## Anthony Nigo Chapter D. A. R. Meeting

The Anthony Nigo Chapter D. A. R. entertained forty members and guests at a lovely Colonial Tea at the home of Mrs. Bernice Rush. The Colonial atmosphere surrounded those present, the members being attired in Colonial costumes and the home being candle lighted. This meeting was also the first anniversary party of the Chapter, having been organized just one year.

The following program was greatly enjoyed. Words of "Welcome" were given by the Regent, Mrs. Edna Burns. "Pledge of Allegiance" to that Flag, by all. Prayer by Mrs. Shourry Boggs. Mrs. Maude Snyder sang three minuets by Mozart, in Leethovan and Paderewski. "Our Yesterdays" and "Believe me with all those endearing young charms" were sung by Mrs. Mildred Essig of Warsaw. Mrs. Pearl Lackey gave a beautiful impressive pianologue entitled "Memories of the Patchwork Quilt." She was accompanied at the piano by Mrs. Tural Nelson and on the violin by Mrs. Helen Brown. Mrs. Ethel Nellans sang "Memories." Mrs. William Schlosser, State Chaplain of the D. A. R., was the guest speaker of the afternoon. Mrs. Ersie Manwaring and Mrs. Orpha Blue poured at the servingtable.

Guests were present from Franklin, Kokomo, Bourbon and Warsaw. The committee in charge of the program were Mesdames Yolande Riner, Helen Brown, Zada Kesler and Miss Rozella Ford of Warsaw. The Chapter accepted an invitation to a birthday dinner of the Wythongan Chapter at Plymouth on March 13th.

so on

Each year the National Society of the D. A. R. conduct the Girl Citizenship project. One Senior girl from Indiana is sent each year to Washington, D. C. for a week with all expenses paid.

There is one girl chosen from the Senior class from every High School where there is a D. A. R. Chapter, according to special qualifications, such as: Dependability, service, co-operation, courtesy and respect for

## A Farm Question Answered

Are you aware that farmers have the opportunity through "Rural Electrification" to get electricity or lights and power on their farms this summer at less than city rates?

The opportunity to secure electric lights for your farm buildings and electric power for all farm and household uses is now here.

Whether or not you want electricity, and whether or not you now have a lighting plant, come to the meeting scheduled below, hear the full story and learn complete details of prices and services.

The entire plan will be fully discussed and all questions you have in mind on the subject answered.

This seems to be the golden opportunity for farms to get this convenience at once if they want it.

Tell your neighbors about this meeting, then come and bring them along.

## Franklin Township Meeting At BEAVER DAM SCHOOL HOUSE Wednesday Night, March 4, at 7:15.

Farmers and Farmer's Wives Come!!

A. E. MILLER, Chairman Franklin Township.

proper authority, leadership, patriotism and pride in family, school, community and nation. This name is then sent to the state Chairman of Girl Citizenship. After all names are submitted over the state, one name is selected under the supervision of Mr. Floyd McMurry, State Superintendent to represent Indiana.

The Senior Class, the teachers of the Mentone High School and the Anthony Nigo Chapter D. A. R. are proud to present the name of Miss Mary L. Rush, daughter of Mr. and Mrs. Ray Rush, to represent the Mentone Senior Class in this contest.

## WANTED

Man with car for Rawleigh Route of 800 customers. Good proposition for right man. Route experience preferred. Write Rawleigh, Dep. INC-285-MA, Freeport, Illinois.

## DEATH TAKES W. O. WILLIAMS

Wilbert O. Williams, aged 75 yrs., four months and 25 days, died Saturday night at 8:45 o'clock at his home in this place following a long illness with paralysis.

He was a native of Ohio and was a son of Mr. and Mrs. Cyrus Williams.

Surviving are his widow, Cora B. Williams and one brother, Charles Williams, residing in Minnesota.

Rev. DeWitt officiated at the funeral services, which were in charge of the Red Men's lodge of Warsaw, of which Williams was a member. The services were held at his late residence, Tuesday 2:00, p. m. Burial was in Mt. Pleasant cemetery.

Wanted to buy: Good yellow corn. Northern Indiana Co-Op. Ass'n.

Poultry medicine at the Co-Op. mill.

## BIRTHS

Judith Diane, a seven and one-half pound girl, was born Monday noon to Mr. and Mrs. Oliver Teel, of Mentone, at the Woodlawn hospital, in Rochester. Mrs. Teel was formerly Miss Ava Malone, county nurse. The mother submitted to a caesarian operation.

The above taken from the Warsaw Monday Times explains why the new manager of the Co-Op. News was not on editorial duty just before going to press. However the printer took upon himself the task of completing the writing for this issue, and about the first subject that entered his mind was the question of just how long the Stork was going to continue to camp on the doorstep of the editorial department of the Co-Op. News.

The News is just closing its third year and this is the third visit of the old bird to families who have had a hand in the editorial management of the paper. Oliver had scarcely been in the managers chair two weeks before Mr. Stork called at his home. And on further reflection we find that Cupid is not ignoring the News either.

That Famous Reading Anthracite. NICA.

## Raisins Are Grapes

Raisins are grapes of a special type that are dried in the sun, or by artificial heat. They have a higher sugar content, and a flavor quite different from fresh grapes.

### Have You Tried This Feeder?

Poultry raisers everywhere are turning to Universal Cardboard Feeders to help bring their chicks through that delicate stage of the first few weeks, because they cost less, promote sanitation, and save feed. Fifty cents buys enough to feed several hundred chicks. If you will investigate it you will agree with us that it is the best chick feeder bargain ever offered.

**Winter Weather  
Damages Potatoes**

**Wheat in Good Shape**

According to many reports from various sections it appears that there will be some damage of potatoes in winter storage. It is practically certain that potatoes buried out of doors have been damaged as the ground has frozen as deep as four feet in some sections. The market, according to potato raisers, is firming up. It appears that it might be wise for growers to look to their next season's seed needs now and avoid higher prices.

On the whole, the wheat crop is in good shape so far as can be learned from reliable sources. Of course, the crop can be damaged yet by changing weather conditions. With dust storms already reported in the west it is entirely possible that wheat will bring a good price the coming season.

Little if any clover seed has been reported sown. However, with another good freeze and the ground bared it may be that those who intend to sow clover this spring will find their opportunity. With alfalfa rapidly becoming the chief hay crop through this section less clover and timothy are being sown.

**Sidewalks Damaged  
By Cold Weather**

With the disappearing of the ice it has been discovered that some of the sidewalks installed the past fall by the government workers are chipping off. Considerable speculations as to the cause has been advanced. It is alleged that faulty sand and gravel were used. Another belief is that the walks were laid too late in the year and froze before they cured. Still another idea advanced is that the material was not thoroughly mixed and was not rich enough.

Whatever the cause, it is quite evident that the walks are damaged and that they will become worse unless resurfaced in favorable weather. It is possible to do this satisfactorily but, of course, it will necessitate additional expense to the property owners.

**Brooder House Burns  
Is Quickly Replaced**

One afternoon last week fire destroyed a brooder house on the Chas. Creighton farm near Atwood. The house had been renovated with a fire gun earlier in the day and it is thought the fire must have started in that way.

As Mr. Creighton was intending to put chicks in the house the next day a hurry up call was sent to the NICA and a new house was promptly sent to the scene, thus enabling Mr. Creighton to go ahead with his plans.

It was quite fortunate that the NICA had a house built ready for another customer and he was quite willing to help out. This is just another example of the co-operation and service that have contributed to the growth of the NICA.

**STORK BUSY**

The past few weeks have been terrible flying weather but on Saturday following the awful cold and during the thaw we noted a big TWA plane zooming eastward to the south of us.

On Monday the stork took advantage of flying weather and left a ten pound parcel, Carolyn Annette, with the Rev. Alexander's, and on Tuesday a six and three-quarters pound package with the George Clark's. All are reported as doing fine and it is expected that before long George's boy will be helping his dad at the store.

## BRIDGE CLUB

Mrs. Emma Clutter entertained the Mentone bridge club at her home Thursday afternoon at 2:00. Five tables of bridge progressed with first prize going to Goldie Mollenhour and second to Ruby Smith.

Those present were: Fay Bunner, Edna Burns, Fern Carter, Lois Fenstermaker, Vere Songer, Mildred Preisch, Elanore Manwaring, Helen Greulich, Nellie Reed, Isabel Johns, Ottie Walburn, Goldie Mollenhour, LaVern Clutter, Maynie Malone, Dora Taylor, Goldie Warner, Ruby Smith, Turl Nelson, Miriam Shinn, and the hostess Emma Clutter.

## PSI IOTA XI

Members of the Beta Epsilon chapter of Psi Iota Xi sorority were delightfully entertained at the home of Annabel Mentzer on Friday, February 22. The evening was spent in playing bridge with first prize going to Pauline Riner and second to Frances Clark.

The table appointments were in keeping with Washington's birthday. Dainty refreshments also in keeping with the holiday were served to the following guests: Helen Brown, Frances Clark, Helen Huffer, Pauline Riner, Mabel Norris, Lucille Myers, Marjorie Snyder, Elizabeth Myers, two guests, Helen Greulich and Maynie Malone of Marietta, Ohio, and the hostess, Annabel Mentzer.

The next meeting will be held on Tuesday, March 3, at the home of Mabel Norris.

## Girl Scout News

The Mentone Girl Scout Troop was entertained on Valentine's eve by Lena and Mary Rush, daughters of Mr. and Mrs. Ray Rush. Following a short business meeting, various games and contests were played. A mad scramble was made during the treasure hunt which ended in the finding of popcorn balls. Refreshments were served later in the evening. The next meeting will be at Judy Busenburg's on February 21.

Those present were Jean Burns, Bobbie Mollenhour, Margaret Swick, Marjorie Long, Eleanor Wallace, Betty Janke, Jeanie Elliot, Louise Paulus, Marcella Leininger, Frances Tucker, Mary Mollenhour, Judy Busenburg, Betty Ellsworth, Willodean Janke, Captain, Eileen Mollenhour and the hostesses, Lena and Mary Rush.

## Many Families Moving.

Evidence that the spark of life is still burning in the old home town is shown in the number of families moving from one place to another, among those being the following:

Mr. and Mrs. Harvey Poulson are coming back to town to live on North Franklin St. in the property recently occupied by John Secrist and wife.

The Secrist's have moved directly across the street into the property recently vacated by Don Emmons, we are told.

Don Emmons and family have moved to the Worley property on Morgan St.

The Harry McLaren family have moved from Sevastapol into the Seth Flennar property on Franklin St.

Ivan Kern and family are reported to be moving from the Jacob Kern farm into the Kessecker property in Sevastapol, recently vacated by the McLaren's.

Geo. Creekbaum, it is reported, will move to the Jacob Kern farm which was purchased some time ago by Theodosia Baum.

It was reported recently that Alfred Fere, who has lived for some time on the old William Nelson farm would move to Mentone on South Franklin St.

The Ed Halterman's will live in their new home on South Franklin St., formerly the Dessie Blue home.

Linus Borton has purchased the Fasig property on North Broadway to which place the Borton's will move after leaving the old Blue homestead at the west edge of town.

It is expected that the Elmer Rathfon family will soon move to the Blue farm which they purchased some time ago.

Claude Barkman and family moved on Thursday to their new home in Warsaw.

And we know it to be a fact that Harold Weissert the genial dispenser of TYDOL and VEEDOL products has been keeping his weather eye open for a place to land after he flaps his wings from the John Weissert farm which is soon to be tenanted by the Melvin Cain family from near Etna Green. Latest reports indicate that Weissert will have taken off and landed before this goes to press. No doubt TYDOL will play a part in a safe trip.

### Bats Not Blind

Contrary to common belief, bats are not blind. They possess very good eyes, which, however, are often hidden in the fur on the face to the extent that they are not readily visible. In addition to eyesight, however, a bat possesses very keen sensory nerves in its wings which enable it to fly about in pitch black without striking any object which may be in its vicinity.

## RETURN FROM SUNNY SOUTH

Mr. and Mrs. Chester Mathwaring and daughter Jean and Mr. and Mrs. Linden Blue of Denver, Colorado, returned to Mentone on Washington's Birthday from a two month's Florida vacation.

Chester reports golfing as good at Sarasota. General conditions seem as good or better than a year ago. Egg prices at retail about 55c per dozen.

We are reliably informed that any surplus of oranges that might have existed was materially reduced while the party so journeyed in the sunny south.

But as pigeon returns to its loft, the waterfowl to its marsh, the chickens to their roost, so this well known raiser of chickens and his party came back to the land of ice and snow, blizzards and mud. The homing instinct is hard to understand, perhaps because the majority of us have it in a big way.

# "Prevents crippled batteries"

*says...THE ENGINEER IN EVERY GALLON*

## GET THIS GASOLINE THAT GIVES *Lubricated Starting*

You are putting an excessive tax on your battery when you put up with a slow starting gasoline. The new Winter Tydol Gasoline starts cars in a split second, saves battery strain, saves your motor, too. *Lubricated starting does it.* The top-cylinder oil blends into Tydol Gasoline keeps valves and pistons slick and slippery. They slide smoothly into safer, surer, easier action—*instantly*. Get Tydol today. It costs no more than ordinary gasolines.

### PERSONALS

W. C. Clutter of the state police force spent Thursday in civilian clothes, enjoying one of the two days of rest granted each month to the state police. Clutter is off duty on the first and third Thursday of each month. Every sixth week his duties are at the barracks at Ligonier.

loyd Fawley of ~~Burket~~ recently purchased a new Chevrolet Coupe of Wallace.

VEEDOL MOTOR OIL is made from the best Pennsylvania crude.

Chas. Personett who has been on the sick list is reported as better.

Art Tritch of Kendallville, Oliver farm equipment representative, was in town Thursday. He reports a big year ahead for the machinery business.

Walter Songer, who recently had a severe attack of rheumatism is much better and able to be about.

Ralph Ward, who does extra hauling for NICA, is now driving a model A Ford truck.

TYDOL is surely a swell motor fuel.

Josephine, daughter of Mr. and Mrs. Sam Sanders, is reported as doing special and private nursing at the Woodlawn hospital in Rochester.

Howard Horn is off duty at the NICA mill having badly injured the index finger of his right hand in loading a barrel of buttermilk recently.

SCHAFER Harness at NICA.

Miss Maynie Malone of Marietta, Ohio, has been spending the past few weeks at the Oliver Teel home.

Donald Lowman is now driving a new Diamond T truck. It surely will run slick with VEEDOL the best 100 per cent pure Pennsylvania oil in town. Sold at NICA and Motor Inn Service Stations.

No doubt a sleigh and bells was a novelty to Mrs. Alexander, mother of Rev. Alexander who recently drove around town in such an outfit, the reason for the novelty being that Mrs. Alexander hails from Paducah, Kentucky, and the weather there is usually not of the sleighing variety. Mrs. Alexander is here helping to care for the new arrival.

### Restaurant Dolled Up

Ralph Arnsberger, local restaurateur, has recently been improving the looks of his establishment by installing grill work, etc. Ralph has been in the business here for many years and has always kept a good

looking place and furnished good eats.

The Lake Trail Cafe under his management has always kept pace in new equipment and improvements and has been rewarded by a good trade.

### Pig Crop Arriving

Farmers are reporting good sized litters of pigs arriving daily. During the extreme cold weather many pigs perished. Some farmers have heated houses and in these pigs were saved from the cold. One farmer reported excellent litters but some of the little fellows had done so well without exercise they developed thumps. Farmers generally are looking forward to a good year for hog prices.

### The Ground Parrot

The ground parrot, a flightless bird inhabiting New Zealand, is called "Kakapo" by the Maori people.

## Real Indian

The Comanche war bonnet and ceremonial shield, displayed by Essie Lee Haynes, are from the collection of Steve Krom, of Dallas. Authentic, made by tribal feather-work experts half a century ago, these and other items of Mr. Krom's collection will be displayed at the Texas Centennial Exposition next summer.

## Saturday Evening Is a Busy Time

One needs only visit the local food store of Hill & Lemler on Saturday evening to realize the value of effective sales methods.

In addition to his newspaper advertising and house to house campaign each week, Fred also has a system which brings them in on Saturday evenings.

The fact that the Lemler's have built up a good business since coming to Mentone is proof that business is to be had in Mentone when proper effort is made.

That Famous Reading Anthracite. NICA.

### Empress Jingo Great Leader

When Chush, fourteenth emperor of Japan, died in the year 200, the Empress Jingo assumed the government, fitted out an army and led it on a successful invasion of Korea.

## Texas Exposition Gathers Speed In Exhibitors' Rush

**Building Program Takes Form As 5,000 Workmen Labor 24 Hours a Day**

DALLAS, Texas.—Three shifts of workmen—close to 5,000 men working 24 hours a day—are rushing the Texas Centennial Exposition's buildings toward completion by the opening date, June 6.

The Exposition's own \$15,000,000 construction program is well under way. The City of Dallas has broken ground on its \$3,500,000 program, constituting seven permanent buildings which will form a vast civic cultural center when the Exposition is over. The State of Texas is racing work on the \$1,200,000 Hall of State, one of the show pieces of the fair. The Federal Government has its two buildings—the Federal Building and the Hall of Negro Life and Culture—ready to leave the drafting room stage and become realities.

The Midway, probably the greatest the United States has ever seen, is taking a tentative form as entertainment concessionaires fight for choice sites.

Not far from the industrial exhibits—where the latest exhibits of industry and science will be shown—the Exposition two livestock buildings are rising.

Here the greatest livestock show the nation ever has seen will be housed.

The buildings alone will cost \$400,000, complete with a veterinarians' hospital and every modern device for the care of livestock.

The value of the stock which will be exhibited here between June 6 and Nov. 29 cannot be estimated.

Paul M. Massmann, in charge of the Exposition's exhibit department, already has laid before General Manager William A. Webb contracts for more than 80 per cent of the available Exposition display space.

Included among the exhibitors with whom negotiations have been completed are:

Advance Aluminum Casting Corp., Alfa Anso Corp., Aldridge Seed Farms, Inc., American Thread Co., American Telephone and Telegraph Co., Beech-Nut Packing Co., Book House for Children, Catholic Exhibit, Continental Oil Co., Dr. Pepper Co., Donna Lee Products, E. I. DuPont de Nemours Co., Famous Mineral Water Co., Ford Motor Co., General Electric Co., Genesee Trading Co., Grennan Bakeries, Inc., The Grolier Society, Gulf Refining Co., Harley-Davidson Motor Co., A. Harris and Co., John A. Hertel Co., Hubinger Co., Interstate Cotton Oil Refining Co., Kellogg Co., Kraft-Phenix Cheese Corp., Missouri-Kansas-Texas Ry., Morten Milling Co., Nassau Pen and Pencil Co., National Life & Accident Ins. Co., H. O'Hayon, National Super Products Co., National Pressure Cooker Co., Peter Pirsch & Sons Co., Portland Cement Association, The Practorians.

W. F. Quarrie & Co., Ratliff's Pure Food Products Co., Reynolds Manufacturing Co., Geo. L. Shuman & Co., Southern Rice Industry, Standard Brands, Inc., Standard Tilton Milling Co., Texas and Pacific Ry., The Texas Co., Westinghouse Electric Co., Walker's Austex Chili Co., L. E. Waterman Co.

## Baptists to Honor Houston March 1

DALLAS, Texas.—Baptists all over the United States will join in a religious celebration of the birthday of General Sam Houston, Sunday, March 1.

Houston's birthday falls on Texas Independence Day, March 2, but services will be held in all Baptist churches the preceding Sunday. In his letter to 2,000 Baptist congregations Rev. Howard Williams, secretary of the Texas Baptist Convention, urges union services in every community where there are two or more Baptist churches.

Special services will be held in First Baptist Church, Washington, D. C., which Houston attended when he was United States senator, at Baylor University in Waco, Texas, whose founder Dr. Rufus G. Hurlston baptized General Houston and at Independence, Texas, where he joined the church.

The Texas Centennial Exposition which is cooperating with the Texas Baptist Convention in plans for this religious observance will have a \$50,000 Hall of Religion, a spacious and beautiful building for free exhibits by all denominations. In the Baptist section of the structure special stress will be laid on Houston's services to his state and to the Republic of Texas of which he was the first elected president.

### First Jews in U. S.

The American Hebrew says: In 1654, 34 years after the Mayflower landed the Pilgrim fathers at Plymouth, Mass., the Santa Caterina arrived at New Amsterdam (the present New York) with 23 Jews on board, who in all likelihood came from Brazil, which country the Jews left when it passed from the possession of the Dutch to the Portuguese. Shortly before the arrival of this band of Jewish pilgrims, the first Jews known to have arrived at New Amsterdam, came on the ship Pear Tree. These were Jacob Barsimson and Jacob Aboah. It is quite likely that even before this many individual Jews may have found their way to some portions or others of the country.

### Pergamene Marbles

The Pergamene marbles are a collection of Greek sculptures consisting chiefly of friezes from the altar of Zeus at Pergamos, dating from the first half of the Second century B. C. They were excavated by the Germans between 1878 and 1886 and are now in Berlin.

### The Term "Pygmy"

The term "pygmy" is now applied only to people whose shortness of stature is a racial trait and not the result of pathological conditions.

## Birthday Dinner

Mr. and Mrs. Oliver Severans entertained several dinner guests at home last Wednesday evening, February 12. The occasion was in honor of their daughter, Mrs. Vernon Barkman, whose birthday falls on this date.

Those present were: Mr. and Mrs. Vernon Barkman, Mr. and Mrs. A. Doran, Miss Julia Ann Busenburg, Mr. Frank Cumberland and the host and hostess Mr. and Mrs. Oliver Severans.

## Clark's Store is Scene of Activity

If you should doubt the effectiveness of advertising visit Clark's store on Saturday evenings. Clerks are busy waiting on customers and about 9 o'clock the store is crowded.

In addition to their newspaper advertising, Clark's have hit upon a plan which encourages trade through out the week and packs the store on Saturday night.

The NEWS cannot help but serve that business is waiting for enterprising merchant.

## Shows Some Grit

Homer Warren, 45, a farmer of near Sevastopol, found himself early Friday afternoon alone in the woods, a mile from home with his leg crushed and broken in two places below the knee. A log had rolled upon him.

Despite his painful injuries Warren managed to unhitch one of his team of horses, mounted the animal and rode a mile to his home. He was later taken to Dr. Clutter's office at this place where the compound fracture was reduced.

### "For Want of Defense"

By a judgment for want of defense, or, more accurately, a judgment for want of an affidavit of defense, is meant a judgment entered by the court for the plaintiff because the defendant has failed to deny the facts and charges set forth by the plaintiff in the suit.

### Origin of Chewing Gum

A president of Mexico, General Santa Ana, leader of the Mexican revolution in the war with the United States in 1848, is credited with introducing chewing gum into the United States, according to Capper's Weekly. After his exile from Mexico, in 1863, Santa Ana made his home in New York city and became very fond of his American secretary, James Adams. When Santa Ana returned to Mexico, he sent 20 pounds of chicle to Adams. Adams flavored the chicle and sold it. This was the beginning of the industry that has grown to such huge proportions.

## Town Council Makes Important Decision

A decision of importance was reached recently by the town council when meeting with representatives of the Volunteer Fire Department, it was decided not to install a fire signal in the local telephone office.

In a recent issue of the News it was suggested that the town council should make necessary arrangements to have fire signals sent out direct from the local telephone office.

Upon interviewing the chief of the local fire department we found much to our surprise that it was his opinion that the council felt the expense was not justified. This is a thing which we cannot understand. We well remember when the present fire truck was purchased some years ago. Many farmers contributed \$25.00 each in order to make the purchase of the truck possible. It was represented that those who gave \$25 would receive the use of the truck, if and when needed. To save a farm building the farmer must have quick service.

It has been demonstrated many times that organization and time are the two important things in fighting a fire.

There is no better thing for which the tax-payer's money can be spent than in protection from fire. The tax-payer has as much right to expect public officials to protect his property from fire as to protect his home from thieves or his car from road hazards.

It is singular that when neighboring towns, such as Milford, Bourbon, Akron, Rochester and Burket see the advisability of a central signalling system and up to date fire protection, our town should lag behind.

We believe firmly that people should be taxed no more than is necessary. Also that the tax money should not be spent foolishly. But we do feel that it is foolish not to spend some of the tax-payer's money in order that his property may be saved from fire.

It is a deplorable condition when the householder discovers his property on fire in early morning and turns

in the alarm to central, that central must call someone by phone, and perhaps three or four times before the phone is answered; and someone must get out of bed, put on his clothes and run to the fire station to blow the siren to summon the fire-fighters who have no phone.

The decision is of importance. Why? Because it is a decision pointing to the past, not to the future. It reflects contentment, a dangerous thing to any town.

## NICA Employs New Bookkeeper

With the promotion of Everett Rathfon to the position of General Manager of the NICA it became necessary to employ a new bookkeeper. After careful consideration of the applications the board decided to employ Raymond Bare of Milford. Mr. Bare began work March 9, and with his family is now living in the Broda Clark Apartment.

We would suggest that customers who have business in the main office introduce themselves to Mr. Bare and in this way help him get acquainted with those with whom the NICA has transactions.

As Mr. Bare becomes more familiar with the book work, Mr. Rathfon will take over more supervisory duties around the plant.

## NEW TYDOL STATION OPENED

Last week Raymond Hudson reopened the filling station at the local Ford Garage. Raymond will sell Tydol and Tidex gasoline and Veedol and Tydol motor oils.

Motorists are rapidly discovering that Tydol gasoline and Veedol motor oil are among the best, if not the best fuel and oil ever to be sold in Mentone.

Aside from the fact that the NICA sells Raymond his products, the News wishes him a lot of good luck and business. Raymond is in business for himself and we feel sure his many friends will help him to success by giving him their business.

## Former Local Boy Visits Old Friends

On a recent evening, Everard "Bumps" Ralston was in Mentone chatting with old friends. Altho having not lived here for many years, many people will remember "Bumps." He acquired the name when a lad due to the fact that in playing games he could take more hard bumps than any of the other boys and always came up smiling.

It appears that Everard is now employed by a chain of hotels as interior decorator, superintending the decorating work, employing the men, etc.

We recall that years ago "Bumps" started a course in art work. At the time of or following the world war he painted the large war picture which now hang in the local post office.

The old "gang" has scattered to the four winds, some to the great beyond but those that remain are glad to know that "Bumps" is making good in his chosen profession.

What a grand reunion it would be to have all the Mentone High old timers get together, compare notes and swap stories, between mouthfuls of a delicious banquet, following the activities of a busy old fashioned Home-Coming Day.

This idea having been suggested to us we cannot help but give it space in the News and hope that someone will start the movement.

Wanted: Housekeeper for general housework at once. Granville Horn, Mentone. Phone 3-173.

For Sale: the Henry J. Hartman property in Mentone. See Mahlon Mentzer.

## CALF KICKS DOCTOR'S CALF

Upon inquiring from one of Dr. Anderson's neighbors as to why the doctor had been limping recently it developed that it was from a calf kick.

It seems that a local dairy had some dehorning of young heifers done one day last week. It appears that during the night following there

was danger of one of the animals bleeding to death. Dr. Anderson was summoned and according to report bound said animal and proceeded to tie up the arteries, etc. But in the transaction the calf seemed not to grasp the seriousness of its condition and floundering around got its feet free and kicked the doctor. From the way the doctor was limping the following day it appeared to us that the calf had kicked the doctor's calf.

## WEDDING

RATHFON—HUNTER

A pretty wedding occurred Sunday March 15, at 2 p. m. when Everett Rathfon, son of Mr. and Mrs. Elmer Rathfon and Annabelle Hunter daughter of Mr. and Mrs. Lloyd Hunter, of Peru, were united in marriage at the home of the groom's parents by the Rev. Davison, of Bethlehem.

With Lois Busenburg at the piano, playing Postlude Pomposa the bridal couple approached the marriage altar, which was banked with beautiful flowers, where Rev. Davison waited to receive them.

The bride attired in blue carried a large bouquet of Briar Cliffe roses, and had as her bridesmaid her sister, Irene Hunter. Arthur Brown as best man attended the groom. Little Maxine Haimbaugh preceded the party as ring bearer.

After the vows were read and pledged in a single ring ceremony the wedding dinner was served to forty guests.

Mr. Rathfon is now general manager of the Northern Indiana Co-operative Association, and enjoys a wide acquaintance and a host of friends. Mrs. Rathfon for the past few years has made her home with Mr. and Mrs. William Deamer, and is quite well and favorably known. Both the bride and groom are graduates of the Talma High School. Mr. Rathfon is also a graduate of the South Bend School of Commerce.

At this time we are unable to say just where the young couple intend to make their home, but wherever that may be the News and all the boys at the mill wish them lots of good fortune and happiness.

**THE FARMERS MILL**

**MR. BUYER:**

**Will you Read the Items in the Space Below? It May be a Help to You.**

Some good reasons why Banner Chick Starter, Banner Chick Grower, Banner Egg Mash have held a High place in the minds of good poultrymen for so many years.

First of all each and every ingredient is carefully selected for each complete Banner Feed for quality regardless of price.

Each Banner Feed is made over formulas that have been made up by poultrymen who have enough experience to know what it takes to make a feed that will give the best of results for the lowest possible cost.

Banner Feed formula's are carefully filled when put into our mixer assuring you that your bag of feed purchased today will be the same as the one you purchased last week.

There is ample quantity of Nopco XX cod liver oil in each bag of Banner mash to take the place of Sunshine during cloudy days, the cold damp days too. There is enough Nopco XX cod liver oil to really do your poultry a lot of good.

Banner Feeds are never old stock on our warehouse floors. Our Mixer is running almost continuously each and every day in the week. Our huge sales of Banner Poultry, Hog, and Dairy Feeds is your assurance of getting fresh feed at all times.

There is a difference in Feed stuffs you buy. We know that you and your neighbor know as well as anyone the difference to be found in many of the feeds you buy for your farm needs. It is our business to buy the very best feed stuff for you and give you the right prices. You can be sure of getting value for every dollar spent in our Mill.

We have feed stuffs of the right quality to fill your order at anytime.

Your poultry flocks at this time of year need your best attention in guarding against Colds, Roup and other ailments.

We have many remedies in which to combat these poultry diseases that are bound to take the extra profits from your flocks if not taken care of in time. There is a remedy to take care of the special trouble you may have. See us about it before you discard what may be layer that is in bad health and can be saved.

Clean Brooder Houses is the best insurance against diseases and also the cheapest. Disinfectants of good quality is the sure and quickest ways of ridding your houses of many diseases that can be killed before they kill your poultry and live stock. When in our Mill office ask about the Disinfectant you should use in your particular case.

Poultry Supplies such as Water Founts, Chick Feeders, Wire Egg Baskets, Egg Cleaners, Brooder Stoves, (Coal, Electric and Oil), Lamps for Water Founts, Egg Scales, Leg Bands, Peat Moss Litter, and many other items.

Our Custom Grinding and Mixing service is one service that is sure to please you. Whether you call your order in or come in yourself you are sure of getting your formula filled as you want it filled. ## PERSONALS

Clayton Clutter who has been in a serious condition at the Woodlawn hospital as a result of the extraction of an ulcerated tooth, is reported as better and reasonably out of danger.

Ed Halterman moved last week to the Dessie Blue property on South Franklin street, where he and his wife will make their future home. Chauncey Tucker a son-in-law assisted in the moving.

Mrs. A. E. Eberly returned to Mentone for a few days last week. From here Mrs. Eberly went to Wabash for a visit with a brother and family but will return later for a short time.

Choice Foods at Dillingham's.

It is reported that Everett Claybaugh has rented the Whetstone property vacated by Ed Halterman and will move there as soon as weather conditions permit.

Ed Hickman and Ira Campbell transacted business in Ft. Wayne last Wednesday.

Betty Clark who has resided on Monroe street for several years has discontinued housekeeping and gone to live with her son.

It is reported that Tommy Blue is looking for another horse to take the place of the faithful animal which has so regularly carried Tommy and his farm produce to town. Our informant felt that Tommy intends to pension the present horse by turning it out to pasture.

Dillingham's, the store of courteous service.

Miss Maynie Malone who has been at the Oliver Teel home for the past few weeks returned Saturday, to her home in Marietta, Ohio.

## BIRTHS

A daughter was born Thursday evening to Mr. and Mrs. Ray Smith at their home at 311 South Washington St. The infant weighing eight and three-quarters pounds was named Jo Alane. Mr. Smith is a clerk of the county highway department.

Charles Junior, weighing nine and one quarter pounds, was born to Mr. and Mrs. Charles Eiler, at the Woodlawn hospital, Tuesday, March 10.

## Birthday Surprise

The old Shirey homestead, near Palestine was a scene of merriment Sunday night, March 8, when neighbors and friends surprised Mr. and Mrs. Earl Shirey and family. It was in honor of Mrs. Shirey's birthday.

Those present were: Mr. and Mrs. Floyd Blackwell and family, Mr. and Mrs. Hubert Shilling and family, Mr. and Mrs. Ed Shirey and family, Mr. and Mrs. Ivan Clark and son Karen, and Mr. and Mrs. Earl Shirey and family.

**Old and Rich Mining Center**  
Guanajuato, Mexico, is one of the oldest and richest mining centers on the North American continent, fantastically perched on a series of small hills. The little town has a fascinating history and its sumptuous "Teatro Juarez" reflects the tall tales of opulence and the splendor of Guanajuato's era of gold.

## "Feather in Your Cap"

The origin of the expression, "A feather in your cap," is an allusion to the very common custom in Asia and among the American Indians of adding a new feather to their head gear for every enemy slain.

## Teeth of Dog and Cat

The teeth of the dog and cat, arranged scissor-like in strong jaws, are designed to cut, not grind the food. Digestion takes place in the stomach.

## Crab Lives on Coconuts

One of the commonest creatures on the Keeling islands in the Indian ocean is a monstrous crab which lives on coconuts.

## DEATH TAKES MRS. TUCKER

Funeral Services Were Held at  
Burket U. B. Church.

Mrs. Katherine M. Tucker, aged 65, life-long resident of Burket, expired early Sunday morning, March 8th, at the home of her son, Royce Tucker, north of Mentone. Death followed an illness of the past six weeks.

The deceased was born in Palestine, December 15, 1870, the daughter of Mr. and Mrs. S. E. Hatfield.

Surviving relatives, besides the son, Royce Tucker, of near Mentone, are one sister, Mrs. Arden M. Kline of South Bend; one brother, Earl E. Hatfield of South Bend, and four grandchildren. Mrs. Hulda Hatfield of south of Burket is a sister-in-law of the deceased.

Funeral services were held Tuesday at 2 p. m. at the Burket United Brethren church. Burial was made in the Palestine cemetery.

## OBITUARY

Alwilda Artineus Kesler, daughter of Harrison and Hannah Kesler, was born May 18, 1867 near Talma, Indiana, and departed this life February 27, 1936, at the age of 69 years, 9 months and 11 days.

She was married to George T. Sockberger, October 13, 1887. To this union were born three daughters, namely Gail Zinn, of Etna Green, Madge Perry of Fort Wayne, and Lavera Horn, Mentone.

She was united in marriage to William J. Brown on April 29, 1903.

She united with the Christian church of Talma when a young girl. She has lived a devoted christian life. She was a kind wife and loving mother.

Beside her husband and daughters she leaves to mourn her departure two sisters; Mrs. Clark Ernsberger of Mentone and Mrs. Lyde Nellans of Plymouth. Two brothers Milo Kesler of Etna Green and Alex Kesler of Bourbon, and a host of relatives and friends. Our loss is her eternal gain.

## Has Major Operation.

Charles Personett of this place underwent a major abdominal operation Wednesday morning of last week, at the McDonald hospital, Warsaw. At this writing he is reported to be getting along nicely.

## Home of the Dodo

Mauritius, a British island to the east of Madagascar, was the home of the now extinct dodo, a large pigeon with rudimentary wings. Its passing led to the popular saying "As dead as the dodo."

FOR ECONOMICAL  
**CHEVROLET**  
TRANSPORTATION

**Every test proves it's more economical . . . Every Chevrolet owner knows it's more economical . . . And every person will readily understand these simple A-B-C reasons why it is more economical**

The Chevrolet engine is the most economical automobile engine produced today, because (1) it is a six-cylinder engine, and (2) it is a valve-in-head six-cylinder engine. . . . Its six cylinders use less gas and oil—in fact, use the least gas and oil—because six cylinders are the most economical combination used in modern automobiles. . . . Its valve-in-head design cuts gasoline consumption still lower because there is less loss of heat through the walls of the combustion chamber in valve-in-head engines, and the advanced construction of the Chevrolet engine gives maximum heat (or power) saving. . . . Most important of all, Chevrolet's more efficient cooling system, pressure stream oiling and the greater accessibility of all working parts result in more dependable operation, over a longer period of time, with the lowest maintenance costs.

## OPINION

### A Winner Needs No Excuse

With the elimination of our local basket ball team from further competition this season we are led to observe that the winner needs no excuse. In the last tourney in which our boys can play this year, Warsaw won the honors. It has been some time since Warsaw has had that distinction and for once Warsaw needed no excuse, for Warsaw was a winner. But in every contest it seems that the loser can see some reason why he did not win. At times these claims are justified. But if justified they do no more than ease a troubled or disturbed mind or conscience. Our local boys took their defeat at the hands of Milford in fine spirit. That surely is to be commended.

In the game of business we often find the same condition. Excuses or complaints are made but rarely by the winner for a winner needs no excuse. If one merchant's name is Brown and another's name is Green, and Green is continually howling about Brown, it shouldn't take a lawyer from Philadelphia to figure out who is getting the business. A Winner Needs No Excuse, and incidentally the fewer the excuses the sooner the winner.

### Statues Wear Bonnets

In many French churches the people cover the heads of statues with little bonnets. These hats follow the style of those of the province the church is in, and are changed each year on the saint's day.

### Slave Trad

In the days when the Spanish were masters of the slave-raiding business of Africa, whole families of the natives of the Guinea coast would commit suicide together rather than fall into the hands of the Spanish

### Conservation Taught by Indians

Game refuges where only a limited number of animals could be killed were established by Indians of Kentucky 200 years ago. Science Service states. The Indians called these areas "beloved bear grounds."

### Egg-Eating Cow

An egg-eating cow is the pride of Kougha, a little town in Cape Province, South Africa. All day long it forages around the native huts looking for eggs, shell and all. Hens which offer opposition do so at risk of their lives. Recently a hen sat defiant on her eggs—and the cow, becoming angry, ate her, and then finished off the eggs in the usual way.

### Trap Reveals Gold Reef

A game trap has been the means of disclosing a virgin gold reef of extensive width and high values near the well-known Pickstone mine at Gatooma, South Africa. The trap was poorly constructed by natives and when one of the posts was pulled out it revealed the reef, although no outcrop was visible on the surface.

### "Sausage Bridge"

A new bridge in Bernau, near Berlin, has been opened. It was solemnly christened "Sausage Bridge." This was because a neighboring sausage manufacturer would only contribute to the building costs if the authorities guaranteed that his noble trade should be perpetuated in the stonework.

### Imaginary Vengeance

"Are you interested in pugilism?" "Yes," answered Miss Cayenne. "When one man beats another up I rejoice. He is usually of the type that might easily have become a wife beater."

### Rough Business

"That man's business over there is on the rocks." "Really! What does he do?" "He builds lighthouses."—Answers Magazine.

## Gets the Crowd

Frank N. Watson, as director of promotion, has the task of informing the public the Texas Centennial Exposition will be in Dallas June 6 to Nov. 29. Apparently it is a task already well done for travel agencies set attendance at 12 million.

## Get the right finish for your Linoleum!

Keeping your kitchen and bathroom linoleum in good condition all the time is an easy task, provided you have the right finish for the particular linoleum, and the proper instructions for applying it. We have both for you and will welcome an opportunity to show them . . . to help you make your linoleum last longer, look better, and always be easy to clean.

**New!**

### O'BRIEN'S LINOLEUM LACQUER

The ideal finish for inlaid linoleum. This lacquer is of a new type, heavier in body, longer wearing and so perfectly clear that it will not discolor the palest linoleum pattern. Easy to apply, dries hard in 30 minutes. A quart covers a 10 x 12 kitchen.

**85c**  
per quart

**New!**

### O'BRIEN'S LINOLEUM VARNISH

The ideal finish for printed linoleum or inlaid linoleum which has been previously varnished. Extra, extra pale in color, full bodied, long wearing, waterproof, dries hard in 4 hours and is very easy to apply. Covers 600 sq. ft. per gallon.

**85c**  
per quart

Mentone.

### Early Radio-Telephone

Experimental broadcasting by radio-telephone was conducted as early as 1914. The first station to broadcast on regular schedules is usually stated to have been KDKA of Pittsburgh, in 1921. Home receiving sets were placed on the market in that year.

### Originated Idea of Ambulances

Dr. Edward Barry Dalton, graduate of the College of Physicians and Surgeons, New York, became in March, 1866, the first sanitary superintendent of the New York city health board. In 1869 he originated the city ambulance system, the first in any city.

### Yellowstone, U. S. Reservation

Yellowstone National park is a United States government reservation. Independent of county organizations in all the three states in which it lies.

### Origin of Game "Knucklebones"

The origin of the ancient game of "knucklebones," or jackstones, is closely connected with that of dice, of which it is probably a primitive form, and is doubtless Asiatic.

### One Steel Alloy Grows Harder

One of the steel alloys gets harder and tougher as it takes the blows and stresses of service.

## LADIES AID

The Ladies Aid of the Palestine Christian church met at the home of Agnes Sirguy on Thursday, March 12. The day was spent in quilting and piecing a quilt. There was a good attendance in spite of the snow and weather.

After partaking of a cooperative dinner the ladies took up their missionary work which has proved very interesting and beneficial during the past year. Mary Huffer acted as leader and the meeting was enjoyed by all.

Those present were: Ella Stickler and son Karen, Marguerite Huffer, Bell Morrison, Naomi See and Elanore, Carolyn and Warren, Lucile Fisher and daughter Valaria, Hulda Guy, Nettie Bowser, Ethel Rush, Mary Huffer, Elizabeth Longacre, Nora Huffer, Hattie Clark, Edna Mahoney, two guests, Edna Jones and Evelyn Shilling, Maude Clark and the hostess Agnes Sirguy.

The Aid will hold their next meeting at the Christian church on the second Thursday of April.

## LITERARY CLUB

Mrs. Fern Carter was a pleasing hostess to the Mentone Literary Club Wednesday evening, March 11. Interesting papers were read by Edna Burns and Orpha Blue. Ottie Walburn discussed Current Events and Isabel Johns gave a reading.

Delicious refreshments were served to the following: Ottie Walburn, Edna Burns, Orpha Blue, Isabel Johns, Frances Clark, Dora Taylor, Lois Fenstermaker, Alice Weisert, Mary Boggs and hostess Fern Carter.

## SALESMEN WANTED

## The Rings of Saturn

The rings of Saturn spin around the planet rapidly. It is believed that they consist of a swarm of separate particles, each following its own independent orbit. By means of a spectroscope the velocity of any point of the ring has been determined and it has been found that particles on the inner edge of the ring revolve about the planet in approximately five hours, while those on the outer edge require about 14 hours for one revolution.

## The Klipspringer

Gold-spangled coloring, thick hair and rounded hoofs characterize the klipspringer, a small African mountain antelope ranging from the cape through East Africa to Somaliland and Ethiopia.

### Foods Containing Vitamin A

Foods containing vitamin A are milk, cream and butter, beans, carrots, lettuce, peas, spinach, potatoes, onions, egg yolks, meat, fruits, cod liver oil. Vitamin A is very widely distributed in nature.

### That Rich Fellow

"De man who gits rich enough to retire 'um work," said Uncle Eben, "looks to me like he had to look around for amusement almost as industrious as if he was huntin' a job."

### Elephant Ranks Next to Ape

Scientists agree that the elephant ranks next to the anthropoid ape, which is first among animals displaying good mental powers.

## One Ton of Prize Horseflesh

The first exhibit to reach the Texas Centennial Exposition lot at Dallas were the six international champion Clydesdale draft horses of Thomas E. Wilson, Chicago packer. Above, Ranagerette Frances Nalle is shown with King, largest of the six, weighing more than 2,400 pounds. The horses now are on a 10,000 mile tour of the Southwest.

Rangerette Frances Nalle is shown with King, largest of the six, weighing more than 2,400 pounds. The horses now are on a 10,000 mile tour of the Southwest.

## Producer to Consumer.

### Same Old Story.

Quite recently a buyer for one of the large New York egg firms was in town, and in the discussion of the egg situation brought out the fact that altho there was a shortage of over 400,000 cases last year over the year before, there was in reality a surplus of eggs.

The reason for this, he stated was a high retail price brought on by over-payment to the farmer for eggs put in storage. When the price to the consumer advanced, it drove the consumer to use other foods. Along with this was the high price of pork which is the companion food of eggs.

He further recalled that before one can sell he must have a buyer. When the buyer stopped because of high prices the unsold eggs actually became a surplus. To unload the surplus it was necessary to sell for less than cost. So many high priced eggs were sold in this way that throughout the United States the storage men lost \$15,000,000.

We were somehow led to believe that the man between the producer

and consumer intends to take his pay whether or not he gets it. Which leads one to think that if the consumer will not or cannot pay high prices then the producer will have to take less. We gathered from what the gentleman said that the age old problem of the relation of the producer to the consumer was still a question for discussion with probably the same conclusion, that the producer eventually foots the bill.

### River Jordan Muddy

The River Jordan in Palestine, Christianity's most sacred stream since the day when the first Christian baptism took place in it, is a muddy, narrow and unnavigable little river, running through a wilderness that, as far as is known, has never nurtured one important town.—Collier's Weekly.

### Odd Rubber Curing

African natives after rubber used to have a simple but unique way of collecting it. They would smear the sticky fluid from the trees over their naked bodies and leave the rubber there to dry.

### Old Indian Tradition

The Indians about Niagara have a tradition that the falls demand two human sacrifices every year.

## TO ADVERTISERS

The Co-Op. News is an effort on the part of the Northern Indiana Co-operative Association to have a medium through which the association may reach customers and provide customers. It is published first and third Wednesdays of each calendar month. It carries news items, articles and advertising. At the present time, as in the past, it is furnished and delivered free to almost 900 homes.

To advertisers we wish to say that regardless of the fact that your business may be in direct competition with the association, if the Co-Op. News can be of service in advertising your business we would like for you to feel free to use the columns of the News for advertising.

It is not the purpose of the Northern Indiana Co-Operative Association to wreck anyone's business. Rather it is trying to perform a service well for those who care for that service. As evidence that people do appreciate the service, the association did a quarter million dollars worth of business in 1935.

There is no reason why some of the business going to outside towns cannot be obtained for our local business houses, and the News is a medium and soul in making Mentone a trading center.

So, if you would like to advertise in the News please feel free to do so. If you have specials or "scoop" prices on items which the Northern Indiana Co-Operative Association handles, we guarantee that they will be confidential with us until after publication, and that as publishers we will take no advantage of such knowledge or confidence.

### Colorful Facts

In ancient Rome the color of a woman's hair indicated her rank, notes a writer in the Washington Star. Women of the noble classes tinted their hair red; those of the middle classes colored their hair yellow; while women of the poorer classes were compelled by special edict to tint their hair black. . . . Queen Elizabeth was famous for her beautiful hair, which she tinted a brilliant golden red. . . . In the Fifteenth century in France it was considered the height of fashion for women to color half their hair red, the other half blue. . . . Widows of Papua tinted their hair white as a sign of mourning.

### Malta

After 1530 Malta was an independent state, until seized by Napoleon in 1798. For the next two years it was blockaded by the British fleet, aided by the Maltese, and was then occupied by Britain until the treaty of Paris in 1814, when it was finally annexed to the British crown.
