HALLOWE'EN CELEBRATION

ENJOYED BY MANY

Many clowns and hoboes, a couple of Uncle Sams, a Charlie McCarthy, and others of all descriptions turned out Saturday evening to form a Halloween parade much enjoyed by participants and spectators.

Judges were Mrs. Wayne Tombaugh, Arlo Friesner, and Bob Reed. Mrs. Mabel Warren was the oldest person masked.

Mrs. Ray Lynn was masked as "An Oldfashioned Gal" and wore a costume authentic with that era—a beaver fur hat with a large hat pin; black broadcloth coat; jet earrings; and a dainty lace trimmed parasol. Her costume was especially interesting to the older folks.

There were many clever costumes, and each one taking part seemed to enjoy the fun.

The Bingo stand didn't seem to do much business as the "Possum Holler" square dance proved too popular. According to reports the floor was crowded.

ELLSWORTH McCUTCHEEN DIES AT MENTONE HOME; FUNERAL HELD SATURDAY

Ellsworth (Mack) McCutchen, aged 71, died at 2 o'clock Thursday afternoon at his home in Mentone where he had resided the past 14 years. He had not been well for the past eight years, but a stroke of paralysis, suffered recently, was the immediate cause of his death.

The deceased was born at Silver Lake, August 13, 1871, the son of Benjamin and Sarah Rhodes McCutchen. For many years he was substation operator for N. I. P. S.

Surviving relatives include the widow, formerly Bessie Zolman; three daughters, Mrs. Robert Eiler, Warsaw; Mrs. Ralph Garvin and Mrs. Elarka Brown of Peru.

Funeral services were held at 3 o'clock Saturday afternoon at the Johns funeral home, Mentone. Rev. Silas Hill officiated and burial was made in the Mentone cemetery.

Armistice Day Program

Wednesday Eve., November 11

7:30 P. M.

METHODIST CHURCH

Sponsored by the Mentone Reading Club

America, the Beautiful	Audience
Invocation	Rev. Ralston
Welcome	Mrs. Wayne Tombaugh
President of Reading Club	
America, Thou Blessed Land	Chorus
Three Short, One Long	Chorus
Address	Dean Bechtol
Vice-Commander American Legion, N. Ind. District	
I Hear America Singing	Chorus
America	Audience
Benediction	Rev. Hill

Dale Kelly, Master of Ceremonies
Walter Bowers, Musical Director
Mrs. Ruth Urschel, Pianist

DEAN BECHTOL TO

SPEAK HERE NOV. 11

The public is invited and urged to attend the Armistice Day Program to be given at the Methodist Church on Wednesday evening November 11.

The address of the evening is being given by Dean Bechtol, who is Vice-Commander of the American Legion of Northern Indiana.

The program is sponsored by the Mentone Reading Club, whose members feel that Dean Bechtol has a timely message for Mentone and community.

The entire program appears on this page.

Karl Rush, who is attending school at Purdue, spent the week end with his parents, Mr. and Mrs. Ray Rush. Karl belongs to the R.O.T.C. and is a member of the Enlistment Reserve.

TRAP SHOOT HERE

SUNDAY, NOVEMBER 8

The Mentone Conservation Club, together with the Claypool Conservation Club, will hold a joint trap shoot at the Mentone Conservation Club trap grounds next Sunday, November 8. This will be an opportunity for all the shooters to get in shape for the pheasant season opening on Tuesday of next week. Prizes will be given to winners and eats served on grounds. Shooting will start at 12:00 noon.

HOSPITAL FUND

Twenty cents is deducted from the pay of each officer and enlisted man in the Marine Corps each month and applied to a hospital fund for Marines.

CHARLES WITHAM DIES

AT HOME MONDAY

Charles Witham, well known farmer south of Mentone, died suddenly at his home Monday afternoon while at work in the barn lot. His body was found by the housekeeper, who went to investigate when she noticed something was wrong. Mr. Witham was 67 years old, and his wife had been dead only since May.

The deceased was born in White county, son of William and Martha Witham. In 1898 he was married to Henrietta Williams. They had lived in this locality a number of years.

Surviving are a brother, F. D. Witham, a sister, Mrs. Anita Hendricks, and four children: Louis F. and William of Hammond, Clarence of Mishawaka and Mrs. Devon Shipley of Silver Lake; also six grandchildren.

SAFETY IS URGED

IN HANDLING GUNS

With the duck hunting season under way and the opening of the quail, pheasant and rabbit seasons in November, Hugh A. Barnhart, director of the Department of Conservation, today urged the cooperation of all hunters in preventing hunting accidents.

Each year the hunting season results in a series of preventable accidents, many of which are due to careless or thoughtless handling of firearms. Surveys have shown that many accidents occur while loaded guns are being put in or taken out of automobiles. Others result from pulling loaded guns through or over fences, from shooting at moving objects without knowing what they are and other similar thoughtless actions.

A hunter and good sportsman should be familiar with the handling of firearms and should realize the responsibility involved in the possession and use of guns.

CORN HUSKING next Tuesday November 10 for Kenneth Laininger. Those who can, bring wagons. Pot luck dinner. In case of bad weather come Wednesday.

NEWCASTLE TOWNSHIP FARM
BUREAU MEETING HELD

By Talma Correspondent

The October Farm Bureau meeting was held Wednesday evening in the Talma high school.

The meeting opened with community singing led by Mrs. Dee Berrier with Mrs. David Swihart at the piano. Prayer was offered by Mrs. James Newcomb. An election followed with John Dawson as president; Ransford Peterson, vice-president; and Lester White, secretary-treasurer.

John Dawson was chosen as a delegate to the County Convention. A girls trio composed of Barbara Duzenbury, Lois Gross and Shirley Ann Peterson sang with Mrs. Swihart accompanying them. Mrs. James Newcomb explained the fuel oil and gasoline rationing. Mrs. Berrier urged the working for a large Farm Bureau membership. William C. Gray, former county Farm Bureau chairman, was then introduced and gave a very educational talk on "The Benefit Derived Through Organized Effort and That All Farmers Have Received These Benefits Regardless of Their Membership." Honor roll call followed and several paid their dues for the coming year. The program committee for November will be Mrs. Orval Long, Mrs. Cloris Barkman and Mrs. Herbert Carlile.

INDIANA LEADS NATION
IN CHICK HATCHING

Commercial hatcheries in Indiana produce more baby chicks than are hatched in any other state, reports William Kohlmeier, Purdue University poultry market research worker. Recent figures released by the Department of Agriculture show that for the past three years Indiana has led in the production of hatchery chicks, with 1941 output reaching the staggering total of 94 million.

The figures also show that the Hoosier output of baby chicks exceeds the combined production of 22 other states. About nine per cent of the baby chicks hatched in the United States come from Indiana incubators.

In 1930 each of the five states of Ohio, Illinois, Iowa, Missouri, and California produced more chicks than were hatched in Indiana. Kohlmeier points out that the growth of Indiana's hatching industry during the past twelve years has paralleled the growth of commercial broiler and egg production.

In order to produce chicks at the present rate, Hoosier hatcheries need about 136,000,000 hatching eggs annually. This is equivalent to 1,000 car loads. Many additional hatching eggs are shipped to out-of-state hatcheries. It is estimated that eggs for hat-

The Nation's No. 1 Life Insurance Policy

Courtesy Detroit Free Press

ching represent 10 per cent of the total annual egg production in Indiana.

The dependence which Indiana poultry raisers place upon hatcheries is shown by the fact that nearly 35 per cent of the chicks raised in this state are commercially hatched.

Thus, Indiana hatcheries are playing a major part in the "Food for Freedom" campaign, says Kohlmeier. Dried eggs have become one of the most important foodstuffs for use by our allies and by our armed forces abroad. Steady output of dried eggs requires large numbers of laying flocks. Hoosier hatcheries are foremost in supplying the chicks from which these laying flocks are built and maintained.

NEW CORN BORER LEAF-
LET IS AVAILABLE NOW

A month by month description of the two-generation European corn borer, the kind invading Indiana, is graphically presented in a newly published miscellaneous leaflet, entitled "Understand and Adopt Corn Borer Controls." It is free to interested Hoosier farmers who desire to control the spread and damage of the pest, which is expected to ruin millions of dollars worth of Indiana corn.

To understand the life habits of the corn borer is to know how to do a better job of controlling it, says J. J. Davis and G. E. Lecker, Purdue entomologists, authors of the leaflet. The four-page publication also outlines a number of suggested control practices.

Copies of the leaflet are available from the office of any Indiana county agricultural agent or from Purdue University's Department of Agricultural Extension.

CULL OUT FANCY
FEATHERED HENS

"Many Indiana farmers are facing a perplexing poultry problem," states L. A. Wilhelm, Purdue University extension poultryman. The pullets are ready to house - but the old hens are still in good production. And, egg prices are good. Should the average farmer sell all the old hens so he can house the pullets? The pullets should certainly be in the house.

Wilhelm reports that many farmers are culling the old hens and moving them to temporary quarters - the barn, hoghouse or other little used building where they are expected to continue to lay well until the first of the year.

However it is important that the old hens be carefully culled, he said. Only those that are in good health should be kept. The working hen hasn't had time to lay eggs and get a new fall coat, too. A safe rule for fall culling of old hens is to cull those that have new feathers - grown while the busy bodies were laying eggs.

THE CHICKEN COOP

By Artley D. Cullum

When somebody says, "Put her on the cuff" you can guess that the odds are in your favor that somebody will take it on the lamb and you'll find yourself holding the sack and the feathers all coming off your prized eagles.

A shiny black on the books can soon fade into a dull red and the boils of experience will give the business a dizzy feeling.

Webster took the vowels and consonants and trained them like a fascist does his subjects and gained everlasting fame as the only man who could ever convince a woman that he was right.

But when Cleopatra (reverse english on this shot) swished her scarlet veils down the king's corridors, some guard held his breath for six short minutes and whistled a muffled "baby!" as the medals on his chest settled back into their usual position.

That was when slang began.

Webster died and the words he created have gone through more transformations than a pin-tailed

chameleon in the painted canyons.

If you'd take this column and run it through the lexicographer's fanning mill it likely would come out like the shirt-tail on a scarecrow that had gone through a tornado, but what's the difference. It fills up space.

All Ripley ever did was tell you something you didn't believe and if you have any ideas, start shooting them along.

It may be a bare idea, but we'll try and put pants on it.

THE FINAL TEST

The people of this country are face to face with the most critical of all tests that can be exacted of our form of government—inflation. It is more difficult to understand than war. It is intangible.

Dr. Paul F. Cadman, leading economist, has pointed out that it will take a lot more than laws to fight inflation. The present policy of one group blaming another group in seeking a scapegoat for the rising cost of living, will prove disastrously futile. If continued, it will offset all tax measures, forced savings, price regulations, wage stabilization, rationing, and credit control.

Inflation is a challenge to the individual. As Dr. Cadman observed: "This is one of the real occasions when the American people have a chance to demonstrate the moral fiber of the nation in their willingness to be obedient to the unenforceable. For, of a truth, inflation cannot be controlled by either legislation or compulsion."

Most of us have occasionally been guilty of unconsidered attacks on industry, labor, or politics, as if each group was a separate entity. We need all three groups and the sooner

we realize it, just so much sooner will leaders of each group moderate their policies.

It is a mortal certainty that if the irrelevant disputes don't cease, we might as well abandon the hypocrisy of waving the American flag and consoling ourselves in our discontent with brass bands. It is inconceivable that we cannot live up to the ideals of freedom and opportunity that made this nation. However, the test is before us, final and irrevocable. Everything heretofore has been preliminary, with plenty of cribbing. Not so now. You cannot crib in a test in which natural law is the judge.

Only production, thrift, economy and honesty in public and private life can stem the tide of inflation now.

Mr. and Mrs. Bill Coplen and Steve spent Sunday in Mishawaka.

PUBLIC SALE!

Due to my severe accident, and not being able to care for this stock, I am selling at Public Auction on the farm one mile west of Mentone on Road 25, on

THURSDAY, NOVEMBER 12, 1942

Sale to start at 12:00 Noon

The following items:

16 HEAD DAIRY COWS, ALL T. B. TESTED

One Swiss cow, 4 years old, fresh 9 weeks; 1 full blood Guernsey, 4 years old, Fresh August, rebred, heavy milker; 1 five year old yellow Guernsey, bred August 26, heavy milker; 1 white face and Jersey cow, 7 years old heavy milker, bred Aug. 11; 1 black Jersey and Holstein, 3 years old, bred Oct. 15, good flow of milk; 1 dark Jersey, 3 years old, good milker, bred Aug. 11; 1 spotted Jersey and Guernsey, 3 years old, fresh 9 weeks, good flow of milk; 1 Jersey and Guernsey, 7 years old, calf by side; 1 large Guernsey cow, 8 years old, due to freshen 15th of Nov.; 1 Jersey cow, 9 years old, to freshen Jan. 29; 1 black Jersey and Holstein, 10 years old, giving good flow of milk, bred Sept. 9; 1 two year old Swiss and Guernsey heifer, due to freshen in a month; 2 Swiss heifers, 2 years old; 1 Swiss heifer 19 months old, all pasture bred; 1 Swiss and Jersey heifer calf, 4½ months old.

THREE HEAD OF HORSES

One sorrel mare, coming 5 years old, well broke, weight 1700 lbs.; one bay mare, coming 4 years old, well broke, weight 1650; one bay mare 12 years old, good worker, weight 1850.

22 HEAD OF SHEEP

15 good Shropshire ewes; 6 Shropshire ewe lambs; 1 registered yearling buck.

23 HEAD OF HOGS

One thoroughbred Duroc sow, 1½ years old, double immuned; one thoroughbred black Poland sow, 2 years old, double immuned; 1 thoroughbred male hog, 6½ months old, double immuned; 11 head of full blood Duroc pigs; 9 head of black pigs.

HAY AND GRAIN—45 Tons Hay (More or Less)

15 ton (more or less) first cutting alfalfa, loose; 195 bales (more or less) of second cutting alfalfa; 95 bales (more or less) of third cutting alfalfa; 385 bales (more or less) clover hay; 1400 bushels corn (more or less); 50 bushels rye (more or less).

FARM MACHINERY

Set of good heavy work harness; other lots of harness; wagon and rack; one new New Idea manure spreader; six-foot Deering binder; John Deere corn planter; Gale corn plow; Syracuse 14 inch breaking plow; 18 inch spring tooth harrow; 60-tooth spike tooth harrow; one katydid; fodder sled; cross cut saw; 2 hog fountains; one hog feeder; forks, double trees, scythe, post hole digger, shovel; No. 2 McCormick-Deering cream separator, extra good; one lot of potatoes; 2-wheel trailer, good tires.

MAKING HOUSES WARM IN WINTER WEATHER

LAFAYETTE, Ind., Oct.—Valuable heat may be conserved this winter if a careful check of the house is made to find causes of lost heat. With fuel rationing in force throughout many states it is important that every effort be made to conserve heat as much as possible, says C. H. Reed, Purdue University extension agricultural engineer.

One cause of lost heat is the leakage of air around windows and doors. Weather-stripping or tightly-fitted storm doors and windows will help curtail this loss. Closing the openings between wall studs from the cellar to the attic will save heat and eliminate a dangerous fire hazard. Such openings are virtually chimneys for any fire starting in the basement.

Fuel savings can be made and comfort improved by insulation over ceilings and attic walls. The same insulation that protects from cold in winter aids in keeping the house cool in summer.

If exterior doors opening directly into frequently occupied rooms can be moved so as to open into entries

JUST HUMANS

By GENE CARR

"Leave the Bird for Me to Feed, Flo. I Need the Exercise!"

business this year in the New York milk shed area alone, according to figures compiled by the Dairymen's League Cooperative Association. The League's figures for the same area showed, further, that nearly 20,000 head of dairy cattle have been sold so far this year with the prospect that over 15,000 more will be sold during the balance of the year. The plight of New York dairy farmers is typical of farmers in every state.

There have been plenty of reported studies made in regard to manpower needs of the armed services and war industries, which are commonly designated as armament, airplane and shipbuilding. We have been told that all able bodied men and women will ultimately be forced into industries "essential" to our war program. Thus, millions of men have been faced with the choice of a gun or a welder's torch, apparently in the belief that we could live, eat and fight with these instruments alone.

The time has long passed when attention should have been given to the manpower needs of the industries that keep the "essential" industries going.

or halls, much of the heat in these rooms will be saved.

Stoves utilize fuel more efficiently than do fireplaces. Sometimes fireplaces are made with a circulating system which sends more of the heat out into the room instead of up the chimney.

A limited supply of a leaflet "Home Insulation", contains additional information on insulation and can be obtained from the division of agricultural engineering, Purdue University.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every pay day.

CAN'T EAT A BLOW TORCH

Unless the authorities wake up soon, a wholly unnecessary food shortage is imminent. Thousands upon thousands of farmers are going out of business totally, or substantially curtailing production. Lack of labor and a feeling that those in high places don't understand their problems, are the main reasons given for such action.

Over 1,400 dairy farmers have quit

NOVEMBER 7, 1912

Election results—Wilson victorious, Teddy second, Taft third.

Miss Ethel Gill was married to John Leech of Akron in a beautiful home wedding on Oct. 30.

Grandpa Hollands died Thursday evening after a 2 weeks illness. He was born in Sussex, England 76 years ago.

The first snow of the season came

last Friday, November 1.

Sod was broken Monday morning for the new town hall and water works building. Lloyd Dunlap has the contract and the work will be hastened to completion.

Grandma Laird who has been visiting her daughter, Mrs. Ora Anderson of Big Foot returned home Saturday.

Ben Foor and family of Sturgis, spent Sunday and Monday with his parents in Mentone. Ben came home to help elect Wilson.

EXPECT APPLES TO FILL FRUIT GAP

Apples, of which there is a large crop this year, must fill a gap in the fruit supply resulting from heavy purchases to feed the U. S. Armed Forces and our allies, and from transportation difficulties, says Monroe McCown, extension horticulturist, Purdue University.

The banana supply is expected to be short; packs of dried fruits are set aside for Government use with only a small portion to be released to consumers; and canned fruits for consumer purchase may be one-third less than the 1941 stocks.

"Fortunately, apples are grown commercially in 36 states and the present crop is bountiful, making this fruit available to most of the American people without excessive use of transportation," states McCown.

He further suggests greater use of the crop during the fall months when the apples are moving direct to the markets from the orchards since shortage of available cold storage space may limit the supply after mid-December.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

PROPER CARE NEEDED FOR ELECTRIC CORDS

Electric appliance cords deserve better care than ever before, for they contain two especially vital war materials—copper and rubber. Reasonable care of cords already in use may add several years of use, reports Miss Virginia E. Berry, Purdue University extension home economist.

Jerks, knots, sharp bends, and kinks are abuses appliance cords are often forced to suffer. Yanking cords from electric outlets is responsible for numerous repair jobs. Appliance should be disconnected by grasping the plug or cap at the end of the cord and pulling it straight out. Equipment should always be disconnected first at the outlet, not at the appliance itself. Disconnecting the plug from the appliance results in sparking which wears away metal in the connections.

Keeping cords out of the way is an essential part of their care. However, the common practices of putting them under rugs, over nails, or shortening them with knots are unsafe. When necessary, cords may be held off the floor with special fasteners or small insulated staples.

Heat is an enemy of both the outside rubber covering and the inside insulation of appliance cords. This makes it essential to keep cords away from radiators or other sources of heat.

Appliance cords may be stored in various ways if they are not bent sharply. Often they are hung across two wooden pegs or coiled loosely in a drawer. A cord which is permanently attached to an appliance may be stored by coiling it loosely around the appliance. Heating equipment must always be allowed to cool before the cord is coiled about it.

12% INCREASE IN EGG PRODUCTION U. S. GOAL!

It's a Cinch! We
Increased Our Egg
Yield 33 1/3%

"Our egg production used to be as up-and-down as a ride on a roller coaster. That's because every time the temperature took a nose-dive, we were too busy keeping warm to bother about laying eggs. Then our boss insulated our laying house with Celotex Vapor-seal Sheathing. Since then we've consistently turned out a third more eggs from the same-sized flock."

Progressive poultrymen are guaranteeing their quo-

tas in Uncle Sam's "Food for Freedom" program by insulating their buildings with Celotex Vapor-seal Sheathing. By maintaining constant, warm temperatures in laying houses, this efficient structural insulation encourages increased egg production. Used in brooder houses, Celotex insulation also aids chicks to grow rapidly and feather out evenly.

Put Your "Egg Factory" on a War Production Basis. Our Free Plans Tell You How!

Leading Poultrymen know that the Celotex Poultry Building Plans are the last word in modern poultry house construction. Come in for your free copies today!

Building and Hardware Needs

INSULATE FOR ECONOMY AND COMFORT

Any building properly insulated is not subject to the ups and downs of temperature fluctuations as are regular buildings. Insulation keeps out the heat in summer and cold in the winter—a year around improvement.

Make these needed improvements now while we can still supply your needs.

BUILDING MATERIAL

ORDER COAL NOW!

Shortage of fuel oil this winter is creating a bigger demand for coal. Our supply is more than ever before but the demand is likewise greater. Give us your order now so that delivery can be made as quickly as we can arrange to do so. Order your winter's supply now. We're attempting to supply everyone's needs even though the shortage of labor may not permit delivering your winter's needs all today.

Clarks, Scott Brothers

Howard Newton, and Mr. and Mrs. Franklin Newton and baby, Frances spent Sunday with the Stanley Newtons at Burket.

Guido (Dead) Shirey, of Chicago, spent a few hours Sunday with Mrs. Shirey and friends.

Mrs. Dwayne Bergstrom and daughter spent Sunday in Indianapolis with Dwayne.

Clarks store is being modernized with "fleuriscent lights, paint, and elbow grease" according to Mrs. Broda Clark.

Dr. Urschel spent last week in Detroit working in the Cardiac Clinic of the Henry Ford hospital.

The W. S. C. S. will meet at the Methodist Church chapel Friday afternoon. A unique broadcast program and discussion of the "Evils of Alcohol and Narcotics" will be given.

A number of people have moved or are moving in Mentone. Mr. and Mrs. Jake Gross have bought the Frank Coplin house and plan to move in soon. Mr. and Mrs. Dan Emmons have bought the Igo house, now occupied by Mr. and Mrs. Frank Smith, and will move there. Mr. and Mrs. Dwayne Horn have moved into the property just north of the C. O. Eilers, and the house vacated by them was taken by Mr. and Mrs. George King.

Mary Ellen Paxton, who has a stenographic position at Wright Field, Dayton, Ohio, spent the week end in Mentone.

Is your soldier boy's picture in Clark's window? There is a nice collection of pictures there, which we all enjoy, but only about half our local soldier boys are there. If you have a picture bring it in with the others.

Friends will be glad to learn that Kenneth Leininger, tho' still on the flat of his back, is suffering no pain and is able to visit with his friends.

Mr. and Mrs. Forrest Hoffer and son Jimmy, of South Bend, spent Sunday with Mr. and Mrs. Ray Rush and family.

Miss Eleanor Rush spent Saturday

night and Sunday with her cousin, Virginia Rush.

Agriculture in Industry

By FLORENCE C. WEED

Alfalfa

Although alfalfa is a fairly recent arrival in the fields of the United States and Canada, it is one of the oldest crops known to man and flourished in Asia and Europe for centuries. For the last 20 years, our farmers have given it great preference and the acreage has nearly doubled.

Being especially rich in vitamins, it seems to offer good possibilities for industrial uses. A pilot plant is soon to be set up to extract pigments from dried alfalfa leaves. These will be used in coloring soaps and foods and in preparing medicines.

Some experiments also have been made in extracting alfalfa juice for human consumption so it may sometime appear on our breakfast tables. At Michigan State college, scientists have been working on the problem on making plastics out of alfalfa in the same way that soybeans are utilized.

At present, the chief industrial product is alfalfa meal which is merely hay ground into coarse particles which can be fed to animals without loss, and can be shipped more cheaply than baled hay. It can be used in mixed feeds for such small animals as rabbits and poultry. Some of the meal in refined form has been used in breakfast foods for humans and experiments have been made to add carotene extraction to tonics and candy.

Rural Briefs

Fruit should be fully grown, well colored, but not overripe for good storage.

John Adams, second president of the United States, once fought with the Marines.

Injured Trees

Trees that have been injured by storms should be given treatment as soon as possible. This treatment should consist of cutting the ends of the broken branches back beyond where the bark was torn. In some instances it may be advisable to remove the entire branch back to the main stem or lateral. These torn and ragged ends of branches should be removed immediately and all wounds that are two inches in diameter or over should be painted.

IMPORTANT DATA ON GASOLINE "A" BOOK

The following is essential data on registration for "A" books for gasoline rationing which will be held this week at the school buildings.

Value Of Coupons—Each coupon is good for four (4) gallons.

Valid Period Of Book—The book contains coupons for eight months. There are four sheets of eight coupons. Any unused coupons remaining at the end of the period become void.

Who Gets An "A" Book—Every passenger car owner is entitled to an "A" book except those whose cars come under one of the following five classifications. 1. An ambulance or hearse. 2. A vehicle held by a dealer for sale or resale or operated on dealer license plates. 3. A taxi, jitney or vehicle leased from or held for rental by a car-rental agency. 4. A vehicle owned or leased by a federal, state local or foreign government or government agency. 5. A vehicle which is one of three or more passenger autos (or three or more motorcycles) owned or leased by and used principally for the business or occupational purposes of the same person or organization.

Where To Get An "A" Book—At the schoolhouse where you will register for gasoline rations Nov. 12, 13, 14.

How To Get An "A" Book—The registered owner of a privately owned auto is to obtain application OPA Form R-534. This application form is to be filled in, including the serial numbers of the tires. One spare tire is allowed for each auto. In event the applicant has in his possession more than five tires, he will be required to sell or give all tires in excess of five to the government. The application, together with the auto registration card, is to be taken to the school and presented to the registrar who will issue the "A" book.

HOW YOUR "A" BOOK MILEAGE IS DIVIDED.

The "A" book is intended to provide you with enough gasoline to drive 2,880 miles in a year (based on the present coupon value of four gallons and on the official government mileage estimate of 15 miles to the gal-

FARMERS ASKED TO OBSERVE VOLUNTARY RATIONING

Earl Shinn has received official word that the farmers are going to continue to do their own butchering, but will be asked to voluntarily ration themselves and members of their families to 2½ pounds of meat apiece a week.

This plan will save plant processing of many millions of pounds of meat which will mean a great saving of time and man-power, as the meat packing plants, are working to full capacity to supply our armed forces with their necessary meat rations.

NEW COUNTY OFFICERS (All Republicans)

Prosecutor—John J. Boyle.
Representative—Hobart Creighton.
Auditor—Helen J. Kyle.
Treasurer—Willard J. Cain.
Recorder—Palmer A. Hale.
Sheriff—Frank R. Lucas.
Coroner—Dr. Leslie A. Laird.
Surveyor—Robert J. Pfeiderer.
Assessor—Carl J. Coy.
Commissioner—Northern District—Ray Ferverda.
Commissioner Southern District—Orven A. Heighway.

Councilmen—Otto Stocking, George W. Snell, Clever Munson, Chris G. Cain, Elmer E. Meredith, Isaac Earl Phillips, Ray Fredericksen.

Raymond Lash was elected trustee of Franklin township and Loyd Minner trustee of Harrison.

BABY GIRL

Mr. and Mrs. Earl Romine of Indiana Harbor are the parents of a daughter born in the Parkview hospital at Plymouth October 22.

Of the 2,880 miles, 1,080 are considered to be available for "family" purposes such as shopping going to church, or taking children to school. The remaining 1,800 are considered as available for occupational driving and no one whose occupational driving does not exceed 1,800 miles a year (150 miles a month) is eligible for a "B" or "C" book.

TO THE PARENTS OF SERVICE MEN

There are very few things which we at home can do to help maintain the morale of our boys in the armed services. One of the most important of these, however is letter writing. It doesn't matter whether the boy is just down here at Ft. Knox, or whether he is in Australia or England, a letter from home means a lot to him. Because the boys are moved around from place to place so frequently it is hard to keep up with their addresses. George Clark has been doing that for the past several months and has been trying to always keep the current address listed on the pictures of the boys in his window. To make this even more complete and to make available to every resident of the Mentone vicinity the address of any of our local boys in the services, George and Dr. Urschel have volunteered to keep a file card record of addresses on all these boys.

To do this will require full cooperation of the relatives of the men. If the picture in Clark's window has the latest address on it, we will take that. But if it does not have, please send the address written clearly on paper or postcard, to either Dr. Urschel or George Clark. This address will then be filed under his name, and indexed, so that any one wishing the address of any of these boys can get it by calling Dr. Urschel's office. Even if the picture of the man involved isn't in the window, we want the addresses, so send them as soon as possible.

ATTENDS DENTAL CLINIC

Dr. F. B. Davison attended the monthly meeting of the Kosciusko County Dental Society in Warsaw Wednesday evening.

Dinner was served to 11 members at Gill's Grill.

The meeting was held in the office of Dr. W. A. Gassaway. Dr. Stieffler of Indianapolis showed a talking picture and explained the use and purpose of the Indiana Mobile Dental Unit. This unit will come to Kosciusko County on Jan. 1, 1943 and will visit all the schools of the county during the following six months.

SPECIAL ISSUE NEXT WEEK

Next week's Co-Op News is to be an especially interesting issue as it will contain many congratulatory messages to Hill & Lemler on the opening of their new general store, which will be Saturday, November 21.

Included, too, will be a Business Index, listing all the businesses of the community and services they offer.

Also a brief history of all the organizations of the town will be included.

This issue will stress the importance of OUR OWN community to each one of us, especially at this present time of world strife, and our own closer problem of gas rationing.

BASKET BALL NEWS

The Mentone Bulldogs started the year right last Tuesday night, November 3, by defeating the Milford Trojans by a score of 38-27. The Mentone Seconds also made a nice start with a score of 35-11.

The starting line-up included: Igo (captain), Whetstone, Boggs, Sarber, and Mosier. Igo tied with Whetstone for high-point position. Igo made 5 of his 11 field goal attempts and Whetstone made 5 of his 18 attempts. Wemple held high-point position on the Milford team.

The Bulldogs kept up the good work by defeating the Beaver Dam Beavers Friday night, by a score of 25-17. The Beavers played a threatening game of ball in the first half although they lost their speed in the latter part of the game. Again won out with a score of 34-9.

Mosier held high-point position for Mentone by making 3 of his 8 field goal attempts.

The Mentone-Akron game, to be played at Akron Friday night, promises to be a very good one.

—Jack Dillman

FUNERAL SERVICES HELD WED.

Funeral services for Charles Witham were held last Wednesday afternoon at the Baptist church, Mentone, Rev. Hill officiating. Burial was in the I. O. O. F cemetery at Rochester.

PSI IOTA XI PARTY

Too late for last week
Members of Psi Iota Xi sorority met at the home of Mrs. Mott Bryan Thursday night with Mrs. Ernest Harvey assisting hostess to celebrate Halloween. The masked guests were met at the door by a tiny ghost, Mary Ellen Bryan. The home was weird and dark with clever decorations in keeping with Halloween. Mrs. Lyman Mollenhour and Mrs. Delford Nelson received the prize for the best masked. An apple naming contest was won by Mrs. C. J. Riner. Bingo prizes were given to Mrs. Bud Todd and Miss Ora Pottenger.

A regular business meeting was held with Miss Anne Sierk in charge. "Superstitions" were the response to the roll call. Sample packages of personal stationery were given to each member to obtain money for our

charity fund.

Gifts of children's crested spoon and fork sets were presented to Mrs. Todd and Mrs. Nelson. Mrs. Darrell Swan expressed her thanks for the bathinette she received from the sorority recently.

Miss Flora Holt reviewed the book "Why I Am An American". Others

present were Mrs. George Clark, Mrs. W. W. Whetstone, jr., Mrs. Maude Snyder and Mrs. T. J. Clutter.

On November 19 initiation services will be held at the home of Mrs. Todd.

Advertising in the Co-Op News will bring results and big dividends.

Warsaw Laundry Co. TRUCK

will be in Mentone next Monday.

Misses Geraldine and Marjorie Ann Virgil of South Bend were called here Thursday by the death of their father, Alfred P. Virgil.

Mr. and Mrs. Loren Kramer and family spent Saturday evening in Rochester.

Second Petty Officer Mark T. Virgil of Pensacola, Florida, has returned to camp after being called here because of the death of his father, Alfred Virgil.

NUGGETS FOR BEREANS

No. 37

Sometimes a little comparative study of the Scriptures or even characters of the Bible is very fruitful. Without Genesis, Revelation is meaningless. Genesis is the foundation for a proper study of any of the rest of the Sacred Book. Although I have a great deal of material on this subject, I will give a short comparison of the two books and trust that the reader may become interested and carry on the study for himself.

GENESIS

1. The Earth created. (1:1).
2. Satan's First Rebellion. (3)
3. Entrance of Sin. (3).

4. Tree of Life forfeited. (3).
5. Death entered. (3:19).
6. Sorrow and suffering enter. (3)
7. The doom of the old serpent pronounced. (3:15).

REVELATION

1. The Earth passed away. (21:1).
2. Satan's FINAL Rebellion. (20:3, 10)
3. The END of Sin. (21:22).
4. Tree of Life restored. (22)
5. No more death. (21:4).
6. No more sorrow. (21:4).
7. The doom of the old serpent executed. (20:10).

Do I need to remind you that the above indicates that God is working according to a plan? Is it not also clear that the working out of that plan is meeting with opposition?

We must, however, remember that these are but steps toward a goal, and it leads on to "new heavens, and a new earth, wherein dwelleth righteousness." (2 Pet. 3:13).

Oscar M. Baker

BUTTER IS THE "SAFETY VALVE" OF THE DAIRY INDUSTRY

Butter is proving second in importance only to milk in the all-out war effort of the dairy industry. Commonly referred to as the "safety valve" of the dairy industry, butter accounts for the utilization of 40 percent of all the milk produced in this country.

"Today, with indications pointing to limited supplies of edible fats, butter with its superior food values becomes even more important both to the food habits of consumers and to the economic welfare of producers," states Milton Hult, President of the National Dairy Council. "Research is demonstrating superior growth factors in the fats of milk which emphasize the importance of butter for both our fighting forces and civilian producers of war materials," he adds.

Dry skim milk is a natural by-product of butter manufacture. Since 100 pounds of milk of average butter fat content will make approximately nine pounds of dry skim milk and

five pounds of butter, these two products provide a very highly concentrated method for shipping foods to the United Nations. In the past 15 months, 267 million pounds of dry skim milk have been purchased by Lend-Lease for the allied nations. Also, since the first of the year, more than 26 million pounds of butter have been purchased by Lend-lease for the same purpose.

To the producer, satisfactory re-

turns for butter are extremely important since they determine to a large degree his ability not only to produce butter but all other dairy products as well. Because such satisfactory returns are so essential now in order to get the needed production of all dairy products required for the Government's food program, they are equally important to consumers. Milk not used in other forms usually finds its way into butter.

YOUTHS OUT TO POCKET RICH TRAPLINE PROFITS

With the country's war effort having taken much of the man power which formerly harvested the annual fur crop, this job will fall to a considerable extent upon the sturdy and willing shoulders of youth. It is they who will be called on to maintain the national fur catch—one of America's great natural resources—as a valuable source of income.

While it's squarely up to the younger trappers to "carry on," the situation offers them several highly pleasing advantages. First of all, there is scarcely any other endeavor that offers such a combination of wholesome recreation, healthful exercise and a neat cash profit to boot! Compared with farm products, generally, raw furs yield a decidedly satisfactory return.

Crop Ready for Harvest

The raw fur crop is there—along the streams, in the woods and fields—literally waiting to be taken. Practically no investment is required—only a bunch of traps and the effort needed to run the trapline. And as for the effort, if desired it can be limited to spare time—a feature which fits in beautifully with the school boy's daily routine.

More Furs Per Trapper

One apparent attraction this season is the potentially greater catch per trapper afforded by the thinning of the trap-

line ranks. In other words, where a brook formerly supplied two or three trappers with their winter's catch, it is likely to become the exclusive domain of one trapper this winter—a veritable "happy hunting grounds" for the less experienced but rapidly-learning lad.

Speaking of learning, most trappers say that "there's almost nothing to it." The sheer fun of being out of doors—matching wits with the wily fur bearers—provides such a pleasurable thrill to the beginner that he considers trapping more of a sport or game than actual work.

Every pelt taken is as though the trapper had bagged a wad of actual money. There is a regular, steady market for raw furs—so come what may, Mr. Trapper can be sure of pocketing a stack of dollars in return for his catch.

REWARD! TRAPPERS

\$7,590.00 in Cash Awards!

Trappers! This season is your big opportunity! Fewer men on the trapline means a bigger catch for you. Big prices and awards through Sears, too! 600 added awards! 942 in all—raising the total in cash awards to \$7,590.00 for careful pelt handling in Sears 14th National Fur Show.

Think! 918 daily awards! \$1,000.00 First Major Award! Other big major awards besides. And all of them in addition to the TOP market prices Sears-Roebuck gets you for your pelts. Only handling of fur counts, not kind or value of skin. So you may easily be a winner!

Win your share of these extra fur dollars! Every pelt you ship to Sears-Roebuck during the Fur Show period is automatically entered, so don't delay.

• Ship your furs as soon as they're ready to SEARS-ROEBUCK, Raw Fur Marketing Service, Chicago.

FOR MORE THAN A QUARTER OF A CENTURY IN THE NEW YORK MARKET

New York State licensed and bonded, net-return dealers.

Record War Bond Sales Is Goal Of Women At War Week Nov. 22

WASHINGTON, D. C.—America's women in the cities and on the farms—in war factories and in their homes—are determined to make Women At War Week the greatest War Bond selling effort since Pearl Harbor.

Mrs. Franklin D. Roosevelt sounded the keynote for the Treasury Department's Women At War Week, Nov. 22 to 28, with an appeal to women to save on "little things" to provide money for War Bonds.

"We women want to work hard, we want to be a part of this strenuous period because unless we are, we will not be able to face the men when they return and claim our share of the future responsibility for building a peaceful world," the First Lady declared.

The overall direction of Women At War Week rests with the Women's Section of the War Savings Staff under the leadership of Miss Harriet Elliott, Associate Field Director, and Mrs. Henry Morgenthau, Jr., Chief of the Special Activities Unit.

From coast to coast women in every community have made plans for torchlight parades, fashion shows, teas, rallies, store window displays, Stamp and Bond booths, pageants, civic sings, balls and mardi gras. In each locality administration of the one week drive rests with the local War Savings Committee which has worked out activities adapted to their areas.

Mrs. Morgenthau, in a special message for Women At War Week, declared that the spirit of America's pioneer women lives today more strongly than ever. "The average American woman began to rise to new heights on Sunday, Dec. 7, 1941," Mrs. Morgenthau said. "This winter the average American woman will be spending less in order to save more to invest in War Bonds and Stamps. She will not, please God, ever have to fire a gun or fly a bomber. But she will, please God, always do everything she can to help buy anything—and the best of everything—that fires or flies or floats in this terrible war."

During Women At War Week volunteer War Bond saleswomen will wear an armband similar to the one being attached to the sleeve of Mrs. Henry Morgenthau, Jr., by Miss Harriet Elliott.

ORVILLE E. MARTIN, 60, FALLS DEAD AS HE STEPS FROM HIS MILK TRUCK

Orville Ernest Martin, 60, of 780 West Center street, truck driver for Cloverleaf Creamery in Warsaw, stepped from his truck at the Dale Brown farm three miles west of Warsaw at 10:30 o'clock Tuesday morning and fell dead. Coroner Dr. Leslie A. Laird reported he died of a brain clot, apoplexy, result of natural causes. Martin had been proceeding about his usual tasks, collecting cream on his route as usual that morning.

He was born April 27, 1882, near Bourbon. Surviving relatives are: Frances Kock, a daughter residing here with her father; Onel Martin, a son living at South Bend; Mrs. Joe Miller, a daughter of Mentone; Mrs. Cora Betz, a sister of Akron, O.; and brothers Clifford Martin of Mona, Mont., and Dallas Martin of Argos.

ALFRED PELL VIRGIL, 65, DIES AFTER LONG ILLNESS

Alfred Pell Virgil, 65, of near Talma, died at 9:10 Thursday morning of complications. He had been ill for five years.

The deceased was born on May 26, 1877, at Middlebury, Ind. His parents were Mark and Margaret Virgil. Mr. Virgil moved here from South Bend where he was a lieutenant in the Central fire department. He was married on October 19, 1909, to Lulu S. Virgil, in South Bend.

Survivors are the wife, two daughters, Geraldine S. Virgil and Marjorie Ann Virgil, both of South Bend; two sons, Corporal Paul A. Virgil, of Leesville, La., and Second Petty Officer Mark T. Virgil, of Pensacola, Fla.

Funeral services were held Monday morning, November 2 at 10:00 at the Foster Funeral Home in Rochester, Rev. Scholl in charge. Burial was made in the Highland cemetery at South Bend.

PENALTY FOR FALSE GASOLINE CLAIMS

Indianapolis, Ind., Nov.—Pointing out that it is useless for persons to attempt to falsify their functional classification in order to obtain supplemental allotments of gasoline under the rationing system which goes into effect Nov. 22, James D. Strickland, director of the Indiana office of price administration, yesterday warned that persons convicted of such falsifications face maximum penalties of \$10,000 fines and 10 years imprisonment.

"Not only that," Mr. Strickland said, "but they will automatically forfeit their basic A ration allotment as well."

In regard to the change in dates of registration from Nov. 9, 10 and 11 to Nov. 12, 13 and 14, Mr. Strickland urged that registrants not wait until Nov. 14, which falls on Saturday, to register.

"Early registration will expedite the work of teachers who will have charge of the registration and will assure everyone being cared for," he said.

Fuel Oil Cards Expected

Mr. Strickland revealed that through a computation error in Washington, Indiana, failed to receive enough fuel oil registration blanks and many persons were unable to be properly registered last week. He added, however, that no one will suffer inconvenience and that he hopes a new supply of the registration forms will be available for completion of registration soon.

Advertising in the Co-Op News will bring results and big dividends.

MAIL BANS ALL PERISHABLE ITEMS

The U. S. army and navy departments have advised postal officials that perishable foodstuffs should not be sent members of the armed forces overseas inasmuch as they are amply supplied with food and that the odor of food attracts rats and vermin at warehouses, wharves and aboard ship.

Employees at the postoffice were being advised that due to regulations packages containing cookies, cakes and other like edibles can not be accepted for overseas mailing.

Because shipping space to overseas destinations is being sorely tried by the huge volumes of Christmas mail, civilians sending gifts to members of the armed forces are reminded that packages must not exceed 11 pounds in weight, be not more than 18 inches long or more than 42 inches in length and girth combined. The public is urged to co-operate and restrict the size of parcels to that of a shoe box with weight not more than six pounds.

NEED CERTIFICATES TO OPERATE TRUCKS

All owners of commercial vehicles must have certificates of war necessity by Nov. 15 or they will not be permitted to operate, it was learned here Tuesday.

The office of the county clerk in a letter from Norman J. Partritz, South Bend district manager of the office of defense transportation, was urged to warn owners of commercial vehicles of the regulation. Affected by the ruling are operators of paying passenger vehicles and freight and farm trucks and buses.

Vehicle owners should mail applications for the certificates to the Central Mailing Office, Office of Defense Transportation, P. O. Box No. 2259, Detroit, Michigan, it was announced.

Blanks have been mailed to owners from Detroit. However, some

failed to get them. Any operators in this situation should notify the county AAA office, 118½ West Main street, Warsaw. A list of those missed will be compiled and forwarded to Detroit. Blanks will then be sent out from there.

Emery G. Pyle, Jackson township, chairman of the county AAA and also chairman of the county farm transportation committee, is handling the situation locally.

The certificates of war necessity will set the amount of driving that each owner may do, the AAA office reported.

NATURAL FOODS IN WAR PROGRAM

Tests made recently in an aircraft factory showed 40 percent of the workers were deficient in Vitamin A; 21 percent in vitamin B; and 42 percent in vitamin C, according to Dr. Victor G. Heiser, Medical Consultant of the National Association of Manufacturers. "Of the 132 million people in this country, approximately 97 million are ill-fed," Dr. Heiser states.

The correction of such conditions is a nutritional problem rather than a remedial one. "They can be overcome," states Mrs. Ethel Austin Martin, Director, Nutrition Service, the National Dairy Council, "by building daily menus around an adequate nucleus of the protective foods, including milk and its products, eggs, leafy vegetables, raw fruits and other vegetables, meats and their equivalent in other foods of animal origin." Unless they are overcome, the nation's production capacity, so sorely needed in the war program, is gravely impaired.

Such a balanced diet normally contains all the vitamins and minerals the body needs to get the most out of its food. American industry, both individually and through the national Association of Manufacturers, is urging workers to eat these fundamental foods first and then anything else they wish. Activities on the part of industrial leaders are shown by a constant increase in mid-meal lunches of milk, sandwiches and fruit, as well as greater attention to the diets of employees in company-owned cafeterias. Leading manufacturers report that these activities are already resulting in sharp decreases in absenteeism due to illnesses and to increases in production of essential war materials.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

News of Mentone and Vicinity

A seven pound son was born to Mrs. Clayton Holloway Thursday November 5 at the Murphy Medical Center.

Jeff Stookey, of Talma is reported as quite sick at the Murphy Medical Center, Warsaw.

Mrs. Kenneth Barkman and new son returned to their home here Wednesday. The new boy weighed a little over 8 pounds and has been named George Irvin.

Mr. and Mrs. George Borton and family have moved to Huntington where they plan to make their home. The Bortons have resided in Mentone for a number of years and will be missed from the community. Their new address is 22 Etna Ave., Huntington.

Mrs. Krathwohl and daughter, Mrs. Margery O'Neil returned Monday from Evergreen, Illinois.

Jack Shinn is in Mentone spending some time home with his folks before being called into the Air Force. Jack

was employed at Beasleys Meat Market in Fort Wayne.

Too late for last week due to earlier printing.

Mr. and Mrs. Virgil Nellson of South Bend spent a day in Warsaw on business.

Mr. and Mrs. George Dickey and son Rudolph of Dayton, Ohio, and Vernon Jones spent Saturday in Elkhart.

Rudolph Dickey of Dayton, Ohio, spent the week end with his father and mother, George Dickey.

Mr. and Mrs. Devon Jones, Mr. and Mrs. Tom Meadith of Fort Wayne spent Sunday with Mr. and Mrs. Gaylord Jones of Syracuse.

Mr. and Mrs. Vernon Jones spent Wednesday in Warsaw on business.

Mr. and Mrs. Ernest Williamson spent Sunday evening at Vernon Jones home.

REMEMBER Way Back When—

20 YEARS AGO

NOVEMBER 2, 1922

In honor of the 10th birthday of their daughter, Beulah, Mr. and Mrs. Fred Busenberg entertained at a six o'clock dinner last Wednesday evening a party of ten girl friends. The evening was spent in music and games. Those present were: Alene Emmons, Geraldine Haimbaugh, Opal and Lois Busenberg, Doris Adamson, Charlene and Madine Ernberger and Rosella and Julia Ann Busenburg.

(Head) "Poultry Raising A Big Thing Around Mentone.

The raising of poultry around Mentone is now one of the big industries in this part of the state. Many farmers of Kosciusko county are devoting special attention to the raising of poultry. The White Leghorn is being raised by the majority of chicken fanciers, while a few favor other breeds. C. M. Tucker, Charles Black, W. C. Nellans, O. W. Ford and a number of others around Mentone are enlarging their chicken houses and building new ones to take care of the fowls.

Mr. and Mrs. Elmer Hathfon and children Helen and Everett, were Sunday guests of Mr. and Mrs. Fred McCarter at Rochester.

Speaking of old spelling books—Ed Mollenhour brought one to this office which antedates any we have yet seen. It was used by his mother-in-law, Mrs. Eby, in her school days, and bears the date of 1827. It is known as the American Spelling Book and appears to be an early edition of Webster's "Elementary" book as the general make-up of the lessons is the same.

The pupils of the Mentone High School and Grammar department met in the high school room last Wednesday evening for the purpose of organizing a literary and debating society. A constitution was adopted and signed by nearly 40 students. After the election of officers, a program committee was appointed and the following program is planned for next Tuesday evening.

According to the report of a shoot-

ing contest at Bourbon last Wednesday, Vern Blue of Mentone, and Lyman Russel of Bourbon, were tied for first place, each making 40 out of 50 points. Mr. Slick of Walkerton was second and Clem Teel of Mentone third.

An old maid may not have the happiest lot in the world, but she doesn't have to worry about food and clothes for a half dozen children with a good-for-nothing dad.

Mrs. John Eicholtz and son of North Manchester, spent Sunday with Mr. and Mrs. Frank Ryneason.

Between the fake magazine solicitors and the Paradise Alley Walkers, the town marshal was kept pretty busy.

Nish Wright of Champaign, Illinois, who has been absent from this community for 48 years, is spending the week with James Blue and other old settlers of the community.

Mrs. Ersie Mentzer went to South Bend Monday to see Miss Pearl Kesler, who underwent a serious operation at the Epworth hospital last week. She is getting along as well as can be expected and will be glad to hear from her Mentone friends.

The Rochester Sentinel says Lou Foor of Mentone was among the business callers last Thursday. . . Charles Boggess was over from Mentone Saturday visiting and attending to business matters.

Mrs. Chloe Eddinger royally entertained at dinner last Sunday in honor of the coming marriage of Miss Ersie Mentzer, the following young people: Odie Blue, Ersie Mentzer, Lizzie Riner, Bud Cole and Mr. and Mrs. Irvin Nelson and little daughter.

C. W. Shafer was called to Morocco last Thursday on account of an accident to his father which resulted in a broken hip

12% INCREASE IN EGG PRODUCTION U. S. GOAL!

It's a Cinch! We
Increased Our Egg
Yield 33 1/3%

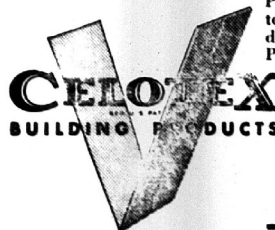

"Our egg production used to be as up-and-down as a ride on a roller coaster. That's because every time the temperature took a nose-dive, we were too busy keeping warm to bother about laying eggs. Then our boss insulated our laying house with Celotex Vapor-seal Sheathing. Since then we've consistently turned out a third more eggs from the same-sized flock."

Progressive poultrymen are guaranteeing their quo-

tas in Uncle Sam's "Food for Freedom" program by insulating their buildings with Celotex Vapor-seal Sheathing. By maintaining constant, warm temperatures in laying houses, this efficient structural insulation encourages increased egg production. Used in brooder houses, Celotex Insulation also aids chicks to grow rapidly and feather out evenly.

Put Your "Egg Factory" on a War Production Basis. Our Free Plans Tell You How!

Leading Poultrymen know that the Celotex Poultry Building Plans are the last word in modern poultry house construction. Come in for your free copies today!

LOCAL HAPPENINGS

Mr. and Mrs. Dick Greulich are the parents of an eight pound, five ounce son born at the Murphy Medical Center Saturday morning. He has been named Larry Kent.

Word has been received that Bob Anderson and Charles Judd are members of the Marching Hundred band at Indiana University.

Mrs. Alice (Meredith) Brown, who is employed at a bank in South Bend left Mentone for Salt Lake City to visit her husband Jerry Brown, who is in an army camp there. Mrs. Brown is a granddaughter to E. S. Lash.

Cloyce Paulus entered the Billings Hospital Chicago, November 10, for observation.

Word received from Kay Paulus states that he is in the hospital suffering from a broken nose, said injury being received in basket ball.

Lieut. and Mrs. Miles Manwaring are spending a 15 days leave with home folks.

Ernest Busenburg and daughter, Betty, Esco Busenburg and daughter, Delores, Mabel Igo and Lois Busenburg, all of Elkhart and Mr. and Mrs. Everett Busenburg and sons took Sunday dinner at the home of Mr. and Mrs. Paul Perkins. Afternoon callers were Mr. and Mrs. Lonus Wise of Warsaw, Mr. and Mrs. Clyde Wise of Akron, Mr. and Mrs. James Barnes and daughter, Mrs. Jake Barnes and Mrs. James Myers.

Mr. and Mrs. Earnest William and Mr. and Mrs. Vernon Jones spent Sunday evening with Mr. and Mrs. Hie Morgan of Rochester, he is very poorly.

Miss Norma Mattix of Claypool spent Saturday at North Manchester.

Mr. and Mrs. Devon Jones and son Gaylord and wife, spent the last of the week in Brown county.

Mr. and Mrs. Vernon Jones spent Saturday night with Earnest Williamson.

The Mentone Home Economics Club will meet with Mrs. Nora Teel on November 19th instead of November 12th.

Rev. and Mrs. E. Coleman of Ralston arrived home Saturday P.M. after a week's visit in Illinois.

The Albion Production Credit Assn.

will hold their annual meeting at the Warsaw high school auditorium Wednesday November 18, 7:30 P.M.

Mrs. Eva Irvine of Leesburg and Mrs. Nora McKee of Hudson, Indiana spent last Thursday with Mrs. Lydia Rynearson.

M. O. Mentzer reports the sale of two more properties, the F. M. Coplen home to Mr. and Mrs. Jake Gross; the Cassie Yantis home to Mr. and Mrs. L. M. Elick.

LETTER FROM SOLDIER

Dear Editor

Here is a letter to tell the folks back home I said hello to them and tell them a few things we are doing around our camp.

The company I am in is made up of 120 men and most of them are Indiana and Ohio boys. There are eight boys in this company from in and around Warsaw.

Our company job in this war is survey work, in which we are just getting started. I think I am going to like that kind of work, but after candling eggs for the last five years I don't know if they can make a surveyor out of me or not.

We have been doing a lot of drill work and every Friday we go on a hike around 10 to 15 miles. These hikes now are an easy job, because if you could see us sometimes, you would think we were mountain goats, going up some of these mountains out here. At times if we made a misstep we would fall for 400 to 500 feet, and I am sure it would not be very soft when we landed. We had four of our men land a week ago on a hike from a fall rock, but there is going to be nothing too hard for these 666th Engineers to do, because we are out to get those yellow Japs and we are going to get them too.

The weather out here is just right. It gets warm in the day time and cold at night with very little rain and no snow. So about all they raise here is pears and there is surely a lot of them.

Our slogan of the 666th Engineers is T-N-T—Today not to-morrow.

I am going to say keep those old hens back home laying, because we use around four or five car loads of eggs a week here in this camp, and this is just one of the many we have.

I have been receiving the Co-Op News every week and surely am glad to get the news from home. I want to thank you for sending it to me, because a letter in the army is just like getting a pot of gold.

Yours truly,
Paul Edward Long
Camp White, Oregon

FINE LIONS MEETING

One of the largest groups ever to assemble on a regular meeting night gathered at the Methodist church Wednesday evening to enjoy the fellowship of Lions club members and guests. The majority present were business men of the vicinity, while there was a large representation from the rural areas.

A clarinet quartet, composed of the Misses Violet Freisner, Freda and Ellen Lee Kesler and Dorothy Sensibaugh entertained with a number of selections. They were directed by Walter Bowers.

John Motto, of Winona Lake, gave an inspiring address, and stressed the fact that Mentone, not being an industrial city, had little to fear concerning the loss of business places due to the shortages of potential customers.

MOLLENOUR PLANT NOW IN NEW QUARTERS

The Mollenhour Manufacturing Co. is now pretty well located in their new factory building at the west edge of Mentone. The building has been in the process of construction for several months.

The Mollenhour company manufactures boxes for a number of cheese companies, both for domestic and export use.

C. O. Mollenhour announced last summer that he had purchased the equipment of a plant at Decatur and now has a good portion of that machinery installed beside that which they formerly had in operation.

Mr. and Mrs. C. E. Coon, of Gary, were in Mentone Thursday on business and called at the J. D. Long home. Mr. and Mrs. Coon have moved back to their home in Gary after spending the summer on their farm near Argos. Mr. Coon and Mrs. Long are brother and sister.

Walter Barkman arrived in Mentone Wednesday evening for a two-day visit with his parents, Mr. and Mrs. Claude Barkman, his wife and other relatives and friends. He is being transferred from Camp Forest, Tenn., to a camp in northern Illinois.

WAR MAKES ADDITIONAL CHANGE AT NICA

In addition to direct inroad on the personnel at the NICA by the war draft of manpower, it has indirectly brought another change.

Emanuel (Duge) Worsham, who has served the rural territory north of State Road 25 in capacity of tank wagon driver for the Northern Indiana Cooperative Association for the past several years, recently tendered his resignation which became effective November 15. As is quite well known, Mr. Worsham has for a number of years operated a freight truck in this vicinity and in the last two or three years has been assisted by his two older sons. The eldest son, Joe, is now in the armed services and the other, Dick, is in the age group soon to be called.

Under the circumstances Mr. Worsham decided to take up again the active operation of his freight business and accordingly severed his connections with the Northern Indiana Cooperative Association.

For the time being Mr. A. A. (Lon) Walters, for years the driver in the territory south of State Road 25, will take care of the customers in both territories. With the introduction of rationing of tires, fuel oil, and gasoline, it is urgently requested by the Association that customers have orders placed well in advance of needed delivery by calling Mentone 130 so that proper service may be given.

The local Cooperative has felt the effect of war in the loss of employees. Normally, employees number around thirty and there are now ten men in the army, one in the navy and one woman in the WAACS. This means that 40% of the employees have been called into the services and they have had to be replaced.

LEROY COX BUYS THE PAULUS BROS. STATION

A deal was completed this week whereby LeRoy Cox acquired the Paulus Bros. Sinclair service station at Mentone. "Red" Paulus recently enlisted in the Liaison Corp of the army and his brother, "Bud", expects to be in the service shortly. Mr. Cox will continue his automobile agency as in the past.

OFFICIAL OPENING OF NEW STORE SATURDAY, NOV. 28

Fred Lemler announces that the official opening of his new general store will be held on Saturday, Nov. 28th. It had been hoped that the opening could have been held this Saturday, but the work involved in arranging all the new merchandise, remodeling and moving from the old building was almost too much to do properly by that time. The firm is, however, doing business as usual in their new location now.

ARMISTICE DAY PROGRAM

Certainly everyone, who was fortunate enough to hear Dean Bechtol at the Methodist church last Wednesday evening, wishes that many more might have heard his sincere, timely message. Since Dean Bechtol has none of the polish or personality of an orator, one knows that it is his honesty and real belief in what he says that leaves his listeners with a feeling of having rubbed shoulders with some of war's stark reality.

Dean Bechtol served overseas in World War I and knows what war and its ensuing problems mean. He urges all to a greater war effort, for he thinks the end of the conflict is not yet in sight.

The open meeting was sponsored by the Mentone Reading Club, and a welcome was given by Mrs. Wayne Tombaugh, president of the club.

Three musical selections were presented by the Community Chorus, under the direction of Walter Bowers. Mrs. Ruth Urschel at the piano.

COFFEE RATIONING ON NOV. 28

On Nov. 28, beginning at midnight, every person over 15 years of age, will be allowed a pound of coffee every five weeks.

One may secure coffee after Nov. 28 by giving the last stamp of war ration book number 1—the book now used only for sugar. Following rations of coffee will be procured on coupons taken in sequence toward the center of the book, the numbers being 28 down to 19. Use of the book for sugar remains the same.

RED CROSS NUTRITION COURSE TO BE GIVEN

All those interested in taking the Red Cross standard nutrition course meet in the cafeteria room of the school house Monday night, November 23 at 7:30. The nutrition course is planned for ten meetings of two hours each. The regular night and time for meetings will be planned at the first meeting.

Upon completion of the course one may qualify for the standard nutrition certificate provided he passes an examination and has not more than one absence or has made up the work missed for other absences.

The general objectives of the course are as follows:

1. To impart information on the relation of food to physical and mental efficiency, stamina, strength, nervous condition, courage and morale.
2. To present the facts about food needs, food values, and the newer principles of food preparation and service.
3. To encourage good individual and family food and health habits.
4. To investigate community needs in nutrition and available resources for meeting the needs.
5. To train lay volunteers to assist in the national nutrition program through community activities in nutrition.
6. To train lay volunteers to assist in family and group feeding under emergency conditions.

The class may select any number of the above general objectives for special emphasis.

Flora Holt.

CHRISTMAS PACKAGES, CARDS MUST BE MAILED EARLY

Smith W. Purdum, Second Assistant Postmaster General, has given this warning to the public:

"The bulk of Christmas mail must be in the post offices by Dec. 1 if delivery on time is to be assured. It is physically impossible for the railroads and airlines to handle Christmas mailings as rapidly as in normal times, due to their extra burden of handling vitally important war materials."

So, if you want your Christmas packages or greetings to get there on time, mail them by Dec. 1.

REMEMBER Way Back When—

20 YEARS AGO

NOVEMBER 9, 1922

Mr. and Mrs. Dewey Whetstone and daughter Doris Pauline and Mr. and Mrs. Frank Fisher and family spent Sunday in Tiosa.

Mr. and Mrs. Clem Teel and son Oliver entertained at Sunday dinner Mr. and Mrs. Lewis Foor.

Mr. and Mrs. Samuel Kelley and family and Mr. and Mrs. George Norris spent Sunday with the former's son, Vere Kelley, and family of near Wabash.

Doc Schuman, who had a leg amputated last week at the Rochester hospital, is not much improved at this time.

Lloyd Dunlop left today for Kansas City, Mo., where he will visit for the next month with his brother, L. M. Dunlop. Mr. Dunlop has served the people of Mentone as postmaster for the past eight years until a few months ago when his term expired and the place was filled by E. R. Shinn.

Pair of Percheron geldings, 3 years old. This team is well broke and sound. An extra good pair of colts.

11 HEAD CATTLE

Jersey cow, five years old, with heifer calf by side; Guernsey cow, five, was fresh in September, a heavy milker; Holstein cow, six, giving milk, to freshen February 1; Jersey cow, six, giving good flow of milk, to freshen February 20; Guernsey cow, two, giving good flow of milk, was bred July 6; Guernsey cow, two, giving milk, bred April 19; Guernsey heifer, to freshen last of September, a real prospect; Guernsey bull, 18 months old, a good breeder; Jersey bull calf, six months old; Jersey heifer calf, six months old. These cattle were all T. B. tested in September 1942, and all but two were raised on this farm.

40 HEAD HOGS

Four Hampshire sows, all good producers; 34 fall pigs, farrowed last of September; Spotted Poland male hog, a good breeder.

125 LEGHORN HENS, YEARLINGS; 75 WHITE ROCK PULLETS

HAY AND GRAIN

Twenty-eight tons of good alfalfa hay, mostly second and third cutting; 75 bales good oats straw; 1400 bushels corn, more or less; some oats; 210 bushels soy beans; 10 bushels potatoes.

FARM IMPLEMENTS

Eight inch International feed mill; Dain hay loader; spring tooth cultivator; 404X walking plow; clover seed buncher; work bench; pair of platform scales; hog troughs and hog feeders; four hog houses; sheep feeder; cattle feeder; cow chains; set work harness, two good adjustable leather collars; post hole diggers; cross cut saws; milk strainer; cans; and many other articles too numerous to mention.

TERMS: Cash. No property to be removed until settlement is made with the clerk.

Come and eat lunch with the Win-One class of Harrison Center church.

Building and Hardware Needs

INSULATE FOR ECONOMY AND COMFORT

Any building properly insulated is not subject to the ups and downs of temperature fluctuations as are regular buildings. Insulation keeps out the heat in summer and cold in the winter—a year around improvement.

Make these needed improvements now while we can still supply your needs.

BUILDING MATERIAL

ORDER COAL NOW!

Shortage of fuel oil this winter is creating a bigger demand for coal. Our supply is more than ever before but the demand is likewise greater. Give us your order now so that delivery can be made as quickly as we can arrange to do so. Order your winter's supply now. We're attempting to supply everyone's needs even though the shortage of labor may not permit delivering your winter's needs all today.

ARTLEY D. CULLUM, Ed. & Mgr.

D. A. R.

Rosella Ford was a charming and gracious hostess to the Anthony Nigo Chapter D. A. R. and their families at her beautiful Colonial home Tuesday evening, November 10. Miss Ford was ably assisted by Mrs. Mary Boggs and committee.

The 55 members and guests were seated at small tables decorated with blue candles in white holders. The dining room table was beautiful with Venetian lace cloth and center piece of red, white and blue candles at each end of a white bowl containing white mums and red carnations.

The guest speaker of the evening was Lt. Com. Leonard Woods of the U. S. Navy. The Lt. Com. was made available through the efforts of Morrison Rockhill of Warsaw who is associated with the Bell Aircraft Corporation. We were very fortunate in having "Cannon on Wings" presented to us by Mr. Rockhill. This is a colored movie of the Bell Aircraft. Mrs. Helen Boggs sang "Mighty Lake A Rose" and "He's Such a Little Fellow."

Guests of the evening were Mr. and Mrs. Morrison Rockhill and daughter, Dr. and Mrs. DuBoise, Mrs. Elmer Funk, Georgia Calvert, Mr. and Mrs. Hobart Creighton and daughter of Warsaw, Lieut. Miles Manwaring, Miss Ann Sierk, Miss

Flora Holt, Mrs. Emma Yocum, Mrs. Guido Shirey, Mr. and Mrs. Everett Rathfon of Mentone.

BASKETBALL NOTES

The Mentone Bulldogs did not yield to superstition when they played the Akron Flyers last Friday, Nov. 13. The Bulldogs won by three points with a score of 30-27. Although the Mentone five led throughout the game it turned out to be very exciting.

Last year the Akron seconds defeated the Mentone Pups by a score of 20-19. This year the future Mentone Bulldogs got their revenge, winning by a score of 18-12.

The Bourbon and Mentone teams will meet on the home floor this Friday, Nov. 20.

Score by Quarters:

Pups	2	6	10	18
Akron Seconds	0	5	7	12
Mentone	10	18	27	30

TOP CHICAGO MARKET

Kosciusko county swine topped the Thursday hog market at the Chicago Stock Yards last week.

The consignment came from the feedlots of C. A. Frety, and consisted of a load of young hogs averaging 254 pounds each. They sold at the day's top, \$14.00 per cwt., without sorting.

WARSAW

Record War Bond Sales Is Goal Of Women At War Week Nov. 22

WASHINGTON, D. C.—America's women in the cities and on the farms—in war factories and in their homes—are determined to make Women At War Week the greatest War Bond selling effort since Pearl Harbor.

Mrs. Franklin D. Roosevelt sounded the keynote for the Treasury Department's Women At War Week, Nov. 22 to 28, with an appeal to women to save on "little things" to provide money for War Bonds.

"We women want to work hard, we want to be a part of this strenuous period because unless we are, we will not be able to face the men when they return and claim our share of the future responsibility for building a peaceful world," the First Lady declared.

The overall direction of Women At War Week rests with the Women's Section of the War Savings Staff under the leadership of Miss Harriet Elliott, Associate Field Director, and Mrs. Henry Morgenthau, Jr., Chief of the Special Activities Unit.

From coast to coast women in every community have made plans for torchlight parades, fashion shows, teas, rallies, store window displays, Stamp and Bond booths, pageants, civic sings, balls and mardi gras. In each locality administration of the one week drive rests with the local War Savings Committee which has worked out activities adapted to their areas.

Mrs. Morgenthau, in a special message for Women At War Week, declared that the spirit of America's pioneer women lives today more strongly than ever. "The average American woman began to rise to new heights on Sunday, Dec. 7, 1941," Mrs. Morgenthau said. "This winter the average American woman will be spending less in order to save more to invest in War Bonds and Stamps. She will not, please God, ever have to fire a gun or fly a bomber. But she will, please God, always do everything she can to help buy anything—and the best of everything—that fires or flies or floats in this terrible war."

During Women At War Week volunteer War Bond saleswomen will wear an armband similar to the one being attached to the sleeve of Mrs. Henry Morgenthau, Jr., by Miss Harriet Elliott.

WOMEN AT WAR—Overalls, wrenches and drills replace fineries as these war workers in an Army Arsenal march to tank repair shops. Note the determination on their faces. These women are typical of hundreds of thousands who are working in war factories and investing part of their earnings in War Bonds.

Wash. Horn, of Marshall county, of Michigan City, and Mr. and Mrs. was in town Thursday on business. Artia Cormican and daughter of Mrs. Joe Jellison and daughter of Elkhart, spent Sunday with Mr. and Decatur, Ill., and Mrs. John Darmon Mrs. Grover Janke.

CONTRIBUTED

There was a man in our town,
And he was wondrous wise,
He swore (it was his policy)
He would not advertise.
But one day he did advertise,
And thereby hangs a tale,
The "ad" was set in quite small
type
And headed: "Sheriffs Sale."

Mr. and Mrs. J. D. Long and son Sylvan spent Sunday in Wabash with their son and wife, Mr. and Mrs. Leo Long.

CORN HUSKING

Many neighbors and friends came to Kenneth Leininger's to shuck corn and get ready for their sale. The following fifty-one men with twelve teams were present:

John Fenstermaker, Rex Tucker, M. O. Smith, William Vernet, Carl Whetstone, Melvin Cain, William Blackburn, Milo Fawley, Claude Gates, Mark Burkett, John Teel, Fred Swick, Pat Keho, Ernest Igo, R. G. Reed, Herschel Fenstermaker, Jacob Kesler, Elmer Sarber, E. H. Kinsey, Carey Landis, George Rans, Ray Terry, John Leard, Raymond Lash, Earl Beeson, Raymond Weirick, Frank Nellans, Henry Robbins, C. E.

Leininger, Forest Kesler, Ike Kesler, Carl Blackburn, Curt Nellans, Nenian Kesler, George Taulbee, Sam Norris, Dean Nellans, Milt Kesler, Castle Whetstone, Russell Walters, Floyd Walters, John Boganwright, all of Mentone, Estle Bryant, Ivan Clinker, Frank P. Smith, C. S. Shoemaker, Charles White, Jesse Swick, Omar Leininger, Marion Leininger, Byron Indig, Constant Smith, all of Akron. The following ladies prepared the pot luck dinner:

Mrs. Fred Swick, Mrs. C. E. Leininger, Mrs. Marcus Burkett, Mrs. Anna Leininger, Mrs. Lola Wideman, Mrs. Ray Terry, Mrs. Elmer Sarber, Mrs. Raymond Weirick, Mrs. Edith Darr, Mrs.

John Leard, Mrs. John Teel, Mrs. Ivan Clinker, Mrs. Castle Whetstone, Mrs. Milo Fawley, Mrs. George Rans, Mrs. William Vernet.

CARD OF THANKS

We sincerely thank our neighbors and friends for shucking our corn and helping in the preparation for the sale. All these deeds of kindness are greatly appreciated and will always be remembered.

KENNETH LEININGER
and FAMILY.

BIRTHDAY PARTY

Mrs. Lois Goodman entertained on Saturday afternoon the Misses Marita Tucker, Dixie Lee Linn, Shirley Ann Igo, Janet Rose Reed, Sherry Shoemaker, Judy Clutter and Romona Goodman. Mrs. Dora Goodman and Patty were also guests.

The party was given in honor of Elaine's sixth birthday. Games were played after which they enjoyed ice cream and cake. The guest of honor received many gifts.

Mr. and Mrs. Ben Foor, Mr. and Mrs. Lewis Foor and children, Ann and Bill of Kendallville came to Mentone Sunday, November 8, to surprise Lewis Foor, Sr., on his birthday. Mr. Foor received several valuable gifts. The time passed all too soon and the folks returned to their homes wishing Mr. Foor many returns.

Sgt. and Mrs. Harold D. Darr spent an enjoyable seven-day furlough at the home of Mr. and Mrs. Otis Darr. They also visited in South Bend over the week end.

Week end guests at the Ray Rush home were Mr. and Mrs. Forest Hoffer and son Jimmy of South Bend, Sgt. Earl Rush, who is located in North Carolina, and Carl Rush who attends school at Purdue. Mr. and Mrs. Miles Manwaring were visitors, also.

Mentone Opens "Second Front"

HILL & LEMLER TO OFFICIALLY OPEN NEW STORE SATURDAY, NOV. 28

• The new general store of Hill & Lemler will be officially opened to the public on Saturday, November 28th. A good portion of the stocks of groceries and general merchandise have been on the shelves for several days and a good portion of the people of the trade territory have already had the privilege of doing a bit of trading there. However, the official opening has been set for this week end.

The people of the community were mighty pleased a few weeks ago when Mr. Lemler announced that he had secured the old furniture store building, and would modernize and equip it as a general store. The spacious rooms will make it possible to eventually carry large and complete lines of all types of merchandise.

Any new store, or when any firm branches out into other lines, there is always the possibility that it will take time for them to completely visualize and determine the needs and desires of those in the trading area. Mr. Lemler and Rev. Hill have had the services of trained merchandisers from the Bursley company and other well-known firms in the selection of merchandise, arranging of displays, etc. that they might present a store and stock of merchandise that will be a credit to the community.

• Anthony Hale is the name of the new son born to Mr. and Mrs. Hale Hurd, of Lucerne, Sunday, Nov. 15. Mrs. Hurd was formerly Pauline Swick, daughter of Mr. and Mrs. John Swick.

• Mrs. Lucille Whetstone and son Billy spent Sunday with the former's parents, Mr. and Mrs. William Stutzman, near Elma Green.

MRS. CECIL NICODEMUS PASSES AWAY TUESDAY

The community was saddened by the death of Mrs. Evelyn Nicodemus, which occurred on Tuesday at the Murphy Medical Center at Warsaw. Mrs. Nicodemus had been very sick for a week with bronchial asthma.

The deceased was born in Kosciusko county and was the daughter of Mr. and Mrs. Frank Swihart. July 29, 1928 she was married to Cecil Nicodemus, who survives with five children, Floyd, Betty, Georgia, Clifford and Shirley all at home.

The funeral has been set for Sunday afternoon at two o'clock at the Johns funeral home which has charge of the arrangements. Rev. Victor E. Stoner will officiate.

WM. GOCHENOUR FOUND DEAD AT HIS HOME MONDAY

Wm. Gochenour was found dead at his farm home Monday morning by a neighbor, Mr. Huffer.

The deceased had resided alone at his farm, north of Atwood, since the death of his wife.

Surviving relatives are a daughter, Mrs. Jessie Long, near Leesburg; two sons, Clarence, Argos and Vernon, Bourbon. Roy Gochenour, a son, died a few months ago.

Funeral services were held Wednesday afternoon at the Landis funeral home, with burial in the Pleasant View cemetery northwest of Warsaw.

Russell Borton and Lewis Fawley were among the boys from this county who left for military service this week.

Responding to Needs of Community Due Primarily to Restrictions Brought About By War Necessities

CREIGHTON CHOSEN AS SPEAKER OF THE HOUSE

Hobart Creighton was elected as speaker of the 1943 Indiana house of representatives at a republican caucus held Tuesday at Indianapolis.

Mr. Creighton is well known in our community, having been a poultryman for a number of years. He is also a member of the board of directors of the Northern Indiana Co-operative association at Mentone.

SEWING SCHOOL

Miss Janalyce Rouls, Kosciusko County Home Demonstration Agent, will give a lesson on "Your Sewing Machine and How to Use the Attachments," on Monday, Nov. 30th, at 1:15 at the Mentone school house. This lesson is free and all ladies of the community interested are invited to attend. Bring your instruction book and your attachments.

MANY NEW READERS

This issue of the Co-Op. News will arrive at many homes that do not receive it regularly. This is not only an invitation to you to make Mentone your trading center but also to become one of our regular readers.

We are indebted to the postmasters and rural carriers of the various offices for their help in getting this issue to you.

The advertising committee also wishes to extend thanks and appreciation to Mrs. Barney Nellans for the splendid job she did in securing the business surveys and advertising copy in this issue.

TO SERVE LOCAL NEEDS

Every Effort Being Made to Satisfy All Needs—Social, Educational and Economic.

This community, as well as almost all others of similar size, have been confronted with a disheartening problem the past twenty years. The automobile brought the larger trading areas closer from the standpoint of time and effort to get to them, and the concentration in the industrial areas was slowly but definitely strangling the small towns everywhere.

No one was really to blame for this strange phenomena and neither was it possible to arrive at anything that would retard the steady march to rural oblivion. Necessity, however, has clipped the wings of progress sufficiently for everyone to realize that the joys and blessings of the smaller towns and communities still have a great service to humanity.

The people of this community, after realizing the responsibility that was to be theirs in supplying every need of every individual in the community, have spent many hours of careful study. What more could our educational systems do to serve? How could the churches assume a greater portion of the community burden? What could be done to supply more and better forms of entertainment and recreational activities? What could the merchants do to better serve their patron friends? and what could the rural residents do to aid? These, and many other such

Building and Hardware Needs

INSULATE FOR ECONOMY AND COMFORT

Any building properly insulated is not subject to the ups and downs of temperature fluctuations as are regular buildings. Insulation keeps out the heat in summer and cold in the winter—a year around improvement.

Make these needed improvements now while we can still supply your needs.

BUILDING MATERIAL

ORDER COAL NOW!

Shortage of fuel oil this winter is creating a bigger demand for coal. Our supply is more than ever before but the demand is likewise greater. Give us your order now so that delivery can be made as quickly as we can arrange to do so. Order your winter's supply now. We're attempting to supply everyone's needs even though the shortage of labor may not permit delivering your winter's needs all today.

PHONE 3132

Mentone Opens—

(Continued from first page)

questions have been asked and an effort made to solve them. So far, there are no sensational announcements to make, but there has been progress. With the united effort of everyone we shall succeed.

This issue of the Co-Op. News is just the beginning, and we trust that within its pages there may be an inspiration that will touch each and every one of us and urge us to even greater effort and determination.

No one merchant can have all the business in a town, neither can one prosper and keep a complete line on his shelves while the other is doing nothing. For one to prosper, all must prosper, and for all to prosper they must have the friendship and patronage of all in the community. If they can serve you once, the next time they will be even better able to serve you because you helped them first. And this process is not

one which brings benefits to one side and not to the other. One can help another only to the limit of his facilities or abilities.

As friends meet, or neighbors talk over the problems of the day, there is seldom a favor that one wouldn't do for the other. Their friendship is valuable and they wouldn't do one thing to harm the other. Those of us in town and those of you in the rural areas, are and should be good neighbors. Our work here isn't a bit more important than yours out there. One couldn't progress religiously, educationally or economically without the other, and our obligations to each other are in like manner.

If any of our merchants fail to supply your needs, or if there is anything further that we can do to better serve you, we only hope that you will be "big brother" enough to politely tell us of the error of our ways. We have an interest in everything that pertains to our community and to our Nation. Vision and foresight may fail us at times, but we trust that our determination and zeal shall never wax cold.

Mentone extends a cordial welcome to all to enjoy the things which we have for you.

Mr. and Mrs. Vinson Meredith, of Fulton county, spent Tuesday in Mentone on business and called at the J. D. Long home.

To HILL & LEMLER GENERAL STORE

Here's from us that are here,

Ernsberger Lumber Co.

WANT a LOCKER

Permission can be obtained to enlarge the Mentone Locker Plant up to 125 additional lockers. But before such permission will be granted certain governmental regulations must be complied with. The regulations provide that 80% of the new lockers must be contracted for and the rent paid one year in advance. This advance rental money must be deposited in trust in the bank before such addition can be commenced. At the time of completion each renter will be assigned a locker and the rent starts from date of assignment.

Unless this regulation is strictly complied with, it will be impossible to proceed with this plan. Therefore, if you are interested in a locker, call at the plant or the bank and make arrangements for your locker. Time is an important factor in this plan and the sooner all the additional lockers are rented and the money deposited the greater are our chances of providing these additional facilities.

Mentone Locker Plant

BROILER CHICKS

Uncle Sam Wants 200,000,000 More Chickens

You can help raise them and Make Yourself a
Good Profit

PLACE YOUR ORDER WITH

Merkle's Poultry Farm
CLAYPOOL, INDIANA

For Winter Broilers—Delaware Cross

For White Egg Production—Merkle's White
Egg Hybrid

The vigorous chick drives away your trouble. Hybrid chickens do for the poultryman what hybrid corn does for the corn grower. 75 percent of the chickens in England are hybrid. 98 percent of the chicks bought in America's greatest broiler district are hybrids. 17 out of 20 flocks in the Carr lake neighborhood in Kosciusko County are hybrids.

SEE US BEFORE YOU BUY

HAVE YOU EVER LIVED IN A COMMUNITY WHICH HAS BEEN DEPRIVED OF LOCAL BANKING SERVICES? IF NOT, YOU HAVE NOT EXPERIENCED THE INCONVENIENCES AND HARDSHIPS ATTENDANT WITH SUCH CIRCUMSTANCES.

YOUR BANK . . .

IS IMPORTANT TO THE NATION

Your bank is an integral unit in the economic life of your country—a part of a vast network of commercial banks which stretches from border to border. Billions of dollars, constituting the bulk of the nation's funds, are entrusted to banks for safekeeping. More than 90% of the Nation's commercial transactions are paid for with bank

checks. Everyone, whether a bank customer or not, is vitally affected by the services that the banks render. Banks are, in the final analysis, the mainstay of our entire system of private ownership and free enterprise, and a bulwark of protection for the American standard of living.

IS IMPORTANT TO YOUR COMMUNITY

Your bank not only speeds the exchange of money in the community, but also provides the reliable machinery which makes that exchange possible. It serves as the community's financial secretary, and provides services, facilities and counsel which all combine to stimulate

trade, support employment and keep available working funds in constant productive use. In fact—YOUR BANK is the hub around which the financial life of your community operates, without which business would lag and property values would shrink.

IS IMPORTANT TO YOU

As a sentinel against dangers which threaten accumulated funds your bank provides a way for you to protect your money, a way for you to borrow at low interest rates. Your bank is your financial headquarters for safety, service and counsel.

It is only by visualizing your daily life without your bank that you can appreciate how important it really is.

There would be no safety for your money, no place to store your accumulated cash. Payments would be hazardous and slow. Borrowing would be less orderly and perhaps far more costly, as is the case in many instances when the borrower actually thinks he is borrowing for less at other places. When you think it over, you derive many benefits from your bank which are not available elsewhere.

IS YOUR FRIEND

Your bank, doubtless, has been in existence for years. Perhaps, served your father or your grandfather during which time it has experienced depressions, wars and panics, but has survived and is still serving the needs of your community. It is not here today and gone tomorrow.

Neither are its officers strangers to you, they are interested in your continuous welfare and success. Your bank is not your fair weather friend. You can always depend upon it when the going is tough.

IS ENTITLED TO YOUR BUSINESS

During the depression of 1933 when business was at low ebb Congress authorized the creation of Federal Lending Agencies, as an emergency measure, to supplement the banks in their effort to reestablish business on a normal basis. These agencies since, however, have become direct competitors of your bank and in their adver-

tising for loans it is made to appear that you can borrow cheaper from them than you can from your local bank, but before you make application for a loan through one of these agencies consult your local banker and ask for a comparison of the costs of a loan from your bank and the agency from which you propose to borrow.

IS LOANING AT COMPETITIVE RATES

Your bank charges no fees or commissions and you are not required to purchase stock. The terms of the loan, in most instances, can be arranged to meet your

requirements and the OVER-ALL cost will not be greater than that of the federal agencies which advertise lower loaning rates.

**YOUR BANK PAYS HIGH TAXES AND MEETS ITS OWN LOSSES
THESE AGENCIES PAY NO TAXES AND WHO MEETS THEIR LOSSES?
BUY WAR BONDS AND STAMPS—THEY ARE AVAILABLE AT YOUR BANK
MAKE MENTONE YOUR TRADING CENTER—TRADE AT HOME AND SAVE GAS AND TIRES—YOU WILL

Perfection Almost An Impossibility

In compiling an issue of this type, attempting to list every service or commodity available in a community the size of Mentone, it would be unreasonable to assume that we would not miss some item of importance.

No partiality is intended — no favoritism to any business or individual. There is but one motive and that is that the people of the community — and the community itself — might continue to grow and to prosper.

If we have failed in any particular, kindly report it to us

ON THE OPENING OF YOUR STORE

OUR SERVICE TO YOU IS COMPLETED, BUT, YOUR SERVICE TO THE COMMUNITY IS JUST BEGINNING.

Your Contractor

FRED O. CAREY

Community Well Balanced With A Variety of Industries, Organizations and Public Improvements

Even though it's a horrible comparison, oftentimes I am reminded of the parable of the swine beneath the acorn tree. We daily drift thru life paying but little attention to the blessings on every hand. A booster issue of this type would not be complete if we did not point to a few of the privileges and facilities which our community possesses. In this brief review, likely some very important and necessary citation will be omitted. That will be a mental failure and not one of the heart. If we should fail in any respect, your consideration is requested.

Fine, Large Churches

Man, in all his arrogance and with all his egotism, always, some time in life, realizes that he is a helpless mortal being tossed about in the hands of fate. He seeks solace in devious ways but none but the churches and faith in the guiding hand of God can completely satisfy. Churches and their representatives are obligated to a great service.

Mentone has three fine church buildings—Church of Christ, Baptist and Methodist—and the community round about has others that are serving equally as well.

May our churches never fail to extend a hand of welcome to friend or stranger in our midst.

Large Poultry Businesses

Mentone is known far and wide for its poultry. Some years ago someone had a vision—an idea—and even though it may have never been exercised before, he had faith in it. Today we can boast of a number of fine hatcheries, the combined output of which is conservatively estimated at well over a million chicks a month during the hatching season. Almost every farm home enjoys the profits from their White Leghorn flocks.

And may I pause for a moment to pay homage and respect to those who pioneered this field and to those men today who are breeding and hatching—experimenting and laboring—that they might bring forth a strain that is even better than what we have today. The world may never know them but it will benefit from their efforts.

Specialized Feed Mills

The need for various feeding formulas may have been necessitated by the poultry industry, but the feed concerns here have done their job better than most other such concerns. This is evidenced by the tremendous

volume of feed compounded in one year's time. There was a time when these mills likely sold very little feed in comparison with their volume now. But the people believed in them—and they believed in the people—and the service and volume grew of their own accord.

The various formulas used in the compounding of specialized feeds is an interesting process and possibly few of us realize the care which must be exercised or the scientific knowledge one must possess to do it properly.

Lodges, Recreation, Conservation

Mentone has a well-balanced assortment of lodges, recreational groups and social and charitable or civic organizations that can and do supply our needs in those lines satisfactorily.

Fine School Structures

Our schools are housed in modern and up-to-date structures and all the equipment necessary for a well-rounded educational system is in the possession of the districts. Possibly not the best or finest equipment, but

enough that there is no need for promiscuous complaints.

One can state, without exception, that our instructors are all of the highest type of ladies and gentlemen who can feel and enjoy the friendship that only small communities possess.

Manufacturing Plants

Mentone does not consider itself an industrial city, yet it does possess industries that add much to the community and give employment and earning power to several fine people.

The Mollenhour Lumber & Manufacturing Company manufactures cheese boxes and has a fine plant at the west edge of our city. The plant not only manufactures boxes for domestic use but designed and received the approval of the Washington officials for manufacturing a box for export use. The equipment in use in this plant processes the timber thru the whole procedure from the wood-cut logs to a finished product.

Mr. and Mrs. Russell Eber, in the past few years, have built a nice business of manufactured novelties, most of which are sawed and turned from plywood. Mrs. Eber has designed almost every item, and also helps with their manufacture.

Transportation and Communication

Although not served by railway passenger service, the community does enjoy a regular bus line. The Nickel Plate and Winona Railways serve the freight needs and the Hayes trucking company serves the business people with one truck daily except Saturday.

The Northern Indiana Public Service Company lines come into the city from two directions to supply electrical energy to the town and its industries. Railway telegraph and the Northern Indiana Telephone Co. supply the necessary communications service. The town has its own water system.

Egg and Stock Shipping

Several carloads of eggs are shipped to the New York markets each week and livestock is shipped each Wednesday. Several other firms and individuals buy poultry and produce and the surrounding communities are served by milk routes that haul the milk from the farms to the processing plants.

A Fine Library

The Mentone Library supplies all the books, magazines and periodicals which the citizens desire and supplies many hours of education and diversion from the cares of life. Mrs. VanGilder, the librarian, makes every effort to secure the books which the public desires and keeps them informed of all new books received.

Several Fine Buildings

Mentone can well be proud of the fine business buildings and facilities that are here. A number of the merchants have modernized their buildings in recent years and others are constantly making improvements or adding new equipment and merchandise. A locker plant supplies cold storage facilities for the economical preservation of fresh food stuffs.

Medical Facilities

We are indeed fortunate that we still have no deficiency in medical assistants. Three medical doctors, a dentist and two veterinaries still reside within our community. There is no hospital here but two ambulances are available to take sick or injured to neighboring hospitals.

Bethlehem Baptists Hold Missionary Meet

The Missionary Circle of the Talma Bethlehem Baptist church met at the home of Mrs. Charles Coplen on Wednesday afternoon in her home near Talma. The meeting opened with group singing followed by devotions given by Mrs. Mable Walburn. Mrs. Nettie Engle led in prayer and roll call was answered by special selections and Bible verses. Two missionary boxes were voted to be sent to New York and North Carolina. Some interesting garticles were read by Mrs. Lottie Smith, Mrs. Gladys Coplen, Mrs. Eulah Berrier and Mrs. Lea Bracket. A closing prayer was given by Mrs. Lottie Smith following which many useful gifts were presented to Mrs. Margaret Jones and Mrs. Virginia Mikesell by the missionary members.

Worth While Class Meets

The members of the Worth While class of the Talma Methodist church met at the home of Mr. and Mrs. Lester Wite of Talma on Friday evening, Nov. 20. The meeting was opened by singing the class theme song, followed by a prayer by Rev. Waite, and singing the song, "God Will Take Care of You." The scripture lesson was given by Rev. Waite. The business meeting was held and the officers for 1943 were elected, as follows:

President, Mrs. Robert Calvert; vice president, Mrs. Charles Good; secretary, Lavoy Montgomery; treasurer, Mrs. Lester White; kitchen Chairman, Mrs. Roy Hubbard; pianist, Mrs. Harlan Waite; reporter, Lavoy Montgomery; song leader, Rev. Harlan Waite; flower committees, Mrs. Robert Calvert and Mrs. Harry Wenger; assistance teacher, Mrs. Delta Emmons.

Refreshments were served to the members and one guest.

Views of a BENCH WARMER

Your "Bench Warming Reporter" wishes to notify those who were not present to see the Mentone-Bourbon games last Friday night that they missed two very close games. The Bourbon Seconds defeated the Mentone Pups by a score of 16-15 and the Bourbon Comets defeated the Bulldogs by a score of 25-24 in an overtime game. The score was tied at 22-22 when the game went into overtime. One of our boys made a field goal making the score 24-22 for Mentone. A few seconds later Scott from Bourbon was fouled and was eligible for two free throws. He shot and made one and took the other out-of-bounds at center. Bourbon made another two points before the game ended, winning the game.

In spite of the close scoring, there was a touch of sloppiness in the game which is attributed to the fact that the boys were tired from working all day since there was no school Friday.

The Mentone-Burket game is play-

NUGGETS FOR BEREANS No. 38

Nicodemus was a Pharisee. He was a ruler of the Jews. He was a descendant of Abraham. Therefore he was counted a child of God by birth. Being a Jew he was also an heir of salvation. This entitled him to a hope of resurrection and age-abiding life (eternal life.) All these advantages were sure by the promise made to Abraham.

But Jesus gives him the shock of his life when He informs this proud ruler that this birth no longer counts and that he must be born again. Such a thing must have seemed sheer foolishness, if not blasphemy to such an one as Nicodemus. Yet his mind must have gone to Deut. 18:15,18 which foretold that the Christ would come and that He would have a new message from God. At least Nicodemus believed and therefore was born again.

Now somebody may ask, what of the Gentile who is counted of God as "dead in trespasses and sins," "aliens from the commonwealth of Israel, and strangers from the covenants of promise, having no hope and without God in the world (Eph. 2). Birth is not possible from a state of death. Paul the apostle to the Gentiles never speaks of a new birth for the Gentile. He solves our problem as to how a Gentile may become a child of God.

First we Gentiles must be made new creatures. (See 2 Cor. 5: 17; Gal. 6:15, also Eph. 2:10). Then we are adopted into the family of God after He has made us holy and without blame (cleansed or sanctified). (See Eph. 1:4,5). Furthermore, this

Mentone Church Activity

As the citizens and business men of Mentone who have faith in the future prosperity of Mentone, endeavor to evaluate the community, they can be proud of the three churches which are supported by Mentone community. They are the Fundamental Baptist, under the pastorate of Rev. E. Coleman Raiston, the Church of Christ, and the Methodist Church whose minister is Rev. Victor E. Stoner. They are in one common cause.

They represent more than a century of local religious devotion and Christian loyalty.

Public spirited and religious minded persons have made a capital investment of about \$80,000 in the present church and parsonage properties. The constituent members and adherents of approximately 1200 persons, underwrite an annual budget of more than \$8,000, to support the local and missionary activities of the denominations represented.

There are certain definite returns for this investment. Though attempts have been made to appraise them in money values, it cannot be done with any accuracy.

The Church has been foremost in declaring and working for the supreme worth of every human personality. This is necessary to a perfect democratic state.

It is a recognized fact that the most effective support and encouragement given to civic morale, moral control, social betterment, temperance, democratic ideals and institutions, and fraternal relations come from the Church and its ministry. The Church is a thoroughly patriotic institution and has also been foremost in seeking and creating the conditions which will promote and establish permanent peace. The Church teaches and practices international and racial friendship.

The schools, colleges, universities and the press of the Church, to which each of the local Churches make definite contribution, are outstanding advocates and supporters of the Arts, Sciences, Learning and Literature. The Church promotes mental and cultural development.

Since each of these institutions and causes is so close to the American ideal which we believe is the most nearly to be desired, the Church's program is very valuable for practical purposes.

The primary function of the local churches has been to promote the teaching and message of Jesus through acts of the worship of God, and practically applied Christianity; thereby they help make more perfect personalities and society.

The immediate program of the churches to strengthen local morale will be their evangelistic efforts and the enrichment of their worship, together with their social and pastoral service. They hope thereby to give encouragement and assurance to everyone who needs such ministry.

The Missionary Societies of the Mentone Churches are studying the world conditions and problems. Looking forward to keeping a permanent peace following the war, they hope to secure larger funds to support overseas relief, religious and social work in foreign countries, and in strategic American locations. They hope to make some contribution which will aid in preventing a further renewal of international suicide.

The three Church Schools are well equipped and manned. They are conducting classes in Bible Study and Christian education, in order to help prepare future Christian leadership. They welcome a larger support.

The Youth organizations are enlarging their social activities to meet the present crisis due to gas and

BREAD is BASIC

Eat plenty of HONEY BUN ENRICHED BREAD for full war strength. Although rich in valuable nutrients, it is sold at no extra cost to the consumer.

tire rationing, and the war psychology.

The writer of this article is confident that each of the three local churches will cooperate in every way with all community programs promoting Mentone as a trading, commercial, industrial and social center, which is consistent with the purpose of the Church of the Christ.

Many of the local church facilities are open to community programs. Some fraternal, civic and cultural groups are already using these re-

sources. Scout rooms are available to those organizations.

In this international crisis and in the present national emergency, local citizens are planning to make Mentone a convenient and attractive community for business, social and cultural purposes. In the past the Churches have made a very positive contribution. They will continue to do their part. The Churches which have no selfish aims, claim the loyalty and support of every citizen who desires to make this goal a reality.

News of Mentone and Vicinity

Mrs. Ollie Sarber has returned to her home after visiting relatives near Burket.

Mrs. Delemer White and Mrs. Russell Eber spent Tuesday in Fort Wayne on business.

Bob Anderson spent the week end with his parents, Dr. and Mrs. E. D. Anderson.

Mr. and Mrs. Ira Borton spent Sunday afternoon in Huntington with Mr. and Mrs. George Borton and sons Larry and Lynn.

Mr. and Mrs. Charles Meredith were guests of Mr. and Mrs. Dave McKillip of Marion, Ind. Mrs. McKillip is a niece of Mrs. Meredith.

Mr. and Mrs. Ernest Harvey and daughter have moved into the Geo. Lyon property. They have been living in Palestine.

Mr. and Mrs. Clarence Leininger, Mr. and Mrs. Delois White and sons of Knox, were Sunday guests at the Delemer White home.

Mr. and Mrs. Kenneth Towne, of South Bend, spent the week end with her mother, Mr. and Mrs. L. C. Bowen.

Mr. and Mrs. Robert Blodgett, of Detroit, spent Sunday with Mr. and Mrs. H. O. Blodgett. Robert works at the Willow Run bomber plant.

Mr. and Mrs. Joseph Baker and Rev. and Mrs. E. Coleman Ralston spent Monday in Chicago where Mr.

Baker went to purchase Christmas gift merchandise.

A daughter, Leigh Etta, was born to Mr. and Mrs. Leon Kelley, at the McDonald hospital at Warsaw Monday. Mr. and Mrs. Vere Kelley, of near Burket, are the grandparents.

The Thanksgiving Fair, an event that dates back 45 years, which has been held annually at the Church of Christ and other churches at Etna Green, was cancelled this year.

Mr. and Mrs. William Blackburn entertained at their country home on Nov. 19; Mrs. Louise Lehman and Mr. and Mrs. Charles Meredith, in honor of their tenth wedding anniversary. Mrs. Lehman and Mrs. Meredith are the aunts of Mrs. Blackburn.

Mrs. Edith Darr, Mrs. Helen Weirick, Mrs. Maude Cox, Mrs. Eva Laird, Mrs. Esthe Sarber, Mrs. Helen Mollenhour, Mrs. Lenna Anderson and Mrs. Mary Barkman were in Warsaw last Wednesday for Achievement Day.

MENTONE HOME ECONOMICS

The Mentone Home Economics club met on Thursday, Nov. 19th, with Nora Teel. Mrs. Eva Laird was assisting hostess.

Vice president, Mrs. Lenna Anderson, called the meeting to order. The club creed was repeated and club prayer sung. The song, "Love's Old Sweet Song," was sung and the history of this song was given by Mrs. Blanch Paulus.

Roll call was answered by: A menace to safety in the home.

Miss Janalyce Rouls, Home Demonstration Agent, was present. She announced the lessons for next year and also led a general discussion on "Curtains and Draperies."

Esther Sarber gave a report on Achievement Day.

Mrs. Ona Blue won the mystery package.

The secretary's report was read and names drawn for the Christmas gift exchange. Plans were made for a lesson to be given by Miss Rouls on "How to Use the Attachments of Your Sewing Machine." This will be at the Mentone school house on Monday, Nov. 30th, at 1:15. All ladies interested are invited.

Refreshments of hot spiced cider and doughnuts were served to 17 members and two guests, Mrs. R. Nelson and Miss Rouls.

The next meeting will be the Christmas party on Dec. 10th at the home of Mrs. Linnie Vernette, with Mrs. Maude Cox assisting hostess.

CHRISTMAS SEALS

.... Protect Your Home from Tuberculosis

NEIGHBORS HELP NEIGHBORS

Friends and neighbors gathered at the home of Mr. and Mrs. Winfred Warren Tuesday and shucked his corn. Mr. Warren has been ill with heart trouble for some time.

Those who helped were: Ernest Fanning, Lloyd Shoemaker, Lawrence Bunch, Clifford Shoemaker, Noble and Kenneth West, J. D. Finney, Alvin Finney, Otho Mason, Ernest Mowiser, Clarence Mikesell, Glen Cole, Teddy Cole, Ward and Ernest Redinger, Alva Stockberger, Clyde Morris, Harley and Don Railsback, John Mowiser, Herman Fanning, Harold Fanning, Clymer Williamson, Elmer Sullivan, Elson Reed, Harley Warren, Louis Reed, Clarence Bunch, Albert Dawalt, Glendon Bailey, Merlin Quimby, William Heck, Jake Elliott, Gerald Sullivan, Ralph Eby, Paul Geiger, Walter McGriff, Burdette Shaffer, Russell Warren, Ralph Warren, Joe Gross, Andy Konkle, Clifford Phillips, Joe VanLue, Merl McMillen, Jack Hudson, Harry McFern, William Chapman, Simon Ruff, and Lloyd Hoover.

The following ladies prepared a lovely potluck dinner: Mesdames Ernest Fanning, Herman Fanning, J. D. Finney, Alvin Finney, Jess Warren, Ralph Warren, Joe VanLue, Albert Dawalt, Otho Mason, Joe Gross, Andy Konkle, William Chapman, John Chapman, Harry McFern, Harley Warren, Harley Railsback, Glen Cole, Alva Stockberger, Noble West and Miss Katherine Bunch.

CARD OF THANKS

To my neighbors, relatives and friends.

Through the public press I want to thank each and every one of you who so kindly contributed to the shucking and cribbing of my corn and for the lovely pot luck dinner served. Please be assured that my family and I are deeply grateful. The pleasing remembrance of your gracious and generous act will be treasured most highly throughout the coming years. Again, I thank you.

WINFRED WARREN

D. A. R. MET AT CAREY HOME

The D. A. R.'s met at the country home of Edna Carey Tuesday evening, Nov. 24. At 6:30 a pioneer three-course dinner was served to twenty-four members and guests. The table was beautiful with a large cornucopia in the center overflowing with fruit, nuts and popcorn balls. Old fashioned brass candle holders with gold candles were at each end of this "horn of plenty." At one end of the table were little log cabins and at the other were Indians and Indian tents. At each place was a winter corsage, brightly colored leaf holding candy corn and name cards on little wooden logs. Old-fashioned silver and china made the table decorations complete.

Roll call was responded to by giving an old-fashioned recipe or poetry. Antique costumes were displayed by some members of the chapter.

Guests of the evening were Mrs. Roy Adamson, Mrs. Joe Miser, of Talma; Mrs. Lowell Valentine and Mrs. Marjory Holderman of Warsaw; Goldie Mollenhour and daughter, Mary Shirey of Mentone.

THE ORNERY RASCAL

Strive for perfection with all our might, yet seldom an issue gets into the mails or a typographical error that was silently hidden during the process of proof reading, shouts a wild "razzberry" to us. (Anyway, I would warn you that I do know that "congratulation" is spelled with a "g" at the beginning of the second syllable and not a "t".

MISS LOIS GEARHART IS BRIDE OF ROBERT TEETER

(Talma Reporter)

Miss Lois Gearhart, daughter of Mrs. A. Nordman of Disko, became the bride of Robert V. Teeter, son of Mr. and Mrs. Vincent Teeter of Talma, in a single ring ceremony read at the Silver Lake parsonage by the Rev. Breurd at 9:00 on Sunday morning, Nov. 15th. They were attended by Miss Ruth Floor and Elwin Creviston.

The bride is a graduate of Lake-ton high school with the class of 1942, while the groom graduated from the Talma high school in 1940. He is at the present time employed at Studebakers in South Bend.

Following the ceremony, dinner was held in the home of Mr. and Mrs. Vincent Teeter. Guests at the dinner were: Miss Ruth Floor, Disko; Elwin Creviston, Mentone; Mr. and Mrs. Cleo Teeter, Mr. and Mrs. Edgar Teeter, and Mr. and Mrs. Ray Alderfer and children, all of Warsaw; Mr. and Mrs. Loy Fisher and Mr. and Mrs. Paul V. Fisher of Watervliet, Michigan.
