ROBERT E. SHIRLEY DIES OF SLEEPING SICKNESS

Robert Eugene Shirley, aged 18, of near Palestine, died at 5 p. m. Tuesday at the McDonald hospital at Warsaw. Death was due to encephalitis and followed a serious illness of three days.

The deceased was born northwest of Silver Lake April 8, 1928, the son of Gordon and Sarah Shirley, and had lived all of his life in that vicinity. He was employed as a mechanic.

Surviving relatives include his father and mother, Mr. and Mrs. Gordon Shirley, two brothers, Calvin of Lakeville, and Charles of Milwaukee, Wis., and his grandparents, Mr. and Mrs. Charles Shirley, of Lakeville.

Funeral services will be held at 2:30 p. m. Friday at the Palestine Christian church with Rev. Silas Hill, of Mentone, officiating. Burial will be in the Palestine cemetery. The Reed funeral home, of Mentone, will be in charge.

CONSERVATION CAMP

TO START SUNDAY

The 1946 Conservation Club camp will convene at McClure Lake Sunday evening with Hobart Creighton as the speaker of the evening.

The camp is sponsored by the Conservation clubs of the county and each club sends a number of boys each year. J. C. McAllister and Ralph Blum are directors of the camp this year and they will be assisted by M. G. Pawley and F. B. Koenig. Others on the educational list are Mr. Berry, Mr. Parrish, Joe Clark, Dr. Risher, Raymond Bevington, Finkie McClellan, Joe DeYoung, C. O. Mollenhour, R. Tumbleson, H. Bockman, Bill Barnes, and Mr. Hughes. An invitation has been extended to Gov. Gates to appear on Thursday evening at the fish fry, but no reply has been received from him as yet.

The four-day camp is devoted to a strict educational program along the lines of natural resources and conservation, and it is a mighty fine place for any boy of 12 or over. Mr. Mollenhour states that the camp will accommodate a few more boys than are now listed for the camp and if anyone desires to participate in the camp, he should see him at once.

BLODGETTS HAVE BABY GIRL

Mr. and Mrs. Robert J. Blodgett, of Mentone, are the parents of a daughter, Suzannah Lynn, born at 4:12 a. m. Sunday at the McDonald hospital.

MISS LEOTA ELLSWORTH AND H. A. SCHORI MARRIED

The marriage of Miss Leota M. Ellsworth, daughter of Mr. and Mrs. David Ellsworth of Mentone, and Haymond A. Schori, son of Godfrey Schori of Bremen, was solemnized at 1:30 p. m. Sunday by Rev. B. H. Truman of Warsaw. Rev. Truman read the single-ring service at his home on West Market street.

The bride chose for her wedding a frock of navy blue with which she wore white accessories. Mr. and Mrs. Jack Bullers attended the couple. Mrs. Bullers wore pastel-blue with white accessories.

Mrs. Schori is a graduate of the Mentone high school. Mr. Schori, who is a graduate of the Nappanee high school is now engaged in farming. He was recently discharged from the armed forces after serving for two years in the ETO. The couple will reside in Bremen.

PLYMOUTH TO PLAY ALL

STARS HERE FRIDAY EVENING

Officials announce that the Plymouth softball team will come to Mentone for the Lions All Star game Friday evening, July 5th. The preliminary will be played by the Mentone Midgets.

The preliminary game will be played from 7:00 to 8:30 which may relieve the problem of late hours so common in the past few encounters.

REAPPOINTED TO JUSTICE OF THE PEACE AT MENTONE

C. O. Eiler, who for several years held the office of Justice of the Peace for Harrison township, until he moved to Mishawaka, has, since he is again a resident of Mentone, been reappointed to this position and is now duly qualified to handle all affairs that may properly come before him.

PERFORMS FINE SERVICE

The new scoreboard in center field at Veterans' Field was painted and lettered by Harry Meredith, local decorator. This project represented many dollars in labor and materials and the entire cost was borne by Mr. Meredith in the furtherance of this community project.

Last Friday evening the public address system was put into operation by Elmore Fenstermaker and certainly does much to bring the field up to date and make the games more interesting.

MRS. JENNIE F. DOLAN BURIED IN WISCONSIN

Funeral services for Mrs. Jennie F. Dolan, 77, who died at 7:30 a. m. Saturday at her home south of Burket, were held at 10 a. m. Monday at the Johns funeral home in Mentone. Mrs. Dolan had not been well for a period of three months. The immediate cause of her death was a stroke, sustained a week previously.

The deceased was born in McFarland, Wis., Aug. 23, 1868, the daughter of Mr. and Mrs. F. G. Shetter. In 1896 she was married to Lawrence E. Dolan, who died March 15, 1919. She had lived most of her life in Indiana. She had also resided in Chicago, Detroit and South Bend. For the past 10 years she had resided with her son, Ken W. Dolan. She was a member of the Methodist church at Stoughton, Wis.

Surviving relatives include three sons, Ken W. Dolan, of Burket, Lawrence S. Dolan of Westville, and Floyd T. Dolan of Detroit, and a sister, Miss Anne Shetter, of Long Beach, Calif.

Rev. A. G. Simmons, of Mentone, officiated at the service at Mentone and immediately thereafter, H. V. Johns of the Johns funeral home, accompanied by Dale Kelley, took the body to the old home at Stoughton, Wis., where final rites and burial took place.

GARBAGE COLLECTION

TO START NEXT WEEK

Judging by the temperature the past few days, winter has finally been subdued by summer's violent rays, and garbage disposal again becomes a problem. The town council announce that Claude Barkman will start performing this service next Tuesday, July 9, and will make regular collections on each Tuesday and Friday thereafter.

As in the past, garbage must be conveniently located for the collector. It must be free from all glass, tin, etc. that would make it unsuitable for animal food, and the container should be of such nature that it can be easily carried or emptied. Disregarding any of these regulations will relieve Mr. Barkman of any responsibility to collect the garbage from any household.

If your garbage container isn't easily visible from the alley, or the collector fails to pick up your garbage the first trip or so, you may contact him by telephone.

BARBARA CREIGHTON MARRIED SUNDAY AFTERNOON

In a lovely mid-summer wedding which took place at three o'clock Sunday afternoon at the United Brethren church in Atwood, Miss Barbara Jean Creighton, daughter of Mr. and Mrs. Hobart Creighton, was given in marriage by her father to Stanley L. Sowerwine, son of Mr. and Mrs. Ernest Sowerwine, all of Atwood vicinity.

Preceding the double-ring ceremony, which was read by Rev. I. E. Longenbaugh, pastor of the church, Mrs. Donald Lucas, of Marion, accompanied by Mrs. Richard McIntosh, of North Manchester, both of whom are sorority sisters of the bride, presented the musical prelude. Mrs. Lucas used the numbers, "I Love You Truly," "Oh Promise Me," and "Because," and as the couple knelt at the altar following the exchange of vows, sang, "The Lord's Prayer." Mrs. McIntosh, in addition to the instrumental numbers, played the traditional wedding marches for the processional and the recessional.

Mrs. Sowerwine was recently graduated from Indiana university at Bloomington, where she was affiliated with the Zeta Tau Alpha sorority. She is also a member of the Delta Theta Tau sorority, of Warsaw.

Mr. Sowerwine will be enrolled this fall as a student at Indiana university where he is a member of the senior class in the school of business administration.

NEW LIONS OFFICERS

INSTALLED WEDNESDAY EVE.

Byron Blalock, representative of Lions International, was in Mentone Wednesday evening and gave a short installation service for the new officers of the Mentone club who will serve for the coming fiscal year. Lion Blalock also gave a very inspiring address to the group of assembled Lions.

Lion H. V. Johns very capably handled his new job as president and Merle Linn was right on his toes as the new secretary.

MENTONE HOME EC. TO MEET

Mrs. Howard Horn will be hostess to the Mentone Home Economics club Thursday afternoon, July 11 at 1:30 o'clock, assisted by Mrs. Jacob Gross.

Response to roll call will be, "A Busy Day Meal."

CONTROL POULTRY LICE—MITES

Only a few hot days are needed to send the number of poultry lice and mites soaring, and the egg production downward.

Pick up the birds, examine them for lice and also examine the roosts and nests for mites says Ernest Anderson, Purdue University extension poultryman. Mites are rarely found on the hen in the day time as they feed at night and hide in cracks or in the nests away from the light.

The most effective mite killer is a mixture of equal parts of kerosene and carbolineum. Creosote also makes a good spray and some people get excellent results by using a mixture of four parts of used crankcase oil and one part kerosene. The material used must have staying power and be effective for several days, as mites do not feed every night. Any control mixture should be sprayed generously on the inside of the house and particularly around the roost and nest areas, and in the coop where broody hens are kept.

The control most commonly used for chicken lice is 40 percent nicotine sulphate solution. Anderson advises

that it be applied to the roosting poles or perches in a thin line (size of a pencil lead) about twenty minutes before the birds go to roost. Every hen must roost on a treated perch, as hens left in a broody coop or on the floor will carry over enough lice to infect the entire flock.

The nits of eggs of the lice are not killed by this method so the process is repeated ten days later before the newly hatched lice can reproduce themselves. One ounce of nicotine sulphate will treat about 20 feet of perch.

Sodium fluoride as a dip or a dust is a satisfactory method for treating the small flock.

The Purdue University extension bulletin, "Poultry Lice, Mites and Bed bugs", No. 218, is available from the office of the county agricultural agent.

Spread Plant Food

When growing crops in beds, or where limited garden area makes it necessary to grow varieties close together, it is best to broadcast the plant food over the entire bed at the rate of four pounds per 100 square feet of garden area. The plant food is then worked into the top inch or two of seedbed. A plant food spreader, if available, applies the plant food evenly and quickly. If a spreader is not available, apply half of the plant food crosswise and the other half lengthwise, to assure a more even distribution.

Mentone, Ind.

Farm Co-ops

The financial interest of farmers in co-operative associations amounted to about 660 million dollars shortly before the beginning of World War II.

Handy Places

Keep handy tools in handy places. Some of the most helpful tools cost very little. They are still on the market. Sit at your work whenever possible. Kitchen stools with backs come in correct heights for different work surfaces.

To make the family meal a happy occasion, dinner time should be the social hour in the home. The food is a symbol of the family's well-being; let it be offered at its simple best, well chosen, well prepared, well served. But in this connection, the food is only a symbol, while the family gathering is an occasion worthy of the best home-making effort.

Rock Plant

Because of their vigorous growth, most chrysanthemums are not suited to use in the rock garden; but one of the perennial species, *C. mawi*, is an excellent rock plant. It makes a little clump of fern-like foliage 5 to 6 inches high and bears single, pink, daisy-like flowers 1½ inches across. As is true with all hardy 'mums, it requires good drainage and a sunny position.

Swine Brucellosis

Swine brucellosis or infectious abortion of swine has much in common with its counterpart in cattle.

It's 'Ra-shun'

Probably nine out of ten Americans in all walks of life use a pronunciation of ration illustrated by national and rational rather than by nation. It is interesting that this general American usage is better reflected in British dictionaries, which are inclined to ignore "ray-shuhn" than in American dictionaries, which list both pronunciations but place "rash-uhn" second. Ration is one of a number of instances where our dictionaries show a preference for a New England schoolmaster's pronunciation in contrast to an all-American usage. There is no doubt that in military usage "rash-uhh" is preferred.

Beechnuts in Bread Making

The earliest form of bread was prepared from acorns and beechnuts.

Pack Roots

In planting a tree, make sure the soil is firmly packed around the roots. Test the tree by giving it a tug. The firmer the tree, the more likely it is to grow.

Disease Protection

Farmers assisting at farrowing of pigs should protect themselves from brucellosis infection by wearing rubber gloves and using a mild disinfectant.

ANIMAL HEALTH COLUMN...

By R. A. MARRIOTT

Parasites, external and internal, cause untold livestock and poultry losses. Untold, because no one knows, although all recognize the loss is tremendous. Parasites, however, seldom kill their hosts, but seem to lead a precarious existence of "live and let live." What few statistics are compiled on livestock and poultry losses are based on death losses, rather than morbidity losses. Because of this and the difficulties of making such evaluations, the parasite problem is seldom called to public attention. Within recent years, greater attention has been given the economics of parasite control. The war focused attention on the loss of sutures due to nodular worms, wastage of leather by ox warbles and death losses caused by coccidia. New drugs now under study and a greater appreciation of the parasite problem in general give hope for a better future.

Threadworms of trichostrongyles occur chiefly in ruminants and horses, although swine are often affected. They are from one-fifth to an inch in length and very slender. Certain species localize in the stomach and others in various parts of the intestine, where they may cause a mild or acute irritation. Many are blood-suckers that change location frequently. In a heavy infestation much blood may be lost both to the worms themselves and from the bleeding areas they leave. The infested animals may develop anemia, malnutrition, and digestive disturbances, evidenced by constipation or diarrhea. Such unthrifty animals prove unprofitable, and unless they are freed of their parasites morbidity and mortality losses are usually very high. The mature female lays numerous eggs that are discharged with the feces. Under favorable conditions of moisture and temperature larvae develop which crawl up on grass or other feedstuffs. Susceptible animals feeding on such contaminated pastures or feed may swallow large numbers of the larvae. These migrate to the particular part of the intestine for which they are adapted and the dangerous cycle is started or continued. Good sanitation and herd management are most important. Several treatments have been used with varying degrees of success, but within recent years the safety and effectiveness of results with phenothiazine and with carbon tetrachlorethylene (Vercaps) recommend their use.

Hookworms affect most species of domestic animals and with few exceptions are specific for their host. The larval form may be swallowed and go directly to the part of the intestine for which it is adapted or it may invade through the skin. When the larvae gets on the skin, they set up considerable local irritation, get into the blood vessels, and eventually are car-

ried to the lungs. They are then coughed up, swallowed, and migrate down the intestine to their favorite location. They irritate the intestinal membranes suck much blood, and cause considerable intestinal bleeding, which results in anemia, malnutrition, weakness, and digestive disturbances. Good sanitation and management practices, together with efficient treatment with carbon tetrachlorethylene (Vercaps) or phenothiazine, will markedly reduce mortality and morbidity losses.

Nodular worms chiefly affect sheep, although other varieties of livestock may be affected. They are closely related to the hookworm, and the method of infection and life history is similar. When the larva penetrates the intestinal lining, the body cells try to wall off the worms and this forms the characteristic nodule. The mature worm leaves the nodule and lives in the lumen of the intestine. Both carbon tetrachlorethylene (Vercaps) and phenothiazine are effective anthelmintics.

Roundworms or ascarids are commonly found in all domestic animals with the exception of cattle. They are quite specific for the animal species, and the different varieties vary in length from a few inches up to one foot. The mature female lays thousands of eggs which mature in two to three weeks under favorable conditions when expelled with the feces. The egg contains a larva which gains entrance to the intestine with contaminated feed and water. There the eggshell is digested off, the larva cuts through the intestinal wall into the blood vessels and is carried to the liver and lungs. The larva is coughed up from the lungs and swallowed, but while it migrates about the body much tissue may be seriously injured, especially the liver. The large adult worms injure the intestinal tissues, interfere with digestion, cause stunting and unthriftiness, and directly or indirectly result in the death of many animals. Good sanitation, proper management and treatment with carbon tetrachlorethylene (Vercaps) or phenothiazine will reduce or

eliminate losses.

Lung worms occur in most domestic animals but cause the most damage in cattle, swine and sheep. This small worm spends its mature life in the lung tissues, frequently causing pneumonia, coughing and unthriftiness. The eggs hatch in the lungs and the larvae are coughed up, swallowed, and voided with the feces. Some species spend part of their life cycle in earthworms, snails, or other intermediate hosts. When they have reached the infective stage and are eaten by the susceptible animal, they penetrate the tissues to the lymph vessels and are carried eventually to the lungs. Losses can be avoided or reduced by preventive and control measures. There is no satisfactory treatment available.

Liver flukes affect all ruminants but cause major losses in sheep. They are blood-suckers and may attack any tissue, but prefer the liver, where they may cause extensive hemorrhage, interfere with bile flow, injure delicate membranes with their spiny bodies, and carry in disease-producing organisms. Liver fluke eggs are voided with

the manure and these hatch and produce larvae which infect and spend part of their life cycle in snails. After development in the snail a cystic form of the fluke attaches itself to grasses, or floats on water, and may be consumed by susceptible animals. In the intestine, the parasite migrates through the walls to the body cavity, enters the liver and finally the bile duct where it matures. Anemia, liver rot, weakness, dropsy, digestive disturbances, and secondary bacterial infection often result. Liver flukes can be controlled by killing the snails with copper sulphate sprayed on contaminated premises and by treating the infected animals with carbon tetrachloride.

No practical system of management will give complete control of parasites, but rotation of pastures, draining wet pasture lands, clean water, good feed, proper disposal of manure and similar measures help greatly. Early recognition and prompt and proper treatment of infected animals are of primary importance in raising healthy, profitable stock.

News From Veterans' Field

By R. BEVINGTON

Much interest is being shown for the softball program by the continued large crowds that follow these games. More players have wanted to join established teams since they were organized and due to the limitation placed upon them, a fairly large number were excluded or failed to get to see much action in a game. Another team has been organized and will participate in the coming league games. If there are any other persons who have not been contacted for by this team and who would like to participate with a team, send your name to me or contact any of the team managers. This will be the last chance any person (not a returning veteran) may have of joining a team.

The constitution of the Mentone Softball Association has been drawn up and is now offered for publication. Every player and officer in the organization should read it carefully to know what is expected of him.

Games Wednesday Night, June 26th

PETE'S LUNCH 5 — CO-OPS 4

In a very closely played game, the fans observed Pete's Lunch add another win to their column. G. Blue, the losing pitcher, might have added another win to his record if he would have had the proper warm up. Where was that fire Glen? The two Whetstone brothers, both on different teams, each connected for homers. Leon Whetstone now leads the league with a record of 3.

Pete's Lunch 00103105—4 2E
Co-Ops 00400004—6 3E

LUMBER CO. 14 — STOCKYARDS 9

Paul Horn added another win to his pitching record as he marked up number 3 at the expense of the Stockyards. The game lacked the regular enthusiasm when the Lumber Co. began to cross the plate regularly in the first 3 innings. Forrest Dunnuck was the losing pitcher but in time he will be reckoned with. Remember he is only in the 9th grade.

Lumber Co. 172040 14—12 6E
Stockyards 00132039—4 7E

Highlights of Wednesday Night

This may be out of my jurisdiction to report this incident but if it should bring about some stricter ordinance or save some child, I feel that it is justified. Following the game Wednesday night, I saw a child escape death when a reckless driver failed to stop at a sidewalk by the Lumber Co. buildings. The car slowed down but noticing that the child was not on the ground, continued to the town district. Several women missed being in the child's position and fully observed the happening. Their screams may have been the factor responsible for that girl being alive today. After taking the child home, it became quite clear that death had been cheated by a very, very slim margin. The girl's legs were scratched

where the running board had scraped her as the car drove wildly from behind the buildings.

The outstanding play of the evening: Beeson running in on a hard hit fly ball by Whetstone—He misjudged the speed of the ball but stopped and reversed. Running now in the other direction he picked the ball out of the air for a spectacular catch amid the cheers of both sides. * * * Everett Long's first hit in league play and that one a home run. * * * Bob Tucker and Jack Slabaugh running for a hard hit ball by Whetstone that went for a home run after the two had collided. * * * The final settlement of the question of a runner off of his base when the pitcher is on his mound and delivering the pitch—The man was called out although the play had been called differently in the Monday night game. * * * A small crowd because of the show.

Friday Night Games

MENTONE MIDGETS vs ROCHESTER CUBS

The Midgets continued their winning streak by marking up their 9th straight victory as they easily trounced their opponents 25 to 5. Bob Vandemark took over the pitching duties in the absence of Johnny Davis. He struck out 7 batters, walked 7, allowed 5 hits and a total of 3 errors were committed. Scroer, the Rochester hurler, struck out 5, walked 12, allowed 10 hits while 11 errors were committed. The Midgets now have three games to return to outside teams so they should be busy for the next several weeks. Rush, the Midgets' 3rd baseman, was out of the lineup in this game because of a minor operation.

Midgets Batting Record

	Hits	At Bat	%
Davis	17	24	.708
Butt	16	29	.552
Vandemark	17	33	.515

Quier	1	8	.125

WARSAW FOUNDRY 7

The All Stars continued their winning streak and stretched it to three over Warsaw opponents. The batting power of the All Star team just takes so long before it begins to get a pitcher's number. In the game Friday night, the All Stars were unable to get a single hit for the first two innings. From then on the team began to connect with that curving sphere and delighted the crowd with numerous hits and several good plays. Linn

started the batting lineup in the fourth inning and dusted all the bases as he made the first home run. In the sixth inning he almost duplicated his performance by hammering out a triple. This could have been a home run but the coach on third had no way of knowing that the throw to home would be wild. Glen Blue, leader of home runs in the regular league, blasted out one of his long drives to left field for number two in All Star competition. Linn now leads All Star competition with three home runs. The battery for the All Stars was filled by G. Blue and L. Whetstone. A mighty fine combination considering the fact that they are both high school students. They are already serving notice to teams in the county. Blue struck out one batter, walked 7 while a single error was committed. Weirick served as the pitcher for Warsaw until the last of the seventh when Slabaugh took over. Together they struck out 7 batters, walked three, while a total of 7 errors were committed.

Monday Night Games

PETE'S LUNCH vs. BURKET

The surprise game of the league play to date was the first defeat of Burket by a score of 9 to 7. Burket started fast and tallied 4 runs and it was not until the 4th inning that Pete's Lunch could even score. Corky Doran started the pitching and was doing a good job in allowing only one hit but he was relieved by D. Goshert who they then began to hit at will. Numerous errors fell on the Burket team at vital points that played the major factor in their defeat.

Pete's Lunch 000441 9—9 7E
Burket 40201007—15 7E

IGO'S GROCERY vs. CO-OPS

In another surprise game and one that brought about new statistics, Igo's completely shut out their opponents by a score of 4 to 0. Joe Boggs, despite a broken left wrist, baffled his batters in allowing only 3 hits and paced his team an imposing victory.

LEAGUE STANDINGS

Team Record to Monday night, July 1:

	Won	Lost
Burket	4	1
Lumber Co.	4	1
Pete's Lunch	3	2
Igo's Grocery	2	3
Stockyards	1	4
Co-Ops	1	4

M. Blue of the Co-Op team is one of the fielders that covers ground. Drudge had hit a high fly back of second base and Blue came in from left field on a dead run to make a splendid catch. Long made another fine catch on first. Some of you fans that have not closely inspected a first baseman's mitt should do so. They are really something when you understand how to handle them. Glen Blue ranks second in runs scored in league games and if you watch his baserunning you will see why. Blue had hit a fly to center field and when the fielder had taken it for the out, he was just ten feet from second base. That is really moving. The Co-Ops in one inning made all of their outs by forcing their opponents at second base. They had a total of 7 force outs at bases in the game.

Igo's Grocery 002120 4—7 3E
Co-Ops 00000000—3 1E

NEWCASTLE S. AND E. MEETING

The regular monthly meeting of the Social and Educational ladies of the Newcastle Township Farm Bureau, met at the country home of Mrs. Orval Long, June 27.

The meeting opened with community singing led by Mrs. John Gordon, with Mrs. Silas Meredith at the piano. Scripture reading and prayer followed. The 4-H club girls favored with two numbers with Mrs. Walter Safford at the piano.

A very good reading by Merryann Dawson followed. Mrs. James Newcomb county Social and Educational leader, explained the Modlin fund and announced some county and district meetings to be held soon. The guest speaker, Mrs. Reuben Scheid, of Rochester, was then introduced, who in a very pleasing and educational way told of their recent trip to Mexico City and Guatemala and showed many interesting relics which she brought home. Among them was a fiber called sisal, from which our bindertwine was made. This talk was greatly enjoyed. Mrs. Clarence Peterson gave a brief report of the Woodlawn hospital Auxiliary and memberships were taken.

There will be no more meetings in the township until September. The hostess and assistants served delicious refreshments to 58 members and guests.

The hostess committee for the Sep-

tember meeting will be Mrs. Clarence Peterson, Mrs. Ransford Peterson, Mrs. Raymond Rogers, Mrs. O. J. Long and Mrs. Charley Shock. Program committee, Mrs. Chloris Barkman, Mrs. Victor Tobey, and Mrs. Gaston Coplen.

CORRECTION

Mr. and Mrs. Clarence Brown, who made a trip to the west coast, did not visit in California, but Washington.

Everyone welcome. Teachers and officers are expected to attend.

Tools of a Just and Lasting Peace

Members of America's fighting forces who have been cast upon the sea or who have been subjected to the rigors of battle in global warfare feel the strong upsurge of the religious instinct. They turn to their faith in a Divine Providence for guidance, for comfort, for peace of mind, and for inspiration. In such moments the only realities are the eternal verities. These are the subjects expounded in Sunday School. These are the truths upon which a new and happier civilization may be built—a truly Christian civilization of justice, of tolerance and of human happiness. The tools of a just and lasting peace may be found and forged in Sunday School. The directions will be found in the Bible.
—Walter W. Head, president, General American Life Insurance Co. President, the Boy Scouts of America.

Bring your guests, friends and neighbors to all these services where a hearty welcome awaits you.

Lord, Is it I?

"One who dips in the dish with me Shall traitorous and accursed be!"
A silence fell on those words of doom, As each man asked in that upper room, "Lord is it I? is it I?"

It was Judas Iscariot who did the deed, And bartered his soul to his wretched greed.

But the lust for money still lurks in men, To strangle their souls and lure them to sin.
Lord, is it I? is it I?

It was Simon Peter who denied Him thrice,
Disowned Him as Lord, in cowardice.
But what would I have done in his place,
If I had been there to see His disgrace?
Lord, is it I? it is I?

Death could not hold the Savior fast!
He lives again and will reign at last!
But some will not stand in the circle there,
When the faithful come His glory to share.

Lord, is it I? is it I?

ATTEND RECEPTION

Mr. and Mrs. Lloyd Creakbaum attended a lawn reception given at the home of Mr. and Mrs. George Smith, in Akron, in honor of their son's marriage, Saturday evening. A four-tier wedding cake was on the decorated serving table and ice cream was also served to the 45 guests present in honor of Mr. and Mrs. George Smith, Jr. Mrs. Smith was the former Anna Mae Lowmaster and the groom is a grandson of Mr. and Mrs. Creakbaum.

GIVEN BIRTHDAY SURPRISE

Mrs. Edgar Cochran was very pleasantly surprised on her birthday Wednesday evening by her two sisters, Mrs. Dewayne Horn and family and Mrs. William Rathbun and family. A bountiful meal was served which was enjoyed by everyone.

There present were her husband and children, her mother, Mrs. Ralph Wideman from Warsaw and Mrs. Nine of Warsaw, her aunt and uncle, Mr. and Mrs. Earl Bowers and their sister-in-law, Mrs. Myrtle Bowers, from Detroit, Michigan.

WAR MOTHERS II MEETING

Let us remind the members of War Mothers II unit 106 to be present at the next meeting July 10. There is some important business to be transacted.

SINCERE THANKS

I want to publicly thank the neighbors and friends who came to help harvest my hay crop last week.

LEONARD BOGANWRIGHT.

Miss Georgianna Dillingham, telephone operator, is on vacation this week. Pauline Borton, one of the other operators, enjoyed her vacation last week.

○ ○ ○

Mr. and Mrs. Charles Madeford moved to Gilead last Thursday.

Mr. and Mrs. C. G. Carter, of Etna Green, attended the funeral of Mrs. Dolan here Monday forenoon.

○ ○ ○

A change of address card from Dan Urschel indicates that he and his family will be in Mentone soon.

Entered as second-class matter November 18, 1936, at the post office at Mentone, Indiana, under the Act of March 3, 1879

Volume 6, Number 4

Mentone, Ind., July 10, 1946

Subscription—\$1.50 Per Year

CONSERVATION CAMP CLOSES

The Conservation camp at McClure lake closed Thursday evening with a big fish fry and appropriate services. Joe Clark, county agent served as the toastmaster for the evening.

Chance Mollenhour and Lyndes Latimer were on deck to maintain their reputations as fish fryers, and the generous samples I had were plenty good.

The Warsaw Kiwanis club is now engaged in the construction of a new 18x20 bunk house and other improvements at this conservation club camp are in the making.

JONAH CLUB TO TAKE TO THE AIR

July 29th the Indiana Flying Farmers will fly to Rochester where they are to pick up the Jonah club boys and fly them to Lafayette where they are to put on a big fish fry. Hobart Creighton, we are told, also plans to fly his new plane with the group.

MERCHANTS' ASSN. TO MEET

The Mentone Merchants' Association will meet at the school house Monday evening, July 15th at 8:00 p.m.

NEW PLANE AT AIRPORT

Chick Herendeen and Dale Tucker added a new Aeronca plane to their former fleet of three at their airport near Mentone Monday.

FORMAL V. F. W. HOME OPENING ON JULY 18

Members of the Manitou Post of Veterans of Foreign Wars, and the post Auxiliary, will hold a formal opening of the home on the north shore of Lake Manitou Thursday night, July 18th. The dedication will consist of refreshments and a dance. The public is cordially invited.

Russell Fleck, who has been seriously ill with an infection on the outside of his left lung, remains in a serious condition.

Mrs. Fred Lemler, who was taken to the Woodlawn hospital at Rochester Monday noon, is very much improved. She was suffering from high fever and severe pain from a kidney or bladder infection.

DR. DAVIS ON VACATION

Dr. L. H. Davis is going to Big Bear Lake, California for the remainder of July and announces that his forwarding address will be at the postoffice above.

Dr. Davis, who has been occupying the Dr. Urschel office until the latter returned from army service last week, has moved some of his equipment into the Dr. Clutter office and stored the balance. He is preparing to establish a new office across the street from the Co-Op. News office.

Dr. Urschel plans to resume his practice here as soon as he completes the remodeling of his office.

OBITUARY

Cora Viola Oberlin was born Feb. 15, 1878 and passed away July 3, 1946 at the age of 68 years, 4 months and 18 days.

On December 16, 1897, she was united in marriage with Richard Platt and to this union was born seven children.

Many years ago she became a member of the United Brethren church and in 1945 transferred her membership to the Methodist church at Butler.

Her husband and one daughter, Ruby, preceded her in death. She is survived by four sons, two daughters eleven grandchildren and two great-grandchildren.

Funeral services were held at the Jerusalem U. B. church, four miles north of Butler, July 6th at 2:00 p. m., conducted by Rev. S. M. Hill of Mentone. Interment was in the Eddy cemetery.

GIVEN PROMOTION

Mr. and Mrs. Hugh Kesler, and children, of Fort Wayne, spent the Fourth visiting at the Forrest Kesler home at Mentone.

Mr. Kesler, who has been employed at the International Harvester plant in Fort Wayne the past 23 years, was recently promoted to the responsible position of production superintendent of the entire Fort Wayne plant. In addition, he has charge of production at the Springfield, Ohio and Indianapolis plants on that portion of the machinery produced for the Fort Wayne plant.

Clark Ernberger, who has been in the Woodlawn hospital at Rochester since July 4, is somewhat improved. However, he is still a rather sick man.

MRS. VAN- GILDER DIES

Death came unexpectedly Sunday evening to Mrs. Cora M. VanGilder, for many years a resident of Mentone, where she had been librarian for the past 25 years and who was well known in Warsaw and vicinity. She was stricken with coronary thrombosis Sunday morning and died at 7:30 the same evening. Although she had not been so well for the past two years, she was able to attend her usual duties.

Mrs. VanGilder was born north of Warsaw September 30, 1880, the daughter of Jefferson and Sarah Stookey, and had lived all her life in that community and in Mentone. Before her marriage to Dr. Bert M. VanGilder, a dentist at Mentone, which occurred April 17, 1907, she taught in the Kosciusko county schools. She was a member of the Mentone Methodist church and was affiliated with the Mentone chapter of the Order of the Eastern Star, of which she was a past matron, also with the Sodales club and the Mothers of World War II of Mentone and the Magazine club of Warsaw. Her husband, Dr. VanGilder, died in 1919.

Mrs. VanGilder had been serving as social reporter for the Co-Op. News for many months, had been secretary of the Eastern Star for many years, and had been librarian for so long that one couldn't think or speak of the library without her personage coming to mind. It is believed she was the only one licensed to be a librarian here.

Her sudden departure was indeed a great shock in the community.

Surviving relatives include her two sons, Dr. Donald J. VanGilder, a dentist at Mentone, and Jack W. VanGilder, who has recently been transferred to Indiana from Dallas, Texas, where he had previously resided; two granddaughters; three brothers, Milan, Samuel and Arthus Stookey, all of near Warsaw; and a number of nieces and nephews.

Funeral services were held at 3 p. m. Wednesday at the Mentone Methodist church. Rev. C. C. Collins, of Middletown, a former pastor at Mentone, officiated. He was assisted by Rev. A. G. Simmons.

FUNERAL THURSDAY FOR J. WESLEY BROWN

Funeral services were held at 2 p. m. Thursday at the Paul M. Bilby funeral home for J. Wesley Brown, who died at 12:30 p. m. Tuesday at the McDonald hospital. Death followed a serious illness of five due to complications.

Mr. Brown was born at Wauseon, Ohio, August 15, 1860, the son of Seymour L. and Eleanor E. (Smith) Brown. Since he was 7 years of age he had lived in Harrison township where he was a prominent farmer. He served as township trustee for one term and as county commissioner for three terms. In 1882 he was married to Jennie Rider, who died in 1928. He later married a second time, Mrs. Mary J. Rider, who died in 1938. He was a member of the Cook's Chapel Methodist church.

Rev. Silas Hill, of Mentone, officiated at the service. Burial was in the cemetery at Cook's Chapel.

HAZARDS IN A PRINTING OFFICE

It always seems to happen that when some difficulty is encountered in a printing office, a half dozen other things show up at the same time.

Right in the heat of publication day this week a large cast arm on the typesetting machine sustained a fracture "above the elbow." Welding isn't difficult for our skilled artisans of today, but to weld a piece of cast so that the other end three feet away lines up within a sixteenth of an inch isn't so easy. After more than a half day delay, however, the machine is again casting type, and eventually we will again have it working perfectly.

(I've always appreciated a fertile remark that indicates keen thinking, but occasionally one encounters one that is of the unusual. While the machinist was welding the piece of printing machinery—a bystander who had no idea what the thing was for—wanted to know "if it was off a manure spreader?" I didn't dare take time to answer him as I wanted to beat the rest of the bystanders with the comeback.)

To add to the unusual circumstances, death claimed our social reporter Sunday evening and the softball reporter resigned his position with the association last week.

The Methodist parsonage is receiving a new coat of white paint this week.

SPRAYING POTATOES WILL DOUBLE YIELD

Spraying the potatoes is a paying proposition, says George Gould, Purdue University entomologist, who has shown that yields may be doubled with the use of the proper insecticides and fungicides.

The entomologist recommends the use of DDT, which has given excellent results, in control of leaf hopper, Colorado potato beetle, flea beetle and tarnished plant bug. The spray is made by mixing two pounds of a 50 per cent water-dispersible powder in one gallon

of water and added to 100 gallons of Bordeaux (8-6-100) when ready to spray. Five or six applications are made at 10 to 14 day intervals.

A 3 per cent dust is also satisfactory and is applied at the rate of 40 pounds per acre.

With the coming of hot, dry weather, onion thrips will become serious, especially in the much crop area. The Purdue men have found that DDT will control the disease, but more work needs to be done to determine proper timing and dosages. At present they are suggesting the use of 5 per cent dust at 50 pounds per acre and four

or five applications at five day intervals. The spray is made with three pounds of 50 per cent wettable DDT powder per 100 gallons of water and applied at the rate of 150 gallons per acre at 150 pounds pressure. Four or five applications are made at five day intervals.

Mr. and Mrs. Keith Borton, of Grand Prairie, Texas, have been spending the past couple of weeks with Mr. Borton's parents, Mr. and Mrs. Austin Borton.

Mr. and Mrs. William C. Jacoby, who have been living at the home of Mrs. Jacoby's parents, Mr. and Mrs. Austin Borton, moved this week into the apartment formerly occupied by Mr. and Mrs. Chas. Madeford.

Lewis Poor has just returned from a five weeks vacation with friends and relatives in Des Moines, Ia. and Washington, D. C. He reports a very fine

THE NORTHERN INDIANA CO-OP. NEWS

Published Weekly by the

Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

Eavesdropper

The word "eavesdropper" is derived from "eavesdrop," meaning the width of ground around a house or building which receives the rain water dropping from the eaves. A person who stood within the "eavesdrop" of a house — close enough to pry into others' business or listen to secrets — was called an "eavesdropper." Eavesdropping is still a common law offense.

Starvation Diet

Undernourishment begins from 2,000 calories. Malnutrition leading to predisposition to disease begins at 1,600 calories. Death from starvation results at 800 calories.

Casing Eggs

Eggs should not be cased until they have been cooled to 65 degrees F. or less. The higher the temperature, the quicker the eggs should be gathered after they are laid. It may be necessary to add moisture to the egg storage room, and this can be done by sprinkling the floor with water. Some producers are building a sand box with a slatted top to hold the egg baskets and cases, then are keeping the sand damp.

Automatic Oxygen Feed Used

An oxygen regulator supplies flyers automatically as the plane's altitude increases.

*The Most Important Feature
in Your Face!*

by MARY BROWN OF *Primrose House*

Everyone has her opinion of what feature in a face constitutes its main feature . . . the cue to a person's "looks." We hear all kinds of theories about the eyes being the "windows of the soul," "rosebud mouths," "teeth, like pearls," and countless other ideas, but I've always held firmly to one feature which, in my mind, defines many things in a face to me . . . the eyebrows.

Eyebrows can make you or break you, speaking in terms of pulchritude. Women and girls concentrate on the mascara pot and bathe in eye lotions, but they forget that little area between their hair-line and their eyes . . . and they never become educated in the right route their eyebrows should take.

Just cleaning out stray and wispy hairs is not doing the job completely or right. You have to take time to analyze your face . . . find out whether you look better in an arched brow, a pointed brow, a long or a short one. Whether your eyebrows should be dark or light, thin or frankly wide. You don't have to grow your eyebrows to a certain stage before you can experiment. You can change them from minute to minute for purposes of experiment by just penciling in the new line you propose to use. If you want to see whether they look better short, you white out the

end of the brow with powder or some other "minus" material . . . but you don't have to use anything that soap and water won't eliminate in a few seconds. Use a brown or tan pencil to see how they look lighter and a black pencil to know yourself as a real brunette. But do keep away from the hair-line brow. No one looks like a human being in them. They are false looking . . . they give the face no beauty or character and they frighten the gentry half to death, if the truth is really told.

Some people look perpetually puzzled, others constantly annoyed . . . but if you take the offending face apart analytically you won't find every time that it stems from a lack of knowing what is going on around one, or a sour disposition or a dozen other causes. . . Too many times to count, it may be caused by the expression we have given our own face by maltreating an expressive feature like the eyebrows.

If one is born with the wrong brow line . . . it is easily changed . . . because camouflaging and changing nature's children is not alien in the beauty field. Why not correct what can be corrected? . . . Why look like a cactus plant when it is so easy to look like a rose? . . . and the only fee is a little imagination.

TUCKER - HERENDEEN

Mentone, Ind.

Meat Moisture

Meat normally contains about 60
to 70 per cent water.

Chemical Weed Killing

Experiments on the use of chemical
weed killers began about 1895.

Recover Fats

Remnants of cooking fat in cans
should be melted down and poured
out for use before the can is thrown
away. The last drop of oil should
be extracted from bottles. Pan drippings
left from cooking meat should
be scraped out, and the part that
has "browned on" loosened by
heating with a little water and then
saved for gravy, soup or sauces.
Too often these flavorful drippings
go into the dish pan rather than the
gravy bowl.

Land-Grant College

The land - grant college is so
named from the Morrill law of congress,
approved by Abraham Lincoln in 1862.

Livestock Type

Type in livestock has been defined
as "that combination of qualities
which fits an animal for a specific
purpose."

Equals Bread

An average serving of oatmeal
without sugar and cream equals approximately
two slices of bread in food value.

Nation's Horses Well Shod

About 20,000 tons of steel were
required in 1943 to shoe the nation's
horses and mules.

Painting Light Fixtures

Metal light fixtures that have dis-
colored may be painted, like radi-
ators, to match the woodwork, or
to match the ceiling. Clean them
with turpentine and fine steel wool.
Remove as many ornamental parts
as possible to simplify the design
before painting. Semi-gloss paint
on these is easier to keep clean
than flat paint.

Paper an Insulator

Do not store food wrapped in pa-
per in the refrigerator, for the paper
acts as insulation and slows the
cooling of food.

Artist Canvas

Artist canvas is woven from flax,
hemp, jute and cotton.

Siberia Vast

Siberia is almost twice as large
as continental United States.

women Workers

In 1870, 60 per cent of all non-
agricultural working women in the
United States were domestic serv-
ants. Less than 1 per cent held
clerical positions, 6.4 per cent were
in the principal professions and 17.6
per cent were factory workers.

Remove Onion Odor

To remove onion odor from the
hands, rub them with dry salt or
dry mustard immediately.

Washing Spinach

For best results in washing sand
from fresh spinach, try using warm
water rather than cold.

Cured Hickory

A cord of well-cured hickory or
other hardwood is almost equal in
heating value to a ton of coal.

ANIMAL HEALTH COLUMN . . .

By R. A. MARRIOTT

P. N. POWDER AND TABLETS

"P. N." is a new combination of phenothiazine and nicotine for the treatment of intestinal worms in poultry. The product has the following composition:

Phenothiazine 1 part.
Nicotine compound powder (3.3% nicotine) 2 parts.

Phenothiazine is the most efficient drug for the treatment of infestation with cecum worms in poultry. It is this worm which acts as a carrier of blackhead from chickens to turkeys. In the past it has been the cause of the temporary abandonment of the turkey industry in some sections of the eastern and midwestern United States. Blackhead is caused by a micro-organism which belongs to a class of protozoa. The blackhead organism is harbored by the common poultry cecum worm which is found in the ceca or blind pouches of many chickens. Chickens are not subject to blackhead to any extent but they carry the disease to turkeys. The blackhead parasite can live for several months in the droppings of chickens. Phenothiazine is relatively non-toxic for chickens and turkeys.

Nicotine is the best agent for the treatment of infestation with large roundworms in poultry. The large roundworm of poultry is one of the most common parasites. The mature worms lay eggs in the intestines of poultry and the eggs are expelled in the droppings. The eggs are very resistant and will survive in the ground in shady places for over three months. Chickens suffering from roundworm infestation are anemic, weak and sometimes paralyzed. The birds suffer from diarrhea; they become thin and weak and their egg production is decreased. Roundworms are controlled by the use of nicotine. The medication must be accompanied by cleaning up all sources of re-infection. The dropping boards and pens should be cleaned up and surface dirt and droppings should be removed from the yard. The eggs contained in the droppings are not infective until they have been exposed to the air for about 10 days. Worming treatments with P. N. are recommended as follows: For chicken, 4 treatments a year; at 10 to 12 weeks, 16 to 18 weeks, just before housing in laying houses, and two to three months after housing. For turkeys: Every thirty days, starting 30 days after they are placed on the range.

"P. N." Lederle is balanced to contain a therapeutic dose of both phenothiazine and nicotine in the same administration. P. N. is used for chickens, turkeys and other poultry. P. N. powder is given by mixing with the mash. This method greatly simplifies the administration of the medicine, especially for large flocks. The necessity

for catching and handling the birds, with consequent loss of egg production, is eliminated. P. N. is also supplied as tablets for individual dosage of birds that are not eating their feed. The tablets are also used for dosing birds when they are being vaccinated.

Feed P. N. mash dry or moistened slightly to a crumbly consistency just before feeding mash. It is not necessary to starve birds before or to give a laxative after P. N. is fed. Remove feed hoppers in the evening. Give P. N. mixture next morning. Spread mixture in feeders or troughs so that all birds can eat at the same time. As soon as the P. N. mash is eaten, give usual feed. Expulsion of roundworms and cecal worms starts in a few hours.

PLEASANT VALLEY CLUB PLAN PICNIC FOR JULY 21

Mrs. Harley Warren entertained the Pleasant Valley Community Club on Wednesday afternoon. The meeting opened by group singing, America the Beautiful, and "Love's Old Sweet Song". Mrs. Delbert Hunter gave the history of the song of the month. Roll call was answered by 17 members and one guest with "My Experience in Driving a Car."

Mrs. Don Pfeiffer read an article, "A Man Who Loved." Mrs. Devon Eaton gave an article, "Your Neighbor's Weeds". Mrs. Dick Morris and Mrs. Joe Peterson gave the project lesson on "Home Furnishings". Mrs. Pfeiffer conducted several contests won by Mrs. Peterson and Mrs. Wendell Duzenbury. An auction sale was held with Mrs. Cleon Fenstermacher as auctioneer.

Refreshments were served by the hostess to the members and one guest, Mrs. Cleo Kallenbeck, of Chicago.

The next meeting will be a picnic July 21 at Overstreet's resort.

Name Canteloupes

Canteloupes are so named after Cantalupo, Italy where the melons were first grown in Europe.

THOMPSON-RUSH

First Methodist church of West Lafayette was the scene of a lovely Sunday afternoon wedding, June 23, when Miss Mary Eva Thompson, daughter of Mr. and Mrs. Horace Thompson, 227 Wood Street, was united in marriage to Carl Burton Rush, son of Mr. and Mrs. Wm. Ray Rush of Mentone. Rev. Eugene R. Balsley officiated before an altar decorated with Madonna lilies, palms and lighted tapers. Miss Eleanor Berkepile, cousin of the groom, and Mrs. Frances J. Roberts presented a musical program. The bride, who was given in marriage by her father, was attended by her sister, Miss Gail Thompson, as maid of honor and Margaret Doyle as bridesmaid. Paul Rush, brother of the groom, was best man and ushers were Charles Thompson and Kenneth Sell. A reception following the double-ring ceremony was held in the church parlor.

The bride, a graduate of West Lafayette high school, attended Purdue university and Lafayette Business Col-

lege. She has been employed in the agricultural experiment station library. Mr. Rush, a veteran of two and a half years service, is attending Purdue university. The couple are residing at 116 Pierce St., West Lafayette.

Guests included Mr. and Mrs. W. R. Rush and children, Mrs. Jennie Cunningham, Mr. and Mrs. Miles Manwaring and son, Mr. and Mrs. Robt. Anderson, Mr. and Mrs. Wayne Bowser, and Mr. and Mrs. Raymond Lewis, Mentone; Mr. and Mrs. Fred Rush, Roy Rush and daughter and Mrs. Bert Rush, Warsaw; Mr. and Mrs. J. E. Rush and son, Detroit, Mich.; Mr. and Mrs. Forrest Hoffer and Mrs. Thurman Ridgway, South Bend; Mr. and Mrs. Howard Berkepile and daughter, Kokomo; Mr. and Mrs. Frank Farlow and sons and Miss Ethel Farlow, Paoli; Misses Elizabeth and Martha Stoner, Carthage, and Miss Doris Compton, Jonesboro.

Old Art

The art of drawing is known to be at least 50,000 years old.

SOFTBALL NEWS

(Raymond Bevington, who has been serving as scorekeeper for the softball association and who has been writing the news of the softball activities, resigned this responsibility last week and is devoting his full time to the summer recreation program for the school children, an arrangement which he made with Trustee Miner prior to his acceptance of the softball tabulator. We've appreciated the news stories supplied by Mr. Bevington and trust that we may continue to secure this information for our readers.—Ed.)

Scores for the games since our last issue are:

Wednesday, July 3—

Mentone Lumber 9, Pete's Lunch 2
Burket 15, Co-Ops. 1.

Friday, July 5—

All Stars 6, Kennedy Tire of Plymouth 5. (In this game the two teams were tied at five all in the last half of the ninth. With two outs, Herschel Linn went to the batter's box and after two strikes and three balls, he hit the next one for a home run and the winning tally.)

Monday, July 8—

Igo's Grocery 26, Bryan Poultry 4.
Mentone Lumber 22, Stockyards 14.

Tuesday, July 9—

Burket 9, Pete's Lunch 8. (In this game, Frank Nelson and Wilbur McSheery, outfielders on the Burket team both went after a high fly, neither realizing the other was racing in to make the catch. As Frank leaped in-

LEAGUE STANDINGS

Team Record to Wednesday, July 10:

	Won	Lost
Mentone Lumber	6	1
Burket	5	1
Pete's Lunch	3	3
Igo's Grocery	3	4
Co-Ops	2	4
Stockyards	1	5
Bryan Poultry	0	2

to the air to get the ball, McSheery ran into him and when Frank hit the ground, he fractured his collar bone. He was taken to the hospital where an open reduction was performed to properly tie the bone together. Players on both teams regretted the incident even though it was not the fault of any player.)

Wednesday, July 10—

Co-Ops. 10, Igo's Grocery 7.
Mentone Lumber 22, Bryan Poultry 0.

All Stars Win July 4th.

Thursday evening, July 4, the All Stars defeated a hard hitting Lake-side Foundry nine of Warsaw by a score of 6 to 5. The game was played on the Warsaw diamond.

Blue pitched for Mentone.

Pruning Shrubs

Pruning shrubs seldom requires the removal of very much wood except in the case of old, neglected plants. Such plants require a program of rejuvenation. This consists in complete removal of the old leaders over a period of three or four years.

SUMMER RECREATION

On Friday evening of last week, the Mentone Midgets marked up their eleventh straight victory at the expense of Akron. The score was a very lop-sided affair with our boys hitting the ball at will. Bobby Vandermark batted 1000% when he hit five for five times at bat. Quier also batted 1000% but he had only three hits. Donnie Butt cracked two home runs in three trips to the plate. Adam Blue still has trouble swinging those big bats but we are planning on getting him an oversized toothpick. Johnny Davis still leads the Midgets in batting percentage with a .708 as he has made 17 hits in 24 times at bat. He has missed the last two games but with his throat healed following his tonsil operation, he should be in there from now on. Ruth was out of the Akron game for the same reason.

The Akron Cub Scouts have a much better team than was represented at Mentone that evening. Four of their regular players were not present and this included their pitcher. Pierre Fer-verda pitched for the Cubs and did a good job but his support was poor. The final score was Mentone 23, Akron 1.

On Thursday afternoon the Mentone Midgets went to Rochester and played a double header. In the first game the Midgets were over-confident and failed to play as hard as they usually do. They went down for their first defeat by a score of 11 to 5. In the second game, the boys started with a vengeance that netted them 13 runs in the first inning on 11 hits. Donnie Butt again got two home runs. Johnny Davis was the winning pitcher in the second game and Vandermark was the losing pitcher in the first game. The final score on the last game was Mentone Midgets 30, Rochester 12. This now makes a total of 12 victories and one defeat for the Midgets. On Friday, July 19, the Midgets will again play the Rochester team that handed them their first defeat. This game will be the preliminary to the All Star game at Veterans Field.

The following batting percentages for the Midgets does not include the Rochester games.

	Hits	At Bat	%
Davis	17	24	.708
Vandermark	22	38	.579
Butt	18	32	.563
D. Peterson	12	28	.429
Witham	12	30	.400
Cullum	9	24	.375
Quier	4	11	.364
B. Blue	4	12	.333
Holloway	5	16	.313
Rush	5	18	.278
Cox	4	15	.267
D. Flenar	2	9	.222
K. Flenar	4	25	.160
M. Peterson	1	6	.167

ALL STARS UNDEFEATED IN FIVE GAMES TO DATE

Play North Manchester All Stars Friday Night.

DEDICATION SERVICES PLANNED.

The Mentone All Stars made it five straight last Friday night by defeating a hard hitting Kennedy Tire nine from Plymouth by a score of 6 - 5. With two away and a tie score in the last of the ninth, Hersch Linn drove a hard hit ball over center field for a home run to end the ball game. Glen Blue pitched a nice game, allowing 8 hits and 4 walks to the Kennedy Tire team.

Statistics for the All Stars follow:

	AB	R	H	W	E
Drudge	5	2	1	1	0
N. Igo	5	0	0	0	0
Slaybaugh	5	0	2	0	1
Linn	5	2	3	0	1
G. Blue	4	0	0	1	0
L. Whetstone	4	0	1	0	0
D. Hibschan	4	1	0	0	0
Shirey	4	1	2	0	0
Teel	4	0	3	0	0
Totals	40	6	12	2	2

The game this coming Friday night promises to be another thriller. Manchester beat the Kennedy Tire team by a score of 6-5 a number of weeks ago so it appears that both teams are evenly matched — come on out and find out.

To Dedicate Field.

A dedication ceremony is planned on Friday evening for Veterans' Field. The recreation field was constructed by the efforts of local citizens and the financial contributions of almost everyone in the area. The services are to be appropriate for the occasion and the accomplishment.

Why Not Grow Better Sweet Corn?

—Photo Courtesy Ferry-Morse Seed Co.

What's your favorite garden vegetable?

"Roastin' ears!" you can hear whole families shouting in the Southern States. "Corn-on-the-cob!" exclaim the Northern folks. It's the same everywhere. Sweet corn is even more American than 'hot dogs'.

During the war many Victory Gardeners discovered the real flavor of sweet corn for the first time. They found

that all the luscious sweetness is preserved by cooking the ears as soon as they are picked. When they are allowed to lie around half a day before boiling or roasting, much of the sugar turns to starch, and there's a flat, unappetizing taste.

Because garden-fresh sweet corn is bound to be a "must" for many peacetime homes, here are a few tips on how to enjoy even better results than in the past.

If you have been growing white corn up to now, why not adventure with some of the yellow types? Many think the flavor richer, and most experts agree that yellow corn is superior in vitamins. Some of the new yellow hybrids have certain advantages over the older types. The ears are large, the yield unusually heavy for the space occupied, and most hybrids are resistant to certain plant diseases. Golden Bantam does well almost everywhere; Joana is a favorite in southern areas; Marcross is especially adapted to northern gardens.

Where corn diseases are not common, some of the regular varieties still take precedence. Many gardeners think nothing surpasses the flavor of true

Golden Bantam. And fortunate folks who have had a chance to sink their teeth into the deep milky kernels of Ferry's Golden want nothing else in their sweet corn patch.

Whatever the variety, several short rows should be planted to form a compact plot, rather than one or two long rows. This is to make sure that the wind will carry pollen to every silk on every ear for only in that way can all the kernels develop.

Whether hybrids or regular types of corn are grown, be sure to put in several plantings ten days to two weeks apart instead of sowing all the seed at once. Extend your sweet corn eating time over as long a season as possible.

Take courage if you have been a bit discouraged because of the corn borer or ear worm. There are more preventives this year and fairly simple ways to combat the pests. Begin early if you suspect a corn borer attack. Apply rotenone dust liberally on the plant just before the ears form. Do this four more times, five days apart. To outsmart the corn ear worm, wait until the ear has formed and the silk has dried. Snip off the dried silk close to the husk, or apply mineral oil at the ear tips.

★ Today good will may starve to death. Keep it alive with customer

courtesy and careful advertising. Poultry supplies at the Co-Op. mill.

Dyeing Eggs

Before dipping each hard-cooked egg in dye, write a name or draw a design on it with a piece of paraffin. After the dye bath, the eggs will be colored only where the paraffin isn't, so your name or design will show up clearly. You can achieve a rainbow effect with the dye if you mix a half teaspoon of melted lard with each cup of dye.

Athletes Foot Itch HOW TO STOP IT Make 5-Minute Test

Get TE-OL at any drug store. Apply this POWERFUL PENETRATING fungicide FULL STRENGTH. Reaches MORE germs to KILL the itch. Get NEW foot comfort or your 35c back. Locally at Dentons Drug Store.

Soap Scraps

A good way to use old soap scraps is to grate them into chips on a household grater, or put them through the food chopper. Or they may be placed in water in a jar, and in a short time a bottle of liquid soap useful for many purposes will have been collected. Keep toilet soap scraps in one container for use as shampoo or for washing lingerie, and kitchen soaps in another for hard cleaning.

Nourish Soil

Where a soil is rich in earthworms, their dying bodies each year furnish valuable animal matter to the soil, in some cases more than 500 pounds an acre.

STOP COCCIDIOSIS
with SULFA-GUAN-I-DINE

Prompt treatment with Lederle's SULFAGUANIDINE when first symptoms of coccidiosis appear in your birds assures rapid control of this disease. With Sulfa guanidine treatment, death losses are checked and feed consumption becomes normal within 24 to 48 hours. *Easy to give.*

Economical protection.

Everyone welcome. Teachers and officers are expected to attend.
Is Sunday School Worth While?

For five years, Mayor E. H. Couch of Guntersville, Ala. has been sending minor offenders of all ages to Sunday school instead of levying fines or jail sentences.

Only recently did the plan become known and when it was divulged, Mayor Couch commented, "I thought it was better to send offenders to a place where they would be in company with our best citizens rather than to the place where they would be thrown with the worst.

Most of the culprits had never been to Sunday school before but about half of them became regular attendants at Sunday school after their sentence expired.

It was found that not one of the more than 100 so sentenced has reappeared before Mayor Couch charged with crime.

Renews Walls

Brush a thin, warm starch solution on painted walls after they've been cleaned. It gives them a nice gloss, and, better still it acts as a buffer. Dirt will cling to it instead of the painted surface. Whenever it looks soiled, you can wash it off quickly, without having to use a strong cleaning compound, and renew it easily. The solution is boiled starch, as you would make for the laundry, thinned down to a watery consistency. Brush it on to form a very thin, transparent wall coating.

Renew Straw Hat

If last year's straw hat comes out of its box looking slightly dingy or dated, a sponge bath may be all it needs to look new again. White or light-colored straws, especially those closely woven like panama, wash successfully in lukewarm suds of mild soap. Stuff the crown with tissue paper to hold its shape, then lay the hat on a towel on a table so that the brim lies flat. Go over the hat with a soft brush dipped in suds, then with clear lukewarm water, and finally with a dry soft cloth.

SORORITY MEETS

The Beta Epsilon chapter of Psi Iota Xi sorority met at the home of Mrs. Ellery Nellans Thursday evening for a business meeting. Committees gave reports on progressing plans for a lunch stand at the Warsaw fair.

An interesting talk was given and pictures shown of birds and nature, by Walter Becknell of Plymouth.

The door prize was won by Mrs. Mott Bryan. Others present were Mrs. Esther Shoemaker, Mrs. Glen Weatherbee, Mrs. Earl Dwyer, Mrs. Ralph Ward, Mrs. Lucille Whetstone, Mrs. Ralph Molenhour, Mrs. Curtis Riner, Mrs. Delford Nelson, Miss Genevieve Graatz and Mrs. Earl Anderson.

AT BAPTIST CHURCH

Rev. Arthur Phillips will speak on Sunday morning at 10:30 at the Baptist church and show pictures on Mexico at 8:00 Sunday evening. Mr. Phillips is the director of Child Evangelism for Mexico. Mrs. Phillips is the daughter of Mr. and Mrs. Cecil Nelson, of near Mentone.

FIRE TRUCK REPAIRED

The Mentone fire truck, used for country runs, failed to operate satisfactorily Sunday when it made a run west of Tippecanoe, so Monday morning Fire Chief Arlo Friesner took it to Logansport and had it put back into operating condition. Mr. Friesner reports that the leathers on one shut off valve were worn out and the presence of two small stones in another valve didn't improve on its operation.

MILFORD VETERAN KILLED

Joe Kauffman, 23, Milford, was fatally injured when he lost control of his motorcycle five miles east of Napoleon on U. H. highway 6. He died Sunday in the Goshen hospital after suffering a fractured skull Saturday night.

ROCHESTER BOY DIES WHEN TRAIN HITS AUTOMOBILE

Thomas L. Brown, a 19-year-old gasoline station attendant, Rochester rural route, was killed Wednesday when his car was struck by an Erie railroad train at a country crossing, four miles east of Rochester.

WAR MOTHERS MEET

Mothers of World War II, unit 106, met in regular session Wednesday evening, July 10, in the high school building and appropriately conducted the draping of the charter for one of its dearly esteemed members, Mrs. Cora VanGilder who was laid to rest late in the afternoon of the same day. The charter was draped for 30 days in mourning, in memory of this dear mother who has been called from our midst. The charter was presented by Past President Ethel Wagner to the president, Opal Tucker, who draped it while the members softly sang, "Beyond the Sunset".

Somewhere back of the sunset

Where loveliness never dies

She lives in a land of glory

With the blue and gold of the skies.

And we who have known and loved her

Whose passing has brought us tears,

Will cherish her memory always

To brighten the coming years.

The business session was then conducted by the president, Opal Tucker, in the usual form with 14 members answering roll call and Mrs. Lillian Witham taking the obligation and becoming a new member. Mrs. Tucker gave a report of the national convention held recently at the National Headquarters, Indianapolis, Ind. A letter was read from the newly organized American Legion Post 425, expressing their appreciation for a basket of flowers sent by the World War II Mothers to one of their recent meetings. Cards and letters were read from various district chairmen and final plans were made for the district meeting which is to be held in the local high school building on July 31.

Mrs. Dora Goodman, Mrs. Myrtle Davis and Mrs. Julia Smith were appointed to get things in order for the coming event. Others volunteered to help. Mrs. Alta Hudson was appointed as registration chairman. All members are urged to be present for the district meeting and are asked to bring one dozen (any kind) sandwiches, a covered dish or salad, and anything else they desire to bring. Registration will begin at 10 a. m. and dinner is to be served at 12:15 promptly.

Remember the date—July 31. Indiana has a membership of 8,000 World War II Mothers and Unit 106 is urging all its mothers to renew their membership by paying their delin-

BUSINESS ASSOCIATION MEETS

The newly organized Mentone Merchants Association met at the school house last Monday evening and discussed various matters relative to the organization and a number of other matters of business.

Byron Peterson, chairman of the group, announces that they now have a membership of 50 and that the next regular meeting will be held the third Monday in August.

ETNA GREEN LIONS ELECT

Don Poulson has been chosen as president of the newly-formed Etna Green Lions club. Other officers include Giles Hoffer, first vice president; John Klinefelter, second vice president; Kenneth Plummer, third vice president; Lewis Harshner, secretary, and Lewis Mason, Sr., treasurer. E. Merle Ulmer and Lester Williamson were named as directors for two years while Millard Taylor and John Sparrow were selected for one-year terms.

SENTENCED ON EMBEZZLEMENT

Richard Jones, former Railway Express agent in Columbia City and well known in this vicinity, has been taken to the Indiana State reformatory at Pendleton by the Whitley county sheriff to begin serving a two-year sentence imposed last week by the Whitley circuit court. Jones confessed to staging a fake holdup to cover a \$3,800 shortage.

ICE CREAM SOCIAL

Mr. and Mrs. Roy Hubbard and family of Talma entertained at an ice cream social Thursday evening. The following guests were present: Mr. and Mrs. Fred D. Barr, Mr. and Mrs. Ralph Chapman, Miss Ruth Barr, Mr. and Mrs. Frank Arter, Mrs. Stella Surguy, Skip Jameson, all of Talma and Mr. and Mrs. Doc Holloway and son Larry, of South Bend.

Charles Nottingham, son of Mr. and Mrs. H. E. Nottingham, who recently enlisted in the navy, is now located at Bainbridge, Md.

quent dues.

Continue your interest and attendance in this worthy organization.

TO SAIL FOR CHINA SOON

Rev. and Mrs. John Knecht, who are now visiting with friends and relatives in Mentone, will leave for China within the next 30 to 60 days where they will serve as missionaries.

TWO NEW PRIVATE PILOTS

Chick Herendeen reports that Dale Nellans and Wayne Shunk last week passed their tests and have now been given private pilot ratings by the Civil Aeronautics Administration. This rating permits the flyers to carry passengers with them when they go for a jaunt in the sky.

TALMA HOME ECONOMICS CLUB

The T. H. E. club members met at the home of Mrs. Goldie Wagoner Thursday afternoon.

The meeting was opened with the group singing "The Battle Hymn of the Republic", followed by repeating the "Lord's Prayer." The song of the month "Love's Old Sweet Song", was sung and its history given by Mrs. Staldine. Roll call was answered by "My favorite secretary and treasurer's report, orite Movie Star". This was followed by Mrs. Hibbs gave a report on the hospital and the lessons for the rest of the year were named by the president, Mrs. Lester White. The lesson of the month was given by Mesdames Evelyn Dick and Helen Emmons and the meeting was closed by repeating the club creed in unison. Refreshments were served during the social hour.

NEW ARRIVALS

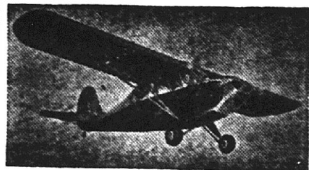

Mr. and Mrs. Manley Walsh are the parents of a daughter born Monday at Warsaw.

Mr. and Mrs. Walter Sanders are the parents of a son born Thursday at the McDonald hospital.

Mr. and Mrs. Joe Baker returned this week from a ten-day vacation in Washington, D. C. with Mr. and Mrs. Arthur Brown. While there they made a trip to Atlantic City and took a big look at the ocean. They visited many interesting places while in the Nation's capital.

Mr. and Mrs. Earl Anderson and family attended the auto races at Cassopolis, Michigan Sunday.

TUCKER - HERENDEEN
Mentone, Ind.

the cost of accidents rising each month, American automobile owners are faced with a problem that only they can cure.

That this is a national problem has been signified by the National Highway Safety Conference called by President Truman and the campaign currently being sponsored by the Advertising Council (the cooperative group of advertising leaders who produced most of the War Bond and other war-time advertising campaigns) in cooperation with the National Safety Council.

That it is a local problem is evident in this and every community by the increasing number of deaths and injuries which are reported almost every week.

Some idea of the trend in the number and severity of automobile accidents can be gathered from statistics just released in the interest of safety by the State Farm Mutual Automobile Insurance Company, which writes more automobile protection than the next two largest companies combined, so has a greater cross-section of facts than probably any similar organization.

All through 1945, and at a highly accelerated rate after V-J day and the termination of gasoline rationing, the number and severity of automobile accidents increased, the State Farm Mutual report points out.

This trend in the number of and

severity of automobile accidents has continued to increase in the first quarter of 1946 and with the resumption of vacation travel this summer is not likely to slacken.

"IN the first quarter of 1946, the company had an increase of 51.3 per cent of claims received over the first quarter of 1945," the report shows. There were 21 per cent more claims reported in January and February of this year than in November and December of 1945. In March, the number was up by 5.5 per cent over January and February and 7.5 per cent more claims were paid than in any previous month in the company's history.

At the same time, the average cost of claims for automobile accidents has continued to grow. For example, the average 80 per cent collision claim cost 93 per cent more in 1945 than it did in 1942. While in 1945 the cost of the average claim was the highest in the history of the company; in the first quarter of 1946 the average cost was up 18 per cent over 1945.

With the average car over 8 years old—with bad brakes on 1 car in 7—on worn tires—accidents involving defective equipment have more than doubled today . . . and so in many cases, has the cost of repairing the

damage to the automobile—where it is possible to make repairs. All of this in addition to an average of 950,000 people injured or killed each year in traffic accidents.

These old cars are, generally, more extensively damaged in an accident than newer models, simply because parts are worn and often rusted. For example, a rear fender on a certain make of 1941 automobile listed at \$8, but because a new one was unavailable it cost more than five times the price of a new fender to repair it. The average increase in repair costs is up from 25 to 45 per cent.

All this means that even automobile owners who are protected by insurance will have to pay more—because in the final essence, the cost of the insurance is determined by the amount the insurance company must pay for claims. As every safety agency has pointed out, the only remedy for loss of life, loss of the use of your automobile and the penalty of higher insurance rates is CAREFUL DRIVING. The remedy rests with the average motorist. Unless every automobile driver drives more carefully, the report concludes, America will reap the greatest toll of human life in history this year, and financial loss will hit the pocketbook of every car owner.

TRAFFIC ACCIDENT COSTS NEW NATIONAL PROBLEM

With the nation's traffic fatality rate almost back to its postwar peak, and not only the number of accidents but

The corn picker is the most dangerous of farm machines.

4-H FAIR AT SOUTH BEND

The 20th annual St. Joseph county 4-H fair will be held August 14 thru 17 at Playland Park, South Bend, according to an announcement by Otto J. Newman, chairman of the St. Joseph county agriculture society which sponsors the event. Oscar W. Valentine, principal of Lakeville high school, has been named secretary of the fair and has opened an office at Playland park. Assisting Mr. Newman in arranging the event are Albert L. Wagner, John Motrice and E. C. Bird, county agricultural agent.

In previous years the 4-H fair was held in Lakeville but it will be presented in South Bend this August because construction of a fair grounds by the agricultural society has been retarded by government restrictions on buildings.

Persons interested in planning display booths or exhibits may complete arrangements with Mr. Valentine at his Playland park office. County 4-H club boys and girls will compete with their best livestock and produce for the host of prizes awarded annually.

SUMMER RECREATION

On Monday afternoon, the Midgets held a practice at the Veterans field. Bating and fielding drills took up the first part of the afternoon with a three inning game then being played between two teams.

On Tuesday morning, the midgets had their pictures taken by Mr. Blodgett. The team now has a total of twenty-five boys that have suits and they are mighty proud of them. Several new members have been added to the team in the last week. Wallace Oyler, Richard Horn, Lester Horn, Don Flener, Dick Clark, Raymond Adams, John Clutter, Dennis Anderson, Charles Urshel and Frank Manwaring have their suits now. In the near future, I shall attempt to schedule some games for these boys that have not had the opportunity to play so much. The picture of the Midgets will appear at a later date.

On Tuesday afternoon the Midgets journeyed to Warsaw to play a double header with the Winona Cubs. They won the first game 9 to 6 but lost the next one by a score of 11 to 10. The second game may not be recorded as a loss as one player that was used as a pitcher at the very last may have been ineligible. In these afternoon games R. Adams showed the Midgets some real batting hitting safely six times in six times to the plate. Don Rush has been doing a good job at first and with a little more practice he will be hard to beat. Jon Cullum took over the catching duties in the first game as Witham pitched his 1st win. Johnny Davis failed to get in any of the afternoon games because he failed to mind his mother. Don't forget the next time, Johnny. Adams, Vandermark and Butt each got one home run in the afternoon games.

On Tuesday evening the Midgets played the preliminary at Akron with the Akron Cubs. Johnny Davis lost his first game in a heartbreaker of a game. The Akron Cubs had a real team arranged to meet the mighty Midgets. Five new players in addition to those that they ordinarily have were on hand to help give them a slim 10 to 9 victory. The Midgets started strong and garnered 4 runs in the first to give them an impressive start. Then in the second inning Akron scored two runs and again in the fifth inning they tallied five runs with three more added in the fourth. In the sixth and last inning Akron led by five runs. The Midgets with two down refused to give up and started a rally that had the fans in the bleachers yelling as loud as you might hear them at any ball game. Witham singled, Holloway batted as a pinch hitter for Rush and got on with an error. Oyler batted as a pinch hitter

for Horn and also got on with an error. In the meantime, Witham and Holloway had scored. Quier batted for D. Flener and connected with a double to drive in Oyler. Kay Flener was the batter. Quier stole home to run the score to 9. Kay tried hard but went down swinging and the game ended. The boys then went to the drug store and had cokes. This now makes the record of the Midgets stand at 13 won and 3 lost.

The opponents for the Midgets for the preliminary to the All Star game. Rochester is the only team that has defeated the Midgets by more than one run.

The opponents for the Midgets for the preliminary to the All Star game on July 26 will be announced later.

TALMA CLASS REUNION

The 1934 graduation class of Talma high school held the annual reunion a week ago Sunday at the home of Mr. and Mrs. Dale Wagoner and family, of South Main street, Rochester.

A community dinner was enjoyed at the noon hour and the afternoon was spent socially. Later refreshments were served to forty-one guests.

Officers for the coming year were elected as follows: Mrs. Lavoy Hoffman president; Elton Nelson, vice president and Mrs. Ralph Foor, secretary-treasurer.

The next reunion will be at the home of Mr. and Mrs. Harold Miller, of near Akron.

Those present were: Mr. and Mrs. Keith Walburn and family of Hammond; Mr. and Mrs. Deloy Kindig and family of Mishawaka; Mrs. Lucille Whetstone and son, of Mentone; Mr. and Mrs. Harold Miller of near Akron; Mr. and Mrs. Lavoy Hoffman and family, Mr. and Mrs. Elton Nelson and family, Mr. and Mrs. Earl Bailey and family, Mr. and Mrs. Ralph Foor and family, Mr. and Mrs. Clair Jones and family and Mr. and Mrs. Dale Wagoner and family, all of Rochester and vicinity, and Wilvin Teel, of near Mentone.

Outlook for Canning Jars and Supplies Bright This Year

Styles change usually for no good reason except that we women get tired of things, often for no good reason. Our grandmothers were different. When they liked some thing, they used it until it wore out and they had some things which didn't wear out. That is why so many of you can boast of owning Mason Fruit Jars which your great-grandmother took with her in the covered wagon when Granddad accepted the advice, "Go West, young man." You, of course, treasure those old jars even though they have no special cash value, and you have found their streamlined descendants dependable, but you may have decided that you would like to see how a different style jar and cap becomes the food you plan to put up this season.

Supplies Plentiful

Supplies of jars and caps should be plentiful for the first time in four years. Nobody is offering revolutionary designs but Gladys Kimbrough, Home Service Director for Ball Brothers Company, which made Mason Jars for your grandmother, has been telling us about a two-piece metal Vacu-Seal cap with dome-shaped white enamel-lined lid. It seems that the domed lids "tell you" when they are sealed. (They click when vacuum pulls them down.) However, before deciding to adopt this style cap, you should check your jars because all brands of two-piece metal caps seal on the top of the jar and won't work unless the finish of that top is perfect. The flexibility of the metal lid and the pliancy of the sealing compound permit two-piece metal caps to be self-venting. This is why the bands are tightened before the jars are put into a canner for processing and should not be tightened again. The bands are taken off the jars the next day after the canning is done and left off. Bands are not bought every time new lids are needed as lids are sold in packages of one dozen. The same is true of complete caps (lid and band).

The Glass Top Seal (glass lid, metal band, and rubber ring "war baby") is still with us but not in huge quantities. When using Glass Top Seals, care must be taken to leave the metal bands loose during processing, otherwise too much pressure may build up in the jars and cause breakage or even explosion.

Nothing seems so much in vogue at the moment as the time-tested one-piece zinc cap with white liner. This trend may be a style revival but we think it more likely due to the fact that zinc caps could not be made during the war and that "the water wasn't missed until the well ran dry."

Wide-Mouth Jars Back

Wide-mouth Mason jars are back on the market. Here the choice of caps is between one-piece zinc and two-piece metal Vacu-Seal.

The usual quantity of all-glass lightning type jars—the ones with

glass lid held in place with wires—will be available. These jars, always high-fashion in the Eastern states, come in both standard and wide mouth.

All jars with standard opening are being made in half-pint, pint, quart, and half-gallon sizes. Wide-mouth jars are in the same sizes except there are no half-pints—never were.

When buying new jars, Miss Kimbrough advises that, when possible, one select the style preferred but buy pints for corn, peas, lima beans and meats, quarts for other vegetables and fruits, half-pints for marmalades, jams, etc. and for baby foods. Half-gallons are nice for pickles; large families may need them for fruits too, but it is far better to use smaller jars when preserving vegetables and meats, because they are easier to process enough to prevent spoilage.

Tell Your Dealer

Although all jars of standard style and size are being made, it may not be possible to find each style and size in every market. This is because dealers have learned what sells best in their trade territories. Transportation charges are so high on less than carload shipments of glass that even if manufacturers were organized to sell direct to the consumer, the cost of a few dozen jars would necessarily be dear, but any enterprising woman can usually persuade her dealer to arrange with a wholesale house to include what she wants when he places an order for a car of jars. Naturally this cannot be last minute business, so if you want an "exclusive style," the retailer should be told about it weeks, in fact months, in advance. It pays to buy home canning supplies when the dealer first puts them out, as it is a time-wasting nuisance to have to stop in the midst of canning to go to the store for jars, caps, or rubbers.

The rubber story is about the same as it was last year. The best ones are red and all are synthetic, but don't let that worry you because synthetic rings seal as well as those in which natural rubber is used.

All in all, the jar and cap outlook is bright. All styles are good. If you buy a nationally known brand and use it according to the manufacturer's instructions, you can put up your quota of fruits, vegetables, and meats, with the assurance of sealing satisfaction.

Pruning Tools

When pruning tree vines and bushes use the sharpest tools possible. Saws and knives must be kept edged to avoid tearing the bark below the cuts and thus opening places where infection, fungi and bacteria may enter the plant and eventually destroy it.

Athletes Foot Itch HOW TO STOP IT Make 5-Minute Test

Get TE-OL at any drug store. Apply this POWERFUL PENETRATING fungicide FULL STRENGTH. Reaches MORE germs to KILL the itch. Get NEW foot comfort or your 35c back. Locally at Dentons Drug Store.

Cucumber Dressing

When making cucumber salad dressing, mix the sugar and cream first, then add the vinegar. If vinegar is added before the sugar, it will curdle the cream.

Transit System

The nation's transit systems employ more than 242,000 people to operate and maintain their street cars, subways, trackless trolley coaches and gas buses.

Dolling Up Liner

Enough paint to cover every house in a town of 4,500 is required to doll up in peacetime colors a 27,000-ton ship like the transport-liner West Point.

STOP COCCIDIOSIS
with SULFA-GUAN-I-DINE

Prompt treatment with Lederle's SULFAGUANIDINE when first symptoms of coccidiosis appear in your birds assures rapid control of this disease. With Sulfa guanidine treatment, death losses are checked and feed consumption becomes normal within 24 to 48 hours.

Easy to give.
Bacteriological protection.

**ALL STARS LOSE FIRST GAME...
TO PLAY AMERICAN AIR FRI.**

The North Manchester All-Stars handed the local All-Stars their first defeat of the season last Friday evening by a score of 8-1. Excellent pitching by Baker of Manchester was the main reason for the defeat, as the usually hard-hitting Mentone boys were held to two hits. Davis struck out 14 men and walked no one. Five errors on the part of Mentone also contributed to the downfall. Blue pitched the first 8 innings and was relieved by Boggs at the start of the ninth. Summary:

Monday, July 15

Stockyards 17	Burket 9
Pete's Lunch 10	Co-Ops 7

Monday night the Stockyards scored an upset over Burket by downing the Seward township team 17-9. An 8-run rally by Burket in the last inning caused quite a bit of excitement but the Stockyards finally came through with the 3rd out after 12 batters had faced Boganright in this inning.

In the second game of the evening Pete's Lunch won over the Co-Ops 10-7. Blue for the Co-Ops. Pete's Lunch Molebash pitched for the winners; G. garnered their runs off rallies in the 4th and 5th innings.

Tuesday, July 16, 1946

Igo's Grocery 5	Lumber Co. 3
This game was an upset also in that Igo's trimmed the League Leading Lumber Co. in a very well played game:

Lumber Co.—	3R 8H 4E

Wednesday, July 17, 1946

Burket 12	Bryan Poultry 2
Pete's Lunch 8	Stockyards 0
In the first game of the evening, Burket rode to an easy win over the Bryan Poultry team by a score of 12-2. Several Etna Green boys in the Bryan lineup show promise of bringing this team out of the cellar and up into the win column.	

For Burket	12R 10H 0E
Bryans	2R 5H 3E

In the second game of the evening, Pete's Lunch shut out the Stockyards by a score of 8-0. Royal Blue was on the mound for the losers, Molebash for the winners.

Pete's Lunch	8R 6H 2E
Stockyards	0R 3H 2E

The Softball Ass'n. is entering two teams in the Warsaw Softball Tourney which starts Monday. Arlo Friesner and Clayton Holloway are managing these teams which will be composed of 30 picked players from all the teams of the Mentone League, excepting Burket, which is entering its team in this tourney as a compact unit. The schedule is not known at the present time, but when that information is available, let's all get behind these boys and help them bring home the top honors of this tournament.

MAKES FIRST TRANS-CANADA MOTOR TRIP

One of the few remaining frontiers for the motorist on the North American continent was rolled back recently when, for the first time, an automobile was driven across Canada from ocean to ocean without touching foreign soil—a 4,743-mile trip proving the feasibility of travel on the newly opened Trans-Canada Highway.

The car used on this historic, nine-day trip was a stock model Chevrolet sedan, driven by Brigadier R. A. Macfarlane, D.S.O., one of Canada's most

distinguished soldiers and Directors of Mechanization for the Canadian army in World War II.

The lure which took the Brigadier on this unique trip was the 34-year-old A. E. Todd medal, donated in 1912 by an ex-mayor of Victoria, B. C., for the first motorist to drive across Canada from Louisburg, Nova Scotia to Victoria, along an all-Canadian route and without resorting to use of railroad right-of-way.

STATE HEALTH BOARD WARNS OF POLIO SEASON

Dr. J. W. Jackson, director of the Indiana state board of health, Wednesday warned that the season for infantile paralysis was at hand and would continue until late in November.

Jackson said there was no epidemic or cause for alarm, but he advised Indiana citizens not to vacation in five states which have reported serious outbreaks of the disease. These were California, Colorado, Florida, Alabama and Texas.

Polio struck five victims during the first two weeks of July in the state and Hoosier cases totaled 21 for the first six months of the year, Jackson said.

To combat the spread of infantile paralysis, Jackson advised Hoosiers to (1) combat all child operations involving tonsils and sinus until late in November, unless urgent; (2) swim only in approved pools; (3) avoid over-exertion, and (4) practice general health rules.

END 4-H CAMP AT McCLURE LAKE

Members of Kosciusko county 4-H clubs, 150 strong, Wednesday broke camp at McClure lake following their annual outing. The campers had enjoyed a four-day get-together.

A campfire meeting Wednesday night ran down the curtain on the 1946 outing. During the week special meetings were held during the mornings with the afternoons being devoted to recreation.

Charles Long, of Syracuse, and Bud Deaton, of Mentone, members of the Rural Youth Group, were featured at the Monday morning session. They introduced several new and interesting games to the campers. Tuesday Mrs. Delta Dean Schults, of North Manchester, entertained with a number of dramatic skits and Wednesday Lena Sacks, of Sidney, provided the main diversion with a chalk-talk.

The regular recreation periods were directed by Frank Sanders, Jr., of Warsaw, and Robert Bushong of Milford.

Dr. and Mrs. W. F. Maxwell and sons Jimmie and Dickie, of Kokomo and Mr. and Mrs. William Maxwell, of

Tippecanoe, were Sunday visitors at the home of Mr. and Mrs. Roy C. Maxwell.

Dr. Merl Harris called at the Roy C. Maxwell home Sunday afternoon while on his way home to Warsaw from Indianapolis.

THANK YOU

I want to thank all those who were so thoughtful to remember me with cards, flowers and visits while I was in the hospital.

MRS. FRED LEMLER

CARD OF THANKS

We want to express our sincere thanks for every act of kindness, sympathy and assistance extended to all of us during our hour of sadness.

Mr. and Mrs. Jack VanGilder.

Weeds Crimp Production

Weeds kept more than two million acres of fertile land out of production in the U. S. in 1944.

Can't-be-copied flavor!

Millions prefer

THE ONE AND ONLY

Girdle Tape

Since many girdles are still made with tape instead of elastic garters, it's a good idea to substitute elastic you buy by the yard for this tape. Also, since the metal grips on many present-day garters are of low quality and likely to cut the stocking, replacing them with higher quality grips from old girdles is a very good idea.

Disease Threat

Parasites and the germs of livestock diseases are real threats to young livestock and poultry unless buildings are thoroughly cleaned, scrubbed and disinfected.

No. 1 Egg Producer

The United States ranks first among all countries in egg production, although the poultry industry is one of the most important branches of agriculture in Eire, Canada, Denmark, Holland and Australia.

Fat Waste

Careless measurements, hit-and-miss methods, and unreliable recipes all may contribute to fat waste. A carelessly made cake that turns out an unappetizing failure, for example, is a waste not only of fat but of precious flour and sugar.

FUNERAL FRIDAY FOR GIRL KILLED BY AUTO

Injuries sustained in an auto-cycle crash west of Warsaw Tuesday resulted in the death at 3:15 a. m. Wednesday of Marilyn Tinkey, 15 year old daughter of Mr. and Mrs. Noah Tinkey. The young girl died of a fractured skull at the Murphy medical center at Warsaw.

The young lady was riding her bicycle in the yard of her home about 3 miles west of Warsaw on the Crystal lake road and then she followed her sister onto the highway and into the path of an oncoming automobile. The auto, owned by Leonard Wolford of Warsaw, was driven by Miss Mary Kathryn Murphy.

Miss Tinkey was born near Warsaw on Oct. 19, 1930, the daughter of Noah and Marie Tinkey. She was a student at the Mentone high school and a member of the United Brethren church.

Surviving besides the parents are three brothers, Forrest M., William J., and Jerry Lee; two sisters, Dorothy Juanita and Beverly Ann, and the grandparents, Mr. and Mrs. Merl Tinkey, Warsaw, and Mr. and Mrs. Robert Gearhart, north of Warsaw.

Funeral services will be held at 2 p. m. Friday at the Warsaw United Brethren church, with Rev. G. T. Rossetol officiating. Burial will be in the Oakwood cemetery.

INFANT SON DIES

Funeral services will be held at 10 a. m. Friday at the Johns funeral home for Patricia Kay Kelley, the infant son of Mr. and Mrs. Athol Kelley, Warsaw. The baby, who lived 22 hours, was born Tuesday by caesarian operation at the McDonald hospital, and died at 7 p. m. Wednesday.

The father, Athol Kelley, is serving with the navy at Jacksonville, Fla. Besides the parents, surviving relatives include the paternal grandparents, Mr. and Mrs. Vere Kelley, Warsaw, and the maternal grandparents, Mr. and Mrs. A. J. Bachman of California. Rev. J. S. Johns, of Indianapolis, will be in charge of the service. Burial will be in the Palestine cemetery.

Gus Mollenhour, and Lester Ball tied for high honors at the shoot held at the Kosko gun club range, northwest of Warsaw, Sunday. They hit a total of 27 out of a possible 30 birds.

MRS. AUDRA BRINDLEY DIES AT ETNA GREEN

Mrs. Audra Brindley 78, prominent Etna Green resident and wife of the late Norman Brindley, died Monday night at 5 p. m. at her home following an illness of the past two months. Mrs. Brindley suffered with an embolism.

Mrs. Brindley was born March 23, 1868, to Mr. and Mrs. Samuel Reno Hamlin and lived her entire life at Etna Green. Her mother was the former Mary Etta Philips. On July 10, 1887, she was married to her husband, who died four years ago, Oct. 27, 1942.

Mrs. Brindley was a member of the Etna Green Methodist church and Daughters of Union Veterans, of Fort Wayne. Surviving relatives include a son, Reno H. Brindley of Chicago; a daughter, Mrs. C. M. Lutes of South Whitley; a grandson, Clifford Lutes, Jr., of Woodstock, Ill.; a great-grandson, David Michael Lutes, and a sister, Mrs. Kathleen Evans, of Warsaw.

Funeral services Thursday afternoon at 2 o'clock at the residence, Rev. Ivan Hodges, assisted by Rev. Jesse M. Dunn were to officiate. Burial in the Etna Green cemetery.

RICHARD HUDSON BURNED FROM EXPLODING GASOLINE

Friday Richard Hudson, 22, who was recently released from the navy, was burned on the leg and hands Friday when a can of gasoline caught fire while he was refueling the tractor on his father's farm. He was taken to the hospital where the burns were administered to by a physician and then returned to his home.

Dick was refueling the tractor, with the motor running, and as the day was extremely hot, the escaping fumes were ignited by the motor. He attempted to throw the can of gas when it ignited, but he was unable to throw it far enough to fully protect himself. The Mentone fire department was called and the tractor was prevented from being consumed by the flames.

CHARTER NIGHT FOR ETNA GREEN LIONS CLUB MONDAY

Charter night for the newly formed Etna Green Lions club will be held at the Methodist church on Monday night. Many Mentone Lions and their wives expect to attend.

RECOVERING FROM TETANUS

Kenneth Wagner, 12 year old son of Mr. and Mrs. Kenneth Wagner, Sr., is on his way to recovery from a severe attack of tetanus. The fore part of the week little hope was held for his recovery.

A couple of weeks ago the lad ran a nail into his foot and then a few days ago fell from a car and badly bruised his arm, either wound being sufficient to permit the tetanus germ to locate.

SWINE DEMONSTRATION

At the south end of the feed mill we have constructed two pens. These pens are going to be home to "Bonnie" and "Connie" for the next eight weeks.

The pigs are litter mates, just weaned, from Frank Dickey's farm. These pigs will have identical care and environment, the only difference is their ration. Bonnie will be fed on Banner pig meal and will be known as "Banner fed Bonnie," and Connie will be fed corn and minerals and she will be known as "Corn fed Connie."

The pigs will be officially weighed July 27 at 10:30 A. M. with all mill patrons present at that time as witnesses.

The pigs will be weighed every Saturday morning and an accurate account of feed consumed during the week tabulated, and cost per pound of gain recorded for each pen.

This is going to be an interesting demonstration, the pigs are on display to the public and the records and formulas are open for your inspection.

Don't forget we have an official weighing every Saturday morning.

RUSSELL FLECK TAKEN TO CHICAGO HOSPITAL

Robert Reed and Elder Paulus took Russell Fleck to the Wesley Memorial hospital at 250 East Superior St., Chicago, where he will be under observation. Mr. Fleck has been seriously ill with what has been termed an abscess on his lung, but after X-rays last week it has been reported as a tumor. He is in room 938.

Mr. Reed stated that he stood the trip well.

Mr. and Mrs. Ernest Igo are vacationing at Sault St. Marie, Michigan.

MRS. DALE COOK OF BEAVER DAM BURIED SUNDAY

Funeral services for Mrs. Dale Cook, 53, who resided northwest of Beaver Dam, were held at 2 p. m. Sunday at the Beaver Dam church with Rev. Dan Slaybaugh officiating. Burial was in the Akron cemetery. Mrs. Cook died last Thursday after an illness of three years.

The deceased was born in Fulton county Oct. 10, 1892, the daughter of William and Clara Morrett. As Helen Marie Morrett, she was married to Dale Cook at Plymouth.

Surviving relatives include the husband; one daughter, Mrs. Wilma Phillips, of Argos; a sister, Mrs. Elizabeth Riley, of Silver Lake, and a granddaughter.

LAST RITES FOR ANDREW KINSEY, TUESDAY

Funeral services for Andrew Kinsey, 69, a retired farmer of Talma, were held Tuesday afternoon at two o'clock at the residence in Talma.

Mr. Kinsey died of a heart attack at 4:30 o'clock Sunday afternoon in the Foster ambulance while enroute to the Woodlawn hospital. He had taken ill Saturday evening with another heart attack while in the office of a Rochester physician.

Born Nov. 14, 1876, in Marshall county near Culver, he was the son of Eli and Susan Kinsey. He had spent all his life in Marshall and Fulton counties. He was a member of the Rochester Eagles lodge.

In August, 1905, in South Bend, he was married to Miss Rhoda Lewellan, who died in 1934. He then married Mrs. Maud Miller in March, 1938 at Bourbon, Ind.

Surviving are: the widow; three sons, Clyde, Grovertown, Ind.; Harry Tippecanoe; Robert, Bourbon; one daughter, Miss Mary Jane Kinsey, Plymouth, Ind.; two grandchildren; four sisters, Mrs. Irene Kistler, Mrs. Louisa Coldwater, Mrs. Lottie Bennett, and Mrs. Margaret Fuss, all of South Bend; and five step-children, Mrs. Agnes Kramer, Mrs. Ester Matthews and John Kinsey, all of Rochester, and Mrs. Ruth Ritter and Charles Miller, both of Plymouth.

The Foster funeral home was in charge of arrangements. Burial was in the Tippecanoe cemetery.

THE NORTHERN INDIANA CO-OP. NEWS

Published Weekly by the

Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

**ARE YOU TROUBLED
WITH FOXES OR DOGS?**

The following recommendation is from the Beason Milling Company and is reported successful in the East, according to the farm paper in which it was printed. It was submitted to the Co-Op. News by one of its readers. "At the Beason poultry research farm, we have found that to protect against dogs and other predatory animals, as well as foxes, the electric fence is the most satisfactory means. One wire should be six to seven inches above the ground and the second one six inches above the first. To prevent grass from short circuiting the wires, a strip 12 to 14 inches wide under the wire may be sprayed with

a mixture of carbolineum and kerosene. Crank case oil may be used, but this is not as effective in killing the grass, nor does the effect last as long as that of the acrbolineum and kerosene mixture.

"Where foxes alone are the primary trouble, they may be kept away from the range by spraying a strip about one and a half or two feet wide around the range. For this spray, a mixture of 20 parts by weight of crude furnace oil and one part by weight of spirits of turpentine should be made.

"It is important to spray heavily enough to show some damage to the grass. The treatment is repeated two or three times a year and will keep foxes away from the range, yards, or

poultry houses. It may also be effective with some other predatory wild animals."

Conserve Dressing

Instead of putting French dressing on a salad immediately before serving, marinate for an hour and then pour the surplus dressing back into the container for use another day.

Edible Mushrooms

More than 700 species of mushrooms have been proved edible.

Cooking Turkey

When cooking a young turkey, do not put water in the bottom of the pan. Steaming breaks the skin and forces juice out of the meat.

Stock Need Salt

A lack of salt in livestock rations cost farmers large sums of money each year in loss of potential gains in weight.

Produce Topsoil

Charles Darwin found in his experiments with earthworms that in fertile soil they will produce as much as one-fifth inch of topsoil in one year.

Conservation Pays

Actual comparisons on 160-acre farms showed that those with conservation practices returned \$720 a year above the non-conservation system of farming.

How Shew Bread is Made

Shew bread, as mentioned in the Bible, was made of fine flour, unleavened and sprinkled with frankincense.

Cow Testing

The first cow testing association in New York (now called dairy herd improvement association) was started in Tompkins county, May 1, 1908.

UNIFLEX
A "NEW" in
ALUMINUM ROOF COATING

At last, a quick and easy method of lowering hot summer temperatures and, at the same time, waterproofing old roofs. UNIFLEX forms a coating unparalleled in metallic brightness, due to a new method of mixing Aluminum with durable, waterproofing oils, asphalt and asbestos.

The beautiful, mirror-like surface deflects the sun's hot searing rays, thereby reducing roof temperatures 15% to 20%.

In addition, UNIFLEX restrengthens the old roof and forms a new, thick, one-piece overlay that is water repellent as well as heat repellent. Adds beauty and life to all roofs.

SUMMER RECREATION

Friday night the Mentone Midgets came from behind to defeat the strong Rochester team. Clinton, the pitcher from Rochester, had the Midgets baffled for the first two innings in allowing no runs and only one hit. In the last inning the Midgets were behind four runs. In a hitting spree that rivaled the last game with Rochester, the Midgets began to paste the ball. Witham singled, Johnny Davis cracked a double, driving in Witham. Three runs behind now. Butt singled and

then stole second. Vandermark also got a safe hit. Raymond Adams came to bat and smacked out a home run clearing the bases and winning the game. Several other runs were scored after this but since the game was officially over because of time, the real score was 10 to 9. Johnny Davis allowed 5 hits, struck out 5 batters, walked 4 players and allowed 9 runs. Clinton, the losing pitcher, allowed 10 hits, struck out 2 batters, walked 4 players and allowed 10 runs.

Midgets 0 0 3 2 5 - 10-9-6E
Rochester 0 2 1 4 2 - 9-5-9E

On Monday afternoon the second and third team of the Midgets went to Akron and played a double header with the Akron boys of that same group. The Midgets won both games

by quite decisive margins. Bob Holloway was the winning pitcher in the first game and Merrill Peterson was the victor in the second game. In the first game the Midgets scored 25 runs on 21 hits to defeat their midget opponents by a score of 25 to 5. Bob Holloway only allowed 3 hits. In the second game the Midgets scored 27 runs on 17 hits to defeat them this time by a score of 27 to 19. Peterson allowed 12 hits but coasted to victory as his teammates continued on their hitting spree. The second game saw Cullum cracking out two homers while in the first game Quier made his first complete circuit. K Flenar hit 4 times for 4 times to the plate and brought up his batting percentage quite a bit. Urschel and Anderson played their first full length game and each managed to connect for one hit. Adam Blue is beginning to think the opposing pitchers are afraid he will hit it out of the park. They walked him three times in five trips to the plate. Manwaring played his first complete game and did a good job as he got 3 hits in 4 trips to the plate.

The complete list of players on the Midget team follows, with their batting percentage up to date.

Player	Hits	A	B	%
Adams	9	12		.750
Butt	30	49		.612
Manwaring	3	5		.600
Gibbie	4	8		.500
Davis	20	36		.556
Vandermark	26	49		.530
Cullum	20	44		.455
Witham	22	50		.440
D. Peterson	16	39		.410
Quier	13	32		.406
B. Blue	7	18		.389
Oyler	7	18		.389
K. Flenar	13	39		.333
Rush	12	36		.333
M. Peterson	5	15		.333

McKinley	9	29	.310
Holloway	8	26	.308
A. Blue	5	19	.263
D. Flenar	2	9	.222
Anderson	1	6	.167
Clutter	2	13	.154
R. Horn	0	1	.000
L. Horn	0	0	.000
Clark	0	0	.000

The present record of the Mentone Midgets does sound rather impressive. They have won 16 and lost 3 for a percentage of .842. The three games they have lost were by a total of 8 runs. Two of their defeats came as a result of single run margins. They have scored a total of 324 runs against 190 for their opponents which gives them an average of 17 runs per game against ten per game for their opponents.

This coming Friday night, the Midgets will play the preliminary to the All Star Game. The game will start at 7:00 o'clock and the Midgets will have for their opponents the Gilead-Macy Tigers. This a team made up of boys from these two schools. Mr. John See, the Gilead coach, will bring these boys here Friday night to try and stop the winning streak of the Midgets. Mr. See lives at Macy and knows the boys around there very well. It is likely that he will be bringing one of the strongest teams that the Midgets have played so far. Mr. Hoffman, one of our Mentone teachers, will help to bring these boys here Friday night. If I am not mistaken, Mr. Hoffman may have a son that will play on this Gilead-Macy combination.

Everyone come out and give these boys your support. If these Midget teams make some nice plays that you enjoy or they get some good hits, don't be afraid to applaud. These boys like it just the same as the All Stars so give them a hand when they are deserving.

Gas on Stomach

Relieved in 5 minutes or
double your money back

When excess stomach acid causes painful, suffocating gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicines known for symptomatic relief—medicines like those in Bell-u-s Tablets. No laxative. Bell-u-s brings comfort in a jiffy or double your money back on return of bottle to us. 25¢ at all druggists.

WHICH...
shall it be ?

No home is modern without abundant hot water, instantly available at the turn of a faucet. That is why you need an Electric Water Heater.

It is important to select an Electric Water Heater large enough for all your household needs so that you'll have a plentiful supply of hot water at all times and so that you can buy your electricity at night on the special low electric rate.

OFFICIALS PUT BLAME ON PARENTS FOR DELINQUENCY

Fort Wayne, July 17. — Authorities blamed parental neglect and a lack of recreational facilities today for a series of orgies involving over 20 Fort Wayne bobby-soxers. A number of boys and girls, ranging in age from 11 to 17, were questioned by juvenile authorities at a closed hearing yesterday after an investigation. Six offenders were held for juvenile court Saturday and a number more have been apprehended.

TAX VALUATIONS UP IN THIS COUNTY

The value of property in Kosciusko county exclusive of public utility holdings jumped \$2,062,960 during the past year, it was shown Thursday by assessment figures released by County Auditor Helen Kyle.

The property total was set at \$41,511,812 as compared to \$39,448,852 a year ago.

Personal property was up \$1,674,550—from \$10,493,600 to \$12,168,150. Additional improvements increased the real estate total \$388,410—from \$28,955,252 to \$29,343,662.

NOTICE TO DEFENDANTS.

In the Kosciusko Circuit Court, September term, 1946 Cause No. 24189 to quiet title. State of Indiana, Kosciusko County, SS: Charles Byron Peterson and Virginia Peterson, husband and wife Plaintiffs vs. Calvin Fletcher and others Defendants.

Now comes the plaintiffs by Thomas F. Fitzgerald, attorney and files their complaint herein together with the affidavit of a competent person that the residence upon diligent inquiry is unknown of the following named defendants to-wit:

Calvin Fletcher, Nicholas McCarty, Barbary M. Dammann, Mare Dammann, Marie Dammann, Lyda Waldeck, Anna Billings, Robert Dammann, Henry Dammann, Henry Dammann. That the names of the defendants are unknown and that they are believed to be non residents of the state of Indiana, sued in this action by the following names and designations to wit: The unknown husbands and wives respectively of each of the following named persons to-wit: Calvin Fletcher, Nicholas McCarty, Barbary M. Dammann, Mare Dammann, Marie Dammann, Lyda Waldeck, Anna Billings, Robert Dammann, Henry Dammann, Henry Dammann. The unknown widowers and widows of each of the following named deceased persons, to-wit: Calvin Fletcher, Nicholas McCarty, Barbary M. Dammann, Mare Dammann, Marie Dammann, Lyda Waldeck, Anna Billings, Robert Dammann, Henry Dammann, Henry Dammann the names of all of whom are unknown to plaintiffs; The unknown children, descendants and heirs, surviving spouse, creditors and administrators of estate, devisees, legatees, trustees and executors of the last Will and Testament, successors in interest and assigns, respectively of each of the following named and designated deceased persons to-wit: Calvin Fletcher, Nicholas McCarty, Barbary M. Dammann, Mare Dammann, Marie Dammann, Lyda Waldeck, Anna Billings, Robert Dammann, Henry Dammann, Henry Dammann the names of all of whom are unknown to plaintiff; All the women once known by any of the names and designations above stated whose names may have been changed, and who are now known by other names, the names of all of whom are unknown to plaintiff; The spouses of all of the persons above named; described and designated as defendants to this action who were married, the names of all of whom are unknown to plaintiffs; All persons and corporations who assert or might assert any title, claim or interest in, or lien upon the real estate described in the complaint in this action, by under or through any of the defendants in this action named, described and designated in said complaint, names of all of whom are unknown to plaintiffs. That said action is for the purpose of quieting title to real estate in the State of Indiana that a cause of action exists against all of said defendants; that all of said defendants are necessary parties to said action and that they are believed to be non-residents of the State of Indiana.

The following real estate in Kosciusko County, State of Indiana is described in said complaint to-wit: The east half of lot number Two Hundred and Twelve (212) in the original plat of the town of Mentone, Kosciusko County, Indiana according to the recorded plat thereof.

This action is instituted and prosecuted by said plaintiffs for the purpose of quieting their title to real estate above described as against all demands, claims and claimants whatsoever and as against the world.

Notice is therefore hereby given said defendants that unless they be and appear on 1st day of the September

Term, 1946 of Kosciusko Circuit Court of Kosciusko County, Indiana being the 16th day of September 1946 to be begun and holden on the 16th day of September, 1946 at the Court House in the City of Warsaw, in said County and State, and answer or demur to said complaint the same will be heard and determined in their absence.

In Witness Whereof, I hereunto set my hand and affix the seal of said court at the office of the Clerk thereof in the City of Warsaw, Indiana this 18th day of July, 1946.

Ernest E. Bushong, Clerk.
THOMAS F. FITZGERALD

NOTICE OF DISANNEXTION AND VACATION OF A STRIP OF LAND WITHIN THE CORPORATE LIMITS OF THE TOWN OF MENTONE, INDIANA.

Notice is hereby given that a petition for the disannexation and vacation of a strip of land within the corporate limits of the town of Mentone have been filed in the office of the Board of Trustees of said town. This petition refers to the following described real estate situated in the Town of Mentone, Kosciusko County, Indiana, to-wit:

Beginning at a point on the East line of Morgan Street 340 feet South of the center line of Main Street and running thence South 182 feet to the north line of the right of way of the Nickel Plate Railroad; thence North

66° West on said line 80 feet; thence North 31° East 107 feet; thence following a curve to the left 60 feet to the place of beginning and containing 15/100 acres more or less.

All persons, firms or corporations interested in the disannexation and vacation of said described tract from the corporate limits of the Town of Mentone, should appear in the Town Hall, Mentone, Indiana, on the 6th day of August, 1946, or said petition will be heard and determined in their absence.

Fred Lemler
Cioice Paulus
Artley D. Cullum
Trustees of the Incorporated Town of Mentone, Indiana

DR. URSCHEL TO RESUME PRACTICE ON SEPTEMBER 16

Dr. Urschel has had to turn down a number of requests for medical attention in the past two weeks, because he has no equipment or medications available at this time. He has asked the Co-Op. News to publish the following information:

Certain necessary equipment, particularly the x-ray, will not be available for several weeks, and he does not intend to start his practice until all preparations are complete. In order to obtain the necessary materials he has to be out of town frequently and for this reason cannot assume the care of any patients. In addition to this, he will go to Michigan during the hay fever season. For these reasons, he is planning to resume his practice on September 16. A complete announcement will be made at a later date.

Rev. and Mrs. Ralston left Sunday for Medicine Lake, Minn., where they are attending the Y. F. C. International Convention.

PSI OTES ENJOY PICNIC

The members of Psi Iota Xi Sorority and guests enjoyed a picnic supper at Lake Manitou Thursday evening. A short business meeting was then conducted at the home of Mrs. Max Nellans.

There were thirteen members and five guests present. They were Mrs. Harold Utter, Mrs. Wayne Nellans, Mrs. Max Nellans, Mrs. Delford Nelson, Mrs. Lucille Whetstone, Mrs. Ralph Ward, Mrs. Mott Bryan, Mrs. Lyman Mollenhour, Mrs. Curtis Riner, Mrs. Glen Weatherbee, Mrs. Earl Dwyer, Mrs. Devon Hibschan, Mrs. George Yehlik, Miss Annabell Mentzer, Miss Eunice Reed, Mrs. Summy and Mrs. Earl Anderson.

The next meeting will be with Mrs. Glen Weatherbee at Argos.

The fire department was called to the Mac Haimbaugh farm home on Thursday afternoon to put out a grass fire that was threatening the home and a number of tractor fuel barrels. The fire, however, was extinguished before the department arrived.

RAY RUSH AND SONS SEE MIDGET RACES

Mr. and Mrs. Ray Rush and sons Paul and Don, spent Sunday in South Bend, the guests of Mr. and Mrs. Thurman Ridgway, and Mr. and Mrs. Forrest Hoffer at the Hoffer home.

In the afternoon they attended the Midget auto races at Cassopolis, Mich. where the Studebaker Special Midget built and owned by Mr. Hoffer and driven by George Young, of Osceola, took first place in the feature race. It was the fastest qualifying car there. The week before he finished second but was the fastest car qualified that day.

From July 28 through the remainder of the season there will be midget races at Cassopolis each Sunday afternoon.

WIN AT COUNTY TOURNEY

The Burket softball team won over the Lakeside Foundry team in the county tourney and are still in the battle for county honors.

Royal Blue pitched the Mentone Veterans team to a 5 to 3 victory against the State Finance team on Wednesday evening.

FIRE DESTROYS PARSONAGE

Fire that started from a kerosene stove explosion Monday, completely destroyed the Methodist church parsonage at Tippecanoe and burned the personal possessions of two families. The parsonage was occupied by Mr. and Mrs. Gordon Swihart and Mr. and Mrs. Kenneth Swihart.

The Mentone, Bourbon and Argos fire departments were called and managed to save the church.

Arlo Friesner, fire chief, has been around on crutches the past few days since he tore a muscle and suffered a hemorrhage in the calf of his right leg Friday afternoon. The fire siren blew and he started out hurriedly for the fire station. He had made but a few steps when his leg gave way. He has improved to the point where he can get along without the crutches but is still plenty crippled.

MILLER'S DAUGHTER IN BIBLICAL WHEAT FIELD

Miss Mary Jane Hayden, daughter of Perry and Elizabeth Hayden, founders of the well-known "Biblical Wheat" demonstration, surrounded by the world-famous "Dynamic Kernels".

Miss Hayden is a living symbol of the renowned project, which started from a cubic inch of wheat planted in 1940, and has grown to 2,666 acres in 1946, after deducting a 10% tithe each year and replanting the balance. Through the inspiration of this project, she was led to dedicate her life to Christ. Miss Hayden is now training at Wheaton College (Illinois) for service in the Foreign Mission Field.

The Sixth and Final Harvest of this great Religious Tithing Demonstration will be held in a colorful free ceremony at the Adrian, Michigan fair grounds on Thursday, August 1st.

NEW DRESSING PLANT IN OPERATION AT MENTONE

The new Nellans chicken dressing plant, in the northeast part of Mentone, started operation last Saturday when a thousand chickens were dressed.

The new plant has been under construction about three months, since Mr. Nellans' other plant burned down during the winter months.

Saturday, also, Budd Todd was removing the machinery from his Mentone plant to the new, modern dressing plant he has been erecting at his farm northeast of town.

COUNTY TICKET FOR DEMO'S

Democrats of Kosciusko county will have a county ticket in the field at the fall election. A list of candidates to fill vacancies on the ticket, resulting from lack of candidates at the spring primary, was filed with the county clerk shortly before the closing hour at noon Wednesday, by Lloyd Goshert, county chairman. It was the last day for filling vacancies. The general election will be held November 5.

Candidates selected to fill the vacancies follow:

State representative—Ross Sittler, route 2, Warsaw.

Sheriff—Ed E. Ragan, Warsaw.

Coroner—Robert Reed, Mentone.

Assessor—Thurlow Shoemaker, Claypool.

Treasurer—Robert Bayne, Winona Lake.

Commissioner (Northern District)—Lark Becker, route 2, Milford.

Trustee Van Buren township—Harold Geiger, Milford.

Trustee Wayne township—Delmar Wilson, 953 E. Fort Wayne St., Warsaw.

Trustee Harrison township—Mrs. Agnes Sarguy, route 5, Warsaw.

County councilman (First district)—Leroy Huffman, Leesburg.

County councilman (Second district)—Earl Culver, route 1, Pierceton.

COMBINE OATS FOR NEIGHBORS

Tuesday about 20 neighbors and friends gathered at the Russell Fleck farm and harvested some 20 acres of Oats. Five combines operated in the field at one time.

The Fleck family is very appreciative of this help, and also the help given during the haying season.

Mr. Fleck has been seriously ill for several weeks and was returned from a Chicago hospital Tuesday.

SURPRISE SHOWER

Mr. and Mrs. Robert Whetstone were surprised with a miscellaneous shower Wednesday evening at the home of Mr. and Mrs. Robert Kinsey.

A group of neighbors and friends spent the evening playing bingo.

After many lovely gifts were unwrapped, refreshments of ice cream and cookies were served by the hostesses, Mrs. Robert Kinsey, Mrs. Eldred Paulus and Mrs. Lucille Whetstone.

SCHOOL TO START SEPT. 3

Rumors have had it the past day or so that school would start earlier than usual this year, but this happens to be another bit of rumor that seemingly "scares the socks off" of certain people.

Dale Kelley stated Thursday that school organization day will be on Friday, August 30th and that classes will start on Tuesday, September 3—the day after Labor Day.

AUTOS COLLIDE EAST OF TOWN SATURDAY EVENING

A collision occurred between two cars on highway 25 just east of Mentone Saturday evening and both cars were almost totally destroyed.

Mrs. Nellie Riner, driving east out of town, was having difficulty with her lights, and Marie Coleman and daughter Beverly, coming into Mentone, saw the car without lights and apparently on the wrong side of the road. At least, the two cars attempted to avoid a collision but came together, damaging the right side of each auto. Both ended in the ditch on the south side of the highway, and the Riner car burst into flames. The fire department was called to extinguish the blaze and Beverly Coleman was taken to the Walter Lackey residence where she was examined by a physician. She suffered two cuts on her forehead and one on her arm and Mrs. Coleman and Mrs. Riner escaped with only bruises.

HORSE SHOW SUNDAY: DAIRY DAYS AUG. 7, 8 AND 9

The Warsaw Saddle Club, Inc., will hold its annual English and Western horse show Sunday, Aug. 4, afternoon and evening.

The dairy breed associations of Kosciusko County will hold their second annual "Dairy Week" next Thursday, Friday and Saturday. The Guernsey, Holstein, Jersey and Ayrshire breeders of the county have grouped together to make this a real show of registered cattle and an invitation is extended to everyone to attend. There are no admission charges either to the grounds or the exhibits.

The Country Print Shop again printed the 100-page catalog for the dairymen and is just completing the work on the programs for the saddle club.

CHARLES KRIEG, 78, DIES AT HOME NEAR AKRON

Funeral services were held at 2 p. m. Sunday at the Methodist church in Akron for Charles Krieg, 78, retired painter, who died at his home north of Akron early Friday of a heart ailment after an illness of eight months.

Rev. R. A. Fenstermacher and Rev. D. L. Slaybaugh officiated at the services and burial was made in the I. O. O. F. cemetery.

Mr. Krieg was born in Henry township, Fulton county, April 4, 1868, the son of Philip and Sarah Krieg, and married Lucy Hayes March 8, 1905. Survivors include the wife; three sons, David, Dale and Raymond, all of Akron; a daughter, Mrs. Ardis Lamb, Muncie; two sisters, Mrs. Caroline Pontius, Akron, and Mrs. George Smith, Disco; four brothers, Francis, Harvey, John and George Krieg, all of Akron; and ten grandchildren.

MAN HUNT HERE ENDS WITH CAPTURE OF "DESPERADOES"

The vicinity was on the alert Tuesday when highway patrolmen, railway detectives and amateur detectives were scouring the woods and countryside. The Tippecanoe depot had been entered and a roll of tickets taken and a stove disappeared from another shed. Two men were seen staggering into a woods that morning and heel prints in the lane tallied with a print seen near the railroad property. Dale Tucker was called upon to fly the railway officer over the area in an effort to spot the men, but finally word came that they were at Forrest Kesler's. State police, who had temporarily left the scene, were notified by radio, and signals to the men in the plane showed them where the men could be found. As the plane circled, they walked out from under a tree and looked up intently. The plane landed nearby and the men offered no resistance. Yup! They dunnit! Very considerably told them all the details. Just a couple of boys from the state school stocking up for life in the open.

Deciding not to travel, they burned the tickets, and besides the stove had helped themselves to some canned goods at the David Harsh home and had just stocked up on eggs from one of Forrest's brooder houses when the law lit.

GRONINGER-STICKLER WEDDING

Miss Maxine Stickler, daughter of Mr. and Mrs. Hobert Pyle of Crystal Lake, became the bride of Eugene Groninger, son of Mr. and Mrs. Walter E. Groninger, Sr. of Warsaw, in a ceremony performed at 2:30 Sunday, July 28, at the home of the bride's parents. Rev. R. C. Plank, pastor of the Warsaw Methodist church, read the ceremony in the presence of about forty relatives and friends of the couple.

Mrs. Lewis Burget, Warsaw pianist, presented a musical which included, "Ah, Sweet Mystery of Life", "The Perfect Day", "I Love You Truly" and "Prelude to the Bride." She used the traditional bridal march from "Lo-hengrin." "To a Wild Rose" was played softly during the ceremony.

The bride, who was given in marriage by her father, wore a two-piece dress of powder blue, with white accessories. She carried a white Bible across which was fastened a corsage of orchids. She also wore her grandmother Borket's diamond ring. Her attendant, Miss Carol Mahoney, chose a dusty rose dress with white accessories. Her corsage was of white gladiolus and blue delphiniums. Mr. Wilbur Abbott, of Fulton, attended the groom. Glenn Kile, of Warsaw, served as usher. A reception was held immediately following the ceremony.

Mrs. Pyle wore an aqua dress with white accessories, and a corsage of salmon Gladiolus. Mrs. Groninger wore a black dress with white accessories and a corsage of white gladiolus.

The bride graduated from Mentone high school in 1944 and Wayne University of Beauty Culture in Fort Wayne. She is a member of the Rebecca lodge and the Beta Sigma Phi sorority. The groom graduated from Warsaw high school in 1941. He served thirty months in the U. S. army medical corps. In September he will enter Butler University at Indianapolis.

As the couple left on their wedding trip, the bride wore an aqua dress with pink accents, and white accessories. She wore the orchid corsage which she had carried during the wedding ceremony.

Clark Ernberger has returned to Mentone after spending some time in the Woodlawn hospital at Rochester.

PALESTINE 4H PALS

The Palestine Pals met at the home of Mrs. Louise Summy with Palestine Homemakers for their Achievement Day. A group of songs were sung by the girls and a demonstration on the making of Jello was given by Velaria Fisher. A piano solo was played by Mary Louise Summy. Two contests were enjoyed with Mrs. Fred Surguy and Mrs. I. D. Fisher, the winners.

The year's club work was judged by Mrs. Frank Smith, Mrs. Maxine Haney and Miss Janalice Rous. The following were winners: Velaria Fisher, food preparation; Colleen Kindig, first year sewing; Eleanor See, second year sewing; Madeline Holt, third year sewing.

The club girls served refreshments furnished by the Homemakers club. The next 4-H meeting will be a hike followed by a picnic at Mrs. Dale Plew's.

Mr. and Mrs. Joe Meyers, son and daughter, of Indianapolis, have been visiting Mrs. Meyers' mother, Mrs. Lucinda Long. They went on to South Whitley Friday, to visit Mr. Meyers' parents.

SQUIRREL SEASON OPENS AUGUST 10, CLOSES OCTOBER 8TH

Indiana's squirrel season will open August 10 and continue through October 8, the Indiana Department of Conservation announced today.

Shooting should average fair to good, Donald R. Hughes, director of fish and game, predicted after a departmental population survey. Kill and bag limit on both grey or fox squirrels will be five per day.

THE NORTHERN INDIANA CO-OP. NEWS

Published Weekly by the
Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

LOCAL NEWS

Mrs. Floyd Breathing and son, Russell, of Warsaw, spent Tuesday and Wednesday at the W. F. Hudson home.

Roy Rush was in town the fore part of the week, walking with the aid of a cane. He spent last week in bed with an infection in his foot and leg.

Miss Elener Norris is visiting at the home of her aunt and uncle, Mr. and Mrs. Traverse Chandler, in Fort Wayne.

Mr. and Mrs. Traverse Chandler visited this week at the home of the

latter's parents, Mr. and Mrs. Simon Snyder.

Mrs. Wm. Hudson, Mrs. Don Hoffman, Mrs. Lewis Igo and Mrs. Kenneth Drudge spent Thursday afternoon in Akron.

Mr. and Mrs. George Wagner, Macy, are the parents of a nine pound, 14 ounce boy, born at nine o'clock Saturday evening at the Woodlawn hospital at Rochester. He was named Stephen Ray. Mr. and Mrs. George Wagner, of Macy, and Mr. and Mrs. Elmer Flites, also of Macy, are grandparents. The new father is employed at the Cooperative at Mentone and the mother was a former bookkeeper at the same firm.

RECEIVING POULTRY AT OUR

NEW DRESSING PLANTlocated five blocks north along Winona R. R.
from Main street.**NELLANS'****POULTRY DRESSING PLANT**

PHONE 85 for PRICES.

Chet Manwaring states that a number of people have commented on a field of wheat he had growing along Highway 25, east of town, and had conjectured on the probable yield. Mr. Manwaring reports that the field averaged 38 bushels per acre, which we understand is a pretty fair yield for this part of Indiana.

Tropical Forest

Primitive natives live in the tropical forests of Central America. About two-fifths of all Latin America from the Rio Grande south is forest-covered, the largest area of timbered land in the world.

Scrape Off Fat

Give more attention to scraping dishes, pans and containers of fat. A rubber-tipped dish scraper of the type selling again at kitchen supply counters is one of the best utensils for removing that last bit of fat—or any other food.

Hard to Grow

The popular spinach is the most difficult of all greens to grow. It is very particular about the temperature, richness and acidity of the soil. Spinach should be planted early in enriched land that has been under cultivation for two or three years.

ANIMAL HEALTH COLUMN...

By R. A. MARRIOTT

The Animal Health Department was set up to bring the latest scientific developments in Veterinary Medicine procedures and implements that would have a practical application in the barnyard control of infections.

In line with this policy, we are bringing you a new product called WARBEX.

WARBEX is intended primarily for use in Grub and Warble control but unlike other products available it is also useful against cattle lice and horn flies.

Approximately one-third of all cattle hides produced in the United States are damaged by grubs. If there are five or more holes in a hide, it is classified as number two, and discounted one cent a pound. This means a loss of up to ten million dollars annually, depending on the market price, wherever cattle are raised, there grubs are an extremely important economic problem, and this is where WARBEX fits into the picture.

WARBEX contains rotenone, the principal active ingredient of cube (pronounced cu-bay) root, wettable sulfur and DDT, a combination which is highly effective in ridding cattle of grubs, lice and horn flies. Rotenone is highly toxic to cattle grubs and lice, both by contact and through the stomach, but is practically non-toxic to man and animals. DDT, a syn-

thetic insecticide, is efficient in destroying horn flies by direct contact. Even a minute amount of DDT exerts a powerful toxic action on the nervous system of horn flies, causing paralysis and death. Wettable sulfur is an insecticide which is harmless to animals but which kills insects.

Warbles, the maggot or larva stage of fly (warble fly, heel fly, or gadfly) lays its eggs on the hair of cattle, within three to five days the eggs produce larvae which penetrate the skin of the animal. After living in the deep tissues of the animal for a period of approximately nine months the larvae reappear in the skin on the back of the animal. While these larvae remain in a cavity under the skin, they puncture holes through the skin through which infection-producing micro-organisms gain entrance. After development, the parasites drop to the ground and within six to ten weeks they revert to the fly stage. Infestation of cattle with warbles begins in early spring in the southern states and continues as late as August in the northern states. The southern or northern grub is found in practically every state in the Union.

The horn fly, about one-half the size of the house fly, is a biting pest which produces excessive disturbances and worry to cattle. Wounds produced by this fly become infected frequently and are especially susceptible to in-

vasion by screw worms. The fly, once attached to the animal, remains there except for the time when it leaves to lay eggs in fresh manure. The life cycle from egg to adult fly during warm weather is from 9 to 12 days. The effectiveness of DDT in destroying horn flies was demonstrated in a recent experiment in which five yearling bulls infested with an average of 800 to 1,200 flies each were sprayed with DDT. Thirteen days later the average count for treated animals was 35 flies compared to 2,000 on control animals.

Several varieties of lice are common pests in cattle. The red louse is a biting louse which produces irritation by feeding on the skin and hair of animals while the blue louse is a blood-sucking louse. The cycle from egg to mature lice varies from 25 to 32 days. WARBEX kills these lice.

For the treatment of cattle for grubs, WARBEX may be applied by rubbing the powder on the backs of animals or by suspending it in water as a wash or a spray. WARBEX may be used conveniently to kill cattle lice by dusting with the powder, dipping in a suspension or spraying with WARBEX suspension. Spraying with a WARBEX suspension is a most effective method of ridding cattle of horn flies. If equipment for spraying is not available, the powder may be dusted on the animal.

One pound of WARBEX is mixed with 4 1/2 gallons of water in preparing a spray, and 2 1/2 pounds are mixed with one gallon of water in preparing a wash for cattle grubs. Three pounds of powder are mixed with 100 gallons of water in preparing a dip for cattle lice. Mix 1 1/2 pounds with one gallon of water in preparing a spray for horn flies.

WARBEX is available in 1 pound cans, the top scored for easy perforation for dusting.

FATHER DIES

Mrs. Walter Dillman's father died at Fort Wayne Monday and funeral services were held Thursday. No other details were learned for this week's issue.

JONAH CLUB TAKES TO THE AIR

Fourteen members of the Jonah club flew to Lafayette Monday to put on a fish fry for about 1,000 flying farmers from Indiana, Ohio, Michigan and Illinois. Nearly 700 planes flew to Lafayette for the event. Dick and Miles Manwaring, Chick Herendeen and Hobart Creighton were there from Mentone.

Lyndes Latimer, we are told, served as co-pilot on the ship he went down in.

ARMY RECRUITER HERE

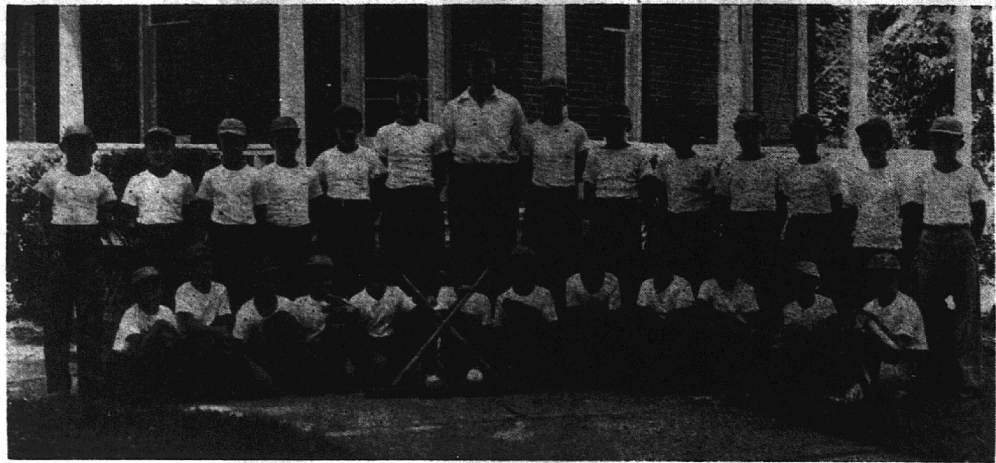

There will be a U. S. Army recruiter in the post office lobby in Mentone each Thursday from 10 a. m. to 11 a. m. Young men 17 to 34 interested in a good job, with starting base pay of \$75 per month are welcome to ask questions pertaining to the new regular army at that time.

Mrs. Vincent Goodman spent Wednesday at the Anna Hudson home.

Paul Smith, we have been informed, was seen in our town this week.

Carl Gochenour has just returned from a vacation trip down Texas way.

Charlotte Vandermark, of Danville, Illinois, visited over the week end at the Byron and Elery Nellans homes.

MENTONE MIDGET SOFTBALL SQUAD

STANDING (Left to right)—Walter Quier, Don Rush, Donnie Butt, Raymond Adams, Boyd Blue, Bob Vandermark, Coach R. H. Bevington, Dean Cox, Richard Horn, Don Flenar, John Clutter, Ned Witham, Larry McKinley, Frank Manwaring.

KNEELING—Dennis Anderson, Kay Flenar, Merrill Peterson, Charles Urschel, Jon Cullum, Bob Holloway, Wallace Oyler, Bill Clark, Donald Peterson, John Davis, Adam Blue, Lester Horn.

The grandchildren of Mr. and Mrs. Don Bunner, who have been visiting in Mentone, have returned to their home in South Bend.

Minnie Harris, whose brother, John Harris, died last week, is visiting at the Chet Herendeen home.

Jack Kercher has arrived back in Mentone, and after a day in Chicago expects to have his discharge from the armed forces.

ATTENDING BANKING SCHOOL

Elmore Fenstermaker, cashier at the Farmers State Bank, is attending a banking school at the University of Wisconsin this week and next. He was one of those chosen from an area comprising 17 states, to attend the school.

NEWCASTLE TOWNSHIP NEWS

Sheriff Frank Summers, of Rochester, was a business visitor here Saturday evening.

O. C. Montgomery and Lavoy attended the double header baseball game at Rochester Sunday afternoon.

Mr. and Mrs. Roy Hubbard spent Saturday evening in Rochester.

Mrs. Elmer Jones, of Lafayette, spent Saturday here, the guest of her brother and sister-in-law, Mr. and Mrs. Fred D. Barr.

Mr. and Mrs. Pete Heeter and family, of near Fort Wayne, were Sunday guests of Mr. and Mrs. Robert Calvert and family. Mr. and Mrs. Heeter were formerly of this place.

Mr. and Mrs. H. E. Imier, of Logansport and Mrs. Orah Byrer and Archie Grove, of South Bend, spent Sunday here, the guests of Mr. and Mrs. Lou Grove.

Mr. and Mrs. Sam Burkett and son Jim and Mrs. Betty Nix and family, of Rochester, called on Mr. and Mrs. O. C. Montgomery and Lavoy Friday evening.

Mr. and Mrs. Lou Grove spent Saturday afternoon in Rochester.

Mr. and Mrs. Red Ritter, Mr. and Mrs. Charles Miller and family, all of Plymouth, and Mr. and Mrs. Gail Matthews and family, of Rochester, were the Sunday guests of Mrs. Maude Kinsey and son John.

Mr. Carl A. Dick of South Bend,

called on his father, W. A. Dick, Sunday afternoon.

Mrs. Callie Dawson, of Tippecanoe, called on Mr. and Mrs. C. M. Walker Sunday evening.

Roy Dale, the small son of Mr. and Mrs. Robert Calvert, who has been on the sick list, is improving.

Mr. and Mrs. Dean Myers, of Rochester, called on Mr. and Mrs. Ralph Chapman Friday evening.

The members of the Worth White class of the Talma Methodist church will hold their monthly class meeting and pot luck supper on Friday evening August 2 at 8:00 P.M., at the home of Mr. and Mrs. Lester White.

Lavoy Montgomery attended the outdoor movie theatre at Mentone, Thursday evening.

Mr. and Mrs. Omer Holloway and family and Miss Shirley Overmyer spent Sunday in Gary.

Mrs. Edna Carey spent Monday afternoon in Rochester.

There were several people from this community who attended the Farm Bureau picnic at Rochester Sunday.

Verdie Brockey, who has been seriously ill at his home here is improving and is able to be out and around part of the time.

Mr. C. M. Walker and son Lonnie spent Friday afternoon in Rochester.

Mr. and Mrs. Ralph Chapman, Mr. and Mrs. Fred Barr, Mr. and Mrs. Roy Hubbard, Mr. and Mrs. Frank Arter, the Misses Bonnie Jean and Virginia Ann Hubbard, Rollie Surguy, Skip Jameson, and Miss Ruth Barr, all of this place, Mr. and Mrs. Dean Myers of Rochester, and Miss Jerrie Flesland of Minneapolis, Minn., enjoyed a

pot luck supper Monday evening at Loon Lake near Warsaw.

Born Monday, July 29, to Mr. and Mrs. Herman Haines at the Woodlawn hospital in Rochester, a son.

ROCHESTER COUPLE TO AID DR. URSCHEL

Dr. Urschel tells us that Mr. and Mrs. Denton Abbey, of Rochester, are to do the technical work at his office. This will include x-ray, electrocardiography, basal metabolism, blood chemistry, hematology, bacteriology, etc.

Both Mr. and Mrs. Abbey are well known in this community. Natives of Pennsylvania, and graduates of the Franklin School of Medical Technology in Philadelphia, they moved to Ro-

chester about 5 years ago, and Mr. Abbey has been technician at the Woodlawn Hospital since that time. Mrs. Abbey worked for Dr. Urschel as medical technician in 1942 and 1943. Since that time she has been employed at Woodlawn Hospital and Dr. Stinson's office.

Dr. Urschel and the community are fortunate in getting these young people here. Both are well trained and competent in all aspects of medical technology, and will provide medical diagnostic aid of the highest calibre.

Mr. and Mrs. Abbey are still residing in Rochester, but will move to Mentone as soon as possible.

NOTICE TO DEFENDANTS.

In the Kosciusko Circuit Court, September term, 1946 Cause No. 24189 to quiet title. State of Indiana, Kosciusko County, SS: Charles Byron Peterson and Virginia Peterson, husband and wife Plaintiffs vs. Calvin Fletcher and others Defendants.

Now comes the plaintiffs by Thomas F. Fitzgerald, attorney and files their complaint herein together with the affidavit of a competent person that the residence upon diligent inquiry is unknown of the following named defendants to-wit:

Calvin Fletcher, Nicholas McCarty, Barbary M. Dammann, Mare Dammann, Marie Dammann, Lyda Waldeck, Anna Billings, Robert Dammann, Henry Dammann, Henry Damman. That the names of the defendants are unknown and that they are believed to be non residents of the state of Indiana, sued in this action by the following names and designations to wit: The unknown husbands and wives respectively of each of the following named persons to-wit: Calvin Fletcher, Nicholas McCarty, Barbary M. Dammann, Mare Dammann, Marie Dammann, Lyda Waldeck, Anna Billings, Robert Dammann, Henry Dammann, Henry Damman the names of all of whom are unknown to plaintiffs; The unknown children, descendants and heirs, surviving spouse, creditors and administrators of estate, devisees, legatees, trustees and executors of the last Will and Testament, successors in interest and assigns, respectively of each of the following named and designated deceased persons to-wit: Calvin Fletcher, Nicholas McCarty, Barbary M. Dammann, Mare Dammann, Marie Dammann, Lyda Waldeck, Anna Billings, Robert Dammann, Henry Dammann, Henry Damman the names of all of whom are unknown to plaintiff; All the women once known by any of the names and designations above stated whose names may have been changed, and who are now known by other names, the names of all of whom are unknown to plaintiff; The spouses of all of the persons above named; described and designated as defendants to this action who were married, the names of all of whom are unknown to plaintiffs; All persons and corporations who assert or might assert any title, claim or interest in, or lien upon the real estate described in the complaint in this action, by, under or through any of the defendants in this action named, described and designated in said complaint, names of all of whom are unknown to plaintiffs. That said action is for the purpose of quieting title to real estate in the State of Indiana that a cause of action exists against all of said defendants; that all of said defendants are necessary parties to said action and that they are believed to be non-residents of the State of Indiana.

The following real estate in Kosciusko County, State of Indiana is described in said complaint to-wit:

The east half of lot number Two Hundred and Twelve (212) in the original plat of the town of Mentone, Kosciusko County, Indiana according to the recorded plat thereof.

This action is instituted and prosecuted by said plaintiffs for the purpose of quieting their title to real estate above described as against all demands, claims and claimants whatsoever and as against the world.

Notice is therefore hereby given said defendants that unless they be and appear on 1st day of the September

Term, 1946 of Kosciusko Circuit Court of Kosciusko County, Indiana being the 16th day of September 1946 to be begun and holden on the 16th day of September, 1946 at the Court House in the City of Warsaw, in said County and State, and answer or demur to said complaint the same will be heard and determined in their absence.

In Witness Whereof, I hereunto set my hand and affix the seal of said court at the office of the Clerk thereof in the City of Warsaw, Indiana this 18th day of July, 1946.

Ernest E. Bushong, Clerk.

NOTICE OF DISANNEXTION AND VACATION OF A STRIP OF LAND WITHIN THE CORPORATE LIMITS OF THE TOWN OF MENTONE, INDIANA.

Notice is hereby given that a petition for the disannexation and vacation of a strip of land within the corporate limits of the town of Mentone have been filed in the office of the Board of Trustees of said town. This petition refers to the following described real estate situated in the Town of Mentone, Kosciusko County, Indiana, to-wit:

Beginning at a point on the East line of Morgan Street 340 feet South of the center line of Main Street and running thence South 182 feet to the north line of the right of way of the Nickel Plate Railroad; thence North

66° West on said line 80 feet; thence North 31° East 107 feet; thence following a curve to the left 60 feet to the place of beginning and containing 15/100 acres more or less.

All persons, firms or corporations interested in the disannexation and vacation of said described tract from the corporate limits of the Town of Mentone, should appear in the Town Hall, Mentone, Indiana, on the 6th day of August, 1946, or said petition will be heard and determined in their absence.

Fred Lemler
Cloyce Paulus
Artley D. Cullum
Trustees of the Incorporated Town of Mentone, Indiana
Attest:
Elmore Fenstermaker,
Clerk-Treasurer.

NO TRICKS

SORRY, we cannot promise to pay you unreasonably high prices for your eggs one week, only to be forced to cut the prices promised, the following weeks.

SORRY, we have no nylon hosiery, and no overalls. We are just egg merchants. And, we just don't do business that way.

BUT, we DO promise to pay you the VERY BEST LEGITIMATE PRICES you can get in New York, at ANY TIME.

Dale Tucker, Dale Kelley, Don Coleman and Don Smythe spent last week in Canada on a fishing trip. Don Coleman said "the fishing wasn't any good—he only caught fifteen one afternoon."

RETIRING AFTER 50 YEARS TRAVELING TO MENTONE

John Watts, who has called on Mentone merchants for over 50 years, representing the A. H. Perfect Co. at Ft. Wayne, made his last official trip here Wednesday. That is quite a record for any one person to attempt to duplicate.

We heard a story one time about some traveling salesman that had a slight twitch on his face. A couple of his competitive, but friendly, buddies plotted against him one day and told the waitress in a cafe that they were bringing in a friend for dinner, but that he was susceptible to fits. However, they told her, you could usually tell when one was approaching as his face would twitch, and if one happened to notice it quickly enough, a glass of water thrown in his face would usually stop it before it happened. . . . Quite naturally, the waitress noticed the tell-tale twitching and didn't hesitate to promptly douse him with a glass of water.

Some time ago John acknowledged to the writer that he was the man with the St. Vitus accent to his smile.

MOTHER AND SON DIE.

Friday morning, Glen Johns, 42, of Kokomo, passed away in a hospital at Kokomo and funeral services were held Monday at Kokomo. The young man was troubled with complications and weighed 380 pounds when he entered the hospital.

The former's mother, Mrs. Lora Johns, entered the hospital Tuesday and died shortly thereafter. Funeral services were held for her at Greentown Thursday afternoon.

The Johns funeral home, at Mentone, had charge of both services.

BOY SCOUTS BEAT ATWOOD

The Mentone Boy Scouts played the Atwood Boy Scouts Monday and Mentone won by a score of 13-11. It was a close game all the way through.

The players were: pitching—King and Coleman, catching—Johns, first base—Emmons, second base—Friesner, third base—Cooper, ss—Peterson, 1 f—Coleman and King, c f—Fitzgerald, r f—Nicomemus.

DON LONIE SPEAKER FOR Y. F. C. SATURDAY

Don Lonie

Don Lonie, a graduate of Moody Bible Institute and at present a Senior at Wheaton College, will be the speaker at the Tri-County Youth for Christ Rally held in the First Baptist Church in Mentone Saturday, August 3 at 8:00 P. M. Mr. Lonie was formerly pastor of the People's Congregational Church in Chicago, director of the largest Hi-C club in Chicago and founder of other high school clubs. He has been speaking for Youth for Christ rallies for the past several months. Don, a young fellow himself, knows young people's problems. Come and hear him.

Weldon Carr and George Nuell, both of near Rochester, were arrested at the Mentone softball diamond Friday evening for public intoxication. Fines were imposed upon both men in Mayor Rarick's court at Warsaw. Carr was fined \$20 and costs, totaling \$32. Nuell, who only recently returned from the state penal farm, where he served four months for drunken driving following conviction at Rochester, was given a 60-day suspended sentence and fined \$25 and costs, totaling \$37.50.

Marshals Warren and Cook made the arrests.

Mr. and Mrs. Ed Creakbaum have just returned from a vacation trip at Ely, Minnesota, guests of the Murray Thorne family. A real attraction there seemed to be a young pet deer which the Thorne family has been feeding. They've named it "Bamby" and knows its name when called. It doesn't like linoleum floors, however, and always steps over onto a rug when it comes in the cabin.
