**COOPERATIVE ASSOCIATION  
HOLDS ANNUAL MEETING**

**\$25,442.72 In Interest on Stock and  
Patronage Savings Credited**

The annual stockholders' meeting of the Northern Indiana Cooperative Association was held at the Mentone school Monday afternoon with 140 of the stockholders present in person.

The financial statement read by the manager, Ed. Ward, showed that the total patrons' purchases for the year 1951 amounted to \$1,096,118.93, in all departments. The net margin on operations was \$25,442.72. Of this amount \$10,992.00 was paid as interest on stockholders and the balance of \$14,450.72 was left for distribution as refunds to the patrons. (As has been the custom, patrons who do not own at least one share of stock have their savings retained toward the purchase of one share of stock.)

The financial statement further showed the total assets of the association to be \$331,843.90, and the net worth as \$180,702.55.

**Directors Elected**

Leroy Norris and Frank Nellans were named as the two directors to serve for a period of three years.

A nominating committee of five men had nominated four men as candidates and ballots had been mailed to all the stockholders of the association. Those who were unable to come to the meeting were afforded the privilege of voting by mail for two of the four candidates, or write in the names of men whom they would like to have as their directors. A total of 207 stockholders voted by mail and the letters were not opened for tabulation until the meeting. Chairman Raymond Lash extended an opportunity for further nominations by the stockholders present at Monday's meeting and O. B. Deaton was nominated as a candidate.

The voting by the 140 stockholders present resulted in the following:

Frank Nellans 86.  
Leroy Norris 72.  
O. B. Deaton 44.  
Carrol Eller 39.  
Chester Christian 35.

The 207 mail ballots tabulated resulted in the following (Last figure on

**MRS. WILLIAM NYE DIES**

Mrs. William Nye, well known county resident, died at 8:30 Wednesday morning at the Murphy Medical Center at Warsaw where she was admitted on Sunday after suffering a stroke at her home in Warsaw.

A native of Mentone, Mrs. Nye was formerly Cloe Eddinger, daughter of Elmer and Rose (Hire) Eddinger and a sister of Mrs. A. I. Nelson, Mentone. Since her marriage Oct. 8, 1919, to William Nye, she had resided in Warsaw. She was a member of the Mentone Baptist Church and the Warsaw chapter of the Eastern Star.

In addition to the sister at Mentone, Mrs. Nye leaves her husband, two nieces and a nephew.

Funeral services will be held at 3:30 p. m. Friday at the Bibler funeral home in Warsaw with Rev. Milton Dowden, of Mentone, officiating. Burial will be in the Oakwood cemetery. Friends will be received at the funeral home after 1 p. m. Thursday.

**COURT HOUSE OPEN NOONS**

County residents will be pleased to learn that the county officials at Warsaw have voted to keep the county offices open during the noon hours. For some time the offices were closed one hour during noon.

**CHAUNCEY M. WARNER**

Graveside funeral services were conducted by Rev. Gosser on February 18, 1952 in Mentone for Chauncey M. Warner, 79 years old, of Michigan City, Indiana.

Mr. Warner was the first 1952 traffic fatality in La Porte county. Mr. Warner died of a skull fracture when he was hit by an automobile.

Mr. Warner was a brother-in-law of Ray Dillingham of Mentone and Charles Dillingham of Plymouth.

Harold Nelson and Devon Eaton officiated at the sectional tournament at Mishawaka last week.

Bruce Pierce of the Tippecanoe Boat Co., has a new wrinkle in advertising. He's selling a brand new yachting cap for \$1400 and throwing in a nice 18-ft. sailboat.

Mr. and Mrs. Glen Rine, of Utica, Ohio, and three children called on Mr. and Mrs. George Dickey Sunday.

**WITH THE SICK**

The condition of Mrs. Estella Snyder at the Woodlawn hospital is slowly improving.

Mrs. Ervin Wagner was a medical patient at the Murphy Medical Center last Friday.

Mrs. Kyle Gibson is improving at her home after being a hospital patient for a number of days.

It seems that for every ill person mentioned in the paper there are at least a half dozen we don't know about. Nearly every home has been touched by some virus or "bug" and we will be happy to see warm weather and spring sunshine come.

Mrs. Fawn Janke and David Lee Janke, son of Mr. and Mrs. Bud Janke, have been quite ill with influenza.

**AWARDED GIFTS AT MEETING**

Eighteen awards were distributed at the Cooperative stockholders' meeting held Monday. Eldon Horn, Opal Tucker, Fred King, Orville Elzinger, A. D. Tossell, Steve Slaymaker, Gerald Clinker and Fred Rush were given \$1. Two dollar awards went to Ora Smith, Artie Miller, Raymond Weirick and Harry Sensibaugh. W. C. Kerche and Esther Sarber shared in the two \$3 awards. Zelda Lash received \$4, Rosella Ford \$6, S. S. Boggs \$8, and Dr. E. D. Anderson \$10.

**FORCE OF HABIT LOCKS  
HOUSEWIFE IN BASEMENT**

James Rodibaugh, our local attorney, was getting a lot of good-natured advice Tuesday evening whether it was needed or not. It seems the Rodibaughs, like most people with small children around the home, had provided safety features that included a screen-door latch on the doorway to the basement. Tuesday noon Mr. and Mrs. Rodibaugh were working in the basement and as Jim hurried off to work, he subconsciously followed the force of habit and latched the basement door.

Mrs. Rodibaugh demonstrated her ability to fully cope with the situation by crawling out a basement window. Your reporter wasn't informed, but it is a pretty safe guess that the telephone operator had a call to No. 11 soon after Mrs. Rodibaugh arrived upstairs.

**WALTERS**

Mr. and Mrs. Floyd Walters, of Rochester, Route 5, are the parents of a son, weighing eight pounds, four ounces, born Tuesday at the Murphy Medical Center.

**HOME FROM HOSPITAL**

Don Bunner returned home from the St. Joseph hospital, in Ft. Wayne, Sun. He had been a medical patient there for several days. His condition is improving.

### NEW CONTEST TO STIMULATE SOIL SAVING

A state-wide contest launched for the purpose of stimulating interest in the conservation of Indiana soil and proper land use is announced by the sponsors, The Indiana Farm Bureau, Inc., and the following affiliates: Indiana Farm Bureau Cooperative Association, Producers Marketing Association, Hoosier Farm Bureau Life Insurance Co. and the Farm Bureau Mutual Insurance Company.

"One of the major problems of the state and the nation is that of preserving the fertility of the soil," said President Hassli E. Schenck of the Indiana Farm Bureau in commenting on the contest. "The downfall of nations in the historic past has been due to the fact that they did not recognize the role of the soil in a nation's strength."

In sponsoring this contest we hope to arouse the people, farm and urban, to the need for and the means of averting a similar fate."

The contest will cover the achievements of the current calendar year. All entries must be made by December 1, 1952. Sponsoring officials point out that any soil conservation district entering the competition will do so knowing that no matter what district the judges recognize, each will have made a major contribution to the advancement of the cause of better and more food for future generations.

Score sheets may be obtained from the county agricultural agent, the soil conservation district supervisor, or the Farm Bureau. As the score sheet is outlined five areas of activity will be considered.

These areas are: administration, speeding the present and future work,

conservation planning, conservation accomplishments on the land, and program development and plan of undertaking. Under administrative scoring, the sponsors have listed inter-district cooperation such as tours, state and area meetings, and the development of new and effective techniques.

The score sheet gives points for field days, air lifts, window displays, advertisements, full community participation by both youth and adult groups.

Under planning, districts will be awarded individual applications for farm plans, organization of neighborhood groups, complete farm conservation plans approved and signed during the contest period, use of equipment, cooperation with business enterprises for flood control, road right-of-way planning for the benefit of both highway maintenance and the adjoining farm land.

Under actual accomplishments of the land under conservation practices, the score sheet rewards contour cultivation, wind and contour strip cropping, ter-

acing, grass waterways, farm ponds, tile drainage, open ditch drainage, cover crops, and so forth.

The district programs will be evaluated and score sheets signed by the soil conservation district boards. Decision of the judges will be made on or before March 1, 1953; and awards will be presented to first, second and third winning districts at a banquet at which the supervisors, P. M. A. chairman, county agent, farm planner, and representatives of cooperating agencies will be guests of the Farm Bureau. This banquet will be held during Soil Conservation Week in April next year. This contest has been approved by the state soil conservation committee of which Anson Thomas of the I. F. B. staff is a member.

### CONSERVATION SETS PUBLIC HEARINGS FOR MARCH 13

Public hearings on three matters vital to conservationists in Indiana will be held in the executive offices of Kenneth M. Kunkel, Director of the Indiana Department of Conservation, 311 West Washington Street, March 13.

At 10 a. m. consideration of a Director's Discretionary order to close Fall Creek in parts of Madison County will be discussed as will continuation or discontinuation on year-around plan fishing in the state.

At 11 a. m. discretionary action which would disallow the taking of minnows from all trout streams in the state at any time will be taken.

During the summer, pollution of Fall Creek in Madison county was brought about by the dumping of a certain acid into the stream. The result was thousands of dead fish.

The Hardy Manufacturing Company, Pendleton, who accidentally brought this about, voluntarily agreed to re-stock the stream with 1,000 large mouth bass of breeding size. This has been done and to insure the safety of these fish the Conservation Department wishes to close the streams to all types of fishing in the area mentioned until the spawning season ends. This action would close it as of April 1 to and including June 15, of this year. That section of Fall Creek which the depart-

ment proposes to close in Madison county is located south of the bridge across the creek in the City of Pendleton on State Road 38 and north and east of the bridge across Fall Creek on State Road 13.

The matter of a year-around open season for the taking of pan fish is one in which the Director and Assistant Director or the Director of the Division of Fish and Game may decide by discretionary order whether the same is to be kept in effect for the ensuing year. In the event at the hearing it is decided to change or not change the order it will go into effect as of April 30.

Discussion of the continuation of a discretionary order making it illegal to take minnows by a device such as traps, dip nets or minnow seines in streams designated as trout streams will be discussed at length following the other two hearings. The reason for this order of course is to prevent the taking of fingerling trout which are prevalent in these streams and also to preserve the supply of creek minnows for trout food.

## SCHOOL NEWS

### Basketball Season Ends

The basketball season officially ended for the high school teams when the Mentone Bulldogs failed to survive the first round of the Sectional tournament at Warsaw. Syracuse defeated our boys in a poorly played contest, 65-49. The first team ended the season with seven wins and fourteen losses. The second

team managed eight wins and ten defeats.

The Mentone Junior High team enters the second round of the Kosciusko County Tourney by virtue of a 63-21 win over Silver Lake at Mentone on Monday evening. The Mentone boys will tangle with the strong Warsaw team at Warsaw this Friday evening at 8:00.

### Tickets Limited

A number of patrons have asked about the supply of regional, super-regional, and state tourney tickets. Mentone will receive 12 tickets for the regional, 12 for the super-regional, and five for the state. These tickets will be allotted to the players, yell leaders, student managers, and teachers who have helped with the games this year. No tickets are available for sale outside the school.

As the basketball season closes, the school wishes to thank all those who have remained loyal during the season.

### Enrollment Up

Shirley Ann Walton enrolled in the ninth grade at Mentone on Tuesday. Shirley Ann formerly attended Roann High School. The High School enrollment now has reached 122. They are divided as follows: Seniors—26; Juniors—29; Sophomores—29 and Freshmen—38. There are 41 eighth graders and 33 seventh graders. Ronald Walton has enrolled in the fifth grade. Linda Perrin has entered the third grade at Mentone.

### Speech Club to Broadcast

The radio program over WKAM at 11:30 this Saturday will consist of a radio play, "Mildred is My Name," presented by four members of the Speech Club. David Gosser will announce the program. About twenty students have indicated their intentions to enter the Speech Festival at Warsaw on April 4th. The speech work is open to any high school pupil as an extra-curricular activity.

Ninety-two students have entered the "21" tourney in the gymnasium during noon hours. A ping pong tourney has also started. Both of these activities are under the direction of Mr. Burt.

### Attendance Still Down. Some

Attendance is somewhat better than during recent weeks although several remain at home with the effects of the flu. Attendance percentages for the high school for the last six weeks were: 7th—98.9%; 8th—93.2%; 9th—10th—95.7%; and 11th—12th—96.8%.

Mrs. Tombaugh was absent from school on Monday and Tuesday. Mrs. Fenstermaker and Mrs. McSherry substituted. Mrs. Van Gilder was absent on Tuesday. Mrs. McKinley taught that day.

### FHA Monday evening

The FHA will hold its regular monthly meeting this coming Monday evening from 7:00-9:00 at the school.

### Grade Cards!

Grade cards were distributed on

Wednesday evening. The grading period ended last Thursday.

The School Advisory Council met at the school on Tuesday evening.

### METHODIST NEWS

Due to the flu epidemic and a recent change in program, there will not be a University of Life Program this Sunday evening, but the next one will be on March 16th, when a group of students from Depauw University will take charge of the morning and evening service. The serving committee for this Sunday evening will instead prepare the supper for the 16th. These students, so highly recommended by the university, will give their interpretations of the theme thus far carried out of "Christ In the World About Us."

The heating system repairs that are underway will not interfere with the usual schedule. All weekly activities will go on as usual.

Just as our speakers have emphasized the Lenten season, your pastor, also, would encourage new spiritual growth by emphasizing daily devotions and prayer as our thoughts turn toward the Easter season.

# HAVE WINNERS — LOSERS PARTY

One of the most enjoyable events of the Country Neighbors Home Economics club was the Winner — Loser Party held at the home of Mrs. Sam Norris.

During the past few weeks the winners had received several cards with various letters underlined. When the final card was received, it disclosed that the underlined letters spelled the password that the winners must use if they wished to attend the party. They were also informed to come in a gay ninety costume.

On Monday evening, February 25th, the winners met at the home of Mrs. Leroy Norris. They were dressed in everything from bathing suits to dancing gowns.

At 6:15 Sam called for us with his Allis-Chalmers tractor and a wagon loaded with round bales of hay. This proved very exciting, because as you rounded the corner you expected to slide due to the round bales.

Upon reaching the scene of the party we were welcomed at the door by the losers, who were dressed quite differently, since they had decided to dress in the styles that had been worn in the twenties.

The dining room table was beautifully decorated in keeping with Washington's birthday.

A cherry tree centered the table with candles on either end. The nut cups were red, white and blue, and the name cards represented Uncle Sam's hat.

Following the delicious three course dinner, the losers presented two plays, "The Nonsense School" and a "Min-strel Show."

Door prizes were received by Isabelle Peterson and Elnora Craig.

Each winner was presented with a hosiery box.

All departed at a late hour expressing their thanks for such an enjoyable occasion.

Rev. David P. Gosser was the speaker for the North Webster Lions Club Farmer's Night Program this week. The program was a chalk talk.

## J. O. Y. CIRCLE MEETS

The J. O. Y. Circle met on Tuesday afternoon with Mrs. Charles Manwaring. Mrs. Lois Davison presided over the business meeting. A social hour followed with refreshments served by the hostess. Miss Lucy Gosser was a guest.

The April meeting will be April 8th at the Church, with a sack lunch at noon.

## LOCAL NEWS

Mrs. Fawn Janke, Mr. and Mrs. Junior Fore and sons, Mrs. Sharlene Bolce and daughter, Sheryl, were guests of Mrs. Ella Latham at dinner Wednesday.

Devone Jones and his mother, Mrs. Vernon Jones, went to Fort Wayne on Wednesday to see Nina Jones at the Lutheran hospital, where she is taking treatments.

Just Arrived! A new shipment of decorative pieces in china and pottery, on display at Brown's Jewelry and Appliance store. Also, many other gifts for that wedding, shower, birthday or club gift which you need to get.

Mr. and Mrs. Dell Beavell drove to Lebanon Sunday where they attended the funeral of a nephew, Roy McMellen, on Monday. Mr. McMellen, who had been in the life insurance business for the past 18 years, died suddenly on Friday, of a heart attack. The Beavells returned home Monday night.

Mrs. Elwin Teel and daughter returned home from Woodlawn hospital on February 29. Mrs. Teel submitted to major surgery on February 25th and at this writing is able to be up a little each day.

Guests this week at the Rev. David Gosser home are Mrs. Gosser's sister and family, Mr. and Mrs. Clifford E. Singo and daughter, Linda Sue, and Mrs. Lucy Gosser, Rev. Gosser's sister, from Delmont, Pennsylvania.

Now is the time to come to Brown's in Mentone and select that new floor tiling which you have wanted for so long. Either in Asphalt, linolium, rubber or Kork. Free estimates given; also a wide range of colors from which to select.

Mr. and Mrs. Hobart Stiffler called on Mrs. Vernon Jones on Tuesday.

Mr. and Mrs. Claude Gates, of Mentone, and Mr. and Mrs. Mahlon Rickel, of Claypool, have recently returned from a vacation trip to Florida. They visited Mr. and Mrs. Paul Newcomb, at Ft. Lauderdale. They had a fine trip in spite of the fact that Claude had a severe attack of asthma, while there, and is still suffering from it.

## CARD OF THANKS

I wish to thank my friends and neighbors for the lovely cards, letters and potted plants sent to me, here at the hospital. Every act of kindness is deeply appreciated and may the Lord bless each one of you is my prayer.

**BAPTIST NEWS**

Last Sunday attendance was off almost 50 in all services because of sickness. Plans are being completed for the "Win-My-Chum" campaign to be held April 13-20 with Evangelist George Long of Elkhart, Indiana.

Dr. Jon Rouch and family are now in French Equatorial Africa and the hospital, to be set up there, will be the work of the Doctor. There will be three doctors working in the same hospital.

Miss Ella Croft is back on her field in Nigeria, West Africa. The Ladies Missionary Society helped her sew her outfit before going back in December.

A week ago Sunday, the pastor gave the Right Hand of Fellowship to ten new members. Last Sunday night six were baptised in the evening services.

The pastor is now in the process of having shots and passport pictures taken in preparation for the flying trip to the Holy Land next summer.

The Advisory Board met and voted to cooperate with the "Go-To-Church" movement on March 30th. Mr. LeRoy Norris was chosen as the chairman to represent the church in the county-wide group that will do the calling. Later others of the church will help in the calling. Last year about 15 men helped with this effort.

Mr. Lester Baker and his men from Elna Green are working each day on the interior decorating of the church. By next Sunday the work should be pretty well done. The whole interior will be much lighter than it has been before.

Malcolm Long is home waiting for his call to Cadet Pilot Training in the Air Force. In 1931 the pastor began the same training but washed out at the end of the primary phase of the training. Bobby Herendeen has completed this rugged course of training and we all hope that Malcolm will be able to finish it also. Roscoe Davis went back to his field last Sunday morning. Word

has been received recently that Cpl. Dick Boganwright will soon be up for rotation back to the states. We will be glad when they can all be "rotated" home again.

Japan while Cpl. Boganwright was spending five days rest and recuperation from the front lines of Korea in a rest hotel in Tokyo.

**CARD OF THANKS**

I wish to thank my neighbors and friends for the many cards and letters, words of encouragement and comfort sent me during my stay at South Bend hospital. Also for the many beautiful birthday cards, and floral gifts on my birthday and most of all those who donated blood. Sincerely

**GROCER'S BUSINESS UP \$100,000 IN '51; TAX MAN GETS HIM**  
(Here's the sort of story we are going to hear more frequently as time goes on. —Editor.)

Raymond, Wash., Mar. 1, (INS)—A food store that showed a \$100,000 increase in business in a year is going out of business because of taxes.

Lapinski's grocery at Raymond, opened a clearance sale with an advertisement in the weekly Raymond Harold, declaring:

"Business has increased \$100,000 over last year. When the tax man figured out the amount I owe the government, here is what he told me:

"I hit the 60 per cent bracket, which means for every dollar in profit, I have to pay an income tax of 60 cents. This means I have to pay \$20,000 more for the year 1951. Then on top of this I have to pay a penalty for not estimating correctly the \$100,000 increase in business.

"For every day of the year, including Sundays and holidays, my income tax for 1951 averaged \$52.

"That's not all. The state of Washington received from me for 1951 a total of \$1,089.79. The state calls it an excise tax. Do not confuse it with the sales tax.

"With such a tax load, I am not able to accumulate any reserve for unforeseen emergencies, and there is no incentive to be in business any longer."

Soldiers who are visiting or have been recent visitors at home are Roscoe Davis, Vern Weiger, Malcolm Long and Ted Peterson.

## TIMELY TOPICS

By Mrs. Ruth R. Snellenberger  
Home Demonstration Agent

To continue about 4-H Club work I would like to emphasize the importance of completion after enrollment is made. Signing an enrollment card by a 4-H member with approval signatures of the parent and the leader can be likened unto a promise. Each of the three persons has a responsibility but the greatest responsibility should be with the member. I believe most parents and leaders will agree that encouragement from them is important. It is hoped that each will share with this responsibility.

It is the unusual situation when the cooperation of parents and members does not occur, but sometimes this cooperation is easier if the parents are informed. So my thought in commenting about 4-H work in this column was to help inform parents and adults.

.....

To complete a project after enrollment a member is required to do the

prescribed work requirements for the project division in which he or she is enrolled, to complete the record book for it and to exhibit the prescribed article at the time arranged for having it judged. In addition, a member is encouraged to attend all club meetings possible, to participate in a demonstration, and to judge his or her preparations.

If a study is made of work requirements, one would learn that those things which boys and girls would normally do to help at home are listed. In other words the work required is practical, everyday activities. In a few instances, something may be required which is not a practice of every family; if so it is something which has been proven helpful in improving family living standards.

The 4-H Club motto "To Make The Best Better" can always apply in carrying out project work requirements.

Another aspect of 4-H club work I'd like to mention is with regard to size of clubs. During the past two years particular effort is being made to have clubs with membership not to exceed 20 and preferably with about 15 or 16 members. There are several

# HARD COAL

AT THE  
CO-OP. BUILDING DEPT.

reasons for this: (1) to make it easier for leaders to assist club members with their records and their project work, to have more orderly business meeting, to have more opportunities for members to be officers, and to have small enough groups so that club meetings may be held in homes.

In several instances clubs have been divided this year or new ones organized in order to accomplish this goal.

.....

With only a little more than 20 per cent of the boys and girls of Kosciusko county of club age in 4-H work last year, can we not strive to increase our enrollment to 1060 in order to have 25 per cent in 1952?

### FORMER ARGOS PASTOR DIES

Argos friends were shocked Tuesday morning with the announcement from Anderson, Indiana of the death of the Rev. Alvin M. Thomas, 70, which occurred in an Anderson hospital.

Reverend Thomas served the Argos Congregation Christian church for a period of five years, and more recently held the pastorate of the Whetstone Christian church at Anderson.

He was born in Cass county on September 25, 1881, the son of William and Emma (Plummer) Thomas. On February 21, 1904, at a ceremony performed in Louisburg, Indiana, he was united in marriage to Lottie Shanks, who survives.

Other survivors are a son, Ortho Thomas, of Gary, two daughters, Mrs. Cleo Sparkley of Logansport; Mrs. Roberta Devine, Canton, Ohio; one brother, Olin Thomas, Kokomo.

Funeral services were held at 1 p. m. Friday at the Whetstone Christian church in Anderson, with the Rev. Russell Silbert assisted by the Rev. Simon Bennet, officiating. Burial was made in the Thomas cemetery at Onward, Indiana, with the Umbaugh funeral home of Argos, in charge. Rev. Thomas was a former pastor of the Talma Christian Church. Rev. and Mrs. Thomas and family lived in Newcastle township while he was pastor of the church.

### COUNTRY NEIGHBORS MEET

The Country Neighbors Home Economics Club met recently at the home of Mrs. Howard Chamberlain with Mrs. Dora Norris acting as co-hostess.

Mrs. Uda Maxwell, president, opened the meeting with the usual club ritual. Mrs. Myrtle Pfeiffer read the 27th Psalm for devotions. Roll Call was answered by each member telling something of interest about Lincoln or Washington. History of the song "Grandfather's Clock" was read by Mrs. Isabelle Peterson and Mrs. Dora Norris and Mrs. Lisette Notz lead the group in singing the song. The project lesson, "Houseplants and their care," was given by Mrs. Mabel Norris.

Donations were made to the Red Cross and the Hospital Auxiliary.

Auction articles were purchased by Bessie Gross, Isabelle Peterson, Helen Notz, Mabel Norris and Elnora Craig. Secret Pal gifts were received by Bessie Gross, Dora Norris, Isabelle Peterson and Elnora Craig.

Mrs. Martin Notz was awarded the prize for having the most articles in her purse and the booby prize was given to Faye Long for having the least. Bessie Gross received the door prize.

Delicious refreshments were served to 15 members and one guest, Mrs. Raymond Lash.

Mrs. Walter J. Bolce and baby, of Elkhart, spent the weekend with Mrs. Ella Latham.

O. B. Deaton, who had previously stated he carried 132 proxies, after the balloting was completed cast on oral vote of these 132 proxies for O. B. Deaton and Chester Christian. (The proxy votes were not tabulated in the vote in that they were not in conformity with the by-laws of the association. The by-laws permit the use of proxies but do not permit one stockholder to vote more than three such proxies. Proxies must also be recorded with the secretary at least three days prior to the meeting.)

The teller's committee was composed of Francis Kehoe, Hobart Creighton, Ralph Long, Fred Beeson, Neal Estlick and Charles Leininger.

Everett Rathfon Named President  
At a reorganization meeting following, Everett Rathfon was named president of the board of directors. Elmer Dickey was named vice president and Max Nellans was reelected secretary.

Lash Steps Out After 19 Years of Faithful Service.

Raymond Lash, who just completed about 19 or 20 years of service to the cooperative as a member of its board of directors, had previously requested that his services would end at the expiration of his term. His associates on the board and in the organization, and the patrons and stockholders express their appreciation to Mr. Lash for his years of faithful service. During his time the Cooperative has grown tremendously even though the period has included both times of depression and inflation.

### ROYAL NEIGHBORS MEET

The Royal Neighbors met on Tuesday evening, March 4, at the home of Neighbor Clara Parker. Oracle Mary Borton, presided during the business meeting. There were nine members present.

In the social hour that followed, prizes were won by the following ladies, Mae Fleck, Lydia Rynearson, Mary Teel, Snowden Halderman, Gladys Anderson and Mabel McDaniels. Neighbor McDaniels also won the door prize. Gifts in the auction were purchased by Clara Parker and Snowden Halderman.

Delicious refreshments were served by the hostess and her assistant, Gladys Anderson.

The next regular meeting will be held on April 1 at the home of Neighbor Cloe Griffiths.

Mrs. Rhoda Jones and grandson, Ken Jones, attended the golden wedding celebration of Mr. and Mrs. George Dickey on Sunday.

## INDUCTED INTO NAVY

Dave Johns and Junior Emmons went to Indianapolis Tuesday where they enlisted in the navy.

Mr. and Mrs. Vance Johns, Mrs. David Johns and Miss Geneva Whetstone were on hand to see the two young men sworn in.

Due to the railroad strike the group was taken to San Diego by plane. There were 20 sailors and four Waves. They reached San Diego Wednesday morning.

The two enlistees will have 11 weeks of boot training at San Diego.

## CARL HETTLER DIES MONDAY

Carl E. Hettler, 63, of Burket, died at his home at 3 p. m. Monday following an illness due to complications. He had been in failing health for several months.

Mr. Hettler was born in Wabash county, August 8, 1888, the son of John and Priscilla (Trasher) Hettler. In 1913 he was married to Miss Clara Brooks. He formerly worked for the state highway department at Wabash and moved to Burket four years ago. His wife is the chief operator of the Burket telephone exchange.

Surviving relatives include his wife, three sons, John, of Chandler, Arizona, James, of Route 2, Claypool and Jack, of Route 4, Warsaw; four daughters, Mrs. John (Betty) Coen, of Warsaw, Mrs. R. V. Hayes, of Keesler Air Force Base, Mississippi, Mrs. Marylou Burch, of North Manchester and Joan Hettler, at home; four sisters, Mrs. Fred Gottry, of Warsaw, Mrs. Charles Swank, of North Manchester, Mrs. Ernest Brooks, of South Bend, and Mrs. Bessie Lester, of Mexico, and five grandchildren.

Funeral services will be held at 1:30 p. m. Thursday at the Burket Methodist church, of which Mr. Hettler was a member. Rev. Laurence Smith, pastor, will officiate. Burial will be in the Laketon cemetery.

Friends will be received at the Grandstaff funeral home in Roann until 12:30 p. m. Thursday and at the church following that hour.

## CUNNINGHAM — MINER

At a quiet ceremony performed at 7 o'clock Saturday evening, Bonita Miner, daughter of Mr. and Mrs. Loyd Miner, was united in marriage to Edward J. P. Cunningham, son of Edward J. J. Cunningham, of San Francisco, California. The ceremony was performed by Rev. Longenbaugh at his home in Atwood.

Attendants were Mrs. Cleveland and Robert Miner, sister and brother of the bride.

The bride wore a gray taffeta dress and a white veiled bonnet. Her accessories were in gray. Red roses were combined for her corsage. Mrs. Cleveland was attired in navy with gray accessories. Her corsage was also red roses.

Following the ceremony a reception was held for the immediate family at the home of the bride's parents.

Mrs. Cunningham is employed at the Strayer Insurance office and graduated from the Mentone high school last spring. Mr. Cunningham is a salesman. They are residing in their home on Crystal Lake.

## ITHEL VERE SMITH DIES

Ithel Vere Smith, aged 61, of Elkhart, formerly of Kosciusko county, died of a heart attack about 1:30 p. m. Saturday while making purchases at a grocery store in Elkhart. He had been employed as a night watchman for the Elkhart Brass Manufacturing Co. Mr. Smith was born May 20, 1890, at Mentone, son of Andrew Jackson and Kate (Hibbscher) Smith and had spent most of his life in Kosciusko county.

Surviving are two sons, Earl, with whom he lived, and Gale, formerly of Warsaw and now in California; three daughters, Mrs. Norman Stockberger, of Claypool, Mrs. Joseph McKeigue, of Warsaw, and Mrs. Jack Osborn, of Wolcottville; a niece, Mrs. Stanley Locke, of Dutchtown; a nephew, Louis Engle, of Dutchtown, and 13 grandchildren.

Funeral services were held at 1 p. m. Tuesday at the Westbrook funeral home in Elkhart, with Rev. Paul D. Steiner officiating. Burial was in the Mentone cemetery.

X-RAYS WILL BE HERE AGAIN  
VIA MOBILE UNIT

The mobile Tuberculosis X-ray unit is working in our county, according to an announcement by Miss Lulu Curry, executive secretary, and every citizen over 15 years of age is urged to take advantage of the free chest X-rays. Why take a chance with tuberculosis when you can know definitely whether or not you have the disease?

1. You do not inherit tuberculosis—you get it from someone who has it.  
2. An X-ray once a year is a step in the right direction.

3. X-rays not only protect yourself, but everyone in your home and friends.

4. Children under 15 years who are contacts of T. B. will be X-rayed.

5. For Better Community Health all employees of restaurants, soda parlors, hotels, taverns and of any public place where food and drink is served are urged to visit the Mobile Unit for an X-ray.

6. X-rays by the Mobile Unit are free to all. Reports will be sent to all.

7. Anyone from any other part of the county will be X-rayed if they will visit any of the locations below:

Thursday, March 13—Burket in front of the post office.

Friday, March 14—Mentone across from Cox garage.

Monday, March 17—Etna Green in front of fire station.

Tuesday, March 18—Atwood at Roventine's Store.

The hours for the above locations will be 10:30 to 1 p. m. and 2 to 5 p. m.

## OPEN LONG ESTATE

The estate of the late Lucinda Long, who died in Bourbon last February 5, has been opened in circuit court with George Long qualifying as administrator. Mrs. Long leaves personal property valued at \$2,500 and real estate valued at \$3,200. Listed as logical heirs are two daughters, Hope Henderson and Esther Myers, both of Indianapolis, and four sons, Harry Long, of Michigan City, Cecil Long, of Bourbon, Paul Long, of Oregon, and Joseph Long, of Etna Green.

## HOSPITALIZED AGAIN

Don L. Bunner is a patient in Room 301, St. Joseph hospital, Ft. Wayne, Indiana.

Mr. Roy Day, of South Whitley, is relief man at the Nickel Plate depot during Mr. Bunner's absence.

## BODY OF PVT. LLOYD ALDERFER ARRIVED TODAY

The Foster funeral home, Rochester, has been advised by the Department of Defense of the tentative arrival there of the body of Pvt. Lloyd H. Alderfer, 21, via Erie R.R. at 2:58 p. m., Wednesday, March 12.

The body will arrive under military escort to rest at the chapel until final rites are completed.

Pvt. Alderfer was killed in action in Korea on "Heartbreak Ridge" last December 30. He entered service on June 14, and sailed overseas on November 9, 1951.

He spent most of his boyhood days on farms in Richland township and attended Richland Center school. Later, however, his parents, Mr. and Mrs. Carl Alderfer, removed to a farm across the Marshall-Fulton county line, and now reside on a farm three miles west of Mentone.

Shortly after arrival in Korea, Alderfer was assigned to the battle scarred 7th U. S. Infantry Regiment, of which he was a member at the time of his death.

Surviving, besides the parents, are seven brothers and four sisters, and the paternal grandparents, Mr. and Mrs. Clifton Alderfer.

Funeral services will be held at Richland Center at 2 p. m. Sunday, with burial in the Richland Center cemetery. Rev. Glen Wray, of the Walnut Church of the Brethren, will be in charge. Full military honors will be conferred by Mentone Post No. 425 American Legion.

## IN MEMORIAL HOSPITAL

Walter Barkman entered the Memorial hospital at South Bend Saturday evening where he is undergoing treatment and a series of tests to determine the full nature of his ailment.

## FISHIN' AND SUNNIN'

A card received by the editor from Fort Pierce, Florida, shows a "much at ease" colored boy reclining on the banks of the Suwannee River and holding a fish pole between his knees. The card is signed "Chester M" and says: "I've had enough sunshine and orange juice so that I can wiggle my toe just like the colored boy. No news—just fishin' and sunnin'."

# TO HOLD EXAMINATION FOR SUBSTITUTE CLERK

The United States Civil Service Commission announced that applications for the positions of Substitute Clerk and Substitute Carrier in the local post office will be accepted until further notice.

Under recent Acts of Congress, the pay for Substitute Clerk-Carriers has been increased to \$1.61½ an hour and for Special Delivery Messenger \$1.56½ an hour. These rates are increased five cents an hour each succeeding year until a maximum of \$2.01½ an hour is reached for Clerk and Carriers, and \$1.96½ an hour for Special Delivery Messenger.

In addition to increasing the salary for these positions, Congress has also authorized liberal leave benefits for post office employees effective as of January 6, 1952. During the first three years of service, post office employees will receive 13 days a year annual leave which may be used for vacation and other purposes. After three years of service, employees earn 20 days annual leave; and after 15 years of service, employees accrue 26 days annual leave a year. Annual leave may be accumulated up to 60 days, and sick leave, which is earned at the rate of 13 days a year, may be accumulated without limitation.

No specific experience is required but all applicants must pass a written test.

Persons interested in competing in the examination may obtain application blanks at the local post office. The completed application should be forwarded to the Regional Director, Sixth U. S. Civil Service Region, U. S. Post Office and Courthouse Building, Cincinnati 2, Ohio.

# HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Epilepsy and rheumatic fever institutes, educational work among the schools on the care of the handicapped child, and the recording of cases of epilepsy and blindness are among the activities of the Indiana State Board of Health in the prevention of crippling diseases.

Twenty-six cases of epilepsy have been reported this year with the number of cases recorded since the enactment of this law in 1947 totaling 1,278. The first year the law was in effect 377 cases were reported; 375 in 1948; 205 in 1949; 178 in 1950, and 117 in 1951. This confidential information is transmitted to the Safety Responsibility Division of the Indiana Automobile License Bureau.

Six cases of blindness have been recorded this year; 25 in 1951; 49 in 1950, and 37 in 1949, the year the law became effective. The majority of these 117 cases are in persons over 17 years of age and are reported to the Indus-

# **CURRENT EXAMPLE OF LOCAL VALUE OF RED CROSS SERVICES**

A citizen of Mentone, now in a South Bend hospital, will require blood transfusions in the treatment of his illness. Because of the community blood bank maintained by the Red Cross, there will be sufficient blood of the right type available for the patient's treatment at no cost to the patient. Through the Kosciusko Chapter of the Red Cross, arrangements are being made to transfer blood from the local blood bank, which is maintained in Fort Wayne, to replace the blood supplied by the South Bend hospital. The advantages of this method are many. Blood in sufficient quantities and the proper types is available when needed. The donors do not have to make inconvenient and emergency trips to give blood.

The blood which composes our blood bank is donated by citizens of the community. Periodically a blood collecting unit serving several counties comes to Warsaw. Interested citizens donate their blood at that time. The blood is collected, processed and stored as one of the services of the Red Cross. Because of the war in Korea, a large portion of the blood is sent there to be used in the treatment of servicemen. The use of blood plasma in treating battle wounds has been very effective, reducing the mortality rate to less than 3 of every 100 wounded soldiers reaching forward hospitals. The remainder of the blood, that not shipped to Korea, is maintained in the local blood bank for use of residents of our community.

Contrary to malicious rumors, blood from the Red Cross blood bank is supplied free of charge. The physician of the patient, administering the blood, of course, makes his usual charge for such services. There is, however, no charge for the blood. This service is available to all; there is no discrimination; blood supplied from the blood bank does not have to be replaced by friends and relatives of the recipient.

The National Blood Program is only one of the many services of the Red Cross which include services to the armed forces, services to veterans, disaster services, safety services and nursing services. During the month of March, the Red Cross is conducting its annual fund raising drive. Plans have been made for volunteer solicitors to call at every home in the County for contributions. In the event anyone wishing to make a contribution is missed by the solicitors, residents of Harrison Township may send their contributions to James E. Rodibaugh, Mentone and residents of Franklin Township may send their contributions to Raymond Lash, Mentone.

Of the money collected in Kosciusko County, seventy per cent will be used for the services in Kosciusko County; the remainder is used for national purposes where needed, such as the flood

in Kansas and Missouri during July of 1951. Fortunately our community has been relatively free from disaster, but it should be comforting to know that should disaster strike our community the Red Cross will be on the job furnishing relief services not otherwise available.

**HOW NEAR WE ARE  
TO MARX' DREAM**  
(Reprinted from Fort Wayne News Sentinel.)

Nobody has any conception, in the abstract, of how much a billion dollars is, much less how much \$85.4 billion is, which is the amount that President Truman wants to spend during the coming year.

However, when you project it down to its hard cold concrete local proportions, as Angus C. McCoy, president and executive director of the Taxpayers Research, just has done, you get a very realistic and painful picture of just how much that much money is.

If the President has his way, the share which we, the taxpayers of Allen County, will be obliged to pay is \$104,114,889.95. That still may leave it somewhat nebulous, for few of us have a comprehensive grasp of how much even a million dollars is, let alone 104 million.

However, it cannot help but sink in with a resounding shock, when, as Mr. McCoy points out, this is nearly one-third of the entire assessed valuation of Allen County, which is \$399,945,670.

Mind you, this is for just one year of current Federal spending without any retirement of the mountainous national debt or anything like that. This means that we the citizens of Allen County must dig up the equivalent of nearly one-third of the taxable value of every piece of real estate, every automobile and every other article of personal property we own in order to raise the amount of money Harry Truman wants to spend in just this one year.

This means that if this rate of Truman spending were continued for a little more than three years (and he wants to be President for another four) the equivalent of the entire taxable valuation of all the real estate and personal property we own would be wiped out.

If all of this still does not give you any idea of how much the President's

proposed spending for the year is going to cost you, perhaps this will when Mr. McCoy tells you that we in Allen County will be obliged to raise \$566.69 for every man, woman and child, including all the babies, in order to pay the bill.

Since babies and most children, and many housewives, pay no taxes some conception can be gained of how much the average breadwinner will be obliged to pay if Truman has his way. It means that in many cases the man of the house will be obliged to pay twice, or three or four times, as much as \$566.69.

On a state-wide level the picture is perhaps even more terrifying, for the amount which all Hoosier people will be obliged to pay is \$1,982,300,000, which again runs into an incomprehensible figure, but which means that it will take 35.6 per cent of the taxable valuation of all property in the state to pay it. This means that in considerably less than three years its equivalent would all be wiped out.

This picture shows just how near we are to Karl Marx' dream—the complete confiscation of all property through taxation, and the resultant governmental control of all wealth.

## BEHIND THE SCENES IN AMERICAN BUSINESS

By Reynolds Knight

After seven years of dire inflation warnings pounding on its eardrums, the public is happy to hear faint but growing whispers about deflation. Of course if a real downward trend develops many will undoubtedly change their tune for now the tinkle of breaking prices is music to the ears.

Government economists, including many who were in the vanguard of the fight for price controls, are now wondering if they weren't a bit hasty. Some indexes have slipped. For instance one commodity futures index is at about 182—down 7 per cent from December and 15 per cent from last February.

Many materials which were supposed to become scarce are very much in evidence on the markets, noticeably steel—where the industry is already pushing studies on decontrol.

And defense orders, though still huge, are not up to expectations. Original plans call for an average \$5 billion in orders per month but so far the average has been running under \$4 billion.

## MRS. CALVIN MIKESELL GIVES CLOTHING LESSON

The Tippecanoe River Club met Tuesday in the home of Mrs. Glen Putterbaugh. Mrs. Joseph Grass was co-hostess. The meeting was opened by the group singing "America the Beautiful" after which the members repeated the flag salute and club creed.

History of the song of the month "But It's Me Oh Lord" was given by Mrs. Calvin Green. Mrs. Glen Putterbaugh gave devotions on the resurrection. Roll call and the minutes were given by Mrs. Howard Mathews. The treasurer's report was given by Mrs. Bill Squires. Mrs. Clarence Mikesell gave a lesson on safety. Mrs. Calvin Mikesell gave the first part of the lesson on "Care of Clothing", by telling the group about daily, weekly, and seasonal care. She reminded us that a stitch in time saves nine, and told many ways to remove stains from fibers.

The business meeting closed with the club collect. Mrs. Harley Mathews conducted a Bible quiz, won by Mrs. Neal Simpson. Hostesses served refreshments in keeping with St. Patrick's Day to 16 members and 9 children.

The next meeting will be held with Mrs. Jack Coggins, at which the flower exchange will be held.

## LOCAL ENTRANTS IN SPRING BARROW SHOW

One thousand one hundred twenty (1,120) of Indiana's finest hogs have been entered in the 3rd annual Hoosier Spring Barrow and Ton Litter Show. The 204 exhibitors in the show represent 51 of Indiana's 92 counties.

Local hog producers who have entered hogs in the show include: William F. Jackson, R. 2, Warsaw, Chester White; Leroy Norris, R. 1, Mentone, Hampshire; Ed Sexerns & Son, R. 5, Warsaw, Duroc.

The nation's 12 top swine judges will survey the "on foot" competition between all hogs on Tuesday, March 18, at the Indiana State Fairgrounds, in Indianapolis. The live show starts at 7:30 a. m. with the judging of all Ton Litters. A total of \$5,594 is being offered in premiums this year.

The show recesses Wednesday, Thursday and Friday during which time the show barrows are slaughtered and their cut-out value determined. The carcass show is held Saturday, March 22, from 10 a. m. to 2 p. m. at Kingan & Co's main plant, West Washington Street, Indianapolis. Winning carcasses of each breed will be on display and carcass cut-out data will be distributed. Leaders of the swine industry and the carcass judges will speak and trophies will be awarded during a short program at 12 noon Saturday.

Special attractions on Saturday will be entertainment by an instrumental trio and a bounteous FREE LUNCH. Admission to both events is free and the public is invited.

## PLOWING, SPRAYING CONTROL WILD GARLIC

Farmers plagued by wild garlic in pastures, meadows and wheat fields can fight back with the plow and sprayer, says Oliver C. Less, Purdue University extension plant pathologist.

Milk from dairy cows pastured in fields infested with wild garlic has an off flavor and a strong, pungent odor which is disagreeable to many homemakers. Because wild garlic is a perennial weed, it will stay and spread through a pasture year after year unless completely destroyed.

This weed is spread from farm to farm by aerial bulbets in seed wheat, feeds, hay, and straw. Flood waters and combines also spread the weed.

Wild garlic grows mostly during the fall, winter and spring months. It is seldom troublesome in spring planted crops as the plants are retarded by seed bed preparation. Therefore, winter and early spring plowing is an effective control if all the top growth is turned under. Spraying with 2,4-D will also control garlic.

As soon as wild garlic starts to grow, 2,4-D should be applied at the rate of three quarts in 10 gallons of water per acre on meadows and pastures. Dairy cows should not be allowed to graze in fields sprayed with 2,4-D for a few days after spraying or until the odor of the chemical has disappeared.

Another place where spraying is practical is in stubble fields or other

fields not in crops. Here, sprayed areas should not be disturbed by plowing or discing for at least three weeks after spraying and preferably not until just before corn or soybean planting time.

Dosages of 2,4-D recommended for the eradication of wild garlic will injure wheat. Enough can be used, however, to check the top growth and reduce the formation of aerial bulbets. Dosages of one and a half pints of 2,4-D in 10 gallons of water per acre may be applied in the spring after wheat is fully tillered but before the early boot state. Legumes in wheat may be killed or severely injured by 2,4-D, Lee warns.

## MR. AND MRS. DICKEY RECEIVE MANY GUESTS

Around 120 guests were received by Mr. and Mrs. George W. Dickey at their home northeast of Mentone, in celebration of their golden wedding anniversary on Sunday. Relatives present included their grandson, Cpl. Bernard L. Dickey, of the U. S. marine corps, who is convalescing at the Great Lakes naval hospital from injuries sustained while he was on the battle front in Korea.

Guests present were also from Utica, Ohio; Niles, Michigan; Jenkins, Minn. South Bend, Elkhart, Goshen, Knox, Culver, LaPaz, Claypool, Akron, Mentone, North Manchester, Burket, Atwood Fort Wayne and Warsaw.

More than 100 cards and a number of letters were also received by Mr. and Mrs. Dickey. They were also presented with flowers and many lovely gifts.

Mrs. Otis Dickey, Mrs. Willis Bowen and two daughters, Mrs. Waldo Adams, Mrs. Elmer Dickey and daughter and Mrs. John Dickey assisted in serving refreshments to the many guests.

## METHODIST CHURCH NEWS

The services at the Mentone Methodist church this Sunday, March 16, will be presented by students from DePauw University at Greencastle, Indiana. Miss Pat Kyle has been arranging for the services which include both the morning worship service at nine-thirty and the University of Life Program which will follow the Fellowship Supper in the evening.

Lee Hamilton, a ministerial student, will present the morning message. Music students will participate in the service, presenting both vocal and instrumental voluntaries.

Following the morning services these young people will be entertained in the church dining room where the noon meal will be served to them and the young people of the church.

A full evening's program will be presented on the theme, "CHRIST AND THE WORLD ABOUT US," through the various media of music, art and drama.

This promises to be both interesting and inspirational to the friends and congregation of the church. The Fellowship Supper will be at six-thirty and the program will follow immediately.

The Serving Committee consists of Mr. and Mrs. Elmore Fenstermaker, Mr. and Mrs. Charles Manwaring, and Mr. and Mrs. Harold Nelson, Co-chairmen; Mr. and Mrs. LaMar Anderson,

Mr. and Mrs. Arthur Kendall, Mr. and Mrs. C. O. Mollenhour, Mr. and Mrs. Richard Greulich, Mr. and Mrs. Raymond Lash, Mr. and Mrs. Robert Reed, Mr. and Mrs. Rex Tucker, Mr. and Mrs. Ray Linn, Mr. and Mrs. Elmer Sarber and Mr. and Mrs. Wayne Tombaugh. Plans are made to serve a hundred and fifty persons at this time.

It is a fitting service to have these young college friends participate in the Week of Dedication Services when we hear so frequently that young people are not interested in religious activities.

On March 23 the local youth of the church will present the play, "THE LOST CHURCH," at seven-thirty p. m.

# Swift's Pig and Pork CONCENTRATE

## WHAT IT IS:

Latest addition to the Swift Swine Feed Family is *Swift's Pig and Pork Concentrate*. It is a highly palatable, carefully balanced, strictly modern concentrate to be fed as a part of farm-grown hog rations. Built to help the hogman make more profit, Swift's Pig and Pork Concentrate is designed for the sound, down-to-earth feeder who fattens his hogs and keeps his eye on the low dollar of feed cost.

Swift's Pig and Pork Concentrate has the following desirable qualities and characteristics:

- ◆ is rated superior in palatability.
- ◆ Has excellent balance built from a wide variety of ingredients.
- ◆ Contains added vitamin B12 and antibiotics.
- ◆ Is made with two kinds of animal proteins and a variety of vegetable proteins.
- ◆ Is adapted to all methods of feeding of fattening hogs.
- ◆ Balances farm grown grains perfectly.
- ◆ Is particularly designed for economical pork production.

## WHY FEED IT:

For fattening hogs on the farm with plentiful grains, pasture, and/or good quality legume hays, the typical market hog feeder wants a fattening concentrate at a moderate price.

Choose Swift's Pig and Pork Concentrate to balance home-grown feeds. It is a concentrate which combines reasonable price with excellent performance. Duplication of sources of nutrients is costly and the dollar-wise feeder wants to buy only those supplemental nutrients he needs.

## HOW TO FEED IT:

Feed from weaning to market.

Feed on pasture or with some high quality legume hay when available.

Self-feed with corn or other grains in separate compartments.

Self-feed in mixtures:

Weaning to 120 pounds: Pig and Pork Concentrate 1 part, grain 3 parts.

120 pounds to market: Pig and Pork Concentrate 1 part, grain 6 parts.

Feed as a part of Swift's Swine Program to fattening hogs, feeding Swift's Sow and Pig Concentrate and Swift's Pig Power as recommended for brood sows and suckling pigs.

# GUESTS OF TIPPECANOE CLUB

Ladies of the Mentone Reading Club were guests of the Tippecanoe Home Economics Club at a Reciprocity Meeting on Wednesday evening, March 5, at the home of Mrs. Louis Weissert.

Roll call was answered by "A Vacation I Would Like To Take." Mrs. Kenneth Weissert, president of the Tippecanoe Club, welcomed the guests. Mrs. Leroy Norris, Reading Club president, gave the response.

A group of ladies from the Reading Club presented a panel type program on "Radio." Mrs. Miles Manwaring had the topic, "Radio and My Children." Mrs. Leroy Norris spoke at length on "The Purdue Radio Station and What It Offers." "Music" was the topic discussed by Mrs. Dan Urschel. Mrs. Harold Nelson had "How Radio Can Keep One Informed" for her part on the panel. Mrs. Vance Johns illustrated the educational value of commercials, which, incidentally, gave the program its share of humor. Mrs. Artley Cullum served as Moderator.

A musical contest was then furnished by Mrs. Maude Snyder and Mrs. Jack Van Gilder, with high score going to Mrs. Herschel Apple, of the Tippecanoe Club.

A contest to unscramble a list of proper names located in Ireland was won by Mrs. Dan Urschel and Mrs. Artley Cullum.

Lovely refreshments were served from the dining room table, holding a centerpiece of spring flowers. Mrs. Kenneth Weissert and Mrs. Herschel Apple served.

# FRIENDLY NEIGHBORS MEET

The Friendly Neighbors' Home Economics Club met Monday evening at the home of Mrs. J. E. Studebaker. The meeting was opened by the president, Mrs. Everett Rookstool. The group sang "America, The Beautiful," which was followed by repeating the Home Economics Creed. For meditation, Mrs. Ernest Harrold read an interesting article about the fourteen year old violinist, Michael Rabin, and how his talent was discovered.

The Song of the Month, "It's A Me Oh, Lord," was sung, followed by "Love's Old Sweet Song," in honor of the wedding anniversary of Mr. and Mrs. Studebaker.

An article on "What You Should Know About Diabetes" was read by Mrs. Charles Manwaring. Mrs. Don Boggs gave an interesting lesson and demonstrations on "Fish Cookery."

After the Secretary's and Treasurer's report, the meeting adjourned by repeating the Club Collect. There were fifteen members present. Mrs. Dean Nellans, Jr., was welcomed as a new member. Mrs. Sherman Bybee was a guest. Delicious refreshments were served by the hostess, assisted by Mrs. Richard Manwaring.

The next meeting will be April 14 at the home of Mrs. Oral Welch.

# RABID PET CAT BITES ITS OWNER

A cat from the Homer Graffis place on Road 13 north of Liberty Mills, was found to have been the victim of rabies when the head was sent to Indianapolis for post mortem inspection. The report came back Friday from the state board of health, and Mr. Graffis, who was bitten by the mad animal, is taking a prolonged and expensive course of anti-rabies treatment. He will have to take one treatment a day for fourteen days.

Several days ago the cat suddenly jumped at Mr. Graffis and bit through his clothing into his leg. It also attacked and bit several other cats and the dog.

Mr. Graffis took the animal to Dr. Edgar Wright, veterinarian, who advised him to confine it and await developments. A few days later the cat died and the head was sent to Indianapolis for examination, with the result that the report was positive. In the meantime Mr. Graffis destroyed the cats and dog.

There is no indication as to how or where the cat contracted the disease, but more than likely it came in contact with some wild animal that had the disease. Wild animals are the greatest source of spreading rabies to domestic animals, and is almost impossible to combat or control. It does illustrate, however, the need of immunizing domestic pets—cats and dogs, and renewing the immunization once a year.

Those owning family pets should be very careful to keep them on their own premises, otherwise there is no certain way of assuring themselves that said pets will not become affected with rabies and make a sudden attack upon some member of the family.

Recently Dr. Joseph Salisbury, Public Health Veterinarian of Indianapolis, spoke before a group of citizens and officials at Rochester regarding the rabies and stray dog problem in that city.

Now is the time to come to Brown's in Mentone, and select that new floor tiling which you have wanted for so long—either in Asphalt, linoleum, rubber or Kork. Free estimates given, also a wide range of colors from which to select.

# Up In The Air

The greatest altitude at which men can live without wearing an oxygen mask varies considerably, depending upon one's physical condition and the length of his stay at the high altitude, but above 15,000-20,000 feet the oxygen in the air is not sufficient to maintain life. Most of us would be quite uncomfortable at considerable lower levels. The highest known community where human beings live is in the Andes Mountains, in South America, at 18,000 feet.

# AGEING EARTH DEMANDS BETTER SOIL TREATMENT (Ohio Farmers News)

The earth no longer looks the way it did "in the beginning." Great changes have taken place on its surface. An ageing process, taking hundreds of thousands of years, conditioned the outer shell to sustain plant and animal life. Countless types of both lived and grew on vast areas . . . flourished or became extinct, as their ability to survive permitted.

Survival, for early man, was dependent on the generosity of nature. Food

was obtained by hunting and searching. When the mystery of planting was discovered man slowly began to influence what would be grown. At first the plantings were just for his own or the tribe's consumption. Then the products of the harvest were used as trading material.

Quite by accident, planters of long ago discovered that the amount of the harvest could be altered. When certain things were done, either at the time of planting or during growth, plants grew faster, more abundantly. The belief was that the Gods were pleased and showed their favor by returning more food.

The "planting" of fish with the maize was but one of the countless superstitions. And the superstitions grew because many of them, unknown to their followers, were actually scientifically sound. Other rituals, with no scientific basis, persisted for a while, then made way for inevitable progress. The use of metal plowshares was resisted because of the belief that metal would be harmful to the soil—would hamper plant growth. Think what farming would be today without steel.

As the unfounded superstitions subsided, those which were based on scientific principles remained. They gradually became traditions in a country which was beginning to produce fabulous quantities of agricultural products. For a time it seemed that there was no limit to the productivity of the land.

Larger and larger quantities of agricultural products were being forced from the land by volume production methods. Clearing the forests put more areas under cultivation. Parts of these areas, however, were soon mutilated because the clearance of the forests permitted the attack of the rain and the wind to devastate the soil. But few worried. When the land became worked out or gouged out farmers could move on to new rich fields.

For a while only a few modern pioneers recognized the possibilities of determining the capabilities of each field—of following practices which permitted each field to produce its full capacity—of maintaining that capability—and even rebuilding depleted lands.

Now it is possible for every farmer to take advantage of the discoveries and methods.

The acres are willing but . . . Acres like people, have varying capabilities. They are able to produce certain results for a period of time.

Unlike some people, however, all acres are willing to produce as much as their capacity will permit—if the men who work them will let those acres fulfill their destiny, too. And they will

continue indefinitely to produce up to their capacity—if those who work them put back part of what is taken out and handle them so that they will retain or actually improve their productive elements.

Thousands of farmers operating farms of all kinds and sizes have increased the productivity and value of their farms by following "practical Land Use."

# CREIGHTON TO TAKE

## HATCHING EGGS TO KOREA

Warsaw, Indiana—The first shipment of hatching eggs to be flown from America to Korea for rehabilitation purposes there will come from Indiana.

The announcement was made Saturday by Thurl Metzger, executive secretary of the Heifer Project, inter-faith rehabilitation agency which is sponsoring a campaign to ship 300,000 hatching eggs to the Pusan area.

Metzger said eggs from Indiana will be shipped by air freight early in April.

It was also announced that Hobart Creighton, poultry breeder of near Warsaw, would accompany the eggs to Korea and supervise their setting there.

Metzger said incubators are available near Pusan, a number having been provided the government of South Korea through ECA before the outbreak of the present hostilities.

The flight of eggs from Indiana will represent the first Korean rehabilitation effort on the part of any civilian agency. Special permission from UN army headquarters was granted last week. The Heifer Project is working in cooperation with the United Nations Korean Reconstruction agency (UNK-RA) which will furnish transportation for the eggs.

Funds, rather than the eggs themselves, are wanted at this time, Metzger said. Arrangements have been made to purchase fertile hatching eggs of high quality from reliable producers in the state. A total of 70,000 eggs will be required for a plane load. Funds are being accepted at the national

headquarters of the Heifer Project in New Windsor, Maryland.

Following the Indiana shipment, eggs will also be flown from Eastern and Western sections of the nation, according to present plans.

Later in the spring the Heifer Project expects to ship milking goats to Korea. An immediate goal of 2,000 animals has been set, with a long-range objective of 10,000.

The Heifer Project is sponsored by national Protestant and Catholic church groups.

Mrs. Jack Dillman and Mrs. Grieb Smith of Fort Wayne and Walter E. Dillman spent Friday in Indianapolis.

## TIMELY TOPICS

By Mrs. Ruth R. Snellenberger  
Home Demonstration Agent

As I look back over the contents of my column to you each week I wonder if maybe I should have called it "Ruth's Ramblings" because I certainly have rambled from topic to another. And then I think: Why not? Aren't women interested in many phases of life and its problems?

In my ramblings I note I've winced a bit editorially once in a while too. It is difficult not to express myself in that manner sometimes. Once in a while someone requests help or advice regarding some situation involving other club members, and this column is a means of getting an expression to a group of persons without offending any one person. (I hope!)

Recently I attended a training conference for home agents on "Floors—Their Care and Refinishing." A few comments about rugs I'd like to pass on to you.

A rayon rug is considered a reasonably good buy for the money if you

get a good quality—one with a satisfactory pile density. The price is considerably less than a wool rug.

Everyone will agree, I believe, that the wool rug purchased now is not as good as that available five or ten years ago.

The pile of rayon rugs will mat some, but it is not so likely to do so if the pile is thick.

Nylon rugs are available but the price range is out of reach of the average consumer.

Do you study the advertisements in your local paper? I saw recently a range in price of one brand of frozen fresh orange juice that really shocked me. Here's the variation in price in Kosciusko County during one week end! 2 cans for 35 cents, 2 cans for 39 cents, 6 cans for \$1, and 8 cans for \$1. Are you surprised too?

Recently Mrs. Cecil Armstrong of Warsaw vicinity, borrowed from our reference files a chart showing percentages of beef that would result into various cuts. Anyone else interested?

A parting thought to leave with is "Faith is freedom's light."

## COMMERCIAL BROILER INDUSTRY EXPANDING

Within the past ten years, commercial broiler production has skyrocketed from a relatively minor part of the poultry business in Indiana to a seat of importance that is exceeded within the industry only by egg production.

Although the value of the 38,000,000 broilers produced in Indiana during 1951 is one-half of the \$75,833,000 value of all eggs produced, their value is about two and one-half times as great as value of all baby chicks hatched in Indiana. This takes on added meaning, states Joe W. Sicer, extension poultryman at Purdue University, when it is realized that Indiana is consistently one of the leading states in the nation in the number of baby chicks hatched, ranking among the top three states in each of the past ten years.

The value of commercial broilers exceeds the estimated value of all chickens other than broilers raised on Indiana farms. The number of broilers raised in 1951 was 40 per cent greater than the number of chickens raised primarily for laying flock replacement purposes. The \$38,000,000 value of broilers produced is more than double

the value of all laying hens on Indiana farms at any one time in 1951.

Much of the increase in broiler production has been due to the development of improved strains of chickens, to the use of new, highly efficient broiler rations, and to the adaptation of mass production techniques to the broiler raising business, states Sicer. These developments have made it possible to grow three-pound fryers with an abundance of white breast meat in just ten weeks' time, with only nine pounds of feed and with the use of only one man's time for as many as 20,000 or more broilers.

Broilers growing in Indiana is concentrated largely in four areas centering around Elkhart, Washington, Dubois, and Bentone counties, but it is spreading rapidly into other sections particularly where farms are small.

Mr. and Mrs. H. V. Nellans and Fred Klinginhagen are staying at the New Highland, Martinville, Indiana, taking mineral baths.

Mrs. Ora Anderson is staying at the home of Mrs. Earl Meredith, of Mentone.

### MERRY MOLLYS MEET

The Merry Mollys Home Demonstration Club met on Monday evening, March 10, at the home of Mrs. Donald Horn with Mrs. Eugene Sarber acting as co-hostess. There were fourteen present, three new members, Mesdames Al Runnells, Robert Hibschan and Charles Miller; one guests, Mrs. Howard Horn.

"America the Beautiful" was sung followed by the club creed. Mrs. Herschel McGowen read a poem "The Master Is Come" for meditation. The history of the song of the month "It's A Me. O Lord" was given, it was then sung by the group.

Mrs. Marvin Romine presided over the business meeting, a donation of \$3 was given in response to roll call.

The lesson on Milk Cookery was given by Mrs. Lemar Leffert. She prepared a main dish with milk and told of the food value, and the many

ways of serving milk and mixing it with fruits and vegetables.

Mrs. Hershel McGowen was in charge of entertainment, an interesting contest was enjoyed by all. Mrs. Everett Welborn received the door prize.

### JOLLY JANES HOLD MEETING

The Jolly Janes Home Demonstration Association met Monday night, March 10th, with Mrs. George Mollenhour. Mrs. Emma Clutter was co-hostess. There were 15 members present.

The meeting was called to order by the president, Mrs. Delford Nelson. Mrs. Raymond Lewis gave meditation using a poem by Edgar A. Guest, "It Takes A Heap of Living To Make a House a Home."

Covering Lamp shades was the lesson given by Mrs. Loren Tridle and Mrs. Roland Ferverda.

The constitution of the club was

read in portion. Ten dollars was given towards a motion picture projector for the Mentone school.

The next meeting will be April 14, with Mrs. Harold Markley. A blind auction was held to help build up our treasury. Mrs. Wayne Bowser won the door prize. Mrs. Robert Parker received a birthday gift.

### TOTAL RECEIPTS FOR SECTIONAL LESS THAN FOR 1951

Total receipts from the 1952 sectional basketball tournament were \$6,108.30, according to a financial report released recently by James W. Riley, Warsaw high school principal and tourney chairman. This was less than the \$6,221 taken in at the 1951 meet.

Only 2,277 season tickets were sold to the tournament this year as compared to 2,309 a year ago. The sale of session tickets was also less, 693 having been sold as compared to 748 in 1951.

Total attendance for the seven-session tournament last week was estimated at 16,632.

Expenditures, other than team transportation and lodging, came to \$1881.30.

Due to the absence of federal tax on high school sporting events this year, the schools all benefitted. Following are the amounts distributed to each of the 16 participating schools:

Atwood, \$249.33; Beaver Dam, \$255.42; Burket, \$245.89; Claypool, \$240.28; Columbia City, \$496.51; Etna Green, \$246.33; Larwill, \$291.93; Leesburg, \$274.39; Milford, \$281.29; North Webster, \$270.09; Pierceton, \$289.61; Sidney, \$280.39; Silver Lake, \$239.63; Syracuse, \$299.12; and Warsaw, \$845.76, which includes \$250 as host school.

### IMPROVED 4-H RECIPE

For Growing 200 Bushels of Corn per Acre

Why not try it in 1952? ? ?

Take one good clover or alfalfa field of one or ten acres. Cover liberally with barnyard manure. Sprinkle on 500 to 1000 pounds of a good fertilizer such as 10-10-10.

With your new tractor, plow 8 inch deep and whistle a little as you "turn the sod." Disc thoroughly.

Plant the last of May in most cases. Use a hybrid adapted to your farm. Ask your Pop. About 10-15 inches in the row should be O. K. Rows 38-42 inches apart. Keep corn clean. A rotary hoeing in about ten days is good. Two or three cultivations should be plenty. Then go fishing. Pray for rain, and sunshine, too. You'll have to have them both.

Call your leader and show him what a good job you have done.

Check your yield. Get out the corn picker. Tell Pop you need both a calf and a pig to eat your corn.

Brush your teeth a little extra, and

give your best girl a B-I-G smile.

### Sly Animal

The cuscus is a small animal of New Guinea that is somewhat similar to the flying squirrel. When it thinks it is in danger, the cuscus suspends itself from a branch by its long prehensile tail, swaying among the leaves as if it were some dead fruit. It will remain in this position as long as it thinks it is observed or until exhausted.

## SCHOOL NEWS

### Honor Roll for Fourth Grading Period

The students who had at least a "B" in all subjects including physical education, music, and citizenship for the fourth grading period were:

Seniors: Jackie Blue, Martha Creighton, Donnagene Dillman, Geneva Whetstone; Juniors: Sue Hammer, Barbara King, Charles Urschel, and Kay Hatfield; Sophomores: Phylliss Boyer, Sherry Shoemaker, Mary Van De Water, Robert Boggs and Jon Cullum; Freshmen: Shiela Fitzgerald, Larry Boggs, Larry McKinley, and Raymond Osman; Eighth: Orpha Kurtz, Betty Mellott, Doyle Baum, Ronald Beeson; Seventh: Sue Borton, Carol Dillman, and Nancy Van De Water.

Several other students might have been on the honor roll, but had not completed all the tests by the end of the grading period due to absence.

### School Inspection on Tuesday

Mr. Russell Rayburn, State School Inspector, and Mr. Whitehead, County School Superintendent, inspected the Mentone School on Tuesday. Recommendations and rating will be given in a few days.

### Mentone Teachers Attend Fish Fry

The following attended the Kosciusko County Teachers Fish Fry at Leesburg on Tuesday evening, Mr. and Mrs. Van Gilder, Miss Wreatha McFarren, Mr. Anthony Pavlick, Mr. and Mrs. Keever, Mr. and Mrs. Tombaugh, Mr. and Mrs. Witham, Mr. Dale Kelley, Mr. and Mrs. Roger Kelly, Mr. and Mrs. Hoffman, Mr. and Mrs. Lorin Burt, Mr. and Mrs. Kent, and Mr. and Mrs. Royce Tucker. Jack's Xylophone Band provided the entertainment.

Linda Hart has entered the sixth grade. She formerly attended school at Pierceton.

The class tourney has been planned for Friday, March 14 and Friday, March 21. There will be no admission charge.

### Federal Lunch Support Terminates

The school was notified last Saturday that Federal Support of the School Lunch Program in Indiana would end due to lack of funds. Since the federal money provided seven cents of the cost of each lunch, it will be necessary to raise prices of the lunches or end the lunch program. A questionnaire will be sent home to each parent asking an opinion on this problem.

A regular faculty meeting was held after school on Monday.

Attendance has about returned to normal for this time of year. However, Mr. Law was absent with the flu on Monday and Tuesday. Miss Herriman was absent on Monday and part of Tuesday with a sore throat. Mr. Willis Bowen, Mrs. Johns, and Mrs. Taylor served as substitute teachers.

Mrs. Arthur Golden remains in a serious condition at her home in the Beaver Dam community.

## LEGION AUXILIARY NEWS

Members of Mentone Unit No. 425, American Legion Auxiliary, were hostesses to three distinguished guests at their meeting held Tuesday evening, March 11, at the Legion Post Home. They were Mrs. Leigh (Leeta) Weiss, of Chesterton, Indiana, second district president; Mrs. Harold (Helen) Baker, of Leesburg, Indiana, second vice president of second district and Mrs. Charles (Irene) Wainwright, of Burket, Indiana, second district membership chairman.

Mrs. Ward Williamson, unit president, conducted the business session during which Mrs. Dale Wallace gave a report on membership for the unit. The quota deadline is March 15. Anyone desiring to join the Mentone Unit, please contact any one of its members.

Mrs. Weiss, Mrs. Baker and Mrs. Wainwright each gave a short talk on reaching our quotas and stressed that it is an honor to be a member of the American Legion Auxiliary and also how we have gained this honor. They stated that if more of us could or would see inside the hospitals, orphanages and veterans' homes, we would see first hand the many phases of work done by the American Legion Auxiliary and the American Legion.

An invitation was read from the Parent Teachers Association to attend a meeting to be held on Wednesday, March 26, at the school house. Mr. H. J. Pierson will speak on "Promoting Americanism." All members are urged to attend.

A special invitation was given by Mrs. Wainwright to attend the dedication ceremonies of the new Warsaw Post Home to be held on May 24.

The meeting closed by singing "The Auxiliary Theme Song," "When Irish Eyes Are Smiling," "Peggy O'Neil" and "God Bless America."

Mrs. George Mollenhour, Sr., was the name drawn for the attendance prize.

The next meeting of the unit will be held on Tuesday, March 25, at 8:00 p. m. at the Legion Home.

Members serving on the refreshment committee were Mrs. James Rodibaugh, Mrs. Jack Van Gilder, Mrs. Allen Shirey and Mrs. Dale Tucker.

## MRS. ELLIS CORMICAN DIES AT 59

Mrs. Ellis (Pearl) Cormican, 59, who resided two and one-half miles southeast of Tippecanoe, died at 5 p. m. Thursday at the Woodlawn hospital. She had been ill seven months due to a heart ailment.

She resided at South Bend before her marriage to Mr. Cormican on May 9, 1942.

Mrs. Cormican was born at LaPaz, March 14, 1892, the daughter of Mr. and Mrs. Crum.

She was a member of the Bourbon E. U. B. church, also the Tippecanoe Progress club, and was affiliated with the World War II War Mothers, at Mentone, the Rebekah lodge, at Tippecanoe and the auxiliary to the Canton Bernet, at Rochester.

Surviving relatives include her husband; four stepsons, Gerald and Marlon Cormican, of Argos, Arla Cormican of Syracuse, and Wayne Cormican, of Elkhart; three stepdaughters, Mrs. Bertha Taviner, and Mrs. Mildred Caslow, of Argos, and Mrs. Igera Hipsher, of Bristol; one brother, Roy Crum, of LaPaz; one sister, Mrs. Burel Lozier, of Bourbon; a step-brother, Ira Bliley, of Atwood; three step-sisters, Mrs. Ray Crum, of LaPaz, Mrs. Ruth Harder, of South Bend, and Mrs. Otis Town, of Rochester, and 20 step-grandchildren.

Funeral services were held Sunday at the Bourbon E. U. B. church. Rev. J. P. Slaughter, the pastor, was assisted by Rev. Bernard Ward and Rev. John McGee, of Tippecanoe, in conducting the service. Burial was in Parks cemetery, at Bourbon. The Grossman funeral home, at Argos was in charge.

## CLUB CALENDAR

Members of the American Legion Auxiliary, Unit No. 425, will meet at the Legion home Tuesday, March 25, at 8:00 p. m.

W. S. C. S.—Thursday, March 27, 7:30. Note change of date. See church news for further account of this.

P. T. A.—Wednesday evening, March 26. Special speaker, H. J. Pierson, at the school building, 7:30.

The Four Leaf Clovers 4-H Club meets at the home of Rebecca Oyler, Tuesday evening, March 25, from 7 until 9. Please bring record books and a pencil.

The annual meeting of the National Home Economics Association will be held at Atlantic City, N. J. June 24-27.

## DIES OF HEART AILMENT

Mrs. Nora Ellen King, aged 81, of Tippecanoe, died Saturday at 9 p. m. at her home of a heart ailment. She had been in failing health for the past 14 years, but her condition became critical a week preceding her death.

She was born south of Tippecanoe, December 17, 1870, the daughter of Henry and Elizabeth (Kessler) Hatfield and was a lifelong resident of the Tippecanoe community.

In 1891 she was married to John King at Rochester, Indiana, who survives. She was a member of the Talma Christian church.

Also surviving are a son, Raymond, of Elkhart; a daughter, Mrs. William Walter, of Mentone, a stepson, William King; four grandchildren and three great grandchildren.

Funeral services were held Tuesday at 2 p. m. at the Tippecanoe Christian church, with Rev. Bernard Ward officiating. Burial was in the Tippecanoe cemetery. The Reed funeral home at Mentone was in charge of arrangements.

## WITH THE SICK

Pearce Jefferies has gone to the home of his sister, Mrs. Flossie Coplen, of near Tippecanoe. He has not been feeling well for several weeks.

Mrs. Merl Flenar, of near Argos, and formerly of this community, underwent major surgery on Tuesday at the McDonald hospital.

The condition of Mrs. Estelle Snyder remains unchanged. She is at the Woodlawn hospital.

Friends are pleased to know that Walter Barkman is able to be out and around.

Devon Hibschan, Route 2, Bourbon, submitted to a herniotomy Friday.

Don Bunner is improved and expects to be home soon. He has been a patient at the St. Joseph hospital in Fort Wayne.

Mrs. Raymond Bare is now able to be out and around after spending a number of weeks convalescing from a broken pelvic bone.

## GROOM

Mrs. E. E. Wagner has received an announcement of the birth of a daughter to Mr. and Mrs. William Groom, of Sandusky, Ohio.

Mrs. Groom was Peggy Whetstone, daughter of Mr. and Mrs. Bill Whetstone, former Mentone residents, and owner of a 5c and 10c store here.

The new baby weighed 8 lbs., 4 1/4 ounces and was born March 7th and has been named Cynthia Lynn.

## GEORGE A. MARSH

George A. Marsh, aged 70, died last Friday at his home in Inwood. Survivors are his wife, Myrtle; two daughters, Mrs. Edna Cochran, of Mentone, and Mrs. Mildred Carter, of Argos; a son, Fred, of Plymouth; a sister, Mrs. Lucy Boyd and a brother, Marion, both of Plymouth.

Funeral services will be held at 2:30 p. m. Sunday at the Danielson & Van Gilder funeral home in Plymouth. Rev. Robert Wall, pastor of the Inwood Methodist church, will officiate.

## UNDERGOES BRAIN SURGERY

Mrs. Lawrence Boyer, of near Mentone, submitted to surgery for a brain tumor on Tuesday afternoon at the Robert Long hospital in Indianapolis. Mrs. Boyer is to undergo more surgery as her condition permits.

## H. J. PIERSON TO BE IN MENTONE

A speaker of unusual ability and interest will be a guest of the P. T. A. on next Wednesday evening, March 26. Because of the broad scope of his message, all persons are given a special invitation to come and hear him. He is H. J. Pierson, of Indianapolis, a former radio executive and presently publicity director for the Indiana State Chamber of Commerce.

His aim in lecturing, is to develop an interest in good citizenship attitude among young people and he seems to have a way with young people, in one instance, a request having been made by the student body of an Indianapolis school, for his second appearance before them.

Mr. Pierson is not a speaker solely for young people or their parents. His message will appeal to each one as a citizen.

Plan on attending this meeting!!

## EMANUEL H. KINSEY DIES

Emanuel H. Kinsey, aged 78, of one and one-half miles northwest of Mentone, died at 3 p. m. Monday at the Rochester nursing home in Rochester. Death was due to cerebral hemorrhage and followed a serious illness of ten weeks.

Mr. Kinsey was born April 18, 1873, near Burket, son of Charles and Charlotte (Helsler) Kinsey, and had lived near Mentone for the past 35 years. Before that he resided in the Claypool and Burket communities. He was married to Rose McGinley May 20, 1896. He was a farmer and a member of the Mentone Methodist church.

Surviving are his wife; a son, Kenneth, at home; a sister, Mrs. Edward Reece, of Claypool; a brother, Embra Kinsey, of Claypool, and three grandchildren. A son, Wendell, died September 17, 1951, at Storrs, Conn., where he resided.

Friends may call at the Reed funeral home in Mentone, where funeral services will be held at 2 p. m. Thursday with Rev. David Gosser, assisted by Rev. E. E. DeWitt, officiating. Burial will be in the Mt. Pleasant cemetery, north of Claypool.

## C. M. UNDERHILL

C. M. Underhill, 66 a resident of Uniondale died of a heart attack at 1:20 p. m. Saturday. Mr. Underhill had been the manager of the farm bureau elevator at Uniondale, a member of the Ossian Masonic Lodge, the Scottish Rite, former worthy patron of the Order of the Eastern Star, and of St. Mark's Lutheran church at Uniondale.

Mr. Underhill was born December 25, 1885, to John and Emma Whetstone Underhill. His mother, Mrs. Emma Underhill, of Mentone, survives. His marriage was to Fern Newhart, June 23, 1910. The widow also survives.

Other survivors are two sons, Darrel and Garth Underhill, of Huntington; two daughters, Mrs. Ruby Mowrey, of Fort Wayne, and Mrs. George Park, Uniondale route one, eight grandchildren, and a sister, Mrs. Grover Tinkey, Claypool.

Funeral services were conducted at 2 p. m. Tuesday at St. Mark's Lutheran church, Uniondale, with the Rev. Harry Wamsley officiating.

Burial was in the Ossian cemetery. The Jahn funeral home, Bluffton, was in charge.

THE NORTHERN INDIANA CO-OP. NEWS

WAR VS. FARM OUTPUT

(Reprinted from Indiana Farmers Guide)

It is ironic, to put it mildly, when the government is appealing to the patriotism of American farmers to increase production while at the same time it is stripping farms of manpower absolutely essential even to the maintenance of present production. The situation is not only ironic, ridiculous—it is tragic and one that spells disaster to this country.

Food is the backbone of any national defense, but military officials seem unaware of the fact.

If it is the intention of this government to retain high production of food, some change must come soon. Farm boys are being yanked from the fields into military service at a rate so discouraging and alarming that more and more farmers are becoming hopeless, disgusted and without a desire to produce food in the quantity asked of them.

At the pace we are going, there will be more and more idle farms in Indiana and elsewhere. The Guide has no accurate figures on the number of farms crippled by the loss of farm boys to the military, or the extent to which farm production is retarded. But there are sufficient complaints coming to the editor's desk to indicate clearly that the situation is very bad and getting steadily worse.

Perhaps by the time you read this item, the Congress will have passed the Universal Military Training measure—and that certainly will make the agricultural manpower picture even darker.

To say the least, it is a short-sighted and most impractical policy for the government to pursue. Why cannot they realize that a boy raised on his parents' farm, taught how to get the most out of that farm's soil and animals, having the technical know-how of farm mechanization, the care of valuable and expensive machinery now essential to adequate production levels is much more valuable to the war effort if he is kept on that farm?

This mishandling of the national defense breadbasket is just about on a level with the comedy of errors Uncle Sam is presenting throughout the world. The Korean mess is a prime example. We are furnishing most of the men to be killed maimed and murdered in prison camps; paying all the costs of war, feeding and giving millions of dollars away to so-called United Nations allies that have not contributed one dollar or furnished one man in the war.

Under present commitments this country is hog-tied by the United Nations. We cannot make a move in Korea that is not sanctioned by the UN. This inept, paper organization is dictating all the terms of the armistice we are trying to wrangle out of the Reds. So far, all that has been gained out of these armistice talks is to

delay the outcome and permit the Reds to strengthen their forces and positions for new onslaughts. And all the time they are laughing at us. Indeed why shouldn't they?

There is a growing resentment throughout our land of the manner in which that Korean debacle is being handled, and the United Nations wouldn't get a very heavy vote of confidence if the American people were allowed to ballot on it. The trend of thinking is indicated by the growing number of bereaved parents who refuse to accept Purple Hearts and other decorations in behalf of the sons they have lost in Korea.

All of this is of deep, very deep concern to farmers of Indiana and elsewhere. It is bad enough for them to have their production diminished by the drafting of their needed manpower, but to have these boys sent out to a pointless, futile and phony war which the president chooses to call a "police action"—well it is just plain Heartbreaking Hell.—Submitted by John Laird.

**HOOSIER CATTLE FEEDERS  
TO MEET AT PURDUE**

Lafayette, Indiana—Hoosier cattlemen will gather at Purdue University, Friday, April 25, for their annual Spring Cattle Feeder's Day featuring reports on winter feeding experiments with Purdue Cattle Supplement A and various roughages.

Professor Claude Harper, head of the animal husbandry department, will be in charge of the morning session beginning at 10 o'clock at the Cattle Experimental Barn. The afternoon meeting will be held in the Livestock Judging Pavilion with C. L. Rhoads, LaPorte, president of the Indiana Cattle Feeder's Association, presiding. The 138 yearling steers used in the experiments will be on display at the barn.

Dr. W. M. Beeson and Dr. T. W. Perry will review the nutrition studies during the morning, and the afternoon will be devoted to a talk by Dr. F. N. Andrews on "Dwarfism in Cattle," and reports on the beef cow herd and steer pasture projects by W. T. Anderson and Henry Mayo, respectively. The latter projects are being conducted on co-operating Indiana farms.

Dr. Perry will compare winter rations tests in which Supplement A was fed with corn cobs, popcorn cogs, cottonseed hulls, and grass silage as the roughages. In another phase of the experiment, ammoniated molasses replaced 20 to 40 per cent of the pro-

tein in Supplement A. Fish solubles were added to one ration.

Dr. Beeson will discuss the comparative results of feeding 40 yearlings steers on corn silage and Supplement A, which contains soybean oil meal, and Supplement B, containing linseed oil meal. He will also compare tests conducted at Lynwood Farm near Carmel on feeding grass silage and minerals with and without Supplement A and on feeding hay with Supplement A.

A final report will be given on the 48 steers observed as the Fall Cattle Feeders' Day which wintered last year on corn cobs, pastured all summer, and finished out on corn, corn silage and Supplement A for marketing December 10. Robert Totusek will outline nutrition studies being started with pairs of identical twin calves.

Cows operate the controls to get rid of horseflies, with a machine devised at the University of Illinois. Pyrenone, a combination of piperonyl butoxide and pyrethrins, is the only insecticide which controls the pest, and it is sprayed on the cattle when they step on a treadle in the stall-shaped device. Bossy, the scientists report, has learned to step into the machine voluntarily when the flies become too annoying.

### Attend Super-Regional

The following attended the super-regional tournament at Lafayette last Saturday: Ronnie Brown, Bill Blackburn, Pierre Ferverda, John Davis, Robert Boggs, Philip Carney, Burdell Blackburn, Jerry Tinkey, Jon Cullum, Jerry Ross, Mr. Hoffman and Mr. Kent. The four senior basketball players—Richard Kindig, Devon Marshall, Max Faurote, and Roger Creighton—and Mr. Burt will use the five State Final tickets allotted to the Mentone school.

### Class Tourney Started

In the first round of the annual

class tourney last Friday evening, the Juniors defeated the Freshmen in a close game, 38-33. The Sophomores upset the Seniors, 57-42. This Friday evening the Sophomores and Juniors will tangle. A consolation game between the Freshmen and Seniors will be played. There will be no admission charge.

### Complete Magazine Campaign

The Sophomore Magazine Subscription campaign proved a success. At the end of the two weeks, the members of the class had sold \$917 worth of magazines. This resulted in a net profit of over three hundred dollars for the class. Don Rush leading the "army" team won by a close margin

in the sales contest. The winners will enjoy an ice cream 'feed.' Roger Kelly is class sponsor for the Sophomores.

### Junior Class Play May 9

The Junior class has a committee at work selecting a class play. The date for the Junior class play has been set for May 9th.

### Lunch Program Continues

Answers on questionnaires concerning the lunch program indicate that a raise in prices will meet with approval. The new prices will be \$1.40 per week. Thirty cents per meal will be the charge when less than a week's meals are ordered. It is hoped that parents will continue to patronize the lunch program in spite of the price increase.

### Senior Penny Supper

The Senior Class will serve a Penny Supper on Saturday evening, March 29, from 5 to 7, in the school cafeteria. An increase in prices for the trip which they have planned to take in the Spring and the enrollment of an additional Senior make it necessary to raise additional funds. Dale Kelley is sponsor of the Senior class.

Around the classrooms—second graders successfully changing from printing to script writing—sixth graders learning to multiply and divide fractions—art class painting still life—sophomores taking the California Test of Mental Maturity—agriculture classes learning rope tying and splicing—typing classes taking time tests—eighth graders studying Indiana history.

## ANTHRAX WARNING STORY

Lafayette, Indiana, March 14—Four cases of anthrax in hogs have been diagnosed this week in the animal disease laboratory at Purdue University, according to Dr. L. M. Hutchings, head of the Purdue veterinary department. Several other suspicious cases are being studied.

These hogs have come from scattered parts of Indiana, but so far are confined to areas near the Ohio line. Responsible officials in Ohio report that outbreaks have been found in 47 hog herds in 16 counties of that state. They have reported 94 death losses there during February and March.

"While this situation does not justify undue alarm or hysteria on the part of hog raisers and consumers," Hutchings says, "it deserves concern because the disease is deadly to humans as well as animals. Only four times in 35 years has it been found in Indiana.

From evidence available, Purdue veterinarians believe there may be reason to suspect inadequately sterilized bone meal imported from foreign countries

as a source of the trouble. Hutchings says there is no evidence to indicate that biological warfare might be involved.

He suggests that farmers follow these rules:

1. Find out about symptoms of the disease and watch livestock for suspicious cases.
2. Call the local veterinarian promptly if such cases appear, and if there is no nearby veterinarian, call Dr. Roy Elrod, state veterinarian in Indianapolis.
3. Under no circumstances should the farmer cut open any suspected animals that die on his farm.
4. He should not haul sick or dead animals, but should bury them on the spot.
5. He should not sell animals out of the herd if there have recently been sudden deaths.

Anthrax is one of the oldest and most destructive diseases of animals. It strikes suddenly, leaves a high death toll, and its spores can live in the soil for many years.

Most frequent symptom of the disease in hogs is swelling under the jaw. Cattle with anthrax may bloat very

rapidly. Blood of all animals that die of anthrax is dark in color and slow to clot. Not all animals die suddenly. In some forms of the disease they may linger for some time. All farm animals except poultry are susceptible to the disease.

Precautions are being taken at the animal disease laboratory at Purdue. Post mortem laboratories will remain open for idagnostic purposes, but persons outside the department will not be admitted. This is for protection of farmers and their animals.

Dr. F. W. Quackenbush, state chemist, has sent the following special notice to feed mixers who supply Indiana farmers. "In view of the present suspicion that imported bonemeal may be a carrier of anthrax disease, the State Chemist will permit feed mixers to substitute other phosphate products for the bone meal listed as an ingredient on the State tag. This permission is effective immediately and will continue until notification of the end of the present emergency."

to conserve the minor element boron. This is indicated by tests conducted at Purdue University.

Dr. J. L. White, agronomist in charge of the experiment, says that humus and organic matter apparently absorb boron. Therefore, soils containing much humus do not allow boron to leach out so readily. Boron apparently reacts favorably with organic compounds in the soil. It does this in a manner which discourages leaching of this element, needed in growing alfalfa and other legumes.

Boron, the main element used in many eye washes, is particularly important in growing high quality legume hays. Soils containing inadequate supplies of this element—mostly those soils in southern Indiana—often grow alfalfa in which the leaves, near the growing point, turn yellow and sometimes redden, while the lower leaves remain a healthy green.

Boron-deficient plants are usually stunted. However, this condition may also be caused by spittlebugs, leaf hoppers or aphids, Dr. White adds.

Needed organic matter can be added in such forms as barnyard manure, crop residues or green manure crops, the agronomists explains.

# Swift's Pig and Pork CONCENTRATE

## WHAT IT IS:

Latest addition to the Swift Swine Feed Family is *Swift's Pig and Pork Concentrate*. It is a highly palatable, carefully balanced, strictly modern concentrate to be fed as a part of farm-grown hog rations. Built to help the hogman make more profit, Swift's Pig and Pork Concentrate is designed for the sound, down-to-earth feeder who fattens his hogs and keeps his eye on the low dollar of feed cost.

Swift's Pig and Pork Concentrate has the following desirable qualities and characteristics:

- ◆ is rated superior in palatability.
- ◆ Has excellent balance built from a wide variety of ingredients.
- ◆ Contains added vitamin B12 and antibiotics.
- ◆ Is made with two kinds of animal proteins and a variety of vegetable proteins.
- ◆ Is adapted to all methods of feeding of fattening hogs.
- ◆ Balances farm grown grains perfectly.
- ◆ Is particularly designed for economical pork production.

## WHY FEED IT:

For fattening hogs on the farm with plentiful grains, pasture, and/or good quality legume hays, the typical market hog feeder wants a fattening concentrate at a moderate price.

Choose Swift's Pig and Pork Concentrate to balance home-grown feeds. It is a concentrate which combines reasonable price with excellent performance. Duplication of sources of nutrients is costly and the dollar-wise feeder wants to buy only those supplemental nutrients he needs.

## HOW TO FEED IT:

Feed from weaning to market.

Feed on pasture or with some high quality legume hay when available.

Self-feed with corn or other grains in separate compartments.

Self-feed in mixtures:

Weaning to 120 pounds: Pig and Pork Concentrate 1 part, grain 3 parts.

120 pounds to market: Pig and Pork Concentrate 1 part, grain 6 parts.

Feed as a part of Swift's Swine Program to fattening hogs, feeding Swift's Sow and Pig Concentrate and Swift's Pig Power as recommended for brood sows and suckling pigs.

The members responded to roll call by naming their favorite flower.

Due to 4-H Officers training meeting Monday evening March 24, the regular club meeting will be held Tues-

day evening, March 5, at 7:00 until 9:00. (Please note change of time.)

During the business session it was decided that each member who wishes may give five cents each meeting to help pay postage.

Demonstrations were given by Janet Reed and Barbara Long.

4-H member requirements were read by Mrs. Harold Markley.

The Record Books were distributed. Mrs. Markley explained how to fill them out and Mrs. Kenneth Barkman helped those who were new in the 4-H club.

A potato relay race was held under the direction of the recreation leaders, Sharline Ware and Junior Bare. Refreshments were served by the hostesses, Sandra Barkman and Sharon Horn.

The March 25, meeting will be at the home of Rebecca Oyler with Janice Mollenhour as co-hostess. Games will be conducted by Suellen Long and Julie Kent.

As the tightly packed elevator descended, graying Mrs. Morton became increasingly furious with her husband standing beside her. His face was flushed with delight—because the blonde girl was crowded against him.

As the elevator stopped at the main floor, the blonde suddenly whirled, slapped Mr. Morton, and said: "I'll teach you to pinch."

Bewildered and no longer aglow, Mr. Morton was halfway to the parking lot with his wife, when he choked: "I—I didn't pinch that girl."

"Of course you didn't," said his wife consolingly. "I did."

**PROTECT TILE MAINS  
DURING SPRING WORK**

Remember the location of the tile mains when the loaded lime trucks drive over the fields this spring, cautions Gerald A. Karstens, agricultural engineer.

Karstens says that it is possible for a loaded lime truck to cause tile to break under the best of conditions. Improperly laid tile, particularly if it is of poor quality, will often break easily, even without a heavy load such as a lime truck.

To insure the greatest life of a tile drainage system a good quality tile, properly installed in a trench, shaped to support the lower one-fourth of the tile, is advised.

### 'CHUTISTS JUMP IN TEXAS

Lee Norris, son of Mr. and Mrs. Sam Norris, is stationed at Ft. Hood, Texas. He will take part in the big Exercise Long Horn maneuvers.

The following is an article released from Fort Hood on March 15:

Twenty-five hundred paratroopers from the 82nd Airborne Division dropped from the skies into Central Texas Mesquite country today in a preview to the big Exercise Long Horn maneuvers.

The mass jump, delayed 2½ hours by high winds, was watched by thousands of spectators in designated parking areas, who heard a running account from an armed forces man with a loudspeaker.

At least one man's chute got fouled up in a windmill, and several landed in trees. A newspaper reporter saw one man whose leg appeared broken.

The 82nd Airborne will be the "aggressor force" in maneuvers starting a week from Tuesday and involving 115,000 to 120,000 men.

The air drop included jeeps and three-quarter-ton trucks, which landed without mishap.

### NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of the Town of Etna Green, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 7th day of April, 1952, will consider necessary to meet the extraordinary emergency existing at this time.

Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a further hearing within fifteen days at the County Auditor's office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing, taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

### READING CLUB HAS ANNIVERSARY DINNER

The Mentone Reading Club held its anniversary dinner on last Wednesday evening at the Sportsman's Club at Beaver Dam Lake.

The tables were decorated with tall candles, cut flowers and a beautiful "birthday" cake. Individual places were marked by clever place cards and watering can nut cups. A delicious baked ham dinner was enjoyed by the group.

Special music was furnished by Vance Johns and "Tyd" Bybee.

Mrs. Ferd Koenig, of Etna Green, and a former member of the Reading Club, then presented her illustrated program, "Mistresses of the White House." This was a very colorful and interesting account of the women who have served as mistresses in the White House from Martha Washington to Bess Truman. Mrs. Koenig's account which relates a number of interesting and humorous incidents in the lives of these various ladies, was made doubly interesting with a hand drawn and colored model of an outstanding beautiful gown owned by each lady.

The committee in charge of the dinner and program was: Mrs. Vance Johns, Mrs. Chancy Mollenhour, Mrs. Walter Kent and Mrs. Ralph Mollenhour.

Recent week end guests of Jody Cullum at the Artley Cullum home were: Elaine Harshner, Cindy Steiner, Kathy Carothers, Ann Shoppe, Laura Hawkins and June Replogle. All these girls attend Manchester College and stay at Oakwood Hall.

Dr. and Mrs. C. F. Anderson stopped at the home of Mr. and Mrs. Walter Kent on last Wednesday. They were enroute from Florida to their home at Mount Pleasant, Michigan. Mrs. Kent and Mrs. Anderson are sisters.

## TIMELY TOPICS

By Mrs. Ruth R. Snellenberger  
Home Demonstration Agent

Do you read the comics? Some are really fantastic, aren't they?

Some comics, however, have a hint of realism. For example, not long ago there was one showing the father and mother telling the daughter that she was a "big girl" she could wash the dishes; she was a "big girl" she could get the supper; she was a "big girl" she could help clean the house. But when the daughter asked about going to the movies alone, she was told she was just a "little girl." This characteristic of the teen-agers—grown up in some ways and yet very dependable in others—is one requiring understanding and consideration from adults. Those who have made studies of family life problems say this characteristic is important in giving responsibilities to teen-agers and then guiding their execution of those responsibilities.

"Is aluminum ware dangerous for cooking?" is a question that I've been asked. The answer is "No." The American Medical Association says, "We know of no evidence that the use of aluminum cooking utensils is harmful. We believe that the propaganda against them originates with quacks, cranks, and faddists, and with those who put out cooking ware made of other materials than aluminum."

Speaking of cooking ware, I wonder how many women continue using enamel ware after it is chipped. I hope none, because certainly there is a great possibility for food particles to become lodged which one cannot wash out. Decomposition occurs and other foods cooked in them are easily contaminated.

A similar situation can occur with using chipped or cracked chinaware. For health's sake let's get rid of them.

Have you started your garden yet? Mrs. William Camden who lives along the Pierceton-Winona road told me the other day that she enjoyed the Garden and Landscape School so much she went home and planted lettuce and radishes. I believe someone attending the school stated she already had peas planted.

If you plan to freeze some vegetables from your garden I'd like to urge you to select a variety recommended for freezing.

## ROY COX, ANTIQUE COLLECTOR

Leroy Cox appears to be going in for antiques. One day this week he came in with a gadget that was used in the old blacksmith days to measure the outside diameter of wagon wheels. It is a wheel 24 inches in circumference and a short handle and pointer. It could be held in the hand while the wagon wheel revolved, giving the exact measurement for making the steel rims used on wagon wheels.

Mr. Cox saw the instrument in a bunch of iron junk that C. O. Mollenhour brought up to Byron Linn.

Roy said he knew what it was, so by that we know he is like some of the rest of us—at the age where you start picking up antiques.

Oscar Baker was in town the first of the week, much improved after his recent illness.

Mahlon Jefferies said Monday that it was certainly muddy in Kosciusko county 45 years ago on March 16th. That day he hitched two horses to a carriage and plowed through the mud holes to Warsaw to get a marriage license.

## WAR MOTHERS MEET

Mothers of World War II met at the home of Ocie Gross on March 12.

There were 17 members and one guest present.

Delegates for the State convention to be held at Elkhart were selected. They are Blanche Paulus and Ethel Wagner.

Plans are being made for a party to be held at the Veterans hospital at Fort Wayne in the near future.

The District Meeting is to be held in Mentone in June.

The door prize was won by Iris Fitzgerald.

Delicious refreshments were served by the hostess assisted by Maude Romine.

The next meeting will be held at the home of Bernice Rush in April.

Mr. and Mrs. Rex Witham and family have moved from the Frank Vernet farm home to the house on the former Carl Meyers farm. Mr. and Mrs. Don Kinkad, Jr. and family have moved from the Frank Warren property in Mentone, to the Frank Vernet home.

Mr. and Mrs. Charles Cooper, of Tippecanoe, were Sunday dinner guests of Mr. and Mrs. Max Smith and Pfc. and Mrs. Robert Smith.

Mr. and Mrs. Sol Ernsberger, of Delphos, Ohio, have been visiting with friends and relatives here. They expect to return to their home within the next day or two.

Pfc. Robert C. Smith arrived home last Wednesday for a 10-day visit with Mrs. Smith and his parents, Mr. and Mrs. Max Smith. He leaves Friday for Camp Pendleton, Oceanside, California.

### LEGION MEETING

At the regular meeting of Mentone Post 425, The American Legion, held Tuesday evening at the Post Home, the following new members were voted to membership—Rea Ward, Edward Cochran, Richard Rhodes and Gerald Romine.

The Post voted to send a local high school boy to Boy's State this spring.

There will be a dance and guest night on Saturday evening, March 22, at the Post Home. All Legionnaires and Auxiliary members are requested to bring a guest.

The next County Council meeting will be held at the Pierceton Post on Thursday night, March 27 and the next 2nd District meeting will be in Valparaiso

on Sunday, April 6th.

A contribution was made to the American Red Cross and the Lafayette Soldier's Home.

Mrs. Claude Barkman spent Monday afternoon, also stayed for supper with her sister, Mrs. Earl Meredith. This was quite a treat for them, because of Mrs. Barkman's past illness.

## MR. POTTLEBY

"He's a little anxious about the market today!"

ANNOUNCE NEW STRAW  
BUYING PROGRAM

A complete change in straw buying methods will be in full swing when the 1952 wheat crop goes to market in the summer of 1952, according to H. D. Henley of Contalner Corporation of America. Mr. Henley is in charge of buying straw for the Carthage, Indiana plant.

Under the new program, the company will pay farmers or balermen \$2.00 a ton over the price paid at the plant, for straw contracted in advance. Clauses protect the seller if he cannot fill his contract because of a short crop or bad weather. An addition of \$2.00 a ton will be paid for storing straw on the farm from the current harvest and delivering it as needed by the company. The company agrees to ask for delivery of the straw before the next harvest.

The new program has been tried in other states and found superior to the methods used in the past. Under the old system the farmer and balerman never knew in advance what he would be paid for his straw, or even if he would have a market for it at all. Likewise the Contalner Corporation never knew in advance what they would have to pay for straw, how much they could get, or how far they would have to go for it.

Straw is now being contracted. The company intends to contract for the year's requirements well in advance of the harvest season.

RESPONSIBILITIES IMPORTANT  
TO YOUNG CHILDREN

Responsibilities at an early age to develop self-reliance was emphasized by Dr. Dorothy Mummery, family life specialist of Purdue University at the special interest meeting Tuesday night, March 11, at the Woman's Building on the Fair Grounds. She also pointed out that the child who learns to do for himself, as a two, three, or four year old, will be better able to make choices, and take the consequences when a teenager and later an adult.

In a discussion which took place during the meeting, some points suggested were that frequently parents are too busy to take the time to allow the child opportunity to learn to do for himself; that situations are not offered the child in which he can make choices; that planning responsibilities and consequences with a child gives an opportunity to explain so that the child can completely understand what is expected of him.

Some facilities suggested for a child to use to help himself were a low rod on which to place garment hangers for a child to reach, a drawer or box he can have access to put toys away, a foot stool on which to stand to wash his hands.

This meeting was a result of questions asked by home demonstration club members and was open to the public. Mrs. Ruth Snellenberger, home agent, presided. Mrs. Roy Bowen, War-

saw, secretary of the county association assisted with registration.

## A LOOK INTO '56

It is 1956 and a certain President has been elected again and the country has become accustomed to socialized medicine.

A man feeling the need of medical service went to the building arranged for that purpose and upon entering the front door found himself faced with a battery of doors, each marked with the name of an ailment, such as appendicitis, heart trouble, cancer, etc.

He felt sure his trouble would be diagnosed as appendicitis so he entered the door marked herewith and upon entering found himself faced with two doors, one marked male and the other female.

Of course he entered the door marked male, and immediately found himself in a corridor where there were two doors, one marked Protestant and one marked Catholic.

Since he was a Protestant he entered the proper door, and found himself facing two doors, one marked white and one marked colored.

He entered the white door and again found himself faced with two doors, one marked taxpayer and one marked non-taxpayer.

He still owned an equity in his home so he went through the door marked taxpayer and found himself still confronted with doors, marked married and single.

He had a wife at home so he entered the proper door and once more there were two doors, marked Republican and Democrat.

He was a Republican so he entered the proper door and—fell nine floors to an alley.

Thus ends the story.

SIZE, WEIGHT LIMITATIONS  
ON AIR PARCEL POST

The Department of Defense has notified the Post Office Department that the volume of air parcel post now being sent to members of the Armed Forces overseas (including personnel on naval vessels) has reached the point where the available aircraft space is being exceeded, and that it is necessary to impose limitations on air parcel post for delivery through military post offices overseas and to naval vessels.

Accordingly, effective March 15, 1952, the limitations specified below will be applied to air parcel post addressed to APO's in care of the postmasters at New York, San Francisco, Seattle, and New Orleans; care of the fleet post offices at New York and San Francisco.

Limitations are as follows:

Limit of size—30 inches in length and girth combined.

Limit of weight—2 pounds.

The instructions above apply only to Air Parcel Post. Parcel Post not exceeding 100 inches in length and girth combined, and 70 pounds in weight may continue to be sent by surface means.

POLLED SHORTHORN SALE  
AT WARSAW APRIL 1

A sale of interest to Polled Shorthorn breeders in Indiana will be the Northern Indiana Polled Shorthorn sale Tuesday, April 1, at Warsaw, Indiana.

The sale is to be held at the fair grounds.

Jonathan Gosser accompanied his aunt, Lucy Gosser, to Delmont, Pennsylvania last week. He is visiting with his grandparents there, and, unless he gets homesick, will remain there for a month or six weeks. It was a year last October since his grandfather had seen him, so there might well have been some excuse for him not knowing Jonathan when the elder Gosser returned home to find his guest.

Mrs. David Gosser's sister, Martha Singo, and family are now residents of Fort Wayne. Mrs. Singo is employed as Religious Editor by the News-Sentinel.

## "BEHIND THE SCENES IN AMERICAN BUSINESS"

By Reynolds Knight

New York, March 17—Now that the pain is beginning to subside we might all look at what March 15 meant to us and the government.

The government probably fared pretty well. Tax receipts should be a record \$9½ billion, compared with about \$7.7 billion in March, 1951. Total collections for the fiscal year ending June 30, according to one source, will be above \$62 billion.

If you are beginning to wonder whether taxes or inflation are the biggest threat you might consider one authority's estimate that taxes have risen 66 per cent since the Korean war began while the cost-of-living rise in the same period has been a mere 11 per cent. With the government raking in this big tax take, while planning to curb defense spending, a balanced budget for fiscal '52 is not improbable.

**DISCOUNT LIMIT**—There may be more than meets the eye in the Federal Trade Commission's recent order limiting manufacturer discounts.

The FTC says the discount a manufacturer gives on a 20,000-pound shipment (one carload) is the greatest cut he can make. So, even if you order 10 carloads at a time you still can't get any greater discount than the dealer who orders only one car-

load.

Many businessmen are worried because the FTC order could easily be extended to include industries which ship such essential items as feed, meat, grain, lumber, oil and chemicals. Among those who would feel the pinch of such an extension are cooperatives, mail-order houses and chain stores which can sell at lower prices to the customer only because they are able to buy in huge lots and thus obtain a progressively better discount.

The ultimate result of carload discount limits, industry leaders point out, would be higher prices to the consumer—and that means you.

## NEW DEEP-RED, WILT RESISTANT TOMATO

Destined to lead a double life—such is the future of the new tomato variety released by Purdue University this winter. Its smooth, brilliant, deep-red fruit will make it a favorite with housewives and its tolerance to wilt will please growers.

The new variety has been named Purdue 1361, and was developed by the late Professor Edward Stair of the department of horticulture. Stair made the first cross between Indiana Baltimore and Rutgers in 1940. After several years of selection and testing, a true-breeding variety was established. Six years of trials under Indiana

conditions followed before the variety was released.

According to Dr. N. K. Ellis and Dr. E. C. Stevenson of the department of horticulture, the new variety has better internal color than Indiana Baltimore, and shows less tendency to crack than does Rutgers. Purdue 1361 has little misshapen fruit, known as catfaces, that also add to canners' waste costs, when properly canned the

fruit holds its shape well. The cores are smaller than those found in the average large-sized fruit grown for the canning industry.

### TREAT OATS FOR SMUT

Seed oats should be cleaned and treated for smut control, say Purdue University botany and plant pathologists. They recommend application of Ceresan M at the rate of one-half ounce per bushel either as a dust or a slurry.

Other recommended materials are Aagrano 350 at the rate of one-half ounce per bushel either as a dust or a slurry and Panogen. Panogen is a liquid applied by the "quick wet" method at the rate of three-fourths ounce per bushel, either in the concentrated form or diluted at the rate of one-to-nine parts in water and applied in a slurry treater.

Be certain to follow manufacturer's instructions as these materials are mercurial poisons, warn the Purdue men.

### QUALITIES NEEDED FOR

#### THE BETTER JOB

Here is down-to-earth "how to make good on your job" advice from Walter A. Lowen, who for a quarter century has found jobs for people in the highly competitive business field. Actually he places hundreds of job-seekers, from office boys to \$50,000-a-year executives.

When picking a man or woman for an important job, what qualities does an employer look for? Job expert Lowen says these three are the most important.

A. Better personality every day. The man or woman "going places" is always studying himself, eliminating traits which irritate other people, strengthening positive traits.

B. Graceful acceptance of criticism. Nobody ever really gets too big to make a mistake. If you reply to a correction with a fast comeback, you prove that you cannot be improved.

C. Reliability. So rare is genuine reliability that people who have it get ahead even though they may lack other attributes.

Top secret for advancement is application of the age-old maxim "Know thyself." A little self-study may reveal

that you're too shy or too proud or otherwise negative. Maybe you talk too much. Silence is particularly golden when your prospective boss begins to describe his career.

Check the following Lowen rules for improving yourself where you are now:

1. Be interested in people. Ask them for advice—and show appreciation.

2. Be in love with your job. Then you'll work with zest and never notice the hours go by.

3. Be profit-minded for your employer. This pays off for you as well.

4. Be an understudy to your boss, always ready to carry on for him.

As an over-all rule for getting ahead: Develop self-confidence. "If you worry, overcome it. Replace it with confidence," says Mr. Lowen, who likes to quote Franklin D. Roosevelt's "We have nothing to fear but fear itself."

—Robert Viano in Redbook

# METHODIST CHURCH NEWS

The presentation of the play, "The Lost Church," this coming Sunday evening, March 23, will bring to a conclusion the University of Life Program which began the first Sunday of February.

It is hoped that a very large congregation will be present for this last service of the series. There will not be a Fellowship Supper, but the program will begin promptly at seven-thirty. (Due to illness the play has been postponed. The pastor will make an announcement Sunday morning concerning the Sunday evening service.

The response on the part of the leaders for the Children's program and the Serving Committees was excellent. Attendance for the past seven programs averaged more than a hundred for the the Fellowship Suppers and almost one hundred and fifty for the Programs.

The entire series of services has been so successful that a similar program will be prepared for next year. It is hoped that another service by the University of DePauw students will be included.

In the Worship Service at nine-thirty Dorothy Baker, a DePauw sophomore, played the organ. She had just recently given her pipe organ recital and used several Bach numbers for the Prelude and Offertory. James Mitchell, a freshman, sang "Sweet Little Jesus Boy," and Marvin Williams read the Scripture.

Lee Hamilton, a senior, presented the sermon, "Who Is Great?" He was remembered by several of the basketball fans in the congregation as having received the award for the most outstanding high school basketball player in the state of Indiana in 1948.

A dinner of ham, scalloped potatoes, green beans, salad, hot rolls, and ice cream was served the students from DePauw and their hosts, the young people of the local Methodist Church.

Following the Fellowship Supper in the evening the twelve guests presented a service of CHRIST IN THE FINE ARTS; this was in the form of music, interpretive dancing and drama.

Dorothy Baker opened the service with two organ numbers by Bach, "In Death's Strong Grasp the Saviour Lay" and "O Sacred Head Now Wounded." Jim Mitchell sang "If With All Your Hearts" from "The Elijah" by Mendelssohn. He later concluded the program with Malott's "The Lord's Prayer."

Because the Hammond organ lacked enough keys on the pedal board Dorothy Baker was unable to play the "Dorian Toccata" by Bach and she substituted it with Bach's "Fugue in E Flat Major."

Pat Van Riper then sang "How Lovely Are Thy Dwellings" by Liddle. Tom Sargeant, of Muncie, introduced the remaining part of the program in which Mabel Schloot, member of Orchesis, a modern dance group, in-

terpreted the 121st Psalm. Several Scriptural references were quoted concerning the use of dance as one means of worship used both by the Hebrew women in Bible times and by King David himself.

Readings from the pageant, "I Believe in God," were given and also interpreted by the use of dance. This pageant had been previously given in its entirety on the DePauw Campus. This was the first presentation of any part of it off the campus.

Although the beauty and worshipfulness of "The Lord's Prayer" is sufficient when well sung, it was a startlingly beautiful experience of worship to see it also interpreted in dance.

Other students not already named who participated in the services were: Carolyn Sage, in charge of the evening service; Robert Sinks, Mary Beth Johnson, Dean Berry and Marjorie Chrichton. All of the guests who came in a bus driven by Marvin Williams are members of the Methodist Student Movement which, as Lee Hamilton stated, "is the Methodist Church on the DePauw Campus."

The regular monthly meeting of the Women's Society of Christian Service which is held on the third Thursday of the month and should be on March 20 has been postponed until March 27 in order to obtain as the guest speaker, Miss Mary Mann, a missionary. The Etna Green-Atwood and Burket Circuit churches are to be guests at this meeting.

## MENTONE HOME DEMONSTRATION CLUB MEETS

"Planning a Basic Wardrobe" was discussed by Mrs. Glen Snellenberger, county home demonstration agent, at the recent meeting of the Mentone Home Demonstration club. Mrs. Cloice Paulus, hostess to the group, was assisted by Mrs. Emra Anderson.

The guest speaker advised the members to make a careful inventory of clothing already owned before going shopping. Garments and accessories which may give continued service should be incorporated in plans for the new season. She urged thoughtful consideration of harmonizing fabrics and colors to provide an all-occasion wardrobe within the amount budgeted.

Mrs. Anderson read several brief articles appropriate for spring. The meeting was opened by Mrs. Howard Horn, vice president, Mrs. Harry Vernette, president, conducted the business session.

Mrs. Silas Hill was awarded the mystery package, and gifts were presented to Mrs. Jacob Gross and Mrs. Kenneth Barkman. Mrs. Leroy Cox, Mrs. Anderson and Mrs. Masa Nelson bought the auction articles.

Sixteen members and a guest, Mrs. Minnie Anderson, of near Mentone, attended the meeting.

## MOLEBASH—SPRONG

Miss Martha Sprong and Franklin Molebash were married at seven o'clock Wednesday evening in the First Brethren Church at Warsaw by Rev. E. J. Beekley, the pastor.

Mr. and Mrs. John W. Sprong, of east of Warsaw, and Mr. and Mrs. Jesse H. Molebash, of Etna Green, parents of the couple, attended the double ring ceremony.

The bride chose a beige suit with brown accessories. Her corsage was of carnations.

Mr. and Mrs. Doyle Webb of Warsaw, were the attendants.

After a wedding trip through Wisconsin, the couple will be at home in South Bend.

## CHURCH—NETTROUER

Mr. and Mrs. Clyde E. Nettletrouer, of Warsaw, announce the marriage of their daughter, Miss Shirley Nettletrouer, to Pfc. William C. Church, which took place Wednesday, March 5, at Denver, Colorado. Pfc. Church is the son of Mr. and Mrs. William Church, of Pound, Virginia. He is stationed at Lowry air force base, where he is attending the gunnery school.

Pfc. and Mrs. Church are residing at 835 Emerson Street, in Denver.

Rev. A. C. Andrews was the officiating minister at the double ring ceremony, which took place at half past six o'clock in the evening at his home in Denver. Pfc. and Mrs. Donald Burke were the attendants and Pfc. Sid Cooke was a guest.

For her wedding the bride chose a dress of light blue faille with which she wore accessories in a toast brown color. Mrs. Burke was attired in black with black accessories.

Before going to Denver Mrs. Church was employed in the office of the Ball Band Rubber Company, in Mishawaka.

## "THE EAGER MISS BEAVER"

Members of the Beaver Dam PTA and the Mentone American Legion are jointly sponsoring the presentation of a comedy, "The Eager Miss Beaver," on Saturday evening, April 5, at the Mentone Community Building.

The Legion will use their share of the proceeds to send a high school boy to Boys State at Indianapolis this summer and the PTA hopes to buy stage curtains for the Beaver Dam gymnasium.

## SNIPES — EMMONS

Miss Bonnie Jean Emmons and Sgt. William Donald Snipes were united in marriage in a candle-light ceremony performed last Thursday evening at the home of the bride's mother. Rev. David Gosser, pastor of the Methodist church read the double ring marriage ceremony in the presence of the immediate families of the couple. Mr. and Mrs. William T. Snipes, of near Talma, are the parents of the groom. Bonnie is the daughter of the late Don Emmons and Mrs. Stella Emmons.

The home was decorated with palms and baskets of white snapdragons.

The bride was attired in a gray suit with white accessories. Her corsage was an orchid. Miss Geneva Whetstone, her attendant, was attired in an ecru suit with navy accessories and her corsage was of red rose buds.

Mr. Ivory Snipes attended his brother.

Mr. and Mrs. Snipes are now on a wedding trip which will take them to the east coast.

Sgt. Snipes, who has spent the past 10 months in Korea, is to report at Camp Atterbury April 2. Bonnie plans to go with him as soon as he is located.

## WARREN—OUTCELT

Mrs. Myrtle Outcalt and Frank Warren were united in marriage in a ceremony performed at 11 a. m. Friday in Warsaw. Rev. B. H. Truman read the marriage service.

Mr. Warren is a retired Mentone businessman and formerly served as town marshal for a number of years.

Mr. and Mrs. Warren will reside in Mentone.

## MRS. NAOMI SWARTZELL DIES

Mrs. Naomi Swartzell, aged 73, of Knox, Indiana, died in the Starke Memorial hospital at Knox last Thursday. She was born in Mentone and had lived in Knox for 40 years. She was married in 1911 to John L. Swartzell, who preceded her in death.

Surviving are a step-daughter, Mrs. Vella Lindsay, of New Paris; and an aunt, Mrs. Matt Whittenberger, Akron. Funeral services were held Sunday in the Price funeral home at Knox with Rev. C. A. Newcomb, pastor of the Knox Christian church, officiating. Burial was in the Crown Hill cemetery at Knox.

## CLAUSS — NELLANS

Sunday afternoon at half-past two o'clock, in the Etna Green United Brethren Church, Miss Norma Jean Nellans and Mr. Glen Clauss were united in marriage.

She is the daughter of Mr. and Mrs. Dean C. Nellans, Sr., of Mentone. Mr. and Mrs. Dan Clauss, of Bourbon, are the parents of Mr. Clauss.

White tapers in tall seven-branch candelabra lighted the altar where bouquets of pastel colored snapdragons were arranged with palms providing the setting for the double ring service read by Rev. John Schroeder, pastor of the church.

Miss Marita Tucker, cousin of the bride, vocalist, and Miss Shirley Igo, also a cousin of the bride, pianist, presented a thirty-minute prelude. "Because," "At Dawning," "I Love You Truly," "Oh Promise Me," "With This Ring I Thee Wed," and the "Lord's Prayer" were selections by Miss Tucker. Piano selections during the prelude were "Melody In F," "Always," and "Indian Love Call."

The bride, escorted by her father, who gave her in marriage, was wearing a gown of ballerina length white, satin with an over-skirt of white lace. The fitted bodice was of satin with a scalloped yoke of lace and long sleeves forming points over the hands were also of lace.

The finger-tip veil showered from a braided satin tiara trimmed with pearlized orange blossoms. She carried a white Bible topped with a purple orchid from which fell satin streamers caught with white carnation buds.

Mrs. Ila May Gruse, of Fort Wayne, was the matron of honor, and Miss Geraldine East, of Warsaw, and Miss Martha Clauss, of Bourbon, sister of the groom, were brides-maids.

Mrs. Gruse's gown was a full-skirted ballerina length taffeta in mint green shade. The fitted bodice and the short puff sleeves were also of lace. Her lace mitts and linen pumps were of white and her braided taffeta tiara matched her dress in color. She carried a fan-shaped bouquet of yellow gladioli.

Little Sonny Nellans, nephew of the bride, wearing a navy blue suit, was the ring bearer.

Dean C. Nellans, Jr., of Mentone,

## WITH THE SICK

Herman Olsen is a surgical patient at the Memorial hospital at South Bend. He is doing as well as can be expected and will be a patient there for about two weeks.

Earl Nellans has been a patient in the Woodlawn hospital for a week for observation and treatment.

Dick Beroth, who has been absent from his office duties at the Frank Manufacturing Company for a number of weeks, because of illness, was able to pay a short visit to the office on Tuesday. Mrs. Beroth was with him. Don Bunner returned home from the St. Joseph hospital a week ago Wednesday.

Mrs. Curt Nellans remains about the same.

Mrs. Lawrence Boyer underwent brain surgery on Monday morning. She had not yet regained consciousness on Tuesday evening. Mrs. Boyer did not have surgery last week, as stated in the paper.

S. Z. Hoffer is now able to be up and around after being confined because of illness.

## JOSEPH L. MAGGERT DIES

Joseph Leroy Maggert, aged 61, native of Mentone, died at his home in Elkhart late Monday of a heart attack. He lived with an aunt and uncle, Mr. and Mrs. William Sellers.

Mr. Maggert was born in Mentone October 17, 1890, son of Charles and Dora (Smith) Maggert. He was a veteran of World War I.

Survivors include a sister, Mrs. Dale Smeltzer and two brothers, Esco and Dewey Maggert, all of Elkhart.

Funeral services were held Wednesday afternoon at the White funeral home in Elkhart.

### SPRING IN LOUISIANA

Bossier City, La.  
March 20, 1952.

Dear Art,

Well we are finally getting around to writing you and thanking you all for the Co-Op. We really enjoy reading about the things happening back in Indiana. Thanks again.

Today was the first day of spring and it really seems like spring here. The high today was 85° and to think this is only March. By April we will probably be roasted (Ha). Is it still so cold back home? I imagine by now you are having a few nice days.

Mickey is still in camera repair and is now a sergeant. He likes his work very much but doesn't have too very much to do now.

There is a rumor going around that his squadron might go to Africa. It is to be from three to four months but no one is sure whether it's true or not. We'll just have to wait and see I guess.

Lee Norris was over to see us the other week end. It was just like being at home again. Getting to see some one from home once in a while sure makes you feel better.

Well, that's about all the news from way down here.

Thanks again for the Co-Op.

Sincerely,

PAT and MICKEY.

Mr. and Mrs. Mickey Eaton,  
100 Benton Rd.,  
Bossier City, La.

### PLANNING ON A BIG STRAWBERRY PATCH?

The strawberry shortcake season for many a gardener begins with the planting of a strawberry bed. A few plants properly cared for will produce an abundance of high quality fruit.

W. B. Ward, garden specialist at Purdue university, points out that the strawberry plant requires a year to grow and maximum production may be expected the following season.

Strawberries will grow on a wide range of soils and under trying conditions but do best in a fertile, well drained soil with an ample supply of moisture. The plants should be set in April or early May, spacing each plant 24 inches apart in rows from three and one-half to four feet wide. It is not unusual to harvest as many as a quart of high quality, fresh, red berries from each of the originally set plants as each plant will grow several runners.

The choice of variety is left to the individual but the Premier is yet the most popular and more widely planted variety. The Robinson, a large berry, and the two red stele resistant varieties—Temple and Fairland—may be grown in all parts of Indiana. The Tennessee Beauty does best in the south-central and southern portions of the state.

Mrs. Rosie Law is visiting this week with her son and family, Mr. and Mrs. Glen Law. Mrs. Law has spent the winter in Florida and is returning to her home in Wenatchee, Washington. She is making the trip by plane.

### CAN YOU SUPPLY THE ANSWER?

Robert D. Towne, 86 onetime Universalist minister who propounded, while he was editor of the now-defunct humor weekly "Judge", the famed "How-old-is-Ann?" riddle that intrigued the U. S. died after long illness in Ambler, Pennsylvania. The riddle: "Mary is 24. She is twice as old as Ann was when Mary was as old as Ann is now. How old is Ann?"

Mr. and Mrs. Ben Wellman and daughters, of South Bend were Sunday dinner guests at the home of Mr. and Mrs. Adam Bowen.

### USERS AMAZED BY SPECTACULAR RESULTS

Read this exact quotation from a letter from Mr. Lyman McKee of the McKee Bros. Farm at Madison, Wis.: "We started feeding about 50 pigs on the MYZON feeding program about September 1st. One of the first things I noticed was that their appetites and general activity improved. This was followed by a marked increase in weight."

Here's what another actual user says in praise of MYZON COMPOUND. Mr. Ivan Eschenbach of Baraboo, Wisconsin writes: "A few of my pigs which were a great deal behind the others when I began using MYZON, have shown much improvement. I can certainly say I have been very well pleased with the results I have had from using MYZON."

**MYZON COMPOUND** promises faster growth, better health, increased egg hatchability! Pigs show as much as 30% greater gains in four months!

You've heard and read in your Farm Papers about Terramycin—the wonder drug that has done so much to improve hog and poultry rations. Now scientists have combined Terramycin with other important vitamins and minerals to produce a compound called MYZON. Tests prove that MYZON produces faster growth in hogs and poultry. So if you want faster gains in hogs and poultry, lower chick mortality, better egg production, start using MYZON today!

### IT'S EASY TO USE MYZON JUST ADD TO REGULAR FEED

Just mix MYZON COMPOUND with your own feed, adding salt and low-cost vegetable proteins. See for yourself how your animals brighten up, eat more, and gain in weight. MYZON saves you days of labor—saves you expensive feed because animals get to market size faster!

MYZON compound contains not only liberal amounts of the wonder drug Terramycin but all other known vitamins and minerals ordinarily supplied by animal or fish products.

## TIMELY TOPICS

By Mrs. Ruth R. Snellenberger

What do you know about "dacron," "orlon," "nylon" and "rayons"? The newest one to add to these is Fiber E. Actually it's the newest form of the oldest of man-made fibers, viscose rayon. It's tailor-made for rugs, upholstery, draperies, fur-like fabrics and nubby surface effects because of its crimped wool-like characteristics and great durability.

The crimp is the "hidden" quality in that a cone of the conventional type viscose yarn and Fiber E look the same when shipped from the plant. But after a "bath" in a dilute solution of caustic soda, Fiber E changes from a smooth straight yarn into a curly one.

Some day I expect Fiber E will have a trade name. The laboratory designated Fiber V received the trade-mark "Dacron" by the DuPont Company who developed it.

Last fall when I was discussing with the extension specialist in clothing from Purdue University the content

of some lessons on new fibers and finishes, she suggested that the leader training meeting be held later in the year. The reason for this request was that many fibers are so new that research studies and results have not been completed on them. Then, too, she said sometimes these new materials are not available on the market.

Homemakers, I believe, would be wise to learn as much as possible about new fibers and finishes. If your buying power is limited, you might be wise to be certain sufficient tests have been made to verify its performance before investing any great sum of money in it.

Homemakers who are reupholstering with plastic will find they need to make at least half the underside of their cushions of sturdy fabric. This should be the back half for appearance sake. Air cannot escape from between plastic, thus making a hard, uncomfortable cushion.

With spring officially here—by the calendar—it is the time of the year that housecleaning begins. Many of

## CELEBRATE FORTIETH WEDDING ANNIVERSARY

On Sunday, March 23rd, thirty-seven relatives gathered at the home of Mr. and Mrs. Jake Gross, of near Mentone, and pleasantly surprised them in honor of their fortieth wedding anniversary, which occurred on Thursday, March 20th.

The beautiful cake that centered the table was sent by the couple's niece and husband, Mr. and Mrs. Roy Stuart of Decatur.

Guests present were: Mr. and Mrs. Russell Gross and Mr. and Mrs. Chas. Weidner of South Bend, Mr. and Mrs. Fred Gross, Mr. and Mrs. Donald Gross and family and Mr. and Mrs. Wendell Gross of Elkhart, Mr. and Mrs. Howard Smith and son of Fort Wayne, Mr. and Mrs. Elmer Weidner of Piercetown, Mr. and Mrs. Joe Gross and fam-

ily and Mrs. Echo Darr of Rochester, Mr. and Mrs. Ora Nelson of Loganport, Mr. and Mrs. Harold Wagner and daughter of Union, Michigan, and Mr. and Mrs. George Craig and family of Mentone.

During the noon hour, the couple were again surprised with a telephone call from Miss Zoa Gross of Detroit, Michigan, who was unable to attend.

Following the delicious dinner the remainder of the day was spent socially.

The couple received many beautiful and practical gifts.

All departed wishing the couple many more happy anniversaries.

### BAPTIST CHURCH NEWS

"Hidden Treasures," latest religious-science film of Moody Institute of Science, delving into the wonders of creation as seen through telescope and microscope, will be shown at the First Baptist Church, Thursday, March 27, at 7:30 p. m.

The MIS cameramen risked life and limb to capture some of the unusual scenes. Their adventures took them all the way from dungeon caves to an exploration aboard the Hancock Foundation's research ship.

Among many strangely beautiful scenes, the camera reveals minute flowers, a hundred times smaller than the smallest rose; strange microscopic denizens of the sea; glass-house plants called diatoms; iridescent cave crystals; paramecia, minute animals with oars; and the clowning amoebae, which look like animated ink blots forever changing shape.

Produced by Dr. Irwin A. Moon, director of Moody Institute of Science, "Hidden Treasures" represents eighteen months of tedious camera work in out-of-the-way places to find the small but perfect treasures of God's handiwork.

Delving into the infinitesimal things of God's creation, the film contains a featured sequence on diatoms—a one-cell plant that builds and lives in its own glass house. The plant is so minute that it would take 15 million to fill an ordinary thimble.

With the 200-inch lens of the Mt. Palomar telescope—the world's largest—"Hidden Treasures" reveals some of the hundred million island universes

# THE COUNTRY NEIGHBORS HOME ECONOMICS CLUB

The Country Neighbors Home Economics Club met March 20th at the home of Mrs. Kathryn Teel with Mrs. Emma Zolman as co-hostess.

Following the club creed and pledge to the flag, Mrs. Pfeiffer read an article entitled, "The Wilderness," for devotion. The history of the song of the month was read by Isabelle Peterson. The group then sang "Standin' in the Need of Prayer." Roll call was answered in a most unusual way. Each member had brought "an old Easter Bonnet" in a sack and as her name was called, she auctioned off the hat sight-unseen. A nice sum of money

was realized for the club treasury. During the business session a donation was made to the Red Cross. Plans were made for a bake sale to be held at Mentone on Saturday, April 5th. Various committees were appointed by the president for this affair.

The lesson, "Care of Clothing," was given by Mrs. Dorothy Herendeen and Mrs. Elnora Craig. The safety lesson was given by Mrs. Lisette Notz.

Mrs. Elma Zent and Mrs. Marie Rathbun conducted contests with Emma Zolman and Arlean Walters winning the prizes. Sunshine gifts were received by Lisette Notz, Helen Notz and Bessie Gross. Bidders at auction were Dorothy Herendeen, Arlean Walters, Mrs. Weldy and Elnora Craig.

Refreshments were served in keeping with St. Patrick's Day to sixteen members, two guests and five children. Guests present were Mrs. Weldy, of near Mentone and Mrs. Hershberger of Bourbon.

## HOME AGENT URGES CARE IN SHOPPING

If shopping is a chore, improve your shopping habits—make it a pleasure and gain more for the money you spend.

Mrs. Ruth R. Snellenberger, home demonstration agent, points out that there are certain principles to help guide your shopping. The first step begins right at home before starting out to do the actual buying. Study information about all the items, she suggests, especially for major items. These must meet the satisfaction of the entire family or of those who are going to share in the use of the family income.

Answering some questions for yourself will aid in making the decisions. Such questions as: What do we need? When do we need it? Why do we need it? When will we buy it? What qualities should it have? What should be the amount, color or style?

It helps to write down the list because anything you write you think through more carefully. It is the careful consideration which makes good planning for shopping.

Sometimes, if there is a delay between the planning and shopping, it helps to decide if there is a need or just a "whim" for the item. Parents often tell their children that they will need to wait a few days or a week before the purchase is made. At the

end of this time period, the desire for the planned-for items seems less vital. Adults are the same.

Two lists are helpful. One list would include the regular shopping, "must have items, such as groceries and household supplies. The other list includes the "like to have" items.

When shopping for the items in either list, look for and read labels, says Mrs. Snellenberger. Salespeople can give additional information to help make shopping a pleasure instead of a chore.

## BIG FIRE LOSS CAN BE REDUCED

We need a good national defense program against rural fires. In the battles on this front our casualties are high every year—3,500 persons are killed and \$90 million in property lost, reports Capper's Farmer. In 10 years as many people die in farm fires as live in the city of Kokomo, Indiana, and the property loss is nearly \$1 billion.

We can put up a better fight against farm fires. Farmers in Iowa have cut fire losses by more than 50 percent in the last 15 years, points out the nationally-circulated farm magazine. An on-the-farm inspection program which stops fires before they start is paying dividends. Since 1934 this farm check-up has been sponsored by 150 local farmers mutual insurance companies over the state.

## SCHOOL NEWS

### To Attend High School Day at Purdue

Martha Creighton will go to Purdue next Saturday to participate in the "High School Day" sponsored by the University in cooperation with Indiana High School principals. During the morning, pupils and parents will be taken on supervised visits to classrooms and laboratory groups in session. At noon the students will be guests at a luncheon. A general meeting in the afternoon will feature music by the Purdue Symphonic Band, the famed Purdue Glee Club, and a panel discussion on "College Life and Activities." All Mentone seniors are invited to attend.

### To Compete in Mathematics Contest

Charles Urschel, junior at Mentone, will compete in the comprehensive mathematics contest at Warsaw on Saturday. This contest is one of the many held throughout the State. Winners will be eligible to compete in the finals at Indiana University. Last year Charles was a winner in the geometry division.

### Sophomores Win Class Tourney

On Monday morning a short assembly was held to honor the Sophomores who won the class tourneys in both the boys' and girls' divisions last Friday evening. The Sophomore boys defeated the Junior boys in a one-sided affair. Earlier in the evening the Sophomore girls had defeated the Senior girls.

### Winner of "21" Tourney

This year Bob Boggs proved to be

the best basket shooter by winning the "21" tourney last Friday noon. Jon Cullum was the runner-up.

### Band Prepares for District Contest

The School Band has been working diligently in preparation for the District Contest on April 5th. Mentone will participate at Angola this year. Special sectional rehearsals are being held this week. The band meets one hour each day for practice.

### Eighteen Enter Speech Festival

Eighteen Mentone High School students have entered the Kosciusko County Speech Festival at Warsaw on Friday, April 4th. Last year twelve students entered. The participants are: Dramatic Reading: Cloanne Nelson and Jon Cullum; Humorous Reading: Eleanor Rush, Martha Creighton, Janet Rose Reed and Boyd Blue; Poetry Reading: David Gosser, Neil McKinney, Geneva Whetstone and Janet Rose Reed; Extempore Speaking: Charles Urschel, Jon Cullum and David Gosser; Radio Announcing: Larry McKinley, Shirley Gross, Geneva Whetstone, Delores Lewis, Charles Urschel, Martha Creighton, Boyd Blue, Don Rush, Cloanne Nelson and Eleanor Rush; One Act Play: John Mellott, Don Rush, Jackie Stidham and Phyllis Grubbs; Student Congress: Geneva Whetstone, Martha Creighton, Neil McKinney, Donna Gene Dillman, Berna Dean Sensibaugh and Charles Urschel.

### Senior Penny Supper This Saturday

The Senior Class will begin serving their supper this Saturday evening at 5:00. Serving will continue until 7:00. Featured meat courses will be Chicken Pie and Meat Loaf.

## HONORED AT SHOWER

On Friday evening, March 21st, Mrs. Edward J. P. Cunningham was guest of honor at a miscellaneous shower held at the home of Mrs. Bob D. Miner at Crystal Lake. Mrs. Miner was assisted by Mrs. Frank Hoffer of Atwood. Mrs. Cunningham is the former Miss Bonita Miner.

After opening the many lovely gifts presented to her, Mrs. Cunningham showed the guests through Mr. and Mrs. Cunningham's new home located beside the Bob Miner residence.

Refreshments were served to Mrs. Loyd C. Miner, mother of Mrs. Cunningham, Mrs. Noah Eaton, Mrs. Charles Creighton, Mrs. Dale Smith, Mrs. Harry Bornneman, Miss Ann Creighton, Mrs. Merl Nelson and grandson, Ricky Reed, Mrs. Wallace Anglin, Mrs. Harry Sensibaugh, of the Crystal Lake area; Mrs. Max Thomas, Mrs. Carrie Martin, Mrs. Wayne Hollar, Mrs. Raymond Cleveland and daughter, Toni, Mrs. Robert Martin, Miss Lucille Miner, Mrs. Oscar Miner, of Atwood; Mrs. Leonard Estep, Mrs. Virginia Thomas, of Warsaw; and Mrs. Forrest Miner, of Mentone.

Gifts were sent by Miss Jody Cullum and Miss Martha Ann Sullivan, of Mentone, Mrs. Russell Hoffert, of Warsaw, Mrs. Lawrence Yieter, of Etna Green and Miss Berna Dean Sensibaugh, of the Crystal Lake area.

Mrs. Earl Meredith and her aunt, Mrs. Minnie Anderson, were dinner guests Sunday of Mr. and Mrs. Roy Meredith and family. Mr. and Mrs. Henry Blesch and daughter, Grace, were guests, also. The occasion was in honor of the 45th wedding anniversary of Mr. and Mrs. Henry Blesch, parents of Mrs. Roy Meredith.

Last Friday morning, Mrs. Gertrude Hill and her father, Elbe C. Johnson, went to Terre Haute and visited in the home of Mr. and Mrs. John Knecht and family. They returned home Sunday afternoon. The Knecht family are all very well, which is good news for their friends here.

**D. A. R. MEETS WITH MRS. RUSH**

The March meeting of the Anthony Nigo Chapter of the D. A. R. was held at the home of Mrs. Bernice Rush.

The meeting was called to order by the regent, Mrs. Frank Smith, who led the ritualistic service, prayer was offered by the chaplain, Mrs. Emma Gill.

After the pledge of allegiance to the flag was given all joined in singing, "The Star Spangled Banner."

In the absence of the secretary the roll call and minutes were read by Virginia Rush.

Mirabel Reiwoldt read the president general's message.

A sum of money was donated to the P. T. A. toward the purchase of a new projector for the Mentone school.

Mrs. Eldred Paulus introduced the good citizenship girls and presented them with certificates and pins.

The following girls and their mothers were guests:

Anita Garman, of Claypool.  
Marilyn Haney, of Beaver Dam.  
Marilyn Smith, of Silver Lake.  
Jackie Blue, of Mentone.

The other girls were unable to be present.

Miss Marita Tucker favored us with two vocal numbers, "Tell Me Why" and "Because." She was accompanied by Shirley Igo at the piano.

A film of Yellowstone National Park and a short comic were shown by Don Rush.

Refreshments were served by the hostess and her assistants, Mrs. Porter Williamson and Miss Virginia Rush.

The April meeting will be held at the home of Mrs. Earl Smith at Rochester.

**NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS**

Notice is hereby given the taxpayers of the Town of Etna Green, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 7th day of April, 1952, will consider necessary to meet the extraordinary emergency existing at this time.

General Fund \$28.00

Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a further hearing within fifteen days at the County Auditor's office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing, taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

**MENTONE LIBRARY NEWS**

When was the last time you read a good book?

There are more than 10,000 good books in the Mentone Public Library at all times. Today, Mrs. Lackey, said that the library has also received 50 currently-published adults and children's books.

These 50 new books from the Extension Division of the State Library are received in the local public library every eight weeks as one of its services to local residents. They include:

"The Big Game," by Jim Beach—the complete story of the titanic clashes between the Army and Navy football teams from 1913 to 1947.

"Proud Destiny," by Lion Feuchtwanger—a historical novel of the French court, under Louis XVI and Antoinette.

"Heritage of the River," by Muriel Elwood—a novel of Canada in late 1800's.

"The Ramparts We Guard," by McIvor—a passionate interpretation and defense of Democracy.

"Danger—Curves Ahead," by Miriam

Lincoln, M. D.—warning and advise to those who are overweight.

"The United States and the Near East," by Speiser.

"Educating Our Daughters—A Challenge to the Colleges," by Lynn White—anyone who has a daughter, anyone who values women as women, can read this book with profit.

"Women in the Old Testament, 20 Portraits," by Nora Loftis.

"How To Grow Vegetables," by Casper and Logan.

"Steigel Glass," "Rodeo from Start to Finish," and "Medical Occupations for Girls," are other titles available.

**CARD OF THANKS**

I wish to thank all my friends and neighbors for the cards, flowers and visits payed me while I was in the Memorial hospital at South Bend.

JACOB SMITH

Philip J. Harris and Jack Shoup, of Warsaw, were callers in the newspaper office on Tuesday. Mrs. Harris is a candidate for nomination for prosecuting attorney on the Republican ticket.

Mr. and Mrs. Ralph Mollenhour, son Roger and Mrs. Clark Mollenhour spent the week end visiting AN James Mollenhour at Millington, Tennessee training center.

**VISIT WAYNE BAKER**

Mr. and Mrs. Joe Baker and Mrs. Wayne Baker left for Ft. Jackson, Columbia, South Carolina, on last Thursday evening to visit Pvt. E-2 Wayne Baker. Wayne was able to join them on Saturday, and on Sunday they drove on to Charleston. They saw beautiful country and acres and acres of flowers.

Mrs. Wayne Baker remained there. Mr. and Mrs. Joe Baker returned home Tuesday evening, making the return trip through West Virginia and Ohio. They had gone down through Kentucky. The return trip registered just one mile more than the trip down making 2000 miles in all.

# JUNIOR GUN CLUBS PROFITABLE INVESTMENTS

Boys plus guns add up to safer hunting and lots of fun in newly organized gun and hunting clubs in the Midwest.

"Youth leaders and parents approve the clubs," reports Capper's Farmer. "They feel the boy with a gun isn't so likely to get in trouble if he knows and respects his deadly weapon."

"Members of junior gun clubs are 12 to 18 years old," says the nationally-circulated farm magazine. "An adult sponsor referees the shooting matches and instructs members in gun care, safety and hunting laws. Game wardens and conservation workers are eager to help junior sportsmen find a safe shooting site and decide on rules and by-laws to govern a club."

Typical of the many hunting and shooting groups is the Greene county, Ohio organization called the Rangers. Gun safety is high on their list of objectives. Here are their key safety rules: unload a gun before carrying it into a car or house; treat every gun as tho' it were loaded; keep the safety on until ready to shoot; be sure of the target before pulling the trigger; never climb a tree or a fence with a loaded gun and never shoot at water or a flat, hard surface.

"The 50 members study gun maintenance at meetings when closed seasons or bad weather keep them indoors. Parents often attend these sessions to swap yarns about coon hunts or help their sons plan a shooting match," continues the story.

"The boys are proud of their showing as sportsmen and marksmen. Each year

they choose sides to see which team can kill the most crows, hawks, rats, weasels and other farm pests. The losers treat the gang to a big feed. In another contest, hunting jackets are given the boys who get the most points for safety and marksmanship during the shooting matches."

This junior hunting club was started by the Future Farmers. The agriculture teacher at the high school is the club's advisor.

Mr. and Mrs. C. W. Austin, of Proctor, Minn., the latter a sister to Mahlon Jefferies, visited in the Jefferies home last week. They left for home on Monday after a brief stopover at Mentone after a three weeks visit in Virginia.

Dr. and Mrs. Waltz are enjoying a brief vacation. They will be back in their office on April 2.

Mr. and Mrs. Bert Rickel, of Palestine, have returned home after spending the winter at Wabasso, Florida.

## ARREST MENTONE MAN

Arnold D. Entsminger, 46, was jailed last week on a bench warrant for failure to obey a court support order. He was taken into custody by Sheriff Carl Latta and Frank Juterbock, deputy.

## ATTEND FUNERAL

Out of town guests attending the Kinsey funeral were Mrs. Wendell Kinsey and son, Phillip, of Storrs, Conn.; Robert K. Kinsey of New York City, and Harold Kinsey and wife of South Bend.

## PLANS COMPLETE FOR GO-TO-CHURCH SUNDAY

Next Sunday, March 30th, is Go-to-Church Sunday in Kosciusko county and interested citizens in all parts of the county have been making a concerted effort to contact every home and individual within the county.

Go-to-Church Sunday is an annual event in our county.

History records that the fall of every great nation in the past has always been preceded by a falling away from God. Our Nation and its citizens are moving the pawns of destiny by their disregard for things spiritual. Man, according to the Word, was made for God, and the desires in man's heart that leads him away from God are the seeds which bring forth those things which debase and destroy man and his position. God, to be a just God, not only must reward the just but also punish the unjust. "Be not deceived, God is not mocked; whatsoever a man sows that also shall he reap."

Join with your neighbors and friends Sunday and attend church.

## LEGION AUXILIARY NEWS

Mentone Unit No. 425, American Legion Auxiliary, met at the Legion Post home Tuesday evening, March 25. The president, Mrs. Ward Williamson, presided at the business session. A letter was read from Herbert Kuhn Unit No. 253, of North Webster, inviting the unit to attend a meeting of their unit on April 1. Any member wishing to attend, please contact Mrs. Williamson for transportation.

A bulletin from the state department was read stating that the following annual chairman reports are due to the district by May 1st: Child Welfare, Education of Orphans of Veterans, Knightstown Home, Rehabilitation and Service Sales. Merit report is due by July 1st, and all other chairman reports are due by June 1st.

The next district meeting will be held at Valparaiso, April 9th, at the Legion home. Any member planning to attend, please contact the president this week so that she may make reservations for you.

A letter was read from the Eel River Unit No. 286, North Manchester, Indiana, inviting the unit to a concert by the Indiana University Symphony band to be held at the Manchester College Auditorium on Thursday, evening, March 27, at 8:00 p. m.

Mrs. John Boggs, Rehabilitation chairman for the unit, asked that anyone having books or magazines suitable for the patients in our veterans hospitals, please bring them to the Legion home.

Mrs. Mervin Jones, Community Service chairman for the unit, asks all members for discarded wearable clothing one might find in the process of spring house-cleaning, to be brought to the Legion home. This clothing will be distributed throughout the county to the needy.

A letter was read from Mrs. Joe Boggs, who is resigning as president of the unit. The first vice president, Mrs. Ward Williamson, has assumed her duties.

Mrs. Snowden Halterman was the name drawn for the attendance prize.

The business session closed with the singing of the Auxiliary Theme Song and "You're A Grand Old Flag."

Charles Urschel, junior in the Mentone High School, and first prize winner in the Americanism essay contest sponsored by the Auxiliary, was present at the meeting to read his essay and to receive his award. Mrs. Miles Manwaring read the winning essay from the junior high school written by Orpha Kurtz, and reported a total of seventy entries in the contest.

The next meeting of the unit will be Tuesday, April 8, at 8:00 p. m. at the Legion Post home. Committees served as follows: Program—Ethel Wagner, Opal Tucker and Bessie Gross. Refreshment—Vadis Ward, Freda Witham, Eleanor Yazel and Lavera Horn.

## SOCIAL SECURITY BENEFITS DEPEND ON CONTRIBUTIONS

"There is not going to be a general increase in Old-Age and Survivors Insurance as of July 1st," Gerald Kelter, manager of the Social Security Administration field office in Elkhart said today, "neither will everyone insured under the new law get \$80 a month."

This statement was made in answer to the general misunderstanding of

the provisions of the new law.

Everyone who has been in work covered by the Social Security law continuously since Jan. 1, 1951 will be insured by the middle of 1952, however, benefits paid on a claim filed in the middle of 1952 will only be based on 1951 wages, and the maximum benefit cannot be paid until January, 1953. The majority of claims which will be filed in this area will be paid less than the maximum benefit rate, since the amount of the benefit will be based

directly on the amounts earned.

Self-employment earnings for the year in which a claim is filed cannot be used in the computation of benefits.

It may be to the advantage of both the wage earner and the self-employed person, 65 or over, to not file a claim for social security benefits until January, 1953, if they expect to get the full advantage of the new law.

Mr. Kelter suggested that persons 65 or over planning to retire in 1952 come to the Elkhart office of the Social Security Administration in Room 222 of the Equity Building to discuss the matter before making a final decision regarding retirement.

Persons living in the Goshen, Warsaw or LaGrange area may see the representative who visits their area in accordance with the schedule posted in their local post office, or write the Elkhart office.

# CREIGHTON READY TO FLY TO KOREA APRIL 1

Piercetown, Ind.—An air cargo of 72,000 hatching eggs from Indiana will leave Chicago April 1 for Korea, it was announced here last week.

The announcement was made by Thurl Metzger, executive secretary of the Heifer Project, inter-faith rehabilitation agency which is sponsoring the shipment. Metzger divides his time between his farm here and the national headquarters of the project in New Windsor, Md.

Hobart Creighton, poultry breeder of near Warsaw, will accompany the eggs and supervise their hatching in the Pusan area of South Korea.

Funds to make the shipment possible came principally from the Evangelical and Reformed church, Metzger said.

He added that other flights of hatching eggs are scheduled to leave America on April 8 and 15, although funds for these shipments are still being raised.

These shipments constitute the first agricultural rehabilitation effort for Korea on the part of any civilian agency, Metzger explained. The United Nations Korean Reconstruction agency is furnishing transportation, he said.

Hoosiers who are members of the Heifer Project administrative committee are: George Craig, Bremen; Stanley Hamilton, Richmond; John Metzger, Nappanee; Rev. Herman J. Miller, Whiting; Ora W. Stine, Goshen; Ivan Syler, Plymouth, and Dan West, of Goshen.

# FARM INCOME UP FOR 1951

Indiana's farm cash income totaled \$893,245,000 for the first eight months of 1951 discloses a survey compiled by the research staff of Capper's Farmer.

Indiana farmers received \$553,399,000 income from livestock and livestock products and \$139,846,000 from crops, says the analysis based on USDA figures.

The nation's farmers took in a record \$18.4 billion in cash receipts from farm marketings during the first eight months of 1951, representing a 15 per cent gain over the same period of 1950. More than \$0.7 billion of the total, or 58 per cent, went to farmers in the Midwest.

If growing conditions are average for 1952, the forecasters say the total volume of farm marketings should be larger than ever before. Cash receipts are expected to break the \$35 billion mark, with both crops and livestock sharing the gain.

## STITCH AND STIR 4-H CLUB

The Stitch and Stir 4-H Club met at the home of Janet Romine Monday evening, March 17.

President Elaine Dunnuck presided over the business meeting. Donna Lou Eaton led the pledge to the American flag and Janet Romine to the 4-H flag. June Romine acted as secretary in the absence of Beverly Tinkey. The record books were distributed and nine members answered to roll call by naming their favorite flower. We discussed our bake sale, but no date has been

set. Plans were made to attend the officers' meeting. Betty Lou Mellot was elected assistant pianist and several songs were sung. Janet Romine played a solo on the piano. We played games and after refreshments were served we adjourned to meet with Linda and Sue Blackburn on April 21 at 7:00. We have 11 members in our club now.

ATTEND YOUTH CONFERENCE

Delegates from Indiana's 92 counties met Monday in Indianapolis for a conference on what local communities have done and can do, to prevent juvenile delinquency.

Some 600 persons attended the day-long sessions of the Indiana Citizen's Conference on children and youth. The conference was called by Gov. Henry F. Schricker, and is sponsored by the Indiana Council For Children and Youth. The Council serves as a coordinator for all Indiana groups and organizations doing youth work.

Dr. Grover L. Hartman, Council chairman, presided at the morning session which featured a panel on "Attacking the Community Problem." Panel members were Judge F. Wendell Lensing, Vanderburgh County; Mrs. Harris Harmless, Parke County; Dr. Walter L. Stone, Jefferson County and Wayne Watson, Vigo County.

Miss Mildred French, executive secretary of the council, was moderator.

Miss Annie Laurie McElhenie, now of Arlington, Virginia, and New York City, but a former Hoosier, gave the main address at the noon luncheon in the North Methodist Church. Miss McElhenie is a field consultant for the National Mid-century Committee For Children and Youth, Inc.

The afternoon program included four discussion groups dealing with recreation, economic conditions, health and citizenship.

Those from Kosciusko County who attended the 2 day session were: Leonard Eller, H. A. Nottingham, Mrs. Wilodean Kincade, Mrs. Dora Taylor, Mrs. Delford Nelson, Mrs. McSweeney, Martha Creighton, Jon Cullum and Wayne Tombaugh, County chairman.

We will be hearing more from these people later.

Mrs. Marshall Damerell and daughters, Susan and Kay, of Rockford, Ill., are visiting at the home of Dr. and Mrs. Dan Urschel and family. Mrs. Damerell and Mrs. Urschel are sisters.

groom as best man. The ushers were Vernon Clauss, cousin of the groom, of brother of the bride, served the bride. Cissna Park, Illinois, Lowell Chenoweth, George Reichert and Wayne Beer, of Bourbon.

Mrs. Nellans chose an afternoon dress of pink print with accessories of pink and brown. A blue print dress with black accessories was chosen by Mrs. Clauss. Their flowers were white roses.

Miss Doris Ellen Clauss, sister of the groom, Mrs. Lowell Chenoweth, Mrs. Dean Nellans, Jr., Mrs. Bud Paulus, and Mrs. Frank Smith assisted at the wedding reception, which was held in the church basement. Pastel colored sweet peas were the floral decorations for the candle-light refreshment table. Punch, nuts and mints were served with the three-tiered wedding cake, that was topped with a miniature bridal couple. The cake was served by Mrs. Paulus and the punch was served by Mrs. Smith, both sisters of the bride.

Guests were present from Cissna Park, Illinois, Letty, Ohio, Ft. Wayne, South Bend, Bremen, Milford, Claypool, Rochester and North Manchester in addition to Mentone, Etna Green and Bourbon.

When leaving for their wedding trip south, Mrs. Clauss pinned the orchid from her bridal bouquet to her going away suit of black and white checked gabardine with which she wore black and white accessories and a gold topper.

Upon their return they will reside at Bremen.

Mrs. Clauss is affiliated with the

Order of the Eastern Star, the American Legion Auxiliary and the D. A. R. She is a graduate of the Mentone High School and of the International Business College at Fort Wayne.

Mr. Clauss is engaged in farming and is a graduate of the Bourbon High School.

ESSAY WINNERS NAMED

The winners of the essay contest recently conducted by the American Legion Auxiliary were named the fore part of this week. In the junior high, Orpha Kurtz placed first with Charles Urschel taking top honor in the high school entries.

An award of \$5.00 each was presented to the winners on Tuesday, March 25, at the regular meeting of the unit.

The topic for the essay contest was "America, Land of Opportunity." The winning essays will be entered in a district contest, from which the winning essays will be sent on to the state contest. Mrs. Miles Manwaring is chairman of Americanism for the Auxiliary.

Judges for the contest were Miss Annabelle Mentzer and Mrs. James Rodibaugh.
