## INJURED WHEN ARM CATCHES IN WRINGER

Mary Teighmeyer, two year old daughter of Mr. and Mrs. Elso Teighmeyer, of Macy, was painfully injured about two o'clock Tuesday afternoon when she caught her arm in an electric wringer.

While the mother was out of the room, she was attracted by the screams of the child, whose arm was in the wringer up to the shoulder. The shoulder was torn and burned by the rollers turning on the arm. The child was taken to a physician and later returned to her home. After treatment by the doctor, it was believed that the injuries were extremely serious.

## SOMETHING ON THE BALL

E. G. Harrison, C. O. Mollenhour and Leslie Ball, all enthusiastic conservationists, went to McClure lake Saturday night to net for breeding fish for the conservation club rearing ponds. Pat, whose general contour and center of gravity is such that he can apply considerable force to a boat oar without showing daylight between him and the saddle, was selected as the man for the oars. Chauncey and Les were handling the net. They'd swish it through the air to gather up a load of mosquitoes for bait and then dropped it in the lake hoping to snare a few bluegills or bass.

The entire procedure was working out as nicely as trained fleas in an ink bottle when Les decided to put on a general attack all his own. He went out of that boat as graceful as Sally when her bubble burst and hit the water like a big-mouthed bass with his transom open.

As the group shoved back to shore, Les was busy wringing out his uniform but wasn't too busy but that he managed to find plenty of words to prove that Pat yanked on those oars on purpose. I wouldn't wonder but what you were right, Les.

Don and Frank Hoover, of Milford, returned to their home Saturday after spending the week with their grandmother, Mrs. Jennie A. Lyons.

## BAND PLACES IN SECOND DIVISION AT STATE CONTEST

The Mentone High School Band, under the direction of Walter Bowers, participated in the state band contest held at Michigan City Saturday. In Class CC, in which Mentone is confined, nine bands participated. Two were given first division ratings, two second division and the other five in third and fourth. Mentone shared second division honors with Akron.

The contest, as it is called, is not competitive but ratings are placed according to the ability of the bands.

## FRED D. JEFFERIES DIES IN ARGOS HOSPITAL SUNDAY

Fred D. Jefferies, 39, passed away Sunday at the Kelly hospital in Argos. Mr. Jefferies had been ill but a week and underwent an appendectomy a few days ago. The deceased who followed the occupation of farming, was well known throughout the Argos vicinity.

Fred D., son of Ott and Della Jefferies, was born July 27th, 1902, at Mentone, Ind. He had been a resident of Argos for the past 16 years. On December 24th, 1923, he was united in marriage with Ina Fenstermaker. He was a member of the Palestine Baptist church.

Surviving are his wife; four children, Mary Joann, Marcelle, Barbara and Kenneth, all at home; his parents, Mr. and Mrs. Ott Jefferies of Claypool, Ind.; a brother, Royal, of Claypool; and a sister, Mrs. Lucille Fisher, of Palestine.

The body was removed from the Grossman funeral home to the Jefferies home, 608 Maple avenue, Argos, Tuesday evening. Funeral services were to be held Wednesday afternoon, at three o'clock, at the Argos Christian church. Rev. Ernest Treber was the minister chosen to officiate. Burial in the Maple Grove cemetery at Argos.

—Rochester News-Sentinel.

The Mollenhour Lumber & Mfg. Co. has started construction of a new factory building, 50x100 feet. This addition will give the firm about 20 thousand feet of floor space.

## ORLANDO MEREDITH BURIED AT PALESTINE SUNDAY

Orlando Meredith, aged 61, died at the Murphy Medical Center at Warsaw last Friday morning from injuries received in a truck-train crash at Burket April 20th in which his employee, John Fisher, was killed. Meredith suffered three fractured vertebrae, among other injuries, and an operation failed to sustain life.

The deceased, prominent stock buyer and farmer of near Sevastopol, was born near Rochester September 23, 1881, son of Lewis and Margaret Meredith. He was married to Pearl Blue at the turn of the century and moved to the Burket and Sevastopol vicinity where he engaged in stock buying and farming. He and his son-in-law, Lloyd Summe, operated the Burket elevator from 1925 to 1938. He was an outstanding Christian worker and a member of the Burket Methodist church where funeral services were held Sunday afternoon. He was buried in the Palestine cemetery.

Surviving relatives are the widow; one son, Louis Meredith, American Air Lines pilot between New York and Chicago; two daughters, Mrs. Lloyd Summe, Burket, and Mrs. J. T. Frost, Yorktown; a brother, John Meredith, North Manchester; foster-sister, Mrs. Nora Gallery, Logan-sport, and six grandchildren.

## GRADUATES FROM CHANUTE

Pvt. Samuel L. Burch, son of Mr. and Mrs. D. C. Burch, R. R. 2 Akron, was graduated recently from Chanut Field, branch of the U. S. Army Air Corps Technical Schools. Pvt. Burch is well known in Talma where he has visited often.

## OUTDOOR BAND CONCERTS TO BEGIN ABOUT JUNE 1

Although the exact date has not been set, the outdoor concerts by the Mentone Community band will start about the first of June. Rehearsal dates will be announced shortly.

Students of other schools, according to Director Bowers, are invited to join the band.

## GEORGE NORRIS FOUND HANGING IN BARN MONDAY

George Norris, aged 77 years and a resident of Mentone for over a quarter of a century, was found hanging in his barn Monday afternoon by his wife. Norris had been in ill health for many years and had become rather despondent.

The deceased was the son of the late Morris and Margaret Norris and was born in Kosciusko county Nov. 3, 1865. His entire life was spent in the county. Oct. 29, 1898 he was married to Dora Lowman, who survives.

Mr. Norris, whose occupation had been farming, moved into Mentone 27 years ago.

Besides the widow, one son, Everette, Warsaw; one brother, David, also of Warsaw; four grandchildren and one great-grandchild survive.

Funeral services were held Wednesday afternoon at 2:00 p. m. at the Church of Christ at Mentone where he was a member. Rev. J. S. Johns, of the Indianapolis Church of Christ, officiated. Interment was in the Palestine cemetery.

The Johns funeral home, of Mentone, had charge of the arrangements.

## FAIR MEETING FRIDAY NIGHT.

We have been advised to announce that a fair meeting will be held at the Library building Friday night, May 8th, at 8:00.

A similar meeting was held recently but circumstances have arisen since that date that is of interest to everyone.

## GIRL SCOUTS TO HOLD WHITE ELEPHANT SALE

Are you wondering what to do with all those things you found during your spring housecleaning that you don't need that are too good to throw away? The Girl Scouts have the answer. In the near future we Scouts are planning to have a white elephant sale. Save these things and we will collect them, with the used stamps which will be collected the first two weeks of May.

Earl Bruner, of Burket, lost \$1600 last Saturday in Warsaw. He was enroute to a Warsaw bank, having disposed of a number of cattle, and had the money in a leather billfold in a hip pocket. He has offered a liberal reward for the return of the money.

W. R. Borton won the prize for wearing a pair of shoes, purchased at Clark's Store, the longest. Mr. Borton has had these shoes for 16 years, and has used them for dress shoes. They were half-soled last fall for the first time. Mr. Borton will receive a new pair of shoes as a prize.

A sharper sold a large number of lima beans to the people of Warsaw, one day last week, for 35c a dozen. They were colored pink and smelled like a rose, and he called them "rose bulbs." The Indianan editor can show you a sample of them.

Mr. and Mrs. W. F. Milser and children, of Bremen, are the guests of her brother, J. F. Bowman, this week.

E. S. Lash came to town last Thursday, the first time for a week, having been confined to his home on account of injuries received when his team ran away.

Mrs. W. T. Baker and her daughter, Mrs. N. N. Latimer, spent last Saturday and Sunday with friends in Peru, and attended the wedding of Angus Baker and Miss Rose Merly on Saturday.

Miss Elma Cattell is visiting friends in North Manchester this week.

Elery and Claude Bowman, of Chicago, are spending this week with friends in Mentone.

The forest fire of last week did a whole lot of damage on the Ora Anderson farm, northwest of town. Henry Robins, Irvin Smith, Charles Cochran and Charley Creighbaum together lost about 125 cords of wood.

The W. S. C. S. of the Methodist church reports a good attendance and a successful evening at their apron party, Friday, May 1st. The pot luck supper was a feast. The program by the Rev. Moore of Neighborhood House of Fort Wayne, was extremely interesting and instructive. A conference trio consisting of Mrs. Jaycox of Etna Green, Mrs. Sutton of Bourbon circuit and Mrs. Collins, sang numbers which were greatly appreciated by the audience. The "waist" money brought in was generous and a spirit of love and cooperation pervaded the whole evening.

The Rochester fire department answered a call Wednesday evening at the Tippecanoe river bridge to extinguish a fire in an auto belonging to Newt Good, of Rochester. The fire was caused by the anti-freeze overheating the radiator. Damages to the car were estimated at about \$10.

# SOCIAL AND EDUCATIONAL MEETING HELD WEDNESDAY

The Social and Educational ladies of the Newcastle Township Farm Bureau met at the country home of Mrs. Clarence Peterson, Wednesday afternoon, April 29th. The meeting was opened by community singing, followed with a scripture reading and prayer by Mrs. Charles Shock. Roll call was answered by naming friends and relatives in the military service. After a short business session, Mrs. Herbert Werner, County S. and E. leader, gave a short talk in which she stressed the carrying out of the projects for the year. Mrs. Orbra Taylor, of Rochester, gave a very interesting and educational talk on "The World We Want to Live In." The meeting was turned over to the program committee with Mrs. Clarence Hinton in charge. Short talks were given by Mrs. Amos Sanders and Mrs. Bert Sausaman on "Poultry and Gardening." Very clever readings were given by both Ruth Dawson and Mrs. Herbert Carlile. Vocal and instrumental music was furnished by the Dawson Sisters, Charlotte King, Mrs. Kermit Biddinger, and Mrs. Cloris Barkman. The hostess and her assistants served delicious refreshments to 56 members and guests.

The May meeting will be held at the home of Mrs. Amos Sanders with a Mother's Day program and May baskets. Assistant hostesses will be Mrs. Lester White, Mrs. Victor Tobey, and Mrs. Jay Long. The program committee will be composed of Mrs. Silas Meredith, Mrs. William Norris and Mrs. David Swihart.

## ACCIDENT WITH FORK

Howard Bryant, who lives two miles southeast of Argos, was struck in the arm by a pitchfork while he was working on his farm and was treated at the Kelly hospital in Argos for lockjaw Tuesday. Bryant was loading manure with Charles Moore and Walter Meade when Meade's pitchfork accidentally ran into Bryant's right arm, striking the bone. He is reported to be getting along satisfactorily, only with a very sore arm.

## Popular Vegetable Variation

A golden, creamy cheese sauce adds new appetite-appeal to most vegetables. Cabbage and broccoli served with cheese sauce will appeal to the most finicky appetite.

You can make no better selection of a vegetable for your family dinner than cabbage. It is not only inexpensive but is packed with nutritional goodness.

A short-time cooking period is recommended so that the cabbage leaves retain most of their original texture and brilliant green color. The strong-odored vegetables will be milder in flavor if cooked in an uncovered pan in boiling salted water.

To complete the main dish where cabbage with cheese sauce is served, add thin slices of ham or Canadian bacon. Serve a tart fruit salad, whole wheat bread and butter, milk and gingerbread with orange sauce and you have a meal appetizing and nutritious.

### CABBAGE AND HAM WITH CHEESE SAUCE

4 tablespoons butter  
4 tablespoons flour  
2 cups milk  
1 teaspoon salt

Few grains pepper  
Dash Worcestershire sauce  
½ lb. cheese, grated  
1 medium head cabbage  
6 thin slices pre-cooked ham

Melt butter, blend in flour, add milk and cook over low heat, stirring constantly, until sauce boils and thickens. Add seasonings and cheese; stir until cheese melts. Wash cabbage, cut into wedges, cook in boiling salted water until tender. While cabbage is cooking panbroil the ham. Arrange cabbage carefully on warm platter, place slices of ham around edge of platter and pour cheese sauce over all. Serve immediately. Serves 6.

### FIRE DAMAGES LAKE COTTAGE

The Rochester fire department answered a call to the Verhostra cottage on the north shore of Lake Manitou early Sunday evening. Damages to the building and furniture was estimated at about \$600. The fire is believed to have started from an overheated furnace. The owners, Mr. and Mrs. G. E. Verhostra, of So. Bend, had been at the lake during the day and had returned to their home before the fire broke out.

Mr. and Mrs. Charles Davis and family, of Monroeville, called on the lady's mother and sister, Mrs. Myrtle Reed and Mrs. Artley Cullum. Mr. Davis owns a theatre at Monroeville.

### Keep Name Before The Public Now

★ Today the smart advertising-minded business man will keep his name before the buying public in spite of the lack of goods, priorities, and war. He remembers during the last war, 18 of the nation's leading articles stopped advertising for the duration, and after the war were completely forgotten by Mr. and Mrs. America. Business men of 1942 will not make that mistake again. If they do, they will have no one to blame but themselves.

### NUGGETS FOR BEREANS

QUESTION: Why did not Jesus save Gentiles from their sins while here on earth?

ANSWER: Back in Genesis in the 11th chapter, we find that the nations of the world had all fallen into idolatry and forgotten God. This is particularly described in the 1st chapter of the epistle to the Romans, verses 21-23. God, in His wondrous grace, did call Abram from Ur of the Chaldees and made from him a new nation. God made with these a covenant that He would be their God and they should be His children. As for the rest of the world, "God gave them up."

Now the nations were at enmity with God and they could not be saved until reconciliation was made. This reconciliation was made by the death of Christ and Paul was called to be a special apostle to the Gentiles proclaiming that this reconciliation had been made. He had a special message to those that were "strangers from the promise," (Eph. 2:12) "aliens from the commonwealth of Israel," "no hope," and "without God." Paul made known that Christ died for the ungodly, that He died to save sinners, that reconciliation had been made, not only of things on earth, but of things in the heavens. The latter we know little about, but can only surmise. We must remember that there are beings and powers that have been judged already and therefore can never be reconciled, as some would like to teach.

So by this we can understand why Christ could not save those that had not yet been reconciled by His death.

Dear Sir:

I have received your Co-Op paper and sure have enjoyed it and want to thank you for sending it down here to Camp Claiborne. There's nothing like getting a good home paper and the news from up there. We all are plenty busy drilling and going to talks on army life. It is somewhat different than that of normal life. We have had all anyone could eat and plenty of sunshine to make us all tanned. Here at Camp Claiborne they are building a tent city and will hold a good many men. When we first arrived here the weather was rather rough and rainy but now it is real nice and we all get a good sweat at most any time. Again I want to thank you for sending the paper here and I remain.

In its first step to recruit 30,000 pilots a year for aviation, the U. S. Navy threw out the two-year college requirement and opened its doors to the thousands of young Americans with only a high school education this week. Recruiting officials pointed out, however, that men under 21 wishing to enlist for Naval aviation training must obtain parental consent. Under the present set-up, applicants must be between the ages of 18 and 26 inclusive. Accepted candidates are enlisted as second class seamen and upon completion of their flight training will be commissioned as ensigns in the U. S. Naval Reserve.

At one time his job was to recruit touchdowns for the University of Chicago football team. Now he's recruiting Naval aviators and Lieut. Jay Berwanger and the United States Navy both hope his new job will be a much easier one. Lieut. Berwanger was at the Naval Armory in Indianapolis Friday and Saturday to organize a Naval aviation squadron of men from the central Indiana area. Two other Indiana Naval air squadrons—"Flying Bulldogs" and "Indianapolis' Own"—are already in service or in training at Pensacola, Fla., and Corpus Christi, Tex.

Paul E. Fisher, treasurer of the Indianapolis Life Insurance Company and twice chairman of the Indiana Navy Day committee has, been appointed state chairman of the Citi-

zens' Navy Relief Committee. Fisher will have charge of directing activities to raise \$160,000, Indiana's share in the campaign to raise a national fund of \$5,000,000 for the Navy Relief Society. Plans are now being completed for staging a Navy Relief baseball game between the Indianapolis Indians and the Great Lakes Naval Training Station ball club on May 28. The game will be played at Victory Field in Indianapolis.

Descended from the feuding Hatfields of the legendary Hatfield-Coy Kentucky mountain strife, Donald Hatfield Haines of Beech Grove has enlisted in the United States Navy to wage a feud with the Axis. Married and a graduate of Southport high school, Haines left a job in the insulin department of the Eli Lilly Company to go to the U. S. Naval Training Station as an apprentice seaman.

A former Morocco high school and Butler University instructor and athlete will go to Norfolk, Va., Tuesday to assume his duties as a specialist in the Navy's physical training program. He is Frank W. Kline who was also one time assistant football coach at Indiana State Teachers college in Terre Haute.

Three other Hoosier coaches have also enlisted as chief specialists. They are James Crugnale, physical instructor at the Ft. Wayne Y. M. C. A.; William Milliner, former Manchester College athlete, athletic director at Monroeville high school, and Claude Weeks, former Ball State Teachers college athlete, athletic director at North Vernon high school. They will leave for Norfolk, Va., on Tuesday, May 12.

Men who will use laboratory skill in the Navy as a result of enlisting at Indianapolis during the last few days are Emmett Herman Phelps, 26, Martinsville, a registered pharmacist, and William John Griffiths,

Terre Haute, X-ray technician. They received pharmacist's mate ratings and have been sent to Great Lakes, Ill., for assignment.

Responding to a call for experienced telephone men to maintain the communications systems of warships, Arthur J. Losleben, 28, Kokomo, telephone equipment installer, recently passed the Naval radio material school course at Chicago and qualified for enlistment as radio technician, second class.

The Navy Department announced this week that it will continue to enlist college graduates in Class V-7 for deck and engineering officer training. Recruiting stations previously had been instructed to discontinue enlistments in the class on May 1.

Lieut. H. R. Stone, USNR, Naval recruiting officer, visited colleges throughout Indiana during the week to interview underclassmen interested in the Navy's V-1 plan, which permits students to qualify for Navy commissions by remaining in college until the end of their second or even their fourth year. Among the colleges visited were Butler University, Indiana University, Indiana Central college, Indiana State Teachers college, and Rose Poly.

Lt. H. C. Sigtenhorst, USNR, executive officer of the Naval Training School in Indianapolis (Radio) at the Naval Armory has been named commanding officer of the new signal school to be housed in the Butler University fieldhouse.

#### FREE MOVIES AT TALMA

Free open-air talking movies were held at Talma Monday evening, May 4th. This was the first this season. There will be a free show every Monday during the summer. The shows are being sponsored by the business people of Talma. Roger Wright, of Wabash, is in charge.

Boxes of Pansy plants only 25c at Clark's.

Jimmy Whetstone is delivering the Daily Times while Kenneth Simcoe is laid up with the mumps.

Mr. and Mrs. Lester Lightfoot moved to their farm home Thursday after spending the winter in Mentone. Mr. Lightfoot was janitor at the school.

According to a report from our news reporter at Talma, 1,752 men between the ages of 45 and 65 were registered in the April 27th draft.

Potted plants for Mother's Day at Clark's.

Mr. and Mrs. Loyd Creakbaum, of Sevastopol, entertained the following guests at dinner Sunday: Mr. and Mrs. Joe Miller and sons Jack and Jim, of near Tippecanoe; Mr. and Mrs. Julia Creakbaum, and Mrs. Broda Clark of Mentone and Mrs. Lucinda Creakbaum of Sevastopol. The fried chicken dinner, we were told, was delicious and the sort of hospitality they serve makes you want to go again.

Herman Fear, who submitted to a major operation three weeks ago at the Murphy Medical Center at Warsaw, returned to his home at Mentone the first of the week.

Over one hundred species of cacti and succulents at Clark's.

Carl D. Zolman, 24, farmer, son of Mr. and Mrs. Willard C. Zolman, of near Mentone, and Emma W. Kepler, 18, clerk, daughter of Mr. and Mrs. Harry E. Kepler, of Argos, have secured a license to wed. The ceremony was performed by Rev. C. C. Collins at the Methodist parsonage Saturday afternoon at 3 o'clock.

Six big salt fish for 25c at the Locker Plant.

"Bob" Moore, of the Fulton county community sales, was exhibiting 77 medium-sized mushrooms, which he found Monday morning. Bob was a bit evasive as to where he found the delicious fungi, other than to say he gathered them all from around one stump in a field located in Fulton county.

Quick frozen Cottage Cheese, always fresh, at the Locker Plant.

Word has been received that Devon Hibschan has been promoted to corporal. The letter does not give his exact location but his mailing address is now: Corp. Devon Hibschan, ASN 35165014, 28th Int. Cont. Sqd. X1 Int. Cond., APO 942, Seattle, Washington.

Potted plants for Mother's Day at Clark's.

Norman Stoner, of near Rochester, Monday stepped into the front rank position in the contest to see who is the possessor of the oldest license plate in Fulton county. Monday he was exhibiting a 1911 auto license plate which he manufactured himself in that year. The number, which was assigned by the state, was "G-11-97-Ind." Mr. Stoner stated that the background of his plates was made out of tin and the numerals and letters were cut out of zinc and riveted to the tin. Two heavy leather straps and buckles were used to fasten each plate to the four-door Mitchell touring car, one of the finest in the city of Rochester in that day.

Over one hundred species of cacti and succulents at Clark's.

Irene Entsminger, of here, filed suit Monday for a divorce from Arnold Devon Entsminger on grounds of cruel and inhuman treatment, according to an announcement in the Daily Times. Mrs. Entsminger seeks the care and custody of three minor children, Paul Devon, aged 4; Barbara Jane, 2, and Mildred Irene, five months; \$15 per week for their support and alimony of \$500. Married on January 30, 1937, the couple separated April 28, 1942. A restraining order was issued Monday by Judge John A. Sloane to prevent the defendant from molesting the plaintiff.

Orville Sarber went to Warsaw the first of last week to the Milo Maloy home for the aged.

It has been reliably reported that a couple of lady teachers decided that a little fishing would be an enjoyable diversion, but being practical-minded thought it a good idea to invite a gentleman to go with them, just in case there was rowing to do, etc. And as so often happens when fishing in wooded areas, a prized line and hook became entangled high in a tree. The young man had his opportunity—to climb the tree and and release the tangled line—but he failed. He couldn't climb the tree. One of the ladies, we are told, solved the situation by climbing the tree herself.

## 1942 Fair Is Cancelled

Members of the Mentone Fair Association and interested individuals met at the Public Library last Friday evening and discussed the advisability of putting on the annual Mentone Fair. After considerable discussion, it was unanimously agreed that in view of present conditions, it would be unpatriotic to proceed with the regular fair program. The efforts of everyone are needed in the war program in addition to the saving of unnecessary use of tires and automobiles.

The war in which we now find ourselves entangled demands every minute of our time. Almost un-American is the one who remains in an unnecessary occupation or allows himself to waste or dissipate idle moments. The farm folks are doing the job splendidly which they have before them and are working long hours each day. We, in the towns and villages, should see that we do not fail in this critical time. Bomb raids, poison gas, fires and explosions at the hands of enemy agents and sympathizers, and other such things, may never occur in this locality. However, there is nothing upon which we can base a hope that it won't happen, and if it should happen, what could we say for ourselves if we are unprepared because of our own carelessness and laziness? Home fire protection may save a family's house and possessions. First Aid may save lives at home or a little extra effort and saving may mean that some sons will return to visit us again instead of lying in a grave on foreign soil. Give no quarter to he who complains of high prices, high salaries, curtailment of the customary luxuries or pleasures. He is either speaking thoughtlessly or his heart is so hardened by constant affiliation with business and profits that it cannot make a sympathetic throb for the boys facing death on the battlefields or the freedom of our own American ways.

Jody Cullum has been spending the week visiting her cousins at So. Whitley and Jerry Carey is staying at the Cullum home visiting Jon.

## GARBAGE COLLECTION TO START THIS WEEK

The members of the town council announce that arrangements have been made to give free garbage disposal to the citizens of Mentone this summer. The arrangement is the same as last year and John Fenstermaker is again doing the collecting. It was also announced that the town has secured permission to use the Winona gravel pit at the Latta crossing, northeast of town, for the dumping of ashes and trash.

## PARTY LEADERS RE-ELECTED

Precinct committeemen of both major political parties re-elected their county chairmen at meetings held at Warsaw Saturday.

Vere Kelley of Burket, was named chairman of the Republican Central Committee and George Myers, of Warsaw, will head the Democratic committee.

Other Republican officers named were: Mrs. Seth Taylor, vice-chairman; Miss Pauline Jordon, secretary; and James B. Pfeiderer, treasurer. All are from Warsaw.

The Democrats named Mrs. Eva Hamlin, Elna Green, vice-chairman; Miss Velma Zook, Barbee Lakes, secretary, and George M. Bowser, Warsaw, treasurer.

## MENTONE 4-H CLUB

The Mentone 4-H Club met Wednesday afternoon, May 6, at the Mentone school building, for the first meeting of the summer. Twenty-two members attended. During the business meeting, Ann Leininger was elected president; Lola Tucker, vice president; Fay Sarber, secretary and treasurer; Pat Shinn, recreational leader; Jean Elliot, song leader, and Josephine Creighton, news reporter. Record books were handed out and the adult leader, Miss Flora Holt, gave a short talk on the rules for giving a good demonstration. The meeting was adjourned by the singing of "America." The next meeting will be held May 20.

## U. S. O. Drive Starts

A luncheon was held Monday noon at the Masonic Temple at Warsaw which was attended by a number of public-spirited individuals from all parts of the county to organize the teams for the solicitation for funds for the United Service Organizations in Kosciusko county. The meeting was in charge of Ezra W. Graham, county U. S. O. chairman. The commander of the Salvation Army, at Elkhart, was guest speaker. Those in attendance from this part of the county were K. A. Riner, Lloyd Rickel, Mahlon Mentzer, C. O. Herendeen, and Robert Wagner.

The United Service Organizations is a group organized by various church and service organizations to supply and maintain recreational facilities for service men in the various camps throughout the nation. The entire program, to date, has been highly commendable and the solicitation is expected to be received patriotically by all the citizens of the county. The county quota has been set at \$6,200.

The local committee has divided Franklin and Harrison townships into segments one mile deep and five miles wide, starting at the northern edge of Harrison. The solicitors for each area, starting at the north, are: James E. Gill and H. E. Nottingham; Herschel Fenstermaker and C. O. Herendeen; M. O. Mentzer and Lloyd Rickel; George Black and Ed. Creakbaum; Ivan Tucker and O. A. Heighway. John Judd and Ray Swick have an area two by three miles in the southeast corner of Franklin and Ray Rush and Lloyd Rickel will make the canvas in Mentone.

A farmer of the Mentone vicinity has informed us that a number of farmers are permitting the yellow mustard weed to mature on their places. This weed spreads rapidly and will not only ruin the value of the farm on which it is growing but will soon contaminate the fields of his neighbors. Protect the value of your farm by consistent control of noxious weeds.

## PSI IOTA XI ELECTS

Beta Epsilon chapter of Psi Iota Xi met at the home of Mrs. Dorothy Todd Thursday night. Famous women were given in response to roll call. "The History and Preservation of Mount Vernon," was given by Mrs. Geraldine Clark. Election of officers for the coming year was as follows: Miss Anne K. Sierk, president; Mrs. Geraldine Clark, vice president; Mrs. Helen Harvey, secretary; Mrs. Lucille Whetstone, treasurer; Mrs. Dorothy Todd, corresponding secretary; Mrs. Jeanette Mollenhour, conductress; Mrs. Charlotte Snyder, parliamentarian. Miss Sierk and Mrs. Clark were chosen as delegates to the national convention to be held June 25 and 26 at the Purdue Memorial Union Building, West Lafayette. Jeanette Mollenhour will entertain the sorority with a party May 21.

## FREE MOVIES TO START SATURDAY EVENING

It has been announced that the first showing of the free outdoor movies will be Saturday night, May 16th. The feature picture will be entitled "Motorcycle Squad" and a news reel of the British Commandos Raiding the Coast of Norway. There will also be a cartoon.

Complete information isn't available at this writing, but it is expected that the pictures will be shown each Thursday and Saturday evenings during the summer. The usual seat charge is to be made, we have been informed.

## FIREMEN SCHOOL MONDAY EVE

Monday evening, May 18th, is the regular class night for the Mentone volunteer and auxiliary firemen. Bill Collison, of Winona Lake, will be present to give the standard course.

All the firemen should attend these classes. It is their patriotic duty to become familiar with fire-fighting practices. This course is standardized for the nation so that firemen can be transferred to other units in case of an emergency and still not be "lost"—he'll know what to do quickly and without too much supervision.

MAY 9, 1912

Elizabeth Kesler, daughter of Wm. and Mary Brockey, departed this life May 5, 1912, aged 82 years and 13 days.

W. T. Baker had the good fortune, a few days ago, to have a watch restored to him, which he had lost in July. The timepiece had braved the rigors of outdoor heat, cold and storm for the past ten months when found by Mrs. Levisa Brown, and restored to the owner, and needed only winding to start it going.

A large crowd gathered at the home of James Severns yesterday to take part in an old fashioned barn raising. Over 100 people were present. The usual big dinner and lots of fun were included in the program.

A. C. Manwaring and son, Chester, were in Indianapolis this week to bring home the new Brush runabout.

## THE FRESHER THE CREAM THE BETTER THE BUTTER

Butter Judges and University Experts Agree—

The U. S. Government Approves and the Storekeeper knows; CREAM MUST BE FRESH AND KEPT COOL FOR BEST BUTTER

Cream is one of the most perishable crops on the farm. And as a perishable crop it must be handled carefully and speeded to market if it is to bring top prices.

Cream sold for buttermaking is always best when fresh. Each day it is held on the farm lowers the grade. The older cream becomes, the poorer butter it will make. The price paid for cream depends on the kind of butter it will make. If old cream is delivered, the producer takes a loss in receiving a lower price than top quality cream would have brought.

Here is a simple home test which any farmer can use to determine for himself the quality of the cream he offers for sale. Take a small sample of the batch of cream. First smell and taste it for flavor, then swallow it for palatability. If it smells and tastes so good that you

are eager to swallow it, then it is a fine grade of cream. If its smell and taste do not tempt you to swallow it, then it cannot be of such good quality and cannot be expected to bring the best price. If it is not even pleasant to the smell, it is unfit for use and it is illegal for it even to be offered for sale.

There is a mistaken idea that so long as cream is sweet it must necessarily be good. Because of this, producers frequently are tempted to hold cream longer in winter than in summer. It is true that deterioration takes place more slowly in low temperatures. Age, however, affects cream in any temperature. Cream may be sweet and still have such old, rancid flavors that it will not be suitable for buttermaking. Cream should be marketed every three days even in winter. This is the only sure way to protect the quality and get top prices.

## PLEASANT VALLEY COMMUNITY CLUB HAS MEETING

Mrs. Kermitt Biddinger, assisted by Mrs. Delbert Hunter, and Mrs. Wendell Duzenbury, pleasantly entertained eighteen members, fourteen guests and five children of Pleasant Valley Community Club in her home southeast of Talma Wednesday afternoon.

The meeting was opened by singing "We're Here For Fun," in unison, followed by the song, "Dreaming," the song of the month. The history of the song of the month was then given by Mrs. David Swihart. The club collect was repeated in unison and roll call answered by each member giving a previously assigned subject. The secretary's report was read.

Mrs. Clara Graffis and Mrs. Lou Grove were in charge of the entertainment which started with the singing of the National Anthem and "God Bless America," and the pledge of allegiance to the American flag was given in unison. Mrs. Cloris Barkman and Mrs. Kermitt Biddinger favored with a piano duet, and Mrs. Roscoe Clay read a poem. A musical duet, "Ivory Palaces," was sung by Mrs. Cloris Barkman and Mrs. Dee Berrier, accompanied at the piano by Miss Frances Berrier. A reading, "Mother," was then given by Mrs.

Kermitt Biddinger, followed by a piano duet by Mrs. Cloris Barkman and Miss Frances Berrier. A very interesting talk of Red Cross work was given by Mrs. Bess Fretz and first aid demonstrations were given by Mrs. Fretz, assisted by Mrs. Kermitt Biddinger. Two new Red Cross songs were sung by Miss Freda Sullivan. The meeting was closed by all singing "The More We Get Together." Dainty refreshments were served to all at the close of the meeting.

## WORTH WHILE CLASS PARTY

A versatile fellow is Gordon H. Perry, seaman first class, now in training at Great Lakes. For the last five years owner of his carpentry business, Perry should be a crack recruit because in 1920 at Howe Military Academy, Howe, Ind., he was picked as the "best drilled cadet."

★  
Twenty-two Hoosiers have started their advanced flight training as Naval Aviation Cadets at one of the two advance flight training bases at Corpus Christi, Texas, and Pensacola, Florida. The thirteen out-state men include: William Lawrence Patrick Burke, Terre Haute; James Edward Phend, Route 5, Goshen; Francis Hugh Wood, Bloomington; Albert A. Myers, Bloomington; John Ronald Fulnecky, Frankfort; Donald Eugene Gray, Brownsburg; Oliver W. Heister, Bremen; Joseph Winstead Higgs, Noblesville; Herman Robert McVey, Waldron; Paul Joseph Reichert, Corydon; Warren Gaylord Sunday, Wabash and Robert Ball, Richmond.

★  
Two other Indiana men have been transferred to lighter-than-air craft and now are in training at Lakehurst, New Jersey. They are: Frank Hluchan, West Lafayette, and Walter George Hanke, Box 52, Riverside.

★  
Four Hoosier Marines are among 176 leathernecks and eight Navy men who have been showered with decorations and commendations for

heroism in the battle of the Philippines, it was announced by the Navy Department this week.

Corporal Jack Francis Bailey, son of Mrs. Ida Roelgen, 607 N. Eighth St., Vincennes, received the Purple Heart and a letter of commendation. Quartermaster Sergeant Bert S. Linville, son of Mrs. Clara V. Linville, Route 1, Cloverdale, received the Silver Star. Quartermaster Sergeant John Elmer Haskin of Vallonia and Sergeant Gerald Ade Turner, son of Nason Turner of Brook, both received letters of commendation. All the awards were Army decorations. No information is available as to the meritorious actions for which the awards were made.

★  
Having served in the A. E. F. during the first world war, Ralph W. Alexander, the Dayton Daily News' distributor at Richmond, has gone to a naval training station to prepare for serving his country in the United States Navy through this war. He signed up as a ship's cook, third class, in the Navy construction unit which will soon be sent outside the continental United States.

★  
Charles Samuel Nelson, 29, employed the last three and one-half years as a machinist at the Chrysler Corporation plant in Kokomo, goes into the Navy with a varied background including three years in the army air corps. Nelson served three years with an observation squadron at Brooks Field, San Antonio, Texas. For the last five years he has maintained and repaired his own airplane. He holds a private pilot's license, but he's too old to become a Navy flyer. He enlisted as aviation machinist's mate, third class.

★  
A man who has a score to settle with the Japanese has enlisted in the Navy as an apprentice seaman and has gone to Great Lakes for training. He is Larex Cleo Myers, 32, of Terre Haute, who was a Marine on the U. S. S. Tulsa in China waters

when the Japanese were bombing Shanghai and other sectors in 1937. Myers spent eight years in the Marine Corps.

★  
The Japanese will need more than ju-jitsu if they down the two huskies Purdue and Indiana Universities sent to the Navy Recruiting station this week. Frank Ruggieri, South Bend, who won the Big Ten heavyweight wrestling championship this year as a member of the Purdue team, has enlisted in Class V-7 for deck officer's training. Ruggieri was joined at the Indianapolis recruiting station by Jim (Tiny) Trimble, Indiana University's heavyweight wrestler who is better known as a football player. Trimble, who enlisted as a physical education specialist, was scheduled to play with the Green Bay Packers next fall but he decided he should be in the service instead of on the gridiron.

★  
More than 300 young men have applied for Naval aviation training at the Indianapolis Navy recruiting station alone since the Navy reduced its age and education requirements 3 weeks ago. Applicants have averaged 15 a day and are increasing daily. Each applicant is given a physical examination and a general classification test as soon as he applies. If these indicate the man is desirable for Naval aviation, he is given transportation to the nearest Naval Aviation Cadet Selection Board for final examination.

★  
They're counting Noses in the Navy these days. Enlistments from Marion during the week included Allen Jacob Nose, 18, and Frank Burr Nose, 30. The younger Nose enlisted as an apprentice seaman and the elder as a painter, third class.

### WRITES FROM KELLY FIELD.

Kelly Field, Texas  
May 9, 1942

Hello Artley:

Just a line to thank you for the paper, and let you know that I'm receiving it each week.

I have been placed in the Engineering office of the 62nd school squadron. Kelly Field is an advanced training school and the cadets are in their final training before being assigned to a pursuit squadron. They are plenty good and all anxious to get a crack at the Japs.

here and the potato vines are about ready to start turning brown. There has been a lot of rain and sun and the Texas boys tell me that the crops are above the average. They look at me like I was crazy when I tell them about the chicken and egg business in Mentone. I'd like to show some of them Chet Manwaring's White City.

Do you ever print the address of the men anymore? If you have a list to spare would you send it to me. I would like to know where all the fellows are. Tell the boys that I had a letter from Estel Smith. He is about 400 miles from here and we are going to try to get passes and meet half way. (Balance censored by the editor.)

Thanks again for the paper and I hope to see you all soon.

Yours,  
DON LYON.

(By way of reply, Don, thanks for writing. Sort of envy you with all those airplanes around. Will try and print the Service List in the very near future. It won't contain the

names of all the boys as some addresses have never been given to us and until they are, we have no way of sending them the paper or telling you where they are located. Kindest regards and best wishes.—Editor.)

## TALMA NEWS

By Mrs. Jeff Stookey

Fred Miller, who lives on road 25, north of Talma, received a letter on May 5 from his son who was stationed on the Hawaiian Islands about 100 miles from Pearl Harbor at the time of the attack Dec. 7. This is the first letter they have had since

that time. He states he is well and to send his mail to the same address at San Francisco, California. It is forwarded from there.

Mrs. Jeff Stookey has received word through Washington, D. C. from the International Red Cross that her son, **Sergt. Walter A. Bowsher, Jr.**, is in a Jap prison camp in the vicinity of Shanghai, China, and was alive and well when interviewed by Red Cross officials March 8th. No

word has yet been received direct from Walter.

The T.H.E. Club members were guests of the Pleasant Valley club on Wednesday afternoon, May 6th. They met at the home of Mrs. Kermit Biddinger. The guest speaker of the afternoon was Mrs. Bessie Fretz, chairman of the Red Cross at Rochester. Mrs. Fretz recently made a trip to Washington, D. C. in an effort to get more information about

Red Cross developments.

Mr. Ed. Staldine made a business trip to Chicago on Wednesday.

The W. S. C. S. ladies of the Talma Methodist church, met at the home of Mrs. Frank Bellward on Thursday afternoon. She was assisted by Mrs. Jeff Stookey. Devotions, "Suffer little children to come unto me," was given by Mrs. Sid Dick. The lesson, Children of Our Church, by Mrs. Main Deamer, Mrs. Charles Good, Mrs. Ora Horn, Mrs. Frank Arter and Mrs. Harry Winger.

Roll call was names of famous mothers. The meeting was closed by repeating the benediction in unison. During the social hour a blue and pink shower was given for Mrs. Glen Sutton, followed by refreshments served to 22 members and 3 children.

Sunday guests of Mrs. Ada Bowman were her daughter and son-in-law, Mr. and Mrs. C. E. McKinney, of South Bend. In the afternoon they called on Rev. and Mrs. William Snider and little son, and the latter's mother, Mrs. Kiler, of Rochester. Rev. Snider returned to the U. S. A. two weeks ago from Aruba, East India. Mrs. Snider had returned several months ago. Aruba was the scene of recent bombings by the Germans.

Bob Squires had the misfortune of spraining his ankle on Sunday afternoon. The injury is quite painful.

Sunday dinner guests of Mr. and Mrs. Harold Walters were Mr. and Mrs. Earl Davis and two children.

Mr. and Mrs. Jeff Stookey and Mrs. Mary Minars spent Sunday with the latter's son and daughter-in-law, Mr. and Mrs. Clifford Minars of Muncie, Indiana.

The T.H.E. Club will meet Thursday, May 14 at 1:30 p. m. at the home of Mrs. Sid Dick, assisted by Mrs. Charles Good. Roll call will be "Bible Mother."

## News of Mentone and Vicinity

Mr. and Mrs. Gene Marshall spent Sunday afternoon at the home of Judd Marshall.

Mr. and Mrs. Joe Boley, Miss Freda Shamp and Edgar Igo spent Sunday afternoon with Mr. and Mrs. Floyd Tucker.

Edgar Igo, who has been a patient at the hospital at Ft. Benjamin Harrison, is home for a few days visiting relatives.

Mr. and Mrs. John Vangundy moved from their home in Fulton county to the Mack Alsbaugh farm, south of Mentone.

Mrs. Frank Newton and infant daughter, Frances Elaine, were removed to their home near Mentone Thursday afternoon.

Mrs. Marcus Burket spent Saturday night and Sunday in Logansport visiting with Rev. and Mrs. E. E. DeWitt and others.

A number from Mentone have been attending the First Aid classes being given by the Civil Air Patrol at Rochester each Wednesday evening.

Mr. and Mrs. Jack Slabaugh and Mr. and Mrs. Pete Blue and children Royal and Jeannine visited Sunday with Mr. and Mrs. W. R. Baker and children of Fort Wayne.

Mrs. Jack Slabaugh, Mrs. Mary L. Blue and daughter Jeannine, Mrs. Reatha Perkins and Von Perkins took supper with Mr. and Mrs. Everett Busenburg last Thursday.

Adam Carper is confined to his home on account of illness. He was taken ill Saturday but had been troubled with a cold for several days.

Mr. and Mrs. Don Baum and Kay Riner, of Warsaw, Mr. Oliver Grove and daughter Bonnie Lou and Mrs. Jean Covington of Rochester were Thursday evening dinner guests of Mr. and Mrs. Floyd Tucker.

Last Friday evening Ray Bare was inquiring as to how it felt when you were getting the mumps. His suspicions were proven correct the next morning. He hopes to be back at his desk at the Co-Ops. soon.

It has been reported that Harold Weissert has had his application for a guard's position at the Michigan City prison, accepted. Plans now are that he will start his new work June first.

A card from Joshua Garwood, of New Smyrna Beach, Florida, under date of May 6th, indicates that he is about set to head north for the summer. He says it is about 80° there and that he is feeling fine.

Max Smith was in Rochester the first of the week where he took his first instruction flight at the Rochester airport. He reports the trip very thrilling and is looking forward to the day when he can take the crate up alone.

Mr. and Mrs. Kenneth Town of So. Bend, spent Sunday evening with the latter's parents, Mr. and Mrs. L. C. Bowen and were accompanied home by their mother, Mrs. Bowen, for a few days visit.

Mr. and Mrs. Delbert Leavell attended the graduation exercises at Woodrow Wilson High School at So. Bend Tuesday evening. Their granddaughter, Miss Edna Mae Fenney, was a member of the graduating class.

Mr. and Mrs. George Clark, of this city, and Mr. and Mrs. I. E. Phillips, of Warsaw, spent Sunday in Niles, Michigan visiting with Harry Groshans. The same group started on a trip to Niles several months ago but

changed their mind when their car skidded around several times on the icy highway and then stopped in the ditch on the wrong side of the road.

Oliver Teel is enjoying a visit from his daughter, Judy, this week.

## Franklin Township First In USO Drive

Franklin township was the first township in Kosciusko county to complete its canvas for funds for the United Service Organizations. The township won further honors by contributing more than 70% above its quota. The quota was \$260 and \$425 was contributed.

C. O. Herendeen and Herschel Fenstermaker was the first team to complete solicitation in their district.

A banquet held at the Presbyterian church at Warsaw Monday evening was attended by about 150 representatives throughout the county, and although several townships reported their soliciting work nearly done, Franklin township, with Lloyd Rickel as chairman, was the only one to turn over all their funds. Mr. Rickel stated that less than two per cent of the heads of families failed to make a contribution. Only three absolute refusals were received.

The solicitation in Harrison township, with M. O. Mentzer as chairman, is expected to be completed in a very short time.

The teams participating in the Franklin township drive were: J. W. Swick and E. E. Meredith; Ray Swick and John Judd; O. A. Heighway and Ivan Tucker; George Black and Ed. Creakbaum; Floyd Tucker and H. V. Nellans; C. O. Herendeen and Herschel Fenstermaker; J. E. Gill and H. E. Nottingham; Ray Rush and L. R. Nickel.

## FOUR LEAVE FOR ARMY SERVICE

Four Mentone men left for Toledo, Ohio Tuesday morning to take their final examinations before induction into the armed forces of the nation. If they pass they will continue on to camp from there.

Those going from Mentone were: Rex Leroy Tucker.  
Harold E. Horn.  
Russell L. Borton.  
Charles C. Wilson.

Rex Tucker and Russell Borton returned to Mentone Tuesday evening after failing to pass the physical requirements.

## COMMUNITY BAND RE- HEARSAL ON MAY 29TH

### First Concert to Be On June Second

Walter Bowers, musical instructor in the Mentone school, announces that the first rehearsal of the Mentone Community Band will be on Friday evening, May 29 at eight o'clock at the Community Building. All the band members are requested to be present and an invitation is extended to band members of other schools to play in the outdoor concerts this summer. Mr. Bowers states that they are especially interested in trombone, baritone and bass players.

The first outdoor concert of the season will be on Tuesday evening, June second. Everyone is invited to come to Mentone and enjoy this fine music.

## DENVER TO PLAY BASEBALL HERE SUNDAY AFTERNOON

The first baseball game of the season will be played at Mentone Sunday afternoon, May 24th when the boys come over from Denver. Denver had a swell team last year and are expected to put up a bit of stiff opposition.

## AUXILIARY FIREMEN TO MEET WEDNESDAY, MAY 27

All Mentone auxiliary firemen are requested to meet at the town hall on Wednesday evening, May 27th, when instruction in fire-fighting will be given. The course is the same as that being given regular paid and volunteer firemen throughout the nation. Wm. Collison, of Winona Lake, will be the instructor.

## To Commemorate Memorial Day Here

Mr. Alex Campbell, U. S. District Attorney, of Fort Wayne, has been secured as guest speaker at Mentone on Memorial Day, May 30th. Mr. Campbell has been highly recommended as an interesting and authoritative speaker.

Complete details of the program have not been announced by the Lions Club committee in charge, but the high school band will supply the music for the occasion and appropriate services at the cemetery are planned following the speaking at the Baptist church. Services at the church will start at two o'clock in the afternoon.

## MISS FREDA BORTON BRIDE OF PVT. VERL E. ROOSE

Miss Freda Borton, daughter of Mr. and Mrs. Linus C. Borton of Mentone, became the bride of Pvt. Verl E. Roose, of Fort Benning, Ga., son of Mr. and Mrs. C. O. Roose of Plymouth, Saturday evening at eight o'clock at the Methodist parsonage at Mentone. The double ring ceremony was read by the pastor, Rev. C. C. Collins. Mrs. Maurice Rogers, of Rochester, attended the bride and Mr. Rogers acted as best man.

The bride was attired in a beautiful beige crepe, filled suit, with brown and beige accessories, and wore a corsage of lillies of the valley and roses. Mrs. Rogers wore a rose crepe dress with white accessories and a corsage of lillies and roses.

Miss Borton was a graduate of the Mentone high school in 1935 and since that time has been employed as bookkeeper at the F. R. Burns Bakery at Mentone. They will spend a few days in southern Indiana and on May 23 Mr. Rose will report to Camp Benning, Ga., where he has been in services for the past year. Mrs. Rose will continue her work at the bakery at North Manchester.

## PENNY SUPPER

Chicken pie will be the main attraction at the Penny Supper at the Methodist Church, Saturday evening, May 23. Servings from 5:00 to 7:30. Everyone invited.

## REMEMBER Way Back When—

## ★ What You Buy With WAR BONDS ★

The Garand semi-automatic rifle, which is the standard issue today for the U. S. army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost \$85 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

### WINNING A WAR IS EXTRA EFFORT

This Nation, like most of the nations of the world, is engaged in a terrific war. It is a war that is putting a tremendous strain upon our every resource, material and physical. A war of brawn, a war of steel, a war of nerves. Some men are given the blame for its creation; various groups are blamed; political intrigue and economic construction come in for their share. One or all may be the cause but that matters little now. The blame ultimately rests upon the shoulders of mankind because mankind failed to be citizen enough to destroy the parasitic growths in their infancy.

It is the responsibility of everyone to do all he can to make this war a victorious one. But while winning the victory may we not destroy its value before we gain it. Winning the war is extra effort—above and beyond our daily responsibilities.

Like the good soldier given a command, we must perform that task regardless of the cost physically, mentally or financially.

What will victory bring? Will our boys return to a town that has gone backward, a community that has lost its usefulness or farms that have lost their productiveness thru the strain of overproduction? Those boys will measure their victory by what is left for them when they return.

There are many sacrifices we will have to make but let's make them with courage and determination; not with fear and trembling.

To you boys in the service in all parts of the world. May divine providence guide and protect you and the hope and thoughts of home reach all of you even if it be round the world. The battle on the home front is on the victory side. They asked for War Bond purchases and we bought more than they expected; U. S. O. asked and received nearly double. We're saving. We're producing. We're going to protect our home—and yours—by doing our part in every way.

### IF A TIRE GOES "BLOW" VACATION IN MEXICO

In times past they've had us climbing the Alps, blazing our way thru the Black Forests, taking million-dollar peeks at the Riviera or wading thru Venice, but the insects got too thick over that way.

After hedging the distances and boosting the week end rates you got your annual blisters and suntans at U. S. beaches and dude ranches.

The average American won't kick much about paying 75 bucks a week to ride a broken down cayuse and listen to a cowboy yodel through a mouth harp once, but as a regular diet—well, the average American just doesn't wear well.

Now with Uncle Sam hanging onto the rubber doughnuts for the gas buggy, the ghost of Poncha Villa speaks from "South of the Border."

No tire troubles in Mexico. Come down and see us and take home a new set. The only requirement is that your old ones must blow out in Mexico and you have to drive them a thousand miles before you can get back across the border without making Uncle or Jess Jones angry.

Mexico claims she has no fears of a rubber shortage there this year, but if the roads are anything like they used to be, I don't know whether a new set of tires would be worth driving that far for.

## RELATION BETWEEN BEST BUTTER AND CLEAN SEPARATOR

It's hard to believe, but it's absolutely true: Washing and sterilizing the cream separator every time it is used not only means cream and butter of the highest quality but also a maximum amount of butterfat from each separation.

A curious investigator, Dr. D. R. Theophilus, working in a dairy college laboratory, found a simple explanation why the best cream and butter always come from the cleanest separators. The results are shown in the graphic chart above. Dr. Theophilus first separated milk in an absolutely clean separator. He found relatively few bacteria in the cream, which was later churned into fine butter. He left the machine unwashed and used it again for separation in 36 hours. Now he found 60 times as many destructive bacteria as he counted when the separator was clean, and the resulting butter turned out to be much lower in quality. He ran a third trial in the unwashed separator after 60 hours. This time he found 480 times as many bacteria in the cream as on the first trial—so many of them that

the resulting butter was almost unusable. The dirtier the separator the higher the bacteria count, and the higher the bacteria count, the poorer the butter quality.

Other tests have proved that the amount of butterfat found in skim-milk when a separator is washed only once a day is greater than when it is washed twice a day. In some cases, the amount of butterfat lost was twice as great in the morning as in the evening. The reason was soon discovered: The separator had been washed in the morning and was clean when used in the evening; it was not washed at night and was used in its unclean condition for the morning separation. The small particles of curd and slime sediment adhering to the crevices of the separator bowl lowered the efficiency of the machine and slowed up the free flow of the milk and cream. This condition, which takes money right out of the farmer's pocket, is easily eliminated by the simple practice of thoroughly washing the separator as soon as the separating job is finished.

## A LOOK AT THE BOOK

PRESIDENT OF  
BOB JONES COLLEGE

Jesus Christ, so kind to sinners and so tender in dealing with human weakness, lashed out in vigorous language of stern reproach against the Pharisees, "Ye are like unto whitened sepulchres . . . full of dead men's bones" (Matthew 23:27).

Judged by one standard they were very righteous, but their standard was their own standard, and their righteousness was self-righteousness. They were careful about their outward observance of all the laws and ceremonies. They were careful to observe fasts and often prayed—in public—but all their righteousness was outward. Their religion was a religion of "don't's" and "do's." It was all on the surface. They vigorously contended for the faith and took pride in its championship, but in their own hearts was no spiritual life. Their souls were corrupt and full of rottenness; their religion was a shell. Without spirituality their religion was not inward life but a garment of practice, clothing the outward man.

The Pharisees are still with us. They were not peculiar to Israel. Christianity today, even the most conservative orthodox Christianity,

is blighted by some who have inherited the worst traits of Israel's self-righteous sect. They are proud of their peculiarities and thankful that they are not like other men. They have a head knowledge of the Gospel and an outward practice of its righteousness in which they take great pride. Inwardly there is none of the abundant life of Christ, none of His passion for lost men, none of His love for sinners. They judge other men and women on the basis of the standards which they themselves have set up and their judgments are harsh and cruel and unchristlike.

The man who is born of God will manifest in his outward actions, in his daily life, the indwelling life which he possesses and his whole life will be warm and sweet. The outward practice will be right because the inward man is right, and through every relationship of his life will shine the light and warmth of God's Spirit which dwells within his heart. There will be none of the coldness and hardness and self-righteousness of the Pharisee. There will be in his life none of the coldness of marble monuments covering the corruption and death in the Pharisee's heart.

### NUGGETS FOR BEREANS

A minister in Bournemouth, England, recently wrote:

"We have been a pleasure-loving people, dishonoring God's day, picnicking and bathing—Now the sea-shores are barred; no picnics, no bathing.

"We have preferred motor travel to church-going—Now there is a shortage of motor fuel.

"We have ignored the ringing of the church bells calling us to worship—Now the bells cannot ring except to warn of invasion.

"We have left the churches half empty when they should have been

filled with worshippers—Now they are in ruins.

"We would not listen to the way of peace—Now we are forced to listen to the way of war.

"The money we would not give to the Lord's work—Now is taken from us in taxes and higher prices.

"The food for which we forgot to return thanks—Now is unobtainable.

"The service we refused to give to God—Now is conscripted for the country.

"Lives we refused to live under God's control—Now are under the nation's control.

"Nights we would not spend 'watching unto prayer'—Now are spent in anxious air-raid precautions.

"The evils of modernism we would not fight—Now; see what Germany, the seat of this teaching, has produced!"

10% OF INCOME

IN WAR BONDS

It's a big assignment Calvin Dennis Arnold, 17, Noblesville, has to fill in the United States Navy if he wants to uphold the family tradition. His father, Elmer Arnold, who died eleven years ago, was decorated for distinguished service as a gunner during the first world war. The father was in the Navy 16 years and at one time was on on recruiting duty in Indianapolis where the son enlisted. Young Calvin made arrangements to complete his high school work several weeks before the end of the term so he could enlist before his eighteenth birthday.

★

Another Noblesville man, Lawrence A. Venable, 25, has been promoted from the rating of yeoman, second class, to yeoman first class, according to word received from the Great Lakes, Ill., Naval Training Station. Before entering the Navy in June, 1941, Venable was employed in a Noblesville dry goods store and an Indianapolis bank.

★

Two Hoosier brothers have left the farm to plow the seas together in the United States Navy. The brothers, Floyd Steven Hill, 26, and John Robert Hill, 20, live on their father's farm near Larwill in Whitley county, but their temporary home now is the U. S. Naval Training Station at Great Lakes, Ill. They enlisted as apprentice seamen in the Naval Reserve.

★

Two Muncie youths who have been buddies since grade school days have gone to Great Lakes, Ill., together as apprentice seamen in the regular Navy. They are Wayne Martin Boling, son of Mr. and Mrs. Clyde Boling, 1400 W. Sixteenth St., and Robt. Brown, son of Mrs. Bessie Brown, 540 S. Charkey St. Both youths are nineteen years old and attended Central high school.

## YOUR CAR How to Get the MOST out of It

### MORE TIPS ON DRIVING

Your car was built to "take it." Even so, it thrives best on kind treatment. Tests indicate the following driving techniques prolong the useful life of a car:

Don't give the engine more gas than it can digest.

Don't accelerate too rapidly.

Frequently, the only result of an extra burst of speed is extra pressure on the brakes a moment later.

Don't drive fast unless you're really in a hurry—and even then stop to think if the time saved will be worth the extra wear on tires and motor, the extra cost of gas and the increased chance of accident.

Slow down before entering a curve. Then accelerate, but not too much. Your tires don't have to "squeal" to be unhappy on a curve.

Slow down on rough roads. Your springs may be able to take it, but your tires can't.

Don't stage a climbing test on every hill. Your gears are there for a purpose.

Don't coast downhill. It's poor economy. The cost of wear on brake linings is likely to exceed greatly the amount saved in gasoline.

Fred Tarrh, 47, has left his job in a Shelburn coal mine to return to the Navy at his old rating of chief quartermaster. Tarrh first enlisted in the Navy in 1913 and was promoted during his fourth year in the service. After the war, during which he had been on a cruiser and on convoy duty, he served on U. S. vessels protecting American interests in the Black sea during the Russian revolution. On subsequent duty, which included service in China waters, he completed the circuit of the earth.

★

Danny Danielson, 22, former Indiana University second base man who played professionally with a Brooklyn Dodger farm last summer, has turned down a pro baseball promotion to enter Naval officer training, Class V-7.

Last summer Danielson played in the Georgia-Florida league and was given a contract by the Dodgers to report to their farm at Durham, N. C., in the Piedmont league, but will report to the Navy instead.

★

The second of those boxing Burns brothers of Ft. Wayne has decided to do his fighting for the Navy. Tommy, age 17, has followed his elder brother into the service and was shipped to Great Lakes this week. Semi-finalist in the Golden Gloves tourney at Chicago this year, he said he hoped the Navy's recreation program would give him a chance to box occasionally. His brother, Bob, twice national Golden Gloves champion, has been at Great Lakes for a month.

★

Indiana cities and communities are still seeking to outdo each other in paying tribute to voluntary armed service and to mothers of Navy men. Brazil has been added to the list of cities who are planning to stage a Navy Booster Day. June 14, Flag Day, has been designated as Brazil's own Navy Day.

Other Hoosier cities planning Navy Booster Days in the near future include Logansport on Sunday; Linton, June 2; Marion, June 6, and Anderson, June 7. Navy Booster Days have

already been held in Terre Haute, Lafayette, Muncie, Portland, Rensselaer, Richmond, Indianapolis, Vincennes, Evansville, Connorsville, Columbus and Ft. Wayne.

★

Lt. R. E. Harrison, Navy civil engineer, will return to Indianapolis tomorrow, May 22, to interview men for the Navy's construction regiment. First class and chief petty officer's ratings are still available for thoroughly qualified men.

The Mentone Home Economics club met Thursday, May 14th, with Mrs. Edith Darr. Mrs. Effie Rathfon was assisting hostess.

Roll call was, "A Book or Article I Have Read Recently." Creed was repeated and the club prayer sung. Blanch Paulus gave the history of the song of the month, "Dreaming." "Home Sweet Home" was sung by all.

Helen Weirick gave an interesting report on "Gardens." The leaders, Edith Darr and Eloise Long, demonstrated mixing and baking of a cake made with honey.

The mystery package was won by Ona Blue.

During the business meeting it was announced the June meeting will be with Mabel Warren.

Refreshments of honey cake, ice cream and coffee were served to 18 members, six children and two guests, Mrs. Elmer Darr and Mrs. Louise Tucker.

## News of Mentone and Vicinity

Rev. Fowler returned to Mentone the fore part of the week after a few weeks spent on the west coast.

Dean Nellans, Jr., is realizing his ambition to become a flyer. He is training at Rochester.

Miss Jean Burns is enjoying her summer vacation with her parents, Mr. and Mrs. F. R. Burns.

Adam Carper and Raymond Bare, both confined to their homes last week with mumps, are circulating around again.

Mrs. Howard Horn and two children spent Wednesday with her parents, Mr. and Mrs. Chas. Davis, R. R. 2, Warsaw.

J. W. Aughinbaugh and daughter June visited over the week end with Mr. and Mrs. Hugh Aughinbaugh and children at South Bend.

Lt. and Mrs. Leroy Norris and daughter have moved from Cheyenne, Wyoming to Camp Crowder, Mo. Their address is now 96th Q. M. Bn. Bakery.

Chauncey Mollenhour reports that the Conservation Club fish rearing ponds are all filled with water and the breeding fish have been trapped and are now in the ponds.

It has been reported that Mrs. Icie Taylor is selling her grocery store at Sevastopol to George Igo, of Ft. Wayne, a former resident of this area.

Mr. and Mrs. Walter Bowers returned to their home at Mentone on Wednesday after spending about a week with the former's parents, Mr. and Mrs. Harvey Bowers, at Wakarusa, Indiana. (Walter says the complete meaning of Wakarusa is: Knee deep in mud. Whether this had any influence upon Walter to take up music as a means of expressing himself I cannot say.)

Mr. and Mrs. Artley Cullum and family spent Sunday afternoon and evening in Monroeville visiting Mr. and Mrs. Charles Davis and family. Returning Monday morning they were accompanied by Mrs. Kenneth Picket, of Fort Wayne, and her mother and brother, of Louisiana. They returned to Ft. Wayne Tuesday afternoon.

Rev. and Mrs. Geo. H. McAhren, and two sons, of Viola, Wisconsin, spent Thursday evening at the Artley Cullum home. The McAhrens who were both graduates of Indiana Central at Indianapolis, had their first charge at Circle, Montana where the Cullums published a newspaper.

Dr. and Mrs. Dan Urschel returned to Mentone Saturday afternoon after spending the past several weeks in Florida where the doctor was securing a much-needed rest. The doctor states that his condition is such that it will be impossible for him to make any outside calls. All patients will be handled on an appointment basis.

Mr. and Mrs. J. D. Long and Mr. and Mrs. Oliver Severns, of Mentone, and Sylvan Long of Plymouth, attended the funeral of Mrs. Wellington Severns at the Baptist Church at Rochester Wednesday afternoon. Rev. Bender, of Logansport, officiated.

Two youths were seriously injured Tuesday afternoon in Rochester at about 2:00 when they crashed into the front of a 1935 Chevrolet driven by Mrs. Roy Mellow, of Talma. The two boys were rushed to the Woodlawn hospital. They were Robert Mery of Akron and Charles Nelson of Newcastle. Mrs. Mellow had stopped at the east intersection of Fifth and Main, and seeing no cars coming, started across Main street. The two men were riding on a motorcycle northbound on Main street and crashed into the front of the Mellow out. The men were thrown over the machine. The left fender and front tire of the Mellow car was damaged and the front end of the motorcycle smashed.

Mr. and Mrs. John Lonergan and daughter, Maxine arrived Friday for a ten day visit at the Elmore Fens-termaker home. They were accompanied by Mrs. Lonergan's mother, Mrs. Edith Dunlap, all of White Bear Lake, Minnesota. Mrs. Dunlap is the daughter of Henry Mills.

Plants 10c per dozen at Markley's.

Mr. Edwin Winter, of Cleveland, Ohio, was an overnight visitor in the home of Mr. and Mrs. Vincent last week. Also Mr. and Mrs. Harry Bailey, of Rochester, called to see Mrs. Vincent. Mr. Bailey is pastor of the First Baptist church of Rochester. The Baileys and Vincents became friends when they lived in Linton, Indiana some years ago. Mr. and Mrs. R. A. Zahn, Louisville, Ky., spent several days in the Vincent home this week. Mrs. Zahn is Mrs. Vincent's sister. Mrs. Vincent, who has been seriously ill, remains about the same.

**LOCAL BOWLERS FIGURE IN  
PRIZE MONEY IN LEAGUE**

Last week a total of \$485.19 was distributed to the various bowling teams that played in the leagues at Warsaw during the winter. The Mentone Lions team, composed of F. R. Burns, Raymond Bare, Philip Blue, Merl Linn and Everett Long, received \$20.58 as their share in the County league. Rotary, Elks, Leesburg, Mentone, Mellencamp's and Jet White were in this league, with Mentone and Leesburg sharing third place winnings.

The eleven leading men were paced by Gilbert Lewallen with a season average of 191. Philip Blue, of Mentone, shared 8th, 9th, 10th and 11th places with three others with a season average of 175 pins per game.

At the conclusion of the banquet on Wednesday evening, a match was held between two teams selected from the ten top-notch bowlers, with the team of Blue, VanOsdol, Richards, Campbell and Ruse winning 2,669 to 2,528. Jud Lytle had the high single game of 214 and Blue had the high series of 572.

**D. A. R. MEETS AT LINN HOME**

The Anthony Nigo Chapter of the Daughters of the American Revolution met at the home of Mrs. Ray Linn, with Mrs. Eileen Fenstermaker as assisting hostess, Tuesday afternoon. Chapter opened with ritualistic service and Mrs. C. C. Collins sang an old church hymn, "Amazing Grace."

Mrs. F. R. Burns gave a report of the Continental Congress which was held in Chicago the first week of May.

The Chapter will contribute a sum of money for blood plasma and medical supplies to the army and navy to help save the lives of our boys in service.

A very interesting talk on the origin of the Bible was given by Rev. C. C. Collins.

During the social hour dainty refreshments were served by the hostess.

**MENTONE 4-H CLUB  
MET WEDNESDAY, MAY 20**

The regular meeting of the Mentone 4-H club was held at the school house Wednesday of last week. The meeting was called to order and the club creed was read by Frances Baum. The roll call was: What I Expect to Learn In 4-H. Seventeen members responded. Program books for the year were handed out and Gertrude McClane was elected recreational leader.

All the members present tried their hand at judging material for slips, towels and aprons. Following adjournment the meeting was turned over to the recreational leader.

Winchester Rickel, who spent his early life in this section, passed away at his late home near Campbellville, Ky., May 25th. He was born October 24, 1855.

**MENTONE LOSES BASE-  
BALL GAME SUNDAY**

The boys from Denver brought a regular three-ring circus to town Sunday—at least one fellow contended that many men couldn't be running on one circuit. The final count was 21 to 7 and the game ended in the eighth inning. Denver has had a habit of playing pretty tough baseball and the locals, playing their first game of the season, didn't have their defenses built up strong enough.

**HAS PART OF TORPEDOED SHIP**

Joshua Garwood, who recently returned from spending the winter at his home at New Smyrna Beach, Florida, brought a tar and sand covered chunk of plank in the Co-Op. News office this week, which he states was a part of a ship that was torpedoed about a mile and a half off the coast. He said he was inland about a mile or two but that he heard five distinct explosions. The boat was loaded with cotton and other products from a foreign nation.

**MISS LURENA SHULL MARRIED  
TO PAUL WARREN MAY 18**

Miss Lurena Shull, daughter of Mr. and Mrs. Ben Shull, and Paul Warren, son of Mr. and Mrs. Ora Warren of Warsaw Route 5, were united in marriage last Monday evening, May 18th, at 6:30 at the home of the bride's parents. The ceremony was performed by Rev. I. E. Longenbaugh, minister of the United Brethren church in Atwood. They were attended by Miss Grace Rans and Raymond Lewis of Mentone. The bride was attired in a rose dress, wearing a corsage of blue sweet peas and her attendant wore a powder blue dress with a corsage of blue and white sweet peas. The groom, best man, and minister wore pink carnations. Those who attended the wedding were: Mr. and Mrs. Gerald Shull, of near Sidney; Mildred, Irene and Ora Warren, Jr., Warsaw route 5; Mrs. I. E. Longenbaugh of Atwood; Mr. and Mrs. Ben Shull and daughter Merriam and sons Ted and Robert.

The bride graduated from Mentone this spring, and the groom graduated from Atwood in 1940. The groom is now employed by the Pennsylvania Railroad.

**MILFORD CONSERVATION BOYS  
PAINT YOUTH CAMP BUILDINGS**

A group of thirteen men from the Milford Conservation Club made a visit to the Conservation Club camp at McClure Lake Sunday and painted the mess house and all the bunk houses. C. O. Mollenhour and E. G. Harrison represented the Mentone club.

Those from Milford included: Guy Cory, Joe and Elmer Ruch, Richard Harris, Calep and Harve Zimmerman, Carl Duncan, Floyd Fuller, Charles Pinkerton, Clayton Hollar, Bill Martin, Fred Wuthrich and Hubert Cain.

**ANNUAL EASTERN STAR  
MEMORIAL JUNE FIRST**

The Eastern Star chapter will observe the annual memorial, June first. A pot luck supper will be served at 6:30 and a fine program has been arranged, following the business session.

Grandpa Cattell was able to ride to Warsaw last Saturday.

Mrs. Will Waltz, of Chicago, is spending the week with her mother, Mrs. Maria Thornburg.

Another important real estate deal takes place this week. Austin Millbern and sons have bought the Taggart lots of Mc. M. Forst and will begin at once the erection of an extensive business building for the accommodation of their hardware trade.

Grandma Crago, who will be 98 years old on the ninth of next month, was able to come to Mentone last Thursday, also to ride to Burket Friday.

Alva Cook, who has been working at Mishawaka, came home to visit his parents over Sunday.

Mrs. Clara Stoner and children spent Sunday in Chicago. Miss Myrtle remained for a week.

John Lyons, of near Etna Green, came in yesterday and informed us that the house on Art Anglin's farm, near Stony Point, burned on Tuesday of last week. It was occupied by Mr. Lyon's son, Ott. His household goods were about all burned. The fire caught in the kitchen roof and was well under way when discovered.

## MERL HARROLD WRITES FROM FLORIDA CAMP

MacDill Field,  
Tampa, Florida,  
May 22, 1942.

Dear Editor:

I have been receiving the Co-Op. News every week and enjoy the news from my home community. I have been promoted to a corporal and also have been transferred. My new address is:

Cpl. Merl E. Harrold,  
181 QM Platoon,  
Service Center (Avn)

MacDill Field, Tampa, Fla.

It is very hot down here where we are. This field is a Flying Fortress bomber field and from what I see and know those Japs and Germans are going to get all that is coming to them. I like to read the list of names of the boys in the service for I might be close to some of them and could go see them. All the boys here are anxious to get a crack at those heathens over there.

Thanks a lot for the paper every week.

Sincerely yours,

Cpl. Merl E. Harrold.

### TREADING ON DANGEROUS GROUND

If my memory of history isn't incorrect, it seems that "taxation without representation" so aroused the people of America that there was rebellion. They worked for and secured independence from what they felt wasn't proper treatment of a free and determined people.

Today, the people of America are just as determined that freedom shall not vanish from America, and are putting forth every effort to win this war and dictate the freedom that is to follow in its wake. Many agencies, government and private, are thoughtlessly or otherwise, permitting procedures that are not consistent or cooperative with the methods being used to reach our objective.

A few days ago a local man was given notice to report at a certain address in South Bend. The letter indicated a degree of importance and he missed one day's work, drove almost a hundred miles—and to his dismay—found it was just to answer two or three questions that could easily have been answered by mail.

A local dealer had a tire rationing certificate presented to him by a fortunate autoist. Shortly a telephone call came to the dealer stating that the certificate was incomplete and he had to drive 25 or 30 miles to supply information he could have

given over the telephone or by first class mail.

Almost everyone is cooperating in the sugar rationing program, without complaint, but it is hard to understand why every user must drive to the county seat to make further application for regular or canning permits as it is rumored that we shall. There are sufficient capable people in every locality that could handle this satisfactorily and save needless thousands of miles of wear on precious tires and automobiles.

There is little indication that anyone has any complaints to make of the sacrifices that are necessary, but sacrifices made on one hand and then those gains destroyed by unintelligent procedures is building up a force that will be just as powerful and irresistible as the one which existed immediately prior to the days when Americans first gained their independence.

Frankly, it is not my belief that all of these rulings, etc. are thoughtless or altogether unintentional. Almost every part of the Nation has peculiarities all its own. The only way of finding these peculiarities and reaching a proper solution, is to put a ruling into effect and then wait for the people in those areas to make their problems known. Not "loud noises on the plains," but intelligent, sincere recommendations the same as one neighbor to another.

It is difficult to imagine how there can ever be a right while one harbors a wrong; light while darkness is about. Individually or collectively, we can go forward even while everything appears to be going backward—IF WE WILL.

## EVAPORATION EXPLAINS "JUMP" IN BUTTERFAT TEST

## NO INCREASE IN AMOUNT OF BUTTERFAT

It's natural to want to believe it—the idea that as cream sours its butterfat content increases—but it just isn't so. Take the word of experts whose business it is to check up on such things. They will also tell that this erroneous idea costs farmers many thousands of dollars each year.

Carefully controlled scientific investigations at the various agricultural colleges prove positively that souring does not increase the butterfat content of cream—it merely makes it look thicker and richer. What these tests do show is that the normal, natural evaporation of moisture from the cream in the process of souring causes an increase in the butterfat percentage, not in the actual content of the butterfat. This fact is illustrated in the chart above.

Eighty pounds of cream testing 30 per cent butterfat represent a butterfat content of 24 pounds of fat. Four days later the same cans of cream weigh only 75 pounds be-

cause of the five pounds of water evaporated. Testing this lessened weight of cream shows that the percentage of butterfat is now up to 32 per cent. But this has made no difference in the total amount of butterfat in the cans. The 75 pounds of cream, while testing 32 per cent, still contain only 24 pounds of fat. The amount of fat in the original 80 pounds of cream and the reduced amount after evaporation is exactly the same—24 pounds.

It is seen, therefore, that the farmer who lets his cream stand too long near the kitchen stove or other warm place is the real loser. For certainly he cannot get for this type of cream the best prices. Very sour cream is always way off in flavor, and off flavors grade down the butter made from it. The smart farmer takes care to guard the flavor of his cream all along the production line. One of the best ways is by frequent marketing. Experts recommend delivery of cream three times a week in summer, and at least twice a week in winter.

## PREDICTS BIG QUANTITY OF SORGHUM MOLASSES

Sorghum molasses will flow this fall in larger quantities than for

years, and every sorghum mill in the state will be worked to capacity to squeeze the sweet juice from the cane to replace short sugar supplies, if inquiries being received by Purdue University agronomists are any indication.

Fortunately sweet sorghums or sorgo varieties commonly grown for forage or silage purposes are the same varieties from which sorghum molasses is made. One grower sold 3,000 gallons of molasses made from a field not needed for silage in 1940, it was reported.

Cane is a hot season crop, and should not be planted until the soil is warmer than corn requires. From five to eight pounds per acre are usually planted in 34 to 42 inch rows. Cultivation is the same as for corn.

## STATE PARK POOLS AND BEACHES TO OPEN THIS WEEK

State park swimming pools and bathing beaches will open this week end for the 1942 vacation season. Each pool and bathing beach will again be supervised by lifeguards who have passed Red Cross requirements.

A feature of the lifeguard service at state park pool and beaches, inaugurated last year, is the conduct of swimming and lifesaving classes which are open without charge to all state park visitors. Several hundred "students" received their Red Cross lifesaving certificates in these classes last year.

Fresh Strawberries, Lettuce, Celery, Carrots

Two of the state's best amateur golfers who have fought each other many times on the golf course will fight together for the United States Navy for the duration. Jack Taulman, 26, Columbus, and Curtis Rush, 32, Bloomington, turned up to complete their Navy enlistments together on the same day last week. Neither knew the other was planning to enlist until they met at the Indianapolis Navy Recruiting Station. Taulman, who was state junior amateur golf champion in 1936, enlisted as an apprentice seaman in Class V-2, earmarked for aviation machinist school. Rush, a registered pharmacist, enlisted as a hospital apprentice, second class.

Everett Case, Frankfort's veteran basketball coach, and his assistant, Carl H. Anderson, have gone to Annapolis, Maryland, for training as Navy physical education officers. Case was commissioned lieutenant and Anderson was commissioned lieutenant junior grade in the Naval Reserve. They will be assigned to aviation training centers when they complete their officer training courses.

Chairmen from five more Indiana cities have pledged their assistance in the Navy Relief Society's drive to raise \$160,000 for the state quota. The following new Navy Relief chairmen have accepted appointments from Paul Fisher, state Navy Relief chairman: R. D. Young, Portland; C. P. Flickinger, South Bend; Emmette Pratt, Delphi; William C. Latta, Goshen, and J. I. Davis, Seymour. Twenty Indiana cities are now organizing local committees to assist in the campaign. All had a part in the preparations for the benefit baseball game to be played tonight between the Great Lakes Naval Training Station team and the Indianapolis Indians at Indianapolis.

One of the swelling number of noted American athletic figures to enter the Navy's vast new pilot training program is Lieutenant (jg) Benjamin F. Walkup, USNR, former star football player at the Naval Academy in Annapolis. A former resident of Crawfordsville, Walkup gave up his job as a plant engineer

of the Owens Illinois Glass Company to re-enter the Naval Service. Upon completion of his indoctrination course, Walkup will assist in the physical hardening program set up to make the 30,000 students entering the Navy's air arm every year stronger and tougher than the enemy.

Joseph C. Anderson, yeoman third class, of Columbus, who has been stationed at the Columbus Navy recruiting station since he enlisted last July, has been commissioned ensign from the ranks and reported May 23 at the Naval Reserve air base at Detroit. Graduated from Indiana University's business administration school in 1938, Anderson was selling life insurance in Columbus when he enlisted.

The Hodges Brothers of Peru, have more than one reason for enlisting in the Navy this week. Born in England, they want to deal a double blow to the Axis—one for their native land and one for their adopted country. Edward Hodges, 30, and Joey Harry Hodges, 28, both enlisted as apprentice seamen and are now at Great Lakes for recruit training. They list their occupations as entertainers.

Having served four years and a month in the Army up to Nov. 28, 1941, James Leonard Long, 21, Goshen, has decided to return to his country's service this time as a sailor. He enlisted in the regular Navy as an apprentice seaman.

William R. Hopkins of Dale and Harry I. Kantz of Lafayette, who have been on duty in the medical department of the Navy Recruiting station in Indianapolis since their enlistment shortly after Pearl Harbor, have passed from the status of hospital apprentice to pharmacist's mate, third class. Neither had been enlisted more than five months. Hopkins was employed at the U. S. Veterans Hospital at Marion when he enlisted and Kantz was a mortician.

Herschell Thomas Conrad, 45, Princeton, a world war Navy veteran, has re-enlisted as a painter, second class. Conrad served three years and four months in the first world conflict and was discharged as a seaman, second class. He is married and is the father of one child.

Other enlistments during the week included two brothers, William Jochim, 21, and James Jochim, 26, of Dale; Carl C. Miller, 22, Brazil, an auto mechanic who will enter an aviation machinist's school; Elmo Taft Wyatt, 31, Falmouth, a metal-

PRESIDENT OF  
BOB JONES COLLEGE

In Westminster Abbey on the tomb of Britain's unknown soldier of the First World War is carved a portion of II Timothy 2:19, "The Lord knoweth them that are His." A sinner lost and undone, without hope here and hereafter, by simple faith in the Lord Jesus Christ as his personal Saviour, the Bible teaches, becomes a child of God. Just as a father knows the name of his children so the Lord knows the names of those who belong to Him. As a shepherd can identify his sheep though they may be mixed in with a strange flock, so the Divine Shepherd identifies the sheep of His flock wherever they may be among the kindreds and tribes and nations of the world.

This verse brings great comfort to God's people in trying times like these. In all parts of the world families have been separated, sons have gone off to war, homes have been broken up by the invader, parents have lost contact with children, but in the midst of all the turmoil

and chaos and confusion the Lord still knows His own. To whatever spot they may have been removed His eye has followed them. Amid the destruction of armies God's eye has seen as His own have fallen in the field of battle. Amid the carnage on the seas He has watched as His children have gone down to death in the deep waters. He has watched planes speeding through the flaming air and has seen the fall of His own to the earth.

Just as the Lord called his friend Lazarus by name, bidding him come forth from the grave, so on some glorious day the dead in Christ shall rise at the sound of His voice speaking to His own, "Come forth!" God's family will some day be united; but now scattered over the earth He knows them that are His and He keeps watch even above the scattered dust of His sleeping children. The Lord knows them that are His and in all the darkness of these days "standeth God within the shadows keeping watch above His own."

Formal commissioning ceremonies for the new U. S. Naval Ordnance Plant in Indianapolis were held Friday. Rear Admiral W. H. P. Blandy, USN, Chief of the Bureau of Ordnance in Washington, accepted the plant officially for the Navy. Governor Schricker and other Navy officers and civic leaders took part in the ceremony.

## YOUR CAR How to Get the MOST out of It

### STOPPING IS AN ART TOO

Proper use of your car brakes can add many miles to your tires and brake drums. Here are some stopping hints to remember:

Avoid sudden stops. Collect your "bonus" on the gas you used in starting; don't burn that extra momentum up on the brake drums and tires. Learn to anticipate your stops.

Keep your foot off the clutch pedal until you're ready to use it. "Riding" the clutch pedal when the car is moving, or "slipping" it to hold position on a hill, causes rapid wear of the clutch lining.

Avoid continuous heavy pressure on the brake pedal. Hot brakes wear rapidly. On long hills shift to second gear.

Let your motor help stop your car for you. Don't disengage the clutch as soon as you begin braking for a stop. Wait until the car decelerates to 15, or even 10, miles an hour.

Don't scrape the curb when stopping. The weight of the car rests on those tires' side walls and they must not be weakened.

In real hot weather or after driving in mountainous country let the motor idle a few minutes before turning off the ignition.

### A TRIBUTE FROM A SOLDIER TO HIS MOTHER

I remember since childhood,  
You held me so dear,  
Always close to me, when danger  
was near.  
I never used to think about this very  
much.  
But now I am in danger,  
My heart strings you touch—  
You watched every footstep to make  
me go straight,  
You were the Captain, I was the  
mate.  
You corrected my wrongs;  
You're an excellent scout.  
All of life's troubles you cautioned  
me about.  
No longer a baby, I am grown up  
now,  
But my thoughts drift back to  
Mother somehow.  
I cannot forget your angelic face,  
You are my queen whether in calico  
or lace.  
Your boy sends his love to the best  
girl he knows.  
Keep your chin up, Mother,  
I'll be on my toes.  
I'm fighting hard and doing my best,  
And I'll be back Mother dear,  
After this horrible mess.

## News of Mentone and Vicinity

Jack Shinn was in town Wednesday for a short visit with his parents, Mr. and Mrs. Earl Shinn.

Mr. and Mrs. Hoke Crawford and children, of Fort Wayne, spent Sunday with Mr. and Mrs. Richard Clair Greulach.

Lieut. and Mrs. Miles Manwaring arrived from Washington, D. C. on Monday to spend the week visiting home folks. Miles is now an officer in the Air Corps. They expect to return Saturday.

Miss Thais Greulach, who has been teaching in Akron, has resigned her position to accept a similar duty in the Harrison Hill school in Fort Wayne.

Vere Kelley, who underwent a major operation at Warsaw a few weeks ago, was brought to his home south of Mentone, Monday, by the Johns ambulance.

Mr. and Mrs. J. D. Long and Sylvan had as their Sunday afternoon visitors, Mr. and Mrs. Alvin Kuhn, of six miles east of Rochester. Mr. Kuhn and J. D. were schoolmates 65 years ago and had not seen each other since that time.

Geo. Myers, Ed. Shirey, Thomas Fitzgerald, Ora Beeson, A. O. Miller, Ernest Igo, Chris Breeding and Mort Fawley spent Tuesday in Indianapolis where they met with Frank Bays, Democratic state committeeman at the Claypool Hotel.

Mrs. Wm. Mahoney spent the week with her sister, Mrs. Marcus Burket.

Word from Don Lyon states that he has been promoted to Private First Class and that he likes his work.

Maurice Greulach, who has been Commerce instructor in the Winamac schools, has resigned and accepted a position in the International Business College in Fort Wayne.

### ★ What You Buy With WAR BONDS ★

Aside from the sixty-mile an hour Mosquito Torpedo Boats, the Sub Chasers are the speedsters of our Navy. Light and fast, they are the eyes of the Fleet on the water. They displace approximately 1,500 tons and cost about \$2,400,000 each.

We need many of these powerful, fast little boats to cope with the treacherous submarine type of naval warfare fostered by our enemies. Everybody can help pay for more Sub Chasers by putting at least ten percent of his income into War Bonds. Buy Bonds or Stamps every pay day. Buy them from your bank, your post office, or from your office or factory through the Payroll Savings Plan.

## LIONS CLUB CONVENTION AT ANDERSON JUNE 7, 8 AND 9

It is expected that some members of the Mentone Lions club will attend the State Lions Convention to be held at Anderson on Sunday, Monday and Tuesday, June 7, 8 and 9.

The Anderson club has planned the most elaborate program of fun, entertainment and able speakers that has been staged by any convention city in recent years. The program includes addresses by such prominent figures as Col. Alvin M. Owsley, former Minister to Denmark, Roumania, and The Irish Free State and past National Commander of the American Legion; Oswald Ryan, a native of Anderson and who served in the Hoover Administration as a member of the Federal Power Commission and is now a member of the Civil Aeronautics Authority will address the convention. Two other notable speakers on the program will be Prof. Robert Phillips of Purdue University, a past director of Lions

International and Edward H. Paine of Michigan City, who will be elevated to the International Presidency at the annual convention in Toronto, Ontario, in July.

Adding interest to the Lions convention will be a Navy Day celebration in Anderson on Sunday, June 7th, at which time the Indiana Civil Air Patrol, in co-operation with Navy Recruiting service, will bomb the city. The air units will feature a formation of more than a hundred planes over the city at one time. Also of interest will be an extensive display of the newest implements of warfare such as tanks, guns, cannon and captured enemy airplanes.

Each session of the convention, both for the men and for the ladies as well as joint sessions will be featured by outstanding professional entertainers and specially planned musical programs. A parade, including from fifteen to twenty bands, will be a part of the Sunday afternoon program in addition to impressive memorial services.
