**UTTER**

Mr. and Mrs. Richard Utter, of west Mentone, are the parents of a 7 lb., 8 oz. daughter born last Friday at the Woodlawn hospital. The new daughter has been named Laura Lee.

—Come to Mentone July 4th—

Mrs. Tony Hight, of Mentone; Mrs. Mary Lou Troxel, of Tippecanoe; and Miss Shirley Houghton, of Bourbon, left on Monday morning by car for California. Mrs. Hight (Virginia Rush) will join her husband, who is stationed with the Marines at San Diego. The other two will visit relatives in Los Angeles.

—Come to Mentone July 4th—

**MRS. NEWMAN DIES**

Mrs. Lovina Mae Newman, age 60, wife of John A. Newman, of Culver, died at 5:19 Thursday morning at Parkview Hospital, Plymouth, after a week's illness. She was born in Pulaski County near Winamac on September 12, 1891. On April 27, 1913 she was married to Mr. Newman and they moved to their present farm home in the Zion neighborhood southwest of Culver. She was a member of the Zion Evangelical and Reformed Church until that church disbanded when she moved her membership to the Grace Evangelical and Reformed Church in Culver. She was also a member of the Culver-Union Township Home Economics Club and was very active in church and community affairs. Surviving with her husband are two daughters, Mrs. Lovina Wesson, Culver, and Mrs. Helen Samuelson, Donaldson Indiana; four sons, Charles G., Jesse Dick, and John Allen all at home and Herbert R. in the Army stationed at Atterbury, Indiana; three sisters, Mrs. Mary Rock, Rochester, Indiana, Mrs. Martha Rentschler, Buckeye, Arizona and Mrs. Cora Peters, Winamac; two brothers, Jesse and John Warmbrod both of Kewanna; and four grandchildren.

Funeral services will be held at two-thirty o'clock Sunday afternoon at the Grace church with Dr. Meredith Sprunger, pastor of the church, officiating. Burial will be at the Zion cemetery southwest of Culver. Friends may call at the Easterday Funeral Home.

—Come to Mentone July 4th—

Mr. and Mrs. Chet Creakbaum and Mr. and Mrs. Claude Barkman are enjoying a vacation trip near East Jordan, Michigan.

**FUN FOR EVERYONE!**

Roger Kelly, our director for the community summer recreation program, has given us a report of activities so far this season.

There are groups meeting for softball, tennis, archery, badminton, shuffleboard and darts. To add to the enthusiasm, various merchants are offering trophies, for both boys and girls in these various sports. These trophies are on display in the various store windows.

The response to the swimming class has been overwhelming, with about 60 children on deck last week. Several of the mothers have assisted, which has been appreciated.

The hand work classes each morning in plastics, metalcraft and woodwork are very interesting. (If any of you girls want to learn woodworking, now is your chance.) Some of the finished hand work articles are on display in the Co-Op. News window.

Models for the model airplane class were furnished by Coopers' Store. Lumber for the woodworking group was furnished by the Mentone Lumber Company. The Co-Op furnished metal for the metalcraft class.

Special classes in ceramics, textile painting and glass etching will be announced by the director next week.

A group which will bear watching is the Soap Box Derby Class. These six boys will enter their cars in the Warsaw Soap Box Derby. We hope to have a picture of this group soon.

The parents and all others are invited to visit these various classes and see them in operation. The enthusiasm might be catching.

There is still room for boys and girls in each of these classes and each one is urged to have some fun and learn something new this summer.

Mr. Kelly has stated that none of these groups will meet on Friday as everyone will be busy with the July 4th program.

—Come to Mentone July 4th—

**ENJOYING TRIP WEST**

A card from Bob and Mirabel Reiwoldt, mailed from California says: "We are having a wonderful trip. Picked up Bobby today. Went on board his ship this p. m."

The Robert Reiwoldts and Ivan Tuckers are on a 4 or 5 weeks' trip to the west coast.

**PLANS COMPLETE FOR JULY 4TH CELEBRATION**

A large attendance is expected at the big July 4th celebration in Mentone Friday evening. This year's independence day celebration has a number of added features, including almost twice as large a display of fireworks.

The program starts at 6:15 with a number of athletic contests and at 7:00 p. m. there will be a boxing program of five bouts. Curly Witham and Mervin Wagner are local entrants.

At eight o'clock the "Miss Liberty" contest will find a large group of local beauties competing in the juvenile revue. There will be a special musical feature and Wilbur Neer will be here with his clown act prior to the softball game with the Zollner Piston Reserves at 8:45.

At ten o'clock there will be fireworks. There will be no admission charge to the grounds or to any event, although there will be a free-will offering taken at the softball game. Refreshments will be available for those who may be hungry or thirsty, and auto parking will be properly supervised. The Mentone Boy Scouts will patrol the parking grounds.

Bleacher seating is always insufficient for the large crowds that come to Mentone on the Fourth, so anyone desiring to have as much comfort as possible would find it practical to bring along a camp chair, cushion or blanket.

**Boxing Schedule**

The five boxing bouts find the following contenders:

Lennie Gehl (128 lbs.) South Bend vs. Dick Klotz (126 lbs.) Mishawaka.  
Curly Witham (144 lbs.) Mentone vs. Jim (Tiger) Heath (142 lbs.), Osceola.

Ronnie Fisher (145 lbs.) LaPorte vs. Bill Woodard (143 lbs.) So. Bend.  
Mervin Wagner (158 lbs.) Mentone vs. Pete Thomson (147 lbs.) Mishawaka.

Johnnie Thomson (114 lbs.) Mishawaka vs. Joe Woodard (115 lbs.) South Bend. These two boys have fought on three previous occasions and are evenly matched.

**HOME FROM WESTERN TRIP**

Dr. and Mrs. F. B. Davison returned home Monday evening after a 15 day trip in the Rocky Mountains.

They spent 3 days at Pindale, Wyoming, following the trip as outlined in a spring issue of the Household magazine, and meeting many of the people mentioned.

They then visited Yellowstone Park. Came home through the Black Hills.

—Come to Mentone July 4th—

**MARRIAGE LICENSE ISSUED**

A license to wed was issued last Thursday afternoon to Fred A. Wood, son of Mr. and Mrs. Albert Wood, R. I. Warsaw, who is in the Army and Betty A. Kelly, daughter of Mr. and Mrs. Wayne Kelly, R. I. Mentone.

—Come to Mentone July 4th—

**HAWLEY — WILEY**

Dale Hawley, of Bourbon, and Mrs. Pauline Wiley, of Warsaw, were united in marriage on Saturday, June 21, in Warsaw. Immediately after the ceremony they left for Niagara Falls, where they planned to stay for a week. After returning they are residing on a farm east of Bourbon.

—Come to Mentone July 4th—

**OLUB CALENDAR**

American Legion Auxiliary, Tuesday July 8, at the Legion home, 8 p. m.

—Come to Mentone July 4th—

4 Leaf Clovers 4-H Club will meet Wednesday, evening July 9, at 7:00 at the home of Lois Dowden. Hostesses will be Barbara Lent and Beverly Walburn. Please bring record books. This is the last meeting before Achievement Day.

—Come to Mentone July 4th—

Mentone Home Demonstration Club will meet Thursday, July 10, at the home of Mrs. Earl Smith, Rochester. Bring table service.

—Come to Mentone July 4th—

Mentone Home Dem. Club members going to Camp McClure, July 8 meet at drug store corner at 8 o'clock promptly.

—Come to Mentone July 4th—

Women's Camp program at McClure Lake July 7, 8 and 9.

War Mothers will meet at the home of Lavera Horn on Wednesday, July 9, at 8 o'clock.

Notice—All War Mothers wishing to go to the Veterans' Party at Ft. Wayne Friday, July 11, please notify either Marie Coleman or Mildred Fawley not later than Monday, July 7, as it is important to know how many are going.

NO CHANGES PLANNED  
IN PURDUE CATTLE FEED

Lafayette, Ind.—Purdue University animal nutritionists, seeking possible changes in their popular Purdue Cattle Supplement A, found no improvements in alterations tried last winter. The supplement is used to fortify steer rations in winter feeding tests with various kinds of roughages.

Supplement A gives each steer a daily ration of 3.5 pounds, consisting of 2.25 pounds of soybean oil meal, one pound of molasses feed, and small amounts of bone-meal, salt, cobalt, and a vitamin A and D concentrate.

Using corn silage as the roughage, Dr. W. M. Beeson and Dr. T. W. Perry found no significant difference in grain, general appearance of carcass quality of steers fed with linseed oil meal in the Supplement A formula. Steers receiving corn silage and the regular supplement containing soybean oil meal gained 2.85 pounds daily at a cost of 17.65 cents a pound, while those on the linseed meal supplement gained 2.72 pounds at a cost of 18.67 cents.

Three other modifications of Supplement A were tested with ground corn cobs as the roughage. Addition of two per cent condensed fish solubles did not stimulate growth, increase feed efficiency or lower cost per pound of gain. Gain was slightly less than the 1.5 pounds daily achieved with corn cobs and the regular Supplement A, and the cost was two cents a pound higher.

Substitution of ammonia for part of the protein in Supplement A slowed the rate of gain by one-third pound daily and increased the cost two cents a pound. Steers receiving 40 per cent of the protein equivalent from ammonia, however, grew just as rapidly as

those getting only 20 per cent of their protein from ammonia.

—Come to Mentone July 4th—

## COUNTRY NEIGHBORS MEET

The Country Neighbors Home Ec. club met June 19 with Mrs. Richard Notz of Rochester.

The meeting was called to order by the club president Uda Maxwell. The pledge to the flag and club creed were repeated in unison. The Song of the Month, "Let Me Call You Sweetheart" was then sung by the group.

Members responded to roll call by naming an interesting place they had visited. The lesson "Electricity and Its Uses" was given by Dora Norris and Virginia Law. Dora showed us how to make or mend an electrical cord.

During the business session Emma Zoleman and Elnora Craig were appointed to meet with the committee from the T. H. E. and Tippecanoe River Club to plan entertainment for the 4-H fair.

The hospital auxiliary was discussed and members voted to give \$1 toward the project for the coming year.

Eleanor Hoover was voted into the club as a new member.

Mabel Norris and Eleanor Chamberlain had charge of entertainment. A contest was held with side No. 1 winning. Door prizes were received by Elnora Craig and Lisette Notz.

Sunshine gifts were received by Myrtle, Le Vera and Faye.

Auction articles were purchased by Dorothy, Arlene, Marie, Uda and Dora.

Refreshments were served by Mrs. Notz and co-hostess Elnora Craig.

The next meeting is to be a tour of various factories at Warsaw. Each member is to meet at the home of Helen Welty by 9 a. m.

## PROTECT WILDLIFE

The fascination which baby animals have for tourists and picnickers may be deadly, for the animals at least, warns the Chicago Motor Club.

Fetching bear cubs and attractive fawns are hard to resist, but contact with humans is akin to signing the young animals death warrant. Once a tiny animal has been touched by a human the chances are that its mother will never have anything more to do with it. Thus, the fawn or cub or other young animal may starve or die from lack of parental care or protection.

The motor club also points out that it is illegal to pick up and take away or give a home to young animals except in some rare instances where state conservation or wildlife bureaus permit it.

As a fawn, bear cub or fox pup grows, it becomes dangerous and no longer suitable as a pet. Then it must be destroyed or released. If released back into the woods it may become a victim of its new environment since it has not learned how to take care of itself.

The motor club also cautions motorists to be careful not to destroy wildlife while driving. A young brood of partridges or wild turkeys can be wiped out by a careless motorist who races along the back roads at excessive speeds. Take time out to enjoy the scenery and make camera shots if you

can, of the big and little wild animals, but don't pet or fondle them, and don't try to make pets out of them.

—Come to Mentone July 4th—

## HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

The incidence of Rocky Mountain spotted fever in Indiana, although never high, seems to be on the decline with the number of cases reported the past three years declining fifty per cent as compared to the preceding three years.

Although this is early in the season, no cases have been reported this spring; 4 were recorded in 1951; 7 in 1950; 9 in 1949; 14 in 1948, and 23 in 1947.

Dr. Albert Marshall, Jr., medical director, Central Branch, Indiana State Board of Health, attributed the decline to the watchfulness of people going into wooded areas against the species of tick which carries the disease.

He re-emphasized the importance of this vigilance and warned vacationers going into wooded areas to wear heavy clothing for protection. A search of the clothing should be made upon return from the area. Care should be taken in the removal of ticks from dogs.

Dr. Marshall pointed out that the removal of the tick is important too in avoiding the disease. The human body should not come in contact with

We have the  
**NEW**  
Swift's  
Mineral Supplement  
BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:

- It's soft enough so animals get their mineral quota easily
  - It's hard enough to resist weather
  - It's easy to handle, easy to feed
- In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements

- Manganese
- Iron
- Copper
- Cobalt
- Sodium
- Chlorine
- Calcium
- Phosphorus
- Magnesium Sulphate
- Iodine

THE CO-OP. MILL

the tick which should be handled with such articles as tweezers, cotton, or a piece of paper. Dr. Marshall stated that a lighted cigarette is useful in removal of the tick from the skin as the heat causes the tick to release its hold immediately.

A vaccine is available for immunization against Rocky Mountain spotted fever but it is not recommended unless the person is going into tick infested areas.

—Come to Mentone July 4th—

## "LEAFLETS THREE, LET IT BE"

Motorists who plan to "take to the woods" over the fourth of July weekend are warned by the Chicago Motor Club not to let poison ivy spoil their fun.

Poison ivy is a shiny, green-leaved plant that looks like any other vine, but can be identified by the fact that its leaves branch off in threes. Like other ivy plants, the poisonous variety is green in summer, but turns red or orange in the fall.

The Club advises that this three-leaved menace grows almost anywhere. It is sometimes seen growing as a vine up trees, in thickets or as ground cover. It can even prosper in your garden.

Motorists travelling with children should remember that prevention is the best medicine with poison ivy. They should memorize the old saw, "Leaflets three, let it be."

## SINGSPIRATION JULY 5

AT ROCHESTER

The monthly Community Singspiration will be held at 8:00 p. m., July 5, at the Nazarene Church in Rochester. There will be an all-musical program. Rev. Jack Harvey will lead the group singing and all churches are urged to provide some special numbers.

## BEAVER DAM 4-H MEETS

The regular meeting of the Beaver Dam Agricultural 4-H club was held in the home of Karen and Wilburta Latimer on Thursday, June 26. 32 members responded to roll call by naming his favorite song. Pledges to the American and 4-H flags were led by Karen Latimer.

4-H camp and Junior Leaders camp were discussed. Also special meetings for Tractor maintenance and electricity were discussed and will be held on Monday, June 30, and Wednesday, July 2, respectively.

The next meeting will be held in the home of Shirley and Barry Igo on July 11.

Reporter, Mary Lou Doering

—Come to Mentone July 4th—

A field day at the Purdue University Sand Farm near Culver will be held August 22, according to George Rn-field, extension agronomist.

# METHODIST CHURCH NEWS

The Assembly Week Program held at Epworth Forest last week attracted several hundred Methodists of the North Indiana Conference. Over a hundred young people of high school and college age attended the Young People's Missionary Camp and participated in a Lake-side Program on Thursday evening.

The Laboratory School which is limited to classes of fifteen student teachers attracted the interest of capacity enrollment. It is here that the best teachers in children's work are obtained to instruct church school workers of the Kindergarden, Primary and Junior Departments. Many of the teachers travel over much of the United States to provide the best leadership training possible for church school workers.

Classes for officers and members of the Women's Society were also held, with the best available leadership possible. Ladies of the local church attended sessions two days.

The Lake-side speaker was Dr. Russell Humbert, President of DePauw University. He also lectured and presided over a Seminar for Ministers which

was held each morning following the Bible Hour.

The Bible Hour Speaker was Dr. Elmer Leslie of Boston School of Theology, Boston University. From his great book in the Psalms he directed the thinking and feeling of the several hundred persons present to great heights of inspiration and understanding. As a professor and student of Old Testament Literatures he ably translated the Psalms and gave new and deeper insights into those experiences of worship which his hearers shared. Another great work he has accomplished is his book, **THE PROPHETS TELL THEIR OWN STORY**, published by the Abington Press, 1939.

The Gossers were privileged to enjoy the fellowship with the Kegerreis and Case families of Leesburg and Middlebury in the Leesburg Cottage. Ladies from the Leesburg and Clunette Churches shared their dinners at the cottage the days they attended the sessions for the Women's Society.

The week of July 13 to 19 is the Warsaw District Camp Adventure. Rev. Gosser is Director again this year, and plans to take about ten of the local Intermediates along to Epworth Forest. Plans are under way to help provide

their expenses through an Ice Cream Social to be held on the church lawn on Saturday evening, July 12. Any volunteer labor to help turn the twenty gallons of home-made ice cream is welcome on Friday and Saturday of next week.

On August 3 the High school age youth will go to Epworth Forest for Institute. About fourteen MYFer's will attend. Arrangements have been made for them to use the Grand View Cottage which last year they shared with the Elkhart Calvary MYF.

A complete program of these youth activities will be presented here next week.

There are always some individuals who feel that it is too hot to attend church in the summer time. According to thermometer readings thus far, the church is always ten to twelve degrees cooler than the outside shade and cooler than most homes. Such excuses only reveal the lack of spiritual enlightenment and evidence the Bible truth, "By their fruit ye shall know them." Matthew 7:16, 20.

The ladies who attended the W. S. C. S. sessions at Epworth Forest were: Mrs. Dan Urschel, Mrs. Jack VanGilder, Mrs. John Ellsworth, Mrs. Abe Whetstone, Mrs. Russel Carper, and Mrs. Robert Firkins.

While Mrs. Gosser helped with Laboratory School as Warsaw District

**FORMER TEACHER DIES**

Miss Ethel Smith, of Warsaw, former Mentone and Etna Green teacher, died at 1:55 a. m. Wednesday at the home of her brother and sister-in-law, Mr. and Mrs. Dale Smith, near Harrison Center. She had been ill for a year and had undergone surgery and treatment for four weeks last February. She had retired from teaching last year.

Miss Smith was born in Harrison township Feb. 8, 1892, the daughter of Hiram and Mary Ellen (Yenner) Smith. Her father died in 1940 and her mother last January 26th.

Surviving relatives include an uncle, Benjamin Yenner, of Indianapolis; Mrs. Frank Yenner, Warsaw, an aunt by marriage, and a number of cousins in addition to her brother and sister-in-law and their family.

Funeral services will be held at 2 p. m. Friday at the Bibler funeral home, Warsaw. Rev. John Schroeder, pastor of the Harrison Center E.U.B. church, will officiate with Rev. O. I. Uncapher, pastor of the Warsaw church, assisting. Burial will be in Oakwood.

—Come to Mentone July 4th—

**AWARDED DIVORCE**

Robert L. Sanders, of Mentone, has been awarded a divorce from Donna Rae Sanders. He also received custody of their child, Lenna Jo Ann, aged five. The defendant was given visitation rights and temporary custody of the child, not to exceed two weeks, during her annual vacation. They were married on Feb. 23, 1945, and separated March 18, 1952.

**PLACES SECOND IN MERMAID CONTEST**

Miss Geneva Whetstone placed second in the mermaid contest held at North Webster last week in which over 40 young ladies participated. She was awarded \$50 and a week's vacation at Yellowbanks.

Miss Frances Study, of Beaver Dam, won first place honors in the contest and was awarded \$100, a wrist watch and jewelry and a week's vacation.

The Mentone and Beaver Dam community can feel proud that their representatives placed in the first two awards among contestants throughout the state.

—Come to Mentone July 4th—

**COUNTY JUDGING CONTEST HELD ON WEDNESDAY**

The County 4-H judging contests were held in the Women's building at Warsaw Wednesday.

Winners going to the district contest later this month are:

Food Preservation — 1st Jane Ann Warner, Monroe township; 2nd Pat Scherer, Silver Lake.

Baking—1st Dora Oliver; 2nd Laura Adams. Both are members of the Beaver Dam Better Daughters club.

Food Preparation — 1st, Rita Williams, Claypool; 2nd, Nancy Wise, Silver Lake.

Clothing—1st, Anita Garman, Claypool; 2nd Tomaline Witham, Atwood. Wilburta Latimer and Judy Teel, of the Franklin 49'ers club, placed third and fourth respectively in food preparation.

Miss Elener Norris, of Mentone, was in charge of the home improvement judging class.

—Come to Mentone July 4th—

**BOAT RACES AT WARSAW JULY 4**

The Lakeland Boat Club, of Warsaw, is again sponsoring a big program of sanctioned power boat racing on Winona Lake starting at 1:00 p. m. July 4.

The Lakeland club has been very active for a number of years and they have a program that will interest anyone interested in boat racing. The program is complete and varied.

Last July 4, high winds had the lake so rough that about 30 of the drivers had to be "fished" from the lake during the day.

—Come to Mentone July 4th—

Minnie Busenburg's son, Dale and his son from Los Angeles, arrived last Friday for a visit with Mrs. Busenburg and Mary Jane. Mrs. Busenburg is now operating the switchboard at the Burket telephone office.

—Come to Mentone July 4th—

A school for training men to qualify for cow testers will be held at Purdue University, July 21, to August 1, G. A. Williams, extension dairyman, will be in charge. Information regarding the school and openings for cow testers is available from the dairy husbandry department at Purdue.

Mrs. Ralph Mollenhour and son, Roger, and Mrs. LaVern Mollenhour and daughter, Betty Lou, spent the week end at Rensselaer visiting relatives.

Mr. and Mrs. C. D. Cole, of Elkhart, and Mr. and Mrs. M. O. Mentzer returned Sunday from a week's fishing trip near Traverse City, Michigan. They report cool weather and fair fishing.

**MERCHANTS TRADE WINS  
WITH LAPORTE TEAM**

The Mentone Merchants split a double-header softball game with LaPorte at Mentone Wednesday evening. Mentone won the first game 6 to 4 and lost the second 5 to zero.

Stayback of LaPorte got two runs, one on a walk and one on an error and Bean and Plis got one run each. The last two named, along with Turner, had two hits each while Thornburg and Morris were each credited with one hit.

McGowen, Leffert, Emmons, D. Stouder and Linn each made a run while Stouder added a home run to his single run. Stouder also got two hits while Leffert, Emmons and Fore got one each.

In the second game Stayback, Plis Rauschenback, Thornberg and Barden each had one hit and each made one run for a total of five.

H. Fawley, Emmons, H. Stouder, D. Stouder and Linn each got one hit for the Merchants but nary a player found his way home.

—Come to Mentone July 4th—

**ENJOY RIVER TRIP**

Ralph and LaVern Mollenhour had a much shorter week end outing than originally planned. They put their boat in the Tippecanoe River Saturday near the Crystal Lake area, planning to go as far as the Tippecanoe Conservation Club and then camp out until Monday. It was a fine trip until the wind and electrical storm came up Sunday evening and they had to abandon their plans for reasons of self preservation.

It's a fine idea. A boat or canoe trip on the Tippecanoe River is rich in experiences, both to the physical and esthetic sense of man and boy. (Ask the editor or his son. So far, the distaff side has maintained a neutral attitude, but the day may come—the day may come!)

—Come to Mentone July 4th—

The employees of the Frank Manufacturing Company are enjoying a week's vacation.

Dennis and Gerald Fitzgerald drove to Indianapolis Sunday with A/lc Thomas Fitzgerald, where Tom boarded a plane to return to Lawson Air Force Base, Ft. Benning, Ga. He has been spending a 20 day leave at home.

**CREIGHTON BROS. PLANNING  
OPEN HOUSE NEXT TUESDAY**

The Creighton Bros. Hatchery, along Highway 30 east of Atwood, are looking forward to a big day next Tuesday, July 8th, when they are inviting their customers and friends in to celebrate the ground-breaking for the 50th poultry building to be erected on the Creighton Brothers farms.

The day starts at 9:00 a. m. with continuous guided tours of the farms and hatchery building. Color slides of a year's operations will be shown every hour on the hour in the hatchery building. Ground-breaking ceremonies will start at 12:00 noon with Don W. Lyon, general manager of the Poultry and Egg National Board officiating.

Barb-B-Q chicken will be served at 12:15, with entertainment by WLS stars from 1:30 to 2:00, when Hobart Creighton will give a talk on his trip to Korea. After more entertainment there will be a question and answer panel.

—Come to Mentone July 4th—

**WIND PAYS ANOTHER VISIT,  
ONLY MORE DESTRUCTIVE**

This vicinity was again visited by a tornado Sunday evening, leaving a wide path of destruction in its wake.

As before, the worst part of the blow seemed to be in the southwest part of the city, although damage was reported all over the city. Many homes were without electricity because of broken power lines, and in more than one place "hot" lines were arcing on the ground.

Mentone's damage was primarily to trees, with some citizens losing six to eight trees. However, the Beaver Dam community suffered more damaging losses from the hail and wind. Wheat and corn crops were damaged, a number of barns were damaged or destroyed along with other buildings and a number of orchards.

Mrs. Hill and Mrs. Rans attended the Youth for Christ meetings at Winona Lake on Saturday and Sunday evenings.

**IN MEMORIAM**

In memory of our dear wife and mother, Pearl Fenstermaker, who passed away, one year ago, July 3, 1951. One year has passed since that sad day.

God called the one we loved away. Forget her, no, we never will. For in our hearts she liveth still. The blow was great, the shock severe. We little thought this and so near. And only those who've lost can tell. The pain of parting without farewell.

JOHN FENSTERMAKER  
AND FAMILY

**NEWCASTLE S AND E LADIES  
ENJOY FINE PROGRAM, EATS**

The S and E Ladies of Newcastle Township were entertained in the country home of Mrs. Sam Leach Thursday afternoon, June 26. Mrs. Leach was assisted by Mrs. Joe Peterson and Mrs. Clarence Mikesell.

The meeting opened with community singing. Mrs. Joe Peterson read John I from the Bible, the meeting continued with a piece, "What is to Be," and a prayer by Mrs. Mikesell. Jingle Bells was sung by the group. Roll call was answered by "My Favorite Flower." The secretary's report was read and approved. Mrs. Roland Lukens talked on the Pet and Hobby Club and also spoke on the convention in Indianapolis which she attended recently.

The guest speaker was Mrs. Kermit Biddinger. For her topic Mrs. Biddinger chose the subject "Have We Surpassed Our Grandmothers?" In her very

pleasing manner Mrs. Biddinger delivered her speech which was enjoyed by everyone.

The program committee was in charge of Mrs. Victor Toby. The program consisted of many enjoyable features. A piano solo by Linda Barkman. Recitation by Donald Pfeiffer and a talk on Father's Day by Mrs. Charles Stanford. A reading on Father by Mrs. Gaston Coplen and a recitation by Jimmy Barkman. Two contests were also given. Delicious refreshments were served.

The committee for the next meeting in September will be Mrs. Clarence Peterson, Mrs. John Dawson, Mrs. Wilvin Long and Mrs. Walter Safford. There will be a guest day.

Mrs. Cleo Drduge, president of the S. and E. Club, who has recently been ill is getting along as well as can be expected.

—Come to Mentone July 4th—

### Diet of Milk

A person can't live on a diet of milk alone although milk comes nearer than any other single food to affording all the essentials of a complete diet. It is deficient in iron, copper and manganese, which are needed in small amounts, as well as in Vitamin A and D. A person living on a diet of milk exclusively would develop anemia, and other disorders due to the vitamin deficiency.

Indiana farmers received five per cent more for their products in May than in April. The May index of farm product prices was three per cent lower than a year earlier. The rise in the index from April to May was due mainly to a 24 per cent rise in the price of hogs, according to Purdue University agricultural economists. Potatoes rose 18 per cent and chickens fell 15 per cent. Although the corn-hog ratio improved from April to May, it was still below a year earlier and the so called "normal." May dairy-feed and poultry-feed ratios were all lower than in April and a year earlier.

#### HARRY KINZIE WRITES

26, June 1952

Dear Art,

Have been trying to find a cool place here in the barracks but with no luck. It was only 98 degrees here at 2 p. m. today. Was 84 degrees at 11 p. m. last night and 80 degrees at 6 this morning. The weather forecast said scattered showers were due this evening but failed to appear.

I got out here with very little trouble and really enjoyed my stay in Washington, D. C. The only trouble was that I did not have enough time to see near all the sights there.

One day while I was there the temperature was 94 degrees at 2 p. m. when it started to rain and hail. At 2:15 is was only 73 degrees, but a very welcome change.

I met one fellow there that I used to know in Alaska, and here on the base have talked to my ex boss a couple of times. All 3 of us wish we were back up there.

I'm working in the Flight Coordinator office here trying to schedule the flights and crews for our four planes. The main drawback is the fact

that the planes are based at Syracuse, 63 miles from here, and it is rather hard at times to get everything to coordinate.

We have a nice bunch of guys here and we get along fairly well.

This being a basic training camp, we have a lot of extra rules, etc, that are set up due to that fact, but it still isn't too bad.

This is an old Naval Boot Training camp and all buildings are about half again as big as normal army and air force buildings. The main Chapel here is the largest and nicest of any Air Force Base all over the world.

We are all planning a big week end over the fourth, as we are off from 4:15 p. m. Thursday until 7:30 a. m. Monday. Two of us are planning on going to Baltimore that week end.

Geneva is 17 miles north of here and is not much of a town. About the size of Warsaw I think with very little to do for entertainment.

Hope this finds everything going well back in Mentone and that it isn't too bad.

Sincerely,

A/c Harry F. Kinzie

### FOOD AND BAKE SALE

In this kind of weather, ladies, you will appreciate this item—Food sale, Lemlers Market, Saturday, July 12. It is sponsored by Mentone Reading Club.

### VACATION READING PROGRAMS

#### Group I — Grades 2, 3, and 4

Group I met at the Library at 8:45 a. m. last Thursday for their Circus Program. Mrs. Ralph Mollenhour told the children two stories: "A boy and a dog" by Henry and "Little James Henry" by Credle. She also played an album of records portraying the Big Circus. Mr. Kelly took the group outdoors and demonstrated a new way to "walk the tight rope." All the children became quite skillful walkers. Each child took home one or more books to read before next week.

#### Group II Preschool and first grade

Group II met at 10 a. m. last Thursday at the Library for a program on toys. Mrs. Wayne Bowser read the story of the runaway toys and played a record for the children. Each child showed their favorite toy and told its name. Mr. Kelly took the children outdoors and they acted out the story of the Runaway Toys and played singing games. Each child chose a book for Mother to read to them.

#### Group III, 5, 6, 7 and 8th grades

Group III met at the Library at 1 p. m. Thursday. The group voted to

call themselves the Thursday Reading club. The theme of the afternoon was Sports and Hobbies. First on the program, was a debate: Resolved that basketball is a better sport than soft ball. The affirmative team consisted of Rachel Walters, Beverly Walburn, and James Barth. The negative team included Billy Whetstone, Larry Teel and Fred Anderson. There were some good arguments on each side and the affirmative won. After a game of charades, won by George Fitzgerald and Billy Whetstone, Mr. Kelly discussed the importance of weather knowledge and forecasting and the group decided to build a home made weather station where they can predict local weather. They began to build a rain gauge which will be completed at the next meeting.

All the boys and girls of the community should attend these meetings. There will be seven more meetings of each group. All children of Group I and Group III who attend seven meetings during the summer may go on the Trip which will be a Museum either at Purdue or Chicago. It is not yet too late to start, so be sure to come.

—Come to Mentone July 4th—

## GOT CAT'S-EYES? ... IF NOT, YOU NEED THE Lee Road Hazard Guaranty

... You're bowling along at night. The moon is up, the stars are out, and your headlights throw a steady beam. BUT—a night-cruising builder up ahead has lost a 45-lb. cinder block from his giant load.

Smacko—you hit it! Smacko, that is, in the right front tire.

No driver can prevent a ruined tire if conditions are against him. Chuck holes, broken bottles, jagged rocks and curbs—all menace you, day or night, regardless of your skill. Your only defense against loss—your only one—is a Lee Road Hazard Guaranty.

For 15 months your Lee Super DeLuxe passenger tire is guaranteed against road hazard damage of any kind. The Guaranty is unusual, unique. For, in addition to covering defects in materials and workmanship for life, it says in plain type that if you suffer rim cut, bruise, blowout, impact break; if your tire is injured by under-inflation, overload, faulty alignment or faulty brakes—the loss is Lee's, not yours.

Next time you are in the market for a tire, come in and see us. Remember, new tires are much cheaper than hospital bills—and you never know just when one of your old tires is going to blow out.

A typical price is \$18.74 (plus tax) for a 6.70 x 15 Lee Tire.

**JACOB KESLER RITES HELD**

Jacob Kesler, aged 81, a lifelong resident of the Mentone community, died at 3:30 p. m. Thursday at the McDonald hospital of pneumonia. He had been in failing health for about two years.

Mr. Kesler was born near Mentone August 9, 1870, a son of Isaac and Elizabeth (Brocken) Kesler and in 1894 was married to Ida Guy, who died in 1935.

Surviving are a daughter, Mrs. Verl Halterman, of Mentone; one brother, Ed Kesler, of Warsaw; 2 grandchildren, John Allen Teel and Herschel Teel, of Mentone; and six great-grandchildren.

Funeral services were held at 2 p. m. Sunday at the Johns funeral home in Mentone, with Rev. David Gosser, of the Mentone Methodist church, officiating.

**UTES HELD FOR MRS. WILTROUT**

Funeral services for Mrs. Ralph Wilttrout, formerly of the Palestine and Silver Lake communities were held at the Landis funeral home in Warsaw, on Tuesday. Burial was in the Palestine cemetery.

Mrs. Wilttrout died Saturday morning at Bethlehem, Pa., following a long illness due to carcinoma. Her husband, two daughters and a son survive.

**W. W. SMITH DIES**

Funeral services were held July 3 at the East Chicago Congregational church for W. W. Smith whose death from a heart attack occurred Monday at his home in East Chicago.

Mr. and Mrs. Smith, who had spent the past 30 summers at their Crystal Lake cottage, had many friends in this community. It was reported that he had been in poor health for several months. He and his wife had been at Crystal Lake on recent week ends but had not yet moved down for the summer.

**PLYMOUTH EAGLES TO BE HERE FRIDAY NIGHT**

The Mentone Merchants verses the Plymouth Eagles this Friday evening, at the Mentone Ball Park, 8:45.

Cecil Stouder, of Etna Green, will be the pitcher for the Merchants.

**MARRIED**

On Saturday Evening, June 28, at the home of Rev. and Mrs. E. E. DeWitt, Mr. Jerome Miller of Columbia City and Mrs. Rose Louise Brunner of Larwill were united in marriage. The special guests were the two brothers of the bride and their wives, William E. Hamlet and Mary C. Hamlet, Richard Hamlet and Audrey Hamlet. Mr. Miller is at present employed at Detroit and eventually the Millers expect to move there.

**BLACKFORD**

Mr. and Mrs. Dale Blackford, of Tippecanoe, are the parents of a daughter, weighing nine pounds, 13 ounces, born at 2:52 a. m. Friday at the Murphy Medical Center.

**PAULUS**

Mr. and Mrs. C. K. Paulus, of North Manchester, are the parents of a 7 lb. 9 ounce daughter born July 8. The new daughter has been named Carolyn Kay.

Mr. and Mrs. Cloice Paulus and Mr. and Mrs. Furl Burns are the paternal and maternal grandparents, respectively.

Mrs. Paulus is in Room 368, Lutheran hospital, in Fort Wayne and will be there for another week.

**CLUB CALENDAR**

The Friendly Neighbors Home Demonstration Club will meet at the home of Mrs. Vernon Jones, Monday evening, July 14, at 7:30.

Jolly Janes Home Demonstration Club picnic will be July 14. Meet at Mrs. Tridle's at 6:00 p. m. Bring covered dish and weiners and buns for yourself. Old club members invited.

Merry Mollys picnic at the home of Mrs. Lamar Leffert, 7:00. Monday evening, July 14.

Library Reading Program—Grades 2, 3, and 4, Thursday, 10 a. m. to 11 a. m. Preschool and grade 1, 8:45 a. m. to 9:45 a. m.; Grades 5, 6, 7, and 8, Thursday, 1 p. m. to 2 p. m.

W. S. C. S. Thursday July 12, 7:30 at the church. Mrs. Robert Firkins in charge of program.

**EGG SHOW MEETING MONDAY**

There will be a meeting of the Mentone Egg Show committees on Monday evening, July 14 at 7:30 at the Mentone school building, according to a call issued by Carroll M. Eiler, secretary.

**MARRIAGE LICENSE ISSUED**

A marriage license was issued July 7 to Robert Sanders, 27, of Mentone; and Peggy Collette Bierman, 22, registered nurse, of Mishawaka.

**UNNECESSARY NOISE A PROBLEM**

Recently the town board has received numerous complaints about unnecessary noise from various vehicles on and about the city streets. As a result the board instructed the editor to issue an appeal to all citizens to aid in abating this nuisance.

Noise in any busy industrial city cannot be completely eliminated, and the only solution is the thoughtfulness and cooperation of everyone. All citizens are aware of the times and places where noise is decidedly out of order, and their considerate behavior is an electoral mark of good citizenship.

Other cities, too, are having similar difficulties, but it is to be hoped that it will be reduced to a minimum here without resorting to arrests and heavy fines like those now being imposed in neighboring cities.

When speaking of noise, it is easy for one to point out one or more particular groups, but from a community standpoint we should consider all unnecessary noise in the same respect.

The remedy lies in just one place—be sure that it's the other fellow who makes the noise.

**OPEN KESLER ESTATE**

The estate of the late Jacob Kesler, who died on July 3 leaving personal property valued at \$3,000, has been admitted to probate with John Allen Teel as executor. Mr. Kesler's last will was dated Nov. 28, 1938.

Terms of the will leave all household furniture to the grandson, John Allen Teel, and the remainder of the property to the above and another grandson, Hershel Jacob Teel, Mentone, in equal shares.

**IF YOUR HAY IS HEATING, CALL THE FIREMEN**

The boys of the Mentone fire department request that we again announce that they have a hay thermometer and it was purchased for the purpose of preventing costly fires. If you suspect your new hay is heating, call the Mentone firemen and they will come out and test it for you. There's no charge for this service.

**FIRE RUN MONDAY NIGHT**

The Mentone fire department made a run to the Jake Yantiss farm home near Tippecanoe Monday evening, but there was no fire-fighting problem.

Mr. Yantiss had been doing some construction work and Monday evening he decided to burn the empty cement sacks and building and wrapping papers. A neighbor, seeing the big blaze, suspect some building was burning and turned in the alarm.

The firemen are here to protect property and do not begrudge a mistaken "dry run". The neighbor is to be complimented upon his alertness.

**CHUCK HOLLOWAY HAS EMERGENCY OPERATION**

Charles (Chuck) Holloway, of Burket, underwent an emergency appendectomy performed Saturday night at the Woodlawn hospital in Rochester.

**NEW PRINCIPAL FOR TIPPECANOE SCHOOL**

Norris Jackson, who has been principal of the Jackson township school in Decatur county for the past two years, has been employed as principal of the high school at Tippecanoe. He will succeed Hardy Songer.

**TO MOVE AUGUST FIRST**

Mr. and Mrs. Wilvin Teel and family are planning to move to their farm about the first of August.

They purchased the Loe Teel farm last spring and have done extensive remodeling. Lucille plans to move her beauty parlor equipment and continue to operate in newly remodeled quarters in their home.

HEALTH FACTS FROM YOUR  
STATE BOARD OF HEALTH

Hot weather makes dogs lose their tempers too, so Dr. J. D. Salisbury, veterinary epidemiologist, Indiana State Board of Health, pointed out today the importance of the confinement of the biting dog.

"Indiana health regulation HCD 25 requires any dog reported to have bitten an individual or suspected of being rabid should be confined and held in observation for a period of not less than 14 days," Dr. Salisbury said.

"This regulation has been passed both for the protection of the people and the dog. If the stress of hot weather makes the dog bite at people, his confinement will reveal whether it is a case of a bad disposition or rabies which results in death," Dr. Salisbury reported. "By confinement, we mean that the dog be placed where it has no opportunity for contact with animals and only minimum contact with humans."

Dr. Salisbury pointed out that if the animal proves to be rabid and a human has been bitten, proper treatment can prevent loss of life. But, if the animal remains healthy, the taking of the costly and painful treatment would not be necessary. If a biting animal cannot be apprehended, the taking of antirabies treatment, dependent upon the type of exposure, may be warranted.

"Rabies among animals reaches a high peak in July with diminishing occurrence through November. We cannot overstress the importance of the confinement of the biting animal," Dr. Salisbury concluded.

Mrs. Maurice Rogers and children and Mrs. Lena Barkman and children left on a trip Tuesday morning for Wisconsin and surrounding states.

THE TRUE VERSION OF  
THE BIG SNAKE

(No. Manchester News-Journal)

Ralph Lambert, paper salesman from Fort Wayne, relates probably what is the true version of the big snake scare that had Fort Wayne newspapers writers stretching their imaginations for wild descriptive words a few days ago. Mr. Lambert said that several years ago he was taking a pet bull snake to his cottage at a Northern Indiana lake. The snake was in a box on the trailer, and somehow escaped from the box. Snake-like, it wrapped its tail around the trailer, axle, but he was driving so fast the snake could not complete the wrapping process and dragged along until he got to the lake. By that time it had stretched to nearly 20 feet in length and was pencil thin. The snake had such a woebegone look that Mr. Lambert turned it loose. He reasons that it returned to its former haunts about Fort Wayne and having attained its unusual length, it commenced to increase in girth until it has reached its present "stovepipe" size. No doubt this information from a truthful and responsible Fort Wayne citizen will put a stop to the scepticism that greeted the Fort Wayne newspaper stories about the snake. Mr. Lambert said he did not tell the story in Fort Wayne but waited until he visited The News-Journal office Monday where he was sure the story would be told accurately and just as it occurred.

(The Co-Op. News Editor has known Mr. Lambert for over a quarter of a century, and knowing his native state to be the same as that of Valentine's Pat Walsh, we wouldn't question the above story in the least.)

We wish to express our sincere gratitude and appreciation for the many acts of kindness, words of sympathy, the floral and memorial tributes, and the thoughtful consideration of our clients during the short illness and the passing of our wife and mother.

JOHN A. NEWMAN & SONS  
Dr. and MRS. OSCAR WESSON  
and Family and Mr. and Mrs. Robert SAMUELSON and Family.

O. C. Lee, Purdue University weed specialist, suggests that alfalfa can serve in the general weed control program. Alfalfa has been the most successfully used smother crop and will crowd out many weeds. Soybeans, buck wheat, sweet clover and sudan grass also have a place in the list of smother crops. This information is given in the new bulletin, "Noxious Weeds of Indiana," No. 246, which is available, free, from county agricultural agents or Purdue.

## PACIFIC MANTA

Islanders of the Pacific are brave people, but they shudder at the sight of a Manta. The strange ocean giant has broad, flat fins which stretch out from the sides of its body like the wings of a bat. The natives believe that if a man should get near a Manta in the water the creature would cover him with its wings and devour him.

© 1951 National Wildlife Federation  
Pacific Manta

This really wouldn't happen, says the National Wildlife Federation, for the Pacific Manta is harmless to man. But it is enormous, and sometimes its actions are enough to cause alarm.

The most terrifying thing it does is to leap into the air and come down on the water with a tremendous crash. When its wide wings strike the surface, it is like a great hand slapping the waves. On a quiet day, the noise can be heard for several miles.

The Pacific Manta also puts on a big show when it is harpooned. The moment it feels a stab, it dives to

the bottom and uses all its weight to keep from being captured. Usually it is hauled in only after a long and exciting battle.

If a deep-sea fisherman does manage to conquer a Pacific Manta, he finds that he has a big trophy on his hands. The creature may measure more than 25 feet wide and weigh more than 3,000 pounds. Even a baby Manta is likely to be five or six feet wide.

Between its two wing-like fins, the Manta has a thick body. At one end is along slender tail. At the other is its head and mouth. In front of its mouth are two small fins which look like horns. The Manta uses these to scoop all sorts of small fish into its mouth.

It looks for its victims near the surface of the ocean. There, on a sunny day, Pacific Mantas roam alone or in small groups. They move along gracefully, turning their bodies from one side to the other and holding their mouths wide open to catch their prey.

If they are feeling lazy, they bask in the sunshine. But when they are in a hurry, they almost fly through the water, leaping and crashing as they skim over the waves. As they leave the water, a careful observer can see that they are brown on top and lighter underneath. They get darker as they grow older.

Though they are called Pacific Mantas, these members of the ray family are found in many parts of

**NEW**  
Swift's  
Mineral Supplement  
BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:  
—It's soft enough so animals get their mineral quota easily  
—It's hard enough to resist weather  
—It's easy to handle, easy to feed

In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements

- Manganese
- Iron
- Copper
- Cobalt
- Sodium
- Chlorine
- Calcium
- Phosphorus
- Magnesium Sulphate
- Iodine

## LEGION AUXILIARY NEWS

Twenty-two members of Mentone Unit No. 425, American Legion Auxiliary, met at the Post home Tuesday evening for their regular business meeting.

Mrs. Dale Wallace, 1st Vice President of the unit, presided at the business session in the absence of the President, Mrs. Ward Williamson.

The regular order of business was followed with reports from various chairmen and the report on our bake sale held recently.

Mrs. Dale Wallace was elected as President for the coming year, Mrs. Jack VanGilder elected as 1st Vice President, with the remaining officers listed as follows: 2nd Vice, Mrs. John Boggs, 3rd Vice, Mrs. Thomas Stanford, Corresponding Secretary, Mrs. Myrl Wagner, Recording Secretary, Mrs. Jack Pritchard, Treasurer, Mrs. Ralph Ward, Chaplain, Mrs. Bernice Rush, Sgt. at Arms, Mrs. Guy Baker and Historian, Mrs. James Rodibaugh.

Delegates elected to the State Convention to be held in Bloomington on August 8, 9, and 10 were, Mrs. Maude Snyder and Mrs. Elizabeth Simcoe with Mrs. Byron Nellans and Mrs. Dale

Wallace as alternates.

The meeting closed with the singing of the song of the month, "You're A Grand Old Flag," "God Bless America" and the Auxiliary Theme Song.

Members of the program committee were: Mrs. Byron Nellans, Mrs. Richard Manwaring and Mrs. John Ellsworth. Members of the refreshments committee were: Mrs. Mervin Jones, Mrs. John Boggs and Mrs. Harry Gible.

Mrs. Eva Eherman was the name drawn for the attendance prize.

## WARDS HAVE FINE VACATION

Mr. and Mrs. Rea Ward returned last week from a fine vacation. They went to Florida via Cincinnati and Atlanta to Jacksonville and returned via Tallahassee to Gulfport, Mississippi where they visited a former college roommate of Mr. Ward's, then on home via Memphis, Evansville, Vincennes and Terra Haute. While in Florida they visited Mr. and Mrs. Frank Flory of Dade City, formerly of Tippecanoe. Mr. and Mrs. Ward went no further south than Sarasot, but from reports of the heat wave here Florida was a comfortable place to be.

Connie Sue Newton is spending several days this week at the home of her grandmother, Mrs. Tessie Newton.

**BAPTIST NEWS**

Monday, the first week of Camp, began with 95 Junior boys. Four boys from Mentone church are attending, Barry Blalock, Jimmy Feldman, Danny Davis and Jerry Eaton. The pastor is teaching a class each morning and Mrs. Dowden is helping in the kitchen. With 5 new cabins and the kitchen in working order, the camp is going much better and the work is easier for all.

Next week boys 12-15 will be going to camp. The third week will be Junior girls and fourth week will be intermediate girls.

The Sunday of July 27th will be the first Sunday the pastor will be gone. Rev. Peter Tanis will be the preacher at both services. Several pastors will be speaking during the six Sundays the pastor will be gone on the Holy Land trip.

Mrs. Ed Bowser was able to return home Sunday after being a medical patient at the McDonald hospital for several days due to heat prostration.

Mr. and Mrs. Earl Anderson and sons returned home here Wednesday after visiting with Mrs. Anderson's parents, for a week at Greene, New York.

Mrs. Orpha Blue, of Mentone, and Sam Blue, of Martinville, spent the 4th of July vacation at Richmond, Kentucky, with Dr. and Mrs. Max Blue and son.

Dewey Melton left South Bend Monday, July 7, by plane for Seattle for Overseas duty in the Far East.

**TO LEAVE FOR BIG  
BABY CHICK CONVENTION**

Mr. and Mrs. Dwight Bechtol and daughter and Mr. and Mrs. W. G. Davis, of Burket, will leave the first of the week for a three weeks trip to California. The gentlemen will attend the American Poultry Hatchery Federation meeting at San Francisco July 22-25 where they will demonstrate the new Turbo-Jet egg washer they are manufacturing and selling. The ladies will spend their time in Los Angeles visiting.

**CARD OF THANKS**

We wish to thank the members of the Mentone fire department for their quick response on coming to our home on Monday.

J. C. YANTISS

**New 'Pillow'**

Army Engineers have developed a new collapsible "pillow" container capable of storing 10,000 gallons of gasoline in forward battle areas. The synthetic rubber tank may be filled by pipeline or hoseline from small barges and tankers or pumping stations. The "pillow," reinforced with an inner and outer layer of nylon cloth to prevent evaporation, can be made ready for use quickly simply by unrolling it like a rug from its protective box.

**NEWS — PHONE 38**

Mr. and Mrs. Hugh Aughinbaugh, Carolyn, Dean, and Phyllis, and Mr. and Mrs. Dewey Melton of South Bend spent Saturday with June Aughinbaugh of Mentone.

**WANT A LITTLE**

**SOUTHERN COOKING?**

Here is a recipe we know will appeal to many cooks, and was taken from a new cook book "Look No Further" by Richard T. Hougen.

Mr. Hougen is manager of Boone Tavern of Berea College in Berea, Kentucky.

**SOUTHERN BLACK WALNUT PIE**

5 eggs  
1½ c dark corn syrup  
¾ c sugar  
2 T. butter  
1 t. vanilla  
1 c. black walnut  
1. Beat eggs slightly.  
2. Add syrup and mix well  
3. Add sugar, melted butter and vanilla. Mix.  
4. Fold in 1 c. black walnut, cut in halves. Do not chop.  
5. Pour into unbaked pie shell. Bake at 400 degrees F. ten minutes. Reduce heat to 350 degrees F. continue baking for 50 minutes longer.  
6. Allow pie to cool and serve with whipped cream if desired.  
Pecans may be used in place of the black walnuts.

Talks on "Crop Storage" will be featured on the morning session of the opening day, Tuesday, July 29, at the Summer Agricultural Conference to be held at Purdue University, July 29 to 31. The session will be held at the new Dairy Center on Cherry Lane, West Lafayette.

Mrs. Ross Scott and daughter, Miss Ethna Scott, plan to leave today for a two weeks visit in Washington and Alexandria, Virginia, with Mrs. Scott's daughter and family, Mr. and Mrs. Robert Lentz.

# **BIG JULY 4 CELEBRATION HELD HERE FRIDAY**

One of the biggest July 4th celebrations in recent years was held at Mentone last Friday. Any estimate of the number of visitors here for the evening affair would be just a guess. One would be safe in saying that there must have been over 3,000 people here. The bleacher area of the softball field was a mass of people and there was a complete ring of people around the entire playing field. In addition there were many seated in automobiles.

The Mentone Lions club, which annually sponsors this event, and the other business people who assist in the financing, certainly appreciate the fine attendance and trust that everyone thoroughly enjoyed the evening as their guests. They are also appreciative of the softball contributions and the patronage at the concession stands.

The boxing bouts proved to be very interesting and Ernie Derho and his students of boxing showed fine sportsmanship and considerable ability. Our two local boxers, Curly Witham and Mervin Wagner, also threw a lot of punches while they were battling their visiting antagonists, but the weight of being out of training for such affairs stopped both of them from coming out after the first round.

The athletic contests proved interesting, but the greased pig affair failed to entertain many. Those who could find standing room gathered around

the small wire enclosure and shut off the view of hundreds of visitors seated elsewhere. The next time this event is held, I'd suggest throwing the fence away. People don't get too close then.

The "Miss Liberty" contest attracted 22 candidates under 4 years of age and 17 above 4 years.

Linda Louise Clark, aged 3, daughter of Mr. and Mrs. Donald Clark of Palestine, and Linda Eppert, aged 3, adopted daughter of Mr. and Mrs. Marshall Goodman, Mentone, placed first and second in the 2-4 year group. In the 4-6 year group, Sandra Lee Nelson, daughter of Mr. and Mrs. Harold Nelson of Mentone, and Sandra Kay, aged 5, daughter of Mr. and Mrs. Leroy Grossman, R. 5, Rochester, placed first and second. The four named above were awarded large dolls, while story-book dolls were given all the other entrants. This event was sponsored by the Mentone unit of the Mothers of World War II.

Roger Kelly and the Mentone school band rendered a short concert and Wilbur Neer of Warsaw, made a number of costume changes while entertaining with his clown acts.

In the softball game with the Zollner Piston Reserves, the Merchants found themselves in a 3-to-3 tie at the end of the scheduled seven innings, but managed to score the winning run in the extra inning when three Piston boys got their signals crossed and let a pop-up fly land on the grass just

back of short.

The big fireworks display ended the evening's festivities.

## **Farmer's Question Corner**

PREPARED BY  
American Foundation  
For Animal Health

### **WHAT ABOUT SWINE ERYSIPELAS?**

**Q: How serious a problem is swine erysipelas?**

**A:** It's one of our worst swine diseases. It has now spread to every state and causes animal losses of millions of dollars.

**Q: Why is erysipelas hard to control?**

**A:** Because it is very contagious and easily confused with other diseases.

**Q: Does it affect only hogs?**

**A:** No. Erysipelas has been reported in colts, calves, turkeys, sheep, and even parrots. Human beings can also contract it, so every precaution should be taken in handling infected animals. In man, the disease is called erysiploid.

**Q: What are the symptoms of swine erysipelas?**

**A:** They may include scaly and gloughing skin, swollen joints, arched backs, lameness, high fever and unwillingness to move unless forcibly aroused. In the acute disease many pigs may die. In the chronic disease, pigs which survive are unthrifty, and unprofitable for market.

**Q: If the herd is infected, what can be done?**

**A:** An accurate diagnosis should be obtained at the first sign of this disease. Sometimes it resembles other "look-alike" diseases.

**Q: Once identified, what precautions should be taken?**

**A:** Strict sanitary and quarantine measures should be applied immediately to keep it from spreading. Immediate vaccination, isolation of affected hogs, prompt disposal of carcasses, cleaning and disinfecting of pens are important.

**Q: What steps can be taken to avoid future outbreaks?**

**A:** In areas where the disease has become a problem, many authorities recommend that pigs be vaccinated as soon as possible after farrowing.

**NOTE**—Due to space limitations, general questions cannot be handled by this column.

# **BETTER DAUGHTERS 4-H MEET**

The Beaver Dam Better Daughters 4-H club met at the home of Laura Adams on June 26, for the annual club picnic.

Some time was spent on practice judging.

The meeting was called to order by the president, Jane Bowen. The pledges to the flags were led by Sharon Highway. Roll call was answered by "Favorite Sport." The minutes were read and approved. Jane Bowen gave a report on Purdue Round-up Judging Contest and a Food Sale were discussed. The food sale will be at Leinger's Store on July 5.

Sandra Summe gave a demonstration on "Artificial Respiration."

Picnic dinner was then eaten, and the group journeyed to Center Lake, Warsaw, for afternoon swimming.

The first step for safe operation of harvesting machinery is to put it in good condition before the harvest begins. This means that seats, controls, steps and other similar features of the machine should be in good repair. Shield or other safety guards must be in place before a machine is taken to the field. F. R. Willsey, farm safety specialist at Purdue University, cautions operators to be alert, observe safety rules and never take a chance for harvest safety.

Marilyn Horn returned home Monday evening after spending the past week in Elkhart visiting with Mr. and Mrs. Howard Cright and family.

Mr. and Mrs. Earl Sanders and daughter of Pierceton were the guests over the 4th, of Earl's grandmother, Mrs. Bertha Kesler.

### RETURN FROM GRAND JUNCTION

Mr. and Mrs. Clayton Holloway and children returned Saturday night from a nine-day trip to visit Mr. and Mrs. Glen Scott at Grand Junction, Colo. Mr. Scott is an uncle of Mrs. Holloway. On the return trip they visited Mr. and Mrs. Alfred Snyder at Colorado Springs. Mr. Snyder, who was very ill when he left Mentone, is now feeling fine and working every day. The Snyders sent their greetings to all their Mentone friends.

Mrs. Ford Meredith and grandchildren and Mr. and Mrs. Carl Meredith of Elkhart were Wednesday dinner guests of Mr. and Mrs. Kenneth Horn and family. In the afternoon, they called on Mrs. Meredith's mother, Mrs. Granville Horn at the Donald Horn home.

### Diet of Milk

A person can't live on a diet of milk alone although milk comes nearer than any other single food to affording all the essentials of a complete diet. It is deficient in iron, copper and manganese, which are needed in small amounts, as well as in Vitamin A and D. A person living on a diet of milk exclusively would develop anemia, and other disorders due to the vitamin deficiency.

## HOW ABOUT YOU?

(The following article appeared in last week's issue of the Bourbon News-Mirror, and we feel Editor Price has worded it nicely.—Ed.)

Have you ever seen a farmer drive into town with the back end of his car or a trailer loaded with waste paper, tin cans and other trash, and watched him select a nice front lawn then proceed to dump the entire load right in the center of the lawn?

Neither have we—yet some of us who live in towns are guilty of just such un-neighboring acts.

It is not an infrequent happening, according to many of our farm neighbors around Bourbon, for town folks to dump their waste paper and trash along the country roads. The papers blow around, of course, and the job of cleaning up the unsightly mess falls on the unfortunate farmers whose land adjoins the road.

Even more important is the fact that when the farmer starts to mow the right-of-way, the cans and bottles

hidden in the deep grass are caught in the mower blades, often dulling nicking and even breaking them.

It is understandable that some folks from the bigger cities might be guilty of such careless actions—but it is difficult to figure out why folks in our own communities would treat their rural neighbors in this fashion.

It is true that dumping at the town dump area is not too convenient, and somewhat hazardous with respect to punctured tires. But the job isn't too bad, and we know that we'll all feel better about it if we stop unloading our accumulated trash on our friends in the country.

STATE FARM MANAGEMENT  
TOUR SET FOR AUGUST 4-5

Lafayette, Indiana—Members of the Indiana Farm Management Association will hold their annual tour of successful farm enterprises, Monday and Tuesday, August 4-5, in northeastern Indiana.

The tour will include inspection of the Creighton Brothers' poultry farm near Warsaw, the Frank Nellans Farm west of Mentone, and the John and Orville Chamberlain Farm west of Urbana. A chicken barbecue and agricultural outlook session will be held Monday evening, August 4, at the Warsaw City Park, following the visit to the Creighton Farm. The other farms will be visited Tuesday morning and afternoon, respectively, with a noon fish fry at the Akron High School gymnasium.

Cooperating with the state association in tour arrangements are the Purdue University Agricultural Extension Service, the farm management division of the Purdue agricultural economics department, and county agents and farm leaders of Marshall, Kos-

ciusko, Wabash, Elkhart and Fulton counties.

Speakers at the outlook meeting will include Dr. Earl L. Butz, head of the Purdue agricultural economics department, and C. R. Gross, of his staff. Hobart Creighton will show colored slides of the year-round operation of the nationally known poultry farm.

Both the Nellans and Chamberlain farms are livestock enterprises, specializing in hogs, beef cattle and poultry. The operators are firm believers in crop rotation and heavy fertilization, and they obtain a high output from their labor. John Chamberlain has been an Indiana Farm Account cooperater with Purdue since 1928, while Nellans has kept records under this plan since 1940.

A new bulletin published by the Purdue University Agricultural Experiment Station, "Increase in Pullet Egg size as a Factor in Selection," is now available, free, from Purdue. The bulletin, of interest to poultry breeders, discusses rate of egg size increase, and the effect of age at maturity, the effect of date of hatch, and measuring the egg size phenotype. Dr. B. B. Bohren, of the poultry husbandry department, directed the study.

For Old Fashioned

# SILVER LAKE GIRL WINS IN DEMONSTRATION CONTEST

Patricia Scherer, daughter of Mr. and Mrs. Edward Scherer, of near Silver Lake, placed as senior champion among 15 contestants at the county demonstration contest held Thursday at the Warsaw high school, Mrs. Carl Steiner, 4-H director, reported. She is a member of the Silver Lake Tatapocheon club under the leadership of Miss Doris Harden.

She will repeat her demonstration "The Tale Of A Dinner Pail" in which she packed a nutritious lunch, at the district demonstration contest which will be held at Wabash on July 24.

Runner-up in the senior division was Emily Cook, reserve champion, daughter of Mr. and Mrs. Carl Cook, of near Claypool. She is a member of the West Wayne Lucky Lassie and gave a demonstration on "Jiffy Pie Crust."

Other blue ribbon winners in the senior division and their demonstrations were: Kay Donna Freed, of Silver Lake Tatapocheon club, "Cherry Pie With Sir N' Roll Crust;" Beverly Rathbun, Leesburg Plain Farmerettes, "Bread Pudding;" Laura Adams, Beaver Dam Better Daughters, "Jelly Roll;" Wilburta Latimer, Franklin 49'ers, "Pass the Doughnuts Please."

In the junior contest Joan Tucker of the Franklin 49'ers, daughter of Mr. and Mrs. Edson Tucker, captured first place with the demonstration on "Tasty Pineapple Cookies" and Nancy Miller, of the East Side Milford Merry Maidens, daughter of Mr. and Mrs. Marshall Miller, placed second with her "Floral Centerpiece Arrangements."

Mrs. Frank Leslie, Warsaw, was the judge for the 12 junior contestants and Miss Phyllis Unger, Wabash County Home Demonstration agent was judge for the senior division.

Carol Conaway of Warsaw was in charge of Junior Division and Elener Norris was in charge of the Senior Division.

## THREE MENTONE BOYS ENTER BIG DERBY

Three Mentone youths upped the Warsaw Soap Box Derby entry list to 38. Derby Director Gael Munson, Jr., received the entries of Timmy Utter, 12, George Fitzgerald, 12, and John Franklin Smith, 14, all of Mentone.

Utter is a seventh grader at the Mentone school. His car is being sponsored by the Mentone Dairy.

Fitzgerald, an eighth grader, is racing for Kralis Poultry.

Smith, also an eighth grader, will be driving for the Northern Indiana Co-Op.

- Today good will may starve to death. Keep it alive with customer courtesy and careful advertising.

# ARRANGE PICTURES WITH FURNITURE

Pictures on the wall should be a part of an attractive furniture arrangement, Miss Martha Jo Bentley extension home furnishings specialist at Purdue, suggests that pictures be grouped with the furniture.

Horizontal pictures make a high ceiling appear lower and should be used in a horizontal space to look well. Vertical spaces, will make a low ceiling look higher. To balance the space where the picture is hung do not hang a small print on a large wall or crowd a large picture into a small space.

When grouping pictures use related subjects, related color tones or related frames. Photographs, etchings, oil and water colors may be in the same group if the frames are similar. With frames of the same size the bottom frame line should be on a level. In a group of three with the center picture larger the two smaller ones should be hung so the centers of the pictures are on the same line. A stairway lends itself to step-ladder or staggered arrangements.

Mr. and Mrs. Claude Barkman and Mr. and Mrs. Chet Creighbaum arrived home Monday evening after a week's fishing trip to Scott's Lake, in Michigan. They report they caught more fish than they could eat.

## TIPPECANOE HOME EC. CLUB

The Tippecanoe River Home Economics Club met Tuesday, July 1, at the Rochester City Park for the club picnic. A picnic dinner was enjoyed by 10 members, 19 children, and one guest, Mike McIntyre.

After dinner a business meeting was opened by Mrs. Wayne Mikesell, the President. She led the pledge to the flag and the club creed. History of the Song of the month, "Battle Cry of Freedom" was given by Mrs. Thurlie Alber. Roll call was answered by "How to Keep Cool."

The safety lesson was on "Vacation Safety Driving" which was given by Mrs. Clarence Mikesell. Plans for a club trip were then discussed by the group. The meeting was closed by all present repeating the collect.

Sunshine gifts were presented to those having anniversaries or birthdays in the month of June. Contests and games were enjoyed by the group.

The next meeting is postponed until Wednesday, August 13, on account of the 4-H Fair. Mrs. Clarence Mikesell and Mrs. Marion Fultz will serve as hostess and co-hostess for that meeting.

Mrs. Dola Peterson of Long Beach, California, who has been visiting here since the 18th of May with her sister, Mrs. Delemer White and family and other relatives and friends, returned to her home Tuesday of this week.

## CARD OF THANKS

We wish to express our sincere thanks and deepest gratitude to our friends, neighbors and Rev. Gosser for their cards, flowers and many deeds of kindness during the death of our father and grandfather.

THE JACOB KESLER FAMILY

## NOTICE

Lucille's Beauty Shop will be closed at present location after August 2. Will announce later the reopening date at our new location in the country. Lucille Teel.

## LIONS EXTEND THANKS

We desire to extend our thanks and appreciation to everyone for their efforts in helping make the July 4th celebration such a success. It is virtually impossible to specifically name every individual or group, but we especially want to thank the committee members who worked so hard and faithfully, to the various organizations, and to the merchants for their financial support.

MENTONE LIONS CLUB,  
Robert O. Jones, President.  
Leroy Cox, Chairman.  
Philip Lash, Co-chairman.

Firemen	Gasoline for busses

**FREE SHOW ANNOUNCED**

The free show to be held in Mentone on Saturday, July 19 will be "Shadows Over Chinatown" with Sidney Toler as Charlie Chan.

**ENLISTS IN NAVY**

Rex Borton, 17, son of Mrs. Pauline Borton, of Mentone and Ralph Borton, of Rochester has enlisted in the navy for a 4 year period. He will take his boot training at Bainbridge, Maryland.

**EGG SHOW MEETING HELD**

Committeemen for the 1952 Mentone Egg Show met at the school building Monday evening.

The program committee is working hard to find the best programs possible for the three nights of the 1952 show, Sept. 24-25-26.

Another meeting will be held Aug. 11.

**PARENTS OF SON**

Mr. and Mrs. Dale Tucker, of near Beaver Dam, are the parents of a son born Wednesday morning, by caesarean section at the Woodlawn hospital at Rochester. Mr. and Mrs. Ivan Tucker, of Mentone, and Mr. and Mrs. Fred Decker, of the Harrison Center community, are grandparents.

**BOBBIE HERENDEEN  
HOME FROM KOREA**

Lt. Bobbie Herenden arrived home Sunday after spending eight months in Korea as a F51 fighter pilot. He completed 87 missions over enemy territory.

Bobbie left Japan by air Thursday, flew from the west coast by TWA to Chicago and then had to take a train to Rochester.

**CHARLES DORLAN  
FALLS FROM LADDER**

Charles Dorlan, 71, had the misfortune to have a ladder slip with him Friday while working at the Co-Op egg case room in Mentone. He hit his head, broke his wrist and had one rib torn loose. He was taken to the Woodlawn hospital at Rochester, but was able to return to his home here Monday evening.

**CLUB CALENDAR**

There will be no Royal Neighbors meeting in August. Members are urged to send their dues to Rec. Next meeting will be September 2.

W. S. C. S. Thursday, July 17, at 7:30.

**MEETING CALLED TO STUDY  
LIVESTOCK MARKETING HERE**

Farmers of this community are invited to attend a meeting Tuesday, July 22, at 8 p. m. D. S. T. at the Community building in Mentone to hear a report of possibilities for a livestock marketing branch in this area. This is the second meeting called to study such market prospects.

Arrangements have been made by Leroy Norris, temporary chairman, and W. R. Cummins, general manager of the Indianapolis Producers Marketing Association, of which the new enterprise would be a branch.

At a previous meeting held in May a committee was appointed to study all the problems contingent upon establishing such a market and the volume that would be possible. This committee comprised of: Noble Nifong and Eldon Davis of Marshall county; Steel Ewing and Charles Riddle, of Fulton county; Howard Silveus, Everett Tom, and Leroy Norris of Kosciusko county, will make a report on their survey at next Tuesday night's meeting.

**MRS. JOHN FUNK  
EXPIRES AT AKRON**

Mrs. Ella (Dillman) Funk, 75, a lifelong resident of Fulton county, died at her home in Akron at 6 a. m. last Friday, following a week's illness with complications.

The deceased was born near Rochester on June 29, 1877, the daughter of Jesse and Lucinda (Carr) Dillman. She was united in marriage in a ceremony performed in Rochester in 1900, to the late John Funk, who preceded her in December 1951.

Surviving are three sons, Frank, Chicago; Ralph and Walter, Akron; one brother, Joseph Dillman, Tiosa; one sister, who resides with her daughter, Mrs. Don Emmons, in Mentone; eight grandchildren; and two great grandchildren.

Funeral services were held Sunday afternoon in the Akron Church of God, with Rev. D. L. Slaybaugh officiating. The Sheetz Funeral home was in charge.

**SAILING FOR HOME**

Don Baker sailed from Hawaii on Tuesday for home, after a furlough he will report to Aberdeen, Maryland for school.

**ISAAC H. SARBER DIES**

Isaac H. Sarber, 78, a native of the Mentone community, died at 3 a. m. Sunday at the Masonic home in Frankfort where he had resided the past two years. Although he had been in failing health for some time, his death, due to cerebral apoplexy, came unexpectedly.

Mr. Sarber was born at Mentone Sept. 13, 1873, the son of Christian and Susan (Hartman) Sarber. He was married in 1900 to Myrtle Rockhill, who died in 1944. A member of the Mentone Methodist church and Masonic lodge, Mr. Sarber operated a grocery store and tailoring shop in this community for many years. He was also a tailor at Fort Wayne for 17 years.

Surviving relatives include two sons, James, of Warsaw, Christian, of Butler, and three grandchildren.

Funeral services were held at 2 p. m. Wednesday at the John's funeral home, with Rev. David Gosser, pastor of the Methodist church, officiating. Burial was in the Mentone cemetery with graveside services conducted by the Masonic lodge.

**MRS. DALE MCGOWEN DIES**

Mrs. Bonnie Jeane McGowen, aged 21, of Etna Green, died Saturday at 5 p. m. of a heart attack at her home. She had been suffering from a heart ailment since the age of four years.

She was born at Etna Green March 5, 1931, the daughter of Bram and Ruth (Heisler) Miner, and lived all of her life in Etna Green. On June 17, 1950, she was married to Dale McGowen. She was a member of the Etna Green United Brethren church.

Surviving are her husband; her parents, Mr. and Mrs. Bram Miner, of Etna Green; five brothers, Floyd Miner, of Fayetteville, Ark., Thomas and James, of Etna Green, Dean, at home, and Ralph, of Wanatah; and four sisters, Mrs. Louise Forks, of Fort Wayne, Mrs. Helen Van Curen and Mrs. Mary Hoffer, of Etna Green, and Jane at home.

Funeral services were held Tuesday at 2 p. m. in the Etna Green United Brethren church, with Rev. John Schroeder officiating. Burial was in the Etna Green cemetery. The Beigh funeral home of Boubon, was in charge.

HEALTH FACTS FROM YOUR  
STATE BOARD OF HEALTH

Vacationers may force their hearts to work overtime if they attempt to crowd twelve months of exercise into a brief two weeks period, according to Dr. W. C. Anderson, director, Division of Gerontology and Chronic Diseases, Indiana State Board of Health.

"A heart which has been accustomed to meet the demands of routine activity of an office worker cannot be expected to suddenly adjust itself to hours of long hikes, swimming or several rounds of golf. This is particularly true of the business executive who daily commutes to and from his office and spends most of the day at his desk. Added weight may increase the danger of a heart attack if he attempts to undo the results of eleven months of physical inactivity in the first 12 hours of his vacation."

Dr. Anderson advises that exercise attempted during vacation should start with little more than what had been the daily amount during the previous months. As the vacation progresses more exercise can be taken without danger if the increase is gradual.

"'Be your age' has often been used as a warning against misuse of your heart. In other words," Dr. Anderson concluded, "On your vacation do not attempt to keep up with the younger set in playing tennis or swimming unless you have been accustomed to doing so throughout the year. Also, the dance floor can be as 'heart breaking' as the tennis court."

New Sources of Sulphur

Eleven countries of the "free world" have a total of 46 projects under way to stop up production of defense-essential sulphur.

EGG BOARD CALLS  
FOR MAINTENANCE

Lafayette, Indiana—The Indiana State Egg Board today asked for the concentrated efforts of egg producers, handlers and consumers in the maintenance of egg quality, especially in summer. E. R. Menefee, executive secretary-treasurer of the board, located at Purdue University, said the plea was particularly urgent due to the exceptionally hot weather.

Steps recommended to be taken beginning at the farm, says Menefee, include: further efforts to produce clean eggs; more frequent collection of eggs each day; immediate cooling of eggs after collection and before packing; temporary farm storage under proper temperatures (below 60 de-

grees F) and moisture conditions; and the holding of eggs under refrigeration at all times after they are packed in cartons or cases.

Without these efforts, the usual rate of quality loss in eggs during hot summer weather will result in thousands of dozens of eggs becoming unfit for food.

Recent callers at the home of Mr. and Mrs. Cloyd Kercher were Lt. B. D. Herendeen and Mrs. Kenneth Mollenhour, of Rochester, Don Herendeen and family and Rev. Claybaugh and wife, of Argos, Mr. and Mrs. Dewey King, of Bourbon, Mr. and Mrs. Frank Hudson and Mrs. Myrtle Keim, of Akron, Miss Geneva Warking, of Peru, William Hudson, of Mentone, and Mrs. Devon Eaton, of Rochester.

## FORTY, AND EIGHT OFFICERS ARE INSTALLED

On Wednesday evening at the home of American Legion Post No. 49, Kosciusko County Voiture No. 833 of La Societe des Quarante Hommes et Huit Chevaux, wound up another successful year of activities. Better known as the Forty and Eight, this honor and service organization of the American Legion posts of Kosciusko County, has as prime objectives the furtherance of the program of the American Legion, with special emphasis on Nurses' Training and Child Welfare. This year three nurses are graduating from training under the sponsorship and financing of the local voiture of the Forty and Eight. At the conclusion of the business meeting, Chef de Gare Harry Lewallen turned the meeting over to Grand Cheminot Northeast, C. O. Wainwright, who represented the Grande Voiture d'Indiana in installing the elective offices of the local voiture. Dr. C. R. Wagner of Warsaw was installed as Conducteur; Fred Yohey of Warsaw as Commissaire Intendant; "Tim" Darr of Syracuse as Correspondant; John Bishop of Warsaw as Garde de la Porte; Alex Pittenger of Warsaw as Commis Voyager; Cliff Downhour of Warsaw as Lampiste and Harry Lewallen of Warsaw as Cheminot for a 3-year term. Appointive officers named by Chef De Gare Wagner were "Gerry" Lusty as Aumonier, Burney Peebles as Avocat, M. Roy

Rush as Historian, "Hap" Breaks as Publiciste and Dr. T. S. Schuldt as Medicin.

Voiture Locale No. 833 now has a membership of 113, with all American Legion posts in Kosciusko County being represented. Grand Cheminot Wainwright reported that during the past fiscal year Voiture 833 not only won the trophy for being the first voiture in Indiana to pass its membership quota, but also had the unique distinction of being the first voiture in the state to get in reports and contributions to Knightstown Home, Santo Claus Fund, and all other Forty and Eight activities. Voiture 833 wishes to express their appreciation to the local general public for their fine support of the annual Sausage and Pancake Supper. Annual "Feather Party", etc., which have made possible the financing of their program in this county.

## DAIRY HEIFER GLAMOR PAYS IN SHOW RING

Lafayette, Indiana—Boys and girls don party duds for special occasions and its equally important for the dairy animal to look her best when she's on display at the county or state exhibit. That's the opinion of E. A. Gannon, Purdue University extension dairyman, when he advises 4-H'ers about fitting, handling and showing the club heifer.

Since many county shows will be held

We have the

**NEW**

Swift's  
Mineral Supplement  
BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:

- It's soft enough so animals get their mineral quota easily
- It's hard enough to resist weather
- It's easy to handle, easy to feed

In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements

- Manganese
- Iron
- Copper
- Cobalt
- Sodium
- Chlorine
- Calcium
- Phosphorus
- Magnesium Sulphate
- Iodine

**THE CO-OP. MILL**

as early as the end of July, training of the calf should be well in progress. The calf should lead easily and respond promptly to commands and pressure on the halter. Many youngsters make the mistake of kicking the animal's feet into place. This is poor showmanship, may indicate lack of interest in training the calf, and certainly fails to point up the calf's best features.

At this stage of the training calves should be pastured only at night and stabled and blanketed during the day. For the glow of health, a good ration is equal parts of corn, oats, bran and some 32 per cent linseed or soybean oil meal supplement. If the calf begins to get chubby on this diet, cut off the grain entirely. Some calves will be in excellent condition on pasture alone.

Gannon advises against clipping the heifer all over—just head, neck, tail and perhaps the abdomen to emphasize milk veins and udder.

Extension leaflet No. 343, "Junior Dairy Showmanship Contests," contains additional helpful information. It is available from county agricultural agents or from Purdue University.

## SMITHS LIVE NEAR THE PACIFIC

July 9, 1952

Dear Art,

We are sorry for not writing you before this but seems like time flies so fast out here. This is a nice place to be this time of year, plenty of beach to bath and the fishing is very good. Oceanside is strictly a resort for people all over the world. We live about 100 feet from the ocean.

Claire (Bob) is at camp today as usual from 7 a. m. to 4:30 p. m. We have been lucky since I've been here he has had duty after hours twice in two months. Camp Pendleton is the Marine Training Base in the United States.

We wish to thank you very much for sending the Co-Op. News. It means so much to receive the news and happenings of our community. So keep us posted.

Our address at the Trailer court where we live is:

Cpl. and Mrs. R. C. Smith  
Blue Shell Trailer Court  
135 So. Strand St.  
Oceanside, California.

You may send the paper at this address now, although we still receive mail at his camp address.

Thanks again for the paper and news.

Your friends,  
Bob and Barbara Smith

BETTER DAUGHTERS MEET

The Beaver Dam Better Daughters 4-H club held a regular meeting at the home of Carol Ann Dickey on July 10.

The meeting was called to order by the president, Jane Bowen. The pledges to the flags were led by Tona Kuhn.

Roll call was answered by "A Weed." The minutes were read and approved. The Treasurer's report was given.

A trip for the club was discussed. Record books were checked.

Carol Ann Dickey demonstrated "Posies for Parties."

Delicious refreshments were served by the hostesses and the meeting was

adjourned.

# WORLD WAR MOTHERS ENTERTAIN VETERANS

On last Friday evening Mothers of World War II took a chartered Kinsley Bus to Fort Wayne where they entertained the veterans at Veterans hospital there.

The singing was led by Vance Johns and Rev. Gosser gave one of his interesting Chalk Talk programs. Tap dancing numbers were given by Mitzi Meredith and Brooks Black, accompanied by Mrs. Frank Meredith; and Devon Davis accompanied by his mother, Mrs. Ruth Davis.

Following the program the War Mothers gave candy and cigarettes to 75 veterans.

The ladies were very much impressed by the hospital's livability and its many ultra-modern features.

Those making the trip were: Emma Cook, Marie Coleman, Myrtle Davis, Mildred Fawley, Iris Fitzgerald, Ocie Gross, Alta Hudson, Lavera Horn, Fawn Janke, Rhoda Jones, Belle Morrison, Folsom Newell, Marilyn Nicodemus, Blanche Paulus, Maude Romine, Ellen Standford, Ethel Wagner, Dora Whetstone, Opal Tucker, and Isabelle Johns.

Merl Blue, who is stationed at Waco, Texas, has been enjoying a furlough in Mentone with home folks.

Mrs. Robert Nelson is a guest in the home of her husband's parents, Mr. and Mrs. A. I. Nelson. She will soon sail for France where she will join Robert. They expect to spend a year abroad.

# MENTONE CLUB TO ATTEND CONFERENCE

Members of the Mentone Home Demonstration club plan to attend a part of the State Demonstration club conference to be held soon on the Purdue University Campus at Lafayette. Plans to attend on July 31 were discussed at the meeting of the club held Thursday at the home of Mrs. Earl Smith in Rochester.

Mrs. Howard Horn, vice president opened the meeting. Mrs. Gertrude Hill who gave the meditation read the 17th chapter of St. John.

"Safety in the Use of Electrical Appliances" was the subject of the Health report by Mrs. Royce Tucker. She gave suggestions for placing of outlets: recommended the use of pull chains and stated that make shift wiring should never be used.

With the president, Mrs. Harry Verette, taking charge of the business, she appointed a committee to work with representatives from the other Mentone clubs to arrange for the annual Achievement Day.

A committee with Mrs. Elmer Sarber as chairman carefully prepared a constitution and by laws which was

read and discussed item by item; the same to be voted on at a later date.

Gifts were presented to Mrs. Harry Sullivan, Mrs. Cloice Paulus and Mrs. Ada Meredith. Mrs. Homer Blue was awarded the Mystery package. Mrs. Jacob Gross assisted Mrs. Smith and there were 21 members and 2 guests who enjoyed the carry-in meal.

Mrs. L. E. Smith was our guest.

Mr. and Mrs. Don A. Bunner and children, Robert, Charles and Betsy, of Algonquin, Illinois, spent last week in the home of the former's parents, Mr. and Mrs. D. C. Bunner.

"Of course they can stay for lunch!"

A FOOD FREEZER takes the bother out of midday snacks!

It's so easy to whip up *planned meals* even for *unexpected guests* . . . with a food freezer in your home. It's easy because you plan and prepare those meals far in advance. Choice meat, vegetables at peak-of-season goodness, fruits with fresh-picked flavor—all ready for emergencies, special occasions and year 'round good eating.

And you'll enjoy the convenience of a freezer. Fresh bread, rolls, cakes, pies, desserts . . . all keep to perfection in a freezer. A little extra on baking day can be frozen for next week or next month . . . and taken out on a moment's notice. You'll be ahead in money, time, work, and good eating with a freezer in your home.

Mentone, Indiana

#### PICTURE TO BE SHOWN AT BAPTIST CHURCH

A new color, sound motion picture, produced by the Christian League for the Handicapped, entitled "Undefeated", will be shown at the Mentone Baptist Church on July 17 at 8 p. m.

Narrated by Charles E. Pedersen, director of the League, the film deals with the struggles of those who are

physically handicapped, but who have overcome these handicaps through their faith in God and the efforts of the League and its program.

Of special interest to the people of this area is the fact that one of the characters shown is Audrey Miller of Tippecanoe, Indiana. The picture shows

her typing with her teeth, which is the way she writes for four Central Indiana newspapers. Also shown is a man who has been laying flat on his back for 21 years, but is able to operate a lathe producing beautiful and useful articles.

The purpose of the film is to help the public see that though a person might be severely handicapped a happy and useful life can still be lived.

Everyone is cordially invited to attend. Remember the time and date. No admission is charged, however, a freewill offering will be taken for the work of the League among handicapped people.

**CLOSING OUT**—All new tires at bargain prices, such as: 5.25-18—\$6.00; 4.75-19—\$5.00; and many other sizes, all number one tires. Bourbon Junk Yard, phone 19, Bourbon. 1c

#### SURPRISE SUPPER AT

#### HOMER FEAR HOME

A surprise pot luck supper was held at the Homer Fear home, Monday evening. Homer, it seems, had made the mistake of bragging about how many chickens he had in his frozen locker and had left an open invitation for the folks to come out. However, when they did they had to wait while Homer killed 12 chickens. Those present were: Mr. and Mrs. Roy Smith, Mr. and Mrs. Ellis Melton, Mr. and Mrs. Curly Witham, Mr. and Mrs. Kenneth Barkman, Mr. and Mrs. Walter Barkman, Dale Baker, Miles Morrison and Mr. and Mrs. Fear.

**CLOSING OUT**—All new tires at bargain prices, such as: 5.25-18—\$6.00; 4.75-19—\$5.00; and many other sizes, all number one tires. Bourbon Junk Yard, phone 19, Bourbon. 1c

## New Blankets

Soldiers in Korea are using paper blankets which are damp-proof and deteriorate less rapidly than wool.

## WARSAW DOWNS MERCHANTS

The Warsaw A. A. came to Mentone on Wednesday, July 16 and went home with a 12 to 1 victory over the Mentone team.

On Saturday, July 19, Buchanan will visit Mentone to play a rained out double header with the Merchants. Ike Bierwagon will pitch at least one game of the double header. Don't miss these games. They promise to be good ones.

## TO SOW RYE BY AIRPLANE

Allen Herendeen was in the fore part of the week and stated that he has several hundred acres of land contracted to be sown to rye by airplane. The sowing is done by the Aerial Crop Aids, Inc., of Marion.

The rye is often sown in corn and when the plane spreads a blanket of rye over 13 corn rows at a time, it doesn't take long to cover several acres.

## MOTHERS OF WORLD WAR II

Mothers of World War No. II met at the home of Lavera Horri Wednesday evening July 9, with eighteen members present.

It was reported that our hospital equipment has not yet been received. A Serviceman's shirt is to be passed on to each member and all donations sewed on it are to be passed on to a veteran's hospital.

Our August meeting is to be a picnic at the home of Opal Tucker.

## ● DON'T I AS A CUSTOMER PAY FOR THIS "TELEPHONE EXPANSION"?

No, what you pay for telephone service is a rate authorized by the Public Service Commission of Indiana, but this amount is only enough to cover the cost of providing telephone service plus a reasonable return to our investors. Telephone expansion is financed largely with money from people whose confidence in our Company has prompted them to buy either our stocks or bonds. Telephone expansion includes any additions or improvements which are necessary to add to or improve our present service facilities.

For example: Last year, for telephone expansion, we spent in excess of 3½ million dollars. This year our budget calls for an additional 3½ million dollars. This makes 6½ million dollars for telephone expansion over a two-year period.

## ● WHAT HAPPENS TO THE CUSTOMER DOLLAR?

The customer dollar goes for operating expenses. Last year, for example, the distribution of the customer dollar for our Company was something like this:

Cost of Wages ..... \$ .41  
Cost of Taxes ..... .29  
Cost of Supplies ..... .12  
Cost of Replacement Reserve ..... .10  
Cost of Using Expansion Money ..... .08

THE KEY TO GOOD TELEPHONE SERVICE IS CAREFUL BUSINESS MANAGEMENT THAT KEEPS OUR OPERATIONS ON A SOUND FINANCIAL BASIS, WHICH IN TURN ATTRACTS INVESTORS' MONEY TO MAKE YOUR TELEPHONE SERVICE MORE VALUABLE TO YOU!

#### MERRY MOLLYS MEET AT LEFFERT'S

The Merry Mollys Home Demonstration Club met Monday evening July 14, at the home of Mrs. Lamar Leffert for their annual picnic.

There were sixteen members, one guest, Mrs. James Beeson and one child, Connie Tell, present. Mrs. Heston Creviston returned thanks before enjoying a delicious picnic supper.

The entertainment committee, Mrs. Herschel McGowen and Mrs. Marvin Romine gave us a good evening of laughs with their contests.

Mrs. Herschel McGowen received a birthday gift from her secret pal. For Roll call each gave their favorite salad.

Mrs. Marvin Romine presided over the business meeting. Mesdames Herschel McGowen, Lamar Leffert, and Marvin Romine were appointed on a

committee to help serve the 4-H girls and their mothers on achievement day. A report was given by the fair committee and also the finance committee.

The Club Collect was repeated and the meeting adjourned with all having a very pleasant evening.

Mr. and Mrs. Dewey O. Kesler and daughters, Lorraine and Sharon and Mrs. Willodean McFarland and two children, all of South Bend, spent several days last week at the home of Mr. and Mrs. Rea H. Ward.

Dr. and Mrs. Raymond M. Dodson and children, Karen, Steven and Debra, of Park Ridge, Illinois, came to the Rea H. Ward home Sunday evening and visited until Wednesday.

Miss Bonnie Lou Groves of Rochester, Indiana, spent Tuesday in the home of Mr. and Mrs. A. L. Nelson.

#### YOUNG PEOPLE AT EPWORTH FOREST

Seven young people from the Methodist young people's class are enjoying the week at camp at Epworth Forest.

Mrs. Albert Hatfield accompanied the group as counselor.

This class and their teacher, Mrs. Hershel Teel, planned an ice cream social, for last Saturday evening on the church lawn to finance the camp trip.

The response to the ice cream social (and the weather) were perfect.

The class members and teachers wish to thank each one who had any part in making this social a success. Every bit of your help was truly appreciated.

Those going to camp are: Dorothy Kendall, Linda Horn, Julie Kent, Joyce Anderson, Charlene Ware, Larry Hatfield and Larry Teel.

Myron (Tubby) Coplen is home on leave from Fort Leonard Wood, Mo.

Mr. and Mrs. Carl Myers, of South Bend, visited relatives and friends Sunday in Mentone.

Roy Cullum, of Franklin Park, Illinois, is spending several days with his son and family, Mr. and Mrs. Artley Cullum.

## PLAN CARE FOR PETS

The Chicago Motor Club pointed out today that motorists contemplating vacation trips should give some attention to care of their pets.

Birds and cats are best left home the Club advised. Canaries and other small birds are easy to leave with friends. Cats become more attached to places than people and so can stay home if a neighbor will arrange to feed them.

Dogs usually adapt themselves well to travel, particularly if a few simple steps are taken for their comfort. If you're planning a trip the Club suggests:

1. Accustom your dog to car travel by easy stages. Take him on a short ride first. Increase the length of his outings gradually. Too long a trip all at once may overtax the dog.
2. If your dog has not traveled before or if you are not sure whether he'll get car-sick, don't feed him before traveling. Dogs can be fasted without harm for 24 hours, although they require water frequently.
3. If you are unsure of your dog, consult your vet for dog sedatives or car-sickness pills which will help him out while traveling.
4. When parking the car with the dog in it, always try to park in the shade and be sure to leave a few windows open for ventilation.
5. Most motels and hotels accept

dogs as guests, the Touring Bureau of the Club points out, but it's a good idea to check up on this before leaving.

6. Enroute to your destination, remember to feed your dog in the evening when he is cool and unexcited. Never exercise the dog too much in the hot sun. If you want to earn a friendly wag of his tail spong him off occasionally with a damp cloth.

7. Wash and air Rover's bedding before locking up the house as fleas multiply rapidly in a closed-up, warm house. While they do not reside permanently on people, fleas can be a general nuisance to have around the house.

## Diet of Milk

A person can't live on a diet of milk alone although milk comes nearer than any other single food to affording all the essentials of a complete diet. It is deficient in iron, copper and manganese, which are needed in small amounts, as well as in Vitamin A and D. A person living on a diet of milk exclusively would develop anemia, and other disorders due to the vitamin deficiency.

**BEEKEEPERS TO MEET AT  
PURDUE, JULY 29**

Lafayette, Indiana—Indiana beekeepers will gather at Purdue University Tuesday, July 29, to learn of the most recent methods for increased production of quality honey. The meeting will be held in connection with the annual Summer Agricultural Conference, July 29-31.

The meeting will start at 9:30 a. m. in Agricultural Hall when Truman E. Young, Boonville, president of Indiana State Beekeepers' Association, will preside. C. A. Reese, extension apiarist, Ohio State University, will discuss the production and distribution of better queen bees. He will also report on the use of honey bees for clover pollination in Ohio.

Prof. H. S. Youse, botanist at De Pauw University, will talk on, "Important 'Honey' Plants of Indiana." A report on honey crop conditions will be given by Gilbert Perigo, chief apiary inspector, Indianapolis.

A field day will be held in the af-

ternoon at the University apiary on the Purdue University agronomy farm. A highlight of the field trip will be inspection of the cage, as shown in the accompanying picture, for the propagation of bumble bees. The hon-

ey plant gardens and clover pollination test plots will be shown by Prof. B. E. Montgomery and Prof. R. T. Everly, entomologists. The meeting will close with a demonstration on handling bees by Perigo.

A session will be held for wives of the beekeepers in the Memorial Union building at which Mrs. Young will preside. She is president of the "Hoosier Honeys," an Indiana association for women interested in the production of honey. A demonstration on use of honey for fine flavor will be given by Prof. Ruth Jordan of the Agricultural Experiment Station. Mrs. Mary Kramer, school of home economics, will demonstrate a new method of preparing uncooked jams by freezing.

**A NEW WAY TO  
GET BURGLARY TOOLS**

Police, working on the latest burglary racket, have discovered that house keys attached to the ring with auto-

mobile ignition keys lead to robberies, the Chicago Motor Club reported today.

Thieves, who have little trouble in gaining access to parking lots and public garages, find it easy to take wax impressions of house keys left in the ignition lock on the same ring with car keys. They make duplicate house keys, trace the home address through car license plates, and calmly await the opportunity to plunder the homes of motorists.

## PRODUCERS MEET TO DIS- CUSS LIVESTOCK MARKETING

About 100 farmers of Fulton, Kosciusko and Marshall counties met at the community building Monday evening to further discuss the possibility of establishing a Producers Livestock Market in or near Mentone. The majority of those present favored the establishment of such a market, but no definite or authoritative action was taken.

The Producers Livestock Marketing Association is now established at Indianapolis, Fort Wayne, Centerville, Columbus, Seymour, Amboy, Lafayette and Logansport, where they now are handling the selling of livestock for producers. The present charge for this service is about 40c per head on hogs.

Richard Cummins, manager of the Indianapolis unit, was on hand to answer any questions the local producers had, and Chairman Leroy Norris explained the result of the committee's recent visit to the buying yards at Amboy. Carl Solomon, Fort Wayne, Farm Bureau livestock marketing field man for this district, gave a short but very enthusiastic talk on the possibilities of such a market and how easy it should be to finance the project.

Present preliminary plans include the use of one of three possible locations along the right-of-way of the Nickle Plate railroad, with a paved highway to the location. The plant will include scale house, office, covered pens, good water supply and all weather parking area. The estimated cost is about \$40,000. This will be designed to handle small livestock with a daily hog market and lambs and calves once each week.

The Producers organization regularly maintains salesman in over 50 eastern packers and with careful grading and several yards from which to select the grades desired by the packers, they can generally get the best possible price for the producer's animals.

Officials of the present temporary organization are:

Noble Nifong, Plymouth, Marshall Co. Co-Op.

Eldon Davis, Culver, Marshall Co. Farm Bureau.

(Continued on back page)

## COPLEN - NICODEMUS

On Monday evening, July 21, Georgia Nicodemus, daughter of Mr. and Mrs. Cecil Nicodemus, was united in marriage to Jesse (Tubby) Coplen, son of Mr. and Mrs. Darrel Coplen. The ceremony was performed by Rev. David Gosser.

Both Mr. and Mrs. Coplen are graduates of Mentone high school. Georgia has been employed at Pete's Lunch and Jesse is serving in the army, being stationed at Fort Leonard Wood, Missouri.

At present they are residing in Mentone.

## FIREMEN TO HOLD ANNUAL BENEFIT FISH FRY AUG. 2

The Mentone Volunteer Firemen met at the city hall Monday evening and made arrangements for their annual fish fry to be held Saturday, Aug. 2. (Rain date will be Aug. 9).

The firemen put on a regular Jonah Club fish fry and have always managed to give you more than you can eat. The price is 75c for children and \$1.25 for adults.

The proceeds of the supper are used for equipment and miscellaneous supplies for the firemen that they may be better able to protect you and your property from fire loss.

## MINISTER TO LEAVE SUNDAY ON TRIP TO HOLY LAND

Rev. Milton L. Dowden, pastor of the Mentone Baptist Church, will leave Sunday, July 27th on a 36-day trip to Paris, Rome, Cairo, Beirut, Damascus, Jerusalem, Israel, Athens, Zurich, Geneva and London. The 85 taking the trip that was conceived by Dr. J. A. Huffman, of Winona Lake, and his father, Dr. John A. Huffman, pastor, of Cambridge, Mass.

The group will leave Baer Field at Fort Wayne for the first leg of the journey.

Four outstanding instructors will accompany the group and Bible study will continue throughout the trips. We expect our local minister to return with some very interesting pictures and stories of the foreign lands he will visit.

## GOSHERT

Mr. and Mrs. James Goshert, Route 1, Mentone, are the parents of a daughter, weighing six pounds, six ounces, born at 7:55 p. m. Friday at the McDonald hospital.

The young lady has been named Kay Arlene. They will return home from the hospital Wednesday afternoon.

## FARMERS BANK HAS FINE AERIAL PICTURE OF MENTONE

One of the finest aerial photographs your editor has had the privilege to view, is hanging in the Farmers State Bank at Mentone. The picture is about 4 x 7 feet and the detail is certainly splendid. So clear, in fact, that some of us are afraid to look too closely for fear we will see an ash or trash pile in the alley back of our homes.

Be sure and take a good look at this picture the next time you visit the bank.

## AUTOS COLLIDE

Mrs. Orval McFadden, of Mentone, suffered painful bruises Sunday at 10 a. m. when a car driven by her husband, collided with one operated by Gerald Miller, 17, of Route 2, Claypool. The accident occurred in front of the Louis Frey home on a country road three miles west of Packerton. Mrs. McFadden, who was thrown out of the car, was not hospitalized.

Both drivers escaped injury. Damage to the McFadden car was estimated at \$250, and to the Miller vehicle at \$500. State officer Henry Cripe, who made the investigation, ticketed Dr. McFadden, a veterinarian, on the charge of failure to yield the right of way.

## DOGS CAUSE ACCIDENT

An odd accident occurred at the Milo Fawley farm, south of town, some time ago when Mrs. Irene Nelson, of Plymouth, was taking 25 dogs to Bloomington to sell them. A Terrier bit her and before she knew what was happening she had driven into a telephone pole and out into the corn field. About \$100 damage was done to the auto and she sent a check to Mr. Fawley for the damage to the fence.

## FATHER DIES AFTER BEING HIT BY TRAIN

Funeral services for Nelson Polluck, aged 72, of near Claypool, who died shortly before 2 p. m. Thursday after the farm tractor he was operating was struck by a Nickel Plate train at a grade crossing a mile and one half east of Claypool, will be held at 2 p. m. Sunday at Salem, Ind. Rev. Gregory, pastor of the Methodist church at Salem, will officiate and burial will be in the Crown Hill cemetery in Salem.

The body was taken to Salem today by Charles W. Tucker & sons, Claypool funeral directors.

Mr. Polluck died while en route to the Murphy Medical Center in Warsaw in the Tucker ambulance. His death was due to a crushed chest suffered in the crossing crash.

Born in Salem, Ind., Nov. 15, 1879, Mr. Tucker was the son of Ezekiel and Ruth Ann (Weir) Polluck. He was married to Orpho Williams at Salem on Sept. 29, 1909. She is deceased. He had resided for the past three years with a daughter, Mrs. Max Deaton, near Claypool. He was a farmer and a member of the Plattsburg Methodist church.

Surviving are three sons, Merle and Glenn, of Salem, and Hobart, of Lafayette; five daughters, Mrs. R. L. (Ruth) Roberts, Warsaw, Mrs. A. D. (Margaret) Smith, Mentone, Miss Ann Polluck, Salem, Mrs. Roy J. (Mary Jane) Fultz, Indianapolis, and Mrs. Max (Lena Mae) Deaton, near Claypool; two brothers, three half-brothers and one half-sister.

## THE DALTONS RIDE AGAIN

The free movie to be shown in Mentone on Saturday evening, July 26, is to be "The Daltons Ride Again" starring Noah Berry, Jr. and Lon Chaney.

This is a good western so don't fail to attend.

## CLUB CALENDAR

The Four Leaf Clovers and the Janie Jump-Ups 4-H clubs will hold a joint meeting Monday evening, July 28 at 7:00 at the home of Marita Tucker.

A local exhibit and achievement Day will be held Tuesday afternoon July 29 at 2:00 in the Mentone School, by the Stitch and Stir, Four Leaf Clovers and the Jannie Jump-Ups 4-H Clubs.

## EGG RETAILING LAW EXPLAINED FOR FARMERS

Lafayette, Indiana—Many farmers who produce and peddle their own eggs in town direct to the housewife are under the impression that they are entirely exempt from the Indiana egg law.

Purdue University egg inspectors advise the farmers that this idea is not so. Farmers delivering eggs from house to house are required to register with the State Egg Board, Lafayette, as retailers of eggs.

All such eggs must be edible, the Purdue poultrymen add. If the farmer offers eggs as "fresh" or Grade A to the housewife, such eggs must be of such quality as to meet the legal requirements for Indiana Grade A Eggs. Furthermore, such a farmer would need a fresh egg permit in addition to the certificate of registration already mentioned.

In order that every farmer who retails or wholesales graded eggs may understand the provisions of the Indiana Egg Law as it pertains to them, the egg inspectors urge farmers to write to the State Egg Board for a copy of the leaflet entitled "The Indiana Egg Law and the Farmer."

Farmers who sell eggs at their own farm, produced by their own flock, are entirely exempt from the egg law. That is the only exception made.

## NEW POULTRY DISEASE REPORTED IN EAST

Air-sac disease, a new poultry ailment, is causing huge losses to broiler growers in the eastern part of the country, says Capper's Farmer.

It is a respiratory disease, and it is spreading rapidly to new areas, warns the nationally-circulated farm magazine.

Here are the symptoms of the disease: The birds get watery eyes, seem lifeless and sleepy. Generally there is a nasal discharge. Losses run as high as 50 percent. Those that survive may recover in 3 weeks, or they may continue to show signs of the disease.

"The ailment first became serious in early 1951," continues the article. "A year later it had become so bad that some big growers in eastern districts were faced with bankruptcy."

"Little is known about control of the disease. One grower in southern New York was losing 200 to 300 a day from a flock of 30,000. He began feeding aureomycin at high levels, provided good ventilation in his houses, and his losses stopped. Trials are under way with terramycin, penicillin and other antibiotics at various places. It

is too early to say whether feeding antibiotics at high level is the final answer."

"Experiment stations in affected states will team with the USDA in a 2-year study of the disease. The first work will be done where losses have been heaviest."

## NEW CHEMICALS ARE TOXIC TO GRASSHOPPERS

Lafayette, Ind.—Grasshoppers now appearing in destructive numbers in destructive numbers in southern Indiana are no longer among the hard-to-kill insects, says G. E. Lehker, extension entomologist at Purdue University.

Even though the "hoppers" are big fellows with robust appearance, they are unusually susceptible to some of the new organic insecticides widely used by farmers and gardeners. Among the most effect insecticides are chlordane, toxaphene, and aldrin. Any one of these materials will give a complete kill of grasshoppers and also provide residual protection for periods ranging up to three weeks, Lehker advises.

Chlordane, toxaphene, and aldrin are available as wettable powders, emulsion concentrates, and dusts. The powders and emulsions are used for making sprays and the dusts are applied dry, the same as any other insecticide dust.

For the home flower and vegetable garden, Lehker suggests a five percent chlordane dust or a 10 percent toxaphene dust since they are easier to apply than sprays. He says it is of particular importance to also dust weeds and other vegetation surrounding flowers and vegetables since grasshoppers leave such areas and migrate into gardens when hot dry weather reduces food supply.

Field crops and pastures are just as

easily protected as gardens the specialist says. He recommends chlordane at one pound of the actual chemical per acre, toxaphene at one and one-half pounds per acre and aldrin at only two ounces per acre. The labels on the packages give specific directions for diluting the chemicals to obtain these amounts. Those who plan to apply the insecticides with a gear-type, tractor-mounted sprayer should obtain the liquid or emulsion form because these forms are the most satisfactory when used in this type of equipment.

## BOY'S 4-H FAIR CAMP RESERVATIONS DUE

Plans are being completed to accommodate 600 boys at the 25th annual Indiana State Fair Boy's 4-H Club Camp.

According to W. R. Arnick, of the 4-H club staff at Purdue University, in charge of the camp, reservations must be made not later than August 15. Application forms may be obtained either from county extension offices, Carl Tyner and secretary of the Indiana State Fair or from 4-H club office at Purdue.

The camp is open to any Indian 4-H club boy who has an exhibit at the fair, who is a member of a state fair judging team or who has been awarded a trip for outstanding achievement in his county. A fee of \$17 will be charged

for the ten day camp period. Those who plan to stay the full period will be given first consideration.

A program is being arranged for each day of the camp and will give the boys opportunities to see many of the best features of the fair. A series of evening activities will be staged jointly with the Girl's State Fair School. On the closing day, two scholarships amounting to \$710 will be presented to boys attending the camp. Details concerning the scholarship may be obtained from the county agent or from the 4-H office at Purdue.

The 4-H club camp is housed in one of the permanent youth buildings located at the northwest corner of the fair grounds. In addition to the dormitory facilities, the camp provides excellent meals. Miss Mary Frances Smith of the Purdue 4-H club staff will serve as camp dietitian and supervise a food staff of 40 persons. Mrs. Ruth Turner of Pimento, Vigo County, will serve as assistant dietitian.

## "THE VAGABOND KING" AT MICHIGAN CITY

Love that delights everyone will be the hilarious not when "The Vagabond King" is played at the International Friendship Gardens Saturday night, July 26.

The musical comedy attracts men as well as the fair sex, for Priml, who

wrote the light opera has made such songs as "The Song of the Vagabonds", "Only a Rose", "Love me Tonight" and the many others along with the provoking comedy that goes thru the four acts a most intriguing musical play for Summertime Outdoor Theatres.

The Presbyterian Players who have played in the famous Theatre of Nations for four consecutive seasons will make this a gaety of performance unlike any yet produced. The cast is made up of students of the fine arts, with much stage experience except for some like Irving Hurwich, an attorney, who clowns the part of Gino Tabrie, the King's Master of the Bath as he has the now dozen operettas, to a loud laughter-provoking end.

The setting on the island stage of Nations will make the story of "The Vagabond King" live again, as the dozens of Sweet-Sixteeners in gay costumes burst forth in choral responses.

The International Music Festival will be the next program on August 2 with Erno Balogh, Hungarian Pianist whom Fritz Kreisler brought to America.

Last of the four major Summer programs will be August 9, with Kenneth Resur and a band of ninety, along with Edna Theilan, Soprano and a dancing group of thirty.

We have the  
**NEW**  
Swift's  
Mineral Supplement  
**BLOCK**

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:

—It's soft enough so animals get their mineral quota easily

—It's hard enough to resist weather

—It's easy to handle, easy to feed

In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten

#### WAGNER FAMILY REUNION

The E. E. Wagner family reunion was held Sunday July 20, at Myrl Wagner's home in Burket, with 61 present.

Albert Wagner of Palestine, was the only one of the 12 children of Mr. and Mrs. E. E. Wagner unable to attend. The others were from Fort Wayne, New Haven, Laporte, Elkhart, Young America, Akron, Warsaw and Mentone.

There were 31 grandchildren, 7 great grandchildren and 2 visitors. Mrs. Miley of Fort Wayne and John Hand of Warsaw.

After dinner, Bonny June Grubbs sang "Chocolate Ice Cream Cone" for the kiddies, which was followed by a surprise shower given for Mr. and Mrs. Robert Vandermark, who plan to go to housekeeping soon.

Many useful articles were received which were much appreciated.

Bonny June sang three more numbers, a short business was conducted, electing officers for the following year.

Ernest Wagner, president, Ivo Wagner Sec. Treasurer, Mervin and Ervin Wagner entertainment, and place for the reunion, O. C. Vandermark's home in Mentone.

After the program and election of officers, ice cream and cake was enjoyed by all.

## WILD STRAWBERRIES

The big red strawberries that taste so good with shortcake and cream come from plants growing in home gardens and on truck farms. They are carefully tended to make them produce berries that are just right for eating fresh or for making into preserves.

There was a time, though, when the only strawberries to be had were wild ones growing in fields. To get the tasty fruit in those days you had to take a basket and search for a berry patch.

If you were living in the eastern half of the United States, the chances are that you would have found good

picking. That is the region where the Wild Strawberries have been abundant for years. It is plentiful from New England to Florida and west to Oklahoma and South Dakota.

© 1951 National Wildlife Federation  
Wild Strawberry

The place to look for the plant, says the National Wildlife Federation, is in fields, pastures and grassy slopes. It grows out in the open where there is sunshine to keep the ground dry and to ripen the fruit in the late spring.

Like cultivated strawberries, the Wild Strawberry is a low plant—from three to nine inches high—that spreads over the ground. It grows from runners, or shoots, which reach out and take root at many places.

Fastened to the runners are leaves, growing in clutters of three leaflets apiece. Each leaflet has coarse teeth along its edges and a rough, hairy surface. It is about two inches long.

Here and there among the leaves are small white flowers. Each flower is from

a half to three fourths of an inch in diameter and has five round, white petals.

Attached to the same stalks that bear the flowers are the sweet red berries. Though not as large and attractive in shape as cultivated strawberries, the wild ones look and taste very much like those that come from gardens.

As you might guess, the reason for the resemblance is that Wild Strawberries are the ancestors of the garden variety. By working with the wild plants, experts have produced the strawberries which we cultivate.

Wild Strawberries now rank second to their tame cousins, but they still furnish fruit for eating. And wherever they grow, they perform a useful service by clinging to the ground and protecting soil against erosion.

Mr. and Mrs. Harry Smythe and daughter of Mentone and Mrs. Josie Smythe, of Palestine, returned Saturday afternoon after a week's trip in the east. Mr. Smythe visited his brother, Gene Earl at Camp Drum at Waterlawn, N. J. They stopped for a look at the Niagara Falls.

Mr. and Mrs. Bowers and two children of Mishawaka, spent Saturday at the Glenn Snider home. David, who had been here for a week with his grandparents, returned home with his parents.

# THE NORTHERN INDIANA CO-OP. NEWS

## BIG DAY TUESDAY, JULY 15. AT CREIGHTON FARM

More than 1,000 customers and friends of the Creighton Brothers poultry farm and hatchery turned out to help the firm celebrate another milestone in the firm's progress since its organization in 1925—the laying of the cornerstone for the 50th poultry building erected on Creighton farms, located west of Warsaw and in the vicinity of Atwood.

The firm, one of the nation's largest R. O. P. breeders of White Leghorns, played host throughout the day, giving the throng of visitors an inside look at a successfully-operated poultry and egg business.

The day was full of activities for the visitors. During the forenoon, as the guests arrived and registered, they were guided through the offices, the hatchery and the egg grading and marketing division. Following this, four large busses continually took the visitors on tours of the numerous Creighton farms, dropping them off at the original "home" farm. There they were shown the structure of the buildings;

the trapnesting system; a pullet-housing crew in action demonstrating selection, vaccination, blood testing and banding; a method of cleaning poultry houses with a power sprayer and Creighton's truck loaded with all the feed which is delivered in bulk to the poultry houses. After this the groups were shown a series of 130 color slides depicting in sequence the complete Creighton farm operations for a full year.

At noon, with 30 grills operating full blast, the visitors had a dinner of Hoosier bar-be-cued chicken. A total of 2,000 pounds of chicken was served.

Following the dinner, with Dr. J. Holmes Martin, head of the Purdue University poultry department, acting as master of ceremonies, an hour's entertainment was given by Homer and Jethro, WLS radio stars and the Beaver Valley Sweethearts with Angie Klein. This was followed by an interesting talk by Hobart Creighton on his experiences as a flying poultryman to Korea, a trip which took two months.

The final event of the day's program was the breaking of ground at the "home" farm, south of Atwood, for the

firm's 50th poultry building. This was by Don W. Lyon, general manager of the poultry and egg national board, who accompanied the act with a brief talk.

## STITCH AN STIR 4-H CLUB MEET

The Stitch and Stir 4-H club met at the home of Dorothy Christian, July 21 at 7:30. President Elaine Dunnuck presided over the meeting. Janet Romine led the pledge to the American Flag and Donna Lou Eaton had the pledge to the 4-H flag. The roll call was answered by their favorite sport, the old and new business was discussed. We are going on a picnic August 18 at 2:00. The dress revue is July 22 and the Achievement Day is July 29 at 2:00.

Dorothy Christian and Donna Lou gave demonstrations. The club played games and had refreshments. The President, Elaine Dunnuck, adjourned to meet with Donna Lou Eaton in August.

CIVILIAN AIR WATCH  
NOW ON 24-HOUR SCHEDULE

Our nearby ground observation unit of the Civilian Defense, at Burket, is now on a 24-hour basis along with the other units in the nation participating in "operation skywatch."

The observers are to check on any multi-motored or jet plane in the area and their reports are filed immediately with the big reporting station at South Bend. Lyndes Latimer said it is only a matter of seconds from the time they

put in a call until they are connected with an operator at the big control headquarters. Observers are all working on a volunteer basis and each puts in a two-hour watch, which requires 12 observers for each 24 hour period. The air observer units are among the most important segments in our defense should enemy planes attempt to invade the skies above.

Mrs. William Vernetta was able to return home Tuesday after being a medical patient at the Woodlawn hospital for several days.

## BLUEPRINTS FOR OFFICERS HUTS

13 July, 1952

Dear Art,

First off, I want to thank you very much for sending me the Co-Op. News. It is always welcomed, since not only I read it, but two of my buddies usually do, too. One is from Logansport and the other from Pierceton.

Our Hq., 32nd Air Division (Def.), moved up here in February of 1952 from Stewart A. F. B. at Newburgh, N. Y. It's a new base and is very small, between 300 to 400 personnel. I'm only a few miles from where I was last summer, which makes it seem so much like home.

I'm still a draftsman and like my work more every day. Right now two of us are on a housing project which is drawing new blueprints of houses which will be remodeled for the officers to live in. It takes four weeks for one house. We only have about 14 more to do. That'll keep us drawing for a while. Ha!

I want to thank you again for the 'News.'

Sincerely,

Jerry Hudson

## COOPERATION PAYS

## BEAVER DAM 4-H NEWS

A regular meeting of the Beaver Dam 4-H Agriculture club was held at the home of Shirley and Barry Igo on July 11.

The meeting was called to order by the vice-president, Wayne Smalley. The secretary's report was given and roll call responded to by naming projects.

The Treasurer's report was given by Shirley Igo, who also led in the pledges to the flags. Record books were checked by the Junior leaders, and Sam Norris discussed plans for the 4-H stand at the County Fairgrounds.

A demonstration, "How to test milk" was given by Joan Ummel followed by initiation of the new members. The meeting was adjourned and a Weiner roast was enjoyed.

Mary Lou Doering, Reporter

## HORSE SHOW AUGUST 3

There will be a horse show on Sunday August 3, 1952 at 1:00 p. m. at the Lester Anglin farm, located one mile south of Tippecanoe on State Road 331.

The show will be sponsored by the Tippecanoe Saddle Club and co-sponsored by the Kosciusko County Saddle Horse Association.

The rain date for the affair will be Sunday, August 10.

THE NORTHERN INDIANA CO-OP. NEWS

INCREASE IN SOCIAL SECURITY PAYMENTS

About 4,800 people in the tri-county area will receive higher social security payments as a result of the social security amendments which became law on July 18, 1952. The first increased checks will be for the month of September to be delivered early in October. Gerald Keiver, Manager of the Elkhart Social Security Office, emphasized that no one already receiving benefits needs to apply for the increased payments. "The Social Security Administration is already changing the amounts," he pointed out. "We expect to get them changed in time to have them in the mail October 3, the regular delivery date, but if in a few cases we don't meet that schedule, we'll send the regular check and make up the difference in a later check."

Mr. and Mrs. Pat Wells and Mr. and Mrs. Joe Rowan, of Hampton, Georgia, are visiting with Mr. and Mrs. Robert Firkens. Mrs. Wells and Mr. Firkens are cousins. On Sunday Mr. and Mrs. Firkens and their guests, Mrs. Bernice Rush and Mr. and Mrs. Howard Burkeypile, of Kokomo, were dinner guests at the home of Mr. and Mrs. Roy Goshert of Burket. On Wednesday evening the group with the exception of the Berkeypiles, were guests at the home of Mrs. Bernice Rush.

**In the last 10 years:**  
**INDIANA FARM, RURAL and REMC**  
**PURCHASES OF Electricity**  
**HAVE INCREASED OVER**  
**6½ TIMES!**

1941:  
130,071,402  
KILOWATT  
HOURS

1951:  
888,127,623  
KILOWATT  
HOURS

**Indiana—  
a POWER-FULL  
State**

Over 95% of Indiana farms have dependable low-cost electric service today. About 48% of them are served by the electric companies of Indiana and about 52% by the REMCs which buy their power at wholesale from the electric companies.

● Back in 1941, a little over 130 million kilowatt-hours of electricity were delivered by the electric companies of Indiana to the farm and rural users served directly by these companies, and to the State's 43 REMCs, which purchase their power at wholesale from the companies. In 1951 their purchases exceeded 888 million kilowatt-hours... an increase of more than 6½ times in only 10 years.

These electric users are adding new equipment and taking more and more advantage of the many new farm applications of electricity being developed. They are now ordering nearly 10% of the total electricity delivered by Indiana's electric companies. Total kilowatt-hour sales to all customers served by these companies—rural, commercial, industrial, residential, etc.—increased from approximately 4½ billion in 1941 to approximately 9½ billion in 1951—more than double.

During the same years, the electric companies of Indiana have increased their generating and other facilities, to keep ahead of demands and assure ample power for every Hoosier need. The result is that the total Indiana power supply will be nearly trebled by the end of 1954. And still more additions are already planned beyond that date.

Yes—there's always been plenty of electric power available in our State, and the electric companies of Indiana are continuing to plan and build ahead to assure you of dependable electric service in the future.

**AMERICAN LEGION  
AUXILIARY NEWS**

Eighteen members of the American Legion Auxiliary, Unit No. 425, met at the Post home Tuesday evening for their regular business meeting.

Chairmen for the following year are as follows: Americanism, Mrs. Miles Manwaring; Civil Defense, Mrs. Harry Gible; Community Service, Mrs. Mervin Jones; Constitution and By-Laws, Mrs. Thomas Stanford; Education of Orphans of Veterans, Mrs. Myrl Wagner; Finance, Mrs. James Rodibaugh; Girls State, Mrs. Frank Smith; Gold Star, Mrs. Robert Whetstone; Junior Activities, Mrs. Bernice Rush; Knights-town Home, Mrs. John Boggs; Legislation, Mrs. Byron Nellans; Membership,

Mrs. Dale Wallace; Merit System, Mrs. Kenneth Simcoe; Music, Mrs. Maude Snyder; National Security, Mrs. George Mollenhour Sr.; Pan American, Mrs. Richard Manwaring; Past Presidents Parley, Mrs. Robert Reed; Poppy, Mrs. Ward Williamson; Publicity, Mrs. Robert Whetstone; Radio, Mrs. Guy Baker; Rehabilitation, Mrs. Robert Reed; and Service Sales, Mrs. Jack VanGilder.

Mrs. Ward Williamson, president of the unit, presided at the business session. Reports of various chairman and committees were heard.

The meeting closed with the singing of "God Bless America."

Mrs. Elizabeth Simcoe was the name drawn for the attendance prize.

The next meeting of the unit will

be held on Tuesday, August 12, at 8:00 p. m. at the Legion Post Home.

Mrs. Mervin Jones was elected as Chaplain for the unit in place of Mrs. Bernice Rush as previously reported and Mrs. Ward Williamson as President of Mrs. Dale Wallace.

**MAN FACING 1-10 YEAR TERM  
MEETS SHERIFF AT JAIL**

A man who was under a 1-10 year sentence to be served in the Indiana State Prison at Michigan City, spent the week-end in the city with friends and relatives and then met the officer who was to commit him to the institution at the local county jail for transportation there.

Sheriff Rolland Gilkey of Hamilton County called here Tuesday for Ralph Borton who was found guilty of issuing a check to a poultry dealer in Noblesville with insufficient funds to cover it. This was last year.

From this conviction, Borton took appeal to the Indiana Appellate Court which held against him and ordered the sentence be served. Fulton county officials say, to the best of their knowledge, Borton had made restitution of all funds charged against him. Recently he had been employed as a television salesman at Plymouth. Previously he was engaged in Rochester and surrounding areas.

It was because of the Hamilton county sheriff's complete confidence in Borton that he was released from custody and asked to meet him here for the trip to Michigan City. — Rochester News-Sentinel.

### HOW TO ENJOY A FAMILY TRIP

The Chicago Motor Club today advised motorists that by careful planning long trips with children can be a pleasure. Good food, adequate rest, exercise, comfort and amusement are keys to the problem. Follow these rules, the Club says and the kid will be happy and comfortable during a motor trip:

1. Eat only in good, clean restaurants. Drink only from water supplies which are approved. Carry fresh or dried fruit, cookies or other light snacks for the children to eat in the car. A thermos jug of water, pasteurized milk or hot chocolate are indispensable.

2. Children literally cannot sit still for long periods, so provide for rest stops at least once every two hours. Let the kids run around and exercise freely on these stops and they will be more willing to be quiet in the car while driving.

3. An overcrowded car is confined

and uncomfortable, so leave plenty of room for comfort. Carry pillows and let the children nap if sleepy.

4. Simple pastimes such as counting out-of-state licences, card games, spotting birds and animals, singing, and reading picture books will pass the time and keep the children from the boredom that leads to misbehavior.

5. Limit trip length to a maximum of 400 miles per day. Start early and be off the road by 5 p. m. at the latest. Children travelling should turn in by 8 p. m.

6. Finally, parents should be more lenient than usual and overlook minor misdeeds as much as possible.

### They Save the Surface

The most popular finishing materials for furniture these days—based upon volume used—seem to be cellulose nitrate lacquer, low temperature baked urea-formaldehyde varnish, and air-drying oleoresinous varnish.

### GRANT TO AID IN CONSERVATION SURVEY

The Indiana Conservation Advisory Committee has received a \$900 grant from the National Wildlife Federation to help finance a statewide survey of the teaching of conservation in Indiana schools, according to an announcement by Ira G. Porter of Oberlin, Ohio. Porter is regional director of the National Federation, of which the Advisory Committee is an affiliate.

The survey teaching is being made with the cooperation of the State Conservation Department and the National Association of Biology teachers.

The Oberlin conservation leader said similar grants for projects of outstanding merit were awarded this year in 23 other states. Sponsored in each case by a state organization affiliated with the National Federation, the approved

projects included teachers' workshops in 13 states, youth camps in 4 states, wildlife research in 3 states, and miscellaneous activities such as pollution control campaigns in 4 states.

Money for the grants-in-aid, as well as for other activities of the National Wildlife Federation, is secured through the distribution of sheets of wildlife poster stamps. The stamps, full-color reproductions of paintings by leading nature artists, have been issued by the Federation since 1938. Interested persons send in small contributions in return for the stamps.

### Ohio Farmers

Investment in machinery on Ohio farms today is frequently two and one-half times what it was 10 years ago.

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Seven-year-old Karen Blecha enacts 1952 polio precautions recommended by the National Foundation for Infantile Paralysis. When polio is around, the National Foundation cautions parents to watch for these signs: headache, fever, sore throat, upset stomach, tenderness and stiffness of neck and back. A person showing such symptoms should be put to bed at once, away from others. Then, call your doctor and follow his advice. If polio is diagnosed, call your local chapter of the March of Dimes for advice and assistance, including needed financial help.

## SEVENTEENTH BIRTHDAY

Mr. and Mrs. George Mollenhour of Palestine, entertained Wednesday in honor of the seventeenth birthday of their daughter, Marjorie. Guests were: Dawn Ware, Barbara King, Velara Fisher, Carolyn See, Elizabeth McSherry, Sue Barkman, Mr. and Mrs. Lyman Mollenhour and their two daughters, Janice and Joann and Mr. and Mrs. Walter Miller from Fort Wayne. She received many nice gifts and cards.

## 4-LEAF CLOVERS CLUB MET

The meeting was held at Lois Dowden's home July 9.

The meeting was called to order by our vice-president, Lois Dowden. Then the minutes were read and roll call was checked by Sandra Barkman.

Demonstrations were given by Mike Boggs, Marjorie Lent, Barbara Lent, and the demonstration at the last of the meeting was Le Roy Markley. Marjorie demonstrated how to make a candle stick salad, Barbara demonstrated how to set a table, Mike demonstrated how to measure seven-eighths cup of water and Lee demonstrated how to mix up dry ingredients.

Then the game of poor pussy was played.

The refreshments of cookies and punch were served.

There were 14 members and two adult leaders.

### RETURN FROM 8570 MILE TRIP

Mr. and Mrs. Robert Riewoldt and Mr. and Mrs. Ivan Tucker returned last week from a 35-day trip into the south and west where they visited relatives and places of interest such as the Painted Desert and Petrified Forest in New Mexico, the redwood forests and Yosemite Park, etc.

They visited both the north and south rims of Grand Canyon and traveled 175 miles to reach the two viewing spots that were just 35 miles apart.

Mr. and Mrs. Riewoldt enjoyed the visit with son, Bobbie, a navyman at San Diego. Ivan Tucker visited his two brothers, John, at Downing, California, and Roy at Dayton, Washington. He hadn't met the latter in 42 years. They stopped off for visits with Gus Rinkle at Santa Barbara, California and Sgt. and Mrs. William Snipes at Fort Lewis, Wash.

The travelers covered 18 states and were into Mexico, and while traveling in the desert they started out about 1:00 a. m. on more than one occasion.

But Bob said he had the most fun hunting jack rabbits and rock chucks

at Hobson, Mont., and if he ever had a chance to retire it would be around his old stamping ground at Missoula, Montana, one of the prettiest places he visited.

(One trouble about these birds traveling out west is that you can't always tell what they're going to pick up. Your editor should have been embarrassed when Bob sent him a poster he'd picked up out there somewhere. It was one of those "Wanted" and "reward" posters generally found on telephone poles and in postoffices, and it had the name of Horsethief Art Cullum in big letters. After this, folks, anything you find out that way that has any reference to my past or future, just leave it there.)

Victor Sparrow and children, Judy and Philip, of Etna Green, and Junior Barc, of Mentone, left on Saturday for a trip which will take them to Cheyenne, Wyoming, where they will attend the world's largest rodeo, and then on to Denver, Colorado, where they plan to visit Estes Park.

### LOCAL SCOUTS ATTEND CAMP

Scoutmaster Wayne Tombaugh and troops from Mentone and Atwood were at the Pioneer Trails Scout Camp at Gordy Lake, last week. There were 11 boys from Mentone and six from Atwood. Mr. Tombaugh reports their camp, in competition with seven others, was given top rating for cleanliness and orderliness.

Mr. Tombaugh also announced that next week the local scouts will make their appeal for financial aid for the Pioneer Trails council. These contributions are used for the area work and in times past the local citizens have contributed quite generously to this cause. If you haven't visit the Pioneer Trails camp, we would suggest that you do so at your first opportunity and see what a fine camp they have at Gordy lake for the boys of this area.

**GENERAL TELEPHONE CO.  
DENIED RATE INCREASE**

The Indiana Public Service Commission Tuesday denied General Telephone Company of Indiana, Inc., a \$345,000 emergency interim rate increase.

The company was recently granted a large rate increase in this area.

The ruling Tuesday was concurred in by Wendell Tennis, Democratic member of the commission, and Crawford Parker, Republican. Hugh Abbett, chairman of the PSC, dissented.

The utility had filed for an emergency interim increase pending the outcome of hearings on a permanent increase in September.

Parker and Tennis, however, found the company's "rate of return above 4 per cent . . . is not inadequate as to impair . . . service with a constant jeopardy to its ability to render reasonably adequate service."

They ruled that "no emergency exists," but urged that the permanent increase case be decided within 60 days.

Rate increases, to a great extent, are asked upon the basis that the investment should bring about a 6 per cent return to the utility. The commissioners' report above indicates that the company has managed to increase its inventory and book value to the place where a raise in rates will be granted in the near future unless definite action is not taken by the patrons.

**MOTHER DIES FOLLOWING  
MAJOR SURGERY**

Mrs. J. L. Dorman, 70, passed away on Thursday night, July 17, in General hospital, Pontiac, Michigan, following surgery on Wednesday. Death was due to a blood clot.

Mrs. Dorman, who had visited her daughter, Mrs. F. B. Davison, here had many friends in our community who have been saddened by her passing.

Survivors besides Mrs. Davison, are: Mrs. J. H. Hutchinson, of Waterville, Ohio; a step-daughter, Mrs. Forest Simpson of Waterville; and a son, Dr. James Dorman, of Argos.

Funeral services were held in Waterville.

NEWS — PHONE 38

**FIRE DEPARTMENT FISH  
FRY SATURDAY NIGHT**

The annual Mentone Fire Department benefit fish fry will be held in Mentone Saturday evening, August 2, with serving starting at 5:30.

The firemen promise a real Jonah fish fry with all the trimmings, and judging by the past, you'll get all you can eat. The prices of the tickets are \$1.25 for adults and 75c for all children under 12 years of age.

The firemen use the proceeds of the big supper for the purchase of any equipment they feel they may need to make it easier for them to protect your property from fire loss.

In times past, the citizens have been very responsive to the invitation to attend the suppers, and it is expected that this year will be no exception. It is just another way in which Mr. Citizen can show his appreciation for the splendid community service performed by the firemen.

The rain date is Aug. 9—one week later.

**APPOINTED CHIEF OPERATOR**

Mrs. Harold Horn has been appointed chief operator, cashier of the local telephone office. She will take the position held until recently by Mrs. Dewey Whetstone, who has resigned because of illness.

Mrs. Horn took eight days of special training, 3 days at North Manchester office, and 5 days at the Lafayette office.

Mr. and Mrs. Whetstone will move from the telephone apartment soon, to their newly remodeled home, the former Frank Fisher property.

Mrs. Horn stated that they do not plan to move into town.

**LOCAL GIRL WINNER  
IN DRESS REVUE**

Rita Olson, a junior in the Mentone High School, was one of the champions in the 4-H Dress Revue held last Friday evening at the Warsaw high school. She modeled a dark aqua print with a white bolero.

Her gift from the Warsaw merchants as a revue winner was a radio.

Tomaline Witham, of Atwood, was selected as grand champion, and will represent Kosciusko county at the state dress revue during the state fair.

**GIRL SCOUTS HOME FROM CAMP**

Eight local girl scouts and their adult leader, Wreatha McFarren, returned last Saturday afternoon from a week's camping trip at Camp Pottawatomi near Winamac.

Our girl scouts shared Unit 2 with a group of scouts from Akron.

Adult leaders were: Mrs. Virgil Miller, of Akron; Wreatha McFarren of Mentone; Dolores Boswell, Chili; and Ann Norman of Macy.

Mentone scouts who enjoyed the outing were: Rachiel Walters, Shiela Fitzgerald, Leah Neil Lemler, Sue Fens-termaker, Patty Parker, Ruth Cochran, Julie Kay Kent and Joyce Anderson.

**REV. DOWDEN LEAVES  
WITH "FLYING SEMINAR"**

Rev. Milton L. Dowden, pastor of the First Baptist Church, of Mentone, left Sunday, July 27th, with the Winona Lake School of Theology "Flying Seminar", for Europe and the Holy Land. The group will return to New York City about the first of September.

The Flying Seminar is something unique in graduate education. For the first time in American theological history a graduate seminar is literally moving the class room to Jerusalem. The 84 students, auditors, and four professors are travelling by air to visit many of the places of significance in Christian history. The faculty includes a philosopher, an archaeologist, an Old Testament scholar and a professor of church history.

The departure, which was carried by a radio network, was from Fort Wayne.

**CLUB CALENDAR**

Mentone Home Demonstration Club will meet Thursday, 1:30 p. m., August 7, instead of August 14 at the country home of Mrs. Harry Vernet.

The Jolly Janes will meet with Mrs. David Gosser, Monday night, August 4, at 8:00 p. m. Change in date due to the Warsaw Fair.

Mr. and Mrs. Raymond Cooper are in Port Austin, Michigan this week visiting their son and wife, Mr. and Mrs. David Cooper.

**FARM MANAGEMENT TOUR AUG. 4**

On Monday, August 4, the Farm Management tour will start at Creighton Brothers farm, 7 miles west of Warsaw.

There they will inspect the laying houses, see grading, storage and marketing of eggs, pedigree breeding program, and the 80,000 pullets on range.

At 7:00 p. m. the group will enjoy a chicken barbecue in the Warsaw park pavilion, and a program including an address by Dr. Earl Butz of Purdue university and a colored film on Year Round Operations on the Creighton farm will be shown. C. R. Gross will discuss the commodities outlook.

The first stop Tuesday will be the Frank Nellans farm, 2 miles west of Mentone, in Marshall county where they will be shown a program of low investment in buildings and equipment and a high livestock efficiency. The farm of 188 acres has 25 brood sows, two litter system, 1000 laying hens and 20 feeding cattle.

The group will go directly from there to the Akron gymnasium for one of the Akron Jonah Clubs famous fish

At 2:30 p. m. the group will go to the John Chamberlain and Son farm, one and a half miles west of Urbana, in Wabash county. Outstanding crop yields, high livestock efficiency and many labor saving devices feature this 338 acre farm. They have over 600 spring pigs, 35 summer litters, 65 fall litters, and 165 feeding cattle.

Immediately following the noon meal, an address by Dr. George Scarseth, of the American Farm Research Association. Dr. Scarseth has developed a new method of growing corn which does not involve plowing the fields or cultivating the crop.

**SINGSPIRATION AUGUST 9**

The community Singspiration will be held Saturday evening, August 9, at the Beaver Dam E. U. B. Church. Please notice that this is a change from the regular meeting date of the first Saturday of each month.

Plan now to attend.

**IN McDONALD HOSPITAL**

Adam Bowen is recovering from surgery for Hernia preformed Monday morning at the McDonald hospital. He is doing fine.

## LISTS FIVE HIGHWAYS TO LARGER DAIRY INCOMES

Lafayette, Ind.—Higher production costs are forcing dairymen to adopt systems of herd management which will increase their yearly herd income. Production, harvesting, and feeding of more high quality roughage per cow helps meet this situation, explains G. A. Williams, Purdue extension dairyman.

He outlines a five-point program to increase herd income.

1. Grow more grass per acre. Once a stand is established, a pasture good enough to carry one cow per acre costs no more to maintain than a pasture requiring three acres per cow. Permanent pastures top dressed with 500 pounds of 10-10-10 fertilizer produced 3405 pounds of dry matter more than similar land unfertilized. This extra forage was equivalent to a 16 per cent or 18 per cent dairy feed which figured at \$50.00 per ton would represent a value of \$85.00. The cost of the fertilizer amounted to \$18.00 per acre.

2. Make first cutting alfalfa into silage. The amount of milk produced per acre from grass silage (wilted) has been found to be 12 per cent more than if made into hay when harvested without rain. If the crop is damaged by rain the difference may amount to 40 per cent in favor of silage.

3. Use less and cheaper concentrates. A study of Dairy Herd Improvement Association records shows that many dairymen with a poor pasture program feed as much and in some cases more grain for each pound of milk on pasture as they do during winter months. The average, for a study made of seventy-five herds, was only one-half lb. more milk for each pound of grain fed during summer than was fed in winter. Pastures containing ladino clover are high in protein, thus doing away with

the need of a protein-rich concentrate during the flush season.

4. Labor costs for pastures are only about 10 per cent of what they are for growing harvest crops. A good pasture program should provide grazing for at least six months each year and yet 29 per cent of the herds tested in DHI Associations, do not enjoy this privilege.

5. Fewer herd replacements. Some dairymen, when short of quality roughage, attempt to substitute concentrates for hay and pasture. This requires heavy grain allowances and often brings about physical conditions in the cow that are favorable for outbreaks of Mastitis or shy breeding and the like. Such a condition shortens a cow's years of usefulness and raises replacement costs in maintaining the herd.

## INDIANA STATE TRACTOR PULLING CONTEST HIGHLIGHTS THE FULTON COUNTY 4-H FAIR

The Fulton Co. 4-H Fair, long recognized as one of the outstanding 4-H free fairs, opens its gates to the public August 5 and extends during the entire week, closing on Saturday, August 9 with a mammoth Indiana State Tractor Pulling Contest with the lightweight tractors pulling at 1:00

p. m. in the afternoon and the heavy-weight tractors pulling at 7:00 p. m. on Saturday night.

The Fulton County 4-H Fair was one of the first in Indiana to construct a cement runway to conduct the pulling contest. Last year was the first year for the runway and it met with enthusiastic approval from the 116 tractor owners entered in the contest and the 4500 spectators in the grandstand.

The Fulton County Fair will this year have their big cattle and hog barns filled to overflowing with exhibits by 328 boys and girls, and the home economic division will consist of the prize exhibits from 335 boys and girls.

Entertainment for the week will be supplied daily by the Drago Amuse-

ment Company's eight big rides, three shows and complete midway.

The WLS Barn Dance will be held Tuesday night, county amateur show Wednesday night, the Dixie Four Thursday night, Jack's Xylophone Band Friday Night, and on Saturday afternoon and night the Indiana State Tractor Pull will be held in front of the grandstand.

The fat cattle and fat barrow sale this year will be held at 7:00 p. m. Thursday night.

Within the past two years the 4-H Fair Association has raised over \$20,000.00 through various means of promotion and have built their own 4-H Fair Grounds, with a natural amphitheater seating over 3,000 people, located on West Third Street, Rochester, Indiana.

## FALL GARDENS CAN BE BEST

Lafayette, Ind.—The old adage, "The best is yet to come," applies quite often to fall gardens planted during late July or early August.

Recommended fall crops are those that mature best if the weather is cool. Included among these are Chinese cabbage and head lettuce, says W. B. Ward, garden specialist at Purdue University.

Head lettuce when planted as a fall crop is ideal as practically every plant will form nice, solid heads without danger of the plant "bolting" and forming a seed stalk. Another advantage to fall head lettuce is that heads do not have to be used in a limited time. Once the head forms and the cool weather is continuous, heads will last for as long as a month.

Head lettuce should be seeded in early August or may be transplanted in late August. The plants should stand eight to ten inches apart in the row. A side-dressing of nitrate fertilizer applied two weeks after plants are well established will stimulate growth.

Small semi-solid green Bibb variety is highest in quality. Varieties which have larger heads such as the Great Lakes strains or the Improved New York types are recommended for Indiana planting.

Chinese cabbage should be sown from mid-July to early August. After plants are two or three inches high the row should be thinned to one plant every eight inches. Transplanting of this crop is not satisfactory. Failure of Chinese cabbage to head is due to climatic conditions at the time the head forms. Two or three plantings such as in mid-July, late July or early August will assure large firm heads.

Best varieties are Chihli and Michiganli.

**NEW**  
Swift's  
Mineral Supplement  
BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:

—It's soft enough so animals get their mineral quota easily

—It's hard enough to resist weather

—It's easy to handle, easy to feed

In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements

- Manganese
- Iron
- Copper
- Cobalt
- Chlorine
- Calcium
- Phosphorus
- Magnesium Sulphate
- Iodine

THE CO-OP. MILL

## EATING OUR WAY INTO AN EARLY GRAVE

Some startling figures were revealed recently at the joint meeting of the State Medical Association Committee on Chronic Illness, and the Indiana Committee on Chronic Illness, held recently at the State Board of Health.

According to Dr. F. R. Nicholas Carter, Chairman of both committees and South Bend Health Officer, "The death rates for persons over 45 years of age who are 10 to 90 pounds overweight are respectively 8 to 116 percent greater than for persons in the normal weight range."

"It has been estimated that 25 to 30 percent of the adults in the United States are obese, and the case against obesity from the chronic disease point of view is overwhelming," he said.

The increased incidence of diabetes, liver trouble, hypertension, hardening of the arteries, arthritis, and the increased tendency for accidents, are points which are apparent in day-to-day experience with people who are overweight.

Dr. Carter asserted that "generally, the cause of obesity is the result of consuming more food than is needed for our particular manner of living." He also pointed out that recent information available indicates to a large degree that nutrition is directly related to chronic disease.

"Aging need not be synonymous with degeneration," Dr. Carter said, "and adequate nutrition will eventually prove the truth of this statement."

### BETTER DAUGHTERS HOLD REGULAR MEETING

The Beaver Dam Better Daughters 4-H Club held a regular meeting at the home of the leader, Mary Bowen, on July 22.

The president, Jane Bowen, presided over the meeting. The pledges to the flags were led by Sandra Summe. The roll call was answered by "Favorite Project." The minutes were read and approved.

Achievement Day was discussed. The song leader led the group in singing. Jane Bowen demonstrated "The Right Way To Shrink Material" and Sharon Bowen showed "How To Make Bias Tape."

Delicious refreshments were served by the hostesses and the remainder of the afternoon was spent playing games. The meeting was adjourned. KAREN HEIGHWAY, Reporter

Charles Manwaring is attending the American Poultry and Hatchery Federation Convention being held this week at San Francisco.

A RIP ROARING COMEDY

### VISIT GUS RICKEL FAMILY

The Tucker and Riewoldt families have just recently completed an 8000 mile trip through the west.

One of the highlights of the trip was our visit with Gus Rickel and family. Gus is the son of Lloyd A. Rickel.

Gus is living in the beautiful city of Santa Barbara, on the Pacific coast. He is forest supervisor of the Los Padres National Forest, comprising some 2,000,000 acres.

Starting from Gus's home at eight o'clock in the morning we made a trip up the mountain to the high point where the fire tower is located. On the way up Gus explained why it is so vitally important to prevent forest fires and protect the water sheds and mountain cover.

They strive to keep rock slides and silt from filling in their water reservoirs, built at great expense, furnishing water to the cities and for irrigation of all the land that is farmed.

By the way, Santa Barbara county is the home of the lima bean industry. The bean was introduced from Lima, Peru in 1871. Choice lemons are also a main crop there.

There are many things to learn about the usefulness of our national forests besides the timber crop being harvested.

Gus took us to a secluded spot, formed by canyon walls, in which has been built a camp for delinquent boys from two counties. An ideal spot for such a camp, it has plenty of work to keep the boys busy. They can also be of great help in case of fire.

On the way down, Gus talked to the cook at the ranger station over his car radio and asked her to put an extra bean in the pot for four extra guests.

While we were waiting for the lunch hour we went through the warehouses and saw the new radar equipment being made ready to take the place of telephone lines which are so difficult to maintain through the mountains.

The Rangers' one ambition is to get started to a fire in record time.

Through thought and foresight Gus has arranged for large trailers to be loaded with all the equipment needed for 500 men to fight a fire.

These trailers are mounted on a collapsible support. A truck can back up

to them, attach and be off in a matter of seconds.

Everything around the station seemed efficient to the Nth degree.

After a good lunch served in abundance, we were on our way. With many a good-bye and God bless you, we parted with Gus at a fork in the road, we going north, on our way, Gus back to the city to keep a business appointment.

The Tuckers

### FREE MOVIE FOR SATURDAY

The free movie to be held in Mentone on Saturday evening, August 2, will be "Shep Comes Home," starring Robert Lowry and Flame, the wonder dog.

Now on display the new 1953 Bendix automatic washers which includes the new Economat and the Gyromatic. Baker's Jewelry and Appliances.

Mrs. Kenneth Romine was pleasantly surprised Monday morning with a birthday breakfast. Those present were Mrs. Raymond Lewis and Sharon and Stevie and Mrs. Wayne Bowser and Vickie Lee and Debbie Jo, Johnny and Ken Romine and the honored guest.

**4-H FAIR AT SOUTH BEND**

As many as 75,000 people may attend the 1952 St. Joseph County 4-H Fair in Playland Park, South Bend, August 6, 7, 8 and 9. This prediction was made by Oscar Valentine, Fair Secretary, who at the same time predicted this year's show will be the biggest and best agricultural extravaganza of all. More animals, more 4-H projects and more commercial exhibits than ever before are on schedule, Valentine said.

All this reflects the growing 4-H enrollment in the county where 1,700 boys and girls now take part in work designed to make them better citizens.

In addition to the usual exhibits and projects, Valentine said, this year's fair will feature the greatest achievement night program in fair history. The program will feature Jerry Colona, famed star of radio, television, stage and screen, and an all-star cast. Mort Linder, chairman for the big Saturday night show, said the event will be one of the finest outdoor attractions ever presented in the county.

Professional entertainment will not be limited to the final night of the fair, Valentine added. Three sensational free aerial acts will be on the bill each night. And the closing of the fair each night will be marked by a spectacular display of fireworks.

The opening night of the fair will be turned over to the 4-H girls, who will present their annual style show in front of the park grandstand. Thursday night's featured attraction will be the beef judging when the county's finest 4-H steer will be chosen.

Friday night the beef animals will be auctioned off by Fred Chandler, of Chariton, Iowa. The final, Saturday night, will be marked by the program honoring the boys and girls who participated in the fair.

## RODEO AT COUNTY FAIR THIS YEAR

One of the new features at the 35th Kosciusko County Fair, August 11th to 16th, will be Pop Staple's Rodeo. This event will be held on Monday and Tuesday evenings of Fair Week. Yo-Yo, the bucking donkey, will be along to entertain you with some of his playful antics.

### SENECA WAS HIGH YIELDING WHEAT THIS YEAR

Seneca was the high yielding variety of wheat in the Kosciusko County demonstration this year, the county extension office announces. Seneca produced 54½ bushels per acre of wheat testing 58½ pounds per bushel. Experimental wheat number 399, which was developed at Purdue University and is now being tested to determine whether it is worthy of release to farmers was the second high yielder with 50 bushels per acre testing 59 pounds. Thorne, an old standby variety for many folks and the variety from which Seneca was selected, produced 49 bushels per acre with a test of 58 pounds per bushel. Butler, a bearded wheat which was developed by the Ohio experiment station, also yielded 49 bushels per acre and tested 60 pounds per bushel.

A short strawed experimental variety, number 48, developed at the Purdue station and now being tested for quality and yield ability produced 48 bushels per acre of wheat testing 58 pounds per bushel. Fairfield yielded 46½ bushels of 59 test and experimental 36 produced 44½ bushels of 58½ test. Saline, released from the Illinois experiment station in 1951, is a tall bearded, stiff-strawed variety which yielded 43 bushels per acre testing 61 pounds per bushel. Vigo produced 38 bushels of 60 test grain and Royal, a bearded variety developed at the Illinois station, had a yield of 38 bushels

per acre which tested 61½ pounds per bushel.

Farmers who are considering Seneca for seeding this fall should keep in mind this variety lacks somewhat in winter hardiness and is susceptible to both leaf and stem rust. It is, however, moderately resistant to loose smut. Vigo is moderately resistant to both loose smut and leaf rust but is susceptible to stem rust.

In the fertilizer trials held along with the variety tests Vigo wheat was planted at the rate of 1½ bushels per acre. On strips where no fertilizer was applied the yield was 33 bushels per acre. Applying 300 pounds of 3-12-12 per acre increased the yield to 38 bushels, and an application of 600 pounds of 3-12-12 plus a top dressing of 75 pounds of 33% Ammonium Nitrate raised the yield to 44 bushels.

The demonstrations were presented by the county extension service cooperating with Chester Brown, Elmer Koher, and the Purdue Agronomy Department. George Enfield, of the Purdue Agronomy department, assisted with the harvest demonstration.

### FINAL DAIRY DAY THURSDAY

Thursday, July 31, is the final day of the two-day County Dairy Association Show being held at the county fairgrounds. The event is entirely free and all interested dairymen are invited to attend. Many fine purebred dairy animals are being exhibited by county dairymen.

Mr. and Mrs. Don A. Baker and Mr. and Mrs. Joseph A. Baker and daughter, Linda, attended the Jewelry and Gift Show in Chicago Sunday and Monday, July 27 and 28.

### AUGUST 11-16 DATES FOR KOSCIUSKO COUNTY FAIR

The 35th Kosciusko County Fair is to be held in Warsaw Aug. 11th to 16th.

The fair this year has added some new entertaining features, with something "big" advertised for each night throughout the week. There will be free acts daily, and the exhibits will undoubtedly be as large and as interesting as ever.

The Country Print Shop completed the printing of the fair premium booklets about two weeks ago and this week completed the work on 25,000 advertising circulars that will be mailed to the citizens of this and neighboring counties.

### The Harder, The Longer

In the laboratories of paint industry, technicians have many ingenious devices for testing and measuring. One of them, known as the Sward Hardness Rocker, was developed in the Scientific Section of the National Paint, Varnish and Lacquer Association to measure the hardness of paint films and the tautness of aviation fabrics. The essential parts are two metal rings, set one inch apart, and spirit levels to indicate the amplitude of the motion. The harder the surface of a film, the longer the device will rock after it has been set in motion.

Mr. and Mrs. Tom Welch of South Bend were the guests of her parents, Mr. and Mrs. Charles Good.

Mrs. Eda Arter of Mentone was the

Sunday guest of her daughter, Mrs. Fred D. Barr.

Miss Janaleene Srivier is visiting her grandparents, Mr. and Mrs. Fred Roe of Akron this week.

Mr. and Mrs. Ralph Chapman and family of North Manchester were the Sunday guests of her parents, Mr. and Mrs. Fred D. Barr.

## FARM MANAGEMENT MEN PLAN COUNTY ACTIVITIES

Farm Management activities for Kosciusko County for the next year were planned by the county farm management committee in a recent meeting in the county extension office. Howard Warner, Monroe township farmer, was elected to serve as chairman of the committee for the 1952-53 season. The fall and winter program as outlined by the group will include an outlook meeting in October at which time the outlook for general economic level and prospective farm prices for 1953 will be discussed. In November a tax and record school will be held to explain how farmers may accurately prepare an income tax report and how records should be kept to make an accurate report possible.

The committee is planning to make special effort to increase the number of farmers who are having records analyzed by the Purdue Agriculture Economics department and also will sponsor special meetings during the winter on how to more profitably fertilize farm crops; low cost roughage handling programs, farm lease arrangements, and how to handle investments, transfer of property, and inheritance. One winter meeting also will be devoted to special problems of the alumni of the farm planning school of former years. No farm planning

school will be held in 1953 but enrollment will be taken throughout the year for another farm planning school to be held in 1954.

Farm Management committee members are: Boyd Howard, Warsaw; Howard Warner, Monroe township; Leroy Norris, Franklin township; Gene Warner, Lake township; Everett Rooke-stool, Franklin township; and Robert Merkle of Clay township.

Noah Hadley and John Dunbar of the Ag economics extension department of Purdue and Paul Jackson, county agent assisted in the meeting.

See our selection of completely automatic Philgas water heaters in prices and sizes to fit your needs.

CO-OP. OIL STATION

## INDIGO BUNTING

When an Indigo Bunting alights in a fruit tree and nibbles at a few blossoms, it's easy to forgive him, because he is so helpful in destroying insects. A fragrant bud tempts him now and

© 1951 National Wildlife Federation  
Indigo Bunting

then, but ordinarily he'd rather be eating canker-worms, beetles, grasshoppers, and other pests.

That is why people in the eastern half of the United States are glad to see Indigo Buntings arrive each spring. The small birds are welcome visitors all the way from North Dakota to Maine and south to Texas and Florida.

Throughout this area, says the National Wildlife Federation, Indigo Buntings make their summer homes in bushy fields, along hedges, and among small trees.

It is hard to see the female in these surroundings because she is plain brown all over. And the male seems to be playing a trick of changing colors. In the right light, he is a rich, deep blue, but in a shadow he may appear to be anything from dull gray to coal black.

There is seldom any doubt about who he is, though, because he is almost constantly singing a lively, cheerful song. It is pleasant on a hot day to hear him saying, "Sweet-sweet, chew-chew, swit-swit, sweet-sweet, way-sway, sway-sway."

The Indigo Bunting does his singing from a high perch, but he and his mate place their nest in a low bush or sapling, about four feet from the ground. For building materials they use twigs, coarse grass, leaves, hair, and feathers.

After their new home is finished, the female lays three or four small eggs. They are pale blue or greenish white, and they hatch in twelve days. After

the first brood is big enough to get out of the nest, the parents raise a second family later in the season.

By the time that the second brood is fully on its own, fall is near, and the Indigo Buntings leave for their winter homes. While it is cold in the United States, they are enjoying warm weather in Mexico, Central America and Cuba.

Dinner guest in the home of Mr. and Mrs. Cloyd Kercher Sunday was their grandson, Lt. Bobby Heredeen.

Sunday evening callers of Mr. and Mrs. Cloyd Kercher were Mr. and Mrs. Clarence Huffman and his mother from Bippus. Mrs. Don Emmons called on Mr. and Mrs. Cloyd Kercher on Monday evening.

Dinner guests of Mr. and Mrs. E. E. Jones were Mrs. Maude K. Blue of Madison, Wisconsin, Mrs. U. R. Oldfather of Elkhart, Mr. and Mrs. Homer Blue, Mrs. Irvin Nelson and Mrs. Lizzie Morgan.

Mrs. Osie Blue was an overnight guest Thursday night in the Jones home. Mrs. Blue is from Columbus, Ohio and formerly lived in Mentone.

Rev. and Mrs. Gosser, Mrs. Kohr, Mrs. Maggie Dille, Mrs. Jennie Thomas and Mrs. Berth Engle of Calumet City were callers during the week on

Adult and Youth Choir ..... 7:00 p.m.  
Board and Committee meetings ..... 8:00 p.m.  
Special and monthly meetings announced in the News item.

### TIPPECANOE CONGREGATIONAL CHRISTIAN CHURCH

Rev. Bernard Ward, Pastor  
Dale E. Grossman, Supt.

Sunday School ..... 9:30 a.m.  
Morning Worship ..... 10:30  
Youth Fellowship, Sunday eve. .... 7:00  
Sunday Evening Service ..... 8:00  
Prayer Meeting "Hour of Power" Thursday night ..... 8:00  
Junior Bible Club, Sunday evening 7:00  
A hearty welcome to all.

### BOURBON METHODIST CIRCUIT

Rev. Trumbauer, Pastor

Talma Methodist Church  
Sunday School ..... 10:00 A.M.  
Worship Service ..... 11:00 A.M.

#### Foster Chapel

Sunday School ..... 10:00 A.M.  
Evening Worship ..... 7:30 p.m.

#### Summit Chapel

Sunday School ..... 9:45 A.M.

### TALMA CHRISTIAN CHURCH

Talma, Indiana

Delbert A. Ruberg, Pastor

Sunday school ..... 9:30 a. m.  
Morning Worship ..... 10:30 a. m.  
Young peoples Fellowship ..... 7:00 p. m.  
Evening Service ..... 8:00 p. m.  
(20 minutes of Gospel Singing)  
Bible Study and Prayer every Thursday.  
8:00 p. m.

D. V. B. S. July 14 thru 25.

### Last Campaign

The last major Indian campaign of the U. S. Army ended on October 5, 1877, north of Montana's Bearpaw Mountains. There, Chief Joseph of the Nez Perce (Pierced Nose) tribe, surrendered after a retreat of 1,600 miles that has few parallels in military history, the National Geographic Society says.

### PALESTINE CHRISTIAN CHURCH

(One mile north of Palestine on State Road 25)

Ivan H. French, Pastor

Bible School ..... 9:30 a.m.  
Morning Worship ..... 10:30 a.m.  
Bible Study, Sunday night at 7:30.  
A hearty welcome awaits you.

### TIPPECANOE METHODIST CHURCH

Rev. John McGee, pastor

William Blackford, supt.

Morning Worship Service — 9:30  
Sunday School — 10:30  
Prayer Meeting, Friday night — 7:30

### TRUTH FOR TODAY

Teacher, Oscar M. Baker

Radio Class each Tues. night at 7 over station WRSW.  
Bible Class at WRSW Studios in Warsaw each Tuesday night at 7:45.

# GET THE FACTS

AND YOU'LL GET A

## FEDERAL LAND BANK LOAN

1. Low cost — 4% contract interest.
2. Farmer owned and controlled.
3. Up to 33 year term.
4. Pay all — any part — any time.
5. No application, appraisal, or renewal FEES.
6. Good service, fair treatment, safety.
7. Membership stock earned 7% dividend in 1951
8. Dependable source credit in BAD TIMES and GOOD TIMES.
9. More than 30 years experience making loans to farmers.

**CHECK YOUR COMBINE  
BEFORE CLOVER HARVEST**

Once it is decided that the red clover is ready for combining, the farmer will want to be certain that the combine is properly adjusted.

C. L. Hill, agricultural engineer, Purdue University, suggests that the first run be combined as a test run so that adjustments can be checked. The operator will start into the field with the preliminary adjustments recommended by the manufacturer.

The Purdue agricultural engineer makes the additional suggestions:

If the cylinder is overloaded, it is difficult to tell by the sound of the cylinder. Overloading in combining clover is indicated by the appearance of unthreshed seed in the tailings return or behind the combine. A steady stream of tailings of any sort calls for stopping the combine and readjusting either the speed of operation or the cleaning sieves.

The manufacturer usually recom-

mends that the straw rack oscillations be slowed by about 15 per cent because at higher speeds the straw and chaff fall through openings down into the chaffer causing overloading.

Hardware cloth is sometimes placed over the entire rack to cut down the size of opening for straw to fall through.

Most difficulties are the result of improper fan and wind blind adjustments, Hill says. In general, it is best to open all blinds and deflectors, then slow the fan speed. The deflectors may then be used to direct the "lift of air" to the proper portion of the chaffer and sieves.

The agricultural engineer cautions that farmers may make the mistake of starting combining before the clover is ready. The interior of the head of clover should be brown and the stems show a yellowish color. The seed must not become over ripe as a large part of the harvest will be lost in shattering.

Burket, Indiana

**BENTON AND CLINTON  
GIVE BEST OATS YIELDS**

Benton and Clinton 59 oats gave the top yields in Kosciusko County oats variety demonstration county agent Paul Jackson announced today.

The variety demonstration was conducted in cooperation with Chester Brown, Turkey Creek township farmer. Each variety of oats was seeded in one drill width 213 feet in length. The plots were seeded on April 3 at the rate of 6 pecks per acre and fertilized with 8-8-8 fertilizer at the rate of 300 pounds per acre. Yields were compared by combining each strip separately and measuring the results.

At combining time the Clinton 59 and Benton varieties showed less straw breakage than other varieties in the test. Benton oats produced 49 bushels per acre testing 32 pounds per bushel. Clinton 59 produced 49 bushels per acres testing 31. Ajax produced 47 bushels testing 27. Branch yielded 47 bushels testing 31. Nemaha yielded 41.5 bushels testing 29 and a half, and Columbia yielded 38 bushels testing 30.

The fertilizer demonstration plots were seeded with Clinton 59 one drill

width 213 feet long at the rate of six pecks per acre.

The plots were fertilized with 0-12-12 at the rate of 300 pounds per acre. Ammonium Nitrate was top dressed in varying amounts to give different levels of nitrogen. Plots receiving no fertilizer averaged 33.5 bushels per acre. The application of 300 pounds of 0-12-12 yielded 38 bushels per acre. Applying nine pounds of actual nitrogen increased the yield to 41 bushels, 18 pounds of actual nitrogen produced 54 bushels, and 36 pounds of actual nitrogen yielded 49 bushels per acre. The plot of oats receiving no fertilizer of any kind contained 15.54 per cent moisture, the wettest in the group at time of harvest. The plot receiving the heaviest nitrogen application contained 14.06 per cent moisture and was the driest of the group.

**Coffee Trees**

During its ten-year life, the carefully-nurtured coffee tree produces about 30,000 ripe red "cherries," on the average—the equivalent of only 10 to 15 pounds of roasted coffee. It takes 125 billion cups of the beverage to quench America's thirst for it, every year.

### THE COUNTRY NEIGHBORS

The Country Neighbors Home Economics club met at the home of Mrs. Leslie Weldy at 9 a. m. on July 18. Following a short business meeting the group motored to Warsaw to spend the day.

First we visited the Glass Factory, which proved interesting to all. At the noon hour we all had dinner.

In the afternoon, we toured the Splint Factory, Art Studio and Litchfield Creamery. The remainder of the day was spent shopping.

The August meeting will be held at the home of Mrs. Roy Maxwell. The T. H. E. club will be guests.

Karl Nottingham left Saturday for Nashville, Tennessee, where he will visit his brother.

Ora McKinley and son Duane are in Chicago today, the latter as a guest of the South Bend Tribune. Each carrier for the South Bend daily who gained eight or more new subscriptions in a recent contest were given the trip to Chicago. They left by bus from Plymouth this morning and were to visit the airport, have a big lunch at noon, see a baseball game this afternoon and then dinner in Chinatown tonight. Mr. McKinley, who took some of the boys to Plymouth, was invited to make the complete trip with the boys.

Mrs. Agnes Baker, of near Mentone, Mr. and Mrs. Frank Baker, of Man-nington, W. Va., and his son, Mr. and Mrs. Tola Baker, of Pittsburgh, Pa., were Tuesday dinner guests at the home of Mr. and Mrs. Joe Baker. Frank Baker was a delegate from his home state to the Democratic National Convention in Chicago.

**Mine Shafts**  
Average depth of vertical shafts in U. S. underground mining is 190 feet.

**Extensive**  
Some part of Brazil's long borderline touches every other state in South America except Ecuador and Chili.

## NOTICE TO TAXPAYERS OF TAX LEVIES

IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY THE LIBRARY BOARD OF MENTONE, KOSCIUSKO COUNTY, INDIANA, BEFORE THE LIBRARY BOARD.

Notice is hereby given the taxpayers of Harrison and Franklin Townships, Kosciusko County, Indiana, that the proper legal officers of said municipality, at their regular meeting place, on the 28th day of August, 1952, will consider the following budget:

BUDGET CLASSIFICATION	
1. Services Personal	\$2197.26
2. Services Contractual	273.50
3. Supplies	200.00
4. Materials	283.50
5. Current Charges	283.50
6. Current Obligations	2182.40
7. Properties	
8. Dept Payments	
Total Estimate	\$5,136.66

(Complete detail of budget estimate may be seen in office of Library)

**ESTIMATE OF LIBRARY FUND TO BE RAISED**

**FUNDS REQUIRED FOR EXPENSES TO DECEMBER 31st OF INCOMING YEAR:**

	Library Fund
1. Total Budget Estimate for incoming year	\$5,136.66
2. Necessary expenditures to be made from appropriations unexpended July 31st of present year	2,405.71
3. Additional appropriations necessary to be made August 1st to December 31st of present year	
4. Outstanding temporary loans to be paid before December 31st of present year—not included in lines 2 or 3	7,542.37

5. Total Funds Required (Add lines 1, 2, 3, 4)

**FUNDS ON HAND AND TO BE RECEIVED FROM SOURCES OTHER THAN PROPOSED TAX LEVY:**

6. Actual Balance, June 31st of present year	2,296.81
7. Taxes to be collected, present year (December settlement)	2,104.36
8. Miscellaneous Revenue to be received August 1st of present year to December 31st of incoming year (Schedule on file in office of Library Board):	
a. Special Taxes (see Schedule)	122.50
b. Fees and all other revenue (see Schedule)	4,523.67

9. Total Funds (Add lines 6, 7, 8a and 8b)

10. NET AMOUNT TO BE RAISED FOR EXPENSES TO DECEMBER 31st OF INCOMING YEAR (Deduct line 9 from line 5)

11. Operating balance (not in excess of expense January 1st to June 30, less Miscellaneous Revenue for same period)

12. AMOUNT TO BE RAISED BY TAX LEVY (Add lines 10 and 11)

**PROPOSED LEVIES**
