Army Worm Unpredictable

Lafayette, Ind.—As a result of two successive years of armyworm outbreaks, many farmers are inquiring regarding the prospects for 1955, and the possibility of making treatments in advance of their appearance. J. J. Davis, head of the entomology department of the Purdue University agricultural experimental station, says that it is not possible at this early date to determine the importance of armyworms this year nor is it practical to treat in advance of their appearance.

Davis points out that the reason for the outbreaks in the spring of 1953 and 1954 was due to cool weather which permitted armyworms to develop, but was too cool for the parasites, which normally hold the armyworms in check, to develop. In other words the abundance of armyworm moths this spring is no criterion to base a prediction. On the other hand if a period of two or three weeks of below normal weather is experienced, an outbreak can be anticipated.

Armyworm moths prefer to lay their eggs in rank growing vegetation, such as field borders, ditch banks, and grain. If weather is favorable for the army worm, it is suggested that the soil surface in rank vegetation be examined. If there is evidence of the presence of armyworms, it should be advisable to spray such places with toxaphene or dieldrin before the worms migrate to cultivated crops.

Airplane applicators and insecticide dealers are carrying good stocks of these insecticides for emergencies, says Davis. For further details get mimeograph E-57 from your county agricultural agent.

A wastebasket in each room of the house may be an ornamental accessory as well as a time and step saver, suggests Miss Vanis Deeter, extension home furnishing specialist at Purdue University. The decorative theme and color scheme may be continued in the color of the wastebasket.

Before plowing or spading the garden, broadcast from 7 to 10 pounds of commercial fertilizer over 100 square feet of area. The Horticulture department at Purdue University says a 3-12-12 or 12-12-12 analysis may be used.

Mental Health Campaign Starts

Indiana Mental Health will launch their campaign this week to raise \$300,000 to finance a service, education and research program in Indiana. The kick-off dinner was to be held at Indianapolis this evening.

Last week, at French Lick, at the Indiana Federation of Women's Clubs Convention, Mrs. Russell Smith, Warsaw, Kosciusko county federation president, was awarded a copy of, "The Mind Alive," written by Robert and Bonaro Overstreet. Mrs. Smith recruited 314 paid memberships from Kosciusko county for the Mental Health Association. This was more than any county in the state. These women were contacted through members of the Federation of Clubs. However, any other person in other clubs or organizations may join.

Mrs. Paul Ringer, Warsaw, is to head the county fund campaign. Mrs. Ringer states her team of township chairmen expects to mail thousands of letters to the county. The goal is \$3,000. This is a pioneer effort. Mrs. Ringer hopes community response will be in proportion to the vital need for service to victims of mental illness, education of the public to the facts of mental health and research in the field of mental diseases.

Mrs. Emma Underhill, Mrs. Omer Morrison called on Mrs. Garrie Rose Thursday afternoon.

Mentone Defeats Etna Green In Track Meet

On Monday evening on the local track field, the Mentone varsity defeated the Etna Green team, 49-42. The meet was decided by the last event the 880 yard relay. McKinley scored well for Mentone winning the 100 220 and placing second in the high jump. Clabaugh was outstanding for Etna with firsts in the high jump, pole vault, and a second in the broad jump. This Friday the local thin-clads will end the season at Leesburg. The high school record thus far stands at four victories and two defeats. In the Kosciusko County Meet last Friday at Syracuse the Junior High team scored 17½ points for fifth place. Bad luck in the 440 relay probably cost the boys a much higher standing. The Junior High team closed the season with no defeats in regular competition.

Mentone Students Enjoy Annual Picnic

On Tuesday evening, 117 Mentone High School students and eight teachers enjoyed an outing at Tippecanoe River State Park near Winamac. The pupils made the trip in three buses driven by Mr. Webb, Mr. Hedington and Mr. Hoogenboom. A bountiful picnic lunch was a main attraction. Preceding the evening meal, pupils enjoyed games, hikes and mushroom hunting. A program followed the supper hour. The members of the faculty pre-

sented the play "And the Light Went Out". Various members of the student body presented musical selections and skits. The group returned to Mentone by 9:00. This project was planned and carried out by the members of the Student Council.

High School Students

Completing Pre-enrollment Those student planning to attend Mentone High School next year are filling pre-enrollment cards listing subject preferences. The cards require the signature of one of the parents and the class sponsor. May 4 has been set as the deadline for returning the cards.

Music Department To Present Festival

On Friday evening of this week members of the music department will present a program of music in the gymnasium. The program will feature special numbers by the school band, the girl's chorus, and the junior high chorus. Tickets have been on sale this week.

Mentone Teachers To Hold Party

Members of the Mentone School faculty will hold a dinner party

at Petrie's Wagon Wheel on Thursday evening. This event has been planned by members of the Social committee with Mr. Weiss and Mrs. Hoffman as co-chairmen. On Monday evening the teachers met in the school library to make final plans for the closing of the school year. Final exams will be given on Tuesday and Wednesday, May 17 and 18. Report cards will be mailed on May 20, officially the last day of the 1954-55 school year.

Second Grade Pupils Planning Train Ride

The fifty five pupils of the second grade are planning to take a train ride on Friday, May 13. The group will leave Warsaw at 8:40 a. m. for Plymouth, eat lunch at the Plymouth park, and return by cars in the afternoon. The trip is being planned and sponsored by the teachers, Miss McFarren and Mrs. Folk with the help of several of the mothers.

Mrs. Minnie Anderson had the misfortune to break her ankle last week.

Baby Shower

Mrs. Richard Dickerhoff, of Mentone, was guest of honor at a baby shower held Saturday night, April 30, at the home of Mrs. Worden Perry of Beaver Dam. Hostesses for the event were Mrs. Kathleen Groninger and Miss Martha Drudge.

A large crepe paper stork topped a large box, decorated to resemble a chimney, which held the gifts.

Two contests were held in which telegrams were written to Mr. Dickerhoff and clothes pins

were dressed up to look like a baby.

Delicious refreshments of green jello pie, topped with a miniature baby, and pink punch were served to the following ladies present; Mrs. Alden Jones, Mrs. Loraine Oppe of Akron, Mrs. Carl Heisler of Warsaw, Mrs. Ernest Thompson of Kuhn Maple and Mrs. Harold Smythe of Mentone, Mrs. Paul Heckamen of Bremen, Mrs. Frank Sparrow and Mrs. Lewis Klinefelter of Etina Green.

Gifts were sent by the following who could not attend, Miss Mary Drudge of Beaver Dam, Mrs. Gerald Ballenger of Mentone and Jay Maple of Mentone, Mrs. Donald Roger, and Russell Ring of Claypool and Mrs. George Sparrow and Robert of Atwood.

Free Trip To Old New Orleans

Seventy-eight free trips to the National Junior Vegetable Growers Convention in New Orleans, La., December 11-15, are available to Indiana boys and girls interested in vegetables, according to Roscoe Fraser, extension horticulturist and W. R. Amick, of the 4-H staff at Purdue University.

Winning individuals and teams in vegetable judging at the Indiana State Fair September 5, the Purdue Vegetable Judging Contest September 24, and the Northern Indiana State Muck Crop Show Vegetable Judging October 24, will receive the New Orleans trip. Top winners in dem-

onstrations of vegetables in use, production, marketing, and soils, at the State Fair, August 31 and September 7, and all coaches of winners will also get the award trip.

Vegetable garden training is good training now and throughout life for Hoosier young folk. The training is a good project for any Indiana community, and local communities are urged to encourage young people to participate in the competition offered.

Last year 1290 girls and boys took part in the Purdue Contest. This year's goal is 1500.

Common Names For Modern Fungicides

Considerable confusion exists among the farmers, growers, county agents, and others who

try to keep up with the rapid development of new organic fungicides. The chemical names of these new compounds are difficult to remember and pronounce. In some cases, the same chemical has been manufactured by several companies and is distributed under several different trade names.

To help eliminate some of this confusion, the department of botany and plant pathology at Purdue University has prepared a mimeograph on the identification of modern fungicides. Common names, chemical identities trade names and major uses of the newer fungicides are listed in table form.

Copies of this publication may be secured at the county extension office or by writing to the office of Agricultural Publica-

A good hay or pasture seedling in oats is eight pounds alfalfa, one-fourth pound of Ladino Clover, and four pounds of brome grass, southern type, says the agronomy department at Purdue University. If left longer than two years, use Ranger or Buffalo alfalfa. Brome needs high nitrogen and high fertility soil. Under less favorable situations use orchard grass or timothy in place of brome.

Club Meets

Country Neighbors Club met

recently at the home of Mrs. Wilbert Utter.

The meeting was called to order by the president, Mrs. Joe

Peterson. The club song, "America The Beautiful" was sung in unison; also repeated in unison were the pledge to the flag and the creed.

Meditation was given by Mrs. Arlean Walters. She selected two poems, one entitled "Believe In Yourself", the other, "God Is."

The Safety Lesson, "Hazzards In The Medicine Cabinet," was given by Mrs. Howard Chamber-

lin. Some precautions were: Keep cabinet locked, use proper dosage, be sure and read labels before using medicines. Keep poisons out of reach of small children. Moth balls are poisonous; also match tips.

Roll call was answered by giving "Gardening helps." Donations were given to the cancer fund and pennies for Friendship. Mrs. Wilvin Long reported \$19.50 col-

lected for the Red Cross.

The lesson "Roadside Care, Better Driving: School and Playground Safety" was given by Mrs. Leroy Norris and Mrs. Howard Chamberlain. Some of the following were suggested: Help to make driving more pleasant by not littering highway. It is against the law you know!

Be a courteous, alert driver; "Courtesy Curbs Crashes." At a speed of 40 miles per hour your car travels 132 feet after brakes are applied. At 70 miles per hr. 347 ft. is the shortest stoppage. "The Life You Save May Be Your Own."

A five acre plot should be provided for school playground for schools of 500 pupils and an additional acre for each hundred over that number. School playground play should be supervised by the teachers.

Auction high bidders were Mrs. Peterson, Mrs. Long and Mrs. Utter. Those receiving Secret Pal gifts were Mrs. Norris, Mrs. Peterson and Mrs. Pfeiffer.

Mrs. Allen Herendeen received the door prize and Mrs. Zent was winner of the contest.

Delightful refreshments were served by the hostess, Mrs. Wilbert Utter. The next meeting will be held at the home of Mrs. Joe Peterson.

Mr. and Mrs. Dale Robinson and children, from Hobart, spent the week end with Mrs. Robinson's mother, Mrs. Olive Frye. Mrs. Nathalia Black, of Valpariso, came with the Robinsons.

A tip from the Veterinary department at Purdue University says to castrate male pigs while they are young, using a clean sterile knife. Make the incisions low and keep the pigs out of mud holes for a few days following the operation.

\$66.50 Donated For Grave Markers

Dear Art:

Since your article proposing a marker for Mr. and Mrs. Edward Mollenhour I have been given \$66.50 for this purpose. Quite a large portion of this has been given by former residents of Mentone who knew of his work and interest in making Mentone a better town in which to live.

The following quotations are from some of the letters: "I am enclosing a small gift for this worthy cause. I remember him down on his knees putting in the paving brick by the telephone office. He is worthy of this movement."

"I am enclosing a check for the marker for Mr. and Mrs. Ed Mollenhour. I remember how we kids used to pester him. Success to the undertaking."

I know that quite a number of our citizens have no memory of this man and wife, however, they were both good citizens and deserve a tribute from the people of Mentone.

Although you may have never known him if you live in Mentone you are enjoying the fruits of his labor and should help with this undertaking.

If you are contemplating a gift for this marker will you please take care of it in the near future as we are anxious to have it completed.

Sincerely,
MAHLON O. MENTZER

Newcastle Township Farm Bureau Meets

The Newcastle Township Farm Bureau held their regular meeting in the Talma High School Community Building on Wednesday evening, April 20 at 8:00 p.m.

The meeting was opened by the chairman, Floyd Tipmore. Mrs. John Dawson led the group in prayer. The secretary-treasurer's report was read by Mrs. Don Nichols.

Herb Carlile gave a talk on the addition to the Woodlawn hospital at Rochester and asked the members of the Farm Bureau if they would be interested in helping to furnish a donation.

Wilmer Burrous, state field man for the Farm Bureau, gave an interesting talk.

Mr. Burrous' talk was followed by an amateur program consisting of a ladies quartette; a tap dance by Master David Tipmore; piano solo by Miss Marilyn Rathfon; vocal solo by Mary Ann Tipmore; vocal solo by Miss Patsy Hunter; Instrumental trio by Larry Mikesell, Bob Jordan and Bob Deamer; vocal solo by Gene Kock.

Following the amateur program Mrs. Kermit Biddinger and Mrs. Floyd Tipmore conducted two clever contests. Mrs. Robert Shaffer and Mrs. Ira Goss, of Rochester and Mrs. Oren Conrad, of Richland Center, were the judges and they picked the following winners: First prize, Miss Patsy

Hunter and second prize, Master David Tipmore. The two winners will go to the County Amateur contest to be held in Akron, in June.

Talma Mother—Daughter Banquet

The W. S. C. S. Ladies of the Talma Methodist Church will hold their annual Mother and daughter Banquet in the Church dining room on Thursday evening May 5, at 6:30, with a pot luck supper.

The lesson title is as follows: "Be Ye Doers Of the Word."

Mrs. Arlene Walters is in charge of the Worship Program.

The program committees is as follows: Maude Montgomery, Mrs. Mable Miller and Mrs. Gertie Deward.

The Hostesses are: Mrs. Ruby Good, Mrs. Celia Grove, Mrs. Lavera Utter, and Mrs. Ann Staldine.

Talma P. T. A. Elects Officers

The final meeting of the Talma P. T. A. was held in the high school community building, Tuesday evening of last week with the president, Mrs. Lena Eaton, in charge.

The meeting was opened with the group singing led by Mr. Kenneth Schultz after which all repeated the pledge to the flag

in unison. The Devotions were given by Rev. Ruburg of the Talma Christian Church.

The secretary and treasurer's report was read and approved. Mr. Mallot then gave the hot lunch report and reported that the first and second grade children had received the polio shots Monday.

New officers for the coming year were elected as follows: Chairman, Mrs. Frank Newton; Vice-chairman, Mrs. Martha Hoffman; Secretary, Mrs. George Deamer; and Treasurer, Mrs. Lena Barkman.

The program committee then presented a very entertaining program consisting of: Two vocal solos by Paul Lavengood of Rochester, a tap dance number by Miss Linda Lukens, followed by Robert Peterson showing pictures

he had taken in Japan and Korea while he was on duty in those countries.

Mrs. Elvin Teel is much better and is able to be back at the telephone office again.

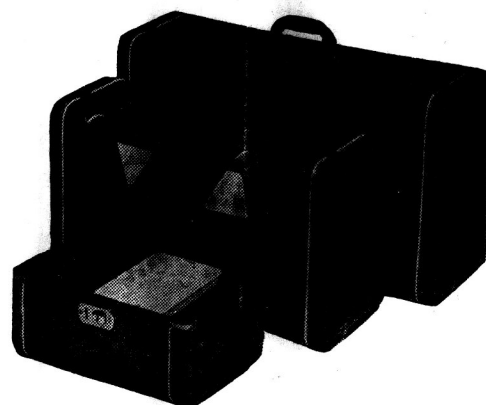

Mrs. Alta Mollenhour spent Monday at the home of Miss Kathryn Bunch of near Talma.

Mrs. Corbin and lady friends of Warsaw called on Mrs. Alfred Teel Thursday afternoon.

Oven-Barbecued Chicken

Preparing oven-barbecued chicken is real fun for Patricia Blake, Hollywood starlet who grew up in the Southwest where barbecues have long been a social custom.

Patricia makes a fine art of barbecuing chicken at home, excelling in each performance just as she does in a coming Warner Brother production, "The McConnell Story."

People from coast to coast will share with her the pleasure of barbecuing chicken in May, for the nation's largest spring crop of broiler-fryer chickens in

many years is expected to be marketed May 11-21.

Whether you barbecue chicken "Texas Style" as Patricia does in Dallas, or "a la U. S. A.," you will delight in using this barbecue sauce:

"Coast-to-Coast" Barbecue Sauce

- 1/2 teaspoon pepper
- 1 teaspoon salt
- 1 medium onion, grated
- 1 teaspoon prepared mustard
- 2 teaspoons sugar
- 2 cans (6 oz.) tomato sauce
- 1 cup vinegar
- 1 tablespoon Worcestershire sauce

1/4 cup cooking oil

Blend dry ingredients in saucepan. Add remaining ingredients in order given. Mix thoroughly and heat to boiling. Makes about 1 quart. Barbecues 4 chickens outdoors and 3 indoors. For oven barbecuing, add 1 cup hot water to sauce and pour over chicken halves in baking pan. For barbecuing chicken, duck, goose, or turkey in any of the popular home-type rotisseries, use sauce without adding water.

Could Be Our Last Chance

(U. S. Press Association)

No living American, perhaps, has sworn more often than President Eisenhower to "support and defend the Constitution of the United States", yet, for the second consecutive year, he has expressed his opposition to the Bricker Amendment, which would protect that same Constitution against invalidation by treaties and executive agreements with foreign nations.

Senator Bricker's amendment, after its defeat last year, is again before a Senate Judiciary subcommittee. In its present form, the amendment declares first, that no treaty or foreign agreement shall conflict with the Constitution, and second that either shall be effective as internal law of the U. S. without passage of legislation which would be constitutional in the absence of such treaty or agreement.

President Eisenhower has said he will go along with the first point, but "will go no farther."

On the surface, and especially in view of the opposition stand that there has never been any question of the Constitution standing ahead of any treaties or agreements, it all seems rather confusing.

But the need for the Bricker amendment is not so theoretical when you consider that in 1951

President Truman, on the strength of international agreements, and without the Constitutional declaration of war by Congress, committed American troops to battle—and under the command, not of the U. S., but of the U. N. . . or that, under the NATO Status of Forces Treaty, ratified in 1953, American soldiers on foreign duty are denied their Constitutional protection and turned over to foreign courts on civil charges . . . or that a little more than a year ago our Secretary of State told a press conference that the North Atlantic Alliance and the Rio Pact give the President authority to declare war without asking Congress.

Treaties and agreements, the force of which could not possibly be enacted into domestic law by an American Congress are the sign-posts that are leading us down the primrose One-World path. Now, while the Bricker Amendment is up for reconsideration, is the time for all of us to decide whether we want to go that way . . . and to speak up.

Recommended Sweet Corn Varieties

There are differences in sweet corn varieties and hybrids. Some of the best yielding sorts show a marked degree of tolerance to certain plant troubles and, at the same time, have the top quality. According to W. B. Ward, extension garden specialist at Purdue University, the Golden Cross Bantam, Hoosier Gold, and other popular yellow hybrids have proved satisfactory for the home gardener and the commercial grower.

Roasting ear corn from July to frost is possible by making timely plantings from early May to early July. The Stowell's Evergreen Hybrid and Hybrid Country Gentleman are two white varieties that require a bit longer growing season than the earlier yellow corns.

Sweet corn could be planted two to three grains per hill that are spaced about 30 inches apart or the seed may be dropped at least two rows together, for pollination and the rows could be from 24 to 30 inches apart, depending on the cultural methods used.

When planting sweet corns, select strains that have different times of maturity by using a portion of the two rows planted to 75 to 85 or 90 days to roasting ear condition.

Mr. and Mrs. Jack Miller, Mr. and Mrs. Jim Miller, and son were Sunday guests of Mr. and Mrs. Joe Miller.

Don't leave children or pets in a closed auto during hot weather, advises the Chicago Club, for the temperature can be as much as 25 degrees higher than the temperatures in the sun outside.

500 Or Bust

The Mentone Alumni Association is still planning big things at their "500 or Bust" Banquet to be held May 21.

They plan a very delicious meal with ham as the star attraction. Tickets may be purchased for \$1.75 from any member of any of the various committees so if you as an alumnus want to get tickets in advance just stop someone anywhere in Mentone and chances are he'll be on some committee and will have tickets. If you are shy about meeting strangers I will mention a few who have them. Jackie Blue at the Bank, Kennie Romine at the Post Office, Zanna Hammer, over by Atwood, and Floyd Dorsey at the Country Print Shop.

We figure on having quite a time so if you're an alumnus be sure and plan to come April 21, at the high school gym.

Mrs. Hammer says the chow will be served and you don't have to go after it G. I. style.

Mentone Reading Club Meets

The Mentone Reading Club met at the home of Mrs. Ora McKinley on Wednesday evening, April 27. Mrs. Raymond Cooper was co-hostess.

During the business meeting two new members were accepted.

The incoming president, Mrs. Ralph Mollenhour, named her committees for the next year. They are: program, Mrs. Vance Johns, Mrs. Fred Lemler, Mrs. Artley Cullum; membership, Mrs. Howard Shoemaker, Mrs. Ora McKinley and Mrs. Allen Shirey; flower, Mrs. F. B. Davison and Mrs. Don Bunner; music and art fund, Mrs. Wayne Tombaugh.

The program chairman, Mrs. Chancey Mollenhour, introduced Mr. Rudy Meyer, from the State department of Conservation, who gave a very timely and pointed lecture on Conservation, bringing out the critical need for everyone to face the problem of shortages in the area of natural resources. His remarks were further emphasized by a color film shown following his talk.

MENTONE, INDIANA

We are a bunch of old ladies
Who once stayed home with
our babies
Now we get out and raise old Nick
And will as long as we can kick.

Some of our members have passed on.
In course of time we'll all be gone.
But while we are here, let's have some fun
Eating corn cakes or bubble gum.

Some times we act real silly like
Not many of us can ride a bike
There's no fool like one that's old
At least that's what I have been told.

Of course a real young snip like me
Would not know about that you see
I hear some times they wear men's pants
That does not their beauty enhance.

You can't feed youngsters on corn bread
We much prefer hot rolls instead,
Cinnamon rolls or biscuits hot
For us young folks, they hit the spot.

We still have members two
Two lucky ones who pays no due,
Two of our members we have missed much
One of them had a real live crutch.

Poor Edith, who was sick up stairs
And there she lay putting on airs
She was at that time a real sick girl.

And Eva, too, with the blond curl
Such silly things women do
Dress in odd clothes and
briches too.

To celebrate twenty-one years
Our anniversary, now don't shed tears.

The oldest club in this swell town
Many a change in hat and gown
Yes our club has long been our pride
And will be 'til we all have died.

Some one brought me your Record book.
At ('54.) I chanced to look
I never had such a surprise
I could not believe my own eyes.

(A silent auction) is what it said
No gal is silent until she's dead
Twenty-five women, keeping still?
Not without a sleeping pill.

I'd like to mention each one's name
And guess just why you each one came.
I don't want to take all your time,
Nor wrack my brain making it rhyme.

At last the cat escaped the bag
Who wrote that awful silly gag
About poor Mrs. Rans, at last
Who hopes her troubles are all past.

Some people cannot take a joke
I was scared stiff I'd get a poke
Upon my nose, or my tummy
I'm sure she thinks I am a dummy.

So now I bid you all adieu
Have a good time each one of you.
Wish I was the right age to join
And could get in, without a coin.

Festival Of Spring Opening May 1

Special announcement has just been made by International Friendship Gardens, Michigan City, stating that the "Festival of Spring" will open on May 1st instead of May 8 which was previously scheduled.

"The unseasonal weather has advanced the tulips and everything that gives us that breath of spring more than ten days which has not occurred in the 19 years of the traditional "Tulips on Parade" said J. V. Stauffer, Director of the 100-acre development.

While "Tulips on Parade" display is good for several weeks, the advance opening will permit the public to enjoy the freshness of such out-door show of flowers at the onset, it is for that reason that the show will be open on May 1.

Nineteen years of care and at-

tention and persistent planning has made this one of the six outstanding gardens in America.

It was founded at A Century of Progress in 1934, when some three hundred of the world's leaders in Government, Science, culture and religion from sixty nations were charter members. The Gardens will be open daily until fall.

Lafayette, Ind.—Tufts or pile of most rugs and carpets have a natural slope in one direction. The shading of light and dark results from differences in the reflection of light between the pile areas—which is not a defect—in its smooth slope and its ruffled condition, explains Miss Vanis Deeter, extension home furnishings specialist at Purdue University.

Elected To Community Council

North Manchester—(Special)—Jon Cullum, a freshman at Manchester college and the son of Mr. and Mrs. Artley Cullum of Mentone, has been elected by the campus community as a representative to the Community Council. This group, consisting of 16 students, two staff and four faculty members, is the official student governing body, now in its sixth year of existence at Manchester College.

Replacing the former student council, this body was formed to give the students a closer tie with the administration, and a chance to have a larger voice in its affairs. Four students from each class are represented on the Community Council.

Others chosen to serve on the council were: Juniors — Dick Harshbarger, Bainbridge; Carol Lee Orr, Pierceton; Joan Eby, Rockford, Illinois; and Herbert Domer, Louisville, Ohio; Sophomores—Wendell Meyers, North Manchester; and Marge Thompson, Elkhart; and Freshmen—Jon Cullum, Mentone; and Bob Durnbaugh, Pontiac, Michigan.

Professor Paul Keller, head of the department of speech, and Miss Gertrude Wiebe, dean of women, were chosen to represent the faculty. Mr. David Yeatter, treasurer, was selected from the staff, and Dr. Howard Book, director of student placement, and Dr. Earl S. Garver, dean of the college, were appointed by the president.

Jon has also been nominated as a candidate for election to the Manchester Christian Association cabinet. From a list of 14 students, seven will be chosen as the result of an all-school election.

Mr. Russell McFadden spent Thursday and Friday with Dr. and Mrs. O. L. McFadden and daughters.

Mr. Gerald Romine is sick with pneumonia.

Methodist News

On Sunday, April 24, Mr. and Mrs. Velamati Sreesuryanarayana Murthy of India were guests for the worship service and study classes. Mr. Murthy lauded America as a land of opportunity and a people generous and unspoiled by their wealth and power. He paid tribute to the ingenuity and industry of the American people and to their willingness to be of help to India when she was in need of financial aid to establish herself as a nation following her independence, and the disasters of drought and flood and famine.

His presence in this country is to learn techniques and methods by which they may continue to best help themselves, as there is a dearth of skilled and technical man-power. The startling realization of the expanse of our industry and agricultural programs brought forth superlative comments. The contrast of the poultry industry in our communities with that in India is of prime importance for the presence of Mr. Murthy at Creighton Brothers. He has come on his own initiative and without support of governmental agencies.

Mrs. Murthy received many comments of admiration on the beauty of her home-spun and hand-woven garments, and although unable to speak English fluently, was able to understand most of the conversations, and make brief comments. The friendliness one feels in visiting with them gives hope that the work of United Nations and good will interests may be successful when we in our churches take time to be better acquainted with friends across the seas.

On Tuesday, May 10, the Ministers and Laymen of the Warsaw District will meet in the Methodist Church here for the annual District Conference. Local residents desiring reservations for the noon meal must inform the Pastor no later than Sunday noon. The Rev. John Hunt, missionary to India, will be the speaker. Mr. Hunt recently addressed the youth of this Sub-District at Pierceton. This meeting is the final Settlement Day prior to the Annual Conference which will be held at Muncie, May 25-29.

A planning meeting of workers in the Vacation Bible School was called on Monday evening by Mrs. Harold Utter, this year's Director of the Bible School. The dates of May 23 through June 3 were re-affirmed and the selection of texts and resource materials made. The Cooperative Texts recommended by the Indiana Council of Churches were chosen.

Mr. and Mrs. Rex Yazel and daughters had a fish supper at the home of Mr. and Mrs. Everett Rookstool Thursday evening.

Mr. and Mrs. Norman Teel of Rochester spent Sunday with their mother, Mrs. Alfred Teel.

Sale Of 4-H Fed Cattle Show Profit

The first sale of commercially fed 4-H beef cattle in Northeastern Indiana was held Monday, April 25, as part of the regular auction of fat cattle at the Producers Market at Biggs. These were part of the cattle fed under a new program for older 4-H boys sponsored jointly by the Albion Production Credit Association, Producers Marketing Association and the county agricultural agents in the eight counties in Northeastern Indiana.

The project provides for the selection and purchase of at least five cattle of a grade suited to the feed supply and preferences of the club member under the guidance of his father. The program was initiated last fall with a demonstration of several dif-

ferent grades of feeder cattle at the Briggs Market and a discussion of correct adaptation and feeding methods of each of these grades to the individual farm setup.

The feeder cattle selected ranges in price, according to grade, from \$11 per cwt. to \$21.75 and sold Monday from \$15.60 to \$25.60 per cwt., giving the boys a moderate profit in most cases.

In a special demonstration held prior to the sale Monday morning each boy drove his cattle into the auction arena and gave the feeding history of his cattle, methods of feeding, and cost of gains which was obtained from a record card kept during the feeding period. Assisting in the discussion was M. Paul Mitchell of the Purdue Agricultural Extension Service, who also gave a summary of various feeding methods used in experimental

trials in recent years, and a brief summary of the current cattle feeding situation.

Upwards of two hundred cattle remain on feed by boys in the project in the eight counties. Most of these will be sold in a second special sale to be held at the Briggs Market in late September.

Brent Widman and Rex Warner of Pierceton sold cattle in this weeks sale. Sixty head of cattle are still on feed in Kosciusko County for the fall sale.

Poppy Day May 21

Again on POPPY DAY, May 21, members of Mentone Unit American Legion Auxiliary will be selling poppies on our streets.

All funds received from Poppy Day are used for the disabled veterans of W. W. I, W. W. II, and the Korean Conflict in our hospitals, and for the orphans of veterans at Knightstown Home.

The poppies which will be sold on our streets are all made by the disabled veterans in our hospital at Marion, Indiana.

Please don't forget our sick and disabled veterans and orphans. **GIVE GENEROUSLY.**

The poppies are crepe paper replicas of the famous Flanders' Fields Poppy, the little wild flower which grew on the battle fields in Europe.

We hope everyone understands the meaning of the poppies and will pin them over their hearts on Poppy Day as a proud tribute to those who gave their lives for America.

Rural Mail Box Improvement Week Coming

The Post Office Department has permanently established the third week in May of each year as Rural Mail Box Improvement Week. The campaign for 1955 begins on May 16 and extends thru May 23.

The week is an opportunity for rural patrons to properly locate and improve their boxes. It is a project which is of prime concern to rural carriers in that mail service is definitely improved when service is performed for a patron who has a mailbox properly located and erected, and with an approach which is free of ruts and obstructions. It is also a decided improvement for the patron in that better and faster service can be rendered.

In addition, a well placed and painted rural mailbox is a credit to every member of the community, for Rural America is oftentimes judged by her millions of rural mailboxes which can, with little effort, present a pleasing monument to a great postal service.

It's in the springtime when a mailbox seems to really show the struggle it has had with the problems of winter weather in this northern climate. The approaches may still show the deep cuts of auto tires during wet or rainy weather, the supporting posts are loosened by frost, and last summer's fine coat of paint has yielded to the weather.

Mentone School To Graduate Thirty-two

One of the largest classes to graduate from Mentone High School will receive diplomas on Tuesday evening, May 17, in the school gymnasium at the sixty-second Commencement Exercises. The school has selected Keith Y. Carper, Principal of the South Whitley Schools, to deliver the Commencement Address. He will speak on the subject "Building for the Future." Mr. Carper is Chairman of the Northeast District Teachers' Association. He has recently accepted the position as Superintendent of the Ligonier Schools. A graduate of Manchester College and Indiana University, Mr. Carper has also studied at Purdue and Butler. Frank Manwaring, Senior Class President, will introduce Mr. Carper.

Mary Constance Doyle, daughter of Mr. and Mrs. Bernard Doyle, of R. R. 5, Warsaw, is Valedictorian of the Class of 1955. Miss Doyle will speak at Commencement Exercises on the topic "Living in the Building". Two seniors have tied for second place honors. They are David Gosser, son of Rev. and Mrs. David Gosser of Mentone and Larry Joe McKinley, son of Mr. and Mrs. Ora McKinley of Mentone. Both will represent the class with short talks at Commencement. Other students finishing with high scholastic averages were William Nellans, Sue Ann Lackey, Sheila Fitzgerald, Larry Boggs, Jalaine Smythe, Marita Tucker, and Frank Manwaring.

Music for the Commencement program will be furnished by the school band. Rita Olson will play the processional, "Pomp and Circumstance". Rev. Albert Rider of the Burket Parish will give the Invocation. Benediction will be pronounced by Reverend Ralph Hoffman. Mr. Delmer Bunnell, Class Sponsor, will present the Senior Awards. Mr. Walter Kent, Principal of the Mentone School, will present the class and Mr. Earl Boggs, Trustee, will award the diplomas.

Senior Sunday Services will be held in the school gymnasium on Sunday evening, May 15, at 8:00. Reverend David Gosser of the Mentone Methodist Church will deliver the Sermon. Mr. Leslie Grant of the Church of Christ will give the Scripture.

Scores Highest In Swine Judging

Ed Severns, prominent Duroc swine breeder, of east of Mentone, came home with two fine trophies from the Duroc Swine Day held at the Fuller Farms, near Shelbyville, Saturday. Mr. Severns scored 198 out of a possible 200 in judging in four classes: Men's division, women's division, 4-H team and 4-H individual.

The event, sponsored by the Duroc Association, involved only hogs at the Fuller Farms, and individuals were given an opportunity to compete in the judging. Ed's only slip, in the minds of the official judges, was that he reversed placings on the second and third place hogs in one division.

Reports \$82.00 In Marker Fund

M. O. Mentzer reports that he now has a total of \$82.00 in the fund contributed to erect a suitable marker at the graves of Mr. and Mrs. Ed Mollenhour.

Mr. Mollenhour was at one time an employee of the town and reportedly did much to help make Mentone such a fine town.

BURKET JUNIORS TO SERVE CHICKEN SUPPER

The Junior class of the Burket High School is sponsoring a chicken supper to be given at the gym on Saturday evening, May 14th. Serving starts at 5:30.

13 to Graduate At Beaver Dam

Thirteen seniors will graduate at commencement exercises to be held in the Beaver Dam gym on Friday evening, May 20th. Laura Adams will be salutatorian and Darleen Daugherty, valedictorian. Others in the class are: Julia Clinker, Diana Creakbaum, Karen Heighway, Carol Rathbun, James Cumberland, Donald Golden, Lester Horn, Gail Johnson, Kenneth Kelley, Richard Miller and Kay Riner.

Baccalaureate services will also be held at the gym on Sunday afternoon, May 15, at two o'clock. Rev. David Gosser will be the speaker.

Dr. Urschel In Chicago

Dr. Dan Urschel is in Chicago today, attending the annual meeting of the National Brucellosis Committee, in session at the Congress Hotel. Dr. Urschel is the American Medical Association representative on this committee. Prior to his specialty work in Heart Diseases, he was very actively interested in the problem of undulant fever and is the author of numerous medical articles on the subject. In addition to this national appointment, he serves as representative of the State Medical Association on the Indiana State Brucellosis Committee.

"500 or Bust" Alumni Reunion May 21st

The Mentone Alumni Association of the Mentone High School announce their coming "500 or Bust" Banquet May 21, at 7:00 p. m. Besides the supper the Association has planned a very interesting and enjoyable evening of entertainment.

The committee reports that the planned menu for the banquet dinner includes ham, escalloped potatoes, mixed vegetables, combination salad, rolls and butter, iced cakes, ice cream, coffee, etc. In addition to its banquet value, mealtime will be a grand opportunity for old grads to get acquainted once again.

During the evening meal the Leckrone Family will entertain

the prospective 500 or more alumni.

Banquet tickets are \$1.75 and reservations are urged. Tickets can be secured from any member of the alumni at Mentone.

One of the first reservations, we are told, was from B. J. Harrison, an attorney from Indianapolis and a member of the class of 1903.

After the meal music will be furnished by the Bob Richmond Orchestra, of Warsaw. This orchestra is known as "The Esquires."

The master of ceremonies will be Robert Nelson of Iowa. Most of the Alumni of Mentone in (Continued on back page)

Control Apple Scab For Better Fruit

Who wants to eat a scabby apple? Scab damages more apples in the home orchard than any other disease. It can, however, be easily controlled.

Apple scab is caused by a fungus that lives through the winter on last year's fallen apple leaves. In the spring, just as the apple buds start to open, spores are shot into the air after every spring shower. These spores are carried by air currents to the young apple leaves, where the infection begins. Leaf spots appear late in May and turn black as the season progresses. Scab spots appear as rough dark green areas on the end or side of the fruit, causing it to become misshapen, dwarfed, cracked, and unattractive.

Knowing the life cycle of the disease makes it easy to control. Rake up all fallen leaves under the trees in winter and burn them. Prune out crossed limbs and sucker growth to open up the tree for the most important step in scab control—spraying with a general purpose fruit spray when apples are in early bloom, and spray every week until June 15. Use a minimum of 4 sprays. General purpose fruit sprays are available at farm and garden supply stores under a variety of trade names.

Use Safety Measures With Pest Controls

The home gardener and commercial grower of both vegetables and fruits are urged to use every safety measure with the use of the various insecticides. Some of the so-called "non-poisonous" pesticide materials used in the garden or orchard may be harmful to certain people, says W. B. Ward, extension garden specialist at Purdue University. The controls are for the diseases and insects.

All sprays or dusting chemicals should be stored in a dry place on a shelf high above the floor away from children. When a package has been emptied, destroy the package by burning those which are of a disposable nature. The information printed on the

containers should be followed for safety's sake and the applications of the controls should never be left to irresponsible people. A good operator applies the proper remedies when they are necessary and avoids damage to humans and plants.

Merry 4-H'ers Meet

May 4th, the Mentone Merry 4-H'ers met at the home of Sandra Barkman. We voted to have a bake sale at Lemler's Market on May 21. A committee of 3 girls was selected to give a demonstration on July 8th and July 18th at the demonstration contest. Sharon Horn, Patty Boggs and Danya Creviston were selected. A demonstration is being given at our next meeting by a few members. Miss Sharon Clark was a guest.

R. N. A. MEETS

The Royal Neighbors met in the home of Snowden Halderman last Tuesday evening. The meeting was opened by the Oracle with the pledge to the flag and the Devine Blessing by Neighbor Borton. The Oracle then conducted the regular meeting, we decided to not meet during summer months, but members must get their dues to the Recorder each month. Names of our deceased members were given us, to be remembered on Decoration day with our colors of purple and white, Mystery package was won by Neighbor Davis.

The meeting closed with prayer. The social hour was spent playing crazy bingo. The next meeting will be in September, and the hostess served delicious refreshments.

Seed Treatments Protect Corn

Corn seed can be protected from certain insect pests by application of an insecticide at planting time, according to George E. Gould, research entomologist Purdue University. Damage from wireworms, seed-corn maggot, and corn-seed beetles, principal insects attacking the germinating seed, will be more severe in a cool wet spring when germination is slower. Injured seed will fail to germinate or the seedling will usually die if the germination does occur.

Two insecticides used for treating corn seed are dieldrin and lindane combined with a fungicide to protect the germinating seed from soil rot organisms. The preferred method of seed treatment is to fill a tight container, such as a metal drum, about half full of seed and sprinkle in the seed treating mixture. The container can then be rolled or shaken until each kernel of corn is coated with the powder. Gould cautions, wash hands before eating if the powder comes in contact with the skin.

Many corn growers prefer to add the insecticide mixture directly to the planter boxes, although this method may not cover each seed perfectly. It

would be advisable to mix the seed and insecticide mixture in metal buckets or tubs before filling the boxes for the 1st time. After that the seed and mixture can be added to the boxes and stirred with a stick.

Cost of seed treatment, according to Gould, will be 14-20 cents per acre, and could economically be used every year as a precautionary measure. However, if a high population of wireworms is present, the use of a broadcast treatment where the insecticide is scattered over the entire field or a band treatment where the insecticide is applied with fertilizer as a band on either side of

the corn may be advisable.

For full details on seed treatment, or on the broadcast, or band treatments, write to the department of entomology, Purdue University, Lafayette, Indiana, for Mimeos E-29 and E-49.

Space Potatoes Close Together

A darkened center portion of a potato, which oftentimes disgusts the homemaker especially when the potatoes are mashed, is called "hollow heart". According to W. S. Ward, extension garden specialist at Purdue University, the dark center is not a disease but a condition that develops in the potato when the tuber literally outgrows itself.

When the inner portion of the potato fails to develop as rapidly as other parts of the potato, center cells are ruptured, thus causing live growth cells to become broken, to separate and to turn brown in color.

Although some of the larger potatoes have "hollow heart", the size of the potato does not always indicate the condition.

"Hollow heart" condition of potatoes may be controlled by close spacing of the potato seed-pieces in the row. Fertile soils will produce good yields of marketable potatoes when the hills are 8 to 10 inches apart in the row. On less fertile soils, space the potato seed from 10 to 14 inches. Row spacing could vary from 28 to 32 inches in width.

duced the members of the cast, Mrs. William Cair, Mrs. Carl McHugh, Mrs. Eugene Eagle, Mrs. William Hollar, and Mrs. B. J. Johnson.

Eba Bayne took sick Saturday but is some better at this time. He is with his son Donald Bayne and family in Warsaw.

In Flanders' Fields

By Colonel John McCrae

In Flanders' fields the poppies blow
Between the crosses, row on row,
That mark our place: and in the sky
The larks still bravely singing fly,
Scarce heard amidst the guns below.

We are the dead.
Short days ago we lived, felt
dawn, saw sunset glow,
Loved and were loved and now
we lie
In Flanders' fields.
Take up our quarrel with the
foe,
To you from failing hands we
throw
The Torch—be yours to hold it
high; If ye break faith with us
high;
If ye break faith with us who
die.
We shall not sleep, though pop-
pies grow
In Flanders' fields.

War Mothers Meet May 9th

The Mothers of World War No. 2, Unit 106, Mentone, met Monday evening May 9th, 1955, at the home of Ethel Wagner for their regular monthly meeting with 25 members and two guests present. The meeting was called to order by the president, Mildred Fawley.

The meeting was opened by presenting the flag and pledging allegiance and singing one verse of our national anthem, followed with prayer by the chaplain. The secretary and treasurer's report was read and approved. Communications were read. Plans to go to Fort Wayne Veteran's hospital were discussed. District meeting is to be held May 19th at Galveston. Several are planning to go. Pauline Ols, the dis-

trict president, gave a talk giving us praise of the way we conducted our meeting. Hope Jordan from South Bend, Unit 128 gave us a talk telling us of means of making money for the good our Unit called club service.

We will have Dad's and guest night, June 13th. The committee members are Blanch and Maude for entertainment, Myrtle and Bernice for decorations. All bills were allowed. The club voted to pay insurance on hospital equipment. \$5 was paid to cancer fund. Mary Barkman, Bertha Meredith, Laura Vandermark, Cecil Tucker, Blanche Paulus, Mildred Fawley, and Elenor Coplen paid 3 months donations; Alta Hudson her six month donation. Bernice Rush and Ethel Wagner gave their birthday offering. Mr. Hill gave donation for use of wheel chair and Mr. Whittenburger for use of bed. Mr. Zent for use of crutches. The meeting was closed by giving "Mother's Creed" and singing one verse of "God Bless America." Prayer was offered by the chaplain. Refreshments were served of ice cream and cake by the hostess in keeping with her birthday. She was assisted by her daughters, Dorothy Jacks and

Laura Vandermark. She also received several nice gifts.

DO YOU RECOGNIZE THE FARM PICTURED BELOW?

MAY 11, 1953

Here is another picture in the second series of farm photos to be printed in the Co-Op. News.

The pictures were taken by the Zekan & Robins photographers, Harlan, Iowa, and are all of farms in the Mentone trading area. The pictures are not identified and it will be up to the owners or neighbors to notify this newspaper office. The pictures were taken by airplane and not even the photographer knows one from the other. It will be interesting to see who is the first to identify the pictures each week. Phone Mentone 38. We will endeavor to publish the names of each person correctly identifying the pictures each week.

The farm owner will be given the original 5 x 7 mounted picture absolutely free of any cost. All we require is that the operator himself come to our office and give us a little information about the farm, its operation, etc. Additional prints, colored enlargements, etc. can be obtained by contacting this newspaper.

Farms Identified

Mr. and Mrs. Leroy Wise live in the farm pictured in our last issue. The farm is owned by Mrs. Dow Epler, of 205 E. Alexander, in Plymouth, and is located one mile east, a half mile south and another mile east of Tippecanoe. It consists of seven acres.

Mr. and Mrs. Wise have lived on the farm the past three years and Mr. Wise farms the place owned by his father-in-law, Pat Kehoe. There is 180 acres in the Kehoe farm. "Bud", as he is better known, also farms the for-

mer Marcus Burkit farm, owned by Lillian Harrison.

Mr. and Mrs. Wise have two children, James, aged two, and Cynthia, who is one year old.

Those who identified the Epler farm were: Mrs. Glen Cole, Mrs. John Grubbs, Bonnie Warren, and naturally, Mrs. Wise and Mrs. Epler.

Max Montel was in one day recently and received his free picture of his farm pictured in our issue of April 27th. The farm is located four miles east of Burket. General farming is done on the 100-acre place where Max and his wife, Nellie, have resided almost ten years. They have two children: Linda, aged one, and Steven, 9 years, who attends the Burket school.

Thank You

The Council for Retarded and Cerebral Palsy children of Kosciusko County wishes to thank all the organizations and individuals who have given so generously to make this school year a success.

We hope you will continue to see the need for this school in the coming years, and continue to back us up to your fullest extent.

The oncoming officers and former officers wish to personally say thank you to everyone who has been so generous to this worthy cause.

Again many many thanks from each member and especially the children in this school.

SCHOOL NEWS

Semester Exams Scheduled

Members of the Senior Class will take their semester exams this Thursday afternoon and Friday morning. Seniors will present the Class Day program on Friday afternoon in the gym at 1:30. The other Mentone pupils will take final exams on Tuesday and Wednesday of next week. Pupils will have a complete day of school on Wednesday, but will not return on Thursday or Friday. Report cards will be mailed again this year.

Music Program Well Attended

The annual music program given by the Mentone School Band and Chorus last Friday evening was well attended. Receipts amounted to over \$84. The first part of the program consisted of numbers by the band. During this portion of the program the senior band members were honored. David Gosser as student director led one number. Following the band concert, the 21 pupils in the junior high chorus sang three numbers. The concert, concluded with several selections by the high school girls' chorus. Marita Tucker sang a solo as part of this portion of the program.

Pre-School Pupils Attend School On Wednesday

Over forty boys and girls who will be first graders next year attended school on Wednesday to get a sample of what school is like. The regular first grade was given the day off "with pay". The pre-schoolers were given opportunities to hear stor-

ies, color pictures, see educational films, have music class, and learn the arrangement of the room. They were served lunch at the school free of charge. The purpose of such a day is to help orient children to the school so work will be easier for them next September. This plan was started four years ago at Mentone.

Second Graders To Take Train Ride

The fifty-five pupils in the second grade will be given a chance to have the experience of a train ride and a picnic at the park on Friday. Under the supervision of Miss McFarren and Mrs. Folk the boys and girls will journey to Warsaw in buses driven by Albert Tucker and Sylvester Hedington. From Warsaw the pupils will ride the Pennsylvania train to Plymouth. They will spend the noon hour at the Park and return to Mentone in the afternoon in cars driven by some of the room mothers. In preparation for the trip the students have seen movies on the passenger

train and road stories and poems about train trips.

Denton's Drug Store Not To Sell Books Next Year

Denton's Drug Store has notified school officials that it does not plan to handle school books next year. Rising costs of freight charges and the low percent of profit on school books were contributing factors in causing the Drug Store to discontinue the sale of books. The school has been notified by Mr. Whitehead that there will be no new adoptions for the 1955-56 school year. This will mean that all textbooks now in use will be used for an additional year. Only those books needed to replace worn out copies will need to be purchased new.

Members of the seventh grade and the sponsor, Mr. Whitehead, enjoyed a party at the school on Tuesday evening.

The school has been notified by Mrs. Riner, County Attendance Officer, that Mentone School had the highest percentage of attendance of any of the County Schools during the last grading period. Mentone has ranked in the top three schools each grading period this year. It is thought that attendance this year will better the all-time record set by the school two years ago.

Best Practices Insure Big Corn Yields

Lafayette, Ind.—Corn planting is near at hand and Hoosier farmers will soon be using the latest corn growing practices in an effort to boost yields and cut production costs.

It will pay corn growers to brush up on good corn growing practices that are used by the best growers in the state, say the Purdue University agronomists. They refer to the top ten producers in the 1954 Indiana Official Corn Growing Contest whose yields ranged from 175 bushels to the championship output of A. J. Custer, DeKalb County—241 bu. per acre—the highest yield on record for Indiana.

The ten high yields were grown in seven different counties in northern, central, and southeastern Indiana. Four of the high yields were grown on excellent upland soils, two on bottom land, and the top yield on muck soil.

What did these men do, aside from having good land, to produce top yields? M. O. Pence, Purdue agronomist, found that the champions agreed on seven important factors as follows:

First, the largest yield was grown on muck soil, which had been recently drained and reclaimed. Six of the remaining eight on upland soils grew their large yields following alfalfa, sweet clover or after old blue grass pasture. Only two followed corn with corn.

Second, all ten growers used row or starter fertilizer varying from 200 to 400 pounds per acre, the principal ratio being a 1-4-4, such as 4-16-16. Nine of the 10 growers either side-dressed with nitrogen, broadcast or plowed down fertilizer such as 10-10-10, 0-15-15, etc. For the two largest yields, totals of 3200 and 1300 pounds of fertilizer per acre were used respectively.

The variation in the analysis, rate and placement of the fertilizer indicates that the growers recognized differences in soils and their need for the different nutrients as well as the ability of the soil to respond to fertilizer profitably. All this goes to show, says Pence, the importance of having a laboratory soil test

to determine the need for plant food nutrients. About these tests, consult your county agent.

Third, the champions adjusted their rate of planting to the fertility level of the land, ranging from 16,000 to almost 30,000 plants per acre. All corn was drilled and row width varied from 35 to 40 inches.

Fourth, every grower planted hybrid corn, seven using Indiana certified seed and three closed pedigree hybrids.

Fifth, four plowed in the fall or winter and the others in early spring. The number of diskings ranged from one to three

and harrowings from once to three times. There are no hard and fast rules in preparing a seed bed since it varies with the soil type, the season and the tools used.

Sixth, seven of the ten cultivated once with the rotary hoe. Eight of the ten cultivated twice and the other two three times. One resorted to hand hoeing.

Seventh, all corn was planted in May, varying from the 12th to 27th.

All ten growers gave careful study to every factor involved in better yields. As these men have profited, so will it profit every

corn grower to check all his practices in terms of the latest technology in order to make the largest net returns per acre.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!

Dial Phone Plans Delayed

An official of the General Telephone Company recently announced that the installation of dial phones in Mentone has been delayed a trifle due to a delay in the delivery of needed cable. The order for cable had been placed for delivery about this time, but a report from the supplier stated there would be about a six months delay. In view of this circumstance, it is reported dial service cannot be expected in Mentone until late December.

Carolyn See Weds Clarence Gall

In a double ring ceremony performed recently by Rev. Ralph Hoffman, of Roan, at the Palestine Christian church, Carolyn See, daughter of Mr. and Mrs. Warren See, Route 5 Warsaw, and Clarence R. Gall, son of Mr. and Mrs. Ed. Gall, Claypool, were united in marriage.

The bride was attired in a light blue suit with navy blue accessories and wore an orchid corsage.

Mrs. Kenneth Spangle, sister of the groom, attended the bride as matrons of honor wearing a tan suit with brown accessories and a corsage of pink roses.

Kenneth Spangle attended the groom as best man. Following the ceremony a wedding supper was served to 21 guests at the home of the bride's parents.

The couple left on a trip to Washington state, where they visited the groom's sister and family, Mr. and Mrs. Jack Cowit. The groom has now left the states enroute to North Africa where he is to serve 14 months with the navy. The bride is at the home of her parents.

Charles Safford Rites Last Tuesday

Charles W. Safford, 72, R. R. 2, Rochester, died at 3:30 p. m. Saturday at his home in the Bethlehem neighborhood north east of Rochester. Death, which came suddenly, was attributed to a heart seizure. He had been in failing health for the past year.

Mr. Safford had resided at his present address for the past 35 years, moving there from the Sand Hill community. Prior to that time he resided in Rochester and Muncie. He had been a resident of Indiana for 46 years, excepting a few years in Pennsylvania and Ohio.

For a score of years he contributed to the News-Sentinel's "This and That" column under the pseudonym of the "Old Sage of Newcastle Township."

He was born in Lackawanna County, Pa., on July 14, 1882, to Landis and Cathrine (Cole) Safford. He was married to Louise Fellows on November 24, 1909, at Detroit. Mr. Safford followed the occupation of draftsman until his retirement in 1948. He was a member of the Methodist church at Greensburg, N. C., and the Rochester Methodist Church. Mr. Safford was also active in the Fulton County Farm Bureau.

Surviving are his wife, at home, and five children: Walter, Akron; Mrs. Earl Bailey, Rochester, Donald, Dyer; Albert at home and Mrs. Robert Duke, Elkhart; two brothers, George, Lockwood, N. Y., and Fred, Clyde, N. C., and one sister, Mrs. C. W. Keeney, of Meshoppen, Pa. A daughter preceded him in death in 1913.

Funeral service were held at 2 p. m. Tuesday at the Bethlehem Baptist church with the Rev. Harry Smith officiating. Burial was in the Reichter cemetery.

Injured In Auto Accident

Clarence Dickey, 19, spent three days in the McDonald hospital after suffering a brain concussion and various cuts and bruises Friday morning when he apparently went to sleep and his auto left the road and crashed into a culvert on the Crystal Lake road.

Clarence is the son of Mr. and Mrs. Otis Dickey and was the star center on the Mentone sectional basketball team in 1954.

Lt. Col. Howard Dies In Ohio

Lt. Col. Walter Howard, 47, of Columbus, Ohio, formerly of Burket, died suddenly at 10 p. m. Sunday of a heart attack.

Born and raised in Burket, Howard was the son of Milo and Anna Howard. He married Opal Hepler, December 1929, in Leesburg.

Survivors include his wife, two daughters, Mrs. Helen Lutz, Columbus, and Sandra at home; 2 sons, Joe and Michael both at home; one grandson; one brother Ernest of Indianapolis; one sister, Mrs. Wilbur Berkey of Burket; one aunt, Mrs. Emma Gill, Mentone, and several cousins.

Last rites were held in Glenrest Chapel, Columbus, Ohio, 2:30 p. m. Wednesday, the Grimes Davidson funeral home was in charge.

Mr. and Mrs. Maynard Phonston and sons Maynard, Tommy and Larry, have moved from Mentone to 2106 East Jefferson street in Warsaw.

To Celebrate 50th Wedding Anniversary

Word was received that Mr. and Mrs. Sol. Arnsberger of 628 East 5th St., Delphos, Ohio, are going to celebrate their 50th wedding anniversary on May 24.

Next Sunday, May 22, a group of relatives from Mentone, are planning to drive to Delphos, and visit them.

Marker Fund \$91.00

M. O. Mentzer reported today that the fund to erect graveside markers for Mr. and Mrs. Ed Mollenhour, has reached a total of \$91.00. Mr. Mentzer hopes, and expects, that the total will reach one hundred dollars.

Parents of Daughter

Mr. and Mrs. John Huff of Route 1, Akron, are the proud parents of a daughter, Nancy Colleen, born Wednesday, of last week in the Woodlawn hospital at Rochester.

Grandparents are Mr. and Mrs. Willard Kuhn of Akron, and Mr. and Mrs. Paul Huff of Burket.

Girls' State Candidates Are Announced

Mrs. Glenn Secrist, Girls State Chairman for Mentone Unit No. 425 American Legion Auxiliary has announced that Betty Griffiths daughter of Mr. and Mrs. Gilbert Griffiths, has been selected to represent this unit at Girls State. Betty Mellott, daughter of Mr. and Mrs. Fred Mellott will be the alternate.

Betty Griffiths

Betty Mellott

Each year girls throughout Indiana meet for one week on the University of Indiana campus to study government and put into practice an actual government of their own.

The candidates are chosen by representatives of their school and a committee of Auxiliary members on the basis of scholarship, leadership, and activities.

Girls' State is a splendid opportunity for high school girls. Here they are given the opportunity of mingling with other young girls of the state and make acquaintances that they will find enjoyable in the college years to come. The Bloomington campus is a large affair compared to our smaller high schools.

Poppy Day Here on Saturday, May 21st

Wear a Poppy—America's silent tribute to her heroes.

An appeal is made each year by members of your local American Legion Auxiliary Unit to contribute so that sick and disabled veterans in our hospitals and war orphans may be aided. Don't forget them. They are sometimes called the forgotten heroes of our World Wars.

All your contributions are used in our veterans hospitals and orphans homes.

Everyone appreciates the opportunity of helping contribute on Poppy Day, and it is to be hoped that all will give generously to this worthy cause this Saturday.

Fertilizer As Carrier For Insecticides

Lafayette, Ind.—Mixing an insecticide with a fertilizer provides an easy method of placing the insecticide in the soil near the corn roots. Such mixtures are being prepared by certain fertilizer companies and are in great demand, according to George E. Gould, research entomologist, Purdue University. The insecticide in the starter fertilizer gives protection against wireworms and corn rootworms and to a lesser extent against seed-corn maggot and corn-seed beetles. Those pests feeding on the roots are controlled when they come in contact with the poison.

There have been many arguments concerning the advisability of mixing insecticides with fertilizers. First, many manufacturers do not favor the idea since it requires an additional step in manufacturing and exposes workmen to poisonous dusts. Second, because of the many fertilizer formulas and the many rates of application used by the farmer, the mixing becomes a custom job to fit the requirements of the individual consumer. Third, the treatment is not effective or long lasting as the broadcast method. However, it is popular with the

farmer, because it saves one or two additional operations.

Most common material mixed with fertilizer is aldrin, although dieldrin, heptachlor, and chlordane can be used. Treatment with such a mixture should give good protection against wireworms and will add a cost of \$2.50 to \$3 per acre over the cost of fertilizer alone.

Other methods of band treatments have been developed, says Gould. Some farmers have adapted their spray equipment so that the nozzle is over the open seed furrow and sprays the insecticide over the seed before the furrow closes. Another method being tested is sowing insecticide impregnated granules in the seed furrow with seed. Use of insecticide-fertilizer mixtures is discussed in Mimeo E-49 available from local extension offices or from the department of entomology, Purdue University, Lafayette, Indiana.

Friendly Neighbors Club Meets

Mrs. Dean Nellans, Jr. was hostess to the Friendly Neighbors Home Demonstration Club at the May meeting. The Health and Safety lesson was given by Stella Studebaker. Geraldine Nellans read "Just Sort Of" for meditation. The business meeting was conducted by the president, Fern Beeson. Miss Reba Pyle, county Home Demonstration Agent gave an interesting lesson on one dish meals, preparing Creole Hominy and all in one Hamburger Casserole.

The sixteen members and one guest enjoyed games and visiting during the social period. The hostess was assisted by Mary Welch. The June meeting will be guest night at the home of Mrs. Reatha Ballenger.

School Yearbooks Are Completed

The Mentone school yearbook, "The Bulldog," is now being distributed. It contains 64 pages of the classes and their activities in the school year just completed.

Every year the plans are that the Country Print Shop is to have about 30 days in which to print and deliver the booklet. However, the end of every school year brings so many extra activities to the students that it is difficult to get everything accomplished on schedule. In every instance where time is such a factor, mistakes and omissions occur. This year was no exception.

Trustee Earl Boggs was one who had sponsored a page in the annual, yet his name failed to get on the list submitted to the printer. The Country Print Shop's proofreader, too, was evidently a bit groggy at times.

The students of the Mentone school, however, are to be congratulated upon the fine book they produce each year. Not many schools the size of Mentone have as complete a yearbook.

Attend Convention

Dr. and Mrs. F. B. Davison and Dr. and Mrs. Donald VanGilder were in Indianapolis over the week end where they attended the 98th annual session of the State Dental Society.

Also while there Dr. VanGilder attended the 20th reunion of his graduating class in dental school. They also took the opportunity to witness the time trials at the Indianapolis race track.

Commencement Held Tuesday

A crowd estimated by school officials at 700, attended the commencement exercises for the class of 1955 held in the gymnasium on Tuesday evening. Thirty-two seniors received diplomas. Mr. Keith Y. Carper, of South Whitley, told the attentive audience that in building for a sound future one must include appreciation of the past, hard work in the present, cooperation in the home, and faith in God. Mr. Carper illustrated his talk with a number of stories and incidents from his many years in the teaching profession.

The members of the Junior class had decorated the gym with crepe paper and flowers in blue and white. A large motto was strung across the stage reading, "Tonight We Launch, Where Shall We Anchor?" The Junior class conducted a candle lighting ceremony for the processional which was very impressive. This processional was introduced at Mentone four years ago and has been repeated each year since. Members of the Junior class also served as ushers.

Six Awards Given

Mrs. Jack Pritchard presented the three Psi Iota Xi awards to the honor students — Connie Doyle, Larry McKinley and David Gosser. The attendance award, furnished by the Mothers of World War II, went to Marita Tucker who had not missed a day of school during the last six years. The trophy presented by Brown's Jewelry went to Connie Doyle. The Bulova wrist watches presented by Baker's Jewelry & Appliance Store, went to Larry McKinley and Connie Doyle. The last three awards were determined by a vote of the junior and senior classes.

Rita Olson played the processional. The school band furnished two numbers and played the recessional. Rev. Albert Rider of the Burkett parish, gave the invocation and Rev. Ralph Hoffman pronounced the benediction. Mr. H. Earl Boggs, trustee of Har-

rison township, presented the diplomas.

Baccalaureate services, Sunday evening, were well attended. Rev. David Gosser delivered the sermon. The Seniors leave this Sunday morning at 1:20 for Washington, D. C., New York, and Niagara Falls. Twenty-eight seniors and Mr. and Mrs. Bunnell are going.

Sray Bullet Breaks Window

W. C. Kercher, who lives two miles south and a half mile east of Mentone, was in town the other day and showed us a 22-calibre long rifle slug that he found just inside his storm door. One side was neatly flattened as it hit the glass in the storm door at a decided angle. Evidently the slug hit some time Friday evening, as rs. Kercher recollected hearing the tinkle of falling glass.

Auxiliary News

Seventeen members of Mentone Unit No. 425 American Legion Auxiliary met at the post home on Tuesday, May 10th for the regular business meeting.

Plans were discussed in detail for the musical program "The Magic Garden" which will be presented on Friday June 3, at the school gymnasium. Tickets are available from all Auxiliary members.

The annual Poppy Day sales will be on Friday and Saturday, May 20th and 21st. Any member who can give a few hours of her time to help in this worthy project is requested to contact Mrs. Bob Reed. The poppies are all veteran made and the entire proceeds of poppy sales goes to the disabled veterans. There are increasing numbers of disabled veterans in our hospitals and anything we can do to help those who helped us is worth the time and effort it requires.

Following the business meeting an informal social hour was enjoyed. Refreshments were served by Alice Secrist, Grace Boggs, Wanda Simcoe and Jean Rodibaugh.

CARD OF THANKS

The family of Charley Safford take this means of expressing their thanks for all the neighborly deeds and expressions of sympathy extended to them in their hour of bereavement.

Assessing Completed

H. Earl Boggs, trustee of Harrison township, reports that the assessing has been completed and if any have been missed, they should contact him at once.

4-H Club Chatter

By Ruth Snellenberger

Dear 4-H Members and Friends,

Achievement award trips are planned particularly for 4-H members who have been in club work for several years. This fact is evident from eligibility for 4-H Round-Up trip awards described below.

In selecting girls to attend this year, the Girls' 4-H Awards Committee considered girls who were bona-fide members 15 years of age or older by July 1st, were enrolled in fifth year or more of club work, and who had not previously won an award trip to 4-H Round-Up. The 4-H Members' Achievement Record on file in the county extension office was scored and total points earned

were calculated. Members with approximately 70 points, were then rated by their adult leaders regarding ability to work with others, dependability, leadership ability, initiative, friendliness and so forth.

With all this information at hand, the job of selecting 13 girls was simplified.

Other achievement awards will be considered on a similar basis. With the submission of achievement records on September 1st and subsequent grading, consideration of points earned, ratings by adult leader, and personal growth as shown by the story and record, selection of county winners will be accomplished. Of interest to some might be the fact growth of the 4-H girl in more than one phase of club work is helpful even though an award is sought in one particular project phase.

An award made to 4-H girls in this county is that of being selected to attend Indiana State Fair School of Home Economics. Girls who were 16 years of age or older on January 1st this year and who think they would like to be considered for this award, should make inquiry before July 1st. Don't wait too late to ask, girls.

Methodists Hold Conference Here

Three young men of the Warsaw Methodist District were licensed to preach locally by the district conference held Tuesday of last week at the Mentone Methodist Church. The conference was attended by clergy and laymen from the fifty pastoral charges of the district.

Obtaining license is the first step toward ordination in the Methodist minister. Those who were approved by vote of the conference were Riley Case, member of the First Methodist Church, LaGrange; David Gosser, son of Rev. and Mrs. David Gosser of the Mentone church; and Arthur C. Irwin, member of the First Methodist Church, Mishawaka.

Local license is not restricted to those who plan to enter the full-time ministry, and many such licenses are held by men who remain lay preachers without pastoral responsibilities. 13 local licenses were renewed, and eight of the holders were approved for supply pastoral work.

Recommended for deacons orders were Rev. Edwin H. Grant, pastor at New Paris, and Rev. Paul H. Trumbauer, pastor of the Bourbon Parish. Elders orders, the last step in full ordination, were recommended for Rev. Roger G. Wrigley, Jr., pastor of the

Mitchell Street Methodist Church of Kendallville.

The district conference can grant local licenses, but can only recommend ordination to the

North Indiana Annual Conference, which will meet at Muncie, May 25-29.

Mrs. Royal Neff of Claypool, retiring president of the district Woman's Society of Christian Service, reported that the 68 societies in the district had paid \$30,000 to missions during the past year.

"India is sleeping, but a slowly waking giant," said Rev. John Hunt, missionary to India for the past five years. In the principal address of the day he declared that India is a giant in point of population, which is expected to reach a billion by the turn of the century. It is also a giant, he said, in point of agricultural, industrial, political, and cultural potential. He painted a picture of "great Christian potential."

Special music for the confer-

ence was provided by young David Gosser, who sang a solo; and by a trio composed of Misses Jacqueline Blue, Marita Tucker, and Sarah Urschel.

Women of the local church served the noon meal.

Shelters For Bomb Protection

The Federal Civil Defense Administration, in an informative bulletin being distributed to all Regional, State and local civil defense organizations, has provided interim instructions for modification of existing home shelters and shelter designs to meet the hazard of radiological fall-out resulting from atomic or H-bomb attack.

These instructions, the agency said, soon will be amplified by means of additional shelter information being prepared by FCDA specialists.

The interim instructions call attention to a technical manual entitled "Home Shelters For Family Protection In An Atomic Attack" (TM 5-5), published by FCDA in July, 1953, and which can be purchased for 30 cents from the U. S. Government Printing office in Washington, D. C. The manual gives detailed specifications and instructions for building a wide variety of home shelters. With some modification, the agency declares, all of the shelters recommended in the manual will give varying degrees of protection against radiological fall-out.

Of these, the basement exit and the covered trench types provide the best protection with the addition of (1) surface doors to prevent radioactive material from reaching the entryway and (2) air intakes or louvers. For those shelters already constructed it was noted, the air intakes or louvers may be installed in the surface doors. In addition, these shelters will provide protection against blast hazards outside of the immediate area of a bomb burst in target areas, and are strongly recommended by FCDA for homes which lie 20 miles or less from the congested sections of large cities or in the vicinity of major military installations or industrial plants.

The cost of material for these shelters, depending upon the type will vary from \$10 to \$166 per person.

For locations where no attack is probable, but which may lie within a possible fall-out area,

cheaper types of cover will give protection, the FCDA instructions point out. This may be accomplished by using lighter or less costly materials in the construction of shelters described in the manual, with the recommended modifications.

Drivers Warned Of Summer Hazards

Springtime brings flowers and sunshine but it also brings a menace to automobile drivers—sunlight glare—warns the Chicago Motor Club.

An eye adjusts itself slowly from bright light or glare to dark or shaded areas. After the eyes have been exposed to glare, moving objects can be distinguished in a minute or less. Eyes with the best of vision require several seconds to recover.

In a three second period required to gain normal sight an automobile will cover 100 feet traveling at 20 miles per hour, according to Charles M. Hayes, president of the Chicago Motor Club.

This blind spot of a few seconds is the danger period. In this time the car could pass through the darkened area under a viaduct into the bright sun. A child might run across the street, another car might turn in from a side street or there could be a traffic signal.

A driver's most important pro-

tection is to decrease speed when caught in glare. In addition, motorists should: 1. Use the built-in sunvisors provided by automobile manufacturers. 2. Wear sunglasses.

ELECTRIC FARM and HOME FREEZER

To take full advantage of the convenience and economy of frozen foods, you must have your own individual Electric Foods Freezer. You can get one in a size to fit your needs exactly, whether for farm or city home.

Better Quality

Buy the best of everything when available. Stock up on all kinds of commercial frozen foods when plentiful and prices low. Buy fresh foods at their peak of goodness, right when they're in season, freeze and store with all their quality and flavor locked in.

Avoid Waste

Cook large, economical quantities of roasts, stews, beans, gravies, sauces, and freeze until needed. Have "planned-overs" instead of leftovers.

Save Time and Money

Shop once a week, or even every two weeks. Buy foods at quantity prices and really save. Fruits by the bushel, berries by the crate, vegetables by the hamper, ice cream by the gallon, a week's or month's supply of meat at one time.

Freeze instead of Car

It's easier to freeze foods—and you enjoy fresh, peak-of-goodness flavor. You can easily prepare and freeze the fruits and vegetables you raise in your own garden, and save a lot of time and money, too!

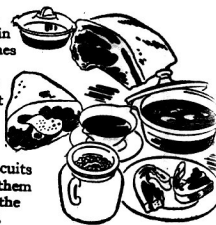

Frozen Game

For the sportsman, there's no need to give away the fish you catch, or the game you shoot. Simply freeze it.

"Frozen Pantry"

Imagine having all the food you need in the house at all times—from snack to complete meal! No concern then, about unexpected guests. You can even prepare quantities of pies, cakes or biscuits days ahead, freeze them ready to pop into the oven—or bake first, then freeze.

No "Seasons"

With your own Electric Food Freezer you can enjoy strawberries at Christmas, or oysters in August. No need to depend upon "fresh" fruits or vegetables shipped long distances at premium prices. You are really the master of your menus!

ENJOY CONVENIENCE AND ECONOMY WITH AN ELECTRIC FARM AND HOME FREEZER!

National Barn Dance Show

It's a comin' your way—Yes, coming soon is the nationally famous WLS National Barn Dance. The whole gang will be at Elkhart's new North Side Gymnasium on Friday, June 17th, for one show starting at 7:30 p. m. The Show will include LuluBelle and Scotty, Homer and Jethro, Red Blanchard, The Beaver Valley Sweethearts, and The Virginia Hams.

LuluBelle and Scotty, featured personalities on the WLS National Barn Dance, have long been America's best known and most popular man and woman folk music radio singing team. Scotty, born Scott Wiseman on a mountain farm near Ingalls, North Carolina, was a folk singer in his own right from WMMN, Fairmont, West Virginia, and WLS, Chicago, before teaming up with LuluBelle on WLS in 1933. A graduate of Fairmont Teachers College, where he was president of his Senior Class, Scotty earned most of his way through college by serving as an entertainer, engineer, announcer, janitor, and later, as program director of Radio Station WMMN. While Scotty was bent on becoming a statesman or lawyer when he started to college—his experience on WMMN, Fairmont, convinced him that radio singing was his natural field. His big inspiration was Bradley Kin-

caid, who had gained wide fame on the WLS National Barn Dance so when Kincaid left WLS, Scotty was invited to join the staff of the station in 1932. LuluBelle was born in Boone, North Carolina and was named Myrtle Cooper. It was in October 1933 that she joined the National Barn Dance and was an instant hit. This was the start of the now famous duo LuluBelle and Scotty. Finding that they had similar likes, including "Cornbread for breakfast", LuluBelle and Scotty went to see a preacher, on December 13, 1934. LuluBelle and Scotty now live in a suburb of Chicago, and as Mr. and Mrs. Scott Wiseman, are members of the PTA, and other community clubs and are the parents of Linda Lou and Stephen, both of school age.

Another very popular National Barn Dance member that will be in Elkhart is Donald "Red"

Blanchard. Star of the Red Blanchard Show heard over WLS in Chicago. Red is a most versatile entertainer, playing bass fiddle, guitar, and numerous novelty instruments, as well as doing roping tricks. Jack Benny seeing Red Blanchard in an Army show during World War II said, "He is the most natural comedian I've ever seen."

Henry Doyle Haynes and Kenneth Charles Burns, both 35, are singing Tennessee hillbillies, who take such pop hits as "Doggie In The Window" and turn them into guitar plucking parodies. Professionally the boys are known as Homer and Jethro. These boys have become one of the top teams in the record business for country type music.

The whole gang from the Barn Dance will give one show at the Gym in Elkhart on Friday, June 17th, at 7:30 p. m. The show is starting at 7:30 and will be over

at 9:30 so parents may bring their children and still have them home by their bed time.

All seats are reserved and tickets are being sold at Hamlin's at Etna Green.

The best insurance against losing the spring pigs with hog cholera is to vaccinate them, according to Dr. F. A. Hall, extension veterinarian at Purdue University. Vaccination is a preventive and when properly used it affords good protection for the swine herd. Cholera is a severe fatal disease of hogs and since there is no known cure, Dr. Hall states that vaccination before the disease strikes is the only safe means of protection.

DO YOU RECOGNIZE THE FARM PICTURED BELOW?

Here is another picture in the second series of farm photos to be printed in the Co-Op. News.

The pictures were taken by the Zekan & Robbins photographers, Harlan, Iowa, and are all of farms in the Mentone trading area. The pictures are not identified and it will be up to the owners or neighbors to notify this newspaper office. The pictures were taken by airplane and not even the photographer knows one from the other. It will be interesting to see who is the first to identify the pictures each week. Phone Mentone 38. We will endeavor to publish the names of each person correctly identifying the pictures each week.

The farm owner will be given the original 5 x 7 mounted picture absolutely free of any cost. All we require is that the operator himself come to our office and give us a little information about the farm, its operation, etc. Additional prints, colored enlargements, etc. can be obtained by contacting this newspaper.

Swick Farm Last Week

The 81-acre Fred Swick farm was the one pictured in our issue of May 11th. Mr. and Mrs. Henry Riffle live on the farm and Arthur Kendall has rented and farmed the fields the past four years. The farm is located one and one-half miles west of Mentone on Road 25.

Mr. and Mrs. Swick are the parents of five daughters: Mrs. Adrain Little of Huntington, Mrs. Earl Smalley of Crystal Lake,

Mrs. H. V. Johns of Mentone, Mrs. Doyle Earwood and Mrs. Hail Hurd.

Mrs. Howard Horn, who was the first to call and identify the farm, said that she once lived on the place and was certain of its identification. Others to call in addition to Mrs. Riffle, were: Donna Eaton, Norma Tucker and Mrs. Ben Cole.

Steers on Pasture At Purdue Farm

duced from different kinds of pasture?

In an effort to answer this question, Purdue University pasture research specialist G. O. Mott, is conducting an experiment at the Miller-Purdue farm in Grant County.

Four groups of steers were fed during the winter to gain one-half pound, one pound, one and one-half pounds, and two pounds a day. All four groups will be tried on at least six different kinds of pasture. Eventually weights will be checked so as to show which group gained the most on which pasture.

Howell N. Wheaton, superin-

tendent at the Miller-Purdue farm, invites the public to visit the farm and look over the pastures, the cattle, and the self-feeding trench silo.

Chemicals Help Destroy Thistles

Lafayette, Ind. — Chemical treatments and cultural practices have been only partially effective in the farmers' war against Canada Thistles. Although this weed pest is still hard to eradicate, it can be checked in growth so that crops can be grown.

Purdue University weed specialist O. C. Lee recommends that thistles be allowed to grow until they are about 6 inches tall. Usually this much growth will be made by May 10th. At this point spray all thistle patches with 2,4-D, preferably the ester type, at the rate of 2 quarts in 10 gallons of water per acre. This spraying will not destroy the roots from which they grow, but will retard growth so that corn or soybean can be grown on infested fields.

-4w5sacesabh-dhi

Plants should not be disturbed by discing or plowing for a period of approximately 10 days to allow time for the 2,4-D to be carried down into the roots of the thistles. After 10 days the area may be plowed or discing in preparation for planting.

Card Of Thanks

We wish in this way to express our sincere thanks to the many friends, neighbors, church and relatives for their kindness, prayers, cards and calls during the sickness and at this time of sorrow. Also in the services and for the beautiful floral offerings. All were greatly appreciated.

AMERICA'S ANSWER

By R. W. Lillard

Rest in peace, ye Flanders dead,
The fight that ye so bravely led,
True faith with you who lie asleep
We've taken up. And we will keep
With each a cross to mark his
bed,
Where once his own life-blood
ran red.
So let your rest be sweet and
deep
In Flanders' field.

Fear not that ye have died for
naught,
The torch ye threw to us we
caught,
Ten million hands will hold it
high,
And Freedom's light shall never
die!
We've learned the lesson that
ye taught
In Flanders' field.

**Calvin R. Lantz Dies
At Fort Wayne**

Funeral services for Calvin R. Lantz, 61, of Houston, Mo., were held at 3 p. m. Saturday at the D. O. McComb & Sons funeral home in Fort Wayne. Rev. B. D. Nysewander officiated and burial was in the Lindenwood cemetery.

Mr. Lantz died at 8 p. m. on Thursday in Veterans Administration hospital, where he had been a patient for six days. He came to Fort Wayne about a week previous to his death, and had been staying with a sister, Mrs. Val Waggoner, 2050 Broadway.

A self-employed brick mason, Mr. Lantz was a veteran of World War I and a member of the Brick Masons Union, American Legion and Oakdale Methodist Church at Houston.

Survivors are the widow, Mary Belle; four sons, Quinton and Victor of Mentone, James with the army at Fort Bragg, N. C. and David of Houston; three daughters, Mrs. Eleanor Yazel of Mentone and Miss Mary Ann and Miss Nancy Kay at Houston; two brothers, Jess, address unknown, and Abner of Ft. Wayne; five other sisters, Mrs. Bertya Crosby, Mrs. Lawrence Lehner, Mrs. Edith Olinger, Mrs. Ralph McKeffer and Mrs. Clifton Craig, all of Fort Wayne, and two grandchildren.

Mr. and Mrs. Willard Zolman returned Saturday evening from their trip last week to Georgia.

**Miss Hairrell Bride
Of Carl Peterson**

An impressive double ring ceremony read Friday evening in the St. Peter's E. and R. church, Urbana, Ind., united in marriage Miss Cynthia Sue Hairrell, daughter of Mr. and Mrs. Clarence Hairrell, Urbana, and Carl T. Peterson, son of Mrs. Chester Miller, Mentone.

Baskets of white gladiolus and carnations and palms banked the

**To Deliver Feed
From Swift Plant**

Creighton Bros., on Route 30, east of Atwood, have constructed a new and thoroughly modern feed mill along the Pennsylvania tracks and have been manufacturing their own brand of feed for retail and their own flocks of poultry and herds of livestock. In recent weeks negotiations have been in progress between Creighton Bros. and Swift & Co., Chicago, to use the Creighton plant for a manufacturing plant for Swift poultry and livestock feeds. Arrangements have been made and the new mill is expected to be in production of Swift feeds within ten days. Some special equipment has not been received, but is expected shortly.

In becoming a manufacturer of Swift feeds, Creightons will cease their retail operations and operate on a wholesale basis to this part of Indiana and southern Michigan.

Knowing the Creightons as we do in this part of Indiana, we are certain they will do the finest job possible for Swift & Co.

The Northern Indiana Co-operative Association at Mentone, retailers for Swift feeds, will do the retail distributing from the Creighton plant. According to an announcement by Frank Nellans, chairman of the board of directors of the Mentone firm, they have purchased another truck to handle this distribution. Mr. Nellans also stated that this arrangement of securing Swift feeds manufactured locally will likely result in a lower price in addition to securing the freshest feeds possible.

**Injured in
Auto Accident**

Cars driven by Lester Rogers, rural route Claypool, and Chas. Morgan, Route 3 Rochester, collided at an intersection on the County Line road, about six miles southwest of Mentone about three o'clock on Wednesday afternoon. Mr. Morgan suffered a badly broken and mangled left leg and Mr. Rogers suffered head injuries and a bruised hip. Mr. Morgan was taken to the Woodlawn hospital at Rochester in the Johns ambulance.

Both cars were reported completely demolished.

Married Friday

Miss Joan Burgh, daughter of Mr. and Mrs. Richard Burgh of Etna Green, and Jerry Secrist, son of Mr. and Mrs. Glenn Secrist of Mentone, were united in marriage May 20th at the home of Rev. Shroeder, of near Syracuse.

Immediately after the ceremony the young couple left for a short honeymoon trip.

**Attend District
Convention**

Those who attended the district convention at Galveston, May 19, from the local unit of the Mothers of World War II were: Ethel Wagner, Belle Morrison, Myrtle Davis, Mildred Fawley, Maude Romine and Lavera Horn.

**Egg Show Meeting
Tuesday, May 31**

Miles Manwaring, chairman of the 1955 Mentone Egg Show, and his executive committee, have appointed the action committees for the show to be held September 21, 22 and 23. All the appointed committee members are requested to attend the first meeting to be held at the Mentone school building on Tuesday evening, May 31 at 7:30 p. m.

Mr. Manwaring states that in making up the list of individuals to assist him this year, he has talked with many of the local poultrymen and businessmen interested in the shows. He finds there is a lot of desire and enthusiasm among the group to make this year a most outstanding one for a successful show.

The committee appointments are printed elsewhere in this issue.

Mr. and Mrs. Don Gilbert of Culver, visited Sunday with Mr. and Mrs. Kenneth Dunnuck. A picnic was enjoyed in the Dunnuck back yard.

Kenneth Dunnuck, who is a student at Manchester College, will be home for a week's vacation next week.

The fund for the marker for Mr. and Mrs. Edward Mollenhour has now reached \$97.00. The closing date has been set as May 31st. If you wish to make a contribution, please do so before the above date. The committee wishes to thank all those who have already helped with this fund.

Is Your Allegiance Showing?

A few years ago as an American freighter steamed slowly in? to the narrow entrance of a distant seaport, the Stars and Stripes whipping in the breeze at the taffrail, the crew heard music on the shore. Faintly at first, then more loudly came the words of "America" from the throats of a dozen or more homesick missionaries—several of them kneeling as they sang.

But we shouldn't have to be lonesome and far from home to be emotionally aroused at the sight of our flag, to be reminded of the history our forebearers made as its blue field grew from 13 stars to 48, or to realize with pride and reverence that here, today, is the one powerful symbol of human freedom remaining on this earth!

On June 14th, the day set apart for honoring the Star Spangled Banner may it wave from every flagstaff on every Main Street and from every home from the Atlantic to the Pacific and from Canada to Mexico. In repeating last year's drive for "New Glory for Old Glory", the 31,000 Posts and Units of the American Legion and its Auxiliary will go all out in making this flag day the most inspiring demonstration of national unity

spirit and dedication the world has yet seen.

Again this year, the nation's 25,000 dry cleaners will clean your flag free of charge from June first to June eleventh, in return for your promise to put it up on Flag Day. The American Legion Post is ready and anxious to help you or advise you in its proper display. Thus, now is the time to get your flag out, see if it needs cleaning or mending. And if it is too tattered or faded, (or you haven't got one) order a new one quickly so you'll be sure to have it in time.

Now, if ever, is the time for Americans to show their colors!

Low Calorie Menus May Include Chicken

Lafayette, Ind.—Even with a low-calorie menu, you may include one serving of fried chicken. The broiler-fryers, an excellent source of protein, B-vitamins, and minerals, are plentiful now.

Miss Miriam Eads, extension foods and nutrition specialist, Purdue University—working in cooperation with the Indiana Heart Foundation—suggests that you use imagination and ingenuity when preparing chicken for a low calorie menu. If you add fat to fry the chicken, you can offset the calories thus added by planning your menus with foods low in calories to supplement the chicken and then by counting the total number of the calories. Herbs, spices, sauces, and low calorie dressings of tomato catsup, and similar products may be used to add flavor and moisture for cooking in place of fat.

Following is the number of calories per serving of chicken prepared in different ways: fried chicken—one breast, eight ounces without bone, about 325, including calories for fat and flour; broiled chicken, one half of a small bird, eight ounces with out bone, basted with pan drippings and Worcestershire sauce or other meat sauce and seasoning, gives 335 calories; barbecued chicken—fryer size—one breast, eight ounces without bone, 210 calories; or one leg, five ounces without bone, 160 calories; roast

chicken, four ounces without bone, 230 calories; and one serving of creamed chicken, 230 calories; chicken salad—about 300 calories.

It is meat plus the other ingredients used in cooking that give the total number of calories per serving. An example of chicken salad is three ounces boned chicken, 170 calories; one tablespoon salad dressing, 100 calories; and one-half cup celery, lettuce and green pepper.

Red Cross Holds Annual Meeting

"People Helping People," and "Wherever the Red Cross is, you are not alone," were keylines on Monday night at the annual meeting of the American Red Cross, held in the Presbyterian church Fellowship Hall, at Warsaw, with an attendance of nearly 100.

The whole program was, in addition to a Red Cross service movie shown by Bob Poore, hearing reports from the chairmen of the many services of the Red Cross, and their achievements through the year. Mrs. Cecil Armstrong, president, conducted the meeting, and recognition was given to the board of directors, and to workers in each branch of Red Cross service.

The Blood program was cited as a better known Red Cross service, and in trying to cut the budget it was agreed the blood program could not be cut, as it is so needed.

Refreshments were served by the Red Cross Canteen.

Several Mentone ladies are involved in the Canteen, Blood and Gray Lady portions of the Red Cross.

The Red Cross Bloodmobile unit will visit Syracuse, June 3, at the high school building from 10 a. m. to 4 p. m., and Mrs. Orrin Smith, general blood program chairman, is hoping that the quota of 108 pints will be made.

Mentone Cemetery Receives Grant

Under the will of the late Elizabeth Lyons, the Mentone cemetery maintenance fund has received \$500.00.

The above grant, with other recent gifts, has enabled the town board to purchase another \$1,000.00 U. S. Savings Bond, only the interest from which can be used for cemetery maintenance. Total bonds now held for this fund is \$4,000.00.

CORRECTION

In the article announcing the committee appointments for the Mentone PTA for 1955-56, we evidently changed the gender on some of the committee appointments. The correct appointments are as follows:

Program Committee—Mrs. Dan Urschel, Mrs. Miles Manwaring, John Frederick and Kenneth A. Riner.

Ways and Means — Mrs. Ora

McKinley, Mrs. Victor Binkley, Dale Kelley and Ora McKinley. Congress Publications—Mrs. Eldon Horn and Mrs. Wayne Bowser.

Mrs. Rex Yazel returned to her home Thursday from the Murphy Medical Center in Warsaw and is feeling real well.

Late Or Early Corn Planting

Lafayette, Ind.—The old adage that "the early bird catches the worm" does not imply that the earliest planted corn gives the largest yield, say the Purdue University extension agronomists.

Early planted corn, May 3rd, yielded less than corn planted in mid to late May every year but one in the 14 years of experiments conducted by S. R. Miles of the agronomy department at Purdue. The range in early planting was from April 28 to May 10, and similar ranges occurred in the other plantings which were intended to be at 10 day intervals. These results indicate that in the latitude of central Indiana there will be very little, if any difference in yield of corn planted any time from May 10 to 30, under average growing conditions. The adapted and recommended hybrids on fertile soil should mature safely if planted any time during the above period.

Intermediate planting also fits into the program of corn borer control. To prevent borer damage entomologists say that corn should not be planted before May 10 in southern Indiana, May 15 in central Indiana and May 20 in northern counties. Waiting until May 20 to plant corn is at the risk of delay due to bad weather that may result in June planting. This often means delayed maturity and even reduced yields.

Planting after June 1 makes the crop more subject to attack and

damage from the second brood of corn borer in some years.

When farmers are forced to June planting and maturity of a full season hybrid is in question they should turn to earlier maturing strains where available. In these early strains are planted about one fifth heavier than the rate used for the full season hybrid the loss in yield from using early corn may be reduced.

Missionary Society Has Meeting

The Be-about Missionary Society met Monday evening at the home of Mrs. Kenneth Romine. The meeting was opened and conducted by the president, Mrs. Everett Besson. Mrs. Tobie Black led the devotions, reading verses from the Bible and an article on Rewards Stored up in Heaven. The devotions were closed by a Circle of prayer. Immediately following the business meeting the work session began. We are making sacques and shorts and rolling bandages to be used by Dr. Jon Rouch and family in their work in Ippy, Africa. Lovely refreshments were served by the hostess. The next meeting will be held at the home of Mrs. Everett Besson on June 27.

WSCS Meeting

"Be Ye Doers of the Word" was the lesson topic given by Mrs. F. B. Davison, at the last meeting of the year of the Women's Society of Christian Ser-

vice held May 17, at the Methodist church.

Mrs. Miles Manwaring led in devotions.

A special number, "My God and I" was sung by a trio, Mrs. John Ellsworth, Mrs. Jack VanGilder, and Rev. D. P. Gosser.

Mrs. David Gosser conducted a memorial service for the deceased members of the last several years.

Marita Tucker sang, "Come Unto Me" accompanied by Mrs. Maude Snyder.

Rev. D. P. Gosser conducted the installation service.

Mrs. Ruth Urschel, the president, gave Sally Gosser a book in appreciation of her services to W. S. C. S.

An adult life membership, which is a gift to W. S. C. S. Missions over and above the annual pledge was presented to Mrs. Dan Urschel, the retiring president.

Mrs. Faye Bunner gave Ruth an apron with W. S. C. S. emblem and names of officers worked on it.

Refreshments were served by Mrs. Lavera Horn, Mrs. Mary J. Johnson and Mrs. Effie Personette.

The next meeting will be June 16 at 7:30 with a guest speaker, Mrs. H. J. Rudduck, who is a delegate to the United Nations

Installing Dial Phones Now

Dial telephones are being installed in Mentone business establishments this week. Officials of the company stated last week that phones in the rural area, south of Route 25, had already been installed.

The dial phones that are now being connected, are not to be

used, however—in fact, they can't be used to make a call—until the actual cut-over to the dial system is made. This date is still indefinite, but it is hoped that it can be made earlier than the "last of December" date mentioned in last week's News.

Officials state that with the dial phones connected and installed, the actual cut-over can be accomplished in about ten minutes and that the old phones will be removed within a matter of three or four days.

Mentone dial numbers, you will notice, have five digits. The first number will be "3" on all numbers with only the last four numbers changing for each patron.

Beaver Dam Club Has Meeting

The Beaver Dam Franklinettes met recently at the home of Lucille Teel with Margaret Black being co-hostess.

Edythe Barber gave the lesson "Basic costume and Accessories."

Rosalyn Nellans gave the "Health and Safety."

There was an auction following the business meeting conducted by the president, Bonnie Whittenberger.

The next meeting will be at the home of Edith Olsen with Margaret Black giving the lesson.

Hostess to T. H. E. Club

Mrs. Mel McGowen was hostess to the T. H. E. Club at her home near Talma recently with 18 members, sixteen children and one guest.

Mrs. McGowen read the Scripture verses for the devotions and Mrs. Ed Staldine read a timely article entitled "What is a Mother?" During the business meeting \$8 was contributed to the new 4-H fair barn, part was club contribution and other general collection.

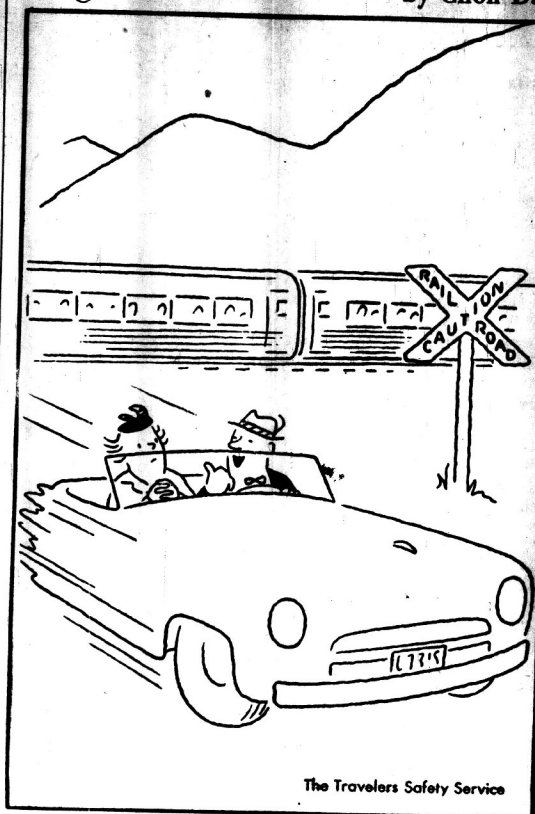

Mrs. Gerald Doud gave an interesting point on traffic safety and the club lesson on Social Security was given by Mrs. Lou Groce and Mrs. Erma McGowen.

A feature of the afternoon was a bulb and seed auction and each member auctioned her own article.

Mrs. Lewis Johnson received the lucky number prize. The June meeting will be held at the home of Mrs. Nelson Overmyer of Osceola.

DO YOU RECOGNIZE THE FARM PICTURED BELOW?

Here is another picture in the second series of farm photos to be printed in the Co-Op. News.

The pictures were taken by the Zekan & Robins photographers, Harlan, Iowa, and are all of farms in the Mentone trading area. The pictures are not identified and it will be up to the owners or neighbors to notify this newspaper office. The pictures were taken by airplane and not even the photographer knows one from the other. It will be interesting to see who is the first to identify the pictures each week. Phone Mentone 38. We will endeavor to publish the names of each person correctly identifying the pictures each week.

The farm owner will be given the original 5 x 7 mounted picture absolutely free of any cost. All we require is that the operator himself come to our office and give us a little information about the farm, its operation, etc. Additional prints, colored enlargements, etc. can be obtained by contacting this newspaper.

Farm Picture Not Identified

Again we find that we have printed a picture of an area farm home that has brought no identification calls. If you recognized the farm pictured in our May 18th issue, either notify the owner or call the News office.

Mrs. Ora Anderson from Muncie, Indiana and her daughter, Bernice from Indianapolis, were the week end guests of Mrs. Earl Meredith of Mentone.

The one hundred and twelfth session of the North Indiana Annual Conference of the Methodist Church opened on Wednesday morning with the Call to Order

by Bishop Richard Raines of the Indiana Area. Reservations were sent in by several laymen for the Fellowship Banquet on Wednesday evening when a program was presented prior to the Hour of Inspiration. Bishop Coston Harrell of the Charlotte Area was the speaker.

On Thursday evening Dr. Eugene Smith, General Executive Secretary of the Division of World Missions, speaks on "The Church Under the Cross." Dr. Charles Ray Goff, Minister of the Methodist Temple in Chicago, will speak on Saturday evening at eight o'clock.

Bishop Raines will present the Sunday morning Address at ten-thirty in the Muncie Field House North Walnut Street Church at Wysor. The reading of appointment will be at the High Street Church following the Services of Ordination. All sessions of the Conference except the Ministerial Session and Banquets are held in the High Street Methodist church in Muncie.

Note—Because of the Worship Services in Muncie on Conference Sunday, Church School will be held in the local church at nine-thirty A. M. There will be no Worship Services this Sunday, but on June 5, the Pastor appointed to this local charge will be in the pulpit.

Mr. and Mrs. Oliver Davis of Rochester, took dinner at the J. F. Laird home Sunday. Callers in the afternoon were Mrs. Alfred Laird and daughter Mildred of Bourbon, Mrs. Ora C. Anderson of Muncie, Miss Bernice Anderson of Indianapolis, Mrs. Bertha Meredith and Mrs. Tessie Newton of Mentone.

37th Annual 4-H Club Roundup

Lafayette, Ind. — Twenty-five hundred Hoosier 4-H club members will throng to Purdue University June 8-9-10 to participate in the 37th annual 4-H Roundup, a program highlighted by inspirational speakers, educational programs, recreation and entertainment.

Tours of Purdue's agricultural research laboratories will open the activities Wednesday morning. Dr. F. L. Hovde, president of the university, will welcome the delegates to Purdue at the opening of the afternoon session. Eldon Holsapple, National Achievement winner from Lawrence County, will respond for Indiana's 80,000 4-H members. Dr. Grace Sloan Overton, New York youth counselor, will give the main address of the afternoon. She will use as her topic, "The Uncommon You." Recreational parties in both ballrooms of the Purdue Memorial Union building will conclude Wednesday's activities.

"Youth in Other Lands," a program conducted by Indiana 4-H'ers who have been selected as this year's International Farm Youth Exchange delegates, will be presented in the Hall of Mus-

ic Tuesday morning. Four young farmers from India will take part in this presentation. Dr. Overton will follow with her second address, "How Do You Score Yourself?" Afternoon highlights will include a new 4-H movie, "The Town That Came Back" and a style show, "What To Wear and When," by L. S. Ayres & Co., Indianapolis. Roundup delegates will folk dance Thursday evening at the annual Sunset Frolic on the Purdue Oval.

A demonstration, "Keys To Color," and a speech, "Agriculture—A Vocational Pride," will open Friday morning's session. Prairie Farmer—WLS awards for county achievement during 1954 will be presented by Jim Lilly, Indiana Editor of Prairie Farmer. WLS radio stars will present a personal appearance program of entertainment.

Top acts from "Share The Fun" rural arts and recreation program group singing, leaders' meetings, round out the 1955 Roundup pro-and morning worship services will gram.

4-H Club Chatter

By Ruth Snellenberger

Dear 4-H Members and Friends,

Today I'd like to give information about the 4-H home economics judging contests. Something different is planned this year too.

For years all contests have been held at the same time. Thus a girl had to choose one contest which she would enter. This year, however, contests are to be held at different times so that members may participate in more than one, provided of course she is eligible.

To be eligible a 4-H member must be 14 years of age sometime during the year or older, be enrolled in, or help supervise,

the project in which she judges, and be in third year or more of club work.

The procedure followed in the contest is the same as other years. Each contest has two classes of four items each as well as the written test. Contestants are given ten minutes to study each class and then are required to write reasons why one item in the class is best, another second best, another third, and the fourth one the poorest. These are graded and scores totaled with the test to make up total score.

Classes in each of the project contests are the same as for last year. They are as follows: Baking—sets of baking utensils and plain butter cakes; Food Preparation—flower centerpieces and day's menu for high school age girl; Clothing—summer skirt and

blouse costumes and accessories to be worn with blouse and sweater and skirt; Home Improvement—choice of shades for a reading lamp and arrangement of furniture for a living room; Food Preservation—tomatoes and frozen peas.

To prepare for the test in any project contest a member should study all the bulletins in that project. All the answers are found in the project bulletins.

It is really hoped that every girl who is eligible will participate in Judging. It is a practical practice which one does in some form every day of her life—think and make decisions.

Expect Thirteen To Be Killed

Thirteen persons will die in Indiana traffic accidents over the Memorial Day Week-end the Chicago Motor Club predicted today.

The three-day holiday traffic toll also will include 235 injuries, a total of 650 accidents, and an economic loss to the state estimated at \$1,430,000 the Club said.

Traffic experts based this prediction on previous holiday accident records, brought up to date with figures on gasoline consumption and auto registrations in the

state, and the anticipated volume of traffic.

The Club warned that a big share of the accidents will probably occur during the end of the holiday period when weary, home-bound motorists throng the highways.

For a safe holiday, Charles M. Hayes, Motor Club president, advised motorists to observe these safety rules of the road:

1. Limit trips to comfortable driving distances.
2. Obey traffic signals and signs and approach all crossings with caution.
3. If possible avoid driving at night—when most fatal accidents occur.
4. Don't overindulge in food or drink so that it leads to fatigue.
5. Allow extra margins of safety when following autos or when passing.
6. Keep relaxed, don't rush—show courtesy on the road.

Honored at Pink And Blue Shower

Mrs. Lynn Bradley of Warsaw, was the guest of honor at a Pink and Blue shower held at the home of Mrs. H. V. Johns on Tuesday evening. Thirty-four ladies from the Church of Christ were present. Mrs. Donald Horn sang two solos, "Brahm's Lullaby" and "Mighty Life A Rose."

Mrs. H. V. Johns gave a humorous reading "Music Hath Charms." Then there was a visit from Dr. Stork who presented Mrs. Bradley with many lovely gifts. The hostess served dainty refreshments assisted by Mrs. Leslie Grant.

Program Completed for Memorial Services

It was announced today by Chester Smith, commander of the local Legion Post that Memorial Day Services will be held on Monday afternoon and that all veterans and people of the community are urged to attend. All Legionnaires please wear Legion cap, shirt, etc., or complete uniform if you have one.

In case of rain program will be held in the Methodist Church.

Fire Damages Sarber Home

The Elmer Sarber home was considerably damaged Tuesday evening when the TV set burned up. It seems Mrs. Sarber was in the basement cleaning eggs and when she came upstairs the house was filled with smoke—but no apparent fire.

The Mentone fire department responded, but they also were unable to locate the fire because of the dense smoke. Arlo Friesner, the fire chief, was overcome by the smoke and it is reported Ned Igo and Everett Long had about all they could take. Mr. Friesner had crawled into the room, and after locating the fire called for the men with masks and a hose—and that was the last Arlo remembered. Mervin Wagner, who were told, pulled the chief out where some fresh air and the resuscitator eventually brought him back to consciousness.

The TV was a complete wreck and the balance of the house was badly damaged by smoke even though very little else was actually burned. The only explanation ventured as to the cause of the fire was that lightning must have come into the home over the TV aerial wires.

Subscription Grace Period to End

As announced sixty days ago when the title to the Northern Indiana Cooperative News was sold to Mr. and Mrs. Arley Culum, a period of two months was given for those on the customer list of the Co-Op. Mill, to indicate their desire to continue receiving the publication. That period expires with this issue.

We appreciate every reader, and naturally we hope to keep everyone on our list. However, we do want to know whether you desire the publication, and we have no other way of knowing except that you let us know.

We are continuing to send the News free to all those in the armed forces, and we invite you to be sure and keep us informed of the current address of those in the services.

Ground Observer Corps Post Set Up Atop FCDA Building

(FCDA Photo). COMMON INTEREST of the Air Force and Federal Civil Defense Administration in early warning of unfriendly planes is underscored as Maj. Tilmon B. Cantrell, an Air Force liaison officer at FCDA, shows silhouettes of plane types to Miss Joan Cross, an FCDA bookkeeper and new recruit in the Ground Observer Corps. Miss Emajene Noon (background) is on duty at the GOC post atop the 14-story FCDA headquarters building in Battle Creek, Michigan.

Highlighting the link between the Federal Civil Defense Administration and the Ground Observer Corps, a GOC observation post is now in operation atop the FCDA headquarters building in Battle Creek, Michigan.

The post is one of the thousands being set up in the 48 States by the Air Force through GOC to fill in the chinks in the radar and other warning networks that guard the country against surprise attack.

In addition to the location for the post, FCDA has provided GOC volunteers from among its headquarters staff to help townspeople man the lookout site on the colonnaded sundeck of the 14 story building which was once the Army's Percy Jones General Hospital.

Some 120 of the 169 persons needed to keep the post in operation around the clock are standing watches and others are being recruited to complete the complement.

Already equipped with telephones, the post is scheduled to get sound detection equipment, needed when skies become overcast and the fog rolls across the heart of Michigan from the Great Lakes.

FCDA officials have arranged for the agency's security officers

to approve passes for GOC observers, who must use the headquarters buildings elevators to reach the observation post.

Mr. and Mrs. J. J. McClellan and Mrs. Ocie Blue, from Columbus, Ohio, spent the week end here. Mrs. McClellan, the former Leah Blue, is a graduate of the Mentone school and came to attend the Alumni banquet. Mr. and Mrs. McClellan visited in the M. O. Mentzer home while Mrs. Ocie Blue visited Mrs. Myrtle Whetsone.

Church of Christ News

This coming Sunday, May 29th, J. Edward Alexander will speak in the morning and evening services at the Church of Christ. Evangelist Alexander was the minister at this congregation 20 years ago. After J. S. Johns left this community Mr. Alexander moved here for the congregation. I believe most of you will remember his work here and this Sunday exchange is to give both you and Mr. and Mrs. Alexander an opportunity to visit again. Mr. Alexander works with the Church in Van Dyke, Michigan and recently moved from Nashville, Tennessee. You will find a fine spirit of worship and excellent sermons from God's Word this coming Lord's Day. I will go to Van Dyke congregation and speak there in an exchange of pulpits.

This coming Fall we plan, the Lord willing, to have Brother Wayne Porter back with us again in our meeting. The date is tentatively set for October 3 through 16th.

The Young People of the congregation plan to attend services in Waterloo, Indiana, this coming Sunday and go on to Pokagon State Park for a picnic. There will be approximately 30 going on the trip.

WURLITZER ELECTRIC ORGAN

MEMORIAL DAY MAY 30, 1955

Three years had passed since the last shot had been fired. In the beginning it had not been easy for fighting men to learn again the ways of peace—to sleep without having an ear cocked for the crack of a picket's rifle, to get up by one's own will rather than at the call of drum or bugle, to work at a steady job instead of doing only what some officer ordered. For awhile even the beds had been too soft, and the food too rich for stomachs that had made their peace with hard-tack or grits and bacon.

But by the spring of 1868 most of the veterans, North and South, had taken up their old lives or made new ones. The war was fast slipping into the past, and men were coming to remember only its comradeships and victories, and to forget its horrors.

And perhaps to forget, too, the graves that marked every battlefield, even every hamlet. It was then that General John A. Logan, Commander-in-Chief of the Grand Army of the Republic, issued his celebrated general order designating May 30 as a day for strewing with flowers the graves of the men who had given their lives for their country. A few weeks later, solemn processions everywhere moved with slow step to the resting places of the dead.

Even before 1868 a number of Southern communities had decorated the graves of Confederate soldiers. As in the North, the custom spread and became permanent, although some Southern states still honor their dead on dates other than May 30.

While the war remained an unhealed wound, it was natural that the people of each section should glorify the valor of their armies at the same time that they did homage to the fallen. But with each year bitterness diminished, and ever-larger numbers saw that grief has no respect for geography. Thus Memorial Day came to embrace all Americans and the dead of all our country's wars.

We can do little more than set aside a day of recognition for those who never came back. But there are thousands who have come back—ill, maimed, burdened with hurts from which they will never recover. For these, the disabled, we can show that we mean our annual tribute. We can, if we will, make an effort to understand their problems, and offer them every opportunity to earn decent livings and lead normal lives. If we fail in this small obligation, we strip Memorial Day of its meaning.

School Reunion Held at Mentone Saturday

Officials of the Mentone Alumni Association report that about 375 were in attendance at the reunion banquet held in the high school gymnasium last Saturday evening, and everyone seemed to enjoy the fine program and the renewing of old acquaintances.

Shown above are Mrs. Vaughn Jenkins of Minneapolis, Minn., class of 1911, who came the greatest distance; Robert Nelson, of Mt. Pleasant, Iowa, class of '45, who served as master of ceremonies, and Mrs. M. O. Mentzer of Mentone, a member of the oldest class represented—'94. The ladies were given corsages by the association.

A few of those from the older classes present were:

Mrs. Pearl Deafenbaugh, South Bend, class of '04.

Samuel Garrison of Indianapolis and Leroy Smith of Warsaw, class of '03.

Mrs. E. W. Strickland, the former Mae Bowman, of Indianapolis, class of '08.

Mr. and Mrs. Howard Teel of Wabash, class of '10.

Marie Bowman, the former Naomi Heighway, of Pierceton, of the class of 1893-94, had made a reservation but was unable to be present.

Wilma Dawson, sponsor of the Junior class that did the serving, was given a corsage in recognition of her fine work.

The new officers elected were: Heston Creviston, president.

Gerald Romine, vice president.

Mrs. Robert Whetstone, secretary.

Mrs. Ned Miller, treasurer.

The retiring officers, who played such a prominent part in arranging the reunion, were:

Lyman Mollenhour, president.

Jackie Blue, vice president.

Pat Starr, secretary.

Jack Fawley, treasurer.

MARRIAGE, Continued

her father, wore a floor length gown of white rose point lace over Satin. The fitted basque bodice was topped with a lace bolero jacket buttoned up the front with self covered buttons and finished

with a Peter Pan collar. The long sleeves tapered to bridal points over her hands and the full nylon net skirt fell from deep hip-length scallops. Her fingertip veil of illusion was caught to a tiara of seed pearls and brilliants and she carried a white prayer book adorned with an orchid.

The maid of honor, Miss Judith Hairrell, sister of the bride, appeared in a ballerina length gown of blue taffeta and net. It featured a scoop neckline, puff sleeves and lace points accenting the hipline. She carried a cascade arrangement of pink daisies.

Miss Emma Osman and Miss

Louise Monce, wearing blue gowns and Miss Nancy Biehl wearing an orchid gown attended as bridesmaids. Their gowns were ballerina length and they carried cascade arrangements of daisies in colors that harmonized with their gowns.

The flower girls, Cassandra Hairrell and Mary Ann Peterson, carried baskets filled with daisies of assorted colors. Their pink taffeta dresses were styled with scoop necklines.

Merl Blue, Mentone, was the best man and ushers were Merrill and Donald Peterson and Charles Saner.

Approximately 100 guests at-

tended the reception in the parish hall following the ceremony. A four-tiered wedding cake centered the serving table and was flanked with lighted tapers and small vases of spring flowers. Mrs. Freda Baumbaur cut the cake with Miss Dorothy Conrad, Miss Jane Ann Burch and Miss Connie Walls assisting with the serving.

Mrs. Peterson was graduated from Urbana High School this spring. Mr. Peterson, a graduate of Mentone High School, is employed at the Country Print Shop.

Christine Horn spent Wednesday with Jody Horn.
