one year because of gas and tire rationing. This announcement was made Tuesday by Col. O. B. Kilmer, of Warsaw, who received notice of the postponement from Robert Vermande, secretary, of South Bend. The reunion will be held next year at the place originally scheduled for this year.

George Emmons, son of Mrs. Frank Warren, of South Bend, was a member of the 137th.

## "MOTORISTS BEWARE," SAY THE FEDERAL MEN

Two men from the office of the Collector of Internal Revenue were in Mentone Wednesday forenoon checking up on motorists. They were interested in whether or not every driver had his federal use tax stamp on his windshield. A number were "found wanting" and all except one took immediate action and proceeded to secure the necessary stamp. The deal was not completed without penalty, however, and the interest-rate on the \$5 was a trifle more than that charged by reputable lending agencies.

Motorists who have not purchased the 1944-45 federal use stamp should see their postmaster at once and get one.

The collectors, who promise this is not the final checkup for this area, gave a few instructions as to how one should attach the stamps to the windshield so they will not come off. They say: Clean the windshield thoroughly with some cleaning agent that will rid the glass of dirt and film, wet the glass and attach the stamp. Then seal the edges with finger nail polish, lacquer or some such product.

# The proudest title in the Army

IT CONSISTS of two simple words.

Yet every soldier who's worth his salt covets it.

This title is simply:

"Good Soldier."

It isn't just happenstance that so many women in the WAC have earned this title—the proudest in the Army.

For wherever Wacs are working, both here and overseas, there you find a job well done. And done with a spirit so gallant and fine that high Army officers everywhere say of the WAC...

"They're soldiers. Good soldiers!"

"Good Soldier"

Creatures on Saipan are a chummy bunch, according to Sgt. Herb Schultz, a Marine Corps combat correspondent. He writes:

"On successive nights now I have shared my foxhole with a large land crab, giant toad—some four inches long—and a lizard.

"The lizard was friendliest of all. He crawled right inside my shirt."

Jean Burns of North Manchester, Ind., will leave Sunday for Ft. Dupont, Delaware, to spend 10 days with S-Sgt. C. K. Paulus.

### Why a Farmer Should Buy and Keep War Bonds

by O. G. Lloyd  
Head, Dept. of Agricultural Economics  
Purdue University

**F**OR more than 16 months farmers have enjoyed the most favorable exchange of farm dollars for Bond dollars in more than a quarter of a century. Based upon 1935-39 as 100, farmers have sold farm products at the average ratio of \$140 for every \$100 paid, including interest and taxes. This ratio compares most favorably with the decade 1920-29 with a ratio of 105 and especially with the decade 1930-39 when the ratio fell to 89 or an \$11 loss compared to the base period of 100 in 1935-39.

Granting that the post war period price level will not fall lower than the level of 1935-39 for a long period of time, the advantage of exchanging war inflated farm dollars for War Bond dollars is obvious. Ordinary business transactions are made on a margin of less than 10 percent compared to this extraordinary exchange of 40 percent.

To obtain the 40 percent advantage of inflationary farm dollars, it is necessary to keep the War Bonds until prices are deflated to the 1935-39 level. In the meantime the interest paid on the investment will increase the value of the bond 33 1/2 percent or a War Bond costing \$75 will be redeemed by the Government at \$100.

During periods of stationary and of falling prices of farm products, which are probable during the next decade, farming will have urgent demands for liquid capital which can be readily turned into cash for equipment and improvements. Such expenditures wisely made pay big dividends through more economical production which meets current demand. At such periods the wise farmer is not handicapped for operating capital if he owns War Bonds. Backed by the credit of the Government, War Bonds are so secure and so readily convertible into purchasing power that they excel the land

itself as a means of providing ready cash.

The discipline of following a budget which requires savings for investment promotes prudent spending of time and money. When the amount for spending is reduced in order to invest for private and public benefit, an increased satisfaction is gained by a new evaluation of current needs in terms of making the investment goals possible. It is little wonder then that such War Bond purchasers marvel that current needs are met about as fully as before and the Bond seems to be more of a gift than of a sacrifice of present wants. Savings for buying War Bonds are obtained, therefore, with the least friction of daily living when accompanied by judicious spending.

Farming is an occupation which offers an excellent example of the American principle of free enterprise. Farmers should buy War Bonds and keep them because their industry and efficiency have given them the highest production per man of farmers in any country. Without high production per man, there cannot be much to spend on current needs, much to save for purchase of War Bonds and much to give to any worthy cause. Now that high purchasing power of farm products is accompanied by high physical production of farm products per man, the income of farmers has been increased correspondingly and farmers are able and willing to buy War Bonds. Such purchases are not only a smart investment for high economic and patriotic returns, but farmers can avail themselves of the opportunity today because they do have the money to make the purchase of the War Bonds and should keep them in order to obtain the highest returns on the investment.

### VOT!! DER FUEHRER LOST HIS PANTS ALREADY?

The bomb attempt against Adolf Hitler "scared the pants" off the Fuehrer, the Stockholm Tidningen's Berlin correspondent said today.

He said the explosion tore the pants from all the Nazis sitting around a map table.

After recovering from shock Hitler ent said, but when Benito Mussolini arrived later, Hitler held up the ragged pants, indicating that was the only result of the attack.
