Deaths End War and Domestic Quarrels

Son of Warsaw Couple Kills Wife
and Self at Akron, Ohio.

Ivan Metzger, 45, son of Mr. and Mrs. Henry Metzger, of Warsaw, put an end to eight months of domestic battling over the war and other matters late Thursday afternoon when he shot and killed his 46-year-old wife and then turned the 12-gauge shotgun towards his left side and pulled the trigger. Both were dead when detectives forced their way into their home late Thursday evening.

Mrs. Metzger, whom he married just eight months ago, was of English descent and Metzger was of German extraction. This was the second marriage for Mr. Metzger and indications are that it had not been any too harmonious at any time. In papers found in the home evidence was found that both had intentions of filing separation papers. Mrs. Metzger called her physician at four o'clock Thursday afternoon requesting him to call at their Akron, Ohio home, stating, in part, "I don't think you'll have any trouble diagnosing this case." The physician called but when he could get no response to his knock at the door, returned to his office. His suspicions, however, prompted him to call the police late that evening.

CHARLES PERSONETT DIES SUDDENLY AT HOME IN MENTONE

Charles L. Personett, 60, died at his home in Mentone Thursday evening at 6:15 o'clock of heart trouble. He had been seriously ill the past week after suffering from ill health for ten years.

Mr. Personett was born in Sevastopol June 7, 1880, the son of Fredrick and Catherine Personett. He was married Nov. 24, 1900, to Effie Stainer, of near Sevastopol, and had resided in the Mentone vicinity all of his life. He was a farmer by occupation and was a member of the Mentone Methodist church.

Surviving are the wife, Effie; son, Herbert, Fort Wayne; two daughters, Mrs. Helen Blue, near Bourbon, and Mrs. Agnes Cook, South Bend; sister, Mrs. Whittenberger, near Akron; and nine grandchildren.

Funeral services were held at the Mentone Methodist church Saturday afternoon at 2 o'clock with Rev. C. C. Collins officiating. Burial was made in Mentone cemetery. Reed funeral home was in charge of arrangements.

FIRE DESTROYS WINONA LAKE APARTMENTS

Fire destroyed two Winona Lake apartment houses Saturday morning and left five families homeless after doing about seven thousand dollars worth of damage. The Lester Fletcher apartment was completely destroyed and the one owned by Homer Makesom of near Warsaw was damaged extensively in the interior.

The flames started in the Fletcher building when an oil stove flared in the apartment occupied by a Mrs. Lathrop. Mrs. Meredith Short, of near Mentone, who was visiting with Mrs. Dallas Short living in the same building, ran next door to the Makesom home to give the alarm.

Firemen from Winona Lake fought the blaze persistently but complained that they were hampered by lack of water until they were aided by the pumper from the Warsaw department.

In addition to the losses sustained by the apartment owners, those living in the apartments suffered with the loss of personal effects.

TALMA TOWNSEND NEWS

The Talma Townsend club accepted an invitation from the Peru club on the evening of April 30th. A cafeteria style supper was served in honor of the Talma aggregation. Thirty-seven members of the Talma club motored to Peru to participate in the event.

LOCAL BAND WINS HONORS

The Mentone high school band directed by Walter Bowers won first division rating in class CC at the district band contest held at Elkhart Saturday, April 26. The local band was eligible to compete in the state contest at Hartford City, Saturday, May 3. Thirty-four members of the band made the trip.

Mr. Bowers announces that summer band classes will start the last week in May. The first community band practice will be held a week later.

ENJOYS TRIP TO DERBY

LeRoy E. Cox, Chevrolet distributor of Mentone returned Sunday from a trip to Louisville where he attended the Kentucky Derby Saturday.

Mr. Cox attended the derby as a guest of the Chevrolet Motor Co., as a reward for the splendid record he established in March selling Chevrolet cars. He joined a group of 100 other salesmen and dealers at Indianapolis Friday evening and the trip was made in a special car chartered by the motor car company.

Needless to say, the trip was a very enjoyable one.

NINETEEN SENIORS GRADUATE HERE

The Class of 1941 of Mentone high school, composed of nineteen seniors, received diplomas at commencement exercises held last Wednesday evening at the community building. Harry Lewallen, county school superintendent, gave the principal address before friends and guests of the class.

Those who graduated were: Hope Deaton, Iris Blackwell, Gloria Hammer, Rowena Lackey; Helen Long, Belva McGowan, Mildred Mahoney, Juanita Nellans, Eleanor Wallace, Helen Walters, Wayne Baumgartner, Lewis Blue, Alpheus Freeman, Robert Leiter, Howard Mahoney, Franklin Molebash, Lewis Reed, Carl Whetstone, and Bob Whetstone.

Monday morning the 19 seniors, Mr. and Mrs. Mervel Smith, and Dale Kelley, who drove the school bus, left Mentone for a visit to the nation's capitol, Washington, D. C. The trip was financed entirely through activities of the class. They will return the latter part of this week.

FORMER KOSCIUSKO MAN KILLED BY TRAIN FRIDAY

Howard Prickett, aged 48 years, Nappanee real estate dealer and insurance agent who was very well known in Kosciusko county was instantly killed just after noon Friday when his auto was struck by a New York Central fast passenger train at a crossing three miles east of Ligonier.

Prickett's auto, traveling north, was struck squarely and carried over three-quarters of a mile down the track before the train was brought to a halt. The demolished car, with Prickett entangled within, was wedged so tightly against the locomotive that a chain was used to pull it loose. Coroner John D. Hall, of Kendallville, said the man had a fractured skull, crushed chest and other injuries and that he likely died instantly.

The deceased is survived by the widow, Ruth, and one son, Thomas.

Last July 3 Mr. Prickett left his home at Nappanee with the alleged intention of transacting business in Warsaw. He failed to return home, however, and search by relatives and friends failed to locate him until September 30 when he was found at Pontiac, Ill.

Mr. and Mrs. John Weisert of Plymouth were Sunday afternoon callers at the home of Mr. and Mrs. Lewis Foor, Sr.

Mr. L. E. Smith was in Springfield, Mo., last week attending the funeral of his aunt, Mrs. Louisa Smith, 81. Mrs. Smith was the wife of Oliver Smith who resided near Yellow Creek Lake years ago.

Mollenhour-Shirey Nuptials Saturday

Married in Beautiful Church Wedding at Eight O'clock

Miss Mary Mollenhour, daughter of Mr. and Mrs. C. O. Mollenhour, of Mentone, and Guido Shirey, son of Mr. and Mrs. Ed Shirey, of Palestine, were united in marriage Saturday evening at eight o'clock at the Mentone Methodist church. The single ring ceremony was performed by candle light before an altar banked with white and purple lilacs, by Rev. E. E. DeWitt, of Logansport.

Garth Underhill of Ossion, served as best man. The ushers were Dale Wiltrout and C. J. Paulus of Mentone.

The Matron of Honor was Mrs. Eileen Fenstermaker, sister of the bride, who was attired in a full length dress of coral silk jersey and wore a corsage of white carnations.

Mary Rush, attired in an aqua chiffon dress and Louise Paulus, attired in a yellow silk marquisette, both carrying colonial nosegays of white, pink and lavender flowers attended as bridesmaids.

Cara Lynn Fenstermaker, small niece of the bride, dressed in pink, was flower girl.

Miss Jean Manwaring presided at the piano throughout the ceremony. Miss Lola Mollenhour, sister of the bride, sang, "At Dawning" and "I Love Thee." Miss Rowena Lackey played a violin solo, "Liebestraum—Dream of Love."

The bride, who was given in marriage by her father, was attired in a floor length dress of white silk net and lace, with matching veil, which was fastened to her hair with clusters of gardenias. She carried a small white leather Bible, with satin streamers.

The bride and groom are both graduates of the Mentone schools.

Mrs. Shirey is Worthy Matron of the local Eastern Star Chapter and also captain of the Girl Scout troop. Mr. Shirey is an employee of the Mollenhour Lumber Company.

Following the ceremony a reception was held at the Mollenhour home for members of the immediate families and guests.

The out of town guests were Mr. and Mrs. Garth Underhill, of Ossian; T. Kilgore, of South Bend; Mrs. E. L. Whistman and daughter Louise of Western Springs, Ill., and Porter Williamson of Fort Knox, Kentucky.

The couple left immediately following the reception for a short wedding trip.

It's tough, just plain tough, when one has to borrow money to pay his income tax.

Remember When—

19 YEARS AGO

Taken from Tri-County Gazette
Published by Claude Taylor.

Announcement was made of the marriage of Miss Pearl Davis and Walter Lackey at St. Joe, Michigan, February 11, 1922.

Walter Lackey, former school teacher, purchased the J. D. Ohler Grocery.

Earl Shinn starts new duties as postmaster Monday, May 1.

The Valparaiso Standards of the Chicago Mid-West league won a close baseball game from Mentone by 3-2 score.

Mildred Anderson gave the salutatory address and Artella Kesler, the valedictory, on the commencement program Friday night.

30 YEARS AGO

Taken from Tri-County Gazette
Published by C. M. Smith.

Reuben A. Kesler died at age of 50.

Ruth E. Fore, born in Miami Co., Ohio, died at the home of her son, William Fore, at age of 68.

Howard Teel was president of the alumni association.

Rev. Solumun Slokum stated in the Gazette, "Ye kant expect tew hev a manshun in heven az long az ye aire sendin all yer bildin matereal tew th' uther place."

40 YEARS AGO

Taken from Tri-County Gazette,
Published by C. M. Smith.

Owen Thompson was elected president of the G. A. R. for the ensuing year.

An expert states that Mentone is undoubtedly within the "oil belt."

There was published a long descriptive letter from S. L. Blue, who will teach school at Fort Collins, Colorado.

At the town election, the entire Republican ticket was elected with majorities from 10 to 40.

Defense Force

South Africa is bringing its defense forces up to a wartime basis.

TRACTOR VS. KIDDIE KAR

The marvels of the machine age were once more brought to mind last Wednesday as your correspondent was driving through the country in the vicinity of Burket. There he espied a young fellow perhaps 10 years old plowing a large truck patch with a small Ford tractor and plow unit, and doing a mighty neat job, too.

It hasn't been more than twenty years ago when a young fellow was considered handy if he could respoke his own bicycle wheel, but now it's no trick at all for the modern young blade to re-ring his eight-cylindere automobile engine between breakfast and supper, and be fifty miles from home by theatre time.

Poultry supplies at the Co-Op. mill.

ONLY THREE-TIME WINNERS STILL RIVALS ON TRACK

INDIANAPOLIS, Ind.—When racing men sit down to gab about the greats of the game the names of Shaw and Meyer are mentioned with awe. Wilbur Shaw and Louis Meyer are the only three-time winners of the Indianapolis 500-mile race and both will be seeking victory again on May 30. But Shaw will be there in the role of driver and Meyer's interest is now that of the owner-engineer.

Louis Meyer was one of the most skillful drivers that ever zoomed a car around the Hoosier oval. The cool Californian whizzed to victory in 1928, 1933 and again in 1936. He retired from competitive driving in 1939 after his car pinwheeled out of the race when he was within grasp of victory.

So now Meyer has turned to other aspects of the business—engineering and building of race cars. He is now associated with owner Robert Bowes of Indianapolis and this year will

again put on the track the motored comet with which Rex Mays set last year's qualifying record. Meyer master-minded Mays into second place last year and many race fans believe he would have been first but for a rain that slowed the field down.

Although Meyer has retired from the driving end of the game, there is nothing to prevent him from coming out of retirement and driving for a fourth victory, just as Shaw will do this year. Shaw, the Dapper Dan of racing, is one of the brainiest drivers in the business. A first rate athlete, natty dresser and excellent after-dinner speaker, he is one of the highest type champions in the sports world. As a driver he is known for that enviable combination of daring and good judgment. Should he succeed in winning again this year, as he did in 1937, 1939 and 1940, he will certainly be entitled to a special niche in Sports' Hall of Fame.

Frenchman Will Race If Blockade Permits

INDIANAPOLIS, Ind.—If the vicissitudes of war permit, Rene LeBegue, the French speed star, will offer hot competition to the American drivers in this year's 500-mile Indianapolis Motor Speedway race. In Vichy, France, LeBegue is trying desperately to get clearance through the British blockade for his two French cars. If he succeeds in unwinding the red tape he will add a lot of color to the racing scene. For LeBegue drove in last year's race amidst dramatic circumstances and finished tenth—in the money. He and a colleague, Rene Dreyfus were released from the French Army for the purpose. He qualified but Dreyfus, driving the same kind of car, failed. Two days before the race LeBegue's car developed motor trouble and mechanics worked ceaselessly night and day switching the motors of the two cars. LeBegue rolled up to the starting line just in time for the gun.

INTERESTING FACTS

The War Department will build within the next six months 604 churches in its training camps at a cost of \$21,220 each or a total of \$12,816,880.

The nickel or five cent piece is composed of 75 per cent copper with only enough nickel to color and harden it.

— MENTONE, IND. —

It is estimated that a bomb falling 15,000 feet will penetrate six feet of reinforced concrete, but a 6,000 lb. bomb falling 30,000 feet would not be able to penetrate seven feet of cotton.

During 1940 a total of 1,209,478,982 coins were produced by the several United States mints.

It is estimated that in 200 years in France over 50,000 persons lost their lives in duels.

Those Mother's Day cards are very beautiful and framed under glass for only 10c and 25c. The Big Drug Store.

Plain Facts About Eggs

With hens, March is a busy month. So are April, May and June. During those four months the hens lay about as many eggs as they do all the other eight months of the year.

"With this springtime spurt in egg production under way, now is a good time to check up on eggs in the family diet," says Lois Oberhelman, extension nutritionist, Purdue university.

"The most important fact about an egg is that it is a package full of food values you want to get into the family diet," says Miss Oberhelman. "Eggs are good body builders because of the efficient protein in their yolks and whites. The yolks are especially rich in iron, the mineral needed for red blood cells. They are an important source of calcium, a rich source of phosphorus, and a good source of riboflavin (vitamin B2 or G). Vitamins A and D are present in varying amounts.

"For all these reasons an egg a day for everyone in the family is a good rule to follow. But if you can't manage, try to get at least four or five eggs a week into the diet of every child in the family. And see that adults get at least three or four a week."

The most important thing to remember about cooking eggs is to keep the heat low. If eggs are cooked for too long or at too high a temperature the delicate protein becomes tough.

Instead of "hard-boiling" eggs, hard cook them in simmering water. Fry eggs in a little moderately hot fat. Never let water boil around eggs as you poach them. Use a thick pan for omelets and scrambled eggs and keep the heat low under the pan. Cook soft custards over hot water, not boiling water. And have the oven temperatures very slow to moderate for different baked dishes containing many eggs.

RIGHT FERTILIZER APPLICATION METHODS BOOSTS CROP YIELDS

Just as a good cook can take the same raw foods as a poor cook and make it go farther and taste better by using the right utensils and proper methods of preparation, so can a careful farmer make the same amount of plantfood in the soil taste better to the plants and bring a higher return in increased yield by proper application.

Side Application Pays

"Although good results are obtained from fertilizer used in customary ways, recent experiments show that better yields can be obtained from the same amount of fertilizer by improved methods of application," says H. R. Smalley, Director of Soil Improvement Work of The National Fertilizer Association.

For example, recommendations made from experiments conducted in Ohio indicate that side application of fertilizer for corn is very effective when properly done. And oftentimes more fertilizer can be used at a profit when it is properly applied. Without fertilizer a poor yield was obtained and half of that was soft corn and nubbins. The plot fertilized with an old-type method of application produced twice as much sound, marketable corn as the unfertilized plot. But when the same amount of fertilizer was applied in two bands with the new-type planter the yield was 6 to 8 bushels more per acre than from the old-type.

Only One Direction

It is impossible to go either east or west of the north or south poles. Since the poles are extremities of an axis of a sphere, there can be nothing on the earth that is either east or west of them, since nothing on earth lies in the same plane. From the north pole it is possible to go in only one direction on the earth—south, and from the south pole one can go only north.

Sherwin-Williams Red Barn Paint, \$1.25 per gal. in 5 gal. pails. House paint, \$2.75 per gal. in 5 gal. pails. The Big Drug Store.

ROBT. STELLER, Editor and Mgr.

Strikers in defense industry are aiding Hitler—aiding a system which if it is victorious, would line them up against a stone wall and shoot them.

-oOo-

It was an American admiral who said the second best navy is no better than the second best hand at a poker game.

-oOo-

Spring is the season for the optimist. In the spring the optimist sees the prospects ahead, the prospects for the summer and the harvest. The pessimist sees the crop failures, the loss because of dry weather, insect pests and early frosts. The pessimist spoils all his prospects with his dark outlook.

-oOo-

"I marvel at the efficiency of the simplest tools made by man in this inventive age of ours," a local man was heard to say recently. "For example, we have a can opener at our house. It cost but a dime but you know that little ten cent thing has opened \$10,000 worth of canned stuff."

-oOo-

The blue book states positively that one shouldn't do it, but there are few things that give so much genuine satisfaction and relief when the urge comes, as cutting loose with a rousing good sneeze.

-oOo-

A neighboring editor puts it this way: Love your neighbors as they love themselves.

-oOo-

Over 35,000 persons were killed in traffic accidents in the United States and several times as many were seriously injured, last year. We would get considerably worked up over a war that would take the lives of 35,000 persons a year and seriously injure three times as many persons, but we scarcely give the automobile toll a passing thought.

Primitive Methods

ADVERTISE HERE!!

The story is told of a clerk, who after several years' service under an employer who had always impressed upon him that no matter how unreasonable he might be, the customer was always right, left the firm and got a job as a policeman. One day his former employer met him. He asked him how he liked his new work. "Fine," he said, "at last I've gotten into something where the customer is never right!"

-oOo-

Colorado voted 3 to 1 in favor of a pension and 100 to 1 against a tax to pay for it. Sounds typical of this country the past few years. As long as the other fellow is paying for it nothing is quite enough.

-oOo-

A bad habit is a mortgage on the life of its possessor.

CALLED TO SERVICE

Being a member of the Army Reserve Corp, I have been called into active duty and find it necessary to close the Dental Office I have maintained in Mentone since Jan. 1, 1936. I desire to extend my thanks and appreciation to the many friends and customers who have called at my office and may I extend my kindest regards and best wishes to everyone. Present information indicates that I shall be on active duty until May 2, 1942 at which time I expect to return to Mentone to continue my regular practice.

Sherwin-Williams Red Barn Paint \$1.25 per gal. in 5 gal. pails. House paint, \$2.75 in 5 gal. pails. The Big Drug Store.

ITEMS FROM TALMA

Everyone in this vicinity is very busy with spring work.

There are still several cases of measles around Talma.

Mr. Jeff Stookey received news of the sudden death of his brother-in-law, Mr. I. Frank Mote, of Shawnee. Mr. Mote was a veteran fireman on the Rock Island rail road.

Mrs. Frank Arter and Mrs. Hubbard and daughter transacted business in Rochester Thursday.

The WSCS will meet at the home of Mrs. Frank Southers, Wednesday, May 7.

Walter Bowsher, Jr., son of Mrs. Jeff Stookey, is now at Pearl Harbor, Hawaii. He has been promoted to Supply Sergeant of his detachment. Walter attended sun rise services Easter Sunday at Cholea, a great volcano crater high up in the mountains. All Christians of the island participated in this impressive pageant.

T.H.E. club will meet at the home of Mrs. Len Grove on Thursday, May 8.

Mrs. Main Deamer is visiting her

sister in Ohio.

There will be worship service at the Talma Methodist church Sunday evening in charge of Rev. Glen Sutton. Church school, 10 a.m., Sundays. Talma school closed Friday, May 2.

Film Attendance

The average weekly attendance of film theaters in 1938 was 85,000,000.

L. Boganwright Is Killed By Train

Stock Truck Struck by Fast Train
Near Etna Green Friday

The community was shocked and grieved Friday noon when the news reached here that Lawrence Boganwright, aged 49, had been instantly killed when a fast Pennsylvania passenger train hit his truck at a crossing about a mile east of Etna Green. Robert Reed, Mentone mortician, who was riding with Boganwright, escaped injury when he jumped from the cab just before the fatal impact.

Boganwright had three draft stallions in the truck and came to a complete stop at the crossing. Seeing no train, he proceeded cautiously over the rough crossing and just as the front wheels cleared one set of tracks Reed saw the train approaching and instructed Boganwright to back up. Neither appeared frightened, as Mr. Reed stated, as indications were they had plenty of time to back up a couple of feet so the front of the truck would clear. The next instant the train was right on them and Reed opened the door and dropped from the truck just as the crash came. He has no idea what Boganwright did, or was doing, when the locomotive struck the front part of the truck.

Boganwright's body, badly mangled, was found between the two sets of tracks and several hundred feet away from the crossing. The truck wasn't moved far, but the front part was completely torn away. One horse escaped, while the trotting stallion died soon after and one Belgian's back appeared broken and the animal was shot.

Funeral services were held at the Mentone Methodist church Sunday afternoon at two o'clock with Rev. Sutton of Talma officiating. The Reed Funeral Home of Mentone had charge of the arrangements.

Lawrence Boganwright was born July 18, 1891 and lived at Marion, Ohio until about eight years of age. He was married to Gifta Harsh, who, with seven children, survive. He resided near Palestine and was trustee

Farewell—

It is with regret that I leave the many pleasant acquaintances and associations made by being a part of your community the past fourteen months.

I would like to take this means of thanking all contributors, correspondents, and advertisers who have aided in the publishing of the Co-Op. News during that time.

ROBERT STELLER.

ELIAS SMITH SURPRISED ON 74TH BIRTHDAY

A number of relatives called at the Elias Smith home Sunday to help him celebrate his 74th birthday anniversary. Those present were: Mrs. Nancy J. Brown, Mr. and Mrs. Wm. Shane, Mr. and Mrs. John Sands and two daughters of Silver Lake, Mr. and Mrs. Ethel Kennard and daughter of Etna Green, Frank Rerick's two daughters of Warsaw, Mr. and Mrs. Harry McVey and two daughters of Rochester, and the honored guest and wife.

AGED MAN TAKES OWN LIFE

James D. Cook, aged 78 years, was found dead by Mrs. S. D. Secor early Saturday morning at Burket. Death resulted from drinking a bottle of carbollic acid.

The aged man, who had been a machinist in the Claypool and Burket vicinity for years, moved to Burket a couple of years ago to reside with Mr. and Mrs. Secor and Friday made the lethal purchase at a Claypool drug store. He was last seen about midnight Friday and sometime between then and when he was found, he had gone to an outbuilding and swallowed the deadly acid. Funeral services were held at Claypool Monday.

Mrs. Florence Creakbaum writes: "We all noticed great success is mixed with troubles more or less, and it's the man who does the best that gets more kicks than all the rest."

Introducing—

There are times when one wonders just what to say—and this happens to be one of those occasions. However, a brief resume:

For over seventeen years I have been printing, editing and publishing in community newspaper plants and during that period of time many interesting events have taken place. Newspaper work is a very enjoyable vocation, but to be able to state definitely just what portion of the work is most enjoyable would be difficult. In life, it seems, friends bring the greatest amount of personal satisfaction, and in newspaper work one comes in contact with literally hundreds of people of all walks of life. An editor, who has their well being at heart, must be sufficiently acquainted with their work, their problems, their likes and dislikes to almost place himself in their positions to be of service to them.

Several years were spent in the South Whitley Tribune plant as printer, editor and publisher. Relations were severed there in 1931 when I heeded an appeal from a group of friends of Eastern Montana to establish a weekly newspaper at Circle. The sale of the Montana paper immediately prior to the advent of 1940 severed the business cords that had held me there nine years, and the family, consisting of a wife, two children, and a dog, wandered back to this part of Indiana.

In accepting the responsibility of editing the Co-Op. News, I realize that the editors before me have set a pattern that must be followed in many respects. Their efforts have been very productive.

Mentone and surrounding territory enjoys an enviable reputation from almost every standpoint. Its soil is rich, its people are friendly, happy and prosperous, its products are of the best and its accomplishments are many.

News and advertising matter will be handled impartially, religious views will be expressed undenominationally and questions of a political

(Continued on back page)

The War Comes Closer Home

Two Warsaw Men Lost On High Seas
When British Ship Sinks

Like a bolt from out of the blue, the European war landed in our midst Monday when word came that two Warsaw men, Robert G. Smith and Robert Burden were among the 11 American fliers missing in the sinking of a British ship on the high seas.

Smith and Burden, employed by the British Overseas Airways corporation, were among a group of American fliers who were to ferry British bombing and combat planes from the point of entry or manufacture to the combat bases and had been given special training at Ottawa before their departure over the submarine-infested waters of the Atlantic.

INFANT DAUGHTER DIES AT WARSAW HOSPITAL

Marilyn Jean, 17-months-old daughter of Mr. and Mrs. Maurice Dunnuck of near Warsaw, passed away on Monday at one o'clock at the McDonald hospital in Warsaw following a week's illness. Her death was caused by a telescoped bowel or obstruction of the bowels.

Surviving are her parents, two brothers, Kenneth and Forst, one sister, Elaine and her paternal grandparents, Mr. and Mrs. Ed Dunnuck.

Funeral services were held Wednesday afternoon at two o'clock at the Harrison Center school with Rev. Leo Erney officiating. Burial in the Harrison Center cemetery. The Johns Funeral home was in charge of the services.

C. G. Vincent announces that Evangelist Edward J. Craddock, who conducted a fine meeting for the Mentone Church of Christ last fall, has been engaged for another revival this year, September 15 to October 5. The people of this community appreciated this preacher's straightforward and able preaching very much and will no doubt be glad to learn of his coming this fall.

MRS. MINER ENTERTAINS HARRISON CENTER CLUB

Mrs. Lloyd Miner entertained about sixty members and guests of the Harrison Center Home Economics club at her home near Crystal Lake Wednesday afternoon. After the business meeting a program was given as follows:

Two numbers on the saxophone and clarinet, by Dortha Decker and Betty Miner. Readings by Edna Davis, Esther Knepp, Helen Mellott and Opal Robinson. A playlet, "Background for Betty," by Nora Murphy and Edna Davis. Two numbers, "My Mother's Bible" and "Meet Mother in the Skies," were sung by Enid Anglin and Maude Vandermark, with Gladys Adams at the piano.

Contest prizes were won by Esther Long and Violet Murphy. Door prize went to Irene Albertson and Mrs. Chas. Casner received the prize for being the oldest mother present.

Refreshments of ice cream and cake were served.

The next meeting will be with Nora Murphy on May 21st.

—Reporter.

Two Minute Sermon

By
Thomas Hastwell

THE MAN YOU MEET HAS HIS TROUBLES, TOO: "Be kind; every man you meet is fighting a hard battle." I ran across this line the other day in my reading and it brought to me a new thought. How many of us, as we go along submerged in our own problems and troubles ever think that the other fellow has any problems or any troubles, especially if he is the type of person who conceals his worries, as most people strive to do. The thought expressed in this line should bring to most every one a new viewpoint. It should bring the secret of being helpful to those with whom one comes in contact. Not every one we meet needs help of a material kind, but nearly every one does need help of a nature that cheers and lifts him up. Most people, if they can hold onto their courage, can win any battle, and the one who can help them hold onto that courage has done them a splendid service. The presence and the influence of such is always welcomed by everyone everywhere.

Youthful Corn Champs Win National Honors With Fertilizer

BEVERLY MEAL

Waldron, Indiana

Washington, D. C.—Youth, with its clear eyes fixed on better farming practices, carried off the corn honors for this year when 17-year old Beverly Meal, Waldron, Indiana, was named Corn Princess, and Charles N. Fischer, Shelbyville, Indiana, was made Corn King at the recent International Hay and Grain Show at Chicago.

The latest farming methods, plus proper use of fertilizer, made them champs. Miss Meal's 10 acres of Reid's Yellow Dent, from which she took the champion ears with an 83.4 bushel yield, were plowed, disked, and later cultivated with a team and by hand. She fertilized her corn with 100 pounds per acre of complete fertilizer,

CHARLES N. FISCHER

Shelbyville, Indiana

after tests that showed the land was becoming deficient in potash. The additional potash aided in good finish and maturity of the crop. Miss Meal followed a crop rotation of corn-wheat-clover.

Carl Fischer has been developing his corn over a period of ten years but this is the first year his exhibit gained national recognition. He has an 80-acre farm on which he uses a 3-year rotation including corn-wheat-clover. This past season he raised 20 acres of corn. His farm program includes hogs, dairy cattle, and general farming. He fertilized his corn with 125 pounds of complete fertilizer drilled in the rows.

New Style Gloves

The first time you see a pair of leather gloves without the usual "points" ("points" are those tuck-effects which run up the center of the back), the plain expanse of leather may be quite a shock to you. Probably you'll wonder, too, if the absence of the points won't make your hands look larger. The answer to that is . . . it won't particularly, and even if it did, who'd care, because the "pointless" glove looks so new and smart. It's an idea quite a few American leather glove designers are playing with, so you won't have any trouble finding some to try on and see how they look on your own hands.

ARTLEY D. CULLUM — Ed. & Mgr.

Hope is that certain something that drives a man on to success after everyone else says he's a failure.

Enlighten the people generally and tyranny and oppression of both mind and body will vanish like evil spirits at the dawn of day.—Thomas Jefferson.

Neither wars, nor rumors of wars, halts nature in its regular functions. With the spring comes new life in flowers, trees, plants and every growing thing. What a challenge to man!

Reforming the World—

As a member of a service club it was once my obligation to introduce a man that is widely known as an educator, lecturer and minister. His accomplishments are many, but one of his remarks carried so much meaning that it has endured the test of time. He stated:

"When I started into the ministry I was going to reform the world. I soon found this was too much territory so I figured I'd better confine myself to my own State. It wasn't long, however, until I knew that my own little community would give me all the work I'd ever be able to handle."

And so it is with youth. An unlimited supply of enthusiasm incubates hallucinations that are short lived. With age comes a withering of enthusiasm and a narrowing of our field of labor. This is the natural outcome and happy and successful is the person, who, like the speaker referred to above, can modify the scope of his original plans and yet retain the same degree of zeal and enthusiasm.

Regardless of how strong the urge may be, you nor I cannot reform the world. We can, however, do our level best to see that we are fair to ourselves, our neighbors, and our friends. If we do that we will have accomplished a great work.

Call for Unity

(WJBU Service)

REMEMBER Way Back When—

19 YEARS AGO

Taken from Tri-County Gazette
Published by Claude Taylor

The Mentone nine defeated Laketon 11 to 3 even though Laketon had its line-up "souped up" with some Chicago players. The Mentone battery: Oswalt and Rovenstine.

Miss Edna Carver, 14, was attacked by a stranger while going to her home on North Broadway. Her cries for help frightened the man so far away he was never located.

C. L. Teel and Alonzo Blue, contractors, started the construction of a Ford garage on West Main Street. The Salvation Army is putting on a big appeal this week.

Mary Jane Shively, aged 77, passed away at the Huntington Co. hospital two weeks after a major operation. Stacy Rockhill, 79, was another to depart this week.

Apoplexy claimed the life of Elmer Eddinger, Mentone banker. He was stricken while returning from Akron with Omer Igo and passed away at the C. M. Tucker home where he was taken when stricken.

W. J. Beeson, 63, died in an Indianapolis hospital following a major operation.

The Big Drug Store was advertising Sherwin-Williams paints.

Birthday parties were held for Mr. T. J. Clutter and Mr. Henry Morgan.

A first class 30x3½ tire for only \$17.85.

30 YEARS AGO

Taken from Tri-County Gazette
Published by C. M. Smith
W. J. Blue and Miss Minnie Fox were married.

Benjamin F. Fore and Bessie Steckley were married at Kendallville.

"Mustered Out" was the head of an article telling of the death of an old war veteran, Lorenzo D. Jenkins, 74.

A new law compels one to paint a can red that is to be used for gasoline.

The Mentone electric light plant was being advertised for sale.

Mr. and Mrs. Leroy Smith left for Colorado hoping the western climate would improve Mrs. Smith's health.

Jackson automobiles—\$650 to \$2250—Silent, powerful, speedy. (I wonder.—Ed.).

See B. E. Lewis for a Great Western Forty, a 5-passenger "open-air" buggy for only \$1600.

40 YEARS AGO

Taken from Tri-County Gazette
Published by C. M. Smith

Smallpox has spread to such an extent that a meeting was held to stamp out the disease. (Gov. Durbin or the State Board of Health must have had a heavy foot.—Ed.).

The Mentone Prospective Co., Carlin Myers, president; S. S. Mentzer, vice president; A. G. Wertenberger, secretary, and H. C. Bybee, Allen Turner and Albert Tucker, directors, are going after a gas well.

A wide selection of patent medicines, cures, etc. (No need for feeling bad in those days.—Ed.).

Shinn's Meat Market: steaks 10c, roasts 8c, boiling meat 6c, sugarcured bacon 12c.

MENTONE BAND GIVEN FIRST DIVISION RATING

Only CC Band to Receive Superior Rating From District at State

The members of the high school band and their director, Walter Bowers, experienced their greatest thrill yet when they received a first division rating at Hartford City last Saturday. Out of the class CC bands which played at the district contest held at Elkhart the week before, Mentone was the only one from that district to receive the superior rating.

Following the regular contest playing all bands were required to enter a sight reading contest. This was something entirely new for our band members. New music was placed before the students in sealed envelopes. The director was given two minutes to examine the conductor's scores and the band members were then given three minutes to look over their parts. There were two numbers to be played; an overture and a march. The judge graciously marked the numbers, "very well played," but all the members of the band felt they could have done better "with a little more practice!"

The members of the band are:

Cornets: Iris Blackwell, Belva McGowan, Phyllis Lemler, Robert Nelson, Murray Holt, Charlotte Clark and Genevieve Kratz.

Clarinet: Robert Anderson, Barbara Creighton, Iola Tucker, Betty Miner, Paul Rush, Katherine Shider, Miles Igo, Joe Boggs and Dean Nellans, Jr.

Horns: Hope Deaton, Richard Hudson and Elma King.

Oboe: Malcolm Long. Flute: Carol Weissert. Bassoon: Lillian Nettrouer. Saxophones: Fenton Davison, Betty Shirey, Helen Walters and Dean Deck.

Trombones: Kenneth Romine and Geneva Gibson.

Baritone: Forrest Meredith.

Basses: Jack Dillman and Kenneth Hudson.

Percussion: Pat Myers, Eunice Bush and Nadine Shirey.

Each of these members will receive gold medals for the district and state contests. These medals and the medals earned by individual members of the band at the solo contests will be presented at a band supper for members and parents. The date of this supper will be announced later.

Midnight Pigeon Hunt

Pigeons released during high school graduation exercises in the Brisbane, Australia, town hall became so noisy during concerts given later that the caretaker had to inaugurate a midnight pigeon hunt high among the rafters.

Kelly Petillo Colorful Figure In Auto Race

INDIANAPOLIS, Ind. — Color in sports figures is difficult to describe but Kelly Petillo, dashing and daring winner of the 1935 500-mile race at the Indianapolis Motor Speedway has plenty of it. In fact he may be considered the No. 1 popular favorite with the rail birds, win, lose or draw. The fans like Kelly because they know that he will drive his automobile as fast as it will run as long as it will run and no driver takes the turns with such gusto as the chunky Italian wheel master.

TALMA NEWS

Mr. and Mrs. Merl Shoemaker, of North Liberty, spent Friday evening with the latter's brother, Mr. Wm. Squire, and family.

Ed Strauldine, who is employed at Kingsbury, was on the sick list for several days. He resumed his work Thursday.

Mr. and Mrs. Jeff Stookey and Mrs. Mary Minars spent Sunday with the latter's son and wife, Mr. and Mrs. Clifford Minars of Logansport.

The Misses Velma and Thelma Ailer of near Rochester, spent Saturday night and Sunday with Miss Fay Squire.

Mrs. Henry DeLong and daughter Tiann of Flint, Indiana, are visiting with friends in Talma the past week.

The W. S. C. S. of the Talma M. E. church met at the home of Mrs. Frank Southers Wednesday afternoon May 7. The devotion was given by Mrs. Main Deamer. Response to roll call was "Mothers of the Bible." The lesson, from "Investing Our Heritage," was led by Mrs. Verdine Brockey, assisted by Mrs. Frank Belward. Mrs. Sid Dick, Mrs. Main Deamer and Mrs. Jeff Stookey. The meeting was dismissed by a prayer by Mrs. Frank Belward. Refreshments were served by the hostess, Mrs. Southers, to fourteen members. The next meeting will be June 4 with Mrs. Jeff Stookey and Mrs. Mary Minars.

The T.H.E. Club met at the home of Mrs. Lew Grove in Talma, assisted by Mrs. Henry DeLong of Flint, Indiana. The meeting was called to order and all sang, "God Bless America," followed by the song, "Mother." The creed was repeated and response to roll call, "A Mistake in English Commonly Heard." The lesson on "Household Pests," was given by Mrs. Verdine Brockey. Mrs. Brockey also had charge of the sale of "goods made by the blind." There will be a county trip for the home economics ladies on May 21 to Purdue and other places of interest. The meeting

was dismissed by all repeating the Mizpah. Mrs. Joe Meiser, Sr., and Mrs. Ora Horn, entertainment committee, conducted the contests won by Miss Alice Haines and Mrs. Ruby Good. Dainty refreshments were served to 14 members and two guests.

Mr. and Mrs. Wm. Squire and son, Bob, had Sunday dinner with Mr. and Mrs. "Happy" Utter and sons in Mentone and in the afternoon Mr. and Mrs. Squire and son and Mr. and Mrs. Utter and sons visited Mr. and Mrs. Dean Utter and family at Goshen, Ind.

The following members of the Talma Christian Church, Mr. and Mrs. Bill Deamer, Mrs. Ada Bowman, Mr. and Mrs. Boyd Barkman, Mr. and Mrs. Harley Matthews and son Herman, and Mr. and Mrs. Thurl Alber spent a most enjoyable evening on Thursday, May 8th at the Presbyterian church at Winona Lake where they attended the senior class graduation services of the Grace Theological Seminary. A most inspiring address was delivered by Rev. J. Palmer Muntz, D.D., pastor of Casbnodia Baptist Church of Buffalo, N. Y. He is also director of Winona Lake Conference.

Clogged Cesspool

When the walls of a cesspool become coated with slime, the only way to restore it to moderate efficiency is by a long period of disuse. If this is not possible, the only other thing to do is to make another cesspool near the first and lay an overflow pipe from the old into the new one.

Marble Top Work Surface

To cleanse a marble top work surface that has become badly discolored, wash it first with soap and water. It should be washed thoroughly and then dried. Then make a paste of powdered bath brick and lemon juice and rub the discolored parts with it very hard. Rinse the paste off with cold water.

MENTONE 4-H CLUB

The Mentone 4-H Club held its first meeting at the school house on May 8, 1941. Officers were elected as follows: Helen Long, president; Barbara Creighton, vice president; Ann Lieninger, secretary and treasurer, and Lola Tucker, news reporter.

Barbara Creighton, presiding as president, took charge of the business part of the meeting. A wiener roast was voted on for July 6th. Definite plans are to be made later. Record books were handed out and filled in by those present.

The leader, Mrs. Herd, and thirteen members were present.

The next meeting will be held on May 22 at two o'clock.

BELL AIRCRAFT BOOKS AT PUBLIC LIBRARY

Mr. A. O. Miller announces that those who are interested in the Bell Aircraft monthly magazine will be able to find it at the public library.

In addition to the magazine being of interest to all air-minded individuals here, Lawrence Bell, the president and organizer of the Bell Aircraft Corporation, was born in Mentone and is well known to many.

The Buffalo concern manufactures the Aircobra, the fastest traveling pursuit ship known to the world. A few days ago, with a 27-year-old transport pilot at the controls, the ship attained a speed of 620 miles an hour in a power dive—a speed just about equal to that of a revolver bullet.

Mr. Miller, who is related to Mr. Bell, has been receiving the Bell publication for some time and knowing the interest it enjoys among Mentone readers, thought it might be more convenient for all concerned if it were kept at the library.

Film Stunt Ace Seeks Elusive Race Victory

INDIANAPOLIS, Ind.—Cliff Bergere, movie stunt ace, knows all the tricks except one—how to win the 500-mile race at the Indianapolis Motor Speedway.

Cliff has come close a number of times but he has never been able to flash under the wire a winner. He has finished in the money seven times, and came as close as third place in 1939.

If physical condition alone made a winner, Bergere would be almost a sure thing. Nobody in the game trains more faithfully for the annual Decoration Day grind than Bergere. He does road work and gymnastics constantly and if there's any slack he takes it up in his daily chores of overturning autos, crashing airplanes and diving of precipices.

This year Bergere will try again for that tantalizing first place in the "500." Winning it is the one trick above all others he'd like to accomplish.

ROCHESTER MAN NAMED FIELD SERVICE DIRECTOR

Appointment of George Beerling as field service man for District 17 of Pure Milk Association was announced this week by Herman J. Honholt, head of the association's field service department. He will take the place of Jay L. Harris who has been transferred to District 7, Lake County, Illinois, to handle market affairs in the Waukegan territory.

Mr. Beerling has been affiliated with the association for the last three years, working out of the Chicago office. Prior to that he was associated with farmers' creameries in North Dakota. The Beerlings have four boys, James, 8; George, 5; Charles, 2, and Robert, 3 months. They expect to live in Rochester.

Mr. Harris has been a member of the PMA staff since graduation from Purdue University in 1930. In addition to his work as field service man he has been active in community affairs in and around Rochester, Indiana, writes a lively and informative column, "Shucks," for the Akron News, and last December was elected president of the Fulton County Purdue Agricultural Alumni Club.

KINDLY NOTE

Being unfamiliar with names, businesses, occupations, etc., makes it difficult to gather news or advertising matter and the assistance of everyone is solicited. No one will be intentionally slighted, missed, overlooked or otherwise treated unkindly. Your forbearance—and assistance—will be appreciated.

West Coast Resident Visits Here

Mrs. M. G. Ringenberg of Seattle, Washington, visited Sunday at the home of Mr. and Mrs. Chas. Ringenberg. Mrs. Ringenberg is enroute to Annapolis, Maryland where her son is a student at the U. S. Naval Academy.

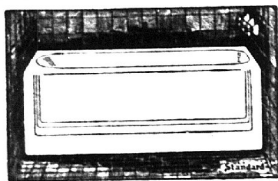

Never Destroyed Letter

Though a man high in his country's counsels, Sir Robert Peel was always terribly conscious of his hands, gripping the back of a chair, pulling at his fingers, or clasping and unclasping them in fidgety fumbling. He never burned or destroyed a letter or document, leaving over a hundred thousand papers.

SCHENCK SAYS FARM LEADERS DEMAND 85 PER CENT PARITY

Returning from Washington, D. C. where he testified before the House Agricultural Committee, Hassil E. Schenck, president of the Indiana Farm Bureau, Inc., states that the stepping up of agricultural production without proper safeguards to protect farmers' interests will wreck the entire agricultural program established during the past ten years.

"Farm leaders are demanding crop loans equal to 85 per cent of parity," he said.

Pointing to the increased supplies of corn, wheat, pork, and lard in 1941 as compared to the period of 1934 to 1939, Mr. Schenck states definitely there is no shortage of these requirements, and if there should be need for more meat, poultry, and dairy products, the increased production should come from the surpluses of grain now in storage.

On April 1, 1941, corn supplies were estimated at 1,423,000,000 bushels, the highest of any April on record.

"The 85 per cent of parity loan asked is based on the theory that if increased production is advocated by the government as necessary, the loan would be perfectly safe and would cost the government nothing. On the other hand, if government advice for increased production should prove unwise, then the government should pay for the mistake and not the cooperating farmers," Mr. Schenck said.

"American farmers remember well their mistake of 25 years ago, when over production, without adequate outlets, caused wholesale bankruptcies, and without some reasonable

DR. VANGILDER LEAVES

Dr. Donald VanGilder was in the News office Wednesday bidding farewell before his departure for Fort Benjamin Harrison at Indianapolis. The doctor has maintained a dental office at Mentone for over five years and recently received a call to join the armed forces in the medical detachment. He is expected to be located in Florida.

MAKING PLANS FOR ANOTHER BIG FAIR

Lieutenant-Governor Chas. M. Dawson, who is also Commissioner of Agriculture, states contracts are now being let for another big fair this fall.

The fair will be held eight days starting Friday, August 29th and closing Friday, September 5th, including Labor Day, September 1st.

The Indiana State Fair is fortunate in following the week after such State Fairs as Ohio, New York, Minnesota and Iowa. This assures livestock exhibits from at least 20 states or more—the "cream of the country." This also gives the people of Indiana an opportunity to see the best agricultural and machinery displays as it is certain that every department will be overflowing with interesting exhibits.

The Commissioner of Agriculture also states it will be a real educational program for the 4-H Club boys and girls in the entire family. In fact, whether you are a farmer or business man, it will be worth while for you to attend this great exposition as it will be both entertaining and educational. Plan now to make this your vacation and spend several days at the fair!

Scottish Dish Seasoned Plenty

So much salt and cloves went into every Scottish dish in the Fifteenth century that a modern diner's tongue would be pretty well pickled were he to follow accurately one of the old Scottish recipes.

guarantee the same unhappy experience could happen again.

"Industry and labor have adequate safeguards to protect their interests against the uncertainties of war, and the same consideration must be granted agriculture.

"There are no bottlenecks in agricultural production, as the present supplies of food and fibre indicate, though the prices received are far below parity. If farmers fail to increase the production on their farms, it will not be an unpatriotic act for they are adequately prepared for any emergency that might increase the need for food and fibre."

Woods of Winona Lake, Mr. and Mrs. William Blackburn and sons Billie and Mat, Chas. Kelley of Chicago and two daughters of Warsaw, and Mr. Homer Fenters of Marion.

The Worth While Class of the Talma M. E. church will hold an auction sale and a short order supper on Friday evening, May 16th at the Talma high school gym. Anyone having anything they wish to give may bring it to the home of Mrs. Ruth Southers in Talma.

Camels for Warfare

Congress, in May, 1855, appropriated \$30,000 to be expended under the direction of the war department in the purchase of camels for military purposes.

DISTRICT GOVERNOR VISITS MENTONE LIONS CLUB

R. J. Black, District Governor of the International Association of Lions Clubs for this area, met with the Mentone Lions at their regular meeting in the Methodist church basement Wednesday evening. This was Mr. Black's second visit to the club during his term as district governor.

Lions clubs are located in about six foreign countries and the information gathered from almost every corner of the globe brings a rather perfect picture of world conditions and sentiment. Mr. Black's address dealt with world conditions and he offered a number of suggestions that might help to better them or safeguard our own welfare.

Following the luncheon and address Lion President Charles Manwaring took charge. Along with the routine business a Memorial Day committee was appointed with Mahlon Mentzer as chairman.

Lion Secretary Bunner also reports that Orvin Heighway, president of the fair association, announces that a meeting will be held in the town hall Wednesday evening, May 14th, to work out some of the details for the annual fair.

CLASS SOCIAL AT TALMA

The Worth While class of the Talma M. E. Sunday School will hold their regular monthly meeting at the home of Mrs. Sid Dick on Tuesday evening, May 20th at 7:30. The devotional services will be in charge of Mrs. Ruth Souther. Following the devotional services there will be a business meeting. Mrs. Sid Dick and Mrs. Don Holloway are the refreshment committee and Mrs. Ernest Bryant and Mrs. June Barkman are on the entertainment committee. All members are asked to be present for the meeting.

CARD OF THANKS

We wish to extend our thanks and appreciation to friends and neighbors for the floral offerings, words of sympathy and assistance in our late bereavement. We also want to express our appreciation to the members of the ladies aid for their help. Mrs. Boganwright and Family.

Department Store Sales

American department stores annually do a \$3,500,000,000 business, comprising 10 per cent of the total United States retail volume.

Crime Offense

Police in Salt Lake City picked up four men using a steel wire contrivance to beat marble games paying off in coins. Such games are illegal in Utah, so the puzzled police charged the four with vagrancy.

Lawrence Boganwright

(Continued from page one)

of Newcastle township.

Surviving relatives besides the widow are the following children: Mrs. Ruth Shaffer, Mrs. Keturah Grubbs and Paul of Indiana Harbor, Jonn of Mentone, Mrs. Mary Sanners of Tippecanoe, and Martha and Joe at home. Two brothers, Leonard of Mentone and Harley of Palestine, and a sister, Mrs. Elmer Cook of Warsaw, also survive.

Introducing—

(Continued from page one)

nature will be settled non-partisanly and upon their merit.

We'll expect the words of encouragement you may feel impressed to give; and in like manner, we shall expect every criticism or suggestion to be given first-hand. A criticism, oftentimes, is something that helps and not destroys, so feel free to express yourself. We trust we shall have your assistance in the matter of news or advertising as it will take some time to get acquainted with each of you. If your name should appear misspelled, call it to our attention.

And so, with great hopes and visions of many years of lasting friendships and pleasant business relations, I introduce your editor—

ARTLEY D. CULLUM.

MENTONE HOME ECONOMICS CLUB ENTERTAINED MAY 8TH

The Mentone Home Economics club met at the home of Mabel Warren with Mary Borton as the assistant hostess Thursday, May 8. All joined in singing, "Silver Threads Among the Gold," and repeated the club creed. Nineteen members responded to roll call on "A Neighbors Kindness That I Am Thankful For." One new member, Mrs. Louise Long, was admitted. The day's lesson was given by Ruth Leininger and Helen Mollenhour, the subject being, "Woodwork and Floor Finishing." All joined in a general discussion of this subject. The mystery package was drawn by Helen Mollenhour.

The afternoon entertainment was postponed and a delicious lunch was served by the hostesses.

Adjourned to meet Thursday, June 12 at the home of Linnie Vernetta when the Mentone Reading Club will be the guests.

Mrs. Laird, Reporter.

PENNY SUPPER SATURDAY

A Penny Supper will be held at the Methodist Church Saturday evening, May 17. Servings from 5 to 7.

Community Band To Hold Rehearsal

To Meet In The Community Building
at Eight O'clock Friday, May 23

FIRST BAND CONCERT MAY 27TH

The first rehearsal of the Mentone Community Band will be held in the community building on Friday night, May 23, at 8:00 (CST).

Band concerts this season will be presented on each Tuesday night in May—May 27. Band students from surrounding towns who have had at least one year of band experience are invited to attend this rehearsal and become members of the Community Band. Through their attendance and interest band members will become eligible for the band trip to the Chicagoland Music Festival held at Chicago at Soldier's Field.

Don't forget the date and the time—Friday night, May 23, 8:00 at the community building.

First concert Tuesday night, May 27.

A list of the business and professional men who sponsor the Community Band will be published later as the list is not yet complete. Director Bowers stated that the success of the band in the spring band concerts was due, in part, to the fact that the band is active the year around.

Students planning to study privately of Mr. Bowers should get in contact with him within the week. This work will start the last week in May.

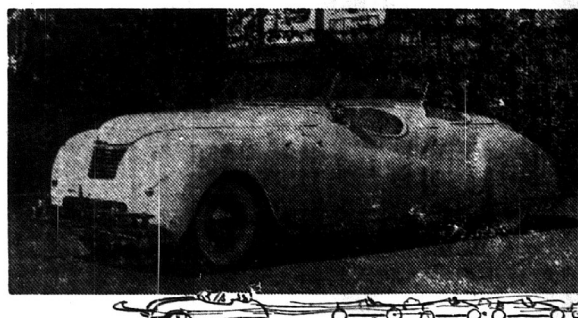

SON IS BORN

A son was born to Mr. and Mrs. Hugh Aughinbaugh of South Bend, May 14, at the St. Joseph hospital. The baby boy has been named Dean Hugh.

The grandfather, J. W. Aughinbaugh, and daughter June, of Mentone, visited the new arrival and his parents from Thursday until Sunday.

A complete line of Johnson's waxes, priced to meet all competition.—The Big Drug Store.

PASSENGER CAR OF FUTURE WILL PACE 500-MILE RACE

INDIANAPOLIS, Ind.—The car of year-after-tomorrow will pace the fast field of 33 cars to start the 29th annual 500-mile race at the Indianapolis Motor Speedway on May 30.

Following a long-established custom, one of the outstanding passenger cars of the year is always selected for this honor of herding the cars around the two-and-a-half mile oval racing strip and this year the advanced "Newport" model introduced at both the New York and Chicago automobile shows as the car of the future will set the pace.

The design of this latest example of scientific aerodynamic engineering was developed after many years of study of racing automobiles by

the famous automotive engineer, Ralph Roberts, and Chrysler engineers and will be one of the most advanced passenger cars to lead the racing field to the post.

"It is particularly fitting that a car which is years ahead of the current models should be selected to pace the 500-mile race," says T. E. "Pop" Myers, vice-president and general manager of the Indianapolis Motor Speedway in announcing the appointment, "because we feel that the Speedway is the great out-door laboratory of the automotive industry and that our efforts here for 28 years have definitely contributed to the creation of this remarkable automobile."

READING CLUB ENTERTAINS MOTHERS

The members of the Mentone Reading Club entertained their mothers at a Mother's Day program at the home of Frances Clark. Each member answered roll call with a tribute to "Mother" and presented her guest with a shoulder corsage. After reading the Collect, the pledge of allegiance to the flag was given, followed by group singing of "God Bless America." A group of the members gave a short play, "Mother's Day." Mrs. H. V. Johns reviewed the story, "The Search for the Beautiful." The program ended with a shadow pantomime of "Mother," presented by Mrs. Conda Walburn while Mrs. C. C. Collins and Miss Frances Clark sang, "Mother Machree."

The hostess and her assistants served delicious refreshments.

CELEBRATE FORTIETH WEDDING ANNIVERSARY

Mr. and Mrs. Ira Borton celebrated their 40th wedding anniversary Sunday at the home of their son, Mr. and Mrs. George Borton and sons Larry and Lynn.

LIONS TO MEET WEDNESDAY EVENING

The Mentone Lions club will hold its regular meeting at the Methodist church on Wednesday evening, May 21, starting at seven o'clock. All Lions are expected.

DECREE GRANTED

Thursday of last week Ava A. Teel obtained a divorce decree from Oliver C. Teel of Mentone, on a cross-complaint. Mrs. Teel was given custody of the only child, a daughter.

BASKETBALL BOYS TAKE SOUTHERN TRIP

The members of the Mentone basketball squad left Friday afternoon for a trip into the southland. Information isn't too definite but it is understood they plan to visit New Orleans and the gulf before returning home.

The trip is being made in two cars, with Dale Kelly and Ernest Harvey driving.

SORORITY ENTERTAINS MOTHERS WEDNESDAY EVE

The members of Beta Epsilon chapter of Psi Iota Xi Sorority entertained their mothers at a buffet supper at the home of Mrs. Bud Todd Wednesday evening.

The places of the mothers were marked with shoulder corsages and dainty linen handkerchiefs. The evening was spent solving several contests with the mothers outsmarting the girls in most cases. A spelling bee was also enjoyed.

Guests present were Mrs. Hattie Faulker of Milwaukee, Wis.; Mrs. Robert Neisley, Mrs. Amos Hale and Mrs. Wm. Petro, all of Warsaw; Mrs. Chas. Casner, Mrs. Rhoda Beltz, Mrs. George Long, Mrs. M. O. Mentzer and Mrs. W. W. Whetstone.

Members present were Mrs. Curtis Riner, Mrs. Geo. Clark, Mrs. Lyman Mollenhour, Mrs. Geo. Watson, Mrs. W. W. Whetstone, Jr., Mrs. Robert Snyder, Mrs. Cecil Long, Mrs. Rex Tucker, Miss Annabell, and the hostess, Mrs. Bud Todd.

FAIR ASSOCIATION MEETS

The committeemembers of the Mentone Fair Association met at the city hall last Wednesday evening and worked out some of the preliminary details of the 1941 Mentone Fair. Judging from the discussions that took place, the fair this year is expected to be one of the most successful for a number of years. Each committeeman pledged himself to see that his particular part of the work will be handled in the best possible manner.

Orvin Heighway, president of the association, presided at the meeting.

SCOUTS TO CAMP AT NAP- PANEE PARK IN JUNE

Stauffer Park, Nappanee, has been chosen for the site of the 1941 annual camporee of boy scouts of the Pioneer Trails Area. An attendance of five hundred scouts and scouters from all parts of Elkhart, Kosciusko, and LaGrange counties is expected. Several hundred tents of various types will be required.

Camp will be pitched on Friday morning, June 15, and will be struck late Saturday afternoon. Chief items on the program include a council fire on Friday evening and achievement events on Saturday morning.

Each patrol of from four to eight scouts will function as a camp unit and will establish its camp and commissary apart from other units. An effort will be made to have a great variety of camp layouts, shelters, and methods. Each patrol will be judged and rated on the basis of all-around camp efficiency and scouting qualities.

Achievement events in which the patrols will compete are: Attendance, scout advancement, uniform inspection, patrol emblems or flags, equipment packing, knot tying, water boiling, signaling, fire making, nature study, and special feats.

TROUT FISHERMEN SET EARLY SEASON RECORD

All records for trout fishing in Indiana have been broken since the season began on May 1, it was reported Monday by C. R. Gutermuth, acting director of the Division of Fish and Game. Indiana's trout fishing, chiefly confined to fourteen of the most northern counties, has de-

veloped rapidly in recent years due to stocking of suitable waters.

Northern Indiana Co-Operative
Association.

ARTLEY D. CULLUM — Ed. & Mgr.

Spiritual force is greater than material; thoughts rule the world.—Emerson.

Co-operative marketing associations handle over 40 per cent of the milk in the United States according to a dependable industrial report. Their success has been due to two main advantages: The producer gets a fairer share of the selling price and consumers obtain high-quality, reasonably-priced dairy products at all times.

ONE IN A MILLION—

It's the unusual that seems to catch the eye, even in this present age of speed when everyone and everything seems to be moving at such a pace that one wonders whether half the people actually know what they are going to do when they arrive.

And when a busy, industrious and well-known executive of a large New York banking firm takes a stand contrary to the usual and customary, it is noticed even by those who do not envy his position, socially or financially. A few days ago Frank Altschul stated that a great change was coming for the United States. His views are along the same lines that Washington officials have been studying for many months—more consideration for all the citizens. Cooperation and not competition; assistance and not destruction.

When our nation was first settled by white men, the pioneers, for their safety and economic necessity, worked together on all their problems. They joined in clearing their lands, farming their crops, building schools and protecting their homes from belligerent natives. In a few years competitive businesses evolved and many, to escape, moved to new frontiers and repeated the process.

Today there are no more frontiers in respect to land. The

frontiers that are left are merely economic and will likely be solved in the same manner—co-operatively.

Working with and for one another we can build a strong and prosperous nation.

A good deed, like an echo, returns in due time.

THE CHICKEN CO-OP

—by—
THE TYPE LOUSE

Everything for fun—nothing for sure.

Somebody said there were a lot of good eggs in this country.

One incubator unit, we learn, will hatch 65,000 eggs at once, which would make any old hen sweat.

The nativity of the oft repeated story about "there being a lot of chickens in the ministry" could possibly be established here. It is still a matter of conjecture whether the egg or the chicken came first, and I'm wondering whether the chicken farms had any bearing upon the locating of the ministerial nursery at Winona.

Doc-E-Doodles: If you have a leg-horn, how often should you pullet? Will a Poland China break? Is a Hereford a bum steer? Does a Belgian's hare grow rabbit?

Trees are sappiest in the spring, too.

Saving Bacon Grease

Baked bacon saves a lot of watching and is especially advised when cooking for a crowd. Arrange the strips of bacon on a cooking rack or wire cake cooler placed over a shallow pan. Bake for about 10 minutes in a moderately hot oven. The bacon drippings fall into the pan and can be saved for later use.

tee for making arrangements for the Decoration Day activities.

Deaths reported were: Chas. Hunter of Milford, Silas D. Price of Argos, Mrs. T. E. Webb of Warsaw, Mrs. B. F. Overmyer of Leiter's Ford and H. M. Stoner of Warsaw.

Frank S. Harris advertises that he will rent the best carriages, buggies, drivers, etc. at prices as low as others charge for rattle traps.

W. L. Fish sent a long letter telling of the wonderful possibilities in Oklahoma and how thousands were coming there from all over the nation.

A reader ad: "Not ready for more orders. Garrison the shoemaker."

PLANS FORMULATED FOR MEMORIAL DAY PROGRAM

The Mentone Lions Club Memorial Day Committee met Tuesday evening and plans were discussed for a brief but impressive Decoration Day program at Mentone.

Tentative plans are that everyone will meet in the city and after a few selections by the Mentone High School band, a parade will form and the march will be made to the cemetery. Rev. H. C. Fowler, of the Mentone Baptist church, will give a short address in keeping with the occasion. After taps are sounded the group will disperse while the members of the Boy and Girl Scouts will decorate the graves of all war veterans.

The parade will form at two p. m. Friday, May 30th.

The Lions committee in charge of arrangements is composed of M. O. Mentzer, chairman; M. W. Dudley, Dale L. Kelly, R. G. Reed, Walter Bowers, Rev. C. C. Collins and H. V. Johns.

Fertilizer Profits Low

A ten-year average profit of the fertilizer industry as reported by the Bureau of Internal Revenue shows a return of only one and five one-hundredth cents on a dollar of sales while 32,000 farmers in a recent survey reported a return of \$3.60 in increased yields for each dollar spent on fertilizer.

In the last ten years for which figures are available 1929-1938—total fertilizer profits amounted to one and five-hundredths cents for each dollar of sales, or 94 cents on each ton of \$26 fertilizer sold.

Figures just released by the Commissioner of Internal Revenue on corporation income tax returns by industries for 1938 shows returns for 374 fertilizer manufacturers. Of this number 161 or 43 per cent reported deficits. The average return for 1938 was 3.6 per cent. The S.E.C. reports returns of 16 large chemical companies not engaged in fertilizer manufacture showed a return of 20.5 per cent.

THORNE AND PETILLO LONG AND SHORT OF RACE DRIVERS

JOE
THORNEKELLY
PETILLO

INDIANAPOLIS, Ind. — The long and short of it among the race drivers are lanky Joe Thorne and dumpy little Kelly Petillo. But long or short, they've both got their hearts set on winning the 500-mile race at the Indianapolis Speedway on May 30.

Thorne is a millionaire who is in the game for the sheer love of motors and speed, although he is not averse to hauling down a chunk of prize money when the opportunity offers. A consistent driver himself, Thorne has been finishing better and better every year in the annual mo-

tor classic. Last year he finished fifth, his best position to date.

Besides his own mount, Thorne is expected to have at least one other car in the race.

Petillo, despite his size, or maybe because of it, is one of the most colorful figures in the business. Winner of the 1935 Indianapolis race, he has plenty of "foot" when the chips are down. He moves into turns at terrifying speed and scoots down the straightaways like a newly sprung arrow, all of which makes him a great favorite with the rail birds, win or lose.

"Drop me a card!"

Two Minute Sermon

By

Thomas Hastwell

WORK AND WAIT WITH FAITH:

I was talking recently with a man who was bitterly disappointed and discouraged because certain of his plans did not work out as he had hoped they would. He talked as though he felt that the reversal of his plans would upset his whole scheme of life and that nothing could happen that would right things again. I cite the instance because it represents the common reaction that men and women have to such disappointments and such thwarting of their plans. This attitude results in a great deal of unhappiness among people in the world. I have often seen people who professed to have faith that God was looking after their welfare, and would provide the best for them, show the same degree of disappointment and discouragement that this individual showed, when their plans did not materialize. Such attitudes are not in harmony. If God is concerned about our welfare and we believe that He is, He will not permit to be thwarted plans that are for our best interest. If our plans do fail to materialize through no fault of our own, God has something better in store for us and in His own time will bring it to pass. We should not grieve because of such disappointments, but work with faith and wait obediently on His will.

FARMING ON THE LEVEL IS BECOMING POPULAR

Many Indiana farmers are going to cultivate slopes on the level this year, R. O. Cole, extension soil conservationist of Purdue University, predicts. This practice is often referred to as "contour farming," meaning the performance of tillage operations across the slopes on the level.

Cole explains that a contour line is one that connects two or more points all of which are at the same elevation. This system may be contrasted with up and down the slope method, often referred to as slope farming. This latter method has contributed largely to the erosion problem which is confronting Indiana farmers today. Cole suggests that contour farming requires less labor, since team and tractors are working on the level rather than pulling up hill a part of the time.

After an 8.4 per cent slope had received 26 inches of rainfall at the erosion experiment station in Iowa, it was found that the land contour farmed had lost none of its rainfall, while 11.5 per cent of the water had left the slope as runoff under the up and down slope method of cultivation.

APPOINTED TRUSTEE

David Swihart, farmer and former county commissioner of Fulton county, has been appointed to serve the unexpired term of Lawrence Boganwright as trustee of New Castle township. Swihart will serve until Jan. 1, 1943.

BROWN COUNTY ARCHERY MEET IS SCHEDULED

Archers from a half-dozen states are expected to compete in the annual Brown County Open Tourney to be staged at Brown County State Park May 31 and June 1, it has been announced by Charles A. DeTurk, director of the Division of State Parks.

Issued by CHICAGO MOTOR CLUB

Because spring brings Illinois and Indiana children outdoors to play, with resultant possibilities of child traffic accidents, the Chicago Motor club May poster is designed to remind youngsters in the two states of traffic dangers.

The headline reads: PLAY AWAY FROM TRAFFIC, NEVER IN THE STREET.

This yellow, gray and black poster was sent to 39,000 elementary school classrooms in Illinois and Indiana. It is the last of the 1940-41 series, Facing and Avoiding Danger, sent each month by the motor club.

Charles M. Hayes, president of the club, says that particular emphasis is being placed on this poster so that children will start the summer vacation with good safety habits uppermost in their minds. "This is important because they will be largely on their own during play hours from June to September, without safety education on the part of teachers and parents and protection while crossing streets by members of the school safety patrol," he said.

Newest in Dog Homes

The newest thing in dog homes is a small doghouse with a pillow in it to sleep on and a fence inclosing a small runway fastened right onto the house—very much the same order as play pens for babies.

Rex a Bridesmaid But Never a Bride

INDIANAPOLIS, Ind.—“Always a bridesmaid but never a bride” might well apply to Rex Mays, the heavy-footed California race driver.

For a number of years, Rex has been just about the hottest thing on the track in qualifying trials for the Indianapolis “500” but never yet has been able to crash the select circle of winners. Last year was his best bid. He ran second to Wilbur Shaw but feels he could have won had not a rain slowed the race down for 125 miles and prevented him from making a late bid for victory. This year he will again drive the speedwagon entered by Robert M. Bowes and engineered, built and managed by Lou Meyer, retired veteran of the track. But it will be faster even than it was

last year when Mays took it around for an unofficial lap record of 132.40 miles an hour. Riding that kind of a mount, Mays is confident that on May 30 he will graduate from the bridesmaid class.

Arsenate of Lead put up in 10, 15 and 25c packages At the Big Drug Store.

Utilize Dog's Flesh, Hides

Stray dogs will be regarded as potential food for animals and producers of leather and fertilizer, according to an edict of the agricultural and forestry ministry in Tokyo. The flesh of healthy dogs will be dried and used as fodder. Dogs not so palatable, and the inedible parts of “eating dogs” will be converted into fertilizer to help increase rice production. Hides will be tanned for army shoe leather. Japan's dog population is estimated at 1,000,000 and the potential annual increase is estimated at 500,000. Annually 250,000 have been used for fertilizer.

Elmore Fenstermaker, cashier of the Farmers State Bank at Mentone, attended the bankers convention at Indianapolis last Tuesday, Wednesday and Thursday. Robert Knepper of Etna Green, accompanied him on the trip.

Frank Copen, of Talma, who has been seriously ill for some time, remains in a critical condition. Little hope is held for his complete recovery.

Miles Manwaring, formerly assistant cashier in the Mentone bank but now a First Lieutenant in the armed forces of the nation, spent the week end in Mentone visiting his mother, Mrs. Ersie Manwaring, and other friends. He is stationed at Fort Benjamin Harrison, near Indianapolis.

LIONS TO ORGANIZE OWN SOFTBALL TEAM

The Mentone Lions club announces that the club plans to have a softball team this year and the first practice will be held at the athletic field on Tuesday evening, May 20th. If you are not a Lion, you will still be eligible for the team if you have reached the tender age of thirty. Come out for practice Tuesday. You won't feel any worse than the rest of us Wednesday.

BURNS BAKERY MOVES TO NORTH MANCHESTER

Monday morning the bakers who have been working in the Mentone branch of the F. R. Burns Bakery reported for work at the North Manchester plant. The delivery routes will be maintained as usual and will start from Mentone, large trucks bringing the fresh baked goods here for the smaller delivery wagons.

Mentone business people and citizens regret to see Mr. Burns' baking plant leave Mentone and the absence of this weekly payroll in the business channels will be keenly felt. Nevertheless, best wishes to Mr. Burns and his group of faithful employees.

REUNION PRINTING

We wish to announce that we will be pleased to accommodate all reunion secretaries with the printing of their announcement or invitation cards, or any other printing that may be needed to make the work of the office easier.

We would also appreciate having a report of your reunion for publication in the Co-Op. News.

THE COUNTRY PRINT SHOP

Visit our 10c counter for cosmetics, handkerchiefs, shoes strings, pins, bobby pins and hair pins. The Big Drug Store.

Mr. and Mrs. Ervin Snyder and Miss Rowenna Lackey spent Sunday in Logansport visiting Rev. and Mrs. Dewitt. Mrs. Snyder and Miss Lackey rendered a number of solos at the Sunday services.

Bantingism

Bantingism is a method of reducing weight by abstinence from fat-producing foods named after William Banting of London.

Swing Nation's Motif

Swing music may eventually become the folk song of the Twentieth century, Prof. Albert Elkus, head of the department of music at Stanford university, believes. He declares that the continued popularity of swing has developed it into something more than a fad.

Plans Completed for Memorial Services

Band and Scouts To Assist In Memorial Day Services

Short memorial day services will be held in Mentone Friday afternoon starting at two o'clock when a parade will form in the business section of the city.

The band, under the able direction of Walter Bowers, will render a few selections prior to the march to the cemetery where short services will be held. Rev. H. C. Fowler will give the address. Following taps, ending the services, the Scouts will decorate the graves of all veterans.

The Mentone Lions club is sponsoring the services and M. O. Mentzer is chairman of the committee.

FORMER RESIDENT DIES AT CORNELL, WISCONSIN

Funeral services for Willard Teel, 84, retired farmer formerly of near Mentone, were held Wednesday afternoon at two o'clock at the home of his daughter, Mrs. Forrest Kesler, west of Mentone.

Mr. Teel died May 18th at the home of his son, Leo R. Teel, of Cornell, Wis., where he had resided for the past 23 years. Previous to that time Mr. Teel farmed near Mentone.

Surviving relatives include: Three children, Leo named above, Melvin of south of here and Mrs. Goldie Kesler, west of town; three brothers, Clem and Aldred of Mentone, and Theodore of Macy; one sister, Maggie, of Mentone; eight grandchildren, and two great-grandchildren.

Rev. C. G. Vincent of Mentone, officiated and burial was in the Sycamore cemetery southwest of here.

The Johns funeral home directed the arrangements.

IN MEMORIAM

In memory of our daughter, sister and granddaughter, Lauretta Gene, who left us one year ago June 2.

Mrs. Eula Mahoney,
Lawrence and Marvin Mahoney,
Mr. and Mrs. J. B. Kern,
Mr. A. A. Mahoney.

Memorial Day

May 30th

—On this day the Nation, and people in many other parts of the world, will silently bow in reverence to those who have fought, labored and died that their life—and the lives to follow — might be lived easier, happier and more complete.

WARSAW FINE ARTS CLUB ATTENDS BANQUET HERE

Twenty-three members of the music group of the Warsaw Fine Arts club met for their May festival at Mentone Wednesday evening and enjoyed a delicious three-course dinner in the Methodist church basement. The tables were beautifully decorated with purple and blue iris in yellow baskets. The menus were enclosed in yellow butterflies and yellow rose cups held the mints and nuts.

Following the dinner at the church the group retired to the home of Mrs. Maude Snyder, of Mentone, where a very interesting program was given.

SCOUTS TO GATHER PAPER, RAGS AND IRON

Tuesday, June 3rd, the Boy Scouts will call at all the houses in town for the old papers, rags and iron which they asked to have saved several months ago.

If you live in the country and have any old paper, telephone Rev. C. C. Collins, the Scoutmaster, who will make arrangements for gathering it.

TALMA WORTH WHILE CLASS ENTERTAINED

Mrs. Sid Dick entertained the members of the Worth While class of the Talma M. E. Sunday School Tuesday evening, May 20th. The devotional services were in charge of Mrs. Ruth Souther. The secretary's report was read by Lavoy Montgomery. The remainder of the evening was spent sociably. The meeting was dismissed with a prayer by Mrs. Charles Good. Mrs. Dick and assisting hostess, Mrs. Don Holloway, served dainty refreshments to eight members and six guests.

The next meeting will be held on Tuesday evening, June 17th, at the home of Mrs. Ruth Souther of Talma.

Lavoy Montgomery, Reporter..

Mrs. E. G. Harrison and new daughter expected to return to their home at Mentone from the McDonald Hospital Tuesday, May 27. Patricia Jane, who weighed six and three-quarters pounds, was born a week ago Saturday. Mr. Harrison is vocational agriculture instructor in the Mentone schools.

Elwood Man Killed By Train At Burket

Drives Onto Tracks Into Path of Fast Freight Saturday

George F. Booker, of Elwood, was instantly killed Saturday afternoon at 12:30 o'clock when he drove his 1929 Oldsmobile onto the Nickel Plate tracks into the path of a fast freight train.

Mr. Booker, aged 75 years, has cottages at Yellow Creek Lake and it was reported that witnesses saw the train approaching and made attempts to stop him but to no avail.

The car was completely demolished, according to reports.

MISS MILDRED FISHER BRIDE OF JOHN D. NEWELL

Miss Mildred Fisher, daughter of Mr. and Mrs. Ed Fisher of Silver Lake, became the bride of Mr. John D. Newell, son of Mr. and Mrs. Jesse Newell, May 17th at their newly furnished home in Mentone. Rev. C. C. Collins reading the vows. The single ring ceremony was performed in the presence of the immediate families with Mrs. Ruby Mort, sister of the bride, and Mr. Zennis Reed of Akron, attending the couple.

A small reception was held after the ceremony for the guests.

Mr. Newell is an employee of the Northern Indiana Co-operative Association.

LIONS HOLD INTERESTING MEETING WEDNESDAY EVE

A rousing bunch of Lions gathered at the Methodist church basement Wednesday evening for their regular bi-monthly meeting and enjoyed a very delicious dinner prepared by the ladies.

Following the dinner Lion President Charles Manwaring took charge and the business part of the meeting was held. Artley D. Cullum was a guest.

Orvin Heighway presided over a short fair association meeting following the club meeting.

Geraniums, Petunias, and vines at Clark's.

NAVAL RESERVE WANTS ENLISTMENTS

The following bulletin has been received from the U. S. Navy Recruiting station at Fort Wayne:

"The Navy Department announced today that, while enlistments in the Naval Reserve are for a period of four years, men who enlist in the Naval Reserve will be required to serve only during the duration of the present emergency.

"This policy opens particularly fine opportunities to young men who desire to learn a good trade. Schools are maintained by the Navy for the training and instruction in many specialized fields, both in the aviation branch and for general service. These schools are located at Naval Air Stations, Naval Training Stations and at the Ford plant at Dearborn, Michigan. Training is given to qualify as machinists, metalsmiths, welders, electricians, radiomen, signalmen, yeomen (secretarial), carpenters, storekeepers, hospital corps technicians, and Diesel operators.

"Combined with the professional work and instruction received on board ships and stations to which recruits are ultimately sent, the total experience by Navy men qualifies them for well-paying jobs on their return to civil life."

SUDAN GRASS SUGGESTED TO SUPPLEMENT PASTURE

Lafayette Ind., May 24. Farmers need not be short of pasture for their cattle, causing a slump in milk production, which frequently occurs during the months of July and August when permanent pastures are usually dried up, if they grow a sufficient acreage of Sudan grass, say agronomy and dairy specialists of Purdue University.

Now that the Food for Defense program is emphasizing the need for dairy products as one of the essential food supplies both at home and abroad the suggestion for summer pasture production is in keeping with national preparedness.

Farmers participating in the AAA program will find that Sudan grass classifies as a "soil conserving" crop. Those farmers who have excessive acreages of depleting crops were urged to consider using Sudan grass, which may be seeded any time this month or early June. If later it is found Sudan grass is not needed for pasture, it may be made for hay, and if cut in late bloom stage, is equal to the best timothy hay.

Hero To Racing Pals, Miller Is Ace Driver

INDIANAPOLIS, Ind. — Modest Chet Miller is afraid he'll never be able to live down the fact that he's a hero. The only way to take the public's mind off it, he feels, is to become the winner of the 500-mile Speedway race. And that's what he'll be shooting for come May 30.

Miller earned himself an undying place in the hearts of racing men when he sacrificed an opportunity to win the 1939 Indianapolis race to save the life of a fellow-driver. Miller was running third when Bob Swanson and Floyd Roberts crashed on the southeast turn. Swanson was thrown in the path of Chet's car and rather than strike him, Miller deliberately ran into the inside wall. His car turned over and Miller himself went to the hospital.

Aside from such proven courage, Miller is one of the smoothest drivers in the game. He has competed in 11 Indianapolis classics and has finished among the first ten on six occasions. His mount this year will be a Boyle entry which means that combination of car and driver will be a distinct treat, as usual.

PALESTINE 4-H CLUB MEETS

The Palestine 4-H Club met May 7 at two o'clock at the home of Miss Genevieve Kraatz. The afternoon was spent in club organization. The following officers were elected: Miss Naydine Shirey, president; Miss Betty Shirey, vice president, and Miss Genevieve Kraatz, secretary and treasurer.

Refreshments were served by the hostess.

The next meeting will be held at the home of the Misses Betty and Naydine Shirey.

FORESTERS TO STUDY INDIANA INDUSTRIES

Wood-using industries in Indiana will be studied this week by a group of foresters from the Ohio Division of Forestry and the Central States Experiment Station of the U. S. Forest Service, it has been announced by Paul A. Yost, state forester.

The group will meet at the Brown County State Park Thursday, May 22 and began a three-day tour of furniture, veneer and other wood-using industries in the central and southern parts of Indiana. Inspection trips were planned to be made to plants at Bloomington, Paoli, Jasper, Tell City and other cities.

Indiana is recognized by foresters as one of the chief producers of wood products, ranking high in the production of veneer, furniture and building materials. Two of the largest plants turning out handles for shovels and other tools are located in this state, one at Fort Wayne and the other at Columbus.

Milk Control Board

In Re: Petition by the dealers and Producers of the Kosciusko County Marketing Area to amend Emergency Order No. 20 as amended by raising the price of class No. 1 milk to producers and by deleting the present schedule of minimum retail and wholesale prices and substituting another schedule and Petition of Ray F. Meyer to separate the present order into an official order and an Emergency Order.

NOTICE TO PRODUCERS, APPLICANTS and LICENSEES, as MILK DEALERS, DISTRIBUTORS, PRODUCER-DISTRIBUTORS, PRODUCER-COOPERATIVES, CONSUMERS and all others interested in the KOSCIUSKO COUNTY MARKETING AREA:-

WHEREAS, both dealers and producers of the Kosciusko County Marketing Area have filed with the Milk Control Board of Indiana a petition to amend Emergency Order No. 20, as amended, by deleting Exhibit "B" of said order which is the present schedule of minimum wholesale and retail prices and substituting therefor another schedule and also to amend said order by increasing the price to producers, and

WHEREAS, R. F. Meyer has petitioned to separate the said Emergency Order No. 20, as amended into an official order and an Emergency Order.

NOW, THEREFORE, you and each of you are hereby notified that the petition of dealers and producers and the petition to separate the present order into two orders as above stated, will be heard concurrently by the Board at a public hearing to be held at 10:00 O'clock A. M. (central standard time) on June 4th, 1941 in Room 9, State House Annex, Indianapolis, Indiana.

These petitions are on file in said Room 9, where they may be seen.

Wilbur Shaw Shoots For Fourth Race Win

INDIANAPOLIS, Ind.—If ever a man had a chance for sports immortality that man is Wilbur Shaw. Shaw will be shooting for his fourth victory in the 500-mile Indianapolis Motor Speedway race on May 30. Only two men in the history of racing have won the "500" three times—Shaw and Louis Meyer. Now that Meyer has retired from piloting race cars, Shaw goes on to seek his fourth victory. If he does it, it will be tantamount to Bobby Jones' famed "grand slam" in golf, Henry Armstrong's capture of three boxing titles and other miraculous sports performances that are open seasame to the Hall of Fame. The smooth, Dapper Shaw is one of the brainiest and most daring drivers that ever put foot to accelerator. Shaw will be back this year with the same Maserati with which he glided to victory and the \$20,000 first prize last year. The greatest money winner in the history of the track, Shaw will be shooting for that pot of gold again in addition to the signal honor of being the first four-time winner.

SHAW AND MAYS HAVE 'UNFINISHED BUSINESS' TO SETTLE IN INDIANAPOLIS '500' MAY 30

INDIANAPOLIS, Ind. — "Unfinished business" is on the books as an extra bonus for the fans when Wilbur Shaw and Rex Mays meet again in the 500-mile race at the Indianapolis Motor Speedway on May 30.

Shaw, three-time winner of the great speed meet, ran off with first place last year but a lot of fans weren't satisfied that Shaw was the best in the field. Some believed that Mays, the California go-devil, would have beaten out Shaw had not a drizzle slowed the race down for 125 miles and prevented a last-stage battle between the two. The duel is expected to be finished this year.

No driver in the game has a heavier foot than Mays. He is one of the best pilots. But he drives

hard, sparing his motor nothing and himself less. No one goes into the turns with greater abandon and no one shows more daring on the straightaways. Last year, just as in previous years, he was just about the hottest thing on the track in qualifying rounds. He won the pole position for the start and he was confident that his car had the stuff to step away from the field.

He took the lead early in the race and even when Shaw snatched it away he felt confident that when it came to a two-man battle in the final stages he would be the victor. And then, with Shaw leading by two laps, it began to rain. Out came the yellow flag telling the drivers not to better their positions. That went on for 125 miles, with Mays fuming impatiently. And that was how the

race ended. Mays never did get a chance to battle it out with Shaw.

Shaw won the race for the third time, joining Lou Meyer as the only three-time winner in history. Mays was second, the first time in six tries he ever completed the race, although he has been the fastest qualifier three of those six times. Mays feels that circumstance cheated him of victory and he intends to go all out for the winner's pot of gold this time.

While Mays has his plans, Shaw, the Dapper Dan of the track, a true champ, has before him the golden opportunity of becoming the first four-time winner in the history of the Indianapolis "500." Needless to say, both men will be out there gunning for all they're worth to realize their respective ambitions.

INDIANA PROGRAM IS PRAISED BY OFFICIALS

Progress made by Indiana conservationists in the securing and planting of land under the Wildlife Habitat Restoration program was praised by officials of the U. S. Fish and Wildlife Service during an inspection visit to the state recently. C. R. Gutermuth, acting director of the Division of Fish and Game, announces.

This program, to create more fa-

verable natural conditions for all species of wildlife, is being financed jointly with funds of the Division of Fish and Game and with funds collected by the Federal Government through a tax on firearms and ammunition.

Approximately one thousand acres of land, leased for a five-year period, is being planted this spring with grain, shrubs and trees which will provide both food and shelter for birds and wildlife. Applications for scores of additional leases, which

will be planted in the fall and next spring, are already being received.

COUNTY SURVEY OF HISTORICAL MARKERS

The Historical Bureau of Indiana, at Indianapolis, is engaged in preparing a catalogue of all historical markers (tablets, statues, monuments in bronze or stone) which have been erected in the various counties of the state.

A movement is under way to bring the record up to date and make the catalogue of these public memorials accurate and complete.

Persons knowing of such markers and memorials in Kosciusko county are requested to report them to Miss Miriam Netter at the Warsaw Public Library, telephone 470, who represents this county in the survey now being conducted by the Historical Bureau.

To avoid repetition, the following markers and monuments in this county are already known and recorded and need not be reported:

- M. E. Church Centenary, Warsaw
- Levi Lee Monument, Leesburg.
- Nancy Simison Marker, Packerton Cemetery near Mentone
- Miami Land Cession, Municipal Park near Syracuse.
- Sarah Whitman Chapman Grave, Hilcrest Cemetery near Piercetown.
- Sol C. Dickey Monument, Small park at entrance to Tabernacle, Winona Lake.

RURAL YOUTH TO MEET AT PURDUE, JUNE 16-20

Representatives of nearly all the 85 Indiana Rural Youth organizations in the state are expected to the fourth annual leadership training school to be held at Purdue University, June 16 to 20, under the joint auspices of the 4-H club department at Purdue and the education department of the Indiana Farm Bureau, it has been announced as the final plans of the training school program were completed.

INDIANA FARMERS FORMING SOIL CONSERVATION DISTRICTS

The idea of forming cooperative organizations for the purpose of soil improvement and erosion control is becoming wide-spread in Indiana, reports R. O. Cole, extension soil conservationist of Purdue University.

These organizations are formed voluntarily, and their management is in the hands of local landowners whose farms are within the areas covered by these organizations. Their purpose is to maintain, protect, and improve the soil, and thereby to increase farm income.

The types of work accomplished by soil conservation districts include those found in any well rounded soil conservation program. Among the types are planning for good land use, the use of cover crops and soil conserving rotations, the development of grass waterways, gully control, terracing, diversion ditches, contour cultivation, strip cropping, improvement and proper management of pasture land, and proper management of the farm woods. In addition to these practices, many districts have, as part of their program, the improvement of public and private drainage systems. The protection, management and propagation of wild life is an important feature in many district programs, Cole says.

Indiana counties in which soil conservation districts have been formed are: Vanderburg, Knox, Daviess, Tippecanoe, Montgomery, Benton, Elkhart, Grant, and Fulton.

LIST 1,526 ACCIDENTS ON STATE ROAD SYSTEM

Tabulation of motor vehicle accident reports for April shows that there were 1,526 accidents with 50 fatalities on the ten thousand miles of state highways during the month, James D. Adams, chairman of the State Highway Commission, announced last week.

Rex Mays Overdue For Race Victory

INDIANAPOLIS, Ind.—Rex Mays, the "California Cannonball," is out to keep a date with Dame Victory in the 500-mile Indianapolis race on May 30. He feels she's stood him up long enough. A lanky, likeable lad, Rex has been for years just about the hottest driver on the track but he just somehow never seemed able to get under the wire first. For three years out of six he has been the fastest qualified and holds the unofficial lap record for the two-and-a-half-mile oval. Last year he finished second after rain had slowed the race down and prevented him from engaging in a final-stage duel with Wilbur Shaw, the eventual winner.

This year he has again been named to drive the speedster entered by Robert M. Bowes and engineered, built and managed by Lou Meyer, retired veteran of the track. The car's motor has been revamped to increase its speed and Mays is confidently looking forward to the Decoration Day classic.

'Mrs. Prospect' Has Say
Research and surveys throughout the years prove that 85 per cent of all automobile sales are influenced by the desires and fancies of "Mrs. Prospect." Apparently "Mrs. Prospect" just comes along for the ride. And hence the importance of upholstery in the new car.

Geraniums, Petunias, and vines at Clark's.

FEED BAGS!

Will buy your 100 lb. feed bags

SATURDAY, MAY 31

TALMA NEWS

Mrs. Peter Horn has been very ill the past week.

Lloyd Barkman, who is employed at Kouts, Indiana, spent the week end at his home in Talma.

Mrs. Mary Minars and Mrs. Jeff Stookey, members of the T.H.E. club, went on the Fulton County Home Economics Club tour to Purdue University last Wednesday. There were 90 ladies in three chartered buses, starting from Rochester at seven a. m., returning at six p. m. The day was thoroughly enjoyed by all.

Mrs. Esther Matthews visited with Mrs. Bonnie Smith on Thursday.

Frank Coplen is in a very critical condition at this time.

Pearl, Bertha and Merle McGowen and Mr. L. E. Johnson of Rochester, have just returned from Columbus and Canal Winchester, Ohio where they visited Mrs. McGowen's aunt and uncle, Mrs. H. E. Bauer, Mr. J. J. Boyer and other relatives. Mrs. H. E. Bauer's birthday was celebrated on Sunday as she was 76 on Monday. On the way home they stopped at the Zane Caverns at the top of Ohio which was very interesting, indeed. They are located seven miles east of Bellefontaine, Ohio on State Route 540. The cavern is 1½ miles long.

Mango, Pimento, late cabbage and tomato plants at Clark's.

First Radio Station

The first radio station was located at Navesink, N. J., and was built in 1903.

For vegetable plants see Harold Markley, Mentone.

WANTED TO RENT — House suitable for family of four. See Mr. Cullum at the News office.

HAY BALEING

Please cut your hay early to avoid the rush and the large stem.

Experienced baler with an Ann Arbor pickup will do the job right.
