COUNTY AND TOWNSHIP ELECTIONS GO REPUBLICAN

The election Tuesday was very much of a one-sided affair, with Republicans placing in every county office and the two neighboring townships.

The new township trustee for Harrison and Franklin townships are Royse Tucker and Robert O. Jones. The vote tabulations gave Gerald A. Ballenger, Leo Adams and Harold Williamson the election on the Franklin township advisory board.

WAR MOTHERS WRAP GIFT PACKAGES FOR SERVICE FOLKS

The Mentone chapter of the Mothers of World War II spent Thursday afternoon assembling and wrapping Christmas packages to be sent to boys and girls who are now in the armed forces.

The War Mothers would appreciate knowing the addresses of the service people and suggest that such names and addresses be given to Mrs. Shinn at the Locker Plant.

AWARDED \$90 JUDGMENT.

A judgement of \$90 was awarded in circuit court Friday morning to Beverly Coleman against Nellie Riner for injuries sustained by Miss Coleman in an automobile accident on state road 25 a half-mile east of Mentone at 10 p.m. July 27. Miss Coleman was a passenger in a car driven by her mother, Marie Coleman, and the defendant was the operator of the other auto. In the complaint, filed Thursday, negligence was alleged and judgement for \$100 was sought. Since Miss Coleman is a minor, her mother acted for her in the suit and the court directed that payment of funds for satisfaction of the judgement be made to Mrs. Coleman.

The above case was handled by the insurance companies of both Mrs. Riner and Mrs. Coleman.

NELLANS

Mr. and Mrs. Elery Nellans, of route 5, Warsaw, are the parents of a daughter, Mardene Kay, born at 1:20 a. m. Sunday at the Murphy medical center.

BEESON

Mr. and Mrs. Russell D. Beeson, of route 1, Mentone, are the parents of a son born at the McDonald hospital at 8:40 p. m. Friday.

LIONS, LEGIONNAIRES SPONSOR ARMISTICE PROGRAM

A fine crowd was in attendance at the Armistice program at the Methodist church on Wednesday evening. The Lions Club and Mentone Legion Post sponsored the event, assisted by the War Mothers and Boy Scouts.

Dean Bechtol Legionnaire and Lions member from Garrett, was the speaker of the evening. Porter Williamson served as toastmaster. Musical numbers were given by the Lions Octette, Marilyn Tucker and Malcolm Long.

W. S. C. S. MEETS WITH MRS. RUSSELL FLECK

The Womans Society of Christian Service met in the home of Mrs. Russell Fleck, on Friday evening, Nov. 1.

Rev. Simmons had charge of the Devotions, his subject being, "In the Service of the King". The lesson for the evening was "At Work Together", presented by Mrs. Clayton Goodwin. She was assisted by Mrs. Wayne Tombaugh, Mrs. Raymond Lash and Mrs. Orpha Blue.

Mrs. Dora Goodman read two appropriate poems. "Echoes from Our Magazines" was presented by Mrs. Allen Herendeen, assisted by Mesdames Simmons, Goodwin, Snyder, Miles Manwaring, Robert Reed, James Welsh and Miss Ada Whetstone, served ice cream and cake.

During the social hour which followed, the hostess, assisted by Mesdames Linus Borton, Miles Manwaring, Robert Reed, James Welsh and Miss Ada Whetstone, served ice cream and cake.

The society will meet December 6 at the home of Mrs. T. J. Clutter.

The following officers were elected for the ensuing year: President, Mrs. Miles Manwaring; Vice President, Mrs. Rea Ward; Recording Secretary, Mrs. Orpha Blue; Corresponding Secretary, Mrs. Dora Goodman; Treasurer, Mrs. Don Bunner; Spiritual Life, Mrs. Clayton Goodwin; Missionary Education Service, Mrs. Glen Snyder; Christian, Social and Local Church Activities, Mrs. Howard Kohr; Student work, Miss June Aughinbaugh; Youth work, Mrs. Art Witham; Children's Work, Miss Doris Snyder; Supply work, Mrs. T. J. Clutter; Publications and Literature, Mrs. Allen Herendeen; Membership, Mrs. George Mollenhour; Status of women, Mrs. Stanley Boggs; Publicity and Printing, Mrs. Ellen Stanford.

EVANGELISTIC SERVICES TO BEGIN AT METHODIST CHURCH

Beginning November 17th Rev. Joseph Brookshire, evangelist, soloist and song leader, will hold two weeks services in the Methodist church. He is a graduate of Asbury College and has a degree in music.

Several nearby Methodist churches are cooperating in these services which will commence at 8:00. Make your plans to attend and enjoy the inspiration of these services. You are extended a hearty invitation.

FORMER MENTONE WOMAN DIES AT SOUTH BEND

Mrs. Allen Millbern, of South Bend, who formerly lived at Mentone, died at 6 P. M. Sunday at her home at 1345 Portage avenue, as the result of a heart attack.

Mrs. Millbern was born near Harrison Center, the daughter of Rev. and Mrs. George Fesler. Her marriage to Mr. Millbern took place near Harrison Center.

The deceased was a member of the Methodist church and was affiliated with the Eastern Star at South Bend.

Surviving relatives include her husband; three daughters, Opal, Gretchen and Dorothy; and a son, F. A. Millbern, all of South Bend. Funeral services were held there at 2 p. m. Wednesday.

Mr. and Mrs. John Shaffer had as their guests over the week end, Mr. and Mrs. John Fultz of North Manchester, and on Sunday Mrs. John Landis and son Carey.

MARRIED SATURDAY EVENING

Announcement is made of the marriage of Lucille Whetstone, daughter of Mr. and Mrs. Wm. Stutzman, of Etna Green, and Wilvin Teel, son of Mr. and Mrs. Melvin Teel, Akron.

The ceremony was performed by Rev. Slaybaugh, Akron, Saturday evening, Nov. 2.

Mr. and Mrs. Rex Burnett, of Etna Green, were the attendants.

Mr. Teel served for forty-three months with the army.

Mr. and Mrs. Teel will reside in Mentone.

GETS TRIP AS REWARD

As a reward for being the best scholar in high school Aeronautics, Malcolm Long was given an airplane ride on Monday afternoon.

Chick Herendeen, local airport owner and flight instructor, piloted the plane. The trip took them to Niles, Mich., back over So. Bend and Notre Dame stadium and college.

They left the local airport at 12:45 and were back around 2:30.

STUDENT MAKES HIGH MARK

Delford Nelson, of Burket, was numbered among four state students to receive a superior scholarship rating while attending the recent poultry short course and hatchery school at Purdue University, it was announced Monday. Twenty-six students completed the course.

E. R. SMITH

YEARLING HEIFERS STOLEN FROM FIELDS

Obe Haimbaugh, farmer residing in Newcastle township, reports the recent theft of a yearling heifer which was taken from a well-fenced field a couple of nights ago, states the Rochester News-Sentinel. The farmer stated there was no chance for the animal to break through the fencing and it is his belief that some meat black-marketeers were responsible for the crime.

NEWCASTLE TOWNSHIP NEWS

Mrs. Geo. Kallenbeck of Chicago, and Miss Celia Byrer of Ft. Wayne, have returned to their homes after a visit with their sister, Mrs. Earl Warren.

Mr. and Mrs. O. C. Montgomery and Lavoy spent Sunday as the guests of Mr. and Mrs. A. J. Blakely at Rochester.

Mrs. Cleo Teeter, of Plymouth, spent the week end here the guest of her

mother, Mrs. Hatfield.

Wilburt Utter, who has been confined to his home on account of illness, has been removed to a hospital in Indianapolis for treatments.

There will be an auction sale held on Friday evening, Nov. 15th, at the Talma Methodist church. Everybody is invited and to bring anything they have for sale. Come and enjoy a good time.

Mr. and Mrs. Fred Barr spent the week end in Indiana Harbor the guests of friends and relatives.

Dave, the small son of Mr. and Mrs. Bill Coplen, who is confined to the Riley hospital at Indianapolis for

polio, is improving real good and is able to walk part of the time.

Mrs. Clarence Peterson, who underwent a major operation at the Woodlawn hospital at Rochester some time ago, is able to be up and around.

Mr. and Mrs. Robert A. Calvert and family were Sunday dinner guests of his grandmother, Mrs. Cora Waltz, of near Rochester.

Miss Ruth Barr will leave Wednesday for Minneapolis, Minn., where she will visit with her sister, Mrs. Ola Flesland and family.

Mr. and Mrs. Bill Coplen and son Steve spent Sunday in Indianapolis where they went to see their small son who is confined to the Riley hospital.

Trustee David Swihart, who suffered a stroke of paralysis Saturday night at his home, is getting along as well as it can be expected at this time.

Mrs. Devon Eaton and family and Mr. Joe Good spent Saturday in In-

dianapolis.

Master Steve Coplen is confined to his home with a gathering in his head.

Freezing Rhubarb

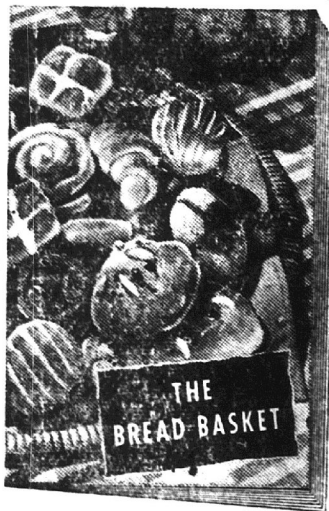

Rhubarb can be preserved by quick freezing without sugar, sweetening being added as the rhubarb is made up into sauce or pies in the winter. Rhubarb preserved by freezing is said to be far superior to that preserved by the old practice of sealing it in water in fruit jars. For quick freezing, rhubarb should be cut into inch-long pieces, packed into any one of the available types of fruit or vegetable containers and frozen without the addition of sugar.

Lighter Trailers

New and lighter material used in the construction of trailer coaches will decrease the weight of some models by as much as 1,500 pounds.

CHICAGO STOCK SHOW
FEATURES FARM YOUTH

Farm youth will figure prominently in many of the programs and competitions of the "Victory" International Live Stock Exposition and Horse Show, scheduled for November 30 to December 7 in the International Amphitheatre at the Chicago Stock Yards.

It will be the 47th annual renewal of the nation's largest live stock show, and the first to be held after a wartime interval of five years.

The 25th National 4-H Club congress will be on in Chicago in conjunction with the International Live Stock Show. Boys and girls from the farms of 46 states will attend this year's Congress on all-expense trips awarded to state winners in the many and varied activities and projects in which 4-H boys and girls compete. There will be 1400 of them at the 1946 Congress, each a state winner.

They will compete at Chicago for national titles of the year. Exhibits of Club work will be on display through the eight day run of the live stock exposition; and daily demonstrations

will be put on by groups of 4-H members, depicting their accomplishments in home-making, farming, and live stock raising.

A pageant—planned as a special feature to mark the 25th year of 4-H Club work—will be staged in the International Amphitheatre at the Monday evening horse show, December 2. The theme of the 25th anniversary conclave will be "Building Citizenship in a World Community."

Juniors to Judge.

Both 4-H and Vocational Agricultural members will compete in a national livestock judging contest, known as the International Junior Live Stock Judging contest, which is scheduled as a pre-opening feature of the International Live Stock Exposition program on Friday, November 29, in the International Amphitheatre. The participants will comprise state champion teams selected in contests earlier in the year. They will judge classes of cattle, sheep, draft horses and swine and will be awarded prizes—including three college scholarships—according to their skill.

A similar contest for state agricul-

tural college students will be held on Saturday, November 30, the opening day of the exposition; and hundreds of 4-H and F. F. A. members will also take part that day in the International's Junior Live Stock Feeding contest, wherein boys and girls from 10

to 21 years old will exhibit steers, lambs, and hogs of their own raising.

Mad Dog

Contrary to popular belief, a mad dog does not usually foam at the mouth.

LETTER FROM CHINA

The following is a letter which was received from Mr. and Mrs. John Knecht by Rev. S. M. Hill, who is Mrs. Knecht's father. The couple is engaged in Missions work in China and have found it intensely interesting thus far. It is hoped that more will see the need for such publications in order that we at home may be kept informed on the work done by these missions.

Dearest Ones at Home,

This letter may seem rather short, but we can't send too much in an air-mail letter. A big long letter of 14 pages is on its way to you via the returning Marine Lynx giving a detailed account of our travels. Monday morning we

dropped anchor just inside the harbor to await orders to proceed and to give the British customs and the medical officials time to examine us all. We had no trouble at all in passing the immigration officers because our passports were all in order and we had all the shots that were required to enter this territory. However, when we land in Canton we shall have to go through all the above officers again, this time with the Chinese.

The harbor is beautiful, surrounded on both sides by mountains. The city of Victoria lies on the left, lining the water and creeping about half way up the mountains; the city of Kowloon lines the mainland opposite Victoria island. It is so much nicer and cleaner than Shanghai, with orderly houses, wider streets, better public transportation, less noise, less poverty, better policemen and better climate. No matter how much people may disagree with British policy, they must admit that wherever they control there is order.

Dr. Oldt was on the dock to meet us when the ship finally began disgorging passengers at 1:30 p.m. It is wonderful the way he has everything arranged for our comfort. He had rooms reserved for us in this Mission house, has reservations for us on the steamer that goes to Canton on Friday, arranged for a friend of his to look after getting our baggage on the steamer and

has invited us to live with him in Canton until our house is ready.

This mission house is an ideal place for rest after the voyage. It is a long, two-storied building located on the side of a mountain and overlooks all of Kowloon, the bay and part of Victoria. We have a lovely big corner room with a wide, windowed veranda on two sides of it. Oh, yes, we have a bathroom, too, with a Chinese tub (shaped like a big mixing bowl). This morning early I gave one of the amahs five of John's shirts to wash and iron. Just now, at the window, I can see her sitting between the servants quarters and the main house up to her elbows in hot soapy water washing shirts, sheets, underwear, dresses and anything else given to her. Incidentally, there are at least 25 missionaries from the Lynx staying here waiting for passage to their various stations. The meals are simple, but wholesome consisting usually of tasty soup, rice, a serving of meat and a cooked green vegetable. Of course there is always plenty of tea. Our beds are under a mosquito net canopy now since we are semi-tropical climate. Boiled water is kept in pitchers on the sideboard in the dining room, in case we get thirsty. Boiled water has a very flat taste, so we prefer to drink plenty of tea at mealtime and hope we don't

get thirsty between meals.

John spent yesterday locating our baggage and freight and we are overjoyed to know that it is all here and in good shape, excepting the box that had cracked in S. F. The five pieces that we had shipped from New York on the Samtweed arrived last night when that ship docked at 10:00. It's just now getting here, having left N. Y. Aug. 2. And isn't it lucky that it is arriving here while here to take care of it? It may be that we can't take it with us on Fri., but we can have this friend of Dr. O's look after it.

On the Lynx were several Evangelical missionaries returning to their work in Hunan. They are lovely people and we had such a good time getting acquainted, even more so because we knew that our churches would be unit-

ing in a few months. To make things even more exciting, one of the girls was coming to meet her fiancé (also an Evan. missionary) and they were to be married the day after the Lynx docked. It all turned out just as they had hoped and we were invited to the wedding. He had chosen the chapel of the Episcopalian mission here in Kowloon for the scene. Really it was very impressive despite the facts that the chapel bore marks of Japanese occupation (it had been used as a Shinto temple), that the old pump-organ wheezed and was dreadfully out of tune and that now and then a Chinese face would appear at the door and would

peer through. The organist was late, since she was having trouble locating a piece of her baggage, and I almost played, but at the last minute—15 minutes late—she rushed up. The bride was lovely in a white suit brown and gold accessories. The rector (who looked like a sea captain) was assisted by Mr. Sundburg whose wife was the bride's attendant. The Sundburgs are fine people (Evan. Miss.) and we hope to visit them when we make a tour of the Evangelical mission some time during our next year's vacation. We were invited to attend the reception held at 7:30 at the Peninsula Hotel, British owned and operated, and comparing

very favorably with the Waldorf-As-toria. Walking into it was like stepping back into America—bellboys looking like an oriental copy of Philip Morris, plush carpets, marble restrooms, grand lounges, huge chandeliers, and a magnificent view of Victoria across the bay. We ate on the long veranda in the cool of the evening. There were eleven of us at the long table, which was covered with a linen cloth reaching down to the floor. We had Western food including steak, fruit cocktail, asparagus, tomato soup (John ate all of his), potatoes, tomato cup with corn, ice cream with chocolate topping, Chinese pastry and last of all a piece of the wedding cake. Since Dr. Oldt climbed one of the mountains yesterday to inspect the cottages of some of the missionaries, he could not be there; the bride sent a piece of the cake via us to him. For their honeymoon, the Farnhams are staying at this sumptuous hotel.

The sweetest little Chinese girl lives with the German lady who is in charge of this mission house. She is six although she looks like four and already has four smallpox vaccination shots on her arm. She has been through two

very severe famines inland when she was taken ill and at the point of death several times. Although she speaks no English or Mandarin which I could understand, and I speak no Hakka (a dialect of Chinese) or German which she could understand we get along admirably. She has taken quite a liking to me, partly because I make a fuss over her and show her affection, and partly because I fed her oranges and chocolate bars. Her name is Susie.

I mentioned before the beauty of the bay and John says I must make more clear this business of Hong Kong and Victoria. The island of Victoria with the city of that name on it, Kowloon across the bay and several small less important islands around in the bay are all lumped together under the name of Hong Kong and are all under British control. The bay and many

LETTER FROM CHINA—

(Continued from page 7)

large buildings along the harbor still show the ravages of war. We have seen at least five sunken ships which stick up in the harbor; many of the buildings are stripped of everything except the bare stone walls; most of the buildings are painted in camouflage style; at least 10 submarines are anchored in the harbor; one aircraft carrier is in the harbor. Dr. Oldt says that the summer cottages on the mountain are in pretty bad shape. The currency here in Hong Kong is pretty well under control. The exchange is 4½ British dollars to one U. S. dollar. The price; compare just about the same with prices in the States.

Date of sale will be announced later.

SCHOOL NEWS

The Sophomores served lunch to many school students last Tuesday. They had creamed chicken and biscuits, mashed potatoes, cabbage salad, bread, milk, ice cream bars and pop.

Mrs. Sarber and Mrs. Eiler helped the class prepare the lunch.

Our gym floor is being sanded and painted for our first home game Friday night when we play Akron.

The Junior class will sell pop, popcorn, apples and hotdogs at the home games this year. The prices have not been set as yet but by Friday the pri-

ces will have been announced.

Malcolm Long and Chick Herendeen made a cross-country flight to Niles, Michigan Monday. Malcolm was chosen by the Aeronautics class for getting the highest marks for the first grading period.

It took Malcolm and, Chick forty-five minutes to go to Niles and thirty minutes to return. The reason for the difference of time was the wind.

A Hallowe'en party was enjoyed by those present at the home of Mary Wilson, Thursday night, October 31.

Many games were played after which refreshments were served.

There were twenty-two school friends and three hostesses present. The hostesses were Esther Markley, June Cotey and Elma Jean King.

Promptness and faithfulness will bring success.

Morning Worship 10:00.
Subject: "The Layman and Evangelism."

Sunday School 11:00. Raymond Lash Superintendent. Classes for all ages. Youth Fellowship 6:30.

No evening service as we will attend the meetings at the Christian church. Thursday 7:30 Professor Fenstermaker will be here to hold a conference with the Sunday school officers and teachers.

Sunday, November 17th, our Evangelistic services will start at the 10:00 service.

Make your plans to be present at all these services and bring your guests, friends and neighbors with you where a hearty welcome awaits you.

HOW DID YOU SPEND TODAY?

Did you waste today or lose it?

Was it well or poorly spent?

Did you leave a ray of sunshine or a scar of discontent?

As you close your eyes in slumber Do you think God would say:

"You have earned one more tomorrow"

By the work you did today?"

★ Today good will may starve to death. Keep it alive with customer courtesy and careful advertising.

"If any man speak, let him speak as the oracles of God;" (1 Peter 4:11)

THE AIM OF THE CHURCH OF CHRIST

We make it our aim to further a movement, comprising churches and individuals, for a complete return to Christianity as it was at the beginning. As any stream is purest at its source, so the Christian system was purest in the beginning when it had divinely inspired Apostles to guide the church.

THEREFORE, WE STAND FOR:

1. The Bible As The All-Sufficient Standard of Faith and Practice. God's word is the highest authority to which we can go for matters religious. The beloved Paul in writing to Timothy had this to say, "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works." II Tim. 3:16, 17. We must recognize that what God required of His ancient people, Israel, is found in the Old Testament and what He requires

of all in this present age is contained in the New Testament. A proper understanding of the distinction between the Old and New Covenants (Testaments) would eliminate much of the confusion among religious people. The Old Covenant ended before the New began. The Old Covenant was in force until the death of Christ, and the New Covenant has been the authority for all religious matters since the beginning of the church; the first Pentecost after Christ's resurrection. (Read Hebrews 10:9; Colossians 2:14; Romans 7:4; and Acts chapter 2.)

(This is the first of a series of articles under the above title. We suggest that you clip this article along with those which follow, and keep them for future reference.)

THE CHURCH OF CHRIST WANTS TO SERVE YOU.

OUTDOOR Notes

By Joe Austell Small

The Flying Pichaquate

The Pichaquate is a light green snake that inhabits the wild Yaqui Indian country of Sonora, Mexico. The venomous reptile lives in trees and sails through the air like a flying squirrel. The little snake is not equipped with wings but flattens itself out like a ribbon before sailing from one tree to another. The reptile has a hook or fang on the end of its tail resembling the stinger of a scorpion. Yaqui Indians, when traveling through that part of their country, carry a short stick with which to ward off the snake. The Indians travel single file along the narrow paths and when a snake is sighted sailing through the air, they pass the word down the line by shouting "Pichan-quate."

Sharp-edged Proposition

As the barber finished lathering his customer's face, the hunter reached across the counter and picked up a razor.

"You want to shave yourself?" questioned the barber.

"No," said the hunter. "I just want to be ready to defend myself."

Fur, Fur Away

The seal herd is doing well in that far outpost, the Pribilof Islands. At present this famous herd numbers over 3,155,200 animals.

The herd, which has a capital value well in excess of \$100,000,000, shows an average annual increase of 209,000 animals. When the Federal government took over direct management of the herd about thirty-five years ago, fewer than 120,000 animals remained following decades of slaughtering. It is believed that the herd at one time had consisted of upwards of 4,000,000 seals.

Nutty Hen

Down in Grove Hills, Alabama, a farmer decided one of his hens was nuts. He shoed her off a nest to find that she was sitting on two dozen pecans.

Bubble Fish

Fish called Labyrinth Bubble-Nest Builders construct a floating nest of bubbles in which eggs, numbering from 100 to 500, are deposited, hatched, and the young tended.

Manfisher

The Piranha is a man-eating fish native to the Amazon River. If "fisherman" is the term used for a man who catches fish, then perhaps "manfisher" would be the appropriate term used for a fish who eats man! The Piranha travels in immense schools which rend and devour any wounded man or beast in a few minutes.

Funny Place for Ears

Dr. Christian A. Wolf, internationally

known physicist, a native of Denmark, states that experiments which he has made prove definitely that birds hear through their feathers, especially their tail feathers. While birds have regular ears, much of their acute sense of hearing, Dr. Wolf says, comes through the auditory aid of feathers.

PLEASE HAVE A HEART

O please do not harm my hounds
If they happen to get free;
They may be worthless curs to you
But they are valuable to me.
I try to keep them tier, or in a pen,
There they won't do no harm,
But some day they might get away
And trespass on your farm.

They like to chase the fox around
From morning until night;
To run a possum or tree a coon
Is their mission and delight.
They won't molest your cows or sheep,
Your horses or your hogs;
They are well trained and very kind
For they are hunting dogs.
Although they cost a tidy sum
In dollars and in cents,
It is the sport I have with them
That brings me recompense.
But if they should annoy you,
Or around your dwelling roam;
Just call me up, I'll gladly come
And take the vagrants home.

—H. C. Whetstone.

HOME EC. TO MEET.

The Home Economics club will meet with Mrs. Cloice Paulus on Wednesday, Nov. 13 at 1:30 p. m. Mrs. Earl Smith is the co-hostess.
The lesson featuring the baking of muffins and biscuits will be given by Leader Mrs. Elmer Sarber.

CARD OF THANKS

We wish to thank our neighbors and friends for coming in and husking our corn. We are truly grateful for this act of kindness.

Mr. and Mrs. George Rans.

Mr. and Mrs. E. E. Jones spent the week end in Elkhart with their daughter and family, the U. R. Oldfathers.

Mr. and Mrs. E. E. Jones, Mrs. Robert Reed and Mrs. Elizabeth Simcoe and son Kenneth attended the funeral of Mrs. Ben Campbell at Ft. Wayne last week.

Mr. and Mrs. Joe Miller, of west of town, Mr. and Mrs. Lloyd Creakbaum and Mrs. Maude Entsminger have returned from a tour through Ohio, where they visited relatives and many places of interest.

Dick Filarsky, in a letter to the editor, states that he has entered a six months training course for radio operator and that his new address is: Dick Filarsky 262-966 Student "A" Radio Operator School, U. S. C. G. Training Station, Groton, Conn.

Rev. and Mrs. E. E. DeWitt spent several days last week with friends at Logansport, Indiana. On last Sunday Morning, November 3, Rev. DeWitt was the special guest preacher at the Main St. Methodist Church where Rally Day and Home Coming services were held. Mr. DeWitt was a former pastor of this church.

Mr. and Mrs. Paul Newcomb left for Florida Wednesday, where they will spend the winter.

Mrs. Virgil Doran has returned to her home in Burket after being a patient at the Memorial hospital in South Bend following an operation for gallbladder.

NONAGENARIAN DIES AT HOME EAST OF MENTONE SATURDAY

Isaac Creakbaum, who would have been 91 years old next January 7, died at his home east of Mentone at 8:30 a. m. Saturday, after a lingering illness of Bright's disease. He had not been in the best of health for almost three and one-half years.

The deceased was born in Ross county, Ohio Jan. 7, 1856, the son of Wm. and Mariah (Smith) Creakbaum and had resided near Mentone all his life, the past 45 years east of town. He was married to Elvira Vandermark in 1883, and to this union two sons and one daughter were born. Following her death he was married to Florence Hively on Oct. 19, 1899, who survives. One daughter was born to them.

In addition to the widow, he is survived by three sons, Willis of Bourbon, and Marion of Louisiana; two daughters, Mrs. Beryl Wilson of Hammond and Ruth Burt of Fort Wayne, three step-sons, Ralph Hively of Montana, Gus Hively of Texas and Eugene Hively of Detroit, and one sister, Mrs. Mac Kesler of Akron. There are number of grandchildren.

BUSINESS ORGANIZATION TO MEET MONDAY NIGHT

The regular monthly meeting of the Mentone Merchants' Association will be held at the town hall on Monday evening, Nov. 18th. All members are urged to attend.

NAMED SECRETARY OF ATTENDANCE CONFERENCE

Mrs. Curtis Riner, attendance officer for Kosciusko county, was named secretary of the District Attendance Officers conference held at Mishawaka one day this week. Officers were present from Starke, Marshall, Pulaski, Fulton, St. Joseph and Kosciusko counties.

DISTRICT-GOVERNOR AT LIONS CLUB MEETING NEXT WEEK

District-Governor Endicott will be present at the next regular meeting of the Mentone Lions club, Wednesday evening, Nov. 20th, according to an announcement by President H. V. Johns. All Lions members are urged to be present. The chow line forms at 7:00.

MOTHERS OF WORLD WAR II HOLD REGULAR MEETING

The Mothers of World War II met at the school house Nov. 13 at 7:30. There were quite a nice number of mothers present that hadn't forgotten what our boys and girls did and are still doing for us and still remember the ones in hospitals that are still fighting a war that they know only death can bring peace. We should be so thankful that so many of our boys and girls got home that we would do all in our power to help the ones not so fortunate. We all remember Pearl Harbor but some have forgotten Iwo Jima, Leyte, Burma, Okinawa and the Battle of the Bulge, and many other places where American blood was shed. So mothers that have had, or still have, sons and daughters in the service, come to the school house at 7:30 Dec. 11. Let's talk it over and do something for the ones that have done and are still doing so much for us. Let us not forget those in the hospitals and away from home. May God bless them all.

MENTONE HOME EC. MEETS

Mrs. Choice Paulus was hostess to the Home Ec. club Wednesday afternoon, Nov. 13, and was assisted by Mrs. Earl Smith.

The president, Mrs. Frank Warren, opened the meeting after which the lesson, featuring "Quick Breads," was presented by the leader, Mrs. Elmer Sarber. History of the song of the month, "How Can I Leave Thee," was given by Mrs. Linus Borton.

Twenty-one members responded to roll call by giving hints for a Christmas gift.

Old and new business was taken care of and committees were appointed for special meetings.

Auction sale of several articles was conducted by Mrs. Linus Borton and those who bought them were the Mesdames Anderson, Meredith, Blue, Mollenhour and Gross.

Wedding anniversary and birthday gifts were delivered and names were drawn for the Christmas exchange. One visitor was present.

Louie Poor returned home Wednesday after spending several days in Kendallville with his son and grandson. Louie wishes to thank all who remembered him on his birthday.

MISSIONARIES AT CHURCH OF CHRIST

After having been in the Philippine mission field for 15 years, Mr. and Mrs. H. G. Cassel spent over three years in Japanese imprisonment and were finally rescued from Los Banos prison by American paratroopers and Philippine guerrillas.

A large audience listened attentively, Tuesday evening, to the story of preaching the gospel to our brown brothers. The Cassels saw 40 months of war, imprisonment, loss, starvation, nakedness, danger, sickness, death and wanton destruction. They and other missionaries escaped execution by only 11 hours, when freed behind Japanese lines by MacArthur's men and conducted to safety.

An appreciative group of women heard Mrs. Cassel in the afternoon at the church, while Mr. Cassel spoke to the high school students.

Mr. and Mrs. Cassel are touring the country in the interest of their mission field and plan to return to the work next spring.

AERONCA SPONSORING RADIO PROGRAM

On Saturday evening, Nov. 16th at 7:30 (CST) the manufacturers of the Aeronca airplane will sponsor Ralph Edwards' Truth or Consequences radio show on a coast-to-coast network.

"Chick" Herendeen is the local dealer for Aeronca private planes and suggests that everyone tune their radios in for the program Saturday evening. Chick has two of the new planes at his airport in case anyone is interested in buying one for their one pleasure or business use.

FIRE DEMONSTRATION AT BREMEN ON NOV. 21

Wm. Collison, secretary-treasurer of the Volunteer Firemen's Association, announces that a demonstration will be given at Bremen on the evening of Nov. 21 at 7:30 o'clock. A 600-lb. pressure pump will be demonstrated as well as many other pieces of fire-fighting equipment.

Lunch will be served and an invitation will be extended all volunteer firemen through their fire chief.

As Sunday is the only visiting day, the parents will have no word of their daughter's improvement until then.

ENTERTAINS PSI IOTA XI

Mrs. Ralph Ward, of Mentone, was hostess Thursday evening to the Beta Epsilon chapter of the Psi Iota Xi Sorority. In the business session, a letter from the speech and hearing clinic of Ball State Teachers' college, of Muncie, was read, stating that children between the ages of 8 and 12 will again be received at the clinic during the next summer. For the past two summers two Mentone boys, under the sponsorship of the sorority, attended the speech and hearing clinic at Indiana University, Bloomington. Mrs. Lyman Mollenhour was awarded the door prize. Mrs. Ward served delicious refreshments to the following members: Mrs. Glenn Weatherbee, of Argos; Mrs. Ralph Mollenhour, Mrs. Wilvin Teel, Mrs. Max Nellans, Mrs. Curtis Riner, Mrs. Lyman Mollenhour, Mrs. Esther Shoemaker, Mrs. DeVon Hibschan, Mrs. Wayne Nellans, Mrs. Earl Anderson, Mrs. Harold Utter and Mrs. George Yehlik, during the social hour.

ROMINE CHILD HAS POLIO.

June, small daughter of Mr. and Mrs. Marvin Romine, was taken to the Riley hospital in Indianapolis Saturday where her illness was diagnosed as polio. Both knees and her back were affected. June is a student in the third grade in Mentone.

AWARDED SILVER MEDALS.

Lee Norris, son of Mr. and Mrs. Sam Norris, and Everette Earl Rookstool, son of Mr. and Mrs. Everett M. Rookstool, were awarded silver medals for leading in the county in a test on a 10-lesson course in tractor maintenance sponsored by the 4-H organization and Purdue university.

Dr. Dan Urschel attended the annual meeting of the 13th District Medical Society on Wednesday of this week. The Scientific program included talks by Dr. J. W. Conn of the University of Michigan, Dr. Walter Reich, of Cook County Hospital in Chicago, and Dr. Philip Thorek, of the American Hospital in Chicago. The meeting was held in Elkhart.

Kenneth Boyer is carrying one of his thumbs in a cast, having broken it recently.

CHICAGO STOCK SHOW ATTRACTS BIG ENTRY

America's finest farm animals from the farthestmost sections of the continent, as well as from the Cornbelt and Chicagoland, will be gathered in Chicago's International Amphitheatre the last of this month for the opening of the country's largest annual showing of the finest products of farm and ranch, the "Victory" International Live Stock Exposition and Horse Show.

The Exposition will be on from November 30 to December 7, marking the 47th annual renewal of this celebrated event, which last took place

in December, 1941, shortly before the attack on Pearl Harbor.

Officials of the show report that earlier predictions that the total number of animals exhibited this year would exceed the 12,000 mark have been realized after a preliminary tally of the entries which closed on November 1.

This year's prize-winners will be picked by livestock and crops experts from 20 states and Canada, the management announces. They will name the winners in the contests of the week that will feature 29 different breeds of farm animals, pleasure horses, and a variety of farm crops.

WARSAW COAL-LIMESTONE CO.

Chief task among the judging assignments is that of selecting the grand champion steer, most celebrated bovine winner of the year, from among the several thousand top-notch beeves that will be exhibited by live stock experts, young and old, of this country and Canada.

A well known British stockman, Walter Biggar, of Dalbeattie, Scotland, will judge the steer classes at the coming show, culminating his three day judging with the selection of the grand champion. Mr. Biggar has acted in this capacity at 12 previous International shows.

Hundreds of farm boys and girls will join adult experts in competition for the honor of exhibiting this star show animal. The opening day program, Saturday, November 30, will include a Junior live stock feeding contest, for which nearly 2,000 beeves have been entered by boys and girls under 21

years old. Top winners will be admitted to the open classes that are judged later.

A tribute to the skill of these young people is their spectacular success in recent years. Nine times since 1928 the grand champion steer at the Chicago show has been exhibited by boys and girls, all under 18.

LONG TAILS ON THE

LONE PRAIRIE

(Held over from last issue).

An editor is one bird that can't duck even when the roof falls in. If he soaks up a little too much snake oil and gets hoisted into the ventilated jug, he not only gets spread all over the blotter but he has to put it on the front page. Precedent is worse than a jeep with a jumpy clutch—it gets you going and coming. There are more comfortable places than a "barrel" and I'd rather not be over one even if it does mean sacrificing reputation, etc. So help me, Hannah, here it comes:

South Dakota pheasant hunting is a real trip. 1500 miles of driving and 5,000 walking. The corn is checked and double-checked and no field less than a quarter of a mile long. (Average somewhat longer).

South Dakota's climate is typical of the west—pure air devoid of all the smoke, sut and fog we are so accustomed to in Indiana. The sun shines regularly and beautifully over

the wide expanses that are seldom hidden from view by a flock of scrub trees. In the evening the lights of numerous small towns blossom forth in almost every direction as they are visible until they disappear over the horizon.

Pheasants weren't so plentiful, they told us, but I can assure you there are still a good many there, due partially to our ability to shoot where we intended. Sixty-nine pheasants and four unfortunate ducks made the return trip with the five of us: Raymon Hibschan, Ralph Warren, Fred Lemler, Chet Smith and your editor.

Bridgewater's Main street was pretty much bottled up Hallowe'en. We wound our way around a number of outside toilets, hoy mowers, hay balers, feed grinders, steam boilers, old automobiles, culvert pipes, and various other things when we went for breakfast at Jack's Cafe. (Jack has one of the better eating places there and he always has a good supply of eggs. You can get them fixed up any style, any time for any meal. In fact, every meal! The cook promised us pancakes for

next year.)

Hallowe'en reminds us that Louie Foor finally found out who pushed over his bomb shelter the other evening. He said Wednesday that Mug Latimer and Allen Blue were the most likely suspects. Of course, you can't always depend upon what Louie says.

The home journey was uneventful. One lad dressed in blue—a host hired to make visitors feel at home, I guess—stopped us and politely explained some of the little things the city had arranged for the benefit of the rushing tourists. Very nice sort of a fellow and we showed our appreciation by speaking gently and kindly to him. I guess the town had a lot of other buildings and folks but we, somehow, missed this excursion. When he pointed to the city limits, we didn't waste any time going that way. We'd heard about the two Mentone boys who spent the week end in Chicago and told one of the "hosts" there they didn't think it hurt any to drive through five red lights so early in the morning. That was just adding expense to a week end.

The party arrived home Monday evening in time for the Republicans to vote Tuesday.

Hat Spring

The only successful mechanical device in the hat industry was the opera-hat spring, which enriched the family of the Frenchman who invented it.

MEISER-COX MARRIAGE

OCCURS IN PLYMOUTH

The Presbyterian church in Plymouth was the scene of a lovely wedding Sunday evening, Nov. 3, at 7:30 o'clock when Miss Helen Meiser, of near Mentone became the bride of Lowell Cox of near Plymouth. She is the daughter of Mr. and Mrs. Joe Meiser of near Mentone and he is the son of Mr. and Mrs. Edgar Cox, R. R. 1, Plymouth.

Rev. Donald Koontz, pastor of the Talma church, read the double ring vows before an altar decorated with baskets of chrysanthemums and baby mums.

One hundred and fifty guests were present at the ceremony and reception.

Miss Dorothy Meiser attended her sister as maid of honor and Wayne Cox served his brother as best man. Ushers were Harold Meiser, brother of the bride, Dale Cox, brother of the groom, and Robert and Donald Fisher, cousins of the groom.

Following the ceremony a wedding collation was served in the basement of the church. A large three-tiered wedding cake, decorated with floral design and topped with miniature bride and groom, centered the serving table.

Canned Tomatoes

The first universal vegetable to be canned in tin at home was the tomato.

NEWCASTLE TOWNSHIP NEWS

Capt. and Mrs. Harold Myers and family of Elkhart, spent the week end here the guests of relatives and friends.

The auction sale, which was to be held on Friday evening, Nov. 15 at the Talma Methodist church, has been postponed until a later date. Watch for new date. Anyone that has anything to bring to the sale is asked to get in touch with Mrs. Ed. Staldine and she will see that it is picked up.

Gene Overmyer was on the sick list over the week end.

Trustee David Swihart, who has been on the sick list, is improving and is able to be out and around part of the time.

Mr. and Mrs. Bill Coplen spent Sunday in Indianapolis the guests of their small son who is confined to the Riley hospital with polio. They report he is getting along real well and is able to walk around some.

O. C. Montgomery and Lavo spent Thursday afternoon in Mentone and Etna Green.

Mrs. Sid Dick and son Jim spent Thursday forenoon in Rochester on business.

Carl A. Dick spent Sunday here the guest of his father, W. A. Dick.

Wilbur Utter, who has been confined to a hospital at Indianapolis, is improving.

A daughter was born to Mr. and Mrs. Ralph Van Osinski at the Woodlawn hospital Nov. 7th.

Mr. and Mrs. Charles Stavedahl spent Sunday in Indianapolis visiting

their son who is confined at the Riley hospital.

Mr. and Mrs. O. C. Montgomery and Lavo spent Friday in South Bend on business.

Mr. and Mrs. Roy Ailer were guests of Mr. and Mrs. W. A. Dick Monday evening.

Mr. and Mrs. Robert Tippy, of Elkhart, spent the week end at their home here.

Mrs. Frank Coplen and Mrs. Bill Coplen made a shopping trip to Rochester Saturday morning.

Mr. and Mrs. Bill Coplen and son Steve spent Friday evening in Bourbon.

PLEASANT VALLEY COMMUNITY CLUB

The Pleasant Valley Community club was pleasantly entertained in the home of Mrs. Joe Peterson recently.

The meeting was opened by the president, Mrs. Albert Eisert, with group singing of "America, The Beautiful," followed by the pledge to the flag.

Roll call was answered with a "Thankful thought" by 17 members.

An interesting account of the project lesson, "Refinishing and Remodeling Furniture," was given by Mrs. Delbert Hunter and Mrs. Kermit Biddinger. Repeating of the Lord's prayer brought the meeting to a close.

Entertainment in charge of Mrs. Harley Warren and Mrs. Henry Als were guests and entertained the group "Johnny" of Phillip Morris was read by Mrs. Joe Peterson; "Old Shoes," by Mrs. Don Pfeiffer; "Farmers Experience," by Mrs. Harley Warren. Contests were enjoyed and prizes awarded to Mrs. Kermit Biddinger and Mrs. Clyde Harvey.

Refreshments were served by the hostess.

The next meeting will be held in the home of Mrs. Albert Eisert.

During the evening the club members and their families met at the schoolhouse for a bountiful basket supper. Mr. and Mrs. Reuben Scheid were guests and entertained the group with movies and talks of their trip to Mexico.

Those present were Mr. and Mrs. Reuben Scheid, Mrs. Lena Alspach and

gressman."

The one thought that stands out is the question, "What is my 'bureaucrat' doing for me?"

All of us, to some degree, are paying the salary of one or more bureaucrats—men and women on the public payroll.

How many of these are really necessary? How many are on the payroll in created jobs, unnecessary jobs, jobs created to help some politician pay his political debts. And, the big question, just what are they doing for you and me. After all we are paying their salaries and if they were on our regular payroll we would surely expect some return for our money.

Are we getting anywhere near our money's worth from our public servants, or are they costing us three, or four, or ? times what they are worth?

And if we are not getting our money's worth, what are we going to do about it?

It surely is something to think about, isn't it?

Shoe Leather

Eighty-five per cent of all the 20 million cattle hides consumed annually in the United States are used in the manufacture of shoes.

Moisture Loss

An acre of corn is calculated to lose 48 tons of water in a single day — by evaporation from the plant surfaces.

Alaskan Coastline

The general coastline of Alaska is one-third larger than the general coastline of the United States proper.

daughter Joan, Mr. and Mrs. Cloris Barkman and daughter Linda and son Jimmy, Miss Frances Berrier, Mr. and Mrs. Kermit Biddinger, Mr. and Mrs. Wendell Duzenbury and daughter Barbara and sons Richard and Don, Mr. and Mrs. Devon Eaton and daughter Carol and sons Mickey and Jerry, Mr. and Mrs. Albert Eisert and son Bertie, Mr. and Mrs. Herschel Fenstermaker and daughters Barbara and Marilyn, Mr. and Mrs. Clarence Griffith, Mrs. Emma Haimbaugh, Mr. and Mrs. Clyde Harvey and daughters Kay and Karon and son Gerry, Mr. and Mrs. Wallace Morris and daughters Donna and Marilyn and son Joe, and Mrs. Edna Sausaman.

—Newcastle Reporter.

DO YOU HAVE A BUREAUCRAT ON YOUR PAYROLL?

In a recent issue of Fortune Magazine an ad by The Trundle Engineering Co. of Cleveland quoted a letter received by their president, Mr. Geo. T. Trundle, Jr. It contains such a juicy thought that we believe it worthy of passing along. The letter from Mr. Trundle's friend read: "I just wrote a sizeable check to finish paying my 1945 federal income tax. I don't have a 'big money' income, but last year I paid about \$4,000 tax on it. I pay state and local taxes besides. That \$4,000 is the salary of a pretty good man, and I'm paying it all. "What is my 'bureaucrat' doing for me?"

"When I buy a car of steel or coal, or a machine, or a new suit of clothes, I try to get my money's worth or I don't buy."

"What kind of value do I get from the federal employee whose entire wages I pay? Is he doing anything for me, or is he just living off of me?"

"Maybe our painless method of paying taxes has made me forget my responsibility for making things better. It's easier to criticize than to correct—I'm going to talk it over with my con-

MONEY TO LOAN ON GOOD FARMS
—I am glad to say to all farmers or land owners wanting to borrow money, I represent one of the best companies who specialize in farm loans. Here is our proposition: 4% money for 20 years, with the privilege of making a payment every 6 months. There is no expense in making this loan, except that you furnish an abstract for the farm. We examine the abstract, fix all the papers up without any cost to you, no commissions of any kind. All I want you to do, if you are wanting a loan, is to come and see me, or write me, and I will be glad to call at your home. This is the best time in the world, if you are in need of money, while the interest is at 4%, and the rate will not be changed for 20 years.—John Isenbarger, North Manchester, Indiana N20c

ANIMAL HEALTH COLUMN...

By R. A. MARRIOTT

The development of the sulfanamides was started in the late 30's and from the original drug, sulfanilimide, which had been known to chemists since 1909, several new compounds have been made. Of these, only a few have proved to be of real value in the control of diseases in man and animals.

To secure satisfactory results with the use of any sulfanamide, it is necessary that each bird receive adequate dosage. The sulfanamides do not kill but inhibit or slow up the rate of multiplication of the infectious organisms to a point where the natural body defenses can overcome them. When the dosage is too small, it is possible for the disease organism to become resistant to the drug and the infection is not checked. There is very little danger of toxicity resulting from the use of these drugs if they are given in the recommended dosages. Experimental studies show that the birds will reduce the amount of feed consumed when the percentage of drug in the feed is too high.

The recommended amount of the sulfonamide to be added to the ration is based on the average total feed consumption of a flock. No other feed except the medicated mash should be given during the period of treatment. However, in those cases where it is

necessary to supplement with hard grains, the amount of the drug should be increased in the medicated mash so that the birds will receive the correct dosage. A flock that is consuming 50 percent each of mash and scratch grain should have a mash containing double the recommended dose of the drug. If the normal feed consumption is down, it may be necessary to stimulate the appetite with the use of a wet mash so that the birds will eat a sufficient amount of the medicated mash.

DUATOK is highly effective in the control of coryza or colds which is caused by the organism, Hemophilus gallinarum. This drug is widely used for the treatment of this respiratory disease of poultry. DUATOK should be used when the first symptoms of the disease occur in the flock. At the first signs of coryza the flock should be fed a mash containing one-half pound of DUATOK POWDER in one hundred pounds of feed. All other feeds should be withheld and treatment continued for a period of three to five days. In severe outbreaks, the use of one percent in the mash is recommended. It is important in the treatment of coryza to secure sufficient intake of feed in order that the birds will receive the proper dosage of DUATOK. If only a small percent of the flock is infected and the outbreak is checked with DUATOK those birds which were not infected originally may develop the disease upon exposure at a later date. DUATOK has no effect against virus infections and is only effective against bacterial organisms.

The use of sodium sulfathiazole has proved very satisfactory for the medication of the drinking water when dissolved in the water at the rate of 1:1000. DUATOK sulfathiazole plain is insoluble in water, but DUATOK SOLUBLE sulfathiazole in a 1:500 dilution is recommended for a treatment for two days and then the dosage

should be reduced to 1:1000 for the remainder of the treatment. The administration of sodium sulfathiazole in the drinking water is much easier than giving sulfathiazole powder in the feed since the birds that are sick or have a high temperature will continue to drink after they have stopped eating.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Diphtheria

A growing reservoir of young adults and adolescents susceptible to diphtheria appears to exist as shown by Schick tests in England, Canada, Australia and the United States which revealed that 50 to 60 percent of young adults are now susceptible to diphtheria as compared to 20 to 25 percent formerly reported.

This potentially dangerous situation may be checked by a two-fold program—the immunization of a wider group including older persons, and the maintenance of the immunity once it is established.

The choice of immunizing agents is extremely important in a program of diphtheria prevention. Both fluid toxoid and alum precipitated toxoid are effective. Toxin-antitoxin should be used only under special circumstances. The family physician will know what to do in accordance with the circumstances.

Indiana has progressed in the control of diphtheria as shown by the fact that the diphtheria death rate dropped from 23.9 deaths per 100,000 population in 1921 to 1.0 in 1945. Actual cases declined from 6,542 reported in 1921 to 382 in 1945. This is medical progress.

There is no cause for immediate alarm in Indiana relative to this growing group of non-immune persons, but diphtheria immunization will avert a reversal of the trend of the past twenty-five years.

Geraniums Need Sun

Sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at

Today at DENTON'S Drug Store.

A THUMB RULE FOR FIGURING FEET PER SECOND

A simple rule of the thumb which will convert your speedometer reading into feet per second traveled is to increase the reading by half. The result is your speed in feet per second.

As an illustration, say you're making 50 miles per hour. Half of this is 25, which, added to the 50, gives you 75 feet per second. Thus, if your reaction time is a second or more, you would probably hit an object which loomed up suddenly 75 feet in front of your auto or truck traveling at 50 m.p.h.

The error in this formula is only 0.4 of an inch per mile, very close to perfection.

Fastest Animal

The cheetah (acinyx jubatus) of India and Persia, and that of Africa (cheetah lanigara), leopard-sized member of the cat family, is the fastest terrestrial animal. It can attain a speed of 70 miles per hour. Being tamable and dog-like in temperament, the cheetah is trained for hunting antelopes and other swift-running ruminants.

Frozen Meats

Coating frozen meat, not wrapped in paper, with a light film of lard protects stored meat effectively against drying or "freezer burn."

LETTER FROM CHINA—

(Continued from last week)

This afternoon we are going across to H. K. to buy a wedding present for the Farnhams. John doesn't know it but I want to buy a fan, for I think the voyage up the river will be rather hot. Then, too, I shall have a nice souvenir of this place. We could have bought the present yesterday, but we wanted Dr. Oldt to go along to talk price to the shopkeepers. We can't get very far in this territory with our Mandarin.

The weather here is ideal, cloudless sunny skies with a cool refreshing breeze from the north. People who know say we shall have this kind of weather for three weeks and then the cooler weather will set in. The very hot season was just over before we arrived.

We hope you are all well. Please don't worry about us; we are well and are in excellent spirits. The older missionaries are so good to us and help-

ful in so many ways. Maybe there will be a letter from you waiting for us when we get to Canton. We hope so.

Yesterday after the wedding, John and I went down to a reliable ice cream parlor and had a dish of vanilla ice cream—\$1.00 per dip (about 23c in U. S. currency). It was worth the price to taste ice cream again.

Our love to all. I suppose the letters will be passed around until they are threadbare. We want all to know we are thinking of them and will want them to drop us a note now and then—the oftener the better.

There are palm trees outside our window and I can hear far off someone playing a Chinese violin—called a "Chin."

Lovingly,

MARJORIE & JOHN.

COUNTRY NEIGHBORS CLUB
HOLD REGULAR MEETING

(Held over from last week)

The Country Neighbors held their regular club meeting Thursday in the home of Mrs. Mary Konneck, with

Mrs. Doris Newton as her assistant. The meeting was called to order by the president, Mrs. Mildred Meredith. The creed was read in unison and each responded to roll call by giving "The Most Difficult Word for Me to Pronounce." The minutes of the last meeting were read by the secretary, Mrs. Beulah Cook.

Business topics were discussed and Mrs. Chas. Shock gave a reading.

Mrs. Wilma Nellans gave the lesson on "Refinishing of Furniture."

Election of officers for the coming year followed, with Mrs. Dorothy Herendeen for president, Mrs. Kathryn Teel, vice president, Mrs. Virginia Law, secretary and treasurer, Mrs. Uda Maxwell, assistant secretary and treasurer and Mrs. Wilma Nellans, reporter. Auction prizes were won by Mrs. Kathryn Teel, Mrs. Arlene Walters and Mrs. Myrtle Pfeiffer.

Contest prizes were awarded to Mrs. Uda Maxwell, Mrs. Emma Zolman and Mrs. Wilma Nellans.

Delicious refreshments were served by the hostess and her assistant to twenty members, three guests and six children.

"If any man speak, let him speak as the oracles of God;" (1 Peter 4:11)

THE AIM OF THE CHURCH OF CHRIST

(This is the second of a series under the above title)

We make it our aim to further a movement, comprising churches and individuals, for a complete return to Christianity as it was at the beginning. As any stream is purest at its source, so the Christian system was purest in the beginning when it was guided by the inspired Apostles.

THEREFORE, WE STAND FOR:

2. The Union of all Believers on the Basis of the New Testament. Christ prayed in John 17:21, "That they all may be one; as Thou, Father, art in me, and I in Thee, that they also may be one in us; that the world may believe that thou hast sent me." This prayer makes the union of His people essential to the salvation of the world, and can only be answered when there is a return to the faith, ordinances and order of the Church of the Apostolic Age.

The division of believers into parties and sects is a blight upon the Christian religion, as well as being sinful in itself. See I

Corinthians 1:10 and 3:3-4). All of God's people who love truth more than party, can unite on the ground on which the first Christians were united during the golden age of the Church's purity.

Our plea is a scriptural one: "That ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in the same judgment." (1 Cor. 1:10)

Today, if we will lay all our preconceived ideas aside, believers everywhere with nothing but the word of God in hand, might be joined in a unity—righteous, enduring and approved of God.

THE CHURCH OF CHRIST WANTS TO SERVE YOU.

OUTDOOR Notes

By Joe Austell Small

Crow Talk

Crows can sometimes be taught to talk. Contrary to popular opinion, the tongue need not be slit. Slitting the tongue is unnecessary cruelty. Birds produce vocal sounds within the body from the syrinx.

He's Got the Big Head

Wildlife research is bringing out some startling facts these days. At a deer station experiments partly concerned with antler growth have caused a yearling buck to grow a heavy set of antlers with nine points. The theory is that periodic shots in the legs with hormones might do the work. Next year this youngster might need a derriek to hold his head up. But game and fish officials can hardly be expected to chase down all bucks in the wild just to give them antler growing hypo shots! But who knows, some day in the future a way may be found to treat soil so that deer, browsing upon growth that carries the chemical, will grow rocking chair antlers with comparative ease. Could be.

Without Refueling Even, Eh?

Most birds do not make nonstop flights in migration. They make the trip in a leisurely fashion, stopping of-

ten for food and water. Some birds, however, fly long distances without stopping. A Golden Plover, for example, is known to have flown from Nova Scotia to South America, a distance of 2400 miles, without stopping. It called for about 48 hours of continuous flight.

By Their Names

If you buy the Mrs. a fur coat called by any of the following, it is made from rabbit skins: French Seal, French Beaver, Beaverette, Chapchilla, Chinchillette, Coney or Cony, Ermeline, Erminette, Marmotine, Moline, Near Seal, Polar Seal, Lapin Sealine, Squirrellette, Squirreline. Wonder what they call beaver, seal and squirrel skins?

Snake Facts

Rattlesnakes and copperheads are viviparous. That is, they DO NOT lay eggs but bear living young. The eggs remain in the mother's body until hatched. Rattlesnakes usually bear from six to twelve young. Copperheads give birth to from four to nine young.

Catfish Bait

More and more fisherman are using prepared bait for catfish. The following is a favorite among many. Use a whole or half of a marshmallow to a hook. Put one drop of oil of anise on each bait and lower away. Oil of spearmint is good, too. You'll catch a cat if one is nosing about in the vicinity.

Guide for Hunters

J. Frank Doble, famous author, naturalist and outdoorsman, wrote a whole book in one sentence when he summarized the deer hunting problem in

PAYING HIGHEST PRICES

an article recently:

"Deer," he said, "may be found in two places. One is where they are likely to be. The other is where they are not likely to be!"

Tomato Development

During grandmother's childhood the tomato was known as the devil's apple and little boys and girls were warned against eating it. From that beginning the tomato has evolved into a food of great value nutritionally and commercially. It is eaten raw, cooked and canned and is used in making juice, paste, ketchup, soups and combined with other foods in the making of other products.

THE CO-OP OF MENTONE

Hello, There! Ye co-operated Co-op, You've high-kited a Boom that never will flop.

While you're the great EGG that's laid in our zone,

And haloling our brisk town, the BURG of Mentone.

All highways and byways, are focused right here;

As we look at them, please, thru spectacles clear,

We find no detours of studied deception But a beacon of light that leads to perfection.

BASKETBALL BOYS WIN

The Bulldogs moved along the victory trail last week by taking both games from the Akron players. Mr. Bevington found himself in "hotwater" during the second team game. With a lead of six points and only fifty-five seconds to go, the Akron team tied the score to run the game into an overtime. The second team Pups again took the floor, replacing the subs that had been put in a short time before. The boys went to work with a vengeance and piled up a total of twelve points while they held their opponents scoreless in the extra three-minute frame.

The Bulldog first team also humbled the Flyers by sending them home on the short end of a 29-33 score. Several times the Akron team put on a rally to tie the score or take a short lead only to have it methodically erased by a

more determined team. The Bulldog's zone seemed to be weakening at times but when functioning properly it is a tremendous factor in defense. Come on boys, let's see you hold this Bourbon crew this coming Friday night. Let's break this jinx that they have held over us the last two years when they have held one-point victories over us. They will have a veteran team again this year so push them for all they're worth. The Warsaw paper has carried an account of their games so far so coach keep an eye out for Welborn, Young and Hershberger. One of these boys has scored a total of 36 points in two games.

Come on Bulldogs, beat Bourbon!

Allen Blue, Jr., of Logansport, is seriously ill. He is in the hospital at Indianapolis.

Mrs. Claude Barkman was returned to her home here Thursday morning in the Johns ambulance. She has been in the Woodlawn hospital at Rochester.

DISTRICT-GOVERNOR VISITS MENTONE LIONS MEETING

Judge Endicott, of Auburn, District-Governor of Lions clubs for this area, made a visit to the Mentone club on Wednesday evening. Other guests were J. S. Johns and Leroy Austin.

A committee was named to work with the Merchants' Association for erecting the Christmas lights and arranging for the Christmas party for the kiddies. Fred Lemler was named chairman, with Ora McKinley and Ray Smith as his assistants.

Past president pins were given to Lions C. O. Mollenhour and Artley D. Cullum and a past-secretary's pin to Sherman Bybee.

FILES DIVORCE ACTION

Naomi R. Barkman, Warsaw, has filed suit for divorce in circuit court against Walter R. Barkman, alleging cruel and inhuman treatment. They married April 24, 1937, and separated Nov. 8, 1946.

GETS CHANGE OF VENUE IN REPLEVIN SUIT

Hobart Creighton, former chairman of the board of directors of the Northern Indiana Cooperative Association at Mentone, has secured a change of venue in the replevin suit he filed as trustee of the association against Raymond and Dorothy Bare of Mentone. Six adjoining counties were designated from which the parties may select the court in which the suit shall be tried.

Creighton, acting for the association, asks the Bares to turn over a home and an automobile which they put in his care to take care of any shortages found in the association's accounts while Bare served as treasurer. In addition the association is asking damages of \$900 for the alleged illegal use of the home and auto.

JUNE ROMINE IMPROVED

June Romine, young daughter of Mr. and Mrs. Marvin Romine, is greatly improved. Although still suffering a little pain, her parents found her able to walk, when they visited her Sunday.

June's birthday is Friday, Nov. 22, and although it may be too late for a birthday card, she would be happy to hear from her friends. Send letters to her at the Riley hospital, Isolation Ward, Indianapolis.

PETS ARM MANGLED IN GRAVEL LOADER

Floyd Spray, of Etna Green, employee of the county highway department, had his right arm badly mangled on Wednesday morning when he got it caught in a Barber-Green gravel loading machine. He was working at the pit at the Twin Bridges, southeast of Mentone.

The injured man was brought to Mentone in a truck and transferred to the Reed ambulance and taken to the Murphy medical center at Warsaw, where it is to be hoped that medical science will be able to save the arm from amputation.

EVANGELISTIC SERVICES AT THE METHODIST CHURCH

Fine crowds have been attending these services and if you have not attended you have missed a blessing. The services for next week will have something special each night as follows: Monday Women's night; Tuesday, Men's night; Wednesday, Home and Family night; Thursday, Young People's night; Friday Sunday School night. Make your plans to attend all these services, joining in the fine Christian fellowship of song and preaching of God's word. Hear this young Evangelist who preaches without fear or favor in messages for both young and old.

MAX SHAFFER TO OPEN FLORAL SHOP

Max Shaffer, of near Mentone, has an announcement in this issue of the opening of his new floral shop at Rochester.

Mr. Shaffer, who spent many months with the 20th Air Force in the Pacific, recently returned from Cleveland, O., where he took a six-week's course in floral designing at the Cleveland School of Floral Designing.

NO INHERITANCE TAX DUE

No inheritance tax is due in the estate of John J. Borton, it has been determined in circuit court. Heirs to the estate, which has a net value of \$1,825, include a daughter, Delta Yazel, and a son, Russell L. Borton.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Ben Shull, of Warsaw, R. R. 5, announce the engagement of their daughter, Miriam, to Mr. Paul Schuck, of 704 S. Main St., Delphos, Ohio.

Miss Shull is a graduate of Mentone high school, class of '43, and Wayne University of Beauty Culture, Fort Wayne. She is now employed at the Mayfair Beauty Clinic.

Mr. Schuck is a graduate of Jefferson high school, class of '40, has served 22 months in the states and 15 months overseas in the armed forces. He is now employed at the Ohio Steel Foundry Co., Lima, Ohio.

HIGHWAY SAFETY ENGINEER CONFERS WITH LOCAL PEOPLE

Elmo Stookey, of Monroe, traffic engineer for the State Highway Department, was in Mentone Thursday and conferred with several Mentone citizens relative to the addition of traffic safety measures. Mr. Stookey answered an appeal sent to the state department by the Mentone Lions Club. The Merchants' Association and the town board have also been contacting various officials for the addition of more adequate safety measures.

The highway department, which has all jurisdiction over the highways in Mentone, seemingly frowns upon the use of stop signs, flashers or stop-and-go signals unless the auto or pedestrian traffic reaches a certain amount per hour over a period of several hours. However, there are cases where other conditions seem to justify installation of traffic signals anyway.

Mr. Stookey expressed his desire to help in any way he can to improve conditions here and promised to lay out a system of parking that may improve conditions somewhat.

In the meantime, Mentone autoists and pedestrians should use extreme caution to avert what most of us have been expecting—a serious or fatal accident. The officials of the town and other organizations appreciate the interest of the citizens and hope that our combined efforts may bring the protection which is desired.

COLEMAN

Mr. and Mrs. Robert N. Coleman, of Burket, are the parents of a son, Miles Eugene, born at 7:23 p. m. Sunday at the McDonald hospital.

EVANGELIST TO SPEAK

Rev. McColl, District evangelist of the Christian Church, will speak at the Palestine Christian Church on Sunday evening, November 24th, at 7:30. His subject will be, "The Splendor of Godliness". He will also have with him some picture slides on the life of Christ, which he will show at this time.

Bring your guests, friends and neighbors to this service, where a hearty welcome awaits you.

TAX OF \$12.50 DUE

A state inheritance tax of \$12.50 is due in the estate of George W. Nellans, which has a net value of \$18,216.55, it has been determined in circuit court. Heirs include the wife, Ella Nellans; three sons, Dean, DeWayne and Charles Nellans; a grandson, Clarence Tinkey; and two granddaughters, Ruth Brenzekoper and Margaret Nicholls.

MENTONE RUNS UP HIGH SCORE AGAINST ATWOOD

The Mentone basketball team went on a scoring spree against Atwood on Wednesday evening and had a total of 91 points when the final gun sounded. Atwood, however, wasn't doing so badly either, scoring 37 points.

The Mentone boys, seemingly seeing an opportunity to try for a high score, kept playing basketball but did show a great amount of consideration for the Atwood boys and played a pretty clean game against them.

MRS. MILO SWIHART, 45, DIES AT HOME NEAR ARGOS

Mrs. Retha Fay Swihart, 45, was laid to rest in Argos Wednesday, after she had passed away in her home five miles east of Argos at 5:15 p. m. Monday. She was a half-sister to Mrs. Irene Boganwright, Mentone, and to Charles Fisher, Tippecanoe. Another Charles Fisher, of Bourbon, is a brother of the deceased woman.

The husband, Milo Swihart, and a son, Harold, stationed in Florida in the air corps, are members of the immediate family who survive.

CHICAGO SHOW WILL BREAK PAST RECORDS

A final tally of entries for the individual live stock classes of the "Victory" International Live Stock Exposition and Horse Show to be held in the International Amphitheatre at the Chicago Stock Yards November 30 to December 7, discloses a huge increase in the total number of animals over the last pre-war Exposition in 1941, the management reports.

According to officials of the show, entry figures in 14 of the 29 breeds that are featured this year are higher breed called the Hereford,—never before represented at this event. It is

so called for its similarity in marking and color to the white-face breed of cattle by that name.

There are approximately 350 draft horses, which include five 6-horse teams that will perform daily at the Horse Shows; and nearly 1000 purebred sheep will be exhibited.

Entries for the famous International Horse Shows, which will feature the country's finest riding and driving horses, number nearly 500 head of three and five-gaited saddle horses, harness horses and ponies, and hunters and jumpers.

Illinois leads all of the 35 states and Canada from which entries have been received, it is announced. Pros-

pective exhibitors from 67 counties of than for the corresponding breeds at the last Exposition five years ago.

It is announced that there is a huge listing of the four breeds of cattle that are the main source of supply of the nation's best beef. They are the Aberdeen-Angus, Herefords, Short-horns, and Polled Shorthorns.

There is a very large increase of swine exhibits, with six of the eight breeds in this division registering advances over any past year. The total is the highest on record, the management states. The International swine show will include a relatively new this state having registered entries. Iowa is a close second in county representation, with 60 counties, followed by Indiana with exhibits coming from 42 counties.

All past records have been many times exceeded in the number of prime steers, lambs and pigs that will be

exhibited in the junior classes of this year's show by 4-H and F. F. A. boys and girls. The listing here of 1,760 animals is 113 percent more than the number shown at the last pre-war International. Youths from 13 states have made entries, the management reports.

A SUCCESSFUL TEACHER NEEDS

WINTER HAZARDS

Traffic accidents go up when the mercury goes down, according to Col. Austin R. Killian, state police superintendent. Thus, with winter at hand, motorists must exercise caution to combat the slippery pavements and poor driving visibility that accompany the cold months.

Reduced visibility is probably the greatest traffic safety hazard. Snow, sleet or rain obscure the highway, making it difficult to see other moving traffic or stalled vehicles. In addition, the daylight hours are often murky and the hours of darkness are increased during the winter months. Another serious winter-time hazard is failure of drivers to adjust their driving from dry to wet or slick, ice-covered pavements.

Besides cautious driving, Colonel Killian advises periodic mechanical check-ups. Brakes, lights, windshield wipers, tires and the horn should be kept in top working order.

Indiana state police troopers are in

the midst of inspecting the 6,500 school buses that transport approximately 230,000 Hoosier school children. Vehicles with mechanical defects or which otherwise fail to conform to state law are being called to the attention of drivers and officials responsible for remedying the faults.

The safe movement of thousands of youngsters to and from school is an important task. It is the responsibility of bus drivers, and school and township officials to co-operate in this state-wide program to prevent school bus accidents.

LOCAL MEN AT PURDUE POULTRY BREEDING SCHOOL

Hatcherymen, R. O. P. breeders, poultry raisers and feedmen will attend the fifth annual Poultry Breeding School to be held at Purdue University Dec. 3 and 4, according to an announcement by Joe W. Sicer, extension poultryman and chairman of the committee on arrangements.

Highlighting the program will be a

talk Wednesday morning by Dr. Geo. H. Ghostley, breeder of White Leghorns at Anoka, Minnesota, and president of the U. S. Record of Performance Federation. Dr. Ghostley, outstanding Leghorn breeder, produces not only an exceptional number of 300-egg hens, but also breeds poultry with high family averages and livability of stock.

Afternoon and evening sessions of the first day of the school will be devoted to the fundamental principles of poultry breeding. The initial session opens Tuesday, Dec. 3, at 1:15 p. m. in the Purdue Union Building.

Wednesday discussions will center around progeny testing and family selection, practical hatchery breeding programs, hormones and physiology as pertaining to poultry and the problems of breeding improved meat type chickens.

Other speakers in addition to Dr. Ghostley will be Dr. J. Holmes Martin, geneticist and head of the Purdue poultry department; Dr. B. B. Bohren, geneticist at the university; Dr. Dean R. Marble, geneticist, Creighton Bros., Warsaw; W. R. Taylor, Corn Belt Hatcheries, Joliet, Ill.; L. A. Wilhelm, State Poultry Association of Indiana; C. S. Shaffner, of the university poultry department; Dr. Fred N. Andrews, physiologist of the department of veterinary science at the university; Ho-

bart Creighton, Warsaw, R. O. P. breeder and member of the National Committee on the Chicken-of-Tomorrow contest; Lucien Jones, Lafayette, state winner of the 1946 Chicken-of-Tomorrow contest; Max Nellans, Nellans Poultry Farm, Mentone; Verne Steckley, Kendallville, and Robert F. Martin, Ramsey.

TALMA CHURCH BENEFIT

The members of the Talma Methodist church have made announcement of a public sale to be held on Tuesday, Nov. 26th at noon on the Ed Staldine farm one mile east of Talma. The funds are to be used to complete remodeling of the church building. The members are asking for donations of articles which can be sold at the sale. The edifice was moved back off the state highway right-of-way early this year, a basement was dug under the church and other extensive improvements are planned. Anyone that desires to have their donations picked up are asked to get in touch with Mrs. Ed Staldine and she will see that the things will be picked up in time for the sale. There will be lunch served on the grounds. Come and enjoy a good sale and also a good time. Don't forget the date—November 26th at 12:00 noon at the Ed Staldine farm one mile east of Talma.

MONEY TO LOAN ON GOOD FARMS
—I am glad to say to all farmers or land owners wanting to borrow money, I represent one of the best companies who specialize in farm loans. Here is our proposition: 4% money for 20 years, with the privilege of making a payment every 6 months. There is no expense in making this loan, except that you furnish an abstract for the farm. We examine the abstract, fix all the papers up without any cost to you, no commissions of any kind. All I want you to do, if you are wanting a loan, is to come and see me, or write me, and I will be glad to call at your home. This is the best time in the world, if you

CELEBRATE BIRTHDAYS

The following called at the John and Opal Miller home recently to help Mr. Miller celebrate his 51st birthday:

Ivan and Franklin Miller, Everett and Virginia Miller and son Lewis, Joe and Joy Miller and sons Jack and Jim, Lola and Wilma Overholt, Gerald and Esther Denny and daughters Carolyn and Betty, Lloyd and Bessie Creakbaum, Maude Entsminger, Louisa Miller and the honored guests and their children. The occasion was also in honor of the birthdays of Kathryn Miller and Mrs. Joe Miller.

A carry-in dinner was enjoyed by everyone and many gifts were received by John, Kathryn and Joy.

TOMATO LATE BLIGHT

PROSPECTS GIVEN

What about the prospects of late blight on tomatoes next year? Many tomato growers have not forgotten the heavy damage to their fruits and vines the past two summers and are consequently wondering if the blight will live over to plague them again.

There is no simple yes or no answer, but Dr. R. W. Samson, Purdue plant pathologist, explains that the fungus causing the blight lives over winter only in slightly infected potato tubers and is not carried over in dead tomato or potato vines or in the soil. Any blight next year will have to come either directly from infected potatoes or from southern grown to-

mato plants that in turn have become infected with late blight from the winter and early spring potato crops in Gulf Coast and other southern states.

Dr. Samson says that late blight will not occur on tomatoes next summer unless it is as cool and wet as the past two summers have been. He points out that three or more good spray or dust applications, started early in July and repeating every ten days as long as cool, moist weather prevails, will protect tomatoes from late blight and will give profitable control of several other diseases as well.

Mrs. Nettie Mollenhour went to Ft. Wayne, Sunday, to see her daughter, Blondie Teel. Mrs. Mollenhour is spending some time with her daughter.

U O O

Mrs. Edgar Cochran, who had an eye operation last week, is still in the hospital. As the bandages have not yet been removed, the success of the operation cannot be determined. Friends are advised that she will be returned to her home in Mentone Friday from the Memorial Hospital in South Bend. The Mentone Lions club is underwriting the expense of the operation and made all arrangements for her hospitalization.

**MRS. POLLY ALLEN
DIES NEAR TALMA**

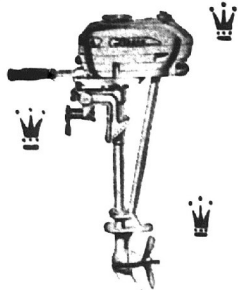

Mrs. Polly Allen, 87, died at 4 a. m. Thursday morning at the home of her daughter, Mrs. Eva Owens, who lives two and one-half miles southeast of Talma. Death was due to a cerebral hemorrhage.

Mrs. Allen came from Ciderville, Ky., three months ago. She was married to William Allen there and was the daughter of Henry and Susie Hale.

Besides Mrs. Owens, she is survived by another daughter, Mrs. Margaret Cole, of Royalton, Ky., a son Jeff Allen, and a brother, Henry Hale, Medaryville, Ind., and 20 grandchildren.

Funeral services were held Sunday afternoon at the home of her daughter near Talma at 2:00 p. m. Rev. Sloan and Rev. Bradley officiated. Burial was in the Sycamore cemetery near Talma.

November meeting about what was the most interesting thing they learned from the district meeting. Opal Tucker was nominated for a district office but

was beaten by one vote.

The new district officers are to be installed Dec. 5th at Lucerne, Ind.

WAR MOTHERS' REPORT

The Mothers W. W. 2, Unit 106, got the Christmas packages for the service boys of the community all wrapped and the ones sent out that were for the boys who are overseas.

The others will not be mailed until nearer Christmas. There were sixteen packages wrapped and addressed.

The unit is now making plans to sell Poinsettias on Pearl Harbor Day, Dec. 7th. The money collected from this sale is used as a hospitalization fund for veterans of World War two. A certain percent is sent to the national headquarters at Indianapolis and the units use the rest in their communities as they see fit. Unit 106 is planning on buying a hospital bed for our community. It will be kept at Mentone when not in use and veterans and their families will have preference in the use of it. These mothers of our unit went to Logansport last month for the district meeting: Rhoda Jones, DeVera Horn, Maude Romine, Julia Smith, Anna Bayne, Opal Tucker, Edith Scott, Mary Barkman and Ethel Wagner. Each gave a report at our

Railroad Income
Net railway operating income of the Class I railroads averaged annually a rate of return of 10 per cent on property value in the period 1941-1945 and five years period just before War II (1936-1940), the average was only 2.22 per cent.

Plastic Marquisette
Marquisette sealed in plastic has the decorative quality of plain cotton marquisette, but does not cling, is easy to wash and requires no ironing. In addition to uses recommended for plastic films, the plastic marquisette makes attractive skirts for dressing tables and beds.

A VERSILOQUY

Our tender hearted Byron Linn,
Had something sweet in love to spin,
From schoolday books of long ago—
Before our "wild oats" 'gan to grow.

Then Mister Whetrock came along,
To thrill his doggone puppy song,
And whetted keen his old goose quill
To tell us that he's doggie still.

The fever got me too, ah well!
I mounted Pegasus pell-mell;
But spavins made the old nag lame,
Thus dimming my poetic flame.

My Faber now I'll lay aside,
And seek no more poetic stride;
Old Peg must now shift for herself,
While I'm tucked snugly on the shelf.

Bye-bye ye social proselytes,
Let's deeply drink of all delights—
To every one that's in our crew,
I whisper now a soft adieu.

—By Rountree Kubely
(Editor's Note: My compliments to Rountree—whenever he may be—in that he is one of the few poets ever to mention that this is "the end." No suggestions are intended that we object to poets, but we've found that almost every American feels he is capable of writing poetry—and once he starts never stops regardless of what may appear at the end of his "Faber.")

The Gospel According to You

There's a sweet old story translated for man

But writ in the long, long ago—
The Gospel, according to Mark, Luke and John—

Of Christ and His mission below.

Men read and admire the Gospel of Christ,

With its love so unfailing and true;
But what do they say and what do they think;

Of the Gospel "according to you"?

'Tis a wonderful story, that Gospel of love,

As it shines in the Christ life divine.

THE GOSPEL OF CHRIST...

... In the Spirit of Christ.

EXCEPT THE LORD BUILD THE HOUSE, THEY LABOR IN VAIN THAT BUILD IT: EXCEPT THE LORD KEEP THE CITY, THE WATCHMAN WAKETH BUT IN VAIN.

"If any man speak, let him speak as the oracles of God;" (1 Peter 4:11)

THE AIM OF THE CHURCH OF CHRIST

(This is the third of a series under the above title)

It is our aim to further a movement, comprising churches and individuals, for a complete return to Christianity as it was at the beginning.

THEREFORE, WE STAND FOR:

3. The Rejection of ALL HUMAN Creeds, Disciplines, Confessions of Faith, Doctrines and Commandments. If a person can compare a human creed with the Bible, he can understand the Bible without the creed; therefore, it is lost time to read the creed, and lost money to buy it. If it contains more than the Bible, it contains too much; if it contains less than the Bible, it does not contain enough! He that advocates the necessity of human creeds unconsciously impeaches the wisdom of God.

While we urge the rejection of all human creeds, we plead for the acceptance of the Divinely-revealed creed, "Thou art the Christ, the Son of the Living God," believing that a heart-grip of that, with all it implies, will lead to a complete surrender.

er of life and will to Him. When one believes this with the whole heart, he believes, as a consequence, all that Christ says, and does all that He directs. This confession, "Thou art the Christ, the Son of the Living God," includes all truth. It cannot be made more comprehensive. The New Testament is simply an inspired commentary on this creed; and in this qualified sense we speak of it as our creed. The New Testament is a perfect constitution for the worship, discipline, and government of the New Testament Church, and a perfect rule for the particular duties of its members. Nothing ought to be received into the faith or worship of the Church, or be made a term of communion among Christians, that is not as old as the New Testament.

THE CHURCH OF CHRIST WANTS TO SERVE YOU.

And, O, that its truth might be told again

In the story of your life and mine.

Unselfishness mirrors in every scene,

Love blossoms on every sod,

And back from its vision the heart comes to tell

The wonderful goodness of God.

You are writing each day a letter to men,

Take care that the writing is true,

'Tis the only Gospel that some men will read—

That "Gospel according to you."

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH**Tularemia**

The listless wild bunny with the lazy hop may make an easier target, but the more energetic ones are safer game in the long run. They are more likely to be healthy.

The advent of the hunting season in Indiana will without a doubt be followed by a number of cases of tularemia, a disease ordinarily acquired from handling infected rabbits. To avoid the possibility of contracting tularemia, hunters should always reject rabbits that appear listless, prefer to cling to their burrows, or are easily caught by dogs.

When dressing rabbits, extreme care should be taken to avoid scratching the hands on sharp edges of bone. The best bet is to wear rubber gloves during the operation.

The disease can be recognized in an animal being prepared for the table by inspecting the liver and spleen. If it has tularemia, these organs are dotted with white or yellow spots.

Tularemia is sometimes difficult to diagnose. Headache, vomiting, chills, bodily pains and fever are symptoms that resemble influenza, septic infection typhoid, undulant and rheumatic fevers. However, at the point where tularemia germs enter the body, surrounding tissues die, turn black and may slough, leaving an inflamed, an-

gry sore.

All cases of tularemia should be reported to the local health officer immediately.

BATTERIES AND SCHOOL BUSES

The lifting of prices on lead will have no appreciable effect on the immediate supply of new batteries for automobiles, Charles M. Hayes, president of the Chicago Motor Club, said yesterday in a statement urging motorists to continue to practice battery conservation.

As of today, the motor club official reported, the battery shortage is more acute than at any time during the war. A spot check of manufacturers, he said, revealed that despite the decontrolling of lead prices, it will be at least three or four months before relief from this condition can be expected.

Illinois and Indiana motorists were warned by the Chicago Motor Club of the special rights of school buses on state highways.

Charles M. Hayes, Motor Club president, pointed out that under the existing law in both states the driver of a vehicle must stop when a school bus is either receiving or discharging school children.

He points out that this law is not only applicable in overtaking a school bus but also when approaching a school bus from the opposite direction.

This special consideration for school

buses was designated to provide for the possibility of little children running across the roads to get on or immediately after getting off these buses.

Indiana does make an exception to the strict application of this law on multiple lane highways that are divided by a parkway. In this case, the vehicle driving in the opposite direction on the other side of the parkway may proceed with caution.

Insects Destructive

Insects kill more trees in our forests annually than do forest fires.

Measuring Ingredients

To measure dry ingredients such as flour, baking powder, salt or soda, fill the measuring cup, or spoon, to overflowing. Then run the straight edge of a knife over the top, leveling the measure. Fat may be measured accurately in the same way as for dry ingredients, by packing it into the cup and leveling off the excess. To measure one-third cupful of shortening, fill the cup two-thirds full of cold water. Then add the fat until the water reaches the full mark when the fat is pushed down under the water.

Agriculture

For more than Fifty Years the Farmers State Bank has dealt with the farmers of this community, making loans on farms and lending money for farm operations and livestock feeding. This bank has always felt its responsibility to the farmers, realizing that the prosperity of the entire community is largely dependent upon the success of the farmers.

Its loaning policy has been geared to the needs of the farmers with convenient liberal terms and low interest rates.

It is interested in promoting and financing any constructive agricultural project.

You are invited to discuss your plans involving financial assistance with its officers and to avail yourself of any of the many banking services offered.

MENTONE READING CLUB

The Mentone Reading Club held its November meeting at the home of Mrs. Conde Walburn. The assisting hostess was Mrs. A. G. Simmons.

Following the business meeting, which was presided over by the president, Mrs. Ora McKinley, the meeting was turned over to the program chairman, Mrs. Don Bunner and Mrs. Charles Manwaring, who presented Mrs. Harry Nye, of Warsaw, who gave a number of readings in a most interesting and inimitable manner. The fact that Mrs. Nye is Mrs. Charles Manwaring's mother made the program of more interest to the ladies. The program committee for the December meeting is planning a Christmas operetta to be given for the public. Announcements will be made later.

HOLLOWAY

Mr. and Mrs. Nelson Holloway, of Burket, are the parents of a daughter, Beulah Vanon, born at 9:07 p. m. Thursday at the McDonald hospital.

EVANS

Mr. and Mrs. Ralph Evans, route 3, Warsaw, are the parents of an eight pound son Larry Leroy, born at 9:31 p. m. Thursday at the Murphy Medical Center. RAY COPLEN DIES SUD- DENLY SUNDAY MORNING

Ray Coplen, aged 51 years, who resided in the Reiter community near Rochester, died suddenly Sunday morning. Death was due to cerebral apoplexy. He had been in ill health for 15 years.

Mr. Coplen was born in Rochester April 25, 1895, the son of John and Ida Coplen and most of his life had been spent in that community. He was a veteran of World War I and was a member of the Veterans of Foreign Wars and the American Legion.

Surviving are his widow; his mother, Mrs. Ida Coplen, Mentone; two sons, John of Mishawaka and Samuel at home; a daughter, Mrs. Joanna Cooper, Tippecanoe; a step-son, Joseph Karns of Kokomo; a grandson, Larry Cooper, Tippecanoe; two brothers, Chester and Darrel Coplen, both of Mentone, and two sisters, Mrs. Edna Borton, Akron, and Mrs. Bethel Burger, Bourbon.

Funeral services were held at 1:30 p. m. Tuesday in the Zimmerman Bros. funeral home in Rochester with Rev. Edward Hoffenbacher, of East Chicago, in charge, assisted by the Manitou chapter of Veterans of Foreign Wars and the American Legion. Burial was in the Mentone cemetery.

CELEBRATE TWENTY-FIFTH WEDDING ANNIVERSARY

Mr. and Mrs. Frank Wise celebrated their 25th wedding anniversary on last Saturday, Nov. 23rd. In the evening they were pleasantly surprised by the members of their Sunday School class, who made their arrival known by an old-fashioned "belling." A mock wedding ceremony was performed during the evening. A beautiful wedding cake, appropriately decorated for the occasion, was a feature of the evening. A gift of a silver fruit dish and candle holders was presented to Mr. and Mrs. Wise from the class. A pot luck supper was served at the close of the evening.

Those present were: Rev. and Mrs. Simmons, Mr. and Mrs. Elmer Sarber, Mr. and Mrs. Don Emmons, Mr. and Mrs. R. L. Cooper, Mr. and Mrs. Herschel Teel, Mr. and Mrs. Wilvin Teel and son Billy, Mr. and Mrs. John A. Teel, Mr. and Mrs. Ralph Mollenhour and son Roger and the guests of honor.

On Sunday evening another surprise party was given for Mr. and Mrs. Wise by their daughter and son-in-law, Mr. and Mrs. Karl A. King, of Peru. Those present were: Mr. and Mrs. Milo Fawley, Mr. and Mrs. John Teel, Mr. and Mrs. Lloyd Rickel, Mr. and Mrs. Fred Rose and granddaughter of Disco, Mr. and Mrs. Bernard Shaw of Gilead, Mr. and Mrs. Harold Crowel and daughters, Mr. and Mrs. Ed Wise of Deedsville; Mr. and Mrs. Ernie King and sons; Mr. and Mrs. Jim Stoner and children of Warsaw.

A number of lovely gifts were presented to the guests of honor.

A highlight of the day was the telephone call, which came from Bud, who is an army camp in the east. He was unable to be present, but sent a silver tray as his gift.

Mr. and Mrs. Wise wish to thank their friends for all remembrances, whether gifts or cards, which were given to them for this silver wedding anniversary.

Mr. and Mrs. Robert Sanders are the parents of a daughter, Lenna Joan, born at the McDonald hospital Thursday of last week. The infant weighed seven pounds. Mrs. Sanders was the former Donna Rae Clabaugh of this place.

Mr. and Mrs. Earl Anderson spent Friday in Chicago on business.

CELEBRATES 75TH BIRTHDAY

Silas Paxton celebrated his 75th birthday Sunday at his home near Mentone, with all of his children present. A bounteous dinner was served at noon which all enjoyed very much.

The following were present: Mr. and Mrs. Emmet Krohne and Mr. and Mrs. Choice Beber, of Fort Wayne, Ind.; Mr. and Mrs. Donald Paxton and Children, Donna and Larry, of near Etna Green; Maurice and Hobart, at home, and the guest of honor, Silas Paxton. After a pleasant day together, all departed for their homes wishing their father many more birthdays.

BULLDOGS TO ENCOUNTER

WARSAW FRIDAY NIGHT

"Keep Going, Bulldogs!" is the cry as Friday evening nears when the Mentone Bulldogs will journey to the county seat to tangle with the Tigers in their own den. The outcome of this game will give the winning team a great amount of prestige in county basketball honors. If Warsaw should win, the Tigers will have a clean slate in county basketball competition and they will not be called upon to meet another county team until after the county tournament. If the Bulldogs take this very important game, you will have a percentage of .667 for county league play and at the same time shove the Tigers down the ladder to a .500 percentage. Warsaw defeated Beaver Dam by a score of 35 to 27 in their first game while the Mentone boys dropped their only game to Beaver Dam in a thrilling overtime score of 36 to 35.

Members of this year's basketball team should remember some of the previous games with Warsaw to help them in their determination to add another victory to their present list and bring further honors to Mentone High School. Two years ago in the county tourney the Bulldogs went to the semi-finals by defeating Warsaw 38 to 34 in an exceptionally well played game. Last year before a capacity crowd Mentone again came out victorious on a 25 to 24 score. On a fourth period rally that seemed doomed to failure, our boys fought back and came out winners. Come on team, let's keep that same fighting spirit. Let's show Warsaw we can do it again.

A large group of local fans will be following you to Warsaw this Friday night to watch you play — and we hope, win!

MRS. GRACE SPONSELLER DIED IN SANATORIUM

Funeral services were held at two p. m. Tuesday at the United Brethren church in Nappanee for Mrs. Grace (Jennings) Sponseller, who died at 9:30 a. m. Saturday at the Irene Byron sanatorium at Fort Wayne.

Mrs. Sponseller was born in the vicinity of Millwood, the daughter of Don and Amanda (Hartzell) Jennings, and had resided in that community most of her life. She had been pianist at the Millwood Christian church, of which she was a member, for many years. Her husband, James Sponseller, preceded her in death.

Surviving relatives include two sons, Earl and Merl Sponseller, of Nappanee, and two brothers, Fred Jennings of Etna Green and Ed Jennings of Tippecanoe.

Burial was in the Stony Point cemetery.

JAMES BROWN KILLED IN AUTO ACCIDENT

James M. Brown, aged 30, of near Warsaw, died at the Murphy medical center Monday of internal injuries sustained in an auto accident which occurred near the Howard Auto Supply Co., just west of Warsaw on U. S. 30, about 2:30 p. m. Monday.

Brown, a war veteran, who was at Pearl Harbor when it was attacked by the Japs, never regained consciousness after being taken to the hospital.

Mr. Brown resided just four miles west of Warsaw on the old Wesley Brown place, just off the Crystal lake road. He lived with his brother, Bill, and his mother, Mrs. Ellis Brown, a widow.

According to a news story in the Warsaw Times, John Watts, of Fairmount, who was an eyewitness to the fatal accident, Brown's car hit a ditch and turned over four times. He was driving east and attempting to pass two cars at the time, but another car was coming from the east, and Brown, in order to miss this car, swerved his auto into the ditch. He was thrown from the car as it turned over the second time, according to Watts, and the third time the car turned over it fell on the young veteran.

Mrs. Kenneth VanCuren and Mrs. George Clark spent last Friday in Logansport.

HUGE HORSE SHOW OPENING ON NOV. 30

Chicago, Nov. 25.—Heading the list of events on the December calendar of stockmen and farmers of the United States and Canada is the "Victory" International Live Stock Exposition and Horse Show, which will open this week in the International Amphitheatre at the Chicago Stock Yards.

The 47th annual exposition is scheduled for November 30 to December 7 after a war-time lapse of five years.

Officials of the show announce that entries are listed by stockmen and farmers from 35 states and Canada.

Purebred herds and flocks—top specimens from prominent farms and ranches—are now enroute to Chicago from such distances as California, the Atlantic seaboard, Canada, and Texas.

Record Junior Show.

All pre-war records are broken in the number of entries of prime beeves, lambs, and hogs that 4-H and F.F.A. boys and girls have listed for the junior classes of the show, which will be judged on the opening day, November 30. The entry of 1622 animals, owned by 968 youths from 13 states and Canada, is 113 percent larger than at the last pre-war exposition five years ago.

Another opening day feature will be

a national live stock judging contest for agricultural college students. The contestants—largely war veterans—will be scored on their ability to judge classes of beef cattle, draft horses, sheep and swine.

The International is the nation's leading show of the beef breeds of cattle, sheep and swine. The Short-horn cattle breeders of 14 states and Canada will exhibit. Herefords are coming from 25 states and the Dominion, and Aberdeen-Angus from 19 of the states and Canada. Sheep are on the way from 14 states and Canada, draft horses from 15 states and Canada, and swine from eleven states.

Horse Shows Daily.

It is reported that nearly 1,000 horses are listed for exhibition this year. They include the ton-weight draft types as well as pleasure horses and ponies.

All will be seen in daily performance and competition at the exposition's horse shows—which are among the country's top events of this kind.

Not All Harmful

Of the 600,000 known species of insects, only about 6,000, or 1 per cent, are considered dangerous and of these only about 70 kinds are responsible for most of the agricultural losses in this country. Insects are agents of pollination of many flowers and hence are responsible for the growth of many fruits and vegetables. Some insects kill others which are harmful, and some form an important source of chemicals such as beeswax, cochineal, silk and shellac.

Mr. and Mrs. Claude McKinney of Fort Wayne, spent Sunday here the guests of her mother, Mrs. Ada Bowman.

Mr. and Mrs. Dean Myers, of Rochester, were guests of Mr. and Mrs. Ralph Chapman Tuesday evening.

James Good, of South Bend, spent the week end here the guest of his parents, Mr. and Mrs. Charles J. Good.

Mrs. O. C. Montgomery and Lavoy spent Friday afternoon in Rochester.

Wilbur Utter, who has been quite ill for some time, is improving slowly at his home.

Mr. and Mrs. Don Holloway and son Larry of South Bend, spent Sunday here the guests of Mr. and Mrs. Fred Barr.

Mrs. Cora Bryant spent Thursday in Logansport.

Mr. and Mrs. Charles Emmons and family spent Sunday in South Bend.

Mr. and Mrs. C. M. Walker and son Lonnie spent Friday evening the guests of Trustee and Mrs. David Swihart.

Mr. and Mrs. O. C. Montgomery and Lavoy entertained at dinner Sunday, Mr. and Mrs. A. J. Blakely of Rochester.

Mr. and Mrs. C. M. Walker and son are spending some time in Indianapolis. They were accompanied by Mrs. Walker's brother, Bill Kubley, who will be a guest in the Walker home.

Mrs. Fred D. Barr spent Saturday in Rochester.

Mrs. Ada Bowman spent Friday in Rochester on business.

Bus Kalmbacher, of Rochester, called on James Good Sunday.

Mr. and Mrs. Dean Myers, of Rochester, were the guests Sunday evening of Mr. and Mrs. Ralph Chapman.

Loren Kramer and son Bob spent Saturday evening in Rochester.

Mr. and Mrs. Ralph Hatfield were recent business visitors in Chicago.

Mr. and Mrs. Ralph Pete Chapman spent Saturday evening in Rochester.

Mr. and Mrs. Bill Coplen spent Sunday in Indianapolis the guests of their son, Dave, who is undergoing treat-

ments for polio at the Riley hospital. They reported that their son is improving very nicely and is able to use his arm some.

Miss Bonnie Scott, who has been seriously ill in the Woodlawn hospital at Rochester, is improving. Miss Scott is a student in the Talma High School.

Mr. and Mrs. James Walsh, of Chicago, spent the week end here at their home.

Mr. and Mrs. Paige, of Chicago, spent the week end here at their home.

There were a number of sport fans who attended the Talma and Macy basketball game at Macy Friday evening.

Mr. and Mrs. Robert Tpply, of Elkhart, spent the week end here at their home.

Raymond Bowers has been on the sick list with the flu.

The Rochester fire department was called Saturday afternoon at 12:30 to the farm home of Mr. and Mrs. Clifton Bailey, near Talma, where the roof had caught fire from a spark from the chimney. Damage was held at \$20.00. The home is owned by David Swihart, trustee of Newcastle township. Mrs. Bailey is his daughter.

Mr. and Mrs. Lou Grove and Mrs. Charles Good spent Saturday afternoon in Rochester.

George Coplen spent Sunday in Indianapolis.

TALMA CHRISTIAN
LADIES AID ENTERTAINED

The Talma Christian Ladies Aid was entertained at the home of Mrs. Thurl Alber of Talma Thursday afternoon.

The meeting was opened with the singing of "What A Friend We Have In Jesus," followed by the Lord's Prayer. Roll call was answered by quotations from the Bible.

Mrs. Ada Bowman was re-elected president of the organization of 1947, and Mrs. Thurl Alber was named first vice president. Mrs. E. C. McGowen was elected second vice president; Mrs. Howard Mathews, secretary, and Mrs. Harley Mathews treasurer.

Arrangements were completed for a Christmas meeting to be held on Dec 5th at the home of Mrs. E. C. McGowen.

The meeting was closed with a prayer given by Mrs. Della Emmons. During the social hour refreshments were served by the hostess to 16 members, three guests and six children.

Congress Keeps Cool
Heat relief for congress is provided by six 1,000-horsepower electric motors which drive 800-ton compressors. They produce refrigeration every three days equal to that from 14,000 tons of ice—weight of the Washington monument.

MANY WOOD LOTS NOW CLASSIFIED FORESTS

Interest in the classification of farm land for forest purposes has shown considerable increase, with the close of the war, according to Purdue University extension foresters. The number of forest areas has grown from 75 in 1923, the date of the inception of the law, to 2127 forests in 1945.

Among the major advantages, J. L. Van Camp, Purdue extension forester, explained, is the provision in the Indiana Forest Land Classification Act for decrease in taxes on the farm woodlots, which are so classified. When the area has been designated as a

MERL SHEWMAN
Owner

classified forest by the state forester, it is then eligible for the special assessment fee of \$1.00 per acre.

Classified forests are areas of three or more acres supporting a growth of native trees or forest plantations, which have been set aside for the production of timber, the protection of water sheds, or the control of erosion. Both native forests and land without tree growth are eligible for classification.

The forester emphasized that the owner of a classified forest does not relinquish ownership of his property, and the division of forestry does not become connected in any way with the actual ownership of the land.

The owner of such land agrees to protect the trees from domestic livestock, from fire to the best of his ability, and to replant within three years any areas that do not seed naturally or where the planted trees fail to survive.

In the meantime he may cut timber for home use or for sale. Further details may be obtained from the department of forestry at Purdue University.

Civilian Production Administration Prohibits Certain Uses of Electricity

YOUR GOVERNMENT HAS ISSUED AN ORDER CURTAILING THE USE OF ELECTRICITY DURING THE COAL SHORTAGE. THIS CIVILIAN PRODUCTION ADMINISTRATION ORDER STATES THAT, EFFECTIVE NOVEMBER 25, 1946,

No consumer shall use electricity for any of the following purposes:

1. Refrigeration for air-conditioning except to the extent essential for industrial processes or for health and safety.
2. Outdoor and indoor advertising and promotional lighting.
3. Outdoor display and flood lighting except to the extent necessary for the conduct of outdoor business or services.
4. Outdoor or indoor decorative and ornamental lighting.
5. Show window or show case lighting.
6. Marquee lighting in excess of 60 watts for each marquee.
7. White way street lighting in excess of the amount determined by local public authority to be necessary for public safety.
8. Outdoor or indoor sign lighting except for: (I) Directional or identification signs required for fire and police protection, traffic control, transportation terminals, or hospitals, or directional or identification lighting for any similar essential public service; (II) Directional or identification signs using not more than 60 watts per establishment, for doctors and for hotels and other public lodging establishments.
9. Outdoor entrance lighting, except the minimum essential for public health and safety and then not more than 60 watts per entrance.
10. Any other form of general outdoor or indoor illumination in or about any commercial, industrial or other non-residential establishment in excess of 75 percent of the illumination normally used.
11. In excess of 75 percent of the normal passenger elevator or escalator services in any building having more than one passenger elevator or escalator.

We will be glad to advise with customers in meeting these regulations.

In view of the emergency created by the work stoppage in the nation's bituminous coal mines, we urge full cooperation by the users of electricity with the government's conservation program.

"Don't Weep Over Your Face"

by MARY BROWN of

Primrose House

There are other reasons for not weeping over our lacking beauty embellishments besides the damage to our mascara. . . . First of all it is a waste of time . . . and second, it is something that CAN be corrected. There is an old saying that if a woman is not a beauty at sixteen it is not her fault, but if she is not beautiful at forty she has no one but herself to blame. Now that sage voice probably meant many things I am not going to read into it here. . . . but beyond the other beauty the philosopher may have meant, I think physical beauty can be attained long before forty and retained long after even if one is no walking portrait at six and ten.

We'll start at the top of a head. . . . Let's say any head that has a hair-line that looks like an archway. No personality . . . no definite anything . . . just a long winding road around a face from ear to ear the long way 'round. Well, with a zip of a warm wax or some other depilatory type product one

can have a widow's peak or the hair-line she has yearned for since she knew what it was to yearn. Eyelashes and eyebrows may be dyed the shade one wants and the job will last six weeks or more; a nose can be made to tilt or run Roman or Grecian as a taste decrees; teeth may be straightened or capped so that a smile becomes a memory instead of a ragged incident . . . and skin . . . skin may be peaches and cream in no time at all with a little care and the right eye for color . . . and hair may be come a halo instead of a mat.

Now. . . . How do you start? Face your mirror and give yourself a critical analysis. What is right? What is wrong? The right things need enhancing and the wrong things need correction. If they can't be immediately corrected they can be camouflaged . . . but no one need weep out her problem in despair, and anyone who howls to the moon in her grief instead of helping herself over the bad spots deserves to howl alone.

Peeling Potatoes

If potatoes are to be peeled, the peeling should be delayed as long as possible. If they must be prepared ahead of time, it will help to keep them in salted water.

Blinking Eye

The rate of blinking the eyes varies greatly, ranging from three to twenty times per minute. A blink lasts about one-fortieth of a second. Blinking increases when a person is under emotional strain.

Improved Flavor

The expression "to drink a toast" is connected with an old English custom of putting a piece of toast in the wine-cup before drinking, from a notion that it improved the flavor.

Famous for half a century, the Marlin 39A gives you a lifetime of sport. Most versatile of all light rifles—for small game; target practice; plinking. SEND NOW for illustrated descriptive folder—it's FREE

TOP SECRET, by Ralph Ingersoll; Harcourt, Brace & Company

TOP SECRET, a top notch piece of journalism on the Battle of Western Europe, is well worth your time as an intelligent citizen. You may not agree with any of it, and you probably won't agree with parts of it. However, Ralph Ingersoll, the author, is one of the best informed men in the country to-day; and his book is worthy of your thoughtful consideration.

Mr. Ingersoll arrived in England early in 1943 as a staff member of the advance American headquarters and later was assigned as a staff observer to Montgomery's headquarters. From these vantage points, he was able to observe carefully the planning and preparations for the invasion. These assignments completed, he landed on the Normandie beach D-Day as a member of a combat outfit and was eventually assigned to the planning staff in General Bradley's headquarters where he remained until V-Day in Europe.

That this book has been written hurriedly is easily forgiven, for Top Secret is not just another chronicle of the European conflict. It is a thoughtful, critical analysis of the behind the scenes strategy and high politics which ultimately guided the Allies to victory. It is an object lesson in international relations—the story of two sovereign nations, the United States and Great Britain united against a common enemy, yet struggling against each other within this open area of agreement . . . Each in an effort to impose its own sovereign will on the other. He then points out that this situation was no more than natural when each nation was the sole judge of whether its tactics against its own Ally were moral; how-

ever, he shows that, with the Allies time running out, the delays which resulted might have been fatal in the Battle against Germany.

The facts upon which Mr. Ingersoll builds his case are of great interest. He calls attention to Britain's mortal fear of Russia during the entire campaign. In the beginning, it was apparent in her desire to stall off the invasion of Normandie in favor of a route through Italy to the Balkans, in order that she might arrive there before the Russians. And at the end, in her desire to take the long road to Berlin, again to beat the Russians there, rather than the straighter route across Germany. However, the Americans were interested in taking the shortest route to the defeat of Germany; and it was in this situation that the basic conflict arose.

In further proof of his position, he shows that the Supreme Allied Command originally was not established as a strategic and tactical headquarters, but rather as a political buffer for the field commanders. . . . And the delay and confusion which resulted when Eisenhower found himself called upon to make such decisions because of his control over the supply system of the forces in the field. He describes Montgomery as an arrogant, and not a very good general; but nevertheless, the only star to which the British could hook their wagon. He maintains that General Omar Bradley was the great military genius who won the Battle of Western Europe. However, since he was on General Bradley's staff, he is open to the charge of being biased on this particular matter.

THANKSGIVING

When the first harvest had been stored
The Pilgrims said with one accord,
"Let us give thanks unto the Lord,"
The first Thanksgiving.

All were invited to the feast,
The greatest of them and the least,
Neighbors from north, west, south and east,
That first Thanksgiving.

Wild turkey roasted on a spit,
The Indians were asked to sit
With white men and partake of it,
The first Thanksgiving.

And when the festive day was through,
Their prayers and fellowship, they knew,
Had pleased both God and Manitou,
That first Thanksgiving.

Let us give thanks then for another
Harvest to share with every other
Nation, and call all mankind brother,
On this Thanksgiving.

—Hildegard Walls Johnson

HIGHWAY DEPARTMENT IMPROVES CONSERVATION CAMP

The county highway department last week moved in at the Conservation Club camp at McClure lake and built a two-lane road, leveled off the playground and otherwise aided materially in fixing up the camp. The members of the Conservation clubs appreciate the cooperation of the highway boys in helping with this worthy project.

The Jonah club, which put on the fish banquet for the big County Dairy meeting at Leesburg last week, donated their earnings to the boys' camp. This money will be used for other improvements.

CHRISTMAS SEAL SALE HAS STARTED

The 40th Annual Christmas Seal Sale started November 25th in every state in the Nation and will continue until Christmas. Preparations in Kosciusko county association have been under way for several weeks to carry out their part of this sale and several thousand letters will be mailed out from different points in the county. Eighty-three per cent of the funds received from this sale will be used for Tuberculosis work in the county and 17% will be used by National and State organizations for research and other work. The slogan of every organization is to "Find cases early, education, prevention and to help secure hospitalization for those who need such care."

Forty years of effort has reduced the mortality rate from 188 per 100,000 to 40 per 100,000, yet in the ages from 15 to 35 it leads the list of diseases.

The township directors for the Mentone area are: Mrs. Robert L. Kinsey, Harrison; Mrs. Dale Tucker, Franklin, and Mrs. H. M. Kiefer, Seward.

TO CELEBRATE FIFTIETH WEDDING ANNIVERSARY NOV. 28

Mr. and Mrs. George Bright, of Akron, observe their 50th wedding anniversary Thanksgiving Day and will hold open house from 2 to 4 in the afternoon and 7 to 9 in the evening.

The celebrants were married Nov. 28, 1896, in the home of the groom's sister, Mrs. John West, four and one-half miles south of Rochester, by Rev. Levi Newman.

Others present at the ceremony were Jesse Bright and Nellie West, who is now Mrs. Rollie Case of Macy, and the only one living besides the married couple who attended the ceremony.

Mrs. Bright was the first child born to Wesley and Harriet Keller Thompson near Beaver Dam Sept. 21, 1874. When she was 19 months old her parents moved to Newcastle township, where she has spent most of her life.

Mr. Bright was the son of George Henry and Rachel Burns Bright, and was born in Henry township Feb. 16, 1871. He was the youngest of nine children and is the only one of the family living.

Mr. Bright has always been a farmer until about three years ago, when failing health compelled him to retire. They have been regular attendants of the Olive Bethel church since March 17, 1921, and feel very fortunate to live so near the church of their choice.

They ask for nothing better than to spend their remaining days in their country home, surrounded by their good friends and neighbors.

Indiana's Muck Area Champions

A TWO-FAY GET-TOGETHER and produce show at North Judson, Nov. 14-15, marked the end of a successful growing season for northern Indiana muck farmers. The celebration ended with awards to muck area champions who included Miss Carol Mitchell, of Rochester, chosen queen from 11 contestants. At left, she receives her crown from Gov. Ralph Gates.

WHITNEY G. GAST (above), of Akron, named muck crops king for the third time in recent years, was high-yield producer in three key crops—onions, potatoes and corn. His potatoes and onions also won first and sweetpotatoes awards in the show.

ONION KING was O. C. Howard, of Rochester, who produced 1,256 bushels per acre to win award and trophy offered annually by A&P Food Stores. Above, he receives his crown from W. W. Irwin, Indianapolis, area produce manager for the food chain.

At right, Roscoe Fraser, Purdue extension specialist in muck crops and "speaking" of the show, Miss Betty Short, daughter of North Judson muck farmer Joe Short; Earl French, New York, national marketing director of Atlantic Commission Co. and speaker at the meeting; and E. I. Mitchell, of Rochester, president of the Northern Indiana Muck Crops Association, admire onions from the field which placed Mitchell second to Howard in production contest.

NEWS OF UNIT 106, MOTHERS
OF WORLD WAR II

The active members of the unit of Mothers of World War II are sending out this plea to all the members: To please help some way in either buying or selling the poinsettias on Pearl Harbor Day.

The hospitalized veterans of World War II for the first time since our national organization, assembled these emblems and will be paid 1c for each flower they made. So the boys will be very interested to know how large a sale each state will have. The emblem company that is furnishing the materials is giving the Mothers' organization \$1 for every 1,000 poinsettias they sell.

There are units in 35 of the 48 states since the organization was formed four years ago, and five states are fully organized with state officers.

This is a message from the National Chairman of Special Services:

"Mothers, now you can count double, when you sell Poinsettias this year for you are really helping our veterans at least two ways—now in earning power and later in rehabilitation projects. However, I would like to contact each unit personally and tell you how happy I am to report to you that the cooperation of both the boys and the hospital managers and attendants has been remarkable.

"The assembling is not difficult and any patient who has the use of his hands is able to take part in this pleasant work. They really work fast and shipment of 14,000 flowers to assemble is usually delivered, assembled, the boys paid, the finished flowers boxed, and sent back to the company for distribution all in about two weeks.

"The Service and Emblem Co., of Chicago, is financing this entire project. Many units are sending in their orders and it's very gratifying to feel assured that Dec. 7, 1946 will be the outstanding 'Pearl Harbor Day' for Mothers of World War II.

"Thanking every mother who has the courage to brave the December weather and work for this most urgent cause, and hoping Poinsettia sales are so overwhelming that our

FARMER WINS CORN CONTEST WITH BIG YIELD

Keisling Bros. have just been named 1946 Fulton county corn growing champions by producing a yield of 133.70 bushels of corn per acre in a five-acre plot on their farm near Fulton, according to a bulletin just received

from headquarters of the 1946 National DeKalb Corn Growing Contest.

Other good yields entered in the contest this year by farmers in the area are: Rex Murray, Kewanna, 115.80; William Belcher, Rochester, 115.64; Arthur Feidner and Son, Kewanna, 102.06; Ned J. Smith, Akron, 82.46; Jack Olinger, Rochester, 81.36, and Claude Fred, Rochester, 81.12.

GROUP OF LADIES ENJOY A VISIT TO CHICAGO

A group of ladies from Atwood and vicinity spent Friday visiting places of interest in Chicago. After a visit to the Breakfast club they went to the

Marshall Field store where at noon they had lunch and enjoyed the floor show in the Narcissus Room. In the evening, following dinner at Henri's, they attended the Oriental Theatre.

Included in the group were the Mesdames Victor Adams, Wallace Anglin, Charles Creighton, William Davis, Fred Decker, Herbert Dorsey, Firmen Eckert, Vern Egolf, Charles Fields, Clyde Johnson, Floyd Knépp, Clyde Linn, Chester Fields, George Long, Emory Murphy, Merl Nelson, Frank Smith, Frank Pfahler, Bud Paulus, Albert Orcutt, Mrs. Sparks, Marjorie and Ethel Brown.

MERKLES POULTRY FARM
CLAYPOOL

AMMONIA FUMES HELPFUL FOR OVEN CLEANING

Hoosier homemakers will find ammonia a great help in removing those dark greasy stains that accumulate on the interior surfaces of kitchen ranges, according to Miss Gail Redfield, of the Agricultural Experiment Station, Purdue University.

Ordinary washing or wiping will not remove them because the grease has "baked on." Scouring is often done, but unless done with care, the enamel finish of the stove may be damaged.

The fumes of household ammonia are helpful in softening this substance, thus making it easier to wash or wipe off.

Miss Redfield suggests placing a shallow bowl of household ammonia—or wadded cloth moistened with ammonia, in the oven for several hours or overnight. The fumes given off then will have time to loosen the greasy stains. A badly soiled oven may need this treatment for several successive nights.

By leaving the oven door open after use until it is cool, will aid in keeping the oven clean. This will "air out" many of the volatile odors and oils from baking instead of holding them inside to settle on oven surfaces. It

Farm Fatalities

Each day on the farm 43 persons in the United States are killed by unnecessary accidents.

THE GOSPEL OF CHRIST...

... In the Spirit of Christ.

EXCEPT THE LORD BUILD THE HOUSE, THEY LABOR IN VAIN THAT BUILD IT: EXCEPT THE LORD KEEP THE CITY, THE WATCHMAN WAKETH BUT IN VAIN.

"If any man speak, let him speak as the oracles of God;" (1 Peter 4:11)

THE AIM OF THE CHURCH OF CHRIST

(This is the fourth of a series under the above title.)

It is our aim to further a movement, comprising churches and individuals, for a COMPLETE RETURN TO CHRISTIANITY AS IT WAS AT THE BEGINNING.

THEREFORE, WE STAND FOR:

4. The ordinances as Delivered by the Lord, and kept by the First Christians.

a. The Scriptures clearly show that baptism was the immersion of a penitent believer into the name of Jesus Christ in order to the remission of past sins. The command to be immersed comes from the Head of the Church—from Jesus Christ, who has all authority, both in heaven and upon the earth. All the commands of Christ are essential to salvation. Immersion is not a thing of man's reason, nor a work of man's righteousness, it is a work of faith, an act of obedience to God's command. "He that believeth and is baptized shall be saved" (Mark 16:16); "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift

of the Holy Ghost" (Acts 2:38); "The like figure whereunto even baptism doth also now save us" (1 Pet. 3:21); "Arise and be baptised and wash away thy sins calling on the name of the Lord" (Acts 22:16).

All authorities agree that no other "form" of baptism was practiced in the first 100 years of the Church, when it was purest and had the inspired Apostles to guide it! As sprinkling and pouring for baptism have always been held in doubt since they were introduced during the Apostasy or "Falling Away" from the Faith, wise and conscientious people discard the doubtful and choose that which is positively true.

**HEALTH FACTS FROM YOUR
STATE BOARD OF HEALTH****THE COMMON COLD**

The common cold is more than a nuisance—it causes an economic problem of considerable importance. A billion dollars annually is the estimated loss brought about by the common cold which causes more than half of the absences from work and school.

Not only does the common cold cause economic loss but it is dangerous. It lowers body resistance and leaves it susceptible to a variety of serious complications. Pneumonia, meningitis, sinusitis and middle ear infections may follow in its wake.

The beginning of a cold—the first 24 hours—is the most infectious stage. It is not easy to go to bed when a cold begins to develop, but it is wise. It is also wise to drink fruit juices and water in large quantities. If there is no improvement within 24 hours, a physician should be consulted.

Colds may be passed from one person to another by sneezing, coughing, spitting, or from freshly contaminated articles such as drinking glasses not thoroughly sterilized. Busy persons cannot avoid exposure but they can build up resistance to colds by adequate sleep, well-balanced meals at regular hours, suitable outdoor exercise, good ventilation and proper cloth-

ing. Luckily, some people have a natural resistance to the disease.

**THE VALUE OF
4-H CLUB TRAINING**

The unquestioned success of the 4-H Club program "challenges cities to discover something equally good for city children," according to an article in the current (Nov. 30) Saturday Evening Post.

Under the title, "Challenge to the Cities," Neil M. Clark terms the 4-H members probably "the best educated group of young people in this country," thanks to "clear goals and direct methods." The article adds that the movement "is really new in education" and that "some who know it well credit it with bringing rural education from the back row to the front."

To illustrate the advantages of 4-H activities, the article traces the career of Andrew Olson, successful 33-year-old farmer of Council Grove, Kansas. Starting from scratch, young Olson today has holdings valued at from \$30,000 to \$40,000, the article states.

Olson is quoted as counting off these items to sum up what he got out of 4-H: "Finding the world is as big as it is; good times; training in livestock judging—lots of people don't know a good thing when they are looking at it—a certain ability to handle himself in most situations; choice of a

career and some of the basic skills of it." He mentioned, too, improved bank credit, becoming his own boss, and learning that city people don't all "eat grapes."

Early in his 4-H work, the Post article points out, Olson was chosen county and state livestock champion and won a trip to Chicago. He was president of the Geary County, Kansas, 4-H Band, which took state championship honors in 1930 and 1931. He was state leadership champion in 1931 and was elected mayor of the state 4-H encampment, held then at Hutchinson. Now he is co-leader of a local 4-H club.

Wasting Nutrients

Nutritive food is lost when housewives cook vegetables in too much water and then drain off the water into the sink. There is a waste of vitamins and minerals which have seeped out of the vegetables into the water. In addition to that, flavor which might encourage the eating of such vegetables as cabbage and turnips is lost by too much cooking.

Farming Hazardous

The occupational death total in agriculture is the largest of any major industry.

Agriculture

For more than Fifty Years the Farmers State Bank has dealt with the farmers of this community, making loans on farms and lending money for farm operations and livestock feeding. This bank has always felt its responsibility to the farmers, realizing that the prosperity of the entire community is largely dependent upon the success of the farmers.

Its loaning policy has been geared to the needs of the farmers with convenient liberal terms and low interest rates.

It is interested in promoting and financing any constructive agricultural project.

You are invited to discuss your plans involving financial assistance with its officers and to avail yourself of any of the many banking services offered.

**EVANGELISTIC SERVICES
AT METHODIST CHURCH**

Fine crowds are attending these services which will be continued each night this week with the exception of Saturday, at 8:00. Evangelist Brookshire will preach Sunday morning at 10:00 and in the evening at 8:00. If you have failed to hear these heart-stirring messages you are missing a blessing as they are so given as to help both saint and sinner. His special musical numbers are most uplifting, so come each night to receive your share.

**ANOTHER PLANE TRIP
FOR HIGH SCHOOL STUDENT**

Forrest Miner was the lucky student in the high school Aeronautical class for this month, and was awarded the plane trip.

Chick Herendeen flew his plane to Indianapolis Wednesday morning, taking young Miner as his passenger. Frank Meredith flew his plane, taking Wayne Shunk as his passenger. The two planes planned on landing at the Municipal Airport and paying a visit to the Roscoe Turner Supply House.

MRS. RINER HOSTESS TO D. A. R.

The Anthony Nigo chapter of the Daughters of the American Revolution met at the home of Mrs. Kenneth Riner Tuesday evening, Nov. 26th with the Tippecanoe River Chapter as their guests.

Several members of the Kokomo and North Manchester chapter were present.

Mrs. Plummer, the music director of the Etna Green schools, presented a girls' trio, who sang several selections.

Mrs. F. R. Burns, of North Manchester, who is state regent, was present and gave a very instructive address on the work of the organization. Mrs. W. G. McClelland, of Kokomo, the northern director, gave a talk on important matters relative to the local chapter.

During the social hour which followed, the hostess, assisted by her sister, Dr. Bunker and Mrs. Walter Lackey and Mrs. Dora Taylor, served delicious refreshments. The chapter adjourned to meet on Dec. 17 at the home of Mrs. James Gill for the Christmas party. Assisting hostess will be Mrs. Everett Rathfon.

TOO LATE TO CLASSIFY—

FOR SALE — Two very serviceable 1100-40 tractor tires, \$20 each. Man-
ware Leghorn Farm, Phone 163,
Mentone, Ind. 1c

top desk, 32 by 60, large size, with
stationery and filing drawers. Reason-
able. See Lamar Anderson, Men-
tone. 1p

**MAGAZINE SALESMEN BUMP
INTO "HORNETS' NEST"**

A few days ago several carloads, more or less, of magazine salesmen visited Mentone selling magazine subscriptions. It was one of the same old games—it's unbelievable how it continues to hook suckers—where the salesman received "points" for every subscription. It's the typical "hand-out" story except that they go to the front door. It's merely begging in disguise, but it must still work otherwise it wouldn't be used so often.

Anyway, various members of the gang were noisy, quarrelsome or am-
orous and to date some have been as-
sessed fines at Warsaw, another at Ro-
chester, and Elkhart county was look-
ing for one or two of them.

Citizens are advised to contact law officials whenever people of this kind appear in the community, or attempt to use selling methods that are unfair to the customer.

PSI IOTA XI MEETS

Mrs. T. J. Clutter entertained the Psi Iota Xi Sorority Thursday evening. Prizes at bridge were won by Mrs. Curtis Riner and Mrs. Lyman Mollenhour. Mrs. Wilvin Teel won the door prize. Others present were Mrs. Harold Ut-
ter, Mrs. Esther Shoemaker, Mrs. Geo. Yehlik, Mrs. Max Nellans, Mrs. Devon Hirschman, Mrs. Glen, Weatherbee, Mrs. Russell Henderson, Mrs. Mott Bryan and Mrs. Earl Anderson.
