MRS. ALVA MELLOTT

Mrs. Daisy O. Mellott, aged 76, widow of the late Alva Mellott, who died Nov. 18, of injuries sustained in an auto accident, died at midnight Monday, May 24, at her home five miles north of Mentone. She had suffered for two years from arthritis and had been seriously ill about two weeks.

Mrs. Mellott was born April 1, 1877, the daughter of Frank and Manda (Disher) Brindley and had lived near here for 60 years.

Surviving are a son, Joe, of Etna Green; a daughter, Mrs. Don Weirick of Fort Wayne; five grandchildren; her mother, Mrs. Manda Brindley, and a sister, Mrs. Grace Lepine, of Fond du Lac, Wis.

Funeral services were held at two o'clock last Friday afternoon at the Reed funeral home, with Elder Elias Sarber, of the Wakarusa Primitive Baptist church, officiating. Burial was in the Harrison Center cemetery.

SINGSPIRATION

Another monthly Community Sing-spiration will be held on June 6, 7:30 D. S. T. at the Olive Bethel Church of God.

Group singing will be led by Mrs. Joy Worrick of Columbia City.

The program will be made up of special numbers by the surrounding churches.

CLUB CALENDAR

World War II Mothers will hold a potluck supper and guest night in the basement of the Mentone Methodist Church Wednesday evening, June 10, at 6:30 p. m. Each member is to bring the other members of her family, or guests.

Jolly Janes Homes Demonstration Club will meet Monday evening, June 8, at eight o'clock at the home of Mrs. Loren Tridle. Assistant hostess will be Mrs. Robert Parker. Come dressed as in school days. Guest night.

Mentone Home Demonstration Thursday, June 11, at 1:30 P. M. with Mrs. Homer Blue.

Merry Molly's Home Demonstration Club will meet Monday Evening, June 8, at the home of Mrs. Herschel McGowen.

American Legion Auxiliary meeting Tuesday, June 9, at 8 P. M., the Legion Home.

TWO SOFTBALL GAMES
HERE THIS WEEK

The Mentone Merchants' softball team has two local games scheduled for this week. Friday night they play the South Bend Martindale team, and on Saturday night they play host to the Warsaw AA boys.

It is reported that the local boys are playing good ball this year even though their winnings haven't been too impressive to date.

ETHYL DEMONSTRATION
WELL ATTENDED TUESDAY

Approximately 225 people gathered at the Mentone Community Building Tuesday evening to witness the motor demonstration put on by the Ethyl Corporation and sponsored by the Co-Op. Filling Station and the Phillips 66 people. It was a most unusual demonstration and greatly appreciated by all who were there.

Following the evening's program, a lunch was served to all present. The Cooperative had one of their bottle gas stoves set up to bake the cookies that were included in the refreshments.

Harold Miller, manager of the local station, was master of ceremonies and he and his assistants distributed a number of free gifts as door prizes. The winners were:

Super Deluxe 6.70x15 tire, Otis Whit-tenberger.

38 pounds Philube "L1" grease, Carl Smith.

Case of P. H. D. motor oil, one each to Lee Norris and James Beeson.

10 gallons Phillips Ethyl gas, Lester Kindig.

5 gallons Phillips Ethyl gas, Julia Swihart.

Grease job, one each to Virginia Redinger and Don Hudson.

The Cooperative appreciates the attendance of everyone at this meeting and extends an invitation to all to be their guests again in the future.

HAVE NEW DAUGHTER

Mr. and Mrs. Sidney Alber, of Talma, are the parents of a daughter, born last Friday at the Woodlawn hospital. The new daughter weighed six pounds eight ounces and has been named Connie Christine. Mrs. Alber is the former Phyllis Bowser.

ABANDON JULY FOURTH
CELEBRATION THIS YEAR

The Mentone Lions club, meeting in regular session Wednesday evening, voted to abandon the Fourth of July celebration in Mentone this year, because of the condition of the school and softball grounds. The grounds that are normally used for the celebration, and the adjoining parking area are now occupied by the contractor erecting the new high school gymnasium and additional classrooms, and it appears that it would be impossible to adequately accommodate the large numbers of visitors that have been our guests the past several Independence Day celebrations.

The club members wish to express their appreciation to the people of the community for their fine cooperation and attendance in the past, and trust that they will see fit to visit Mentone on future events, whether it be July 4th or some other important occasion.

During the course of the business session of the club, it was voted to dismiss the meetings during the summer months of July and August. The regular meeting June 17th will be the last until the first Wednesday evening in September.

New officers were elected, as follows: President, Leroy Norris.

1st Vice President—James Rodibaugh.

2nd Vice President—Leroy Cox.

3rd Vice President—Walter Kent.

Secretary—Kenneth Romine.

Treasurer—Everett Long.

Lion Tamer, Eugene Marshall.

Tail Twister—Milo Fawley.

Directors—C. O. Eller and Monroe Romine.

PARENTS OF SON

Mr. and Mrs. Richard Horn, of Bourbon, are the parents of a son, Ricky Leon, weighing seven pounds, seven ounces, born at 3:45 a. m. Sunday at the McDonald hospital at Warsaw.

AWARDED DEGREE

Sunday, May 31st, Ernest Anderson received his Ph. D. degree in Educational Psychology at Purdue University. There were about one hundred others who received their degrees in the Sunday exercises.

RED CROSS BLOOD MOBILE
UNIT TO VISIT MENTONE

Mrs. Miles Manwaring and Mrs. Charles Manwaring, recruiters for the Red Cross Blood Mobile Unit to Mentone on Friday, June 5th, report that 70 appointments have been made to donate blood. 144 appointments are necessary to meet the quota of 125 pints. Persons wishing to make appointments to give blood may phone or contact the recruiters or any of the following named assistants: Mrs. Tim Rovenstine, of Atwood; Mrs. Clifford Eherenman, of Burket; Mr. Don Poulson, of Etna Green; Mrs. Kenneth Cooper, of Tippecanoe; and Mrs. Gerald Ballenger, of Beaver Dam.

All prospective donors should adhere to the eating regulations which require that no fats such as cream or butter, meats, fried foods and eggs can be eaten for at least four hours before their appointment. Light refreshments are desirable during this 4-hour period. Take such things as fruit, fruit juices, bread, crackers, dry toast, raw vegetables or vegetables boiled in plain water, jam, jelly, or honey, skimmed milk, black coffee or tea with sugar.

LEGION PRESENTS AWARDS

Kenneth Romine, chairman of the American Legion School Awards committee, announces that awards were presented to Ronald Brown of Mentone and Ernest Heighway of Beaver Dam, at recent commencement exercises for the two schools.

The awards made by the Mentone Post of the American Legion, were for citizenship, scholarship and leadership.

PARENTS OF DAUGHTER

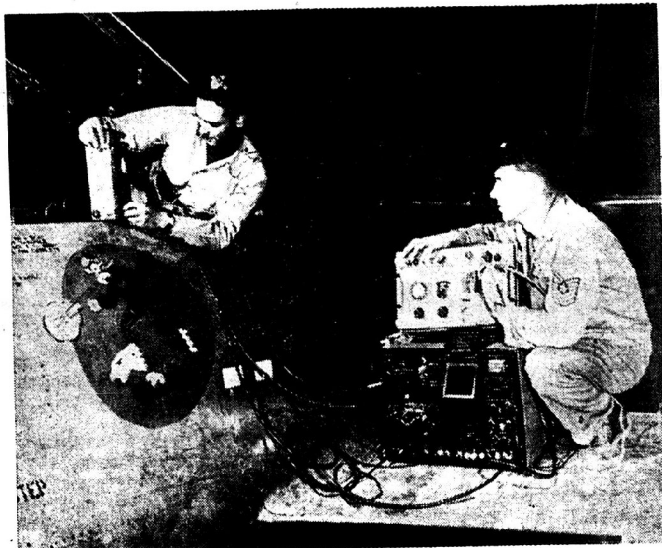

Mr. and Mrs. Paul Nelson, of west of town, are the parents of a daughter born at 2:42 a. m. Tuesday at the Murphy Medical Center at Warsaw.

WINS TV SET

Mrs. Ruth Davis, local telephone operator, announces that her daughter, Diane, was presented with a brand new 21-inch Admiral TV set Tuesday evening at Plymouth. The antenna and installation was also included.

She was presented the gift following a drawing held by Plymouth merchants among their visiting customers.

MENTONE BOY BUSY IN KOREA

FIFTH AIR FORCE, KOREA—Two members of the 319th Fighter Interceptor Squadron in Korea carry out their jobs which play an important part in the performance of their unit's F-94 all-weather jet interceptors in Korea. Checking the electronic equipment of the sleek jet are S/Sgt. Merl R. Blue (left) of Mentone, and M/Sgt. Alfred B. Sosna, 407 W. Poplar St., Shenandoah, Pa. Sergeant Blue and Sergeant Sosna are U. S. Air Force radar flight chiefs. The F-94 Starfires nightly fly patrol missions deep into North Korea and remain on the alert constantly, to intercept any enemy aircraft which might attempt to penetrate friendly territory. PALESTINE W. S. C. S. MEETS

The Women's Society of Christian Service of the Methodist Church met at the home of Mrs. Floyd Blackwell Thursday for an all day meeting. At the noon hour a very delicious carry-

in dinner was served. Mrs. Ray Wiltrout, president, presided in the afternoon meeting. Mrs. Ray Eckert led the devotionals and Mrs. Roy Stickler gave the lesson. Guests present were Mrs. Floyd Faurote and children, Charlyn, Jimmy, and Johnny; Mrs.

Robert Grindle and son, Gregory; Mrs. Bert Ransbottom and daughter, Cindy. Members present were Mrs. Earl Bruner Sr.; Mrs. Ray Eckert and daughter, Sandra; Mrs. George Hipsher; Mrs. Neil Estlick; Mrs. Freeman Gruenwald and sons, Lowell and Dennis; Mrs. Eldon Horn and daughters, Cheryl and Karen; Mrs. Bert Rickel; Mrs. Hattie Hadley; Mrs. Roy Stickler; Mrs. Orval Secor and sons, Dennis, David, and Douglas; Mrs. Mont Loher and granddaughters, Janice and Dawn Perry; Mrs. Arthur East; Mrs. Sylvester Clark; Mrs. Delbert East; Mrs. Ray Wiltrout; Mrs. Edison Vandermark; Mrs. Henry Secor and the hostess Mrs. Blackwell.

At the close of the meeting Mrs. Robert Grindle and Mrs. Bert Ransbottom were welcomed into the society.

The next meeting will be held at the home of Mrs. Albert Tucker, June 25.

A. J. Bachman of California, former minister of the Mentone Church of Christ, spoke here Thursday evening. He just completed an evangelistic meeting at Logansport.

ATTEND PTA CONVENTION

The Indiana Congress of Parents and Teachers held their annual convention in May at the Murat Temple in Indianapolis.

Mentone PTA was represented by the president, Mrs. Ira Moore, and Mrs. Del Nelson. Much was learned that will be of great help in the work for the coming year.

Attendance records were broken when 2,084 delegates and guests registered. This included 1,592 voting delegates and 492 visitors.

Mrs. James C. Parker, Grand Rapids, Michigan, Congress publications chairman, represented the National Congress. Wednesday afternoon she spoke to the convention. She said, "With good homes, good schools, good communities and good PTAs to make them all better, we need not fear the future."

Wednesday evening at the convention banquet the speakers were Dr. Sylvanus M. Duvall, Ph. D. and Dr. Evelyn M. Duvall, Ph. D., who gave a duo address on "Who Is a Good Parent Today?"

They said that a good parent meets the psychological need of a child. There are four important ways this might be done:

1. See children as individuals.
2. Develop in children a basically wholesome attitude toward other people.
3. A child needs a good mixture of defeats and victories. One can be just as important as the other.
4. There must be rules in the family. A child must know what his parent believes about different things. Also he must know that his parents have convictions and stand by them. A family must have freedom within bounds. A child must know the bounds. They concluded with this thought—As we raise our children, they raise us.

Good parents are parents who have been raised by their children. The re-

wards of being a good parent are in seeing a child blossom and grow because you have helped him meet the basic needs of his personality day by day in the family.

With a successful school year behind us—another year ahead of us, let all parents, teachers and civic minded individuals of the community prepare for the year to come. Getting behind and pushing a PTA is one of the best ways. Today's pupils make tomorrow's citizens.

This, then, is a cordial invitation to you to join the PTA. Its goal is better homes, better schools, better communi-

ties. The PTA needs you whether you are a mother, a father, a teacher, or any civic minded adult. America's children are calling you.

May the PTA officers for 1952-53 take this opportunity to express their sincere appreciation to everyone for their interest and cooperation in the projects and programs they have undertaken.

Beginning next September the Mentone Parent-Teacher Association will hold its regular meetings the second Wednesday evening of each month. Mark your calendar now.

HOG RAISERS

There is an old saying among hog men that "the way to market your corn is through your hogs." Now, by using Swift's 40% Swine Concentrate you can actually feed less corn and make more money per bushel doing it.

Swift's 40% Swine Concentrate is a superior type feed, packed full of proteins (Animal and Vegetable), vitamins, antibiotics, etc. It is designed especially to balance your home grown corn.

Check over the following facts which have been proven, over and over again, under varying farm conditions.

HOW TO GET THE MOST FOR YOUR CORN

1. Sell your corn for cash:

Per bushel \$1.45

2. Feed corn alone to hogs:

It takes 12 bu. corn to produce 100# pork
worth \$26.00
or a return for corn fed of per bu. \$2.17

3. Feed corn along with soybean meal:

It takes 6½ bu. corn plus 60# soybean meal
to produce 100# pork, worth \$26.00
Subtract cost of soybean meal \$ 2.70
Leaves a return for 6½ bu. of corn of \$23.30
or per bu. \$ 3.58

4. Feed corn along with Digester Tankage:

It takes 6½ bu. corn plus 50# Digester
Tankage to produce 100# pork, worth \$26.00
Subtract cost of Digester Tankage \$ 2.38
Leaves a return for 6½ bu. corn of \$23.62
or per bu. \$ 3.64

5. Feed corn along with Swift's Swine

Concentrate:

It takes 5½ bu. corn plus 35 to 40# Swift's
Swine Concentrate to produce 100# pork
worth \$26.00
Subtract cost of Concentrate \$ 2.12
Leaves a return for 5½ bu. corn \$23.82
or per bu. \$ 4.33

To make the most money from your corn, feed Swift's Swine Concentrate. And remember that Swift's Swine Concentrate contains plenty of Digester Tankage as well as vegetable protein. That's an unbeatable combination. Authorities say there are still "unknown factors" present in animal protein, which promote growth better than vegetable protein alone.

Swift & Co., as one of the world's largest manufacturers of animal protein, is able to give you this outstanding hog feed at the lowest possible cost. No additional freight charges or second mark-ups are necessary.

For the most for your money and for better results, get Swift's 40% Swine Concentrate, in either meal or pellet form, from the Mill today.

Always provide salt and Swift's Mineral Supplement free-choice along with fresh cool water at all times. Be sure to deposit the tag in the container in the Mill office to register for WESTERNS MISS GLORY, registered Hampshire gilt, bred to farrow about August 1st. She may be yours.

**LAND DONATED FOR
PARK AT AKRON**

Representatives of Henry Township and Akron civic and government groups met at the Akron Exchange Bank Directors' Room Monday evening, June 1, and discussed the creation of a public park in Akron for recreational purposes.

At this meeting, Howard and Helen Utter offered as a gift and as a memorial to the late Mr. and Mrs. D. A. Pike, a plot of ground consisting of eight lots, approximately two and one-third acres, and additional ground if required, in the north section of Northwood Addition to Akron.

The plan was discussed in which town and township government would take title to the land, act as custodians, creating a park board. The discussion centered on the participation of civic groups in the locality in equipping and participating in the park operation.

In making the offer, the Utters requested that each civic and government group take the issue up with their membership to decide if they do or do not want the land for park purposes.

Akron has no park at the present.

Mrs. George Mollenhour and daughter, Marjorie, and Emmett Miller of Warsaw visited with Mr. and Mrs. Gollen Gross of Plymouth, Sunday.

Oldest Municipality

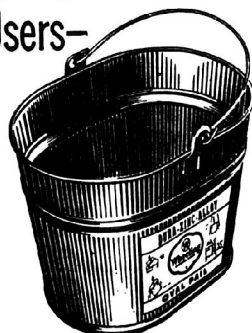

Totnes in Devon is probably the oldest municipality in England. Dartmouth, British counterpart of the United States Naval Academy, lies on the English Channel coast to the south. At Princetown on the moor is one of England's most feared penal establishments. Devastated Lynmouth has a fortunate twin in Lynton. Situated atop a hill overlooking its recently flooded sister, it escaped damage. A number of other small villages alongside Devon and Somerset rivers are reported to have suffered. British police estimated that up to ninety persons may have lost their lives in the flood.

CO-OP HDWE.

A dinner was held at the Joseph A. Baker home Tuesday evening for Cpl. and Mrs. Wayne Baker and son Michael and Rev. and Mrs. E. C. Ralston. Wayne and family expect to leave Friday for his camp at Augusta, Georgia after a 12-day furlough.

Mr. and Mrs. Joe Stickler spent Sunday with the latter's sister, Mrs. Deane Goshert of Ft. Wayne.

Mrs. S. M. Hill spent the Memorial holidays with her daughter and son-in-law and family, Rev. and Mrs. John Knecht, at Terre Haute. Rev. Knecht is pastor of the First Evangelical E. U. B. Church, there. On Sunday Rev. and Mrs. Knecht held open house from 2 p. m. to 4 p. m. for their church, in honor of their 10th wedding anniversary, which came on Saturday.

Mrs. Alva Clinker and Mrs. Zora McFarland of near Akron, and Mr. and Mrs. Frank Meredith were supper guests of Mrs. Earl Meredith on Monday evening.

Rev. and Mrs. Eddie Smith and daughter, Pat, from Gas City; Mrs. Dessie Macdinnis from Toledo, Ohio; Mr. and Mrs. William Adams; Mrs. Cynthia Adams from Wabash; Mrs. Bonnie Fisher and Mrs. Helen Long from Mentone and John Keller were entertained at the Floyd Blackwell home Memorial Day.

Sunday afternoon callers at the Dewey King home were Mr. and Mrs. Lloyd Zent, Mr. and Mrs. Milo Relchert and family, the Charles King family and Irene King. On Sunday evening Tommy King called from California to say he was to leave on Monday for Pearl Harbor.

Miss Madeline Holt, who is attending school at Muncie, spent the week end at the Harley Boganright home.

MANY FLOWERS AT FRIENDSHIP GARDENS

Michigan City, Ind.—Flowers dominate the keynote of good-will project at the International Friendship Gardens.

The season of spring flowers is really on, for the multitudes of poppies, irises, daisies, dianthus, peonies, azaleas, and countless numbers of others are delighting visitors from California to New York.

A dozen or more men are seen busily engaged in keeping the many acres of flower gardens trim and planted. This is in the season of transplanting and seed sowing, so that the latter part of the exhibition season may have that exquisite appearance through to autumn.

Lilacs are in full fragrance, and the English Hawthorne with their pink sprays of blossoms cover the various trees. Azalea, unusual to the north, are displaying their mounds of pink and rose shades. The bushes are now fifteen years old and have become entirely acclimated to the northern temperatures.

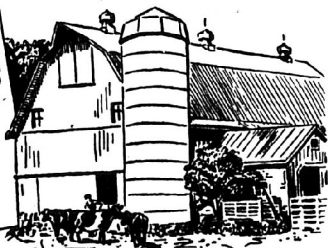

The Rose Festival, some fifty thousand strong, will start by June 14th. The peony show is making now and will be ready with thousands of buds opening around June 7th.

The Friendship Gardens are one and one-half miles east of Michigan City on U. S. 12.

Visitors at the Adam Bowen home on Decoration Day were Mr. and Mrs. Charles McFerron and daughter and Mr. and Mrs. Erv Stayton, all of Mishawaka; Mr. and Mrs. Dean Bowen and family, of Mendon, Michigan, and Mr. and Mrs. C. O. Blue, of Macy.

TWICE A WEEK GARBAGE COLLECTION TO START

Arrangements have been made with Fred Sander to start the regular twice a week garbage collection in Mentone. Citizens are urged to have their garbage in suitable and proper containers and placed so they can be seen from the alleys as the collectors go about town.

If they fail to get your garbage on Tuesdays and Fridays, kindly notify the town marshals or contact the driver of the collection vehicle.

Week end callers at the home of Mrs. Earl Meredith were: Mr. and Mrs. Homer Ball, of Winona Lake; Mr. and Mrs. Fred Swick; Mrs. Bertha Engle, of Hammond; and Mr. and Mrs. Ivan Tucker.

UNPLEASANT FUTURE?

IF YOU KNEW for certain that trouble was coming your way, you'd safeguard yourself against it.

Unfortunately, nobody knows what will happen next. So, we suggest a well-balanced insurance program . . . a program that will not cost too much, yet will give you the help you need if trouble strikes.

VACATION READING PROGRAM

There are forty three children enrolled in the two vacation reading clubs at the Library. Eight members of the Maypole Club have read four books each and chosen their dancer for the Maypole; five have read more than four books and two have already read fifteen books and received their large silver star.

The "Let's See Indiana" Club, for children who last year were in grades four to eight, is also well on its way. After a child reads one book he or she chooses a small car which is placed on the flannel-graph map of Indiana at Mentone. Each time the child reads a book, he "drives" his car along a state road until he comes to some place of interest. In his club book, he writes descriptions of the places of interest in Indiana which he "visits."

All boys and girls who have not yet joined the reading clubs are invited to come in and register. You need attend no meetings. You only read library books and bring a note from your mother saying you have read them. Spend part of your vacation having fun with books.

WORD FROM REX BORTON

29 April 1953
USS New Jersey

Hello Art:

Just got several papers. Was really glad to get them. It really makes one feel swell to get the news from his home town and about everyone back there.

We just left Susabo this morning. We are on our way back to Wonsong, Korea. I tried to find Freddie Haney while I was there but couldn't locate him. I hope that I do get the chance to see him.

People back home just don't know how lucky they are. If they could only be over here for a few days they would be a lot different. I never saw a place like this before and I don't

care to again. We were in Nagasaki, Japan for one day. We had a party for all the school children on board our ship. We gave them ice cream, cookies, cake and all kinds of soft drinks. I never saw so many happy little faces. There were somewhere around 2500 of them on board ship. Nagasaki was the first place to have the atomic bomb dropped on it in 1945. If there was ever a place called "hell" this is it over here.

We are heading back Stateside in October. We should be in Norfolk the 30th of November.

Well, I guess that I had better close for now. Thanks again for the paper and please keep them coming.

A friend, always,
REX.

ATTENDING UNION CONVENTION

Mrs. Walter E. Dillman left Sunday for Detroit where she will attend the annual Convention of the American Flint Glass Workers Union of North America, being held at the Hotel Detroit June 1st to 14th. She is delegate from Local 614, located at Warsaw, of which she is now serving as president.

STITCH AND STIR 4-H

The Stitch and Stir 4-H Club met at the home of Janet Romine May 22 at 7:30.

The meeting was called to order by President Rita Olson. The pledge to the flags was led by Dorothy Christian and June Romine. Old and new business was discussed and we voted on having a bake sale June 13 at Lemler's store. Rita Olson gave a demonstration on how to put in a zipper. Then Elaine Dunnuck gave a demonstration on pressing a full skirt.

We had a special program for our mothers. June Romine played several numbers on her accordion and Janet Romine and Donna Eaton sang. Rita Olson played a piano solo.

Delicious refreshments were served by the committee.

Our next meeting will be at Rita Olson's in the afternoon on June 10.
JANET ROMINE, Reporter.

WITH SEVENTH ARMY IN GERMANY

Melvin R. Secor, son of Mr. and Mrs. Samuel D. Secor, Burket, was recently promoted to sergeant first class while serving with the Seventh Army's 18th Engineer Combat Battalion at Giessen, Germany.

His unit is part of the cordon of NATO defense forces stretching across western Europe under the overall command of General Matthew Ridgway. Secor, a squad leader in Company A, arrived in Europe in August 1950. A graduate of Burket High School, he was employed by the Nelson Trucking Company in Burket before entering the Army in June 1950.

METHODIST CHURCH ANNOUNCES APPOINTMENTS

Appointments of Methodist ministers to their charges were announced in the closing session of the annual North Indiana Conference which was meeting in Wayne Street church, at Fort Wayne, May 27-31.

Bishop Richard C. Raines, resident bishop of the Indiana Area of the Methodist Church, made the announcements following an ordination service at 2:30 p. m. in the Allen County War Memorial Coliseum.

The appointments are made by the bishop and his cabinet, which is composed of the superintendents of the six districts in the conference.

Men who are appointed to new churches will assume their responsibilities immediately. Rev. David Gosser was returned to Mentone. He was also named director of intermediate work for the conference.

SPECIAL SERVICES AT TIPPECANOE CHURCH

Rev. and Mrs. Curt Emmons and daughter Ethelene, are conducting special services at the Tippecanoe Community Church, ending June 7th. Services each evening at 7:30.

The "Musical Emmons" feature the use of many unique instruments, and their musical programs are extraordinary.

An invitation is extended everyone to attend any or all of these services.

REPORT ON RED CROSS
BLOODMOBILE UNIT

A total of 117 pints of blood was collected at Mentone last Friday for the Red Cross Blood Program. The quota for the county is 125 pints. Had it not been for two unusual, unavoidable delays the quota would certainly have been exceeded. Almost all of the donors were residents of or employed in the Mentone, Beaver Dam, Burket, Atwood, Tippecanoe, and Etna Green communities.

The cooperation of industries and businesses in giving employees time off to give blood was splendid. Some of the firms who so supported the program were Kralis Brothers, Frank Manufacturing Co., Orthopedic Equipment Co., Midwest Spring Co., Northern Indiana Co-Op., Bryan Poultry Farm, Manwaring Leghorn Farm, Mollenhour Lumber Co., and the Mentone Locker Plant. In addition to the co-operation on the part of employers and donors, several local residents assisted in other ways. Food was donated by clubs and individuals; three local nurses gave their professional assistance; and many assisted the Motor Corps. and Canteen Service.

Officials of the Blood Program from Warsaw and Fort Wayne were very favorably impressed by the attitude of the donors and others participating. The wholehearted community spirit displayed on everyone's part was a pleasure to witness and made the visit a success. The community may justly take pride in a job well done.

We would like to extend thanks to the following persons in Mentone for food: Friendly Neighbors Home Demonstration club, Mentone Home Demonstration club, Mr. and Mrs. Glen Denton.

Also, Mrs. Conda Walburn, flowers; Mr. and Mrs. Glen Denton, Sherbet; Nellans Dressing Plant, Ice.

Mentone persons working at the Center during the day: James Rodibaugh, Chapter Vice-Chairman; Mrs. Charles Manwaring, Staff Aide; Mrs. Miles Manwaring, Staff Aide; Mrs. Vance Johns, Canteen.

Also, Mrs. Kenneth Riner, Mrs. Bob Reed, Miss Eunice Reed, Miss Janet Rose Reed, Miss Dixie Lee Linn.

Registered Nurses from Mentone who volunteered their time: Mrs. F. B. Davison, Mrs. Jack Shinn, Mrs. Jack Van

SPEEDERS PAY FINES

Two speeders entered pleas of guilty to the charge of speeding (over 40 miles in a twenty mile zone) on Main St. in Mentone, last Saturday evening, in the court of Justice C. O. Eiler. They were Marvin Ruff of Rochester, and Richard Tyson of St. Louis, Mo. Fines of \$1.00 and costs, totaling \$15.75, were assessed in each case. Night officer Eli Julian was the arresting officer.

On Monday evening, Tom Ravencroft, of Rochester, was taken into custody by night officer Eli Julian and entered a plea of guilty, in the court of Justice Eiler, to a charge of speeding on Main Street in Mentone. A fine of \$1.00 and costs, totaling \$15.75 was assessed, and paid by the defendant.

CARNIVAL POSTPONED

The Girl Scout Carnival has been postponed until a later date, which will be announced.

NEW GRANDSON

Mrs. Dewey Whetstone spent last week in Chicago caring for their daughter, Mrs. James Leslie and new grandson, Bruce James.

Gilder.

25 members of the Volunteer Staff from the Chapter Headquarters also were on duty as well as Mrs. Fred J. Anglin, Blood Program Chairman for the chapter.

We also want to thank Dr. Dan Urschel for his services, and Mrs. Roysie Tucker, Township Trustee for the use of the school building.

We also extend a "thank you" from Mr. Fred J. Anglin, Blood Program Chairman, to all of the donors who were so patient and cooperative when we had our unavoidable delays. Everyone seemed to understand and in most cases stayed until we could take them; others left and came back later and only a few were unable to be donors because of the delays. We want people to understand that this was a very unusual circumstance and has never happened before so we hope this will not discourage people from coming to the center another time.

ELMORE FENSTERMAKER
DIES SUDDENLY

Funeral services for Elmore Fenstermaker, 48, were held at 2 p. m. Monday at the Johns funeral home. Rev. David Gosser, pastor of the Mentone Methodist church, of which the deceased was a member, officiated. Burial was in the Mentone cemetery.

Mr. Fenstermaker, cashier of the Farmers State Bank, died suddenly at noon last Friday at his home, due to coronary occlusion. He had been at the bank as usual during the forenoon.

Mr. Fenstermaker was active in all civic affairs of the community, where he had lived all his life. He was a 32nd degree Mason, member of the Shrine club, and a charter member of the Mentone Lions club. He taught school before going into the Mentone bank as cashier and was a graduate of Manchester college.

He is survived by his wife, Lois; a daughter, Sue, 12; his father, John Fenstermaker, of Mentone; a sister, Mrs. Raymond Hirschman, of Warsaw; and a brother, Herschel Fenstermaker, of Akron.

His mother, Mrs. John (Pearl) Fenstermaker and a brother, Walter, preceded him in death.

HOME FROM TRIP TO EUROPE

Mr. and Mrs. Irvin Nelson and Mrs. Robert Nelson arrived in Mentone on Tuesday morning. Mr. and Mrs. Robert Nelson have been in Fontainebleau, France for about a year where Robert was stationed with the Allied Land Forces of Central Europe. It was of interest to learn that the chateau once owned by Napoleon served as army headquarters for this particular group.

Mr. and Mrs. Irvin Nelson have spent the past couple of months visiting with their son and wife, and also seeing the many, many beautiful and interesting places which Europe has to offer.

Robert left for home on an army ship on June 2, while Mr. and Mrs. Irvin Nelson and Mrs. Robert Nelson left on June 3. Their ship reached New York ahead of the army transport.

It was not surprising to hear from both the Nelsons that home seems best, in spite of all that they saw and enjoyed.

WHANGUE

Funeral services will be conducted at 2:30 this afternoon (Thursday, June 11), at the Johns Funeral Home for Sam Whangue, 70, who died suddenly at his home in Elkhart, Tuesday. Death was due to coronary occlusion.

The deceased was born near Mentone Jan. 29, 1883 to Francis and Sarah (Mentzer) Whangue. He resided in Chicago for 25 years and in Elkhart the past five years. He had been employed by the Rock Island railroad as baggage clerk. He was affiliated with the Brotherhood of Railroad Trainmen.

He is survived by a sister, Mrs. Dora Turner, of Elkhart. Mahlon Mentzer and Mrs. C. B. Cole are cousins of the deceased.

Leslie Grant will be in charge of the services, and burial will be in the Mentone cemetery.

VISITING IN HAWAII

Mrs. Virginia Peterson and daughter Mary Ann left Chicago at 4:30 a. m. Sunday morning by plane for San Francisco where they plan to stop for a short time to visit Mrs. Peterson's brother, Bob Woodling, who is in the Coast Guard. From there they continued on by plane to Honolulu, where they will visit Mr. and Mrs. Larry Flenar and children, who live near Honolulu. Larry is stationed in Hawaii with the armed forces.

Mrs. Peterson plans to be gone four weeks and will make the return trip by boat.

Merrill Peterson is managing the restaurant during his mother's absence.

MRS. INA KENAGY

Mrs. Ina Kenagy died at the home of her sister, Mrs. Hattie Williams of Ft. Pierce, Florida. She was formerly of this community. The funeral was held at the Palestine Christian church, Sunday afternoon. Burial was in the adjoining cemetery.

Do You have your bid in

NORRIS' MID-WEST,
Sire of Western's Miss Glory

FOR

Western's Miss Glory?

HERE'S WHY your association is offering this prized animal.

We believe that your association has demonstrated its ability to produce a fine profit-making poultry feeding program.

NOW we want to get you acquainted with an equally fine hog feeding program.

This program was developed by Swift & Company Research Laboratories and has been farm-proved by thousands of successful hog raisers.

WHY NOT get started on a more profitable hog feeding program right away? We have all the details. And remember, too . . . you may be the fortunate person who will get Western's Miss Glory.

SOME FORTUNATE PERSON is going to be the proud owner of Western's Miss Glory come August 8th when the signed feed tags are selected from the container.

THAT'S RIGHT! In case you haven't read the previous announcements, your association will give away Western's Miss Glory (a registered bred Hampshire gilt from the prize winning herd of Leroy Norris) on **SATURDAY, AUGUST 8th.**

All you have to do to participate is to sign hog feed tags and drop them in the container at the Mill office.

RECORD-BREAKING GAS MILEAGE

for the driving **YOU** do!

This year's Chevrolet brings you the most important gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

Inch along through heavy traffic. Roll up the miles in steady highway cruising. Long trips or short errands, byroads or boulevards, you get far more miles per gallon in this great new Chevrolet.

New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide* models—and the advanced 108-h.p. "Thrifty-King" engine in gearshift models—deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel consumption is lower!

This is the kind of economy that counts the most—important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only the new Chevrolet offers you. Come in and see for yourself!

*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission available on "Two-Ten" and Bel Air models only.

Leaving Idaho at Lewiston, the Snake crosses southeast Washington to join the Columbia near Pasco. The Snake river's 109,000-square-mile basin is two-fifths of the area of the Columbia river system. Small ocean vessels threading inland some 400 river miles to Lewiston, make the lumber center Idaho's "seaport." A score of dams already in use along the Snake river and its tributaries produce electric power, help absorb spring floods, and store water carried by concrete sluices to desert reclamation tracts where potatoes, sugar beets, and grains are grown.

ENGAGEMENT ANNOUNCED

Word has been received that Pvt. Dollie Grubbs, daughter of Frederick P. Grubbs, of Mentone, and Pfc. Philip A. Baxter, son of Alfred E. Baxter of Brawington, N. J., became engaged on May 21st. No date has been set for the wedding.

Miss Grubbs is a graduate of the Mentone High School, and the clerk-typist school at Ft. Knox, Ky. She received her basic training in the WACS

at Ft. Lee, Va., and is now a receptionist at the Brooke Army Hospital at Ft. Sam Houston, Texas. Pfc. Baxter is a graduate of the Brawington High School and is now serving in Korea with the armed forces.

Miss Grubbs can be addressed:

Pvt. Dollie Grubbs 8508048

WAC Det. 9940 TSU

Brooke Army Hospital,
Ft. Sam Houston, Tex.

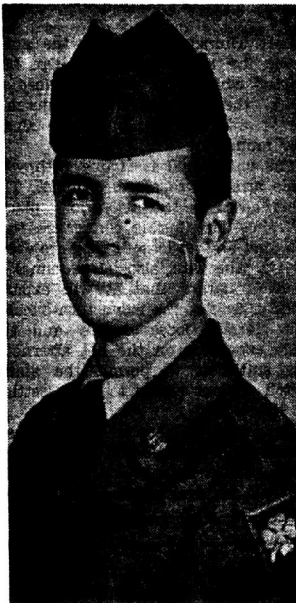

Max Grubbs arrived Friday for a visit with home folks until June 22nd. Max said to be sure and thank everyone for remembering him while he is away in naval service. He is now located at Washington, D. C.

Mr. and Mrs. G. M. Rose entertained the following guests for dinner Sunday: Mr. and Mrs. Harry Cole of Mentone, Mr. and Mrs. Frank Reed of Plymouth, Mr. Thomas Whetstone of Mentone, Mr. and Mrs. Jesse Warren of Tippecanoe, Mr. Lawrence Bunch and Miss Catherine Bunch, and Mrs. Chloe Drudge, of Rochester.

Mr. and Mrs. Dave Johns are expected home today from California. Dave has been on a navy "Cruise" for the past nine months. They plan to spend a week with home folks.

Max Grubbs is spending a 21 day leave with home folks. He is in the navy.

The above is a recent photo of Pvt. Floyd Dorsey, who is taking artillery training at Ft. Bliss, Texas. Pvt. Dorsey was formerly employed at the Country Print Shop, and he expects to return to Mentone on his first furlough in the near future.

ENJOY SWIM AND FISH DINNER

Several Boy Scouts were treated to a hearty fish dinner at the Sportsmen's Club at Beaver Dam last Friday evening. Preceding the dinner the boys enjoyed swimming at the lake. Mr. and Mrs. Ora McKinley and Mr. and Mrs. Wayne Tombaugh took the group. The dinner was given for the boys as a treat for their part in the Memorial Day parade.

The boys who went were: Larry McKinley, Larry Hatfield, Dewayne Creamer, Francis Rickel, Steven Bruner, Reed Riner, Timmy and Terry Utter, Dick Tombaugh and Jon Cullum.

TAKEN ILL WEDNESDAY

Max Friesner, traveling with Kirk Livengood on the Carpenter Bros. egg route, became ill Wednesday at Hamlet and was returned to Mentone. He had pains in his abdomen, and the difficulty was diagnosed as a bladder infection. He was not as seriously ill as it was first thought.

Linda Horn, daughter of Mr. and Mrs. DeWayne Horn, is in the McDonald hospital at Warsaw where she underwent an appendectomy on Wednesday.

**FIRE ALARM SOUNDS
AT THE CO-OP. MILL**

Last Thursday afternoon the automatic fire signal at the Co-Op. Mill started whining its warning. Needless to say, there were several anxious moments until the reason for the alarm was found.

The entire mill is strung with wire cable attached to alarm switches. The cable is connected at various places with low-heat fusible connectors that will melt and let loose if they are overheated. The wire, also, (I presume) is of such nature that it will expand quickly. One of the cable turn-buckles had vibrated loose slightly and the cable expansion on the hot afternoon was sufficient to permit the alarm switch contact points to close, setting off the alarm.

The Co-Op. people extend their thanks and appreciation to everyone for the quick response and interest. We trust all our fires will be false alarms.

CAROLINA WREN

There is a group of diminutive brown birds whose tails are usually held either erect or depressed but who rarely hold any pose for a considerable length of time. The sounds they produce are usually all out of proportion to the size of the birds. The group is probably best known by its representative, the house wren, which obligingly occupies or at least appears

Carolina Wren

©1952 National Wildlife Federation

to occupy the bird houses put up by hopeful young naturalists. Closely related to the wrens are the wren-tits and the dippers or water ouzels, with which we are not here particularly concerned.

The wrens are usually the size of the smaller sparrows. The Carolina wren

measures 6 inches including the 2 inch tall and the beak which is about 2/3 inch long. The Carolina wren is rather conspicuously reddish for a wren and lacks conspicuous markings except for a long white or pale brown stripe over each eye. The under parts are buff and the throat whitish. The wings are short as they are in most wrens. The black bars on the flanks of the winter wren and the white-edged tail of the Bewick's wren are lacking in the Carolina wren.

Carolina wrens breed from northern Florida to central Texas north to Nebraska and the lower valleys of the Hudson and Connecticut rivers. Sometimes they are found farther north into Ontario, Maine, Michigan, and Wisconsin but this is rather unusual. There are three subspecies recognized of which the Florida wren extends the range into Florida and the Lomita wren from Texas across the Mexican border.

Possibly the most startling thing about the Carolina wren is that it more or less is to be found over its range at any time of the year. On occasion it may sing, even with snow on the ground, its ecstatically repeated "tea kettle" or "whee-ude!" song. This of course endears it to naturalists who at the winter season may be more or less starved for a sound such as they hear from this popular bird.

The nest is a mass of vegetable material commonly hidden in stumps, fallen tree-tops or sometimes in buildings. There is an inner lining of finer material. In the nest the 4 to 6 eggs are laid. They are white or cream with Cinnamon, brown and lavender markings. There may be 2 or 3 broods a year and incubation for 12 days is carried on chiefly by the female that is smaller than the male usually.

The food of the Carolina wren is probably 95 per cent insects and includes chinch bugs, cockroaches, grasshoppers, crickets, cotton-boll weevils, cucumber beetles, moths and similar pests. Although this bird is less likely to come to human habitations than the house wren, it can be enticed to a feeding station by hamburger. For that matter, in these days that might not be a trait limited to our feathered friends. Apparently the wren has no habits contrary to those that suit man's interests and it has been awarded the honor of being the state bird of South Carolina.

The National Wildlife Federation encourages the study of birds of this type through banding and other means be-

cause those who learn to study one form of nature carefully usually have the habit of being rational in their evaluation of other forms of nature.

NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of Harrison Township, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 30th day of June, 1953, will consider necessary to meet the extraordinary emergency existing at this time.

ROSE FESTIVAL

Sunday, June 14 will be the official opening date for the "Rose Festival" at the International Friendship Gardens.

It is estimated that over 50,000 roses of all kinds will make up the spectacle this season and will last to mid-July. This annual event that attracts more people than any other floral display has been a yearly affair for fifteen years and is this year far above any time of its existence for the mild winter did not freeze any roses, therefore the rose bushes are three and four feet tall and loaded with the countless thousands of roses.

Delphiniums, daisies, iris, and the peony show are on at the same time making the month of June one of the most profuse blooming periods of the entire summer.

The climbing roses, Paul's Scarlet, cover the trellises with their gorgeous red blooms in the Persian Rose Garden, the largest of the rose gardens in the many Gardens of Nations.

The enterprise established to im-

prove the friendly relations of all nations of the world is located one and a half miles east of Michigan City on U. S. 12.

MERRY MOLLYS MEET

The Merry Mollys Home Demonstration club met Monday evening at the home of Mrs. Herschel McGowen.

The meeting was opened by Mrs. Eugene Sarber by pledging the flag and singing "America the Beautiful" followed by the club creed. Mrs. LaMar Leffert gave the topic for meditation. The group sang, "There's Something about the Air in Indiana." Mrs. Pete Mellott gave the Health and Safety remarks.

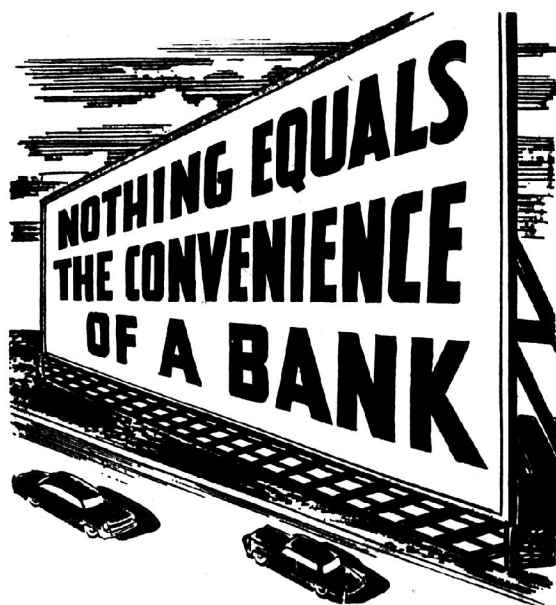

A lesson on Cake Decoration was given by Mrs. Herschel McGowen. Being president, she also presided during the business session, during which, a contribution was made for the chorus robes. The roll call was answered by answering questions which were prepared by the hostess. At the close of the meeting the club prayer was sung.

Mrs. Ed Smelser and Mrs. Eugene Sarber received gifts from their secret pals.

Mrs. LaMar Leffert assisted Mrs. Joe Tucker in entertaining 13 members and 2 guests who included Mrs. Charles Miller and daughter.

Delicious refreshments were served by the hostess and cohostess, Mrs. Pete Mellott.

Mrs. Clayton Holloway will be hostess at the July 13 meeting, for which a picnic is being planned.

The president announced a District meeting to be held at Hebron, Wednesday, June 8.

The program committee, Mrs. Maude Snyder and Mrs. Emma Clutter, presented the following program: Vocal numbers with Mrs. Snyder accompanying. Mary Flites from Tippecanoe sang "Indian Love Call," Tommy Cooper also from Tippecanoe sang "It's the Loveliest Night of the Year" and "The Abba Dabba Haneymoon" and Marita Tucker sang "Summertime" and "In the Garden of My Heart." Following this Mrs. Clutter displayed fashions dating back to the fifteenth century on to our present twentieth century, using dolls she has made and dressed to correspond to each era.

Those of you who could not attend this program missed a real treat.

Lovely refreshments were served by Mrs. William Hudson, Jr., Mrs. Frank Hudson and Mrs. Don Hoffman.

The next meeting of the unit will be July 8 at 8:00 p.m. at the Legion home. Committees as follows: Refreshments: Mrs. George Mollenhour, Mrs. Albert Tucker, Mrs. Dean Shirey. Program: Mrs. Robert Reed and Mrs. Mervin Jones.

FINDS OLD FLOUR BAG IN HOUSE WALL

Recently Dwight Reichart was doing some remodeling at his home and after tearing off some old plaster, found a number of old flour bags that had been used for insulation in the wall. One of the bags had the printed portion well preserved, and it was from the Nickel Plate Roller Mills at Mentone, Manwaring & Mentzer, proprietors. The bag is now on display in the Co-Op. News window.

In checking with M. O. Mentzer, he stated the mill was built by his father, Samuel Mentzer, and Chester Manwaring's father, Art Manwaring, in 1884. It was located where the Mentone Lumber Co. coal yard is now, and it operated day and night for five or six years, supplying the flour needs of this area. It was the only roller mill in this country, and the bran and middlings were shipped to the eastern dairy country in carload lots.

There had been a sawmill just south of where the mill was being built in 1884, but this burned, and with the help of all the threshers of the area, using their water tanks, the mill was saved from destruction also.

Ownership changed as time went on, Mr. Mentzer selling a share to Albert Tucker and eventually these three sold to Elmer Eddinger and John Nichols.

PROBATE WILL

Stanley Boggs, who died May 22, left his personal property and a life interest in all real estate to his wife, Mary H. Boggs, who was named executrix. The remainder of the estate is to be divided equally between two sons, Joseph F. and Stanley H. Boggs.

BAKE SALE

The Stitch and Stir 4-H club will have a bake sale on Saturday morning, June 13, at Lemler's Market.

BEAVER DAM BETTER DAUGHTERS MEET

The Beaver Dam Better Daughters 4-H club met at the home of Phyllis Ummel on May 26. The meeting was called to order by the vice president, Laura Adams. Pledges to the flags were then led by Jane Bowen and the roll call was responded to by "Favorite Summer Sport." The secretary's report was read and approved. The Special Number for the evening was a story read by Diane Sittler. Phyllis Ummel demonstrated how to make a peach salad. The meeting was adjourned and delicious refreshments were then served by the hostess.

**WORK STARTED ON
NEW STOCK YARDS HERE**

Meiser Bros. started the grading for the new Producers Market east of Mentone Wednesday. Construction of the buildings will start soon. The new yard is to be located east of Mentone and just south of the Nickle Plate tracks.

Malcom Builders of Fort Wayne, was awarded the contract June 9 for the construction of the buildings on a bid of \$22,938. This was a Butler type building of steel frame and reinforced aluminum sides and roof. Others bid on concrete and wood construction, as follows: Hugh Rickel, Palestine, \$22,942; Dale Perry, Warsaw, \$25,447, and Ralph Jacobs, North Manchester, \$25,518.87. The contract includes heating, water heater, toilet facilities and electrical wiring. Construction is expected to take about 90 days.

FINED IN JUSTICE COURT

On a plea of guilty to a charge of speeding before Justice of the Peace C. O. Eiler, Donald Woods, of Burket, was assessed a fine of \$1 and costs, totaling \$15.75, on Thursday evening of last week.

On Friday evening, Carol Boyer, of Winona Lake, plead guilty to a similar charge and paid the same amount in fine and costs.

Night Officer Eli Julian was the arresting officer and complaining witness in both cases.

HAS OPERATION

Ralph Mollenhour underwent major surgery at the St. Joseph hospital in Fort Wayne Wednesday morning. Reports are that his recovery will be normal. He can be addressed at Room 273.

ENJOY FISHING TRIP

Jack Shinn, Earl Shinn, Conde Walburn, Miles Manwaring, Dick Manwaring, and Gerald Ballenger returned home Saturday from a three-day fishing trip at Spider Lake, near Traverse City, Michigan. They report pretty good fishing, but state that one of their party got lost in the middle of the lake. This is a case where a road map would be useless—also, insurance, one might say.

MAX FRIESNER IN HOSPITAL

Last Wednesday we reported that Max Friesner was slightly ill with a bladder infection, and at the time we secured this information he was driving his car in town. However, Thursday night at midnight he became so ill he was taken to the Murphy Medical Center at Warsaw. He had an extremely high temperature and was in a very serious condition. His condition this evening is much improved and if he continues to improve, he is expected to return to his home Thursday.

MERCHANTS LOSE TO AA

Tuesday evening the Mentone Merchants lost a hard-fought softball battle with the AAs at Warsaw. The game ended in the 14th inning with a 5 to 6 score. Mentone went into the lead in the first half of the 12th inning only to have the Warsaw boys tie it up again. In the 14th Mentone scored again—then Warsaw came back with two runs to outdo the locals.

This helped to even things with the Double A's as Mentone gave them a pretty lopsided defeat at Mentone a short while ago.

HAVE NEW DAUGHTER

Mr. and Mrs. Dale Parker, of Kim-mell, are the parents of a baby daughter weighing seven and a half pounds. Mrs. Parker is the former Martha Warren.

MOTHERS OF WORLD**WAR II MEET**

Mothers of World War II and their guests, enjoyed a pot luck supper in the social rooms of the Methodist church on Wednesday, June 10. There were 21 members and several guests present.

A program of songs, recitations and talks, and a chalk talk by Rev. Gosser, were enjoyed.

A short business session followed the program. The meeting was closed by the usual ceremonies.

The July meeting will be held at the home of Frances Olsen.

SCOUTS TAKE VACATION

The Mentone Boy Scouts went to Turkey Run Friday and camped there that night. Saturday they went to McCormick's Creek at Spencer and spent the night. Sunday they attended religious services in Bloomington. Immediately following church, Roland Ferverda and son took them on a tour through Indiana University campus. They ate dinner at the university cafeteria. In the afternoon they went to Brown county State Park and spent Sunday night there. Monday morning they came back to Indianapolis and visited the State House, Monument Circle, Benjamin Harrison Home and a few other places of interest. They arrived home at six o'clock that evening.

Wayne Tombaugh drove the bus, and the boys did all their own cooking except two meals. Ervin Ferverda got to accompany the boys on a good share of the trip as they were near his home at Bloomington.

Mr. Tombaugh stated that the trip cost about \$4 for each boy, and the troop committee was disappointed in only one respect, and that was that not more of the boys managed to go.

The boys who made the trip were: Frank and Jim Manwaring, Larry Hatfield, Larry Teel, Clifford Nicodemus, George Fitzgerald, Steven Bruner, Kay Riner, Junior Bare, Reed Riner, DeWayne McKinley, DeWayne Creamer, Alfred Dorell, Junior Clampitt.

PARENTS OF SON

Mr. and Mrs. Norris Jackson, of east of Mentone, are the parents of a son born at 6:58 p. m. Sunday at the Murphy Medical Center at Warsaw. Mr. Jackson is principal at the Tippecanoe high school. They reside in the tenant house on the Mahlon Jeffries farm.

PARENTS OF DAUGHTER

Mr. and Mrs. Myrl Wagner, of Burket, are the parents of a seven and one-half pound daughter born Sunday, June 14, at Fort Wayne. The new daughter has been named Marsha Justine.

LIONS RECESS FOR SUMMER

The Mentone Lions Club held its final meeting of the Lions year on Wednesday evening, and they will be in recess until the first Wednesday evening in September.

The new officers were installed, with Leroy Norris as the incoming president. Lion A. I. Nelson gave an extended report of his recent trip to Europe. He spared no adjectives to voice his displeasure at the U. S. money that is being wasted in Europe by not only the occupational forces, but also the high-salaried civilian personnel.

BILL REED TO WASHINGTON D. C.

Sgt. William D. Reed (Bill) left Saturday night for Washington D. C. after spending 30 days with his parents, Mr. and Mrs. Jack Reed, of Etna Green Route 2. Sgt. Reed spent 22 months in Korea. Sgt. Reed is attached to the staff of the Walter Reed hospital as a repair and service man on Typewriters and adding machines.

His new address is:

IS QUEEN CANDIDATE

Barbara McDaniel, 16, has been entered as "Miss Beaver Dam" in the Queen of Lakes beauty contest to be held at the North Webster Mermaid Festival June 26. The daughter of Mr. and Mrs. Virgil McDaniel, Barbara has just completed her Junior year at the Beaver Dam school. She has been a twirler of the school band for 5 years, 4-H 5 years, chorus 4, a typist on the school paper, was in the cast of the Junior-Senior play, Tattletale.

FRIENDLY NEIGHBORS MEET

The Friendly Neighbors Home Demonstration club met at the home of Nellie Riner, Thursday, June 11.

The meeting was opened by singing "America the Beautiful" followed by the "Salute to the Flag" and the "Club Creed."

Meditation was given by Mrs. Charles Manwaring. Health and Safety report was given by Mrs. Studebaker.

The lesson on "Interior Wall Finishes" was very well given by Mrs. Chas. Eaton and Mrs. Ernest Harold. Response to Roll Call was "Show your Baby Picture." Secretary's report was given by Mrs. Herman Olsen. It was voted to give to the County Chorus to-

ward the purchase of new robes.

The club closed by singing the Club prayer song. Mrs. Harold received a gift from her Chemo pal.

Lovely refreshments were served by the Hostess and Co-Hostess, Mrs. Studebaker to the 18 members, two guests and three children present.

The July meeting will be with Mrs. Herman Olsen on July 1.

Mr. and Mrs. Dewey King and Irene spent Thursday evening with Rev. and Mrs. H. A. Claybaugh.

Sunday supper guests of Mr. and Mrs. Dewey King were Mr. and Mrs. Charles King and son, Mr. and Mrs. Wayne J. VanDerWeeke and family and Irene King.

SEE MORE PROFIT IN EGG PRODUCTION

Poultry specialists see more profits in eggs—at least until late 1953. So more attention to your poultry flock might help take up any slack in profits you might have in other farm operations.

Here are several ways suggested by Capper's Farmer to take advantage of higher egg prices:

1. Keep pullets away from older birds. An all-pullet flock is a good answer to the segregation problem. And if you do keep over some good layers, don't mix them with pullets or disease can spread easily. Specialists say to house them at least 400 feet apart.

2. Raise pullets on good pasture—probably the largest single factor of good health. S. F. Riddlen, Illinois extension poultryman, says the best way to get large eggs early is to give pullets all the feed and good clean range they can use. Ladino makes excellent pasture.

3. Cull out boarders—spot loafers early—to save feed costs. Heaviest pullets at 12 weeks are quite likely to be the first to come into production.

4. Provide plenty of floor and feeder space. Each bird needs 3 or 4 square feet in the laying house, according to breed. Crowding causes high mortality

and low egg output.

5. Watch protein level. A hen should have at least 15 percent protein ration. Half-and-half grain and 20 percent protein mash is a recommended formula. Some poultrymen say that all pullet flocks might need a 17 percent ration. An easy way to figure protein level is to multiply the percent in the mash times the amount fed. If 70 lbs. of an 18 percent laying mash are fed with each 30 pounds of grain, there will be 12.6 pounds of protein. The grain at 10 percent protein will give 3 pounds, bringing the total to 15.6 pounds or percent.

Visitors in the O. L. McKinley home Monday were: Mr. and Mrs. Ed. McKinley of St. Petersburg, Florida; Rev. and Mrs. Leo McKinley and daughter Marilyn of Albany, and Mrs. Ivan Mannix and daughter Wanda of Muncie, Mac, Ed. and Leo and Mrs. Mannix are brothers and sister. This is the first time they have all been together in nine years.

Mr. and Mrs. Dave Johns and Miss Martha Sullivan were scheduled to leave on Thursday morning, by train, for San Diego, California. Dave and Monna have spent the past week with home folks.

MENTONE HOME DEM. CLUB

The Mentone Home Demonstration club met Thursday p. m. at the home of Mrs. Ona Blue.

The meeting was opened by the vice president, Mrs. Edna Teel, singing "America the Beautiful," followed by repeating the Pledge to the Flag and repeating the club creed.

Lesson on Cake decoration was given by Mrs. Grace Sullivan.

The Meditation was given by Mrs. Maude Cox, the co-hostess, who used "To Visit Friends," "Why Do We Listen" and "My only Way."

Roll call was answered by nineteen members with "Where We are Going on Our Trip." The secretary's report was given by Mrs. Eva Laird and the treasurer's report was given by Mrs. Nora Teel.

Our president, Mrs. Lyndall Ver-

nette, presided during the business session. The club voted to send a contribution to the County Chorus. They also voted to go to camp at McClure Lake on July 7. Mrs. Edna Teel was chosen as the Club Delegate to the Purdue Summer Conference. Mrs. Esther Sarber is the alternate delegate.

The Mystery Package was won by Mrs. Nora Teel. Mrs. Blanche Paulus, Mrs. Helen Weirick and Mrs. Effie Rathfon received gifts from their Cheerio Pals. There were nineteen members and 3 guests present.

The July meeting will be at the home of Mrs. Mary Borton.

Mrs. Delta Snodgrass of Cincinnati, Ohio was a guest of Mrs. Martha Welch Saturday night and Sunday. James Snodgrass and family came Sunday evening and took his mother to Warsaw with them.

**FROM OSCAR VALENTINE
4-H FAIR SECRETARY**

The nearly 2000 St. Joseph County 4-H Club members have already begun work to make their twenty-seventh annual 4-H Fair the biggest and best in history.

The Fair will be held in South Bend's Playland Park Wednesday through Saturday, August 5, 6, 7 and 8. Headquarters have already been established on the Fairgrounds, 1671 Lincolnway East.

Oscar W. Valentine, Fair Secretary, said rural and community leaders have joined the youngsters in planning for the four-day agricultural exposition. Albert Wagner, president of the Fair Board, predicted more exhibits than ever before. He said 1,200 animals have already been entered into competition for the traditional blue ribbons. He added that hosts of other prizes have

been made available by merchants, organizations and industrial firms.

Valentine said the fair's midway will again be filled with the booths of commercial exhibitors. He said only a limited amount of exhibition space is still available.

E. C. Bird, county agricultural agent and ex-officio member of the Fair Board, predicted that the fair will set new attendance records again this year. He added that the Fair "will give additional proof that the youngsters of our area are as industrious and intelligent as any in the nation. The animals and handiwork they will exhibit will again make our fair a model for all similar exhibitions in the nation."

"We have a reputation for staging fine fairs," Bird said, "and this year's fair will add still more to that reputation."

Mrs. Mary Johnson of Churubusco visited a few days with her sister, Martha Welch.

METHODIST CHURCH NEWS

In the Worship Service this Sunday, the Choir chairs which have been purchased as a memorial to the late Rev. E. E. DeWitt will be dedicated. Many friends have responded to this memorial gift to the church in the name of E. E. DeWitt.

There is no more appropriate memorial than the dedication of some church appointments or furnishings by friends and family of deceased members or friends of a church. These appointments are sacred and dedicated to the worship of a Living God. A living and growing church is continually in need of such furnishings which enhance the service of worship; and when Memorial Windows are not necessary, they become more appropriate and fitting.

In a recent letter sent to members of the church the pastor listed a number of suitable memorials: organ chimes, a public address system with a tower-speaker and chimes (electronic), carpeting for aisles and chancel, pulpit furnishings, an altar, complete furnishings for a Beginners Class room, and many others, including special Missionary gifts and contributions to the Bashor Boys' Home.

Some emphasis will be given in the Sunday's Service to the observance of Father's Day, but on this occasion, no fathers will be singled out for their

age or lack of it, or their prolific progeny. The sermon, in part, will be in the first person, with the teaching of Micah as context.

The parsonage family and Mrs. Harold Linn and daughters will be attending Laboratory School and Assembly Week programs at Epworth Forest next week. Men and women alike are invited to attend the sessions of Bible study and Lakeside Services each evening. The Womans Society of Christian Service also has a program in progress during the week. These are available for the Lay people of the churches even as Methodism has always made available the best in religious and inspirational services.

On Sunday, June 28, the High School age youth will attend INSTITUTE at Epworth Forest. Ten MYF'ers are registered from the Mentone church. They will use the Peru Cottage as they did last year.

The Camp Adventure Youth will go to Epworth Forest on July 19. To date there are nine who are interested in attending. An Ice Cream Social is planned for the week following the Fourth of July to help them with their expenses, but the best help they receive comes from the example of generosity and charity of heart and mind of their elders toward church projects.

ADVERTISE — IT PAYS!

Our services go beyond the ordinary requirements, so that their quiet perfection will relieve you of troublesome details — be worthy of your desires — and provide a memorial you'll want to recall. We are at your service, anytime, day or night.

POOR MANAGEMENT CAUSES CANNIBALISM

Lafayette, Ind.— Tail picking and feather picking among chicks in the brooder is often due to poor management states Joe W. Sicer, Purdue University extension poultryman.

Empty feed troughs, empty waterers overheating and overcrowding are among the chief causes of cannibalism in chicks.

Hungry chicks are going to eat something. If the troughs are empty the chicks are quite likely to start picking at each other. Probably more cannibalism in chicks is started because of carelessness in allowing feed troughs to stay empty than because of any other single reason, says Sicer.

Should the vice appear in a brood, it is essential to do something to divert the chick's attention. Sometimes paper torn into strips and placed on the floor will keep the chicks busy. Strings of large shiny buttons often interest them. Green hay or radish tops hung for the chicks to pick at, or strips of sod for them to work on, may turn the trick of giving them something else to do so that they can forget about picking each other.

If at all possible, get the chicks outside on good grass. Cannibalism seldom starts or persists among chicks that are pastured.

When other ways fail, the electric debeaker may be used to remove about one third of the upper beak. This will almost always stop cannibalism without hurting or setting back the chicks, but good management can us-

ually save the necessity of the added job of debeaking.

Further information about cannibalism in chicks and laying flocks is given in Purdue Extension Leaflet 265 which is available at any county extension office.

SLEEP AND SLEEPLESSNESS
by Science Features

The problem of going to sleep at night is one that bothers millions of Americans. These people suffer from insomnia, a condition doctors describe as one of the most common they encounter.

Sleep and wakefulness, says Dr. Nathaniel Kleitman, a University of Chicago physiologist, are governed by two nerve groups in the brain, which he calls the "wakefulness center." Sleep cannot come if this center is disturbed by the activities of the cerebral cortex, the seat of man's intellectual processes of reason, judgment, and the like.

Thus the counter of sheep worries over his inability to sleep, finds this worry itself stimulates the wakefulness center and makes sleep impossible to woo. Of course a person not inclined to chronic insomnia can also be kept awake by unusual fears or cares.

Scientists know that the human temperature rises and falls once every 24 hours. The lowest period is the ideal one for sleep. Since this period can be regulated by the sleeper's habits, it offers a means for the chronic insomniac to cure his condition without recourse to sleeping pills.

To utilize it, says Dr. Kleitman, the insomniac should set a regular hour, whether in the day or night, and retire to bed at that same time every day. Gradually, his body will become accustomed to the habit, his temperature will begin to drop at the appointed hour, and sleep will come with less difficulty.

Eighty per cent of vehicles involved in fatal traffic accidents in 1952 were traveling straight ahead.

Artificial insemination has been found to be one answer for herd improvement on many Hoosier dairy farms, according to N. J. Moeller, extension dairymen at Purdue University. He estimates that one out of every four Indiana dairy cows is being bred artificially today.

An objectionable, slimy, orange-colored growth is moving in on both apple and red cedar trees in some localities over Indiana. Dr. E. G. Sharvelle, Purdue plant pathologist, says these growths, which appear like ornaments from the trees, are actually galls of the apple cedar rust disease. It probably won't be worthwhile to attempt to control, he says, since the disease rarely causes serious damage to the affected trees.

DON'T WORRY OVER LOCUSTS

Lafayette, Indiana. — Don't have needless fears over the destructiveness of the 17-year locusts, says Professor J. J. Davis, head of the entomology department at Purdue University.

Homeowners should realize that the only significant injuries result from egg punctures in twigs and smaller branches of woody plants. According to

STOCK CAR RACES

Every Saturday Night

KOSCIUSKO COUNTY FAIR

GROUNDS — WARSAW

Davis, the locusts, or periodical cicadas, weaken the branch at the point where they lay their eggs, causing the smaller branches to break over and the foliage to wilt and turn brown.

Davis stresses that oily woody plants are attacked and that crops such as corn, soybeans, legumes, wheat and vegetables will not be harmed. The young cicada nymphs suck the plant juices from the roots of woody plants during their 17 years in the soil, but feeding is so slow that it has no apparent effect on the plants.

Provide plenty of ventilation in the laying house during the hot days ahead, stress Purdue University poultrymen. The rear windows should be opened to get cross ventilation for cooling the house.

June is a good time to shape the evergreens around the home. Purdue University horticulturists say to trim or shear the growth back to a good strong lateral growth.

**PRESERVING AND PACKING
KEY TO SILAGE MAKING**
A farmer can't always count on per-

fect haymaking weather in June. That's why S. M. Hauge, agricultural Chemist at Purdue University, advocates putting up grass and legume silage as the most practical method of saving forage food values.

He says a farmer has two choices—either to put up freshly cut forage, adding preservatives, or to wilt the crop to about 40 percent moisture content and put it up with or without preservatives. Farmers who have had little experience with ensiling grass mixtures should probably play safe and use a preservative, suggests the chemist.

Preservatives are usually added to the green material as it goes into the silage cutter or onto the apron of the blower. About 60 or 80 pounds of blackstrap molasses or 40 to 50 pounds of dried molasses per ton may be added. Adding 150 pounds of finely ground corn meal or 200 pounds of corn and cob meal per ton will also be satisfactory.

If silage is tightly packed, it will keep for a long time. Air must not be allowed to penetrate the silage or mold will grow, causing spoilage. Forage cut in quarter-inch lengths seems to pack best.

Hauge points out that the principles of preserving and packing apply to all types of silos, whether they be upright, trench or stack.

Mrs. Earl Meredith was a supper guest of Mrs. Zora McFarland and family, of Akron, on Monday evening. Other guests were Mr. and Mrs. Claude Huppert, of Fort Wayne, Mr. and Mrs. Alva Clinker, of near Akron, and Mr. and Mrs. Frank Meredith, of Santa Monica, California.

ROYAL NEIGHBORS MEET

(Missed Last Week)

On Tuesday evening of last week the Royal Neighbors were entertained in the home of Neighbor Emma Cook. The meeting was opened with the pledge to the flag and prayer by Neighbor Rynearson. Oracle Snowden Halderman conducted the business meeting. During the social hour we enjoyed several contests, prizes going to Neighbors Chloe Griffiths, Gladys Anderson, Mary Teel and Fern Rickel. The door prize was won by Gladys Anderson.
The meeting was closed with prayer. The next meeting will be with Fern Rickel. The hostess and her assistant, Lydia Rynearson, served delicious refreshments.

50,000 FRIENDSHIP ROSES

Much needed rainfall has turned Trail Creek Valley into a lush wonderland of roses, delphiniums and thousands of other flowers at the International Friendship Gardens, east of Michigan City, Ind.

Try and count the estimated 50,000 roses that are on every hand with blooms four and five inches across, and colors that include the newest of the latest productions. Fashion, Buccaneer, Chrysler, Helen Traubel, Siren and all the new ones by the leading growers and hybridizers, lead the parade of this year's show, which is pronounced by J. V. Stauffer, gardens director, to be the best showing since 1940.

The Theatre of Nations is being readied for the oncoming season of musical events when music loved the world over, will delight the music lovers of the middle west.

The opening event on July 18 will be "Sigmund Romberg Night" when the Florentine Opera Chorus of 80 voices and Charles Curtis, Tenor of the Metropolitan as guest artist, will do excerpts from Rigoletto and all the hits from Romberg. July 25, Light Opera "The Pink Lady" produced by 100 of the Presbyterian Players; August 1, The International Music Festival, and August 8, "Waltz Dream" by Strauss, with Alexander Aster of the Cincinnati Opera, Conducting.

Miss Florence Smith, director of the musical activities, said: "The four musicals will have more than 400 people taking part in the choruses, dances

and other features, including the principals." The out-door theatre is known far and wide for its uniqueness, as well as presenting the best in music.

**FARMING TODAY IS
A SCIENTIFIC PROCEDURE**

Too many farmers are "overdoing" their efforts to get more out of their soils, says a Minnesota soils expert. It's time those farmers reviewed some fundamentals of soil management—or pay the price for soil handled too fast and too much.

C. O. Rost, head of the soils department at the University of Minnesota, is quoted in Capper's Farmer as saying:

"The average farmer tills land at a fast pace. Often ground is worked

when it is too wet or too dry. Crop yields suffer because soil is too compacted.

Here are the basic common-sense rules of working soil listed by the national farm magazine:

1. Build up soil organic matter. Organic matter "fattens" soil—maintains pore space so air and water is distributed to the plant's root system—counteracts packing action by heavy machinery. Renewed tillage enlarges rootbed capacity for usable moisture—quickens growth processes and speeds up intake of rainwater at the surface.

2. Use plenty of nitrogen fertilizers. Have your soil tested. Many soils—men think we have just scratched the surface on use of nitrogen.

3. Stay off fields when soil is too wet. Michigan researchers found that

a two-plow, rubber-tired tractor compacts wet ground to a depth of seven to fifteen inches. You may need to tile or terrace.

4. Limit tillage operations. Work corn land just enough to separate crumbs and fluff up plow layer. Earl Jones, Ohio agronomist, says an ideal seedbed is mellow on the surface and firm below—a few clods on the surface aren't harmful. One should be wary about third cultivation. It may cut off corn roots and reduce yield.

Dale Kelly and Francis Rickel are spending a week at Lionel Green's Camp, Crow Lake, Ontario.

Pvt. Floyd Dorsey, of Ft. Bliss, Texas, is enjoying a leave with home folks. Floyd starts in on a nine-month radar course when he returns to camp.

BERTHA CINNINGER DIES NEAR ARGOS

Mrs. Bertha Lou Cinninger, 75, died at 4:45 a. m. Sunday in the home of her daughter, Mrs. Joe Lewis, three miles south of Argos, on U. S. 31. She had been in ill health for two and a half years.

She had been a resident of the Argos community for nine years, and had lived in North Dakota for five years; the remainder of her life was spent in the Beaver Dam neighborhood.

Born October 15, 1877, in Kosciusko county, her maiden name was Bertha Lou Aumsbaugh. She was married to Charles Cinninger in 1897.

Following his death in 1931 she had resided with her children. Mrs. Cinninger had been a member of the Mentone Baptist church for many years.

Survivors are: two daughter, Mrs. Carolyn Fife, R. R. 3, Argos; and Mrs. Jeanette Lewis, R. R. 1, Argos; a son, John Cinninger, of near Argos; eight grandchildren; two great-grandchildren; a sister, Mrs. Dessie Fidler, Cromwell, Indiana, and a brother, Walter Aumsbaugh, Elkhart.

Funeral services were held Tuesday afternoon at the Palestine Christian Church, with Rev. Harold Praker of Argos in charge. Burial was in the Palestine cemetery. The Grossman funeral home was in charge of arrangements.

TO OBSERVE 25TH WEDDING ANNIVERSARY

Mr. and Mrs. Hershel (Hodie) Fenstermaker will hold open house from 2 to 5 p. m. on Sunday, June 28, at their home near Akron in observance of their Silver Wedding Anniversary.

Mr. and Mrs. Fenstermaker were married at the United Brethren parsonage in Etna Green, by Rev. Swihart on June 23, 1928.

SHIREY

Mr. and Mrs. John Shirey, Route 5, Warsaw, are the parents of a son born at 3:25 p. m. Friday at the Murphy Medical Center.

The Happy-Go-Lucky 4-H club girls will have a bake sale at Talma Saturday the 27 in the building across from Hatfield's Grocery.

SERIOUS FIRE AVERTED IN FREAK ACCIDENT HERE

About eleven o'clock today the fire department was called to the Cox Sinclair Station where a gasoline pump was burning. Quick response by the fire department (which is just across the street) not only put out the fire, but prevented a possible explosion.

The excitement started when an auto driven by Paul Cramblet, who recently returned here from Phoenix, Arizona, drove his father's auto into the gas station and knocked two of the gasoline pumps off their base. The spilled gasoline ignited from the severed electric wires. Fire was also burning out of the pipe that connects to the underground storage tanks.

The Chevrolet auto, owned by the young man's father, Everett Cramblet of R. R. 5, Warsaw, wasn't seriously damaged.

It was naturally first assumed that the young man was coming into the station for gasoline, but after questioning by Trooper Manrow, the lad really didn't seem to know exactly what happened. He was driving east and came clear over on the left hand side of the street, narrowly missing two parked cars, and then ran into the pumps. His only statement was that his steering locked, but it would have taken a good half block to have made the turn into the station without hitting other cars, which should have given him enough time to bring the auto to a halt.

No charges have been filed in the case, and Mr. Leroy Cox, manager of the station, was unable to give an estimate of the cost necessary to replace the two pumps.

ATTENDS CONFERENCE IN CINCINNATI

Charles L. Manwaring left for Cincinnati Sunday to attend a three-day conference held by the Bureau of Animal Industry, U. S. Department of Agriculture, Washington, D. C. He is a member of an advisory group of industry members, which will meet to recommend changes which should be considered in adopting the provisions of the National Poultry Improvement Plan to new developments in breeding and disease control.

MR. AND MRS. CHALK NOW LIVING IN TALMA

Mr. and Mrs. Robert L. Chalk are at their home in Talma after their wedding Friday evening in the First Methodist Church at Churubusco, Indiana.

The bride, formerly Nancy Ann Sperry, is the daughter of Mr. and Mrs. Wallace Sperry of Talma. Mr. and Mrs. Albert Chalk are the parents of the groom. The double ring ceremony was performed by the Rev. Darrell Taggart of the Methodist Church. Mr. and Mrs. Doyle Putman of Plymouth were the attendants.

The bride chose a white net dress over satin with white accessories and a corsage of deep red roses. Mrs. Putman wore a lavender dress with white accessories and a white carnation corsage.

Mrs. Chalk is a graduate of the Talma High School of 1953 and is employed at the Freeman Garment Factory at Talma, and the groom is employed at the Indiana Metal Products Corporation at Rochester.

TO JOIN STAFF AT FARMERS STATE BANK

The officers and directors of the Farmers State Bank are pleased to announce the employment of James E. Rodibaugh, who has been practicing law in Mentone for the past four years.

Upon graduating from high school in South Bend, Mr. Rodibaugh served more than three years with the United States Navy, after which he graduated from the Engineering School at Iowa State College and a few months before moving to Mentone in 1949 he was graduated from the University of Notre Dame Law School.

His educational background and legal experience especially qualify him for the duties he will assume at the bank.

He will discontinue his law practice and commence employment with the bank on July 1st.

LLOYD RICKEL IMPROVED

Lloyd Rickel was able to return home on Tuesday after being a patient at the Murphy Medical Center in Warsaw where he was taken Monday afternoon when he was overcome by heat near the First National Bank building.

Word on Wednesday states that he is still quite dizzy, but somewhat improved.

TO START WAR ON STARLINGS

The starlings have again taken up their abode in the trees in town, and people who live nearby are again in a state of frustration. The birds are not only "dirty" but their noise-making, early and late, keeps many folks from sleeping.

Arrangements have been made with four citizens, Lyman Mollenhour, Hap Utter, Philip Blue and Harold Markley, to attempt to scare the birds away with shotguns. The shooting will be under the direct supervision of Marshall Schooley, and will be done only between the hours of 8 and 9 o'clock in the evening. Shotguns and very fine shot will be used and no one need have any fear of injury from falling shot.

It is to be thoroughly understood that these men—and these only—are to do the shooting. This will not be an excuse for other citizens to indulge in unsupervised and indiscriminate shooting.

VACATIONING IN WISCONSIN

A card from beautiful Lac du Flambeau, Wisconsin says . . . Hello Art.

We are settled here in northern Wisconsin for two weeks of fine fishing we hope. We were up in Canada last week fishing for trout in the mountain lakes. Scenery was out of this world! Fishing wasn't that spectacular but it was good.

IN JUSTICE COURT

A judgement by default, in favor of the plaintiffs, account of failure of defendants to appear in an action for claim on account, preferred by McCool and McCool, proprietors of the Ireland Store, of Idaville, Indiana, in the amount of one hundred eight dollars and forty nine cents, against Floyd Klingerman and Helen Klingerman, of Etna Green, on Saturday, June 20, 1953 was rendered in the court of Justice Eller.

On Sunday night, June 21, a fine of One dollar and costs, amounting to \$15.75 was assessed by Justice Eller on a plea of guilty to speeding on Main Street in Mentone, by William Kolb, of Winona Lake, Indiana. Officer Julian made the arrest.

There's only one answer...

Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the *twelfth* straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks.

If you're a truck user, this fact is mighty

important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical then that since Chevrolet trucks outsell all others, they *must* do a better job at lower cost?

That's why it will pay you to stop in and see us before you buy your next truck.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

QUALIFIES LITTER FOR PRODUCTION REGISTRY

Leroy Norris, Mentone, Indiana, has recently qualified a litter for Production Registry according to the Hampshire Swine Registry, Peoria, Illinois. Miss Double Citation qualified a litter of 9 with a 56-day weight of 344.9 lbs.

A Production Registry qualifying litter is one in which 8 or more pigs are raised to a minimum 56-day weight of 320 pounds for mature sows or 275 pounds for gilts. The sow may qualify as a PR sow after two such litters and receives a star for each additional qualifying litter.

This is indeed an honor for this well known Hampshire herd. It shows they

are interested in improving production and making better breeding animals available for commercial producers.

Many Hampshire breeders are nominating and qualifying litters this year in keeping with the demand for more production records of swine. Thus, more official production records are becoming available to aid farmers and other breeders in the selection of qualified breeding animals. Swine producers are becoming more efficient in their operations by giving more attention to official production records.

Fish Stories

Commercial fishermen catching menhaden along the Atlantic coast can tell the "mostest" if not the biggest fish story. Drawing a 1,200-foot-long purse seine around a school of menhaden, they often catch 100,000 fish at one time, and catches of half a million menhaden have frequently been made. A "set" of six to seven million is on record, but the net broke and all were lost. Menhaden average three-fourths of a pound in weight and one foot in length. They are not used as food, but provide commercial fertilizer.

Loses Thickening Power

When flour is browned as in a mixture of fat and flour for a sauce, flour loses some of its thickening power because the starch is changed to dextrin.

Mock Sour Milk

Many times a recipe calls for sour milk. Should you be without any, make "mock sour milk" by mixing one-half cup evaporated milk, one-half cup water, and one tablespoon vinegar.

Lovely Topping

A lovely topping for sweet rolls is easily made: mix together $\frac{1}{4}$ cup each of brown sugar and shredded coconut and 3 tablespoons butter. Use a half teaspoon of this mixture on small round rolls, cut with a biscuit cutter.

You, as a customer, paid \$138,826.66 to the federal government for excise tax on telephone service for the month of April?

This amount represents the 15% tax you paid for local service and the 15% to 25% tax on long distance calls?

It is estimated that the total telephone excise tax bill for our customers this year will be nearly \$1 1/4 million?

We recognize that taxes are necessary to run our government. We believe it only fair, however, that you should know how this tax increases your cost for telephone service.

GIRL SCOUT NEWS

We opened our regular meeting with
the pledge to the flag, promise and
laws. The minutes were read and ap-
proved. Last meeting instead of going
to the church we went to our leader's
house, (June Bart's) and made can-
dles and tin can stoves. This meeting
we made small holes in our candles
and poured citronella. We adjourned
our meeting around 4:30 - 5:00 p. m.

PROPERLY WRAP FOOD FOR YOUR FREEZER

Lafayette, Indiana— Many homemakers have hung wet clothes on the line to dry on a cold winter day. They have seen washing freeze until stiff and dry. Miss Ann Liggert, extension nutritionist at Purdue University, explains that the same thing can happen to foods which are improperly wrapped in the freezer.

Since the air in the freezer is dry, moisture will be taken from the food unless it is tightly wrapped in moisture-vapor-proof packaging materials. It is most essential to remove all the air possible when sealing the package of food for the freezer.

Surveys show that home freezing has introduced new food preparations and new methods of meal planning, food budgeting and home management.

Through surveys, it also was found that many homemakers did not understand what makes adequate packaging materials. Do not use waxed paper, ice cream cartons, store wrapping paper, newspapers or ordinary household aluminum foil to package foods for freezing. These materials are not satisfactory for retaining the good quality of the food.

Homemakers should examine the various types of packaging materials and decide on the kind that meets their needs. The directions should be carefully followed for the proper use of that particular type. If the necessity for the correct use of moisture-vapor-proof packaging materials is not under-

Hinduism

Hinduism has no set creed. Sarvepalli Radhakrishnan, the philosopher who recently resigned his post as India's ambassador at Moscow to become Vice-president of the Republic of India, has described the Hindu beliefs as mysticism tempered with tolerance in his widely quoted book "The Hindu View of Life." He says, "Hinduism requires every man to think steadily on the life's mystery until he reaches the highest revelation. While the lesser forms are tolerated in the interests of those who cannot suddenly transcend them, there is all through an insistence on the larger idea and purer worship."

MENTONE 4-H CLUB

The Mentone Hustlers met Monday, June 15 at the school house with twenty members, the leader and one parent, present. They handed out the 4-H club program books for 1953. We voted that we would have our 4-H tour June 30 instead of the twenty-ninth because Leo Seltenright, assistant County Agent, said he would like to go but couldn't on the twenty-ninth. We are just going to the livestock and crop projects and are taking a bus for the tour. There were five boys that attended the conservation Field Day. They had fun and learned many things about conservation. Refreshment was an ice cream bar.

That troublesome mole is back again. Right now he's hard at work in lawns, gardens and corn fields, searching for earthworms and insects. If you are having trouble, the choker trap is the best defense. Better get rid of him now, says G. C. Oderkirk, rodent specialist of the U. S. Fish and Wildlife

Service at Purdue University. Later on this summer the mole will go deeper underground and be much harder to reach.

MOST INSECTS HAVE VERY GOOD APPETITES

The farmer was hopping mad

He had given a U. S. Department of Agriculture entomologist permission to take samples from his wheat bin to use in studying stored grain insects. He put 500 bushels into the bin at harvest time. When it was weighed out there were only 450 bushels. Where was the other 50 bushels?

They went to feed the insects. The entomologist had records to prove it.

This is an extreme case, says Capper's Farmer, but insects do take a terrific toll from stored grain every year. First, they cause the grain to shrink. Second, you may get docked at the elevator for infested wheat.

Insect damage can cost you anywhere from six cents to 45 cents a bushel, depending on whether infest-

ation is light (2 per cent) or heavy (10 per cent). This grain loss is based on actual study of farm-stored wheat by the U. S. D. A., and figured with the market price at \$2 a bushel.

To this you must add whatever dockage elevator operators set in light of requirements worked out by the Food and Drug Administration and the U. S. D. A.

COUNTRY NEIGHBORS MEET

The Country Neighbors club met at the home of Mrs. Wilvin Long for their June meeting. There were thirteen members and one guest, Mrs. Minnie Anderson, present.

The meeting was called to order by the president, Mrs. Earl Zent. The group then sang "America the Beautiful," followed by the pledge to the flag and the creed. Mrs. Wilvin Long

read the history of the song of the month, "In the time of Roses." Devotions were given by Mrs. Martin Notz. The safety lesson was given by Mrs. Russell Walters. Plans for programs for the next year were discussed. Mrs. John Teel gave the lesson on "Childrens Diseases". Secret Pal gifts were received by Mrs. Wilvin Long, Mrs. Russell Walters and Mrs. Clarence Pfeiffer.

The next meeting which will be guest day will be held at the home of Mrs. Roy Maxwell. Each member is urged to bring a guest.

Sunday afternoon callers at the Lizzie Morgan home were Mr. and Mrs. Con Blue and granddaughter of Macy, Indiana. Mrs. Morgan is home for a little while.

Richard Greulach is home from the Murphy Medical hospital after being a medical patient there for 14 days.

SUGAR FOR BABY PIGS

Sugar may be a high-priced pig feed in terms of its feed value, but some of the leading swine nutrition specialists are convinced it's well worth the money. Pigs have a "sweet tooth" same as human babies—they eat more creep if it's sweetened, points out Capper's Farmer. That gives them a fast start, makes them husky so that they resist disease, make fast gains, get to market early. You can wean pigs at 5 weeks if they eat plenty of creep feed. And the little porkers will be bigger at 8 weeks than pigs that stay on the sow and get no creep ration.

"Locofoco"

Locofoco, a political term, originated in 1835 for a member of the Equal Rights party, a faction in the Democratic party in New York. One section of Democrats, hearing of a plot to put the lights out at a Democratic meeting, to be held in Tammany Hall, October 2, 1835, brought supplies of loco-foco matches in their pockets. Light was restored and the scheme baffled. They put their leader in the chair and adopted an equal rights testimonial, and passed resolutions against bank and paper money. The opposing section immediately dubbed them "Locofoco."

Weather and History

History is often written by weather. The Spanish Armada was destroyed by a storm. And had it not rained on the night of June 17, 1815, the Battle of Waterloo might have had a different outcome.

Dangerous Game

Hawaiians, always an athletic people, used to play dangerously. King Kamehameha I reportedly excelled in a reverse javelin throw, catching war spears thrown at his heart.

A New Place

Embroidery attains a new place in the fashion world with the prevailing costumes. Floral designs and banding may be used, and brilliants are also employed for the trimming.

Egg Factory

For years it has been preached that "For the dollar invested on the farm, the biggest and easiest returns are in poultry." This is true where a "Three Point System" is followed.

- 1. GOOD BREEDING STOCK.** Get the very best possible layers that have Bred-in ability for terrific production.
- 2. A GOOD FEEDING PROGRAM.** Not just a feed, but a Sound and Proven Feeding Program such as our Honegger Program.
- 3. MANAGEMENT.** Good management is essential, the housing being the most essential. This egg Factory is being pre-built for you in eight foot sections, of clear cedar lumber at a cost less than a person would think. It has 100% self-ventilating features built in requiring no fan or motors.

COMBINE CAN LOSE

PROFIT ON GRAINS

You may save a bushel or more of grain an acre if you check your combine at the beginning of harvest season.

It's easy to tell if you're losing grain, but it takes examination to find where it escapes. Here is a Capper's Farmer list of things to check:

1. Feeding. Reel, divider, cutterbar and feeding mechanism all contribute to header loss. The reel should hold the crop upright while it is being cut, then, lay it gently back on the draper. The reel's speed should be about 10 percent greater than the forward speed of the machine. Knives and ledger plates should be sharp and in register.

2. Threshing. Unthreshed heads are caused by either too slow a cylinder or too wide a cylinder-concave clearance. Broken seeds result from too high cylinder speed, too narrow clearance, or bent auger housings. Set the cylinder speed just fast enough to knock the grain out of the head.

3. Separating. Losses at the straw rack commonly result from: Grain not in threshable condition, overloading, uneven feeding; improper rack speed, badly worn joints in shaker arms and worn out grain checks.

4. Cleaning. Losses occur above the upper sieve when it has more material on it than it can handle. A good rule to follow is to use as wide an opening as possible, without getting too much straw and refuse in the grain tanks, will reduce damaged seed.

5. Detective work. A good way to measure grain loss is to walk behind the combine, catching material from the straw rack in a screening box. Some farmers are surprised to see how much grain is in the box.

**HOLSTEIN CLUB TO HOLD
BLACK AND WHITE SHOW**

The North Central Indiana Holstein Club will hold its annual Black and White Show on Tuesday, June 30 at the 4-H Fairgrounds, Winamac, Indiana.

Cattle are to be shown as they are seen everyday. The judging will get under way at 10:00 A. M. Daylight time when Lawrence Wright of the Indiana Condensed milk Co. at Sheridan will place the entries in the 7 classes of females and 2 classes for bulls under 1 year. A complete list of classes and entry blanks may be secured by contacting Charles G. Newman, Culver, the club secretary.

Breeders from White, Miami, Cass, Carroll, Fulton, Marshall, Starke and Pulaski are invited to participate in this show. 4-H members showing club animals and members of the club are eligible to show, however, memberships will be accepted that day.

A picnic dinner will be enjoyed at noon and everyone is invited to come and spend the day. In case of rain everything will be held under cover.

CARD OF THANKS

I wish to thank everyone for the cards, flowers and visits while I was in the hospital.

**MUSIC FESTIVAL AT
MICHIGAN CITY AUG. 1**

Young musicians will compete at the International Music Festival Saturday August 1st in International Friendship Gardens, Michigan City, Indiana. Outstanding Judges, such as Desir'e DeFauw and Edgar Nelson, in the field of vocal, choral, instrumental, bands and accordions will be the adjudicators.

The International Friendship Gardens will ring with the call for better music as hundreds of contestants gather for the thirteenth annual season.

These contests are preliminaries to the Chicagoland Music Festival, now the greatest gathering of musical talent in the world. Winners at the International Festival will be eligible to compete in Chicago on August 22.

The entire day of August 1 will be filled with the competitions in vocal, baton twirling, choral, vocal, bands, accordion and piano. In the evening performance winners will appear ahead of the artist part of the program.

These competitions are open to all young people of promising musical ability. Many winners in the past twelve years have joined the professional ranks as accomplished musicians.

Those desiring to enter may do so by writing to Miss Marie Wilcox, Secretary, 122 East 8th Street, Michigan City, Indiana.

July 18 will open the season with the

Florentine Opera Chorus and Chas. Curtis, Tenor of the Metropolitan Opera Co., as guest artist in a Sigmund Romberg program.

The "Pink Lady," Light Opera by Ivan Caryll on July 25. The International Music Festival, August 1, and the Light Opera "Waltz Dream" on August 8.

At present the Rose Festival is in full showing along with delphiniums and thousands of flowers of all kinds.

MENTONE W.S.C.S. HAS PICNIC

The Mentone Society of Christian Service of the Mentone Methodist church had a picnic supper on the pretty lawn at the country home of Mrs. Raymond Lash. The co-hostesses were Mrs. Roy Maxwell, Mrs. Curtis Riner, Mrs. Clyde Brugh, Miss Ruth Lash.

After supper we went indoors for our regular meeting. An impressive candle light installation service was conducted by Mrs. David Gosser for our officers for the coming year.

Mrs. Broda Clark was in charge of the Worship Service. Mrs. Herman Olsen read Luke 2:44-52.

Mrs. Jack VanGilder gave the lesson topic: Youth and the Church. Miss Jackie Stidham of the Mentone Methodist church and president of the District M. Y. F., was introduced to give us a report on the District Meet-

ing held at Battleground.

Mrs. F. B. Davison, our vice president, presided during the business session. Plans were made to help the M. Y. F. attend institute at Epworth Forest June 28.

Our last meeting for the summer months will be held July 16 at the church. Mrs. Agnes Rans, Mrs. Bessie DeWitt, Mrs. Pearl Meredith and Mrs. Ellen Stanford will act as hostesses.
