ALUMNI BANQUET

The fifth Mentone High School banquet will be held Saturday evening, May 15 at the Mentone Gymnasium. The banquet will be at 7:30 p.m. (DST). There will be a short program following the banquet with Maurice Greulach as master of ceremonies. After the program there will be a dance in the school cafeteria with Jimmy Meredith and his orchestra providing the music.

The new addition will be open for inspection for those who haven't seen the new building. Andy Goshert and Hardy Songer, 1931 and 1935 school coaches respectively will be the guest speakers. All members of county or sectional tourney winners of previous years are especially urged to be present.

If you are a member of the alumni or a former teacher of Mentone School you are cordially invited to attend. Tickets are priced at two dollars each and reservations must be in with Forrest Miner by May 10.

The table committee is composed of Jack Van Gilder, chr., Rex Tucker, Miles and Richard Manwaring, Everett Long, Ned Igo, Lyman Mollenhour and Howard Pawley. Chairs: Max Preisner, Chr., Harold Coplin, Rodney Gobble, Ned Witham, Devon Marshall, Donald Peterson, Billie Blackburn and John Mellot. Decorations: Jackie Blue, Chr., Mary Louise Bare, Berna Dean Sensibaugh, Barbara King, and Monna Lou Smythe. Senior Initiation. Pat Starr and Darlene Boyer.

MINER MOLLENHOUR DIES

Death came to Miner H. Mollenhour, aged 76 years, Wednesday afternoon at 2:30 at his home in Mentone. He had been in poor health for 13 years.

The deceased was born at Tippecanoe August 28, 1877, the son of Henry and Mary (Graham) Mollenhour.

Mr. Mollenhour operated a restaurant in South Whitley, Plymouth and Mentone, but spent most of his life in the Tippecanoe and Mentone communities.

New Year's Day in 1901 he was married to Myrtle Dawson, who passed away in 1937. October 9, 1937 he was married to Alta Dawson, who survives, along with one son, Kenneth, of rural route, Rochester; a daughter, Mrs. Devon Eaton, Mentone; four grandchildren; one brother, Elza, of South Bend; a step-son, Joe Foster, Rochester, and three step grandchildren.

He was a member of the IOOF lodge at Tippecanoe.

Funeral services will be held at the Johns funeral home at two o'clock on Friday afternoon, with Rev. Chester Duden, pastor of the Mentone Baptist church, officiating. Burial will be in the Mentone cemetery, with graveside services by the Tippecanoe IOOF lodge.

BEAVER DAM TEAM SECOND

We reported the Beaver Dam livestock judging team winning 21st place in our last issue. Actually they won second place and will go to Purdue to participate in the 4-H Roundup.

TWO NELLANS HAVE FIRES AT THE SAME TIME

Friday afternoon the fire department was called to the Frank Nellans farm, west of town, to put out a tractor fire. The fire truck never stopped at the station on the return, but went right on to the Wayne Nellans poultry dressing plant where a barrel of tar was on fire.

The tractor fire started when Frank was checking his battery. One of the terminals came in contact with a copper gas line, and the arc not only set the gas afire but burned a hole in the line. Frank used two extinguishers, but failed to whip the blaze. The extinguishers, however, saved the tractor from very much damage.

TROPHY AND WATCHES TO BE GIVEN TO SENIORS

Voting is now in progress at the Brown Jewelry Store to see which Senior boy or girl receives the fine trophy being offered. The voting is upon a basis of citizenship, scholarship and leadership.

At Baker's Jewelry Store courage, integrity and leadership are the basis upon which the voters are to choose their most popular boy and girl in the 1954 Senior class. Each will be given 17-jewel Bulova wrist watches by Mr. and Mrs. Baker.

In each contest, both Juniors and Seniors are to vote.

RETURN FROM WASHINGTON

Mrs. Rans and Mrs. Hill are back with us again after spending a delightful 3½ days in Washington, D. C.

They were recipients of three guided tours. One of the tours was the interior of the public buildings and included the White House. Another one was composed of the National Cathedral, the shrine of the Immaculate Conception, the Franciscan Monastery and the new Soldiers Home just occupied around April 1st and the third tour took them up to the Unknown Soldier, Arlington Cemetery, Alexandria and Mt. Vernon. They also attended church with President and Mrs. Eisenhower and were at the top of the Washington Monument.

SPECIAL GUEST SPEAKER

The J. O. Y. Circle will meet with Mrs. Charles Manwaring on Tuesday, May 11, at 1:15 p.m. Paul Hoffman, of North Manchester, a member of the Venture For Victory basketball team, which toured Korea in the interest of Christianity, will show pictures and speak. Guests are welcome.

SNOW HERE MONDAY

Mentone witnessed two or three light snow flurries Monday afternoon and evening.

John Laird said that May 8, 1923 there was a blizzard here and eight inches of snow fell. Also, June 23, 1918 there was a big freeze and corn almost chest high wilted under the freeze.

PRIMARY ELECTION RESULTS

In the Harrison township trustee race, Albert M. Tucker won over his republican opponents and Earl Boggs defeated Leo Linn on the democratic ticket.

Franklin township voters gave Lawrence Butt the republican nomination over Paul Cumberland and Virgil Haupt defeated his democratic opponent Paul Parker.

In the Seward township race Fred Blackburn won over Elza Ball on the republican ticket. There were no democratic candidates.

In the advisory contests where more than three candidates were involved, Ray Eckert, Cassius Rovenstine and Albert Orcutt won on the republican side in Harrison township, and in the Franklin township democratic contest Marshall Parker, Roscoe Nine and Howard Hoffman won.

The total vote for trustees in the three nearby townships was:

Franklin: Lawrence Butts 165, Paul Cumberland 118, (R), and Virgil Haupt 116 and Paul Parker 101 (D).

Harrison township: Albert M. Tucker 244, Carroll Eller 162, Lester Blackburn 57 (R), and Earl Boggs 146 and Leo Linn 41 (D).

Seward township: Fred Blackburn 129, Elza Ball 81 (R).

County Races

In the county races, Mentone's Robert O. Jones figured in one of the closest battles in an effort to win over his republican opponent, Kathryn Coy. The vote was 3,507 to 2,908.

In the republican auditor's race, Thomas K. Warner of North Webster won over Mrs. Celia Durham 4,282 to 1,965.

Paul M. Bilby was nominated as republican for state representative over Leon Connolly 4,177 to 2,271.

Donald Bouse, present county commissioner from the southern district, won easily over his two republican opponents.

James Bradway won the democratic nomination for sheriff.

TYNER

Mr. and Mrs. Del Tyner, Mentone, are the parents of a four pound 15 ounce son born at 12:10 p.m. last Thursday at the McDonald hospital.

THE MEMORIAL POPPY

Every year before Memorial Day millions of Americans wear little red poppies on their coats.

Women of the American Legion Auxiliary will be selling the poppies on the streets of your town on May 22—Poppy Day.

Of course you know that the poppies are worn in memory of the men who lost their lives in the World Wars, but do you know how the poppy came to be the nation's memorial flower?

The battle ground of W.W. I extended from the Swiss border through France and Belgium, to the North Sea. Here for four years from 1914 to 1918 we were locked in battle. The line weaved first one way and then the other. For miles on both sides of it the ground was trampled by the heavy shoes of millions of fighting men. It was churned and re churned by the shells of thousands of cannon, blown full of ugly craters. In this area of death and destruction hundreds of American boys advanced in 1917 and 1918, determined to put an end to the horrible war. You all know they did end the war, restoring peace to a war-torn world.

As the American soldiers struggled forward through the shattered villages, across the shell-torn fields and over the blasted hillside, they saw only one touch of life and beauty in all that region where death and destruc-

tion reigned. This was the little wild poppies. Along the very edges of the trenches, about the ragged shell holes and in the fields raked by machine gun fire, the brave little poppies grew and bloomed. When comrades were left beneath the bare dirt of hastily dug battle graves, the poppies sprang up and clothed the graves with flowers. It seemed as if the gallant spirit of the dead had passed into the blood-red blossoms and that through the little flowers they were sending a message of courage and hope to those who still lived.

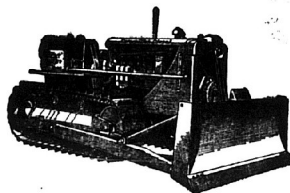

The poppy has become the symbol of the dead—their memorial flower. It has become the sign that the high ideals for which these brave young men gave their lives still live and are honored. That is why we pin on the poppy when we pay tribute to our dead of the two world wars. BUY—WEAR A POPPY, POPPY DAY.

HUMAN ELEMENT MAJOR CAUSE OF AUTO DEATHS

The human element is by far the major "crash factor" on our highways, according to the Chicago Motor Club. And errors of judgment by motorists—particularly in unfamiliar or adverse circumstances on the highway—are mainly responsible for the nation's increasing traffic accident toll.

The Motor Club advises drivers and pedestrians alike to develop sound attitudes and judgment on which their safety in traffic depends. Motorists should take stock of themselves as safety risks in today's bustling traffic conditions. Many of them may be surprised to find they're guilty of the most dangerous driving errors, which are pointed out by Chas. M. Hayes, president of the club:

1. Driving too fast for conditions, especially at night when visibility is limited.

2. Following too closely, both on the open, high-speed road and in built-up populated sections.

3. Failure to "drive ahead," taking into account what is developing or may develop within one's danger zone on the road ahead.

4. Overtaking and passing under unfavorable conditions.

5. Failure to signal properly and to exhibit other courtesies of sportsman-like driving.

Another major error—and possibly the most hazardous of all—is the motorist's inattention to the demanding job of driving. The preoccupied motorist who is angry, worried, nervous or depressed is no longer alert to emergencies and becomes a traffic hazard. He should yield the wheel to someone else when there's driving to be done.

Speeding on U. S. streets and highways last year killed 13,870 men, women and children.

4-H CLUB CHATTER

By Ruth Snellenberger

Dear 4-H Members,

Can you remember saying to some of your friends at some time or another, "Let me show you how"? Perhaps it may not have occurred to you that actually your "showing how" was giving your friends a demonstration. This part of 4-H club activities—that of giving demonstrations—is another phase of helping boys and girls grow in experience to become leaders and better citizens.

In 4-H home economics clubs in this county it is the policy that every member participate in a demonstration. This may be in a group demonstration for younger members. By this method as many as six little girls would assist an adult or junior leader in making some preparation, each in turn "showing how" to do one step. For example, in baking a plain butter cake,

one little girl could "show how" to sift and measure the flour; a third could "show how" to break the egg properly; a fourth might "show how" to cream the fat and sugar together thoroughly, and a fifth could "show how" to combine fat-sugar-egg mixture with the milk and the dry ingredients. Where could the little 4-H member get the information on how to do these things properly? Her 4-H bulletin for first division baking tells how.

Similar group demonstrations could be carried out easily, such as setting the table, preparing strawberries for the freezer, preparing baked custard, making a tray cloth and so forth. In each case the 4-H member can find the information in her 4-H bulletin for the project division in which she is enrolled. When participating in this group demonstration, it is more informational to those listening and watching if the member tells why she does what she is doing now.

Older 4-H members would be well to prepare and give simple individual

or team demonstrations. These might only be 5 or 10 minutes in length depending on what was being taught.

Are you surprised that I suggested that someone was being taught? Actually by demonstration is an excellent way of teaching—the audience both sees and hears. This certainly puts a responsibility on the demonstrator that the methods shown, equipment used, and information given are approved practices and factual information.

Did you realize you were a teacher, 4-H'ers?

Even though I've directed this chat-

ter to 4-H members I hope parents and friends of 4-H will find this information worthwhile.

Next week I'd like to discuss the County Junior and Senior Demonstration contests as well as opportunities in special state demonstration contests. G'bye now.

WARSAW, INDIANA**CORN PLANTING TIME
IS ALMOST HERE**

Corn Planting time is just around the corner, and Hoosier farmers will soon be applying their best corn growing knowledge to the land in an all-out effort to boost yields and cut production costs.

Purdue University extension agronomists say it will pay you to brush up on the better corn growing practices, like those used by the best growers in the state. They have reference to the top ten producers in the 1953 Indiana Official Corn Growing Contest whose yields ranged from 171 bushels to the championship output of J. Herbert Roadruck, Brookston—198.5 bushels—the second highest yield on record for Indiana.

No one part of the state had a monopoly on these yields. Agronomists say they were produced in eight different counties in north central, central, south central and southern Indiana. Almost without exception the best crops were grown on upland, and the soils were deep, friable loams or silt loams that were moisture retentive, and neither poorly drained nor drouthy.

How were the yields produced? M. O. Pence, Purdue extension agronomist, found the champions agreed on many of the factors which contributed. Here are seven of the major practices all ten followed.

(1) They agreed on the high value of legume of legume-grass crops. This is particularly remarkable in these days of proposed new techniques for growing corn. Six of the ten champions grew their crop after sweet clover, red clover, bluegrass or a legume grass mixture. The other four took off the second corn crop after a legume crop.

(2) They all used row or starter fertilizer in amounts varying from 150 to 400 pounds per acre. Eight of the ten plowed under fertilizer—300 to 1,450 pounds per acre—and six growers side dressed corn with some form of nitrogen. For the two highest yields, a total of 1,490 and 1,175 pounds of fertilizers were used respectively. Three growers used manure.

The variation in analysis, rate and placement of fertilizer used points to the growers' recognition of the differences in the level and balance of soil plant foods and the ability of the soil to respond to fertilizer profitably.

It just goes to show, says Pence, that no grower can afford to minimize the importance of laboratory soil tests to determine his soil's deficiencies. On this point, consult your county agent.

(3) The champions adjusted their rate of planting to the fertility level of the land, from 14,000 to more than 20,000 plants per acre. All corn was drilled. Width of row varied from 28 to 40 inches.

(4) Everyone used hybrid seed, with five using Indiana Certified, and the other half closed pedigrees.

(5) Seedbed preparation consisted of disking plowed ground from one to seven times. From one to four harrowings were used by eight of the top growers. The amount of work required to prepare a proper seedbed varies with the soil type and the season and is not subject to hard and fast rules.

(6) Eight of the champions cultivated twice, and the other two did three times. Eight of them used the rotary hoe from one to two times.

(7) All corn was planted in May, varying from the ninth to the twenty-ninth.

These ten growers gave careful study to every factor involved in growing corn, and were timely in all of their operations. Undoubtedly, they profited by the mistakes made in previous seasons, just like you will this year by a careful examination of the corn growing practices that determine how much more you make or lose.

DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? Call, phone or write us if you believe you know the farm.

Mrs. Myrtle Davis, Mentone, was quick to identify the farm pictured in our last issue. She said it was their old home place and is owned by Herman Swinehart. It is located on "Yankee Street," southeast of the Boggs corner on road 25.

Can you help us identify the one pictured this week?

MAY P. T. A. MEETING

The last P. T. A. meeting of the current school year will be May 12, 7:30 p.m. in the new gym. The entire community is invited. There will be installation of 1954-55 officers. A play by the Speech class under Mrs. Wilma Dawson's direction will be presented and Mrs. Willard Snapp our Band Teacher, will introduce his Junior Band and they will play several numbers. After this program there will be Open House. This offers an opportunity for all parents and school friends to visit their children's rooms and look over the Spring Exhibit Material on display.

play. During this part of the program there will be Special features throughout the building and rooms. These will be scheduled at various times so as not to interfere one with another. These features will be announced at the P. T. A. meeting. Consult your child about the special feature in his own room. The main purpose of this feature is to acquaint school parents and friends with the actual working of the various classes and departments. So often we know a new piece of equipment etc. is needed or bought and if we take advantage of this program we will see the various items in action. To climax the evening there will be light refreshments served in the cafeteria for both children and adults.

Children, as a whole, are proud of their school and their accomplishments during the year. We as parents can encourage this feeling if we will come and see the things they have done. This is one of the best ways of letting them know that we are interested in them and of saying "Thanks a lot for all you've done during this year. We are interested in your work and want to see it."

A good response to Open House can perhaps say "Thank you" to all our teachers and school officials for the sincere effort they have put forth to make this school year a success.

Remember, May 12, 7:30 prompt, new gym. The P. T. A. extends a very warm welcome to all P. T. A. members, school parents and friends in the community.

Smidley Hog Houses

THESE houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulite insulation in roofs may be had as extras.

FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

**PLANS COMPLETED FOR
ATHLETIC BANQUET**

Plans to honor the athletes who have represented Mentone in baseball, basketball, and track this year next Tuesday evening have been completed. Bill Milliner, Coach of the Elkhart Blue Blazers who dumped Mentone from the Regional Tourney will speak on "Basketball by a Hasbeen." The Keynotes, popular dance band, will provide music for the occasion. Athletic awards including the free throw trophy, the sportsmanship trophy, and the most valuable player award will be presented by Mr. Hoogenboom. Mr. Kent will speak briefly on the athletic program at Mentone. The menu for the banquet has been planned by Mrs. Teel who will also help prepare the food. Ticket prices for the banquet and program have been set at 75c for school students and \$1.00 for adults. Only a limited number of tickets will be available. Please purchase from the school before next Monday.

METHODIST CHURCH NEWS

The Youth Fellowship of the Warsaw District Methodist Churches met Sunday afternoon in the Nappanee Methodist Church for the annual spring conference. Over three hundred youth and their pastors and counselors were present to hear the inspiring concert by the Taylor University a cappella choir under the direction of Eugene Pearson.

Dr. Thurman Morris installed the district officers for the year 1954-1955. The Rev. Willard Doyle is district youth director and supervisor of the youth council of which Jackie Stidham has so ably served as president this past year. Host pastor, Rev. Don Jennings, and his youth and church women served a very tasty lunch following the brief sub-district meetings.

Local youth attending the conference were: Jackie Stidham, district president; Sherry Shoemaker, Janet King, Julie Kent, Frank Manwaring, David Paul Gosser, Abe Hoogenboom, and Rev. David Gosser, the latter two as youth counselor and pastor.

A refreshing and inspiring part of the choral concert were spontaneous personal witness comments for Christ by various members of the A Cappella Choir. These were not prompted by the director nor forced by circumstances of psychological pressures, but were pure heart-warming comments coming from the souls of college youth of this day. When Methodism is often falsely

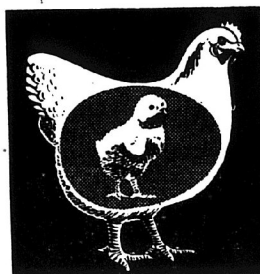

accused of being void of spiritual life, there is this evidence to the contrary to warm the hearts and minds of today's youth. Taylor University is a Methodist school situated in Upland, Indiana.

The annual Mother-Daughter-Guest banquet sponsored by the WSCS will be held on Thursday evening, May 20. This, as in years past, will be in the manner of a pot-luck supper. It is hoped that all the ladies and girls of the church will be present this year.

Tuesday, May 11, is the Fourth Quarterly Settlement Day or district conference. It will be held in the Ligonier Methodist church, beginning at 9:15 a. m. promptly.

The clothing and other articles for Neighborhood Church were taken to Fort Wayne last Friday. Mr. Lloyd Summe, the pastor; and Mark delivered them in person to Rev. Wright, the colored pastor of that church who was quite busy organizing a spelling-bee for that evening.

On Friday, May 14, from 2 to 5, and from 7 to 9 p. m. the new Episcopal residence at 7350 N. Illinois, Indianapolis, will be made available to the laymen, pastors and pastors' wives for open house. The conference district superintendents and their wives will assist as hosts and hostesses of Bishop and Mr. Raines. Local lay men and women desiring to attend should notify the pastor by this next Sunday as an estimated number of those desiring to attend must be submitted to

the district superintendent by the pastor several days prior to the occasion.

A pre-annual conference briefing session will be held at the St. Marks Methodist church in Goshen at 2:15 p. m. on Sunday, May 16. This is open to all persons of Methodism interested in the work of the Methodist church and particularly to the pastors, lay members, and reserve lay members.

Annual conference will be held at the Grace Methodist church in Kokomo the last week of May.

A Daily Vacation Bible School will be held this year in the Methodist church from May 24 through June 5. Work will be presented in the following three departments: Kindergarten (ages 4 through 6 not yet attending

school); Primary (ages 6—having attended school—through 9 or grades 1 through 3), and Junior (ages 10 thru 12 or grades 4 thru 6). The theme for this year is "How the Church Came to Us." Adult leaders of the respective departments are Mrs. Robert Whetstone, Mrs. Harold Nelson and Mrs. Harold Utter, and Mrs. Ralph Mollenhour. Other helpers have been acquired, and Mrs. Oliver Teel has assisted in the organization of this school along with the church school superintendent, Mr. Denton Abbey.

Mrs. Earl Meredith and Mr. and Mrs. Roy Meredith were recent supper guests at the home of Mr. and Mrs. Henry Blesch of Akron.

Another Addition at Nellans Poultry Dressing Plant Here

Shown above is a new addition being erected at the Nellans Poultry Dressing Plant at the northeast edge of Mentone. The unit above is 42 x 80 feet and will include a 30 x 42 foot quick freeze room for freezing dressed poultry. An 18 x 25 compressor room is not shown, but this will be used for the machinery to maintain a 30 to 40 below zero temperature in the quick freeze room. The balance of the new structure will include some of the new eviscerating equipment to be installed in the modern dressing plant. One of the units will be a continuous stainless steel belt over which the poultry will pass while being processed and government inspected.

A new well was recently drilled which has a capacity of 7,000 gallons per hour. About 9,000 gallons are required when the plant is in full operation.

The new additions will now give them almost 15,000 square feet of plant and warehouse space.

NEW WATER RATES

Water bills to be mailed to Mentone patrons shortly will be in accordance with new rates approved Nov. 1, 1953. The minimum rates now are \$5 for each six months and the meter rate is increased five cents per 1,000 gallons. The rate for the first 10,000 gallons is now 35c per 1,000 gallons.

LIONS ENTERTAIN LADIES

There was a large attendance at the Mentone Lions Club meeting Wednesday evening when the members entertained the ladies with a fine dinner and program. Organ music was played by Mrs. Frank Meredith before and during the meal.

Polaroid One-Minute Photo by Co-op. News

The ladies were each presented with a corsage before the dinner was served. Lion President Norris turned the meeting over to Lion Cooper who served as toastmaster. His first official act was to request a group of Lions to stand—and then inform them that the ladies that were to serve the dinner failed to show up—and appreciated them "volunteering" so readily.

Following the dinner a few short announcements were made by the president and Lion James Rodibaugh presented 100 per cent attendance badges to Lions Monroe Romine, Noble Babcock, Leroy Norris, John Boggs, Dwight Reichard, Eugene Marshall, Milo Fawley and Raymond Lewis.

Robert Jones, chairman of the nominating committee, reported the findings of his committee, as follows: For president, James Rodibaugh; 1st V. P., Leroy Cox, 2nd V. P., Walter Kent; 3rd V. P., Noble Babcock; secretary, Kenneth Romine; treasurer, Everett Long; tall twister, Milo Fawley; Lion tamer, Wayne Bowser; board of directors, Raymond Lewis and Ray Eckert. The election will be held at a later meeting and the officials will take office effective in July.

Mrs. Fred Lemler gave the response for the ladies prior to the introduction of the guest speakers.

Wm. H. Gingher, of the Fort Wayne Lions club, spoke about the establishment of a school to train leader dogs for the blind at Rochester, Michigan, and then introduced Wm. Smith, another man from the Fort Wayne club who received a leader dog from the school, which is supported by Indiana Lions clubs to a certain extent.

A 20-minute film was shown depicting the training of the dogs and those who are to use them.

The committee in charge of the fine program was composed of Fred Lemler, George Black, Charles Manwaring, Walter Kent, Raymond Cooper and my notes at this point got so bad I can't even read them myself.

IN FLANDERS FIELDS

By Colonel John McCrae

In Flanders' Field the poppies blow
Between the crosses row on row
That mark our place: and in the sky
The larks still bravely singing fly,
Scarce heard amidst the guns below.

We are the dead.
Short days ago we lived, felt dawn, saw
sunset glow,
Loved and were loved and now we lie
In Flanders' fields.

BAPTIST NEWS

The neon sign on the church has had its face lifted. The Neon Sign Company of South Whitley took the sign down, hauled it to their shop, gave it a coat of paint, and repaired the lettering. We are sure everyone will agree that it looks much better.

The pastor and his wife and several other delegates will be going to Chicago next week to the annual conference of the General Association of Regular Baptist Churches. It will convene in the historic Moody Memorial Church.

Sunday night the young people of the church will conduct the service. They will have a choir and several special numbers. Rev. Ralston of the "Chapel Crusaders" will be the special speaker. Come and hear what the Lord has been doing through the Ralstons this past winter. We appreciate our fine group of young people. You can show your appreciation by coming to the service Sunday night.

Saturday is to be "Work Day" again at our Crystal Lake Youth Camp. If you would like to do something worth while for the good of our youth plan to go to Crystal Lake this Saturday to help get the grounds ready for the camp season.

Sunday is "Mother's Day." Honor your mother by going to the house of the Lord on her day. America needs more Christian mothers. Are you a Christian mother?

AUXILIARY NEWS

Leo Ethel Ade, 2nd district president of the American Legion Auxiliary will be present for the next regular meeting of Mentone Unit No. 425 American Legion Auxiliary Tuesday May 11th at the post home. At this time the unit will also honor its Gold Star mothers. All members are urged to attend.

MENTONE READING CLUB

The Mentone Reading Club held its April meeting at the home of Mrs. Conde Walburn. Mrs. Richard Manwaring was co-hostess.

Roll call was "A favorite joke or humorous story."

Mrs. Denton Abbey introduced two music students. Sarah Urschel, accompanied by Mrs. Dan Urschel played a flute solo "Serenade" by Hayden; next, Rita Olsen played a piano solo, "Manhattan Serenade" by Arter.

Mrs. Max Nellans with Dick Clark at the projector, then ran a most entertaining color-film showing the many "Magical" uses of Campbell's soups in menu making.

Mrs. Max Nellans then gave an enthusiastic report of the state convention at French Lick, which she had attended.

The May meeting will be a potluck supper at the home of Mrs. Charles Manwaring.

MAGAZINE CLUB HAS

SPRING MUSICAL

A spring musical of piano, organ and vocal selections was presented at the recent meeting of the Magazine club held at the home of Mrs. Maude Snyder, Mentone.

Miss Marita Tucker, accompanied by Mrs. Snyder, sang "Indian Love Call" and "Homing" and played a piano and organ duet "Meditation" with Mrs. Snyder. Mrs. Snyder played an organ solo "Estrilita" and a piano and organ duet "Moonlight Sonata" with Miss Joy Rider. Miss Rider also played a piano solo, "Rhapsody in Blue." Miss Mary K. Miller, accompanied by Miss Rider sang, "Villanelle" and played a piano and organ duet, "Ava Maria" with Mrs. Snyder.

Mrs. A. W. Tripp presented the program outline for 1954-55 and the club voted to continue with special projects through the next year. Mrs. Ray Shue gave a review of "Adventures in Friendship" which was directed by Mrs. J. W. Whiteneck. This included five projects in promotion of friendship and community service in connection with the two Warsaw hospitals.

Mrs. A. H. Stanford and Mrs. Whiteneck assisted Mrs. Snyder in entertaining the group. The next meeting will be held May 12 at the home of Mrs. Frank Leslie, West Center street.

AUTO CONTINUES AS BIGGEST KILLER

The worst automobile accident toll in the nation's history — more than two million casualties — was recorded in 1953, according to figures released today by the Travelers Insurance Companies.

Traffic deaths totaled 38,500, an increase of 900 over 1952. The injury count reached 2,140,000 compared to 2,090,000 for the previous year.

The totals are statistics from "The Passing Scene," twentieth in an annual series of traffic accident data booklets published by The Travelers. Accident facts from every state in the country are collected and analyzed for the publication by Travelers statisticians.

Excessive speed was the most dangerous driving mistake in 1953. Speed killed 13,870 persons and injured more than 600,000. Drivers under 25 years of age were involved in almost 25 per cent of the year's fatal accidents although they constitute only about 15 per cent of the total of all drivers.

Week end crashes accounted for 15-

800 killed and 800,000 hurt during 1953. Forty-one per cent of the deaths and 36 per cent of the injuries occurred on Saturdays and Sundays last year.

The pedestrian record reflected the third consecutive year of improvement. Booklet figures show pedestrian casualties reduced by 50 to 8,600. Crossing between intersections, "jay walking," still is the chief cause of pedestrian deaths and injuries.

"The Passing Scene" also reports that three out of four 1953 auto accidents happened to passenger cars driving in clear weather on dry roads.

Eighty per cent of vehicles involved in fatal accidents were traveling straight ahead.

Saturday was the most dangerous day of the week to drive.

1953 was the fourth consecutive year of increase in the death toll.

THANK YOU

I want to thank the Mentone Fire Department for their help in extinguishing the tractor fire at my home last Friday. This help was surely appreciated.

20,000 TULIPS AT AKRON MAY 1-16

Several thousand people of Northern Indiana will again visit the well known Gast Tulip Gardens at Akron during their May first to sixteenth blooming season, which is about a week earlier than normal due to the advancement of the growing season.

The Tulip Gardens will have well over 20,000 blooms this season; which are made up of one hundred thirty varieties, all different and all very beautiful. The classes represented are Darwin, Cottage, Breeder, Single Early, Rembrandt, Parrot, Triumph and Double Late. Almost every color, shade and hue imaginable will be on gala display. Some of the newer varieties to be shown this spring are Minnehaha Golden Age, Insurpassable, Red Master, Montgomery, Gypsy Girl, Firebird, Pink Champion, Royal Yellow and Piccadilly. Depth of color is especially fine this year.

Visitors are always welcome to come and go as they please at any time during the period of this unusual colorful exhibit. The Tulip Gardens are in the west edge of Akron on state Road 14.

\$15,000,000 LAND PURCHASE

One hundred and fifty-one years ago, on April 30, America made one of the greatest real estate buys in history—the Louisiana Purchase. In need of cash, Napoleon Bonaparte sold us the Louisiana Territory for \$15,000,000!

This windfall for America included what are now the states of Louisiana, Arkansas, Missouri, Iowa, North and South Dakota, Nebraska, Kansas, Oklahoma, Montana, most of Minnesota, and parts of Wyoming and Colorado.

When we bought that immense piece of land in 1803 it was thought it might take a century to settle it. As it turned out, however, by 1848 the tide of westward migration had rolled beyond this vast area to the Pacific.

The money paid for the Louisiana Purchase was raised by Treasury securities sold to Americans who had no hesitation about subscribing to this loan. With interest accruals, the total cost came to \$27, 267, 622, or four cents an acre—without question one of the greatest buys of all time.

Through the hard work and enterprise of the original settlers of the Louisiana Purchase and the men and women who followed them, the states carved out of the territory have attained a prosperity undreamed of in 1803. A striking illustration of this is the fact that in one year, 1953, citizens of these 13 states bought \$713, 276,000 in series E and H United States Savings Bonds, or 26 times the original cost of the area they live in!

Like their forefathers of 1803 who had confidence in the future of the United States and settled in the Louisiana Territory to eventually make it a great part of our nation, Americans today are buying Savings Bonds as a symbol of their faith in the still greater future of our country.

Banner Brand Hog Supplement

BALANCE is one thing that all good hog fattening rations should have. It is built into Banner Brand Hog Supplement through the use of a wide variety of ingredients for the purpose of supplementing farm-grown grains and providing the necessary balance for fattening hogs.

ECONOMICAL pork production means greater returns. When feed prices are high, the down-to-earth feeder keeps his eye on the most efficient, low-cost ration. Banner Brand Hog Supplement is designed for building this kind of ration.

SUPERIOR palatability assures immediate acceptance and continued feed intake of rations built with Banner Brand Hog Supplement. Fattening hogs must eat lots of feed regularly to make money for the farmer. Pigs, shoats, and hogs really go for this feed.

TIMING is most important, so feed Banner Brand Hog Supplement from weaning to market. It may be self-fed separately, self-fed in a grain mixture, or hand-fed because it is adapted to all accepted methods of feeding fattening hogs.

For a place in your Swine feeding program, select Banner Brand Hog Supplement. It is a feed specially designed to get economical and efficient conversion of farm-grown grains for greater returns from your fattening hogs.

**MENTONE TO GRADUATE
THIRTY SENIORS**

On Tuesday, May 18, in the school gymnasium, Mentone High School will present diplomas to thirty members of the Class of 1954. Judge Byron E. Kennedy of the Wabash County Circuit Court will deliver the Commencement address. The title of his address will be: "So You Are Graduating." Mr. Kennedy has been active in conservation work in Indiana for several years. Music for the exercises will be given by the Mentone School Band under the direction of Willard Snapp, music teacher.

Awards will be presented to the senior with the best attendance record for the four years, the outstanding senior, the valedictorian, and the most popular boy and girl. Rev. Albert Rider of the Cook's Chapel Methodist Church will give the invocation and Rev. F. H. Pflugh of the Harrison Center E. U. B. Church will pronounce the benediction. The Valedictorian, Jon Cullum and the Salutatorian, Mary Van De Water, will speak briefly. The Commencement program will begin at 8:00 (DST).

Baccalaureate Services will be held at the school gymnasium on Sunday evening, May 16, beginning at 8:00 (DST). The sermon will be delivered by Rev. Chester Doden of the First Baptist Church of Mentone. Rev. Fred Hall of the Palestine Christian Church will give the invocation. Rev. David Gosser of the Mentone Methodist Church will pronounce the benediction. The Scripture lesson will be read by Mr. Leslie Grant of the Church of Christ. Music for the Baccalaureate service will be furnished by the Mentone Girls' Chorus under the direction of Willard Snapp. Mr. Snapp will also play a saxophone solo.

The Seniors have planned their annual Class Day program for Friday, May 14. The annual Senior trip will begin on Sunday, May 23. The Seniors will visit Washington, D. C. and New York City. Mr. Elwyn Weiss is class sponsor and will accompany the group.

Ward, Beverley Witham, Burdell Blackburn, Robert Boggs, Phil Carney, William Clark, Jon Cullum, Clarence Dickey, Larry Linn, Wayne Romine, Donald Rush, Franklin Scott, Jack Smalley, Jerry Tinkey, Larry Yelter.

MRS. MINTA M. FISHER

Mrs. Minta M. (Bonnie) Fisher, 78, was found dead at 5 p.m., Friday at her home in Mentone. Dr. O. H. Richer, county coroner, gave the time of death at approximately 4 a.m.

Born near Palestine, Feb. 11, 1876, the daughter of William and Nellie (Stickler) Shirey, Mrs. Fisher had spent most of her lifetime in the Mentone and Palestine communities. Her first husband, James Cheviron, died in 1940 and in 1945 she married William Fisher who passed away in 1948.

Survivors include one sister, Mrs. Floyd (Ruth) Blackwell, of near Palestine, and two nieces, Miss Josephine Blackwell, of near Palestine, and Mrs. Iris Overmyer, of Laketon.

Funeral services were held at 2 p.m. Sunday at the Reed funeral home in Mentone with Rev. Daniel Slaybaugh, Akron, officiating. Burial was in the Mentone cemetery.

LEAD BEAVER DAM SENIORS

Doyle Swanson, Beaver Dam principal, has announced the valedictorian and salutatorian of this year's graduating class. Elener R. Norris, daughter of Mr. and Mrs. Leroy Norris, had a grade point average of 4.0 to place first. Second place in the class went to Shirley Igo, daughter of Mr. and Mrs. Ernest Igo, with a 3.77 average. The averages were figured from semester averages throughout the four years of high school.

Elener held the office of secretary-treasurer her first two years of high school and was treasurer and secretary, respectively, her junior and senior years. Shirley is senior class president and was secretary her junior year. She is the accompanist for the school chorus. Both girls have taken part in many extra-curricular activities.

Beaver Dam Baccalaureate service will be held Sunday, May 16, at 2:00 D. S. T. in the gym. Rev. Harold Conrad, of Akron, will bring the message.

Commencement exercises will be held Wednesday, May 19, at 8:00 D. S. T. Mr. C. Emmet Eller, Assistant State Superintendent of Public Instruction will be the speaker.

The thirteen members of the class include the following: Mary K. Drudge; Shirley A. Igo, president; Eva M. Maggart; Barbara L. McDaniel; Elener R. Norris, secretary; Dora F. Oliver; Sally E. Shively, treasurer; Donald L. Adams; Russell L. Golden; Maurice R. Haney; Wayne D. Smalley, vice president; Larry K. Tucker; L. Stanley Ummel.

MRS. BESSIE KINDIG

Last rites for Mrs. Bessie Kindig, 69, formerly of Akron were held at 1:30 p.m. Sunday at the Moyer-Haupt funeral home. Burial was in the Mt. Hope Cemetery at Athens.

Mrs. Kindig died in an Akron nursing home after a long illness. She had made her home with a daughter, Mrs. Raymond Fenstermacher of Hammond for the past 17 years. Ten weeks ago she was removed to the Akron nursing home.

ALUMNI BANQUET**TICKETS AVAILABLE**

The Alumni Committee wishes to announce that you may still make reservations to the Banquet Saturday, May 15 at 7:30 D. S. T.

NIGHT DRIVING IS THE MOST DANGEROUS

Someone has called driving in today's crowded conditions a series of avoided accidents. The Chicago Motor Club warns motorists it's much harder to avoid an accident when the sun goes down. And mile-for-mile, records show there's about three times more danger in driving at night than during the day.

One of the most common driving errors resulting in night-time crashes is "over-driving" the headlights. That means driving so fast as to be unable to stop within the effectively lighted zone ahead. Oftentimes a pedestrian places too great reliance on a driver's ability to see and avoid him.

Another night problem of the motorist is inability to see objects ahead when bright lights are shining in his eyes. Called "glare resistance," this factor varies greatly with individuals. Among drivers generally, ability to see satisfactorily in the face of glare begins to decline at the age of 30. It starts to drop off sharply at about 50 years and reaches a very low point for persons 70 years or over.

The speed of recovery from glare also goes rapidly downward with advancing years. The "blind" period you must travel after getting a full dose of undimmed headlights is a lot longer for the past-fifty folks than it is for their children.

Too many drivers go at nearly the same speed at night as they drive during the day. They fail to realize that at sixty miles per hour, it takes the average car about 340 feet to come to a stop. That's roughly the distance between the goal-lines on a football field. At thirty miles per hour, you can probably come to a stop within 100 feet, but on a poorly-lighted street, chances are you won't see a pedestrian in dark clothes until you are closer than that.

The Uniform Vehicle Code as well as the laws of a number of states specify lower speeds for night driving. Such laws, if strictly enforced, should help lower the night accident rate.

Keeping headlights and windshields thoroughly clean are very important for safe night driving. Even a thin traffic film or relatively little dirt can seriously reduce your ability to see. Proper maintenance of headlights, tail-lights and turn signal lights also will do much for safety at night.

POULTRYMEN TO HOLD OPEN MEETING MAY 13

This Thursday, May 13, will be the day of the last and most important meeting of the season for the Kosciusko County Poultry Association. The dinner meeting, which will be open to anyone interested in attending, will be held at 6:30 P.M. DST in the Es-

kimo Inn.

Mr. Fred Buzen, Director of Merchandising, of the Poultry and Egg National Board, will discuss methods of retail merchandising poultry and eggs. Members of the Association have invited many of the Kosciusko County area grocerymen. Any grocerymen is welcome to attend as a guest.

Mr. Buzen has held hundreds of classes for retailers on various phases of displaying and preparing poultry

and poultry products. He is flying in from South Dakota for this meeting.

Mothers Day guests at the Max Smith home were Mr. and Mrs. Ora Tucker; Lilly Tucker and Mr. A. Eckleberry, both of Fort Wayne; Mr. and Mrs. Charles Cooper, of Tippecanoe; Mr. and Mrs. Robert Smith and daughter Sara Jo. Afternoon callers were Mr. and Mrs. Albert Tucker and family and Mrs. Edna Jones, of Palestine.

Smidley Hog Houses

THESE houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulite insulation in roofs may be had as extras.

FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? There's no prize to the first to tell us whose farm it is, but it is interesting to know who will be first in reporting the information to this newspaper.

Call, phone or write us if you believe you know the farm.

We just had one reply on our farm picture printed last week. Mrs. Willis Creakbaum of R. R. 2, Bourbon, wrote us a post card stating it was the Paul Koontz farm, on road 10, just west of the Summit Chapel church. Is she correct, or did you recognize it as another?

4-H CLUB CHATTER

By Ruth Snellenberger

Dear 4-H members and friends,

I get real thrilled watching little girls give demonstrations! Don't some of you? Sometimes they're hardly big enough to hold a mixing bowl up so the other club members can see the batter! Or maybe the lid on a jar containing the milk needed is too tight and a junior-leader has to untighten it for the little girl demonstrating.

Since demonstrations are a teaching process there is a challenge to demonstrators to be sure to use proper e-

quipment and approved practices, as well as to give correct information. For example, to measure one-fourth cup of sugar, sifted flour, or other dry ingredients, a one-fourth cup measuring cup should be used. To try to measure this amount accurately in a full cup measuring cup would be difficult, particularly so with sifted flour. Another example of an approved practice that might be shown in a demonstration would be to use a cutting board when dicing vegetables. To help younger 4-H members, Junior Leaders should discuss with them what and how they plan to demonstrate or "show how" to do.

Several people have asked me recently where to get ideas for different things to demonstrate. One source to which I have referred them is current magazines.

Before I suggest any topics, I'd like to tell about the organization of a demonstration to be prepared for either the county 4-H junior contest on June 29, or the county senior contest, on June 22. In the introduction, the demonstrator should tell what she is going to show, why she selected to do this to try to arouse interest in the audience and what her experience with the demonstration subject has been. In the body of the demonstration, she should show what she plans to show how to do, explaining and showing any equipment that might be unfamiliar, tell of the main steps as she does them, and illustrate with charts needed information so the audience will under-

stand better. In the summary, the demonstrator summarizes with two or three important points which she wants the audience to remember that she has told them.

Will you think back over the organization again? Actually, three things are done: first, tell what you plan to show; second tell what you're showing as you do it; and third, tell what you showed.

Now more about what to demonstrate. Keeping in mind that a demonstration should be simple including one main idea, I would suggest sandwich-filling varieties; uses of ground beef for luncheon dishes; open-faced sandwiches for snack treats (using the broiler); fruit tart varieties (in current magazine); trimming with buttons and bows; interesting belts; varieties of molded cookies from a basic cookie recipe; pudding preparations from a master pudding home mix; casserole one-dish meals; slice-and-serve cookies; mix and match costumes; angel food cake variations; coconut treats; freezing complete meals; packing vegetables for the freezer; outdoor cooking treats; recreation for the family; correct sitting and standing; proper equipment for easy storage of garments and accessories; proper types and correct location of lamps for reading and writing; and so on and on.

Any other help with demonstrations you'd like?

'Bye now.

PALESTINE BUSY BEES

The Palestine Busy Bees met at the home of Mrs. Albert Tucker for the May meeting with Mrs. Alan Valentine assisting.

Mrs. Dale Sinclair opened the meeting then Mrs. Kenneth Boggs and Mrs. Jerome Kralis gave the lesson on personal grooming.

Sixteen members answered roll call with a favorite Bible verse.

A skit was given on program planning by several of the members and then there were many suggestions given as to what we would like to have for our programs next year.

After the auction, delicious refreshments were served by the hostess and her assistant.

The June meeting will be at the home of Mrs. Kenneth Boggs on June 1.

ther, Miner Mollenhour, which was held Friday afternoon.

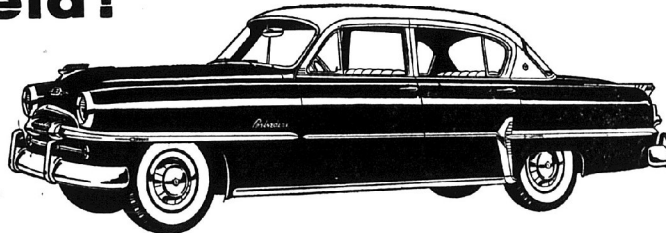

Mr. and Mrs. Ray Casterline of Lafayette, spent the week end here at their home.

part-by-part proof...

Plymouth

is your "best buy"

in the lowest-price field!

Recently a 1954 Plymouth and current models of the other two best-known low-price cars were taken apart by Plymouth engineers and compared, part by part. Standard "stock" models were used. We've listed some typical findings below.

Plymouth is "best buy" in many ways. Here are just a few!

Front Wheel Brakes

Plymouth engineers provide two hydraulic brake cylinders in each front wheel to ensure smooth stops without "grabbing." The other two low-price cars have only one.

Seat Springs

Plymouth uses coil seat springs, for longer lasting support. The "other two" have a zigzag platform type. Also, Plymouth's "springs-on-springs" design adds more comfort.

Piston Rings

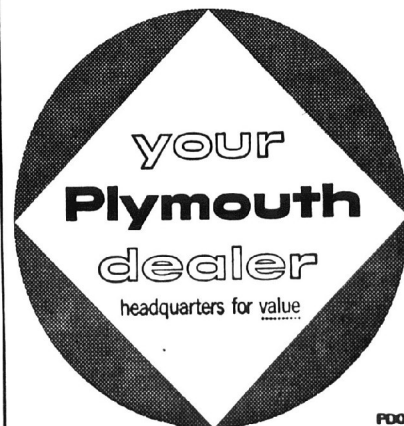

Plymouth has four rings on each piston; the "other two" have three. Result: decreased carbon deposit, more consistent power output. Increased oil economy, too!

Micronic Oil Filter

Standard on most Plymouth models. Keeps abrasive dirt out of the engine, reducing wear and achieving greater oil economy. Extra cost on the other two low-price cars.

And dozens of other part-by-part comparisons prove Plymouth is your "best buy"! See us today... and get the facts!

Ask us for the big illustrated booklet that shows how Plymouth leads in frame construction... engine design... performance... economy... comfort... safety.

**POPPY DAY MAY 22
BUY WEAR A POPPY**

Why Do We Have a Poppy Day?
We wear the poppy once a year to express the feeling of reverence that is always in our hearts for the men who

died for America in the World Wars. The poppy you wear is made by disabled veterans in hospitals and poppy workrooms. It is made of crepe paper because this material is easily shaped by weak or crippled hands.

Making the poppies gives employment to hundreds of disabled men who otherwise would be unable to earn anything toward the support of themselves or their families. Their children and

other needy children of veterans also benefit when you purchase a poppy.

TO KEEP THE FAITH

By Moina Michael

Oh, you who sleep in Flanders' fields
Sleep sweet—to rise anew.
We caught the torch you threw
And holding high, we keep the Faith
With all who died.

We cherished, too, the poppy red
That grow on fields where valor led;
It seems to signal to the skies
That blood of heroes never dies,
But lends a luster to the red
Of the flowers that bloom above the dead
In Flanders fields!

And now the torch and poppy red
We wear in honor of our dead.
Fear not that ye have died for naught;
We've learned the lesson that ye taught
In Flanders' fields

**RURAL MAIL BOX
IMPROVEMENT WEEK**

The Post Office Department has designated the week beginning May 17, 1954, as Rural Mail Box Improvement Week. Rural mail boxes which are not properly erected or in good serviceable condition retard the delivery of mail and expose it to damage from weather.

The Post Office Department desires to encourage patrons of the rural delivery service to provide suitable mail

receptacles and to erect them so they will be readily accessible to the carrier and present a neat appearance. It is especially desirable that the boxes be maintained in a condition that will assure proper protection to mail placed therein, that the names of box owners be inscribed on the side of the boxes visible to the carrier as he approaches them, and that the boxes and their supports be kept painted. Patrons who have unapproved boxes of top-opening, revolving door or other type are not required to discard them provided the boxes have been in use by the present owners for several years and are maintained in good, serviceable condition. Any boxes not of the present standard type which are of such design that they cannot be properly served by the car-

ENTERTAINS JOLLY JANES

The Jolly Janes home demonstration association met Monday night, May 10 at the home of Mrs. George Mollenhour of Palestine, Mrs. Rex Tucker acting as co-hostess.

The meeting was opened by the vice president, Mrs. Albert Hatfield. "America the Beautiful" was sung. The pledge to the flag was given and the club creed repeated in unison. "Pack up Your Troubles in Your Old Kit Bag" was the song of the month.

Mrs. Rex Tucker passed out leaflets on cancer for health remarks.

The lesson on "Into the Freezer and Out" was given by Mrs. James Goshert and Mrs. Kenneth Romine. During the lesson a meat-vegetable casserole dish was made. Also some spinach was blanched, packaged and made ready for the freezer.

Response to roll call was "A Favorite Bible Verse."

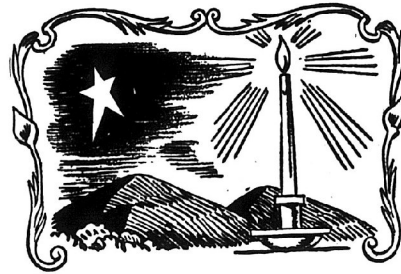

During the business meeting, the president, Mrs. Harold Markley presided. This year the club trip will be on June 17. They will spend the day at the Summer Agricultural Conference at Purdue. All those who plan to go may notify Mrs. Del Nelson. The meeting was closed by singing the club prayer song and repeating the club collect.

Mrs. Abe Hoogenboom won the door prize. The next meeting will be Guest Night, on June 14. Mrs. Walter Kent will be hostess.

TWENTY-FIFTH YEAR**FOR HOOSIER LAMB SHOW**

Indiana's youthful sheepmen will have a chance to prove their superior ability as lamb feeders at the twenty-fifth annual Hoosier 4-H and FFA Market Lamb Show and Sale, June 17, at the Indianapolis Union Stock Yards.

This oldest of all market lamb shows

is sponsored by the Purdue University Agricultural Extension Service, vocational division of state board of education, Belt Railroad and Stock Yards Company, Indianapolis Livestock Exchange, Producers Marketing Association, and three Indianapolis meat packers.

Any boy or girl between 10 and 20 years of age who has raised and fed

lambs for market is eligible to show. Since the event is designed to foster quality improvement of market lambs, each contestant must present a record book giving the costs of production and a complete account of management practices for his flock.

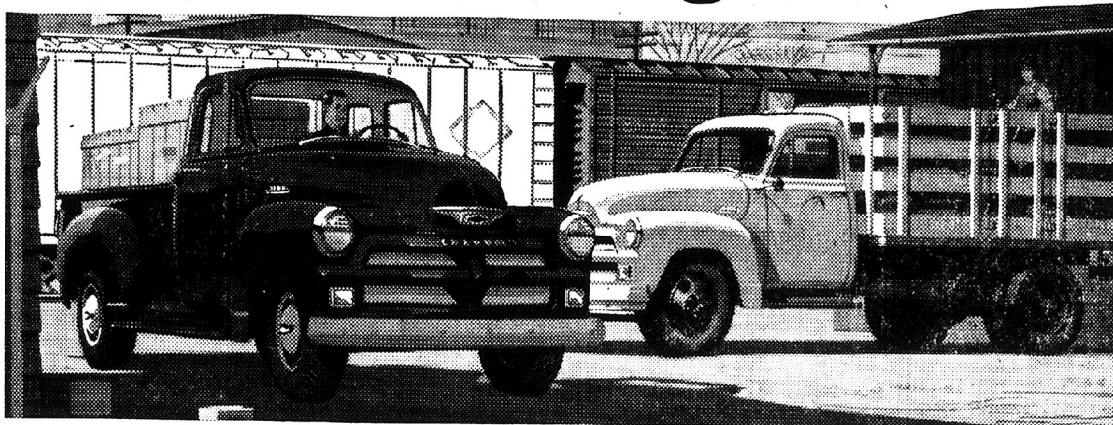

Lambs will be exhibited in pens of three, five and ten and as single lambs for grand championship honors.

The latter are chosen from entries in the pen classes. Only lambs which show in the morning can sell at the afternoon auction and only for slaughter.

Entries are being handled through county extension offices and are due in the state 4-H club office at Purdue by June 1.

ADVERTISE — IT PAYS!

New driver comfort! New driving ease!

New Chevrolet Trucks...

do more work per day . . . more work per dollar!

You save time in traffic. New truck Hydra-Matic transmission gets you off to smooth, time-saving starts without shifting or clutching. Imagine how easy this makes driving in traffic and on delivery routes! It's optional at extra cost on $\frac{1}{2}$ -, $\frac{3}{4}$ - and 1-ton models.

You save time on the highway. New high-compression power gets you up to highway speeds from a standing start in less time, and saves you time on hills, too. You make trips faster—and the new Comfortmaster cab makes them seem shorter. It's got everything!

You save extra trips, too. That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper . . . new stake and platform bodies are wider and longer. Also, they're set lower to the ground for easier loading.

You save on operating costs. High-compression power saves you money! The "Thrifmaster 235" engine,

the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower *plus* increased operating economy.

You save with lower upkeep. New Chevrolet trucks are built stronger to last longer and save you money on maintenance. There are heavier axle shafts in two-ton models . . . bigger clutches in light- and heavy-duty models . . . stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally high trade-in value.

Come in and see how much you're ahead with America's number one truck. You'll like the way we're talking business!

McGOWEN - BOLLMAN

In a 6:30 p.m. candlelight ceremony Saturday in the Plymouth Evangelical United Brethren Church Miss Violet M. Bollman, daughter of Mr. and Mrs. Lavergne Bollman, of Rt. 3, Plymouth, became the bride of Dale McGowen, son of Bert McGowen, of Etna Green, Ind. Rev. Lee Erny performed the double ring ceremony before an altar decorated with palms and baskets of white lavender lilacs and pink snapdragons. Mrs. N. B. Merriman furnished organ music and accompanied Mrs. Floyd Johnson in a vocal solo.

Mrs. Elson Ottow of Donaldson, Ind., was her sister's matron of honor with Misses Mary Wojcik and Norma Kerns, both of Plymouth, as bridesmaids. Miss Patricia Lackowski, of East Chicago, Ind., niece of the bride, was flower girl and Jerald Bollman, Plymouth, the bride's nephew, was ring bearer. Donald McGowen, brother of the bridegroom, was best man and ushers were Jack Fawley, of Mentone and Robert Sidler of Etna Green.

Given in marriage by her father, the bride wore a full length gown of imported Swiss net lace over satin. Her finger-tip length veil of net and matching lace was held in place by a Victorian cap which was embroidered with seed pearls. She carried a cascade bouquet of white lilacs and ivy centered with tiny pink tea roses. The bride's attendants wore ballerina length sleeveless dresses of lace and net over taffeta with matching head-pieces. The matron of honor wore a pink dress and carried a garden basket of white lilacs and pastel daisies. The bridesmaids' dresses were of lavender and yellow and their flowers were lavender lilacs and pastel daisies. The flower girl wore a blue Swiss organdy and net dress and carried a basket of flowers.

Two hundred guests attended the reception held in the church parlors. After returning from a trip to Niagara Fall, N. Y., and Canada, the couple will live in Etna Green. Mrs. McGowen was graduated from West High School, Plymouth, and Mr. McGowen from Mentone High School.

Over 125 Attend Athletic Banquet

On Tuesday evening in the cafeteria over 125 parents and patrons of the school honored the athletes of Mentone High School. A roast beef dinner was prepared and served by Mrs. Teel, Mrs. Christner, and Mrs. Hatfield. The Keynotes furnished music. The main event of the evening was a speech by Bill Milliner, Elkhart basketball coach. Mr. Milliner spoke on "Basketball by a Hasbeen." Gabby Garber served as the master of ceremonies. Abe Hoogenboom presented the baseball, basketball, and track awards. The outstanding player trophy went to Bob Boggs, with Jon Cullum winning the sportsmanship and free throw trophies. Jerry Tinkey was awarded a trophy for four years participation in track.

Music Department Presents Fine Program

Last Friday evening the high school band and choruses under the direction of Mr. Willard Snapp presented a superior program. The band presented a varied program with a special number by the clarinet quartet. The boys chorus sang three numbers and the girls chorus presented five. A free will offering was collected. The total collected amounted to \$98.51. This money will be used to buy music and pay other expenses of the department.

Mentone Track Team Loses to Larwill

On Monday evening at Syracuse Mentone lost a close meet to Larwill by a score of 55½ to 53½. Jullerat was outstanding for Larwill scoring 26 points. Tinkey did well for Mentone. Wednesday evening Mentone has a meet with Bourbon and West High schools at Bourbon. Thursday evening the freshmen and sophomores will compete with Pierceton and Syracuse at Syracuse.

Senior Class Day on Friday

Friday afternoon in the study hall the Class of 1954 will present the annual class day program. Phil Carney will serve as Master of Ceremonies.

Senior exams will be Thursday and Friday of this week.

Pupils Looking Forward to Last Day of School.

The pupils are watching patiently for next Tuesday afternoon when the 1953-54 school year will draw to a close. The teachers will spend Wednesday and Thursday grading exam papers, making attendance reports and completing report cards. Report cards will be mailed Thursday afternoon.

SPRING CONCERT NOTES

A large group of parents and friends were on hand last Friday in the gym to hear and enjoy the Spring Concert given by the music department of the Mentone High school.

The stage was lovely with its border of tulips in a real-life setting of garden rocks and fencing. With the lighting effects and stage decorations of midnight blue and silver, one could imagine a real outdoor setting of open skies and twinkling stars.

There was variety to suit the taste of all in both the band and choral numbers. Great improvement in both fields was evident, and Mr. and Mrs. Snapp are to be complimented on their fine work. We feel, too, that Jalaine Smythe should receive special mention for her fine accompanying on the piano.

METHODIST CHURCH NEWS

Rev. and Mrs. Gosser and Mark attended the District Conference held in the Ligonier Methodist Church on Tuesday, May 11. Rev. Gosser sang in the Ministers' Quartet along with Rev. Willard Doyle of Albion, Rev. Jack Aebersold of Pierceton, and Rev. Ray Echols of Kendalville. Rev. Nobel Greene of Syracuse substituted for Rev.

Echols in the afternoon.

Dr. Joseph Edwards addressed the Conference on "The Spiritual Life Mission" which will be a part of this coming year's program. The Warsaw District will be host to the preachers of the Crawfordville District the week of October 17. During the week of November 7 the Warsaw District Methodist ministers will be guest speakers in the Greencastle District churches. A similar arrangement for the remaining Districts of the Indiana Area is also proposed. Additional information on this program will be presented following Annual Conference.

Bishop J. Waskom Pickett addressed the Conference in the afternoon on the subject of "Methodism in India." It was through Bishop Pickett's efforts and influence that the large shipments of wheat were sent to India to offset the terrible famine which claimed 5,000,000 lives and even now is being felt through the epidemic of tuberculosis. His comments on American Christian influence and the political situation were very much to the point and timely.

On Thursday, May 20, the women, girls, and guests of the WSCS will meet for their Annual Mothers-Daughters Banquet or potluck supper. Each mother or daughter is asked to bring table service for self and guest. The hour is six-thirty.

Mrs. Chet Creighbaum was dismissed from the Woodlawn hospital in Rochester Sunday.

Mr. and Mrs. Joe Miller, Mr. and Mrs. Jack Miller and Mr. and Mrs. Jim Miller were supper guests of Mr. and Mrs. Ted Koch of near Talma, Saturday evening.

DIES IN MONTANA

Word has been received here of the death of Dellman Bybee, 67, which occurred May 10 at his home in Fort Benton, Montana. Death was caused by a heart attack.

Mr. Bybee was born in Newcastle township, Fulton county, June 13, 1886. When a young man he homesteaded in Montana and later engaged in farming and the farm equipment business in Fort Benton.

Survivors are his wife, at home; one step-daughter, Lillian MacDonald, Edmonton, Canada, and other relatives. Final rites were held in Fort Benton.

ALUMNI BANQUET HELD

The seniors of 1954 were guests to the alumni of Mentone high school at the alumni banquet held Saturday evening, May 15th. A delicious meal of ham, escalloped potatoes, rolls, beans and all the trimmings was served with knives as the only eating utensils for the Class of 1954. All were good sports and proceeded to eat with the knives and their fingers, until the hosts gave them forks and spoons.

The candidates for officers for the coming year were named and voted upon.

The toastmaster recalled some past school experiences of both humorous and serious events. The seniors were introduced and were accepted as alumni of the Mentone high school.

Short talks were given by Andy Goshert and Hardy Songer on their championship teams while at Mentone.

The meeting was dismissed and the Class of '54 hurriedly departed from the spot, fearing initiation of some sort.

**P. T. A. OPEN HOUSE
IS WELL ATTENDED**

The Junior Band, under the direction of Mr. Snapp, opened the May meeting of the P. T. A. held in the new gym last Wednesday evening. The junior band members are beginners on the various band instruments. The numbers played were simple, but well executed. It is through this beginners group that the essentials of band form and procedure are learned, making the promotion to the school band a natural and easy step, based on the student's ability and progress on his instrument.

Following the business session, officers for the coming year were installed. They are: Mrs. Robert Hoover, president; Charles Manwaring, first vice president; Mrs. Herman Olsen, second vice president; Mrs. Charles Eaton, treasurer; Mrs. Iris Anderson, secretary, and Mrs. Wayne Nellans, assistant secretary.

The open house proved very interesting to the patrons and friends. The various classrooms were visited, and, following a set time schedule, the teachers and pupils gave a brief demonstration in a particular subject.

At the social hour in the cafeteria, the following were the hostesses: Mrs. Albert Hatfield, Mrs. Clayton Holloway, Mrs. Ralph Mollenhour, Mrs. Harold Markley, Mrs. Ina Davis, Mrs. Albert Henderson, Mrs. Dan Urschel, Mrs. David Gosser, Mrs. Dearyl Tucker, Mrs. Viola Adams, Mrs. Delford Nelson, Mrs. Robert Hoover, Mrs. Walter Kent, Mrs. Hershel Teel and Mrs. Robert Reed.

LEGION FISH FRY SATURDAY

The Mentone American Legion is sponsoring a fish fry at the Mentone gym on Saturday evening, May 22, starting at five o'clock.

CHARLES URSCHER HONORED

Charles Urschel, freshman at Carleton College, Northfield, Minn., was among the students named for academic honors Thursday at the annual Honors Convocation in Skinner Memorial Chapel.

Honored because of his rank in the upper ten percent of the freshman class, Charles is also a member of the debate team. He is the son of Dr. and Mrs. Dan Urschel, Mentone.

MEMORIAL DAY PROGRAM

Officials of the Mentone American Legion have announced their program for the Memorial Day services to be held at 2:00 p. m. May 30th. It is to be as follows:

Meet at Legion Home at 1:15 p. m. Forming of Parade. Legion members, Auxiliary members, War Mothers, Boy Scouts, Girls Scouts and children are invited to take part in the parade. Memorial program at cemetery at 2:00 p. m.

Memorial address, Rev. Chester Doden.

Roll call of deceased soldiers, Earl Shinn.

Placing of wreath, Mothers of World War II.

Benediction, Leslie Grant.

Salute to the Colors.

WHETSTONE

Mr. and Mrs. James Whetstone are the parents of a six pound 14½ ounce son born at the Woodlawn hospital on May 13. The new boy has been named John Bradley.

NEW YEARBOOKS COMPLETED

On Tuesday members of the Yearbook staff distributed the 1954 Bulldog, the Mentone School Annual which was first published four years ago. Prior to that time Mentone had published but one yearbook, in 1938. Many observers believe the 1954 Yearbook to be the best yet with its four extra pages and abundance of photographs. In spite of careful proofreading, mistakes seem to occur. This year has been no exception. The caption above the picture of Aelo Friesner and the new trophy cases should read "Designed" rather than "Donated". It is true that the Mentone Lumber Company contributed toward the new cases, but wished no mention of the fact. The Class of 1950 contributed \$32.00 toward the cases. The balance will be paid from athletic funds. In another mix-up Mr. Ed Severns contributed \$10.00 to sponsor the 4-H or F.F.A. pages. Unfortunately the 1954 Yearbook did not include material or pictures on these organizations.

Demand for the 1954 Bulldog has been heavier than usual and only a few extra copies remain. Those wishing to purchase these may pick them up at the Country Print Shop.

**JACK FAWLEY MARRIED
AT ROCHESTER SATURDAY**

In a double ring ceremony performed in the Rochester Christian Church, Saturday afternoon at four o'clock, Miss Betty Waltz, daughter of Mr. and Mrs. John Waltz of near Richland Center, became the bride of Jack Fawley, son of Mr. and Mrs. Milo Fawley of Mentone. Rev. Kimsey, pastor of the church, performed the ceremony. Jack is a graduate of the Mentone high school and the bride from the Richland Center high school.

After a brief trip to Holland, Michigan, the couple are at home at 517½ East 14th Street, in Rochester.

DISPATCHER FOR MID-WEST

Raymond Bare, who has been a driver for Mid-West Truck Lines for several years, has been transferred to the South Bend office where he is now dispatcher for this area.

Mr. Bare has been contemplating this change for some time, as he has found the truck-driving routine very nerve wracking, as any other driver will say, also.

PUBLISHES "HOW TO JUDGE
A HOG" BOOKLET

A 32-page free illustrated booklet entitled "How to Judge a Hog," written by Leonard W. Beadle, senior winner of the 1953 Pfizer National Hog Judging Contest, is now available.

Copies of the booklet may be obtained by writing to Chas. Pfizer and Co., Inc., 630 Flushing Ave., Brooklyn, N. Y., and from vocational agricultural teachers. The hog-judging contest, with a total of \$20,000 in prizes, is conducted annually to encourage scientific feeding and raising of swine.

Mr. Beadle, who is a Vo-Ag teacher at Clinton, (Wisc.), High School, describes in detail the judging technique which helped him win the 1953 \$5000 cash first prize. Illustrations are provided for greater clarity. Included is also a foreword, "The Preferred Hog," by Professor Arthur L. Anderson of

Iowa State Teachers College.

Entry blanks for the 1954 contest, to be held in Chicago at the time of the International Livestock Exposition, are available at feed dealers. Twenty-four finalists, chosen for their skill in judging pictures of market hogs, will be awarded cash prizes and all-expense trips to Chicago for the finals. TALMA ROD AND GUN
CLUB WILL MEET MAY 21

The members of the Talma Rod and Gun club will hold their regular meeting at the old Talma high school gym on Friday evening, May 21, at 7:30 p.m. Ray Reker, Conservation Officer of Leiters Ford, will show pictures and also will tell of his duties as a conservation officer.

There will also be a business meeting about the new playground the local club is going to sponsor. Mr. Biddinger will be in charge. All members are asked to come to this meeting as it will be the last meeting until fall.

Refreshments will be served after the meeting. There also will be an election for a vice president.

THIRTY SENIORS RECEIVE DIPLOMAS

At the sixty-first annual commencement exercises held Tuesday evening in the school gymnasium, Mrs. Opal Tucker awarded diplomas to thirty seniors of the Class of 1954.

The seniors entered the auditorium in an impressive candlelight ceremony which was started at Mentone three years ago by Mr. Kent. The thirty-two members of the junior class participated. Following the invocation given by Rev. Albert Rider of the Cook's Chapel Methodist Church, the school band played two selections. Mary Van De Water, salutatorian, gave the welcome. The main address of the evening was delivered by Byron C. Kennedy, Judge of the Wabash Circuit

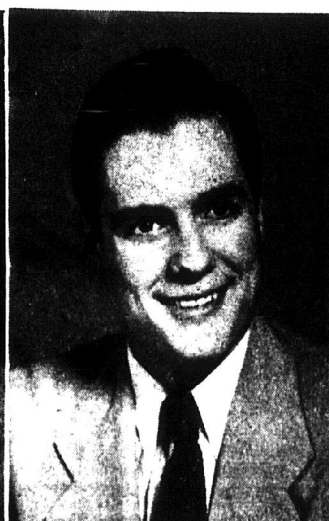

Court. Mr. Elwyn Weiss, class sponsor, presented the awards. Jon Cullum and Mary Van De Water were given awards as valedictorian and salutatorian by the Psi Iota Xi Sorority. Mrs. Ralph Ward in presenting the awards stated that the awards had been made annually for the past 20 years. Mrs. Dora Whetstone presented the attendance award to Wayne Romine, son of Mr. and Mrs. Marvin Romine. Wayne missed only 1½ days of school in four years for an outstanding record. Jon Cullum was awarded the Merit trophy presented by Brown's Jewelry Store. Selection is made by a vote of the juniors and seniors based upon leadership, scholarship and citizenship. Dixie Cook and Franklin Scott were awarded 17 jewel Bulova wrist watches by Baker's Jewelry Store. This selection was also made by a vote of the juniors and seniors. Two books 'I Dare You' were presented to Jon Cullum and Jacqueline Stidham. This award was provided by the Danforth Foundation of St. Louis. Martha Nelson and Cheryl Horn representing the third grade were called to the stage to receive a prize of ten dollars for having the most fathers visit school this year. Mrs. Bundy Keever teaches the third grade at Mentone. Following the presentation of awards, Jon Cullum gave the valedictory speech. In her remarks before presenting the diplomas, Mrs. Tucker complimented the class on their achievements and stated that she hoped they would always be proud to be graduates of the Mentone School. Following the commencement program, a reception in honor of the graduates was held in the school cafeteria. Over 90 parents and friends of the graduates attended the reception. It is estimated that over 600 people attended the Commencement Exercises this year, the first to be held in the new gymnasium.

Smidley Hog Houses

THESE houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulite insulation in roofs may be had as extras.

FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

MENTONE HOME DEMONSTRATION CLUB MEETS

The Mentone Home Demonstration club met at the home of Mrs. Agnes Rans in Mentone. The vice president,

Mrs. Elmer Sarber, opened the meeting and Mrs. Claude Gates, co-hostess, read a poem for meditation.

The history of the song of the month was given and the song was sung.

The safety report was given by Mrs. Harry Sullivan who also presented the lesson which was on "Personal Grooming," emphasizing mostly the hair dress. The Purdue summer conference was discussed and planned for.

Roll call was answered by 15 members: a guest and a little girl were also present.

The meeting place for the June meeting will be at the home of Mrs. John Laird, instead of Mrs. Sherman Bybee.

An auction was held with the articles being purchased by Mrs. Harry Vernet, Mrs. Leroy Cox, Mrs. Laird, Mrs. Smith and Mrs. Masa Nelson.

Gifts were presented to Mrs. Opal Tucker, Mrs. Harry Sullivan and Mrs. Raymond Weirick.

Mrs. M. O. Smith of Mentone was a guest.

NOTICE

Bids will be accepted on the property of Mrs. B. Pearl Meredith, from Thursday evening, May 20 until Saturday noon, May 22, endeavoring to close the sale by that time.

Zelma Summe, Executrix.

INDIANA ENDS GREATEST YEAR FOR BUSINESS

Indiana business and industry had their greatest year in 1953, it is reported in an article prepared for the American Peoples Encyclopedia Yearbook, soon to be published.

More than 600,000 citizens worked in the state's 8,000 factories, turning out well over 4 billion dollars worth of goods, the yearbook article says. Transportation equipment is named as the state's most important industrial product, and primary metals are next.

The article also reports that coal mines located mainly in the southwestern corner of Indiana produced twenty million tons of coal and employed 9,000 miners in 1953. It says, too, that limestone quarries in the south central area of the state produced more than eighty per cent of the nation's building limestone for the year.

Hoosier farmers were hard hit by the dry, hot summer, and declining prices, yearbook readers will learn. Crop values declined seven million dollars from 1952. Corn was by far the state's most valuable crop, worth 350 million dollars, the article says.

The most important livestock raised in the year, according to the yearbook report, were hogs and beef cattle.

The only major strike in Indiana last year, according to the article, was by the Communication Workers of America (CIO) against Indiana Bell Telephone Company. It lasted from July 22 to September 19 and was marked by violence in many communities.

WITH AN
ELECTRIC
FARM & HOME
FREEZER

To take full advantage of the convenience and economy of frozen foods, you must have your own individual Electric Food Freezer.

You can get one in a size to fit your needs exactly, whether for farm or city home.

Enjoy Convenience and Economy with

an Electric Farm and Home Freezer!

Better Quality

Buy the best of everything when available. Stock up on all kinds of commercial frozen foods when plentiful and prices low. Buy fresh foods at their peak of goodness, right when they're in season, freeze and store with all their quality and flavor locked in.

Save Time and Money

Shop once a week, or even every two weeks. Buy foods at quantity prices and *really* save. Fruits by the bushel, berries by the crate, vegetables by the hamper, ice cream by the gallon, a week's or month's supply of meat at one time.

Avoid Waste

Cook large, economical quantities of roasts, stews, beans, gravies, sauces, and freeze until needed. Have "planned-overs" instead of leftovers.

Freeze instead of Can

It's easier to freeze foods—and you enjoy fresh, peak-of-goodness flavor. You can easily prepare and freeze the fruits and vegetables you raise in your own garden, and save a lot of time and money, too!

Frozen Pantry

Imagine having all the food you need in the house at all times—from snack to complete meal! No concern then, about unexpected guests. You can even prepare quantities of pies, cakes or biscuits days ahead, freeze them ready to pop into the oven—or bake first, then freeze.

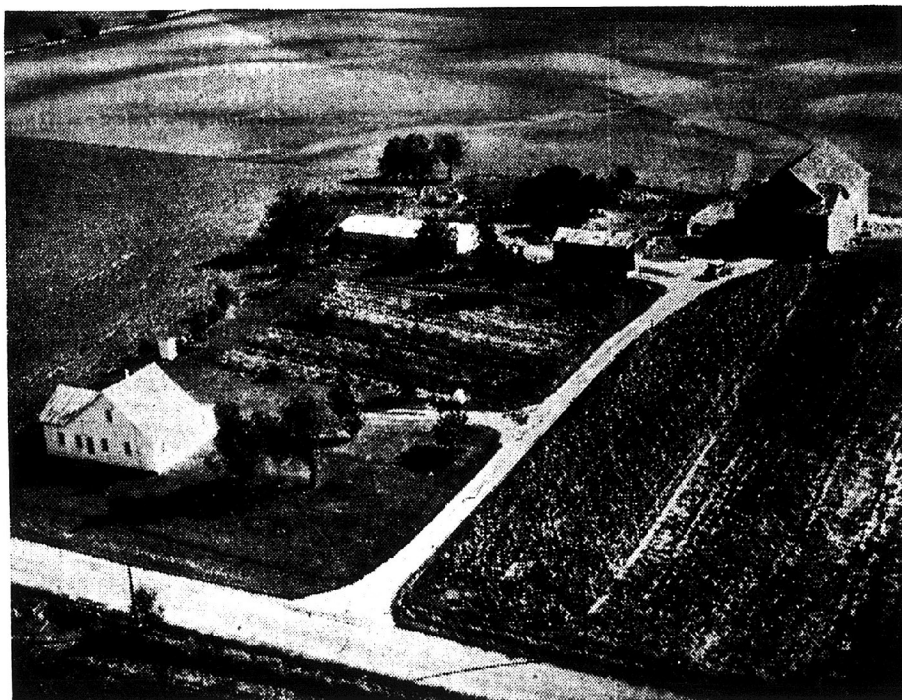

No "Seasons"

With your own Electric Food Freezer you can enjoy strawberries at Christmas, or oysters in August. No need to depend upon "fresh" fruits or vegetables shipped long distances at premium prices. You are really the master of your menus!

NORTHERN INDIANA *Public Service* COMPANY

DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? There's no prize to the first to tell us whose farm it is, but it is interesting to know who will be first in reporting the information to this newspaper.

Call, phone or write us if you believe you know the farm.

Mrs. Arnold Flory looked over the picture printed in our last issue and remarked that those buildings shown in the foreground were across the road—and then suddenly realized it was their farm that was shown. The 90 acre farm is located one and one-half miles northeast of Tippecanoe, and is owned by the father Frank Flory, who is in Florida. Mr. Flory purchased the farm during World War I when there were no fences, ditches, etc. on it.

The son, Arnold, works in the foundry at Bremen in addition to helping with the farm work. They raise 200 or more hogs each year, 700 chickens and do general farming. This spring their 31 ewes produced 47 lambs.

Mr. and Mrs. Arnold Flory have seven children: Anita Crawford of Niles, Michigan; Audrey, 16; Rose, 14; Lewis, 12; Douglas, 9; Jerry, 7, and Doyle, 5, all at home. Jerry has been ill the past nine weeks with Bright's disease.

Those who identified the farm correctly in addition to Mrs. Flory were Howard Severns, Clayton Holloway,

Mrs. Gilbert Griffis and Madeline Flory of South Bend.

Mrs. Herman Swinehart, of Route 2, Warsaw, came into the Co-Op. News office a few days ago and received their free farm picture which was printed in our April 28th issue. The 120 acre farm is located on "Yankee Street," south and east of the Boggs corner on the Warsaw road. The farm was purchased from Charles Davis about 10 years ago.

Mr. and Mrs. Swinehart raise cows and chickens and Earl Boggs does the farming for them.

They have two children, Homer at home, and Howard who lives on the Crystal Lake road and works at the Warsaw post office.

GIRL SCOUT NEWS

We opened the meeting with the pledge to the flag, promise, and laws. We discussed new business and then adjourned the meeting.

Some of the girls then brought delicious refreshments and served them. We gave June a picture for her wedding present from the scouts. The party was for that also.

BEAVER DAM 4-H NEWS

The Beaver Dam Agriculture Club held a meeting on May 12 at the Beaver Dam Schoolhouse with Wayne Smalley presiding. Forty-six members answered to roll call by "A Health Habit I Should Start." The secretary's report was read and Jo Tucker led the pledges to the flags. It was decided that the time of the meetings would be changed to 8 P. M. for the summer. Record books were then checked and Sandy Ballenger led the group in singing. Divided sessions for recreation were held with Betty Smith and Bob Stackhouse conducting the younger members. The older members danced to the "Hokey Pokey" and the "Bunny Hop." The next meeting will be held June 14 at Darrel Bruner's.

FRANK MIKESELL

(Last week's News Item)

Frank Mikesell, 74, 117 West Third St., Rochester died at 6:45 p.m. Sunday at the home of his nephew, Harold Mikesell, two miles east of Fulton. His death was attributed to a heart seizure. Mr. Mikesell has been a resident of Rochester for one year, coming from South Bend.

He was born near Talma to Asa and Allie (Perkins) Mikesell on October 14, 1903, he was married to Luveria (Dal) Smith at Akron. In his earlier years he was engaged in farming and later was employed for 24 years as an engineer by the South Bend City School Board.

Surviving are his wife at home; one brother Harley Philip Mikesell of Mishawaka and several nieces and nephews.

Mr. and Mrs. Mikesell also raised three motherless children in their home.

Funeral services were held Wednesday at 1:30 p.m. at Zimmerman Bros. Funeral at Rochester with Rev. Powell officiating. Burial was made in the Hamlet Cemetery, near Talma. Friends were received in the Zimmerman Bros. Funeral Home until the hour of the funeral. Mr. and Mrs. Mikesell were former residents of Newcastle Township area for a number of years before moving to South Bend.

TEEN-AGE TARGET : : More than 150,000 teen-age drivers throughout the United States have set their sights on the huge National Guard Armory, Washington, D.C., where one phase of the 1954 National Teen-Age Road-E-O will be held in August to determine the nation's champion teen-age driver. In addition, the Road-E-O, sponsored by the U. S. Junior Chamber of Commerce, the American Trucking Associations, and Liberty Mutual Insurance Company, offers college scholarships totaling \$3100 to top winners in the national contest.

Already local Road-E-O contests have been held in many U. S. communities with winners scheduled to compete in state competitions where

they will vie for the honor of representing their states in the Washington finals. All 48 states, District of Columbia, Hawaii and Canada are expected to send representatives to the Washington competition August 10 through 14.

Tests that will face the Washington finalists include a written quiz, road check under actual traffic conditions, personal interview, driving skill exercises in the National Guard Armory and a driving attitude rating scale.

Now in its third year, the Road-E-O has gained increasing support each year from safety authorities, education officials, newspapers, parents and teen-agers themselves.

THE STORY OF PHILLIPS 66

Flite-Fuel

FROM THE SKYWAYS TO THE HIGHWAYS

FOR MILITARY USE Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful, higher anti-knock fuels for combat aircraft.

RESTRICTED for use in high performance aviation gasoline, these powerful components have for years been on U.S. Government priority. But now restrictions have been released and Phillips is able to use them in automotive gasoline.

TODAY, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel! It gives increased power, greater fuel economy, higher anti-knock quality, freedom from stalling... and it's clean-burning!

GET PHILLIPS 66 FLITE-FUEL at any station where you see the orange and black Phillips 66 Shield. Let your car's performance tell the story. You'll discover a new driving experience.

Mentone Closes Track Season

Last Wednesday afternoon at Bourbon the 1954 track team closed its season by losing 78-44. The season record for the track boys was four wins and two defeats. On Thursday the freshmen and sophomores competed at Syracuse against Pierceton and Syracuse. Syracuse won this meet with Mentone second.

Seniors Entertain at Class Day Exercises

With the sparkling wit of Phil Carney leading the way, the class of 1954 entertained the student body and guests with a clever Class Day program. The humor generated by the Master of Ceremonies and the other seniors kept the audience attentive throughout the hour and one-half program. The seniors presented cuff link and tie pin sets to Mr. Weiss and Mr. Kent. On Saturday evening 28 of the 30 seniors attended the Alumni Banquet as honored guests.

Over Four Hundred Attend Baccalaureate Services

The Baccalaureate Services held Sunday evening in the school gymnasium were attended by over four hundred people. The music for the occasion was provided by the Girls' Chorus under the direction of Mr. Snapp. Mr. Snapp also played a saxophone solo. Rev. Chester Doden of the First Baptist Church delivered the Baccalaureate Sermon. Rev. Fred Hall of the Palestine Christian Church gave the invocation and Rev. David Gosser of the Methodist church pronounced the benediction. Mr. Leslie Grant of the Church of Christ read the Scripture. This year all ministers representing Church in the Mentone school district helped with graduation exercises, either at Baccalaureate or Commencement.

records, make out report cards and check the inventory. Report cards will be mailed Thursday evening.

School Officials wish to express their thanks to the many patrons who have supported the school this year. Many projects and accomplishments have been completed this year, necessitating much hard work on the part of the teachers. Since it is always easy to criticize and exaggerate petty mistakes the school appreciates the fact that so many parents have noticed the achievements and been willing to overlook the little mistakes from time to time.

CARD OF THANKS

I wish to thank everyone who sent me cards, letters and flowers, and those who called on me at the hospital and at my home. They were all deeply appreciated. Thank you.

THE MEMORIAL POPPY

BY Stafford King

No mere flower whose crimson petals
Bloom and droop and fall,
Before each setting sun
But more —

It typified the blood of those
Who died but yesterday
A simple flower, 'tis true
But more—
A symbol of that sacrifice
Which made and kept us free

And so
Lest memory dims with time,
We wear
A poppy for remembrance.

POPPY DAY — MAY 22
Know Why You Buy a Poppy and
Wear a Poppy on Poppy Day

Those who wear poppies in honor of the war dead on Poppy Day, also will be giving aid to living victims of America's wars—the disabled veterans and the needy children of veterans.

We of the American Legion Auxiliary believe that no child should be denied a fair start in life because of a father's sacrifices for his country. More than one-half of all American children are now children of veterans, many are needy children.

FIRST—We buy our poppies from the disabled veterans in the Marion Hospital at Marion, Indiana. The money they receive is their own to buy

necessities or maybe some gifts for members of their families.

SECOND—All the money we make over the cost of our poppies is used to aid disabled veterans and orphans or

needy children of veterans.

From our poppy funds we provide clothing, Christmas and birthday gifts to the orphans of veterans at Knightstown Home, Knightstown, Indiana.

We help maintain supply shelves at the various veterans hospitals over the state.

Because of the increased needs, we are hoping that the people of Mentone will be even more generous than usual when they put on a poppy this year.

WORD FROM DAVE COOPER

Ermo-Zaki A. F. Det.
May 1, 1954

Dear Art,

Well I have finally made it to my base. It sure is a long trip. I shipped out of Parks A.F.B. on the twenty-fourth of March on the S. S. Gen. W. A. Mann. We arrived at Yokohama on the sixth of April. They shipped me right on up to Misawa A.F.B. where I stayed until the twenty-ninth of April. We had training on the way things were done in the Far East in my job as an AC&W operator.

On the twenty-ninth they flew us to Chitose AFB on the island of Hokkaido. There they loaded us on a train. We took the train to the end of the line. There we caught a bus and took it to the end of the line for it. At the end of the bus line there was an open A. F. truck waiting for us and it brought us the last eight miles.

I imagine you get the idea it is pretty isolated here. Well it is. Only about ninety men.

The base here is on the big tip of the island. When up on the hill where I will work you can see it just like a map. There is water on three sides of

us and a mountain to the north. Quite a place.

I would appreciate very much receiving the Co-Op. again. It may not be a big paper but is the best one in the world, especially when you are so far from home.

I would also appreciate hearing from anyone that has the time to write. I will answer all letters gladly. My address is as follows:

Det. 10 511th AC&W Gp.

I will be looking forward to receiving the Co-Op. News in the near future.

As Ever,
Dave Cooper

"KEEP'EM ROLLING"

4-H ADULT LEADERS MEET

Thirty-four Kosciusko County 4-H adult leaders met Friday evening, May 14 at the Women's building on the Fairgrounds. Charles Mishler presided at the meeting. Mrs. Carl Cook read the minutes of the previous meeting. Points of discussion in the general session were floats for the Centennial parade, National 4-H Club Center, 4-H Camp and the 4-H achievement record contest. 4-H Clubs were urged to enter a float in the Centennial parade.

Lowell Knoop, camp director, reported that the camp schedule has been arranged, the staff selected and final plans made. 4-H club members must have completed one year of 4-H work to be eligible for 4-H camp. Members will receive information on camp about three to four weeks ahead of the Camp which is July 18 through 21. The fee will be \$7.00.

Leo Seltentright urged clubs that had not made contributions to the National 4-H club Center Fund to do so at once. The amount is 10c per club member and should be turned in to the County Extension office. A number of clubs made their contribution in 1953.

Howard Thompson, 4-H council chairman, explained the new 4-H achievement record contest being started in Kosciusko County. A sponsor, the Lake City Bank, is providing a

green press board 4-H cover for the record book. A committee of club leaders worked out contest rules for a junior and senior contest with awards to be given by the sponsor. The purpose is to stimulate 4-H club members to develop and preserve their good 4-H records of achievements. The junior contest is for members up to 14 years of age and up to three years of club work, while the senior contest is for older club members.

In the agricultural leaders session directors, superintendents and assistants were named for the various fair committees. A meeting for 4-H poultry members was announced for July 14. It will be a help session by Wayne Detwiler, Extension Poultryman, on 4-H Poultry exhibits. Also a district

training meeting on Land Judging was announced for July 28 in Allen County.

In the session of the women leaders Mrs. Edward Summers presided. General rules for 4-H home economics exhibits at the County Fair were read and approved. It was decided that project record books are to be presented at the time the exhibit is entered at which time completion of work requirements will be made. Department superintendents reporting were Mrs. John Collins, Baking; Mrs. Max Noel, Clothing; Mrs. Everett Schooley, Food Preservation; Mrs. Carl Cook, Home Improvement; Mrs. Carl Duncan, Crafts. Reports were sent by Mrs. Ed Conaway for Food Preparation and by Miss Elener Norris for Electric project.

Miss Reba Pyle, local home agent, announced that arrangement had been made with Miss Patricia Hunt to give instruction in posture, modeling and good grooming on two days, June 12 and 19. This year any 4-H girl may attend. A nominal fee of fifteen cents will need to be charged. Mothers are invited to watch the instruction. Details as to scheduling of clubs on certain days will be made in the near future. That registration for demonstration and judging contests will be requested in the near future, was announced by Mrs. Ruth Snellenberger, 4-H Club Agent for Girl's Work.

The next meeting will be held Thursday afternoon, June 24, a joint meeting with both junior and adult home economics leaders.

4-H CLUB CHATTER

By Ruth Snellenberger

Dear 4-H Members and Friends,

Today I'd like to chat about the clothing construction clinic which I attended a few weeks ago along with five home economic teachers from Kosciusko County. So much I learned! I shudder now when I think back over

some of the sewing processes I taught at Pierceton several years ago.

This new method of clothing construction I first heard about early in 1948 when I was teaching just outside New York City. Since then Mrs. Edna Bryte Bishop has been demonstrating her method all over the United States. Her method is built around a few basic techniques or procedures which are necessary to the most elementary garment and are repeated in every following garment. These basic techniques appear again and again.

In keeping with Mrs. Bishop's belief in the teaching principle of, "Not too much too soon," she demonstrated at the clothing clinic her method used in making a simple blouse and progressed to the making of a skirt, then to a tailored blouse, followed by making a simple dress which combined the features of the tailored blouse and skirt, and finally into tailoring.

Of the procedures demonstrated by Mrs. Bishop, I'd like to comment on a few.

First, in preparation of the material after the ends are straightened either by tearing or by pulling a thread and then cutting, Mrs. Bishop recommends folding the material lengthwise right sides together, pin or baste the ends, fold several times, soak in tepid water, squeeze out excess water, roll in turkish towel or old sheet, unroll and lay material flat on table—never hang—let dry, smoothing occasionally to insure grain perfection, press. A method very similar to this was demonstrated at 4-H Adult Leader Training Conferences several years ago and is described in the Division I 4-H Clothing bulletin.

Can you imagine preparing six or more yards of material for a centennial dress? It seems to me there would need to be a lot of folding to get it a size to dry flat on the table. Maybe one would need to use floor space!

Another technique I'd like to mention is that of stay-stitching—a line of sewing machine stitching, regulation length, in the right direction to hold grain threads of a single thickness together. Stay-stitching is placed just inside the seam line at neckline, shoulder lines, armhole and skirt waistline, and on edges where there is to be further construction.

A third procedure demonstrated was that of "directional pressing"—pressing in the direction that the stitching was done at the line of stitching on the

wrong side, then turning to the right side to press in the direction of the grain of the fabric. Dated areas of a garment should not be pressed on a flat ironing board but rather on a cushion to preserve the curvature intended.

A fourth technique was that of shortening machine stitches for stitching bias seam joinings. Such a seam might be part of a skirt construction.

Lockstitching was another technique demonstrated. This is accomplished easily (I had been doing it the hard way) by raising the presser foot slightly so that the material in the same spot makes a little knot there; saves backstitching or tying threads. This lock stitch is particularly helpful in putting in a zipper by Mrs. Bishop's easy method.

My, there's so much to say. Guess I'll have to tell a little more next week.

"bye.

One of our classified advertisements became a trifle confused in our last issue. As likely most of you noticed after reading the advertisements, one of the "help wanted" classified's lines was over into another ad. We're sorry that these things do happen, but as we often find in newspapers, transposed or misplaced lines are usually to be located.

MRS. GRACE FLENAR DIES

Mrs. Grace Flenar, 68, wife of Merl Flenar of Rochester, died at the McDonald Hospital at Warsaw at 8:30 p. m. Tuesday of carcinoma. She had been in the hospital four weeks.

Leona Grace, daughter of Wash and Ellen (Goodwin) Horn, was born on August 25, 1885, in Marshall county, where she resided all her life. January 6, 1915 she was married to Merl Flenar, who survives. Besides the husband she leaves three aunts, Mrs. Amanda Imes of Tippecanoe, Mrs. Stella Snyder and Mrs. Samantha Norris, Mentone, and a number of cousins and a host of friends to mourn her passing.

She was a member of the Jordan Baptist church, near Argos. Funeral arrangements, which were incomplete at this writing, will be in charge of the Umbaugh funeral home in Argos.

DOCTOR TO LOCATE
IN MENTONE JULY 1

W. B. Wilson, M. D., a native of Angola, and a graduate of Indiana University School of Medicine, has rented the office space formerly occupied by Dr. Sands, in the Whetstone Building, and will open his office for the general practice of medicine about July 1st. Dr. and Mrs. Wilson were in Mentone this past weekend, getting acquainted with some of the local people and making arrangements for renting the office.

Dr. Wilson will complete his internship in Lansing, Michigan on June 30th, and will open his office here as shortly after that time as is feasible.

Dr. Wilson is a veteran of World War II, having served in the airforce as a Flight Engineer with a B-17 group based in England. He is a member of the Masonic Lodge.

IN MANCHESTER
GRADUATING CLASS

Three local people will be in the 1954 graduating class of Manchester College when the commencement exercises are held next Monday morning at 10:00 a. m. They are Mrs. Wayne Tombaugh, Mrs. Rea Ward, and Forst Dunnuck. There are 144 in the senior class who will receive degrees.

The commencement address will be given by Dr. Clark G. Kuebler, president of Ripon College, Ripon, Wisconsin.

VRANA - BARTS

In an impressive candlelight service at 8 p. m. Saturday evening, May 22, June Barts, daughter of Mr. and Mrs. Howard C. Barts, of Rochester, became the bride of James Vrana, son of Mr. and Mrs. James Vrana, of Abbotsford, Wisconsin. The double ring ceremony was read by Rev. Paul Schwan in the St. John Lutheran church in Rochester.

The altar was graced with two beauty baskets of gladioli flanked by palms and candelabra. Each pew was marked by an individual candlestick.

The bride, escorted by her father, was lovely in a waltz length white embroidered nylon net dress. Blue pearls centered the embroidered flowers of the bodice and decorated the off-the-face veil. She wore a blue pearl choker. Her shoes were of blue brocade and she carried a bouquet of blue and white carnations.

Miss Alice Barts, sister of the bride, was maid of honor. She wore a waltz length dress of pale green and carried a bouquet of yellow carnations.

Little Elaine Manwaring, of Mentone, was enchanting in a waltz length dress of pink and white nylon, as she scattered flower petals along the aisle. Danny Manwaring, Mentone, was ring bearer.

The best man was John Langsdorf, of Rockford, Illinois and a college friend of the groom.

Ushers were Joe Barts, brother of the bride, and Jerry Vrana, brother of the groom.

The bride's mother wore a navy sheer dress with white accessories. The groom's mother wore a light blue nylon dress and white accessories.

Preceding the ceremony, Winston Coffing, of Macy, sang the Lord's Prayer, O Father of All Creation and O Perfect Love. Ruth Beall, of Rochester, accompanied him at the organ, and played the traditional Wedding March and Recessional.

A reception for about one hundred guests was held in the church basement. Refreshments of cake and punch were served by: Miss Wreatha McFarren, Mentone, Mrs. Richard Notz, Mrs. Joe Barts, Mrs. Lorin Churchill and Mrs. James Walker.

For her going away outfit the bride wore a light blue print jacket dress.

SAMUEL W. CHAPMAN

Samuel Wilson Chapman, 80, of Goshen and formerly of Mentone and Warsaw, died at 5:25 p. m. last Wednesday in the McDonald hospital due to pneumonia. He had been in ill health for 10 years but critically ill only one day.

Mr. Chapman was born on May 4, 1874, in Peoria, Ill., the son of Sanford and Minnie (Shepherd) Chapman. On May 16, 1910, he was married to Chloe Ruth Hohman, who survives with a daughter, Mrs. Orville Long, of Evansville, and a sister, Mrs. Pearl Williams, of Monroe, La.

Mr. Chapman moved to Goshen 18 months ago after previously living in Mentone for 10 years and Warsaw for 15 years.

Funeral services were held at the Chapman residence, 521 North Main Street, Goshen, at 1:30 p. m. Saturday. Burial was in the Oddfellows cemetery at South Whitley. The Yoder funeral home, of Middlebury, was in charge.

IDA I. CLARK

Mrs. Ida I. Clark, 92, of Mentone, died at the Bradbury nursing home at Atwood at 6:15 a. m. Thursday of complications. She had been in falling health for the past six years.

Born in Mentone, Nov. 9, 1861, the daughter of Henry and Suzannah (Mentzer) Smith, Mrs. Clark had resided in the Mentone community all of her life. She was married at Mentone August 5, 1882 to John Clark who died June 23, 1923. She was a member of the Mentone Baptist church.

Survivors include one daughter, Mrs. Henry Blodgett, Warsaw; one grandson; three grand-children and several nieces and nephews.

Funeral services were held at 2:30 p. m. Saturday at the Mentone Baptist church with Rev. Chester Doden, pastor of the church, officiating. Burial was in the Mentone cemetery.

LYDIA RYNEARSON

Mrs. Lydia Rynearson, 88, formerly of Mentone, died at 2:10 a. m. Saturday at the Bradbury nursing home at Atwood where she had been for the past several weeks. She had broken her shoulder eight weeks ago and death was attributed to complications which followed.

Born in South Whitley, Dec. 22, 1865, the daughter of Hugh and Ellen (Meadows) Johnston, Mrs. Rynearson had resided in Mentone for 61 years before going to live with a half-sister, Mrs. Eva Irvine, of Leesburg, four years ago. In 1887 she married Frank Rynearson who died in 1924. She was an active member of the Mentone Methodist church and the Royal Neighbors lodge until the past several years.

Survivors include the half-sister, Mrs. Irvine, and four nephews. One son, Earl, and one daughter, Lena, preceded her in death.

Funeral services were held at 2 p. m. Monday at the Reed funeral home in Mentone with Rev. David Gosser officiating. Burial was in the Mentone cemetery.

Smidley Hog Houses

THESE houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulate insulation in roofs may be had as extras.

FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

METHODIST CHURCH NEWS

Daily Vacation Bible School opened at the Methodist church on Monday morning at nine o'clock with seventy-one children enrolled, 26 in the Kindergarten department, 30 in the primary, and 15 in the junior. Bible study and worship are important but other assimilating and integrating points of emphasis are not overlooked. The happy associations of children in the church and with one another at worship, in play, through the story-hour and Bible classes are stressed in the Kindergarten Department.

From Wednesday morning through Sunday afternoon the Pastor, his family, and Mr. and Mrs. Raymond Lash, lay members, will be attending the one-hundred-and-eleventh session of the Indiana Annual Conference of the Methodist Church. It will be held in the Grace Methodist Church at Ko-

komo except for the Sunday morning worship service and afternoon Ordination Service which will be in the Memorial Gymnasium. The pastor will speak in his own pulpit on Sunday, May 30, for the regular Worship Service.

There will be a Worship service in the local church this year during Conference Sunday.

On Wednesday evening Mr. Raymond Cooper, Mr. Charles Manwaring, Mr. Walter Kent, and Mr. Denton Abbey attended the Fellowship Banquet and evening lecture at Kokomo. Dr. Ronald Spivey, Minister of Wesley's Chapel in London, England, was the speaker. Persons not having the opportunity to hear him on these Conference occasions may hear him during Assembly Week at Epworth Forest, June 20-25.

The pastor reports that the Conference year ending May 31, 1954, promises to be one of which the congregation may be justly proud. Without a great increase in membership the following financial record indicates a good and wholesome spiritual life within the church: \$1900.00 paid to World Service missions and Benevolent agencies; \$1121.00 paid on the pledge for the Church Extension Crusade;

\$2,149.00 paid on parsonage and church improvements; \$5056.00 paid to pastor, district superintendent, bishop and retirement funds; \$1687.00 for maintenance, custodial and current expenses, and \$372.00 on Sunday School Literature and supplies; making a total of \$12,426.00. But the figures show only a portion of the love and devotion members and friends have for Christ and His church. If the hours of service on the part of lay men and women who serve through the church school, primary church, the choirs, WSCS, MYF, the official board, Commissions and committees were totaled, the results would be a staggering figure.

They serve not only through the giving of substantial gifts but by their time and talent as well — the organist and substitutes, choirs, teachers, officers, chairmen, and committees, leaders, workers, and helpers — each contributing largely to what measure of success the year may have. With a greater measure of devotion, along with the pastor and parsonage family, the work which lies ahead is a real challenge to the minister and the congregation. Although a definite increase in attendance is reported for the worship service and church school, greater work may be accomplished.

The enthusiasm and cooperation of workers with leaders in the Daily Vacation Bible School are but typical of deep spiritual experiences which make the closing of this year and the beginning of the next a joy to pastor and church school superintendent.

Mrs. Bessie DeWitt is attending the Annual Conference sessions, and she and Mrs. Gosser will attend the Ministers' Wives' Tea on Saturday afternoon.

BAPTIST CIRCLE MEETS WITH MRS. DUZENBURY

The Bethlehem Baptist Mission circle was entertained Wednesday afternoon in the country home of Mrs. Wendel Duzenbury, near Talma.

The president, Mrs. Don Pfeiffer, was in charge of the meeting which was opened with group singing led by Mrs. Chloris Barkman, Miss Alice Haines at the piano. Devotions and prayer were given by Mrs. Charles Safford using Psalms 75:6-7. This was followed by the secretary treasurer's report which was read and approved.

The names of Bible mothers were given in response to roll call. Mrs. Barkman gave the treasurer's report for the year and Mrs. Duzenbury read the constitution. Each member had received a letter from Rev. Ericus Foor which she read to the members. Mrs. Kermit Biddinger gave an interesting and informative lesson on India Missions, which concerned the life and experiences of a lady missionary.

The following program was presented: Duet by the Misses Linda Barkman and Sharon Hoffman; Piano solo by Janice Hoffman; reading, "Small and Big," by Randy Pfeiffer, and a reading by Jeanette Hoffman. The closing prayer was offered by Mrs. Safford.

Lovely refreshments were served to sixteen members, four guests, and six children.

One rose bud to the stem is the rule for growing cut roses, observe Purdue University horticulturists. They say to remove small side buds as soon as they appear.

TALMA HOME EC CLUB

The T. H. E. club met recently in the home of Mrs. Roy Hubbard of near Rochester. The meeting was opened by Mrs. Olin Wagoner reading the history of the song of the month, "Pack Your Troubles in your Old Kit Bag," which was then sung by the group. The club Prayer also was sung, followed by a

prayer given by Mrs. Ed Staldine.

Roll call was answered by the members telling "An Accident which Could Have Been Prevented". Several related interesting experiences as well as some painful ones, by being in a hurry or careless.

In the absence of the secretary, Mrs. I. McGowen gave the report. For de-

votions, the hostess read an interesting story entitled, "The Cross of Dogwood." According to legend, the dogwood at the time Christ was on earth, was a large tree but when the cross was made from a dogwood tree it remained forever after, a small shrub.

A committee was appointed to arrange for a trip in the near future.

Project lessons for 1955 were discussed. The meeting was closed by the club members repeating the club collect. The door prize was won by Mrs. Olin Wagoner.

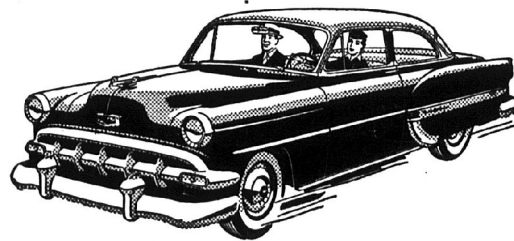

Delicious refreshments were served to thirteen members and one child.

DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? There's no prize to the first to tell us whose farm it is, but it is interesting to know who will be first in reporting the information to this newspaper.

Call, phone or write us if you believe you know the farm.

The farm pictured in our last issue was that of Mr. and Mrs. Verl Taylor, who live on "Union Street," the second road east when going south from the Earl Boggs corner on Road 25. The 130 acre farm was purchased from the Dysert estate in 1941. It was the old Charles Foster farm.

The Taylors do general farming and have about 400 laying hens, raising from three to four hundred pullets each year.

The Taylors have three children: Mrs. Harold (Clarabell) Long, who lives north of Mentone; Herschel Taylor of Disko, and Dale who is in the Air Force at Wright Patterson Field at Dayton, Ohio. They have five grandchildren.

Those who called to identify the farm correctly were Mrs. Earl Sarber and Mrs. Harold VanDyke.

The Warsaw Lakeland Festival committee has announced that all women's organizations in the county will have an opportunity to help the Festival

committee and at the same time raise money to finance special projects of their own organizations.

The commemorative plates of the festival have just arrived. These plates depict two views of the Koseiusko

County courthouse, one as it looked in 1854, and the other as it now stands. The plates are best quality white dinnerware, with the inscriptions and pictures encrusted in gold plate.

These plates will sell for \$2.00 each, and every family in the county, as well as many people in surrounding counties, will want one of each style as a lasting souvenir of the festival.

Any women's organization in our county may sell these plates and receive 25c commission on each plate. This commission may be used for any club project, with no strings attached. Any county women's organization

wishing to sell these beautiful souvenir plates may do so by contacting Mrs. Russell Smith at the Unique Bakery in Warsaw. Be sure to hurry, the officials state, because time is short, and you will want to cover your area of the county as soon as possible.

TALMA METHODIST CHURCH SCENE OF BANQUET

The annual Mothers-Daughters banquet of the Talma Methodist church was held in the dining rooms of the church recently. It was in the form of a carry-in supper.

The tables were decorated with center-pieces of lilacs, and tulips, with a bridal wreath. The dessert was ice cream cake roll, a treat from Mrs. Charles Shock. The oldest mother present was Mrs. Lillie Myers and the youngest mother present was Mrs. Robert Hibbs. They were each presented with a plant.

Special numbers on the program were a piano solo by Miss Karen

Miller, a reading entitled, "Mother," by Janelene Sriver and two vocal duets by the Misses Patsy Hunter and Sue Utter. The speaker for the evening was Miss Sadie Custer, a missionary who had to leave China when the Communists took over. She spoke of the faith of the Chinese pastors and of the persecution by the Communists and said that several were put to death recently because they remained true to their faith. Pictures were shown of China before the Communists came into power. This was enjoyed very much by the members.

Technicolor**TEST SOIL NOW
TO SECURE BEST RESULTS**

Lafayette, Ind.—Now is the best time of the year for farmers to have their soil tested in order to find out what their fertilizer needs will be for this fall and 1955.

That's a tip from R. D. Bronson, Purdue University soils specialist, who says fields just freshly plowed for the spring planting are in their best shape for farmers to get representative soil samples. With the rush season now over, the Purdue Soil Testing Laboratory will be able to return test results to farmers within 8 to 10 days, adds Bronson.

Farmers who test their soil at this time of year, even though it's their busiest season, are also given ample time to get a special fertilizer analysis, if needed. Many times they can realize discounts by ordering fertilizer ahead of time.

Bronson finds that more and more Hoosier farmers are testing their soil because of three obvious reasons or advantages:

It tells them how much fertilizer to put on, what analysis to buy, and which fields need the greatest fertility boost. "Most farmers feel they can't get along without a soil test today," says the specialist, "particularly because they're using much more fertilizer than they did 10 years ago. They find that an accurate measurement of the soil's needs every three to four years enables them to fertilize more

efficiently. They no longer have to rely on guesswork."

Farmers should see their county agent to get information on taking soil samples, and instructions on how to get them tested.

Salt Lick

The salt lick where a mixture of phenothiazine is kept with salt for control of parasites in sheep should have a roof over it. Otherwise, the effectiveness of the drug is likely to be spoiled by continued exposure to sunlight and rain.

SCHOOL NEWS

Fifty-one Pupils Have Perfect Attendance Record

According to the attendance records for the 1953-54 school year fifty-one pupils were neither absent nor tardy during the year. Of this number twenty-two were elementary pupils and twenty-nine were in the upper grades. The names of those not absent in the elementary grades was not available but the following did not miss in the upper grades: 7th — James Feldman, William Cochran, Mary Belle Mellott, Sue Ellen Shepler, and Beverly Walburn; 8th — Billy Hudson and Leroy Markley; 9th — Tommy Hoover, Larry Long, Carol Dillman, Joyce Eller, Sue Borton, June Romine, and Alice Romine; 11th — Connie Doyle, Jalaine Smythe, and Marita Tucker; 12th — Barbara Long, Sherry Shoemaker, Iva June Vandermark, Robert Boggs, Jon Cullum, Wayne Romine, and Don Rush.

It is interesting to notice that all three of the Mentone cheer leaders had perfect attendance. All three of the children of Mr. and Mrs. Marvin Romine were perfect in attendance. Wayne was awarded the attendance prize at Commencement for the best attendance for the four years.

Attendance percentages for the sixth grading period are as follows: 1st Mrs. Van Gilder, 98.33; 1st Mrs. McKinley, 97.24; 2nd Miss McFarren, 97.6; 3rd Mrs. Keever, 99.01; 4th Mrs. Tombaugh, 98.05; 5th Mr. Witham, 99.0; 6th Miss Aughinbaugh, 98.28; 7th Mr. Hoogenboom, 99.1; 8th Mr. Kelley, 98.8; 9th Mr. Hoffman, 98.9; 10th Mrs. Dawson, 97.1; 11th Mr. Bunnell, 98.85; 12th, Mr. Weiss, 96.3.

The Mentone School held the high

percentage in the County for the fifth grading period and has been among the leaders in attendance all year. The average attendance for all twelve grades for the year was 96.65%. This is a slight improvement over the previous year. It compares favorably with the average attendance for the state which is 94%.

Honor Roll for Sixth Grading Period Announced

Those in the upper six grades who made the honor roll for the sixth grading period were: 7th—Mary Belle Mellott, Beverly Walburn, Don Beeson, Bernard Fitzgerald, Reed Riner, Larry Teel, Terry Tucker; 8th—Donna Lou Eaton, Sue Fenstermaker, Julie Kay Kent, Linda Linn, Patricia Parker, Sue Shoemaker, Leroy Markley, Timmy Utter; 9th—Sue Borton, Dorothy Christian, Carol Dillman, Charles Feldman, Dale Kindig, Alice Surface; 10th—Orpha Kurtz, Betty Mellott, Janice Nelson, Rita Olson, Sarah Urschel, Sharon Ware, Sandra Witham, Ronald Beeson, 11th—Connie Doyle, Sheila Fitzgerald, Sue Lackey, David Gosser, Larry McKinley, Bill Nellans, Francis Rickel, Joe Shoemaker; 12th—Phyllis Boyer, Mary Bryan, Janet Reed, Sherry Shoemaker, Jackie Stidham, Mary Van De Water, Robert Boggs, Jon Cullum, Don Rush, Larry Yeiter.

Juniors Hold Skating Party

One of the last social events of the school year was the all school skating party held at Rock Lake Tuesday evening and sponsored by the Junior Class. The school in past years has held several all-school skating parties each year, but due to the press of other events has not held any this year until the Junior Class decided to sponsor a party after school had closed.

Large Crowd Watches Seniors Depart For Trip

One of the largest crowds in recent

years watched the Class of 1954 leave on Sunday for the class trip to Washington and New York. The trip was made by train. The Seniors expected to arrive in Washington on Monday morning after traveling all night. They will return on Friday, May 28.

Any error in the report cards should be reported to the school at once. Mr.

Kent will be working at the school for a few days.

Mr. and Mrs. Snapp will start the summer instrument lessons on Monday, May 31 at the school. Pupils pay 75c for one-half hour lessons. The Township pays the remainder of the cost. Over twenty students have already signed up.

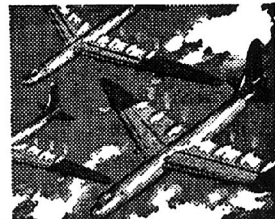

THE STORY OF PHILLIPS 66

Flite-Fuel

FROM THE SKYWAYS TO THE HIGHWAYS

FOR MILITARY USE Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful, higher anti-knock fuels for combat aircraft.

RESTRICTED for use in high performance aviation gasoline, these powerful components have for years been on U.S. Government priority. But now restrictions have been relaxed and Phillips is able to use them in automotive gasoline.

TODAY, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel. It gives increased power, greater fuel economy, higher anti-knock quality, freedom from stalling... and it's clean-burning!

GET PHILLIPS 66 FLITE-FUEL at any station where you see the orange and black Phillips 66 Shield. Let your car's performance tell the story. You'll discover a new driving experience.

ANOTHER GOOD BET**FOR WHEAT CROP**

Lafayette, Ind. — Indiana farmers with wheat acreage in excess of their allotments may want to harvest their extra wheat for hay or grass silage this year. Government regulations permit the excess wheat to be used for hay, silage or plowed down as green manure without penalty.

Purdue University agronomists point out that wheat has been used very little for hay or silage purposes in Indiana, because it's usually harvested as a grain crop. However, wheat cut for hay in the early dough stage shows

a feeding value similar to timothy harvested at the late bloom stage.

Wheat for silage should be cut when the embryo grain is in the late milk stage. At this period of growth, its feeding value is similar to grass-hay silage and no preservative has to be added. Cutting earlier than this stage will lower the tonnage and increase the moisture and potential seepage in storage. If cutting is delayed until the grain is in the late dough stage, moisture content may be too low for preservation, unless water is added.

After the crop is chopped, moisture content may be approximated by press-

ing a handful of the material. If the cut grass wets the hand and sticks together as a ball, the moisture is excessive. If the materials slowly falls apart, it is in the ideal stage. If it cannot be pressed into a ball, it is too dry and should have water added. More grass silage is spoiled by being too dry than too wet, the agronomists report. Excess moisture may be absorbed by adding 100 lbs. of ground corn cobs per ton of silage.

Wheat and other small grains may be harvested as long-hay silage where equipment is available to harvest it in this way. Tractors or trucks should

be used to pack the material for safe preservation if it is stored in a trench silo. In upright silos, the material should be well packed around the edges to prevent air from entering along the silo wall.

DEMONSTRATES TO GROCERYMEN

James B. Shaw, of the Poultry and Egg National Board, Chicago, demonstrated to 25 area grocerymen and five producers, Tuesday evening, on the proper method of cutting up poultry and the use of up to date merchandising methods.

CLUB RECEIVES BLUE RIBBON

Members of the Country Neighbors Home Demonstration club were happy to learn that their club received a blue ribbon for their window display in Rochester during National Home Demonstration Week. The display poster made by Mrs. Kenneth Dunnuck asked, "Does Your Child Eat A Good Breakfast?" A balanced breakfast was attractively arranged in front of the poster. Mrs. Russel Walters and Mrs. Howard Chamberlain also served on this display committee.

Fourteen members, one guest and four children were present for the May meeting with Mrs. Joe Peterson hostess.

Mrs. Wilbert Utter presided at the business session. Roll call was answered with a Bible verse containing the word

"Mother," Meditations were read by Mrs. Allen Herendeen. She gave a favorite selection "Mother," and the poem "Mother's Glasses," and Exodus 20:12. The Safety lesson was given by Mrs. J. Peterson on "Electrical Shock."

History of the song "Pack Up Your Troubles In Your Old Kit Bag" was read by Mrs. H. Chamberlain.

Mrs. Robert Hoover was winner of both contests furnished by Mrs. Carl Zolman and Mrs. H. Chamberlain.

Secret Pal gifts were received by Mrs. John Teel, Mrs. Leroy Norris, Mrs. C. Zolman, Mrs. R. Walters and Mrs. H. Chamberlain.

Auction articles went to Mrs. R. Walters, Mrs. W. Utter and Mrs. L. Norris. The hostess served very tasty refreshments.

The June meeting will be guest day at the home of Mrs. George Craig with Mrs. Earl Zent assisting.

Sudan Grass seeded in early June will still make July and August pasture for the farmer who needs it, say Purdue University agronomists. Sudan is both heat and drouth resistant and palatable to all classes of livestock. Seed 25 to 35 pounds of seed per acre, using the wheat side of the grain drill. Wait until a growth of 12 or more inches is reached before grazing.

A Time to Remember

I bowed my head reverently with the rest of my classmates during the "moment of silence" in tribute to our soldier-dead, then seeing Old Glory waving from the flag pole on the lawn of our Alma Mater, I stood tiptoe upon a dream and thought, "What a lucky girl you are to be born under that flag, for you can be what you will to be! You are an American."

Then a strange thing happened. The flag seemed to be a living thing with a soul. I heard the silent singing of its stars on its blue of truth, and listening, my soul caught this refrain:

"I am the symbol of America, and America is more than its hills and prairies with their herds and fields of grain; more than its pulsing cities, its mines and its mills . . . America is you and you and you . . . and God.

"I am the symbol of the homes, the churches, schools, enterprises, and the kingly commoners of America.

"I represent your heritage from the past. Look at me and hear the tramping of soldier-feet in the immortal march for freedom; feel within your hearts the 'Spirit of '76'; see the footprints in the snow at Valley Forge; the great, gaunt commoner on his knees in prayer, and the crimson stain, spreading, that meant life was ebbing from his great heart; see the crosses above our youth, martyrs to freedom in recent wars. Look again and behold lilies blooming where men gave life for man; listen and hear the joyous dancing footsteps of those yet unborn.

"Behold the Open Gate, before which stand weary pilgrims: children with eyes empty of laughter; youth burdened with the weight of dead dreams; the elder ones their eyes but burned out embers, their bone-lean hands caressing gaunt throats that too long have felt the choking leash of fear. See their eyes relight with hope as they view the green acres of democracy and reverently enter the gate of America."

Suddenly I knew: The flag is an emblem of freedom, protection, justice, honor, sacrifice, opportunity to all and love for country, fellowman and God. It is the symbol, not only of our heritage from the past but of the future. I knew that it is up to me to help America continue to mean to coming generations what it means to me today; that every right has its concomitant duty, that I must train myself to be able to choose leaders wisely and judge their performance with honesty and understanding. I must fight oppression, intolerance, injustice and keep the land free of the footprints of communism. I must guard the rights of others as jealously as I do my own, and recognize in every man a brother.

Again I looked at the flag waving serenely beneath our peaceful country sky and reverently I breathed, "How much you stand for!" Was I dreaming or did I hear, "The earth a great DEMOCRACY OF LOVE!"

"WHAT THE AMERICAN FLAG MEANS TO ME" by Frances Atkinson, 18, Dayton, Idaho. Prize winning essay in a nation-wide competition conducted by the Disabled American Veterans in conjunction with the radio series "I was a Communist for the FBI."

GROCERYMEN GUESTS OF KOSCIUSKO CO. POULTRYMEN

These ten grocery store owners from Kosciusko and adjoining counties were guests of the Kosciusko County Poultry Association at their May meeting held at the Eskimo Inn at Warsaw May 13. Featured speaker of the evening was Fred Buzen, merchandising director of the Poultry and Egg National Board, a non-profit organization for consumer education.

Mr. Buzen is holding a model of a high-quality egg which he used to illustrate steps grocery store owners can follow in providing their customers with fresh eggs. He pointed out that sixty-two billion eggs were produced in the United States last year. Placed end to end, these would reach around the world ninety times.

Mr. Buzen also showed the group an efficient method of cutting up chickens for frying. Using his technique a retailer can cut up 100 to 200 birds per hour. This way of selling chickens is becoming more and more popular. Mr. Buzen stated that one pound of meat out of six sold is chicken. People are eating more and more poultry since the breeder, grower, processor, and retailer all have worked together to provide Mrs. Housewife with a top-notch product.

There was such a great interest on the part of grocery store owners in learning more about merchandising poultry products, that plans were made at the meeting to hold a special free class for all retailers in the area on merchandising poultry products. The first class was held Tuesday evening at Warsaw.

The grocery store owners in the photo are, left to right: Ronald Reed, Kroger Supermarket, Warsaw; Tim Rovenstine, Rovenstine Store, Atwood; Norval Fautot, Jr., Fautot's Grocery, No. Manchester; Charles Lowery, Chief Super Market, Warsaw; Fred Buzen, Poultry and Egg National Board; H. CHECK INTO WHEAT STORAGE

Lafayette, Ind.—Purdue University agricultural economists warn Hoosier wheat producers that there's a shortage of commercial storage space in Indiana this year. They say many farmers who intend to take advantage of government price support loans, may find it necessary to provide space on their farms for their wheat.

These farmers are urged to check immediately to make sure they've got a place to store their crop. If a farmer finds he must build storage on his farm and needs financial assistance, he can get a government loan for 80 percent of the assembled cost of bins. These loans are available through the County Agricultural Stabilization and Conservation committees, and may be repaid over a 3 to 4 year period at an interest rate of four percent.

FEEDER'S DIGEST

Is Your Good Grass Good Enough?

Every animal and bird needs minerals—

Every animal and bird you own needs minerals—of certain kinds—indefinite quantities. Some pastures provide these minerals. Much pasture does not. Now your grass may be green and thick. But it can still be mineral-deficient. And that can mean slower gains, feed waste and poorer health.

Why take these chances when it's so easy and economical to feed Swift's Mineral Supplement? This one low-cost mineral supplement provides ten mineral elements vital to all livestock. Start feeding Swift's Mineral Supplement free choice all year 'round. It now comes in block or pulverized form. Because it contains only minimum requirements of salt, we recommend free-choice salt feeding in addition.

TO DISCUSS GRAIN STORAGE

A meeting to discuss grain storage on the farm will be held at the Women's Building at the fairgrounds at Warsaw on Tuesday, June 1 at 8:00 p.m. The meeting is being arranged to show farmers how they can profit by erecting storage and keeping the grain on the farm.

Erice McKenzie of the Ag Engineering Department at Purdue will discuss the mechanics of good grain storage including requirements for storage for corn and small grains, proper requirements for mechanical drying, how insects can be controlled in grain storage, etc.

Clark "Butch" Baker, state PMA committeeman will discuss the economics of grain storage. Mr. Baker will show how a farmer can make more

money by storing than by growing grain, how storage can be financed and how the income tax law effects construction of storage facilities.

With prospects for more bumper crops this year, farmers are encouraged to plan storage on the farm. This meeting should help them to do it economically and practically.

HAPPY HARVESTERS 4-H CLUB MEETS IN TALMA GYM

The Happy Harvesters 4-H club met Wednesday evening in the Talma high school gym. The meeting was called to order by Lyle Vandermark. Jerry Duzan led the pledge to the American Flag. Steve Coplen led the pledge to the 4-H flag. Roll call was answered by the members naming their favorite tractor. Phyllis Carlile read the secretary's report. Several members are planning to go to the 4-H Camp. Mr. Elgie Vandermark gave an interesting talk on chickens and Bobby Deamer gave the lesson on gardening.

Fred D. Barr gave a discussion on electricity and Linda Lukens presented a lesson on health. Jerry Duzan led the group in singing "Happy Birthday" to Noel Simpson. Refreshments were served to all.

FUNERAL HOME

Bishop Richard C. Raines (seated, left) meets with his North Indiana Conference cabinet weeks in advance of the conference's annual sessions to determine where each Methodist pastor should be appointed. Most pastors serve the same church for a number of years but each is subject to reappointment by the bishop each year. Annual sessions are being held in Kokomo, May 26-30. All Methodist pastors in the conference will attend along with a lay delegate from each church to form the legislative body which governs the conference. The bishop's cabinet is made up of the district superintendents. Seated are Bishop Raines and Dr. George Greer, Huntington. Standing are Dr. Thurman Morris, Warsaw, and Dr. Wesley Fort Wayne. Cabinet members missing are Dr. John W. Borders, Kokomo; Dr. Jesse W. Fox, and Dr. Ernest E. Lawshe, Richmond.

LOCAL YOUTH TO GRADUATE FROM SOUTHLAND COLLEGE

Royal D. Blue, son of Mr. and Mrs. Peter Blue of Mentone, will be graduated June 1, from the Biola College of the Bible Institute of Los Angeles, where he has majored in Bible.

Before enrolling in the Southern California College, Royal attended the Mentone high school, and then played softball with the Mentone Merchants, and worked as a carpenter and farm hand. In the fall of 1950 he entered the Bible Institute. He is a member of the First Baptist Church of Van Nuys.

While attending the Bible Institute, which for 46 years has trained young people for world-wide Christian service, Mr. Blue was active in the school sports, playing on the softball team for two years. He also served on the Student Council for a year, and was the president of the Senior class. Beside this he kept himself doubly busy as the visitation pastor at the First Baptist Church of Van Nuys, California, for three years.

Following his graduation he plans on continuing his visitation work at the Van Nuys church, and later go into an evangelistic type of ministry.

BULLETIN AVAILABLE ON "SPRAYING FOR WEEDS"

Lafayette, Ind.—When spraying corn fields with 2,4-D to control weeds farmers should let the stage of weed growth, rather than the size of corn, be their guide in timing applications. If early growing weeds are a problem, spraying should be done soon after they emerge. Corn at that time may vary from 3 to 12 inches tall. On the other hand, if late growing weeds do emerge after corn has attained considerable size, a late spraying can be most effective if done properly.

When spraying corn more than 12 inches tall, the sprayer should be equipped with "drops" or short pipes extending from the boom, down between the corn rows. In this way, the spray material is applied to the weeds at the base of the corn. This will not only help assure covering the weeds but will reduce the danger of injury to the corn. The nozzles attached to the "drops" should be adjusted so they will direct the spray between the rows as well as in the row.

Oliver Lee, weed control specialist at Purdue University, has prepared a short, illustrated leaflet entitled, "The Weeding of Corn with 2,4-D." This leaflet contains information on the type of 2,4-D to use and how it should be mixed. Also, it tells when and how to apply the spray materials for the most effective control. For a free copy, see your local county agent. Just ask for Extension Leaflet 357.
