STELLA MEREDITH IS BURIED HERE SATURDAY

Funeral services were held at the Johns funeral home at two o'clock Saturday for Miss Stella Meredith, 75, who died of complications at 3:00 o'clock Thursday afternoon at the Woodlawn hospital. Rev. J. S. Johns of Indianapolis officiated and interment was in the Mentone cemetery.

Miss Meredith, who was a member of the Mentone Church of Christ, had been in ill health most of her life and had been confined to the hospital the past eight weeks.

The deceased was born March 9, 1868, in Fulton county, the daughter of James and Mahala Meredith and had lived in Mentone with her mother the past 30 years. Her mother died five years ago. Surviving relatives include one sister, Mrs. Ethel Adamson of Mentone; one brother, Silas, also of Mentone, and three nieces and two nephews.

TEACHERS ENTERTAINED BY MENTONE LIONS CLUB

School instructors of the Beaver Dam and Harrison township schools were visitors at the Mentone Lions Club meeting Wednesday evening. After partaking of a delicious dinner of baked ham, the festivities started with group singing.

Adrain Little, county superintendent of schools of Huntington county, gave a wonderful address. The address was one that was very appropriate and delivered in such a manner that it penetrated deeply into the minds of an appreciative audience.

SORORITY MEETS

The Psi Iota Xi sorority held a business meeting and party Tuesday night at the home of Jeanette Mollenhour. Initiation services were held for Mary Utter and Hope Deaton.

During the evening bridge was played. Prizes were awarded to Emma Clutter, Maude Snyder and Mary Utter. Refreshments were served by the hostesses, Jeanette Mollenhour and Pauline Riner.

EVANGELIST AT CHURCH OF CHRIST

Members of the Church of Christ congregation at Mentone announce that Evangelist A. F. Dalton of Indianapolis will speak at both the morning and evening services Sunday.

The public is extended a cordial invitation to hear him.

WE BACKED THE ATTACK!

When local bond sales of the Third War Loan drive were all counted last Saturday, October 2nd, it was found we went over the quota assigned us. Sales exceeded the \$161,000 quota by several thousand dollars, this being our share of the fifteen billion dollar goal of the drive. Hats off to Franklin township, according to the statement of one of the drive solicitors. They were late starters but they sure put over that "home stretch drive"—better than \$25,000 on the last day.

The thermometers, indicators of volume of bonds sold in each township and also the town of Mentone, displayed in the bank window, boiled over before the deadline.

We are all justly proud—yet there were many who could have but didn't.

SCRAP DRIVE NOW ON

Kosciusko County Salvage Chairman Joe Clark is asking each town and community to make plans for the fall Hoosier Victory Scrap Bank campaign.

The salvage chairman of each of the towns and communities are making arrangements for your local scrap drive. There are no allotments of scrap by townships, but let's get all the scrap in. It will do our boys in the Armed Forces more good in the junk yards than on the farms.

Mrs. Ernest Igo and children went to Chicago Sunday to visit Miles Igo who is taking his "boot" training at the Great Lakes Naval Training Station. Miles will be home on his first leave, Oct. 21st.

WAR MOTHERS TO ORGANIZE

A meeting will be held at the Mentone library Friday afternoon, Oct. 8 at 2:30 o'clock for the purpose of organizing a War Mothers' club. All mothers of sons or daughters in the service of our country in World War II are urged to attend.

HOBART CREIGHTON SPEAKS AT PURDUE MEETING

Hobart Creighton, of Warsaw, operator of Indiana's largest private poultry farm, Thursday said that American farmers were producing 40 per cent more animal products than the average of the past 10 years.

"This scale of production calls for enormous amounts of feed and almost makes it necessary that we utilize available feeds in the best possible manner," Creighton told a combined meeting of the Indiana Poultry Association and the Purdue university livestock nutrition school.

Mr. Creighton is a member of the National advisory council on livestock and poultry feeds and feeding.

Fellow hatcherymen from this locality who were present at the meeting where speakers of national reputation appeared, stated that, Mr. Creighton's talk and presentation easily high-lighted the meeting.

ORA MCKINLEY MANAGER OF LUMBER COMPANY

October first Don and Clark Ernsberger stepped out as owners and managers of the former Ernsberger Lumber Company and Ora L. McKinley, of Wabash, a member of the group that purchased the business, is now manager.

Mr. McKinley states that the working personnel remains the same as before and they expect to continue the same high type of service. The firm will be known as the Mentone Lumber Co., Inc.

Mrs. McKinley, and two sons aged 4 and 6 years, expect to join Mr. McKinley here as soon as possible.

HARMAN L. HIRE BURIED AT PALESTINE WEDNESDAY

Harman L. Hire, aged 72 years, 8 months and 26 days, passed away at the Kosciusko county home Sunday evening at about ten o'clock. Death was attributed to myocarditis and complications.

The deceased was born in Franklin township Jan. 7, 1871 to Milton E. and Louisa Hire and had resided in that township for his entire life, except for the past 13 years which were spent in Mentone.

Mrs. Hire, the former Dora Underhill, died November 1, 1941.

Surviving relatives include three sons, Virgil of Mentone, Malcolm of Dayton, Ohio, and Harvey of Lafayette; two daughters, Mollie Jefferies of Mentone and Faun Cooley of Indianapolis; one sister, Mrs. Ray Riner, and four grandchildren, one of whom, Gene Merley of Wright Field, Dayton, Ohio, was present at the funeral.

Funeral services were held at the Mentone Baptist Church, where he was a member, Wednesday afternoon at two o'clock with Rev. E. Coleman Ralston officiating. Burial was in the Palestine cemetery. The Reed funeral home was in charge.

ROYAL NEIGHBORS MEET

The Royal Neighbors held their October meeting Tuesday evening at the home of Snowden Halderman.

The camp was called to order with Oracle Mae Borton. After the regular order of business, the recorder read a letter she received from the Plymouth camp, extending an invitation to our camp to be present at the district meeting to be held Oct. 15 in their hall. The invitation was accepted and all who can will attend.

Our next meeting will be a bingo party the first Tuesday evening in November, at the home of Emma Cook. Each member is to bring something that she doesn't care for at her home for the prize.

The meeting was closed with the regular camp prayer. Light refreshments were served by the hostess, assisted by Mrs. Cook.

SCHOOL NEWS

Time never hangs heavy on the hands of those who are busy. Uniformly, our great leaders have raised one cry—How much there is to be done and how short are the hours in which to work! In the background of any good educational system must stand constant drill on proper use of this factor. An hour missed today has a habit of showing up as two misused ones tomorrow. Since the clocks never turn backward, happy indeed is he who grasps the opportunities of today. Tomorrow he stands at the head of his group.

2nd. Lt. Carl Gochenhour stopped over at the school house for a brief visit last week. He is on a short furlough coming from his station in an Army Vultee 13 which he landed at South Bend.

The lieutenant gave a talk to the Aeronautics class about the primary, basic and advance training in the Army Air Force. The talk was enjoyed very much by the class.

Carl, as we all know him, looked very nice in his uniform. The army sure hasn't hurt him a bit.

The Bulldogs lost their first game Wednesday night at Atwood. Atwood came through with eight runs in the third inning, climaxed by Bradbury's homer with the bases loaded. The local team kept trying right down to the last inning but couldn't make the grade, losing 10 to 8. Blue, Igo, Boggs and Witham collected two hits each.

YOU CAN'T COUNT EGGS BEFORE HENS LAY

The best feed in the world will not produce peak production if sound poultry management practices are not followed.

PUTTING THE PULLETS INTO THE LAYING HOUSE

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

□ DON'T OVERCROWD THE HOUSE

Poultry, like humans can't be "crowded" too much. Congested laying houses are excellent places for the spread of colds, roup, and any other diseases which may gain entrance. Cannibalism often starts in overcrowded houses. Light breeds require three square feet of space per bird while heavies need four feet. For example, a 20x20 house will hold a hundred heavy breed birds or about 135 light breed birds. DON'T OVERCROWD — IT DOES NOT PAY.

□ WATCH OUT FOR SLUMPS IN FEED CONSUMPTION.

Taking pullets away from the freedom of the range putting them into the confinements of the laying house often affects their appetites and results in feed consumption slumps. Such slumps can result in an untimely molt, so to help keep the birds eating we recommend mixing Dr. Salsbury's AVI-TAB in their mash for ten days right after housing. It's appetite stimulating and conditioning properties are valuable. Give AVI-TAB 10 days each month thereafter, too. We've found it pays.

□ STICK TO A PROVED FEED PROGRAM

Don't feed haphazardly. Use a balanced feeding program which has been proved successful. Hens cannot produce eggs from a feed that is lacking in the essential proteins, vitamins, and minerals. Every hen has a certain inherent egg-laying ability, but she will not lay all the eggs she can unless given the proper feed. We know that we can help you get the right program.

OUR SERVICE TO YOU —

We are completely equipped to help you meet the present feeding problems. Shortages have changed the picture considerably and we will be glad to help you work out the best possible solution to your case.

TREE PLANTER NOW A MARINE

A few short months ago the Mentone Conservation Club boys planted several hundred trees in the game refuge areas established here, and whenever this work was done, Ralph Plumb, of the state and federal departments, was always on hand to help and supervise. He's now a Marine and writes the following letter to Mr. C. O. Mollenhour from his base at El Centro, California:

Dear Mr. Mollenhour:

I received a copy of the September issue of the Outdoor Indiana yesterday and so read about the good work of the Mentone Club. I sure want to congratulate you and the club for taking the lead in the state on the Wildlife Restoration Project. After reading the article and seeing the pictures of the areas it sure made me long to be back on the project, and a resident of Kosciusko county again. I sure would like to have the chance to go over the areas that I helped to establish to see how they have developed. Maybe it won't be so long before I will be back on the job. If all the clubs would co-operate like yours it wouldn't be long until the game supply was really plentiful in the state. Guess a lot of the clubs are too slow to recognize a good thing when they see it.

We sure could use a planting of trees in this country. Our base boasts of eight trees, that's on about a thousand acres, and they are palms. The area is all sand. We had the first good rain since I have been here yesterday and it almost flooded us out. Rained hard for about an hour. It has gone for three years without raining here, so you can get an idea what a shower amounts to. Dove season is open here now, but I haven't had a chance to try indulging in dove hunting as yet. There are a lot of ducks and geese on the irrigation canals and they are really being hunted by the so-called rice growers protective association.

This Marine life hasn't disagreed with me as yet, but I still prefer the life of a civilian. They have transferred me into the group intelligence section, which I have found quite interesting. The way things look now, we will be stuck here in the Imperial Valley for several months or long-

Luck

"Do I believe in luck? I should say I do. It's a wonderful force. I have watched the careers of too many lucky men to doubt its efficacy.

"You see some fellow reach out and grab an opportunity that the other fellow standing around had not realized was there. Having grabbed it, he hangs onto it with a grip that makes the jaws of a bulldog seem like a fairy touch. He calls into play his breadth of vision. He sees the possibility of the situation, has the ambition to desire it, and the courage to tackle it.

"He intensifies his strong points, bolsters his weak ones, cultivates those personal qualities that cause other men to trust him and cooperate with him. He sows the seeds of sunshine, of good cheer, of optimism, of unstinted kindness. He gives freely of what he has, both spiritual and physical things.

"He thinks a little straighter, works a little harder and a little longer; travels on his nerve and enthusiasm; he gives such service as his best efforts permit. He keeps his head cool, his feet warm, his mind busy. He doesn't worry over trifles.

"He plans his work and then sticks to it, rain or shine. He talks and acts like a winner, for he knows in time he will be one. And then—luck does all the rest."

er. My wife and son are in Wisconsin at the present time, but they will soon be out here with me. We decided as long as it looks like I will be here for several months, we might just as well be together.

Well Mr. Mollenhour it sure is encouraging to know that the conservation work is progressing in the state and many thanks to conservationists like you and clubs like the one at Mentone.

Best of regards,
RALPH PLUMB.

P. S. Give my regards to Mrs. Mollenhour and "Eight Ball," if he is still around there.

THE FAMILY OF H. L. HIRE.

About 30 or 40 of the men of Mentone gathered at Yellow Creek Lake Saturday evening for a fish fry. The event was in honor of Byron Peterson, manager of the Lake City Machine Shop, and his superintendent. Byron ate plenty, but there were others who seemingly ate more. The Jonah Club, too, really didn't have much on the cooks either when it comes to putting on a fish fry.

Advice for Painting Cement

The Federal Housing administration cautions that cement which is to be painted with oil paint should be allowed to weather for several months before painting, to allow for neutralization of the alkali in the cement by the carbon dioxide in the air. If it is not convenient to wait for this weathering period, the affected areas may be washed with a solution of two pounds of zinc sulfate in a gallon of water. After allowing this to dry thoroughly, the paint may be applied without the danger of the alkali burning through the film and ruining the paint film.

PADDY THE BEAVER AND SAMMY JAY TALK THINGS OVER

PADDY THE BEAVER sat looking thoughtfully at the aspen trees he would have to cut to complete his store of food for the winter. All those near the edge of his pond had been cut. The others were scattered about some little distance away. "I don't know," said Paddy out loud, "I don't know."

"What don't you know?" asked Sammy Jay, who, now, that he and Paddy had become friends, was very much interested in what Paddy was doing.

"Why," replied Paddy, "I don't know just how I am going to get those trees. You see now that Old Man Coyote is watching for me it isn't safe for me to go very far from my pond. I suppose I could dig a canal up to some of the nearest trees and then float them down to the pond, but it is hard to work and keep sharp watch for enemies at the same time. I guess I'll have to be content with some of these alders growing close to the water, but the bark of aspens is so much better that I—I wish I could get them."

"What's a canal?" asked Sammy abruptly.

"A canal? Why, a canal is a kind of ditch in which water can run," replied Paddy.

Sammy nodded. "I've seen Farmer Brown dig one over on the Green Meadows, but it looked like a great deal of work. I didn't suppose that any one else could do it. Do you really mean that you can dig a canal, Paddy?"

"Of course, I mean it," replied Paddy in a surprised tone of voice. "I have helped dig lots of canals. You ought to see some of them back where I came from."

"I'd like to," replied Sammy. "I think it is perfectly wonderful. I don't see how you do it."

"It's easy enough when you know how," replied Paddy. "If I dared to I'd show you."

Sammy had a sudden idea. It almost made him gasp. "I tell you what, you work and I'll keep watch!"

Paddy watched him go with a puzzled and disappointed air.

he cried. "You know my eyes are very sharp."

"Will you?" cried Paddy eagerly. "That would be perfectly splendid. You have the sharpest eyes of any one of whom I know and I would feel perfectly safe with you on watch. But I don't want to put you to all that trouble, Mr. Jay."

"Of course I will," replied Sammy, "and it won't be any trouble at all. I'll just love to do it." You see it made Sammy feel very proud to have Paddy say that he had such sharp eyes. "When will you begin?"

"Right away, if you will just take a look around and see that it is perfectly safe for me to come out on land."

Sammy didn't wait to hear more. He spread his beautiful blue wings and started off over the Green Forest straight for the Green Meadows. Paddy watched him go with a puzzled and disappointed air. "That's funny," thought he, "I thought he really meant it, and now off he goes without even saying good-by."

In a little while back came Sammy all out of breath. "It's all right," he panted. "You can go to work just as soon as you please."

Paddy looked more puzzled than ever. "How do you know?" he asked. "I haven't seen you looking around."

"I did better than that," replied Sammy. "If Old Man Coyote had been hiding somewhere in the Green Forest it might have taken me some time to find him. But he isn't. You see I flew straight over to his home in the Green Meadows to see if he is there, and he is. He's taking a sun bath and looking as cross as two sticks. I don't think he'll be back here this morning, but I'll keep a sharp watch while you work."

Paddy made Sammy a low bow. "You certainly are smart, Mr. Jay," said he.

NINE-DAY PHEASANT SEASON BEGINS NOVEMBER 10

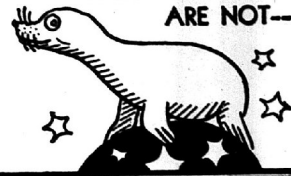

A ten-day open season on cock pheasants with nine days of actual hunting, beginning Wednesday, Nov. 10 and ending Friday, Nov. 19, has been provided for Hoosier nimrods this year, it has been announced by the director of the Division of Fish and Game.

Hunting regulations will be the same as during the 1942 season, with the taking of hen pheasants prohibited, with a daily bag limit of two cock birds per day and a possession limit of four cock birds. All hunters must have a 1943 license and must obtain permission from the landowner to hunt on his property.

These dates for the open season and bag limits were recommended by members of the State Conservation Advisory Committee at its quarterly meeting and approved by the members of the State Conservation Commission.

While the open season is for ten days, Nov. 10-19 inclusive, the Indiana law prohibiting Sunday hunting with firearms will give the hunters only nine actual days in the field.

Beware Coughs from common colds That Hang On

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

DUCK HUNTERS WILL FIND SUPPLY AMPLE

With an unusual number of ducks and geese reported in the northern part of the state, this year, Harrell F. Mosbaugh, director of Fish and Game expects hunters to find plenty of sport when the shooting season opens Oct. 15.

The early part of the season will find nimrods shooting ducks which were hatched within the state, because it is not believed that the weather farther north will be cold enough to force early migrations.

Mr. Mosbaugh pointed out that there has been a great increase in the number of migratory game birds which remain over in Indiana during the nesting season, and this supply has steadily added to the early season sport.

Restrictions on automobile travel, however, are expected to keep many hunters at home this year, which should result in better shooting for those more fortunate.

The season closes Dec. 23rd. The opening and closing dates are inclusive.

With the exception of a few changes, the Federal regulations governing duck shooting are the same as last year. Hunting is permitted one-half hour before sunrise, instead of at sunrise. The daily bag limit for ducks this year permits one wood duck; only 25 sora and coot in the aggregate are permitted a day instead of 15 sora and 25 coot, and hunters are permitted to retain lawfully taken birds for a period of 45 days following the close of the season.

Motorists must be constantly alert to keep the danger zone—the stopping distance of your car—at a minimum if traffic accidents are to be avoided, is the warning of the Chicago Motor Club. This poster, prepared by the American Automobile Association, is being distributed by the motor club to its branch offices and service stations throughout the club territory, to 500 Cook county gas stations, and to 150 industrial firms in Illinois and Indiana.

The poster is one of a series of driver-education posters, designed to impress motorists with the increased need for caution at a time when traffic accidents are a serious menace to war work. The toll of traffic accidents far exceeds the toll of war fatalities, and it is toward the elimination of this waste of manpower that the driver-education program is directed.

22 TIMES AROUND THE WORLD FOR EVERY COUNTY RESIDENT

Taking all of Kosciusko County's 29,500 people around the world in sleeping cars nearly 22 times would be a tremendous undertaking, yet that is actually about the size of the troop movement job reported by The Pullman Company.

Dr. Dale A. Rigdon

OPTOMETRIST

"IT'S THE EXAMINATION THAT COUNTS"

OFFICE AT FITCH'S JEWELRY STORE
WARSAW, INDIANA

For Your Convenience — Please Phone 781 for Appointment

Since Pearl Harbor, Pullman has carried about 14,000,000 troops a distance of more than 15 billion passenger miles in its sleeping cars, the company reports. These figures are said to cover mass military movements alone, and do not include the heavy travel of furloughed men and others.

Many of the boys from Kosciusko County, like servicemen from all parts of the country, are getting their first Pullman rides, according to George A. Kelley, vice president of the company. Now most of them are making six or seven trips by Pullman, as the intense training program of the armed services necessitates that many moves or more prior to embarkation for points abroad, he said. In addition, the army and navy believe in all the comfort possible for the members of the armed forces, he declared, and about two-thirds of all military movements by rail are by Pullman sleeper.

Pullman is now carrying more than 800,000 troops every month in mass movements, it is revealed by Mr. Kelly, who pointed out that in addition to this heavy and steadily increasing military passenger burden, civilian travel itself is also at a record-breaking level. He believes that Pullman's passenger-mile volume for 1943

may exceed the 1942 alltime high of 19 billion by 30 or more percent.

"The military and civilian passenger burden of Pullman and the railroads is so heavy," Kelly said, "that there is unfortunately little margin left for some of the conveniences travelers enjoyed in peacetime. Service today is wartime service, and by their understanding and tolerance of this fact, travelers can help us greatly in the performance of our vital job."

Another hero of the Philippine war is Captain Arthur W. Wermuth.

His fellow officers of the 57th Filipino Scout Regiment dubbed him the "One Man Army."

During the bitter fighting of the Bataan he showed just how fighting mad he was.

Day in, day out he chalked up more and more enemy casualties because of his uncanny ability to hit the target outlined in the sights of his gun.

A check-up showed that within the fighting time of the Bataan campaign he had killed at least 116 Japanese with his tommy gun and Garand rifle.

For his gallantry he was awarded the prized Silver Star, the Purple Heart with two clasps and the Distinguished Service Cross.

Although Captain Wermuth has not been heard from since the Battle of Bataan, his deeds provide an ever-living chapter in America's history.

Mr. and Mrs. Elmer King of South Bend, were Sunday guests in the home of Mr. King's aunt and uncle, Mr. and Mrs. Louis Foor.

Mrs. Maude Onthank, daughter of Mrs. Louis Foor, returned from Oklahoma City Tuesday to make her home with Mr. and Mrs. Foor.

Mrs. DeVon Hibschan left Thursday to join her husband, Staff-Sgt. DeVon Hibschan, who is stationed at Hamilton Field, California with the Army Air Corps.

Mrs. Maude Onthank received a wire Tuesday from her son, Donald, saying he had arrived safely in San Francisco from Honolulu, Hawaii. Don formerly made his home with his grandparents, Mr. and Mrs. Louis Foor, and attended school at Talma during his Junior and Senior years.

Mr. and Mrs. C. W. Hatfield, of Carnation, Washington, were in Mentone for a short while one day the fore part of the week. They had been visiting relatives at Cleveland, Ohio and are now visiting north of Athens. Mr. Hatfield says there have been many changes since he left here some 35 years ago.

Mr. and Mrs. L. J. Morgan of Kokomo, spent a few days last week at the E. E. Jones home and also called on other relatives and friends.

Mr. Irvin Snyder is still a patient at the McDonald hospital at Warsaw.

Cpl. Wayne Bowser spent Saturday evening and Sunday visiting relatives and friends in Mentone.

Mrs. Brant and Mrs. H. E. Blue spent Monday evening with Mr. and Mrs. Frank Carles at Tippecanoe.

Barney Nellans was visiting friends a short while this week while on a 5-day furlough from navy duty in Florida.

Sunday Rev. and Mrs. Hill attended the home coming and rally day services at the Center U. B. Church, 1½ miles north of Silver Lake.

Mrs. S. M. Hill and Miss Leah Neil Lemler spent Wednesday visiting Mrs. Hill's father, Mr. Johnson of Laketon.

Sgt. Howard E. Blackburn, of Atwood, left Monday evening for Kansas after enjoying a 15-day furlough with relatives and friends. He is at Camp Phillips.

Mr. and Mrs. Riley Shoemaker, of Warsaw route 5, have received word from their son, Herschel, that he has arrived safely overseas. He states that he enjoyed the trip and wouldn't have missed it for anything. He would appreciate hearing from his friends here. His complete address may be secured from his parents. He was formerly employed by the NICA.

The Cloice Paulus family—and other interested Mentone citizens—were the recipients of glad tidings Tuesday when they received a communication from their son, "Bud", from whom they hadn't heard since he left our shores July 11th on a secret mission as a member of our armed forces. Needless to say, time moved slowly for the Paulus family as they waited for nearly three months for any bit of news. As near as can be told, he has seen Sicily and is now in North Africa. He and a couple of his buddies have built a little hut and their improvised bed "sleeps like an innerspring." (That's either Yankee ingenuity or American recklessness with veracity.) He also said he hadn't received any mail, so if it ever does catch up with him, there's going to be a "snowstorm" in Africa.

John Ellsworth, son of Mr. and Mrs. Dave Ellsworth of Mentone, has been promoted to Private First Class. He is a member of an anti-aircraft crew at Camp Haan, California.

Leibowitz Bros. approved by Egervus. —Adv.

Pvt. Robert Anderson arrived here Monday evening for a brief visit with his parents, Dr. and Mrs. E. D. Anderson. He returns to the University of Alabama where he is studying Civil Engineering.

Mr. and Mrs. Klinging Hagen of Akron, Ohio, visited from Sunday to Thursday at the home of Mr. and Mrs. Herschel Nellans. Mrs. Hagen was, before her marriage, Miss Letha Jenkins, a former resident of Mentone and a daughter of Frank Jenkins, a former Mentone merchant.

Lt. Dan L. Urschel, who is stationed at Santa Barbara, California, arrived the latter part of the week for a short visit with home folks. He and two other medical officers were in charge of an eight-car train of soldiers, 170 in all, who were being transferred to hospitals nearer their homes. Two cars went to Kansas City, two at Clinton, Iowa, two went to Pennsylvania and Lt. Urschel took the other two to Cambridge, Ohio. He states he is being transferred to a hospital in Georgia but he left Monday for the California city before going to Georgia.

FATHER AND SON MEETING NEXT WEDNESDAY EVENING

The annual father-son banquet of the Mentone Lions Club will be held next Wednesday evening at 7:00 in the basement of the Methodist church. As it is impossible to contact everyone by card in the community interested in this meeting, this announcement is an invitation to every dad in the community. Bring your son with you and have a good time. A very interesting program is being arranged. (If you do not have a son to bring, borrow one for the evening).

All reservations must be in by Tuesday evening. If you do not receive a card, notify Maurice Dudley that you will be present and he will see that proper reservations are made for you. The tickets will be fifty cents per person.

MENTONE READING CLUB MEETS

The Mentone Reading Club held its first meeting of the season Wednesday evening, Oct. 13, at the home of Mrs. Artley Cullum with a pot luck supper. Assisting hostesses to Mrs. Cullum were Mrs. I. F. Snyder and Mrs. D. L. Bunner.

The new president, Mrs. C. O. Mollenhour, presided at the business meeting. An interesting account of the district convention was given by Mrs. H. V. Johns.

The program chairman, Mrs. Orpha Blue, assisted by Mrs. Dan Urschel and Mrs. Wayne Tombaugh, furnished an interesting and exciting program of "Truth or Consequence." Jo Lynn Cullum favored the club with a piano solo.

Twenty members and four guests were present.

The next meeting will be held on Nov. 10 at the home of Mrs. C. O. Mollenhour.

Mrs. Ira Borton left Wednesday for North East, Pennsylvania where she was called by the serious illness of her granddaughter, Mrs. Phyllis West. Mrs. West has been seriously ill for some time and is believed to be at the point of death.

BELL REPLACES SIREN AS CURFEW SIGNAL

The old Mentone school bell now rests atop the Mentone city hall where it sends forth its warning tolls to all those under sixteen—and brings back to memory some of the antics of those "who were under sixteen" when the bell was serving its first assignment in the high tower in the old Mentone school.

The fire siren had been used as a curfew signal, but its blood-curdling whine seemingly couldn't get well enough acquainted with the nerves of the citizenry to take its place in the life of the community. The "early to bed . . ." folks can now retire as the shadows fall and not have to keep one eye open and both ears plugged to prevent pleasant dreams turning into raving nightmares.

The thing would even scare you when you were awake. I'm glad it's gone.

The bell was contributed by Mrs. Bessie Blue that it might remain as a memento of the old Mentone school.

MINER MOLLENHOUR, 84, DIES IN OHIO LAST WEEK

Funeral services were held Tuesday afternoon at Washington Court-house, Ohio, for Miner Mollenhour, aged 84 years, a former Kosciusko county resident. Mr. Mollenhour's body was found Monday in the bathroom by neighbors who investigated his disappearance since last Saturday. He had been asphyxiated by a faulty gas water heater.

He was born on the Mollenhour homestead southeast of Mentone and moved to Ohio some 40 years ago. He was never married. Surviving are two brothers, A. T. Mollenhour, of Rensselaer and Warsaw, and Hiram Mollenhour, of near Mentone, and a number of nephews and nieces in this county. A. T. Mollenhour and nephew Harvey Mollenhour, of Mentone, attended the services in Ohio. —Warsaw Times.

FALL SCRAP CAMPAIGN IS NOW IN PROGRESS

Pointing out that the people of Indiana "always have taken a leading part in any enterprise requiring national cooperation and endeavor," Governor Henry F. Schricker recently proclaimed the period from October 1 to November 15 to be devoted to the "Hoosier Victory Scrap Bank Campaign" and urged every citizen to do his utmost to help the state surpass its quota of 150,000 tons of general scrap metal to be collected during the last six months of this year.

According to Clarence A. Jackson, chairman of the Indiana Salvage committee, and Frank G. Thompson, WPB executive secretary of the committee, under whose jurisdiction the drive will be conducted, the concentrated drive in Indiana will be during the last three weeks of October.

Citing Indiana's excellent record in the Hoosier S.O.S. Scrap Drive this spring when, with a quota of 83,000 tons, Hoosiers collected 154,295½ tons, exceeding their allotment by more than 86 per cent, Governor Schricker said that Indiana now has been assigned a task worthy of its mettle.

Mr. Thompson pointed out that spring and summer inventories in the yards of waste dealers and mills have not increased. "In many of our plants, the reserve stock is alarmingly low," he said. "There has been a noticeable decrease in the flow of good scrap metal to our yards and mills and as a consequence the War Production Board has asked for 15,000,000 tons the last six months of the year as against 13,000,000 tons the first six months.

"The quota is high," he continued, "but Indiana can make it if every county chairman in the state will make up his mind now that it can and will be done."

EASTERN STARS TO INITIATE

The Eastern Stars will hold initiation services at their meeting on Monday evening, Oct. 18th. The annual offering will also be taken for the Masonic and Eastern Star homes. All members are urged to be present.

ATTEND FEDERATED CLUBS CONVENTION

The 33rd annual convention of the 13th district of Federation of Clubs was held at the U. B. church in Plymouth on Tuesday, Oct. 12.

Projects selected for the district for this year were: Increased efforts on the war service program and increased subscription list to the Club-woman Magazine.

Among the many things done by club women this past year, they have purchased four \$300,000 bombers.

During the afternoon session, Mr. Joseph I. Quinn from the State Board of Health talked about the Nursing Home bill passed at the last session of congress through the efforts of the clubwomen of Indiana.

Mrs. Oscar Ahlgren, state president, gave an inspiring address on "These Fronts We Must Enlarge." Two most important "fronts" she discussed were the Home Front and the Spiritual Front. The home of today greatly determines the home of tomorrow. She stressed the fact that it is the responsibility of mothers to preserve the homes and build up the spiritual strength of the nation. War will not depart until it departs from the hearts of men and Christ must sit at the peace table.

She urged that every clubwoman attend church every Sunday.

Those attending from Mentone were Mrs. C. O. Mollenhour, Mrs. D. L. Bunner, Mrs. T. J. Clutter and Mrs. H. V. Johns.

SCHOOL NEWS

Columbus Day

Four hundred and fifty-one years ago on October 12, Columbus discovered what was to be known as America. He was an Italian but he sailed in the name of Spain under the rulership of Queen Isabella and King Ferdinand in the three ships, "The Santa Maria," "The Pinta" and "The Nina."

The discovery was made after a long period of hardships and disappointments. The great faith and courage shown by Columbus these hundreds of years ago should be remembered today and stand as a lesson for us.

The discovery of America was to make an unmeasured change in the history of the world. New trade routes were established and the country explored for riches which later led to the founding of homes and yet later to the greatest nation on earth.

This year this day should have a greater meaning than ever before and President Roosevelt has asked that it be so because of our new relations with Italy.

Thursday night marked the closing of the "43" softball season as the Milford Trojans gained a hard-fought 4 to 1 victory over the Mentone Bulldogs. The loss ended the season for the Bulldogs with a record of 7 wins and 2 losses. It was one of the best games of the season for both teams since only one error was committed by each team. Mentone's heavy hitters could not completely solve the pitching slants of "Fritz" Wolferman, Milford ace hurler. It was not until the seventh inning that a Mentone run dented the plate and that was with two out. Milford scored three times in the first on a Mentone error and again in the fourth. Wolferman gained 10 strikeouts while Boggs struck out 7. This marked the end of the trail for eight senior members of the team. They are: Royal

Blue, Ned Igo, Paul Rush, Junior Fore, Max Tinkey, Jim Whetstone, Joe Boggs and Emery Mosier.

Totals for the game are:

The school house was stirred up last Friday morning as the Sophomores prepared lunch for the students.

They prepared chicken noodles, mashed potatoes, green beans, sliced tomatoes and apple salad. You have to give the girls credit for being good cooks for everything tasted just right. (At least to a majority of the students).

This was the first lunch of the year and a good sized crowd turned out. Approximately 175 were served.

ENTER DISEASE — EXIT PROFITS

When disease enters the laying flock, profits start leaving. While it is not always possible to completely prevent the entrance of disease, it is possible to do much to control it.

HOW TO ELIMINATE WORMS IN THE LAYING FLOCK

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

□ INDIVIDUAL BIRD TREATMENT

Worms in the layers will fast destroy flock health and cut production. As an individual bird treatment use Dr. Salsbury's ROTA-CAPS. Give one tablet per bird preferably in the morning before they are fed. ROTA-CAPS get roundworms, capillaria worms, and certain species of tapeworms, heads and all, as listed on the label — won't set back growth or knock egg production. We also recommend preparing the birds for treatment by giving them PHEN-O-SAL in the drinking water for three days prior to the worming.

□ FLOCK TREATMENT METHOD

If you prefer the flock method, we recommend Dr. Salsbury's AVI-TON. It gets roundworms and cecal worms and gives PLUS value. It's mixed in the mash at the rate of six pounds AVI-TON to one hundred pounds mash, and is fed for three to five days. Repeat individual or flock treatment every thirty days to keep the worm problem in laying flocks under control.

□ CLEAN UP AFTER WORMING

Worming the birds is just half the job. It is highly important to clean the poultry house thoroughly a day or two after worming so as to remove all the droppings containing worms and worm eggs. A careful spraying of the floor, lower walls, and roosts with Dr. Salsbury's PAR-O-SAN should follow to kill any remaining worm eggs. PAR-O-SAN also kills germs and coccidia oocysts.

EDUCATION— FOR WHAT?

A stick of dynamite appears just as dangerous to me regardless of whether it has a danger flag stuck on it or whether it is neatly wrapped and tied with colored ribbon.

Hitler's youthful soldiers were likely not conceived, born and reared as renegades, or with abnormally obnoxious traits or tendencies—but through a careful tutorage those youths were taught in such a manner that they believed the deeds which we consider dastardly to be the proper thing. The atrocities which they have committed certainly shouldn't require more severe punishment than the weak and cowardly who permitted this "educational process" to flourish and grow unhampered should receive.

Today, the daily press made an announcement that weekly discussions will be held in our army camps, telling our boys why we are fighting this war, how it is being fought, etc. Attendance will be MANDATORY! The press release states that it is for our boys in England but doesn't mention the camps at home.

I beg that you pardon my skepticism—as the burned child always fears a fire—and consider the facts surrounding this program. Can we expect our boys to be "educated" in such a way that they will accept some "new order" to supersede all the wholesome training the fathers and mothers have given them? Will these supposedly innocent little educational talks transform their thoughts into a net that will entwine this and all future generations? Ten or eleven million of America's healthiest citizens, filled with the enthusiasm of youth and guided by alert and trained minds and bodies would make a rather large "missionary" force.

Of course, as the news release states, the discussions would be guided by "factual pamphlets."

This is all very fine, provided the "factual pamphlet" contains only the golden gems of freedom and experience which the people of this nation have mined throughout years of bitter struggle and perseverance. It's no place for a small group to compile a booklet filled with wild dreams—good or bad—and cram them into our "drafted" boys under a mandatory order.

If this program is actually place into operation, the textbook—or "factual pamphlet"—should be ratified by a majority vote of every member of the House and Senate, and then only after every American citizen has been given ample opportunity to read and study every word of it. This having been done, our congressmen will vote carefully to see that they do not anger the people by voting wrong.

Frankly, I can't see why there is even an excuse for lecturing to our boys about America. They have grown in democracy—have enjoyed the benefits and pleasures that it does afford—and if they had sufficiently outgrown the adolescent era to fight for their country, they shouldn't, in a few months, forget democracy to the extent that they have to be re-educated.

If there is any newspaper, magazine or educational institution here that believes in America than can remain silent and

permit this plan to be carried out without thorough study and investigation, either I'm crazy or they are. America is my home and I'd like to help keep it worthy of the name; there's an almost unbearable pain of sympathy within my being for every boy and girl in our armed services—and I don't want them to be misled. They have troubles and sorrows enough as it is.

Every father, mother and citizen likely has recognized a few of the "tendencies or beliefs" already instilled in our boys. It's on a national plan, non-political in nature but still a vital threat to the very thing which we are fighting to preserve. If you haven't noticed these things, then just talk with a number of the boys and note the similarity of beliefs on matters of national importance. A majority is natural but unanimity smacks of sabotage.

It will be interesting to note just what radio commentators, columnists and newspapers applaud or deride this program. It will be just another "inning" in the "game" in which we can get the "box score." Watch it.

FARMERS ASK TO KEEP CAREFUL CHECK OF DAIRY PRODUCTS

"Kosciusko County Neighborhood Leaders have been asked to instruct all farmers to keep accurate records of all milk and butterfat sold after Oct. 1, in order to meet the requirements of the dairy payment program of the War Food Administration," Joe Clark of the Kosciusko County U. S. D. A. War Board announced.

In view of the government's announcement of a dairy payment program, Charles Gross, chairman of the Kosciusko county U. S. D. A. War Board, urged farmers to keep receipts and other records of sales of whole milk and butterfat, starting with October 1 deliveries.

While all the details of the program, designed to meet increased costs on dairy farms and to increase production, have not yet been received by the county war board office, a letter from the state office did advise that "all dairymen should keep accurate records of pounds of milk and butterfat sold," beginning Oct. 1, 1943.

"These records of sales and any supporting evidence will be filed with the county AAA offices when payments are made at the expiration of the three month period which began Oct. 1 and ends Dec. 31, 1943," the letter said.

General information from Washington explains that the incentive payment to milk and butterfat producers will not be less than the equivalent of 25 cents per hundredweight of whole milk delivered and not in excess of 50 cents per hundredweight. When butterfat rather than whole milk is delivered, the minimum and maximum rates will be three cents and six cents per pound of butterfat, respectively.

The program is designed to restore feed costs to the Sept., 1942, level without disturbing consumer prices of milk or other dairy products. Kosciusko county farmers are urged to keep complete records on their dairy production.

Prison Rodeo Is Billed 'Wildest Show on Earth'

Nine-Year-Old 'Outsider' Is Feature of Texas Exhibition.

HUNTSVILLE, TEXAS.—He's just a little fellow nine years old, riding a horse as tiny as he is, but he's the only "outsider" ever to appear in the Huntsville prison rodeo—called the "wildest" show on earth.

He's Wayne McGill of Kilgore, Texas, a fourth grader who weighs 62 pounds and is small for his age. His pony is Rukus, a Shetland 43 inches high and seven years old.

Together they're just a small size act, but they've cut a big picture in rodeos from California to Texas. The pair has performed with movie stars at North Ridge, Calif., and last year added the Huntsville prison show to appearances at the Stamford, Texas, Trail Drivers' Reunion and to rodeos at Coleman, San Angelo and Houston.

At Huntsville, Wayne who has been riding since he was two, roped a calf in 22 seconds—fair time for a youngster and better than that chalked up by some of the prison inmates who risked their lives for the cigarette money they got for participating.

Called 'Toughest Rodeo.'

The rodeo is staged as a rehabilitation project for prisoners and to raise money for athletic equipment, vocational training, text books and library volumes. It attracts 30,000 spectators—the majority of them residents of southeast Texas drawn by "the roughest, toughest, wildest rodeo in the world."

In a specially built stadium just outside of the prison walls, the convicts take part in events barred from professional rodeos as "too dangerous" and live from year to year just for the chance of risking their lives on the back of some mean Brahma bull.

Any prisoner is eligible to compete. All riders, whether they win or lose, get \$3—small recompense for the risks they take. But some of them have competed yearly since the rodeo was begun 10 years ago and others have been known to ask for ahead-of-schedule commitments to the prison farm so that they could compete.

Prizes Doled Out.

Winners are awarded cash prizes—which prison officials place into their accounts and dole out for cigarette and candy money. No one in the prison is allowed to have more than \$3 weekly to spend.

With the exception of Wayne and Rukus, all participants in the show are prison inmates. Prisoners sell cushions, hot dogs and programs, sing in quartets that provide inter-

mission entertainment; play in the band that perches above "political row"—boxes reserved for visiting state officials and friends of the prison staff.

They milk wild cows, ride Brahma bulls turned loose 10 at a time in the "mad scramble" and bite the ears of untamed horses to still them while other members of a three-man team attempt to saddle, then ride them to the far side of the arena.

In the rodeo's history, only one man has ever been killed. He was trampled under thudding hooves when his foot caught in the stirrups during a wild horse race.

Prison Orchestra Seeks Players of Bass Viol

FOLSOM PRISON, CALIF.—Members of the prison orchestra, composed entirely of inmates, would appreciate it if someone would send them a book on how to play the bass viol. The orchestra was fairly complete from the standpoint of instrumentation, with the exception of a bass viol. So two convicts obtained permission to make one. They worked for a year, utilizing fish boxes and lard tins for the sound box, a wagon tongue for the finger board and a sled runner for the neck. Strings were the only thing purchased. But completed, it was discovered no inmate knew how to play it.

Father Praised by Judge For Punching His Son

CINCINNATI.—"Who did this?" inquired the court, when Walter Schueler, 48, was arraigned before Judge Clarence E. Spraul, his head covered with bandages.

"I did," proudly declared the 79-year-old father of the defendant, Edward Schueler. "He came home drunk and started wrecking the furniture."

"He didn't do it with his fists," said the son. "He hit me with a piece of iron pipe."

"That's good," was Judge Spraul's comment. "Get your clothes and stay away from your father's home. It's the workhouse if you molest him again."

Man Misses Banquet; Dog Swallows Owner's Teeth

DES MOINES, IOWA.—Jack Shields and his dog Napoleon are no longer as good friends as they used to be.

Jack planned to go to a banquet, but had to postpone it at the last minute. Napoleon, in fun, snatched Jack's false teeth and swallowed them.

EXCERPTS OF A LETTER FROM INDIA

Mr. and Mrs. Royce Tucker have received word from their soldier-son Bob, that after eight weeks voyaging on the seas he had arrived "somewhere in India." It's very hot and sultry, the people are all black, of course, and even poorer than you could imagine. Labor is cheap and they work for less than 50c a day in American money—a rupee or a rupee and a half in money with which we are being associated.

We are living in bamboo hutments and tents. They have cement floors and double roofs for insulation. It makes them very cool and quite comfortable. There is a rice field in our back yard and right across the way is a big tea plantation.

The rice, of course, grows in water so therefore mosquitoes are thicker than flies. I believe there is more danger from some of these starving natives than any scare the Japs could have given us on the trip. It is really pathetic in spots, not only starvation but disease and filth is rampant. We have to be very careful but we have everything at our disposal plus a couple of wonderful hospitals. At least that is consoling.

We are getting the mess hall set up so maybe one of these days we will begin eating. The past couple of weeks it has been nothing but British canned stuff, and it doesn't go so good the way we have been working. (In a later letter.) We had a very decent dinner today. Roast beef, potatoes, carrots and peas, bread and oleo gravy, pears and tea. It tasted like fried chicken.

From your letters of August eggs must be plenty scarce. But we had them this morning for breakfast and not powdered either. I am sending you a plaque of the C. I. B. which

It is located somewhere near there. Oh I never told you about the beggars. They come running up to you with a little tin can hollering "buckee sahib, buckee."

Went to town last night and invested a few rupees in this and that for you and Sis. One has to do a lot of dickering and bargaining with these natives because they ask about three times as much as it is worth and you have to "jew" them down. Oh, yes, you would get quite a kick out of it, Mother. Well us — Americans of which I am one had inspection this morning so it looks like the — Air Service Group is again getting on the ball. Intelligent people value the Sunday School. Most of those listed in Who's Who have had their early training in the Sunday School.

Edwin Markham, poet, said of Sunday School that "the usefulness of the church school will be immense if one thing happens—If it is taught by teachers who know what the Gospel of Jesus really means." We have consecrated Sunday School teachers who have had a definite experience with the Lord and are capable of giving your children good scriptural instruction. We invite you to bring them, beginning this Sunday.

NUGGETS FOR BEREANS No. 79

"WHAT IS MAN . . . ?" (Psalm 8:4).

In Gen. 2:7 where we have the account of the creation of man, man is said to become "a living soul." Then man must be a soul. The Word further reveals that man was made in the image of God. Now if man is a soul made in the image of God, what do we mean by the term SOUL?

In the Hebrew, the word for soul is NEPHESH. That is the only word translated soul in the English. It occurs 754 times in the Old Testament. It is translated 33 different ways. Here is a brief summary of the number of times it is used for each of the 33 expressions: SOUL 471, LIFE 119, person 30, self 21, heart 15, mind 15, creature 10, dead 5, desire 5, body 4, man 3, me 3, pleasure 3, will 3, appetite 2, dead body 5, any 4, ghost 2, lust 2, thing 2, he 2, hearty 1, own 1, him 1, one 1, mortally 1, whither will 1, they 1, breath 1, dead 1, would have 1, fish 1.

In the New Testament the word for SOUL is PSUCHE and is the only word so translated. It occurs 105 times and is translated 7 different ways: SOUL 58, LIFE 40, mind 3, heartily 1, us 1, you 1.

Now a true Berean is not ready yet to define soul until he has studied each reference in which the term appears and judge its meaning from the scope of the passage and the context. It is well to remember that in none of these references given does

the Word state that man has a soul. That was the belief of the heathen philosophers such as Plato and Aristotle for they had no Savior to provide a resurrection for them, so they invented a theory to make up for such a lack. This theory was introduced into the Catholic Church by St. Augustine at a time when the truth of the resurrection had been lost to the church.

So let us not be swayed by any such traditions as we study what the Word has as an answer to the question, "WHAT IS MAN . . . ?"

RATION BOOK FOUR OUT NEXT WEEK

War ration book No. 4 will be issued at the school buildings of Kosciusko county next week on Wednesday and Thursday evenings and Friday morning and afternoon it has been announced by the county rationing board.

The new book will be used beginning November 1 for buying rationed processed foods and sugar.

The board warned that persons who fail to secure the books on the assigned days will not be taken care of until Nov. 15, two weeks after the effective date, and will not be permitted to make application until that time.

Plans for issuing the books were drafted at a conference of rationing officials, Harry E. Lewallen, county superintendent of schools, and Carl Burt, Warsaw city school superintendent.

On the specified dates next week county residents are instructed to apply at the nearest school house for the new ration books. They are to take ration book No. 3 with them. Wednesday and Thursday evenings, Oct. 27 and 28, the issuing boards in the schools will be open from 6 to 9 o'clock. On Friday, Oct. 29, applications for books will be taken from 9 a. m. until noon and from 1 to 6 p. m., at which time the boards will close.

Your November ration of processed foods will be bought with the green stamps of series A, B and C. These will be good from November 1 thru December 20. Stamp 29, which is marked "sugar," will be good for 5 pounds from November 1 through January 15, 1944.

TWO WEEKS REVIVAL AT MENTONE CHURCH OF CHRIST

Monday evening, Oct. 25th, a two weeks revival will begin at the Mentone Church of Christ and continue each evening at 7:30. Evangelist A. R. Kepple of Kansas City, Missouri has been secured.

An invitation is extended to everyone to attend any or all of these services.

WAR MOTHERS ORGANIZE

The organization meeting of the Mentone unit of the Mothers of World War No. 2 was held at the Mentone Public Library on Tuesday evening. The meeting was called to order by Mrs. Ethel Wagner who has four sons in service.

The pledge of allegiance was given, followed by repeating the Lord's Prayer, after which one verse of America was sung.

The following officers were elected: President—Ethel P. Wagner.

First vice president—Lenna Anderson.

Second vice president—Alta Hudson.

Treasurer—Helen Mollenhour.

Financial secretary—Miriam Shinn.

Recording secretary—Bernice Rush.

Sergeant at arms—Blanche Paulus.

Chaplain—Ellen Stanford.

At the conclusion of the meeting prayer was offered by Gladys Nottingham.

A charter is being applied for, and it will contain a total of 20 names.

Upon receipt of the charter, the installation meeting will be held at the home of Mrs. Ray Rush. All War mothers of the community are urged to attend. Announcement of the date will be made later.

DAIRY MEETING MONDAY

Ed Wallace, dairy specialist for Purdue University, will be in the county agent's office at Warsaw on Monday afternoon and evening, Oct. 25, for the purpose of talking over any of your dairy problems.

The afternoon will be devoted to your own problems which you would like to discuss with Mr. Wallace.

The evening meeting, Mr. Wallace will discuss "Your Dairy Futures" from 8:00 to 9:00. Some time will be allowed for the breeders of the various breeds to get together and discuss the problems confronting them.

All breeders of registered dairy cattle are urged to attend the evening meeting.

FREDERICK V. KLINCK, 53, BURIED HERE TUESDAY

Frederick V. Klinck, aged 53 years, died at 6:30 o'clock Saturday morning in Nappanee where he and his wife had been visiting with friends. Death was caused by a heart attack which occurred five days before his death. He had been in poor health for the past five years.

The deceased was born July 20, 1890, in Wabash county, the son of Gideon and Anna Klinck. For the past ten years he and his wife have made their home here in Mentone. Mrs. Klinck was formerly Elvia Cruthers, and they were married at Plymouth, Indiana in August, 1919. He was employed by the Northern Indiana Co-Operative Association.

Mr. Klinck enlisted in the army during the first World War and spent 13 months overseas.

Surviving are his widow; one stepson, Harold Markley of Mentone, and three sisters, Mrs. E. E. Wagner of Mentone, Mrs. Della Calvert of Elkhart and Mrs. John Close of Nappanee.

Funeral services were held Tuesday afternoon at two o'clock at the Johns funeral home with Rev. E. E. DeWitt of Larwill officiating. The American Legion had charge of the services and the grave and the ceremony was very impressive. Interment was in the Mentone cemetery.

OVER A HUNDRED ATTEND FATHER AND SON BANQUET

One of the largest groups to ever assemble at a father and son banquet here in recent years was present to enjoy the delicious dinner prepared by the ladies of the Methodist church Wednesday evening. The meeting is an annual affair of the Mentone Lions club and over 115 were in attendance.

Lion President Oliver Teel presided at the short business session and Joe Clark, county agent, assisted by members of the Lions club, presented several reels of pictures that were not only instructive but entertaining to old and young.

GRANDDAUGHTER DIES IN PENNSYLVANIA

Mrs. Phyllis Hatfield West, age 23, of 37½ Park Street, North East, Pa., died early on the morning of Oct. 14, at her home. She had been ill about a year. She was a granddaughter of Mr. and Mrs. Ira Borton of Mentone.

Funeral services were held Saturday afternoon at two o'clock at the W. O. Wilson and Son funeral home with the Rev. Ivan M. Shreve officiating. Interment was in the North East cemetery.

She leaves her husband, Lawrence W. West; one daughter, Joyce Marie; her father and mother, Mr. and Mrs. James R. Hatfield, of North East; two sisters, Elnora and Mary Jean Hatfield, of North East; three brothers, Ira T. and Richard A. Hatfield, of North East, and James R. Hatfield, of the United States Navy; her maternal grandparents, Ira and Mae Borton, of Mentone, Ind., and paternal grandmother, Elnora Hatfield.

She was an active member of the American Legion Auxiliary and was well known and beloved in the community.

Mrs. Borton and daughter Mary Jane were present for the funeral.

PLACE AT HORSE SHOW

Last Sunday, Oct. 17, a very interesting horse show was held at Columbia City. Entries from Mentone scoring in the show were as follows: Horsemanship class for riders under 15 years of age, fourth prize went to Janet Rose Reed, on Lynn Rose; Fine Harness class, third prize went to Ace High, owned by Rex Tucker, and driven by Bob Reed. In the open three gaited, fourth prize was won by Ace High, owned and ridden by Rex Tucker.

CONSERVATION CLUB MEETING TUESDAY, OCT. 26

Cloice Paulus, secretary of the Mentone Conservation Club, states that a meeting of clubmembers will be held at the town hall on Tuesday evening, Oct. 26th. Important matters need our attention and all members are urged to be present.

HARLEY STARNER RITES HELD IN LANSING, MICH.

Harley Starner, 51, passed away Tuesday at 2:15 p. m. at the St. Lawrence hospital, Lansing, Mich., following a sudden illness, although he had been unable to work for the past nine weeks due to a hip ailment. The funeral was held Friday, Oct. 8th at 1:30 p. m. at the Grovenburg church at Holt, Mich.

Mr. Starner was born May 17, 1892 at Tiosa, Ind. to Henderson and Anna Starner. In 1923 he was united in marriage to Helen Schnesberger.

Mr. Starner has been a resident of Ingham county for about 30 years and of the Grovenburg district about 21 years. He has been a member of Lodge No. 449 F. & A. M. for the past fourteen years. He has worked in the various main industries of Lansing for the past 25 years and the last 18 months at the Nash Kelvinator Co. Harley was converted March 1937, and was baptised and joined the church in April.

He is survived by his wife, Helen, three sisters: Mrs. Vila Huls and Mrs. Eva Smith of Rochester, Ind., and Mrs. Minnie Logan of Detroit; three brothers, Broda of Argos, Ind., Rolta of Joliet, Ill., and John of Indianapolis Ind. and several nieces and nephews. Interment was in the Markham cemetery, Holt, Michigan.

Mr. Starner at one time lived at Talma and had a host of friends who were saddened by his death.

SAVE FEED . . . INCREASE POULTRY PROFITS

Feed supplies, as you know, are short and may get shorter — So it behooves every poultry raiser to make the most efficient use of every pound. Here are a few suggestions which may help along this line.

MANAGE PULLETS FOR FEED CONSERVATION

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

□ HAVE ENOUGH FEEDERS

In the first place, there should be sufficient feeding space so that all birds can eat at one time. This way they do not fight for space and so throw out a lot of good feed. To do this, you should allow not less than three 4-foot feeders—open both sides—for each 100 birds.

□ DON'T OVERLOAD FEEDERS

Feeders that are filled right up to the top cause considerable waste. Feed thrown out by the birds is not recoverable, and it has been estimated that in many cases as much as 40% goes to waste in this way. Such extravagance in times like these cannot be tolerated. Make sure you have plenty of feeders and fill them only half full—filling them more often.

□ CULL OUT THE "LOAFERS"

Don't let the non-productive birds consume feed that can more profitably be used by the good layers. The hen that lays an egg a week eats almost as much as the one that lays five times that amount. Cull out these "thieves" constantly — save feed — save money — save labor.

WE CAN HELP YOU WITH YOUR FEEDER PROBLEMS

Don't forget we have a full line of high-quality feeds for you and stand ready to help you with any feeding problem you may have. Our consultation service is free and is offered as a part of our co-operation in the National Poultry Conservation Program, which is signified by the emblem at right.

ATTENDED STATE CONVENTION

Oct. 13 and 14 Mrs. Bernice Rush, regent of the Anthony Nigo chapter of the D. A. R., attended the state conference of the D.A.R. held at the Lincoln Hotel, Indianapolis. Mrs. Rush reported a very interesting and war-minded session. Some highlights of the convention were the memorial services conducted by the state chaplain, the Wednesday evening dinner and the Thursday luncheon. At the dinner, Dr. Forrest Kirkpatrick of the Radio Corporation of America spoke on "Post War Horizons." Music was furnished by service men from Camp Atterbury and Camp Benjamin Harrison. Mrs. Edna Burns, state vice regent and formerly of Mentone, presided at the Thursday afternoon luncheon. Rev. A. C. Brooks of the Third Christian church of Indianapolis, spoke on "An Imperative of Good Citizenship." 12-year-old Sally Paulus of Rensselaer, sang an operetta of her own composition. Mrs. Rush will give a detailed report of the convention at the next meeting of the Anthony Nigo chapter which will be held at her home Tuesday evening.

A son was born Thursday in Elkhart General hospital to Mr. and Mrs. William Chinworth, residents of East Center street, Warsaw. Mrs. Chinworth was formerly Miss Louise Black of Mentone.

HONOR 80TH BIRTHDAY

As has been their custom, whenever any of their members reach the age of eighty years, nine members of the Friendship Sunday school class of the Mentone Methodist church helped Mrs. Ella Nellans of Mentone celebrate her eightieth birthday on Wednesday afternoon. Special features of the afternoon were the presentation of the singing vase filled with flowers which sang "Happy Birthday to You" and a beautiful birthday cake and the reading of an old record of a Friendship class meeting held in 1918. Three-fourths of the members who attended that meeting in 1918 are not living at the present time. The enjoyable afternoon closed with the serving of ice cream and cake.

Those present were the members of the class, Mrs. Kinsey, Mrs. Cunningham, Mrs. Lydia Rynearson, Mrs. Jennie Thomas, Mrs. Jane Johnson, Mrs. Lavina Shinn, Mrs. Flo Borton, Mrs. Allie Borton and Mrs. Ella Nellans and two guests, Mrs. Faye Bunker and Mr. Nellans.

I have always assumed that the Sunday school was a potent force for good in any community. I have never seen any statement to the contrary, nor has my observation led me to believe otherwise. It seems to me that the need for Sunday schools is self-evident and thus not susceptible to argument.—F. E. Murphy, editor, The Minneapolis Tribune.

METHODIST CHURCH Mentone, Ind.

Victor E. Stoner, Minister
PHONE No. 165

Regular services will be held in the Methodist church next Sunday.

Beginning the first of November, the church, under the direction of the pastor, will begin a study of many of the post war problems which should be met in a Christian way. These subjects will be discussed by twelve different groups who will study for a period of four weeks. Then on December 5 their findings will be given at a public meeting.

This is a program which will engage a large number of the Methodist churches simultaneously, and is designed to help understand the task which all Christians should be seriously considering.

Watch for further announcements.

NUGGETS FOR BEREANS

No. 80

"IN THE BEGINNING WAS THE WORD... AND THE WORD WAS GOD... ALL THINGS WERE MADE BY HIM." (John 1:1-3).

This particular passage goes on to emphasize the creative work of our Lord by stating that "without Him was not anything made that was made."

Yet, in spite of this plain state-

ment as to the creative work of our Lord and Savior, a minister of a church recently said that he did not believe that Christ Jesus was the creator of the world and all that is therein. He based his whole argument upon his own reasoning. His reasoning was more certain than the Word of God, so we are to believe him rather than God.

As for myself, I take my stand with Paul when he says, "Let God be true, but every man a liar." Rom. 3:4.

In Col. 1:16 we have further account of the creative work of the Lord Jesus, "For by Him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers: all things were created by Him and for Him." What could be plainer than these words?

This case is just an example of the religious atheism that is so prevalent in the pulpits of many churches today. Satan has them well-trained and he sees to it that they defame the name and work of the "Only Begotten Son of God" in every way possible. Thousands who call themselves Christians are supporting such men in their devilish work of tearing down the very foundation upon which the church is built. May the eyes of sincere men and women be opened to their danger in having anything to do with "The lie" and the "Father of it."

Do you believe that "ALL THINGS WERE MADE BY HIM"?

—Oscar M. Baker.

SCHOOL NEWS

After a very successful softball season the Mentone High athletic program is turning to basketball, the king of competition in the midwest. Mentone, for years, has had one of the better teams in the county and this year will be no exception.

Twenty-seven boys answered the first practice call, and on Oct. 8 the first practice was held. Since then there have been eight practices of the ten required for the first game. With eight returning lettermen, all of whom have seen enough action to be classed as veterans, and enough

other promising candidates it looks as if Mentone will again be on the victory trail. Principal Kelley will handle the team this year as coach. As the schedule stands, Mentone will play seven home games and ten away from home games. High point of the season will probably be the Mentone-Warsaw game December 4 at Mentone.

The schedule follows.

Nov. 2—Atwood at Etna Green.
Nov. 5—Beaver Dam here.
Nov. 12—Akron there.
Nov. 16—Milford there.
Nov. 19—Bourbon there.
Nov. 24—Burket here

Nov. 26—Etna Green here.
Dec. 4—Warsaw here.
Dec. 10—Leesburgh there.
Dec. 17—Sidney there.
Dec. 23—Syracuse there.
Jan. 7—Akron here.
Jan. 14—Pierceton there.
Jan. 21—County Tourney, Warsaw.
Jan. 28—Tippecanoe there.
Feb. 4—Open.
Feb. 10—Atwood here.
Feb. 12—Bremen there.
Feb. 18—Crapool here.

Mrs. Albert M. Tucker and 11-day-old son Mitchel were removed from the McDonald hospital Wednesday to the home of her parents, Mr. and Mrs. Jess Jones at 323 South Buffalo St., Warsaw, where they will spend the winter. Young Mitchel was born Saturday, Oct. 9 instead of Thursday as reported in last week's paper. Pfc. Albert M. Tucker is stationed at Camp Shelby, Miss.

Last week Roy Rush and Raymond Bare of Mentone and R. E. Sanders of the Miller Oil Co., of Toledo, O., were in Indianapolis attending the oil convention. The boys haven't given a very complete report of the convention, likely due mostly to the prominent folks encountered at one of the more prominent entertainment establishments. They were enjoying the evening at their reserved table when the master of ceremonies began introducing the distinguished guests. Actress Lana Turner, of Beverly Hills, California, and her husband, Steve Crane, were among those at the table next to them.

WILLIAM H. KERN DIES AT SILVER LAKE HOME

William H. Kern, retired school teacher and banker, died of a heart attack Tuesday morning at 6:15 at his home in Silver Lake. He would have been 81 years old on Saturday, Oct. 30.

Mr. Kern was born in Sevastopol on October 30, 1862. He taught for 25 years in the Silver Lake public schools, and also worked 25 years as cashier at the Commercial State Bank in Silver Lake. For the past nine years he had spent his time doing muck farming on his farm located east of Silver Lake. He was a member of the Progressive Brethren church at North Manchester. His wife, Emma Young Kern, preceded him in death seven years ago.

Surviving are his son-in-law and daughter, Dr. Harry Kerr and Vera Kerr, of Indianapolis; two grandchildren, Harry Kerr, Jr., 15, and Billy Kerr, 8; two brothers, Ike Kern of Burket and Jacob Kern of Claypool; two sisters, Mrs. Mary Schriver of Burket and Mrs. James Day of Chicago.

Funeral arrangements are pending the arrival of his daughter, Mrs. Kerr who is in Philadelphia. The E. E. Summe funeral home, Silver Lake, is in charge.

Arden Stutzman, of Etna Green, brother of Mrs. Lucille Whetstone of Mentone left Tuesday for San Diego, California for duty in the Marine Corps.

SERVICES BEGIN AT MENTONE CHURCH OF CHRIST

Our special series of revival services is now in its first week. Bro. Kepple arrived Monday for his part of the campaign. In his initial sermon he outlined his aims in the conduct of this series of meetings. First, the meeting must not overlook the needs of the children and young people. Bro. Kepple has spent his entire life with young life. For four years he was Chaplain in the California State Reformatory for Boys; two years in Pacific-Lodge Correction Home for Boys; two years in United States Army Camp work among soldiers; four years in radio work on the West Coast; many years in Boy Scout work and much of his work in the church has been with young people. Each evening during the meeting he will spend fifteen minutes before the sermon with young life. On Saturday, 10:00 a. m. to 3:00 p. m. he will conduct special services for all young people and children of the community. This service will be for all young people and children of school age without regard to religious affiliation. He wants this contact with the young people of our community. Special attention will be given to the aged of the community. All such who have no means of coming to the meeting will be provided a means of transportation if they will make their wishes known by calling either H. V. Johns or Dr. Anderson. Someone will then call for you. Your attention is called to the sermon for next Sunday night—"Why America Could Not Escape War." You will want to hear this particular lesson.

Now, may we urge all who read these lines to come and join us in the enjoyment of the messages that are to be delivered for the next two weeks. We all need to support the cause of religion in these perilous times. Our homes, our community and our Nation needs what religion has to give. Let us give attention to the things of infinite value—the things of God.

HOPE TO GATHER CARLOAD OF TIN CANS BY THANKSGIVING

Advised of the great government shortage of tin in the county, the Kosciusko county office of Civilian Defense at a recent meeting made plans to stage a county-wide tin salvage drive, seeking a carload of prepared tin cans by Thanksgiving day.

Prepared tin cans are to be collected by grocery and food stores throughout the county hereafter, and patrons are requested to save all their tin cans, prepare them and take them to their food stores. Each week the various city, county and state highway trucks will collect these cans from the stores and haul them to a central storage plant in Warsaw from which they are to be loaded on a railroad car and shipped directly to a de-tinning plant.

It is felt by those in charge of this drive that the great need of tin in the war effort will be sufficient to enlist every citizen of the county in this patriotic task and that by the co-operation of every citizen it will be possible to go over the top with a complete carload of twenty tons of salvage tin by Thanksgiving day. Excellent cooperation on the part of the stores throughout the county is being manifested as well as by the the folks of the highway department.

D. A. R. MEETS AT RAY RUSH HOME

The Anthony Nigo chapter of the D. A. R. met Tuesday evening at the home of Mrs. Ray Rush with Mrs. Lena Igo as assisting hostess.

Mrs. Rush, the regent, gave an interesting report of the state convention recently held in Indianapolis and Mrs. Ruth Urschel, in her capable manner, gave a talk on American music.

Mrs. Urschel and Mrs. Earl Smith were guests.

Dainty refreshments were served by the hostesses.

The chapter adjourned to meet on November 23rd at the home of Mrs. Vera Kelley.

METHODIST CHURCH TO STUDY POST WAR PROBLEMS

Beginning next week the members of the Mentone Methodist Church, and others who may desire to cooperate, will begin studying some of the post war problems which must be met by government, educational and scientific agencies of the church.

The study is being made in cooperation with the board of missions of the Methodist church, which has worked with similar groups from the Federal Council of Churches of Christ in America, which has outlined the course.

Local discussion leaders will lead in the study of the following courses:

The Church and Human Welfare.
God and the World We Live In.

The Christian Interpretation of Man.

The Christian Interpretation of Nature.

The Spiritual Basis of Democracy.
New Race Issues.

Post-war World Economy.

The Land and Human Welfare.

Politics and Human Welfare.

The Health of the World Community.

Christianity and the Workers of the World.

Human Character and the World Order.

These studies will continue for one month in the homes of those who are interested, and on Sunday, December 5, a review of the studies will be presented to the public in an afternoon and evening program.

A complete explanation of the proposed study will be presented next Sunday at the morning worship service. The names of the discussion leaders will also be given at the same time.

The services of the Methodist Church are open to everyone at each service.

GIVEN SURPRISE SHOWER

A surprise shower on Mrs. Raymond Rogers, formerly Miss Ruth Peterson, of southwest of Mentone, who was married in September at Plymouth, was held Thursday afternoon at the Finney home in Plymouth.

There were 52 ladies present to enjoy the social afternoon and the bride received many lovely gifts.

Mr. and Mrs. Rogers plan to live near Plymouth where the former is employed.

SODALES CLUB MEETS

Friday evening at 6:30, fourteen members of the Sodales club met for their annual anniversary dinner at the home of Mrs. Charles Manwaring with Ms. Ellen Stanford and Mrs. Nellie Reed assisting hostesses. A delicious dinner was served at tables attractively decorated in keeping with hallowe'en. After dinner, the evening was spent in playing bingo. Names were drawn for the Christmas exchange.

FOORS AGREEABLY SURPRISED BY VISITORS

Mrs. Maude Onthank, who is caring for her mother, Mrs. Ahmy Foor, received a wire Saturday stating that a friend, Mrs. Jack Spears of Chicago would arrive that afternoon for a visit. When she met the bus, Mrs. Spears appeared, accompanied by her daughter, Mrs. Frankk Spanole. And to add to the surprise, Mrs. Onthank's son, Donald, stepped off the bus. He formerly lived at Mentone and attended high school at Talma. He has spent some time at Pearl Harbor and in the South Pacific. Mrs. Onthank's brother, H. A. Lyons, and wife of Des Moines, Iowa also showed up to give additional surprise to the occasion. Monday her sister, Mrs. P. S. Yocum of Washington, D. C. came to visit and a grand time was had by all. Mrs. Spears and daughter returned home Sunday and Mr. and Mrs. Lyons and Mrs. Yocum will return Saturday. Donald will remain for a longer visit.

SON-IN-LAW DIES SUDDENLY

Mrs. M. Cochran was in Mentone a short time Monday and announced that her son-in-law, G. A. Cox, aged 42 years, died suddenly Friday while visiting his father at Fairmount, Ind. Mr. Cox resided at Cape Girardeau, Mo., where Mrs. Cochran had been visiting. She stated she was returning to Missouri with her daughter for a few days before completing her business affairs at Mentone.

"CORNIE" WALLACE WRITES FROM "100 FEET ABOVE SEA"

George Clark received the following letter today:

"Well I guess I will write you a line George while I haven't anything to do. In all cases I hope you will be able to read this. I am flying now about one hundred feet off the sea. The air is fairly smooth but every once in awhile you get a slight jar. I received your letter and clipping all right and I really enjoyed them. Have been awful busy the last few weeks and looks like we will be for awhile. I flew about seven hours yesterday and it looks like I will get that many more today. I trust everything is going all right back there. We are doing all right. Getting enough to eat and plenty of sleep. I haven't been able to run across Bob D. (Duglay) or George I. (Mollenhour). I think they are in Italy but I may see them some day regardless. I have been to Italy a few times. Was also to Sardinia a couple of times so I am still getting along. That is what I like about the Troop Carrier Squadron. You are always going somewhere. Well I guess I had better start closing this down as the pilot just put the wheels down. Keep writing as I appreciate your letters very much. Good luck and be good. Your sincere friend, Cornie."

The above V-mail letter was written Oct. 10, 1943.

Mr. and Mrs. Ernest Williamson of Burket, Mr. and Mrs. Vernon Jones and Mrs. Ella Styles of Warsaw, spent Sunday with Mr. and Mrs. Virgil Nelson of South Bend.

MANAGEMENT VIGILANCE KEY TO POULTRY SUCCESS

The shrewd poultry raiser watches his flock like a hawk. He knows the minute anything goes wrong and for that reason he checks trouble at the START, not after it has entrenched itself.

LOOK AFTER THE HEALTH OF LAYING FLOCK

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

□ KEEP A CHECK ON FEED CONSUMPTION

In a previous ad we urged that you keep a check on your flock's feed consumption. We repeat this again because it is of utmost importance. When birds stop eating — there's a reason — check at once and take the necessary steps to correct. Falling-off feed is a warning and may be caused by intestinal worm infestation, or perhaps some bacterial disease such as cholera or typhoid. Pox, colds and roup may also cause drop-offs.

□ ACT PROMPTLY AT FIRST SIGN OF SICKNESS.

Don't wait until you have lost half your flock before taking steps to stop disease infection. As fast as you notice the appearance of trouble have it diagnosed immediately and do whatever is necessary to check it. Many times serious losses can be averted by prompt action at the very outset of trouble.

□ DISPOSE OF DEAD ANIMALS PROMPTLY

Dead, diseased birds should be burned or disposed of immediately after examination to determine cause of death. They constitute disease carriers which can cause a spread of infection throughout the entire flock if left in the house or anywhere that other birds can pick at them. If you bury them put them deep enough so animals will not dig them up again.

USE OUR POULTRY HEALTH SERVICE

We are in a position to help you with your poultry health problems. Call on us whenever your birds are threatened with disease of any nature. The National Poultry Conservation Program has our support, as signified by the emblem at right. We will do our best to help you.

The above, with the exception of the emblems and circles representing each political party that will appear at the top of each column, is approximately as the ballot will appear in the Town election to be held at Mentone on Tuesday, November 2, 1943. The voting place will be at the Public Library and the polls will be open from six o'clock in the morning until six o'clock in the evening. As is customary in Indiana, voters desiring to vote either for all democratic or all republican candidates, can do so by marking an "X" within the circle enclosing the party emblem at the top of the column. Those desiring to vote for candidates on both tickets can do so by marking an "X" within the square before the name of the candidate. Only one square can be marked for candidates for any particular ward or office.

that gifts and cards mailed in the weeks immediately preceding Christmas will be delivered on time. Such matter must not impede the movement of war materials and personnel and military mail.

Transportation facilities are heavily burdened. The number of railway cars and airplanes available for handling Christmas mail is far below that of former years. Facilities simply are not available to transport and deliver in the last three weeks before Christmas, the tremendous quantities of mail that we heretofore moved in that period.

More than 30 thousand postal employees have gone into the armed forces. They have been largely replaced with less experienced personnel. In the past, we have called in more than 200,000 temporary employees to help us with the holiday mails. Great numbers of these are now in the armed forces and war industries. This year we must rely largely upon women and high school boys and girls, who cannot work long hours or at the high speed of experienced personnel.

The only way, therefore, in which deliveries of Christmas mails can be made on time is by spreading the mailings over a longer period so that available transportation equipment and postal personnel can be used during more weeks.

Special efforts should be made also to extend the use of postal delivery zone numbers on all mail addressed to cities having that system, because the numbers expedite mail distribution.

The Postal Establishment today is delivering record-breaking volumes of mail and also is performing huge extraordinary war-time tasks. The Christmas mails will be in addition to all these services, which must be kept at maximum efficiency. We must have public cooperation if these mails are to be delivered on time.

Last year, at the urging of postal people, the public did start its mailings earlier than usual, but the early volume was small. There was a deluge of later mailings. Many people who did not mail within the time specified by the Post Office Department learned to their regret that their friends did not receive the cards and gifts until after Christmas.

Postmasters and other postal employees therefore should use every means to bring to the attention of mailers this warning:

The war has dislocated the Christmas mailing season. This year, NOVEMBER is the time for mailing Christmas gifts and cards. Gifts should be marked, "Do not open until Christmas."

If that message is spread widely

and effectively through your local newspapers, radio commentators, theatres, schools, churches, chambers of commerce, posters, post office bullet-in boards, and other means, it will then be fairly up to the public to make its own decision. If the decision is to mail early, gifts and cards will arrive on time. If mailings become a last-minute deluge as in peacetime years, it will be physically impossible to deliver them by Christmas in view of the wartime handicaps.

Outstanding!

It sometimes seems as if the rising flood of frivolity and change would submerge all the ancient landmarks which the fathers have set—among which the Sunday school is outstanding. Far-seeing people must stand together, firm in the faith that the flood will in due time subside, leaving the soil all the richer.—George D. Mitchell, Managing Ed., The Pathfinder.

NUGGETS FOR BEREANS

No. 81

"THEN THEY ALSO WHICH ARE FALLEN ASLEEP IN CHRIST ARE PERISHED." (1 Cor. 15:18).

I would advise you to read this entire chapter before going on with a study of this verse quoted above. You will then get the reason for the argument and the scope of the material presented.

Paul was here correcting errors

that had crept into the church at Corinth and the worst one was the teaching of the Greek philosophers concerning the soul. Plato and Aristotle, a few centuries before, had taught that man had a soul. This soul that they invented was supposed to be something like a spook. It was invisible. It could be freed from the body and still be conscious. In fact, they believed that it could carry on many of the bodily functions outside of the body. They thought it could feel, think, and be confined to locality even tho it had no nerves, brain, and made of nothing. They believed that death freed this soul from the body and that it immediately went either to a place of bliss or a place of torment and would exist forever in that state.

No wonder Paul was swift to nail this lie of Satan which was getting into the church. It not only was in direct opposition to all the teaching of the Law and Prophets, but it did away with the necessity of the resurrection of the Lord. These people in Corinth should have realized that they would never see the Lord except in resurrection; but as in many times since, they began to make the resurrection of little importance.

Paul might have reminded them that David never expected to see the Lord save in the resurrection (See Psa. 17:15); or that Job believed likewise (Job. 14:12-15). Solomon knew that when a man was dead, he was no longer alive (Eccl. 9:5, 10). Space forbids further references, but do a little searching for yourself on this subject.

Paul makes it plain that if the dead do not rise, then Christ is not risen. And if Christ is not risen, then all who are asleep in Christ, (that is, the dead) are perished. They have no existence outside of the memory of God and all hope for them is vain.

As you read the epistle to the Ro-

mans, you will discover that Paul says that the wages of sin is death. This is in keeping with Ezek. 18:4, 20. Paul keeps in mind Gen. 2:7 where it is declared that man is a soul (No Scripture being found which says that man has a soul), and so then the only hope for a man that is dead and gone is a new life. The gospel of grace, of which Paul is a special minister, has this as its theme. But even this new life will be taken from those who have rejected Christ. They will die the second death which is eternally final in that there is no more provision for another resurrection after it.

So let us remember "FOR IF THE DEAD RISE NOT, . . . THEN THEY WHICH ARE FALLEN ASLEEP IN CHRIST ARE PERISHED."

—Oscar M. Baker.

SCHOOL NEWS

Hearing tests, sponsored by Purdue University, were given last Tuesday. Forty pupils at a time were tested. Earphones were put over the ear and a record transcribed numbers which the pupils wrote on blanks made for the tests. The numbers kept getting fainter and fainter. In this way it tested the pupils' hearing ability. Pupils whose tests showed low averages were again tested to see if they really were hard of hearing.

NURSE WRITES FROM ITALY

Mr. and Mrs. M. C. Snyder of near here, have received the following letter from their daughter, Kathryn, who is a nurse stationed in Italy:

"I've had five or six letters in the past few days, so I'm very happy. Mail surely is a morale builder. You seem to know more about us than we can tell so I'll let the papers keep you informed. Will write as much as possible, when I can. The country here is simply beautiful, and we have the loveliest mountains I have ever seen behind our hospital. We had a terrific rainstorm and all our tents were blown down. We dug all our possessions out of the mud the next day and it took lots of cleaning to get back in running order. Hope I never spend another night in the rain. I'm glad you are not worrying. I'm coming back to my little house and all of you in spite of 10 Hitlers. Kathryn."

The letter was written on October 10, 1943.

CAMPAIGN FOR SCRAP IRON,
STEEL, FATS, ETC. NOW ON

The members of the county organization for civilian defense met recently and inaugurated a complete campaign for Kosciusko county for the gathering in of all materials of salvage necessary in the successful operation of the war. Included in the list of vital scrap and salvage is all types of heavy iron, waste fats, tin cans and paper.

K. A. Riner, local chairman, states that prices being paid for the various items is uniform; namely, 50c per hundred for heavy scrap iron, 4c per pound for waste fats. The price for waste paper wasn't announced, while no payment has or will be made for salvage tin.

Dale Kelley, principal of the Mentone schools, is arranging a program within the school for the collection of waste paper. The proceeds from the sale of this paper will go to various school activity funds.

In announcing the drive, County Civilian Defense Chairman Hobart Creighton, through the Office of Civilian Defense, stated: "Higher production schedules face these steel mills from now on to meet the demands of the armed forces which have an aggressive war underway. Farm scrap is particularly wanted because of its high quality. It is needed both for war materials and for the steel required to meet the expanded program of farm machinery output."

DORAN-SCHUTZ WEDDING.

The wedding of Miss Delta Dean Doran of Burket and Donald Wayne Schutz of North Manchester was solemnized Saturday evening at 8:30 o'clock at the First Brethren Church in North Manchester. Rev. Raymond Schutz, father of the groom and well known professor and lecturer of North Manchester officiated at the impressive double-ring ceremony, performed before a background of large yellow chrysanthemums and white candles in large floor candelabras.

Preceding the ceremony, Miss Charlotte Schutz, sister of the groom, presented a half hour of appropriate music. The bride was given away by her father, Mr. Virgil Doran of Burket. Attending the couple as matron of honor and best man were Mrs. Elanore Doran, sister-in-law of the bride and Mr. Richard Schutz, brother of the groom.

The bride wore a gown of lovely, white brocaded satin with a full length train and a white veil and carried a white satin covered Bible. Her attendant wore a formal of cream lace and carried small yellow chrysanthemums. The mother of the bride wore a black and white costume and the mother of the groom an all black costume. The usher, Mr. Hal Doran, brother of the bride, and the best man were in uniform.

The ceremony was witnessed by about one hundred relatives and friends. Following the ceremony, a reception and wedding supper was held at the home of the bride and groom, at Crescent Stud Farm just outside of North Manchester. Many beautiful wedding gifts were received by Mr. and Mrs. Schutz.

The bride graduated from Burket High School and North Manchester college. She taught music for three years at the Burket High School and will complete her second year as a music teacher in the Laketon (Ind.) High School. Two years ago Mr. Schutz directed the Burket High School band when it took first honors at the state band contest. The bride also represented Burket in the beauty contest which was held at the Mentone egg show about four years ago.

The bridegroom graduated from North Manchester High School and attended North Manchester college and Purdue university and at present owns and operates one of the best stables of Arabian horses, of which he has made an extensive study.

The young couple will be at home to their many friends at Crescent Farm, North Manchester.

Mrs. Nellie Riner spent Sunday with Mr. and Mrs. A. T. Mollenhour.

Mrs. Ella Latham of Mentone, and Mrs. Walter Boice of Troy, Ohio, spent Wednesday at Culver the guest of Mr. and Mrs. John O'Connor and sons.
