ARTHUR S. BRINDLEY DIES

Arthur S. Brindley, aged 83, of Winona Lake, died at 7 p. m. Friday at the McDonald hospital of complications. He had been in ill health for several years.

Born near Etna Green, June 24, 1866, Mr. Brindley had resided in Kosciusko county during his entire lifetime, the last five years at Winona Lake. He was the son of James and Sarah (Shaneholt) Brindley. In 1916 he married Laura Belt, who survives. He was a retired farmer and a member of the Pleasant Valley Methodist church.

Surviving in addition to his wife, are four step-sons, James R. Belt, of Kansas City, Mo., Raymond J. Belt, of Pasadena, Calif., Delbert F. Belt, of Dexter, Mich., and Harold H. Belt, of Cicero, Illinois, and four grandchildren.

Funeral services were held at 2 p. m. Monday at the Bilby-McHatten funeral home with Rev. O. I. Uncapher, pastor of the Warsaw Evangelical United Brethren church, officiating. Burial was in the Etna Green cemetery.

MINER

Mr. and Mrs. James Miner, of Etna Green, are the parents of a daughter, Patti Renee, born at 12:45 a. m. Friday at the McDonald hospital.

AWARDED DIVORCE

Harold A. Copen, of Mentone has been awarded a divorce decree from Lorene Imogene Copen. He was also given care and custody of a minor child, Michael Allen Copen, aged two years. Mrs. Copen defendant in the circuit court divorce action, was allowed temporary custody of the child each Sunday afternoon. Mr. Copen, the plaintiff, was ordered to pay all debts of the parties. They were married on December 25, 1948, and separated last October 21.

QUEEN CONTESTANT

Miss Rozella Gagnon, of near Silver Lake, a junior in the Burket High School, has been selected by students of the Burket school, to be their entry in the "Queen of the Lakes" beauty contest at North Webster, June 27. She was entered in the contest as "Miss Burket" by Arthur Alexander, school principal. Miss Gagnon has brown hair, brown eyes, is 5 feet, 4 inches tall and weighs 120 pounds. She is 16 years of age.

SQUIRREL SEASON SET

An order covering the 1952 squirrel season has been received from the Indiana Department of Conservation. The following is the exact wording of the order:

"The open season for Fox Squirrel and Grey Squirrel for the entire State of Indiana, for the year 1952 only, shall be from the 16th day of August to the 14th day of October, inclusive. It shall be unlawful for any person to shoot, kill, take or possess in the State, more than five squirrels in any one day during the open season designated herein. It shall be unlawful to possess more than five squirrels at any one time during the open season designated herein. This rule shall be effective for the year 1952 only. It shall become effective July 31, 1952."

The proclamation is signed by Kenneth M. Kunkel, director of the Indiana Department of Conservation.

BRIDAL SHOWER HELD RECENTLY

Mrs. Wade Bentz, of Warsaw, entertained recently at a bridal shower honoring Miss Vera Westerman, of Warsaw, whose marriage to Kenneth Wagner, of Palestine, will take place Sunday, June 8, at the Church of God, Warsaw. Small dolls, dressed as members of a bridal party, centered the table on which the attractively wrapped gifts were placed.

Contests and games appropriate for the occasion were enjoyed. The winners Mrs. Jack Bilz, Mrs. Ralph Netzel and Mrs. Charles Copeland, a double winner, presented the prizes to the guest of honor.

Others present were Mrs. Gerald Bowman, Mrs. Lloyd Woods, Mrs. Ward Thomas, Mrs. Harold Bentz, Mrs. Ed Banghart, Jr., Miss Mary Jane Sisk and Miss Patty Copeland. Gifts were also sent by Miss Lura Williams, Miss Mona Shidler, Miss Sally Bunting, and Miss Margie Latta, of Warsaw, and Mrs. Keith Wagner, of Palestine, who could not be present.

MRS. RINER REAPPOINTED

Members of the county board of education, who met Monday afternoon at the court house, reappointed Mrs. Curtis Riner, of Mentone, to the position of county attendance officer, a position she has filled the past five years.

NEW COACH AT ATWOOD

Kenneth Parks, trustee of Prairie township, today announced the appointment of Alvin Smith as head athletic coach at Atwood High School. Smith has been coaching at Lagro High School in Wabash county for the past four years.

The new mentor will succeed Abe Hoogenboom, who resigned recently in order to become coach at Mentone High School.

Smith is a graduate of Huntington college and served three years in the armed services during World War II. He is married and has a two-year old daughter.

ATTENTION CHILDREN

The Library schedule for next week in the Summer Recreation Program will be:

Group II

8:45 to 9:45—Grades 2, 3 and 4.

Program will be Indiana and cowboy stories.

Group I

10:00 to 11:00—Pre-school children and 1st grade.

Program will be Indiana stories and games.

Group III

1:00 to 2:30—Grades 5, 6, 7, and 8.

Program will be dramatization of interesting pioneers.

MRS. JOHN VAN GUNDY DIES

Mrs. John Van Gundy, of near Warsaw, died at 1 p. m. Tuesday at Healthwin hospital, the tuberculosis sanatorium, at South Bend. She had been ill for several years.

Surviving relatives include the husband and four sons.

The Bilby-McHatten funeral home is in charge of the arrangements.

The Van Gundy family formerly lived near Mentone.

HOSPITAL NEWS

Sue Ellen Long, daughter of Mr. and Mrs. Everett Long had a tonsillectomy at the Woodlawn hospital on Tuesday. She returned to her home on Wednesday morning.

Janet and Paul Hasse, children of Mr. and Mrs. Henry Hasse, of Tippecanoe, are medical patients at the Woodlawn hospital.

Dale Warren, of Mentone, is a patient at the Woodlawn hospital, in Rochester.

ALLISON KURTZ DIES

Allison Kurtz, aged 82, of Burket, died Monday morning at the Memorial hospital in South Bend where he had received treatment for two weeks. Mr. Allison resided three miles northeast of Warsaw until moving to Burket six weeks ago.

He was born September 21, 1869 in Putnam county. In 1895 he was married to Maude Hinkle who died in 1947.

Surviving relatives include one son, Ernest, at home; a sister, Mrs. Jennie Bush, of Florida, and a half-sister, Mrs. Robert McIntyre, of Danville, Illinois.

Funeral services were held Wednesday at 2 p. m. at the Umbaugh funeral home at Argos. Rev. Robert Coovert was in charge. Burial was in the Argos cemetery.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Wilbur Meyer of North Manchester announce the engagement of their daughter, Miss Barbara Jean, to Gene Day, son of Mr. and Mrs. Howard Day of near Burket. Miss Meyer is a graduate of Chester high school and is employed at the Heckman Bindery. Mr. Day is a graduate of the Burket high school and is working with his father on their farm.

CLUB CALENDAR

Mentone Home Demonstration Club will meet Thursday, June 12 at 1:30 p. m. with Mrs. Everett Long.

The War Mothers will meet at the home of Mrs. Ellen Stanford on Wednesday, June 11 at 8 o'clock.

The Merry Mollys Home Demonstration Club will meet Monday evening, June 9, at 7:30 p. m. at the home of Mrs. Marvin Romine.

The Jolly Janes Home Demonstration Association will meet at the school house on Monday night, June 9. It will be guest night. Each member is asked to give the president a suggestion for a trip that night.

The 4-Leaf Clovers 4-H Club meets at Lee Markley's home Wednesday evening, June 11, at 7:00.

The Friendly Neighbors Home Demonstration Club will meet next Monday night, June 9, at 7:30 at the home of Mrs. Ernest Harrold.

FARM HELP MORE SATISFIED

Jobs on farms are more attractive now that wages from regular farm employment begin to count toward old-age and survivors insurance protection through the recent extension of the Social Security Law, according to Gerald Kelver, Manager of the Elkhart Social Security Office. Local farm helpers feel more satisfied to stay on the job now that they can look forward to the same insurance protection as do workers in other fields—protection against loss of income if retired after age 65 and loss of family income if a worker dies at any age. The amount of this insurance protection for a family ranges from \$20 to \$150 a month, depending on the worker's earnings and the number of dependents in his family.

Kelver pointed out that farm worker coverage under the Social Security Law is compulsory for those regularly employed by one employer. He stated that at the close of each calendar 3-month period, farm operators must report the wages of workers meeting the employment test for regularity. "Generally speaking," said Kelver, "a regularly employed farm worker is one who has worked for one employer a full calendar quarter and continues working for the same farmer at least 60 days

in succeeding calendar quarters. Farm workers not meeting this test do not have their wages reported for social security purposes." Farm operators obtain report forms by registering with the local deputy Collector of Internal Revenue. After initial registration the report forms are sent continually to the farmer at the close of each calendar 3-month period.

Regular farm workers as well as all others in the Social Security Program may check to see if wages are reported correctly by their employers through use of a simple "wage statement request" card available at any social security office. If reported wages are found to be incorrect, the necessary action for correcting the account will be taken. Wage postings in a social security account is the basis of future insurance payments.

Mr. Kelver cautioned farm workers to have their social security account number card on hand so their employer can copy the name and number on his wage book exactly as shown on the card. The account number is the "key" to future insurance benefits, and the same account number should be used by a worker throughout his lifetime.

A regular farm worker who does not already have his social security account-number card, or who has lost

his card, may get it by applying on an account-number application form on hand at any post office. The completed application form should be mailed to the Social Security Administration, 222 Equity Building, Elkhart. Mr. Kelver invited those farm people interested in learning more about the Social Security Program to write for a free booklet explaining Federal old-age and survivors insurance.

Mr. and Mrs. Don Blue and son, Kenneth and Mr. and Mrs. Rex Yazel and daughters, Sherry and Kathy spent Memorial Day at the home of Mr. and Mrs. Pete Blue. Mr. and Mrs. Ernest Busenburg, Mr. and Mrs. Hubert Muhnickle and daughter, Debbie Jo, and Mrs. Mabel Igo were afternoon callers.

Miss Lois Busenburg spent Wednesday night with her sister, Mrs. Pete Blue.

STITCH AND STIR 4-H CLUB

The Stitch and Stir 4-H Club met at the home of Elaine Dunnuck on May 28. President Elaine Dunnuck brought the meeting to order. The pledge to the American Flag was led by Mary Bell Mellott and Donna Lou Eaton led the pledge to the 4-H flag. The roll call was answered by naming their favorite school teacher. The secretary read the minutes which were approved. The president discussed the old and new business. The club discussed the 4-H camp which will be from July 13 to July 16.

June Romine made the motion about the Health and Safety. A discussion was then held on the judging.

Mrs. Olson read what the club in different division would exhibit at the Achievement Day and County Fair.

The dress revue is July 25.

Mary Bell Mellott demonstrated what you need in a sewing basket. Betty Mellott demonstrated how to put in a hem. Elaine Dunnuck demonstrated how to make a bed.

The hostess, assisted by her mother, served delicious refreshments to the group.

The next meeting will be held at the home of June Romine on June 18, at 7:30 p. m.

June Romine, reporter

Attention is hereby called to the fact that all motor vehicles, of any description, such as motor-bikes, motorcycles, tractors, or any vehicle power propelled must be registered and licensed before it may be operated on the highways of the state.

Furthermore any person operating any such vehicle, of any description must have in his immediate possession an operator's license or permit issued in accordance with the statute covering such issuing.

The only exemption from license is a member of the armed forces of the United States while operating an official motor vehicle in such service.

URSCHELS TAKE TRIP EAST

Dr. and Mrs. Dan Urschel, and their children, Charles and Sarah, left Mentone on Tuesday of this week, for a trip through the East.

Dr. Urschel will attend the meeting of the New York Society for Circulatory Diseases, and the Annual meeting of the American College of Cardiology, of which he is a member.

Following these meetings the Urschels will take a short trip through the New England states and will return to Mentone the latter part of next week. Dr. Urschel will be back in his office in the Clinic, on Monday, June 16.

METHODIST CHURCH NEWS

This coming Sunday morning at nine thirty the children of the Bible School will present the Children's Day Program. There will be Bible scenes enacted, depicting the life and times of Bible characters. Songs and stories of work studied and accomplished will bear evidence of the fine spiritual work the leaders have been doing with the children.

Each of the three departments will have exhibits of their work and crafts which helped illustrate the lessons learned. Between seventy-five and eighty children will participate in the program. Certificates will be presented to the children who have attended six of the nine sessions held.

This Thursday evening the first Official Board meeting of the church year will be held at eight o'clock in the sanctuary of the church. All persons of the Board are requested to be present at this and each of the following meetings which are held the first Thursday of the month.

Following are the Officials as presented and elected by the Fourth Quarterly Conference:

Board of Trustees: Philip Blue, Stanley Boggs, Don Bunner, Dr. F. B. Davison, Elmore Fenstermaker, Raymond Lash, Charles Manwaring, Miles Manwaring and Glen Snider. The Board of Stewards: James Rodibaugh, Denton Abbey, Mrs. Philip Blue, John Boggs, Mott Bryan, Mrs. Broda Clark, DeVon Hilschman, Mrs. Howard Kohr, Mrs. Miles Manwaring, Eugene Marshall, Ned Miller, Mrs. Ralph Mollenhour, Herman Olson, Mrs. Bernice Rush, Mrs. Frank Smith, Harry Smythe, Mrs. Dale Wallace and Robert Whetstone.

Mr. Raymond Lash is Lay Member to the Annual Conference and Robert Firkins is alternate Lay Member, Raymond Cooper is Lay Leader and the following are Communion Stewards: Mrs. Orpha Blue, Mrs. Clayton Goodwin, Mrs. Herschel Teel and Mrs. John Allan Teel. The Financial Secretary is Mrs. Jack VanGilder, and Mrs. F. B. Davison is Treasurer.

Other members of the Board are: Rev. E. E. DeWitt; Rev. David Gosser, the pastor; Don Rush, MYF president; Mrs. Dan Urschel, WSCS president; and Ralph Mollenhour, Church School Superintendent. The Chairmen and Presidents of Church Organizations are also included on the Board. These may change from those mentioned above as their programs call for election of officers.

The following is the list of Committees of the Church:

Board of Education: Raymond Cooper, Mrs. Harold Nelson, Mr. and Mrs. Walter Kent, Mrs. Earl Anderson, Mrs. Herman Olson, Mrs. D. J. Van Gilder, Ralph Mollenhour, Mrs. Allen Herendeen, Wayne Tombaugh, Mrs. C. O. Mollenhour, Don Rush, Mrs. Dan Urschel and Mrs. David Gosser.

Church Board of Missions and Church Extension: Mrs. Broda Clark, Mrs. Glen Snider, Mrs. Don Bunner,

Mrs. Dick Manwaring and Mrs. John Boggs.

Membership and Evangelism: Elmore Fenstermaker, Mr. and Mrs. Robert Firkins, Mr. and Mrs. M. O. Bryan, Mr. and Mrs. Everett Long, Mr. and Mrs. Charles Manwaring, Mr. and Mrs. Philip Blue, Mr. and Mrs. John Boggs, and Mr. and Mrs. Raymond Cooper.

Finance Committee: Mr. and Mrs. Jack VanGilder, Mrs. F. B. Davison, Conde Walburn, Kenneth Riner, James Rodibaugh and Mrs. Broda Clark.

Pastoral Relations: Raymond Lash, Raymond Cooper, Mr. and Mrs. Herman Olson, Dr. Dan Urschel, Mr. and Mrs. Robert Reed, Mr. and Mrs. Dale Tucker, Don Bunner, Don Rush.

Committee on Nominations: The Pastor, M. O. Bryan, James Rodibaugh, and Mrs. Jack VanGilder.

Records and History: Rev. E. E. DeWitt, Mrs. Rea Ward and Mrs. Raymond Lash.

Hospitals and Homes: Mr. and Mrs. John Boggs, Dr. and Mrs. D. J. Van Gilder, Mrs. Denton Abbey, Mr. and Mrs. R. C. Greulach and Mr. and Mrs. Glenn Denton.

Policy: Charles Manwaring, Mrs. George Mollenhour, C. O. Mollenhour, Rev. and Mrs. E. E. DeWitt, Mr. and Mrs. Don Bunner, Mr. and Mrs. Rea Ward, Mr. and Mrs. Glenn Denton, Mr. and Mrs. John Boggs, Mr. and Mrs. Miles Manwaring, and Mr. and Mrs. Denton Abbey.

Visitation: Mrs. Elmer Sarber, Mrs. Robert Reed, Mr. and Mrs. Don Bunner, Mrs. C. O. Mollenhour and Mrs. Howard Kohr.

Music Committee: The Pastor, Mrs. Dan Urschel, Mrs. Robert Firkins, Mrs. Wayne Tombaugh, Miss Marita Tucker, Miss Mary Ellen Bryan and Miss Frances Clark.

Parsonage: Mr. and Mrs. Lyman Mollenhour, Mr. and Mrs. Rex Tucker, Mr. and Mrs. Conde Walburn, Mr. and Mrs. Ralph Ward and Mr. and Mrs. John Miller.

Youth Promotion: Wayne Tombaugh, Mr. and Mrs. Walter Kent, Herschel Teel, Jack VanGilder, Mrs. Kenneth Riner.

Community Service: Broda Clark, Arlo Freisner, Mrs. Adam Carper, Mrs. Mary Jane Johnson, Mrs. Effie Personette, Milo Pawley and Harry Smythe.

Ushers' Committee: Philip Lash, Frank Manwaring, Rodney Gible, Charles Urschel, David Gosser, Don Rush and Dennis Anderson.

The duties and responsibilities of these various committees and Boards will be explained and personal notices sent in the near future to each person named.

Mr. and Mrs. Paul Jones and two daughters of Elkhart, spent Sunday with her mother.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Miss Marie Swanson, assistant director, National Organization for Public Health Nursing, New York, has been selected as the out-of-state consultant for the ninth annual School and Community Workshop in Health Education to be held August 14-28 at Indiana University, Bloomington.

A demonstration of visual aids and equipment will be given at a general session. In addition, a discussion of the alcoholic and narcotic by Dr. Besie Nayles, professor of health education, Indiana State Teachers college, Terre Haute, is planned as well as an informative address on public health by Dr. L. E. Burney, state health commissioner. The two-week course is sponsored by the University of the Indiana State Board of Health and the State Department of Public Instruction in cooperation with ten voluntary agencies.

Applications are being received by the directors, Miss Heater Beth Bland, health education consultant, Indiana State Board of Health, and Dr. J. Keogh Rash, school of Health, Physical Education and Recreation, Indiana University. The university will give two and a half hours credit. No fees are required of noncredit enrollees.

Advisors are Dr. W. W. Patty, Dean, school of Health, Physical Education and Recreation, Indiana University,

and Robert Yoho, director, Division of Health and Physical Education, Indiana State Board of Health.

Representatives of the ten cooperating agencies with directors and advisers plan the instruction course with personnel from the University faculty, State Board of Health staff and authorities in the fields of education, public health, voluntary health agencies and governmental units.

The cooperating agencies include the American Red Cross, Indiana Cancer Society, Indiana Society for Crippled Children, Indiana State Tuberculosis Association, National Foundation for Infantile Paralysis, Indiana State Medical Association, Indianapolis Social Hygiene Association, Indiana Department of Public Welfare, Indiana Heart Foundation and the Indiana Mental Hygiene Association.

LITHUANIAN SPRUCE TREE WILL REMAIN AT GARDENS

MICHIGAN CITY, IND. The Spruce tree planted by the late President Smetana of Lithuania at the International Friendship Gardens near here will remain as it was intended, a memorial to the friendship between historic Lithuania and the United States.

The controversy arose because of the small country that is now a satellite country under Russia, that it should not be permitted to remain as a part of the well-known Hague of Flowers

and its desire to increase friendly relations among nations in the world. "It shall remain as it was intended," said J. V. Stauffer, Director of the International Gardens, "to represent those in Lithuania that have and will continue to see all the world at peace". Stauffer continued, "that these Gardens of the various Nations are not War Gardens by war lords, but peace Gardens representing those in every country who have an earnest desire for a world at peace."

Knee Deep in June is all that the name implies, for many thousands of flowers, peonies, iris, poppies and countless others make this display of internationalism a most impressive sight as the floral season enters in full swing.

The Theatre of Nations that has become world famous is being made ready for the on-coming annual music festivities with the first one on July 19, when Graciela Rivera, Amer-

ican Coloratura Soprano just returned from European concert tour, and Erno Balogh, accomplished Pianist will open the season in a joint concert.

JOLLY WORKERS MEET

The Tippecanoe Jolly Workers met in the home of Mary Fites on May 14. Eleanor Hazen, club president was in charge. Mary Fites presented a demonstration on "Floral Pieces." Ruth Hawkins showed the girls how to make a pear salad and Rosa Lee Shafer presented a demonstration on "Preparing Fresh Fruits for Cooking." Group singing and refreshments completed the meeting.

VIRGINIA RAIL

When a fisherman hears grunting sounds coming from a fresh-water marsh, he might think, at first, that some baby pigs had wandered into the reeds and cattails. But if he knows his way around the outdoors, he realizes that the noises are made by Virginia Rails.

The shy birds, though graceful in actions, just aren't singers. Besides grunting, they make kicking sounds. And sometimes they call, "wak-wak-wak" or "kid-ick-kidick."

It is fairly easy to hear their harsh noises, says the National Wildlife Fed-

eration, but not so easy to see the birds themselves. They live among the tangled plants along streams and marshes, and usually under cover. When disturbed, they try to hide where the growth is thickest, instead of taking to the air.

Among the weeds and rushes, they also build their homes. In a nest made of grasses, the female lays from five to twelve eggs which are white or creamy with a few brown and purple spots. The parents take turns in sitting on the eggs until they are hatched.

The baby Rails are greenish black at first. After a few months, the tinge

of green disappears, and they are just plain black. Later they begin to resemble their parents.

©1951 National Wildlife Federation
Virginia Rail

Both the male and the female adults are reddish brown birds. The feathers on their backs are streaked with black. Behind their legs and under their short, perky tails, they are marked with black and white bars. Their cheeks are gray, and their throats are white. For pecking in the marshes, they have long slightly curved bills.

When fully grown, the birds are about nine or ten inches long.

With slender, delicate legs, they walk daintily about the marshes, looking for food. They are especially fond of insects, and they also eat wild rice, wild oats, and other grass seeds.

In the summer, when they are raising their families, Virginia Rails live in southern Canada and the northern half of the United States. To escape cold weather, they spend the winter in the southern part of our country and some of them go to Cuba, Bermuda and Guatemala.

Interesting information on other wildlife species may be obtained by writing to the National Wildlife Federation, Washington 10, D. C.

Mr. and Mrs. Clarence Coty, daughter June and Mrs. Don Baker spent Tuesday evening at the home of Mr. and Mrs. Joseph Baker. The occasion was in honor of Mrs. Emma King's birthday anniversary.

BIBLE SCHOOL TO END JUNE 6

The Daily Vacation Bible School now in progress at the Church of Christ will close at noon this Friday, June 6. Attendance and interest in the school this year have been most encouraging, states Mr. Joseph Jones, minister of the church and director of the school.

The daily schedule of the school has included two devotional periods for worship, two Bible classes, and a thirty-minute recreation period. Stress has been laid on making the school primarily a Bible school. Teachers for this year are: Mrs. Velma Vandermark, Preschool; Mrs. Grace Sullivan, Primary; Mrs. Isabel Johns, Juniors; and Mr. Jones, Intermediates. Others have assisted in handwork and recreation.

There will not be a closing night exercise this year for the school; but instead, plans have been made for a radio broadcast of some of the teaching and activities. Each class will have a special part in this program, with singing by the entire group. The program will be recorded Friday, at 11:30 in the church auditorium; and will be aired next Wednesday, June 11, over station WKAM, Warsaw. Time will be the same as the regular "New Testament Hour," 12:15 p. m.

A special invitation is extended the community to tune in for this broadcast.

JOINT 4-H MEETING

The 4 Leaf Clovers and the Janie Jump Ups held a joint meeting on May 27 at the school house. They met to discuss a bake sale.

The meeting was opened by saying the pledge to the flag and the 4-H pledge.

Demonstrations were given by Beverly Walburn and Dawn Ware.

The bake sale will be held at Lemlers Store on June 27.

Refreshments of ice cream and cupcakes were served.

The next meeting for the Janie Jump Ups will be held June 11 with Linda Horn, hostess.

The 4 Leaf Clovers will also hold their next meeting on June 11.

Precision Trade

Diamond cutting requires long study of the rough gem as well as steady nerves and hands. A slight mistake in drawing the precise lines of cleavage may cause the stone to fly apart at the final tap of the mallet. An unsuspected flaw is another hazard that may bring about the same disaster.

WAR MOTHERS DISTRICT MEETING HELD HERE

The Mothers of World War II District meeting was held at the Mentone gym on Tuesday, June 3 with eighty-five members present.

A lovely ham dinner was served by the Mentone unit in the school cafeteria where the tables were beautifully decorated in keeping with Flag Day and consisting of floral centerpieces.

The afternoon program consisted of a mock wedding with Ethel Wagner as the bride; Ethel Whetstone as the groom; Folsom Newell as best man; Dora Whetstone as bride's maid; Bertha Meredith mother of the bride; Fawn Janke as flower girl; Myrtle Davis father of the bride; Lavera Horn as the deserted lover; Maude Romine vocalist; Marie Coleman as preacher and Esta Vandermark as pianist.

A chalk talk and song by Rev. Gosser were enjoyed by the group.

FREE MOVIES SATURDAY NIGHTS

On Saturday night, June 7, The title of the Free show will be "Trail to Mexico" starring Jimmie Wakely.

HARRY KINZIE LEAVES

A/1c Harry Kinzie who has been enjoying a furlough of 30 days among his friends in and near Mentone left Wednesday for Washington, D. C., where he will spend the week end. On Monday he will report for duty at Sampson Air Force Base, N. Y.

PALESTINE CHURCH

GROUP MEET

Mrs. Bert Rickel, of Palestine, presented the lesson at the meeting of the W. S. C. S. of the Palestine Methodist church held recently at her home. "Choose Ye This Day" was the subject for study. Mrs. Edison Vandermark presided and also gave the devotions.

An impressive memorial service for the late Mrs. N. W. Powell was conducted by Mrs. Ray Wiltout and Mrs. Floyd Blackwell. "Where We Never Grow Old" was a vocal solo by Mrs. Ray Eckert.

Mrs. Howard Hudson was a guest. At the noon hour a carry-in dinner was served to the 26 members and guests who also included nine children.

Mrs. Neil Estlick will entertain the society on June 26.

CHICKS Grow Faster Lay Sooner ON MASTER MIX

NO SHORT-LIVED "Rash in the pan" gains, but fast, steady, low-cost growth from birth to maturity... when you feed Master Mix Pullet Grower. Fed from the seventh week to laying time, this feed provides the right kind of diet for growing birds... assures healthy body development, gets your pullets into production earlier. Let us give you full details today.

THE CO-OP. MILL

BAPTIST NEWS

Wednesday afternoon the pastor and his family along with Marilyn Rathfon, Phyllis Warren and Elener Norris went to Grand Rapids to see the graduation exercises of the Baptist Bible Institute there. Miss Viola Thomas, a member of the local church, was graduated from the regular Bible Institute course.

On June 16, Miss Bedelia Belle Weirick will receive her Bachelor's degree from Wheaton College and Rev. John Rea will receive his Master's degree.

Next fall Rev. Rea will begin teaching at Grace Seminary in Winona Lake. He and the pastor will be making the trip to the Holy Land which will leave Ft. Wayne on July 28th. The entire trip will take five weeks. Biblical Archeology will be one of the courses taught on the "Flying Seminar."

Daily Vacation Bible School will begin on Monday for two weeks. All children of the community are invited to attend. Classes will be from 9:00 to 11:30 each day. Rev. Ralston will begin the first day with object lessons and Gospel magic.

LOCAL NEWS

David Johns arrived home on Tuesday evening from his station in San Diego, California. He will enjoy a two week's furlough then return for a new assignment.

Mrs. Flo Platnor and two sons of Warsaw, spent Wednesday evening with Mrs. Vernon Jones.

Mrs. Walter J. Boice and little Sheryl Annette spent Thursday with her mother, Mrs. Ella Latham.

MENTONE READING CLUB MEETS

The members of the Mentone Reading Club enjoyed a pot luck supper on Wednesday evening, May 28, at the home of Mrs. Donald Van Gilder. Mrs. Ora McKinley was assisting hostess.

Following the business session, the officers for the ensuing year were installed. They are president, Mrs. Walter Lackey; 1st vice president, Mrs. Raymond Cooper; 2nd vice president, Mrs. Virginia Peterson; secretary, Mrs. Max Nellans; treasurer, Mrs. Walter Kent.

Mrs. Vance Johns gave a report on

the meeting of the National Federation of Woman's Clubs which she attended.

Mrs. Mary Shirey and Mrs. S. S. Boggs were in charge of the program for the evening.

At this time Terry Tucker was presented. He played two beautiful accordion solos.

Stanley H. Boggs, of San Salvador, was introduced. He showed a group of pictures he had taken in San Salvador. His descriptions of these pictures was both interesting and instructive.

Other guests present were Mrs. Stanley H. Boggs, Mrs. Karl Gast and Mrs. Joe Boswell, of Akron.

REDWOODS GROW IN HAWAII

Mighty Redwood trees transplanted from California are flourishing among tropical vegetation in Hawaii.

The ageless giants are 26 years old now and the first one ever felled in Hawaii was chopped down recently.

A thousand redwood trees were brought from California 25 years ago, when they were year-old plants, and were placed in Hawaiian soil. They now form an imposing woodland of young giants.

The first tree cut down was 88 feet high and 14 inches in diameter. Various parts of the tree will be tested for use in forestry work and industry.

GIFTS FOR FATHER—watches, cuff links, tie clasps, rings, watch bands, billfolds, Remington and Sunbeam electric razors, radios and other gifts at Brown's Jewelry and Gifts.

PSI IOTA XI SORORITY MEETS

Mrs. Ralph Ward, president of the Psi Iota Xi sorority, presided at the business meeting held Tuesday evening at the home of Mrs. James Rodibaugh. There were 16 active members present.

The program committee for the coming year was announced. They are Mrs. Cecil Long, Mrs. Devon Hibschan and Mrs. Elery Nellans.

Mrs. Elery Nellans will be hostess at the party, June 17.

RETURNS FROM CUBA

Dear Friends and Art,

Well I have just returned from Cuba and Port Rico. They are very nice people over there, but they'll never be as nice as you people back there in good old Mentone, Indiana. When I got back to the states is sure seemed good to be back to civilization again. The Navy is not so bad, when a guy gets used to it. We had very good meals aboard ship. In fact I am a little bigger than I was when I left. I am glad to hear that Floyd Nicodemus got back safe and sound. I hope he has a wonderful time back there. I am leaving the States again soon, but don't know when.

As ever,

Max Junior Grubbs

Farmer's Question Corner

PREPARED BY
American Foundation
For Animal Health

WHAT ABOUT PIG EDEMA?

Q: Is pig edema a hazard to all hogs?

A: Yes, but it chiefly attacks young pigs and growing shoats 6 to 20 weeks of age.

Q: Is this disease very deadly?

A: Yes . . . it may have a high death rate. In one herd, 32 of 34 stricken shoats died.

Q: Do losses come quickly?

A: Very much so. Victims usually die within 36 hours.

Q: How does the disease act?

A: Symptoms may include loss of appetite and lack of body coordination. The swelling may appear on the eyelids, then spread to the snout and lips. The pig's grunt may become hoarse, and it may stumble or drag its hind legs. Paralysis and convulsions may set in before death. Other cases show no visible symptoms, as the lesions are inside the body.

Q: When should farmers watch out for pig edema?

A: It can strike any time. But, most often it attacks brought-in pigs from 3 to 14 days after their arrival on a farm, and native pigs 8 to 10 weeks old.

Q: What causes it?

A: The cause is believed to be a toxin.

Q: Is there any treatment?

A: Yes, emergency medication will save some sick pigs, help stop losses. Farmers should report all suspicious cases immediately. This may help to avoid serious losses, and will also aid the veterinarian in controlling this new swine hazard in the area.

NOTE—Due to space limitations, general questions cannot be handled by this column.

... You're bowling along at night. The moon is up, the stars are out, and your headlights throw a steady beam. BUT—a night-cruising builder up ahead has lost a 45-lb. cinder block from his giant load.

Smacko—you hit it! Smacko, that is, in the right front tire.

No driver can prevent a ruined tire if conditions are against him. Chuck holes, broken bottles, jagged rocks and curbs—all menace you, day or night, regardless of your skill. Your only defense against loss—your only one—is a Lee Road Hazard Guaranty.

For 15 months your Lee Super DeLuxe passenger tire is guaranteed against road hazard damage of any kind. The Guaranty is unusual, unique. For, in addition to covering defects in materials and workmanship for life, it says in plain type that if you suffer rim cut, bruise, blowout, impact break; if your tire is injured by under-inflation, overload, faulty alignment or faulty brakes—the loss is Lee's, not yours.

Next time you are in the market for a tire, come in and see us. Remember, new tires are much cheaper than hospital bills—and you never know just when one of your old tires is going to blow out.

A typical price is \$18.74 (plus tax) for a 6.70 x 15 Lee Tire.

LOCAL WAR DEAD LISTED

Following is a list of deceased veterans in the Mentone Cemetery. The list has been made possible by the efforts of Mrs. Adam (Cora) Bowen over a period of years. Due to Mrs. Bowen's long residence in this vicinity and her wide acquaintance, we believe that this roster is complete. However, anyone having knowledge of any veteran of any war buried in this cemetery and not on this list, would you please contact Mrs. Bowen, so the list will be 100% complete.

HEAVY LOSS WHEN VALENTINE
ELEVATOR BURNS MONDAY

Seven Fire Departments Save Structure
From Complete Destruction.

Seven fire departments with 11 pieces of equipment battled for over an hour Monday afternoon when fire broke out in the Valentine Elevator in Mentone.

The elevator fire alarm sounded at approximately 4:15 and flames were coming out the top of the cob and shuck bins at the east end of the elevator. Manager Harold Nelson hurried to the top of the elevator and Lester Bruner and Harold Utter went up with hand extinguishers. The flames, however, forced them out immediately.

The Mentone fire department went into action and Fire Chief Arlo Friesner sent out an appeal for help to the neighboring departments. Within a matter of minutes Atwood, Etna Green, Warsaw and Akron were each here with one unit and Burket and Bourbon were here with two units each. The Rochester department arrived later and stood by, but within an hour the fire was pretty much under control.

The fire started in the top of the elevator and firemen managed to confine it within the two top floors of the structure. Hose lines were strung everywhere around the building and even though it was impossible for anyone to direct every operation, each man, whether on one of the departments or not, played a great part in retarding the flames until the hose lines could be pointed directly at the fire. There was no unnecessary confusion and no serious injuries were reported. Two or three firemen were nearly overcome by the dense smoke, and a few minor burns were suffered.

The entire town, with much assistance from rural residents, turned out to help. Men, boys, trucks and even office girls did their part in removing all the feed, supplies and equipment from the first floor of the building. The local factories, too, shut down so their employees could help. Some of the business firms sent soft drinks and coffee to the firemen.

Chief Friesner ordered the one local fire truck to lay a line of hose to the creek in case something should happen

(Continued on back page)

ONLY A DAD

Only a Dad with a tired face,
Coming home from the daily race
Bringing little of gold or fame,
To show how well he has played the game;
But great in his heart that his own rejoice
To hear his coming and to hear his voice.
Only a Dad, with a brood of four,—
One of ten million men or more,
Plodding along in the daily strife,
Bearing the whips and the scorns of life,
With never a whimper of pain or hate
For the sake of those who at home await.
Only a Dad, neither rich nor proud,
Merely one of the searching crowd,
Toiling, striving from day to day,
Facing whatever may come his way.
Silent, whenever the harsh condemn,
And bearing it all for the love of them.
Only a Dad, but he gives his all,
To smooth the way for his children small;
To do, with courage stern and grim,
The deeds that his father did for him.
This is the line that for him I pen,
Only a Dad, but the best of men.

—LIONS BULLETIN, Attleboro, Mass.

SAMUEL HARSHBARGER DIES

Samuel L. Harshbarger, aged 89., of Union Township, Whitley county, a retired farmer and father of Lewis S. Harshbarger, of Mentone, died at 1 p. m. Friday in the Whitley county hospital in Columbia City, where he had been a patient for seven weeks. He had been ill four years.

Surviving Mr. Harshbarger, a native of Michigan, but a resident of Whitley county most of his life, are his wife, Olive; another son, Marshall Harshbarger, of Crestline, Ohio; a stepson, Myron Kessler, of Columbia City; five grandchildren; four step-grandchildren; six great-grandchildren; six step-great-grandchildren.

The body was taken to the DeMoney-Hollingsworth funeral home in Columbia City where funeral services were held at 3:30 p. m. Sunday, with Rev. David Gosser, pastor of the Methodist church of Mentone, officiating. Burial was in the Palestine cemetery.

NOTICE TO WATER USERS

The members of the Mentone Fire Department have volunteered to flush the fire hydrants and drain some of the lime, rust and sediment from the water mains. In doing this, however, water users can expect that the water supply will be discolored for a few hours. The flushing will be done on Thursday evening, June 19th, and it is suggested that water users plan accordingly.

CLUB CALENDAR

The Methodist Church W. S. C. S. meets at the home of Mrs. Denton Abbey, June 19 at 7:30.

O. E. S. — June 18, 7:45 p. m., Masonic Hall. A special meeting is planned in honor of all members of the chapter who have birthdays during the first six months of the year.

CHRISTIAN F. FLECK DIES

Christian F. Fleck, aged 75, well known Mentone man, died at 7:30 p. m. Monday at his home. He had been in failing health for eight years and bedfast for six weeks.

Mr. Fleck was associated in business with his son, who operates a meat market and grocery in Akron. He had lived at Mentone 46 years, where he formerly operated a meat market.

He was born at Silver Lake May 25, 1876, the son of Frank and Sarah Fleck. In 1900 he was married at Wabash to Alice May Secrist.

Surviving relatives include his wife; his son, Ed, of Akron; a daughter, Mrs. Kenneth (Bessie) Haldeman, of Warsaw; three grandchildren, and six great-grandchildren.

A son, Russell, preceded him in death.

Funeral services were held at 2 p. m. Wednesday at the Reed funeral home in Mentone, with Rev. David Gosser, pastor of the Mentone Methodist church, officiating. Burial was in the Mentone cemetery.

URGE DISPLAY OF FLAGS JUNE 14

Arthur DeWisleare, of Warsaw, and Robert Whetstone, of Mentone, general chairmen for the county-wide observance of Flag Day, June 14, stated they hope every home and business firm would display the national banner on the holiday.

Posters announcing the special program to be presented at 8 p. m. on Flag Day in the Warsaw senior high school auditorium, are being distributed throughout the county. The program will feature H. J. Pierson, of the Indianapolis Chamber of Commerce, who will speak on "Americanism."

All of the American Legion posts in the county, the Eagles, Elks and Moose lodges and County Ministerial association are sponsoring the service. An organ prelude by Cloyd Swartz, of Route 3, will start at 7 p. m.

Mr. Whetstone stated that Pierson, who recently spoke before the Mentone Parent-Teachers association, is outstanding in his thorough knowledge of dangers threatening the personal liberty of every American citizen.

HOW CO-OP SAVED WOOL BUSINESS

AS G. L. O'BRIEN SEES IT

(The following story, submitted by Emile Landry, Boudreauville, Rich'd. Co. C. B., Canada, is reprinted from the June 5 issue of the Free Press Weekly Prairie Farmer and is another example of how people in Agriculture have saved an economic problem with the use of Cooperatives. —Ed.) Sheep raising conditions in Canada conspired to make wool growers realize a large central co-operative was a necessity.

This is the conclusion of an interesting booklet written by George Allan O'Brien about co-operative wool marketing in Canada. Research for the booklet was done by Mr. O'Brien when he was a masters student in agricultural economics at Cornell university.

In his first chapter, O'Brien says "The rapid disappearance of sheep from the Canadian scene since the peak years of world war two has aroused apprehension among the country's agriculturalists."

The sheep population on June 1, 1949 represented a 44 per cent decrease from the record year of 1944. The decline of the sheep industry can't be blamed on demand, as available mutton and lamb sell well, and Canada produces only 12.8 per cent of

her wool requirements.

Wool is actually a by-product of the sheep industry, as mutton is the main product. Yet Canadian wool is equal to any in the world as the northern climate promotes heavy wool growth as a natural source of protection.

In tracing the history of co-operative wool growing Mr. O'Brien tells how growers in various provinces organized and how they received help from some governments.

The found that when sold co-operatively, handling costs for a clip of wool were three-quarters of a cent a pound at a time when costs of two cents were considered very low.

Co-operative selling was bringing twice the prices of those who were selling in the old haphazard fashion.

Due to the lack of storage facilities and the inability to fill large orders, forward looking sheep men saw the need for greater centralization of the marketing system to overcome these drawbacks.

The Canadian co-operatives wool growers association was incorporated in 1918 and over the years it has bettered the sheep industry by selling wool on a graded basis, improved the product and tried to obtain full value for the product.

Membership in the co-operative is

THE CO-OP. MILL

automatic once wool has been consigned to the organization.

An idea of the scale of business handled by the co-op can be gathered from the fact that 70 per cent of all wool trades in 1948 was handled by the five big warehouses operated by the co-op.

Grading of wool has resulted in better prices and more confidence by the buyers. The four cent bonus for clean wool, although discontinued in 1945, has resulted in a greater proportion of well-prepared fleeces, even today.

When wool is marketed co-operatively, the grower is advanced 80 per cent of the current market value. The co-op has widely set aside a contingency fund in case the bottom falls out of the wool market after the initial payment has been made, as in 1920 and 1937.

The Canadian co-operative wool

growers are truly national in scope as there are few markets near the sheep ranges, a small organization couldn't fill large orders and to operate profitably a large market news bureau must be employed.

In addition, wool is well adapted to co-operative marketing.

**MRS. DALE PETERSON IS
HOSTESS TO CLUB**

The Tippecanoe River Club met Tuesday in the home of Mrs. Dale Peterson with Mrs. Calvin Mikesell as Co-hostess.

The meeting was opened with group sing and usual Home E. ritual, with Mrs. Wayne Mikesell as president leading. Devotions were given by Mrs. Peterson, who read a poem, "Wishing" and closed with a prayer for the home. The history of the song of the month, "Let me call you Sweetheart," was given by Mrs. George Schwenk and the group sang the song.

Roll call was answered with "A Vacation I would Enjoy." The safety lesson was presented by Mrs. Clarence Mikesell on the subject "Falling Over Children's Toys." A very good demonstration was given on that danger.

New programs were distributed and discussed. The meeting closed with the club collect. Mrs. Clarence Mikesell and Mrs. Howard Mathews led several games, which were enjoyed by all.

The hostesses served refreshments to 15 members, 17 children, and one guest, Mrs. Charles Walters.

Next month the club will have a picnic at the City Park at Rochester.

Irvin Wissler, of Ft. Wayne, spent Monday and Tuesday of last week with his mother, Mrs. E. E. Jones, and husband.

LADIES AID MEETS

Sixteen members of St. John's Lutheran Ladies Aid, of Rochester, along with 10 children and three guests met at the home of Mrs. Delbert Leavell on Wednesday, June 4, for their annual all day meeting.

A lovely dinner was served at the noon hour after which the meeting was called to order by the president. Prayer was offered by Rev. Schwam. Allegiance was offered to both the Christian and American flags.

The aid prayer and creed were recited in unison after which a lengthy business meeting was held in which they voted a wheel chair to the Lutheran Old Folks home at Kendallville, Indiana; \$10.00 to the Orphans' home in Indianapolis and \$5.00 to the Bethesda home at Watertown, Wisc.

The meeting was brought to a close after which they had several interesting contests.

Mrs. Leavell is a local member.

Mr. and Mrs. C. J. Emmons, of South Bend, were week end guests of Mr. and Mrs. Dell Leavell.

CORTISONE PRICES TO DROP 20 PERCENT

Microbes harnessed to assembly lines for mass production of Cortisone made possible a 20 per cent price cut today for the precious "wonder" hormone and guaranteed a virtual unlimited supply.

The Upjohn Pharmaceutical Company, of Kalamazoo, Michigan, announced full-scale production by a new method similar to beer-brewing and hinted that the present \$30 price for one-twenty-eighth of an ounce of cortisone eventually may be reduced to only 60 cents a daily dose.

An estimated ten million persons in the United States—victims of arthritis, rheumatic fever, skin disorders, eye inflammations, asthma and burns—can use the drug.

SPEND DECORATION DAY IN CITY

Mr. and Mrs. Victor Lane, daughter Lana Jo and son Brad, and Mrs. Eunice Bradway all of Indianapolis spent Decoration Day in Mentone. They greatly appreciated the nice and most interesting memorial program.

FRANKLIN 49'ERS MEET

The Franklin 49'ers club held their meeting in the home of Jo Ann Tucker. The meeting was called to order by the president, Norene Bibler. Pledges to the flag was led by Karen Latimer. The secretary read the minutes of the last meeting and was approved. The 4-H club song was lead by the song leader, Sandra Ballenger. Demonstrations were given by Carol Welty, Janet Welty, Marilyn Horn, Phillis Umel, and Jo Ann Tucker.

Jo Ann Tucker was chosen to go to the County Demonstration Contest to be in the junior class, and Wilburta Latimer and Judy Teel to be in the senior class.

Delicious refreshments were served by Janet and Carol Welty.

FREE SHOW NAMED

The free show to be held in Mentone on Saturday night is to be "Jack London" featuring Michael O'Shea and Susan Hayward.

OSCAR BAKER ON BIBLE CLASS TOUR

Oscar Baker left for Peoria and Washington, Illinois where he will conduct a series of four Bible classes for fellowship study groups. Three of the meetings will be held in the YMCA at Peoria.

Linda Sue and Robert J. Holloway, children of Mr. and Mrs. James R. Holloway, had their tonsils removed at the Woodlawn hospital last Wednesday. They returned to their home on Thursday.

This full color poster brings prize-winning attention to sensible selection of play areas for the younger generation. One of the top winners in a national contest conducted by the Chicago Motor Club and other organizations affiliated with the American Automobile Association, the poster, along with lesson sheets explaining the safety theme of the month, will be distributed by the Chicago Motor Club throughout Illinois and Indiana.

USE RIFLES WITH CAUTION

There have been recent reports of rifle shooting along the creek, and some of the folks who live down that way have been considerably concerned. The whine of a rifle bullet is always disconcerting even though it might be some distance overhead.

It is unfortunate that Mentone does not have a place for regular target shooting where the young folks are given proper instruction in the use of firearms, but parents can do much good, from a safety standpoint, if they will give their youngsters the proper instruction. Too often the youngsters are not aware that rifle bullets may sometimes change almost 90 degrees in direction once they glance off a tree, rock or the ground, and a pellet hitting water at an angle may glance up and travel several blocks. Shots fired at an angle up into trees may travel nearly a mile. (Theoretically, a bullet fired straight up will return to the ground with the same speed it left the gun, but wind resistance will slow up the lighter weight pellets until they will not prove fatal.

Parents whose boys have rifles should give a word of warning to the boys. It's much better to give the advice before an accident happens.

Mr. and Mrs. Ivan Tucker and Mr. and Mrs. Robert Riewoldt expect to leave Saturday on a trip to California to visit Seaman Robert Riewoldt at San Diego. They will go west over the southern route and return by way of Montana where Bob formerly lived.

*Pazo Ointment and Suppositories

Mrs. Dan Smith, who has been ill for several weeks, is at the Westville hospital for observation.

Dr. and Mrs. Donald Van Gilder and daughters have returned home from a vacation trip. They went to Niagara Falls by way of Canada, then spent two weeks in Washington, D. C. on their return trip.

Mr. and Mrs. George Borton, of Huntington, spent Sunday with Mrs. Mae Borton.

Guests at the Garrie Rose home on Sunday were: Mr. and Mrs. Frank Reed, of Plymouth; Mr. and Mrs. Harry Cole, of Mentone; Mrs. Chloe Drudge, of Rochester; Mr. and Mrs. Emory Hindenlang, of near Ft. Wayne; Miss Kathryn Bunch, of Argos; Mr. and Mrs. Jesse Warren, of Tippecanoe. The occasion was in honor of Garrie's birthday.

Mr. and Mrs. Artley Cullum and family, of Mentone, and Tom Harman, of Etna Green, returned last Wednesday from a 12-day trip which took them into western Montana where they visited relatives. A nephew, Michael Davis, returned with them to spend the summer.

FOOD SALE

A bake sale will be held on June 14, 1952, at 5:00 a. m. at the post office building. It will be sponsored by the Burket Cheerio 4-H Club.

APPOINTED CONSERVATION OFFICER FOR COUNTY

Vernon Egolf, who resides near Atwood, was appointed Conservation officer of Kosciusko County recently. He succeeds Clifford Ring, of Silver Lake, who resigned.

BAKE SALE SATURDAY

The American Legion Auxiliary will hold a bake sale at Lemler's Market on Saturday, June 14th.

NEW
Swift's
Mineral Supplement
BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:

- It's soft enough so animals get their mineral quota easily
- It's hard enough to resist weather
- It's easy to handle, easy to feed

In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements

- Manganese
- Iron
- Copper
- Cobalt
- Sodium
- Chlorine
- Calcium
- Phosphorus
- Magnesium Sulphate
- Iodine

HOLSTEIN BLACK AND WHITE SHOW AND PICNIC

The North Central Indiana Holstein Club will hold a Black and White show on Tuesday, July 1, at the 4-H Fairgrounds, Winamac, Indiana.

An all female show for members of the club and 4-H members, it is an annual event of the Club. The cattle are to be shown as they are seen every day.

Leo Miller, Kendallville, Fieldman for Kraft Foods Co, will start judging the 15 classes at 10:00 DST. A picnic dinner will be enjoyed at the noon hour.

Entry blanks are available by contacting the Secretary, Charles G. Newman, Culver. Entries should be to him by June 25 to be included in the Show List to be available the day of the show, although entries will be accepted at the show.

Farmer's Question Corner

PREPARED BY
American Foundation
For Animal Health

WHAT ABOUT FOUL FOOT?

Q: Which farm animals are affected by foul foot disease?

A: Cattle, sheep and sometimes hogs are the usual victims of this painful foot infection.

Q: How can the owner detect foul foot?

A: He'll probably notice that the animal is limping and that the foot is getting red and is swelling. When such symptoms develop, prompt treatment and good nursing is needed, or the bones of the foot may become involved, causing permanent damage and lameness.

Q: What causes this condition?

A: Germs commonly found in the soil. Any type of injury, especially bruising, gives these germs an opportunity to strike. Most severe outbreaks follow a prolonged rainy period.

Q: What precautions should be taken when foul foot is suspected?

A: Separate the sick animal from the rest of the herd and put it on dry ground, or in a dry stall. See if some foreign object has lodged in the foot. If it's a nail or a stone, remove it, also trim off any excess hoof growth. If there's redness, swelling or sign of infection, call a veterinarian, because medical treatment will be needed.

Q: Is there any cure?

A: Local therapy and general treatment help to correct the condition.

Q: What about preventive measures?

A: The best preventive measures are to remove sharp stones or other sharp-edged material from lots, drain mudholes, and swampy spots, move animals to clean, high ground until danger areas have a chance to dry.

NOTE—Due to space limitations general questions cannot be handled by this column.

A "DIM BULB" IS THE

"BIRD" WHO DOESN'T DIM

If you're driving within 200 feet of another car at night, keep your bright lights dimmed, the Chicago Motor Club advises.

Most of the motorists who are aware of the danger of headlight glare when approaching another car, fail to realize that following too closely with bright lights on is just as dangerous. Most modern cars have two rear-view mirrors. When these pick up the full lights of a following car the blinding reflection can cause accidents.

With approaching cars, the motorist who is blinded by "brights" can flip his own lights up and down as a signal to dim, but when the glare comes from behind, it is not possible to signal.

A driver blinded by headlights behind him can twist his rear view mirror to an angle that will keep away the bright reflection. However, this is a dangerous practice as the driver often forgets to return the mirror to its normal position and is robbed of rear vision.

Chas. M. Hayes, president of the Motor Club, advises that the only answer to the problem is for night drivers to always remember to take the courtesy of dimming headlights when approaching other cars from the rear. Many accidents can be prevented if motorists remember that it is just as poor driving technique to approach a car from the rear with bright lights up, as it is to use bright lights head on.

Mrs. Earl Meredith took Sunday dinner with her son and family, Mr. and Mrs. Roy Meredith, of near Akron. Other guests were Mr. and Mrs. Henry Blesch and daughter, of Akron. The occasion was Mrs. Blesch's birthday.

BAPTIST NEWS

This is the first week of Daily Vacation Bible School. Monday the attendance, on opening day, was 111. On Tuesday there were 124. Rev. Ralston, former pastor, brought a message on Monday and Tuesday with object lessons and Gospel Magic. Each morning at 11 o'clock a message is brought to the school just before dismissal. Mrs. Earle Peer brought a flannel-graph lesson on Wednesday.

Because the Roland Ferverda family will be moving the end of the month to Bloomington, Heston Creviston has been elected Treasurer of the church to fill out the year. The Ferverda family will be sorely missed when they leave Mentone. He has been choir leader, Sunday School teacher and Treasurer of the church. Mrs. Ferverda has taught a Sunday School class and has been president of the Missionary Society. Pierre has been president of the B. Y. The church wishes them the Lord's very best as they leave us and we are sure they will find a place of service in their new home.

VACATION ADVICE

The Chicago Motor Club today advised vacationers to take the following precautions before leaving on a trip.

1. Notify the milkman and newspaper delivery boy to discontinue service. Advise your neighbors that you will be away and ask them to check the door occasionally and remove any circulars that might stack up. Accumulated circulars inform burglars of your absence.

2. Check your water faucets and gas outlets to make sure they're turned off. Be sure that all electrical equipment, irons and stoves are disconnected.

3. See that your pet is well boarded for the duration of the trip.

4. Advise the police department that you are leaving. Then the patrolman on the beat will give your house an occasional cautionary glance.

You can make your trip additionally pleasant, the motor club pointed out by planning well in advance, traveling as light as you can, allowing plenty

preparing your budget within your means.

of time to reach your destination and

Afternoon callers at the home of Mrs. Earl Meredith, on Tuesday were Mr. and Mrs. Ora Horton and Miss Ella Burket of Peru.

Jack VanGilder was a delegate to the Republican State convention held at Indianapolis last week.

THE CHICAGO MOTOR CLUB ADVISES MOTORISTS TO EXERCISE CAUTION WHEN RIGHT WHEELS OF THEIR CARS LEAVE THE PAVEMENT AT HIGH SPEEDS...

... Club experts point out that motorists should drive straight ahead and cut down speed gradually. When speed has been reduced, the driver should look behind to see that the roadway is clear. Then he should cut back on the pavement by turning the front wheels sharply.

OUTLINES PROCEDURE FOR CORN SPRAYING

Spraying with 2,4-D to control weeds is not a substitute for cultivation in the corn field says Oliver S. Lee, department of botany and plant pathology, Purdue University. This practice

of weed control has its place when used in conjunction with cultivation on fields badly infested with broad leaf weeds. As 2, 4-D will not control grassy weeds, cultivation is usually necessary.

Spraying has paid biggest dividends on river or creek bottom land or on

the upland field where broad leaf weeds can not adequately be controlled by cultivation. Small quantities of 2,4-D will kill ragweed, horse weed, cocklebur, annual morning glory and similar weeds common in corn fields. Deep-rooted perennial weeds such as Canada thistle, bindweed, perennial morning glory and wild sweet potato can be retarded in growth by spraying so they will not injure the crop. Smart weed, likewise, is difficult to kill but growth can be retarded sufficiently to hold them in check.

Experiments and observations made over the past four years indicate that corn will tolerate approximately one-half pound of 2,4-D acid per acre. When the 40 percent amine type of 2,4-D is used, this is equal to one pint of the material. Since small and large corn can be sprayed with like affects, the time to spray should be determined by the weed growth. The ideal time to apply 2,4-D in corn is as soon as weeds are all up and before they cause injury to the corn. In the case

of such early growing weeds as cocklebur, ragweed and horse weed, spraying may be done early while corn is small. On the other hand, later spraying may give best results on vines and other weeds growing later in the season.

For spraying weeds in corn 10 gallons of spray per acre is adequate. The spray is made with one pint of 2, 4-D (40 per cent material) per 10 gallons of water. Care should be taken not to apply more than one half pound of 2,4-D per acre as corn may be injured by excessive dosages of 2, 4-D. Too much 2, 4-D will cause lodging and brittleness of the corn. When spraying small corn (3 to 12 inches in height), a straight boom sprayer is suggested. For larger corn, "drops" or extensions so as to apply the spray below the tops of the corn are recommended. Spraying over the top of large corn may cause severe injury and will not allow the spray to come in direct contact with the weeds.

... AND MOTHER ...

Don't you believe a word of it when Dad tells you not to make a fuss over him next Sunday. He'll love that cake or necktie and almost bust with pride over your love and affection.

He's that one indispensable man to you and your family. And it's no secret, we feel the same way about him here in the bank.

MERCHANTS LOSE IN TRAVELING LEAGUE GAMES

On June 4 the Mentone Merchants entry in the Traveling League played host to the Warsaw A. A. The local nine lost that game by a score of 7-3.

The South Bend Studebakers were the rivals when a double header took place on the Mentone diamond on Friday, June 6. The visitors took both games of the double bill by scores of 4 to 3 and 3 to 0. In the second game of the evening, Zimmerman of the Studebakers pitched a perfect game

against Mentone in that he allowed no baserunners at all during the entire game.

The box scores for the Friday night games follow:

The Mentone Merchants traveled to Buchanan, Michigan for a double header on Wednesday night, June 11. The next home game for the local nine will be Friday night, June 13 in a single game with the strong Plymouth team. On Sunday, June 15 the Merchants will play LaPorte in a double header at LaPorte and they will play next Wednesday, June 18 at Mishawaka where they will meet the Kosciuskos. On Friday night June 20 Goshen will visit the local diamond for a double header. Attend the games and give the boys a boost.

GIRL SCOUT NEWS

The Girl Scouts met at the Scout Room in the Methodist church on June 11 at 1:30 p. m. The meeting was opened by saying the pledge to the American flag. Plans were discussed for our bazaar and overnight camping. We voted to have a meeting every week. Refreshments were served by Sheila Fitzgerald.

The next meeting will be June 18 at 1:30. This is an important meeting, so every girl should be present. A discussion will be led on "Should Young Girls Smoke?"

HEADQUARTERS ESTABLISHED FOR ST. JOSEPH COUNTY 4-H FAIR

Headquarters for the 26th annual St. Joseph County 4-H Fair which will be held in South Bend, August 6 to 9 has again been established at 1671 Lincolnway East, Playland Park.

Fair Secretary, Oscar W. Valentine, and other Fair officials have dedicated themselves to staging the best fair in its brilliant history. Civic leaders and businessmen are joining forces with fair officials to plan the key events of the 4-day program.

This mammoth fair has become a model of its kind in the midwest in recent years and has attracted record crowds and exhibitors. Secretary Valentine said already much of the rental space for commercial exhibitors has been assigned. He pointed out, however, that some good space still remains and prospective exhibitors should contact him immediately.

Albert Wagner, president of the Fair Board, said "Last year's fair was the greatest in the county's history, attendance records were broken and 4-H members earned more prizes and received more money for their animals than ever before. Every effort will be made to do even more this year."

St. Joseph County Agricultural agent E. C. Bird, ex-officio member of the Board declared: "The 4-H enrollment in St. Joseph County of more than 1500 boys and girls are busy right now with the projects to be displayed in a gigantic showcase entitled 'The St. Joseph County 4-H Fair.' Our boys and girls rank with the best in the nation. We are planning the best possible fair and to that end we have all dedicated ourselves."

ENGAGEMENT ANNOUNCED

Announcement of the engagement of Miss Geneva Whetstone to Don L. Emmons, Jr., is made by her parents, Mr. and Mrs. Cassell Whetstone, of Mentone. Her fiancé is the son of Mrs. Don Emmons, of Mentone.

Miss Whetstone was chosen as queen of the Mentone Egg Show, held last fall, and will represent Mentone at the Mermaid Festival to be held this month at North Webster. She was also chosen as "Miss Mentone" to compete at the Mermaid Festival held in 1951. She graduated this year from Mentone high school and is now employed in the office of the Northern Indiana Cooperative Association in Mentone.

Mr. Emmons is employed at the Manwaring Leghorn farm, near Mentone. He attended Manchester College following his graduation from the Mentone high school in 1950.

No date has been set for the wedding.

Mrs. Agnes Rans was a Sunday dinner guest of Mr. and Mrs. William Ford, of Claypool.

MRS. MARVIN ROMINE

CLUB HOSTESS

The Merry Molly's Home Demonstration Club met at the home of Mrs. Marvin Romine last Monday evening. The meeting was opened by all singing "America the Beautiful."

Mrs. Donald Horn gave the history of the song, "Let Me Call You Sweetheart." It was then sung by the group. Mrs. Marion Smith read a poem for mediation.

An interesting article on how to treat a person suffering from shock was given by our health leader. Mrs. Wanda Simcoe gave a very informative lesson on the person and self defense.

It was decided by the group to leave Mentone at 7:30 Wednesday morning for a sight-seeing trip to Fort Wayne.

The meeting was adjourned with the club prayer song. Delicious refreshments were served to the sixteen members present by the hostess and co-hostess, Mrs. Herschel McGowen.

TO BE GUEST AT LARWILL

Rev. and Mrs. E. E. DeWitt are to be special guests of the Larwill Methodist Church on next Sunday, June 15. The Reverend is to be the guest fathers day preacher.

Rev. DeWitt was pastor of this church for four years previous to his retirement from the active ministry six years ago.

NEWS — PHONE 38

OUR SINCERE THANKS

It is impossible for us to ever express or fully demonstrate the sincere thanks and gratitude we feel for the unselfish assistance extended to us during and after our fire Monday. We'd like to mention each group or individual separately, but we know we could not accurately list them all. However, we do want to mention all the firemen and departments, the business and industrial firms and employees, friends and neighbors (both old and young) who worked so hard moving feed and supplies, the truck drivers, the people and firms that brought refreshments to the firemen, and the list would not be complete without mentioning the repairmen who are putting our equipment back in operation or the friends and patrons for their patience and faithfulness.

Our thanks to everyone.

SOYBEANS MAY REPLACE CORN FOR LATE PLANTING

Soybeans will again "pinch hit" for late planting under the adverse conditions which have prevailed in the

northern half of Indiana this spring. Fortunately, they can be planted later than corn with reasonable assurance of making a crop.

Unlike corn when planted late, explain Purdue University extension ag-

ronomists, the soybean shortens its growing season by reducing the number of days required to mature. Vegetative growth and grain yield may be reduced, but the crop is likely to mature if the right varieties are sown.

Seed supplies of the Hawkeye variety are extensive this spring, and it may be safely sown throughout the heavy soybean growing section of central Indiana during June. Hawkeye can be expected to mature on northern Indiana clay soils if sown as late as June 15, but farmers on these soils should turn to the Earlyana and Blackhawk for late June seeding.

Blackhawk is the best muck soil

variety for use in northern Indiana. It may be planted until June 20 with reasonably good chances of maturing before frost in the fall. Following that date, the Mandarin (Ottawa) should be used.

FRIENDLY NEIGHBORS MEET

The Friendly Neighbors Home Demonstration Club met Monday evening at the home of Mrs. Ernest Harold.

The meeting was opened by the president, Mrs. Everett Rookstool. "America, The Beautiful" was sung after all repeated the creed.

For meditation Mrs. Ernest Studebaker read an article on the correct uses of the flag and then read an appropriate poem.

The group sang "Let Me Call You Sweetheart," the song of the month.

The lesson, "The Person in Self Defense," was given by Mrs. Turner Boggs. It was very interesting and many helpful suggestions and information were brought out in case of disaster.

Sixteen members answered roll call to "A Youthful Ambition." The meeting closed by repeating in unison the Club Collect.

The hostess, assisted by Mrs. Alden Jones, served delicious refreshments.

GARDENS ATTRACT WORLD-WIDE VISITORS AGAIN

Floral finery of the Gardens of the Nations blooms again while visiting garden enthusiasts come from all America and abroad.

Never have the International Friendship Gardens, near Michigan City, been so beautiful and interesting before. The board vistas are filled with lacy colors of blooming trees, shrubbery, irises, poppies and myriads of "Flowers that bloom throughout the Season."

The lush of the fresh and leafy foliage of trees and perennials alike, are filled with thousands of buds and blooms on the Azaleas, English Hawthorn, the sweetly scented Daphne, Painted Daisies, Peonies, and innumerable others.

June is the month of Roses with thousands opening daily. A great collection of the newest American Roses with 40,000 when in full bloom. Rose festival June 15 to July 15.

It is an ever-changing profusion of floral display and sign. Perennial and flowering bulbs are rapidly supplemented with thousands of annuals throughout the 100 acres which also includes the many beautiful and characteristic Gardens of the Nations. Each of these gardens is distinguished by outstanding Nationals.

Their Excellencies, Dr. Wellington Koo, McKenzie and three hundred

others including the late Jan Paderewski the prime representative of the Polish Garden just before he died, were responsible for this philanthropic enterprise in building International Good Will.

Not only is it known for its beauty and its work in behalf of world peace and friendship, but it has also become famous as a Summer Music Center where national music is immortalized and many young artists have been started on their now successful careers.

The Theatre of Nations, accommodating 5,000 spectators, a natural hillside amphitheatre covered with giant oaks, elms and pines, looks across to the island in the sylvan waters of Lake Lucerne. From this Island stage,

many gay and colorful events will serve this season again as a call to those who like the unusual, for this outdoor theatre is already reputed as one of the world's most unique Star-lighted Extraordinaries, where Opera is one of the Summer's regular attractions. Various concerts, along with the Twelfth Annual Music Festival, make a full calendar of Saturday events, on the following dates: July 19, 26; August 2, and 9.

Visitors to this perpetual flower and garden show may reach it by going one and a half miles east of Michigan City on U. S. 12 which leads to the free parking area at the Gardens entrance.

Mike Watkins, five year old son of Mr. and Mrs. Harry Watkins, will enter the Woodlawn hospital at Rochester Friday for an operation.

LAKE BOATS HAUL A LOT OF TONNAGE

Although we are very near the Great Lakes, we seldom think about the huge amount of freight hauled by the lake boats. A recent issue of the Lake Carrier's bulletin gives the following scoreboard for the 1951 season:

Before fleets drew into winter beths last winter it was obvious that 1951 would go into the record books as one of the great years in lake shipping. An early start, use of full fleet capacity, greater speed on the part of re-powered ships, hard work on the part of ship's crews, mine and dock personnel all helped. Results? A new peacetime ore record—89,092,012 gross tons, second only to 1942's all-time record of 92,076,781 gross tons. Largest grain volume since 1945 and third largest grain year since 1928—13,150,143 net tons. A new all-time limestone record, 25,871,319 net tons, and a new all-time record total of ore, grain, coal and limestone, a thumping 189,750,171 net tons, shading 1948's record by four million tons. A big year behind us and another ahead.

GOT CAT'S-EYES?

... IF NOT, YOU NEED THE

Lee Road Hazard Guaranty

... You're bowling along at night. The moon is up, the stars are out, and your headlights throw a steady beam. BUT—a night-cruising builder up ahead has lost a 45-lb. cinder block from his giant load.

Smacko—you hit it! Smacko, that is, in the right front tire.

No driver can prevent a ruined tire if conditions are against him. Chuck holes, broken bottles, jagged rocks and curbs—all menace you, day or night, regardless of your skill. Your only defense against loss—your only one—is a Lee Road Hazard Guaranty.

For 15 months your Lee Super DeLuxe passenger tire is guaranteed against road hazard damage of any kind. The Guaranty is unusual, unique. For, in addition to covering defects in materials and workmanship for life, it says in plain type that if you suffer rim cut, bruise, blowout, impact break; if your tire is injured by under-inflation, overload, faulty alignment or faulty brakes—the loss is Lee's, not yours.

Next time you are in the market for a tire, come in and see us. Remember, new tires are much cheaper than hospital bills—and you never know just when one of your old tires is going to blow out.

A typical price is \$18.74 (plus tax) for a 6.70 x 15 Lee Tire.

ELEVATOR BURNS Continued

to the city water supply. The two city wells, however, kept up with the demand and as the fire settled down a trifle the city pumps managed to bring up the water level in the storage tank.

Elevator Resumes Operation.

The elevator was back in operation Wednesday with everything except the corn shelling and cob grinding equipment. Grain storage and elevation machinery is not working but the firm is using the country elevator unit for this purpose. The mixing and grinding departments are in operation and corn is being purchased. They cannot accept wheat or soybeans at this time but they promise to handle the wheat harvest. For those who cannot bring shelled corn to compound into their own feed, the elevator will loan the corn and will accept the farmer's corn in repayment when the shelling equipment is back in operation.

Managers Valentine and Nelson are busy today conferring with contractors for the immediate repair of all the machinery and building. The total loss hasn't yet been determined, but Mr. Valentine ventured a guess this morning that it would be at least \$40,000, and possibly more. It is believed there will be sufficient insurance to cover the loss.

REPORTING FROM KOREA

June 2, 1952
Korea

Dear Art,

The Co-Op. News has been coming to me here in Korea since February and I want to express my appreciation for your sending it. The papers usually arrive in two's or three's as all boat mail does. The past week I have received three papers, the latest being April 23rd edition.

It is pretty warm over here now during the day, and pretty chilly at night—just about like the weather in Arizona, except more humid. It rains once in awhile, but on the whole we have had good flying weather the last two months. They say the rainy season should start within the next month.

If nothing happens, I will probably be reported for rotation back to the good old U. S. A. this week. We do not have to fly 100 missions to complete our tour of duty anymore (which suits me just fine.) I have flown 74 missions in the good old "Mustang" so far. It takes about a month after being reported before we are on the way back to the States, so I'm hoping to be there sometime in July.

Will sign off for now. Tell everyone "Hello" for me.

Thanks again for sending the paper.
Yours truly,

Lt. B. D. Herendeen

JOLLY JANES ENTERTAIN GUESTS

Guests were entertained at the meeting of the Jolly Janes Home Demonstration Club held Monday night at the Mentone school. Mrs. Helen Brown, of the Brown Jewelry Store, demonstrated on wrapping and tying beautiful gifts. A letter was read by Mrs. Delford Nelson from Mrs. Glenn Snelberger, our former demonstration agent, advising goals to work toward.

Mrs. Robert Parker was in charge of the program. Two duets were sang by Mrs. Wayne Bowser and Mrs. Robert Whetstone with JoLaine Smythe at the piano. Eleanor Rush entertained with a reading, "Junior at a Dinner Party." Introduction of guests was the response to roll call. Mrs. Wilvin Teel received the door prize.

Mrs. Raymond Lewis, Mrs. Harold Utter, Mrs. Herschel Teel and Mrs. Roland Ferverda were in charge of the refreshments.

The next meeting will be a picnic on July 14th.

Mr. and Mrs. C. E. Jones, of Saint Johns, Ohio, spent the Memorial Day week end with his father, E. E. Jones, and Mrs. Jones.

TO ATTEND CONVENTION

Emily Kimbrough will be the chief speaker at the June convention of Psi Iota Xi Sorority, which will be held at Elkhart June 13 and 14, with Beta Rho of Goshen as hostess chapter. Two hundred fifty representatives will attend from the 81 chapters in Indiana and Ohio.

Beta Epsilon chapter of Psi Iota Xi will be represented by Mrs. Dick Manwaring and Mrs. Jack Pritchard, corresponding secretary, as official delegates. Mrs. Ralph Ward, Mrs. Mervin Jones, Mrs. Kenneth Simcoe, Mrs. Cecil Long and Mrs. Harold Utter will attend the convention on Friday.

Mrs. Mott Bryan, Mrs. Thomas Wowk Mrs. Devon Hibschman and Mrs. Long plan to attend on Saturday.

Registration is from 10 a. m. to 1 p. m., Friday, June 13, in the lobby of the Hotel Elkhart. Business sessions will include the election of grand officers and plans for charitable and cultural projects for the coming year.

Miss Kimbrough, formerly of Muncie and now living at Haverford, Pennsylvania, will speak at the formal dinner which closes the convention Saturday night. She is the author of "Through Charley's Door," "How Dear to my Heart," "Innocents from Indiana" and "It Gives Me Great Pleasure." With Cornelia Otis Skinner, she co-authored "Our Hearts Were Young and Gay."

AUTOMATIC DEVICE SAVES HOME FROM DISASTROUS FIRE!

WIND AND RAIN DO MUCH DAMAGE HERE FRIDAY

A terrific wind and rain storm hit Mentone about 6:30 last Friday evening and it gave local citizens an idea of what a tornado would be like. Many trees were blown down and every weak branch or limb was blown down. There were a few reports of minor damage to small buildings, but no large structures were involved. Traffic within the city was stopped on a couple of streets because of downed trees, and two high-tension power lines were down. One carrying 2300 volts was lying across Joe Baker's pickup truck for about four hours before the Public Service linemen could get around to getting it out of the way.

The heavy rainfall, reported to be in the neighborhood of 2 inches, filled Mentone's storm sewers to capacity and some buildings on the lower levels suffered with flooding. The worst was at the Frank & Jerry grocery where the back room had from four to six inches of water in it.

Mentone firemen were on duty regulating traffic until late that evening.

REMC LINE BOSS HURT IN ACCIDENT

Herman (Pete) Ysbery, 44, of R. R. 1, Rochester line foreman for the Fulton county REMC, is resting easy at the Woodlawn Hospital at Rochester following serious injuries sustained just before noon Friday, near the Herbert Carlile farm in New Castle township.

Ysbery was supervising the felling of a tree when a limb from another tree was broken off in felling of the first tree. His injuries were confined to concussions of the right shoulder and right collar bone and bruises. He will be unable to work for about eight weeks.

Members of the line crew rendered first aid and called for an ambulance over their short wave radio equipment. The injured man was removed to the hospital in the Foster Ambulance.

ANDERSON

On Tuesday, June 17, Mr. and Mrs. Robert Anderson, of Midland, Michigan became the parents of a baby boy, born at the Midland hospital. The paternal grandparents are Dr. and Mrs. E. D. Anderson of our town.

WAGNER—VAN DOREN

On Sunday afternoon, June 8, at the First Baptist church in Warsaw, Miss Iva Van Doren, daughter of Mr. and Mrs. Harold Van Doren, of Akron, was united in marriage to Lavierie (Cal) Wagner, son of Mr. and Mrs. E. E. Wagner of Mentone.

The double ring ceremony was read by Rev. Reginald Shepley before an altar banked with baskets of ferns and pink and white peonies. The altar was lighted with candles in tall candelabra.

An organ prelude was given by Mrs. C. A. Braddock. The numbers were: "Traumerel," and "To A Wild Rose." Vocal numbers by Miss Mary Jane Shepler were: "Because," and "The Lord's Prayer." Delbert Hunter, accompanied at the piano by Mrs. Hunter, played several violin solos. They were "Till the End of Time" and "Always."

The bride was given in marriage by her father. Her gown of white taffeta was fashioned by her mother. Small scallops, the decorative detail, finished the lower edge of the Chantilly lace yoke of the fitted bodice, the cap sleeves and the hemline of the bouffant skirt, which extended into a chapel-length train at the back. At the hip line were three scalloped tucks. Her long mitts were of the lace and her veil, of silk illusion, showered from a lace cap. Yellow rosebuds and gardenias centered her shower bouquet of white roses.

Her attendants were Mrs. Wallace Kehr, of Goshen, the matron of honor; and Miss Loa Dean Cummings, of Elkhart, and Miss Betty Weirick, of Warsaw, the bridesmaids. Mrs. Kehr, in lavender, Miss Cummings, in pale yellow, and Miss Weirick, in frost green, wore taffeta gowns styled identically as the bride's. Their bonnets of white lace over taffeta matched their gowns in color. Each carried a colonial bouquet.

Little Kay and Ray Wagner, of Young America, twin niece and nephew of the bridegroom, were the flower girl and ring bearer, respectively. The little girl's floor length frock, of pale green taffeta, was styled with a net yoke and decorated with scallops. Her head band was of matching taffeta and net. She carried a basket filled

(Continued on back page)

MRS. SARRAH FOOR DIES

Mrs. Sarrah Catherine Foor, 85, a lifetime resident of Talma, succumbed to complications at the home of her daughter, Mrs. Boyd Barkman, route 5, Rochester, at 5 p. m. Monday. She had been ill for the past four years.

Mrs. Foor was born in Indiana on Sept. 16, 1866, the daughter of Israel and Belinda Marrill. Her husband was the late Fred Foor, who preceded her in death in 1945. She had been a devout member of the Grace Methodist church in Rochester for many years.

Surviving are the daughter, Mrs. Lena Barkman, and a son, Harry Wenger, both of Rochester, and three grandchildren.

Funeral services will be held at the Foster funeral home in Rochester at two o'clock Thursday afternoon. Rev. Charles Merrill Smith will officiate and interment will be in the IOOF cemetery.

TWO FIRE CALLS SUNDAY

The Mentone fire department made two runs Sunday. About 8:30 Sunday morning they went to the former Cook Sawmill, south of town, where a fire had started in a building used by the Frank Mfg. Co. for storage of surplus machinery. There was little damage.

At ten in the evening the firemen were called when a transformer near the Legion home burned out.

GREEN

Mr. and Mrs. Charles "Sonny" Green are the parents of a seven pound, five ounce son born Sunday at the Woodlawn hospital. He has been named Andrew Charles.

Mr. and Mrs. Andrew Hall are the maternal grandparents and Mr. and Mrs. Charles Green of Talma, are the paternal grandparents.

Sonny is now stationed in England with the armed forces.

CRALL

Mr. and Mrs. Estil Crall, of south of Mentone, are the parents of a seven pound 12 ounce daughter born Monday at the Woodlawn hospital at Rochester. The new baby has been named Dina Kay.

STUDIO REPRESENTATIVE TO BE HERE NEXT WEEK

The Co-Op. News has received word from the Woltz Studios, Des Moines, Iowa, stating that their representative will be at the Community Building in Mentone from 10 a. m. to 12 noon, Friday, June 27th, to show proofs of the pictures taken several weeks ago.

NED WITHAM BRUISED WHEN CAR HITS FENCE

Ned Witham, 18, of Mentone, escaped with minor arm bruises Saturday night when his car went out of control on state road 25, southwest of Warsaw near the Devils backbone, and ran through a fence. The youth told Sheriff Carl Latta that an unidentified car forced him off the road. He was not hospitalized. He is the son of Mr. and Mrs. Arthur Witham, of Mentone. There was no estimate of damage to the car.

GRASS

Mr. and Mrs. Dick Grass, of Bourbon, are the parents of a seven pound one ounce son born last Thursday at the McDonald hospital. The new boy has been named Jerry Lawrence.

OLUB CALENDAR

The Methodist Church W. S. C. S. meets at the home of Mrs. Denton Abbey June 19, at 7:30.

The Mary-Martha Circle will meet on Monday evening, June 23, at 8 p. m. at the home of Mrs. Raymond Lash.

Pre-school children and first grade children please bring your favorite toy when you come to the Library Reading program next week, Thursday, June 26.

Four Leaf Clover 4-H Club meeting Monday evening, June 23, at 7:00 at Lee Markley's house. Hostesses will be Marjorie Lent and Sharlene Ware.

Summer library reading program every Thursday. Grades 2, 3 and 4, 8:45 to 9:45 a. m. Pre-school and first grade 10 to 11 a. m. 5th through 8th grades, 1:30 to 2:30 p. m.

"PRICE CONTROL A FRAUD" SAYS SCHENCK

Indiana farmers were asked this week by President Hassil E. Schenck of the Indiana Farm Bureau to write their views about the price confusion and damage being caused by the government's price and wage controls and send them to Indiana congressmen and senators in Washington, D. C.

"Experience to date has revealed the absolute fallacy of price and wage controls," declared the farm leader, in a letter to Farm Bureau leadership. "Never in the history of our country, have wages gone up as rapidly as they have under the present law, which was presumably enacted with the thought in mind of holding down wages as a preventive against further inflation.

"The effect on hog prices has discouraged production to the point that nation-wide hog production this year will be some 10 per cent below a year ago. This, in itself, is inflationary," he said.

"Almost simultaneous with the rollback on cattle prices, there was an increase in the average retail price of beef. The price to the farmer was rolled back to give the consumer cheaper beef. It didn't work that way," he pointed out.

"The recent soybean meal situation has been one of the most glaring indications of how price controls can muddle up and make almost impossible the distribution of a commodity absolutely necessary for farm feeding operations. The only way we were able to survive was by mixing a trace of salt, or of corn meal, or lime into the soybean meal and sell it as a mixed feed.

"By and large, price controls have proved to be a fraud and a delusion. Price controls constitute what is known as Titles IV and V of the Defense Production Act, which automatically expires on June 30," he said.

The Congress is now considering the proposition of continuing these controls and the farm leader feels that Indiana congressmen and senators would welcome the view of the farmers on this important legislation.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

The observance of June as Dairy Month draws attention to the progress made in Indiana and the United States in sanction and the elimination of outbreaks of communicable diseases at.

For the first time in the 28-recorded

history of milk-borne diseases the United States Public Health Service reported no outbreaks of typhoid fever in the United States caused in 1950 and the 62 cases of all milk-borne diseases was the lowest number ever recorded.

John Taylor, director of the Division of Dairy Products, Indiana State Board of Health, points out that this record is due to the universal acceptance of pasteurization and the adoption of approved milk sanitation programs.

"Grade A milk is available in all cities and communities in Indiana," Mr. Taylor said. "Approximately 95 per cent of all milk sold as fluid milk in Indiana is Grade A pasteurized milk.

"Grade A pasteurized milk comes from inspected farms and inspected plants. The number of living bacteria in the dairy product is low and regularly checked. Representatives of the local community are charged with the enforcement of the local ordinance.

TOO MUCH WASHING CAN RUIN CLOTHING

Lafayette, Indiana—Laundering is an exception to the old adage, "If a little is good, more would be better." The homemaker's enthusiasm for cleanness and whiteness should not lead her to over-do the washing.

Miss Gertrude Monhaut, extension home management specialist at Purdue University, points out that over-washing is hard on clothes. It tends to shorten their usefulness and causes the clothes to wear out sooner than they should. Time and electricity are also wasted.

There is a tendency to over-wash clothes in any washer. Five minutes of agitation for mild soil and ten minutes of agitation for heavily soiled fabrics should be long enough. The full cycle in the automatic washer is usually excessive agitation.

The tensile strength is lessened by too long a washing time. Even fast colors in clothes tend to bleed or dull. In some instances, over-washing may cause the clothes to shrink.

In grandmother's day it may have been considered a necessity to soak the clothes overnight. The use of plenty of soft hot water and a good detergent has made soaking an outdated practice. Over-soaking tends to re-deposit the soil in the fabric and may even fade the colors. To remove the most soil, twenty minutes of soaking on only excessively soiled items is

long enough. The fibers are weakened if a bleach solution is used in the water during that long soaking period.

Miss Monhaut cautions the homemakers that if a bleach must be used, it should not be over-done. Bleach only stained or badly discolored garments, never bleach the average soiled items. Garments should not be soaked too long in a bleach. Manufacturer's directions should determine the amount to use. Bleaches are also hard on the wash tubs and aluminum agitator in the washing machine.

Blueing covers up the dirt not washed out. Too much blueing may make clothes gray and streaked and increase the rust stain possibility instead of whitening them as desired.

THE FOUR LEAF CLOVERS MEET

The Four Leaf Clovers Club met on June 11, 1952. The meeting was called to order by our president, Elaine Goodman. Then we said the pledge to the American and 4-H flags. The roll was called and was answered by naming their favorite pass time.

Then the treasurer's report was given.

Esther Markley read a letter about demonstration contest.

Then the Health and Safety leader passed out little booklets about food we need.

We talked about our bake sale which is going to be held at Lemler's Store on June 28.

Then the demonstrations were given

We have the

NEW
Swift's
Mineral Supplement
BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:

—It's soft enough so animals get their mineral quota easily

—It's hard enough to resist weather

—It's easy to handle, easy to feed

In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements

- Manganese
- Iron
- Copper
- Cobalt
- Sodium
- Calcium
- Cesium
- Phosphorus
- Magnesium Sulphate
- Iodine

Refreshments were served of ginger bread and kool-aid.

SHARLENE WARE, Reporter

COLORED CURTAINS

CHEER THE KITCHEN

Kitchen window curtains can add color, cheer, and beauty to the room to make it a more pleasing place to work.

The purpose of any window is to provide light sunshine, air and privacy. If the kitchen is at the back of the house, privacy may not be important, but curtains should not interfere with opening of the windows.

Miss Martha Jo Bentley, extension home furnishings specialist at Purdue University, points out that kitchen windows generally are small enough so that bright colored curtains may be used. However, the color should harmonize with the colors in the coverings of the base cabinet top and floor as well as the walls and cabinets.

Homemakers who wish to make their own curtains will find different styles and types of ready-made curtains on the market as well as many suitable fabrics in yard-goods. The fabric should be easy to launder and be fast colored to laundering and sunlight.

If the windows are short and wide, straight curtains or those with vertical stripes may be used. High narrow windows may look more attractive with horizontal designs. A thin grade of unbleached muslin percale or checked gingham might be used to make attractive curtains.

One simple treatment if a four-inch ruffle outlining the top and sides of the window. This ruffle may be kept in place with thumb tacks.

Dotted swiss, or other similar sheer material, may be made into tailored curtains to hang straight. These may be pushed back from the center of the window. Stenciled designs on organdy or voile also make attractive curtains for the kitchen windows.

Priscilla-type curtains in sheer fabrics may be tied back in graceful curves. If they are tied back, the tie should be high enough so they will not interfere with raising the window.

It was stated in an item in last week's Co-Op News that Dr. and Mrs. Don Van Gilder and family had spent two weeks in Washington, D. C. while on their vacation. This would have been wonderful, but the item should have read, "two days."

Harry Meredith was dismissed last Friday after being a medical patient at the Murphy Medical Center.

WHO USED HOW MUCH OF THE ELECTRICITY PROVIDED BY THE ELECTRIC COMPANIES OF INDIANA DURING 1951 Compared to 1941?

Indiana-a POWER-FULL State

Over 95% of Indiana farms have dependable low-cost electric service today. About 48% of them are served by the Electric Companies of Indiana and about 52% by the REMCs which buy their power at wholesale from the Electric Companies.

● In 1951, 9½ billion kilowatt-hours of electricity were "ordered" by those we serve, compared to 4½ billion ordered during 1941. Every year, no matter how much electric power was ordered, it was delivered on schedule. It is the responsibility of the Electric Companies of Indiana to have enough electric power available, when and where wanted, for everybody we serve.

The work being done by all Indiana electric users, large or small, is vitally important to the progress and welfare of our State. No Indiana electric user has ever been short of power. We are investing over \$704,000,000 from 1941 through 1954 to extend our facilities, and we will continue to extend them beyond that date as needed to make certain there will be plenty of electric power in the future for those we serve.

CORRECT TOPPING INCREASES YIELDS OF RASPBERRIES

Topping raspberry plants at the right stage can mean the difference between good and poor yields, say extension horticulturists at Purdue University.

The new growth arising from the base of the black and purple raspberry plants should be topped when the stems reach 24 to 28 inches in height. The topping of the new growth at this stage causes lateral or side growths to develop below the top

bud. The new shoots resulting from the topping become the fruiting wood for the following year's harvest. The new lateral growth should be permitted to grow for the balance of the season and not cut back until the following spring.

When low topping is used the prospects for a full crop will be restricted while high topping may result in damage to the plant by breakage unless the plants are given adequate support by trellising.

The red varieties should not be topped during the growing season but headed back the following spring.

ENJOY FAMILY DINNER

A family dinner was enjoyed Sunday at the Vance Johns home in honor of Dave Johns who has been home on leave from the navy.

Those present were: Mr. and Mrs. Fred Swick, Mr. and Mrs. Adrian Little, of Huntington; Mr. and Mrs. Hale Hurd and family, of Logansport; Mr. and Mrs. Earl Smalley and sons, of Crystal Lake; and Mr. and Mrs. Dave Johns.

Dave has been assigned to the U. S. S. Susan and will be a fireman's apprentice. He flew back to his naval base in California on Monday.

PSI IOTA XI CONVENTION

The 1951-52 Convention was held at the Elkhart Hotel, Elkhart, Indiana, with the Goshen Chapter as hostess, June 13th and 14th.

Dr. Robert Millisen of Indiana University, Dr. Allen Hucklebury of Ball State Teachers' College, Dr. Ruth Irwin of Ohio State and Dr. Horton of Indiana State Teachers College were the main speakers of the Friday session. They are all heads of the speech and hearing departments.

Mr. Joseph Brown spoke briefly of the Indiana Mental Health Crusades. He stated Indiana rates 6th from the bottom in Mental Care. The average patient in our mental hospital stays eleven years.

The Friday evening dinner was attended by Mrs. Jack Pritchard, Mrs. Richard Manwaring, Mrs. Harold Utter, Mrs. Mervin Jones, Mrs. Kenneth Simcoe, Mrs. Cecil Long, Mrs. Ralph Ward, Mrs. Pritchard and Mrs. Manwaring were delegates to the Convention. Mrs. Mott Bryan and Mrs. Devon Hirschman also attended the Friday and Saturday business sessions.

Indiana University at Bloomington was chosen for the 1953 Convention.

Following the Saturday luncheon, the Sorority Choir gave a recital. The choir was composed of 50 sorority girls.

Mrs. Low Martin was installed as the new grand president, Saturday. Mrs. Martin is from the Goshen chapter.

Emily Kimbrough, well known author, spoke at the formal dinner on

ATTEND CLASS REUNION

Mr. and Mrs. Charles L. Manwaring spent the weekend in Southport with Mr. and Mrs. Charles F. Brewer. Mr. Brewer and Mr. Manwaring were 1932 graduating classmates at Indiana University and Sunday attended their 20th class reunion at Indiana University.

Among some of the members of their class were: U. S. Senator William A. Jenner, former National American Legion Commander George Craig, now republican candidate for governor; State Senator Harold Handley, now republican candidate for Lt.-Governor; Paul Jasper, judge of Indiana Supreme Court; former Superior Court Judge Ralph Hamill, and Jim Tucker, former secretary of state.

LEGION NEWS

At the regular meeting of Mentone Post 425, The American Legion, held on Tuesday night, June 17th, the following members were elected to offices for the coming year.

Commander—Robert Whetstone, 1st vice commander—Ned Igo, 2nd vice commander—John Boggs, Adjutant—Dr. Frank Waltz, Finance Officer—Harry Gible, Historian—Earl Shinn, Chaplain—Ed Smelser, Sgt. at Arms—Kenneth Simcoe, Service Officer—House Committee—John Ellsworth, Russell Borton, Dale Wallace, Ralph Ward; Executive Committee—Dean Shirey, Eldon Groves, Harry Watkins, Mervin Jones, Jim Rodibaugh; County Council Delegates—Robert Whetstone, Robert Reed, Allen G. Shirey, John Ellsworth, John Boggs; County Council Alternates—Dale Wallace, Ed Smelser, Ed Cochran, Mervin Jones, James Holloway, Delegates to State Convention—Robert Whetstone, Ned Igo, Dr. Frank Waltz; Alternates to State Convention—Robert Reed, Jim Rodibaugh, Jack VanGilder.

It was suggested that we have Boyd Blue, our candidate that went to Boy's State, appear at the next meeting and give an account of his trip.

The following new members were voted into membership, Jack L. Kercher and Thomas F. Fitzgerald, which boosts our membership to 160 for the fiscal year now ending.

Installation of officers will be conducted at the next meeting which will be held on Tuesday evening, July 1.

MOVING TO BLOOMINGTON SOON

Mr. and Mrs. Roland Ferverda and family plan on moving to Bloomington the latter part of June or the first of July.

Roland has been named district manager for the Brotherhood Mutual Life Insurance company, with which he has been associated for some time.

The Ferverda's new address will be 307 Eastside Drive, Bloomington.

Their many friends wish them success and happiness in their new home.

Mr. and Mrs. Ora McKinley have purchased the Ferverda home in Mentone.

PSI IOTA XI PARTY

The Psi Iota Xi sorority members met at the home of Mrs. Elery Nellans on June 17.

Members present were: Mrs. Maude Snyder, Mrs. Lyman Mollenhour, Mrs. Jack Pritchard, Mrs. Earl Anderson, Mrs. John Boggs, Mrs. Kenneth Simcoe, Mrs. Curtis Riner, Mrs. Ralph Ward, Mrs. Elery Nellans, Mrs. Harold Utter. Mrs. Forrest Miner was a guest.

The door prize was won by Mrs. Utter.

First prize in bridge went to Mrs. Snyder and second to Mrs. Forrest Miner.

Lovely refreshments were served by the hostess.

JUNE GRADUATE AT WHEATON COLLEGE, WHEATON, ILLINOIS

Bedelia Belle Weirick, daughter of Mr. and Mrs. Raymond Weirick, of Tippecanoe, was among the graduates at the Wheaton College commencement exercises, Wheaton, Illinois, on Monday. She received the bachelor of science degree and was one of 295 graduates representing 33 states and 10 foreign countries.

Miss Weirick was a member of Boethallian Literary Society, Tower staff, Band, Spanish Club, Women's Athletic Association, and Sunbeam Gospel Sunday School. She majored in Physical Education.

JULY 4th PROGRAM

Plans are in the making for another big July 4th celebration in Mentone. The various committees in charge reported at the Lions Club meeting on Wednesday evening, and the program committee reported that some of the features to be expected are: A water battle by the firemen, athletic contests for the youngsters, greased pig race, another "Miss Liberty" contest, a 7-inning ball game and a much bigger fireworks display. Another new feature is to be amateur boxing. Ernie Derho, who operates a boxing school in Mishawaka, will be in charge. He has a number of young boxers that are challenging any local boxers. There is to be short bouts between any young local boxers who may be interested, and Ernie has a number of boys of his own who can really put on a fine display. Other features will likely be added before the program is complete.

The Independence show is supervised by the Lions club and supported by Mentone business people and citizens.

ON FISHING TRIP

C. E. Walburn, Max Smith, Miles Manwaring, Gerald Ballenger, Devon Eaton and Harold Nelson left Friday for Spider Lake, near Traverse City, Michigan, for a short fishing trip. They planned to return Wednesday.

Your editor didn't have time to check up on all the boys before they left, but from the reports of last year's trip, Miles likely took along a pair of fur pajamas and "Spud" had a new lock on his tackle box. It seems "Spud's" tackle box always seemed to be unlocked last year and he was finally to the place where he'd just dump everything out of it before picking it up each time. They used a 50-lb. cake of ice for an alarm clock on Miles. It was silent but effective.

ADDITIONAL CLASSIFIED:

FRANKLIN'S GULL

When farmers plow the rich soil of the plains in southern Canada and the northern United States, they are often followed by flocks of Franklin's Gulls. The big birds hop from furrow to furrow, chattering noisily and looking for the bugs they like so well.

As they move about, pecking in the soft dirt, it is easy to see that their heads are mostly black, with just a speck of white over their eyes. Their backs and tails are pale gray, and so are the upper parts of their wings. Along the outer edges of the wings, the gray fades into white. Their pointed wingtips are black, and their feet, legs and bills are dark red.

More white appears when they soar into the air. Their bodies are white underneath, and the light shines

©1951 National Wildlife Federation
Franklin's Gull

through the thin, white feathers along the edges of their widespread wings.

At the heart of our continent, where they spend the summer, Franklin's Gulls settle down along the shores of lakes and in tangled marshes. Wherever you see a few of them, the National Wildlife Federation reports, there are likely to be many more nearby. For the Gulls are neighborly and usually live in colonies.

Each pair of Gulls builds a nest on wet ground or on shallow water. It is a crude home, made of grass and rushes, and it may be placed on a mat of broken reeds. In the nest the female lays from two to four large eggs. Some of the eggs are pale buff and some are dark, but all have brown and lavender marks. After twenty days the eggs hatch. The young birds, covered with downy feathers, may be either dark brown, speckled black or gray. Like their parents, they soon are eating hearty meals of fish, frogs, cray-

fish and insects. The entire family performs a valuable service by destroying pests which are harmful to crops.

As the weeks go by, the young steadily gain in size. When fully grown, they measure fifteen inches in length, and they can stretch their wings to a width of nearly three feet.

In the fall, the whole family leaves the north. With their neighbors, they fly down to the coast of Texas and Louisiana to spend the winter. Some Franklin's Gulls don't even stop there, but go deep into South America.

While in the south the birds change slightly in color. They lose their black hoods and wear white on their heads until time to go north again in the spring.

Completely Covered?

DRIVING today is full of hazards. Even the most careful driver can be innocently involved in a crash which wrecks his car, the property of others . . . injures or kills his passengers or those in another car.

Is your automobile Insurance ready for such an emergency?

The Hartford Fire Insurance Co.

Sometimes Franklin's Gulls are confused with Laughing Gulls. The way to tell them apart, says the National Wildlife Federation, is to observe that Laughing Gulls have more black and less white on their wings. Laughing Gulls also live on the Atlantic Coast, while Franklin's Gulls are found much farther west.

LIGHTNING BOLT HITS

SMALL BARN

Lightning is believed responsible for a loss of a barn on the Mrs. Pearl Moore farm, about one and a half miles northeast of Athens between 8:30 and 9 o'clock Friday night. The structure was a total loss. The loss included approximately 150 bales of straw and a new garden tractor. The Akron Fire department was called to the scene but was unable to save the building.

The family, including Mr. and Mrs. Verl Lindsey, and Mrs. Moore had just retired when they noticed an extraordinary light coming through the windows. It was discovered then the building was engulfed in flames.

It is not known the exact time the building was struck because of the general electric storm on all evening, plus heavy rain. The building was about one-fourth covered by insurance.

BAPTIST NEWS

Friday will be the last day of Daily Vacation Bible School. The attendance has averaged about 115 each day. Closing service will be Sunday night at eight o'clock when each department will have a part of the service. Rev. and Mrs. Ralston, from Winona Lake, will bring the message for young people

and parents. At the close parents will be able to see handwork done in each department.

Monday the pastor and his family will take a week's vacation fishing in Michigan. In his absence Rev. Norman Bosworth, a member of the church, will preach on Sunday morning and Rev. John Rea, also a member of the church, will take the evening service

and the prayer meeting.

In spite of the busy season, members and friends of the church have responded well in helping with the vacation Bible School. The Sunday night service will be a fitting close to the two weeks of study by all who had a part.

The Annual Sunday School picnic will be held on Tuesday, July 1st.

All Bible School children are invited to come to the Sunday School picnic.

Miss Mildred Anderson, of Flint, Michigan, visited at the home of her parents, Dr. and Mrs. E. D. Anderson, this week. She will spend the remainder of her vacation visiting old friends at Inverness, Mississippi, where she formerly taught music in the schools.

House Tells Tales
It isn't hard to tell when the
outside of your house needs paint-
ing. If the surface is glossy and
smooth, you may be sure that your
house is well protected against the
constant attacks of the elements.
But if the gleam has gone out of
the paint, if the surface is dry and
chalk-like and there are places
where the coating has washed off
altogether, it's high time to call for
the painter.

**HEAVY GRAZING REDUCES
LEGUMES IN PASTURES**

Lafayette, Indiana—Heavy grazing of legume pastures, either continuously or alternately, shortens the life of the crop, according to G. A. Williams, Purdue University extension dairyman.

This was indicated in recent tests at the University of Illinois in which four grazing systems were compared. Soil and fertilizer treatments were the same in each. The four systems were heavy, continuous, moderate continuous, moderate alternate grazing by dairy cattle.

Under heavy continuous grazing, the percentage of legumes in the pasture dropped from 55 to 18 per cent in two years. With moderate continuous grazing, the mixture still contained 40 per cent legumes after two years.

Heavy alternate grazing was just as hard on the pasture as heavy continuous grazing. On the field in which heavy alternate grazing was practiced, the percentage of legumes dropped from 62 to 13 per cent. The field with the moderate alternate system started out with 56 per cent legumes and still showed 44 per cent at the end of the two year period.

One of the reasons many pastures are unproductive, Williams asserted, is that the acreage grazed is too large. Smaller areas and a change of fields avoids both over-grazing of one part and under-grazing of the other at the same time. When pastures show signs of being over-grazed, the daily feeding of a few pounds of hay relieves the pastures, helps maintain milk production and reduces the decline in bodyweight of the herd. Over-grazing is an expensive practice.

Mr. and Mrs. Clair Strait and family, of East McKeesport, Pennsylvania have returned to their home after spending a week with Mr. and Mrs. Denton Abbey and daughter. Mrs. Strait and Mrs. Abbey are sisters.

Warsaw, Ind.

Mike Watkins, five year old son of Mr. and Mrs. Harry Watkins was able to return home Monday from the Woodlawn hospital. He had been a patient there following surgery performed last Friday.

Hydroelectricity

Hydroelectricity is simply electricity generated by water power. A hydroelectric plant can be installed where there is a considerable fall of water, as at Niagara Falls. From above the falls some of the water is diverted through huge pipes to the power stations which are located at the level of the river below the falls. The water drops about 190 feet, and gains considerable energy in the descent. Then it passes through a turbine which is made to turn, and so drive an electrical generator.

GOT CAT'S-EYES?

... IF NOT, YOU NEED THE Lee Road Hazard Guaranty

... You're bowling along at night. The moon is up, the stars are out, and your headlights throw a steady beam. BUT—a night-cruising builder up ahead has lost a 45-lb. cinder block from his giant load.

Smacko—you hit it! Smacko, that is, in the right front tire.

No driver can prevent a ruined tire if conditions are against him. Chuck holes, broken bottles, jagged rocks and curbs—all menace you, day or night, regardless of your skill. Your only defense against loss—your only one—is a Lee Road Hazard Guaranty.

For 15 months your Lee Super DeLuxe passenger tire is guaranteed against road hazard damage of any kind. The Guaranty is unusual, unique. For, in addition to covering defects in materials and workmanship for life, it says in plain type that if you suffer rim cut, bruise, blowout, impact break; if your tire is injured by under-inflation, overload, faulty alignment or faulty brakes—the loss is Lee's, not yours.

Next time you are in the market for a tire, come in and see us. Remember, new tires are much cheaper than hospital bills—and you never know just when one of your old tires is going to blow out.

A typical price is \$18.74 (plus tax) for a 6.70 x 15 Lee Tire.

CO-OP. OIL STATION

WAGNER—VAN DORN cont.

with rose petals. Ray Wagner, in a navy blue suit, carried the ring on a white satin pillow.

Ivo Wagner, of Young America, served the bridegroom as best man and the ushers were Myrl L. Wagner of Burket, Ernest Wagner of Fort Wayne, and Byron Van Doren, of Akron.

For her daughter's wedding Mrs. Van Doren selected a navy blue crepe afternoon dress with accessories in powder blue. Mrs. Wagner, mother of the bridegroom, was attired in a two-piece dress of navy and white silk print. Each wore a corsage of yellow tea roses.

Following the ceremony the 125 guests present were received in the church parlors by the couple.

For traveling Mrs. Wagner chose a suit of gray and yellow checks, to which she pinned the yellow rosebuds from her bouquet. Her accessories were green and white.

She is a member of the Business and Professional Women's club, and of the Alpha Beta chapter of the Beta Sigma Phi sorority in Warsaw. She was graduated from the Akron high school. Mr. Wagner was employed as a painter before entering the armed forces. He is a graduate of the Mentone high school.

The newlyweds are now at Ft. Leonard Wood, Missouri where Sgt. Wagner is stationed with the armed forces. They plan to reside near Akron following his discharge from the army, which will be soon. Cal served 11 months in Korea.

HAS SOUVENIR LETTER

The following is a letter received last week by the parents of Sgt. Dale Stiffler, who has been located near Inje, Korea for about a year. It was sent to the soldiers at the 4th Signal Battalion area sometime ago and then Dale sent it home as a souvenir.

To Dear U. N. Soldiers;
I am glad to have an opportunity to write to you. We sympathize and once more offer our deep gratitude to officers and enlisted men of the U. N. who wipe the Chinese communists out of our nation, and for our cold Korean front without your loved ones. Sometimes I remember that so many U. N. armies come to Korea and sacrificed many lives for our country and the peace of the world.

I believe that your undaunted determination and courage in the days ahead will insure victory.

I have deep impression in your kindness and we could not study very hard as other nations did, for from two years ago, since war broke out, so I intend to study hard with the thanks to you. It will be the best way of reward for you.

God bless dear U. N. soldiers,
from a Korean school girl

On Friday night, June 27, the Mentone Merchants will play the Warsaw A. A. on the Warsaw diamond. That encounter ends the Merchants league games until July 12 when they will journey to Plymouth to play the strong Plymouth team.

—Come to Mentone July 4th—

WILLIAM T. NELSON

William Thad Nelson, 60, Fontaine, California, passed away at a hospital Monday, following a prolonged illness of carcinoma. He is survived by the widow; two sons, Wm., Jr. and Dean; three grandchildren; two brothers, Amasa, Mentone, and Don, of Argos, and a sister, Mrs. Clarence Leininger, of Mentone.

Amasa and Don Nelson left Monday night by plane for the west coast to attend the funeral.

SANER - LOCKRIDGE

Marriage vows were exchanged by Miss Marilyn Ann Lockridge and Roy Lee Saner, young people of the Akron community, in a ceremony performed Friday evening, June 13, by Rev. Wayne Johnson at his home in Claypool. The bride is the daughter of Mr. and Mrs. Henry I. Lockridge, of Akron, Route 2. Mr. and Mrs. Homer S. Saner of Akron, Route 1, are the parents of the bridegroom.

Miss Carolyn Lockridge, twin sister of the bride, and Fred Saner, brother of the bridegroom were the attendants at the double ring service.

The ballerina-length gown of white nylon net over taffeta, worn by the bride, was fashioned with lace insert over the accordion pleats at the front. She carried a white Bible, ornamented with red roses, and wore a blue heirloom necklace.

The gown worn by the maid of honor was identical to the bride's. Her necklace and earrings were of rhinestones and she wore a corsage of red roses.

Mrs. Saner was graduated this year from the Beaver Dam High school. Mr. Saner is engaged in business with his father in well drilling. He was graduated last year from the Akron high school.

The couple visited in Ohio while on their wedding trip.

—Come to Mentone July 4th—

Any member of the Mentone Home Economics club desiring transportation to go to Friendship Gardens Friday contact Lyndal Vernet or Mrs. Pearl Horn before 11 a. m. Thursday.

MENTONE FIREMEN HOSTS TO COUNTY FIREMEN

Last Thursday evening about seventy members of the Kosciusko County Firemen's Association met in their monthly meeting at the Mentone school building, with the boys of the Mentone department as hosts.

A very fine program featured a talk by Fire Chief Bud Johnson of Rochester who outlined their method of handling rural fires in Fulton county. They have a map of the county showing all the farms, owners, buildings on the farms, cisterns, and other information that might prove useful in fighting a fire. Each farm has a number and the number is painted on the mail boxes, so even a stranger could identify it.

George Troxel of WOWO radio fame, gave a very interesting ventriloquist act with his pal, Danny.

A ladies quartette composed of Flossie Deeter of Bourbon, Dotty Hoffer of Atwood, Pat Stutzman of Etna Green and Violet Witham of Mentone gave a number of barbershop presentations.

The business of the evening was presided over by President Verland Bockman of the North Webster department. Letters from Valentine Elevators, the Mentone Lions Club and the Town Board of Mentone were read expressing their thanks for the help in the recent Valentine fire.

The host department furnished the entertainment and served refreshments of corn bread, ham and beans and the customary trimmings.

—Come to Mentone July 4th—

LARGE SEWER LINE WASHES OUT STREET

A 24-inch concrete sewer line gave way at the curve at the entrance to the Mentone cemetery and during the recent heavy rain storms washed a large hole in the city street. Ten feet of the tile had broken down and the heavy flow of water finally washed the dirt out from around the tile.

Sewer tile in the 24-inch size costs about \$5.50 per foot and then is difficult to secure, so five new two-foot concrete sections are being made by Mr. Schooley of the town water department.

—Come to Mentone July 4th—

Mrs. Ray Rush and daughter, Mrs. Tony Hight, spent the week end at Dixon, Illinois, with a cousin, Mr. and Mrs. Will Jamison.

PURDUE TO STAGE DAIRY FIELD DAY ON JULY 18

Lafayette, Ind.—Morning tours of experimental fields and afternoon talks on forage production and use will be featured at the first Dairy Field Day at Purdue University, July 18.

Beginning at 9 a. m. (CST), visitors will tour the hay-silage experimental field, demonstration areas for tests on cooling cows with showers and the affect of water temperature on them, and the facilities of the new Dairy Center. Dr. N. S. Lundquist, associate professor of dairy husbandry, is in charge of the program.

Headquarters for the field day will be the Dairy Center on Cherry Lane, north of Ross-Ade football stadium. There, visitors will inspect the herd and barns and will see an experiment on daily rotation of cows on pasture areas compared to the usual rotation system. Use of a "laying back" pasture will be explained.

Among exhibits will be silage and hay from the experimental field and silage preserved with Sulfur dioxide gas. Operation of a self-feeding hay keeper and the treatment used in drying the experimental hays will be described by A. M. Elmeron, agricultural engineer.

Other reports will cover dairy feed-

ing tests with ground corn cobs and Purdue Cattle Supplement A, developed by the animal husbandry department for winter feeding of beef cattle; experiments on milking and feeding time requirements, relation of production to udder measurements, electric dehorning, and bedding.

Assisting with various phases of the morning program will be W. W. Huffine, agronomist; Bruce A. McKinzie, agricultural engineer, and members of the dairy management class.

Afternoon speakers will include President F. L. Hovde, of Purdue; T. M. Ice, Mt. Summit, chairman of the field day advisory committee of the Indiana State Dairy Association; Dr. G. O. Mott, Purdue pasture research specialist; Dr. Lundquist, and Professor H. W. Gregory, chief in dairy husbandry.

WRITES FROM KOREA

June 13, 1952

Hello Art,

How's everything in the old town of Mentone by now. It sure seems like a long time since I've been there. It has been almost ten months now, seven of it in Korea, so I hope to be coming home soon.

We are living in 16 men sq. tents and it's pretty nice. We have movies once

a week.

Our 8-inch Howzitors are giving the Reds a hard time over here, our firing battery have fired about 50,000 rounds so far.

I am in Hq. battery in the communication section. I am one of the telephone-wire Sgt. and team chief.

I am still getting the Mentone paper and am sure enjoying it over here. Thanks for sending. I have received it now for 18 months.

Tell everyone hello for me and hope

to be home soon.

Just Me,
Dean

NEW SOCIAL SECURITY RIGHTS

Many people in the tri-county area who are now entitled to monthly old-age or survivors insurance benefit payments have not applied for them, according to a statement today by Gerald Kelter, Manager of the social Security office located in Room 222 of the Equity Building in Elkhart.

The reason why many of these people are now eligible, and can qualify for old-age benefit payments if they file claims, is the "New Start" provision of the amended social security law which will be used for those retiring after July 1. While being "insured" is still measured in the unit of a quarter-year in which the worker had at least \$50 of pay in a job under the system, the number of units or "calendar quarters" required for insured status has been reduced to six.

For example, a retired worker, age 65 or over, who came to the social security office, and was told that he could not qualify for benefit payments because he did not have enough "quarters of coverage", should come to the office again. If he worked in jobs protected by social security for as little as a year and a half, he can now qualify if he files a claim. Moreover, he may have worked in the job or jobs at any time since the beginning of 1937, and the jobs need not have been consecutive.

In the tri-county area of Elkhart, Kosciusko, and LaGrange, there are

many people now 65 or over, who worked at one time or another after 1937 in one of the local plants on war work. Many of them do not realize that they can now have old-age benefit payments because they do not know that requirements have been reduced.

Readers are asked to pass on word of this important change in the social security law to anyone they think might be affected: "Just tell them to get in touch with us. Then we will find out for sure how they stand." Mr. Kelter says, "If you are 65 or over and are considering retiring, we suggest you contact your nearest social security office before making the decision. Each case will be considered individually, and you will be fully advised of your rights under the program."

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Approximately 7,500 boys and girls in 4-H club camps are being instructed this summer in the meaning of the Health "H" of 4-H by three teams of dentists and nurses from the Indiana State Board of Health.

This is the fifth year for the project according to Dr. Roy D. Smiley, director of the Dental Division, Indiana State Board of Health. The teams received special instructions last week under the direction of Dr. Charles L. Howell, assistant dental director, and

We have the
NEW
Swift's
Mineral Supplement
BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:

—It's soft enough so animals get their mineral quota easily
—It's hard enough to resist weather

—It's easy to handle, easy to feed

In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements

- Manganese
- Iron
- Copper
- Cobalt
- Sodium
- Chlorine
- Calcium
- Phosphorus
- Magnesium Sulphate
- Iodine

THE CO-OP. MILL

Miss Genevieve Shaw, R. N., educational director, Division of Public Health Nursing.

The teams conduct health classes on subjects requested by the camp directors including personal hygiene, sanitation, first aid and civil defense. Each program includes vision screening and dental inspections.

Dr. Daniel Cheek directs the unit which began June 1 and will visit approximately 21 different 4-H camps by August 31.

Dr. Ed Benjamin and Miss Sara Jane Rudolph began this week the teaching of health classes to 4-H club members at Shakamak State Park, Jacksonville. Club members from 25 counties will attend the camp until August 23.

The camp which opened June 19 at Hassmer Park, Versailles, will receive instructions from Robert Vinzant, dental officer, and Miss Carmen Jane Hinkle. Club members from 23 counties will participate in this camp.

—Come to Mentone July 4th—

**SWEET CORN WILT
CONTROLLED BY DUSTING**

Lafayette, Ind.—Sweet corn plants may be stunted or killed by bacterial wilt or Stewart's Disease, according to a recent Purdue University bulletin by Dr. Arnold J. Ullstrup, crop pathologist.

Symptoms of the disease appear from

the time the plants are six to eight inches high until the corn is full grown and mature. The disease is easily recognized by pale yellowish streaks running the long way of the leaf blades, Ullstrup says. The streaks become dry, often shatter, and the plants may wilt as though suffering from lack of soil moisture.

Corn flea beetles spread the disease by feeding on infected plants and then migrating to healthy plants where they introduce the bacteria into the leaf tissues through feeding punctures. Controlling the flea beetle helps to reduce spread of the disease.

Thoroughly dusting the plants with DDT or rotenone will control the beetle Ullstrup advises. Badly wilted plants should be destroyed. Another means of control is by planting resistant hybrids or varieties. Late hybrids and varieties are more resistant than early maturing types. Country Gentlemen and Evergreen types are more resistant than Bantam or yellow types. Among the yellow types Golden Cross Bantam is resistant. Seed treatment has no effect in controlling Stewart's Disease.

EVERY 24 SECONDS

A disabling accident occurs every 24 seconds on the farms of America, points out Capper's Farmer.

These figures from the National Safety Council are given in the July issue of the nationally-circulated farm magazine.

Nearly 1,300,000 persons will be injured in rural mishaps this year. The number killed in accidents will be close to 15,000. Thirty per cent of fatal farm accidents are caused by machinery and equipment. Another 24 per cent are due to livestock. Falls take 12 percent, sunstroke 7 per cent, burns and explosions 5 per cent. Leading causes of injuries within the home are falls, burns, firearms, poisons and suffocation.

"Prevention of accidents is just plain good business," the article continues. "Aside from grief and suffering due to fatal and disabling injuries, the loss, including fire and property damage, amounts to a billion dollars a year. Injuries add to the work load of an already overburdened rural population. Last year our farms had 330,000 less workers than in 1950. Numbers are still further reduced in 1952. Crop goals are large; the nation needs every farm worker."

"Why do farm accidents occur? Chiefly because of our attitude, say safety experts. We are working with more and more machines. We falsely assume that because of the dangers involved in farming operations we must take chances. Manufacturers tell how

to operate their machines to avoid accidents. But we do not take precautions. We do not remove accident hazards. We don't act safely.

"Safety on the farm must be practiced not only by adults but by the entire family. Hazards and dangers must be pointed out to children. Train them to respect the machines which they will soon be operating. Teach them it is common sense to be safe, but foolhardy to be injured through their own carelessness."

—Come to Mentone July 4th—
**BREEDEN TO DIRECT
McCLURE LAKE CAMP**

Cliff Breeden, of Hartford City, county agent for Blackford county, will again serve as director of the annual Blackford county 4-H club camp July 9-12 at McClure lake in the south part of Kosciusko county, it was announced at Hartford City after plans for the camp were mapped by a group of adult leaders.

Breeden, formerly assistant county agent in Kosciusko county went from Mentone to Hartford City.

WHITE-FOOTED MOUSE

Life is short for White-Footed Mice. They are old at the age of three, and they hardly ever live to be more than five. To survive that long, they must stay out of the clutches of their enemies.

Some of them are lucky and avoid capture. But according to the National Wildlife Federation, untold numbers are seized and eaten by hawks, owls, skunks, weasels, minks, foxes and snakes.

© 1951 National Wildlife Federation
White-Footed Mouse

Despite this toll, White-Footed Mice are plentiful in nearly all parts of the United States. Sometimes they live in buildings, but they get along just as well in fields and woodlands. In all kinds of weather, summer and winter, they make the best of what they have.

On grassy plains, White-Footed Mice burrow in the ground. In forests, they may dig their shelters under rocks, stumps, and logs, or they may live in the hollows of trees. Because they are good at climbing, they sometimes go high above the ground to find tree holes or old bird nests in which to make their homes.

In the spot which they choose, the parents carefully build a nest of plant materials. In it they raise several litters of young each year. There are from three to seven babies in a litter.

At birth, a White-Footed Mouse is tiny, blind, and helpless. It is only an inch and a half long, and depends on its mother for food. But it grows rapidly and soon is on its own. In less than three weeks it has its eyes open and no longer needs milk.

By the time it is two months old, the White-Footed Mouse is fully grown. It is seven and a half inches long, including a tail that measures three and

a half inches. Its body is plump and, for a small creature, it has large ears and eyes and a long head.

True to its name, the White-Footed Mouse has white feet. The underside of its body is white, too. Its head, back, and sides may be either fawn, brown, or gray.

Because it is so dull in color, the animal does not attract much attention as it scurries around looking for food. It feasts on many kinds of seeds and nuts and it also likes snails and insects. Besides the meals which it eats every day, it collects supplies and stores them away. In its cheek pouches it carries grain and bits of nuts to the hiding place where it saves food for the winter.

Like their gray cousins, White-Footed Mice are usually looked upon as pests. They eat valuable grain, and sometimes they damage houses and barns. By eating insects, though they make up for part of the trouble which they cause.

NO ADMISSION CHARGE

SOFTBALL GAME

The famed Zollner Piston Reserves will again "spend the 4th" in Mentone, and be on hand to show the Merchants team how to play softball in the evening. The Reserves are good and the Merchants seem to be on their way toward giving them a good battle.

BICYCLE RACES

Two bicycle races—boys and girls over 12 years and those under 12.

And the big event—the tricycle races for boys and girls under school age. The midget "500" isn't so long, but it's sure a lot of fun.

Entrants in the above events are to notify David Gosser or Leroy Cox.

GREASED PIG CONTEST

This isn't an event for breaking in a new summer suit, but it's a chance for the boys dealing in slippery deals to gather up five silver dollars.

Boys, 10 to 15 years, notify Leroy Norris or Leroy Cox.

BIGGER AND BETTER DISPLAY OF

FIREWORKS

Mentone Ready For Your Visit Here July Fourth

BIG-TIME SOFT-BALL GAME

Zollner Piston Reserves Again to Spend July 4th Here.

The softball game between the Mentone Merchants and the Fort Wayne Zollner Piston Reserves should prove interesting. The Reserves are one of Northern Indiana's most potent softball squads. The team is composed of rookie material of the Zollner Pistons who play in the National Softball league. Mentone's team, a member of the Northern Indiana Traveling league, is improving after a slow start in league competition and should give the Fort Wayne aggregation a good game.

There's no admission to the game, but a free-will offering will be taken during the game. A generous contribution will be appreciated as this is the only way in which the visitors can help to finance the otherwise free celebration.

—Come to Mentone July 4th—

FIVE BOXING EXHIBITIONS

Boxing School Instructor To Be In Charge.

Ernie Derho, owner of the Derho School of Boxing in Mishawaka, will bring a hard punching group of boys from his school. There will be five bouts of three rounds each. The main event will feature Baby Face Thompson, Indiana state finalist vs. Young Joe Woodard, Gary Golden Gloves champion. Woodard, a colored boy and Thompson have fought three draws in past fights and a fast go is assured.

Jack Shinn will referee and the

Judges will be Don VanGilder, E. R. Shinn and "Dobbs" Miller.

A free-for-all with four or five local "killers" will be included on the card. Fight time is 7:00 p. m.

—Come to Mentone July 4th—

RAIN DATE IS JULY 5

In case of rain or bad weather, the entire program will be held on the following evening—Saturday, July 5th.

—Come to Mentone July 4th—

LITTLE "MISS LIBERTY" REVUE

War Mothers Sponsoring Midget Outies Contest.

One of the cutest features of last year's Fourth of July celebration was the Little "Miss Liberty" Contest. We trust the weather will be more favorable to the daintily-dressed contestants this year.

The contest is rather exclusive in that only those who have not attended school are eligible. They will be judged upon personality, appearance, poise and conduct.

Four beautiful dolls will be donated by the Mentone unit of the Mothers of World War II. In addition, so there will not be too much disappointment, each contestant will receive a suitable award.

The contest will be judged in two classes—up to four years and those four years and older who have not attended school.

Dress your daughter in her finest and have her on the parade grounds when this event takes place.

All entries must be in by Thursday evening, July 3rd. Kindly notify Mrs. Monroe Romine or Raymond Cooper by Thursday evening.

—Come to Mentone July 4th—

MENTONE INVITES YOU

Lions Members and Merchants Want You As Their Guests On July Fourth.

The Mentone Lions Club has annually sponsored this Independence Day event, and all the business and professional people of the city have joined to help finance and put on this free entertainment to their friends and neighbors in the Mentone area. All of them join in extending you a hearty welcome and trust your evening will be an enjoyable one.

Refreshments will be available for those who care for a sandwich, cup of coffee, pop or popcorn.

There's usually plenty of parking space and it will be properly supervised for your safety and convenience.

The celebration is free to everyone, but you will be given an opportunity to show your appreciation when a free-will offering will be taken at the softball game.

—Come to Mentone July 4th—

FREE FIREWORKS

1952 Display to be Bigger and Better Than Ever.

The fireworks displays at Mentone the past several years have brought forth many compliments, and this year the committee in charge decided to make the display even greater. Several months ago their order was placed for the particular fireworks items they desired, and by ordering early, they were able to get their selections.

Bring your family and enjoy this salute to Independence Day. Remember, you don't have to spend a penny to get into the grounds for Mentone's July 4th event.

—Come to Mentone July 4th—

PIG TO BE WELL GREASED

Porky to be Decked Out In Four Dollar Grease Job.

The greased pig contest at 6:45 p. m. will be held on the baseball infield, they say. (The last greased pig race I saw it took three sections of Montana prairie to stage the event.) Five dollars will be given to the boy catching the pig and placing it in a crate. If you think yourself a professional pig-catcher and you are between the ages of ten and fifteen years, just notify either Leroy Cox or Leroy Norris that you want to try and you're in.

Mr. Pig will be greased with a mixture of lubricants from Utter's Standard Service, Cox Sinclair Service, Frank & Jerry's and the Coop Service Station. (We hope it won't explode.)

Contestants need not wear goggles, splash guards only.

—Come to Mentone July 4th—

THREE BIKE AND TRIKE RACES

Prizes to be Offered In All Events

There will be two bicycle races—one for boys and girls under 12 years of age, and one for those over 12 years. Any boy or girl with a bike can take part.

And one of the big race events will be the midget "500" for all experienced drivers under school age—male or female. The tricycle race will give junior his first opportunity to get into the big-time racing game. The course has no banked curves and the straightaways are a trifle rough, but there have been no serious injuries in the past runnings of this event.

Any boy or girl desiring to enter any of the three races above should notify David Gosser or Leroy Cox before the races start.

—Come to Mentone July 4th—

Farmer's Question Corner

PREPARED BY
American Foundation
For Animal Health

WHAT ABOUT HOG CHOLERA?

Q: How dangerous is hog cholera?

A: Cholera is our worst swine killer; causes losses running into many millions of dollars annually.

Q: Why is cholera so dangerous?

A: The virus of cholera is extremely contagious and one of the most deadly of all in the field of swine diseases.

Q: How is the virus spread?

A: In many ways. It may be spread by contaminated feed bags, garbage, wheels, or on the shoes of visitors. Even biting flies may spread it.

Q: What are the symptoms of cholera?

A: Usually it strikes without warning. Pigs lose their appetites, keep to themselves, become weak and depressed, get wobbly on their feet, and may scour. There is no cure. Sick pigs usually die within 4 to 7 days. Very few, if any, recover.

Q: What can the farmer do to prevent cholera losses?

A: Vaccination in advance is the only preventive. Pigs should be vaccinated around weaning time. Only healthy pigs should be vaccinated, so a general physical check-up by a veterinarian is always recommended before vaccination.

Q: Are there any other precautions?

A: Yes. Vaccinated pigs should be kept in clean quarters and ranges away from old yards. Pigs should be watched so that they do not pile up or overcrowd at night. Ample drinking water and shade should be provided in hot weather.

NOTE—Due to space limitations, general questions cannot be handled by this column.

Visible Gauge

Tractors are appearing with a "new look." Operators are able to watch all gauges on those now built by J. I. Case Company to burn liquefied petroleum gas, through a design styling which mounts a round tank for the fuel crossways on the tractor body.

Prehistoric Paintings

In the remote, little visited areas of Southeastern Utah and Northern Arizona, the country is dotted with ruins left by a vanished, prehistoric people. The ruins possibly date back three thousand years. Evidences of the use of color by these people are numerous and consist largely of bits of colored pottery and pictographs on the walls of caves and cliffs. These pictographs are primitive paintings in black, mineral reds and browns.

—Come to Mentone July 4th—

Biggest Sulphur 'Strike'

The biggest sulphur development anywhere in the world in nearly 20 years is Freeport Sulphur Company's newly discovered brimstone deposit at Garden Island Bay in Louisiana—a potential 500,000-ton-a-year producer.

Safeguard Posts

Fence posts and uprights for yard swings—as a matter of fact, any wooden post that is to be sunk in the ground—should be well protected from the moisture in the earth. The wood should be thoroughly soaked in creosote or double-coated with this material. Such treatment will delay rotting and the destruction of the wood by insects. There are other rot preventive materials now available over which it is possible to apply light-colored paint.

—Come to Mentone July 4th—

Plenty Concrete

Shasta Dam contains 8,500,000 cubic yards of concrete, enough to build a three foot sidewalk around the world at the equator.

COOPERATION PAYS

Always Busy

The Quartermaster Corps is constantly working to improve its food service to the Army, and work in this field has been made very attractive to qualified persons. Requirements are more exacting, grades and pay have been raised, and men with aptitude, interest, and ability in this type of work are being chosen for food service positions.

—Come to Mentone July 4th—

All-Time High

Bituminous coal loadings for lake shipment from Toledo, Ohio last year were an all-time high.

—Come to Mentone July 4th—

MENTONE CLUB STUDIES

FIRST AID

Mrs. Gertrude Hill presented the project lesson, "Emergency First Aid" at the meeting of the Mentone Home Demonstration club, held Thursday afternoon at the home of Mrs. Everett Long, of Mentone. Mrs. Hill discussed the prevention of smallpox, diphtheria, tetanus and typhoid fever by immunization, also treatment for accident patients in cases of excessive bleeding, burns and broken bones. Treatment of patients suffering from shock following accidents, was the subject of the health and safety report given by Mrs. Royse Tucker. An emergency first aid kit for the home was also displayed. "The Bible" was the subject of the meditation, given by Mrs. Ada Meredith.

Plans were made to attend the Kosciusko County Home Demonstration club camp at McClure lake, also to visit the Friendship Gardens near Michigan City. A discussion was held concerning the club exhibit at the Kosciusko County fair. Delegates were appointed to attend the state home demonstration meeting to be held on the campus of Purdue university. Mrs. Harry Vernetie presided.

During the social hour Mrs. Vernetie and Mrs. Earl Smith purchased the auction articles. Mrs. Claude Barkman was awarded the mystery prize and Mrs. Harry Sullivan and Mrs. Raymond Weirick received gifts. Mrs. Meredith

assisted Mrs. Long in entertaining the 25 members present and their two guests.

HOME FROM CALIFORNIA TRIP

Mrs. Loren Tridle, of Mentone, her sister Mrs. Deverl Montel and father, Edward Ayres, of North Manchester have returned to their homes after a three weeks stay at Oceanside, California with Pvt. Richard Sellers and wife. Dick is a nephew of Mrs. Tridle and Mrs. Montel, and Mr. Ayres is the grandfather. He has been in service since in January and has never had a furlough to visit home folks. As he is being sent to Korea, some of his home folks decided to visit him. Mrs. Sellers returned home with the party.

GOT CAT'S-EYES?

... IF NOT, YOU NEED THE

Lee Road Hazard Guaranty

... You're bowling along at night. The moon is up, the stars are out, and your headlights throw a steady beam. BUT—a night-cruising builder up ahead has lost a 45-lb. cinder block from his giant load.

Smacko—you hit it! Smacko, that is, in the right front tire.

No driver can prevent a ruined tire if conditions are against him. Chuck holes, broken bottles, jagged rocks and curbs—all menace you, day or night, regardless of your skill. Your only defense against loss—your only one—is a Lee Road Hazard Guaranty.

For 15 months your Lee Super DeLuxe passenger tire is guaranteed against road hazard damage of any kind. The Guaranty is unusual, unique. For, in addition to covering defects in materials and workmanship for life, it says in plain type that if you suffer rim cut, bruise, blowout, impact break; if your tire is injured by under-inflation, overload, faulty alignment or faulty brakes—the loss is Lee's, not yours.

Next time you are in the market for a tire, come in and see us. Remember, new tires are much cheaper than hospital bills—and you never know just when one of your old tires is going to blow out.

A typical price is \$18.74 (plus tax) for a 6.70 x 15 Lee Tire.

D. A. R. MEETS

On Tuesday evening, Mrs. Sherman Bybee was hostess to the Anthony Nigo Chapter of the D. A. R. She was assisted by Mrs. Frank Smith.

Following a delicious pot luck supper, the regent, Mrs. Frank Smith, called the meeting to order.

The regular ritualistic service was read. Mrs. Emma Gill led in prayer, then all joined in giving the pledge of allegiance to the flag.

One stanza of "The Star Spangled Banner" was sung.

Nineteen members answered roll call. Minutes of the last meeting were read and reports of various committees were given.

Mrs. Vera Kelley read the president general's message.

A report of the group meeting at Kendallville was given by Mrs. Miles Manwaring.

A new member, Miss Martha Drudge, was welcomed into our chapter.

The following program in keeping with Flag Day, was given:

"Origin of Old Glory" by Helen Brown. "Old Glory and New" was given by Mrs. Ernest Igo. She was assisted by her daughter, Miss Shirley Igo, at the piano playing songs of the various stages of advancement of our country from the time of the making of our first flag through the Revolutionary War and intervals of peace and each succeeding war that followed. Meaning of the flag, written by Henry Ward Beecher, was read by Mrs. Everett Rathfon. Correct use of the flag was given by Mrs. Tony Hight.

The officers for the ensuing year were installed by Mrs. Ray Linn, past regent. Mrs. Miles Manwaring, new regent, announced her committee for the coming year.

This was the last meeting for the summer. The next meeting will be the fourth Tuesday of September. The place will be announced later.

Guests who attended were Mrs. Bunker of North Manchester, Mrs. Elmer Rathfon and the Misses Shirley Igo, Mary Drudge, Marilyn and Yvonne Rathfon.

COOL IN MICHIGAN

June 23, 1952

Dear Art,

Sorry we haven't written sooner to thank you for sending us the paper while we were in Mississippi. It means a lot to get news from home!

Dave is working on shifts up here. The base is a very small one. Only around 200 boys are stationed here. It is an A. C. & W. Sq. (Air Control and Warning). Dave runs a radar scope and does other jobs that go with it. (Even K. P. Ha!) He likes the work real well but the shifts are very confusing.

Here is our new address:

Mr. and Mrs. David L. Cooper

Bay Crest Dr.

Port Austin, Michigan

c/o Mr. V. P. Haas

We are a couple of blocks from the bay. So far we haven't had much hot weather. In fact it could be a little warmer and be comfortable.

Thanks again for the paper.

Yours truly,

Dave and Doris Cooper

—Come to Mentone July 4th—

STITCH AND STIR 4-H CLUB MET

The Stitch and Stir 4-H Club met at the home of June Romine on Wednesday evening, June 18. The president, Elaine Dunnuck, brought the meeting to order. Rita Olson led the pledge to the American and 4-H flags.

Roll call was answered by naming their favorite pet. The club then discussed the old and new business. The health and safety officer passed out slips of paper about My Breakfast Record and Health and Safety Hazard Hunt.

Rita Olson gave a demonstration on how to pin on a pattern. Then June Romine gave a demonstration on how to make fruit salad and how to serve it.

The program consisted of a solo by June Romine on an accordion and the club sang songs and played games.

Refreshments were then served by the hostess.

Elaine Dunnuck adjourned the meeting. The next meeting will be at the home of Dorothy Christian on Monday evening, July 21 at 7:30.

Reporter, June Romine

HIGH SCHOOL SOFTBALL

Following are the results of the games played in the high school softball league the past two weeks.

June 16—

Atwood 7, Burket 0.

Akron 10, Beaver Dam 4.

June 17—

Etna Green 19, Talma 3.

Tippecanoe 19, Mentone 15.

June 24—

Mentone 15, Burket 10.

Etna Green 7, Beaver Dam 5.

Standings

Team	Won	Lost
Etna Green	4	0
Akron	3	0
Tippecanoe	2	1
Atwood	2	1
Mentone	2	2
Beaver Dam	1	3
Talma	0	3
Burket	0	4

The schedule for the games to be played next week follows:

June 30—

Etna Green vs. Atwood.

Mentone vs. Akron.

July 1—

Tippecanoe vs. Burket.

Talma vs. Beaver Dam.

IT'S HOT DOWN HERE

Fayetteville, N. C.
June 17, 1952

Dear Art,

I finally got stationed at my new camp. We first went to Fort Jackson and then were shipped to Fort Bragg. I hope we are stationed here for a while. The weather down here sure is hot but cools off at night.

How is the weather in Indiana? We hope to come home the 4th of July and see good old Mentone.

We sure would appreciate the Co-Op. paper. It means a lot to us away from home.

Thanks for the paper while I was in Texas.

Here is our new address:

Pvt. and Mrs. James D. Miller

939 Chester Circle

Fayetteville, North Carolina

Well, I shall thank you again for the paper and am looking forward for it again.

So Long,

Two Mentone Kids

Jim and Lois Miller

Jim, if we could find you in a state as big as Texas, the Co-Op News should get to you at Fayetteville—Ed.
