MRS. ABE WHETSTONE, 76, DIES AFTER LONG ILLNESS FUNERAL ON TUESDAY

Funeral services for Mrs. Abe Whetstone, aged 76, a lifelong resident of Mentone, were held at 2 p.m. Tuesday at the Reed Funeral Home. Rev. A. G. Simmons, pastor of the Mentone Methodist church of which Mrs. Whetstone was a member, was in charge. Burial was in the Mentone cemetery.

Mrs. Whetstone died at 5:45 P.M. Saturday one and one-quarter miles east of Mentone, following an illness due to carcinoma.

She was born near Mentone, Aug. 27, 1870, the daughter of Albert and Margaret Sarber. As Mary Margaret Sarber, she was married in 1890 to Chas. Sears. Her marriage to Mr. Whetstone took place in 1926.

Surviving relatives include her husband; a son, Albert Sears, of Mentone; a granddaughter, who resides in Detroit, Mich.; a sister, Mrs. Ora Heckaman, of Etna Green, and several nieces and nephews.

NOTICE TO GIRL SOFTBALL PLAYERS

Any lady interested in playing softball is invited to attend a meeting at the town hall on Thursday evening, May 8th, at seven o'clock.

If unable to attend, kindly contact Mrs. Robert Parker.

LEONARD BAKER VISITING HERE

Leonard Baker of Los Angeles, Calif. is renewing old acquaintances in Mentone, after having been gone for several years.

Leonard, who owns and flies a Cessna 140, and Donald Elick, son of Mr. and Mrs. Lawrence Elick, flew in last Thursday. They made the trip from Los Angeles in around 19 hours. Their flying time might have been cut down if they hadn't found it necessary to fly off course to miss a tornado.

Mrs. Baker and two children, who drove back a month ago, have been visiting at the Ninian Kesler home and with her parents in Rochester.

Mr. Baker and the two children plan to fly back about May 15, Mrs. Baker will drive the car back.

Donald Elick doesn't plan on going west now, but will go to Michigan with the Lawrence Elicks next week.

MENTONE JOINS NATION IN HAVING OWN TRAIN WRECK

The fad today appears to be to have a train wreck, and Mentone is now right up with any city in the nation. Thursday morning at about 2:50 o'clock a fast Nickle Plate freight train, traveling west, met with misfortune and piled some 17 box and tank cars up in a heap just west of town. A broken arch bar—the outside unit that holds the two axles of each set of wheels together—was blamed for the wreck. The heavy metal piece evidently let loose near the stock yards and tore splinters from the ties until it reached the highway crossing. At this point the impact against the crossing planks was so great it came off completely and in some manner managed to land on the other side of the track. A short distance later 17 cars left the track, plowing deep furrows into the earth along the right-of-way. The fore part of the train, as well as some of the rear cars, remained on the track.

Injuries were suffered by none of the train crew.

Wreck crews went to work as quickly as possible, tossing the cars and wreckage from the main track and by 3:30 that afternoon the first train cleared Mentone. Wednesday afternoon of this week the crews were just about ready to leave after clearing all the wreckage from the right-of-way.

Included in the wreck were cars of bicycles, washing machines, tractors, one load of ice and several tank cars of tar.

The wreck brought hundreds of visitors to the city and many braved the rain to watch the wreck crews clear away the wreckage and rebuild the track.

FATALLY INJURED

Garrie Rose received word last Saturday from Michigan telling of the tragic death of a grandnephew. Virgil Rose, a brother of Garrie, was hauling a wagon load of lumber with a tractor. His four year old grandson, who was riding on the tractor with him, fell off and was run over by the wagon load of lumber, and killed instantly.

Virgil Rose and his wife, who was Susie Tumbleson before her marriage, were born and reared in the Atwood community.

VACATION BIBLE SCHOOL

Beginning next Monday at 9 o'clock Daily Vacation Bible School will be held at the church of Christ.

This is open to all children from the ages of 5 to 14, no matter where they attend church.

There will be competent teachers, four of the six teachers having taught in public schools. There will be Bible lessons, Bible stories, handwork, Bible drills, songs, and recreation. Vance Johns will lead in the singing.

On the last Friday night there will be a program and exhibit, with a certificate being presented to all students completing the course.

There will be no cost to the parents or students.

MARRIED RECENTLY

Leatha Fleck and Walter Barkman were married at the Methodist parsonage at Columbia City on Saturday, April 26th at 7:00 p. m. The single ring ceremony was performed by Rev. Beatty, with Mr. and Mrs. Kenneth Barkman as the only attendants.

The bride was attired in a brown gabardine suit and wore a corsage of roses. Mrs. Barkman wore a black sport suit and had a corsage of carnations.

After a short wedding trip the couple are now at their home in Mentone.

INJURES LEG

Don Peterson is getting about on crutches since a nearly tragic episode with an axe on Monday while helping to chop a recently felled tree back of Pete's Lunch. Don made a mis-whack and cut a gash in his right leg. The axe went nearly to the bone and just missed severing a tendon.

He was taken to the Murphy Medical Center in Warsaw, where ten stitches were required to close the wound.

CLUB CALENDAR

Jolly Janes Home Ec. Club - Mon. evening, March 12, at the home of Mrs. Arley Cullum. Guest night.
Legion Auxiliary - Tues. evening, May 13.

Mentone Reading Club - May 21, at the home of Mrs. Pearl Lackey.
Winners Class Party, Fri. evening at 7:30 at the Noble Oylar Home.

LEWALLEN — EAST

Miss Betty Jean East, daughter of Mr. and Mrs. Delbert East, of route 2, Warsaw, became the bride of Jack Lewallen, son of Mr. and Mrs. Clarence Lewallen, of North Webster, in a ceremony performed Saturday afternoon by Rev. Howard George, pastor of the North Webster Church of God. The double ring service was read by Rev. George at his home in North Webster.

The bride was attired in a white suit. Her accessories were in black and she wore a corsage of red roses.

Mr. and Mrs. Harold East, brother and sister-in-law of the bride, attended the couple.

Yellow daffodils made up the corsage worn by Mrs. East with her suit of gray. Her shoes and purse were in black and other accessories were in yellow.

Mrs. Lewallen was a member of the graduating class of the Mentone high school. Mr. Lewallen was graduated last year from the North Webster high school. He is employed by the Dalton Foundries.

VALEDICTORIAN IN CLASS OF 326 SENIORS

James Kern, 17, son of Mrs. Miriam Kern and grandson of Mrs. Rose Bogges, of Mishawaka, has been chosen valedictorian of the Mishawaka High School. There are 326 seniors in the class.

NEW ATTORNEY FOR EMMET L. GRUBBS

Thomas Fitzgerald, Mentone attorney, is now defense counsel for Emmet Grubbs, 32-year-old Rochester farmer charged with rape.

The law firm of Dilts and Dilts withdrew their appearance Friday afternoon in Fulton county circuit court.

Grubbs has entered a plea of "not guilty" to the three indictments returned against him by the grand jury.

Mrs. Grubbs requested that the bond of \$4,500 be reduced; however her request was denied. The defendant has been unable to meet bail requirements.

NEW LIBRARY HOURS

Beginning next week, the Public Library will be open during these hours: on Tuesday, Thursday and Saturday afternoons from 1:30 to 5:00 and on Saturday evening from 7:00 to 9:00.

TALMA JUNIOR HIGH TOURS ROCHESTER

Kermit Biddinger, seventh and eighth grade teacher at Talma school, conducted his pupils on a tour of Rochester Monday.

In the morning the seventh and eighth graders visited Armour Creameries and then went to the city park to eat a picnic lunch.

The itinerary for the afternoon included a visit at the Fulton county courthouse, and inspection of the county jail, and a tour through the News-Sentinel offices.

Before returning to Talma, the boys

and girls visited Stewart's Bakery, and the Rochester Metal Works,

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Communities should begin now to eradicate the ragweed before its pollen spreads and causes discomfort. The airborne pollen, which begins to circulate about July 4, knows no boundary lines. It is not particular as to yards, nor stopped by fences, so it takes the community effort to get rid of the pest.

The growth of ragweed depends upon the amount of sunshine it receives. Recent rains will not rush the pollen season but may produce more ragweed than a dry season.

There are two kinds of ragweed to watch for—the common ragweed and the giant ragweed. The first grows

wherever weeds grow but thrives best in freshly turned earth. The giant ragweed, which sometimes attains a height of 15 feet, grows best in damp areas.

One agricultural experiment station has had marked success in the control of ragweed pollen with a chemical popularly known as 2,4-D. Solutions of 2,4-D sprayed upon ragweed and poison ivy will kill these and certain other weed pests. A small amount goes a long way. Although 2,4-D solutions are low in toxicity to humans and animals, directions for use as given by the manufacturers should be followed closely.

W. S. C. S.

The Woman's Society of Christian Service of the Methodist church met in the home of Mrs. Chester Manwaring on Friday evening, May 2.

The devotional service was led by Mrs. Rea Ward.

The lesson for the evening was presented by Mrs. Elizabeth Blue; her

subject was, "Christian Youth Brings New Life to New Tasks". She was assisted by Mrs. Trella Tombaugh, Mrs. Katherine Whetstone and Miss Elma Jean King.

Mrs. Dorothy Heregdeen and Mrs. Simmons gave a report of the meeting held April 11 at Claypool. At this meeting Dr. Roxy Lefforge was the guest speaker.

Surprise Mother. She's Worth It.

By BETTY BARCLAY

Mother, who prepares surprise dishes as well as the regular family "favorites" 364 days of the year, is surely entitled to a restful day and a surprise meal on Mother's own day. So, dads and daughters, the world over, roll up your sleeves, put on your aprons and treat Mother on her day as she treats you the year 'round. Here are a few tips:

Quick-Frozen Quality Foods Are Again In Abundance

You can be sure of pleasing the family palate, no matter how busy you are if you rely on such delicacies as quick-frozen spinach, thick-leaved and succulent, and quick-frozen golden sweet corn for menu highlights. Quality quick-frozen foods are again abundantly available. They are all time-savers, for all tasks of cleaning and trimming were done before quick-freezing sealed in their full flavor and goodness. Dessert treats include the new quick-frozen grapefruit sections, appetizingly sweetened, quick-frozen apple sauce, ready to serve as soon as it is thawed, quick-frozen sliced, sweetened peaches, and quick-frozen rhubarb cut into convenient one-inch lengths ready to cook.

Magic Six-Way Cookies

1½ cups (15 oz. can) sweetened condensed milk

¾ cup peanut butter

Add one of these six ingredients:

- (1) 2 cups raisins
- (2) 2 cups corn flakes
- (3) 2 cups bran flakes
- (4) 1 cup chopped nut meats
- (5) 2 cups chopped dates
- (6) 1 cup shredded coconut

Mix sweetened condensed milk, peanut butter, and any one of the six ingredients listed; drop by spoonfuls on greased baking sheet. Bake in moderate oven (375° F.) 15 minutes, or until done. Remove from pan at once. Makes about 30 cookies.

The recipe for these cookies is magically failure-proof. Made with sweetened condensed milk, the cookies are deliciously crunchy and appetizing.

Vanilla Rennet Custards
 ¼ rennet tablet
 ¼ tablespoon cold water
 1 cup milk (not canned)
 1 tablespoon sugar
 (or sweeten to taste)
 ¼ teaspoon vanilla

Set out 2 or 3 custard cups. Dissolve rennet tablet by crushing in cold water. Add sugar and vanilla to milk. Warm slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110° F.) not hot, remove at once from heat. Add dissolved rennet tablet and stir quickly for a few seconds only. Pour at once, while still liquid, into custard cups. Do not move until set—about 10 minutes. Then chill.

Best-Ever Bran Muffins

1 cup sifted flour
 3 teaspoons double-acting baking powder
 2 tablespoons sugar
 ¾ teaspoon salt
 ¾ cup shortening
 1 egg, well-beaten
 ¾ cup milk
 1½ cups 40% bran flakes

Sift flour once, measure, add baking powder, sugar, salt, and sift again. Cut in shortening. Combine egg and milk and add all at once to flour mixture. To mix, draw spoon from side of bowl toward center (15 times), turning bowl gradually. Chop spoon through batter (10 times). Add flakes and mix (about 5 strokes). Turn into greased muffin pans, filling each about ¾ full. Bake in hot oven (400° F.) 20 minutes, or until done. Makes 6 to 10 muffins.

Serve Decaffeinated Coffee

Mother won't need to worry about sleeping problems later on if you serve decaffeinated coffee, for it is 97% caffeine free. The new instant form makes it specially convenient for snack service, because you can make it right in the cup as it is needed. Just put a teaspoon of instant decaffeinated coffee, more or less according to the strength desired, in a cup, and add boiling water. Your cheering brew is ready to serve, fresh and hot for each newcomer; and there's no percolator to wash up afterwards, either.

The hostess assisted by Mrs. Mary Borton, Mrs. Ellen Stanford, Mrs. Lavina Shinn, Mrs. Mary Johnson and Mrs. Goldie Mollenhour served delicious refreshments.

The society adjourned to meet June 6 at the home of Mrs. Stanley Boggs.

LIBRARIANS TO MEET

Librarians and library trustees from 14 north-central Indiana counties will attend the District Library meeting to be held in South Bend on Tuesday, May 13th. The meeting which is scheduled to open at 10 A.M. will have as its featured topics the interpretation of the new state laws regarding libraries and librarians, the recruiting and training of new librarians, with emphasis on the new program being offered by Indiana University, and the consideration of local library problems.

The counties to be represented are Cass, DeKalb, Elkhart, Fulton, Huntington, Kosciusko, Lagrange, Marshall,

Miami, Noble, St. Joseph, Steuben, Wabash, and Whitley. A luncheon will be served at 1 P.M. and the afternoon session will conclude at 4 P.M.

Invitations to attend the meeting have been extended to the librarians and trustees of the Mentone, Milford, Syracuse, and Wabash libraries in Kosciusko county.

Save Time

Many precious moments may be saved during the breakfast rush if dry ingredients for muffins or pancakes are mixed the night before.

SAFETY PRECAUTIONS

Timely precautions that will pay off in safety dividends to the pedestrians as well as the motorists are suggested by the Chicago Motor Club.

Removing the keys from the ignition after turning off the motor and locking the car doors help discourage automobile thieves. Many serious accidents are caused by car thieves.

Alight from the right side of your car after parking your automobile. Serious accidents may occur when alighting from the traffic side of your car.

Exercise unusual care while driving in the vicinity of Old Peoples' Homes and similar institutions for the protection of pedestrians handicapped by age or other infirmities.

The odds are 8 to 1 that a pedestrian or jaywalker who tries to out-guess the speed of an approaching automobile will be hit. An average individual takes seven seconds to cross a thirty-five foot street while an auto-

mobile traveling 25 miles per hour covers 262½ feet in the same amount of time.

Variations of state laws governing passing of school buses are also emphasized. Laws in thirty-one states including Illinois and Indiana require motorists to come to a full stop when overtaking or meeting a school bus loading or unloading passengers. Two states require a full stop only when traffic is proceeding in the same direction of the bus. Ten states prohibit cars passing from on the side from

which passengers are being discharged. Four states have no law on it while the remaining nine simply require traffic to slow down.

Include the average garage in your spring housecleaning if fire prevention is to be assured. They should not be used to store old papers, magazines, broken and discarded furniture, uncovered paint cans, oily rags or anything of an inflammable nature.

GOOD PASTURES LOWER COSTS

Milk produced on good pasture costs about one-seventh that of milk produced during the winter months.

Improving the pasture will be a definite step in reducing the cost of milk production and lessening the summer slump so costly on many farms, G. A. Williams, Purdue University extension dairyman, points out.

Every dairy cow requires at least 100 pounds of grass daily. When the pasture season extends from April through November, as it should in a normal year, each cow in the milking herd during this period would require more than 10 tons of grass. No single crop will meet this demand, thereby, necessitating grass mixtures and rotations, the dairy man says.

These pastures may be rated according to their feeding value: —palatability, economy of production, amount and timeliness of yield, length of pasture season, resistance to drought, weeds and tramping, likelihood of causing bloat and adaptability to soil and climate.

Unless the dairyman is confident that his present acreage will provide his herd with plenty of lush, green grass this season, he should include one acre of Sudan grass per animal in his rotation. Sudan grass will prove an excellent means of preventing the usual slump in summer milk production. The Sudan pasture may be later

plowed under and the land seeded to rye, preferably Balbo rye, and used for late fall and early spring pasture.

PROTECT WINTER WOOLENS NOW AGAINST MOTH DAMAGE

"Vacation" for winter woolens may turn out to be more than a temporary period of non-use unless they are stored properly says Miss Meta Martin, extension clothing specialist, Purdue University. Improper storage frequently accounts for moth damage to wool articles or is responsible for damage by the carpet beetle, a wool-eating insect often mistaken for the clothes moth.

All woolens should be thoroughly cleaned before being stored. Washing well with neutral soaps or dry cleaning is the best preparation.

If the article to be stored can neither be washed or dry cleaned, it should be aired and then brushed well.

If the clean garments are stored at once in tight covered containers and all openings sealed, no other "keepout" sign is needed for the intruder as neither the larvae of the moth or the carpet beetle can get in. If, however, there were some of the eating worms sealed in the package, some other precaution should be taken. Paradichlorobenzene or naphthalene flakes should be sprinkled in the clothing before sealing the package. This would kill any larvae as they hatch from the eggs that might still be present. A

small handful of flakes laid among the folds of the garments will be adequate.

A clean large size lard can is an excellent container for storing blankets and furs when set in a cool place.

Women Live Longer

Statistics show that women have a better chance to outlive their spouses than the men have to be widowers. According to the Encyclopaedia Britannica, among centenarians, women outnumber men three to one.

FIXING UP the HOME By Diane Greeter

How to Solve Storage Problem

IT SEEMS there never is enough storage room in a home, whether it be a big house or a small apartment. We all want everything we may want to use handy, so it is unnecessary to poke around in dark closets for suddenly desired items.

One solution to this problem of storage, and a good way to protect valuable woolens, too, is to use a pair of cedar hope chests at the foot of twin beds. While we may look upon the hope chest as a symbol of romance, it has very practical

values. They tell me that, even if clothes moths do get in a cedar chest, they can do very little damage. Only the young moth larvae eat your clothes, and the cedar aroma paralyzes them as soon as they are hatched out. Unable to eat, they starve to death.

We shopped around and found that chests can be obtained in such a variety of outer wood finishes that they can match almost any furniture now being used in the bedroom. They are particularly nice at the end of the new Hollywood type beds and they have the additional virtue of being available as seats when you have a flock of bedroom visitors. Keep in the chests your extra blankets, furs, woolen scarves and dresses and gloves and any other of your fine things which would make a hungry moth lick his chops.

AND YOUR EFFORTS WILL BE REIMBURSED.

WILD MUSHROOMS CAN KILL: BETTER NOT TAKE CHANCES

If you have the urge these spring days to roam the fields and woods in search of mushrooms, don't cook and eat any you gather unless you are sure they are non-poisonous, is the advice given by the Indiana State Medical Association in a bulletin issued today.

Don't take chances on the toadstool

shaped kind, the bulletin warned, for even experts have difficulty in distinguishing between the poisonous and non-poisonous of this type.

"Mushrooms of the morel family, often referred to as the sponge mushroom, are common in Indiana and widely known and eaten. Puffballs are also edible fungi, but they should be fresh and white inside," according to the bulletin.

"The idea that a silver coin will become tarnished from the poisonous varieties if it is put in the dish in which mushrooms are being cooked is wholly false. Taste is not a reliable test either, for the poisonous species have an agreeable flavor.

HOME GROWN SEASONINGS ADDS VARIETY TO DISHES

With gardening time here again, many homemakers are making plans to include a few home-grown seasonings along with the regular garden vegetables, says Miss Anna P. Ranier extension nutrition specialist, Purdue University.

About a dozen kinds of bulbs are enough for starting the savory plants. This many are needed in order to provide a suitable array of flavors for use singly or in blends with a variety of foods. They do have a way of transforming plain everyday dishes into delicious ones.

A suggested list of herbs that can be grown successfully by beginners includes basil, chervil, sweet marjoram, thyme, rosemary and tarragon. Included also are those indispensable mixers—chive, parsley and summer savory.

For complete details on growing herbs, the bulletin entitled "Savory Herbs, Culture and Use" is available by writing home economics extension, Purdue University.

Mrs. Jeff Stookey and Mrs. Mary Miners and Mr. Harvey McCombs, of Warsaw, visited in Mentone Monday.

Hawks, particularly the "mouse hawks", are definitely beneficial to agriculture, preying upon large numbers of field mice, says the Purdue University Wildlife Laboratory. In this group are the red-tailed hawk, red-shouldered hawk, rough-legged hawk and broad-winged hawk, all of which are protected by Indiana Law. Due to

public misunderstanding, these hawks are those most often killed. Only three hawks whose swift flight make them unlikely targets are not protected.

LOCAL NEWS

Susanna Blodgett, of Nappanee, visited her grandparents, Mr. and Mrs. Earl Shinn, last Saturday.

Tomato and Cabbage plants at Clark's.

Mrs. Miles Manwaring and son, Larry, Virginia Rush and Jody Cullum spent Wednesday in South Bend.

Stanley Boggs is a patient in the McDonald hospital suffering from asthma.

Don't throw it away! If it is still good, give it to the Psi Iota Xi rummage sale. Call 78 and someone will call for same.

Mrs. Tressie Baney returned to Mentone Wednesday after spending several days in Ft. Wayne with her daughter.

Mrs. Elery Nellans was taken to the Murphy Medical Center Wednesday

For Mother's Day—Potted Plants—at Clark's.

afternoon for observation and treatment.

Mrs. Edgar Cochran was taken to the eye specialist in South Bend, Monday. Some improvement is noticed in her sight.

Ladies—be wise — dry clean your drapes, curtains, rugs, slip covers with confidence — quality workmanship comes first. DeLux Cleaners.

Used clothing and other articles will help the Psi Iota Xi rummage sale. Call Lucille's Beauty Shop and someone will collect same.

Mr. and Mrs. Glen Bradshaw of Marion and Jerry and Hubert Cook, of near Swayzee, were week-end guests at the Raymond Cooper home.

Mr. and Mrs. Frank Meredith and Mr. and Mrs. Wayne Shunk spent Sunday in Benton Harbor, Mich., where the flying farmers held a blossom festival show.

Satisfied customers tell us Drax is wonderful for it is not only water repellent but it prevents future soiling from lodging in your wearing apparel, slip covers, etc. DeLux Cleaners.

New shipment of men's Red Wing work shoes at Clark's.

Mr. and Mrs. D. P. Meredith, of Warsaw, are leaving for Burlington, Vermont, where they will spend a month with their son and family. Mr. and Mrs. Frank D. Meredith and daughter, Marsha.

Sunday guests at the Artley Cullum home were Mr. and Mrs. Eugene Lancaster and family; Mr. and Mrs. Fred Carey, and sons; Mrs. Myrtle Reed, all of South Whitley and Mrs. Charles Davis, of Three Forks, Montana. Mrs. Reed will spend the summer months in Mentone at the Cullum home.

Mrs. Ollie Sarber was taken to the Woodlawn hospital, Rochester, last Wednesday evening for observation.

The Senior Class is enjoying a trip through the Southeast. Mr. Kelly is accompanying the group to drive the school bus and act as stabilizer. Perhaps we can give details next week.

Spring housecleaning should uncover many articles you will want to donate to the Psi Iota Xi rummage sale. Call 78, Lucille's Beauty Shop.

Rev. and Mrs. S. M. Hill went to Elkhart Wednesday to attend the Ministerial and Missionary Association meeting.

MRS. BERNIE SUMMEY AGAIN SELECTED AS ATTENDANCE OFFICER

Mrs. Bernie (Dora) Summey of Pierceton, Monday afternoon was elected by the county board of education as county school attendance officer for a year's term starting Aug. 1, succeeding Mrs. Curtis Riner, of near Mentone.

The 17 township trustees selected Mrs. Summey in a close vote in which she received 9 and the incumbent 8.

Mrs. Summey was succeeded to the post by Mrs. Riner last year.

Prior to the election, the board of education heard Mrs. Riner's report on activities during the past term, discussed at length report of state school inspector Dale Swanson for improvement of the schools, exchanged on letting school bus routes and took up the new educational requirement for "five-year" teachers requiring that at least 18 weeks of their additional training be towards master's degrees.

NOTICE — CHANGE IN MEETING PLACE

The Mentone Home Economics Club will entertain the Mentone Reading Club on Wed., May 14, at 1:30 P.M. Please note that this meeting will be in the Methodist Church.

Roll call will be a quotation, poem or familiar saying about Mother.

ATWOOD SENIOR CLASS PUBLISHES YEARBOOK

Shown here are the seniors, and sponsor, of the 1947 graduating class of the Atwood High School, who had all the work in publishing the 1947 Greyhound. The senior class each year produces an annual for the school and this year's class lived up to the standards established by classes in former years and produced a book that was a real accomplishment for a small school.

Miss Dorothy Creighton, editor of the 1947 book, was attending a conference of Future Farmers at Purdue at the time the staff photo was taken and wasn't included in the picture at the right. She is shown at the left.

The annual was again printed at the Country Print Shop at Mentone.

Doyle Swanson is principal of the Atwood School and sponsored the 1947 class.

ANNOUNCE WOMEN'S SUMMER MEETING

The initial summer conference for Indiana rural women will be held at Purdue University June 19 and 20. Hundreds of women from over the state, many of whom were unable to attend the January conference this year, are expected to gather for the two day event, which will be built around the theme, "Today's Home Builds Tomorrow's World."

The Thursday program will include six major subjects in the field of homemaking which will be discussed by outstanding leaders in those fields. Among these will be Judge Florence E. Allen, of the Court of Appeals, Cleveland, Ohio. Judge Allen's talk on "Factors Which Disrupt the Home" will be based upon her many years' experience with the delinquency problem.

A music festival to be staged the evening of June 20 by Indiana county home economics choruses will be the final event of the conference. More than 1500 chorus members are expected to participate. Entertaining tours of the campus will be conducted during the chorus practice periods for women, not members of the chorus, who accompany chorus members there.

WAR MOTHERS MEETING

Unit No. -06 Mothers of World War II will hold their regular monthly meeting Wednesday, May 14.

A splendid Mother's Day program has been planned. Every member is urged to be present.

Hard Soap

Remove the wrapper from a bar of soap and let the bar dry and harden before you use it. Hard soap lasts longer than does soft, moist soap.

URGE DOG AND KID CONTROL

At the town council meeting Tuesday evening a number of local citizens appeared seeking relief from stray dogs and meandering youngsters. They reported dogs digging in their garden and flower beds. Also, the games some of the youngsters play make it necessary for the young folks to run wildly across lawns, over flower beds and through shrubbery, which doesn't materially benefit the growing plants.

A petition was also presented by a group of citizens requesting that the board use its power in preventing the establishment of a steam railroad line on Morgan street, formerly used by the Winona railroad.

BURKET CITIZENS PREPARING LARGE PLAYGROUND PROJECT

Citizens of Burket are to be complimented upon their aggressiveness in fixing up a real playground in their city. They have all the arrangements made for a well-lighted softball diamond, and in addition, will have tennis, shuffleboard and horse shoe pitching illuminated for night use.

A kiddie playground is also incorporated in the community-wide project.

Better Hens

Hens that lay eggs with superior shells and contents are recent products of the department of agriculture poultry research.

SALT SPEEDS HOG GAINS

Hogs receiving some salt in their daily rations can gain two and one-half times faster than those without it, reports C. M. Vestal of the Purdue University Agricultural Experiment Station, who has recently completed a 100-days' study on salt for hogs. Average daily gain of hogs who received salt was 1.71 pounds, while those receiving none gained only .67 pounds daily. For each pound of salt consumed there were 45 extra pounds of gain.

Results of the research work show that each pound of salt saved \$5.60 worth of feed, including 147 pounds of corn, 60 pounds of protein supplement and 1.9 pounds of mineral mixture. Average daily consumption of salt for

a pig was slightly over one-third of an ounce.

The addition of salt in the rations for two lots of seven pigs each weighing about 57 pounds at the beginning of the study made a difference of 278 pounds in the amount of feed needed for 100 pounds gain. Both lots were fed the same, one receiving no salt and the other had loose salt, free choice with the other feeds. The protein supplement was a mixture of 90 pounds of soybean oil meal and 10 pounds of alfalfa leaf meal. The mineral mixture was equal parts of steamed bone meal and pulverized limestone.

Complete results of this study and information on salt poisoning are reported in Mimeograph Number 23, department of animal husbandry, Purdue University Agricultural Experiment Station, and may be obtained free by writing to the university.

HOLD INITIATION SERVICE

Mrs. Curtis Riner, of near Mentone, was the hostess at the meeting of the Beta Epsilon chapter of the Psi Iota Xi sorority held Thursday evening at the home of Mrs. Max Nellans, also of near Mentone. Mrs. William Hudson was initiated into the sorority in an impressive candle light service conducted by Mrs. Lyman Mollenhour, president, assisted by Mrs. Riner, Mrs. Nellans, Mrs. Howard Shoemaker and Mrs. Glenn Weatherbee. Spring flowers in the sorority colors, blue and gold, were arranged throughout the rooms. Mrs. Hudson was presented with a corsage. In the business meeting, officers for the coming year were elected. Mrs. Nellans was chosen as the new president. The vice-president is Mrs. Shoemaker; secretary, Mrs. Geo. Yehlick; treasurer, Mrs. Harold Utter; corresponding secretary, Mrs. Ralph Mollenhour; conductress, Mrs. Weatherbee. Mrs. Max Nellans and Mrs. Ralph Mollenhour with Mrs. Shoemaker, as an alternate, were chosen delegates to the national convention Muncie, at which Mrs. Ruth Ball Harter, of Muncie, national president, will preside.

Plans were completed for a rummage sale which will be held May 17 at Mentone. Mrs. Hudson was awarded the door prize. A party will be given May 15 at the

home of Mrs. Earl Anderson. Delicious refreshments were served by Mrs. Riner, assisted by Mrs. Nellans, to the group, which also included Mesdames Wilvin Teel, Ralph Ward, Wayne Nellans, Maude Snyder, Elery Nellans, Earl Anderson, T. J. Clutter, and Delford Nelson.

DO YOU KNOW WHAT WEEK THIS IS?

This week, May 4-11, we are celebrating the fifth annual observance of Religious Book Week. In 1942, the National Religious Conference set aside this week to mark the date, May 10, 1933, when the Nazis threw to the flames all religious books because they contradicted and exposed the fascist philosophy.

Let us all take part in this worthwhile observance by reading at least one religious book or magazine.

In your public library you will find displayed contemplative and religious books of many kinds. Admirers of Bruce Barton will enjoy "The Book Nobody Knows" and "The Man Nobody Knows". Stanley Jones will capture your interest in "Christ of the American Road".

Dr. Brown, Dean of Religion at Yale University, speaks right to the hearts of young and old alike in "Where Do You Live?" and in "What Is Your Name?" Those interested in India will

enjoy, "The Little Brown Babe", the story of a Christian marriage in India.

One of the books which has become universally popular is Liebman's "Peace of Mind", a comparison of prophetic religion and modern psychology. In an epoch of disillusionment, it is heartening to read stories of men and women in our modern

world who have dared to live with heroism as told in, "They Dared to Live", by Robert Bartlett.

You will also find beautifully illustrated Bible stories, Bible reference books, a Bible Atlas, and religious magazines for yourself and each member of your family.

Mrs. Cora Bryant was called to Mentone Tuesday to attend the funeral of her sister-in-law, Mrs. Peter Horn.

Mr. and Mrs. Dale Chapman of South Bend, spent the week end here the guests of his parents, Mr. and Mrs. Russell Chapman.

Miss Helen Finney, of Indianapolis,

was the week end guest of her parents Mr. and Mrs. J. D. Finney.

Mrs. Ed Ritter, of Plymouth, spent Tuesday here the guest of her mother, Mrs. Maude Kinsey.

Mr. and Mrs. Russell Chapman called on their son and daughter-in-law and Mrs. Ralph (Pete) Chapman.

There were 32 present at the Talma Methodist church Sunday, May 4th.

Marion Fultz, who has been confined to his home with heart trouble is improving.

Frozen Beets

When prepared fresh, beets require a fairly long cooking period and, unless they are cooled whole, have a tendency to lose their bright red color by bleeding. To avoid these problems in the frozen product, choose tender beets no more than two inches in diameter. Cook them whole for 25 to 30 minutes, remove the skins and slice or dice. This gives a good-quality product which requires only three to five minutes of cooking after freezing.

TOMATO SEEDING

GAINS IN FAVOR

Direct seeding of tomatoes has grown in popularity in Indiana in recent years as yields on many of these fields equalled or surpassed those on fields grown with transplants. The 4-H club tomato champions in 1946 in both the U.S. Won and Double Eagle Tonnage Clubs grew their winning crops from direct seeding. Roscoe Fraser, Purdue University canning tomato expert, reports. In addition, three out of the top four adult tomato club winners used direct seeding.

Diseases commonly carried on transplants such as bacterial wilt, southern root rot, collar rot, and tomato late blight originating in southern plant fields are less likely to occur in well-

rotated, direct-seeded fields than with transplants.

Principal advantages as reported by the growers are the saving of labor and risks attendant to transplanting, the seeding is finished before corn planting time, (April 25 to May 15), and there is less cracking in wet weather and resistance to drought, due to deep tap root systems. On the other hand there are some disadvantages, namely: difficulties in getting the plants up, competition of weeds and the work of blocking out plants, lack of seeding equipment and experience on the part of the grower.

Fraser states that best results from direct seeding have been when the field has a high percentage of organic matter, avoiding crusting over. Highest yields have been obtained on fields of red clover sod, alfalfa, or second

year sweet clover, fall plowed. To help avoid disease, the field should not have been tomatoes for at least four years.

Directions for seeding, cultivation and thinning or blocking are given in Extension Bulletin the Purdue University Extension Bulletin. 281, "Tomatoes by Direct Seeding" available free from the county agent's office or the University.

DESTROY GROUNDHOGS
BY POISONOUS GAS

Reports of appreciable amounts of damage caused by groundhogs in cultivated fields have come to G. C. Odekerk, rodent expert of the U. S. Fish and Wild Life Service, located at Purdue University. Particularly heavy damage was noted in soybean fields and many levees were made un-

safe by the burrowings of the groundhogs.

During the spring months is the proper time to treat the groundhog dens, as it is then that the young are in the dens and the adults prevent the entrance of other animals such as rabbits, the rodent expert explained. Calcium cyanide fumigant is used with good effect in the groundhog dens during April to late June, but the earlier treatment will be more effective, and other animals will not likely be destroyed. A tablespoon of calcium cyanide is placed at arms length in the burrow, the opening is closed with sod or dirt with care being taken not to cover up the fumigant. Calcium cyanide is available from most dealers handling insecticides and rodenticides.

but to minister. May we be of help
to you?

METHODIST CHURCH

Mentone, Ind.

Rev. A. G. Simmons, Pastor

Elizabeth Blue, Church Secretary
D. L. Bunner, Church Treasurer

Promptness and faithfulness will
bring success.

Mothers' Day Program, 10:00 to
11:30. The Junior Church in charge
of Mrs. Simmons and Mrs. Jack Van
Gilder will give the program. Also
there will be the reception of members
and baptism of children. Remember
the offering for mothers and children
in Europe.

Prayer meeting Thursday 8:00.

Only two Sundays remain in this
conference year.

This is Religious Week and your at-
tention is called to the table of good
reading material Mrs. Lackey has ar-
ranged for your help at the Library.
We all can be helped when we learn
more about the Bible and the benefits
of religious living.

"I was glad when they said to me
let us go up to the House of the Lord."

TIPPECANOE METHODIST CHURCH
A. G. Simmons, Minister

Sunday School 10:00.

Prayer meeting every other Friday
night.

Preaching the second and fourth
Sundays of each month.

All Methodists and others interested
are urged to be present at all services
where a hearty welcome awaits you.

"But God forbid that I should glory,
save in the cross of our Lord Jesus Christ, by
whom the world is crucified unto me and
I unto the world." —Galatians 6:14

WHAT SAITH THE SCRIPTURES?

- L. "Well, if you think you can
get everyone to see the Bible
alike, please tell me how you
are going to do it."
P. The only way I know is to
persuade everyone to accept
the Bible as it is."
L. "All religious people claim to
do that."
P. "Do you really think so?"
L. "To be sure, you certainly
don't think anybody would,
knowingly, change anything
that the Bible says, do you?"
P. "If I am not mistaken, that
is what this whole conversa-
tion started about. You ob-
jected because I speak of the
church as the church of
Christ. You admit that this
is a Bible term, yet you said
you didn't like to use it; in-
stead you prefer some term
that is not found in the Bible.
You seem satisfied for all re-
ligious bodies to use any term
they like, as long as it is not
found in the Bible; but when
I use a Bible expression, you
object."
L. I don't object to the term
church of Christ, if you use

it to signify all of the church-
es, but I don't like to see one
little group apply it to them-
selves and exclude everybody
else."

P. "When I say, I am a member
of the church of Christ, does
that reflect on anyone else?
Just because some other peo-
ple say they are members of
some denomination, is that
any reason why I must join
one also and always use un-
scriptural terms? In other
words, must I be unscriptural
just because somebody else
is?"

L. "The term church of Christ
is all right if you use it to in-
clude all Christians."

P. "That's the way I use it; but
I am not to blame because
other people insist on using
different terms to designate
themselves. We plead fervent-
ly for a complete return to the
Bible and the Bible alone. If
we ever get back to the Bible
we will all have to speak as
the Bible speaks. The apostle
Peter said, 'If any man speak,
let him speak as the oracles
of God.' " (I Pet. 4:11).

WELCOME TO THE CHURCH OF CHRIST

TIPPECANOE CONGREGATIONAL
CHRISTIAN CHURCH
Rev. John K. Arnot, Pastor

Sunday School, 9:30 a. m., Orville
Eizinger, Superintendent.
Morning worship, 10:30.
You are invited to these services.

Handy Hint

Slip a cotton bag over the broom
head and you have a handy tool for
sweeping down walls and ceilings.
When the bag becomes soiled simply
soak in hot soapy water and wash
in the regular way. These bags are
very useful; keep two or three of
them on hand.

MET THURSDAY**

The Better Homes Club met Thursday afternoon in the home of Miss Ruth Petry with Mrs. Omar Miller as the assisting hostess.

The meeting was opened by members repeating the club creed. The county agent, Acord Cantwell, gave a talk on garden insects and household pests. Roll call was answered by poems and quotations about "Mother." The history of the song of the month was given by Mrs. George Fryer, it was "Home Sweet Home."

The meeting was then turned over to the program committee. Mrs. Mary Leininger and Mrs. Emma Kindig: A reading "Back Home" was given by Mrs. Fryer; "What I Owe to Mother," by Mrs. Kindig; "House Cleaning," by Gladys Coplen; a poem by Mrs. Madelon Nichols.

Several members are planning to make the trip to Holland, Mich., it was announced.

Delicious refreshments were served to the fifteen members, several children and one guest.

Clean Clothespins

Keep clothespins in a clean place and wash them occasionally. Otherwise they may soil the clothes when pinned to the line.

**ALUMNI BANQUET OF TALMA
SCHOOL ENJOYED APRIL 26**

The annual Talma high school alumni banquet was held Saturday evening, April 26, in the Talma school gymnasium.

The meeting was held with the following officers presiding: Maurice Peterson, president; L. G. Alber, vice-president; and Miss Betty Kramer, secretary and treasurer. New members were elected to offices for the coming year as follows: Rollie Surguy, president; Herman Mathews, vice-president and Dorothy Meiser, secretary and treasurer.

After the meeting, a sumptuous three course dinner was served to 127 guests and nine seniors, who were taken into the alumni club.

Ernest Anderson, a member of the alumni, acted as toastmaster, and Mrs. Kermit Biddinger, Delbert Hunter and L. G. Alber favored with musical selections.

The tables at which the meal was served were decorated with bouquets of red roses and jonquills.

**TRUCK CONTEST
ANNOUNCEMENT**

A nationwide search to find the oldest Chevrolet truck still in active service in the United States was announced here today by J. W. Burke,

manager, commercial and truck department, Chevrolet Motor Division, General Motors Corporation. Owner of the oldest vehicle will be presented with a new truck from the "Advance-Design" line of trucks which will be introduced by Chevrolet in the near future.

"We expect old truck entries from every section of the country," said Burke, "and may find the vehicle in farm service or doing a hauling job on a city street. Owners are urged to enter their oldest truck as it may be the winning vehicle."

Rules of the contest provide that the truck must carry 1947 license plates, and be driven to a Chevrolet dealership for official registration. Age of the trucks will be determined by the serial number of the vehicle. The search will begin May 10 and conclude June 15.

WORD FROM ED SEVERNS

BOISE, IDAHO

Dear Art:

Started Friday evening on a tour of the West. Have gone across Nebr., Wyo. and now am in Idaho. Have seen some very pretty scenery in the Rockies and along the Snake River. It is just as dry in Idaho as it is wet back there. All states we went through were extra wet like Indiana till we got to Idaho. Saw lots of cattle and sheep, but only small bunches of hogs and one trailer of red hogs.

ED SEVERNS

(If your editor was not mistaken, Ed was seen in Mentone Tuesday, so he must have escaped the Indians.)

SORORITY NEEDS DONATIONS

The Psi Iota Xi Sorority plans on holding a rummage sale at the Town Hall, Sat., May 17. There will be more in about that date next week. Right

now the members are interested in securing donations of used clothing, and all other articles suitable for resale. All proceeds will go toward charity.

If you have such articles, call Lucile's Beauty Shop, 78, and someone will call for your donations.

Dr. and Mrs. Dan Urschel returned to Mentone last Friday, after a visit in Chicago. Dr. Urschel attended the annual session of the American College of Physicians during the past week, and during the preceding week, he was enrolled in the advanced course in cardiovascular diseases given by the College of Physicians at Northwestern University. At the meeting of the college, Dr. Urschel was elected an associate member of the organization, comprised of specialists in Internal Medicine and the various specialties within the field.

JOSEPH D. FINNEY, 74 VICTIM OF HEART ATTACK

Joseph D. Finney, well-known retired farmer of Newcastle township suffered a heart attack while milking his cows at seven A. M. Monday and died before medical aid could be administered. Mrs. Finney, who was assisting her husband with the milking stated death was almost instantaneous. Mr. Finney became ill last Friday, however he made a speedy recovery and was enjoying his usual good health throughout Sunday.

The Finneys reside on a small farm at the western edge of Talma. He had been a resident of Fulton county for over 34 years coming here from Texas. Mr. Finney had a host of friends among the younger people of the county and was an ardent basketball fan both of the Talma and Rochester games. In his earlier years he took an active interest in gym work and was considered one of the outstanding amateur acrobats in this section of the state. Previous to his residence in Fulton county, Mr. Finney taught school for seven years in Texas and a like number of years in the Wingate, Ind. public schools. He resided in Rochester from 1920 to 1923 but returned to his farm near Talma where he engaged in farming on a light scale.

Joseph D., son of John W. and Mary Finney was born July 31st, 1872 at Forest (Clinton county) Indiana. In November 1901 he was married to Miss Amy Partridge at Wingate, Indiana. She preceded him in death in 1919. His second marriage was to Mrs. Ella Jameson on March 17, 1923 at Rochester.

Mr. Finney was a member of Talma Christian church and the Rochester Townsend club.

Survivors are his wife at home; a daughter, Miss Helen Finney, of Indianapolis; a son, Alvin Finney, east of Rochester; a stepson, Claude Jameson, of Talma; three brothers, Clinton, of Aurora, Ill.; John Finney, of Kokomo, Ind.; James Finney, of Forest, Ind.; and two grandchildren, Janet Sue and Jerry Lee Finney, of near Rochester.

The funeral services were held Wednesday afternoon at 2:30 P. M. in the Talma Christian church and burial was made in the Richter cemetery near Talma. The Thacker and Sharpe funeral home of Rochester was in charge of the body.

ENGAGEMENT ANNOUNCED

Rev. and Mrs. Kenneth A. Leininger of College Springs, Ia., wish to announce the engagement of their daughter, Ann, to Forrest L. Meredith, son of Mr. and Mrs. Hoy Meredith of near Etna Green. Miss Leininger is a graduate of Mentone high school and the Indianapolis city hospital school of nursing and is employed at the Woodlawn hospital in Rochester.

Mr. Meredith is also a graduate of Mentone high school and has served two years overseas with the Navy. He is now a student at Purdue University.

No date for the wedding has been set.

LEGION AUXILIARY

The Ladies Auxiliary meeting was held Tuesday evening at the Mentone High School Building.

Final arrangements were made for the sale of poppies on Poppy Day — May 24.

This is a day set aside to remind a grateful but busy public that we owe a debt of gratitude to our heroic dead and a debt of obligation to our hospitalized service men and their families.

Orpha Blue was presented with a gift from the Auxiliary as the oldest mother present at the meeting. Betty Yehl'k won honors as the youngest mother.

CONSERVATION FISH FRY TO BE HELD NEXT WEEK

The big Conservation Club benefit fish fry will be held at McClure lake on Friday evening, May 23rd.

The McClure Lake Camp, constructed by the Conservation clubs of the county, is certainly a mighty fine accomplishment for any county, and its value to the people of this area can never be appraised in a dollars-and-cents manner. Each summer the camp is the means of a vacation for hundreds of boys and girls from this part of Indiana, and the lessons learned there will mean much to them as they go on through life.

To those who have never visited the camp, we earnestly urge that you do so at your first opportunity. If you are interested in securing tickets for the fish fry May 23, see any member of any of the Conservation clubs of the county.

MOTHER-DAUGHTER BANQUET RECENTLY HELD IN TALMA

The members and guests of the Talma W. S. C. S. met in the basement of the Methodist church recently for a Mothers and Daughters banquet. A lovely dinner was served to approximately seventy members and guests.

Later a monthly meeting was held in the church auditorium. Devotions were given by Mrs. Lois Hubbard followed with a song, 'Girl of My Dreams,' by Marilyn Tucker of Mentone. Mrs. Oliver Wenger gave the lesson. The meeting was closed with a duet by Charlotte and Sarita Emmons, and one by Mrs. Edith Arter and Mrs. Ann Staldine.

Mrs. Viola Hatfield received the gift for the oldest mother present at the affair. She is eighty-six years old. Mrs. Calvin Mikesell was the youngest mother present.

FRACTURES SHOULDER

Aunt Emma Nellans, 86, fell Tuesday afternoon at her home north of Mentone, and fractured her right shoulder. The aged lady was coming up from the basement, and after reaching the second step, realized she hadn't turned off the light. She turned to step down to the first step and missed it, falling to the floor. Her nose and face also suffered severe bruises. She is now at the Woodlawn hospital at Rochester.

Bob Herendeen, who is stationed at Ft. Richardson Anchorage, Alaska, has been promoted to sergeant. He states they had some wind and snow the past week. Bob expects to arrive home in late summer.

CLUB CALENDAR

Girls' 4-H - Tue., May 20 at 1 o'clock at the school house.
Mentone Reading Club - Wed. evening, May 21. Potluck supper at the home of Mrs. Pearl Lackey at 6:30.

Eastern Stars - Mon. evening, May 19, at 7:30 sharp. Memorial Service.
Psi Iota Xi - Rummage sale, Sat. May 17 at Town Hall.
The Merchants Association meets Monday evening, May 19th at the town hall at eight o'clock.

SUGAR STAMP NO. 12 GOOD SOON

After June 1, sugar stamp no. 12 will be good for 10 pounds of sugar. As originally stated this stamp will have to be good until October 31.

GET MARRIAGE LICENSE

Robert Jackson Walker, 30, Mentone, and Willadene Mae Cormican, 31, Mentone, were issued a marriage license Friday at the county clerk's office. Walker is a truck driver.

DAIRYMEN PLANNING ON BIG DAIRY WEEK AFFAIR

About twenty Kosciusko county dairymen met in the County Agent's office at Warsaw Tuesday evening and made preliminary plans for the third annual Dairy Achievement Week at Warsaw August 6th, 7th and 8th. Undoubtedly this year's show will be bigger than last year's as the association has made rapid strides in building up the dairy industry in the county the past two years. Credit for this rapid growth can be given to a few dairymen who had the energy and faith to start out on a constructive dairying program. The task has been a tremendous one, but last year nearly three-quarters of a million dollars was spent in this county by dairymen for feed, and the annual sale of milk and milk products amounts to considerably more.

An advertising catalog will again be published and dairymen were appointed in every township in the county.

NEW COACH HIRED FOR MENTONE HIGH SCHOOL

Dale Kelley announced this week that Lorin Burt has been selected as coach at the Mentone school for the coming school year. He succeeds Raymond H. Bevington who has been the coach here the past few seasons.

Mr. Burt, son of Carl Burt, superintendent of the Warsaw schools, is now a student at Manchester college where he was assistant basketball coach the past season.

Mr. Burt is a young man and served two years with the navy during the recent war.

Strawberry Preserves De Luxe!

—Photo courtesy Ball Bros. Co.

This recipe for delicious preserves, taken from the famous Ball Blue Book of home canning, calls for two pounds of capped berries, four tablespoons of lemon juice and five cups of sugar. Mix berries with sugar and let stand three or four hours.

Place over low heat until simmering point is reached. Add lemon juice. Boil rapidly for 10 to 12 minutes, or until berries are clear and sirup thick. Cover and let stand overnight. Pack cold into hot jars. Process 15 minutes at simmering.

Books for Blind

Congress has authorized \$1,125,000 a year for books which are distributed to adult blind persons by the Library of Congress through 27 regional libraries. Of this amount, \$200,000 is for the publication of books in braille and other raised types; the rest is for talking books and the maintenance and replacement of government-owned talking book machines. One of these costs \$60, but a blind person may borrow one free.

Whale Oil

Whale oil from blubber is a fat, and goes into many industrial uses, especially soap. The fine waxy oil from the head of the sperm whale, spermacetti, is especially valued as a non-gumming lubricant.

FIVE NEW BOOKS

AT THE LIBRARY

"The Walls of Jericho" by Paul Wellman is full of the color and violence of Kansas emerging from the frontier days into the present century. It is the story of the exciting struggle for power between Jericho's two leading citizens, a young lawyer and the owner of the local newspaper. Paul Wellman has recaptured the essence of an American era which has almost vanished. The political, economic, and social problems revealed here have been our common heritage.

"The Clever Sister" by Margaret Banning contrasts two distinct types of women: the career girl who competes with men in offices and on plot farms and her sister, the beautiful

sheltered wife who expects men to take care of her. Which is the clever one. Read it and decide for yourself.

Harry Emerson Fosdick, one of the greatest preachers of our times, has a message for each of us in his new book, "On Being Fit To Live With". Especially for the men and boys does Zane Grey write in his "Valley of Wild Horses".

In her latest book "The Hands of Veronica", Fannie Hurst departs from her usual style to portray, with fine spiritual insight, the bewilderment of an average person who, caught in the net of circumstances, is forced to live a public life at the expense of her own desires and happiness.

Ask to be put on the waiting list for these and many other new, up to date books at your library.

Relieves Boredom

Boring work can be made pleasant by conscientiously feigning an interest in a monotonous job. Tests also have established that boredom is inhibited whenever rhythm can be introduced into the work. For this reason, as industrial surveys attest, workers are much less subject to boredom when music accompanies their work.

Home Cleaning

Only non-flammable cleaning fluids should be used in home dry cleaning. Cleaning fluids may be marked "non-explosive" and still be flammable. Gasoline, naphtha or kerosene should never be used for garment cleaning purposes. Dry cleaning should be done outside the house so that toxic or other vapors will be quickly dissipated.

Roots of Culture *Good Taste THEN and NOW*

MAN'S TIMEPIECES HAVE BEEN, SUCCESSIVELY, THE HEAVENS, SUN DIAL, SAND GLASS, THE CLOCK AND WATCH.

WATCHES WERE INVENTED IN THE 15th CENTURY. THE NUREMBERG EGG IS CONSIDERED THE EARLIEST EXAMPLE.

17th AND 18th CENTURY WATCHES WERE OFTEN FASHIONED AS CROSSES OR LITTLE BOOKS. SOME WERE BEAUTIFULLY ENAMELED.

YOUR MODERN WATCH CONTAINS OVER 150 PARTS. DAILY, ITS BALANCE WHEEL TURNS 432,000 TIMES, ITS ESCAPEMENT TICKS 12,960 TIMES! JEWELLED BEARINGS RESIST WEAR.

TODAY'S WATCHES ARE ACCURACY-CHECKED BY NATIONAL OBSERVATORIES. WOMEN WEAR WATCHES ON WRISTS, LAPELS, RINGS; CARRY THEM IN PURSES. MEN HAVE WRIST AND POCKET WATCHES.

It is important to select an Electric Water Heater large enough for all your household needs so that you'll have a plentiful supply of hot water at all times and so that you can buy your electricity at night on the special low electric rate. No home is modern without abundant hot water, instantly available at the turn of a faucet. That is why you need an Electric Water Heater.

NORTHERN INDIANA *Public Service* COMPANY

ANIMAL HEALTH COLUMN...

By R. A. MARRIOTT

Coccidiosis is the greatest single cause of death of chicks in broiler flocks. It has been estimated that between 20% and 30% of all the chicks hatched die before reaching market and coccidiosis accounts for the greatest share of this loss. Proper management, together with the use of Lederle sulfaguanidine, have been found to be the best control for this infection. Extensive experiments at the University of Delaware Sub-Station have shown that there are several wrong ways to use sulfaguanidine, but only one right way in controlling outbreaks of cecal coccidiosis.

By producing coccidiosis artificially in chicks it was shown that three important results are found with the use of sulfaguanidine:

1. There was very little death loss.
2. Growth of the birds did not seem to be checked.
3. Complete immunity was established.

Several methods of treatment have been tried, the most satisfactory and effective treatment is by intermittent dosage. Three feedings of 1% sulfaguanidine mash are given at four day intervals. No flushing is given at any time. When first loss from coccidiosis occurs or symptoms are observed, feed 1% sulfaguanidine mash mixture the remainder of that day and all of the following day, then use regular feed for four days. On the fifth feed the birds 1% sulfaguanidine mash. Again use regular feed for four days. Give the third one day feeding of 1% sulfa-

guanidine mash on the tenth day following the first treatment. If there is a sudden drop in feed consumption on the third day after either the first or second sulfaguanidine mash feeding, the medicated mash should be fed on the fourth day instead of the fifth day.

"Contrary to popular belief the main idea is to have every chick pick up the disease before or between treatments so that an immunity will be developed." Sulfaguanidine is inexpensive to use, a recent experiment at the University of Delaware Agriculture Experiment Station in which 900 infected chicks were treated with three pounds of sulfaguanidine and 900 chicks were untreated, resulted in the sale of 2,577 pounds of broilers from the untreated pen and 3,143 or 566 pounds more from the sulfaguanidine treated pen. These results have been substantiated by observations on commercial flocks treated intermittently with sulfaguanidine.

When practically all the flock is showing noticeable signs of coccidiosis a mixture of 1/2 pound of sulfaguanidine to 100 pounds of feed is fed for three days continuously.

Sulfaguanidine should never be fed until birds show symptoms of coccidiosis. While this drug could be used as a preventive, it would be too expensive as it would be necessary to feed sulfaguanidine to the birds during the entire period when they would be apt to become infected. Then when feeding of the drug was stopped the birds

might later develop coccidiosis, because there had been no opportunity for them to acquire immunity. It is very important that sulfaguanidine be mixed very thoroughly with the feed, so that it will be uniformly distributed throughout the entire amount of feed it is mixed with, otherwise some of the birds will get all of the drug and others will get none. It is also important to see that you use the proper percentage of sulfaguanidine in the feed, twice as much will not do any better job and half as much is of no use whatever. All sulfaguanidine mash should be removed from the feeders at the end of each treating day and held for the next treatment. This will prevent chicks from getting the drug between treatments so that an immunity will be developed. Leaving the lights burning all night during the period of treatment has been recommended.

Sulfaguanidine is safe to use, tests

have proven that two or three times the recommended dose will not have any unfavorable effect on the birds, and that it is almost impossible to over dose birds by mixing sulfaguanidine in the feed.

Sulfaguanidine is a product of Lederle Laboratories, pioneers in the production of scientifically dependable and technically correct medications to the live stock raisers and the veterinary profession. Lederle's reputation for quality gives assurance that any Lederle product properly used can be relied upon.

Keys for the Problems of Peace

Tuning up the machinery in preparation for the proposed special session of the United Nations General Assembly on the problem of Palestine, this repairman adjusts one of U.N.'s several thousand typewriters which are equipped with nine different kinds of keyboards to handle various languages. The special session of the Assembly was proposed by the United Kingdom. U.N.'s 55 member nations are now being polled on whether the session should be held.

JOLLY JANES HOME EC. CLUB

Mrs. Artley Cullum was hostess to the Jolly Janes Home Economics Club Monday night, May 12. Mrs. Frank Smith was in charge of the meeting in the absence of the president, Mrs. Cliff Breeden. "Home Sweet Home" was the song of the month and its history was read by Mrs. Harold Utter. Mrs. Earl Anderson gave a very interesting lesson on Mental Health. It being guest night all members present responded to roll call by introducing their guest of the evening. After the business meeting we were entertained with music by Mrs. Maude Snyder and songs by Miss Violet Friesner and Miss Marilyn Tucker. Duets of "If I Had My Life To Live Over" and "How Are Things in Glocca Morra" were sung. A solo, "The Anniversary Song" was sung by Marilyn Tucker and "Smoke Gets in Your Eyes" by Violet Friesner. Greig's "Concerto in A Minor" was played by Marilyn Tucker.

Dainty refreshments were served to the 41 guests and members by the hostess and Mrs. Raymond Cooper, Mrs. Ralph Mollenhour, and Mrs. Geo. Mollenhour.

Mirra-Cleen — all purpose household cleaner. Soapless, non-explosive, odorless, easy on hands. Cleans upholstery, rugs, painted walls, woodwork, venetian blinds, etc. Recommended by satisfied users in Mentone. 30c qt. — 90c gal. Coopers'.

CELEBRATE HOMECOMING

Saturday evening was a pleasant scene at the home of Mrs. Tessie Newton, North Tucker street, all of her family being present. The event was in honor of Howard and his lovely bride, Adriana, who recently came from Florence, Italy. Sunday, the family get together was held at the homes of Mr. and Mrs. Stanley Newton, of near Burket and Mr. and Mrs. Franklin Newton, of Rochester.

The newlyweds are now at home to their many friends in their newly purchased home on 6718 Leland Ave., Hammond, Indiana.

Get your vegetable plants at Mark-eley's.

CARD OF THANKS

We wish to thank all of our neighbors and friends for their kindness and help during the long illness and death of our wife and mother. Also for the many beautiful flowers and words of sympathy.

National Champ Drives Powerful Maserati

Ted Horn, the National AAA driving champion for 1946, will pilot this powerful Bennett Brothers Maserati Special in the annual 500-mile race at the Indianapolis Motor Speedway, May 30. It is the same car which Wilbur Shaw drove to two of his three victories. Horn brought it home in third place last year and went on to win the national title which carries with it the right to use No. 1 on his mount. Horn, one of the most consistent money winners of all time, has finished fourth or better in each of the last seven Indianapolis classics.

Speedway Plans \$10,000 Pay-Off To Top Qualifying Drivers

First Trial Runs
Saturday, May 17

INDIANAPOLIS, Ind.—Ten thousand dollars in special cash prizes for the qualifying trials, in addition to the \$75,000 race day purse guaranteed on the entry blanks several months ago, will assure fans of fast action at the speed tests for the 1947 500-mile race.

With next Saturday (May 17) designated as the first day of the 10-mile tests which determine positions in the starting field on May 30, Wilbur Shaw announced the additional awards today. It will be possible for the fastest qualifier to earn \$1,500 and at least 19 other car owners will receive cash awards ranging up to \$500 on the basis of their showing in the trials.

"This is the first year that cash awards have been offered for the qualifying tests," said the Speedway president, "but the trials are an important part of the show and we believe the additional prize money will be an incentive for the drivers to give the spectators more thrills than ever before during the preliminary tests.

"The added money also is in line with our announced policy of making the total purse as large as conditions warrant each year," he added.

With \$20,000 in lap prizes and more than that amount in accessory awards, the total purse will reach an all-time high in excess of \$125,000. The pay-off a year ago was \$115,400.

Fifteen hundred dollars will be at stake on each of the Saturdays and Sundays devoted to the trials, with track activity limited to the hours between noon and 6 p. m. The fastest car on each of these four days will receive \$500, with additional prizes each day of \$400, \$300, \$200 and \$100 for the next four cars according to their qualifying speed.

At the conclusion of the trials, the Speedway will pay an additional \$1,000 for the fastest time recorded during the tests. With \$7,000 posted in this manner, approximately \$3,000 also will be distributed among the car owners on other qualifying days designated by AAA officials.

Admission to the Speedway on all trial dates will be \$1, with grandstand seats and parking spaces along the inside rail open to the fans on a first-come first-served basis. No seats will be

IN MAY 30 RACE

Cliff Bergere, the ex-Hollywood stunt man who has finished in the money eight times in fifteen starts, will drive one of the two Novi Governor Specials entered in the annual International Sweepstakes at Indianapolis, May 30. The car Cliff will pilot is identical to the one which last year set a new one-lap qualifying record of 134.449 m.p.h.

reserved. All tickets for the trials will include a rain check good at a later date unless three or more cars attempt to qualify. Admission on other days devoted to practice will be 50 cents with no rain check.

Cars regarded as having the best chance to win the largest portions of the added prize money include the two Novi Governor Specials, with Cliff Bergere as one driver and the other pilot not yet named; the two Blue Crown Spark Plug Specials entered by Lou Moore with Mauri Rose as his No. 1 pilot; the Bennett Brothers Maserati with Ted Horn, the national champion, at the wheel; and the Don Lee Mercedes which was flown to this country recently from Europe.

Several drivers still remain to be selected, but car owners are not required to nominate pilots until their entries are ready to qualify.

Good seats in the parquet section and tickets for the reserved bleachers on the turns still are available at the Speedway office, 444 North Capitol avenue.

NEWCASTLE**TOWNSHIP NEWS**

Mrs. James Maguire has returned to her home after spending a few days here the guest of Miss Ruth Barr.

Mr. and Mrs. Bill Barr have returned home after a visit with his parents, Mr. and Mrs. Fred D. Barr.

Mr. and Mrs. Loren Kramer called at the home of Mr. and Mrs. C. M. Walker Tuesday evening.

Mrs. Harry Wenger and family called on her mother, Mrs. Frank Coplen, Thursday.

Mrs. C. M. Walker and son were in Tippecanoe Wednesday morning. Lavo Montgomery was in Mentone Thursday afternoon.

Miss Helen Finney of Indianapolis was called here Monday by the sudden death of her father, J. D. Finney.

Mrs. Robert A. Calvert was a business visitor in Plymouth and Rochester recently.

Mrs. Ada Bowman spent Saturday in Rochester.

Rolland, Roy, and Roberta Calvert were the guests of their grandmother, Mrs. Lillie Myers of near Rochester, Friday.

Mrs. Elgie Vandermark and Mrs. Robert A. Calvert spent Friday in Rochester.

Mrs. Charles Green and daughter spent Friday afternoon in Rochester. Mr. and Mrs. Howard Daniels of

Chicago spent the week end here at their home.

Mr. and Mrs. Verde Brockey spent Saturday afternoon in Rochester.

Mr. and Mrs. W. A. Dick were the guests of Mrs. Maude Kinsey Friday evening.

Mrs. Raymond Bowers spent Friday afternoon in Rochester on business.

Mr. and Mrs. H. E. Imbler of Logansport were the Sunday guests of her brother and sister-in-law, Mr. and Mrs. Lou Grove.

Mrs. Lillie Myers, of near Rochester and Mrs. Ada Bowman were the Sunday guests of Mr. and Mrs. Robert A. Calvert and family.

Mr. and Mrs. O. C. Montgomery and Lavo were the guests Sunday afternoon of Mr. and Mrs. A. J. Blakely of Rochester.

Rosie and Jim Good, of South Bend were the week-end guests of their parents, Mr. and Mrs. Charles Good.

Mr. and Mrs. Harry Wenger and family spent Saturday evening in Rochester.

Mr. and Mrs. Don Holloway and son of South Bend spent Sunday afternoon the guests of Mr. and Mrs. Fred D. Barr.

Mrs. Callie Dawson, of Tippecanoe, called on Mr. and Mrs. C. M. Walker Sunday evening.

Mr. and Mrs. Harry Shriver and family spent Saturday evening in Rochester.

Mrs. Lee Shoemaker and family called on Mrs. Joe Duzen Sunday afternoon.

Mr. and Mrs. James Walsh and family, of Chicago spent Sunday here at their farm.

Miss Ruth Barr fell at her home here Saturday evening and fractured her arm two inches from her shoulder and also dislocated her shoulder. She was removed to the Dr. Richardson office in Rochester where the fracture was reduced by X-ray.

Mr. and Mrs. Emery Bowman and family of South Bend were the Sunday guests of Mr. and Mrs. Robert A. Calvert and family.

Ralph Calvert of Rochester was the guest of friends here Sunday.

Mrs. Devon Eaton and family and Leonard Staldine have returned from a trip to Washington, D. C., and other places of interest.

Mrs. Johnny Hatfield and daughter of Chicago are spending some time here the guests of her mother-in-law, Mrs. L. W. Hatfield.

Mr. and Mrs. Omar Holloway and family were the Sunday guests of her mother in Gary.

Dr. Dean Stinson was a business visitor here Monday afternoon.

Farm Travel

Farmers are the largest single group of motor vehicles owners, with more than four million passenger cars in use on farms. In addition, farmers own 1,110,000 trucks and hire another half-million to handle farm products and supplies. Thirty-four per cent of all trucks are used in agriculture. Most of the farmer's driving is connected with his work, as 67 out of every 100 miles he drives goes for the purpose of "making a living." Seventy-eight per cent of the farmer's travel can be classed as "essential."

First Aid

For first aid treatment of bruises and scratches and after removal of splinters, apply an antiseptic, then a sterile bandage. For puncture wounds—deep slivers or nail punctures—apply tincture of methiolate, bandage wound and go to a doctor. For small cuts, cleanse skin around the cut with liquid green soap or benzine, then cleanse skin with alcohol and apply an antiseptic to the cut with a clean applicator.

PREVENTION REDUCES CORN PEST NUMBERS

Corn growers can materially reduce damage by the 15 major corn pests through preventive measures such as adoption of the best crop and soil management practices. Prof. Davis, head of the department of entomology advises.

Cornbelt farmers are becoming aware of the increase in northern corn root worm. Years ago when it was the practice to plant corn after corn this insect was a major threat to Indiana farmers. Rotation of crops is one of the most effective controls for this particular corn insect, the corn root aphid and many of the other corn insects. It is also a control for cutworms, white grubs, wire worms and sod webworms.

Plowing under cornstalks between fall and late spring is an effective means of destroying European corn borers which winter in the stalks. Davis also advises plowing of ground where grasshoppers, webworms, and cutworms lay their eggs. He recommends fall and early spring plowing of legumes to avoid the white clover grub. Fall plowing aids in white grub control.

Time of planting is another important practice as a means of avoiding insects. Thus late planting of corn, May 20 - June 5, normally is recommended, and will substantially aid in

preventing attacks by the European corn borer and southern root worm. Adequate drainage is a major concern in wire worm and billbug control, Davis points out.

Above all, good seed, good fertility and good soil preparation contribute to insect control operations, particularly for chinch bugs, corn seed beetles and the corn seed maggot.

Cultivation of land for corn in the spring to eliminate weeds during the period between sprouting of weeds, such as smart weed, and the planting of

corn will pay dividends in control of corn root aphids and southern corn root worm.

FROM A MOTHER

Wish there were no Mother's Day
For it always makes me sad,
'Cause my mother's gone away,
So how can I then, be glad?

There's nothing to her I can give,
But fond memories of the past,
And they to me, shall always live
As long as life shall last.

Some mothers get such lovely things,
Tis flowers that I love most;
Tis flowers that love's message brings,
From her from coast to coast.

But they are things I seldom get
For some reason or another,
But suppose I'll get them when I die,
From sister, son and brother.

But I'll have little need of them
When I leave this form of clay,
To be with God up in the sky,
O, what a happy day.

Then I'll have no need of flowers,
And flowers will have no place,
For I'll be happy with my Lord
And see him face to face.

And loved ones that have gone before,
We'll be happy all together,
So we'll need no flowers then
From sister, son or brother.

A MOTHER.

PURCHASE FARM

Mr. and Mrs. Cecil Dale Long of Indianapolis purchased 40 acres located 2½ miles north of Mentone on State Highway 19 last Monday, May 12.

This farm was formerly known as the Martin Farm, and more recently as the Wm. Fisher Farm.

Mr. and Mrs. Long resided in this locality for a number of years until the outbreak of World War II when they both took positions in war plants in Indianapolis and are both employed there now.

along with their other farm known as the Wee-Bee Poultry Farm only a short distance north of there.

The neighbors and friends of Mr. and Mrs. Long will be glad to see them return and will give them a hearty welcome as they plan to return in the near future and take up their old line of work.

Canning Meat

Meat should be canned only in a pressure canner. It takes steam held under pressure to kill bacteria that, if not destroyed, may cause spoilage.

Aid for Blind

Every state has a program for aiding needy blind persons. Most states receive reimbursement from the federal government under the Social Security act. The federal government pays \$10 of the first \$15 given to a blind person by the state and half of additional payments up to a maximum of \$45 a person. A few states pay more than \$45 a month, but they get only \$25 from the federal government.

Ann: "This dance floor is certainly slippery, isn't it?"
Dan: "It isn't the dance floor dear, I just had my shoes shined."

Customer: "Are you sure these are new potatoes?"
Grocer: "New! Why, lady, they haven't even got their eyes open yet!"

Grandmother: "My dear, if I had worn the sort of dresses you young girls do now..."

Granddaughter: "What, Granny?"
Grandmother: "What a grandfather I could have given you!"

And what driving pleasure we can give you, if you come here regularly for gas, oil and lubrication and for the many helpful services we provide. It pays to drive in here.

where a hearty welcome awaits you.

"But God forbid that I should glory,
save in the cross of our Lord Jesus Christ, by
whom the world is crucified unto me and
I unto the world." —Galatians 6:14

WHAT SAITH THE SCRIPTURES?

Mr. Truth Lover and Preacher have engaged in a conversation in which Preacher
has just said, "If we ever get back to the Bible, we will all have to speak as the
Bible speaks. The apostle Peter said, 'If any man speak, let him speak as the oracles
of God.'" (I Pet. 4:11)

L. "Yes, I have admired you for
your faithful and persistent
efforts in calling all religious
people back to the Bible and
the Bible alone. It certainly
would be wonderful if we
could get everyone to be just
what the Bible says, and no
more. But you just can't get
everyone to do that."

P. "Even if we can't, is that any
reason why we should give up
and not even try? I would
rather die fighting for the
right than to give up in de-
spair. Besides, if we are not
able to induce every one to
return to the Bible, that does
not mean that our efforts
have failed. I am glad to tell
you that many thousands are
coming to realize the need of
being just what the Bible says
and no more."

L. "I must confess that what
you say sounds good, but how
are we going to determine just
what the Bible says?"

P. "Jesus and Paul both spoke
of the church as Christ's
church, did they not?"

L. "Yes, of course."

P. "Then why should we have
any trouble in understanding
just what the Bible says about
it?"

L. "Well, all right, suppose we
speak of the church as the
church of Christ; how are we
going to determine just what
the Bible says about every-
thing else?"

P. "In the same way that we do
regarding the church. There
may be a few figurative ex-
pressions used by the prophets
that we do not fully under-
stand, but regarding all mat-
ters of faith and practice, we
need not have any trouble
whatever. For example, when
Jesus said, 'He that believeth
not shall be damned,' is there
any reason why anyone
should misunderstand what
he said?"

L. "No, of course not."

**HEALTH FACTS FROM YOUR
STATE BOARD OF HEALTH**

The recent rains seem to have influenced the incidence of typhoid fever in Indiana according to reports to the State Board of Health. Five cases have been reported by the health authorities from Henry county with one case occurring in Newcastle. Other cases of typhoid fever have been reported recently from Peru and Vanderburgh county. The total number of typhoid cases reported for April and May is ten, not too unusual for Indiana this time of year.

The city health officer at Elkhart has reported one case of smallpox.

Scarlet fever cases continue to occur sporadically throughout Indiana with cases reported to the State Board of Health from Fort Wayne, Columbus, Logansport, Muncie, New Albany, Warsaw, Hobart, Hammond, Bedford, Anderson, Indianapolis, South Bend, Evansville, and the following counties: Boone, DuBois, Franklin, Greene, Hancock, Morgan, Perry, Switzerland and Tipton.

The incidence of ringworm of the scalp, according to the reported cases, has dropped with only one case reported from Delaware county and one

case from Hancock county.

Rheumatic fever was added in 1945 to Indiana's list of reportable diseases and the first two cases for 1947 were reported the first week of May from Mishawaka.

Cases of measles continue to occur in Indiana with 111 cases reported for the first week of May. This is nothing unusual for this time of year and is far short of the number of cases occurring at the same time last year. Fourteen cases were reported from Fort Wayne; Brazil, 6; Indianapolis, 5; Mishawaka, 39; and South Bend, 25. Other communities in which measles is occurring are: Portland, Petersburg, Warsaw, and the following counties: Jefferson, Lake, Marshall, Morgan, Porter and Tippecanoe.

**MAY 21 STARTS 3-WEEK
CLOSED FISHING SEASON**

Hoosier fishermen are preparing for a new-style, short closed season on pan fish.

John H. Nigh, Director of the Indiana Department of Conservation, has announced the closed season, which would normally run from May 1 through June 15, has been reduced to a three-week period extending from May 21 through June 15. Department officials say bass will remain protected for the

full six-week period "because we need all the bass we have for spawning." Bass normally spawn several days ahead of pan fish.

This year's closed season — the shortest in history — is the result of extensive state fishery tests conducted by the Indiana Lake and Stream Survey, and the "experiment" may conceivably be followed by year-round fishing in Indiana beginning in 1948.

Conservation Department officials are now planning seasons based on the proven theory that many Indiana lakes are greatly overstocked with bluegills, perch, crappies and other types of pan fish unable to find suf-

ficient food. A shorter closed season is expected to reduce populations, allowing more fish to grow to legal size, and create improved conditions generally.

Meanwhile trout season will remain from May 1 through August 31.

GRUBBS CASE VENUED TO WABASH COURT

Emmet L. Grubbs, 32-year-old Rochester farmer charged with rape and assault and battery, will proclaim his innocence in Wabash circuit court.

Judge Kline Reed venued the Grubbs case, which was to be heard here May 20, to Wabash county Wednesday afternoon, on request of T. F. Fitzgerald, defense attorney from Mentone.

The Fulton county grand jury returned three indictments against Grubbs — two on charge of rape and another for assault and battery. Grubbs has stoutly maintained throughout all questioning that he is innocent.

He was identified by some of the would-be victims when arrested by State Trooper Estil Bemenderfer and Sheriff Lawrence Norris. A head scarf belonging to one of the girls was found at the Grubbs home the night he was apprehended.

After the slim farmer was taken into custody, his attempts to retain legal counsel were almost futile. Through a misunderstanding he told the court that Charles Wallace would represent him; however Mr. Wallace told others he would not. Dilts and Dilts, of Winamac, entered an appearance for him but withdrew it a few days ago and Mr. Fitzgerald is now the defense attorney.

Judge Reed set bond at \$4,500 which Grubbs was never able to meet.

A transcript of former proceedings has been sent to the Wabash county clerk by Robert Shafer, county clerk. Grubbs will be taken to Wabash Friday by Sheriff Norris.

THE MEMORIAL POPPY

The idea of the poppy as a memorial flower for the World War dead sprang up as naturally as the little wild flower itself grows in the fields of France and Flanders. The flower was the one touch of beauty which survived amid the hideous destruction of war. Along the edge of the trenches, beneath the tangled barbed wire, about the ragged shell holes and over the fresh graves it raised its brave red blossom. It seemed to be the one immortal thing in that region where death reigned. The soldiers of all nations came to look upon it as the living symbol of the sacrifices of their dead comrades.

It was Colonel John McCrae who first gave expression to the idea. Soon himself to lie beneath the poppies, he wrote:

"In Flanders' fields the poppies blow
Between the crosses, row on row,
That mark our place: and in the sky
The larks still bravely singing fly,
Scarce heard amidst the guns below.

"We are the dead.
Short days ago we lived, felt dawn,
Saw sunset glow,
Loved and were loved and now we lie
In Flanders' fields.

"Take up our quarrel with the foe,
To you from failing hands we throw
The Torch—be yours to hold it high;
If ye break with us who die
We shall not sleep, though poppies grow
In Flanders' fields."

OBITUARY

Elisha Aaron Plummer, son of John and Florence Collett Plummer was born in Bourbon Township, Feb. 16, 1880, and departed this life at the home of his mother in Bourbon at 8 P.M. Friday, May 16, 1947 at the age of 67 years, four months. He was married to Flora Rose, November 26, 1899. She preceded him in death in 1934. To this union was born four sons: Harold, of Bourbon; John and George, of South Bend; and Fred, of Osceola, Ind., and two daughters, Mrs. Freda Gall, of Mishawaka; and Mrs. Mary Anglemeyer of South Bend. He was a member of the Apostolic church and has been a shop foreman at the Studebaker Corporation for 23 years.

Besides his mother and children he leaves to mourn his departure, one brother, Bert Plummer, of Bourbon, one sister, Mrs. Grace Williams, of South Bend; 13 grandchildren and one great grandchild.

Funeral services were held at the Sand Ridge Methodist church Sunday at 3 p.m. Services were conducted by Rev. S. M. Hill of Mentone, and interment was in the Sand Ridge cemetery.

CLUB CALENDAR

Legion Auxiliary - Tuesday evening.
Masons - Monday night.

Mr. and Mrs. D. W. Bloom, of Ft. Wayne, Mr. and Mrs. Charles Hand and family, of Warsaw, and James Bruner spent Mother's Day with Mr. and Mrs. Howard Kohr.

Mr. and Mrs. Leroy Norris and family have moved from the John Norman property to their farm.

GRANDSON IS MARRIED

The James Hatfield home at North East, Pa., was the scene of a lovely spring wedding on April 26th, when Miss Marian V. Falconer, daughter of Mr. and Mrs. Frank Falconer, Harbor-creek, Pa., became the bride of James R. Hatfield, Jr., son of Mr. and Mrs. James R. Hatfield, Sr.

The double ring ceremony was performed at eight o'clock in the evening by the Rev. C. S. Aldrich before a background of palms and candelabra.

The groom's aunt, Miss Mary Jane Borton, of Buffalo, N. Y., at the organ, gave a program of traditional wedding music, including the Bridal Chorus from Lohengrin, "Sweet Bunch of Daisies," "Always," "Because" and "I Love You Truly."

The bride, given in marriage by her father, wore a gown of white satin, made with sweetheart neckline, leg o' mutton sleeves and long gathered peplum. Her fingertip veil depended from a beaded head dress of orange blossoms. Her bouquet was of white carnations, centered with a separate corsage of carnations.

Miss Ella Mae Falconer, sister of the bride, as maid of honor, wore a dress of light blue lace and net, with shoulder length veil and carried a bouquet of pink carnations.

The groom was attended by Kenneth Pawson as best man.

Following the ceremony, a buffet style lunch was served at the home of the groom for thirty guests. Spring flowers and candles decorated the buffet and the bridal table was centered with the wedding cake and candles completing the decorations.

Mrs. Hatfield was graduated from Green Township High School, Indiana, Pa., 1943, and has been employed as a machine operator by Talon, Inc.

Mr. Hatfield was graduated from North East Joint High School, class of 1942, and is employed in the signal department of the Nickel Plate R. R.

After a wedding trip to western Pennsylvania and Indiana, the couple is now at home for a short time with Mr. and Mrs. James Hatfield, Sr., the parents of the groom. For traveling the bride wore a suit of gold gabardine, with dark brown accessories and a corsage of white carnations.

Out of town guests were Mrs. Ira Borton, Mentone, Ind., the groom's grandmother and Mary Jane Borton, of Buffalo, N. Y., the groom's aunt.

MEMORIAL DAY PROGRAM PLANNED

A Memorial Day Program is being sponsored by the American Legion and Lions Club.

The program will be held on Friday afternoon, May 30, at the Methodist Church at 2 o'clock. Lloyd Hartsler, former U. S. District Attorney, has been secured as speaker.

Watch for a complete program in the Co-op. News next week.

CONSERVATION HEAD IS NAMED

C. O. Mollenhour County Leader

Delegates to the Kosciusko county conservation council Monday night elected Chancey O. Mollenhour president of the organization in the groups' biennial fish fry held at McClure lake conservation camp.

Mollenhour succeeds George E. (Pinky) McClellan, Warsaw mail carrier, who had been council head for the past 12 years. Maurice G. Fawley, of Warsaw, former democratic council chairman, was elected secretary-treasurer. Twenty-five delegates from the county clubs attended the meeting.

The council is sponsoring a fish fry and auction scheduled to be held May 23 at the club's McClure lake camp.

proceeds of which will be used to help defray expenses of new concrete toilet facilities and repair of the present water system.

In concluding his more than a decade of active service as president of the council, McClellan submitted the results of a vote by the county clubs to a recent questionnaire by the fish and game division of the state conservation department as regarded the state's closed fishing season. The clubs were asked to vote on the following three questions: (1) Should the department dispense with the closed season on all lakes in Indiana? (2) Should the department run a test by opening only those few lakes which are situated on department property (3) In either event, should the department or clubs

arrange to stake off spawning beds during spawning season?

Kosciusko county clubs voted as follows: to leave the closed season regulation as is: Washington township, Ridinger Lake, Mentone, Tippecanoe river, and Crystal lake. To have an open season with no restrictions: Wawasee and Tippecanoe lakes. To be staked, probably by clubs under conservation club direction: Warsaw, Wisona Lake, Big Chapman Lake, Barbee Lake, Hoosier Webster, Silver Lake and Clay township. Not voting: Milford, Little Chapman Lake, Yellowstone Trails, Hickory Grove Community.

The state department ordered the bass season closed on April 30 and extended the season on other fish until May 20.

Dale Kelley and Herschel Linn spent Monday in Chicago where they saw a baseball game at Wrigley Field, between Brooklyn and the Cubs. Brooklyn won the game.

V. A. ADMINISTERED

BY VETERANS

Veterans fill approximately 96 percent of the positions held by male employees in the Indiana Regional Veterans Administration Office, a personnel survey this week reveals.

The VA has a total of 1568 employees in the state, 920 of whom are males. World War II veterans hold 755 jobs while veterans of World War I hold 127 positions and the balance are held by non-veterans who are principally civil service employees of long standing. Among the veterans there are 143 who are disabled.

Only 51 women veterans have sought positions with the VA in Indiana. Widows of veterans hold 18 positions and the wives of disabled veterans number six.

Mr. and Mrs. Charlie Meredith and Mr. and Mrs. Wm. B'ackburn and family spent Sunday with Mr. and Mrs. Glen Fenters and Mrs. Louise Lehman at Orestes.

MAHLON O. MENTZER, LOCAL REPRESENTATIVE

26 EXPECTED TO DIE OVER MEMORIAL DAY

Traffic accidents over the Memorial Day weekend in Illinois and Indiana will take a toll of 26 lives and 1000 serious injuries, Charles M. Hayes, president of the Chicago Motor Club, prophesies.

This estimate is based on the accident experience of the past 10 years with adjustments for the greatest motor travel in all history. A partially offsetting factor is the lower incidence of traffic fatalities compared to 1946.

"State and local police everywhere are taking emergency steps at considerable personal sacrifice to expedite the unprecedented flow of traffic this holiday weekend. If motorists and pedestrians

will cooperate with the police by observing common sense rules of safe traffic conduct, anticipated fatalities can be drastically reduced," Mr. Hayes pointed out.

The club executive recommends the following three-point program to motorists:

1. For safety and traveling convenience, check the mechanical condition of the car before starting the trip. Pay particular attention to the condition of the tires and brakes.
2. Reduce speeds, especially where pedestrians may be encountered, and increase margins of safety in passing cars. Avoid use of alcohol immediately prior to or during driving.
3. If faced with a long drive at night, use especial care to compensate for the special hazards and limitations of headlight vision. Two-thirds of all fatal traffic accidents occur after dark.

Traffic experts stress that local traffic can alleviate highway congestion and accidents materially if when possible during the rush hours Thursday night and Friday morning, and Sunday afternoon and evening, it will avoid congested State and National highways in favor of secondary roads.

The Chicago Motor Club's travel bureau reports that hotels and resorts are sold out solidly within driving radius Memorial Day of northern Illinois and Indiana. Motor travel throughout this year is estimated 15 percent greater than in any previous year on record.

In Illinois and Indiana 1.5 million vehicles are expected to take to the open road this Memorial Day weekend.

FISHING SEASON OVER: CHECK MAY EXTENSION TEST

Fisheries experts of the Indiana Department of Conservation's division of Fish and Game were comparing notes today on the results of the experimental lengthening of the spring open season on Indiana pan fish, which closed yesterday.

Preliminary reports indicated catches made between the regular April 30 closing date and the May 21st close ran true to form — from poor to excellent.

Following recommendations made by fisheries scientists both in Indiana and in other states, the department allowed pan fishermen an extra three weeks of May fishing but kept bass protected as in past years. The closed season ends June 15.

The test extension was granted in an effort to reduce stocks of bluegills, perch, and crappies in order to stretch food supplies in Indiana waters. Research has shown most lakes to be over-populated, resulting in stunted

fish. Donald R. Hughes, director of fish and game, said it will be some time before his staff assimilates all information gained during the extension period and makes a report. Cold April weather caused fish to spawn late and reduced April catches below average, he said.

FARM LOANS BY ISENBARGER

I have now more money than I need. Money is plentiful. If you need money, now is the time to get it. Listen, I will let you have this money for 20 years with the privilege to pay. There is no expense whatever — not one cent. All you do is furnish abstract of the farm, and we will examine it free of charge. Remember your rate of interest will not be changed for 20 years. This is what I want you to remember. It makes no difference what the condition of the country is, the rate will be 4% for 20 years. You may want to help your children. Here is your chance. We never foreclosed a loan and never sold a farm to anyone that they lost.

Since January 1 in our district we have loaned over \$500,000 on farms. We have the best loan to you farmers of any company. I have served the people in this district for 40 years. I contribute that to my success in my business.

I am happy to make this announcement, and would be glad to have you come in and talk it over. You can write me or call me by telephone, No. 65. I also buy farms, or if you want to sell your farm, come in and let us have a friendly chat and be good neighbors.

VETERANS' DENTAL CLINIC

Dr. Wilson A. Livingston, a dentist in the Veterans Administration Sub-Regional Office, South Bend, announced that the dental clinic, located on the 6th floor of the Whitcomb-Kel-

ler Building, will be ready for operation on Thursday, May 22.

Dr. Livingston stated that he will do only certain dental examinations, locally, and that the only treatment he will give will be that which is authorized by the Regional Dental Offi-

cer in Indianapolis.

He said that those veterans who have already filed an application for out-patient dental treatment need not re-apply now that the dental clinic in South Bend is open, as their claims are being processed in the regular manner in Indianapolis. Dr. Livingston's hours will be from 8:00 until 4:30 p. m. Monday through Friday only.

HAPPY-GO-LUCKY 4-H

MEETING TUESDAY

The Happy-Go-Lucky 4-H club met Tuesday afternoon at the Talma school in Newcastle township. The meeting was called to order by the members answering roll call with "A Trip I'd Like to Take." Mrs. Wendell Duzenbery gave a demonstration on the different kinds of seams in sewing. Betty Nichols gave a demonstration, "Putting on a Patch."

The leaders and junior leaders then divided into classes for each project. They are: Daisy Barr and Lillian Riffe, food preparation; Nadene Shriver and Barbara Duzenbery, clothing preparation; Mary Lukens and Joan Long,

canning; Daisy Barr and Carol Jean Cooper, baking.

Refreshments were served to thirty members, three leaders and four guests.

PETERSON-BOGANWRIGHT

VOWS READ APRIL 29TH

Miss Donna Jean Peterson, daughter of Mr. and Mrs. Ransford Peterson, of near Rochester, and T-3 Joe A. Boganwright, son of Mrs. Lawrence Boganwright, of near Mentone, were united in marriage at 6:30 o'clock Tuesday evening, April 29, in Kokomo, Ind., by the Rev. Oletis R. Brown.

The bride was attired in a light-blue street-length dress, with which she wore black accessories.

The couple left for a week's wedding trip through the southern states and visited friends in North Carolina.

Mrs. Boganwright was formerly employed by the Fulton county R. E. M. C. and was recently discharged from the WAVES-T-3 Boganwright has served the past three years in the United States Army and recently returned from Germany. He is now employed by the Kimble Glass Co., in Warsaw, Ind.

**MANY ENJOY LIONS MEETING
ON WEDNESDAY EVENING**

The Lions meeting Wednesday evening was a very inspiring affair and the large group in attendance enjoyed every minute of it.

Lion Roland Ferverda had five of his young musicians, from Beaver Dam, play four numbers on their wind instruments.

The climax of the evening was the inspiring address, "Pattern for Prosperity," given by Foster C. Jones, of near Warsaw. Mr. Jones listed four essentials for a successful person, organization or business. They were: ability, personality, spirit of cooperation and vision.

Mr. Geiger, of the Boy Scout council, spoke forcibly and capably on the opportunities in Scouting and intimated that there is a possibility of organizing other groups in this locality.

HAVE NEW DAUGHTER

An 8 lb., 2 oz. daughter was born to Mr. and Mrs. Meri Shunk of South Bend, May 15. The new daughter has been named Kathleen Ann. Paternal grandparents are Mr. and Mrs. Alva Shunk. Maternal grandparents are Mr. and Mrs. P. J. Tilman, of South Bend.

NEW YORK 13, N. Y.

**EMMETT GRUBBS FREED
FROM WABASH JAIL**

Emmett L. Grubbs, 32, whose trial on charges of rape was venued to Wabash circuit court from Fulton county, has been freed on bond.

Grubbs' bond here was \$4,500 which he was never able to provide. After the case was venued to Wabash, Mrs. Grubbs sold their car and purchased a bond from a bonding company which released her husband from jail for the first time in several weeks.

He was jailed after a Fulton county grand jury returned two indictments of raping small girls and one of committing assault and battery.

The trial date has not been set according to Prosecuting Attorney J. Van Brown.

KUHN- WILLIAMSON

Miss Norma Ann Williamson, the only daughter of Mr. and Mrs. Harold Williamson, of Claypool, became the bride of Donald Eugene Kuhn, son of Mr. and Mrs. Willard Kuhn, of Akron, in a ceremony performed Sunday afternoon at the Walkerton Methodist church. Rev. W. R. Kuhn, uncle of the bridegroom, read the vows for the double-ring service.

Mr. and Mrs. Virgil Kuhn, brother and sister-in-law of the bridegroom attended the couple.

A dress of navy blue crepe was chosen by the bride for her wedding. With this she wore white accessories. Her corsage was of white roses embedded in sweet pink peas.

Mrs. Kuhn, the matron of honor, wore a crepe dress of blue. Her accessories were in black and her corsage of pink roses and white sweet peas was similar to that of the bride.

Mrs. Williamson, mother of the bride, pinned a corsage of white carnations to her dress of black jersey with a pink print. Her accessories were in black as were those of Mrs. Kuhn, mother of the bridegroom, who wore a dress of navy blue sheer. Pink carnations made up her corsage.

Tona Kuhn, of Akron, sister of the bridegroom, and Mrs. W. R. Kuhn and daughters, Miriam and Carol, of Walkerton, were also present at the wedding in addition to the parents of the couple.

Following the ceremony a reception was held at the home of Rev. and Mrs. W. R. Kuhn, after which the new Mr. and Mrs. Kuhn left on a short wedding trip. They are residing at present with the bride's parents. Mr. Kuhn is employed as a truck driver for the Valentine elevator. Both Mr. and Mrs. Kuhn are graduates of the Beaver Dam high school.

COUNTRY NEIGHBORS

The Country Neighbors' Home Economics Club met Thursday, May 15 at the home of Mary Beeson.

Meeting was opened with the pledge to the flag. The history of the song of the month "Home Sweet Home" was read by Uda Maxwell followed by the group singing the song. A collection was taken for the Cancer Drive. Twenty-five members were present to answer roll call making a perfect attendance for the month of May.

The origin of Mother's Day was given by Della Shock while each mother was presented with a sweet pea corsage.

The project lesson entitled "Groom-

ing" was presented by Sylvia Richardson and Myrtle Pfeiffer. Entertainment was conducted by Dorothy Busenbarg and Virginia Law.

Refreshments were served by the hostess assisted by Uda Maxwell.

On Wednesday the following club members attended the "Tulip Festival" at Holland, Michigan along with the Fulton County Home Economics group: Mildred Meredith, Emma Zollman, Kathryn Teel, Dorothy Herendeen, Helen Shunk, Mary Beeson, Elna Zent, Mary Konneck, Elnora Craig, Sylvia Richardson, Myrtle Pfeiffer, Dorothy Busenbarg.

WAR SURPLUS

Surplus clothing, which cost the government more than five million dollars will be offered for sale in three catalogs issued by the WAA Chicago region by the middle of the month. WAA officials disclosed. The articles both used and unused, include WAC raincoat parkas, shirts, ties, slacks, and jackets. Men's clothing ranges from combat trousers to civilian caps and hats. Other items include 50,000 nurses' capes and a full assortment of gray uniforms. The catalogs, CG-58-1148, CG-58-1174, and CG-58-1180, will list the articles for sale in both fixed price and sealed bid offerings. Samples may be inspected at the Customer Service Centers, 404 South Wabash avenue, Chicago, and 4574 North Port Washington road, Milwaukee, Wis.

The Chicago WAA region has disposed of surplus consumer and capital goods at an average rate of \$24,000,000 a month for the past 13 months. Bruce J. Brown, regional director revealed. As of April 30, disposal of all types of equipment totalled \$310,000,000 since the job was turned over to WAA in March, 1946. Last month's figure of \$22,789,000 was the highest in the past 10 months with the exception of January when disposals amounted to

\$37,438,000. Machinery, automotive, and metal-working equipment top the disposal list Brown said.

Closing of five Veteran's Certification Offices was announced by Bruce J. Brown, Chicago regional WAA director. The Wausau, Wis., office closed April 30 while four others, are scheduled to be closed by May 15. They are Green Bay, Wis.; Rockford, Ill.; Decatur, Ill., and South Bend, Ind. Those remaining open are: Chicago, Milwaukee, Wis.; Madison, Wis.; Fort Wayne, Ind., and Peoria, Ill. Brown explained that the cut in district offices was made for economy reasons and in view of the fact that demobilization has ended.

More than 500 tons of copper, bronze and brass are waiting to be turned into urgently needed industrial and building products, it was announced by the WAA Chicago region. The non-ferrous metals are offered for sale by sealed bid until May 26 when bids will be opened at the Customer Service Center, 404 South Wabash avenue, Chicago. A complete listing of the materials available is given in Catalog CG-93-1110.

A wartime water main built by the government to supply the needs of the Aluminum Company of America plant at McCook, Ill., became the peacetime

water system of the village last week at a price of \$95,000. At the same time it purchased the main from WAA, the village entered a contract with the city of Chicago, calling for the sale of 3,000,000 gallons of water to McCook, which will sell it to private and industrial consumers. The village hitherto has drawn its water supply from wells, which have become inadequate for its expanding needs.

Sales at the WAA Customer Service Center, 404 South Wabash avenue, Chicago, nearly trebled during April, its second month of operation, when goods which cost the government \$3,116,647 were sold at the new one-stop sales and information room. Disposals there during March totalled \$1,116,647. Further consolidation of WAA sales activities at the Center is expected to increase disposals there to 10 million dollars a month in the early future.

MASTER MIX WAYLAC

At the first sign of coccidiosis, put your chicks on Master Mix Waylac, a special feed to be used as a control mash. Contains no epsom salts or drugs, does not dehydrate the chicks and is not too laxative. Most important, most chicks keep eating and gaining weight. Stop in. Get your copy of the simplified, six-point, seven-day Waylac program for coccidiosis control.

FULL FEEDING HOGS**PROFITABLE IN 1947**

It will be more profitable than usual to full feed hogs in the spring this year, and get them on the late summer and early fall market, particularly if the normal seasonal price decline takes place this fall plus a general weakening of demand, John Schwab, Purdue University extension hogman advises.

Rapid gains from ample feeding of corn and supplement while hogs are

on good legume pasture will be more profitable in 1947 than was true in the war years. The hogman also says that consideration should be given to substituting gilts for heavy sows as a means of increasing marketings during this period.

Schwab points to the recent studies made at the Purdue Experiment Station where it was shown that the protein supplement was used most effectively in the shorter feeding periods, where it was omitted from the ration after the hogs had reached weights of 100 to 125 pounds. With this plan of feeding, the rate of gain was comparatively high and the feed-cost of gain was low. Feeding the protein supplement for the longer periods increased the total feed requirement and cost of gain, although the rate of gain was increased.

Full-feeding the protein supplement free choice with the fattening ration of corn, mineral mixture and salt on alfalfa pasture increased the rate of gain of the hogs. As the protein feeding period was lengthened, the rate of gain for the entire fattening period was increased.

STATE FISH TEST INDICATES FISH AREN'T SO DUMB

Indiana fish aren't as dumb as you might think, a report by the Indiana Department of Conservation indicated recently.

Reporting in OUTDOOR INDIANA on a fishing experiment conducted at Tri-Lake State Fish Hatchery, Dr. William E. Ricker, director of the Lake and Stream Survey revealed that only 21 percent of the fish in six half-acre ponds were caught last year, despite extensive and continuous fishing on those ponds.

Red-ears proved the most unwary, with 103 being caught out of 372. Sixty-six bluegills were landed from a total of 423. Eighteen bass swam around all year without getting hooked and only three crappies fell by the wayside out of 153 legal-sized inhabitants of the ponds. Only three of 48 bullheads succumbed to the various lures and 24 of the original 25 perch kept out of danger.

"In general," the Outdoor Indiana article quotes Dr. Ricker, "the conclusion must be that Indiana warm-water fishes are not especially eager to be caught — They can take care of themselves pretty well."

Dr. Ricker added that "there can scarcely be danger of overfishing large bodies of water, if the fish corralled in half-acre ponds are only caught with difficulty — and when they feel like it."

Shine Appliances

Electric appliances, such as toasters and waffle irons, should be wiped with a soapy cloth after each use to keep them new and sparkling. Never immerse them in water, as that will ruin the electrical unit.

You have 2 choices when you drive at night

THIS . . . TAKE A CHANCE! Drive so fast that you can't stop within the reach of your headlight. Careless drivers kill or injure more pedestrians during the first 3 hours of darkness.

OR THIS . . . BE CAREFUL! Drive slower at night — and be sure you can stop in time to avoid an accident. Not only on the other fellow's account, but because the life you save may be your own.

**Be Careful—the life you
save may be your own!**

An official public service message prepared by The Advertising Council in co-operation with the National Safety Council.

DRINKING AND DRIVING don't mix. Drinking, either by a pedestrian or a driver, plays a part in 1 out of every 4 fatal traffic accidents.

SPEEDING is a cause of 1 out of every 3 fatal traffic accidents — be careful about "stepping on it" even though the coast looks clear.

RACING TO RAILROAD crossings accounts for 16 deaths or injuries every day. Stop for flashing red lights. Look, listen, be careful when you approach a crossing.

**ENTERTAINED T. H. E. CLUB
THURSDAY AFTERNOON**

Mrs. Joseph Duzen entertained the T. H. E. club members and guests in her home near Talma Thursday afternoon.

The meeting was called to order by the president and the group sang, "A Mother's Song." The pledge to the flag was given followed by the club creed, "Home Sweet Home," the song of the month was sung in unison and the history given by Mrs. Staldine. The secretary's report was read by Mrs. Florence Hibbs in absence of the secretary, Mrs. Doris Deamer. At this time a donation of five dollars was

given to the Cancer Fund.

A committee was appointed to get information about starting a new club. Mrs. Ruby Good was named to meet with other women to make plans for exhibits at the 4-H County Fair.

After the business session, "Old Folks At Home" was sung by the group and the lesson was given by Mrs. Eldora Vandermark on "Personal Grooming." Mrs. Gertie Deward gave an interesting talk on the county clubs trip to Holland, Mich. Mrs. Deward, Mrs. Staldine, and Mrs. Vandergrift then favored with a Dutch song.

Refreshments were served to seventeen, members, one guest, and thirteen children.

**YOUR LAWN
and the
SENSATION
MOWER**

Right out there in plain sight of the world and everybody lies your lawn—the doormat to your home... the first indication of the sort of folks that live in that house of yours. Yes, initial impressions are made by lawns, but there's more to it than that. You yourself, and every member of your family, get a glow of satisfaction from the sight of a beautiful, velvety-smooth, well-kept lawn. It takes time to maintain a handsome lawn. But it takes LESS time... up to 75% less time... when you depend on a fast, efficient Sensation Mower. That one miracle-worker... the Sensation Mower... in gasoline and electric models... will groom your lawn to perfection. It provides a healthy mulch and eliminates much of the hand trimming usually necessary. It's easy to operate, economical to operate, and completely satisfactory in every way. In short, it's a SENSATION!

MENTONE CLUB ENTERTAINS

A pleasant afternoon was enjoyed Wednesday when the Mentone Home Economics club entertained the Mentone Reading Club at the Methodist church. Miss Janalyce Roulis, county home demonstration agent, discussed "Window and Curtain Problems" and displayed various types of curtain rods. Mrs. Truman Long, on behalf of the club, presented a gift to Miss Roulis, who is leaving to reside at Lafayette. Musical numbers presented by Mrs. Leroy Cox, Miss Mona Lou Darr accompanied at the piano by Mrs. Dan Urschel, played a clarinet solo and Bedelia Belle Weirick, a cornet solo, with Mrs. Cox playing the piano accompaniment. Mrs. Emra Anderson read the history of the song of the month, "Home Sweet Home," which all joined in singing. Mrs. Linus Borton, vice-president, presided. Mrs. Miles Manwaring received the door prize and Mrs. John Laird the mystery package. A gift was presented to Mrs. Raymond Weirick from her Cheerio Pal. A quotation or a familiar saying appropriate for Mother's Day was given by each of the 22 members present in response to roll call. Mrs. Fred Swick, assisted by Mrs. Alvie Jones, Mrs. Silas Hill, Mrs. Edith Darr and Mrs. Anderson served delicious refreshments to the 53 members and guests present.

Approximately 50 percent of Indiana's farm accidents will occur from May through July based on the survey made by Wayne County last year, F. R. Willsey, Purdue University safety specialist, declares. In addition this year accidents are expected to increase due to the delayed work season and the frenzied rush once work is again resumed. In Wayne County there were 121 accidents to farm workers during these three months compared with 241 accidents during the twelve months of 1946.

A. G. Simmons, Minister

Sunday School 10:00.
Prayer meeting every other Friday
night.

Preaching the second and fourth
Sundays of each month.

All Methodists and others interested
are urged to be present at all services
where a hearty welcome awaits you.

Mr. and Mrs. Earl Anderson and
family attended the Tulip festival at
Holland, Mich. last Sunday. They say
traffic was terrible.

"But God forbid that I should glory,
save in the cross of our Lord Jesus Christ, by
whom the world is crucified unto me and
I unto the world."
—Galatians 6:14

WHAT SAITH THE SCRIPTURES?

Mr. L. has just admitted that there is no reason why anyone should misunder-
stand Jesus when he said "He that believeth not shall be damned."

Preacher. "Well, let's try again.
Jesus said, 'Except ye repent,
ye shall in like manner per-
ish' (Luke 13:3). And Paul
said, God 'commandeth men
that they should all every-
where repent' (Acts 17:31).
Is there anything difficult to
understand about this?"

L. "No, certainly not."

P. "All right, let's take another
passage. Jesus said, 'Everyone
therefore who shall confess
me before men, him will I
confess before my Father who
is in heaven. But whosoever
shall deny me before men,
him will I deny before my
Father who is in heaven'
(Matt. 10:32,33); Paul said,
'with the mouth a confession
is made unto salvation' (Rom
10:10) and finally, we read
that the Ethiopian eunuch
confessed: 'I believe that
Jesus Christ is the Son of
God' (Acts 8:37). Now, do
you see anything in 'those
verses' difficult to under-
stand?"

L. "No, not a thing."

P. "Very well, then; let's look
at another. Jesus said, 'Ex-
cept a man be born of water
and the Spirit, he cannot
enter into the kingdom of
God' (Jno. 3:5). Is there any-
thing hard about this?"

L. "Just what did Jesus mean
by water here?"

P. "If he didn't mean water,
then, I have no way of know-
ing what he meant. He gave
no hint that he meant any-
thing else. After all, if we are
going to accept the scriptures
as we find them, then we
will just have to admit that
Jesus meant water. It is true
that he sometimes used water
to signify the Holy Spirit,
but when he did the context
shows it. Here we have no
hint of such."

L. "But that makes baptism a
necessary condition for en-
tering the kingdom of God."

(Would you like to know Preach-
er's reply to Mr. Truth Lover's
protest? Be sure to read next
week's article.)

Removing Wax Drippings

In removing candle wax drip-
pings from rugs and tablecloths,
scrape off all wax you can with a
dull knife. Next sponge with carbon
tetrachloride. Should any colored
stains be left, rub lightly with a
mixture of two parts water to one
part rubbing alcohol. To guard
against fading, however, the latter
solution should first be tested on an
inconspicuous part of the rug.

By Joe Austell Small

Well . . . Maybe . . . It Could Happen.
But . . .

Neighbors were astounded when George Stofflet calmly told them that a twelve inch bass dropped on his door step—fried and ready to eat.

George said he was standing in front of his house when suddenly a crane came flying overhead. The crane let go of the fish and kept right on going. Meanwhile, George said the fish hurtled through space, struck a high tension wire and then plopped down at his feet.

Said George: "That darn fish was fried by the electricity in the high tension wire" Yes sir, exclamation point.

Fox Chasing—In Reverse!

And now comes the report concerning a farmer who has his hound trained to run away from a fox and thus bring the animal around for the farmer to shoot!

It is claimed that foxes have a peculiar habit of chasing any other animal that runs away from them. The Oklahoma farmer has proven this to be a fact. His dog, named in a legend

alarm, brings a fox occasionally up close enough to the farmer's outlying barn so that he can shoot the "sly" animal!

The Doctor Said Take It!

You take me, I'm the kind of a fellow who ought to have been some place else while I wasn't there.

Like the dose that doctor handed me, for instance. I'd gotten up at 4:30 in the morning to fish in a fishing rodeo staged on a lake thirty miles from home. Doc couldn't go. He had some

calls to make. I was sorry for doc, but I thought I'd pep him up by showing him some good fish when I got back and admitting that it was too bad he couldn't have been along.

Nobody caught many fish on the rodeo, especially me. Then about five o'clock in the afternoon, here comes Doc in a neat little Seabee. He sits down in the water plumb smooth like and steps out on the bank amid a gathering group of no-luck fishermen. Then Doc says: "Know what I caught out of your back yard this morning?"

I didn't know and I didn't want to know very bad!

"A 6 $\frac{1}{2}$ lb. bass," Doc said, trying to be nonchalant.

That did it! I wanted to shoot him then and there! My house is within five blocks of the lake where he caught it!

When I got through threatening Dr. W. H. Van de Grift, I got around to asking him what he caught it on. It was a Walkie-Talkie, put out by P & K, Incorporated, 3398 Archer Avenue, Chicago 8, Illinois. This is a tip to you boys who do not use top water lures during the summer: Try one just once. You'll be convinced!

Poison Proof

According to Sir Harry Johnston,

the bat is practically immune to poison. A living specimen of the noctule, a British specimen, had a drop of prussic acid placed on its tongue and was some time dying. In the meantime, its parasites, with which all bats are much afflicted, dropped off . . . dead from the poisoned blood.

Crow Decoy

A live cat makes an excellent crow decoy. Put a collar and six feet of fishline on the cat and picket it in the open near your crow blind. After a little practice with a crow call you will get some fine target practice with that .22. Don't forget to save one shell for the kitty. Wild house cats are merciless killers of our wild game.

BIBLE SCHOOL NEWS

Friday will be the final day of the Vacation Bible School which has been in progress for the past two weeks at the Church of Christ.

There was an enrollment of 105 with an attendance of over 90 every day except the first Monday.

On Friday evening at 8 o'clock there will be a program at the Church of Christ, by the Bible School Students. There will also be exhibits of the work done by the various classes. Awards and certificates will be presented at this time.

All parents are urged to be present for this program.

MAGAZINE CLUB MEETS

Mrs. Maude Snyder, of this place, assisted by Mrs. Ellen Stanford, entertained the Warsaw Magazine Club Wednesday evening. A Superstition in which "I Believe" was given by each member in response to roll call after which Mrs. Joe Irwin read a paper, "Superstitions and Their Origin." Mrs. D. W. Eggleston, of Little Chapman Lake, gave a resume of her recent trip to Arizona, telling in detail of her visit at Tombstone, Arizona. A contest was conducted by Mrs. Herschel Lehman. During the business session a report of the convention of the county Federation of clubs was given by Mrs. Irwin. Mrs. Snyder and Mrs. Stanford served delicious refreshments. Mrs. W. H. Thompson will be the hostess at the meeting of the club on May 28.

MENTONE SORORITY MEETS

Mrs. Earl Anderson was the hostess at the meeting of the Beta Epsilon chapter of the Psi Iota sorority held Thursday evening. Following the business meeting four tables of bridge progressed with prizes awarded to Mrs. Curtis Riner and Mrs. Harold Utter. Mrs. Ralph Ward received the door prize. Mrs. Marshall Parker and Mrs. Frank Saeman were guests. Delicious refreshments were served by the hostess. Others present were Mesdames Glenn Weatherbee, of Argos; George Yehlick, T. J. Clutter, Mott Bryan, Max Nellans, Howard Shoemaker, William Hudson, Wilvin Teel, Maude Suyder, Delford Nelson and Lyman Mollenhour.

Born to Mr. and Mrs. Richard Firkle, of Ft. Wayne, May 19, a daughter, Carol Lynn. Mrs. Firkle was formerly Eula Teel.

**SOFTBALL TO
START JUNE 2**

The 1947 softball season opens officially next Monday evening at 7:30 when the first game of the league schedule is played.

Officials of the organization report that new lights have been installed, a new bleacher section has been built and several other improvements made.

Erman McGowen has been named commissioner, with Raymon Hibschan and Frank Warren as alternates. Paul Rush will be secretary; Clayton Holloway, treasurer, and Wm. Schooley, groundskeeper.

The Mentone Merchants Association is sponsoring the All-Star team this year and they have secured new uniforms. Phillip Blue will manage the Stars this season.

The association is under the supervision of a committee consisting of: H. V. Johns, Chairman; John Teel, vice chairman; Elmore Fenstermaker, Ray Smith, Leo Valentine, Milo Fawley, Lawrence Butt, Devon Hibschan and Elery Nellans.

The Boy Scouts have been given the concession.

League games will be played on Monday and Tuesday evenings.

NOTICE

The War Mothers will meet at the Drug Corner at 1:30 Friday afternoon and proceed to the Memorial Service in a body. All are requested to wear caps.

Mrs. Rosa Kinsey and Mrs. Nannie Irvine entered the Murphy Medical Center on Monday for medical treatment.

CLUB CALENDAR

**REV. AND MRS. SIMMONS
TO LEAVE**

Rev. and Mrs. Simmons, who have charge of the local Methodist church for the past three years plan on moving to their new pastorate next week. They will reside in Florida, which is located six miles this side of Anderson, and will have charge of the churches in Florida and Aromaa.

Rev. and Mrs. Simmons have spent three useful and influential years in Mentone. Last year Rev. Simmons was instrumental in reviving the work at Tippecanoe, which now will be in charge of Rev. E. E. DeWitt.

Rev. Paul I. Irvin, will be the new pastor here.

**WARSAW AA TO PLAY
MENTONE LEGION TEAM**

Wilbur Cochran, manager of the Mentone American Legion softball team, announces that the Warsaw AA team will play the local Legion boys at Mentone on Wednesday evening, June 4th.

CLOSED MEMORIAL DAY

As has been the custom in the past, all departments of the Co-operative will be closed on Memorial Day, Friday, May 30th.

**NORTHERN INDIANA
CO-OPERATIVE ASSOCIATION.**

BREAKS RIGHT ARM

Mrs. Maude Snyder broke her right arm near her wrist in a fall at her home Sunday morning. The fracture was reduced at the McDonald hospital where Mrs. Snyder remained until Tuesday evening.

On Tuesday evening Mr. and Mrs. Sheridan Snyder and Mrs. Anna Betters, of Flint, Mich., visited Mrs. Snyder. Mrs. Betters remained to care for Mrs. Snyder.

FAREWELL PARTY

A combined farewell party in honor of Rev. and Mrs. Simmons and a reception welcoming Rev. and Mrs. De Witt was given Wednesday night at the home of Mrs. Joe Blackford, of Tippecanoe. The evening was spent socially and refreshments of cake, ice cream and coffee were enjoyed by the forty-five members of the Tippecanoe Methodist church.

Mr. and Mrs. John Shaffer, of Tippecanoe and Carey Landis spent Sunday in Holland, Michigan, also calling on Mr. and Mrs. J. C. Harmer of near Byron Center in the afternoon. Mr. Harmer is a breeder of purebred Duroc hogs. He formerly operated a grocery store in Tippecanoe.

**ELMER KESLER, FORMER
MENTONE RESIDENT, DIES
AT FORT WAYNE HOME**

Elmer Kesler, for many years, a resident of Mentone, died at 7:30 p.m. Saturday at his home in Fort Wayne. Death followed an illness of two and one-half years due to a stroke.

Mr. Kesler, was born 71 years ago in Mentone where he was engaged in the grocery business. He moved to Fort Wayne about 15 years ago and continued in the same business until his retirement due to illness. He was a member of the Methodist church.

Surviving relatives include his wife, Blanche (Millbern) Kesler; four sons, Forrest, of Mentone; Myron, of Columbia City, and Walter and Hugh of Fort Wayne and eight grandchildren.

Funeral services were held at 2 p.m. Tuesday at the McComb funeral home in Fort Wayne. Burial was in the Mentone cemetery.

MENTONE READING CLUB

The Mentone Reading Club held its final meeting of the 1946-47 season at the home of Mrs. Walter Lackey on last Wednesday evening at 6:30. A potluck supper was enjoyed by about 25 members and guests.

Following the business meeting a short installation service for new officers was conducted by the out-going president, Mrs. Ora McKinley. New officers installed are: Mrs. Dan Urschel, president; Mrs. Guido Shirey, First vice president; Mrs. Walter Fenstermaker, second vice-president, Mrs. Fred Lemler, secretary, and Mrs. Harold Nelson, Treasurer.

The program committee, composed of Mrs. Harold Nelson and Mrs. Dan Urschel presented colored slides showing the Tippecanoe River at various seasons of the year. Vocal and piano numbers were used as a background for these lovely and colorful scenes.

Assisting hostesses were Mrs. Stanley Boggs and Mrs. Ora McKinley.

HARD ON THE RATS

The other day Charles Leininger, of the Beaver Dam community, and his dog, went into a rat-elimination campaign. The dog killed 81 of them under an old building.

I wonder if I could borrow that dog a few hours.

NEWCASTLE

TOWNSHIP NEWS

Mr. and Mrs. C. M. Walker have returned to their home here after spending the past week in Indianapolis.

O. C. Montgomery has been confined to his home on account of illness. His condition is improving.

William Deamer remains in serious condition at his home here.

Mr. and Mrs. Bud Barkman and daughter spent Saturday evening in Rochester.

Mrs. Walter Sweet, of Long Beach, California will arrive in the near future for a visit with her brother, O. C. Montgomery, of this place and also sister, Mrs. A. J. Blakely, of Rochester.

Mr. and Mrs. Russell Chapman were the dinner guests Thursday evening of their son and daughter-in-law, Mr. and Mrs. Ralph Chapman.

Mr. and Mrs. Charlie Shock spent Sunday in Fort Wayne.

Mr. and Mrs. Clarence Hinton spent Saturday evening in Rochester.

Mr. and Mrs. Charles Good were the Sunday guests of Mr. and Mrs. Lou

Grove.

Mr. and Mrs. Elgie Vandermark and family were the recent guests of friends in South Bend.

Sheldon Mikesell of Indianapolis spent the week end here the guest of his parents, Mr. and Mrs. Clarence Mikesell.

Mr. and Mrs. David Swihart were in Rochester on business Friday morning.

Trustee Charlie Green was a business visitor in Rochester Friday.

Mr. and Mrs. Fred Safford, of Clyde, N. C. will arrive in the near future for a visit with relatives and friends. Mrs. Safford was formerly of this place.

Mr. and Mrs. Howard Daniels of Chicago spent the week end here.

Glen Emmons' condition remains unchanged at this time. Mr. Emmons has been confined to his home for a number of weeks.

Mr. and Mrs. Ralph Chapman spent Saturday evening in Rochester.

Eugene Scott, small son of Mr. and Mrs. Paul Scott had the misfortune to severely cut his heel on a motor-bike, recently. He is getting along as well as can be expected.

Mr. and Mrs. Wilbur Utter spent Sunday afternoon in Fort Wayne.

Russell Walters, of near Mentone and Elsie Thompson were recent visitors

in Perrysburg.

Mr. and Mrs. Lester White and daughter, Lola May spent Saturday evening in Rochester.

Mrs. Johnny Hatfield and daughter have returned to their home in Chicago after spending the past two weeks here with relatives.

Mr. and Mrs. Charles Miller and family of South Bend spent the week end here the guests of his mother, Mrs. Maude Kinsey.

Elsie Thompson spent Saturday evening in Rochester.

Mrs. Maude Kinsey was a recent business visitor in Rochester.

Mr. and Mrs. Gail Mathews and family of Inwood spent the week end here the guests of her mother, Mrs. Maude Kinsey.

Carl Dick, of South Bend spent Sunday here the guest of his father, W. A. Dick and Mrs. Dick.

Harry Elisasser, of Mishawaka, called on his cousins, Mr. and Mrs. O. C. Montgomery, Saturday afternoon.

Mrs. Elgie Vandermark and family attended the Bible school at the church of Christ at Mentone.

Mr. and Mrs. Loren Kramer spent Saturday evening in Rochester.

The members of the Worthwhile Class of the Talma Methodist church held a weiner roast in the church basement Tuesday evening.

Mrs. Callie Dawson, of Tippecanoe, called on friends here Sunday evening.

The members of the Talma Methodist church are making plans for their

annual Children's Day exercises to be held on Sunday evening, June 15, at 8 o'clock.

Roger Wright of Wabash was a business visitor here recently.

Mr. and Mrs. Russell Haines and son, Disko spent the week end here the guest of his sisters, Misses Alice and Nora Haines.

Mrs. Milton Kesler, of Rochester, who has been confined at the Woodlawn hospital for some time on account of illness is slowly improving. Mrs. Kesler formerly lived in Talma.

Mrs. Red Ritter of Plymouth was the guest of her mother Mrs. Maude Kinsey, Thursday.

Mr. and Mrs. Dale Peterson and daughter will spend the week end in Ohio with relatives.

Mr. and Mrs. Harry Wenger and family spent Saturday evening in Rochester.

Mr. and Mrs. Bill Coplen will spend Wednesday in Indianapolis where they will take their son, Dave to the Reilly hospital for a check up.

Mrs. Harold Meiser, who underwent a major operation at the Woodlawn hospital in Rochester has been removed to her home in the Foster ambulance.

Miss Mary Louise Green is employed in Rochester.

Mrs. Roy Hubbard, of Tiosa spent Thursday here the guest of her parents, Mr. and Mrs. Frank Arter.

Clair Jones, who was seriously injured some time ago is improving slowly at his home.

THE BOOK LOOK

New Pulitzer Prize Winner is "All the King's Men" by Robert Penn Warren.

Sinclair Lewis says of this book, "For his earlier novels, Robert Penn Warren has had distinguished appreciation, but with 'All the King's Men' he emerges as probably the most talented writer of the South and one of the most talented writers of our time. His novel is impressive, yet so full of surprising drama that it is never dull or ponderous."

CALLING ALL GIRLS — to read "Talking Through My Hats", Lilly Dachi, milliner extraordinary is known from San Francisco to Paris for her marvelous hats. Every famous seeker

of glamour must have one of her creations.

But more thrilling than her exciting headgear, is this story, in her own words, of the real Lilly: a record of her lonely childhood in Southern France, her persistent dreams of America, her astounding business success in New York City and her touching love story.

Lilly insists that any woman can be beautiful or make friends think she is, which is just as good, citing herself, once a skinny ugly duckling of a child with "two left hands" but now one of the most sought after women of two continents as an example.

"Christ Stopped at Eboli" by Carlo Livi was the winner of the Carriere del Lombardo and Ariamia Mondadari

In the south of Italy is a land so barren, so forsaken, that it is described by saying, "Christ never came to Eboli. Christ never came this far — nor did hope, nor time, nor reason."

It was in this desolate land that Carlo Livi, philosopher doctor, was confined as a political prisoner. This book is the story of the year he spent with people of Eboli; of their sufferings, their grotesqueries, and the stubborn grandeur of their land.

"So Young, So Fair," by Elizabeth Seifert. All who enjoyed "Dr. Ellison's Decision" will look forward to reading this story by the same author. It is the story of Rosalind, a young nurse returned home from overseas service. Her family is afraid Rosalind will be changed by the war, while she in return, fears her family will not be changed enough by the changing world about them.

"Close Pursuit", by Katherine Newlin Burt. This romance takes place in Virginia during the years of the Amer-

ican Revolution.

Ask for these books at your library.

Oats grown in a rotation of corn, oats and clover may provide as much as 12 percent more protein than other similar concentrates grown in a corn-oats rotation. Since protein is often the limiting factor on the dairy farm, dairymen who were unable to include a legume in the rotation of their oats acreage this year should bear this fact in mind at threshing time, G. A. Williams, Purdue extension dairyman says.

Kills Mealy Bugs

If you find mealy bugs, red spiders or aphids on any of your house plants, try spraying them with a solution made of one teaspoonful of nicotine sulphate in a gallon of water in which a one-inch cube of laundry soap is dissolved. Some of the mealy bugs will have to be picked off the plants by hand, with a splint or toothpick.

500-MILE RACE

TO BE BROADCAST

Hoosier residents will have complete radio coverage of the 500-mile Memorial Day auto race at Indianapolis this year as WIBC, the Indianapolis News Station, provides a broadcast crew of 19 men to originate race broad-

casts to more than 400 stations of the Mutual Broadcasting System from coast to coast. Eyewitness reports from seven strategically-located pickup points around the track will provide coverage of all events of special interest. Broadcasts are scheduled at 10:45 to 11:45 a.m. at the start of the race, and at 12:15 p.m., 2 p.m. and between 3 and 3:30 p.m. when the race

CO-OP. METAL SHOP

**HOG CHOLERA LULL
VIEWED TEMPORARY**

The 35 percent reduction in hog cholera outbreaks on American farms for the past year is temporary and should not lull swine producers into a false sense of security, Dr. C. R. Donham, head of the Purdue University department of veterinary science, warns.

Dr. Donham said that a new upswing in the cholera cycle is long over-

due and if it happens this year, the results could be disastrous in view of present high prices for hogs.

The only known control for cholera is prevention which means proper vaccination before an outbreak strikes. Spring pigs should be vaccinated as early as possible, preferably around weaning time.

However, if cholera is prevalent in the herd, it may be necessary to vaccinate at an earlier age and in that case, the pigs should be revaccinated

when they are two or three months old as the immunity produced at the very early age is not always lasting.

The entire herd should be vaccinated, not only the pigs. Although the fattening hogs, brood sows and boars may be vaccinated any time, this costs more than for pigs, since larger doses of antiserum must be used.

Ordinarily only healthy hogs should be vaccinated with virus. It should not be given if hogs are sick with any disease other than cholera, since the reaction of the virus plus the disease already present often results in death. If hog cholera is the only disease present in a sick herd, virus may be used without danger.

The reduction during the past year was not due to any drop in the virulence of hog cholera, but rather in all likelihood due to the enormous number of vaccinated hogs in the country last year, which acted as living, immune barriers to the spread of cholera, the veterinarian said. Consequently if a great number of hogs should go un-

vaccinated this year, there will be a greater chance for an outbreak.

A mole trap should be moved to a new location if it does not make a catch within a few hours at this time of year, says Prof. G. E. Lehker, Purdue University entomologist. The choker type of trap is advised.

The question of top dressing oats in late May that were seeded broadcast and are now "up" along with clover in them is answered by Purdue University agronomists. Such fertilizers as 2-12-6 and 3-12-12 may be broadcast or drilled lightly up to 300 pounds per acre without damage to either oats or clover.

Production of meat probably will be somewhat larger in 1947 than in 1946, but all of the increase will be beef and veal. Production of pork in the first eight months of 1947 is expected to be smaller than in 1946, Purdue University agricultural economists say.

FARM LOANS BY ISENBARGER

I have now more money than I need. Money is plentiful. If you need money, now is the time to get it. Listen, I will let you have this money for 20 years with the privilege to pay. There is no expense whatever — not one cent. All you do is furnish abstract of the farm, and we will examine it free of charge. Remember your rate of interest will not be changed for 20 years. This is what I want you to remember. It makes no difference what the condition of the country is, the rate will be 4% for 20 years. You may want to help your children. Here is your chance. We never foreclosed a loan and never sold a farm to anyone that they lost.

Since January 1 in our district we have loaned over \$500,000 on farms. We have the best loan to you farmers of any company. I have served the people in this district for 40 years. I contribute that to my success in my business.

I am happy to make this announcement, and would be glad to have you come in and talk it over. You can write me or call me by telephone, No. 65. I also buy farms, or if you want to sell your farm, come in and let us have a friendly chat and be good neighbors.

JOHN ISENBARGER

North Manchester

Indiana

Mrs. Dale Gamble, of Great Falls, Montana left for Hammond, Indiana, Saturday after spending two weeks visiting her brother, John Fenstermaker and family and other friends here.

Mr. and Mrs. Rea Ward spent the week end in Evanston visiting Mr. and Mrs. Paul Fritz and Mr. and Mrs. Raymond Dodson and daughter. Mrs. Dodson and daughter returned with them to spend a part of the summer here.

"What's so funny?"

Just received one Velo King Tricycle. A real good one. Peterson's Store.

Mr. and Mrs. Hugh Aughinbaugh and children of South Bend spent Sunday, May 18, with June Aughinbaugh.

Accidents and Eyesight

One authority estimates that industrial accidents alone are responsible for 15 per cent of the blindness in this country. Besides these, there are the accidents that happen in the home, on the road, and on sidewalk and playground. Of the young people in schools and classes for the blind, 7 per cent are there because their eyes were injured by balls, stones, sticks, scissors, knives, whips, pea shooters, firecrackers, or BB guns.

Bossism in Pullet House

Pullets may lose weight for lack of feed or improper proportions of grain and mash or just bossism. Even when pullets are well graded and of a uniform state of development when housed the boss hen keeps the more timid birds from eating at will. This is the reason it is difficult to provide enough feed troughs and waterers when houses are crowded or when birds of varying ages are mixed together.

Utter's Standard Service.

Garden Superstition

A quaint custom exists to this day in many parts of our own country. When someone gives away a plant, cuttings or seeds from his garden, the recipient must not thank him. If thanks are given the plants or seeds, it is believed, will not grow well.

Delicious Filling

A delicious filling which may be used in stuffing tomatoes or making sandwiches is made as follows: mix cream cheese with enough mayonnaise to give a soft consistency, add finely chopped nuts (peacans are best) and onion juice.

MONEY FOR FARMING

It takes money to operate a farm profitably. For years we have helped finance the farming operations in this community, whether for farm improvements—for new equipment—or for increased production. You will find it well worth your while to bring your financial needs to this friendly bank and discuss your plans with us.

FARMERS STATE BANK

Member of the Federal Deposit Insurance Corporation

Egg Producers

Question: HOW LONG DID IT TAKE TO BUILD UP THE PRESENT EGG CARS?

Answer: IT TOOK 30 YEARS OF HARD WORK.

Question: On what basis was it built up?

A. Shipping to many firms whose competition for the eggs brought the prices up to and above the level of any other mid-west community.

Q. If the cars you ship your eggs through would be discontinued, what would happen to your egg prices?

A. They would drop better than 10c per dozen on a year round average price.

Q. Then what would happen to all your work towards bettering your pedigree, feed, grade, etc.?

A. It would not be worth anything, since the gatherers who would then get the eggs would have you at their mercy and pay for current receipts rather than for graded eggs.

Q. Is there any immediate danger of something like this happening? If so, what can be done about it?

A. Yes. If and when any outfit tries to absorb other phases of activity other than what they are supposed to. For instance, if a N. Y. receiver wishes to become trucker, car manager and shipper all in one, thereby depriving others of their means of livelihood, thus developing a monopoly and singular control over all eggs in their sphere. This can be rectified by shipping your eggs through normal competitive channels and not permitting any one outfit to get a strangle-hold on you.

Q. Does this mean that larger receivers are no good for the average farmer?

A. No. In fact, a larger receiver can distribute your eggs at a lesser cost per unit and is able to pay more for your product.

WE'RE WONDERING WHO'S WRONG—

The following was clipped from the popular column of the Warsaw Daily Times, "Around Our Town and County":

"An Old Familiar Game"
"You got any rhubarb seed?" the 10-year-old asked at Robinson's. "Let's take a look," said the lady clerk. A search of the seed racks failed to disclose a single packet of rhubarb seed, for some reason or other (possibly the same one that slows up sales of sky hooks and left hand monkey wrenches)...

Now if our memory isn't wrong, we

ran across a package of rhubarb seed which was included in the packages of seeds which our children and other school children were selling a spring or so ago. If that certain waste basket hasn't been emptied we're going to dig out that package of rhubarb seed just to prove a point.

STOCKYARDS CLOSED FRIDAY

WALK ON LEFT FACING TRAFFIC

WINNERS SERIES, SECOND NATIONAL POSTER CONTEST
Drawn by Charles W. Cox, Technical High School, Detroit, Michigan

MAY

Issued by **CHICAGO MOTOR CLUB**

With May's mild weather summoning children to outdoor activities, this month's traffic safety poster distributed by the Chicago Motor Club to 44,000 classrooms in Illinois and northern Indiana features the safe pedestrian practice of walking on the left against oncoming traffic on the highway. The poster was drawn by a Detroit high school student, a winner in the second national poster contest for high school students portraying traffic lessons for elementary school children. Accompanying the poster are detailed lesson sheets explaining safe traffic habits for children and especially designed for the various elementary grades.

THE NORTHERN INDIANA CO-OP. NEWS

**CLOSED MEMORIAL DAY
AND SATURDAY AFTER**

The Veterans Administration Contact Office at 602 Whitcomb - Keller Building, South Bend, Indiana, will be closed on Memorial Day and the Saturday following, it was announced recently by Arthur L. Schlorch, Contact Representative in charge.

Mr. Schlorch advised veterans that the Office will be closed for the one Saturday and will be open the following Saturdays at regular hours from 8:00 a.m. to 4:30 p.m.

Mr. Schlorch suggested that veterans of world war II who have not filed claims for terminal leave pay do so at once, as September 1, this year, is the deadline for filing. Veterans waiting until the last moment may suffer delays due to the last minute rush, it was advised.

**STATE FAIR TICKET
PRICE NOT CHANGED**

Admission prices for the 1947 Indiana State Fair will be unchanged. Lt. Gov. Dick James, Commissioner of Agriculture has announced.

They will be 60 cents at the gate for each person and each automobile, that

price including 10 cents federal tax. Children's prices, for ages 6 to 12, will be 35 cents, including tax. However, 250,000 advance tickets

again will be sold at 35 cents, including tax, well ahead of the State Fair's dates — August 29 through September 5. They will admit adults, children, or

automobiles on any day. Their limited distribution will be through county agents, farm organizations and business outlets throughout the State.

You have 2 choices when the traffic light changes

THIS... TAKE A CHANCE! Speed up and try to get across before the light changes to red... and maybe smash into a car that has the right of way. Taking chances helps cause many of the traffic accidents which happen every minute of every day!

OR THIS... BE CAREFUL! Slow down when you know the light may soon change to red. Stop in time—and wait. Not only for the other fellow's sake, but because the life you save may be your own!

**Be Careful—the life you
save may be your own!**

An official public service message prepared by The Advertising Council in co-operation with the National Safety Council.

TRAFFIC RULES aren't just for motorists. Be careful crossing streets—don't jaywalk—more than 20,000 pedestrians are killed or injured every month!

PUTTING OFF REPAIRS on your car can put you on the spot. Be sure your car is in shape for safe driving. Have it checked regularly and repairs made immediately.

DRINKING AND DRIVING don't mix. Drinking, either by a pedestrian or a driver, plays a part in 1 out of every 4 fatal traffic accidents.

BASE LINES

By Paul Rush

Monday night, June 2, 1947, marks the opening of the second season of the Mentone Softball Association. Many changes have been made in both the park and the teams entered in the league. New lights have been installed. These lights will improve both the players' vision and the spectators' ability to see the game. Bleachers have been put up on the south side of the diamond. These will provide just about twice as much seating space as we had last year.

The teams entered in the league this year are: Beeson's Egg Farm, Bryan's Chicks, Burket Co-op's, High School, Lemler and Deluxe, Tippecanoe, and Utter and Tridle. We are indeed grateful to these men and business organizations for sponsoring these teams.

The Association All-Star Team is being sponsored by the Mentone Merchants Association. New suits have been purchased. We are engaged in drawing up an All-Star schedule at the present time.

One of the chief complaints last year was about umpires. We have attempted to correct this by obtaining regular umpires. Their assignments plus the

league schedule appear elsewhere in this paper.

So don't forget to come to the ball park Monday night to see Burket play Utter and Tridle to lift the lid on a new season.

END SUGAR RATIONING NOW SEEMS CERTAIN

A spokesman for the Agriculture department recently denied reports that sugar rationing would end before Oct. 31 when the law expires.

"The department's action in validating spare stamp No. 12 immediately," he said, "obviously means the way is not yet open for an end to rationing."

The agriculture department announced that spare stamp No. 12 could be used now, instead of June, for 10 pounds of sugar. Another ration stamp good for 10 pounds will be validated before Aug. 1, the department said.

Seth Klein, official starter (left), and Jack McMan, chief steward (right), give Ted Horn, 1946 national driving champion, race day instructions after Ted captured the pole position for the 31st 500-mile race May 30. Ted's average of 126.564 miles an hour was made in the Bennett Brothers Special, the No. 1 Maserati which Wilbur Shaw twice drove to victory at Indianapolis.

CURIOUS ABOUT INDIANA

New York leads all other states in the number of requests for information on the Hoosier tourist, vacation and general advantages, Lieutenant-Governor Richard T. James, director of the Indiana Department of Commerce and Public Relations, said today.

Completed tabulations on tourist and vacation inquiries received by the de-

partment for the first four months of 1947 show that totals are more than 25 percent greater than for the same period in 1946, Mr. James declared.

These requests do not include industrial inquiries resulting from the department's current industrial advertising campaign.

Following New York in order of number of requests are Illinois, Pennsylvania, Ohio, California, New Jersey,

Michigan and Wisconsin, the Lieutenant-Governor explained.

Inquiries the last two months have run in excess of 125 a day on many occasions, with an average for March and April of more than 50 a day.

HOW TO KILL ANTS IN LAWNS AND HOUSES

Spring may bring flowers and warm weather but it also brings ants. These industrious little creatures have been immortalized in song and poem, yet they bring little joy to Mrs. Housewife when they build mounds in the front lawn or breakfast in the kitchen cupboard. How to kill ants is one of the questions frequently coming to Clarene Abshier, in charge of the Purdue Homemakers Club of the air on WBAA. She quotes the Purdue Entomology Department as follows:

"All kinds of ants, including those commonly found in the home, have their nests in the soil and can be controlled either by using poisoned baits, injecting carbon bisulphide into their nests, or by spraying or dusting their runways with DDT. The use of poisoned baits and carbon bisulphide as a fumigant are old standard remedies familiar to most homemakers. Among the best baits are those containing thallium sulphate in a jelly-like base. They are quite widely sold on the market and should be used according to directions. DDT, on the other hand, gives remarkable control of several species of ants. The material is simply sprayed or dusted on any surfaces over which the ants frequently crawl. In the case of house ants, this may be behind sinks or cupboards, on window sills or door thresholds. As a spray we suggest a 5 percent DDT oil solution and as a dust one containing 10 percent of the active ingredient. The 10 percent dusts can also be applied to lawns and other growing plants, but most of the DDT oil sprays are not made for this purpose and may injure grass and other foliage. In the case of mound building ants found in lawns, it is best to work a liberal amount of the DDT dust into the top two or three inches of the loose soil. DDT works slowly and it may be a week or two before the ants all disappear as each one must come in direct contact with the material in order to be killed."

Women Do Marketing

In Haiti only the native Haitian women go to Port au Prince's huge market. This is a custom which dates back to the early days of the Haitian republic when, to protect their men from being seized by revolutionary leaders for service in the army, only women ventured forth.

BETHLEHEM BAPTIST MISSIONARY CIRCLE

Mrs. James Van Lue pleasantly en-
tertained the Bethlehem Baptist Mis-
sionary Circle members, eight guests,
and ten children, in her home Wednes-
day afternoon with Mrs. Fred King
and Mrs. Victor Tobey assisting.

The meeting was opened by the pres-
ident, Mrs. Charles Safford, with

"But God forbid that I should glory,
save in the cross of our Lord Jesus Christ, by
whom the world is crucified unto me and
I unto the world."

—Galatians 6:14

WHAT SAITH THE SCRIPTURES?

Today, Preacher answers Mr. Truth Lover's protest that if
WATER in Jno. 3:5 means WATER, then baptism is a necessary
condition for entering the kingdom of God.

P. "Well, why not? Are we to
tell Jesus what he should
have said? On another oc-
casion he said, 'He that be-
lieveth and is baptized shall
be saved' (Mk. 16:16); and
Ananias told Saul: 'Arise, and
be baptized and wash away
thy sins' (Acts 22:16); and
the Apostle Peter said, 'Re-
pent and be baptized every
one of you in the name of
Jesus Christ for the remis-
sion of sins' (Acts 2:38); and
once more he said, 'baptism
doth also now save us' (1 Pet.
3:21). Nothing could be plain-
er than the fact that baptism
is one of the commandments
upon which our Lord propos-
es to save one from sin.
L. "Maybe not, but it is hard
for me to believe a person
has to be baptized to be

saved."

P. "It isn't hard for you to be-
lieve what the Bible says, is
it?"

L. "No, I believe what the Bible
says, but I can't see why God
would require a person to be
baptized in order to be saved."

P. "It doesn't matter whether
we can see any reason for it
or not. The question is, what
does the Bible say about it?"

L. "All right, suppose we admit
that baptism is required, how
do we know what baptism is?"

P. "Paul called it a burial (Rom.
6:34). Does that need any ex-
planation?"

L. "Well, maybe not. But what
about our worship? How can
we tell what God requires of
us in this respect?"

(Continued next week)

WELCOME TO THE CHURCH OF CHRIST

group singing of "Throw Out the Life
Line." The Lord's Prayer was repeated
in unison.

Mrs. Colfax Heighway was in charge
of the devotions and read several trib-
utes to Mothers.

Roll call was answered by eighteen
members with poems of Mother.

A special program in tribute to
Mothers was then held. It was com-
prised of an article, "Mother's Wis-
dom," by Mrs. Heighway; a piano solo
by Barbara Duzenbery; a reading,
"Grandmothers," by Mrs. Anna Lein-
inger; a vocal duet by Mrs. Cloris Bark-
man and Mrs. Robert Minglin; a vocal

solo, Mrs. James Towne; an article
entitled, "21 Rules on How To Make
Juvenile Delinquents," Mrs. Dee Ber-
rier.

The meeting was dismissed with
prayer by Mrs. Leininger.

Delicious refreshments were served
by the hostess and her assistants.

Guests were Mrs. Cleo Kallenback of
Chicago; Mrs. Glen Choppen, Mrs.
Clarence Horn and daughter, Carolyn;
Mrs. John Bryant; Mrs. Don Nichols
and daughter, Nancy; Mrs. James
Towne and children; Miss Betty Ni-
chols and Miss Barbara Duzenbery.

POULTRY, EGGS AND CREAM**INCREASING FERTILIZER
STEP-UP CORN YIELDS**

Last year 98 percent of Indiana's 2169 Five-Acre Corn Club members whose yields were checked in 84 counties used fertilizer on their corn, according to reports released by Purdue University agronomists. This compares with the 60 percent who were fertilizing corn ten years ago.

Eighty-two percent of the growers applied all the fertilizer in the row or hill with a fertilizer attachment on the corn planter. Fourteen percent of the growers plowed under the fertilizer, most of whom also used a starter fertilizer. A very small number broadcast the fertilizer.

More fertilizer is being applied in the row at planting than ever before. Twenty-nine percent of the growers used between 150 and 200 pounds per acre in the row in 1946, while six years ago only six percent used more than 150 pounds. Only one-third of the growers used 100 pounds or less per acre in the hill last year while this was the common practice a few years back.

The fertilizer practices reported by the best Indiana growers conform closely with Purdue experimental results. In a fertilizer experiment conducted at Lafayette for seven years it was found that fertilizer was most efficient when applied in bands by the

hill. Fertilizer dropped in the hill is more effective than when drilled in the row either on drilled or checked corn with modern equipment. Drilled corn is more responsive to fertilizer drilled in the row than is checked corn, but in either case more fertilizer is required to give the same yield increase than when the fertilizer is hill dropped. Broadcasting the fertilizer in the surface was the least efficient method of application. Later experiments have shown that larger fertilizer applications than 150 pounds in the hill or 250 pounds in the row, should be plowed under or placed in bands on the "plow sole". Fertilizer for plowing under should be high in nitrogen for upland soils.

Corn responds to both phosphate and potash, in row fertilization, and except on well manured land an analysis such as 0-12-12 is recommended. The use of the quick soil test for available phosphate and potash is a helpful guide to the proper fertilizer analysis to use for the corn.

BICYCLE ENTITLED TO ALL PRIVILEGES OF AUTOS

So many times in the past we have noticed motorists practically forcing a bicycle rider off on the highway berm, when in reality the bicycle is entitled to as much of the highway as any automobile and is entitled to all the privileges an autoist enjoys. Likely few of us have ever stopped to realize this fact, but it is true, nevertheless. A bike is a wheeled vehicle and must operate accordingly, according to the rulings of all highway patrols and safety departments. Also, bike riders must obey all the traffic rules and regulations the same as auto drivers, including adherence to stop signs, the use of lights after sundown (believe a silent or reflector is permissible on the rear of a bike), etc.

Consternation spread swiftly among Mentone's bike riders one day this week when one of the riders ask for—and received—a traffic violation ticket because he refused to accept the suggestions of the marshal. The minimum fine was suspended by Justice Eiler but should serve as a warning to all other youngsters.

It is not that all bike riders have ridden in a reckless manner, but the antics of a few have made it necessary to use some enforcement procedures for the safety of both riders and pedestrians. As all parents know, any injury or damage done by their youngster or his bike is their responsibility, it should be appreciated that efforts are being put forth to protect.

No youngster need fear the enforcement officials if they ride properly—in fact, the officials will look out for their interests, as that is their official duty.

ANNUAL CAMP FOR 4-H CLUBS SET FOR JULY 20 TO 23

The Kosciusko county 4-H club camp will be held at McClure lake July 20-23 and will be preceded by the annual junior leader camp July 19-20, it was announced at the meeting of the adult and junior 4-H leaders at the Burket school building Thursday night.

The camp fee will be raised from \$5 to \$6, a minimum age of 11 years will be required and preference will be given to club members completing their last year of work.

Committees for planning the junior leader camp were named.

The Burket adult and junior leaders were hosts and hostess at the leader session, which launched a new year's activities. Program books were distributed and a handkerchief and towel shower was held for Miss Janalyce Rouls, county home demonstration agent, who will soon leave her work in the county to work with clubs throughout the state as a Purdue extension representative. The gifts were arranged under a May-pole.

Miss Rouls showed a moving picture taken by her during a winter trip in Mexico.

The Burket leaders conducted a recreational program and served refreshments.
