## MRS. CORA ROMINE DIES

Funeral services were held at 2 p. m. Thursday at the Harrison Center United Brethren church for Mrs. Cora Romine, a lifetime resident of Mentone and vicinity, who died at 11 a. m. Tuesday at the home of her son, Earl Romine, of Mishawaka. Death was caused by a heart ailment with which she had been seriously ill for a week.

Mrs. Romine was born near Mentone May 6, 1873, the daughter of Frederick and Emma Christian. In 1894 she was married to James Romine, who died October 2, 1931.

Surviving relatives are the son, Earl, of Mishawaka, at whose home she was cared for during her last illness; three grandchildren and one brother, Charles Christian, of Mentone. Two sons died in infancy.

The deceased was a member of the Harrison Center church. Rev. Silas Hill was in charge of the funeral service and burial was in the church cemetery. The Johns funeral home of Mentone was in charge of arrangements.

### MENTONE SOFTBALL ASSOCIATION

The following articles were brought up at the softball meeting Tuesday evening, April 30.

The high school team is being formed and they can use graduates of this year only. The boys that are still in school will have to play with the high school team.

The managers are to get their own teams. We are doing this to get started. Then if one team is so much stronger than another we will then divide them up to make a better balanced league.

The following managers are for the following teams:

Co-Op. Association—Howard Horn.  
Pete's Lunch—Clayton Holloway.  
Mentone Lbr. Co.—Arlo Friesner.

### ROYAL NEIGHBORS TO MEET

The Royal Neighbors will meet at the home of Mrs. Rynearson on next Tuesday evening. Please be present.

You Need The Co-Op. Needs You

### ANNIVERSARY MEETING OF MENTONE YOUTH FOR CHRIST

Saturday evening, May 4th, will be the anniversary meeting of the Mentone Youth for Christ movement. The meeting will be held in the Mentone Baptist church, starting at 7:30 o'clock.

with Dr. L. E. Olson as the speaker. The public is invited to attend.

### FLYING GETTING POPULAR AT MENTONE NOW

Chick Herendeen and Dale Tucker, who are now operating a flying school and airport at the Herendeen farm southwest of Mentone, report that a good many people of the Mentone vicinity have called at the airport and enjoyed flying, riding or just watching. The boys also report that there have been several who have started with a regular course of flying instruction.

An invitation is extended to everyone to visit the airport.

### MENTONE EGGS TO GO TO FAR-OFF POLAND

Mr. Birkey, of the Birkey Hatchery at Bremen, was in town Monday and picked up five cases of hatching eggs contributed by Elmore Fenstermaker.

The Church of the Brethren is sending 150 cases of hatching eggs to Poland. The eggs are trucked to Gettysburg, Ohio, placed on a plane which will take them overseas to Poland.

## ALUMNI BANQUET MAY 11

Dr. George Davis, Purdue University, is to be the speaker for the alumni banquet to be held at the local Community Building, Saturday evening, May 11, 7:00 p. m. DST. The Jonah Club has offered their services in the preparation of one of their delicious fish dinners and plans are progressing rapidly to the extent that this should prove to be quite a gala affair.

An invitation is again extended to all graduates of Mentone high school to attend. The secretary was able to secure approximately 75 per cent of the names and addresses of graduates. In case you did not receive a card, tickets will be available for purchase Saturday, May 4, and from then on until the night of the banquet. Tickets may be purchased from any of the officers of the organization, or from the following individuals: Mervin Jones, George Clark, Mahlon Mentzer, Mrs. Kenneth Romine or Mrs. Zanna Hammer. The officers of the organization are as follows: Bob Tucker, president; Vance Johns, vice president; Gertrude McClane, secretary, and Elmore Fenstermaker, treasurer. Tickets are \$1.25.

### CATCHES LARGE PIKE

Raymond Cooper, manager of the Mentone 5c to \$1 store where the prices are customarily of the smaller variety, doesn't do his fishing the same way. Tuesday he and Dewey Whetstone went to Crystal lake where Mr. Cooper proceeded to pull in a six-pound pickerel, or pike. The fish measured 32 in. long, and based on the usual standards, this is a pretty good sized fish for this area.

### LIONS CLUB ENTERTAINS TWO BASKETBALL TEAMS

Wednesday evening the Mentone Lions club had as guests, the boys from the Beaver Dam and Mentone basketball squads, including the coaches and principals.

Phil Eskew, of Wabash, was the speaker for the occasion, and his talk was extremely inspiring and educational.

### PLACE AT MUSIC MEET

Bedelia Belle Weirick placed in the first division with a cornet solo and Shirley Nettrouer, playing the flute, and Norbert Darr, playing the saxophone, placed in the second division at the state music meet at Nappanee last Saturday.

### DALE KELLEY HAS RECORD THAT'S HARD TO BEAT

Several days ago friends reported that there was a news story about if we could get definite information regarding it. After careful checking we found that:

Dale Kelley, principal of the Mentone schools, this spring completed 32 years of teaching without ever having been tardy or missed a day. Sixteen of those years have been spent at Mentone.

A record of this sort, and the type of service Mr. Kelley has given to the school and community, certainly should be worthy of public acclaim.

### PLAYLET AT TIPPECANOE CHURCH

In the Tippecanoe Methodist church Sunday at 7:30 a playlet entitled, "The Long Night Ends," will be given by a group of women from the Mentone Methodist church. At 7:30 each night next week, with the exception of Saturday, services will be held. Good singing and short messages. The public is invited to make your plans to be present at all these services.

### NATIONAL FAMILY WEEK MAY 5-12

Forty-two Protestant denominations will unite with Jews and Catholics in the observance of National Family Week, May 5-12. Recognizing that the family is the foundation of the church, the theme, "Needed—Homes," has been selected for 1946. The family provides the best opportunity to teach world brotherhood and to prepare for a lasting peace at home and abroad. It is important that during this year churches and the parents who are members of churches show a deep concern for the cultivation of better Christian living within the family during the weeks following National Family Week.

Mrs. S. M. Hill visited her father in Laketon a few days this week.

Wednesday, May 1, 1946

THE NORTHERN INDIANA CO-OP. NEWS

We are glad to report that Mrs. Cloice Paulus, who has been confined to her home for some time by illness, is gradually improving.

○ ○ ○

The Mystery Daughter and Mothers banquet will be held at the Methodist church Friday, May 10th at 6:30. All members are requested to get in readiness for this very pleasant occasion.

Mr. and Mrs. Earl Anderson and Mr. and Mrs. Lyman Mollenhour spent Sunday afternoon in Michigan City.

○ ○ ○

In accordance with the program of the Methodist church, "Youth Sunday" will be observed in the morning worship service. All our youth are invited to be present and take part in this service.

# PRIMARY ELECTION TUESDAY

The 1946 primary election will be held in Indiana next Tuesday, May 7th, at which time every registered voter is urged to go to the polls and express his sentiments regarding the candidates who have filed for the various public offices.

The campaign, in recent weeks, has seen considerable activity for a number of the available positions. In Seward township Theodore R. Melton of Burkett and Forrest H. Higgins are seeking the republican nomination for trustee, while George M. Alexander and Eugene Polk are battling it out for the democratic nomination.

Lawrence Butt and Robert O. Jones are both seeking the republican trustee

nomination in Franklin township while over in Harrison township Charles Hammer and Royse Tucker are seeking the republican nomination.

The candidates for the county offices are:

For auditor—Willard Cain, Warsaw, and Earl Himes, North Webster, republicans; Claude Elder, Warsaw, democrat.

For assessor—Mrs. Kathryn Coy, Tippecanoe Lake, the incumbent, republican, unopposed.

For prosecutor—George Paton, Tippecanoe Lake, the incumbent, and Porter Williamson, Burkett, republicans.

For recorder—Palmer Hale, Warsaw, the incumbent, republican, unopposed.

For sheriff—Ray R. Henderson, Warsaw, and Raymond Neff, Warsaw, republicans.

For treasurer—Harry H. Breading, Plain township, and Harry Boggs, Clay township, republicans.

For surveyor—George Nye, Warsaw, the incumbent, republican, unopposed.

For coroner—Dr. Leslie A. Laird, No. Webster, the incumbent, republican, unopposed.

FOR TREASURER  
of Kosciusko County

## HARRY H. BREADING

R. R. 4, Warsaw, Ind.

Native and resident of Kosciusko County entire life.

Background experience—40 years employment in Lake City Bank of Warsaw and Farmers State Bank of North Webster.

State representative—Hobart Creighton, near Warsaw and Mentone, the incumbent, and Ira Mendenhall, Warsaw, republicans.

Commissioner middle district—Gale A. Robbins, Piercetown; Stephen D. Slaymaker, Warsaw route 1, and Loyd C. Miner, route 5, Warsaw, republicans; Dayton R. Paxton, route 2 Warsaw, democrat.

Commissioner northern district—Ray Ferverda, Milford, the incumbent, unopposed.

ATTORNEY AT LAW

for

PROSECUTING ATTORNEY

You elected me in 1940 before the war. I would like to have an opportunity to finish the job.

Your consideration and support will be greatly appreciated in the Republican primary, May 7th.

### THANKS

Dear Public:

The Mothers of World War II want to thank the public of Kosciusko county for their subscriptions to "Copper Farmer," in which our organization received a benefit from the subscriptions, which amounted to \$287 credit.

The solicitors let us spend the amount as we decided best for wheel chairs and crutches and paid the remainder to us in cash.

We now have the equipment and it is ready to loan out to anyone of the county who might be needing same.

Copper Farmer wants us to inform you that your paper will be coming eventually. They have been held up because of the increase of orders and shortages of material and labor. However, time of subscriptions will begin with your first copy.

Anyone interested in the wheel chairs or crutches can find out the particulars by calling Mrs. Royse Tucker, president, or Mrs. Ray Rush, past president.

### Regular Meeting May 8th

The Mothers of World War II will hold their monthly meeting May 8 at the school building at 7:30. As this is near Mothers' Day, come prepared to answer a call with some expression of your children's childhood that you have especially remembered through time.

### FISHERIES RESEARCH PROGRAM

A research program aimed at uncovering some of the reasons why fishing isn't better in Indiana will be conducted this spring by the Indiana Department of Conservation.

The program, announced today by Milton Matter, department director, will be under supervision of Dr. William E. Ricker, director of the Indiana Lake and Stream Survey. Cooperating are Harry Young, supervisor of hatcheries for the Conservation department, and Donald Hughes, director of fish and game.

Main experiments will be carried on at the Maxincuckee Fish and Game Club ponds near Culver, recently transferred to the department by the club for use as an experimental station.

Research on proper combinations of fish per water acre and on fertilization will be carried on at the experimental station.

In addition, Mr. Ricker will utilize six ponds at Tri-Lakes Fish Hatchery where survival of planted fish will be studied.

Two ponds below the dam at Yellowwood Lake in the Yellowwood State forest will be used to experiment with hybrid pan fishes and with propagation of a new type bait minnow.

## SOME DIFFERENCE IN MEN

(Some time ago the author was feeling the urge of some outside influence and expressed himself as believing there was a difference in men. He left for his home immediately with the expressed purpose of figuring out that difference. Whether this is the total of his find or not, we cannot definitely state.—Ed.)

One of the strangest things to me is how the Almighty has made so many human beings without duplicating his work even one time. No two persons are alike. We differ physically, mentally, morally, socially and spiritually. We have different tastes, desires, aims, attitudes and beliefs. No one of us is perfect in any capacity or at any time. There is always a higher goal to be attained and a more perfect pattern to be designed.

We may agree with modern science that we came by a long process of development from lower forms of life, but we can never evade the fact that a power working creatively has given each of us an individuality distinct and separate.

However, what a man is, is not altogether to be decided by what he

came from, but what he attained to. While each individual is created with his own peculiar individualities, yet as an infant he is a bundle of unmeasured possibilities. He has power to think, plan and dream. He has power to choose what his life shall be, to a certain extent, and he never makes a choice but that he knows he might have chosen something else, therefore, there is a sense in which he is self-made. Therefore, it would be unfair to God to say that he made men what they are—thieves, killers, false advertisers and a bunch of disgusting fak-ers, are like they are because they chose to be that way, not because they were so created.

On the other hand that fine large group of honest men and women whose word is as good as their bond and whose company is a delight to all right thinking men, are the salt of the earth. No law is necessary to keep them in line. They are not subject to the law, neither do they fear it, for they are always found in the right place doing the right things. In fact, they are the right kind of men, and are such because of their own choice. They follow the Bible injunction of "dealing justly, lovingly, merciful, and walking human-like with God."

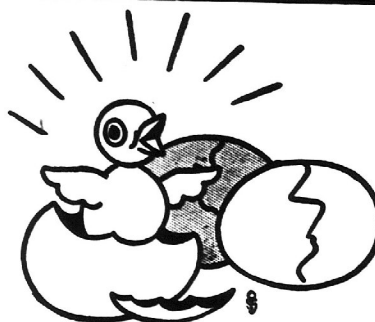

Well, there is an old saying, "It takes all kinds of people to make a world." Well, there are all kinds of people in this one which few can have any doubt, I once had a relative who made more noise, talked more, and acted less than almost any man I ever knew. He was always on the verge of doing some outstanding thing, but somehow he never got around to it. He was forever telling the world to set up and watch him go, but as far

as anybody ever knew he never "got going." Some wit once remarked that he had a diarrhea of words and a constipation of ideas. So it would be unfair to God to say that he made some men what they are.

HENRY WHETSTONE.

### Medieval Books

Before the introduction of printing into Europe in the 15th century, books were hand-printed and bound by monks in monasteries which were centers of culture and enlightenment in the middle ages. These early books, often beautifully illuminated, were devotional in character, used in church services or sometimes as gifts to famous personages.

### Oriental Pet

The praying mantis is easily domesticated and in the Orient is a household pet.

Guaranteed service work on all appliances at Snyder's Appliance Store.

### Home Building

We built over 900,000 new houses, not including farm houses, at an average cost of about \$4,800 each, in the top housebuilding year of 1925. In 1940, we built about 600,000 new non-farm houses at an average cost of \$3,800 apiece.

### Safe Bleach

A safe bleach for fine laces and other delicate materials can be made by dissolving one tablespoon of borax in a little boiling water; then dilute with a gallon of water. Dip lace in milk to stiffen it.

Used battery and electric radios at Snyder's Appliance Store.

**"What's  
Calf Manna Got  
that We Ain't Got  
... I'd Like to  
Know?"**

Calf Manna feeding does have some benefits over milk feeding. First, it is always uniform in quality; second, its vitamin content does not vary; third, you feed it dry just as it comes from the bag—no warming, no weighing, no mixing; fourth, it never takes over one pound a day, regardless of the age of the animal. Fifth, it keeps sweet and nutritious week after week. Needless to say, where Calf Manna is fed, the milk can be sold.

Calf Manna is fed to cattle, horses, hogs, goats, sheep and rabbits of all ages.

We sell it.

**SENIORS ENJOY TRIP**

On Monday morning, April 22, at 3 o'clock in the morning, the 1946 seniors of Mentone high school left on a sight-seeing trip. There were twenty-two seniors. Mrs. Huffman chaperoned the girls and Mr. Kelly drove the bus and was companion to the boys.

They went as far as LaFollette, Tenn. the first day. The second day they visited the Smokey Mountains and spent that night at Chattanooga. The third day, they explored Lookout Mountain and the night was spent in Cave City, Ky. The fourth day, they visited Mammoth cave and ended the trip that evening. It was a very profitable as well as enjoyable trip; they had fine weather and a most congenial crowd.

**Atomic Energy**

Atomic energy is not likely to power locomotives on American railroads in the near future, because of the necessity for providing large and heavy shields around the source of energy. Maintenance work on such equipment might have to be deferred as long as 30 to 50 years, because of the radioactivity of the atomic energy material.

**Discover Ruins of**

**Old Mexican Cities**

Discovery of the ruins of two cities in the jungle country at Mexico's waistline—the Isthmus of Tehuantepec—was announced by Dr. Matthew W. Stirling, leader of an expedition sent out jointly by the Geographic society and the Smithsonian Institution.

The smaller of the two cities, Dr. Stirling reported, apparently was abandoned more than 200 years ago during the colonial era. The site is now marked by numerous stone platforms reached by small stone stairways. The larger community is believed to have been an ancient ceremonial center. Its remains consist of a group of large mounds, all faced with squared stones. Highest of the mounds reaches 50 feet and the largest is nearly 600 feet long. One of the features of the ceremonial city is a well-preserved ball court, a large rectangular space paved with flat stones. Its four sides are inclosed by embankments, also faced with stone. On this court was played a game resembling both modern basketball and handball.

The region in which the ruins were discovered lies more than three days' journey from the nearest human habitation. The soil, now choked with jungle growth, is fertile, Dr. Stirling said, and at one time probably supported a heavy population.

### SPECIAL JUDGE CHOSEN

Judge Walter S. Bent, of Wabash, has been chosen by the parties involved to hear the \$6,000 circuit court claim action of Taylor university, Upland, Ind., against the estate of Eliza Ann Guy, of Mentone. Judge John A. Sloane disqualified himself to hear the case because he had acted as counsel in certain matters involved in the suit before taking the bench. The university bases its claim, disallowed by the estate executors, Vere Kelley and Lewis Erwin, on a note executed by Mrs. Guy and her husband, the late Simon A. Guy. Given to the "Legal Hun-

## LOW BRIDGE.

Charlie Safford, Newcastle township farmer, was setting down a bucket of eggs a few days ago, just after coming out of the hen house. As the bucket was about two inches from the ground, Charlie let loose to grab his hat, which the wind was hastily removing. He caught the hat but cracked thirty-two eggs. Maybe you have heard about the gent who called a spade a spade—until he stumbled over one in the garden.

Charlie says that a sportsman purchased a fancy fishing suit, new reel, rod, creel, hip boots, etc. and fished a trout stream for several hours without the pretty little flies tempting even one trout. As he was going down the creek toward home, he met the proverbial barefoot boy, dunking worms with some cheap twine, a crooked willow pole and a bluegill hook. Believe it or not, he hadn't caught one single, solitary little fish, either.

—Contributed.

## Linseed Imports

The United States normally imports half or more of its linseed oil needs from Argentina, the world's biggest grower of oil-producing flax.

## Church Notes FIRST BAPTIST CHURCH

Mentone, Ind.

You are ever welcome to this house of God

Special music at each service.

Workers Prayer Meeting 9:15 A.M.

Everyone welcome. Teachers and officers are expected to attend.

Bible School 9:30 A.M.

Classes for all ages, including a nursery for the babies.

"I consider the Sunday school as a necessary and irreplaceable factor in our civilization. Religious training in childhood make itself felt until the end of life. The Sunday school helps powerfully to mold lives. Its influence is direct and beneficial. Its beneficent influence could not be removed from the world without leaving a tragic void and without producing a downward trend in our civilization. The Sunday school is so essential and so tremendously valuable that it warrants every effort, not only to maintain it as an active force, but to build it up to increasing usefulness."—Martin L. Davey, president, the Davey Tree Expert Co.

Subject: "Be ye doers of the word and not hearers only."

## LOCAL NEWS

Merlyn Wagner was discharged from the navy last week.

Mrs. Claude Barkman is improving from a recent illness.

Mrs. Maude Onthank left Wednesday for Des Moines, Iowa where she expects to make her home for a while.

Mrs. Forest Huffer and family, of South Bend, were in Mentone on Tuesday.

Mrs. Elizabeth Simcoe and son Kenneth are now living in the apartment above the drug store.

New window fans. Move 1350 cubic feet per minute of hot summer air out of your home. At Snyder Appliance Store now.

Mrs. Cora Williams, who has been ill for some time is not so well and was taken to the home of Lowell Pontius in Claypool.

Mrs. Pearl Mahoney, who has been visiting in Goshen, returned to her sister's home, west of Mentone, Thursday forenoon.

Mr. and Mrs. Fred Lemler and Leah Nell and Rev. and Mrs. S. M. Hill spent Sunday in Chicago with Mr. Hill's daughter and husband, Mr. and Mrs. E. J. Whitman and family.

Mr. and Mrs. Ora McKinley, Mrs. Floyd Tucker, Mrs. Mars Tucker, Mrs. Wilbur Latimer and Mrs. Hubert Latham attended the annual meeting of the Grand Chapter of Order of the Eastern Star in Indianapolis last week.

Mr. and Mrs. M. F. Todd, who spent Sunday in Chicago, were surprised no more than Dick Manwaring and Jack Shinn, when the four met in the Shangri-La Cafe, in down town Chicago.

### Cattle Disease

The dairy industry is hard at work to eliminate brucellosis in milk producing animals. Nearly 40,000 calves were vaccinated in the United States in the one month of April, 1944. During the same month over 13,000 cattle slaughtered had been found previously to be positive reactors by blood test.

### Purchasing Power

From 1925 to 1934, the average annual income per worker—in dollars of equal purchasing power—in the United States was \$1,381; in Canada, \$1,337; in the United Kingdom, \$1,069; in Australia, \$980; in Norway, \$539; and in Mexico, \$360.

## VOTE FOR George R. Paton

FOR

## PROSECUTING ATTORNEY

TUESDAY, MAY 7th

Present prosecutor of Kosciusko County, serving his first term in office. (This is a 2 year term office.)

Has established the office back in the Court House for the convenience of the people.

Studied pre-law at Butler University, graduate of Indiana University School of Law. Member of Indiana State Bar Association and Kosciusko County Bar Association. Member of Masonic

Lodge and Lions Club of Leesburg. Active in Republican work, present chairman of the Kosciusko County Young Republican Club.

Having served part of my first term as prosecutor, and coming in contact daily with all the problems of this office, I feel qualified to give you the best of service for the next two years.

I will always strive to give fair, honest and efficient service.

Your support will be appreciated

## CO-OPERATION

The only game in  
which everybody

# The Northern Indiana Co-Op. News

Remember This Emblem

Honorable Discharge

PUBLISHED EVERY WEDNESDAY BY THE NORTHERN INDIANA CO-OPERATIVE ASS'N. OFFICE OF PUBLICATION, WEST MAIN STREET, MENTONE, INDIANA  
Entered as second-class matter November 18, 1936, at the post office at Mentone, Indiana, under the Act of March 3, 1879

Volume 15, Number 47

Mentone, Ind., May 8, 1946

Subscription—\$1.50 Per Year

## POWER "IS" IS RESTRICTED

Effective last Saturday dim-out regulations went into effect in the Mentone community. The immediate cause was given as a shortage of fuel for the generating boilers of the Northern Indiana Public Service Company at its various plants in this part of Indiana.

The original regulations were that all businesses operate on a daily schedule of four hours—from 2 to 6 o'clock in the afternoon. Industrial plants were given the opportunity to use their week's allotment of 24 hours of service at other periods, such as a three-day schedule of eight hours, etc. Later regulations have afforded more leeway to business and industry so they could make more efficient use of the power allotted to them.

The saving in electrical energy, according to power company officials, was hoped to reach 40 per cent, and this has been accomplished. However, even though home lighting has not been curtailed, it is urged that homeowners be as conservative as possible.

## EMBARGO ON FREIGHT AND EXPRESS SHIPMENTS

Effective May 10, an embargo has been placed on most rail shipments due to the fuel conservation measures being put into practice by the various hauling agencies. The commodities that can be shipped are:

Livestock and live poultry; all food for human consumption; printing paper, including newsprint and ink, newspapers and magazines; medicines, drugs, etc.; moving picture films, caskets and funeral supplies; flowers, articles covered by money classification.

The postal department, to forestall a rush of parcel post shipments, is imposing a limit of 11 pounds per package on parcel post shipments.

## SO DALES CLUB

The members and guests of the So dales Club were delightfully entertained Tuesday evening in the home of Mrs. M. O. Smith. The social hour was spent in conversation and rook. Mrs. J. V. Johns, Mrs. C. E. Walburn and Mrs. A. H. Stanford won prizes.

## MARRIED TUESDAY

Manley (Pat) Walsh, son of Mrs. M. E. Walsh of Parkston, S. D., and Lois Bergstrom, daughter of Mr. and Mrs. Dewey Whetstone, Mentone, were married at the Sacred Heart parish at Warsaw Tuesday, May 7th at ten o'clock a. m. Rev. W. P. Mannison, Warsaw, officiated at the single ring ceremony. Floris I. Gregory and Ralph Meyers, both of Warsaw, were the only attendants.

The bride was attired in blue with white accessories and carried a corsage of roses.

Immediately following the ceremony, the couple left for a short trip east.

Mrs. Walsh is a graduate of the Mentone high school and Mr. Walsh is a graduate of the Parkston high school. The groom has been employed at the Valentine Elevator for a number of years.

Mr. and Mrs. Walsh are now living at their home near Beaver Dam lake.

## HOLLOWAY — GRUBBS

On April 20th Rev. E. E. DeWitt, at his home in Larwill, united in marriage Miss Fawn Grubbs and James Holloway, of Talma. The double ring ceremony was read in the presence of Fred and Nina Hubbard of Tiosa, and Mrs. DeWitt.

The bride wore a light blue net dress with navy accessories. They just returned from a trip through Kentucky, visiting the Floyd Collins Crystal Cave, and back through Turkey Run.

They are living with the bride's father here in Mentone.

## SOFTBALL PRACTICE GAMES TO START NEXT WEEK

The softball season will get under way at Mentone Monday evening when the first league practice game will be played between Burket and Pete's Lunch. Tuesday evening Mac's Lumbermen and the Co-Op. Mill will tangle.

The games will start soon after six o'clock, so artificial lighting won't be necessary.

Mr. and Mrs. Adam Bowen and nephew, Roscoe Bowen, and niece, Mrs. Herbert Hamman and daughter Ruth attended the May Day celebration at North Manchester college last Saturday.

## A COMMENDABLE WORK

Occasionally one sees an act or deed that is an inspiration — something tangible that points toward good. We're glad to report that another Mentone citizen has stepped beyond his necessary demands to do a real service to the community. Coach Bevington, this week started a program of recreation for the younger boys of the community, and we feel he is entitled to the support and encouragement of every citizen.

Sweet potato plants at Markley's.

## SPECIALIST TO MEET

**MENTONE POULTRYMEN, ETC.**  
Roy A. Marriott, of the Lederle Laboratories of New York, will be at the Northern Indiana Cooperative Association offices at Mentone Friday evening, May 10, to discuss with poultry and livestock men the use of sulphur and penicillin drugs in the treatment of a number of poultry and livestock diseases.

Anyone interested in hearing Mr. Marriott is invited to come to the NICA offices Friday evening.

## MENTONE READING CLUB MET WEDNESDAY EVE.

The Mentone Reading Club met at the country home of Mrs. Stanley Boggs, Wednesday evening for their last meeting of the club year.

A potluck supper was a feature of the evening. The tables and rooms were made beautiful with spring flowers and candle light which were used for the entire evening.

After a short business meeting, the following program was enjoyed by the ladies and guests:

Both in costume in keeping with their song, Leah Nell Lemler and Jon Cullum sang a duet, "Sunbonnet Sally, and Overall Jim."

A reading in Jewish dialect, "Hello Zentral," was given by Wreatha McFarren.

A quartet composed of Mrs. Fred Lemler, Mrs. Wayne Tombaugh, Mrs. H. V. Johns and Mrs. Walter Fenstermaker, dressed in gay ninety costumes, sang the following numbers—accompanied by Mrs. Artley Cullum:

"While Strolling Thro' the Park One Day," "Bicycle Built for Two," "Peggy O'Neil," "Mary a Grand Old Name," "Band Played On," and "Darktown Strutter's Ball."

A solo, "Yankee Doodle Dandy," was featured in this group by Mrs. A. G. Shirey in big silk hat, tuxedo and walking cane.

In keeping with Mother's Day, Mrs. Artley Cullum, accompanied by Mrs. H. V. Johns, sang, "That Wonderful Mother of Mine."

The program chairman in charge of the above program were Wreatha McFarren and Mrs. Conda Walburn.

The year books for the ensuing year were distributed and discussed by the program chairman and club members.

Hostesses for the evening were: Mrs. Stanley Boggs, Mrs. C. G. Taylor and Mrs. Walter Lackey.

## THE NORTHERN INDIANA CO-OP. NEWS

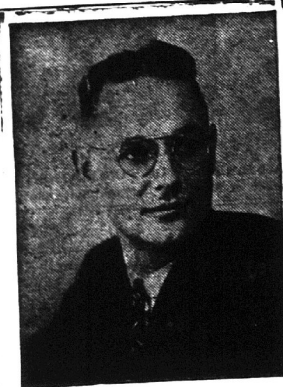

### Big Jumbo Y. F. C. Rally—Everyone Welcome—Come

Youth for Christ International, Inc.  
130 North Wells Street,  
Chicago 6, Illinois

The Tri-County Youth for Christ is bringing Dr. Torrey Johnson, fiery young president of Youth for Christ International, to the Mentone Community Building on May 16 at 8:00 p. m. Director Rev. E. C. Ralston, announced today.

Johnson is a pastor, a doctor twice over and famous as the founder of the great Chicagoland Youth for Christ. Dr. Torrey M. Johnson, unanimously elected general of the round-the-world Y. F. C. movement, is now in Europe spearheading a Y. F. C. Beachhead there. He plans to be back the second week of May to resume his aims to boost American Y. F. C. from its present 1,000 meetings in towns and cities throughout our own continent to 1,500 local Y. F. C.s, drawing about 1,500,000 young people regularly. Among his first meetings after his return from Europe, will be this jumbo rally scheduled for this area and will include the other Y. F. C. movements in this community.

Dr. Johnson will be accompanied to Mentone by Beverly Shea, one of the most appealing and popular Gospel

Dr. Torrey Johnson.

singers ever known in the Midwest. Beverly's delightfully rich bass-baritone voice has thrilled millions over the air and at public appearances.

Herman Voss, a creative musical genius and a much sought after piano soloist, who has also thrilled millions with his nimble fingers, will be at the piano.

Master of ceremonies will be Bob Murfin, a young man of twenty-four.

Murfin has a background of sports, music and war experience that has a strong appeal to young people. As a volunteer with a suicide mission in the South Pacific, he knows what dangerous living is. Six invasions found Murfin with the amphibious forces with whom he also was wounded. He had many thrilling experiences during the Guadalcanal, New Georgia, Bougainville and New Britain campaigns.

Others on the program will be announced later.

Dr. Johnson as president of the Youth for Christ movement which has sprung up all over the United States and is now spreading to foreign countries at an amazing speed (often under the directorship of some G. I. Joe) this 36 year old leader has recruited a talented and consecrated group of young men who are going "all out" to gear the youth of the world into their old-fashioned up-to-the-minute Gospel.

Tri-County Youth for Christ is sponsoring Johnson's engagement here because they are interested in procuring the greater benefits of his international program for our local Youth for Christ movement.

Torrey Johnson proved to Chicago that Y. F. C. gives every local church a spiritual boost. The successful pastor for 12 years of rapidly expanding Mid-West Bible Church, Chicago, he knows preachers' youth problems, and grooves Y. F. C. to help solve his own and others' enigmas.

Reaching Youth for Christ was the first Y. F. C. book published. Bob Cook, Torrey's great associate in the Mid-West Church pastorate, collaborated in its production. A well-written guidebook for Y. F. C. founders and operators, it has gone through two editions

of 10,000 each, and is still selling fast.

Two gigantic meetings attest the popularity of Torrey Johnson's Chicagoland Youth for Christ—30,000 packed our Chicago's great stadium and left thousands more wishing they could get in October 21, 1944; a 70,000 Memorial Day crowd commemorated Chicago's first Y. F. C. anniversary at the mammoth Soldier Field arena in '45.

Gaining power as he went, Torrey Johnson's fiery Gospel messages have attracted capacity crowds throughout the land wherever he has spoken. Slogan-wise, he labelled his program "Geared to the times but anchored to the Rock," and Youth for Christ International had adopted his motto for their own. Fast-moving Y. F. C. programs are youthful, dynamic, but Christ-centered and true to the Book.

Tri-County Y. F. C. is interdenominational in character, youthful in spirit, satisfying to young and old. "Be a pal and bring a buddy."

Mr. and Mrs. Mark Knickerbocker of Cedar Rapids, Iowa, are the guests of Mr. and Mrs. Allen Dillie. They all attended the wedding of Miss Betty Boyer, held at the Baptist church in Warsaw. Mrs. Boyer, mother of the bride, is a niece of Mr. Dillie and Mrs. Knickerbocker.

**INDIANA STATE FAIR WILL BE  
BACK IN FULL SWING**

Lieutenant - Governor Richard T. James, who is also Commissioner of Agriculture, states that rapid progress is being made on the State Fair Grounds in preparation for a "bigger and better" State Fair this year. More than 150 men are being employed at this time repairing the buildings

and getting the grounds in first class shape by opening day.

The Lieutenant-Governor states there will be around \$90,000 in purses for the Grand Circuit Racing, probably the largest purse ever offered at the Indiana State Fair, with the best horses in the United States already entered in the week's racing program. Preparations are also being made for one of the largest Horse Shows ever to be held on the fair grounds. These shows will be held each evening in the beautiful Coliseum.

Mr. James states that everyone who attends the fair this year will find it most entertaining as well as education-fund in the Manufacturer's Building, al. Many interesting exhibits will be Woman's Building, Machinery Field, and exhibits in the livestock department will feature the finest from many states.

Lieut.-Governor James extends an invitation to every person, young or old, in the State of Indiana, to spend at least a day or two at this great State Fair to be held August 30th to September 6th, inclusive.

## SCOUT NEWS

The following members were present at the troop meeting Monday evening: Junior Emmons, Roscoe Davis, Tom Fitzgerald, Walter Smith, Donald Peterson, Floyd Nicodemus, Max Friesner, Carl Peterson, Dave Cooper, Jim Nuell, Dave Johns, Donald Coleman and Scoutmaster Noble Oylar.

There were eight that went to Sunday school. The scoutmaster didn't go because one of the scouts couldn't mow his lawn because the scout mower was broken.

The ball team was discussed.  
ROSCOE DAVIS, Reporter.

### MAGAZINE CLUB MEETING

The Magazine club of Warsaw held the regular meeting at the home of Mrs. Cora VanGilder on Wednesday evening. After the business meeting Mrs. John Snell gave a most interesting review of the book "Westward the River" by Dale Van Every which was dedicated to the memory of Mrs. Vina Minear by a few of her friends. The remainder of the evening was spent in social conversation and enjoying the refreshments served by the hostess assisted by Mrs. Ellen Stanford and Mrs. Maude Snyder.

### HAD ME SCARED FOR A MINUTE

It looked as if auto driving in Mentone was becoming more hazardous on Wednesday evening, but I guess it was just a false alarm.

Lamar Anderson had the side car on his mechanized tricycle and was showing Bill Cook, nightwatchman, over the town. No arrests were made, but it looked like business for a minute.

### Potato Seed

Use of certified potato seed is the best insurance a farmer can have against bacterial ring rot disease of potatoes.

### START IN BUSINESS NO INVESTMENT REQUIRED

Good territory open. Customers waiting. Many established routes open, or you can start your own route near home. Over 140 farm necessities, nationally known quality products. Many dealers cleaning up \$12 to \$15 daily. Start on our capital. Big year 'round profits. Best time to start is now. Rush name for free facts.

## The History of Coffee

The fragrant cup of coffee which makes us civil every morning and renews us so often during the day links many nations in a long and romantic history. Just when it first appeared as a beverage no one can say exactly. But that it was an Arabian discovery seems very likely in view of the fact that coffee grew wild in that part of the world before the ninth century after Christ, and fanciful Arabian nights tales have been handed down about the first brew.

The most popular legend concerns Kaldi, an Arabian goatherd, whose dull life on the hillside made him a gloomy Joe indeed. But he picked and ate some of the berries his goats were fond of nibbling, because he noticed that after eating these berries, the goats became gay creatures. Kaldi himself became a new man. Thereafter coffee berries were indispensable to his diet, and so carefree and lively did he become that he often joined his goats in a merry dance.

A monk, to whom Kaldi confided his experiences, prepared a drink from the beans and served it to the members of his order. They found the beverage sustained their energy and helped them to pray and meditate longer, so they adopted the drink and cultivated the plant.

Gradually the popularity of the beverage spread to Turkey, where, in 1554, the first public coffee house was established. It was introduced

to the Venetians in 1615, the French in 1644, the English and Viennese in 1650, and it was brought to North America in 1668. But promptly the power of the beverage to stimulate clear thinking and plain talking converted the popular coffee houses into discussion clubs. And political debate that exploded into dissension, direct action and resistance made coffee houses the targets of tyrants like Charles II of England, who termed them seminaries of sedition.

But, according to Disraeli, London and Paris coffee houses of the seventeenth and eighteenth centuries held the mirror to "the manners, the morals and the politics of a people."

Here in colonial United States, too, the coffee house became the meeting house of the town fathers, and after a time changed from purely social centers to focal points of merchant trade and political discussion. Daniel Webster called Boston's Green Dragon Coffee House "the headquarters of the American Revolution."

The Dutch took the coffee plant to South America back around 1718, with a result that every sixth grader knows. Today's coffee plantations in Pan-America produce three-fourths of the world's coffee. And because we are the world's greatest coffee drinkers, of course we're the biggest customers for the Pan-American yield. All previous invoices were topped in 1945, when the United States imported 20,279,690 bags of coffee, each containing 132 pounds!

## W. S. C. S. MEETS

The Woman's Society of Christian Service met at the home of Mrs. Wm. Cook Friday evening. The meeting was opened by all singing, "Jesus Loves Me." Prayer was led by Mrs. Glenn Snider.

The secretary's report was read by Mrs. Mary Goodwin. The treasurer's report was given by Mrs. Faye Bunner.

Goals for 1946 was then presented by Mrs. Dora Goodman.

Echoes from the district meeting at Milford were given by Mrs. Ethel Snider, Mrs. Ethel Wagner and Mrs. Dora Goodman.

The song, "Beneath the Cross of Jesus," was sung by all.

The devotions were led by Mrs. Dora Goodman, her topic being, "Builders of Peace in Tomorrow."

The program leader Mrs. Thella Tombaugh then gave an interesting lesson

on "Children and the Peace Program." The story from one of our magazines was given by Mrs. Rilla Ringenberg.

Mrs. Mary Goodwin then read us two interesting articles from a copy of the Mentone Messenger, a church paper printed by Rev. C. C. Collins when he was pastor here. She closed with a beautiful poem, "Daylight and Darkness."

Delicious refreshments were served by the hostess, Mrs. Cook, and her assisting hostesses, Mildred Friesner, Mae Borton, Flo Borton, Snowden Haldeman and Alice Mollenhour.

The next meeting will be held with Lulu Wise June 7th unless otherwise announced.

## MENTONE HOME ECONOMICS MET

Mrs. Roy Salman was hostess to the Home Economics club Thursday afternoon, May 9, and was assisted by Mrs. George McIntyre, Mrs. E. Coleman Ralston and Mrs. John Leird.

After the opening which was conducted by the president, Mrs. Frank Warren, our lesson on "Center-pieces, Favors, and Gift Wrapping" was demonstrated by Janalyce Rouls—Home Demonstration agent, and was much appreciated by all.

Auction sale of seven articles was conducted by Mrs. Linus Borton, the articles being purchased by Mrs. Oral Welsh, Mrs. Frank Warren, Mrs. Don Ernsberger, Mrs. Earl Smith, Mrs. Thomas Wright and Mrs. Elmer Rathfon.

Mystery package was won by Mrs. Edith Darr and several birthday and wedding gifts were presented by Cheerio pals.

This being guest day, eighteen guests and four children were present, and twenty members responded to roll call by presenting their guests and giving a quotation about Mother.

# RESTRICTIONS

on the use of

# ELECTRICITY

Northern Indiana Public Service Company has received an order from the Public Service Commission of Indiana authorizing and directing it to curtail the use of electricity. This curtailment is immediately necessary to prolong the supply of electricity for public health, safety and the protection of property because of the critical coal situation.

*The following quotation is from the order of the Public Service Commission of Indiana:*

"Northern Indiana Public Service Company is hereby authorized and directed, during the effective period of the coal strike which began April 1, 1946, and for such further period that may elapse until normal deliveries of coal are resumed to petitioner, to curtail the use of electricity:

"(a) for all such purposes as decorative or ornamental and flood lighting, sign lighting, window and showcase lighting, comfort air conditioning, car heating, and interior lighting in excess of minimum requirements.

"(b) for industrial use except for an aggregate of 24 hours during the period Monday to Friday, inclusive; or to a use each week not to exceed 1/30th of the kilowatt-hours used in the April, 1946, monthly billing interval; and

"(c) for commercial use except for an aggregate of 24 hours during the period Monday to Saturday, inclusive, such use to be between 2:00 P.M. and 6:00 P.M. of said days;

"provided petitioner shall, insofar as practicable, exempt from such curtailment the supply of electricity for transportation, communication and for purposes and establishments immediately essential to public health and safety and the protection of property."

The Commission further ordered: The company "is authorized and directed to effectuate such curtailments by requesting its customers, through advertising or other means, to curtail the use of electricity as set forth in this order and to enforce compliance with such request to the extent the petitioner deems reasonable, practicable, advisable, and materially beneficial, including discontinuance of service."

The company has been unable to obtain coal shipments since the beginning of the coal strike, April 1. The reserve stocks were not as large as we desired due to limitation of delivery by Government fuel regulations and are rapidly decreasing. The electric supply for even essential services will cease about May 21, unless every customer helps conserve electricity during this emergency.

***The Situation Is Critical. Your Compliance Is Vital***

### NORTHERN INDIANA PUBLIC SERVICE COMPANY REDUCES ELECTRIC RATES

Dean H. Mitchell, president of the Northern Indiana Public Service Company, announced a new electric rate schedule, which will save customers more than \$528,000 annually, has been approved by the Public Service Commission of Indiana and will become effective on bills rendered on meters read on and after May 1, 1946.

Mr. Mitchell said the voluntary reductions in rates were worked out after conferences with the Public Service Commission in order to give the public the benefit from a federal tax reduction even though a substantial part of such tax savings will be needed to cover increased operating costs. Practically all residential and commercial electric customers, except very small users, will benefit under the new rate schedules. Lower block power rates, not previously effective in certain areas, are now being extended, benefiting small power users in many communities.

A new low step has been added in

the residential rate schedule which reduces the cost of electricity to 2c per kilowatt-hour for customers using in excess of 200 KWH a month. This new low step will provide cheap electricity for the use of many more appliances and services in the home.

Mr. Mitchell pointed out that the new rate schedule is in keeping with the company's policy of providing the best possible service at the lowest possible cost. He stated that, in sharp contrast to the rising cost of every other commodity, the Northern Indiana Public Service Company has been able to maintain its low level of rates. Although the cost of producing electricity has increased considerably, there has at no time been an increase in the rates. In fact, due to lower rates and increased consumption, residential customers paid an average of 21% less per kilowatt hour last year than they paid in 1936.

### RETURN OF THE SWING

As long as one can stay along the sidelines it is somewhat amusing to watch the show that goes on daily between peoples, businesses and groups. Most Mentone citizens will remember a Mr. Fox who was in town three or four years ago campaigning against John L. Lewis. Mr. Fox said that the U. S. Chamber of Commerce had appropriated (budgeted) two million dollars to send 500 representatives into every congressional district in the U. S. to combat the power of John L. Lewis in congress. At that time he had managed to make the U. S. Chamber of Commerce (which does not operate on the principles of democracy when it won't accept a voting member until he contributes at least one thousand dollars) take a back seat and not be able to manipulate congress to their whims and desires. Said Mr. Fox and the U. S. Chamber at the same time induced thousands to pay a few cents each week so they could send a special propaganda letter to them every couple of weeks, which helped finance the blackmailing program.

Two million dollars to ruin a man—and they did a good job of doing so! Now, John L. comes back asking for a royalty of 10 cents a ton on coal—fifty million a year—and there is little question but that he will use it to do the same thing the intellectuals of the U. S. Chamber did back there.

We can't say whose wrong today—we aren't going to try—but forcing of tribute doesn't seem right, regardless of who does it. One thing is certain, the squeeze today is a showdown—and each side is using every possible talking point. Industry is enjoying the opportunity of curtailing electric service, rail service, etc., just to create public opinion against labor; state republican leaders jumped at the chance to make things look bad for the opposition at election time.

Verification of some of the above contentions comes from the statements

of other power officials. Neighboring towns are not on the dim-cut regulations because their power company has electricity and plenty of it, but that fact does not help Mentone consumers. If we're short, then we must conserve as best we can regardless of the political elbow-smashes that may be involved.

As we've said before, every word, act or deed of man has a purpose, and if you can figure out that purpose you are a long way towards being prepared for what is to follow.

### Fraud Loss

The American public's annual loss to all forms of crooked schemes and frauds has been variously estimated by competent authorities at between three to five billion dollars.

It's almost 6 p. m., his car's a block away, and he forgot to gas up at Cox's!

## Church Notes

# FIRST BAPTIST CHURCH

Mentone, Ind.

You are ever welcome to this house of God

Special music at each service.  
Workers Prayer Meeting 9:15 A.M.  
Everyone welcome. Teachers and officers are expected to attend.  
Bible School 9:30 A.M.  
Classes for all ages including a nursery for the babies.

"We love our children. We gratefully assume the responsibility of giving them the best possible foundation of physical strength. We seek for them social grace and competence, that they may deal with men with a fine comradeship. But, more than all else, we seek for our children a spiritual development, an ever-increasing assurance that this is God's world, and not the world of the devil, or of the dictator, or of the machine. We parents cannot shift our responsibility to the Sunday school, but the Sunday school can help us in our task. Many of us remember with gratitude our consecrated Sunday school teachers. They lived and taught an ideal which made an impress upon our characters. Their acquaintance with the Bible, and with life, has helped us to know better the source of that which gives to life its meaning and value.—William H. Danforth, president, Ralston Purna Company, Inc.

Morning Worship 10:30 A.M.  
Young People's Fellowship 7:00 p. m.

## SUMMER RECREATION

Monday afternoon, twenty-eight boys from the 3rd, 4th and 5th grades met at the high school softball diamond under the supervision of Mr. Bevington. Time was spent in learning the fundamentals of playing softball. All boys took part in mass batting drills where they learned the five important steps of becoming successful hitters. The afternoon ended in a practice game between two teams.

On Tuesday afternoon, the Akron "Mosquito" Flyers tangled with the Mentone Pups. Two games were played with all boys having a chance to participate. These boys were all in the 3rd, 4th and 5th grades.

Johnny Davis and Ned Witham formed the battery for Mentone while Heeter and Walkamuth served for Akron. Davis allowed 9 hits, 1 walk and struck out four batters while Heeter allowed 5 hits, 4 walks and struck out 4 batters. The Mentone Pups won the first team game by a score of 6 to 7. The game was close all the way and the Pups were given a scare in the seventh inning when the Mosquitos ran in three runs to almost tie the score.

The first team batting record follows:

	Hits	At Bat	Bat. Av.
Donnie Butt	2	3	.666
Bob Vandermark	2	3	.666
Larry McKinley	1	3	.333

John Clutter walked both times he had a chance to bat so his percentage may go up next week. Ned Witham, John Davis, Donald Peterson, Wallace Oyler, Merrill Peterson and Don Plenar failed to get hits although several of the boys did get walks.

On Wednesday afternoon, boys from the 7th, 8th and 9th grades played a game of softball with boys from Akron of the same age. Donald Coleman and Dave Johns formed the Mentone battery while Dick Doub and W. Largen took over the duties for Akron. Coleman needs experience but he has much promise of being a successful pitcher. He allowed 15 hits, 4 walks and struck out 10 players while Doub allowed 13 hits, 10 walks and struck out 11 batters. The Mentone boys were not as fortunate as their younger friends of the day before as they went down to a 12 to 16 defeat after leading up to the sixth inning.

The batting record for the team follows:

	Hits	At Bat	Bat. Av.
Donald Grubbs	4	5	.800
Dave Johns	2	4	.500
Loren Gross	2	5	.400
Tom Fitzgerald	2	5	.400
Roscoe Davis	1	3	.333
Max Friesner	1	4	.250

Friesner saved himself on percentage when he got a home run in the sixth inning. Roscoe Davis received three walks for being so tall. Coleman, Cooper and Max Grubbs failed to connect.

All the boys enjoyed a good time. The give and take in competition involving outside boys stimulates good sportsmanship and fair play.

## MANY DEATHS PAST WEEK

### MRS. HENRY MILLS DIES WHILE VISITING HERE

Mrs. Henry Mills, 73, of White Bear Lake, Minn., for many years a resident of Mentone, died at 7 a. m. Wednesday at the home of her sister, Earl Carblener where she was a guest. Death was due to a cerebral hemorrhage, following a serious illness of less than a week. She had been in failing health for the past five years. Mr. and Mrs. Mills were called to Mentone several weeks ago by the death of a brother-in-law, Marion Griffiths. Mrs. Mills was advised that the trip would be too strenuous for her, but she arrived without undue difficulty and was thoroughly enjoying a visit with old friends at Mentone.

Mrs. Mills was the daughter of James and Rebecca Webster and was born March 27, 1873, in Mentone, where she resided until three years ago when she and her husband moved to Minnesota. As Mary (Molly) Webster she was united in marriage to Mr. Mills, who operated a barber shop in Mentone for 55 years. She was a member of the Mentone Methodist church.

Surviving relatives include her husband, a daughter, Mrs. M. H. (Edith) Dunlap of White Bear Lake, Minn., a foster-daughter, Mrs. Lois Fenstermaker, Mentone; two sisters, Mrs. Ida Griffiths and Mrs. Blanche Carblener, both of Mentone; two grandchildren, Sue Fenstermaker of Mentone and Mrs. Mary Lou Lonergan of White Bear Lake, Minn.; two great-grandchildren, Maxine and Robert J. Lonergan, of White Bear Lake, a nephew, Milo Griffiths of Mentone, and a niece, Mrs. Dolly Bitner, of Wabash.

Funeral services will be held at two o'clock Friday afternoon at the Johns funeral home, with Rev. A. G. Simmons, pastor of the Methodist church, officiating. Burial will be in the Mentone cemetery.

### JACOB KERN, 45.

#### CALLED BY DEATH

Jacob Kern, aged 85 years, lifelong resident of this county, passed away at the home of his daughter, Mrs. Frank

Tucker, of Claypool, at four o'clock on Monday afternoon. Death was due to angina pectoris and complications.

The deceased was born near Sevastopol December 24, 1860, the son of George and Margaret Kern. He was united in marriage to Martha Thompson, who preceded him in death. He was a member of the Mentone Church of Christ. He was also a member of the Mentone Masonic lodge and the Claypool Lions Club.

He resided on a farm south of Sevastopol for a number of years.

Mr. Kern is survived by the daughter, at whose home he died; two sons, Ivan, of Sevastopol, and Charles, of New York; one brother, Isaac, of south of Burket; two sisters, Mrs. Mary Shriver, of Mentone, and Mrs. James Day of Homewood, Ill.; six grandsons and two great-grandsons.

Funeral services were held Wednesday afternoon at the Reed funeral home at 2:30 o'clock, with Rev. Silas Hill officiating. Burial was in the Mentone cemetery.

### DANIEL GRUBBS DIES AT CONSTANTINE, MICHIGAN

Funeral services for Daniel Grubbs, aged 71, who died at six a. m. Sunday at his home in Constantine, Michigan, were held at two p. m. Tuesday at the Baptist church here. Death followed an illness of two years.

Mr. Grubbs was born in this county March 10, 1875, the son and Jesse and Hannah (Romine) Grubbs. He was a farmer residing near Etna Green before moving to Constantine in 1943. In 1904 he was married to Nora B. Davis at Fairbury, Nebraska, who survives. Other relatives include five sisters, Mrs. Phoebe Emmons of Warsaw; Mrs. Zella Masten of Fairbury, Neb.; Mrs. Etta Lowe of Mahaska, Kansas; Mrs. Stella Lott of Salem, Oregon, and Mrs. Lettie Kroetsching of Harbline, Neb.; five brothers, Peter and Orla of Mentone; John of Bourbon; and Leonard and Harley of Mahaska, Kansas; and a granddaughter, Phyllis Getts of Fort Wayne. A daughter, Ruby Grubbs, died in 1930 and a son died in infancy.

Rev. Silas Hill, officiated, assisted by Mrs. E. C. Ralston. Burial was in the Palestine cemetery.

Mrs. M. G. Yocum, Mrs. E. D. Anderson and Mr. and Mrs. Robert Anderson spent Friday in Auburn and Garrett.

## MOVIES TO START HERE

Earl Scott, of North Manchester, was in town Thursday and announced that starting Wednesday evening, May 22, he will show outdoor movies on the lot just west of Pete's Lunch, across the alley from the Mentone Cafe.

Mr. Scott stated that he presented movies to Mentone citizens better than 20 years ago.

### SURFACE BABY BURIED MONDAY

Funeral services were held at two p. m. Monday at the First Baptist church for Larry Wayne Surface, the eight-months-old son of Orlando and Catherine Smith Surface of Franklin township. Death followed an illness of three days due to pneumonia.

Surviving relatives include the parents, who reside east of the Beaver Dam school house; the grandparents, Mr. and Mrs. O. F. Surface, and Mrs. Della Smith, all of Fort Wayne, and a number of uncles and aunts.

Burial was in the Mentone cemetery.

### WONDER HORSE PUTS ON SHOW FOR MENTONE YOUNGSTERS

Rex, the Wonder Horse, who has given exhibitions throughout the nation and claimed to be among the five most intelligent horses in the U. S., put on a special showing to a dozen or more Mentone youngsters Tuesday evening at the Harry Vernet farm northeast of Mentone. Mr. Vernet has owned the 12-year-old horse for ten years and had taught him a total of 35 tricks which he will do at command. Mr. Vernet stated the usual trick horse performs about five or six tricks and must do them in the same order each time. Rex performs any of the 35 tricks at any time he is instructed to do so.

Mr. Vernet, who purchased the L. L. Latimer farm a short while ago, sold the horse to his one-time show assistant and was to deliver it the following day. After hearing this information, George Clark arranged for an exhibition for all the Mentone boys and girls he could get rounded up. All of the youngsters were given a ride after the show.

Mr. Vernet stated the selling price of the horse was \$1,000.00.

### WOMEN AGAIN INVADE LIONS MEETING WITH FLOOR SHOW

The ladies of the Mentone Reading Club, who recently presented a "singing stage show" at the Reading Club meeting, showed up rather unexpectedly at the Lions club meeting Wednesday evening and put on a real entertainment. The costumes and singing were in harmony with the "spirit of '76," and the whole affair was greatly enjoyed by the Lions. The club members appreciated the entertainment and assure the ladies that they have a invitation to surprise them again.

The ladies who participated were Eileen Fenstermaker, Mrs. H. V. Johns, Mrs. Fred Lemler, Mrs. Wayne Tombaugh, Mrs. Guido Shirey and Mrs. Artley Cullum. (The stage and sound effects crew wasn't announced, so we can't mention the assistants.)

### MENTONE MUSICIANS GIVE WARSAW CLUB PROGRAM

A "Spring Musicales" was enjoyed at the meeting of the Tuesday Dramatic club which was held at the home of Mrs. Ford Hardman, at Warsaw. Mrs. Maude Snyder, of Mentone, presented her students who gave a program featuring music of the great composers. Appearing on the program were Marilyn Tucker, Winifred Eller and Violet Friesner, who sang trio arrangements of "Rustle of Spring," by Sinding; "Bells," by Rachmaninoff, and "Night-fall," by Liszt. Piano solos were given by Rowena Haymond, who played "Indian Love Call," by Primm; Malcolm Long, who played "Polonaise in A Flat," by Chopin; Jackie Blue played "Deep Purple," by DeRose; "Minuet in G," by Beethoven, was played by Shirley Igo; "To A Wild Rose," by MacDowell, was played by Virginia Rush, and "Hungary," Koelling, by Alice Magazine. Vocal solos were sung by Violet Friesner, who used "My Hero," from the Chocolate Soldier and "Morning" by Olej Speaks; Marilyn Tucker sang "Serenade," by Sigmund Romberg, and Winifred Eller, "Thine Alone," by Romberg. "A Perfect Day," arranged for duet, was sung by Marilyn Tucker and Winifred Eller. Mrs. Snyder closed the program with the piano solo, "Ave Maria," by Schubert.

Ed Kimes, of north of Mentone, has been very ill. He is still quite uncomfortable.

### AUTO DEALERS ORGANIZE

Thursday, May 9th, the automobile dealers of the county met at Milford and elected the following officers:

Gerry Overmyer, president.  
Porter B. Williamson, secretary.  
Frank Hartsock, treasurer.

The meeting was held in Katy's dining room with 21 dealers present. Hobart Creighton was a guest.

The following information was contained in the news release to the Co-Op. News:

There is a tremendous increase in black market sales of used cars. OPA regulations place a ceiling on used cars but owners are selling above ceiling to private individuals. In many cases a 1940 or 1941 model will sell for more than the price of a new 1946. The limited supply of new cars places a responsibility upon a dealer to sell a new car to those people who have the most urgent need. If an individual has sold his car he has clearly demonstrated that he is able to be without a car.

These black market sales and OPA regulations works the greatest hardship upon returned veterans. The automobile dealers are reserving one-third of their new cars for veterans. This is not enough new cars and with used cars selling on black market, it

is impossible for the veterans to secure transportation.

The automobile dealers have unanimously agreed that veterans and legitimate purchasers shall have priority on all new cars.

### WAR MOTHERS MEET

The War Mothers met May 15th with Mrs. Myrtle Davis. It was a delayed meeting date because of the emergency of the week before.

Three officers were not present, which was the first any officer has missed a meeting this year.

They appointed their president, Opal Tucker as a delegate to the National Convention at Indianapolis in June.

Mrs. Wagner was named as a visiting delegate.

The convention has 850 reservations for the banquet, which is to be held in the "Red Gables Supper Club."

Dedication of the new National Headquarters will be held the afternoon of June 27th, the first day of the convention.

Our business meeting was quite interesting and hope more of you mothers get out to your club meetings.

We plan to take part in the Decoration Day services at Mentone.

Thanks

I wish to thank the Navy boys of

## EARLY CORN YIELDS LESS

Planting hybrid corn before May 20 in Indiana rarely results in an increased yield.

Joe Clark, county agricultural agent, in commenting on planting dates for hybrid corn referred to both the results of the Five-Acre corn contest and tests run by the Purdue University Agricultural Experiment Station.

The study shows 1300 farmers in the 1945 contest planted their crop during the last ten days of May with an average yield of 107% bushels, while 221 farmers planting before the 20th averaged one-tenth of a bushel less per acre. In 1944 the decrease in yield for earlier planting was one and six-tenths bushels and in 1943 it was eight bushels per acre, according to average results in the Five-Acre contest. In addition the corn borer hazard is increased by the earlier planting, and the prevalence of corn borers this spring justifies general delay until May 20 to aid in holding this damaging

insect in check.

Hybrids used today are much better adapted to the growing season than the open pollinates formerly used. With general fertilization now practiced they are likely to mature with better quality. While some tendency has developed to use later hybrids than should be planted, farmers, generally, are using hybrids of the maturity of the Indiana certified 200 and 400 series in northern counties, and the 600 and 800 series in much of central Indiana. In southern counties the 800 series are used almost exclusively along with a few white hybrids.

It is better to respond to the mid-May urge to plant something by planting soybeans in rows rather than by planting corn under present conditions. (Cold wet soils are favorable to the development of organisms that destroy seedlings, and are unfavorable to nitrification.) A warm soil promotes rapid nitrification so essential to good growth of corn, and soils may be warm enough for soybeans some days before the year warm enough for corn. In addition, weeds are less of a hazard if destroyed by several seed bed preparations before the planting season is started.

# Restrictions on the Use of Electricity REMOVED

The restrictions on the use of electricity ordered by the Public Service Commission of Indiana have been removed.

You may now resume your normal use of electric service.

**NORTHERN INDIANA PUBLIC SERVICE COMPANY**

#### FORMER COUNTY RESIDENTS VISITING HERE FROM WEST

Mr. and Mrs. Charles Sheets and daughter, Mrs. Clarence Hoyt, of Los Angeles and Mr. and Mrs. Otis Sheets of Adelanto, California, are enjoying a two weeks visit with relatives of the county. This is their first return visit to Indiana after having moved from Burket 23 years ago.

On Sunday, May 12, fifty relatives met at the home of Mrs. Otis Dickey, west of Warsaw, for a pot luck dinner in honor of the California visitors. Besides the honored guests, the following were present:

Mr. and Mrs. P. E. Groves and son Rex, Mr. and Mrs. Cecil Kirk and two sons and Mrs. Mary Lackey and son of Akron; Mr. and Mrs. Chas. Fout, Knox; Mr. and Mrs. Walter Woods and two children of Valparaiso; Mr. and Mrs. Jesse Thompson of Rochester; Mr. and Mrs. Rudolph Jones, Mr. and Mrs. Russell Ring, Mrs. Vera Mattix and two children, Shirley and Bob, Mr. and Mrs. Devone Jones, Mr. and Mrs. Tommie Meredith, all of Claypool; Charley Jones of Burket; Mr. and Mrs. Gaylord Jones and two daughters of Syracuse; Mr. and Mrs. Clyde Jones of Warsaw; Mr. and Mrs. Vernon Jones, Mentone; Mr. and Mrs. Elmer Sheets, Akron; Mr. and Mrs. George Dickey, Warsaw; Otis Dickey and two sons of Warsaw; Charles Dickey and son Ken-

nard of Goshen; Rudolph Dickey of Dayton, Ohio.

Bud Janke has arrived back in Mentone after his discharge from army service.

Mr. and Mrs. Fred Carey and family and Mr. and Mrs. Eugene Lancaster and family spent Sunday at the Artley Cullum home. Mrs. Myrtle Reed came with them and remained to spend the summer with her daughter and family. Mr. and Mrs. Chase Robinette and son of Fort Wayne, and Mr. Robinette's father and mother from Columbia City, were afternoon visitors.

## MRS. BOWMAN HOSTESS TO THE T. H. E. CLUB

T. H. E. club met with Mrs. Ada Bowman recently. The meeting was brought to order by the president, Mrs. Virginia White. The garden school lesson was given by the county agent.

All enjoyed a program in honor of Mother's Day. A reading, "All the World," by Ruby Good, and a vocal duet by Mrs. Ann Staldine and Mrs. Edith Arter. Presents were given to the eldest and youngest mothers, Mrs. Edith Arter and Mrs. George Deamer, Jr.

The history of the song of the month was read by Mrs. Ann Staldine after which "The Battle Hymn of the Republic" was sung. The business session was held.

Mrs. Helen Emmons gave a very interesting report on the convention. A book review of "Papa Was a Preacher," by Alyene Porter, was very capably given by Mrs. Kermit Biddinger.

Refreshments were served to the members and two guests.

—Newcastle Reporter.

## GIVEN BIRTHDAY SURPRISE

William Fisher was pleasantly surprised on Sunday when a number of relatives dropped in to wish him a happy birthday. At the noon hour a delicious pot luck dinner was enjoyed by the following: Mr. and Mrs. William Fisher, Mr. and Mrs. Jerry Robbins, Mr. and Mrs. Henry Robbins and son Virgil, Mr. and Mrs. Charles Dorlan, Mrs. Mildred Flenar and sons and daughter, Mrs. Doris Grubbs, Mr. and Mrs. Merl Linn and daughters, Carlton Shirey and Mr. and Mrs. Floyd Blackwell and daughter Josephine.

Mrs. C. W. Shoup is in Warsaw at the home of her brother, John Shoup. She is assisting in the care of her sister, Miss Addie Shoup who suffered a broken hip last Friday morning.

○ ○ ○

Mrs. U. R. Oldfather and son Rusk, of Elkhart, and Mr. and Mrs. Irvin Wissler and son Donald and Mr. and Mrs. William Wissler of Fort Wayne, were guests at the E. E. Jones home on Mother's Day.

# EGGS

## Are you really one of the best drivers in YOUR COMMUNITY?

### Here's a way to rate yourself in the POLICE TRAFFIC SAFETY CHECK

Let's be honest, now . . . remember, your own safety and that of your family depend on the way you drive.

- | YES                                                                                                                | NO                       | YES                                                                                 | NO                       | YES                                                                                                               | NO                       |
|--------------------------------------------------------------------------------------------------------------------|--------------------------|-------------------------------------------------------------------------------------|--------------------------|-------------------------------------------------------------------------------------------------------------------|--------------------------|
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/> | <input type="checkbox"/>                                                            | <input type="checkbox"/> | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> |
| 1. Do you always signal before turning or coming to a stop (never play guessing games with the driver behind you)? |                          | 4. Do you obey traffic lights—even when you're in a hurry?                          |                          | 7. Do you know and observe the rules of the road in your community? (Frankly, now, have you ever looked them up?) |                          |
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/> | <input type="checkbox"/>                                                            | <input type="checkbox"/> | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> |
| 2. Do you always come to a full stop at a stop sign (never coast through)?                                         |                          | 5. Do you drive in and turn from the proper traffic lane?                           |                          | 8. Do you keep alert when driving—watch traffic?                                                                  |                          |
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/> | <input type="checkbox"/>                                                            | <input type="checkbox"/> | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> |
| 3. Do you give the pedestrian a break even though he may not have the right of way? (You walk, too.)               |                          | 6. Do you refuse to drink before driving? (Think, now, before answering.)           |                          | 9. Do you drive within the speed limits—never yield to the temptation to do a little "low altitude flying"?       |                          |
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/> | <input type="checkbox"/>                                                            | <input type="checkbox"/> | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> |
|                                                                                                                    |                          | 7. Do you drive with extra caution in fog, rain or snow and on wet or icy pavement? |                          |                                                                                                                   |                          |

10 "YES" answers—Are you really that good?

8 to 10 "YES" answers—Good driving. We need more of you!

6 to 8 "YES" answers—Fair driving. You must improve.

Less than 6 "YES" answers—Poor driving. You're headed for trouble; possible injury and serious financial loss!

P. S. Take another look at your score. Would your family and friends rate you the same?

Seriously, don't you wish when you and your family are on the streets that all drivers could truthfully answer Yes to all ten questions? Of course you do—and the next driver feels the same way about it. So start today to improve your score.

ACCIDENTS!

The Police Traffic Safety Check sponsored by International Association of Chiefs of Police.

(PREPARED BY THE ADVERTISING COUNCIL IN COOPERATION WITH THE NATIONAL SAFETY COUNCIL AND INTERNATIONAL ASSOCIATION OF CHIEFS OF POLICE)

## CHECK YOUR CAR!

These are the mechanical features that will be examined in the Police Traffic Safety Check:

- BRAKES**—Do they need adjustment? How about the hand brake?
- LIGHTS**—Do any bulbs need replacing? Are headlights properly focused and aimed? Are tail and stop lights in good condition?
- TIRES**—Are they all in safe condition? (No cuts, fabric breaks, excessive wear?)
- WINDSHIELD WIPERS**—Do they operate satisfactorily? Do blades need replacing?
- HORN**—Does it operate easily and when you need it?
- Are there any other safety items that need attention, such as steering, defects in glass, rear view mirror, muffler, etc? (Have these checked regularly.)

### 4-H Club Pamphlet and Agricultural Booklet Soon Ready to Mail

Every person who is interested in showing at the Indiana State Fair this year should write to Mr. Orval C. Pratt, Secretary and Manager, to secure a pamphlet covering the department in which he is interested. Address Mr. Pratt at the Indiana State Fair Grounds at Indianapolis, Indiana and your request will be given prompt attention.

Booklets are being printed for the following departments—4-H Club, Agriculture, Light Harness Horse, and the regular Premium List, therefore, kindly designate the one you desire.

There will be around \$200,000 in premiums and purses offered at this year's Fair which will be held August 30th to September 6th—eight days and nights. The first Friday, August 30th and Saturday, August 31st, will be devoted to 4-H Club work and Mr. Pratt will appear every 4-H Club Boy and Girl as well as the farmers and breeders will plan to spend several days at the Fair this year as it will

not only be a vacation trip, but will also prove educational as well.

## LOCAL NEWS

### Packaged Meat

The quality of frozen food suffers if poor packaging materials are used and if packaging is done carelessly. In experiments to determine the best packaging materials for frozen foods, uniform quality pork chops and ground beef were wrapped in locker paper or in cellophane. For six months the packages were weighed at intervals to determine the loss of moisture, and cellophane excelled in this respect, but it is about twice as expensive as is butcher paper. Several thicknesses of locker paper were more protective than was one layer.

### Yeast Adds Proteins to Eggs

As much as 55 per cent protein value can be added to dried eggs if wood-derived yeast is mixed with the product.

**LEDERLE REPRESENTATIVE  
GAVE TAL KHERE FRIDAY**

Roy Merriott, representative of the Lederle Laboratories, spoke before a group of interested listeners at the office of the Northern Indiana Cooperative Association Friday evening.

Mr. Merriott explained the part the sulpha and penicillin drugs were playing in the treatment of livestock and poultry diseases. The one sulpha compound, now being sold in feed form at the Co-Op. Mill, is claimed to be a definite cure for coccidiosis. The medicines manufactured by this laboratory cover the whole realm of medical science and they offer relief for all types of livestock or poultry producers.

Mrs. W. C. Cant was hostess to a number of friends at her home on Tuesday evening. The get-together was in honor of Mrs. Robert Burns, formerly Kathrine Judd. Mr. and Mrs. Burns were united in marriage by a minister friend in his home on Saturday morning, May 4th.

### INEZ LIDGARD BURIED IN NICHOL CEMETERY

Mrs. Inez Lidgard, 56, of Laporte, widow of the late Virgil Lidgard, died in the Holy Family hospital in Laporte on Friday of last week after an illness of several weeks duration due to complications.

She was born June 30, 1889, and was reared on a farm near Beaver Dam. Her parents were William and Mary Cook. After her marriage Mr. and Mrs. Lidgard lived for a number of years on a farm near Talma.

Survivors include three sons, Donald and John, of Laporte, and Charles, who is in the army; five daughters, Mrs. Nellie Sumpter and Mrs. Argill Sumpter of Bremen, Mrs. Mary Valenstein of Rome, N. Y., Ordythe and Faye Joyce at home; a brother, H. A. Cook, Elkhart; a sister, Mrs. Harrison Sands of Rochester, and seven grandchildren. Three children preceded in death as did Mr. Lidgard.

Funeral services were held from the Methodist church in Talma at 2:30 p. m. Monday with interment in the Nichol cemetery in Newcastle township.

—Newcastle Reporter.

Bring your guests, friends and neighbors to all these services where a hearty welcome awaits you.

Are Ye Able?

Able to suffer without complaining—  
To be misunderstood without explaining;

Able to endure without breaking—

To be forsaken without forsaking;

Able to give without receiving—

To be ignored without any grieving;

Able to ask without commanding—

To love despite misunderstanding;

Able to turn to the Lord for guarding—

Able to wait for His own rewarding?

## WINNERS CLASS MEETS

The Winners class of the Baptist church met Friday evening at the home of Rev. and Mrs. E. C. Ralston. Devotions were given by Mrs. Ora McKinley in keeping with Mother's Day. Games were enjoyed by all and were in charge of Mr. and Mrs. Raymond Lewis. Delicious refreshments of home made cake and ice cream were served by the hostess.

The June meeting will be held at McClure Lake during camp, with Noble Oyler and Clayton Holloway in charge of the wiener roast.

## MEREDITH—HOLLOWAY

Miss Betty Lou Holloway, daughter of Mr. and Mrs. Fred Holloway of Akron, became the bride of Richard E. M. Meredith, son of Mr. and Mrs. Harry Meredith, of Mentone, in a double-ring ceremony performed at 9:30 a. m. Wednesday by Rev. William Overholser at his home near Warsaw.

The bride chose for her wedding a chiffon net dress of powder blue. Her accessories were of navy blue and she wore a corsage of orchids. Mr. and Mrs. Wade Holloway, of Akron, brother and sister-in-law of the bride, were their attendants. Mrs. Holloway wore a corsage of pink sweet peas.

Mrs. Meredith is a graduate of the Burket high school with the class of 1944 while Mr. Meredith attended high school at Beaver Dam. He is employed as a truck driver.

After a honeymoon trip to Baltimore, Md., Mr. and Mrs. Meredith will be at home to their friends in their newly furnished home in Akron.

Mrs. Robert Anderson is ill in the home of Dr. and Mrs. E. D. Anderson.

## SOFTBALL STARTED MONDAY

The first regular practice games for the softball league got under way Monday evening when Pete's Lunch team, managed by Clayton Holloway, tackled the Burket aggregation. The Burket boys were more fortunate in getting runs and won 7 to 4.

Tuesday evening the Co-Ops and Mac's Lumbermen crossed bats and as darkness descended in the last half of the seventh, the lumbermen slugged one out into the darkness and brought in the winning run, 9 to 10.

## LOCAL NEWS

Mr. and Mrs. Leonard Amstutz are the parents of a girl, Linda Jean, born Tuesday. The mother was a former teacher here, Miss Ruth Lehman.

Mrs. Chloe (Shirley) Henderson, of Constantine, Michigan, attended the Dan Grubbs funeral and while here made a social call at the Clark home.

Mr. and Mrs. Raymond Weirick and Mr. and Mrs. Fred Lemler and Leah Nell visited Mr. and Mrs. Donald Weirick in Port Wayne on Sunday.

The Meltons now have a small ice house in Mentone which will make it more convenient to serve the local patrons.

Sam Zukerbrod, of the firm of S. Hackel & Co., Inc., New York City, spent a few days last week calling on Mentone friends.

More than 100 enjoyed the Mother and Daughter banquet at the Methodist church last Friday evening. The dinner was all that could be desired and a very interesting program followed. We commend the committees.

Morris Neugeboren, of New York City, was a Mentone caller this week in the interest of his firm, The Silverman Butter & Egg Co., Inc.

Mrs. Broda Clark wishes to express her appreciation to all who were in any way responsible for the honor conferred upon her at the church last Sunday morning. She was made Mother of the Mentone Methodist church. Her grandsons, Bill and Dick Clark, presented her with a huge basket of glad-till.

Mrs. Elnora Severns entertained her son, Mr. and Mrs. Lee Severns and family, of South Bend, and Mr. and Mrs. Elmer Rathfon on Sunday.

Mr. and Mrs. Emory Davis were Sunday dinner guests of Mr. and Mrs. Early Leedy and family of near Warsaw.

Mrs. Ruth Melton flew to Rockford, Illinois Friday morning for a week's visit with her mother. Chick Herendeen piloted the plane, leaving Mentone at 6:45 a. m. and arriving back at Mentone before 10:30 a. m.

## ENJOY GOLDEN ANNIVERSARY

Sunday afternoon about 60 neighbors and relatives of Mr. and Mrs. E. H. Kinsey, who reside a mile and a half northwest of Mentone, came to their home to help them celebrate their golden wedding anniversary. Friends came from North Manchester, Warsaw, Claypool, South Bend and Mentone, and all were bent on making the day a happy one for Mr. and Mrs. Kinsey. A daughter-in-law in Connecticut, whose husband is in Germany, started the day off beautifully when she wired a corsage to Mrs. Kinsey Sunday morning.

Neighbors presented the couple with a fine table lamp and the others also brought many nice gifts. Refreshments of punch and cake were served during the afternoon.

Mr. and Mrs. Kinsey, who are aged 73 and 71 respectively, were married at the home of the bride's parents, two miles east of Burket, May 20, 1896.

One son, Wendell, is on an educational lecture tour with the U. S. Army and is now in Germany. The other son, Kenneth, is at home. There are three grandchildren.

Mr. and Mrs. Kinsey express their thanks and appreciation to everyone for the gifts, remembrances and an enjoyable day.

## BOURBON LADY DIES IN CROSSING ACCIDENT

A Pennsylvania fast train instantly killed Mrs. Mary Varier, 61, Friday afternoon, when her automobile stalled upon a crossing one mile west of Bourbon. She was the wife of David Orville Varier, farmer residing three miles southwest of Bourbon.

Wreckage was strewn from the crossing to the center of Bourbon, a mile distant, the largest portion of the car being deposited along the right-of-way in downtown Bourbon as the flyer came to a grinding stop.

Mrs. Varier's inert body was found 75 feet east of the crossing, within ten feet of the car door through which she tried to escape death.

Word has been received that Junior Fore is on his way home from China.

## DICK - HOMMAN MARRIAGE HERE SATURDAY EVENING

At eight o'clock Saturday evening in the home of Mrs. Esther Borton, on South Franklin Street, Mrs. Ota Homman, of South Bend, daughter of Mrs. Borton, was united in marriage to Willard J. Dick, of Talma. Preceding the double-ring ceremony read by Rev. S. M. Hill, Miss Marilyn Tucker, granddaughter of the bride, and Miss Winifred Eiler sang, "The Bells of St. Mary's" and "I Love You Truly." Mrs. Olive Tucker, daughter of the bride, and Carl Dick, son of the bridegroom, were the attendants.

Mrs. Homman was attired in a gown of rose-pink, and Mrs. Tucker in aqua. Each wore a corsage of lilies of the valley and small iris.

The couple will reside at Talma where Mr. Dick is a retired farmer.

Following the ceremony dainty refreshments were served to the following relatives and friends: Mrs. Borton, Mr. and Mrs. Pearl Tucker and son, Terry, and daughters, Marilyn and

Marietta, Mr. and Mrs. Allen Dillie, Mr. and Mrs. Milo Griffith, Rev. Hill, and Miss Winifred Eiler, all of Mentone; Roy Dick and son, Jimmy, of Talma; Carl Dick, of South Bend; Mr. and Mrs. Donald Smalley and daughter Linda Kay and sons Gerald and Wayne, of Burket; Mr. and Mrs. Earl Smalley and sons, Jack and Gregory, of Warsaw; Mrs. Gladys Emmons and son, Devon, and Miss Tiwnkle, of Huntington; Mr. and Mrs. Frank Williamson, of Claypool, and Mr. and Mrs. Mark Knickerbocker, of Cedar Rapids, Iowa.

## Y. F. C. RALLY HERE ATTENDED BY MANY LAST WEEK

Approximately one thousand persons were at the Mentone community hall on last Thursday evening to attend the big jumbo rally of the Youth for Christ movement. Dr. Torrey Johnson, international president who had just returned from a tour of Europe, was the principal speaker.

## LADY DIES FROM BURNS

Mrs. Jesse Thompson, 45, of six miles southwest of Mentone, died in the Woodlawn hospital at Rochester at 8 o'clock Sunday night, of burns received about ten o'clock Sunday morning. Mrs. Thompson was attempting to start fire in a kitchen range and poured kerosene on some live coals. An explosion resulted from which Mrs. Thompson sustained burns which brought death some 10 hours later.

Coroner Dean Stinson, Fulton county, rendered a verdict of death due to first-degree burns.

The deceased was born in Indiana on July 15, 1901. She is survived by two daughters, Mrs. Cecil Kirk, Akron; Mrs. Kathleen Scheub, Gary; one adopted daughter, Mary Lou Lackey, at home; two brothers, Elmer and Walter Woods; her mother, Mrs. Rosetta Woods, and two sisters, Mrs. Edna Groves and Mrs. Mildred Fouts.

Funeral services were held at the Church of God, Akron, Wednesday afternoon at two o'clock. Rev. D. L. Slaybaugh officiated and burial was made in the Palestine cemetery.

## EGG SHIPPING

Producers who left their eggs at the Mentone cars Saturday will be interested to learn that two carloads were shipped Sunday and the other two left Mentone Monday.

There are four cars on the track and egg car officials state that eggs will be received Saturday. However, as was the case last week, the Association will not be responsible for any losses that may incur—the eggs to remain the property of the producer. The association will make an effort to keep the cars properly iced, but there is no way of knowing just how long the freight embargo may last.

Abe Whetstone called on friends in Warsaw Sunday.

Mrs. I. F. Snyder and son Robert were in Fort Wayne on Monday.

**PHILIP DODDRIDGE DIES  
AT LAFAYETTE MAY 13**

Philip H. Doddridge, 57, West Lafayette fire chief, died Monday evening, May 13th, at eight o'clock at his home there. Afflicted with a heart ailment he had been ill for several weeks and was recently a hospital patient for a time.

Born in Mentone, son of William B. and Orah Bryant Doddridge, he came to West Lafayette as a boy and was graduated from West Lafayette high school in 1908, later entering Purdue where he partially completed an electrical engineering course. He was engaged in business for several years, in the firm of Nobes & Doddridge, student supply store in West Lafayette, after which he went to World War I in 1918 and served in France with a heavy coast artillery outfit. After the war he was for several years in the cigar and tobacco business on lower Main street, Lafayette.

For the past 15 years he had been connected with the West Lafayette fire department. Last November he was appointed chief, which position he held at the time of his death. He was a member of the Methodist church, West Lafayette and the Lafayette post, American Legion. On March 9, 1918

he married Miss Ruth Thomas, who survives with two daughters, Mrs. George Ade and Mrs. James Ridgeway, West Lafayette. Also a sister, Mrs. Delbert Meredith, of Warsaw and a grandson, Larry Lee Ridgeway and nephew, Frank Doddridge Meredith, of Burlington, Vermont.

Funeral services were held at 2 p. m. Thursday at the Rodger, Henderson funeral home with Rev. Williams officiating. The American Legion had charge of the services at the grave. Burial was in Rose Lawn Cemetery.

**LOCAL NEWS**

Mr. and Mrs. Charles Gordon and daughter were Sunday guests of Mr. and Mrs. C. O. Eiler and Winifred.

○ ○ ○

It was necessary to return Martha Rose Fitzgerald to the hospital for more treatment to her ear.

○ ○ ○

Mr. and Mrs. T. A. Stanford attended the motorcycle races at Logansport on Sunday afternoon.

○ ○ ○

Mrs. Leroy Cox, who returned to her home Friday after a major operation at the McDonald hospital at Warsaw, is making normal recovery.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

WHEN WILL IT HAPPEN HERE?

Numerous have been the reports of serious injury and death on motor scooters throughout the country, and the question is: Just when will it happen here?

The little motorized rascles seem so innocent, but present-day power units have developed speeds far beyond the zone of safety for the tiny-wheeled speedsters. A small stone or rut can easily throw them off balance, and it isn't possible to build them with a steering system that is balanced without getting them into a heavier or expensive motorcycle class.

From a safety standpoint, no scooter should be ridden much faster than a person can run—or hit the pavement without too rough a treatment.

To date, one scooter ran away leaving a young lady limping home, and another started up a telephone pole with two riders on its back.

Have your fun—but do it slowly.

GIRL SCOUTS LOOKING FOR SCOUT LEADER

The girls of the Girl Scout organization have been searching the town the past few weeks in an effort to find a willing and capable lady with sufficient time to act as Scoutmaster for their group. Any aid that can be given them will certainly be appreciated.

In our last issue a number of misprints got past the proof-reader. We mentioned that Harry Vernet had purchased the L. L. Latimer farm. It should have been L. L. Mollenhour. We also said that Mrs. C. W. Shoup was in Warsaw helping care for her brother. It should have read that Mrs. C. W. Shafer was in Warsaw caring for her brother, John Shoup. Sorry.

Star Brighter than Sun

Canopus, the second brightest fixed star in the heavens, emits more than 2,500 times as much light as the sun.

#### FISHERMEN BACK WITH A BOAT LOAD OF FISH

Dale Kelley, M. O. Mentzer, C. E. Walburn, Raymond Bevington and Robert Tucker, arrived back in town Tuesday afternoon after spending a week fishing in Canada. This was the first journey to Lionel Green's Camp, at Crow Lake, Ontario, Canada, and the skepticism of these gentlemen has vanished. Heretofore, they always looked at us with apprehension—or worse—when we told how big the fish were there, or how they would snap at your bait. They accused Mahlon Mentzer of "slipping" when he missed getting a fish on his sixth cast—he caught five on the first five casts, however.

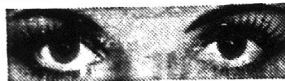

It isn't easy to bring fish home from a canoe and portage trip, but the boys did get here with a wash tub running over with Northern and Walleye pike and Lake Trout. Bevington, we were told, caught a large Musky that would weigh about 25 pounds, but as the season wasn't open on them yet, they just took a few pictures and turned him loose again.

The Country Print Shop and Dale Kelley have a supply of printed circulars showing some of the scene's at Green's Camp in case anyone is interested in a trip of this kind. The advertising was produced in Mentone, by Mentone citizens who have been there and is authentic.

Mrs. George Black, Mrs. Floyd Tucker, Mrs. Wilbur Latimer, Mrs. C. O. Moellenhour and Mrs. Cora VanGilder attended the meeting of The Wemecah Past Matron's Club of the twentieth district held in South Bend. There were twenty-nine initiated into the club. The next meeting will be the picnic to be held in the park at Warsaw on July 12th.

## MENTONE HOST TO TRUSTEES

Byron B. Blalock, field director of the International Association of Lions clubs, spoke on "The Power to See It Through" and Hobart Creighton, local poultryman and speaker of the Indiana house of representatives, discussed the advantages of greater local government over centralization at the semi-annual meeting of the North Central Indiana Township Trustees' association at the Mentone Methodist church Tuesday.

During the morning session, Floyd Stevens, trustee of Jackson township, led the group in singing "On the Banks of the Wabash," "Wait Till the Sun Shines N' the Land" and "America." Avis Poulson played a marimba solo, accompanied by Mrs. Plummer at the piano, and Rev. A. G. Simmons, pastor of the church, gave the invocation.

Charles Hass, trustee of Washington township, gave the address of welcome and Frank Alberts, of LaPaz township, Marshall county, president of the association, gave the response.

Eloise and Betty Bilby, Joellen Mathia and Joyce Cain presented a piano quartette number.

It was announced that the next meeting of the association would be held in Elkhart county in October.

The women of the church served dinner at noon in the church basement. Starting off the afternoon session,

Mrs. Dean Coverstone presented a vocal solo, accompanied by Mrs. Floyd Stevens at the piano.

A business meeting was held and a Mentone high school clarinet quartette composed of Dorothy Egolf, Freda Kesler, Ellen Kesler and Violet Friesner, presented a selection.

Approximately 100 trustees and county superintendents attended the meeting.

## COUNTY DAIRY GROUP ELECTS

Harold Gawthrop, Van Buren township farmer, was elected president of the Kosciusko County Dairy Association at a re-organization meeting held in the circuit court room at Warsaw on Tuesday night.

Howard Thompson, of Wayne township, was chosen as vice president, and Emra Stookey, of Jefferson township, as treasurer. Truman Moore serves as manager and secretary.

Ray Korth, Warsaw, who operates a Van Buren township farm, was chosen as a director for two years. Directors selected for one-year terms were Arden Warner and Glen Walthers, Lake township, and Roy Merkle, Clay township.

The new officers and directors will make plans for the annual county dairy week in a meeting Friday night, it was announced.

Thirty-five men interested in the county dairy industry attended the session. Farmers interested in dairy herd improvement and owner-sampler herd-testing services were asked to contact one of the association officers.

County Agent Joe Clark said that approximately 40 county herds are now receiving the dairy herd improvement

while 70 dairy farmers have signed up for the owner-sampler service. Two herd testers are performing the work. The difference between the two services, it was explained, is that in the owner-sampler service the farmers themselves take the monthly milk samples from their cows. Official testers take the samples in the dairy herd improvement service. The testers, however, make and analyze the tests in both cases.

Watch for the opening of your new dry cleaning service.

## LOCAL NEWS

Mrs. Abe Whetstone is very much improved. Mrs. Glen Hall, of Michigan, is with her.

Mrs. Earl Phillips of Warsaw, was the guest of her niece, Mrs. George Clark, and family on Wednesday.

Miss June Brown visited Mr. and Mrs. Truex in Wakarusa several days last week.

Ray Rush, rural mail carrier from the Mentone post office the past many years, is now on sick leave.

The Robert Reed family spent Sunday in Indianapolis attending the American Legion horse show.

Watch for the opening of your new dry cleaning service.

Zeph Huffer, Mr. and Mrs. Elmer Rathfon, Mr. and Mrs. Garrie Rose and Ellis Alexander called on Mr. and Mrs. Bert Holloway Sunday.

Dr. F. B. Davison and Dr. D. J. Van-Gilder attended the State Dental meeting in Indianapolis the first three days of the week.

Mr. and Mrs. John Nuell of Silver Lake are the parents of a baby boy, named Rickey John, weight seven pounds. Mrs. Nuell was Miss Mildred Fisher and John is the son of Mr. and Mrs. Jesse Nuell.

Miss Jean Riggs, of Indianapolis, was a week end guest of her aunt and husband, Mr. and Mrs. Charles Madeford.

Misses Ruth and Fern Petry visited their aunt, Mrs. Phiana Thomas, on Thursday.

Mr. and Mrs. Amos Hutchison and son Terry of London, England and Mrs. J. O. McClanahan and son John and daughter Mary, of Albion, Indiana, were dinner guests at the Obe Halm-baugh home on Wednesday.

Mrs. Lum Smith, who underwent a spinal operation at the Methodist hospital in Indianapolis three weeks ago, has returned to her home in Rochester. Her condition is very good.

Bert Holloway is still very poorly. He has been in a very serious condition and is being treated at the McDonald hospital. His friends wish him a speedy recovery.

### CARD OF THANKS

I want to thank friends and relatives for the many cards, flowers and gifts, for the friendly visits and the prayers offered in my behalf during my recent illness.

MRS. LEROY COOK.

*An  
ELECTRIC WATER HEATER  
.... is a MUST*

No bathroom is modern without abundant Hot Water, instantly available at the turn of a faucet. Be sure to include an Electric Water Heater in your plans. It is important to select an Electric Water Heater large enough for all your household needs—a large heater gives economical operation.

NORTHERN INDIANA *Public Service* COMPANY

## More Flowers In Postwar Gardens

—Photo Courtesy Ferry-Morse Seed Co.

This year many a home dooryard will take on gayer colors than for some years past. Victory Gardeners who concentrated on vegetable growing during the war can now afford to give more attention and space to flowers while continuing to raise enough vegetables for the table. From now on, seed of a greater range of flowers will be available, too. Certain kinds which were produced to a limited extent or not at all during the war are coming back.

You can find annual flowers suitable for almost any location on your home grounds. Is the soil sandy and inclined to be poor? Nasturtiums often like it better and bear more abundant bloom than when the seed is sown in more fertile ground. The same is true of poppies, portulaca, and zinnias.

Do you have a "hot spot" where the soil is likely to dry out rapidly? Ornamental sunflowers, petunias, annual gaillardia, callopsis, sweet alyssum, four o'clocks, and cosmos can endure quite a lot of heat and drought.

No annual flowers will thrive in all shade, but in a place where they get sunshine only part of each day you can enjoy the modest beauty of pansies, violas, bachelor buttons, and mignonette.

Plan for a border of annuals that will furnish cut flowers over a long season with plenty left on the plants for dooryard charm. Most flowers do well in the same kind of soil that will grow good vegetables.

No annual flower in the world is more attractive, graceful, and longer lasting than the aster. Be sure to select wilt-resistant strains in their lovely pastel tints and shades. Other easily grown annuals with long stems for cutting are tall marigolds, giant zinnias, calendula, Pink Queen cleome, and cosmos in white, pink, orange, and the newer yellow tints. With shorter stems, though still ideal for bowls and vases and effective in the foreground of a border, are lilliput zinnias, the brave array of newly developed dwarf marigolds, annual pinks and chrysanthemums, snapdragons, and bachelor buttons in white, rose, red, and the popular blue.

Somewhere near a porch where you sit after the day's work is done, raise a clump or row of nicotiana or "flowering tobacco." The plants with their long trumpet blossoms are attractive, and a breath of the heavenly fragrance as night falls will well repay you for giving nicotiana a spot in which to grow.

### Darning Tips

When darning, use a fine needle and short thread, as long thread pulled back and forth across a tear or hole tends to stretch the darn out of shape. Darn on the right side, but steam press the finished darn on the wrong side, then brush the right side to lift the nap.

### Experience Counts

In law, experience and contacts are of primary importance; physical fitness secondary. In consequence, the peak income is reached between the 20th and 40th year of practice.

### Retain Juices

The juice of fruit pies and the gravy of meat can be kept from boiling over and soaking into the crust if they are placed in a tin of boiling water when put in the oven to cook.

### Hessian Fly

The hessian fly is primarily a pest of winter wheat, but it has frequently developed in serious numbers in spring wheat areas under weather conditions favorable to the insect.

### Chinese Language

The entire Chinese language is made up of words of one syllable, according to the Encyclopaedia Britannica. Each sound may have 10 or more different meanings, and the language has no rules of grammar.

**Fluorine Affects Teeth**  
Tooth decay, at least among children, may depend to some extent upon the amount of fluorine, a mineral salt, in the drinking water of a community.

**Non-flammable Fabric**

A plastic coated upholstery fabric that will char on contact with a flame but will not support combustion is expected to find wide usage in boats, office furniture and restaurant seats.

**Used Fat**

Used kitchen fat not only enters into the making of soap of various kinds but is also an important ingredient in the production of insecticides, paint, leather, tires and other products.

**Wax Casters**

If furniture casters are waxed, it will help prevent ugly marks on the floor.

**Increases Vitamin A**

After 24 hours of colostrum feeding, the vitamin A of the blood of the calf may be five times as high as at birth.

# Are you really one of the best drivers in YOUR COMMUNITY?

## Here's a way to rate yourself in the POLICE TRAFFIC SAFETY CHECK

Let's be honest, now . . . remember, your own safety and that of your family depend on the way you drive.

- | YES                                                                                                                | NO                                                                                  | YES                                                                                                               | NO                       | YES                      | NO                       |
|--------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|--------------------------|
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/>                                                            | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 1. Do you always signal before turning or coming to a stop (never play guessing games with the driver behind you)? | 4. Do you obey traffic lights—even when you're in a hurry?                          | 8. Do you know and observe the rules of the road in your community? (Frankly, now, have you ever looked them up?) |                          |                          |                          |
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/>                                                            | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Do you always come to a full stop at a stop sign (never coast through)?                                         | 5. Do you drive in and turn from the proper traffic lane?                           | 9. Do you keep alert when driving—watch traffic?                                                                  |                          |                          |                          |
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/>                                                            | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Do you give the pedestrian a break even though he may not have the right of way? (You walk, too.)               | 6. Do you refuse to drink before driving? (Think, now, before answering.)           | 10. Do you drive within the speed limits—never yield to the temptation to do a little "low altitude flying"?      |                          |                          |                          |
| <input type="checkbox"/>                                                                                           | <input type="checkbox"/>                                                            | <input type="checkbox"/>                                                                                          | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
|                                                                                                                    | 7. Do you drive with extra caution in fog, rain or snow and on wet or icy pavement? |                                                                                                                   |                          |                          |                          |

10 "YES" answers—Are you really that good?

8 to 10 "YES" answers—Good driving. We need more of you!

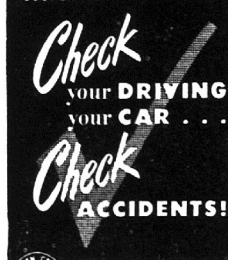

6 to 8 "YES" answers—Fair driving. You must improve.

Less than 6 "YES" answers—Poor driving. You're headed for trouble; possible injury and serious financial loss!

P. S. Take another look at your score. Would your family and friends rate you the same?

Seriously, don't you wish when you and your family are on the streets that all drivers could truthfully answer Yes to all ten questions? Of course you do—and the next driver feels the same way about it. So start today to improve your score.

COOPERATE with the POLICE

The Police Traffic Safety Check sponsored by International Association of Chiefs of Police.

(PREPARED BY THE ADVERTISING COUNCIL IN COOPERATION WITH THE NATIONAL SAFETY COUNCIL AND INTERNATIONAL ASSOCIATION OF CHIEFS OF POLICE)

**CHECK YOUR CAR!**

These are the mechanical features that will be examined in the Police Traffic Safety Check.

**BRAKES**—Do they need adjustment? How about the hand brake?

**LIGHTS**—Do any bulbs need replacing? Are headlights properly focused and aimed? Are tail and stop lights in good condition?

**TIRES**—Are they all in safe condition? (No cuts, fabric breaks, excessive wear?)

**WINDSHIELD WIPERS**—Do they operate satisfactorily? Do blades need replacing?

**HORN**—Does it operate easily and when you need it?

Are there any other safety items that need attention, such as steering, defects in glass, rear view mirror, muffler, etc? (Have these checked regularly.)

**MENTONE NOW ADVERTISES  
TO THE SKY-TRAVELERS**

Harry Meredith this week completed the painting of a giant-lettered sign on the roof of the Mentone Lumber Company as an aid to airmen flying high overhead. The letters are over ten feet tall, painted in a yellow-orange and bordered with black on a white background. In addition to the word "Mentone," the marking gives the location in longitude and latitude, the distance and direction to the nearest (Herendeen) airport and an arrow pointing to due north.

The sign was erected by the Mentone town council in conformity with a recent state law. The officials of the Mentone Lumber Company are to be complimented for their courtesy in permitting the city to use their roof for this marker.

If you don't believe the sign is there, just go out to the airport and let Messrs Herendeen and Tucker take you up where you can see it.

**FOUR-LEGGED GOOSE  
DIDN'T MAKE THE "GRADE"**

Ell Julian was in the Co-Op. News office Thursday morning with an infant goose that had two pairs of legs. The extra set of legs was perfectly formed yet were not used for transportation during the little fellow's four-day stay on earth. He was apparently normal in every other respect and the

owners had hoped to raise him to goosehood, or whatever it is a goose reaches when he's a full grown goose.

The goose was hatched on the Lester Bruner farm and was brought to town by Ell Julian, father of Mrs. Bruner.

Mr. and Mrs. S. L. Snyder of Flint, Michigan and Robert Snyder, who has been in the U. S. military service for the past two and one-half years, arrived Friday evening to be the guests of their mother, Mrs. I. F. Snyder. Mr. and Mrs. S. L. Snyder returned to their home on Sunday evening. Robert is making a longer visit.

Bring your friends and come

**Savings Rise**

As national income rises, a greater proportion goes for savings. In the depression year of 1933 we saved 6 per cent of national income as compared with 18.8 per cent in 1929 and 19.2 per cent in 1937.

## NOTICE TO LOCKER PATRONS

We are pleased to announce that our new lockers are now installed and in operation. All those who have had reservations are urged to come in and sign up for the lockers as soon as possible. The demand for lockers has been greater than our ability to fulfill, and as a consequence, reserved lockers will be leased to others if they are not taken within a reasonable time.

### NICA DIRECTORS, EMPLOYEES VISIT McMILLEN FEED PLANT

The members of the board of directors of the Northern Indiana Co-operative Association, and a number of employees, spent last Thursday in Decatur where they made a tour of the giant manufacturing plant of the McMillen Feed Company. The McMillen company supplies a great amount of the feed concentrates used at the Mentone Co-Op. Mill.

Wednesday evening of this week, the directors and employees were entertained with a big chicken dinner at the Colonial Hotel at Rochester by representatives of the McMillen firm. Following the dinner, a motion picture was shown by the field men and many suggestions were given on the proper merchandising of feeds, with the long-term view of better serving the producers of the Mentone area.

Miss Bonnie Jones, a new employee in the NICA offices, was among the lady employees and employees' wives in attendance.

Watch for the opening of your new dry cleaning service.

### SODALES MEETS

Mrs. Walter Lackey was hostess to the members of the Sodales club on Tuesday evening in her home on East Main street. During the business session fifty dollars were contributed to the cancer fund sponsored by the Lion's Club. Mrs. Earl Shinn and Mrs. Frank Warren were guests. In the social time prizes in Rook were awarded to Mrs. Eileen Fenstermaker, Mrs. Earl Shinn and Mrs. Ora McKinley.

The next meeting will be the summer picnic, the time and place to be decided by the committee.

MENTONE, INDIANA

**BYRON NELLANS, OPAL WILSON MARRIED SATURDAY**

Byron Nellans, son of Earl Nellans, and Opal Wilson were married at the Methodist parsonage at Akron Saturday evening at seven o'clock. The double-ring ceremony was performed by

Rev. Fenstermaker, pastor of the Akron church.

After a week end visit to the groom's aunt, Charlotte Vandermark, at Danville, Illinois, the young folks are now at home in Mentone.

Mr. and Mrs. Merl Boyer, of Warsaw, entertained at a cooperative dinner Sunday in honor of the latter's sister and husband, Mr. and Mrs. M. M. Knickerbocker, of Cedar Rapids, Ia., who have been visiting with relatives and friends for the past two weeks. Musical selections and a social time were enjoyed by the following: Mr. and Mrs. Charles Hay and Mr. and Mrs. Lyle Shaw, of Warsaw; Mr. and Mrs. Allen Dille and Mrs. Esther Borton of Mentone; Mr. and Mrs. Frank Williamson of Claypool; Mr. and Mrs. William Dick, of Talma, and the host and hostess, Mr. and Mrs. Boyer. Mr. and Mrs. Knickerbocker left Monday for their home in Iowa.

**Residential Building**

In the last 20 peacetime years, the value of residential building in the United States ranged from as much as 7.2 per cent of the national income in 1925 to as low as 1.4 per cent in 1933.

**Sugar Orchard**

Early tapping, use of bucket covers, use of an adequate number of buckets, and removal of evergreens which shade the trunks of sugar trees will increase the sap flow in the sugar orchard.

**Home Run Kings**

Jimmie Foxx hammered out 58 home runs in 1932 with the A's and Detroit's Hank Greenberg who also hit 58 in 1938. Both these American league first basemen fell but two short of Ruth's record, 60, of 1937.

**Professional Income**

The relation between income and number of years in practice is found to be similar in all professions: income rises for a time, then declines. In medicine and dentistry, professions in which scientific advance has been rapid and skill and dexterity are required, younger men have an advantage and the peak income is reached fairly early—between the 13th and 20th year of practice.

**CARD OF THANKS**

We wish to thank our many neighbors and friends for their many acts of kindness, cards and beautiful floral offerings during the recent illness and death of our wife and mother.

Mr. Henry Mills.

Mr. and Mrs. M. H. Dunlap

Mr. and Mrs. E. Fenstermaker.

**Cinderella's Slipper**

Cinderella did not lose a glass slipper. A mistake was made in translating the story from Perrault's French version, in which Cinderella dropped a fur slipper on the palace stairs.

# FIRST BAPTIST CHURCH

Mentone, Ind.

You are ever welcome to this house of God

Special music at each service.  
Workers Prayer Meeting 9:15 A.M.  
Everyone welcome. Teachers and of-floors are expected to attend.

Today the bringing of character and unselfishness into our youth is more important than it has been for years. If ever there was a time when our Sunday schools had the opportunity to inculcate the youth of the land with the spirit of self-sacrifice and love for one another, that time is today. I therefore feel that not only have the Sunday schools of the country an unusual opportunity, but parents have an obligation placed upon them to see that our ideals are perpetuated, thru our children receiving Sunday school education.—T. Albert Potter, president Elgin National Watch Co.

### GIVEN BIRTHDAY SURPRISE

Wilbur Latimer was pleasantly surprised Sunday when friends gathered to help him celebrate his birthday.

Each family furnished a dish of salad or dessert and Mrs. Latimer furnished ham, rolls and a birthday cake. Another cake, baked by Mrs. Clarence Tinkey, was in honor of Shirley Tinkey who was 10 years old Saturday.

Those present were Mr. and Mrs. Henry Hartman and children Johnny and Judy, Mr. and Mrs. Wilbur McSherry and sons Freddie and Steven, Mr. and Mrs. Everett Rookstool and son Everett Earl, Mr. and Mrs. Clarence Tinkey and children, Norman, Merl, Shirley and Peggy, Mr. and Mrs. Dean Goshert and children Dick and Myrna, Lyndes Latimer, and Mr. and Mrs. Wilbur Latimer and daughters Wilburta and Karen.

Monday as a result of the softball game enjoyed Sunday.

Mrs. Emma Yocum and Mr. and Mrs. Max Smith spent Saturday in Holland, Michigan at the tulip festival.

Raymond Lewis, who has been employed at the Smith Brothers Garage, is confined to his home by illness.

## CHICAGO Y. F. C. RALLY

More than 100,000 people are expected to crowd into Soldier Field—scene of many of Chicago's biggest outdoor gatherings—on Memorial Day, May 30, when Chicagoland Youth for Christ stages its second anniversary rally. It was announced by Rev. E. C. Ralston, director of Tri-County Y F C.

The holiday gathering is expected to be the largest single religious assemblage in Chicago history, with people from the entire state of Illinois and mid-western states in attendance.

The rally is being held in cooperation with hundreds of Protestant youth leaders and pastors to make it an evening to be remembered.

Musical highlights of the evening's program include the singing of a 5,000-voice choir directed by Prof. Talmadge J. Bittkofer, musical director on the round-the-world radio hour, "America Back to God," song leader Strat Shufelt, former choir director at Moody Memorial church in Chicago, leading the 100,000 people, and a 500-piece massed band led by Col. Harry Otway of the Salvation Army and Elmer Wittthoff, director Youth for Christ band.

Principal speaker will be Dr. Charles E. Fuller of Los Angeles, California, founder and director of the "Old Fashioned Revival Hour" radio broadcast. Dr. Torrey M. Johnson, director of Youth for Christ International, who will fly back from Europe in time for the rally, will offer a missionary challenge and relate his experiences at the huge youth rallies held in England, Scotland, Ireland, Norway, Sweden, Denmark, Holland, Belgium, and Switzerland.

The program will start promptly at 6:10 p. m. with a parade of floats, marching groups, community singing and musical numbers. At 6:30 o'clock Dr. Robert A. Cook, director of Chicagoland Youth for Christ and conductor of the rally, will lead the audience in prayer and begin the program proper.

This year's service will take on a patriotic, missionary, and evangelistic emphasis, with a 400-foot wooden cross and a replica of the Unknown Soldier Monument slated to be placed on the playing field. In addition people dressed in the clothes of the countries to which the United States has been sending missionaries for many years will present a review of nations.

As a tune-up to the holiday gathering, rallies in towns throughout the state and surrounding states will take place during the month of May, all slanted toward the Memorial Day event in Soldier Field.

Many towns are reporting "train groups" who plan to come to Chicago for the big rally. The Milwaukee Youth for Christ group has pledged the largest representation of this kind so far. According to their director, T. E. Mc-

Cully, an 8- to 10-car trainload of persons will attend the May 30 event.

During this extensive campaign, Chicagoland Youth for Christ will hold its regular weekly rallies each Saturday night on May 11, 18 and 25 at the Chicago Arena, E. Erie and N. McClurg, in connection with the Greater Chicago Evangelistic Campaign. Throughout the summer months, the Chicago rallies will be held in Orchestra Hall.

With "geared to the times but anchored to the Rock" as their theme, the Youth for Christ programs in all parts of the country have been attracting more than a million and a half of America's young people to the Satur-

day night rallies. Since Youth for Christ's inception two years ago, over 600 towns are staging such rallies.

**KEN ANDERSON TO  
SPEAK AT Y. F. C. MEET**

Ken Anderson will be the speaker for the regular Youth for Christ meeting to be held at the First Baptist church on Saturday evening, June 1st, starting at 7:30 o'clock.

**LIGHTS TURNED ON AT  
SOFTBALL DIAMOND**

Softball enthusiasts were busy at the recreation area Wednesday evening in an effort to get the softball diamond in shape for league play. The electricity was turned on Wednesday and even though all the light reflectors are not in place, the light given was sufficient for the boys to work after dark.

Two more games were played before dark Monday and Tuesday evening, with Burket defeating the Co-Ops. and Pete's Lunch trimming Mac's Lumbermen. Other teams are planned as there are a number of interested players unassigned and the purpose of the recreation area is to supply a place for healthy recreation to anyone interested, old or young, boy or girl.

The lads of the softball association have been working diligently to get everything in order. Last Friday evening they compiled a set of by-laws for their association that lends enough authority to maintain order and a healthy atmosphere on the playing field.

The softball diamond is almost completed. A meeting for all players will be held at the grounds on next Tuesday nite, May 28th, 8:00 p. m. for all

players, sponsors and managers. If you are interested in playing on a team in the league, be there as teams will be selected and league policies will be formulated.

**FAIR ASSN. MAILED CHECKS  
TO SUBSIDIZING MEMBERS**

The Mentone Fair Association, which has been in the process of liquidation, has mailed refund checks to all those who put money in the organization while it was on an inactive status.

When the fair directors voted to liquidate, it was stipulated that the money left over after payment of all obligations, was to be held in trust for some worthy community project. How-

ever, rather than leave any opening for any individual to state that he was requested to make a donation to an organization to liquidated without a show after the solicitation, the refunds were made. Many have stated, though, that instead of converting the returned gift to their own use they were going to turn it over to the recreation project or some other worthy cause.

## REV. SIMMONS REMAINS HERE

Rev. A. G. Simmons, pastor of the Mentone Methodist church, was returned to his Mentone-Tippecanoe charge at the annual North Indiana conference held at Mishawaka last week.

Rev. Robert Spoolstra will be at the Burket circuit, filling the place of Rev. Earl Nafziger of Winona Lake, who died suddenly last fall.

### GRINDLE - SECOR WEDDING

Miss Esther Jean Secor, daughter of Mr. and Mrs. Henry Secor of Palestine, became the bride of Robert Grindle, son of Mrs. Loe Grindle of Pierceton, in a ceremony performed at eight o'clock Thursday evening of last week at the home of Rev. B. H. Truman in Warsaw. Rev. Truman read the double-ring ceremony in the presence of the immediate families of the couple. For the occasion the bride chose a suit of gray with a pink stripe, with which she wore black accessories. Her corsage was of pink carnations. Miss Mary Secor, who attended her sister as maid of honor, also wore a corsage of pink carnations. Her dress was of powder-blue and her accessories were black. Gordon Grindle attended his brother as best man. Mrs. Secor mother of the bride in navy blue and Mrs. Grindle, mother of the groom in a gray dress, each complemented their attire with white accessories and a corsage of carnations.

Mrs. Grindle a graduate of the Mentone high school, has been employed at Fort Wayne. Mr. Grindle was graduated from the Pierceton high school and served with the armed forces for four years being stationed in the ETO for a year. He is now employed at the Huffer foundry in Warsaw. The couple will reside in Pierceton.

### GYPSIES MARCH AGAIN.

"The way they call the Gypsy," in the current song is dangerous, says Prairie Farmer Protective Union. The paper's current issue will tell of racketeers used by Gypsies bound north over old routes in the first summer since wartime gas rationing. Communities are urged to organize to prevent Gypsies from biking people of their savings.

### PINK AND BLUE SHOWER

A pink and blue shower was held at the Blodgett home Friday night, May 24, for Mrs. Robert Blodgett. She received many lovely and useful gifts.

Among those present were the Misses Pat Witham, Georgia Dillingham, Elanora Lantz, Pat Shinn, Maxine Stickler, Elma King, Eileen Kercher, Marjorie Haney, Norma Hudson, and the Mesdames Kate Whetstone, Evelyn Hyde, Mariam Shinn, Della Dillingham, Lillian Witham, Ida Clark, Ola Blodgett, Lavina Shinn, Edna Cowen, Donna Rae Sanders and Doris Grubbs.

Refreshments were served and everyone had a very enjoyable time.

### GIVEN BRIDAL SHOWER

Mr. and Mrs. James Holloway were pleasantly surprised Wednesday evening with a lovely bridal shower, given by Mrs. George Grubbs. Those present were Mrs. Harvey Grubbs, Mrs. Merle Merica and families of Warsaw, Mrs. Fred Horn, Mrs. Lowell Dee Whetstone, Mrs. Sam Holloway, Mrs. Mildred Flenar, Mrs. Leslie Grubbs, Mrs. Clayton Holloway, Mrs. E. E. Wagner, Mrs. Ervin Wagner, Mr. and Mrs. Bill Schooley, Mr. and Mrs. Robert Parker and daughters, Mrs. Robert Sanders, Miss Dollie Grubbs, Miss Elanora Lantz, and the honored guests, Mr. and Mrs. James Holloway.

The evening was enjoyed by all and those present extended their thanks to Mrs. George Grubbs for the occasion.

### MRS. FLOYD TUCKER HURT IN ACCIDENT NEAR AKRON

Mrs. Floyd (Flo) Tucker, of Mentone, sustained head, arm and knee injuries and three other persons were less seriously hurt Monday afternoon in an auto collision on road 19 a mile north of Akron.

Claude Stoner, South Whitley, and Ernest Birch, of Oswego, N. Y., were heading south and slowed their car for a narrow bridge. The car which followed, driven by Mrs. Tucker's husband, ran into the back end of the Stoner auto.

Damage to Tucker's vehicle was set at \$400 and to the Stoner car at \$50. State Patrolman Estil Bemenderfer investigated the accident.

NEWS?—PHONE 38

## SOFTBALL SCHEDULE

Final selection of players has been made in the softball league and the schedule has been arranged for the first part of the season's play. League play starts on the evening of June 3. Six teams are in the league, under the banners of: Burket, Igo's Grocery, Mentone Lumber Co., Pete's Lunch, Co-Ops, and Stock Yards.

The first game will start at seven thirty o'clock and the second game of the evening will start ten minutes after the end of the first game. All league games will be played at Veterans' Park recently built at Mentone.

The recreation park certainly is a valuable addition to Mentone, not only for its value as a recreational area, but also from a standpoint of beauty and accomplishment. The night scene there, with the giant floodlights turning night into day, makes a beautiful picture. Unquestionably, this park will afford much pleasure to every citizen during the summer months.

The league schedule is as follows, with every Friday night open for an all-star team from Mentone playing an outside team:

June 3, 1946

Burket vs. Igo's Grocery.  
Mentone Lumber Co. vs. Pete's Lunch

June 5

Co-Ops. vs. Stock Yards.  
Mentone Lumber Co. vs. Igo's Grocery

June 10

Igo's Grocery vs. Pete's Lunch.  
Burket vs. Co-Op.

June 12

Mentone Lumber Co. vs. Stock Yards.  
Burket vs. Pete's Lunch.

June 17

Burket vs. Stock Yards.  
Igo's Grocery vs. Co-Op.

June 19

Mentone Lumber Co. vs. Co-Op.  
Pete's Lunch vs. Stock Yards.

June 24

Igo's Grocery vs. Stock Yards.  
Mentone Lumber Co. vs. Burket.

June 26

Pete's Lunch vs. Co-Op.  
(Second game to be announced later.)  
Umpires will be: Ellery Nellans, Harold Nelson, Estil Smith, Ora Vander-

### VAUGHN BELL VISITS HERE

Vaughn Bell, a former Mentone boy but now of Bell Aircraft, was calling on old friends and relatives of Mentone Saturday while on his way to visit his sisters in California. He had dinner with his cousin, Mrs. A. O. Miller, and family, and as reported this was a top-notch meal.

Later Mr. Bell called at the Tom Haimbaugh home to see Mrs. Haimbaugh, who was his teacher in Mentone school 46 years ago. Mrs. Haimbaugh, who had not seen him since that time, didn't recognize him and had to ask who he was.

Mr. Bell also visited another cousin, Wade Whetstone. He was accompanied by a boyhood friend, Morrison Rockhill, of Warsaw.

### HONORED WITH DINNER

A dinner was given at the home of Grover Janke in honor of their son, Valours (Bud) Janke who recently returned from Okinawa. Those present were: Mrs. Jellison and three children and Mrs. John Darman and three children of Michigan City; Mr. and Mrs. Robert Richards and daughter of Rochester; Mr. and Mrs. Harold East of Warsaw; Mrs. Willodean Janke and son Joe, Mr. and Mrs. Bud Janke and son David and the host and hostess, Mr. and Mrs. Grover Janke.

### FREIGHT WRECKED NEAR TIPPECANOE

Two carloads of livestock and eleven of perishables left the tracks of the Nickel Plate just west of Tippecanoe the fore part of the week and Mentone spent another mail-less day as all the mail trains were routed over other lines while the track was being repaired. No one was injured in the wreck, but some of the livestock were sold or butchered.

Miss Patty Goodman spent the week end with Miss Dollie Grubbs.

mark and Wm. Schooley.

Citizens of Mentone are invited to be on hand for every game. No admission will be charged, but at certain intervals a free-will offering will be taken to help defray a portion of the expense involved for equipment, electricity, etc.

### Maine's Elections

All states, including Maine, elect presidential electors on the first Tuesday after the first Monday in November. Maine does hold state elections in September, however. The Constitution of the United States provides that unless congress directs otherwise the time of holding elections for senators and representatives "shall be prescribed in each state by the legislature thereof." In 1945 congress designated the first Tuesday after the first Monday in November as the date for choosing presidential electors and the same date was specified for election of representatives and senators but an exception was made for those states whose constitutions specified different days. Arkansas, Oregon and Maine retained an earlier election date than November for years but eventually Arkansas and Oregon changed their constitutions to conform with the Federal Act of 1945. Election in Maine was placed in September during early days of the republic when traveling facilities were poor and rural inhabitants would have found November traveling difficult.

### Good Pasture

Good pasture for growing pigs gives the swine grower two advantages. In the first place, it encourages sanitation, getting the pigs out of the filthy hog lots onto clean ground where they will have a better chance to avoid disease. In the second place, pasture can save a lot of the grain and protein feeds which are so scarce this year. An acre of good legume pasture such as alfalfa can save 2,000 pounds of grain and 500 pounds of protein supplement. A good plan is to set aside a portion of the good-stand alfalfa or clover field for the pigs. Brome and timothy mixtures with legumes are also excellent. Where no established pasture is available rape seeded alone will supply the green feed that can do so much to cut down the feed cost of growing out the spring pig crop. The best plan is to make provisions a year ahead for hog pasture so that a good legume stand will be available in a convenient place where the pigs have not run for several years.

### South American Mountain

The highest mountain peak in South America is at Aconcagua, Argentina, and has an elevation of 22,834 feet.

### Stake Tomatoes

Staking tomato plants to get the fruit up off the ground not only pays dividends in the form of heavier yields but also in earlier ripening.

Stakes that will reach four to five feet above the ground are recommended. The stake should be placed at the time the plants are set out. Put the stake about four inches away from the plant and make the first tie immediately after planting.

Strips of rags or soft twine may be used for tying the plants to the stakes. Tie the string firmly around the stake so that it will not slip, then pass loosely around the stem of the plant not far below a large leaf and tie again to the stake. A tie at 12-inch intervals will support the plant, and all branches which are permitted to develop should be tied to the stake.

### Population Doubles

Between 1850 and 1940, the population of the earth doubled, increasing from about 1,100 million to about 2,200 million.

## THE NORTHERN INDIANA CO-OP. NEWS

### THE NORTHERN INDIANA CO-OP. NEWS

Published Weekly by the

Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

## PUBLIC OPINIONS

(Letters sent to the editor are printed as a public service and are the opinions of the writer, and in no wise reflect the opinions of the editor or publishers.)

It seems that there has been a lot of complaints about the Motor Scooters around the community, at least all the bad points have been brought out so that an agency for the sale of Scooters in this town would probably be very undesirable.

These machines are not made for small children to operate and if they don't want to get hurt they must learn to stay off them, such as was the case in one of the accidents that was reported in last week's news.

It seems that there is nothing said about the way some of these cars around town driven by the young boys of our community. You can see them

flying around corners and down streets any time that you want to look, many times at night without even their lights on, but it seems that this is all right. This looks to me like this would be much more dangerous than the Motor Scooters, which can't travel over 35 MPH when they are wide open.

It looks like the town board had better get a sufficient police force to enforce some traffic rules in this town before someone is killed, and not try to throw all the blame on a few little motor scooters.

—ANON.

Leslie Grubbs received his release from the armed forces Monday evening and is now at Mentone with his wife. Mr. and Mrs. Frank Trainer of Pl-

○○○

field, Wisconsin, and Mrs. Grace Bowman of Rich Valley, were Tuesday dinner guests at the Tom Haimbaugh home and Wednesday Mrs. Ocie Blue of Indianapolis and Mr. and Mrs. Edwin Jones were guests at the Haimbaugh home.

### Indiana State Fair Grounds Being Overhauled for 1946 Fair

Mr. Otto L. Reddish of Crawfordsville, Indiana, president of the Indiana State Fair Board, is on the job every day helping to get the buildings and grounds ready for this coming Indiana State Fair, to be held August 30th thru September 6th.

Mr. Reddish states that every effort is being put forth to make this fair surpass those in former years, as everyone knows the 4-H Club will be larger this year and there will also be a decided increase in the number of entries in the other departments.

President Reddish states that committees are being appointed to look after the Girls School and Boys Camp during the fair, and all buildings are being redecorated so everything will be in first class condition on opening day.

Mr. Reddish is in hopes every boy and girl who shows in the 4-H Club and also those exhibiting in the open classes, will make their entries early, as the closing date for all entries is August 14th. Plans are being made also for the largest number of exhibits ever housed on the state fair grounds. In 1941, \$160,000 was offered in premiums and purses, but there will be approximately \$200,000 offered this year, the largest amount ever paid out at the Indiana State Fair.

## FOOD SUBSIDIES TOO COSTLY

"Every dollar of food subsidy today will cost the taxpayers in the future more than double, and in all likelihood will come at a time when the public is far less able to pay than it is at the present time," is the opinion of Hassil E. Schenck, president of Indiana Farm Bureau and a Boone county farmer.

The "joy-ride" is nice while it lasts, states Mr. Schenck, but warns that every dollar of Federal expenditure has to be paid back some time by the taxpaying public. Accumulated interest and administrative costs will be added to these taxes. "Every dollar of food subsidy today will cost the taxpayers in the future more than double," declares the farm leader.

With the government paying a goodly portion of the grocery bill, more money is currently left in the hands of the purchasing public—which increases buying power and demand at a time when goods are scarce, Schenck continues. This in itself is highly inflationary.

Another inflationary influence of sub-

sidies, Mr. Schenck points out, is that increased indebtedness of the federal government has the effect of increasing the money in circulation in the amount of bank purchases of bonds. With this increased money supply, goes increased possibility of purchases and consequently greater inflation.

### URGES INCREASED FUNDS FOR FARM POWER RESEARCH

Indianapolis, Ind.—Federal appropriation of \$100,000 a year for research and experimental work in rural uses of electric power is being urged by Senator Ray Willis before the Senate Agriculture Committee. The \$31,000 a year proposed for the Agriculture Department's new bureau is pitifully small, says the senator, and besides, the man who heads the new bureau is a Hoosier who pioneered in this work, "and he deserves a fund that will enable him to get results."

Truman E. Heintz, who inaugurated the rural electric experimental work at Purdue in 1924 under former Dean G. I. Christie, is the man in charge.

"The profitable use of electric power on the farm is just starting," said Mr. Willis in advising Indiana friends of his move. He is a member of the subcommittee considering the Agriculture Department's budget, and has urged an increase from 31 to 100 thousand dol-

lars, the subcommittee agreeing. "Purdue experiment station began this work for the benefit of Indiana farmers only 22 years ago, with a contributed fund of \$10,000 a year. It got results. If Purdue requires 10 thousand, a Federal program certainly deserves much more than three times that amount."

"When Purdue started to work, with the assistance of electric companies, only a handful of Indiana farmers had electric power, and most of them did not know how to use it. Neither did

anybody else! But the Purdue program proved that kilowatts could be put to work. Now, the REMC's, companies and municipal plants, all together, have electrified about 78 per cent of Hoosier farms and the work still goes forward.

"Our problem is to find more and better uses for power. Purdue is still working, on contributed funds. It is time for the Federal authorities to tackle the job on a sound scale. Mr. Heintz's successful experience fully warrants a decent appropriation."

### D. A. R. MEETS WITH MOTHERS AND DAUGHTERS

The Anthony Nigo Chapter of the Daughters of the American Revolution held its annual Mother and Daughter dinner at the Westminster Hotel at Wilnona Lake on Thursday evening, May 23.

The work for the evening opened with the flag salute and a short business session after which officers for the coming year were installed by the chaplain, Mrs. Rush.

The committee for the program was Mrs. Lena Igo, Mrs. Winifred Smith and Mrs. Madeline Bybee who arranged a very interesting one as follows:

The Battle Hymn of the Republic and America were sung by the daughters and their guests.

Mrs. Maude Snyder, in her most pleasing manner, played two piano numbers, "Ave Maria" by Schubert and "A Poem" by Ferbe Groffe.

Miss Marilyn Tucker sang beautifully, "That Wonderful Mother of Mine" and Rombert's Serenade.

Miss Francis Clark gave a most comprehensive talk on "Indiana Soldiers and Sailors Children's Home at Knightstown."

The delightful evening closed by a talk by our new regent, Mrs. Eileen Fenstermaker, touching on her ideals and hopes for the coming year.

Our last meeting for the coming year will be the June picnic at Francis Slocum government park on June 24.

### Deep Sea Fish

Fish will not burst or blow apart when they come to the surface but most fish, if they get in shallow water, will die because their air bladders and abdominal cavities collapse from pressure of air without pressure of water.

# To All Our Customers

The graciousness and consideration shown by our customers, who were restricted in the use of electricity during the recent coal strike, has been most gratifying to us and an effective contribution to the welfare of the entire community.

Early in the war the company maintained a coal supply at its electric generating stations for 110 to 120 days' use, but Government fuel regulations caused a gradual reduction of this supply to approximately 50 days' supply at the beginning of the coal strike on April 1. This supply was far less than advisable, and far less than would have been on hand for such emergencies if it had not been for Government regulations.

The vital importance of electric service for public health, safety and the protection of property made the restrictions essential. Never before in the history of our company had we faced such a critical situation inconveniencing our customers so drastically.

We want to thank every customer for his cooperation during the emergency.

DEAN H. MITCHELL, *President*

**NORTHERN INDIANA PUBLIC SERVICE COMPANY**

## Are Your Tomato Vines at Stake?

—Photo Courtesy Ferry-Morse Seed Co.

Raising a crop of tomatoes in your garden is something like bringing up a family. Children and tomato vines can both be allowed to go their own sweet way, following their natural inclinations; or, you can keep them from having all the freedom they'd like and wield a firm hand in the direction you want them to head. Both ways of thinking have enthusiastic followers.

Take tomatoes. If you have plenty of space and the ground under the vines is not likely to be wet causing the fruit to rot, you can often get a splendid crop with less work by just letting the vines sprawl. On the other hand there are a number of advantages to training tomato vines.

In a small garden there is real economy of space by staking because the plants can be set closer together and many more grown in the same area. Getting the vines off the ground allows them more sunshine and often prevents the tangled mass of leaves and stems from shading the fruits and delaying ripening. When the vines are off the ground, the fruits usually ripen more evenly and are easier to gather without breaking or pulling up the vines.

There are several suitable ways of staking tomato vines. One of the customary methods is to use poles about six feet long by one inch square, driving them a foot into the ground, one beside each plant. Some like to nail two or three short crosspieces to each

pole to form a trellis. Tomato plants set along a fence will sometimes form an ornamental as well as useful border, and the fence posts, if slender, will serve as supports to which the vines can be tied.

There's a simple effective way of staking called the "tepee" method. Four poles about five feet in length are set beside four tomato plants equally distant from each other. The stakes need not be driven into the ground but are tied firmly together at the top (see illustration). Each plant is fastened to and supported by its pole.

Whatever method of staking is used, all the side shoots except the trunk and two main branches should usually be nipped off before the plants are tied to their supports. This encourages stronger growth and better fruits. For tying the plants be sure to use soft string or strips of rag. Hard twine may cut or break the branches, especially when the wind blows.

## BUY COOPERATIVELY

Mrs. Walter Boice, of Dearborn, Mich., spent last week with Mr. and Mrs. John Latham. Mr. Boice came for the week end and all returned to their home on Sunday.

## ANIMAL HEALTH COLUMN ...

By R. A. MARRIOTT

The Northern Indiana Cooperative Association takes pleasure in announcing to its members that we are now cooperating with Lederle Laboratories in the distribution of scientifically dependable veterinary products for use in the barnyard.

Lederle Laboratories are one of the largest producers of both human and veterinary biologicals in the world and are the only organization maintaining complete veterinary research today. This assures you that all products available from Lederle Laboratories are of scientific origin and can be used with confidence.

Many of the outstanding products used in Veterinary Medicine today were developed by or introduced by Lederle. Among these are Rabies Vaccine, Encephalomyelitis Vaccine, Chick Embryo origin, Carbozoo Vaccine for Anthrax, and Swine Erysipelas Serum. Lederle also made available the first clarified concentrated Hog Cholera Serum and Virus, and today operate the largest and most up to date Anti Hog Cholera Serum and Hog Cholera Virus producing laboratories in the world. Outstanding Pharmaceuticals produced by Lederle research include Sulfaguanidine, Sulfathiazal and Sulfadiazene as well as many other items.

Most farmers have had peddlers come to their farms and claim to have the answer to all the barnyard infections, but all too often it was a very costly lesson for the farmer to learn the only thing the peddler had to offer was some cure-all quack remedy or useless tonic that had no scientific background whatever but was concocted for the sole purpose of producing profit for the peddler. Of course, these so called remedies seemed to prevent or cure on some farms but would not work on others, they would apparently prevent or cure one year but failed to do so another year which all added up to the fact that they were not preventatives or cures at all. The animals so treated would have recovered without any treatment whatever except proper management and sanitation

controls. Because of this we have decided that in the future we will carry only those products that have been scientifically appraised to have specific therapeutic value. I'd like to remind you that up until four years ago such common yet costly infections such as coccidiosis, necrotic enteritis or gut rot in hogs and white or infectious scours in calves had completely baffled the entire veterinary profession. In addition Roup Coryza pneumonia, Swine plague, Shipping Fever (Hemorrhagic Septicemia) and Bronchitis were very grave problems. Today, thanks to scientific research, we can now treat such infectious conditions with specifics that can be depended on when they are needed. Some of the newer scientifically proven Veterinary medications are Sulfaguanidine, Duatok Sulfathiazal, Sulfadiazene and Veticillin brand of Penicillin. These medications have the qualities of rapid action, efficient absorption and a wide range of activity against common infectious bacteria which combines to provide an inexpensive dependable treatment and control. At dosage sufficient to be effective sulfas apparently have no untoward effect or after effect on animals. In all cases the best treatment of infections is one which will prevent or arrest its progress at the earliest possible moment.

Our animal health department will be kept up to date at all times so that you can obtain reliable information pertaining to livestock health problems and we will bring you the latest scientific medications being developed as soon as they are available and are proven to be of practical value. Beginning with the next issue of the Co-Op. News we will have a new department, i. e. The animal health column by R. A. Marriott of Lederle Laboratories. In this column we will bring you more specific details concerning the correct uses and applications in the barnyard of Sulfaguanidine, Duatok Sulfathiazal, Sulfadiazene, Veticillin brand of Penicillin, D. D. T. Streptomycin, etc.

H. E. WARD.

### ANOTHER AIRPLANE AT MENTONE

Dale Tucker and Chick Herendeen purchased another Cub training plane Wednesday to add to their fleet of trainers at the Mentone flying field.

A number of local citizens have already completed their solo training and made their solo flights. With the addition of another plane it will make it more convenient for flyers to secure a plane for solo time.

Mr. and Mrs. K. A. Riner were dinner guests at the Tippecanoe Country

### Club Thursday evening.

○○○

Mr. and Mrs. Kenneth Mollenhour were surprised Sunday evening when they received a telegram from Mrs. Mollenhour's son, Bob Herendeen. He stated he arrived at Arsenal, Maryland Saturday night, from Ft. Lewis, Washington. He will have eight weeks of specialized training there. His address will be published later.

○○○

Fred Garrison, of Fort Wayne, son-in-law of Frank Warren, is improving at the Methodist hospital there after an attack of stomach ulcers.

## **—OF THE PEOPLE, BY THE PEOPLE, AND FOR THE PEOPLE**

- Lincoln might well have had cooperatives in mind when he spoke those immortal words.

## **—OF THE PEOPLE?**

Yes indeed! Co-ops are made up of people from the small towns, the farms, and the cities, a real cross section of the nation. ALL persons are eligible for membership. Co-ops are, 'of the people.'

## **—BY THE PEOPLE?**

Certainly! Co-ops are operated by the members. One member, one vote. All management is under the direction of the Board of Directors, elected in open meeting by a vote of the members. Yes, co-ops are, 'by the people.'

## **—FOR THE PEOPLE?**

Of course! Co-ops incarnate the public interest because they are operated for benefit of patron-owners, not for profit for investors. No great financial hurdles must be cleared to share in the benefits. Membership shares are low cost and may be earned in savings made through trading with the co-op. Decidedly co-ops are, 'for the people' and their best interests.

#### Texture Important in Person's Pick of Clothes

Texture is one of the factors that many women do not consider in the selection of their clothes and many times it is the most important consideration for certain individuals.

Texture is related to the "feel" and substance of the fabric—whether it is smooth or rough, hard or soft, filmy or bulky. Texture variations give softness and beauty to colors otherwise difficult to wear, take the gloom from black, the glare from white and often are the most significant quality possessed by any object, whether fabric, wood, metal or any other substance.

Women who have definite feminine characteristics, gentleness of manner, are mild, quiet, often impulsive and warmhearted should select materials which have characteristics of softness, such as soft woollens and soft crepes that drape nicely, gingham and chambrays, sheer textures, soft taffetas and failles and similar fabrics without too much weight.

The type of individual who is forceful, has a good deal of drive, strength of character, vitality and who is interested in many activities should choose the more firmly woven fabrics that are pliable and sleek looking or have a smooth surface. Some examples of these are the worsteds, men's wear suitings, twills, tweeds, broadcloths, moires and bengalines. Heavy failles, slipper satins, piques, sharkskins and heavy dress linens can also be worn by this type of woman.

#### See Dental Lavatories In Postwar Bathroom

Many postwar bathrooms will be equipped with dental lavatories, says the plumbing and heating industries bureau in calling attention to the many desirable features of this fixture.

The dental lavatory was consistently gaining favor in prewar homes because of its hygienic advantages, the bureau points out. By providing a place for brushing the teeth and gargling, the dental lavatory helps to prevent the spread of communicable diseases.

The installation of a dental lavatory, furthermore, enables a bathroom to accommodate more traffic and thus increases the utility of the room with but little additional space requirements. Dental lavatories vary in size from 12 x 12, and 13 x 14, to 16 x 15.

Made of sanitary, easy to clean, and lustrous vitreous china, the dental lavatory adds beauty to the bathroom. The fixture is hung from the wall, is usually equipped with an integral shelf at the back, has a flushing rim, and is made without a drain plug.

#### Hired Hands

Farmers put a money value on skill and experience and a "settled down" attitude toward the job in the men they hire, the agricultural extension service reports. Men in the age group from 35 to 44 averaged the highest hourly earnings of any group, according to a recent survey.

#### REBUILT LAND INCREASES FARMER'S BANK ACCOUNT

Alfred R. Osburn, of Greene county, Indiana, wore out 27 axes converting \$5 an acre hill land into valuable pasture, Prairie Farmer reveals in an article in its current issue.

Mr. Osburn's methods of rebuilding pastures into valuable land shows up in his bank book as well as in his satisfaction with restoring land that was almost useless.

The use of balanced fertilizer for pastures is given strong support by Osburn. He says that he had 125 head of hogs that were eating 100 pounds of supplement each day until he turn-

ed them out on a 10 acre plot that had received 6,200 pounds of phosphate and 80 tons of lime. "The supplement consumption dropped from 100 pounds a day to only 100 pounds every 14 days," Mr. Osburn says.

### Parents Should Help Children Bear Taunts

Parents of children who are teased because they wear glasses, braces on their teeth or other appliances have a hard but necessary job helping these children take the teasing and come up smiling.

It is much easier for children to take the bitter taunts of their playmates if they are not sensitive about the thing that causes the teasing. Parents must have a matter-of-fact acceptance of glasses, braces or orthopedic shoes to help children develop a similar attitude.

It also is important that parents help children realize the necessity of wearing a hearing aid or braces, how they are helped by them and their responsibility for them. Parents can also help children accept glasses and braces by making such appliances as attractive as possible or at least as unnoticeable as possible.

Children should be told that one of the main objectives of this type of teasing is to hurt them or to make them uncomfortable. Perhaps then it will be easier for them to keep from showing their feelings. They should be encouraged to pretend that teasing doesn't hurt.

## DAIRY WEEK AUGUST 7-9

Directors of the Kosciusko County Dairy association Friday night set the dates of August 7-8 as county dairy week and named committees for the event.

Holstein day will be held Aug. 4, Guernsey day Aug. 8, and Jersey day Aug. 9.

The committees are as follows:

Program—Millard Stookey, Prairie township, chairman; June Mishler, Jackson township; Elmer Longyear, Clay township and Ed Green, Turkey Creek township.

Grounds—Eugene Ringgenberg, Plain township; Milo Robbins, Wayne township, and Dorris Harrold, Franklin township.

Catalogue—Earle Johnson, Fred Beyer and Howard Thompson, Wayne township; Arden Warner, Lake township; Milo Clase and Lozier Helvey, Warsaw.

The event will be held at the county fair grounds.

### Rubber Defects

Very early in the history of natural rubber, it was recognized that it possessed inherent deficiencies which limited its usefulness. However, during the past several decades numerous materials have been discovered which when compounded with rubber overcome or greatly reduce its natural defects. Outstanding among these materials are the accelerators of vulcanization which speed up the combination of sulphur with rubber during vulcanization, resulting in greatly improved products. Other materials known as antioxidants or age resisters greatly retard the deterioration of rubber caused by the oxygen of the air. Among other materials which may be cited are those which act as softeners, fillers and reinforcing agents.

Mr. and Mrs. Kenneth Romine and Mr. and Mrs. Wayne Bowser are having a vacation through the Smoky Mountains.

George Emmons, of South Bend, spent the week end with his grandmother, Mrs. Frank Warren. George has been out of the navy for about two months.

○ ○ ○

Mr. and Mrs. Harvey Grubbs and Mrs. Merle Merica of Warsaw and Mr. and Mrs. Jesse Grubbs of North Judson, were Sunday dinner guests of Mr. Pete Grubbs and family.

### IN MEMORIAM

## Church Notes FIRST BAPTIST CHURCH

Mentone, Ind.

You are ever welcome to this house of God

Special music at each service.  
Workers Prayer Meeting 9:15 A.M.  
Everyone welcome. Teachers and of-  
ficers are expected to attend.  
"Of course, I am glad to send a mes-  
sage about the importance of Sunday  
school. Its importance cannot be over-  
stated. If the church did nothing else  
but conduct this great character-form-  
ing school its existence would be fully  
justified.

"Secular schools and colleges take  
pride in their famous alumni. What a  
list of alumni the Sunday school has!  
It includes almost every leader in our  
national life."—Bruce Barton, publicist  
and writer.

Bible School 9:30 A.M.  
Classes for all ages including a nur-  
sery for the babies.  
Morning Worship 10:30 A.M.  
Young People's Fellowship 7:00 p. m.

Morning Worship 10:00.  
Subject: "Eternal Treasures."  
There will be special music. Janet  
Hostettler Ganger will sing, "I Would  
Rather Have Jesus."

Sabbath School 11:00. Raymond Lash  
superintendent. Classes for all ages.  
Youth Fellowship 6:30.

Evening Worship 8:00.  
Subject: "God's Way Versus Man's  
Way."

Prayer meeting Thursday 8:00.  
Bring your guests, friends and neigh-  
bors to all these services where a hear-  
ty welcome awaits you. Make it your  
goal for this year to attend all the  
services.

"My life is but a weaving between  
God and me. I may but choose the  
colors, He worketh steadily; For oft  
he weaveth sorrow, and I, in foolish  
pride, Forget He sees the upper, and  
I, the under side.

## COUNTRY NEIGHBORS CLUB HOLDS REGULAR MEETING

The Country Neighbors Home Eco-  
nomic Club meeting was held recently  
in the home of Mrs. Faye Long. The  
meeting was called to order by the  
president, Mrs. Mildred Meredith. The  
club song, "America the Beautiful,"  
was sung in unison, followed by all  
repeating the pledge to the flag.

Mrs. Della Shock gave a reading and  
all joined in singing several songs.

The minutes of the last meeting were  
read by the secretary, Mrs. Beulah  
Cook. Roll call was answered by each

giving their mother's outstanding hab-  
it. Regular club business was conducted  
after which the mystery gifts were  
passed and an auction was held. An  
invitation to be guests of the Better  
Homes club in June was read.

The hostess and her assistant, Mrs.  
Myrtle Pfeiffer, served dainty refresh-  
ments to eighteen members, five guests  
and nine children.

## Potato Chips

From every 100 pounds of pota-  
toes 22 pounds of potato chips (in-  
cluding shortening) can be made.

## SUMMER RECREATION PROGRAM

On Thursday afternoon, the Akron Midgets again tangled with the Mentone Midgets and were defeated by a score of 29 to 11 in an eleven inning contest. John Davis and Ned Witham formed the battery for Mentone and B. Smith and Heeter took over for Akron.

Johnny Davis was in good form, striking out 11 batters, walking 5 players and allowing a total of 19 hits. Heeter struck out 2 men, walked 6 and allowed 30 hits. Mentone committed 7 errors against 10 for Akron.

The Midgets are playing well together and the experience they are getting will eventually produce an outstanding team in the future. Cullum and Rush were two newcomers in this game with good possibilities. Cullum showed he may be considered a first stringer by banging out 4 hits in 7 trips to the plate for a percentage of .571. These Midgets have played 5 games and won them all. Johnny Davis served as the winning pitcher in three games and Vandermark and Holloway won one each. Larry McKinley, who is in the 3rd grade, ranks second in batting percentage.

The following statistics shows the record of each player:

Player & Grade	H	AB	%	R	W	HR
John Davis, p	3	11 18	611	12	1	0
L. McKinley, f	3	4 7	571	2	0	0
Jon Cullum, f	4	4 7	571	2	0	0
B Vandermark 1b	5	10 18	556	12	1	3
R. Gible, 3b	6	4 8	500	4	1	0
N Witham, c	6	7 14	500	6	1	0
D Peterson 2b	6	8 18	444	6	1	2
Donnie Butt, ss	6	6 16	375	9	3	0
Boyd Blue, f	5	2 7	286	4	0	0
B. Holloway, p	3	1 5	200	2	2	0
Kay Flenor, f	3	2 10	200	1	0	0
Don Flenor, f	5	1 6	167	1	0	0
John Clutter, 3b	4	0 9	000	3	4	0
W Oyler, f	5	0 5	000	1	2	0
Adam Blue, f	3	0 3	000	2	2	0
Don Rush, f	4	0 4	000	0	0	0
M Peterson, f	5	1 7	143	4	2	0

On Friday afternoon, the Mentone 7th, 8th and 9th grade softball team defeated the Akron team by the score of 21 to 7 and avenged the loss they suffered at the Flyers hands a week previous.

Roscoe Davis and David Johns formed the battery for Mentone while A.

## PUBLIC SALE

of  
HOUSEHOLD GOODS  
on

SATURDAY, JUNE 8th  
1:00 o'clock

at my residence in Mentone.

(Watch for list next week)

L. A. RICKEL

Harper and W. Largen took over for the Flyers. Roscoe is keeping the family pitching record perfect by winning this game. His brother, Johnny, on the Midget team, has three wins to his credit. Keep up the good work boys.

Roscoe allowed 11 hits, 3 walks and struck out 8 players while Harper allowed 13 hits, 10 walks and struck out 9 men. The outstanding performance of the game was turned in by Junior Emmons when he blasted out five hits in five trips to the plate. The exceptional part was that four of the hits were home runs. The Akron fielders'

shirttails seemed to be waving continually. The Akron boys will surely have more respect for Junior now. Leininger of Akron clipped a home run in the fourth inning to give Akron their only circuit. Fred Vandermark made his first appearance with the team by substituting in the seventh inning. He has given warning that he too will try and hold down the top place in batting percentage. He clipped off three hits in three times at the plate to tie for first place batting honors.

The following statistics are completely up to date:

Player	Year	H	AB	%	HR	R	W
Jun. Emmons ss	8	5	5	1.000	4	6	1
F Vandermark 3b	9	3	3	1.000	4	6	1
Don Grubbs, lf	8	5	11	.455	0	4	2
Dave Johns, c	8	4	8	.444	0	4	2
Loren Gross, rf	8	2	5	.400	0	1	0
Roscoe Davis, p	9	2	8	.250	0	4	4
T. Fitzgerald, cf	9	2	10	.200	0	3	1
David Cooper, 1b	8	1	9	.111	0	1	2
M. Friesner, 2b	7	1	9	.111	1	1	1
Max Grubbs, rf	8	0	3	.000	0	0	2
D. Coleman, p	9	0	4	.000	0	0	1

### Insurance Payments

New York City with \$184,620,000 in life insurance payments led the 20 leading cities in population in life insurance payments, followed by Chicago and Philadelphia. Pittsburgh led the cities in its population group with Buffalo and Boston second and third. Newark, Cincinnati and Rochester were the leaders among cities of like population. Syracuse, Dayton and Providence led the 200,000 to 300,000 cities, while Hartford, New Haven and Richmond took honors in the 150,000 to 200,000 group. Utica, Trenton and Albany led the 100,000 to 150,000 cities; Harrisburg, Schenectady and Binghamton the 75,000 to 100,000 group. Per capita life insurance payments in cities with more than 50,000 population average nearly twice the national average, \$38.28 to \$20.23.

### Frozen Fruits

Homemakers should remember certain points if frozen fruits are to retain their food value and color. Frosted fruits need only slight thawing and are best served when still a bit icy.

### PSI IOTA XI SORORITY MEETS

Mrs. Esther Shoemaker was hostess to the Mentone Psi Iota XI sorority members and their guests Thursday evening, May 23. Bridge prizes were awarded to Mrs. Delford Nelson and Mrs. Curtis Riner. Mrs. Max Nellans won the door prize. Delicious refreshments were served to the following: Mrs. Lyman Molenhour, Mrs. Delford Nelson, Mrs. Curtis Riner, Mrs. Harold Utter, Mrs. Earl Anderson, Mrs. Elery Nellans, Mrs. Max Nellans, Mrs. Wayne Nellans, Mrs. Ralph Ward, Mrs. Glen Weatherbee, Mrs. Lucille Whetstone, Mrs. Mott Bryan, Mrs. Ralph Mollenhour, Mrs. Esther Shoemaker, Miss Genevieve Kraatz and the guests, Mrs. Devon Hirschman, Mrs. George Yehlek and Mrs. Clarence Gochenour. Mrs. Earl Anderson will entertain the sorority June 6.

### EASTERN STAR MEETING

#### NEXT MONDAY NIGHT

The members of the Eastern Star are urged to be present at the meeting at the hall Monday night.

A program is being arranged.

### SOME PARENTS ARE DARING

An incident occurred Wednesday evening that would tend to make one believe that some parents either have an extraordinary faith in the protection of the Lord, or just have no regard for loss of property or children. A lad of fourteen years came into town and down our streets traveling about as fast as his Terraplane would go. After questioning by the police, he said he was only driving about fifty miles an hour—trying to make it seem as slow as he thought he dared.

Parents permitting any child to drive alone on public highways without a driver's license is one way of asking for a nice juicy lawsuit to say nothing of the fine and jail sentence possible by law.

The infant really couldn't be blamed if he killed himself or someone else, as his tender years haven't permitted enough learning in the ways of the world to properly evaluate a situation. Most youngsters are capable drivers—even better than some of the older folks feeling their way down the highways with ten-cent-store bifocals. However, we all know that youth will not be able to resist the temptation of "putting on a little show" even if it kills him. We all went through that stage and we shouldn't expect boys today to be much different than they were 25 or 50 years ago.

Let's hope—before a few deaths occur—that a little more caution is exercised by parents whose youngsters drive autos on the public highways.

## Mrs. Howard Shoemaker

### MAIL DELAYED LAST WEEK

The railway strike last week, and the resultant ban on the mailing of any matter of the second, third or fourth class, made it necessary for the publishers of the Co-Op. News to deliver last week's issue to all the neighboring post offices. The other papers, then not mailable, were mailed as soon as the postal ban was removed.

### Time and Motion

A trained methods and timetudy engineer studies, perhaps, a factory workplace. He lists the shortest elements into which the job can be divided, makes a drawing of the workplace, equipment and material and an inspected unit of production. These individual elements are timed with a stop-watch in proper sequence a number of times and each is carefully checked to determine whether it may be eliminated or simplified. Equipments and materials used are checked for suitability. Corrected method and materials are put into use and the worker is instructed in their operation. These new elements are time and a "standard" performance is established. A time and motion study has been made.
