MRS. CARRIE D. SWANSON, 88, DIES AT ATWOOD FUNERAL ON THURSDAY

Mrs. Carrie D. Swanson, aged 88, the oldest resident of Atwood, died at 7:45 a. m. Tuesday at her home there following an illness of nine months. Her husband, Hans Swanson, to whom she was married in 1877, died in 1919 at Atwood.

Mrs. Swanson was born at Oslo, which was then Christiania, Norway, August 7, 1858, the daughter of John and Helena (Henderson) Johnson. In 1871 the family came from Norway to this country and resided at Bourbon. Most of the remainder of her life she had lived in Atwood and vicinity.

She was a charter member of the Women's Missionary Association of the Evangelical United Brethren Church at Atwood.

Surviving relatives include two sons, Scott and Walter Swanson, and a sister, Mrs. George Yeiter, of Atwood, six grandchildren and 15 great-grandchildren. Two sons, Harry and Charles, also preceded her in death.

Funeral services will be held at 2:30 p. m. Thursday at the Evangelical United Brethren church of Atwood, of which she was a member. Rev. Silas Hill, of Mentone, will be assisted in conducting the service by Rev. I. E. Longenbaugh. Burial will be at the cemetery at Stony Point. The body will be removed from the Bibler funeral home to the residence of Walter Swanson, in Atwood, where friends will be received from noon Wednesday until the time of the service.

DEATH CLAIMS SAM EBY

Word has come from Mrs. Sam Eby, of R. R. 1, Wabash, telling of the death of her husband on June 6th.

Mr. Eby had been ailing for two years, having suffered several strokes, the last one coming on May 4. From this time on he was confined to his bed but was able to converse with his family and friends.

Friends in this vicinity will be sorry to hear of Mr. Eby's passing.

LEGION SOFTBALL NEWS

The American Legion softball team will play the Peru K. of C. team on the local field, Wednesday evening, July 9th.

EVERYTHING READY FOR BIG FREE CELEBRATION JULY 4TH

Evening Program Arranged to Contain Highest Type of Entertainment for Hundreds of Visitors. Kid Circus Parade to Start at Seven O'clock. Big Fireworks Display To End the Day's Festivities

Preparations for the big Fourth of July free celebration at Mentone Friday evening are all complete and everyone is very much satisfied that it is really going to be a big event. Many folks from neighboring towns have stated they were going to be here.

Each day new events seem to appear on the program. Wednesday afternoon two vaudeville lads, John and Paul Yeater, aged 9 and 11, of Marion, who are visiting near here, offered to put on a few minutes of tap dancing and acrobatics.

The Kid Circus and Parade is one of the most novel programs ever to be presented in this area and no one will want to miss it. You'd be surprised at what some of the youngsters have all arranged.

The softball game with the Marion Colored Giants will absolutely be the tops in entertainment for those who like either comedy or good ball games.

Fish, hamburger and hot dog sandwiches will be available on the grounds and visitors are invited to come early and eat their lunch while visiting with their neighbors at the park.

The fireworks display, at the close of the evening, will be as thrilling as any to be seen or heard anywhere, and a state licensed operator will be in complete charge of this event.

The Mentone Lions members, who are sponsoring the event with the help of the business people and other citizens, are pleased to announce that the entire evening's program is free. (A free-will offering will be taken at the softball game).

Rain Date Saturday

In the event that rain or bad weather prevents the fireworks or parade on Friday evening, the program will be given on Saturday evening, July 5.

Visitors to Mentone may find it convenient to bring folding chairs to provide seating accommodations at the ball

game. There are two large bleacher sections, but as no cars will be permitted around the ball diamond, many may find it necessary to stand.

Attention Kiddies

The following may answer a few of the questions that are constantly being asked by the youngsters:

You do not have to be registered for the parade.

There is no age limit.

Anyone can enter for prizes in the five classes: — ponies, bicycles, pets, wagons and costumes.

All should meet at Robert Reed's residence on Main street at 6:30 Friday evening. All entering this parade will receive free ice cream and pop.

No Cars In Park

Due to the fact that all portions of Veterans' Field will be necessary to permit adequate exhibition space for the scheduled events, no autos will be permitted to park within the field. Every effort is being made to supply free parking space for as many autos as possible near the grounds. Wayne Tombaugh has offered the use of his three lots for supervised parking, and the school playground will be available.

A full crew of men will be on hand to assist with the parking.

SPECIAL SPEAKER SUNDAY EVENING, JULY 6TH

The young people of the Baptist Church are looking forward to a special meeting next Sunday evening at 7:00.

The speaker will be Bill D. Flohr, of Silver Lake. His talk will deal with "The Young People's World."

An interesting program has been arranged and the Young People all cordially invite YOU, old or young, to attend.

LORENZO DORSEY, MENTONE FARMER DIES MONDAY

Lorenzo M. Dorsey, aged 67, well-known farm resident of one mile north-east of Mentone, died suddenly Monday morning at his farm of a paralytic stroke. Mr. Dorsey was stricken at approximately 7 a. m. while working his corn crib. Efforts to revive him by artificial respiration proved fruitless. Sheriff Ray Henderson and City Patrolman Paul Schull rushed a resuscitator to the scene, but it, too, failed to revive the man. Dr. Orville Richer, who was called, stated that Mr. Dorsey suffered an initial stroke last June 14. He had been advised not to engage in any strenuous work.

Funeral on Wednesday

Mr. Dorsey was born near Findlay, Ohio, June 24, 1880, the son of Mr. and Mrs. Milton Dorsey. He lived one mile south of Harrison Center during most of his life. On Dec. 21, 1902, he married Pearl East at Burket.

Survivors are his wife, Pearl; two sons, Milton and Herbert, route 1, Warsaw; one daughter, Mrs. Mary Bentley, of Claypool; a sister, Mrs. Elma Morrison, of Burket; and two grandchildren, Floyd and Patricia Dorsey.

Funeral services were held at 2:30 p. m. Wednesday in the Dorsey home, one mile south of the Harrison Center Church. Rev. Silas Hill, of Mentone had charge and was assisted by Rev. Herbert LePage, of Elma Green. The Reed Funeral Home had charge of the funeral arrangements.

PARENTS OF TWINS

Mr. and Mrs. Ivo Wagner are parents of twins born Sunday at the McDonald hospital. The son, Ray I., weighed 5 lb. 13 oz., and the daughter, Kay C., weighed 5 lb. 3 oz.

HAVE NEW SON

Mr. and Mrs. Wilvin Teel are the parents of a son, James Arden, born Sunday morning at the Murphy Medical Center in Warsaw.

CLUB CALENDAR

The Mentone Home Economics Club meets at the home of Mrs. Truman Long on Wednesday afternoon, July 9th, at 1:30. Members are advised to remember contributions to fair.

WILD ANIMAL PET REQUIRES PERMIT, HASTING WARNS

If you find a wild animal in your back yard and decide to make a pet of it, check first with the Indiana Department of Conservation and find out if you are operating within the law.

Ernest Hastings, chief conservation officer for the department, has sent a warning to his 76 game wardens reminding them of the ten-year-old law—"any and all wild birds and animals, protected by law, that are picked in the wild, under any circumstances during the closed season, a pet permit or breeder's license cannot be issued."

Hastings explained his communique became necessary because "about two dozen" letters were received in four days asking for raccoon pet permits

which cannot be issued at this time. Only from November 15 to January 15 is it legal to capture or destroy raccoon except in the case of persons holding a breeder's license, although hundreds of orphans are found every year.

"If you find a baby 'coon during the open season," Hastings said, "we will give you a pet permit, free, but if you show up with one during the closed season, we don't know whether you secured it in a humane fashion. Many persons do not know this; but if one young raccoon is stolen from the den, the mother will kill the others."

High Price Ram

An all-time record price was paid for a sheep when a Border-Leicester ram sold for \$4,800.

MENTONE MERRY MAKERS

The Mentone Merry Makers met Tuesday afternoon at the school building. "A Tree in Indiana" was named in answer to the roll call. Martha Creighton gave a demonstration on "How To Set a Table." A recreation period was enjoyed after which refreshments were served by Janet Reed and Elaine Dunnuck to eleven members present. The club will meet July 15 at the school building.

Strong Smoking

One ancient form of pipe smoking was to insert two horns of a Y-shaped pipe into the nostrils and inhale the smoke directly through the nose.

Just Plain Water

Fifty-five cents out of every dollar spent on food buys plain tap water. All foods except certain concentrates contain some water, some as much as 95 per cent.

CARD OF THANKS

I want to thank the Methodist Church, Royal Neighbors, Eastern Star, Library Board, Home Economics Club, Lake City Machine Shop and all my neighbors and friends for the beautiful flowers and cards.

I also want to thank the Sunday School Class, of Mr. Stanley Wise, of Fort Wayne for the wonderful cards they sent me.

CELEBRATE BIRTHDAYS

Beverly Walburn and Linda Sue Linn enjoyed a birthday party at Beverly's home last Thursday afternoon, June 26th.

The children were issued tickets for a "Blunder Bus" ride which took them on a trip through "Mother Goose Land." A sugar plum tree was an attraction of the afternoon.

The following guests were entertained:

Billie Whetstone, Janet Romine, Rebecca Irwin, Donna Kay VanGilder, Janice Mollenhour, Rebecca Oyler, Marilyn Horn, Sarah Urschel, Sue Fenstermaker, Sue Ann Fleck, Mitz; Meredith, Cara Lynn Fenstermaker, Sandra Barkman, Suellen Long, Dixie Linn and the guests of honor Linda Linn and Beverly Walburn.

A large box full of candy bars and gum was given to Beverly and Linda which helped to make their party a success.

The girls received many lovely gifts. Mrs. Merl Linn and Mrs. Paul Irwin helped with the serving.

GIVEN FAREWELL PARTY

On last Friday evening, the members of the Baptist church met in the basement to honor Rev. and Mrs. E. Coleman Ralston, as Sunday was their last service in Mentone.

After a bounteous supper, a short musical program was given. A vocal solo, by Mrs. Peter Tanis and clarinet solo by Joan Beitzel, accompanied by Martha Beitzel were enjoyed.

Lee Norris, as spokesman for the young people, expressed appreciation of the work done by the Ralstons. This was followed by other expressions of appreciation by a number of others. Special visitors were Rev. and Mrs. Charles Beitzel and daughters Martha and Joan. The Beitzels are missionaries to Africa. Also, Mr. and Mrs. Peter Tanis, who are home missionaries in Chicago.

Both Rev. and Mrs. Ralston gave responses expressing appreciation for the friendships made while in Mentone.

Rev. and Mrs. Ralston are living in Wheaton, Illinois. Rev. Ralston is doing field work for the Moody Bible Institute.

Guava Production

The common guava grows profusely in the Hawaiian islands. This fruit is rich in vitamin C and high in pectin. It has long been used in jams, jellies and pastes.

Scouring Recipe

A good scouring for boards and tables is this: Work into a paste a half pound of sand, half a pound of soft soap and a quarter of a pound of lime. Put it on the scrubbing brush instead of soap, then wash the wood with plenty of clean water.

WET SPOTS SHOW DRAINAGE NEED

Look at the early summer corn fields and the need for drainage will be seen in the varying heights and differences in the greenness of the corn.

With the persistent wet spots of the field still in mind, many farmers might make plans now for laying drain tile this fall. G. A. Karstens, Purdue University agriculture engineer, advises.

In former years the farmer used whatever crude methods he could find or invent to help him lay his tile lines with "fall" sufficiently regular toward the outlet. "Grading by water" was one of the terms used for the most common method, and it was never a certain one. When a farmer is putting hundreds of dollars into tile and as much into the ditching, he cannot afford to guess where his tile should go and how they should be graded.

On each of the demonstration drainage projects, which have been set up in a dozen Indiana counties, rough levels have been taken in order that the relative elevations or various parts of the farm are known. The taking of such topography does not require much time and is of material assistance in the determination of the system.

Another feature of the survey is essential: namely, the actual staking of the ditches for line and grade. No farmer should undertake to lay tile without grade stakes.

The farmer will find it worth the cost to have a survey made for grade and alignment of his ditches. When the job is finished, he should have

the surveyor provide him with a plat of the system layout in order that he may know where to look for the ditches when they need repairs.

Extension bulletin, "Farm Drainage," No. 269, available from the county agricultural agent, points out methods and techniques to be followed.

NEWER AND EASIER METHODS OF CANNING

Homemakers owe a vote of thanks to research chemists. These chemists have been doing experimental work recently and have found new and easier methods of canning which insure high quality and less spoilage. Miss Lois Oberhelman, extension nutrition specialist, Purdue University, tells us.

One of the marked changes in canning procedure is that the open kettle canning of fruits and tomatoes is no longer recommended. The danger of contamination in transferring the food to sterilized jars is very high in the open kettle method of canning. The contamination received in the kettle-to-jar process is a frequent cause of molds and fermentation as well as a loss of vitamins.

Miss Oberhelman also reports that all foods be precooked, especially meats, vegetables, and the larger fruits such as peaches. They should be packed boiling hot into the hot jars to be processed. This is called hot packing and insures faster and more thorough heat penetration than the old fashioned cold pack canning.

Use a pressure cooker, if at all possible, to process all meats and non-acid vegetables. This method gives better keeping qualities, better flavor, color and texture. However, fruits and tomatoes should be processed in the

boiling water bath.

In conclusion Miss Oberhelman points out the newly revised time tables for canning has been printed by Purdue University. The time tables list shorter processing times which makes it even more imperative than ever that the food be canned quickly, hot-packed, and processed in pressure cooker to prevent spoilage.

And a final word of warning from Miss Oberhelman is to have the gauge of your pressure cooker checked carefully to insure complete accuracy.

STATE FAIR PREMIUM LISTS READY TO MAIL

Closing entry dates for vegetables and flowers at this year's Indiana State Fair have been extended one week to Aug. 18. Orin E. Anders, Terre Haute, director of the agriculture-horticulture department has announced.

That date will be a week later than the entry closings for all the other State Fair departments. Mr. Anders explained that experience in previous years made the extension advisable and that the late growing season this year had justified the change.

Premium lists for the department, which are now ready for distribution, show considerable reorganization as to rules and exhibits. Rules have been changed for the grain, farm and crops displays. For instance, Mr. Anders pointed out, the vegetable department has been rearranged so that the small-scale, home gardener will have equal show chances with commercial vegetable growers. New fruit varieties also are provided for, with some of the old classes dropped.

Several improvements are being made to the Agriculture building, including a new concrete floor and replaced wiring and drainage systems. Work will be completed well before opening of the eight-day State Fair Aug. 29.

Except for vegetables and flowers, the closing entry date for the department is Aug. 12. Premium lists are available by writing Mr. Anders at the State Fairgrounds, Indianapolis 5.

Mrs. Wendell Kinsey, of Starrs, Connecticut, spent the week end at the E. H. Kinsey home.

Gerald Kelber, manager of the field office of the Social Security administration was a caller in town Tuesday. The office in Elkhart serves Elkhart, Lagrange, and Kosciusko counties.

FOR SALE—Practically new black and white enameled range stove. Ray Eckert, Mentone. 1p

ANOTHER DOG SCARE

Tuesday afternoon the town was filled with excitement when it was thought there was a "mad" dog on a rampage.

Numerous have been the stories and reports, but as near as one can get the pieces all composed into one picture, it would appear something like this: An apparently stray brown Shepherd dog that had been playing with all the youngsters, acted as if he was attacking one of the Nicodemus children. A neighbor lady, seeing the commotion, attempted to scare the stray dog by sending her dog after it and

dogs started going round and round. Mrs. Nicodemus, in hurrying to the aid of the child, fell on the lawn. No one was bitten by either dog.

This dog, along with the one placed under probation last week are apparently very healthy and as friendly as can be.

Rev. and Mrs. J. S. Johns and granddaughter, Sandra Jane Croft, of Indianapolis, spent last Friday and Saturday at the H. V. Johns home.

One-hundred twenty-five boys and girls from the church of God are spending this week at Camp McClure. These boys and girls came from all over the state.

MENTONE GIRLS WIN
OVER TIPPECANOE GIRLS

The Mentone girls' softball team journeyed to Tippecanoe last Thursday evening and defeated the Tippecanoe girls 11 to 8.

Robert Holloway returned Wednesday morning from Washington, D. C. where he has spent the past six weeks visiting with his aunt and uncle, Mr. and Mrs. Robert Lentz. We understand that among the many interesting things Bob did, one of the most interesting was flying with his uncle.

Mr. and Mrs. William F. Harley and children of Chicago, are spending this

week with Mr. and Mrs. Ralph Mollanhour.

Eunice Reed is moving to her farm located ½ mile this side of Collamer. She recently sold her home here to Mr. and Mrs. Tommy Stanford.

Mr. and Mrs. J. R. Hatfield and sons Tommy and Dickey, of Northeast Pa., are spending the week end with Mr. and Mrs. Ira Borton.

Mentone Defeats Akron 10 to 0

In a good ball game (at least for the first five innings) last Friday evening the Mentone All-Stars turned back Akron 10 to 0. Starting in the sixth inning Akron seemed to go to pieces. Blue scattered four hits to gain his first decision this year.

Mentone 000 202-15 x	10 8 3

Friday night don't forget Mentone will be hosts to the Marion Colored Giants as a part of the 4th of July Celebration. The game will start promptly at 8:00 p. m.

BIRTHDAY HONORED

Several young friends gathered at the home of Sue Ellen Long Monday afternoon to help here celebrate her fifth birthday. One of the interesting high lights of the afternoon was a treasure hunt and all enjoyed the refreshments served by Sue Ellen's mother, Mrs. Everett Long, on the lawn.

Those present were: Sue Ann Fleck, Beverly Walburn, Mitzie Meredith, Donna Kay VanGilder, Carol Dillman and Linda Linn. (Sue Fenstermaker was to have been a guest but her daddy failed to bring her invitation home to her. She says he's in the dog house now.)

**CELEBRATE 57TH
WEDDING ANNIVERSARY**

Mr. and Mrs. Vinson Meredith celebrated their 57th wedding anniversary on Sunday with a family dinner. Their wedding date is July 5th, but due to the fact that their son, Herbert, is leaving on a trip to California, they planned the celebration earlier.

A lovely chest of silverware was pre-

sented to Mr. and Mrs. Meredith by their children.

Those present besides the guests of honor were: Mr. and Mrs. A. R. Cor- mican, Mr. and Mrs. George Chapman and Mr. and Mrs. Herbert Meredith of Elkhart, and Mr. and Mrs. Roy Cox of Mentone.

Picnic supplies, complete selection, at Coopers'.

IT PAYS TO PAY BY CHECK

There are so many advantages to a checking account — yet it costs so little. Simply figure the many places you have regular bills to pay each month — then figure the time and effort it takes to pay those bills, if you have no checking account. To pay by check is the business-like, economical, safe way to disburse money. Stop in today and open a checking account here.

ARE SOME AMERICANS STILL FAR BEHIND

The Soviet military minds do not disregard the threats of push-button warfare or of the atomic bomb, but "there is every indication in Russia today that the main reliance is being placed upon the people-in-arms theory," Life magazine's Garrett Underhill, acknowledged as one of the top U. S. experts on Russian war planning and armaments, states in a revealing article, "Citizens In Arms", published in the June issue of the American Rifleman, official publication of the National Rifle Association.

Underhill points out that, "Soviet war theory in the atomic age is still forming;" and that the Russians are fully aware of its problems. The Soviet militarists have asked themselves, however, "What happens after two nations have mutually destroyed each other's industrial centers and massed pools of skilled labor by scientifically-devised annihilation weapons?"

The Soviet militarist believes, according to Underhill, "that after the initial cataclysm there will yet remain in all probability some millions of people dispersed throughout the countryside." It is on these people that the defense of Russia is based. So, contrary to popular belief that the Russian authorities do not want their people to possess arms, they are arming their citizenry and encouraging the use

of firearms as a sport.

Underhill states in his article that "the Russian authorities offer every inducement for individuals to become gun owners and to perfect their sporting and military marksmanship. The Soviets openly state that they expect to furnish arms, ammunition, and training that will send their military and civilian marksman well out ahead in world competition."

Underhill, the American expert on Russian arms, describes minutely the organization the Russians have instituted to put this program in action and it makes explosive reading matter for the citizenry whose law-enforcement officers are constantly trying to encroach on their Constitutionally given rights to "posses and bear arms."

"The Russian militarists first gave the world massed airborne troops, saw the value of heavy tanks a decade before the United States and six years before the German, were using rockets in mass when the United States Army and Navy were still telling our people that they saw no use for the rocket except as a booster for armor-piercing bombs, and they had tank-borne infantry long before we established our first school at the Anzio beachhead. The list of Soviet developments which have become standard in war is fantastic and today they are preparing for more partisan warfare — a subject our military men have not yet touched."

Chicken Crates

MOTHER PASSES AWAY

Mrs. Ralph Warren received word of the death of her mother, Mrs. Geo. Ray on Monday, at the home east of Plymouth.

Mrs. Ray had not been well since April and she suffered a second stroke a week ago Saturday.

She was born in Marshall county

to Mr. and Mrs. Charles Stevenson. She leaves six children to mourn her passing: Mrs. Will Cook and Eugene McGriss, of Plymouth; Dwight McGriss of Tucson, Arizona; Harold McGriss of Valparaiso; Lella Ray, at home, and Mrs. Warren.

Funeral services were held Thursday afternoon at 2 o'clock at the Danielson Funeral Home, Plymouth.

"And whatsoever we ask, we receive
of him, because we keep his
commandments, and do those
things that are pleasing in his
sight." —I John 3:22.

VITAL QUESTIONS — BIBLE ANSWERS

Who is the head of the church?

"And (God) hath put all things under his feet, and gave him
(Christ) to be the head over all things to the church." Eph. 1:22.

Does Christ share the headship of the church with any man
or group of men?

"And Jesus came and spake unto them, saying, ALL power
(authority) is given unto me in heaven and in earth." Mat. 28:18

Should one go beyond the authority of Christ as head of the
church, what then?

"Whosoever transgresseth (goeth onward), and abideth not in
the doctrine of Christ, hath not God." II John 9.

Can I be saved outside the church?

"... Christ is the head of the church: and he is the saviour
of the body." Eph. 5:23.
"And the Lord added to the church daily such as should be
saved." Acts 2:47.

How do I become a member of the church, the body of Christ?

"For as many of you as have been baptized into Christ have
put on Christ." Gal. 3:27.

POULTRY, EGGS AND CREAM**BEAUTIFUL NEW CAVE
OPENED IN INDIANA**

A cavern which has laid dormant for almost three-quarters of a century, is now being opened and developed for the pleasure of the public. This cave has never really been explored or shown, due to its having been tied up in an estate.

This cave, "Little Wyandotte," has been purchased by the F. M. Rothrock Co., which owns the controlling interest in Wyandotte Cave, Wyandotte, Indiana. The F. M. Rothrock Co., a Washington State Corporation, of Spokane, Wash., owned by F. M. Rothrock and son, F. Wallace Rothrock, who, for many years, have had extensive land and livestock interests in that state. They have been here for the past three or four weeks, re-opening "Little Wyandotte," which has consisted of installing a thirty-five foot bridge over a sixty foot pit, electrifying with the latest work in cave lighting—with fluorescent, photo flood and mercury lights. This is reported to be the first cave in America to have all these forms of lighting. Amateurs may now try their skill with the help of powerful photo floods.

"Little Wyandotte" is within 150 yards of Wyandotte Lodge and is under the same management as Wyandotte cave. Extensive parking facilities and paving around the lodge and

roadways are under construction. Roy Remmert, experienced cave electrician from Missouri Caverns, Leasburg, Mo., is supervising the electrification.

Little Wyandotte was written about extensively by E. T. Cox in his geological survey of Indiana in 1878. The opening of this cave, for the first time in 60 years, disclosed the names of a number of notable visitors, who left their signatures inscribed on the walls. This cavern is a gem among caves, probably, in its particular type—having no equal in mid-western caves. The colors, from snowy white to delicate browns, compare favorably with such caves as Onondaga of Missouri and Luray of Virginia. Hundreds of stalactites hang from the roof, isolated or clustered in sheaves and fringes. Stalagmites reach up and blend with the stalactites, forming pillared recesses, draped about the top with clusters of needle-shaped pendants.

Truly a dream cave—with all the peculiar, weird, startling and fascinating forms, columns, obelisks, spires, minarets and domes with the whiteness of opalescent alabaster, tinged with brown by the artistry of nature.

Being different both in size and formation from Wyandotte, it will be a shorter trip for those who do not have the time to see the larger cave and a new cave for those who already have.

**SET SQUIRREL SEASON:
OPEN RIVER FISHING**

In a series of discretionary orders the Indiana Department of Conservation recently established the 1947 squirrel season, opened sections of the White and Wabash rivers to year-around fishing and closed indefinitely the season on prairie chicken.

Donald R. Hughes, Fish and Game director, said the squirrel season will run from Aug. 15 through Oct. 13 for fox and grey squirrels only. Bag limit is five per day, aggregate.

Inasmuch as state statute would have automatically opened the season on prairie chicken Oct. 15, Hughes issued

a second order indefinitely closing it. Prairie chicken, or pinnated grouse, are practically extinct in Indiana with a single colony inhabiting a few acres in Newton county.

Discretionary order No. 29 opens fishing the year-around in the Wabash from the corporate limits of the city of Lafayette to the confluence of the Wabash and the Ohio. Also opened was the White River below the junction of the East and West Forks to its confluence with the Wabash.

Seining will still be prohibited from the 21st of April until the 30th of June in both rivers.

RETURN FROM FISHING

TRIP INTO CANADA

Earl Shinn and Richard Manwaring, of Mentone, and Jack Newcomb, of Burket, returned Sunday afternoon from a week's trip into Northern Ontario.

Needless to say, the fishing was excellent, except it certainly made the boys disgusted to have those big "Mus-kies" swimming all around the boat literally "giving them the five-fingered salute." They were inquisitive but not hungry. The trout and pike were plentiful. So plentiful, in fact, that Earl decided to spend one afternoon in camp and rest. He soon had a visitor, a young doe that came within a few feet of the tent. Shortly another came into view, seemingly unafraid. A grunt behind Earl called his attention to a big porcupine that came so close Earl moved over to let him waddle on by. Two groundhogs sauntered across the camp site while a chipmunk or ground squirrel played over the rocks. Earl said he had a private zoo all his own for a short while.

DELPHINIUMS BY THE YARD

Mrs. Garrie Rose, who spends much time in the cultivation of flowers and plants, this week had a Delphinium with a "spike" 36 inches long.

Mr. and Mrs. Fred Helle and son and Mr. Anthony Echert of Chicago, were guests at the home of Mr. and Mrs. Clarence Cotey, Tuesday. Mr. and Mrs. Frank Fink of Chicago arrived Tuesday at the home of Mr. and Mrs. Clarence Cotey, where they will remain until Saturday.

STATE HIGHWAY REPAINTING
MAIN STREET PARKING LINES

A crew from the State Highway Department was in Mentone the fore part of the week repainting the parking lines on two blocks of Main street, which is state highway 25.

The state department, according to the crew foreman, has standardized their parking regulations on all state highways and Mentone had the privilege of having it that way this week—or that way several weeks hence. All towns and cities under 3500, according to the working blueprints and book of regulations, must have parallel parking. Their standard measurement is 20 feet for each car. In cities where side-by-side or angle parking is approved, 11 feet is the minimum for each car.

The new arrangement of parking on the two blocks of Main street will mean that two cars less can be accommodated for each half block, provided everyone parked properly. The new marking, however, does not affect the procedure on all other streets in the city.

CAR LEAVES SIDE TRACK

One of the cars being put on the Nickle Plate side track near the Mentone Lumber Co. Saturday evening was pushed off the end and it didn't stop until it reached the edge of the paved highway on Franklin Street.

Peculiar as it may seem, the car was a refrigerator car labeled: Winona Railway.

DR. O. T. MARTIN, FORMER PASTOR HERE, DIES MONDAY

Dr. O. T. Martin, 67, former district superintendent of the Methodist church and former Mentone pastor, passed away Monday morning in the Methodist hospital, Indianapolis following an extended illness.

Funeral services were held at the Central church, Richmond, on Wednesday afternoon at 2:30 o'clock. Dr. Buel E. Horn of Greencastle, and Dr. F. A. Hall officiated. Burial was at Richmond. The Stegall-Berheide funeral home, of Richmond, had charge of the arrangements.

Dr. Martin resided in Greencastle during the past two years. He retired as a pastor in 1945. He served as pastor at Mentone for five years, and also had pastorates at Greentown, Winchester, Tipton, Fort Wayne, and the Central church in Richmond.

His death was deeply felt by the many friends he made in and around Warsaw. He had undergone surgery about two weeks ago, following a long illness.

Survivors include the widow, Mrs. Naomi Martin, a son, O. T. Jr., (Ted) Martin, of Greencastle, three daughters, Mrs. Charles Gordon, Louisville, Ky.; Mrs. Robert Herbst, Richmond, and Mrs. Lois Affalter, South Bend; three brothers, the Rev. Otto T. Martin, a twin, and C. P. Martin, both of Indianapolis, and Ed Martin, of Montana; a sister, Mrs. Harry Wasewink, Indianapolis; and seven grandchildren.

Dr. Martin had been in the ministry since 1907. He was educated at DePauw university, and the theological institute of Northwestern university.

AGE FOR SCHOOL ENTRY CHANGED

FOR THIS FALL

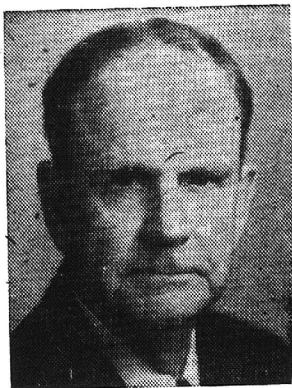

The county board of education, holding its July meeting at the court house Monday afternoon, adopted a rule that beginning pupils should be at least six before Oct. 1 to be eligible to enter school this fall.

Previously the county rule required pupils to be six on or before the following January 1.

It was pointed out that leading educators believed youngsters should be six or almost six to benefit properly from schooling and for safeguarding health.

GUEST SPEAKER AT METHODIST CHURCH

Dr. S. H. Tuberville of Winona Lake will be the guest speaker at the First Methodist Church next Sunday morning. Dr. Tuberville is a member of the North Indiana Conference of the Methodist Church and has been pastor of some of Indiana's leading churches

including Mishawaka and New Castle. He has many friends throughout the nation and those in this community will not want to miss this opportunity of hearing him speak. The unified service begins promptly at 10:00 A. M.

GROCERY ON WHEELS

George Black was in town Tuesday with his new "Food Cruiser," and it is certainly a swell little outfit. It is practically a grocery store on wheels. Mounted on an International chassis, the steel insulated body has built-in shelves and compartments for neatly displaying the merchandise he has for sale.

George invites his friends to give his new outfit the "once-over" any time it is convenient.

Dr. W. C. Anderson of Valparaiso and Mildred Anderson of Flint, Mich., spent the fourth at the home of Dr. E. D. Anderson home.

Mr. and Mrs. Robert Wissler and daughter Patty were Saturday night supper guests in the E. E. Jones home. Donald Wissler, who had spent two weeks with his grandparents returned with them to his home in Ft. Wayne.

TO CELEBRATE 90TH BIRTHDAY ON SUNDAY

Mrs. Jefferson (Mary) Regenos will celebrate her 90th birthday next Sunday, July 13, at the home of her son Harley, who resides on the north side of Yellow Creek Lake.

Open house for her friends will be held from 2 to 4 o'clock.

Mrs. Regenos has resided in this community all of her life. Her husband passed away in 1938.

CIRCUS COMING TO MENTONE NEXT WEEK

For the first time in many years, Mentone is to have a circus, the Monroe brothers show, announcement of which appears elsewhere in this issue of the Co-op News. It will be here Saturday of next week, July 19, and the big tent will be located on the Veteran's Field of Mentone. The management announces that the show will be held rain or shine, and there will be two performances, afternoon and evening.

The advance agent for the show announced this will be an excellent show with plenty of thrills—20 acts, funny shows, and animal performances. Included in the show will be "The Great LaVeldas" and Capt. Hall's wild animals and Russell's performing camels.

The management promises this circus to contain clean, thrilling entertainment "for all the kids from 2 to 82 years old"—plenty of fun, and not an act that would be objectionable to anyone. An interesting sidelight is the fact that Miss Frieda LaVelda, a feature entertainer, had eight brothers in active service for their country.

Mentone American Legion Post No. 425 is sponsoring the event.

DOUGLAY

Master Sergeant and Mrs. Robert Douglay, of Bellevue, Neb., are the parents of a daughter, Christine, born Sunday morning, June 29, at the Fort Crooke, Nebraska, base hospital, it was learned here Wednesday. Mrs. Douglay is the former Miss Jean Sandi, of Logansport. Sergeant Douglay was a resident of Burket prior to entering the service.

Mr. and Mrs. Frank Mastro and family and Mr. Carl Jacobsen, of Elmwood Park, Illinois, were the guests at the home of Mr. and Mrs. Clarence Cotey, Sunday.

MRS. MARY STUDY DIES AT HOME OF DAUGHTER

Mrs. Mary Study, aged 86, lifelong resident of this county until the past year, died at 3:30 a. m. Saturday at the home of her daughter, Mrs. Lindsey Huffer, of Ossian. Death followed a serious illness of six months due to carcinoma.

Mrs. Study and her husband, the late Henry Elmer Study, who died 17 years ago, resided for many years in the vicinity of Beaver Dam. She was a member of the Beaver Dam Evangelical United Brethren church.

She was born near Warsaw December 6, 1860, the daughter of Mr. and Mrs. Kreis.

In addition to her daughter, Mrs. Huffer, who formerly resided near Mentone, she leaves another daughter, Mrs. Russell Shipley, of Winona Lake; a brother, Frank Kreis, of Silver Lake; eight grandchildren, 12 great-grandchildren and one great-grandchild.

Funeral services were held at two p. m. Monday at the Palestine Christian church. Rev. L. I. Sommer was in charge and burial was in the Palestine cemetery.

TWO ALL-STAR GAMES

On Friday night, July 11, Mentone will play host to the Manchester All-Stars at Veteran's Park. Manchester is one of the two teams to defeat the Warsaw A.A. Team thus far this year. The game will start promptly at 8:00. We really have a lot of good ball players on the All-Star squad this year. This is your team so come out and back them up.

The Mentone All-Stars will travel to Plymouth on Saturday night to play a return match with the Steven's Oilers whom they defeated 7 to 4 on the local diamond.

WHETSTONE

Mr. and Mrs. Lowell Whetstone, Mentone, are the parents of a son, Leon Dee, born at 6 p. m. Thursday at the McDonald hospital.

NOTICE

The American Legion Softball team will meet the Bremen Grey Irons on the local Veteran's Field, Wednesday evening, July 16.

FORESTRY AWARDS FOR COUNTY FARMERS

Joseph A. Clark, county agent for this county, announces a state-wide Forestry Award contest sponsored by the Indiana Hardwood Lumbermen's Association in cooperation with the Division of Forestry of the Department of Conservation, and Purdue University, Department of Forestry and Conservation.

Cash prizes for first, second and third places respectively are \$200, \$150 and \$100. In addition there are 11 district prizes totalling \$50 for first place in each of the 11 State Forestry Districts. Mr. Clark states that rules and entry blanks are available at the county agent's office, and can be obtained on

application either by calling at or writing the office.

In an interview with Mr. Clark, James G. MasAllister, Farm Forester for Kosciusko county, stated that the sponsoring of this award contest by the Indiana Hardwood Lumbermen's Association indicates genuine cooperation between a representative group of the wood-using industries and the forestry and conservation agencies of the state. The lumber and wood-using industries realize that woodlands must be protected and managed properly in order that future supplies of high quality logs, timber and other forest products upon which the industry is dependent are maintained.

Mr. McAllister pointed out that over 95% of timber and forest products cut

Dr. Dale A. Rigdon

into the state comes from small private holdings and farm woods, and it is necessary that these areas be protected and handled on a crop basis in order to assure future supplies of badly needed saw logs, veneer bolts, handle stock, dimension stock, and material for crating, and other items needed in business and industry.

In discussing the contest, Mr. MacAllister indicated that although all phases of the forestry programs are considered in judging the awards, special emphasis is placed on protection, management, and utilization of existing woodlands.

"There are many good woodlots in Kosciusko county with which I am familiar," he stated, "and I feel that any of these would be given considera-

tion if the owner would prepare and submit the questionnaire required by the contest committee." "It should be emphasized that sufficient time should be taken to fill out the entry blanks completely," he added, "and upon completion of the blanks mail them without delay to the State Forester, 413 State Library Buildings, Indianapolis 9, Indiana, and do not send them to the county agent's or the District Forester's Offices."

The contest closes November 1 and all blanks must be submitted or in the mail by midnight of that date. The prizes are worth the effort to any timberland owner, so get your entry blanks, fill them out, and submit them without delay.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

**ROCHESTER BARBER
KNOWS ANSWER ABOUT
THE FLYING SAUCERS**

With everyone in the country disc or saucer minded, these days as might be expected, the first "reasonable" explanation about these fast flying aerial objects came from a Rochester citizen—Reid Lough, well known barber.

According to Reid the people of Fulton county should not be fooled about all these theories as to what the saucers are. They really exist, he says, and are in the air over many states as the results of radar experiments being made by the U. S. Navy.

The objects are really immense discs made of aluminum and measure about six feet across according to Lough. They are shaped like clay pigeons but they are sailed through the air with atomic energy. Their purpose is to contact other missiles in the air and destroy them. The local man says that possibilities of this experiment are unlimited and that people everywhere may expect to see the flying saucers

from now on.

Up-to-date none have been reported seen in the air over Fulton County. But with everyone looking upwards now days The News Sentinel staff is anxiously waiting to interview the first person who says he saw one of "those things."

— Rochester News Sentinel.

DOGS ARE KILLING SHEEP

Trustee Charley Green has reported that in the past several days a number of sheep have been killed.

Gilbert Schwenk and Marion Fultz reported that dogs have gotten into their sheep last week and killed several for the two farms in Newcastle Township. Trustee Green has warned the farms to be on the lookout for the dogs and to kill them if they get into their sheep.

FEWER INDIANA FARMERS NEED TO BORROW, BUT VOLUME OF BANK LOANS IS HIGHER, CREDIT SURVEY SHOWS

Reflecting the increased costs of producing crops and the availability of more farm equipment, the volume of bank credit used by Indiana farmers currently higher than it was a year ago, according to K. A. Riner, Vice President, Farmers State Bank, who represents the Indiana Bankers Association as Kosciusko Key Banker.

"However, Indiana farm families are probably in the strongest financial position that they have ever been," Mr. Riner said. "Less farmers need to use the bank credit available to them because continuing high farm incomes make it possible to finance operations out of income and when credit is used, it is retired when crops are sold."

Reporting on the results of a third national survey of bank lending made by the Agricultural Commission of the

American Bankers Association, Mr. Riner said that Indiana farmers used only a fraction of the bank credit available to them in 1946. However, the 427 insured commercial banks which serve agriculture in this state made 152,747 loans to 81,530 farmers. These loans aggregated \$100,170,000, of which \$69,542,000 remained outstanding on January 1, 1947. Banks had at least \$223,567,000, or about three times the amount used, available for additional loans to farmers if the demand existed.

During 1946, loans on farm real estate in Indiana increased slightly. There were 8,913 farm mortgages made for a total amount of \$24,143,000, bringing the total volume outstanding on January 1, 1947, to \$36,017,000. The farm mortgage debt is higher than it was a year ago although it still remains only about one-half of the volume that existed in the comparable period following World War I.

Farm production loans classed as

CORN & HAY

CARL GROSS

Phone 2 on 108

Mentone

"other loans to farmers" were made to 72,617 farmers by Indiana banks during 1946, in an aggregate amount of \$76,027,000. Of this amount, only \$32,893,000 was outstanding on January 1 of this year. The production loans averaged only \$1,047 each. Apparently the farmers' short term debt position is favorable; and although they borrowed more money last year, their outstandings at the year end were less. Another favorable factor in the present situation is that the farmers own substantial savings in cash, bank deposits, and United States Bonds.

A possible source of danger lies in the trend towards the higher cost of equipment and improvements which may reach a point where these purchases cannot be financed out of current income.

"Another factor in the Indiana agricultural picture which bankers are watching carefully is the price of farm lands. Based on 1912-14 averages at 100, the average farm land prices of the state on March 1, 1947, reached 158, compared with 161 at the peak of the land boom in 1920. During the past year, the increase has been 9 percent.

"The Indiana Bankers Association and the Agricultural Commission of the American Bankers Association are working together to help keep farmers of our state in sound financial position. We are urging our customers to limit their farm indebtedness to an amount which can be paid from their normal farm incomes, figured from the long

term average prices of farm products. We recognize the unusual character of farm income and the farm land price borrowing to speculate on farm land or borrowing to buy farm land at situation at the present time, and as bankers we are pledged to discourage high prices which are not justified by long term income prospects," Mr. Riner said. "We are encouraging Indiana farmers to round out and diversify their production and to conserve and build up the productivity of their soil. Another important part of this program is concerned with the education of farm youth through activities such as 4-H Clubs and Future Farmers.

"SUMMER CARE OF PULLETS"

Residents of this area will be interested to know that Joe Clark Kosciusko County Agricultural Agent will speak on the Little Red Barn program Thursday morning, July 17 at 6:00 CDT, according to Jay Gould, WOWO Farm Director. "Summer Care of Pullets" will be his topic for discussion.

Each day the Little Red Barn presents county agents from Ohio, Indiana or Michigan to bring information of value and interest to midwestern farmers. Nancy Lee and the Hilltoppers, singing and playing their favorite songs, provide the entertainment.

Allen Dille's are decorating the outside of their home.

NEW BOOKS

Time Will Tell — By Dorothy Rivers

When charming, sensitive Clunie Munro had to give up her plans to go into the service of her country in order to make a home for her brother, Anthony, and his motherless young son, Thomas, she had no idea that Major Barry Harlow was stationed at

Curlew Green. Although strongly attracted to him on their first meeting, when his car had broken down just outside her home in the small village of Wedderbeck, she had thought that it was only a case of "ships that pass in the night."

But when Clunie met Barry again at Mallards, her brother's cottage at Curlew Green, she realized that — on her part at least — it was love; a love that she felt would have been reciprocated had it not been for Eve Alderwood, a rich young widow who was determined that the highly eligible Barry should fall in love with her.

Clunie, convinced that Barry had fallen in love with her, was heartbroken, and when Barry heard—or thought he heard — that Clunie was to marry Colin Melrose, the rift between them widened.

Was Clunie's life to be another disappointed one like Teresa's? Or would Barry find, before too late, that Teresa, and not Clunie, was the woman concerned in the romance at Mallards.

This Is Happy — By Peggy Dern

After a cold, bleak New York winter, the sea island of Guale off the coast of Georgia seemed a suitable paradise to Happy Brandon and George Harnell, the handsome young owner of the beautiful estate of Sundown, a prince charming whose love any girl should be proud to possess.

Happy, whose cheerful disposition had won her her name wondered why she wasn't completely happy visiting George and his family at Sundown. And yet, a feeling that she could only describe as homesickness nagged at her. But homesickness for what? Certainly not that one room apartment in New York that Happy called "home." Could it be that she missed Steve Landers, her brilliant but hard-to-get-along-with employer? Happy knew the answer when she learned that Steve was to speak at a city on the mainland,

for when George's mother offered to drive her over to hear Steve, Happy's cup of happiness brimmed over—once again.

But when Happy, being the direct and honest person that she was, told Steve she loved him, she failed to remember that he was as he so scornfully phrased it, "not the marrying type." For Steve advised her to marry George.

Perhaps she would, thought Happy. But the enchantment of Guale had somehow vanished, and from the close pressing jungles something mysterious and vaguely sinister seemed to brood over Sundown.

The Quarry — By Mildred Walker

In telling the story of Lyman Converse, Mildred Walker has written a long, satisfying novel of life in Vermont from the days just before the Civil War, in which Lyman was too young to enlist, up to the beginning of World War I, in which his son took part. It is a book in which many stories are woven. There is the story of the love between Lyman and the woman he cannot marry, whose letters in his pocket seem to him like hidden laughter as he goes his sober way to the quarry office or writes down the town records. There is the compassionate story of Lyman's life with his wife Louisa in the House on Main Street.

And there is the story of Lyman's deep and enduring friendship with Easy, the runaway slave, whose life was closely knitted with his from the days of their boyhood. Both men live out their days in a narrow valley of Vermont but their lives have warm touch with the world outside, with the new wild West of the gold camps, the South of Reconstruction days, with Providence and Newport and Paris.

Night Riders — By Abel Short

Big Joe Gannon rode into Maddox and into a living death. As a special officer on the Governor's staff, Gannon was on a mission to investigate the killing of Harrison Ord, a brother officer and friend. All the trails led to Snake Hallin—and rumor had it that Hallin was dead. But piecing together all the threads of the many conflicting stories brought back to him; Big Joe

had reason to believe that Snake Hallin was very much alive.

As soon as he hit Maddox, Gannon spotted Pony Grimes, gambler-gunman wanted by the law for the killing of a rancher. In the chase that followed, Big Joe managed to kill Grimes, but not before he, himself, was nicked by a bullet from Pony's gun; in the resulting fall, Big Joe's head struck against a rock, knocking him unconscious.

Picked up by Silver Linn, owner of a Maddox Cafe, Big Joe was brought back to Maddox. And when Silver Linn discovered that Big Joe Gannon was suffering from amnesia, he decided to use him for his own purposes. So Big Joe was told that his name was Pony Grimes and that he had had a run-in with the law.

The ensuing chapters unfold upon an unforgettable story of the Old West, with three different gangs of outlaws spreading terror through the night in an effort to force the ranchers to sell them land cheaply.

THE FLYING BOYS

ARE GETTING ARTISTIC

Perhaps many have noticed the past few days how the flyers at the Mentone airport have been touring the sky in formation. Before and on the fourth of July the planes were seen cruising over Mentone in a perfect "V" formation of three planes. Occasionally, then, Frank Meredith would fill in the "tail-end-Charlie" position as the fourth plane. "Chick" Herendeen, "Bud" Summers and "Ox" Shunk were the pilots on the other three planes.

NEW ANNOUNCER AT RADIO STATION WSBT

The latest addition to the announcing staff of radio station WSBT is Phil Combs, who this week begins his duties as the station's farm director. Mr. Combs has just been graduated

Phil Combs

from the Purdue University of Agriculture, West Lafayette, Indiana. For the last two years he has done farm programs on the university's radio station, WBAA. He is a member of

Ceres, the Purdue agronomic society, and Alpha Zeta, national agricultural fraternity. Combs was born and raised on a farm near Carlisle, Indiana. He was a 4-H Club member for eight years in Sullivan county.

Combs' farm program will be broadcast daily from 5 to 6 a. m. beginning July 7 over WSBT.

MENTONE HOME EC.

Mrs. Truman Long, of Mentone entertained the Mentone Home Economics Club Wednesday afternoon.

Home Storage and wise planning and use was the lesson given by Mrs. Earl Smith. Mrs. Linus Borton conducted the business session.

History of the song of the month "America the Beautiful" was given by Mrs. Elmer Sarber.

Response to roll call was ideas for club improvement. The club plans to meet with Mrs. Earl Smith for the August meeting which will be a picnic at their cottage at Lake Manitou, Rochester. Mrs. Elmer Rathfon won the mystery package.

Several articles were auctioned off by Mrs. Linus Borton.

Meeting closed with the singing of the club prayer song.

Mrs. Elmer Sarber was the assisting hostess.

Our club president who has been absent on account of sickness was able to be with us. President is Mrs. Frank Warren.

HOWDY FOLKS: To say that a woman can't keep a secret is false. There are a lot of them who won't ever tell who told them.

Teacher: "How old is a person who was born in 1902?"
Johnny: "That depends. Is it a man or a woman?"

You know the English language is something you have to use with care. For example, it is all right to tell a woman that time stands still when you look into her eyes—but just try telling her that her face would stop a clock!

Which reminds us that we have made time stop for hundreds of autos. You see, when we service a car regularly—with quality gas and oil and thorough, dependable lubrication, it practically stops growing old. It's a fact! We invite you to drive in and try our superior service.

"Let us therefore come boldly unto the
throne of grace, that we may obtain mer-
cy, and find grace to help in time of need."
— Hebrews 4:16

VITAL QUESTIONS — BIBLE ANSWERS

Who is a Christian?

"And the disciples were called Christians first in Antioch." Acts 11:26.

Since disciples are Christians, who is a disciple?

"Herein is my Father glorified, that ye bear much fruit; so shall
ye be my disciples." John 15:8.

Since disciples (Christians) bear much fruit, how does one become such a fruit bearer?

Jesus said, "I am the vine, ye are the branches: he that abideth in
me, and I in him, the same bringeth forth much fruit: for without
me ye can do nothing." John 15:5.

Since Christians bear much fruit and since one must be in Christ to bring forth fruit, how does one get into Christ?

"For as many of you as have been baptized into Christ have put on
Christ." Gal. 3:27.

If one is not thus in Christ, he cannot bear fruit?

"If a man abide not in me, he is cast forth as a branch, and is
withered; and men gather them, and cast them into the fire, and
they are burned." John 15:6.

Since one enters Christ through baptism and since only in Christ can one bear fruit, then does it follow that one is unsaved until baptized?

"He that believeth and is baptized shall be saved." Mark 16:16.

AMERICAN LEGION AUXILIARY

The regular meeting of the Ladies Auxiliary was well attended Tuesday evening at the Legion Home.

A report was given by Nettie Ernberger of a meeting of the second district that was held in Valparaiso. Ethel Wagner, Nell Reed and Martha Ellsworth also attended.

Sandwiches and iced tea were served by Betty Drudge, Emma Clutter and Nettie Ernberger at the close of the meeting.

At the previous meeting of June 25, Nettie Ernberger presided over the tallation ceremonies for the new officers assisted by the District President, Mrs. Miller of Wakarusa. Nell Reed, present president, conducted the remainder of the meeting and appointed the following committee:

Prayer — Mary Esther Romine
and Welfare — Rowena Molebash
Community Service — Ethel Wagner
Constitution and By-Laws — Arvilla VanGilder.
Caring of Orphans of Veterans — Betty Yehlick
Finance — Emma Clutter, Mary Manwaring, Barbara VanGilder
State — Mary Frances Hudson
Social Activities — Helen Mollenhour
Lions Home — Louise Kinsey

Legislature — Barbara VanGilder
Membership — Betty Drudge, Grace Lewis, Ethel Wagner
Merit System — Martha Ellsworth
Music — Lillian Witham
National Defense — Florence Beeson
Pan-American — Pearl Lackey
Past President Parley — Nettie Ernberger.

Post War — Georgia Teel.
Rehabilitation & Employment — Louise Kinsey

Service Sales — Nettie Ernberger
Flower — Orpha Blue & Lucille Teel
Publicity — Bernice Jones

The home was decorated with cut flowers, lighted candles and flags for the occasion.

A short program was arranged by Elizabeth Simcoe, Mary Manwaring and Barbara VanGilder.

Rowena Molebash sang "God Bless America" — Accompanist Ruth Urseel. Mrs. Miller, District President gave an interesting talk on Junior Conference and various subjects.

A past president pin was presented to Nettie Ernberger by Mrs. Miller from the unit.

Six ladies of the Rochester unit were guests.

The large attendance was served ice cream, cake and coffee by Opal Nellans, Helen Mollenhour and Ethel Ernberger.

**MULES WILL BE SHOWN AGAIN
AT THE INDIANA STATE FAIR**

Mules will be back in the show at the coming Indiana State Fair.

After an absence of several years, exhibit classes for mules have been restored by the State Fair which will begin Aug. 29.

Five classes for mules are carried in the premium list, plus the usual championship and reserve champion awards. And there'll be an event for a pair in harness and a special event for purebred Jack, two years or over.

As a part of the horse department events, the mule class awards will

total \$577, according to P. L. White, Oxford, State Fair Board member in charge of the horse department. Mr. White said the events were restored because of statewide interest.

**MENTONE HIGHLY PRAISED FOR
FINE JULY 4TH CELEBRATION**

The people of Mentone and vicinity have been very elated the past few days upon the hundreds of compliments received on the celebration here on the evening of July 4th. They are also pleased for the very fine attendance and for the orderly manner in which the crowd behaved. There was no indication whatsoever of drunkenness, roudiness or dissatisfaction in any manner, which was certainly appreciated.

The program arranged was not intended to be spectacular, but it was planned solely for the enjoyment and entertainment of our friends. Many stated they felt it was one of the largest crowds ever to assemble in Mentone, and naturally, those in charge were unable to accomodate the needs or desires of the visitors as well as they had hoped. Needless to say, the next time more adequate facilities will be arranged for the comfort of the visitors.

The business people want to express their appreciation, also, to the various committeemen, members of the Lions club and other citizens for the effort they put forth to really make the celebration a success. No one received any cash remuneration for their work and everything was really appreciated.

The evening's program consisted of a kid circus parade (and you can't imagine how interesting and colorful this proved to be), a horse show sponsored and managed by the youngsters, a ball game between the Marion Colored Rens and the Mentone All Stars (with the final score 11 to 6 in favor of Mentone), John and Paul Yeater, of Marion, who gave a few numbers of tap dancing and acrobatics; a ballet dance by little Linda Lou Lukens of near Mentone, and a big aerial display of fireworks that brought out a very audible chorus of "ohs" and "ahs."

The placings in the kid circus were as follows:

Ponies—First, Janet Reed; second Sue Borton, and third, Ronny Brown.

Pets—First, Richard Horn with his dog Suza Belle; second, Ken Jones with his "Wild Cats," and third, Jon Cullum and Don Rush with a pet alligator.

Costumes — First, Bill and Dick Clark (as monkeys) and Rodney Gible (as their trainer); second, Sandra Makay as "Mother", and third, Reed Riner as an Indian.

Bicycles — First, Dickie Tombaugh; second, Sarah Urschel, and third, Sue Fenstermaker.

Wagons—First, Ned Witham with "Leo the Lion;" second, Duane McKinley with his pet turtle "Ceopatra," and third, Larry Horn with his hay wagon.

The pony show, managed by Janet Reed and Johnny Clutter, had an entry list of nine horses that competed in four events: Riding with saddles, surprise contest, bareback riding and musical chair.

Billie Blackburn and his pony Tony put on a trick act.

**ELECTRIC TYPEWRITER
THRILLS AUDREY MILLER**

Audrey Miller, of Tippecanoe, is a happy girl. A brand new electric typewriter has been delivered to her home where she writes local news for several newspapers. She is a victim of infantile paralysis and had learned to use a typewriter by striking the keys with a wooden mallet held in her teeth. Now the machine will operate by the slightest touch of the keys.

Three Argos men, Archie Snell, William Carl and Louis Weissert, are responsible for the gift that thrilled Miss Miller. "I still think it is a dream," she said.

The three men brought the girl's need to the attention of willing people who contributed to the typewriter fund,

and it was over-subscribed. The balance was placed in the bank to Miss Miller's credit.

TWO CLAIMS FILED

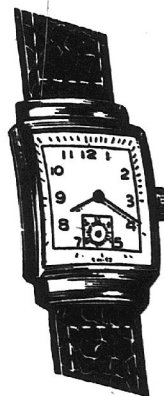

Two claims against Leatha E. Fleck, administratrix of the estate of Russell F. Fleck, have been transferred to the circuit court docket for trial, having been disallowed by the administratrix. Alice Mae Fleck seeks \$996.80 plus interest on a \$650 note. The amount of the claim includes the principal of the note, attorney's fees of \$35 and \$391 for a truck bed, sow and pasture furnished and services performed. Aubra K. Johnson seeks a total of \$660.48, for work performed in the last three months of 1946 and in March and June, 1946, and for \$8.48 of his own funds expended for the benefit of the decedent.

WILBUR COCHRAN ELECTED LOCAL LEGION COMMANDER

Wilbur C. Cochran, of Burket, was elected Commander of Mentone Post No. 425, The American Legion, at the regular annual election of post officers, Tuesday evening, July 15. Mr. Cochran, who heads the firm of Wilbur C. Cochran & Son, Accounting and Tax Service, Burket, is an overseas veteran of World War I. He enlisted April 17, 1917 and was discharged on March 21, 1919, after nine months service overseas with Battery C, 66th Regiment, Coast Artillery Corps.

Other post officers elected were:
1st Vice Commander, Dr. Donald J. VanGilder.

2nd Vice Commander, Chester Smith.
Finance Officer, Eldred Paulus.
Historian, Jack V. Dillman.
Chaplain, Earl R. Shinn.
Sergeant-at-Arms, John E. Ellsworth.

Service Officer, Robert G. Reed.
Adjutant, Robert L. Kinsey.
Committee members were elected as follows:

House Committee—Mervin D. Jones, Mentone; M. Roy Rush, R. 5 Warsaw; Ralph C. Ward, Mentone, and George J. Yehlik, R. 1, Claypool.

Executive Committee—Ralph Arnsberger, R. 1 Mentone; Edward J. Smelser, R. 5 Warsaw; Harvey D. Tucker, Mentone; Walter J. Lackey, Mentone, and James M. Whetstone, Mentone.

SUGGEST THAT NO DOGS BE TAKEN TO BALL PARK

Frequently youngsters have taken their dogs to the ball games and one can only expect that strange dogs will eventually get into a little chewing match all their own. An affair of this kind in a group of people is dangerous and it has been suggested that visitors at the game refrain from taking, or permitting, their dogs to be loose in the park.

FILES DIVORCE ACTION

R. Franklin Molebash, Mentone carpenter, has filed suit for divorce in circuit court against Rowena L. Molebash, who lives with her parents, Mr. and Mrs. Walter (Bill) Lackey, Mentone, alleging cruel and inhuman treatment. They were married Dec. 20, 1946, and separated May 26, 1947.

CONSERVATION CLUB-CAMP STARTS ON JULY 27TH

The annual Conservation Club boys camp will open at McClure Lake on July 27th and continue until July 31, according to C. O. Mollenhour, president of the Conservation Club County Council. This camp, sponsored by the Conservation clubs, attracts some of the best educators in the conservation program and is handled by local people well versed in the educational part of conservation work.

Those in charge of the camp are: Cliff Breeden, assistant county agent; Joe Clark, county agent, of this county, and Dale Eizinger, assistant county agent of Fulton county, will serve as directors.

M. G. Fawley, secretary and treasurer of the County Council, Warsaw, will have charge of registration, etc.

F. Koenig, of Elma Green, will be in charge of bunk assignments.

C. O. Mollenhour, of Mentone, will be in charge of the commissary.

Vern Sparks, field representative of the Indiana Conservation Department, Muncie, and C. L. Dye, vocational agriculture teacher, of Warsaw, will serve as camp counselors.

Instructors include:
Dr. William Richer, Fish Research, Indiana University.

Bill Barnes, Wild Life Research, of the Pittman-Roberts Act.

Harry J. Young, Supt. Game farm,

(Continued on back page)

EGG REPRESENTATIVE HERE

A communication from New York City the fore part of the week stated that Mr. Henry Lotto, representing the New York egg receiving firm of Schluskel & Waldman, will arrive in Indiana Thursday and will spend ten days in the territory. He is anxious to hear from anyone with reference to egg shipments. He will be located at the Hotel Hays at Warsaw.

OIL STOVE EXPLODES

The fire department was called to the residence of Ivan Miller, first house south of the Gus Mollenhour home, Tuesday evening. A kerosene range had been burning rather briskly but the boys had the fire out before the department arrived. The kitchen was badly damaged by smoke and heat, and the stove looked like a wreck.

DALE SINCLAIR, MENTONE, HURT IN AUTO CRASH

Dale Sinclair, 35, of Mentone, suffered a severe cut above his eye and two companions escaped with only minor bruises last Friday morning as car driven by Earl O'Brien, 32, also of Mentone, ploughed through a fence, just missed an apple tree and rolled over twice in the potato patch at the Sam Boggs farm, one mile north of Palestine.

Sinclair and John Chilcote, 31, of Palestine, were riding with O'Brien when the accident occurred at 7:45 o'clock. O'Brien told sheriff Ray Henderson that the brakes of the car suddenly locked, throwing the vehicle out of control. The 1933 Terraplane was badly damaged. After rolling over, the car came to rest under the apple tree.

Sinclair was released from the McDonald hospital after being treated for the cut above his eye. X-rays were taken of Chilcote's left arm, which was badly bruised. Dr. J. R. Baum reported that there was no fracture.

— Warsaw Daily Times

CARS FIGURE IN ACCIDENT

On Monday evening, the 1946 DeSoto, driven by Mrs. Nobel Babcock, and a '32 Chevrolet, driven by Don Huffman figured in an accident on the road about 2 miles west of the Gus Mollenhour farm.

Neither driver was seriously injured. An approximate estimate of the damage to the cars was \$75 to the Huffman car and between \$400 and \$500 to the Babcock car.

LEGION-SPONSORED CIRCUS IN MENTONE SATURDAY

The Monroe Bros. circus, under the sponsorship of the Mentone American Legion, will give two performances in Mentone Saturday, July 19th, at 2:00 p. m. and 8:00 p. m.

The Legion boys were given every assurance that the circus was of the highest calibre and they will be on hand to supervise and lend every assistance possible.

Mr. and Mrs. Ray Eckert have purchased the Pete Horn property on Main Street and moved into it recently from their farm home at Claypool.

HOME ECONOMICS CLUB WOMEN AT ANNUAL OUTING

Forty-nine Home Economics women registered for the annual Kosciusko county Women's camp Thursday afternoon at McClure lake, it was announced by Miss Marjorie Moore, county home demonstration agent.

The annual outing, to be directed by Mrs. Merl Tucker, of Beaver Dam, Guest speakers scheduled to visit will continue until 4 p. m. Thursday.

The camp Tuesday night included Miss Lella Gaddis, of West Lafayette, retiring state leader of home demonstration agents; Mrs. Carolyn (Kilmer) Holloway, of Colfax, former Kosciusko County resident who is now in charge of all women's exhibits for the state fair; and Miss Janalyce Rous, former county home demonstration agent who now has a position with the state extension department at Purdue University.

In preparation for the camp, \$20 worth of equipment was purchased for the kitchen and the members of the Burket Home Economics club cleaned up the camp buildings.

TIPPECANOE MAN INJURED IN FALL

Nilas Sill, of Tippecanoe, is in Kelly hospital, with broken ribs and injuries on his back received last Wednesday in a fall from a scaffold while working on the house on the Ossa Shafer farm, near Tippecanoe.

ARGOS ALL-STARS HERE FRIDAY

The Argos All-Stars will be the guests of the Mentone All-Stars on Friday, July 18th. The Argos boys have a good outfit and should give the local boys a real game. The game will start at 8:00 P. M.

The preliminary game will feature the Argos Midgets vs. the Mentone Midgets at 6:30 P. M.

AT BEAVER DAM LAKE

COME FOR DINNER

BETTER FOOD, CHEAPER

A national policy aimed at an optimum diet for everyone in the nation, and supported, if necessary, by subsidies to maintain food consumption at adequate nutritional levels is proposed by Howard E. Babcock, originator of the Cornell University School of Nutrition, as a bulwark against a new farm depression.

Mr. Babcock, one of the best-known farmers in America, opposes subsidies to farmers for nonproduction. In spending billions in the last fifteen years to avoid overproduction on the farm, the United States has been doing the job "exactly backward," he says in "Surplus Food- There's No Such Animal," in this week's (July 19th) Saturday Evening Post. "If subsidies are necessary, I want them applied to the end product - to the increase of consumption - where they will help carry out a positive food policy, not deny the country the use of the wealth of food it can produce," he writes.

The school-lunch program and the food-stamp plan for low-income groups are cited by Mr. Babcock as examples

of constructive "surplus removal." "There should be even better methods," he adds.

Concrete expressions of a forward-thinking food policy would be headed by education in nutrition, in public schools, and in homes and factories under the guidance of State extension services, according to Mr. Babcock's proposals. The farmers' role in the program would be to add more effort toward higher efficiency and lower costs, and their goal would be "Better Food, Cheaper," the author says.

**HEALTH FACTS FROM YOUR
STATE BOARD OF HEALTH**

INFANT CARE

The common belief that a change in water is the cause of many cases of infant diarrhea and dysentery is probably false. The chances are that when diarrhea and dysentery occur they are caused by lack of care and cleanliness in preparing and handling the baby's food, according to Dr. Walter J. Stoeffler, Pediatric Consultant of the State Board of Health.

Infant diarrhea and other gastro-

Dr. Dale A. Rigdon

OPTOMETRIST

"IT'S THE EXAMINATION THAT COUNTS"

OFFICE AT FITCH'S JEWELRY STORE
WARSAW, INDIANA

For Your Convenience — Please Phone 781 for Appointment

intestinal disturbances are very important causes of death among infants. Reduce them and the total infant death rate is reduced. Despite the rapid rise in the birth rate in recent years, infant deaths from diarrhea in Indiana fell from 277 in 1943 to 135 in 1946. Dr. Stoeffler attributes the steady improvement in infant health over a period of years to better handling of babies generally, improvement in the quality of milk, and refrigeration.

Dr. Stoeffler warns that cleanliness in handling and preparing the baby's food cannot be overdone. Milk is a good breeding place for germs so it must be kept clean and cold at all times.

He advises that when it necessary to take infants on trips, boiled water

in a sterile container should be taken along. Milk or formula should be kept cold if it has to be taken. The same feeding routine to which the baby is accustomed should be carried out as far as possible. He should be given the same type food as at home.

If the trip is to last several days, it's well to consult the doctor regarding a change in formula to canned or powdered milk so each feeding can be prepared as it is needed.

Sandra and Betty Leedy of Warsaw spent several days last week with their grandmother, Mrs. Myrtle Davis.

Miss Jeanette Horn, of Talma, spent a few days this week with her uncle and aunt, Mr. and Mrs. Howard Horfn.

JUNIOR SADDLE CLUB
MEMBERS PLAN FOR SHOW

Warsaw Junior Saddle Club members extend an invitation to young equestrians (under 21 years of age) to participate in a horse show to be held Friday, July 18, 7 p. m., at the Warsaw Saddle club grounds, southeast of Winona Lake.

Officers of the junior club are serving on the committee for the event and are as follows: Marilyn Emerick, president; Charlene Hughes, vice president; Kay McCoy, Secretary; Leigh Haymond, Treasurer; Sandra "Sandy" Emerick, publicity manager.

In the event of rain the show will be held on July 23.

Entry fee is \$1, and the classes are as follows: Model class, English and Western, judged separately; pony under 56 inches; pleasure class, English and western, judged separately; musical chair; road vehicle, horse any size; western three-gait; horsemanship, English and western, judged separately; stock horse class; English

three-gait; grand champion of winners judged by applause of audience.

Ribbons will go to all place winners and a total of \$145 will be awarded. Six trophies are to be given winners.

91 SIGN UP FOR 4-H CLUB
OUTING AT McCLURE LAKE

Ninety-one Kosciusko county 4-H boys and girls have signed up for the annual outing at McClure lake, it was announced Tuesday by the county extension office.

Facilities at the camp will accommodate 125 and a "first apply, first served" policy will be observed, it was stated.

The junior leader jamboree will start at the lake Saturday and end Sunday afternoon, at which time the regular 4-H camp will be under way. In preparation for the two outings, adult and junior club leaders will meet at the camp site at 5 p. m. Thursday to clean up the grounds and buildings, fix a ball diamond and work on the expanded beach.

PROTECTING THE DAIRY BARN FROM FLIES

Following the spraying of barns and milk houses with DDT, a weekly or semi-weekly application on the cattle will control most of the flies which annoy cattle. The barn can be sprayed with a five percent DDT oil emulsion or water solution but only a two per cent water solution should be used on cattle, Purdue University entomologists advise. A white residue will be left on the buildings.

Copies of "How to Use DDT in Dairy Barns and for Spraying Cattle," E12, of the Purdue University Agricultural Extension Service may be obtained free from the county agricultural agent's office, or the university.

A drainage, tile system should last a lifetime provided quality tile is used, the best possible design employed, it is properly installed and if it is given careful maintenance.

HOWDY FOLKS: You can't believe everything the way you hear it. For example, there was the man who said that his wife's cooking warmed his heart, when he really meant that it gave him heartburn.

When a friend borrows ten dollars, about the best security you can have is a chain and padlock, a pair of handcuffs and a watchdog.

"Why does your brother say 'Honk! Honk!' all the time when he is crossing the street?"
"It's because he doesn't want people to know that he isn't an automobile."

And if you want to keep on having an automobile, we suggest you drive in here and 'honk' just once. We will come running to give you the finest service you can ask for -- super quality gas, oil and lubrication. That kind of service will insure finer car performance for a long time to come.

CO-OP. OIL STATION

STATE HEALTH OFFICIALS SOUND RABIES WARNING

State health authorities warned yesterday that rabies cases are mounting to a serious degree.

Nine counties are under quarantine with more in prospect. The malady has appeared in every part of the state.

Dr. Raymond Fagin, state veterinary epidemiologist, reported a total of 166 positive tests on all types of animals for the first six months of the year, compared to 303 for the whole of last year.

This shows the incidence this year is running ahead of the same period in 1946.

Of the 166 cases, 156 were dogs, Dr. Fagin said.

And this in no way reflects the actual incidence, pointed out, as only a small percentage of the infected animals are examined in the state clinic. Cases on Increase

In Indianapolis, figures released by Dr. Gerald Kempf, public health director, show an average of one rabies case a month for the last 15 months.

This month three cases have been reported in the county.

Dr. Kempf said his department has been getting reports from police and schools, when in session, on every known dog bite.

Regulations require the owner of the dog which has bitten someone to report the dog's condition on the third, fifth, seventh and ninth days afterward to the health department.

The person bitten is then mailed a copy of the report. It is thus determined whether Pasteur treatment is advisable in cases where rabies infection in the animal is in doubt.

Hot Weather Not a Factor

Dr. Kempf and Dr. Fagin agreed that hot weather has nothing to do with rabies: A dog can become infected at any time of the year. The disease is transmitted more readily in warm weather, however, because dogs then run in packs.

Dr. Fagin said the Board of Health is recommending that all counties join in this three-point program:

- 1—Destruction of all stray dogs.
- 2—Yearly vaccination of all dogs over six months old.
- 3—Rigid registration of all dogs.

A quarantine order issued by the state means that all dogs must be confined to the premises for 30 days, that only vaccinated animals shall be allowed out for six months afterward, and that no dog may be taken out of the quarantined area.

The Indiana Veterinary Medical As-

sociation gave the following advice to persons bitten or scratched by an animal suspected of having rabies:

"Wash the wound immediately with soap and water and encourage bleeding. Consult a physician right away so he may determine whether Pasteur treatment is needed.

"Confine the dog for a period of 10 days. It should not be killed lest the disease has not progressed far enough to be recognizable on laboratory examination."

FARMERS' DAY PARADE SEPTEMBER 4TH INDIANA STATE FAIR

Statewide plans already are underway for the Farmers' Day parade at the Indiana State Fair in Indianapolis on Sept. 4.

Lt. Gov. Dick James heads the committee consisting of members of the Indiana Farm Bureau, Inc., the Indiana State Grange and representatives of county agricultural agents which is planning the event.

Traditionally a highlight of the State Fair on Farmers' Day, the parade will include floats, bands, livestock and pets. Cash prizes will total several hundred dollars.

In addition a statewide contest is in motion to select a Farm Queen who will be crowned during the ceremonies. She and her court, made up of county winners in the contest, will take part in the parade. Dates of the State Fair are Aug. 29 through Sept. 5.

ST. JOSEPH COUNTY 4-H FAIR TO OPEN

The twenty-first annual St. Joseph County 4-H plans are nearing completion for its opening next month at the Playland Park, South Bend site, August 6, 7, 8 and 9.

At least 1500 St. Joseph county 4-H boys and girls are busily engaged in adding finishing touches to their various Home Economics and Agricultural projects for display at the fair.

The directors of the fair are making every effort to supply entertainment and facilities which are sure to meet the approval of the 60,000 expected visitors for the four big days.

Three fine skill and thrill acts have been booked and will perform twice daily on the Midway. The United Fireworks Company of Dayton, Ohio, will present fireworks each night. This display may be viewed from the spacious grandstand of the park.

Many commercial firms, such as agricultural implement dealers, auto and

truck agencies, feed and seed companies, house trailers, tires, and builders supplies will place exhibits along the Midway. The Womens Building besides housing the 4-H Dress, Canning, and Gardening exhibits, will be the scene of sixteen booths of household appliances and displays.

Educational exhibits as displayed by the American Red Cross, County Health, Tuberculosis, Cancer, Infantile Paralysis, Crippled Children Societies, National Dairy Council, Police and fireman, may be observed.

This promises to be one of the largest and best 4-H Fairs of the midwest.

POTLUCK DINNER

Mr. and Mrs. O. C. Craddock and son, Richard, of Huntington, West Virginia, spent the week end with Mrs. Craddock's parents, Mr. and Mrs. Granville Horn.

A potluck dinner was held on Sunday at the Granville Horn home, with twenty-six present to enjoy the dinner and spend the day with Mr. and Mrs. Craddock and son. Mr. Craddock left Sunday evening for West Virginia, while Mrs. Craddock and son stayed for an extended visit with relatives and friends.

DISEASE RESISTANT WHEATS COMPARED

Experimental plots of both the old standard wheat varieties and the new disease resistant strain of wheat were called to the attention of the several hundred growers of small grains attending the Soils and Crops Field Day held recently at Purdue University.

High yielding varieties observed on

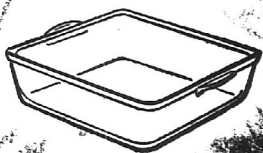

the tour were the Fairfield, Thorne, Gladden, Nured and Vigo. Dr. Ralph M. Caldwell, head of the department of botany and plant pathology, pointed out that both Thorne and Gladden, although high yielding, were too easily injured by cold weather for use in the northern part of the state. Fairfield, however, was winter hardy and high yielding in the northern area.

Vigo, a new wheat released to about 100 farmers last fall for multiplication of seed, was also discussed. Seed may

LAIRD-BRADDOCK REUNION

The 43rd annual reunion of the LAIRD - BRADDOCK family will be held on Sunday, August 10, at the farm residence of Mr. and Mrs. Elmer E. Meredith.

H. L. Laird, president.
J. F. Laird, Secretary.

HAS SUCCESSFUL OPERATION

Dr. F. B. Davison spent the week end in Birmingham, Michigan, where he visited Mrs. Davison, who had returned there from Boston after under going a splachnectomy, which is a fairly new surgical treatment for high blood pressure.

Mrs. Davison had two operations and came through them exceptionally well. She plans to go to Waterville, Ohio, to be with her mother and take three or four months as a convalescent period.

Friends will be very happy to know that Lois came through the operations successfully, although it will take some time to determine just how successful they were.

BASE LINES

By Paul Rush

Well it finally happened. The All-Stars lost their first game of the season. Plymouth "Moose" defeated the locale 4 to 3 in the second game of a non-scheduled double header at Plymouth Saturday, July 12th. Mentone went over to play a return match with Steven's Oilers. They won the game 5 to 4 behind Brockey's 3 hit pitching. The manager of the Plymouth Moose asked the local boys to play a game with them. Apparently their competition for the evening had failed to arrive.

We have a return game with the Moose and the boys will be out for blood. The Moose are tough.

I don't think more need be said about the ball game last Friday night. Just for the record, however, Stoader truck out seventeen for Mentone while Baker was striking out eleven for Manchester.

**SIZE
IS IMPORTANT**

When You Choose Your Electric Water Heater... Be Sure to Select One Large Enough!

It is important to select an Electric Water Heater large enough for all your household needs so that you'll have a plentiful supply of hot water at all times and so that you can buy your electricity at night on the special low electric rate. No home is modern without abundant hot water, instantly available at the turn of a faucet. That is why you need an Electric Water Heater.

NORTHERN INDIANA *Public Service* COMPANY

**SPRAY OR DUST
TO AID TOMATOES**

The yield and quality of Indiana tomatoes could be increased twenty percent or more through the control of three or four important diseases of this favorite garden and canning crop, declare R. W. Samson and E. G. Sharville, plant pathologists at Purdue University. These diseases destroy the tomato leaves, thus weakening the plants and exposing the fruits to sunburning and yellowing. Such exposed fruits are more susceptible to cracking and rotting. Three of the four diseases also rot the fruits.

Septoria leafspot, early blight and anthracnose occur every season, but are most destructive when rainfall is abundant in June, July and August. The fourth disease, late blight, occurs only in summers as abnormally cool and wet as in 1945 and 1946.

Spraying or dusting with certain chemicals known as fungicides will control these diseases if properly and repeatedly applied, say the Purdue specialists. Such copper fungicides as copper A compound, COC-S, yellow cuprocide and tribasic copper sulphate are recommended as easiest to use and readily available from farmers' cooperative stores, orchard supply houses, seed stores and some drug stores. The manufacturer's directions should be followed in preparing them for use as sprays. Some of them are available already incorporated in ready mixed dusts.

The tomato plants and fruits should be sprayed every week or ten days from the time the plants reach the size of a half-bushel basket. Apply 150 to 200 gallons of spray or 40 to 50 pounds of dust per acre, or one and one-half gallons or one-half pound per 100 feet of row. Use well constructed hand or power sprayers or dusters that apply a fine mist or forceful blast of dust to all parts of the plants. Three applications may be enough in dry seasons, while five or six may be needed when frequent and persistent rains occur.

Further information may be obtained from Purdue Extension Leaflet BP-18, "Spraying or Dusting for Control of Tomato Diseases in Indiana" which is available from county agents.

**FLYING FARMERS GET
REGISTRATION CARDS**

This week Kosciusko County Flying Farmers of Prairie Farmer Land received their registration cards for the organization's second annual Field Day to be held August 4 and 5, at the University of Illinois airport, Urbana, according to County Wingman Allen (Chick) Herendeen, of Mentone. The Flying Farmers have the cooperation of Prairie Farmer-W. L. S. and the University of Illinois on the Field day.

A thousand planes are expected this year, which is three hundred more than last year. Plans are being made for a crowd of six thousand based on last year's three thousand. However, there will be facilities to care for a much greater attendance. Food concessions on the field will be handled

much the same as they were at corn-husking contests.

Kosciusko county residents, members of the Flying Farmers of Prairie Farmer Land are:

Allen Herendeen, Mentone, (Wingman).
Hobart Creighton, Warsaw.
Wayne A. Shunk, Mentone.
Dale S. Nellans, Mentone.
Paule C. Hartford, Winona Lake.
Miles L. Manwaring, Mentone.
Richard B. Manwaring, Mentone.
Paul W. Wolfe, Warsaw.
Sherman R. Summers, Jr., Burket.
Herbert Shipley, Warsaw.

Prairie Farmer-W. L. S. was largely responsible for organizing the Flying Farmers in Illinois, Wisconsin, Indiana and Michigan early in 1946. The organization now has a membership of 2,000 licensed pilots.

Norman McCoy, president of the organization, of Blue Mound, Illinois, has extended an invitation to all the Flying Farmers of Iowa to attend the Field Day at Urbana.

**REID ELUCIDATES
FURTHER CONCERNING
THE FLYING DISCS**

The disc editor of The News-Sentinel has had so many spots in front of his eyes since these things began flying around that he got the story reported by Reid Lough all wrong. And Reid, who knows all about these scientific experiments straightened out the record today.

According to the local barber the U. S. Navy and U. S. Army have built an immense town down in New Mexico and from there they are conducting their aerial experiments.

These scientists send up these sau-

cers, some propelled by radar and others carried by balloons. They are made of aluminum or some other metal. Once they are in the air the Army and Navy experts began sending out radar beams. When the waves hit the metal they bounce back and register. It is all a matter of waves and vibrations, Reid says.

The purpose of it all is to perfect radar so that whenever an enemy plane, balloon, bomb, shell, rocket or missile of any kind gets over the U. S. they can be detected at once and proper action taken.

— Rochester News-Sentinel.

STATE POLICE AFTER RECKLESS BOAT OPERATORS

State police have inaugurated a safety patrol on the waters of this largest of Hoosier lake resorts.

Uniformed troopers are cruising Lake Wawasee and adjoining Syracuse lake in a glistening white speedboat purchased by property owners and boat operators under the sponsorship of the Syracuse Chamber of Commerce. The patrol will continue through the vacation months.

The first of its kind in Indiana, the patrol is available to any person requesting service. Complaints are telephoned to the state police post at Ligonier.

Principal target will be reckless power-boat operators, according to Lieut. Blain B. Schang, post commander. The water speedster, who risks his neck and endangers others, may expect to be halted by police siren or redlight, he said.

Violators will be placed under arrest and haled into court for prosecution under state law. Cases will be processed about the same as those of persons stopped for breaches of traffic regulations, he said.

The crew will also be on the lookout for overloaded small craft, and will be ready to act in drownings, warn fishermen of impending storms and other emergencies. The patrol schedule will be intensified on week ends and holidays. Additional help can be summoned from Ligonier by the boat's two-way radio transmitter.

The 23-foot Higgins cruiser was acquired with funds raised in a popular subscription campaign, starting more than a year ago. Property owners and others, interested in preventing trag-

edies on the two lakes, readily contributed to the Syracuse civic group's project.

Col. Robert Rosow, superintendent of state police, assigned to Lieut. Schang the task of equipping and staffing the boat, which has been turned over to the police agency by the purchasers.

"Hundreds of boats of all sizes are operated on the lakes by amateur boatmen on vacation during the summer," explained W. A. Jones, Jr., Syracuse, president of the sponsoring organization. "Many persons in boats forget or ignore safety precautions, and the result is, too often, tragedy.

"We feel the presence of enforcement officers on the lakes will deter reckless operators and will help to minimize other potential hazards," he asserted, in pointing out that more than 50 percent of the contributors were power-boat owners.

Trooper Fred Leeson, one of the crew, warned that a squall can "pounce on the lake in minute." He recalled that six persons were drowned there three years ago when their overcrowded boat was swamped in a sudden rain and wind storm. In another accident, a fisherman narrowly escaped death when his rowboat was halved by a careless motor boat operator, Leeson said.

Mr. Jones credited George Lamb's finance committee for success of the project. Other members of the committee, of which Mr. Lamb was chairman, were Roscoe Howard, Elmer Stucky and Charles Kroch. All reside in Syracuse.

Lieut. Schang said the patrol craft will be docked at various boat liveryes until a state police boat house is constructed. Final equipment was being

installed this week.

Powered by a 141 horse power Chrysler marine engine, the slim white and red-trimmed boat is capable of reaching 35 miles per hour. It is marked on each side by the state police department's gold and blue insignia, and at night a siren or redlight will be used as identification.

Other equipment includes six throw-out life buoys, six marker buoys, fire extinguishers, first aid kit, boat hooks,

rope ladders, life preservers and grappling hooks.

NOTICE

A Republican Caucus will be held Friday evening, July 18 at 7:30 P. M. at the Mentone City Hall to nominate 3 town trustees and 1 clerk treasurer for the Nov. 4th election.

ombia, South America.

"This is the confidence we have in him,
that, if we ask anything according to his will,
he heareth us, whatsoever we ask, we know
that we have the petitions that we desire of
him."
—I John 5:14,15.

VITAL QUESTIONS — BIBLE ANSWERS

What kind of fruit does one bear as a Christian?

"Then they that gladly received his word were baptized: and
the same day there were added unto them three thousand souls.
And they continued steadfastly in the apostles' doctrine and fellow-
ship, and in the breaking of bread and in prayers." Acts 2:41,42.

"Pure religion and undefiled before God and the Father is this,
to visit the fatherless and widows in their affliction, and to
keep oneself unspotted from the world." James 1:27.

"Bear ye one another's burdens, and so fulfill the law of Christ."
Gal. 6:2.

"And be ye kind to one another, tenderhearted, forgiving one
another, even as God for Christ's sake hath forgiven you." Eph. 5:32.

"Study to shew thyself approved unto God, a workman that
needeth not to be ashamed, rightly dividing the word of truth."
II Tim. 2:15.

"Go ye therefore, and teach all nations . . ." Matt. 28:19.

Do you mean to be a Christian, one must engage in such work?

"For as the body without the spirit is dead, so faith without
works is dead also." James 2:26.

"Therefore, my beloved brethren, be ye steadfast, unmovable,
always abounding in the work of the Lord, forasmuch as ye know
that your labor is not in vain in the Lord." I Cor. 15:58.

Philip Lash, Mentone; Robert Plummer, Etna Green, and Jack Shori, of Pierceton, all Vocational Agriculture teachers, will have charge of recreation.

The camp is open to boys 14 years and older and each conservation club in the county sends two or more boys to the camp. Anyone interested should contact members of the various conservation clubs.

Many new facilities and buildings have been added to the Conservation camp at McClure Lake, and if anyone has failed to visit the camp he should make it a point to drive over there some day in the near future. It is one of Kosciusko county's real accomplishments.

See the new Motorola Console Radiophonograph at Baker and Brown.

FINE ATTENDANCE AT LIONS MEETING WEDNESDAY

There was a fine attendance at the Lions club meeting at the school on Wednesday evening.

Miss Marilyn Tucker rendered several piano numbers during the course of the meal. In the group singing during the business session, Lions Dale Tucker and Richard Manwaring put on a tonsorial squeeze that didn't leave much room for newspaper comments.

Discussion was held relative to special use for the balance of the Fourth of July funds, and it was earmarked for use on some public endeavor.

PICNIC AT LAKE

Sunday afternoon a group of young people, under the supervision of Rev. Irwin, went on a bathing party at Beaver Dam lake Sunday afternoon. In the evening they enjoyed a picnic lunch at Yellow Creek lake and remained for the Sunday evening free movies.

LOCAL NEWS

A group consisting of Mr. and Mrs. Royal Blue, and Mrs. Mary L. Blue, of Mentone, Mrs. Reatha Perkins of Rochester, and Mrs. Mabel Igo, and Mrs. Opal Kunce of Elkhart all spent the week end in Chicago visiting Miss Lois Busenburg of the Moody Bible Institute and attended the Y. F. C. Rally at Orchestra Hall and other places of interest.

Mary Alice Long, daughter of the George Longs, has taken an office managership with the Department of Agriculture's farmers' home administration at Decatur, we learn. She formerly was employed in Warsaw.

Last Tuesday evening the following people gathered at the home of Mr. and Mrs. Paul Perkins of near Rochester for an ice cream supper: Mr. and Mrs. Kenneth Mollenhour, Bob Herendeen, Mr. and Mrs. Royal Blue, Jeanine Blue, Rex Yazel. Mr. and Mrs. Donald Blue and little son, Kenneth Lee, and Mrs. Mabel Igo of Elkhart. Home made ice cream and cake were served, the occasion being in honor of the birthdays of Donald and Mrs. Royal Blue.

See the new Universal electric stove (something new) at Baker and Brown.

Mr. and Mrs. Glen Powell, of Argos, accompanied by Mrs. John Glendenning, of Lakeland, Florida and her brother, Louie Foor, went to Kendallville, Sunday where they visited at the Ben Foor home. Upon returning to Mentone they learned of the death of Mrs. Frank Foor, of Macy and went on to attend her funeral on Thursday.

Wayne W. Kuhn, of Chicago was visiting with his mother, Mrs. Annabelle Kuhn last week end. Mrs. Kuhn celebrated her 81st birthday on Sunday. Mr. Kuhn was formerly from this vicinity.

Jimmie, the 8-year old son of Mr. and Mrs. Wayne Zolman of Bourbon, underwent a tonsilectomy last Tuesday morning at the McDonald hospital in Warsaw.

Sunday guests at the Roy Rush home were: Mr. and Mrs. Forrest Hoffer and children; and Mr. and Mrs. Thurman Ridgway and son, all of South Bend.

Mrs. Cloyce Paulus returned to her home here last Friday after spending over a week in the Billings Memorial Hospital in Chicago, for examination.

Mrs. Walter Lackey returned to Indianapolis last week after spending the Fourth of July holiday at home. Mrs. Lackey is completing a six weeks course for librarian.

HAVE NEW LIONS CLUB

A new Lions Club has been organized at Akron. On last Thursday evening at the Colonial Hotel, at Rochester, a charter was presented to Claude Billings, who accepted it for Ray Meredith, president of the newly formed club.

Officers are:

Roy Meredith, president; Charles Irellan, first vice president; Adam Stout, second vice president; Royce Mishler, third vice president; Lynn A. Davis, secretary; Harold Groninger, treasurer; Rev. R. A. Fenstermacher, lion tamer; and Thomas Hauptert, tail twister. The club's directors are Roger Parker, Frank Dawson, Edward Fleck and Lewis Leininger.

TOWN BOARD MEETING TUESDAY EVENING, JULY 29

In order to allow more time to discuss and prepare the 1948 budget, the Mentone town board will meet on Tuesday evening, July 29th, at 7:30 at the town hall.

This meeting will take the place of the regular meeting that ordinarily is held the first Tuesday night of each month, and citizens having any matters to discuss with the board are welcome to attend.

REPUBLICANS NOMINATE CITY CANDIDATES FRIDAY

Republicans of Mentone met at the town hall Friday evening and nominated candidates for their ticket in the election to be held November 4th.

Wayne Tombaugh was chairman of the meeting.

Candidates nominated were:

Aldermen: Mervin Jones, Miles Manwaring and Don VanGilder.

Mrs. Howard Shoemaker was selected as candidate for Clerk-Treasurer.

ALL-STAR NEWS

Because of the county tourney, now in progress, there will be no All-Star game at the Veteran's Park this week. On Sunday night the Mentone All-Stars will play a return game with Akron at Akron.

Dale Hawley was in town Monday getting about on crutches. Dale had the misfortune of breaking his ankle three weeks ago in a fall at his farm.

FISH CONTEST STILL ON

Frequently the question is asked: "Is the contest, sponsored by the Mentone Merchants, still on? Where can one enter?"

The answer is that the contest is still in progress and everyone is invited to enter. Posters have been distributed to almost all the business places around nearby lakes and at several Mentone stores. These places have official receipts and are authorized to record the weights of your entries. Prizes are offered for the largest bass, the largest day's catch, the heaviest 25 bluegills and the heaviest 10 bluegills.

The contest closes on Labor Day.

ENTERTAIN FOR BIRTHDAY

Mr. and Mrs. Ted Koch and family had a surprise birthday party recently for Mrs. Nancy Martin, mother of Mrs. Koch. Mrs. Martin received a number of nice gifts. A community dinner was served and the day was spent socially. The following guests were present: Mr. and Mrs. Harry Grimm, Mr. and Mrs. Glen Grimm and son of Milford; Mr. and Mrs. Ralph Stackhouse and sons, of Bourbon; Mr. and Mrs. Ezra Long and Mr. and Mrs. Rex Remy and family of Warsaw; Mr. and Mrs. Joe Miller and son, of Mentone and Mr. Onel Martin of South Bend.

ENTERTAINED ON BIRTHDAY ANNIVERSARY

Guests at the home of Mr. and Mrs. W. A. Dick of Talma Sunday were Mrs. Gladys Emmons, Mr. and Mrs. Wayne Smith, of Huntington, C. A. Dick of South Bend, Pat and Charlene Dick of Akron; Mr. and Mrs. Earl Smalley and sons of Warsaw, Mr. and Mrs. Don Smalley and family of Burket, Mr. and Mrs. Darrell Tucker and family of Mentone and Mrs. Evelyn Dick and Jim. A lovely dinner was served at noon in honor of W. A. Dick's birthday anniversary.

DEMOCRATIC CAUCUS TO BE HELD FRIDAY EVENING

The Democrats have called a caucus for Friday evening, July 29th, at 7:30 at the town hall for the purpose of nominating candidates for the town election to be held this fall.

STOLEN MONEY IS RECOVERED BY OFFICERS

Sheriff Ray Henderson and Deputy Sherriff Frank Lucas have recovered \$98.87 in cash, the major portion of an amount stolen from Jack Shinn, of Mentone. Shinn reported to officers that the cash was lifted from his pocket while he was swimming in Beaver Dam lake on Thursday afternoon.

Thursday evening, the two officers, following a lead to Akron, contacted night marshal Judd there and questioned Gerald Dillsaver, 18, of Akron, concerning the theft.

Lucas said that Dillsaver admitted taking the money and produced \$35 of the cash. Another \$45 was recovered that he had paid for tires and \$20 was recovered that had been paid on a filling station bill, the deputy said. Several dollars spent for cigarettes, candy and movie were not recovered. Dillsaver was ordered to report to local officers at a later date.

ENTERTAINS PAST MATRONS

The Past Matrons Club of Wabash were the guests of Mrs. Ora McKinley Saturday. Those present were:

Mrs. Walter Stauffer, Mrs. Lawrence Bird, Mrs. Francis Bird, Mrs. Annette Sink, Mrs. D. M. Mathers, Mrs. Carl Schmal, Mrs. Rhea Monroe, Mrs. Emma Kelch, Mrs. Byron Sloop, Mrs. Amy Wardwell, Mrs. A. M. Rodibaugh, Mrs. Edith Reed, Mrs. Robert Kinerk, Mrs. Harry Knee, Mrs. Walter Hipskind, Mrs. Tody King, and Miss Olive Manley, all of Wabash; and Mrs. Herman Hartman, of Indianapolis.

Mr. and Mrs. Keith Borton have returned to Rollin Prairie, Texas, after visiting with Mr. and Mrs. Austin Borton.

Frank Saemann and six or seven of his friends are leaving Thursday on a short fishing trip into Canada. The group will travel in the two Stinson planes owned by Mr. Saemann.

The Don Emmons family returned Wednesday from a short trip to Pokagon State Park.

Henry Mills, of White Bear Lake, Minn., is visiting old friends at Mentone.

RESIGNS POSITION

Mrs. Beryl Burgh resigned her position in the offices of the Gatke Corp. her husband to Plymouth. They will plant in Warsaw and has moved with reside temporarily with Mr. Burgh's parents until their new home is completed. They have been living, since their marriage at Etna Green.

Mrs. Burgh was formerly Melva Jane Lackey.

OBITUARY

Charles Edward Berkeypile was born April 5, 1865 just west of Mt. Pleasant Church in Bourbon Township. He was Fifth of eight sons of Moses and Elizabeth Berkeypile. He lived his early life in that community.

Sept. 5, 1885, he was united in marriage to Emma Jane Corl. They began their married life on a farm 4½ miles northwest of Bourbon and lived there until time for retirement when they moved to Bourbon and spending a number of winters in Daytona Beach, Florida.

To this union seven children were born: Howard, Ray, Mabel, Elosia, Ethel, Clyde and Elva. Ray and his mother have preceded him in death.

Edd Berkeypile had a remarkable conversion in the old Brick Chapel U. B. church under the preaching of Rev. Showly, soon after his marriage. That was a dominant factor in his life and he remained true to his religious convictions.

He was at one time superintendent of the Brick Chapel U. B. Sunday School for 25 years. For a longer time he was a class leader of that church. In later years he has taken pride in that part of his life.

Bourbon community can remember him, too, as a worthy citizen, a good farmer and one who was much interested in his family.

About three years ago he was married to Valeria Corwin of Toledo, Ohio. They lived in Daytona Beach. While living there he attended the Methodist community church. He was a member of the Peabody Shuffle Board Court where he spent many happy hours.

Funeral services were held on Saturday, July 19, at the Bourbon Evangelical United Brethren Church. They were conducted by Rev. S. M. Hill, of Mentone, and assisted by Rev. Paul Ducker, of Bourbon.

Public Sale

I will sell at Public Auction at 1430 South Monroe St., Rochester, Ind., on

DUNES STATE PARK HOLDS ATTENDANCE LEAD WITH 55,000

Most popular Indiana state park from an attendance standpoint during the first six months of 1947 was the Dunes the Indiana Department of Conservation reported today.

The Dunes, with a paid attendance of 55,073 through June 30, led all 14 state park properties, according to an announcement by John H. Nigh, Conservation director. Running a strong second was Spring Mill with 53,546 and Brown County was in third place with 46,176.

Inclement weather throughout the spring and early summer has held attendance down, Nigh said, although the six-month total of 374,313 persons

is less than 5,000 under last year and only 33,000 below 1941 when the all-time attendance record was set. is the only property to show a gain

Pokagon State Park in Steuben Co. over both 1941 and 1946. The 29,034 total is about 2,000 above any previous year.

The Dunes single-day record was broken July 4 when approximately 25,000 persons crowded Lake Michigan's shoreline. Paid attendance (adults) was more than 17,000.

ARTLEY D. CULLUM, Editor and Manager.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

THOUGHTS OF THE PAST

When I pass a certain country church yard,
I think of many whom I used to know.
At school we used to play and roam the woods;
Together after classes we walked home.
On the banks of Yellow Creek Lake we played,
On Sunday went to church across the way.
The span of life looked far ahead of us
But soon some of our mates began to fail.
Some hale and hearty died while in their prime
And left a weakling to survive the clime.
Why should we mourn for those who've gone before
When they are now in fairer worlds than this?
Among the living let us strew our flowers;
Shed not a tear for me when I am fled.
— Lloyd Regenos.

Increase Yields

Scientific breeding of sheep increased the average wool yield in the United States from 2.4 pounds a head to 6.2 pounds, between 1850 and 1900. Between 1910 and 1940 the yield of milk per cow was increased from 3,779 to 4,497 pounds yearly.

Iodine Is Effective

Iodine is an effective weapon against sleeping sickness of horses. Research men have found iodine to be a very valuable aid in helping save the lives of horses ill with the disease. Stricken horses treated with sodium iodine in these experiments had both a higher and a faster rate of recovery.

Blaze Routes

Army engineers found the five most feasible railroad routes to the Pacific coast in exploring the unknown west in the 1850s. Today passengers on railroad streamliners are carried smoothly over the mountains on lines laid out by the engineers. The fifth route is used, by sections, by local lines.

SWIMMING CALLED SAFEST EXERCISE FOR HOT WEATHER

Swimming is the only outdoor hot weather exercise in which the danger of overheating is eliminated, said the Indiana State Medical Association today in recommending swimming as a healthful and beneficial recreation for summer days.

"The advantages of outdoor bathing are multitudinous," said the association's bulletin. "The air, the sunshine, the frolic on the beach, or by the pool, and the exercise of swimming itself have wholesome effects upon the body.

"Here is a sport that allows display of any amount of energy. Swimming great distances at a fair speed develops the entire muscular system. At the other extreme, the convalescent may float around the water exerting very little energy, not even having to support his own body weight as he would do in walking. For the most of us, moderate indulgence is by far the best.

"Persons suffering from eye, ear, or intestinal infections, skin disease or sinus trouble should not frequent the pools and beaches. They are a health hazard to others and, at the same time run the risk of aggravating their own conditions.

"There are several general rules about swimming which should be observed. It is advisable to wait an hour and a half after eating so the meal will be thoroughly digested before going into the water. If the water is cold, do not stay in until the body is chilled. Upon leaving the water the bather should put on dry clothing.

"Don't swim until you are completely fatigued. Many drownings attributed to cramps have really resulted from the failure of over-taxed hearts. Exert yourself only to the point where your breathing is slightly accelerated.

"Contrary to popular belief, water in the outer ear produces very few ear infections. However, when the eardrum has been perforated or has been destroyed, infested water can easily go from the outer ear canal into the middle ear chamber and so produce a middle ear abscess. The main source of ear infections from swimming results from water getting from the back of the nose into the middle ear."

FREE AIR
HOWDY FOLKS: Did you ever hear of the wife who sued her husband who manufactured garters. She charged non-support.

Constable: "No swimming allowed in this lake."
Young Lady: "But why didn't you tell me before I undressed?"
Constable: "There ain't no law against that."

And then there were the two friends who agreed to tell the other all his faults. But it didn't work out. As a matter of fact, they have not been friends since.

While we don't especially like to hear about our faults, when there is something to criticize here, please tell us—and tell us fast. We are mighty anxious to satisfy and please you in every possible way. And that is how we make friends. Stop in and get acquainted. We think you, too, will like our service.

The medical association recommended swimming for weight reduction and development of grace. Its bulletin closed with these words of caution: "Enjoy your water sports, but play safe. It is important to swim well, but it is more important to swim wisely."

MENTONE MERRY-MAKERS

The Mentone Merry-Makers had their regular meeting Tuesday afternoon. "A Famous Author" was given in response to roll call. "Measuring Ingredients" was a demonstration given by Elaine Dunnuck. A recreation period was enjoyed. The meeting was adjourned. The club will meet August 4th at the school building.

MOLLENHOUR REUNION

The 32nd annual reunion of the Mollenhour family will be held on August 10th at the home of Mrs. Hiram Mollenhour (the Old Homestead).

NEW!! FLEET-WING

"CLEAN-FILL" GREASE GUN FILLER

Makes a clean job of an otherwise messy task. Fill hand guns direct from refiner's pail.

Synthetic rubber "collar" in center makes tight seal on any 2 1/4" gun barrel regardless of thread specifications.

Follower type disc remains in pail until empty. Protects against contamination of grease by dust and dirt.

When pail is empty grease gun filler can be transferred to new full pail of Fleet-Wing lubricant.

NEW FLEET-WING

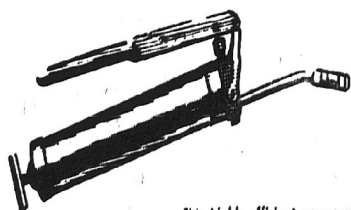

Piston Seal

MOTOR OIL

GUARANTEED VALUE AND GUARANTEED PERFORMANCE is your assurance that this is the finest motor oil money can buy! Fleet-Wing Piston Seal is the product of 10 years of research and development, and at last combines all the points of excellence for which petroleum scientists have probed for years! Fleet-Wing Piston Seal prevents hard carbon deposits! Keeps rings free to effect better compression. Gives more power, better operating economies. Fleet-Wing Piston Seal eliminates "ruinous sludge." It operates equally well at all temperatures and climates. Get Fleet-Wing Piston Seal ... every quart is backed by a written guarantee!

FLEET-WING General Purpose GREASE GUN

CHECK THESE FEATURES

This highly efficient grease gun operates on lever type principle which will develop up to 10,000 lbs. of pressure per square inch. It is spring primed and comes equipped with a bent pipe extension and Hi-Draulic Coupler.

- A. Barrel of 16-gauge steel tubing; holds one pound lubricant.
- B. Self-aligning — leak proof.
- C. Telescoping plunger rod may be pushed into barrel after gun has been filled.
- D. Pump head is square steel stock to withstand high pressure.
- E. Baked Enamel Finish on entire gun to prevent corrosion.
- F. Easily cleaned ball check valve at grease outlet.

Co-Op. Oil Station

READY NOW with complete FLEET-WING Farm Service

HERE THEY ARE! The complete line of Fleet-Wing farm products is available on tank wagon routes and at our convenient store in town. This is the first time we have been able to offer a unified line of petroleum products for cars — for trucks — for tractors — for home! Each and every item in the entire Fleet-Wing line has a tested record of superlative performance.

Fleet-Wing Products are backed by 76 years of refining experience and are constantly being improved in laboratories among the finest in the world.

Make this advertisement your check list to order needed items from your tank wagon driver on his next round or, better still, stop in when you are in town. You'll be amazed at the values!

FLEET-WING GREASES

(PAIL TYPE)

There is a Fleet-Wing Grease for every farm need — precision preparation plus actual farm testing make Fleet-Wing "tops" for every purpose!

GEAROL— Solves toughest lubricating problems, for spiral, worm, hypoid and other gears.

FLEETRAK— Specially designed to lubricate track rollers, truck wheel systems, and crawler type tractors.

CHASSIS LUBE— Decreases wear, seals bearings, resists heat or cold, is waterproof and non-hardening.

CUP GREASE— Prepared for rugged wearing points on Threshers, Reapers, Binders, Mowers, etc.

FIBRE GREASE— A heavy-duty grease for water pumps and swivel points, etc.

All Fleet-Wing greases are available in containers from 1 lb. cans to 400 lb. drums.

AT THE FARM

BIDDINGER & HUNTER

ROCHESTER, INDIANA

HEAVY COMBINED STRAW LOWERS HAY YIELDS

Last year's heavy combined straw and stubble left undisturbed seriously injured clover and timothy stands on many Indiana farms and in Purdue University Agronomy Department trials this year. The hay yield in Purdue tests where the stubble was clipped and all growth removed soon after harvest was over twice as much this year weeds, where nothing had been done as the hay yield including straw and with the straw. Where either the stubble was clipped and the mass of straw allowed to fall to the ground or where it was run over with the cultipacker without clipping the hay yields were about fifty percent greater than in the

fields in which the straw was undisturbed.

These results are in line with observations made in previous years and with Ohio Experiment Station trials over a period of years. The practice of clipping the stubble where clover and alfalfa have been seeded not only removes the mat of straw that is usually somewhat bunched and held up by the grain stubble, but also stops annual petition for the legume and grass seed-weeds that often make strong coming. Fall pasturing of rank growths of clover under heavy straw is also beneficial to the stand.

When less straw is needed, removal of the heavy combined straw without clipping helps to make a more uniform legume stand by removing bunchy

GEORGE R. BLACK

"Trade with Black and Save Your Jack"

straw masses. Where no straw is needed grass stands are improved by close clipping soon after combining. Close clipping is not injurious to red clover and alfalfa as new growth comes from the crown. The growing forage plants which come through the mat of straw shade the straw, helping to keep it moist. This makes the straw rot more quickly so that little of it is left by the following June to be picked up in the hay.

Clipping of young sweet clover is not advised. Rolling down the tall stubble and straw masses with a cultipacker or limiting pasturing to break up and trample down the heavy straw masses is recommended.

Mr. and Mrs. Kenneth Drudge are enjoying a ten day fishing trip at Lake Tomahawk, Wisconsin.

Miss Iolane Sue Drudge is spending ten days with her grandparents, Mr. and Mrs. Herschel Drudge.

COUNTRY NEIGHBORS CLUB

Twenty-four members of the Country Neighbor's Home Economics Club met Thursday afternoon at the home of Dorothy Herendeen.

Meeting was opened by all repeating the Club Creed. The history of the song of the month, "America, the Beautiful," was given by Uda Maxwell followed by the group singing the song. Roll call was answered by giving our favorite "left over dish."

Plans were made for exhibiting "Re finishing of Furniture" at the Fulton County Fair in August. The club picnic will be August 21 at the Rochester City Park with the members of the "Better Homes" club as guests.

Entertainment was a spelling contest which was won by Emma Zollman. Arlean Walters drew the mystery package.

The hostess, assisted by Helen Shunk, served refreshments of strawberry pie, ice cream and coffee.

Historical Food

Milk is one of the oldest known foods. Records exist of cows being milked in 9000 B. C. The Bible contains many references to milk, one of the best remembered from Exodus 3:8—"milk and honey." Sanskrit writings 6,000 years old tell how milk is one of the most essential of all foods. Hippocrates recommended milk as a medicine five centuries before Christ. In Ur of the Chaldees a frieze depicts a dairy scene in 3500 B. C. showing milk containers and strainers.

Large Number of Vets

Of all adult males in the United States today, nearly 29 per cent are ex-G.I.s.

Brain Food

No single food is a brain or nerve food but it takes a balanced diet to maintain the health of brain and nerves, as well as the health of the rest of the body.

Brazil in War

Brazil was the only South American country which declared war on Germany in World War I.

During the growing season, sows and pigs should be turned on alfalfa, clover, or other good pasture, John Schwab, Purdue University extension hogman, advises. Good pasture increases the milk flow and improves the health and growth of pigs. An acre of good pasture will carry five sows and their litters.

Sweet corn will average more ears per stalk and the ears will be larger when the corn is not suckered.

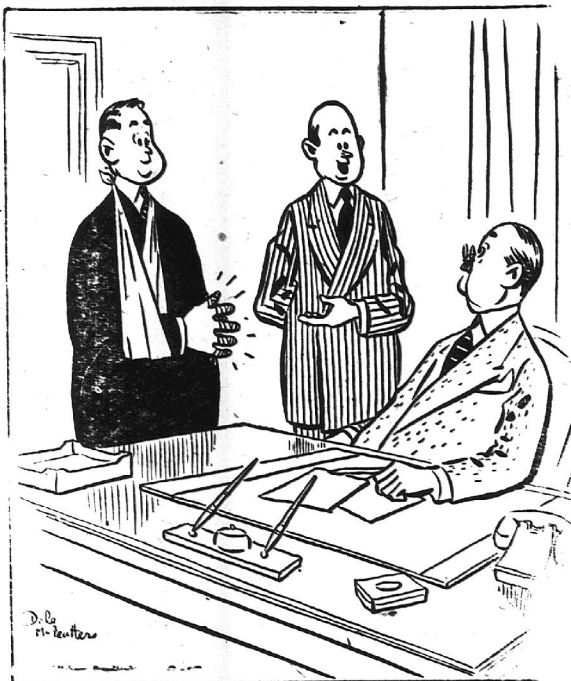

Corn contains too little protein to be fed to swine without a protein supplement, Purdue University extension hogmen say.

Manure and other organic matter will absorb and hold moisture. In wet or dry years, organic materials improve the quality of all garden crops.

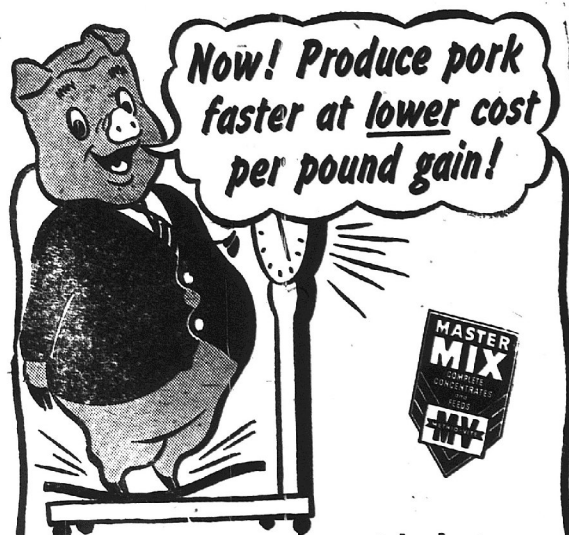

Prevent that crop damage by crows and blackbirds! Pieces of paper, cloth or glass suspended by twine from wires and alternated frequently along the edges of fields have proved effective in scaring away these pests.

Model Locomotive Tours U. S.

Guaranteed to attract the eyes of model train builders the world over, is this \$50,000, quarter-size model of a modern type 4-8-4 Timken Roller Bearing equipped steam locomotive.

The locomotive model was built, not as a toy, but rather as a graphic presentation of the rapid strides made in the railway applications of roller bearings.

Shown examining the model and the regular bearings used in full-sized locomotives, pictured along the sides of the exhibit, are Walter C. Sanders, left, General Manager, Railway Division, of the Timken Roller Bearing Company, and Lawford H. Fry, Director of the Steam Locomotive Research institute.

"Men ought always to pray
and not to faint."

—Luke 18:1.

MORE QUESTIONS — BIBLE ANSWERS

To whom and through whom should we pray?

"Giving thanks always for all things unto God and the Father in
the name of our Lord Jesus Christ" Eph. 5:20

For what should we pray?

"I exhort therefore, that, first of all, supplications, prayers, inter-
cessions, and giving of thanks, be made for all men; for kings, and
for all that are in authority; that we may lead a quiet and peaceable
life in all godliness and honesty." I Tim. 2:1,2

"Pray that ye enter not into temptation." Luke 22:40

"... pray for them which despitefully use you, and persecute
you." Matt. 5:44

"Confess your faults one to another, and pray one for another,
that ye may be healed." James 5:16.

"And when ye stand praying, forgive, if ye have ought against any:
that your Father also which is in heaven may forgive you your
trespasses." Mark 11:25.

Whose prayers will God hear?

"Now we know that God heareth not sinners; but if any man be
a worshipper of God, and doeth his will, him he heareth." John 9:31.

"For the eyes of the Lord are over the righteous, and his ears are
open unto their prayers; but the face of the Lord is against them
that do evil." I Pet. 3:12.

WELCOME TO THE CHURCH OF CHRIST

Railway Unions

Around 80 or 85 per cent of all
railway workers are members of
labor organizations. There are more
than 20 unions or brotherhoods in
the railway industry. Members of
these unions negotiate with the rail-
roads through chosen representa-
tives. Through many years of nego-
tiations, the train service brother-
hoods and railway management
have developed an extensive, and,
to the layman, a rather complicated
system of rules and regulations gov-
erning wage schedules and working
conditions.

Consumption Down

The trend in consumption of
meat, especially beef and veal, has
been downward during the last 30
years.

**EDUCATION DAY PARADE,
INDIANA STATE FAIR
SEPTEMBER 3RD**

Another pre-war event will be resumed at the Indiana State Fair on Sept. 3, Orval C. Pratt, manager has announced. It is the Educational Day parade, a regular State Fair feature but omitted in 1946 for lack of time for organization.

All high school bands in the state are eligible to compete in the parade which also will include floats entered by schools and education organizations.

The parade will be held in connection with Education Day at the State Fair, customarily the sixth day of the eight-day State Fair which will open Aug. 29. Directors of bands interested in entering the parade may obtain details from Mr. Pratt. Children under 12 years of age will be admitted free on that day.

**PMA TO REFUND 1940
PLANT FUND CERTIFICATES**

Seven years ago Pure Milk Association, Chicago, adopted a revolving fund plan which gave association members an opportunity to invest in their own co-operative organization. At the time the program was adopted, the producer investors were told that their investments would be repaid at the end

of seven years.

The Treasurer, W. E. Winn, has issued a call for the redemption of the 1940 plant fund certificates at their full face values. Members holding 1940 certificates of Investment should send them to the central office at 608 South Dearborn St., Chicago, 5, Illinois, immediately and a check for the full amount will be sent to certificate holders.

Later in the year checks will be issued to members for their share of savings in the General Fund for 1940. W. E. Winn says that the net worth of PMA on May 31st was \$1,917,156.17 and that this amount will be refunded to members by the seven-year revolving fund plan.

**CORNCOBS NOW USED IN
PRODUCTION OF NYLON**

Even the corn cob is finding its place in the synthetic world says Miss Frieda Stoll, extension clothing specialist, Purdue University.

The cobs, hulls, and other cellulosic materials are sources of a chemical known as furfural. Approximately 200,000,000 pounds of cobs or other agricultural by-products are needed to supply the maximum amount of furfural for one company.

In the making of nylon, the hulls or cobs are pressure cooked in a weak acid, followed by a complicated purification process. This is followed by

exact and complicated processing to produce nylon "salt". From this "salt", nylon yarn is manufactured.

This new process provides a replaceable source for one of the basic chemicals needed for nylon. However, Miss Stoll stated, there is no indication that the use of these agricultural by-products will reduce manufacturing costs in the future. Twelve years of study and about \$1,000,000 were used before experimentation on the new process was completed.

LOCAL NEWS

Jon and Jody Cullum returned to Chicago on Tuesday with their grandmother, Mrs. Roy Cullum. They plan to visit there until Sunday.

Miss Edith Weltshimer, teacher of English at Albuquerque, N. M., high school, Monday visited her cousin, Mrs. Dora Taylor, at Mentone. Miss Weltshimer was enroute home after a stay in the east, which included a tour of New England and a course at Columbia University.

We noticed a couple of very young men tacking a sign to the front of Lucille's Beauty Shop. The sign reads: "Dr. Whetstone and Dr. Clutter — We fix all cuts — 5c." The young men were Billy Whetstone and Jay Clutter.

Shirley, Donna Lee and Beverly Sue Horn have returned from Fort Wayne where they have been visiting the past week with their uncle and aunt, Mr. and Mrs. T. C. Hart.

NOTICE: MENTONE HOME EC. CLUB

The Palestine Home Ec. Club has invited the Mentone Home Ec. Club to be their guests at an all day meeting Thursday, August 7, at the home of Mrs. Dale Plew in Palestine.

Good attendance is desired.

LEGION TO SPONSOR SAFETY PROGRAM

Mr. Paul Jones of the National Safety Council, Inc., will be a feature speaker at the Indiana State Convention of the American Legion to be held in Indianapolis, August 4, 5, and 6, 1947. His subject will be "How the American Legion Can Sponsor an Effective Safety Program."

For many years the Legion has participated in safety work. At this time many Legionnaires believe a safety program should be made a major item on the Legion agenda. It had been pointed out that more blood is flowing on our highways than was spilled in the battlefields of our great wars. If the present trend continues, one out of every two of our younger generation will be killed or injured on the highway during his life expectancy.

Mr. James D. Harrison, Director of the Indiana Traffic Safety Commission, is very enthusiastic about the American Legion's proposed participation in the war against accidents. He states the unselfish public service of this character is further evidence of the Legion's patriotic devotion and continued loyalty to its country.

STATE ROAD MAN VISITS HERE

Mr. Taylor, of the state highway office at Warsaw, was in Mentone conferring with local officials Tuesday regarding the present parking regulations in Mentone.

The Merchants Association, members of the town board and citizens have objected very strenuously to the system put into effect several weeks ago.

Mr. Taylor stated that he would contact other state officials in an effort to get authority to change it from the present system. The change, if any is forthcoming, will likely be angle parking on one side of the street and parallel parking on the other, with the traffic engineer of the state stipulating which side may be angle parking.

State highway regulations stipulate the width a street must be to accommodate angle or parallel parking, and this cannot be varied except by special permission from the state officials at Indianapolis.

It is to be hoped that some relief will be forthcoming in the near future.

HELEN LONG SELECTED AS FARM BUREAU QUEEN

Miss Helen Long, clerk in the county extension office, has been chosen as Farm Bureau Queen to represent Kosciusko county at the state fair on Thursday, Sept. 4.

The daughter of Mr. and Mrs. Geo. Long of Harrison township, near Etna Green, Miss Long was active in canning and clothing work while a member of the 4-H Club and is now secretary of the Kosciusko County Rural Youth club.

SECURES LIBRARIAN LICENSE

Mrs. Walter Lackey has resumed her duties at the Mentone Public Library, having returned from Indianapolis where for the past six weeks she attended the State Library school for librarians.

A condensed course in cataloging, reference work, library administration, children's work, and book selection was given to librarians from libraries located in the various sections of the state.

The instructors were representative specialists in library work from over the state and members of the staff of Indiana University.

Upon the satisfactory completion of the course, each student was given a license to serve as a librarian in the state of Indiana.

Mrs. Lackey has accepted the position of librarian in the Mentone Public Library.

TOWN BOARD FIGURES BUDGET

Members of the town council met Tuesday evening to discuss the budget for 1948. All the candidates named for the fall election, were invited to attend the meeting.

The preliminary estimated budget indicates that with an increased taxable valuation, the mill levy will not be greater than 1947.

CLUB CALENDAR

The Royal neighbors will meet next Tuesday evening at 9:00 o'clock at the home of Mrs. Pearl Smith.

The W. S. C. S. of the Methodist Church will meet on Friday evening, August 1, at the home of Mrs. Ralph Mollenhour.

COUNTY DAIRY DAYS AUG. 6, 7 AND 8

The annual Kosciusko County Dairy Week will be held next Wednesday, Thursday and Friday, Aug. 6, 7 and 8, at the county fair grounds, at Warsaw.

The entire program is free to everyone, and anyone interested in dairy cattle will find the exhibits most interesting.

Guernsey day is Aug. 6; Ayrshire-Jersey day Aug. 7, and Holstein day Aug. 8th.

ALL-STARS TO ENTERTAIN MOOSE

The Plymouth Moose will be the guests of the Mentone All-Stars, Saturday night at Veterans Park. Plymouth handed Mentone their first defeat of the year about three weeks ago. The outcome was 4 to 3. Plymouth has one of the better teams in this section. Their pitcher, Rains, has approximately eight different deliveries, all of them fast and tricky. The local team will be out for revenge so don't miss this game.

Saturday, August 2nd, Game time at 8:00 p.m. Place - Veterans Park.

GET MARRIAGE LICENSE

Robert H. Steller and Rosalie Bennett, both of South Whitley, have secured a marriage license in South Bend.

Bob will be remembered by friends here as the co-editor of the Co-op News when C. W. Krathwohl was the owner of the Country Print Shop.

MOLLENHOUR

Mr. and Mrs. George Mollenhour, Jr. of Mentone, are the parents of a son born at 4 p. m. Thursday at the McDonald hospital.

WAGNER

Mr. and Mrs. Mervin Wagner, of Mentone are the parents of a son, born at 2:07 a. m. Friday at the McDonald hospital.

CLUTTER

A daughter, weighing 7 lb. 4 oz. was born to Mr. and Mrs. Clayton Clutter at the McDonald hospital on Friday evening, July 25. The new baby has been named Joyce Ellen.

FRANKLIN FOOR DIES IN FARM HOME

Franklin Pierce Foor, 84, died Monday evening in his home two and one-half miles northeast of Macy exactly two weeks after the death of his wife, Mrs. Mary Catherine Foor.

Mr. Foor had been ill one week. A native of Fulton county, he was born March 1, 1863, in the house in which he died. He was the son of Stephen and Hannah Runkle Foor. Mr. Foor married Mary Catherine Dowds, April 20, 1881, in Peru. He was a retired farmer.

Survivors include three sons, S. Verl Samuel S., and Orville C. Foor, all of Macy; one brother, Lewis Foor, Mentone; a sister, Mrs. Myrta Glendenning, Lakeland, Fla.; four grandchildren and four great-grandchildren.

Funeral services will be held at 2 p.m. Thursday in the Ditmire Chapel in Fulton with the Rev. William Shuman officiating. Burial will be in the Plainview cemetery at Macy.

The body will remain at the Ditmire Funeral Home in Fulton where friends may call.

FLENAR-KESLER

On Saturday evening, July 26, at 8 o'clock, Ellen Lee, daughter of Mr. and Mrs. Forrest Kesler, was united in marriage to Robert Flenar, son of Mrs. Mildred Flenar. The ceremony was performed by Rev. S. M. Hill at his home. Freda Kesler and Howard Fawley were the couple's attendants.

The bride was attired in blue. Both she and Freda wore corsages of roses and gardenias.

Both Mr. and Mrs. Flenar are graduates of the Mentone High School, and he is employed at the Manwaring Leghorn Farm.

DEMOCRATS NAME CANDIDATES FOR TOWN OFFICES

Mentone democrats met at the town hall last Friday evening and named the following as candidates in the town election to be held this fall:

Councilmen:
Cloice Paulus
Dale Tucker
Merle Linn.
Clerk-Treasurer:
Mahlon O. Mentzer.

NEW BOOKS

The Nurse Said Yes - By Carol Morris

When Rozwell Tower, son of a wealthy and doting mother, had asked his nurse, Helen Linsdale, to marry him, and help him regain his health, she had hesitated only briefly, for she had felt that she had nothing to lose—and she was genuinely interested in Rozwell Tower's case.

So Linny, as her friends called her, and Roz, went to live at the lovely Tower home. Gradually Linny won over her husband's proud mother, his grand mother and his aunt. But just as Linny could see smooth sailing ahead—and just as she had begun to realize that she loved her husband—Sharon Ewing, Mrs. Tower's foster-daughter, returned to the Tower home—reckless, glamorous Sharon, who had once been engaged to Rozwell Tower.

If Sharon had only stayed away a little longer, thought Linny, her make-believe marriage might have turned into a real and lasting one. But Sharon meant to stay. And Sharon, who usually got her own way, still loved Roz.

Tomorrow's Promise - By Cecily Bowman

Into the lives of the people of Penn-York, a town in upstate New York came Paul Francis Gregory Jones, a young man in search of his rightful heritage.

Upon the death of Patti Gregory, Paul had learned that he had been substituted for her own son when her own son and Paul's parents had been killed in a train wreck. And when Paul found that he was the son of Francis Jones—a member of the Hill Jones clan—and Anne Marie Vonkirschka, he felt that he had something real and fine to offer his new wife, Pandey.

But the River Joneses and the Vonkirschkas were set against the Hill Joneses; the River Joneses because of the Hill Joneses' refusal to give land for a new bridge site after the old bridge

had been swept away; the Vonkirschkas because, in fracas after the war of 1812, the Hill Joneses had driven their ancestors across the river. Old Casimir Vonkirschka had additional grounds for hatred. His daughter, Anne Marie, had eloped with a Hill Jones.

How Paul and Pandora Jones and Theresa and Ted Jones, a River Jones who had married old Casimir's granddaughter, cut out the canker from this once fine old town makes a stirring and romantic story.

Little Sister - By Mary Burchell

Alix's happiness on finding her mother was not unmixt with heartache. Verena, the glamorously beautiful opera singer, was determined that the world should not know that she had a grown-up daughter.

So Verena became Alix's adored older sister—not the mother she had longed for with all her sensitive young heart.

Raised in small village by her grandmother, Alix knew nothing of the fashionable world into which she had been thrust. Of all Verena's friends, only Barry Panthrup seemed to speak her language. It was inevitable that these two should be thrown together—and it was inevitable that serious, lovable, Alix should fall in love with attractive Barry.

But Alix had not foreseen Verena's swift jealousy—a jealousy so intense that all those who loved her seemed destined to be consumed in its flames.

Murder at Calamity House - By Ann Cardwell

Disaster, or something infinitely more terrifying seemed always to be lurking in the shadowy halls and corners of Ashton Park. It dwelt in Ashton's mean little eyes and in his brother, Clare's malicious smile. It lived in the hate-filled heart of their sister, Lee Stair's mother, whenever she looked at anyone but her dour maid, Milliecent. And it pursued Lee herself thru the darkened cellars of the old house until she came face to face with—murder.

Not that murder seemed out of place in Calamity House, but why should the most harmless member of the singularly sinister mirage have been chosen as the victim? Could it have been that young Lee Stair had been marked for death? But if so, what was the motive? Who could wish ill of a gallant lovely girl, only recently widowed? Besides, all signs pointed to Lee, herself as the killer.

Even local Chief of Police Hamlin and the shrewd, good-looking New York detective, Lawrence Fry, at first believed Lee guilty. Greater danger, keener peril, and threatened madness, all lie in wait for the distraught girl before her childhood friend, Peter Caldwell, joined forces with Lawrence Fry, to discover the motive and to trap the terror.

The Buckaroo - By Herbert Shappiro

When Tade Cole rode into Shorthorn on his misnamed mare, Mike, he found the cow town in a buzz of excitement, and the center of excitement was a store in which a murder trial was taking place. Edging his way into the courtroom, Tade had found the young defendant, Curly Walker, being sentenced to death for the murder of two aged recluses—Abe and Jud Hassett. And almost at once Tade had been convinced that Curly had been framed.

Not many of those gathered in the courtroom thought Curly guilty, but someone must take the rap for the

murders, and Curly, being that most dreaded of all things by cattlemen—a homesteader—might as well be the goat.

They had reckoned without the Walkers, however, as soon as the verdict was announced, pretty Eva Walker, a gleaming Colt held steadily in her hand appeared in the doorway. And Tad, springing to her aid, found himself ranged on the side of the Walkers against the most powerful cattlemen of the region.

But with "Shorty" Cohill as an ally—and with the love of Eva Walker as a reward—Tade ferreted out the killers and brought them, to swift justice—a justice that needed a bit of prodding with the butt of a colt—but justice, nevertheless.

**FOUR DAY 4-H FAIR
AT SOUTH BEND**

One of the country's biggest and most entertaining 4-H club fairs will open a four-day stand at Playland park, South Bend, August 6 when 1,500 St. Joseph county boys and girls launch their 21st annual 4-H club county fair.

Full fair flavor will be offered daily with three high-flying thrill acts presented each afternoon and night, scores of free exhibits of educational and entertaining nature, thrill rides, fireworks each night, and a daily program of interesting activities.

Highlights of the fair will be 125 prize 4-H club steers each of which must have gained 400 pounds since last fall to qualify for exhibit at the fair and a shot at the grand championship prize. In addition there will be 4-H raised dairy calves, pigs, chickens, geese, rabbits, and other animals.

On opening night of the fair, Wednesday, August 6, the 4-H dress revue will be presented in front of the Playland grandstand in traditional Hollywood style. Forty of the best dresses made by 4-H girls and chosen from a field of 225 will be modeled by their creators who will be trained by a professional model.

Thursday the cattle judging will be conducted by Purdue University experts and Friday night the 4-H prize beef auction will be presented with full fanfare. Saturday the Jimmy

Lynch Death Dodgers troupe will occupy the spotlight in front of the grandstand.

Besides the major fair events there will be a women's building filled with exhibits of interest to women and midway exhibits of farm machinery, automobiles, a Japanese suicide PT boat, and a dozen other items.

**HEALTH FACTS FROM YOUR
STATE BOARD OF HEALTH**

Eating in Hot Weather

It is sometimes false to assume that hot weather calls for a decrease in the quantity of food one eats since the amount of food one needs depends chiefly upon how hard he works or exercises, the State Board of Health advises.

A farmer who works most strenuously in summer will consequently need to eat more at that time. The same applies to children. They need more food in summer when most of them are more active physically.

Many children lose weight during the vacation months because they do not eat enough to meet this increased need. Children require a hot breakfast and hot lunch as much now as they did during the winter.

Housewives in planning their summer meals should make less use of meats, fatty foods, rich desserts and foods which require much cooking, and should reduce the total amount of food only a little. Serve more cool foods

HAS OPERATION IN CHINA

Rev. and Mrs. Hill have received a letter from their daughter, Marjorie, which tells them that her husband, John Knecht, underwent an appendectomy recently.

Rev. and Mrs. Knecht have been in China for several months, where they are serving as instructors at the Mission College in Lingnan, Canton, China.

John had known for some time that his appendix had to be removed, and due to the extremely crowded conditions of the hospitals, had had an application for a room in. On the morning of July 4, he received word that a room was available. On Saturday morning the operation was performed. On Sunday evening the patient sat up and on Monday (urged and aided by the doctor who is a believer in early ambulation) the patient took a few steps and, on Thursday afternoon was able to go home.

At the time the letter was written the patient was improving satisfactorily.

and drinks and those easily digested and prepared—jellies, salads, cream egg dishes and frozen desserts. This or cottage cheese, cold meats, simple way nourishing meals can be served, and the time spent laboring in a hot kitchen reduced.

**ICE CREAM SOCIAL
AT TIPPECANOE**

The ladies of the Tippecanoe Methodist Church announce an Ice Cream Social to be held on next Friday evening, August 1, on the grounds near the standard Oil Filling Station. They plan to offer home made ice cream and cake. They will appreciate your patronage.

Mr. and Mrs. Max Nellans have returned from a week's trip attending the I. B. C. A. Convention in Cleveland and visiting with relatives, Mr. and Mrs. Fred Klingenhagen, in Akron, Ohio. Mrs. Klingenhagen is the former Letha Jenkins who resided in Mentone many years ago.

NEW YORK 13, N. Y.

OLD HOTEL BUILDING BEING TORN DOWN HERE

This week workmen started tearing down one of Mentone's oldest buildings—the old hotel.

The building is being torn down to make way for a new factory building being constructed by the Frank Saemann interests.

In an effort to secure a little of Mentone's old history, we were directed to Clark Ernsberger, who was a young man when Mentone was beginning to appear back in 1882. He lived on a farm three miles from the present city and helped in building construction, logging and sawmill work. Clark said he got his start at 12½¢ an hour—\$7.50 a week with \$3.50 going for board.

The first business building was one at the present site of the Farmers State Bank where A. C. Manwaring opened a store in about September, 1882.

The hotel building was built in 1883 by George Reed, and some of the lumber came from a sawmill where Mr. Ernsberger worked. Mr. Reed's son, who was a painter, fell 55 feet off the present Mayer Grain Company mill and broke his back. He recovered and lived for a number of years. Mr. Reed ran the hotel for a number of years after which it passed into the hands of a Mr. Hatch of Argos, a Mr. Clapp, Mr. McCall, Jack Brugh, Phil Bowman, Frank Bowman, Emanuel Mentzer, and possibly others. Frank Warren purchased the structure and made a restaurant out of a part of the lower floor. Charles Madeford owned the restaurant for some time and after its purchase by Miner Mollenhour the room turned into a card and pool room. Chas. Madeford again came into possession of the building and operated the card room until it was sold to Noble Shaffer.

The west addition to the hotel was built later, with rooms on the second story and a cigar store in the main floor. Men by the names of Sears and Zents had it until it fell into the hands of "Doc" Thompson who operated it for 35 years.

The third part of the structure, occupied by Wade Whetstone's tailor shop for 34 years, was built next and it housed the post office for eight or ten years.

After "Doc" Thompson in the cigar store came Marshall Goodman and then John Secrist, who eventually moved across the street near the telephone building where Coopers' store is now located. The next occupant was the experimental unit of the Miracle Arm plant, owned by Mr. Saemann.

The building recently occupied by Pete's Store and also slated for destruction to make way for industry, was built by Henry Damon for a butcher shop. This was in '84 or '85 but Mr. Damon shortly discontinued the butcher business and opened a

saloon. On to the west George Kimes built another frame restaurant building and next to it "Medy" Creager gave Mentone its first saloon. When business demanded larger quarters Mr. Creager built a larger building around it, never closing "shop" for a minute until the new building was ready, when they moved the old one out the back. That way it wasn't necessary for him to get a new liquor license, etc.

At the present site of the Lake City Machine Shop, recently known as the old Ford garage building, Lew Clayton and Clarence Doane built the first hardware store. This business changed hands many times, eventually ending with Robert Reed and his father. A part of the owners were: Bill Leonard, Frank Sarber, N. N. Latimer, Latimer & Bybee.

Many an event has been missed in this brief historical sketch, and possibly the chronological order of ownership, etc. may not be perfect, it is enough to denote that much activity has taken place in and near the old hotel building. After its departure, a new and modern building will take its place and go on making history for Mentone citizens of the future.

As for the materials from the present building, we understand they are destined to go into a lake skating rink.

Plan Asparagus Plantings

Since asparagus plantings should last from 12 to 20 or more years, the crop should be carefully planned, the same as for starting an orchard.

**FOR SNACKS-
SANDWICHES**

they love its rich, mild
cheddar cheese flavor

NUTRITIOUS!

DIGESTIBLE AS MILK

Replacing Pockets

When trouser pockets must be replaced, if possible get cotton twill made especially for this purpose. This sturdy material outlasts muslin. It comes in 30-inch widths, and two side pockets may be cut from one length. Pocket lengths vary, so always measure them before buying cloth for replacing.

Aid to Cleaning

Soak discolored glass cooking utensils in lukewarm water and wash with soapsuds. A little baking soda added to the soaking water will help loosen the food. If some brownish stains remain, rub with dry baking soda. Using rough scouring materials may mar the surface. These places may develop into cracks.

WOODLAWN IS WOODLAWN TO STORK

Woodlawn hospital in Rochester is living up to the reputation of another Woodlawn — Woodlawn Courts in Bloomington.

Woodlawn Courts is a trailer camp at Indiana University for veterans and their wives. Not only is it a trailer camp but it seems to be a camping ground for the stork and all his assistant "stork-masters."

Evidently the stork's radar went blooey in Sunday's storm because he landed six times in 21 hours at Woodlawn Hospital at Rochester according to the record in Superintendent Ada Leonard's books.

— Rochester News Sentinel.

Among the above new arrivals was a son, weighing 3 lbs. 14 ozs. born to Mr. and Mrs. George Reed, of Akron. At present, the new baby, George Reed 2nd, is confined in an incubator.

W. S. C. S. TO MEET FRIDAY

The W. S. C. S. will meet at the home of Mrs. Ralph Mollenhour at 7:30 Friday evening, August 1. Those who do not have a way to go may meet at the church at 7:15. All members are urged to bring their Penny-A-Day boxes.

INDIANA BEAVER ARE CON- TENT ON KENTUCKY SHORE

Twenty-seven Indiana beaver have been transplanted to Kentucky, and they are very happy there.

At least that is the report from Indiana Department of Conservation officials, who okayed the movement for experimental purposes. The animals were captured in the Kankakee river beds by John L. DeLime of the Kentucky Conservation Department, and the most recent information from Mr. DeLime indicates that the "displaced persons" are conducting their affairs just as if they had been born on the south side of the Ohio river.

The old Kankakee marshes once teemed with beaver, but after the dredging they disappeared completely, and Indiana with without beaver until the Fish and Game Division liberated 12 in 1935. Now, it is estimated there are between three and five thousand of the fur-bearers in the state. Even several of the strip mine ponds in southern Indiana are supporting colonies.

Economy-minded citizens will be glad to know Mr. DeLime trapped the beaver at Kentucky's expense with Kentucky's equipment.

ANOTHER DAISY

A peppery ball-hawk from the deep South, Mary Roundtree, has been handling the catching duties behind home plate for many of the Fort Wayne Daisies games this year. Miss Roundtree, hailing from Miami, Fla., is a pre-medical student at Florida State College for Women during the winter months. She joined the All-American Girls' Baseball League in 1946, playing with the Peoria Redwings. Known as a clutch-hitter, she usually divides the backstopping job with the Daisies' other catcher, Ruby Heafner. Roundtree and her mates will open a four-game series with the Kenosha Comets at Memorial Park in Fort Wayne, July 30-31, Aug. 1-2. All games in the series will begin at 8:15 p. m.

PSI IOTA XI

Mrs. Alice Mollenhour was hostess at a picnic supper last Thursday evening for members of the Beta Epsilon Chapter of the Psi Iota Xi.

Bridge was enjoyed during the evening, prize for the highest score going to Mrs. Viola Weatherbee, and second to Mrs. Pauline Riner. Mrs. Iris Anderson won the door prize.

The August 7 meeting will be with Mrs. Mary Frances Hudson.

POLIO PRECAUTION

Dr. J. W. Jackson, director of the Board of Health Division of Communicable Disease Control suggests that parents permit their children to swim only in clean, supervised pools, and overexertion and chilling should be avoided.

Thus far this year 22 cases of polio have been reported.

Mr. and Mrs. Raymond Cooper recently attended the Summer Home Furnishing Market at the Merchandise Mart in Chicago, where they saw displays of furniture, toys and household wares. Next week they plan on attending Fall Market Week which will have displays by wholesale merchants at the Palmer House and wholesale houses.

FREE AIR

HOWDY FOLKS: There are some very wonderful women who couldn't tell a lie if they tried—but they sure can tell a lie the minute it comes off their husband's tongue.

Friend: "But why did you pick a wife who is so fat?"

Newlywed: "Because I figured it would be easier to live with 200 pounds of curves than with 100 pounds of nerves."

Mistress: "Did you mail my letter?"

Maid: "I sure did!"

Mistress: "Then why did you bring back the three cents?"

Maid: "I just slipped the letter in the box when no one was looking!"

But that maid was not any worse than the man who thinks he can slip by without greasing his car and changing oil regularly, just because no one comes to inspect it. The folks who come here regularly for oil and lubrication tell us that we add miles and miles to their driving pleasure.

MOTOR LAWS VARY CONSIDERABLY

Knowledge of motor vehicle laws in the states he will visit are as important to the motorist in preparing for his vacation as locking his house and garage and conditioning his car, Chas. M. Hayes, president of the Chicago Motor Club warned today.

Accident records received by the club president reveal that half of the traffic accidents occurring in cities under 50,000 involve out-of-towners. Still more non-residents are arrested for traffic violations not associated with accidents.

A new ordinance passed in Indianapolis, Indiana, banning U-turns on all streets illustrates unusual regulations sometimes encountered in local ordinances. The State of Washington goes beyond the fairly uniform law in many states which penalizes hitch-hikers and also penalizes motorists who grant rides to hitch-hikers.

Even when traffic signs in a strange territory are inadequate or confusing to strangers, non-resident violators sel-

dom are granted the defense of ignorance of peculiarities in the local traffic laws, Mr. Hayes emphasized.

Although motoring organizations have made marked progress in obtaining improved uniformity of traffic laws and signs, motorists still cannot rely on knowledge of their traffic laws and signs in their immediate home area to take them safely without inconvenience everywhere in the country, Mr. Hayes stated.

In most territories classification of local regulations may be obtained from offices or agencies of state motor vehicle departments, offices of state, county, and municipal police, information bureaus in City Halls and some chamber of commerce headquarters, and offices of the U. S. Bureau of Foreign and Domestic Commerce.

YOUTHS AT STATE SCHOOL LIBERATE QUAIL, PHEASANTS

Indiana's game bird population will be increased this year as a result of efforts at the Indiana Boys' School, Indiana Department of Conservation

officials announce.

Several hundred day-old chicks — quail and pheasants—were raised by the youths under the supervision of Don Misner, superintendent of the dairy barn. At the age of release, eight weeks, 110 pheasants out of 120 were still living. Four hundred quail survived out of 480. The ring-necks were liberated last week, and the quail will be released about Aug. 4.

Hendricks county receives the benefit of the releases, and conservation clubs in that area assisted in the rearing program. The Brownsburg club supplied two brooder houses and others were loaned by organizations at Clayton, Avon and Plainfield.

Mr. and Mrs. Dewey Whetstone and Mr. and Mrs. John Boganwright left Sunday for a week's trip at Spider Lake, near Traverse City, Michigan.

ALL-TIME RECORD SET IN INDIANA'S 14 STATE PARKS

Indiana's chain of 14 state parks attracted more than a million and a quarter persons this year, establishing an all time record in attendance.

According to Kenneth R. Cougill, director of the Division of State Parks of the Indiana Department of Conservation, paid admissions numbered 1,257,644 for the fiscal year ending July 1st of this year.

Mr. Cougill attributes the increase in park attendance to "the insatiable desire of Hoosiers to get back to nature." Last year's attendance records show that 1,061,532 persons visited the 14 scenic areas.

★ Today good will may starve to death. Keep it alive with customer courtesy and careful advertising.

Insulating Material

Cellular rubber, on war duty to protect the delicate instruments that guide ruthless fighting, once again is available for the proper and prosaic task of insulating refrigerated space. This heat-transfer retardant, reported as lighter and more effective than cork as an insulator, besides being proof against rot and vermin, is made by expanding rubber with chemicals containing nitrogen.

U.N. Memberships

There are four members of the United Nations with more than a hundred million population and four with less than one million. Largest members are China with 481,215,000 population; India, 388,998,000; the U.S.S.R., 193,000,000, and the United States, 140,850,000. Smallest member nations are Iceland, 126,000; Luxembourg, 301,000; Panama, 632,000; and Costa Rica, 707,000.

OUR CHURCH DOOR

To all who mourn and need com-
fort, to all who are tired and need
rest, to all who are friendless and
want friendship, to all who are lonely
and want companionship, to all who
are homeless and want sheltering love,

"THE CHURCHES OF CHRIST SALUTE YOU"

Our Foundation—"Other foundation can no man lay than that which
is laid, which is Jesus Christ." I Cor. 3:11
Our Belief—"Thou art the Christ, the Son of the living God." Matt. 16:16
Our Rule of Faith and Practice—"Every scripture inspired of God is also
profitable for teaching, for reproof, for correction, for instruction
which is in righteousness: that the man of God may be complete,
furnished completely unto every good work." II Tim. 3:16-17
Our Name—"The disciples were called Christians first in Antioch." Acts
11:26. "The churches of Christ salute you." Rom. 16:16
Our Worship—"True worshippers shall worship the Father in spirit and
truth." John 4:23
Our Mission—"Go ye therefore, and make disciples of all nations bap-
tizing them into the name of the Father and of the Son and of
the Holy Spirit: teaching them to observe all things whatsoever
I have commanded you." Matt. 28:19, 20
Our Prayer—"That all may be one in Christ that the world may believe
God sent Him. See John 17:21
Our Invitation—"We heartily and earnestly invite the cooperation and
prayers of all who indorse these principles.

WELCOME TO THE CHURCH OF CHRIST

POULTRY, EGGS AND CREAM**CONSERVATION CLUB EVENTS**

Thursday evening, July 31, will end the 8th year for the Conservation Club Camp at McClure Lake. In that time 562 boys have had the privilege of attending and enjoying the camp which teaches the principles and practices of conservation.

This year camp convened on Sunday afternoon, July 27 with Joe Clark and Cliff Breeden as camp directors, assisted by Dale Eisinger, who is assistant county agent of Fulton County.

M. C. Fawley took care of registering and assigning the 36 boys to bunks.

Chancey Mollenhour has charge of the Commissary and early Wednesday morning provided a special treat for the boys breakfast by frying doughnuts. We might add here that the Burket Ladies Aid are doing a wonderful job of cooking. (A fact which can be personally backed by three members of the Co-op News Staff).

Camp Counsellors are Vern Sparks and Walt Yoder.

Bill Lands, of Huntington, is the lifeguard.

Outstanding events of the week have been: Monday, Health Inspection by the County Health Nurse; Lesson in Safety, by State Patrolman George Coon, of Leesburg; Rifling and Archery, directed by Walt Yoder, local Conservation Officer; Bill Barnes, who

is with wildlife research, was the speaker of the evening.

Tuesday a fine trip to the Jasper-Pulaski game farm. In the evening, Harry Young, Supt. of the Game Farms in Indiana was the speaker.

Wednesday, Forestry, in charge of Art Parrish and George MacAllister and Soil Conservation, in charge of Joe Clark. Food and Cover (for game) was a project for Wednesday. In the evening, J. Van Camp of Purdue forestry was in charge.

Thursday, Dave Ferris had charge of the lesson on wildlife, Fish, and Water. In the evening all the presidents of conservation clubs were in charge.

During the week, vesper services were held each evening on the hillside and were conducted by various ministers from the county.

We are certain that the 15 Fulton county lads and the 21 from Kosciusko county will agree that this week has been more than successful.

Mr. and Mrs. Royal Blue left on Monday evening for California where they plan to make their home.

Sherman Paxton was taken to the Woodlawn hospital last Wednesday.

Mrs. Eloise Everman is employed in the office of the Lake City Machine Shop.

MENTONE AIRPORT

"Chick" Herendeen, Opr.

FOR SALE—Duo-Therm oil burning room heater, in good condition. See Marie Coleman, phone 32, Mentone. A group of six men, including Dale Tucker and John Ettinger of Mentone, traveling in two of Frank Sae-

mann's Stinson planes, returned from a fishing trip into Canada Tuesday afternoon. They made the return trip from 170 miles northwest of Duluth, Minn., to Mentone in 5½ hours of flying time.

ARRIVES IN WEST VIRGINIA

Mrs. Ileen Thomsen has arrived at Memorial hospital, Milton, W. Va. after a long trip in an iron lung from Indianapolis.

Ileen, who was queen of the Mentone Egg Show six years ago, then resided near Burket with her parents, Mr. and Mrs. Earl Sarber. It was while visiting them about a year ago that she was stricken with polio.

Her husband, a doctor and a nurse accompanied her on the trip to West Virginia.

VISITS IN TOWN WEDNESDAY

John Watt was a caller in town Wednesday. John was a traveling salesman for a food company for many years. He retired last year but has to visit his old friends occasionally.

When he saw that the old hotel building was being torn down, he recalled the time many years ago, when caught. It required the services of in closing the window his fingers were he was staying overnight there and Clark Ernsberger, then night watchman, to extricate him.

4-H CAMP NEWS

The County 4-H Camp came to a close last week after a most interesting week of activity.

Philip Lash was director. Those attending from Mentone and Palestine 4-H Clubs were: Kenneth and Forrest Dunnuck, Floyd and Lloyd Thomas, Jerry Tinkey, Wayne Romine, Charles Beeson, Jr., Burdel Blackburn, Edna Quier, Elnora Sie, Valeria Fisher, Elaine Dunnuck, Marjorie Mollenhour, Janet Rose Reed.

Star campers were Lois Mishler, of Sidney and Bill Ayers, of Sidney.

There were 117 boys and girls representing the 38 4-H Clubs in the county.

Orville Wilson just returned from a week's trip to Cheyenne, Wyo., where he visited his son, John. While there he witnessed a real western rodeo and he said they really play rough. He made the trip out by plane, taking

four and a half hours from Chicago to Cheyenne. He came back by train and struggled through 23½ hours.

DALE NELLANS MARRIED

Dale Nellans, son of Mr. and Mrs. H. V. Nellans, of south of town, and his bride, the former Miss Roselynn Pankop, daughter of Mr. and Mrs. Walter Pankop, of Albion, are now on a two weeks' wedding trip through the north and west.

The wedding took place Sunday, July 21, at the First Methodist church in Kendallville, with the pastor, Dr. C. G. Yeomans officiating.

About 150 guests attended a reception held at the home of the bride's parents after the ceremony.

Mrs. Nellans is a graduate of the Albion high school and has been a student at Manchester college the past three years. Mr. Nellans is associated with his father and brother in the Nellans Poultry Farm.
