### P. T. A. NEWS

P. T. A. committee chairmen and officers met at the school building Monday evening to decide a date for the next P. T. A. meeting.

The date will be the 4th Wednesday in October (22nd). Further dates and details will be announced later.

### MERCHANTS ELECT OFFICERS

Twenty-three Mentone business people gathered at the Masonic rooms Tuesday evening to enjoy a chicken dinner prepared by the Lake Trail Cafe and served under the supervision of Lyndes Latimer.

In the business session that followed Jack VanGilder was elected president; Jack Shinn, vice president, and James Rodibaugh, secretary-treasurer.

The advisability of continuing the organization on an active basis was discussed at length, and the general expression of opinion favored its continuance, except that meetings be on a called basis and not at stated intervals.

Among the many purposes of an organization of this kind is the promotion of all matters and affairs that will benefit the entire community. It is easy for one to imagine that a Merchants' association would deal with only matters pertaining to business people, and such is the case, but these matters go far out into the surrounding countryside and involve everyone. They work for and promote everything that will benefit the community, regardless of whether it is recreation, social enjoyment or facts relative to the prosperity of its citizenry.

Any group that is working in such an unselfish manner should have the support of everyone, and perhaps those business people whose occupations prevent them from taking an active or working part, should at least support its programs financially.

### SERVICEMEN NEWS

Malcolm Long was a recent visitor home on leave.

Merl Blue and Tubby Coplen are now on leave visiting home folks.

Chet Smith and Floyd Nicodemus have received their honorable discharges from the service.

Word from Mrs. DeWitt, thanking friends for their kindness in canning their vegetables, also states that Rev. DeWitt is now able to walk a little with some help.

### DR. WALTZ TO LEAVE OCT. 14

It is with regret that we learn that Dr. F. C. Waltz will leave Mentone for Florida Oct. 14th, relinquishing his medical practice in Mentone. In making his announcement he stated that his physical condition would not tolerate the climate in this part of the nation.

During his stay here Dr. and Mrs. Waltz have made many friends and he has enjoyed splendid medical patronage. He has no definite point in Florida for relocation, but expects to find a suitable place somewhere in that state. Mrs. Waltz will remain in Mentone until about Nov. 1.

Local citizens are attempting to get a reply from another possible doctor prospect before sending out a general alarm.

### McFADDEN

Dr. and Mrs. O. L. McFadden, are the parents of a daughter, weighing five pounds, 12 ounces, born at 10:36 a. m. last Friday at the McDonald hospital.

The new baby girl has been named Deneice Evelyn.

### ALBERT SEARS RITES HELD

Funeral services were held at 2 p. m. Wednesday at the Reed funeral home in Mentone for Albert Sears, 52, native and former resident of Mentone, who died in Jackson Memorial hospital, Miami, Florida, after ten months illness of complications. Rev. David Gosser, pastor of the Mentone Methodist church, of which Mr. Sears was a member, officiated.

Mr. Sears was born in Mentone on November 2, 1899, son of Charles and Mary (Sarber) Sears, and had resided in Mentone all his life with the exception of the last four years spent in Miami.

Surviving are his step-father, Abe Whetstone, of Mentone, and two cousins, Kathleen Hall and Chloe Errington, both of Cassopolis, Michigan; an aunt, Mrs. J. M. Heckman, of Etna Green and a niece, Mrs. Vivian Herbie, of Detroit.

### DON LONG HAS POLIO

Sgt. Donald E. Long, son of Mr. and Mrs. Jay Long, of southwest of Mentone, is confined to an Army hospital at Camp Atterbury because of an attack of polio.

A veteran of Korean warfare, Sgt. Long arrived home on September 1, partially paralyzed, and was taken to Camp Atterbury base hospital for treatment. He served 10 months in Korea with the 17th Infantry Division.

He was due to be discharged from service last Friday.

Friends of his may write to him at the following address: Sgt. Donald E. Long 55060279, Ward 1B Room 23, Camp Atterbury, Columbus, Indiana.

### BREAKS LEG

John Clutter, 15 year old son of Mr. and Mrs. Clayton Clutter, of Route 4, Warsaw, underwent an operation on Monday for the open reduction of the fracture of his left leg, sustained Sunday afternoon at his home. A block of cement fell on him while he was working in the basement.

### GOOD — HOSTETLER

A very quiet wedding was solemnized at 2:30 Thursday afternoon uniting in marriage Miss Eva Hostetler and Ralph Good both of near Warsaw.

The wedding took place at the Lebanon E. U. B. Church southwest of Wabash with the pastor, Rev. Guy R. Champlin officiating.

Preceding the ceremony Mrs. Champlin softly played the prelude of bridal music.

The Bride was attired in a dress of brown crepe with satin trim, with which she wore accessories to match and a Corsage of bronze and yellow pompoms.

A double wedding ring ceremony was read in the presence of a few immediate relatives and friends.

After the reception held at the parsonage, the couple left for a short honeymoon trip.

Upon their return they will reside north of Burkett.

The bride is employed at the Bryans' Manufacturing Company in North Manchester and the groom is an employee of the State Highway Department.

**EARLY MILK GLAND SIZE INDICATES COW'S PRODUCTION**

Dairy research work at Purdue University reveals that milk gland development in calves three, four and five months old can give an accurate indication of future production. By palpating—measuring by feeling—the milk glands of young heifer calves, unlikely producers can be culled out without wasting feed, barn space and labor on them for two or three years.

The ability of predicting future production has special merit under present economic conditions. It has been estimated that on the average a dairyman will spend \$250 to raise a calf from birth to milking age.

More than 350 heifer calves of the Holstein, Jersey, Guernsey and Red Dane herds at Purdue University have been palpated for mammary gland development since this research work began in 1949. Palpating is done by gently pressing the mammary glands within the udder between the second finger and thumb and measuring their size in inches. Also, the stage of development is determined to see if the glands are still single or whether they have started to grow into pairs.

The first group of calves palpated have finished their first lactation period. After their milk production records were compared with their palpation grades, the results showed that heifers grading highest in gland palpation at three to five months of age produced highest during their first 305-day lactation period. And, in all lower grades, milk production decreased as grades decreased.

Similar work with older heifers using the fiber content of the udder as a basis for predicting production has been fairly successful. However, it requires a great deal more practice and

knowledge of the physiology of a cow's udder. There is no set scale or measurement—such as inches—to use. For this reason, the fiber method of predicting production is not as reliable as palpating mammary glands in young heifer calves.

**COUNTRY NEIGHBORS MEET**

The Country Neighbors Home Economics Club met recently at the home of Mrs. Wm. Rathbun.

The meeting was called to order by the president, Mrs. Uda Maxwell. The pledge to the flag and club creed were repeated. Members responded to roll call with a hint on first aid. The song of the month, "Carry Me Back to Old Virginia," was sung and the Lord's Prayer was repeated for meditation.

Mrs. Maxwell introduced Miss Annabelle Rupel, who in turn gave the lesson, "Civil Defense," which proved educational to all.

## EXPECT THE WORST FROM A "THUMBER"

Two out of every five thumbs that beg for rides are on file with the Federal Bureau of Investigation in Washington, Charles M. Hayes, president of the Chicago Motor Club points out.

He deplored the fact that motorists still continue to give rides to hitchhikers despite increases in kidnappings, robberies and murders.

The Club president explained that in addition to the chances of physical violence motorists take with hitchhikers, in 25 states the practice is prohibited.

Newspaper accounts of hitchhiking misfortunes do not give the overall picture. To get the nationwide story,

when you read of a hitchhiking murder or assault, multiply by 40. A newspaper usually publishes accounts of hitchhiking crimes in its vicinity only but occasionally runs stories of national importance.

There is more than just the bodily safety of the driver that is involved. Motorists run the risk of damage suits in the event of injuries to hitchhikers resulting from accidents.

To keep yourself and your loved ones free of hitchhiking worries Hayes suggests:

1. Don't pick up hitchhikers.
2. Encourage your friends, business associates and employees to ignore hitchhikers.
3. If you want companionship on a lonely trip, whistle. It might not be entertaining but it will be safe.
4. If you feel sympathetic towards a hitchhiker who "looks all right" remember you can't judge character by appearance.

Mrs. Earl Meredith enjoyed a picnic dinner on Sunday with Mr. and Mrs. Henry Blesch and family of Akron, and other relatives of theirs from Chicago and La Mont, Illinois.

We have the  
**NEW**  
Swift's  
Mineral Supplement  
**BLOCK**

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:  
—It's soft enough so animals get their mineral quota easily  
—It's hard enough to resist weather  
—It's easy to handle, easy to feed  
In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements:  
• Magnesium  
• Iron  
• Copper  
• Cobalt  
• Sodium  
• Chlorine  
• Calcium  
• Phosphorus  
• Magnesium Sulphate

### PHEASANT HUNT SHORTENED AT PUBLIC HEARING

Indiana's sportsmen registered opposition to a department conservation proposal that the fall pheasant hunting season be lengthened to six days this year.

At a public hearing September 19, in Director Kenneth M. Kunkel's office, the hunters pointed out a noticeable lack of pheasant afield. Their observations were backed up by reports from the Rural Mail Carriers game population survey and the annual Roadside Count taken by conservation officers. Consequently, Discretionary Order No. 49, concerning this year's pheasant hunting season, has been amended to include only three days of hunting activity beginning November 10 and ending November 12.

## PALESTINE NEWS

Mrs. Edison Vandermark

Mr. and Mrs. H. F. Powell, of Zephyrhills, Florida, and Mr. and Mrs. H. W. Powell, of Findlay, Ohio, spent several days with their sister, Mrs. Edison Vandermark, of near Palestine.

Mr. and Mrs. Herbert Riley, of Muncie, spent the week end with Mr. and Mrs. Bert Rickel, of Palestine.

Mrs. Ray Wilttrout, Mrs. Roy Stickler, Mrs. Eldon Horn and Mrs. Floyd Blackwell spent Monday evening with Mrs. Edison Vandermark.

Mr. and Mrs. Roy Stickler and Mr. and Mrs. Joe Stickler have returned from an extended trip through the West. While in Colorado they visited the Stickler brothers' sister, Miss Leona Stickler, who lives in Colorado Springs.

On Sunday Mrs. Vern Powell entertained at her home near Leesburg, Mr. and Mrs. H. F. Powell, of Zephyrhills, Florida, Mr. and Mrs. H. W. Powell, of Findlay, Ohio, Mr. and Mrs. G. E. Powell, of Clunette, Indiana, and Mrs. Edison Vandermark.

Mr. and Mrs. Bert Rickel spent Monday evening with Mrs. Edison Vandermark.

Mr. and Mrs. Ray Wilttrout spent the week end with their daughter and son-in-law, Mr. and Mrs. Don Vance,

of Napoleon, Ohio.

Mr. and Mrs. Orval Secor and family moved to Warsaw, Saturday, where they will make their future home.

The WSCS of the Palestine Methodist church met in the church basement Thursday. At the noon hour a delicious picnic dinner was served. Mrs. Ray Wilttrout presided in the business meeting in the afternoon. Mrs. Bert Rickel gave the devotional and Mrs. Henry Pletcher gave the lesson. The next meeting will be at the home of Mrs. Marshall Eaton on October 23.

Quite a number from this vicinity attended the Egg Show at Mentone last week.

## SCOUTS HEAR STATE TROOPER

On Monday evening, September 29, the local Boy Scout Troop No. 58 was host to the Atwood and Etna Green troops. Scoutmaster Wayne Tombaugh had obtained State Trooper James (Whitey) de Armond of the Ligonier Post to present a lecture and film on

School Safety Patrols. Trooper de Armond was introduced to the scouts by Mr. Ora McKinley who knew the Trooper from "a way back" in their Wabash days.

Following the lecture and film, a brief demonstration in ju-jitsu was presented by the speaker at the expense of Don Rush who was the victim. Ice cream bars were enjoyed by the scouts, and following a short discussion on the subject of the School Safety Patrol by the Scout leaders the meeting was adjourned.

For this Monday evening, October 6, Scoutmaster Tombaugh announced a Court of Honour. The parents of the Scouts are requested to attend, for it is an advancement program which the Scouts enjoy having their parents observe and participate in. One hundred per cent attendance is desired for Scouts and parents. Mr. Paul Wagner, the district Scout Commissioner will participate.

# LOCAL MEN WRITE IN HEALTH MAGAZINE

The September issue of the American Heart Journal contained an article by Dr. Dan Urschel and Mr. Denton Abbey describing some research work they have been doing in interpretation of electrocardiograms. This work, called mean spatial vector cardiography, was first reported from the heart clinic at Emory University in 1949, and is attracting increased attention among cardiologists, because it has enabled cardiograms to be interpreted on a much more precise basis than was previously possible. The work reported by Dr. Urschel and Mr. Abbey is based principally upon a plastic model devised by the latter, and it was this apparatus which was the subject of the recently published paper. A subsequent article by the same men, describing the appearance of the spatial electrocardiographic vectors in normal individuals, has been accepted by the American Heart Journal for later publication.

In collaboration with Dr. George Gates, of the South Bend Clinic, Dr. Urschel has been investigating the vector cardiographic changes in thyroid (goiter) heart disease. Other abnormal heart states will be the subject of further study and report.

## FEED SUPPLIES AFFECT CATTLE FEEDING CYCLE

Although drouth conditions have changed the feed supply outlook as seen earlier, feed grain production is sufficiently large, in general, to make costs of grain in the feed lot very slightly higher than last year, says M. Paul Mitchell, marketing specialist, department of agricultural economics, Purdue University.

The drouth conditions have reduced feed supplies in the western cattle producing areas. Ranges have been stocked to capacity since early spring. During the summer months all of the range states east of the Rockies have reported below average feed conditions.

Several states have had the lowest pasture conditions since the drouth years of 1934 and 1936. Increased cattle numbers and a rather severe winter reduced feed reserves in many areas last year. Needed feed reserves for winter have not been rebuilt under the weather conditions of the current summer.

The South has fared even worse with extreme drouth conditions prevailing

during much of the summer. It would thus appear that the upswing in the cattle cycle will be slowed down or halted until more adequate feed supplies are available. In adjusting to this situation, substantially larger numbers of thin cattle will be marketed this fall. Whether these are slaughtered or go to feed lots in larger numbers will depend to a large extent upon the decisions of Corn Belt cattle feeders, as they weigh cattle price relationships against feed supplies and prices.

Lower feeder cattle values are setting the stage for an improved cattle feeding outlook as compared with last year, says Mitchell.

## ADD MANPOWER WHEN EXPANDING BROILER UNITS

Broiler producers in Indiana differ in opinion as to the size of unit which may be cared for by one man. The average grower, according to a survey made by a national poultry magazine, handles from 15,000 to 25,000 birds. However, some Hoosier broilermen are aiming towards 40,000 bird units for a one-man operation.

Purdue University poultry extension specialists points out that it is the exceptional Hoosier grower who can handle 40,000 birds efficiently. Expansion may be at the sacrifice of quality if one man attempts too large a unit. Even slightly better quality can offset the extra labor costs. Therefore, Purdue poultry specialists say that of the flock is to be expanded to approximately 40,000, the hiring of an extra man should be considered.

Labor costs represent about five per cent or less of the total cost of raising a broiler on the large commercial farm. Average wages for one man to produce 20,000 birds will be about \$600 for a 12-week period. If the selling price is 24 cents per pound, one ounce of broiler is valued at 1.5 cents.

Assuming that the average market weight of the 20,000 birds is 60,000 pounds, and if the average weight increase due to management were only as little as one ounce, the increased return would be \$900. This would offset the wages of the extra man.

The extension poultrymen stress that it is seldom possible for one man caring for 40,000 birds to adequately check for disease outbreaks. Automatic waterers and mechanical feeders on that large a basis often need attention which would leave little time for routine care or disease control.

## HUDSON — PLANT

The Sidney Christian Congregational church was the scene of the Sunday afternoon marriage of Miss Leafy Plant and a/2c Jerry C. Hudson, son of Mr. and Mrs. W. F. Hudson, Sr., of Akron. The bride is the daughter of Mr. and Mrs. Glen Plant, of Sidney. The Rev. Myrtle I. Baker performed the double ring ceremony at four o'clock before an altar of lighted candelabra and beauty baskets of yellow marigolds.

Given in marriage by her father, the bride chose a gown of white sheer, ballerina length with a Peter Pan collar and elbow length puff sleeves. She wore a white halo hat with a veil of nylon illusion and carried her Bible a gift from the groom for which the covers were cut from olive-wood trees

grown in the Holy Land. It was topped with her bridal bouquet of yellow roses.

The bride also wore an A. F. insignia necklace which was worn by the groom's mother at her wedding and on her arm she wore a gold bracelet of her mother's.

The bridesmaids were the bride's sisters, Mrs. Donald Elder and Mrs. Harold Michael. They wore organdy gowns in pastel colors of yellow and green styled identically. Both wore brown feather veiled hats and carried colonial bouquets of autumn flowers.

Serving as best man was William F. Hudson, Jr., brother of the groom and the wedding guests were seated by John Plant, brother of the bride and Alden Jones, Jr. The candles were lighted by David Michael, nephew of the bride.

Vocal selection of "At Dawning," "Oh, Promise Me" and "The Lord's Prayer" were by Miss Margaret Dome. The pianist was Mrs. Orville Goodrich.

The bride's mother wore a dress of navy blue with white accessories and a corsage of white pompons. The mother of the groom wore a dress of black sheer with pink accessories and her corsage was pink snapdragons. The groom's grandmother, Mrs. Kercher, wore a suit dress of navy blue with matching accessories and a corsage of fringed astors.

For traveling the bride changed to a dress of black and white silk tweed with black accessories and a shoulder corsage of yellow roses from her bridal bouquet. The couple left immediately for Syracuse, N. Y., where the groom is stationed with the U. S. Air Force.

Just before the ceremony the groom received a telegram from S-Sgt. Harry Foder and M-Sgt. Joseph Loucure,

two of his former buddies now stationed at Wright Patterson Field, Dayton, Ohio, expressing their regrets of not being able to attend the wedding but sent their congratulations and best wishes.

The employees of Coopers' Store staged a birthday surprise party for Raymond Cooper at the home of his brother, Virgil Cooper, on Wednesday evening.

The eleven Mentone Egg Show Queen candidates shown above are: Eleanor Hazen, Tippecanoe; Sally Williams, Atwood; Sharon Williamson Burket; Sharodene Lowery, Claypool; Shirley Overmyer, Talma; Josephine Heisler, Etna Green; Judy Clinker, Beaver Dam; Helen Miller, Akron; Nancy Bright, Laketon; Sereta Ring, Silver Lake; and Kay Hatfield, Mentone. Miss Overmyer was chosen Queen with the Misses Williams, Heisler, Hazen and Williamson chosen as attendants at the Wednesday evening session of the three-night show.

### FINE EGG SHOW PROGRAM

All in all, the 1952 Mentone Egg Show was one of the most interesting this writer has witnessed. Practically every entertainment feature was well received, and the commercial display tent was received with interest.

The Monarch Music Marvels accordion band were greeted with a full house Wednesday evening and they had a mighty fine program. The selection of the queen, Miss Shirley Overmyer, of Talma, was a featured event on that evening.

The Thursday night educational program was indeed gratifying to the egg show officials. The attendance was exceptional for this part of the show, a point which we haven't been able to do much bragging about in recent years.

L. A. Wilhelm, following a fine program of music by the high school band, spoke about the economic outlook for the poultry industry. Statistics indicate a large feed crop, which will mean better feed prices, and he anticipates the 1953 egg price to be within one cent of the 1952 average price. He stated that although the layers per person is going down, the increased production per bird will leave the total eggs about the same. The egg carryover was about 13 eggs per person but since the annual consumption is about 406 eggs per person, this carryover figure isn't so great.

Tiny, as most people know him, said last year he predicted: Newcastle, new deal and new taxes. If his predictions for the next year come as close as his '52 prediction, poultryman should know about what to look forward to after hearing him Thursday evening.

Ian L. Bell, of the California Spray Chemical Co., spoke about the new antiseptic, Lindane, which, he stated, is taking the place of some of the former "old reliables."

After an extensive routine by the Baer-Bennett novelty team, Dr. Kenneth Esklund, of the State Veterinary Office, gave his opinions relative to control of Newcastle, bronchitis and other respiratory troubles. It was his opinion that vaccinations be of the type that will help eradicate the diseases and not to inoculate by spreading and curing the disease. Of the three possible ways to combat New-

castle, he preferred the "kill" virus method.

Dwight Bechtol, of Burket, who is the designer of the Turbo-Jet egg washer, gave a very fair and complete presentation of this subject. He first conceded that the egg that is never dirty will keep longer and better than one that has been cleaned, regardless of the method of cleaning, and also stated that the individual hand cleaning methods were the better—if you had the time to do it that way. But today, most of us haven't the time and must find more efficient methods. His preference, regardless of the type washer, is one that will clean a basket of eggs just as they come from the laying house. One should use an odorless and tasteless detergent or cleaning agent, do not soak the eggs over five minutes in the solution and keep the solution down to about 105-110 degrees. An important point, he stated, was not to continue using a dirty solution.

After considerable investigation, he said he has found that there was some buyer resistance to washed eggs on the New York market during the summer months, but the price received by the producers has not suffered greatly.

Friday night's banquet program attracted over 400 diners at the tables and John Frederick and his banquet crew had prepared a very delicious dinner. John's regret, he said, was that several of his committee failed to appear and serving wasn't as rapid as he had planned.

So, let's look forward to an even bigger show in '53.

### FIRE DAMAGES FARM HOME NEAR BOURBON

Fire about noon Saturday caused considerable damage to the upper story of the home of Mr. and Mrs. Don Caslow, five miles southeast of Bourbon, on a farm owned by Artie Coar. Fire trucks, manned by firemen from Etna Green, Bourbon and Mentone answered the alarm and the lower part of the house was saved. There was no immediate estimate of the damage.

Members of the Caslow family were eating dinner when the fire was discovered by Bud Church as he passed on the highway.

Mr. and Mrs. George Mollenhour, of Palestine, were Sunday visitors at the home of Mrs. Vernon Jones.

W. P. Hentze, of New York, is spending a few days in the Mentone vicinity calling upon egg producers.

Mr. and Mrs. Otis Dickey, of Warsaw, spent Sunday night with Mr. and Mrs. Devone Jones.

Between 12,000 and 15,000 Hoosier farmers are expected to attend the annual series of outlook meetings to be conducted by the Purdue University agricultural economics department during October. County agents in 90 counties are cooperating in the meetings which will begin October 6 and continue through October 21.

## SCHOOL NEWS

The Junior High softball team ended its softball season on Tuesday with a 9-8 win over Etna Green. The local boys were undefeated this year.

Our basketball practice began on Wednesday evening, October 1. A large number of boys have indicated their intentions of trying out for the basketball teams. The first game of the season will be November 1 with Akron at Mentone.

Mr. Hoffman took his biology classes on field trips on Tuesday.

The Mentone band is planning to participate in the Fireman's parade at Warsaw, on October 8.

Senior play practice started on Monday evening.

Mr. Tucker has purchased a new liquid duplicating machine for the school. Nineteen students are taking Chemistry this year. Mr. Jackson is the teacher.

A number of back copies of the National Geographic have been offered to the school by Mrs. Dale Smith.

At the assembly program last Fri-

day morning, Cloanne Nelson related her experiences at Girls' State; Boyd Blue told of his week at Boys' State. Roger Kelly led in group singing. Mr. Hoogenboom honored the softball boys for the interest and enthusiasm they have shown this year. Three members of the softball team are seniors: Merrill Peterson, Ronald Brown and John Davis. The assembly program was in charge of Mary Van de Water, President of the Student Council.

Films shown this week include "Our Congress," "Legislature," "Writing the Constitution," "Bookkeeping Cycle," "Make Mine Freedom," and "Daniel Boone." These films were borrowed from the County Film Library at Warsaw.

## TO DISCUSS PLANS FOR KINDERGARTEN

All parents of children who are five years old now, are asked to meet at the school building on Friday evening at 7:30 to discuss plans for organizing a kindergarten and the problems entailed.

Miss Bedelia Belle Weirick, a graduate of Wheaton College last spring, has consented to teach the kindergarten class, if enough parents are interested.

The class has been granted the use of space in the Baptist Church, also the use of equipment.

The class would meet half days, only, and the cost would be about \$1.50 for each child.

This has been a long felt need in our community. The place, the teacher and the equipment—these problems have been met. Now it is up to you, the parents, to see that your children are enrolled.

Plan to come Friday evening and tell others who will have children who will go into the first grade next year.

## CARD OF THANKS

I take this opportunity to thank our friends and neighbors for the beautiful flowers, cards and letters we have received during Rev. DeWitt's illness. They are all greatly appreciated. Also I am pleased to report Rev. DeWitt is steadily improving.

## Food Sense—Not Nonsense

Are you a follower of the food faddists? Do you listen to their blasts on the airplanes? Are you influenced by the suggestions of their printed messages? Are you buying their nostrums and gimmicks which are being offered you in scores of ways?

SEVEN BASIC FOOD GROUPS

Doctors, nutritionists, Government authorities and others concerned with the public welfare continue to be disturbed over the influence of these faddists. To counteract it, the public is being assured by authoritative sources that a varied, balanced diet of available foods will provide the nutrients necessary for buoyant health.

In order to simplify the planning of nutritious meals, the Seven Basic Food Groups were developed, as an easy-to-follow blueprint. Those who choose foods from each group daily, regularly obtain protective foods that help build sturdy bodies, make minds alert, and produce quick energy.

Featured in the seven food groups are: Meat, fish and eggs for muscle-building protein, essential vitamins and minerals; milk and milk products for calcium as well as protein; bread, flour and cereals (enriched or whole grain) for three B vitamins—niacin, thiamine, riboflavin—and iron, in addition to energy-sparking carbohydrates; butter and margarine for vitamin A and concentrated food energy.

To simplify selection, the fruit and vegetable families are divided three ways: Green and yellow vegetables, high in vitamin A, iron and other essentials for growth, energy and health; oranges, grapefruit, tomatoes, raw cabbage and salad greens, rich in vitamin C (the seasonal fruits, strawberries, and cantaloup and some others also are high in this important vitamin). The popular group which includes potatoes, beets, onions, corn, and other vegetables, and pears, apples, bananas, pineapple and other fruits, lends variety to meals and help round out the dietary needs.

By including foods from these three fruit and vegetable groups every day the diet tally will show that all the required vitamin C has been included; about 2/3 of the vitamin A; 1/2 of the iron, niacin and thiamine; and 1/4 of the calcium and riboflavin. Because of their carbohydrate content they furnish a significant part of the energy requirement.

Known as "protective" foods, these fruits and vegetables help build a defense against disease and infections, provide roughage and are an aid to good vision. Items from each one of the three groups, as well as from the other four of the basic seven must be eaten each day to assure a diet that is adequate, nourishing and health building.

#### RURAL HEALTH WORKSHOP PLANNED FOR WEDNESDAY

The Women's Auxiliary of the state medical association is holding a Rural Health Workshop in Rochester next Wednesday, October 8. The meeting is being held at the Whitmer gymnasium and is for the purpose of discussion of leading health problems.

The morning session begins at 9 o'clock. At 9:45 there will be a Heart Panel with Dr. Dan Urschel as one of the three speakers. At 11 o'clock is the Cancer Panel, with Dr. Thurman B. Rice listed as one of the three speakers. This will be followed by a cancer film.

Following a luncheon at the Presbyterian and Methodist churches, the group will convene at 1:30 for the Health Problem Panel. E. S. Castor, former superintendent of the Rochester schools, will be one of the three speakers.

Home Economics club members are especially urged to attend this Health Workshop.

Luncheon reservations may be sent to Mrs. M. O. King, Rochester, Indiana.

#### HAVE YOU REGISTERED?

"Once to every man or nation  
Comes the moment to decide,  
In the strife of truth with falsehood,  
For the good or evil side."

The above poem, taught years and years ago in our one room schools, carries much truth, especially in this year of election. If you want a voice in making a decision this November 4th, you must be a registered voter. The last day to register is October 6—next Monday.

Remember—your vote is the one that counts.

#### DON'T BE TOO SURE

Take it from someone who ought to know—you'd better check your driver's license, for it may have expired with your last birthday, too.

Since this happened to us, we've had quite a bit of fun just casually bringing up the subject in various groups and seeing a certain smug smile change to chagrin when various drivers checked and realized that "it can happen to me." How about your driver's license?

#### COMMUNITY SINGSPARATION SATURDAY AT AKRON

The Community Singspiration will be held Saturday evening, October 4, at the Akron Church of God. Please notice that the time is 7:30 p.m. CST. Another fine program is planned featuring special numbers by talented youth from the participating churches and song leading by Rev. Jack Harvey. Election of officers will be held. Be sure to come.

The following persons have been nominated for official positions for the coming year: (one of each will be elected)

President—Kenneth Swick, Clifford Kindig and Pat Burkett.

Vice President—Esther Dawson, Gerald Smalley and Floyd Dorsey.

Secretary-Treasurer—Carol Teel, Elsie Eller, and Rosella Gagnon.

Advertising Chairman—Shirley Igo, Martha Wildermuth and Deverl Hill.  
Adult Advisor—George Miller, Opal Hull and Ann Conrad.

Mr. and Mrs. Arlo Friesner and Mr. and Mrs. William Cook went to Chicago Sunday to see the White Sox and Browns play.

Mrs. Vernon Jones and Mrs. Helen McSherry spent Tuesday in Warsaw.

## METHODIST CHURCH NEWS

Sunday, October 5, is World Wide Communion Sunday. The local church will observe the occasion with Holy Communion at nine-thirty. Except for the children who will be in Junior Church, it is suggested that the congregation commune by family groups.

The UNIVERSITY OF LIFE PROGRAM scheduled to begin this Sunday will not begin until October 12, when Rev. Jack Aebersol, of Pierceton, will present a program of organ music with lecture interludes. The illness of Rev. Dale Stackhouse, Superintendent of the Warsaw District Methodist Churches, necessitates this postponement of the Program.

The program theme this year is BROADENING THE HORIZONS OF THE LOCAL CHURCH, and each Sunday's program will emphasize at least one phase of church work which carries the Gospel of Christ through the world in which we live.

The J-O-Y Circle will meet at the parsonage on Tuesday morning at nine o'clock.

On Thursday, October 9, the WSCS Group meeting will be held in the

Methodist church at Etna Green. The ladies of the local church needing transportation are to call either 165 or 51, Mentone exchange.

Adult and youth classes in handicraft for the making of Christmas gifts will be started next week on Monday at one o'clock and again at three-thirty. An evening class may be added if necessary.

Last Sunday in commemoration of the printing of the Revised Standard Version of the Bible, the Pastor related many of the trials and tribulations which have confronted the people through the years in their search for Truth and Light, the evidence of martyrdom for the privilege of reading the Bible. It is a book that has been bought with a PRICE. He further indicated that the battle for personal reading and self interpretation is not over—Religious Liberty has not been acquired.

Staff Sergeant William Cooper and family, of Bryan, Texas, are here spending a week with his brothers, Virgil and Raymond, before leaving for Japan, where he will be stationed for three years with the Air Force.

## TIMELY TOPICS

By Mary Anne White

"Hello" - this is Mary Anne White, your new home demonstration agent, bringing you your favorite column "Timely Topics" once again. It's a pleasure to be here with you and I hope I can bring you some useful information through this column.

It seems impossible but fall is here and with the children in school you have to prepare more variety of food for your meals. They can't bring home those "A's" if they don't have the proper food for nourishment.

With fall here—every meal can be a harvest festival at this time of year. Roadside stands are heaped with the bounty of the country side. Baskets and boxes and piles of vegetables are an extravaganza in color. Gardens are putting forth their final burst of productivity for the season.

Enticing displays of colorful vegetables along the highway beg us to stop and carry them home. Bright red tomatoes glow in contrast to the dark green of beans and white cauliflower. Golden carrots are a bright accent for the silver of onions and the royal purple of egg plant. Pale green cabbage makes me hungry for old-fashioned crisp cole slaw. Yesterday I saw some ears of late bearing corn ready to be cooked for that last treat of the summer—corn-on-the-cob. I can taste those oven-baked acorn squash—running over with brown sugar butter and

marshmallows. Can't you?

No matter how that man of the house and the young people in the family may feel about vegetables ordinarily, their eyes will brighten and they'll smack their lips over fresh home grown vegetables perfectly cooked and seasoned.

How about trying some Acorn Squash for dinner this evening. I'll share one of my favorite recipes with you.

**Acorn Squash with Brazil Nut Glaze**  
Cut squash in half lengthwise, scrape out seeds and fiber. Sprinkle with salt. Fill center with a mixture of:

3T. butter  
one-fourth cup sugar  
one-half t. cinnamon  
one-fourth t. nutmeg  
three-fourths cup chopped Brazil Nuts  
1 t. grated orange rind.

Place the squash in a baking pan (with a little water in bottom of pan). Bake 30 minutes in hot oven (400°). Or pressure cook squash 8-10 minutes first. Add mixture and bake until mixture melts and bubbles.

Sounds good doesn't it?

So until next week when you can pick up a few more household ideas and helps.

Wheat growers are reminded that in addition to observing the fly-free seedling date, they should keep down volunteer wheat. Such wheat provides an ideal place for the flies to lay their eggs so that an extra generation may be produced to infest fields in the fall and again in the spring, Purdue University agronomists say.

### CARD OF THANKS

I wish to thank my many friends, relatives and neighbors for their kindness shown during the death of my father, O. C. Montgomery, and also for all the beautiful floral tributes, and especially I want to thank Rev. Paul Trombauer for his consoling words, and Dr. Herendeen, the singer, the organist and the Zimmerman funeral home for their kind services. Also the ladies who got the dinner and the pallbearers. Your kindness will never be forgotten.

### HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Fewer deaths from fires occur on the farm than in the home, in industry or in public places.

This fact was pointed out today by Dale Harman, safety health consultant, Indiana State Board of Health, in calling attention to Fire Prevention Week, October 5-11.

A total of 179 deaths were caused by fire in 1951 and five occurred on the farm. The preceding year 138 deaths were attributed to fire with only one on the farm.

Fires in the home amounted to 136 in 1951 as compared to 115 in 1950. An increase was also shown in the number of deaths by fire last year in industry with 24 occurring as compared to eleven the preceding year, according to figures released today by Verne G. Robinson, director, Public Health Statistics Division.

An unusual observance reveals that in 1950 the number of males and females dying in fires both totaled 69.

The age group showing the greatest fatalities caused by fire in 1950 was the 65-74 group with 22 deaths listed;

## Award Contracts For Mentone School Addition

Bids for the construction of a new gymnasium and a number of new classrooms to be added to the Mentone school unit, were received by Trustee Royse Tucker last Thursday evening. The building is to be of a cinder block construction with asphalt tile floors in the classrooms. The structure will be built at the east of the present school and will include a regulation size gymnasium and basketball floor. Permanent concrete bleachers will be located on the south side and temporary or folding bleachers will be later installed on one end and the north side. The permanent bleachers will accommodate about 600 fans and an additional six or seven hundred seats can be provided on the ends and other side of the gymnasium.

### General Contract

Fred O. Carey Construction Co., Inc., South Whitley, \$156,790.  
Mike Hodges Construction Co., Warsaw, \$165,000.

K. P. Sithen, Garret, \$179,122.  
John T. Pugh, Rochester, \$184,850.  
Russell Easterday Construction and Supply Co., Culver, \$256,850. (This bid also included electrical, plumbing and heating.)

### Electrical

L. J. Kline, Rochester, \$8,125.  
Service Electric Co., Warsaw, \$8,950.  
Kermit Sage, Leiters Ford, \$8,937.  
McKay Electric Co., Fort Wayne, \$9,229.

### Plumbing and Heating

Pontius Plumbing & Heating Co., of Nappanee, \$33,495.  
Lyman Baker, Rochester, \$36,290.  
Burton Plumbing & Heating Co., of Rochester, \$39,680.  
Kermit Sage, Leiters Ford, \$44,900.

### Bids Accepted

The bids of Fred O. Carey, South Whitley, for the general contract; L. J. Kline, Rochester, electrical, and the Pontius Plumbing & Heating, Nappanee, for the plumbing and heating, have been accepted by Royse Tucker and his advisory board. Two alternates were chosen on the general contract reducing this bid to \$142,690. The inside painting of the cinder blocks and the folding bleachers totalled \$6,300 and \$7,800, respectively. The total of the contracts is \$184,310.

The architect and engineering fees, five percent of the total bid, and the other expenses such as legal advertising, attorney fees, printing of bonds, etc., will bring the total to approximately \$196,310.

The inevitable question now is: how soon will the building be available? The answer hinges upon a number of important facts, but contractors must not only secure the necessary materials to begin the work, but all of them are naturally occupied with other similar projects. Fred Carey stated last Thursday evening that it would likely be about six weeks before any big operations could start, and not being accustomed to making promises that are impossible to live up to, left the impression that we should not expect the entire building to be ready for use until about mid-term next year. In this day and age one can be sure that no successful contractor will let any unusual delay occur in a construction job. They just can't afford that to happen, even from a financial point of view.

The bond bids were not opened last week, due to a technicality, but they are expected to be accepted during the month of October.

### WORD FROM TED PETERSON

Monday, Sept. 15, 1952  
Boblingen, Germany

Hello Art,

How are things in Mentone by now? I hope you are having better weather than we are having right now. We are getting a lot of rain and the temperature is getting down low enough that we have to wear jackets when we go outdoors.

I still work in the depot office as a record clerk and it will suit me fine to sit inside this winter. We are still real busy and it doesn't look like it's going to let up any for awhile. It's very easy work so I don't mind it at all. If everywhere in the army had it as nice it wouldn't be half as bad as it is. I don't like it well enough to stay in any longer than I have to, though. I have been getting the paper right along, even if it is a little late, I still like to read it.

I have been to quite a few places

over here but there are still hundreds of places to go. This new curfew over here makes it hard to go unless you have a furlough or three-day pass. We have to be off the streets and out of public places by 12 midnight except Saturday when it is one o'clock. They don't say anything if you're traveling, though.

Well, it's about time to go back to work, now, so I have to stop. Tell everyone hello for me and I'll sure be glad when I get back there.

Sincerely yours,  
Ted

**SOME PARKING COMPLAINTS**

Recently there have been some complaint from citizens about some citizens abusing the 10-minute parking areas and parking along the yellow curb lines.

The 10-minute areas near the post-office were designated to provide parking accommodations for post office patrons who previously had difficulty finding a convenient parking spot. The 10-minute restriction applies only from six in the morning and until six in the evening, with no restrictions during the hours the post office is closed.

The yellow curb lines are made by the state and are provided as a safety measure at the intersections.

Although the town has ordinances regulating parking, there is no desire on the part of the marshals or town officials to invoke the financial penalties provided for violations. Continued violations by the same individuals, however, unless they change their habits, will force the marshals to present a few "tickets."

Traffic regulations are designed for the safety and convenience of all the motorists, and infractions will all be treated alike, regardless of whether said motorist is a big businessman, a big farmer or a big mistake. (That even includes editors.)

**MRS. JESSE ELLIOTT DIES**

Mrs. Jesse F. Elliott, 62, a native of Etna Green, who had resided in Plymouth for the past 24 years, died at 8:30 p. m. Thursday in the Parkview hospital in Plymouth following an illness of one week.

She was born May 9, 1890, in Etna Green, the daughter of Edward and Dora Gillespie, and as Daisy Gillespie was married to Jesse F. Elliott on June 30, 1909.

Surviving are her husband; two sons, Denzil and Edward, both of Plymouth; one brother, Ernest Gillespie, of Warsaw; one sister, Mrs. Marie Younts, of Downers Grove, Illinois; one step-sister, Mrs. Grace Leiter, of Warsaw, and five grandchildren.

Funeral services were held at 2 p. m. Sunday at the Christian church at Plymouth, with Rev. Wallace Jones, officiating. Burial was in New Oak Hill cemetery at Plymouth.

Mr. and Mrs. Chester Connor and daughter, Mrs. Kessie, of Columbia City, and Mrs. Clarence Hively, of Pendleton, Oregon, were callers at the Martha Welch home Monday and dinner guests at the home of Mr. and Mrs. Oral Welch.

**DEKALB FIELD DAY  
TUESDAY, OCT. 14th**

A DeKalb field day will be held at the test plots on the Raymond Lash farm, two miles south of Mentone, on Tuesday, October 14th. Of the fifteen DeKalb numbers that can be seen in the field, seven are experimentals.

Anyone interested in seed corn is invited to view the various plots, as the guests of Sam Norris and the other DeKalb dealers of the county. They are going to express their appreciation for your interest in attending by awarding a few gifts of DeKalb Hybrid seed corn.

The group will gather in the afternoon, according to Mr. Norris.

**HAMPSHIRE BREEDERS  
REPORT FINE SALE OCT. 7**

The county Hampshire Hog Breeders Association members who participated in the sale held at the fair grounds Tuesday, report they had a mighty fine sale. Twenty-five boars averaged \$92.50 per head and 60 gilts went for an average of \$70.

Monday, Lester Blackburn and Leroy Norris showed and sold hogs at the State Hampshire sale at Lebanon. Lester's boar brought \$165, third high in the state, and Leroy was also in third position with a gilt that brought \$180. She was a daughter of the Indiana Grand Champion boar.

**KENNETH BOGGS, 8,

Kenneth Boggs, eight-year-old son of Mr. and Mrs. Ralph Boggs, of Claypool, Route 2, is a patient at the Whitely County Memorial hospital. The little boy, who is ill due to virus infection, is under the care of a specialist from Fort Wayne. He was admitted Tuesday to the hospital.

His illness was first diagnosed as polio.

**WHITE**

Mr. and Mrs. Ernest Wilson White, of Anderson, Indiana, are the parents of a new daughter, Aneta Maxine, weighing 8 lbs., 15½ oz., born at 7:30 last Monday evening.

Mr. and Mrs. Delemer White, of Mentone, are the paternal grandparents.

**A. I. NELSON NAMED  
TO CROP ORGANIZATION**

At a recent meeting of the Kosciusko County CROP organization, Richard Hossler, of Monroe Township, was named to assist the county chairman, William Orr. Other officers are the Rev. Jack Aebersold, of the Pierceton Methodist Church, as secretary and A. I. Nelson, president of the First National Bank of Warsaw, as treasurer of the organization. Included on the Central Committee are: Rev. Earl Hostetter, pastor of the Bel River Church of the Brethren; Dale Atkinson, of Jefferson township; Jay Swick, of Franklin township; Mrs. Everett Darr, of Turkey Creek township; Rev. Lester Young, minister of the North Winona Church of the Brethren; Lester Gay, of Etna township, and Rev. Carl Sorenson, pastor of the Syracuse Lutheran Church.

Meeting with the Central Committee was Mr. Ralph Werner, State Director of CROP, who suggested plans for organizing the county for the campaign, and gave interesting insights in the need for food assistance. The Central Committee has almost completed the selection of township chairmen, some of which attended this meeting.

The county goal, this year, is 2000 bushels of corn, which will be shipped directly from Warsaw to the port of exportation.

Mr. Orr told this newspaper he was confident that through the humanitarian spirit of Kosciusko County, this goal would be exceeded to feed many more hungry people now facing starvation overseas.

CROP, which is a nationwide program, has recently moved its headquarters to Elkhart, Indiana. This county is a focal point for CROP since the National Director, Mr. John D. Metzler, is a resident of Jefferson township.

CROP is endorsed by high ranking leaders such as Trygve Lie, Secretary General of the United Nations; William Foster, Marshall Plan Administrator; Secretary of Agriculture Charles F. Brannan; Master of the National Grange, Hershel Newsom; Larry Brandon, former Vice-President of the Indiana Farm Bureau and many others.

### MENTONE MURMURS

by  
DAVID and SALLY GOSSER

Yep, the lazy rascal has come to life again. You'd hardly expect him this time of the year, because most beasts are lookin' for a nice cozy place to hibernate. The wild feathered birds are taking their bearings and zooming off towards the southland, and after the frosts and freezes of this week not even a last rose of summer is "left blooming alone." Murmurs is unpredictable, however, and the ting and twang of autumn air are like the bombarding bubbles of bottled beverages. (Ha! Fooled you that time, Murmurs has only ginger ale in mind.)

After a long demise when he was flirting with evanescent TIME, he decided to catch hold of the pendulum and return for at least one tick or tock of the clock. It may have been that nostalgic feeling which comes to him when the fleeting days of summer pass mutely through the gates of autumn which aroused the anaemic desire for tapping typekeys, or it might just as well have been some "orn'ry" hunch to make the Mentonites open their eyes to the beauty that lies less than a tire's tread from their front doors.

Having been nestled in the nooks and crevices of the foot-hills of the Allegheny Mountains, he learned that the beauty of autumn is like the embarrassed flush on a wife's cheek when she has been suddenly showered with her husband's affection and attention in the presence of company. It has always been there, but it takes some overt act to make it apparent.

Last autumn Murmurs took a camera and shot a few pictures of OUR

TOWN when it was at its most colorful peak. The amber, gold, and flaming maples almost cried with color. Along the Tippecanoe River were countless scenes of beauty which this year have reappeared for another showing. Sometimes Murmurs had to crawl through under-brush to find a vantage point and proper lighting, but with little effort and less gasoline an entire family may feast their eyes on such a sight as Edna St. Vincent Millay said, "stretcheth me apart."

Have you noticed how many of the maples started coloring at the very tips of their limbs and then increasingly become more and more rouged like children, who having found their mother's make-up, first begin to apply it sparingly but with each daub apply it more boldly?

Do not lament the fact that you may not have the opportunity to see Brown County this season. If it is possible, you will find rare views bordering our own County lakes, or a jog up Route 331 will reveal contrasting and complimentary color combination. Route 10 past Summit Chapel and West gives a good panorama of the Tippecanoe Valley. This scene will be continually changing for the next few weeks. Early morning and late afternoon sunlight will give a depth of shadow to the increasing splash of color Jack Frost is adding, but the warmth of noon-tide sun makes hiking more enjoyable if that is your mode of transportation. (Let's see, didn't we call that "Hank's mare"?) But don't forget, a drive through Mentone's streets will not go unrewarded.

#### CARD OF THANKS

#### HOLSTEIN CLUB TO HOLD COW ANALYSIS

The North Central Indiana Holstein Club will hold its annual Barn Meeting on Friday evening, October 17 at the Cecil Fields farm 4 miles south of Kewanna on the west side of Road 17.

Mr. Bill Weeks of Batavia, Illinois, will be the guest speaker. He will demonstrate his work in analyzing Holstein Cattle. This is a new program where an inspector scores each individual cow on the qualities of Type for Production, Health and Appearance. These are then used to show what qualities the different sires are transmitting—both good and bad.

This meeting should be especially interesting to the Vocational Agriculture

Classes, 4-H members and Halstein Breeders. Everybody interested in breeding better cattle is invited.

**THE MOUNTAIN GOAT**

The mountain goat is living proof that American sportsmen are good sports, says the National Wildlife Federation.

This likeable Old Man of the Mountain is a relatively easy target for modern high power rifles with telescopic sights, yet there are nearly as many today as there were in early times. Modern hunters want hard-to-get trophies. Furthermore, outdoorsmen and mountaineers have developed a great admiration for the courage of the white goat. It never runs from sudden danger, but trots off with solemn dignity. Its bearing, white hair and chin whiskers command respect. It is not pugnacious, but will fight for a mate, and stand its ground to the death when need be to defend itself or its young. With dagger-like horns it has held its own against a pack of wolves, hunting dogs or even the ferocious grizzly bear.

Mountain Goat  
©1952 National Wildlife Federation

Mountain goats are comparatively abundant in British Columbia, and their territory extends south into Washington, Idaho, Montana, and north through the Yukon into Alaska. They dwell by choice high above timberline in a bleak land of scant vegetation, cutting winds, and the most dramatic scenery in our hemisphere. Even in mid-winter they are loath to descend as other animals do to the valleys where food and shelter are plentiful. They survive on lichens, moss and alpine growth that can be uncovered among the wind-swept rocks.

A thick coat of perpetually white wool, like fine cashmere is protection against the bitterest weather. White reflects the heat of summer sun and is camouflage during the long snow season. The nanny and billy goat look alike, both having horns about nine inches long. Although those of the female are more slender, the world's record head with twelve and a half inch horns is that of a nanny.

Early explorers often referred to the mountain goat as a small white buffalo and the resemblance is considerable.

Like the bison its shoulders are high, head low, neck short and there is a beard of long hairs on the chin. But it is not a buffalo. In fact, it is not a goat. The neck of a true goat is rather long and head held high. Scientists tell us it actually is a goat-like antelope, like the chamois of Asia, have no close relatives in America.

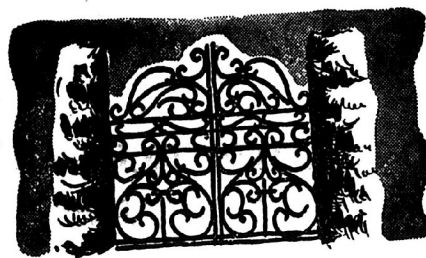

The goat stands three and a half feet at the shoulder and weighs up to 276 pounds. It mates in the fall and is probably monogamous. The kid, born six months after breeding, also is all white. It is only thirteen and a half inches tall, can stand 10 minutes after birth, jumps in 30 minutes and at one month is an able climber.

Stories of harrowing climbs of the mountain goat are legion. It can outdo the cougar and even the nimble mountain sheep. Hunters tell of watching in rapt admiration as a goat, like a human fly on a skyscraper, works its way across what appears a sheer cliff. The men held their fire.

Congratulations, says the National Wildlife Federation to the sportsman-like hunters who have spared this stout-hearted Old Man of the Mountains.

Bobbie Vandermark, 14-month-old son of Mr. and Mrs. Robert Vandermark, Sr., Mentone, medical patient one day, was dismissed Saturday from the McDonald hospital to the Riley hospital, at Indianapolis.

Mrs. Ed Bowser submitted to major surgery last Friday at the McDonald hospital. She is recovering very satisfactorily.

## BEAUTY OF FALL INCREASING IN SPLENDOR

Indiana motorists don't have to drive long distances to get good seats for Mother Nature's fall production which is now under way, the Chicago Motor Club announced today.

Every county in the state features a color show of leaves which is the envy of its neighbor. According to the Club changes in leaf coloring will be especially predominant during the next two weeks.

A few of the outstanding autumn drives in Indiana are: 37 south of Spencer to Paoli and U. S. 150 from Vincennes to New Albany. The high spots in the state for a variety of color will be found in the State Parks which include the Shades, Turkey Run, Mc-

Cormick's Creek Canyon, Brown County Spring Mill Clifty Falls and Pokagon.

What causes some leaves to turn into a delicate pastel, other to flaming scarlet, brilliant red or burnt orange—the whole blending into a perfectly balanced riot of color? Sorry, the Club says, but it's not Jack Frost.

Shades of yellow and orange are in the leaves during the entire summer, but are unnoticed because of the presence of chlorophyll, a green substance which enabled the foliage to derive energy from sunlight. With the approach of cold weather, this green coloring is withdrawn from the leaves. It is stored for another season or is killed by the gradual formation of a thin layer of cells where the leaf is attached to the twig. These cells shut off further flow of sap and cause the leaf to fall.

The most delicate, as well as the most brilliant colors of red, scarlet, flaming scarlet and burnt orange are formed by sugar manufactured by the leaves and left after the growing season. Other chemical substances such as tannin and accumulated toxins either act on the sugars or in themselves give variations in red and orange

colorations. While frosts are not necessary for the turning of the leaves, they do accentuate and hasten the autumn coloration.

The following table, made up by the Chicago Motor Club, will aid autumn motorists in distinguishing the different hardwoods by leaf coloration.

American Elm .....	Yellow
Ash .....	Yellow to dark purple
Basswood .....	Yellow
Beech .....	Clear Yellow
Birches .....	Bright to Orange Yellow
Box Elder .....	Bright Yellow
Butternut .....	Yellow
Hawthorn .....	Brilliant varying colors and fruit

Red Oak .....	Dark Red
Scarlet Oak .....	Brilliant Scarlet
Shad Bush .....	Bright clear yellow
Sugar Maple .....	Bright yellow to orange and scarlet
Silver Maple .....	Pale Yellow
Striped Maple .....	Light Yellow
Sumas .....	Brilliant red
Tupelo .....	Flaming scarlet
White Oak .....	Deep red to orange Brown
Willows .....	Light Yellow
Witch Hazel .....	Bright yellow orange, rarely purple.

## HOME AGENT NOTES

Your rambling home agent is here once again with a few suggestions and reminders of coming events.

Did you ladies know it is once again time for the Muck Crop Show? This year it is being held at Nappanee, October 29, and 30. While looking over the women's part of the program, I couldn't help thinking, "I'll bet the women in Kosciusko County could walk off with the prizes if they tried." Couldn't you? The usual Vegetable Plate Luncheon Contest, Frozen food dinner contest, and Centerpiece Exhibits are again waiting for you ladies. The young single girls aren't left out either. How about your favorite potatoe salad dish? Any single girl from 14-20 years of age can enter this contest. If anyone is interested she may contact the extension office for further details on any of the entries.

With this week being Fire Prevention Week, I hope all of you have taken that second look around the house and yard. It is amazing what one can accumulate in a short time. You had better dispose of those old papers and rags now before you forget it. Oh, yes, on your way through the hall—phone the electrician to come and check your wiring. It has been worrying you lately.

Those fall leaves probably are piling-up in your yard and need burning. Just a reminder—when you go out this afternoon to burn those leaves, you had better stay with them until they are all burned. This fall wind will want to carry those burning leaves elsewhere. The children will enjoy the fire much more if you keep them back at a safe distance. I realize they love to help rake the leaves and perhaps stir them but—is it safe?

Do be careful and I'd like to extend an invitation for all of you girls and ladies to drop in the extension office for a visit—also if you have a question or topic you would like to have discussed bring or send it in to me.

Mr. and Mrs. Roland Ferverda of Bloomington, Indiana, are attending a five-day Convention of the Brotherhood Mutual Life Insurance Company and trip at the Smoky Mountain National Park at Gatlinburg, Tennessee, and will return on Sunday night.

Mr. and Mrs. Frank Souther of Hammond called on Lavoy Montgomery Sunday.

Mr. and Mrs. Harry Sriver and family spent Sunday in Akron as the guests of her parents, Mr. and Mrs. Fred Roe.

Mrs. Fred Barr assisted at the Hatfield Grocery a few days this week.

Mr. and Mrs. Howard Van Scoy

sold their farm near here and left Thursday for Florida to make their future home.

Mr. and Mrs. Lou Grove have returned to their home here after spending a few days in South Bend as the guests of his sister, Mrs. Orah Byrer.

Mr. Lavoy Montgomery was the guest of his aunts, Mrs. A. J. Blakley and Mrs. Walter Sweet Sunday at Lake Manitou.

Mr. and Mrs. L. G. Alber spent Saturday evening in Rochester.

Mrs. Harry Sriver and Mrs. Walter Utter accomplished the local 4-H Girls to Fort Wayne Saturday evening where they attended the Ice Show in that city.

## SCHOOL NEWS

Joyce, Madeline and Timmy Anderson have withdrawn from the Mentone School to enter the school at Rochester. Nadene and Winfred Kittrell have enrolled in the seventh grade. They formerly attended the Columbia school at Rochester.

Friday ends the first grading period of six weeks. The report cards will be distributed on Wednesday. Pupils are requested to get the parent's signature and return the cards to the school promptly.

Miss Herriman has arranged an attractive display of house plants in the art and science room.

Individual pictures of all students will be taken by the Roberts' Studio of Fort Wayne on Monday, October 13th. Pictures will be offered to parents for purchase, although purchase is an optional matter. Senior pictures will be taken at the school on Tuesday by the same studio.

Parents sometimes inquire about the parties which students hold from time to time. These parties sponsored by parents or students should not be thought of as school parties. School parties are planned and organized by a class or club under the direction of the class or club sponsor. Since, at present, the school policy does not permit hay rides or dances, the school assumes no responsibility for parties sponsored by individuals.

The bus drivers attended a safety meeting at Akron on Monday evening. Mr. Kent spoke briefly on the relationship of the bus driver to the school. About one hundred drivers from Fulton and Kosciusko counties attended the meeting.

The Senior Play Cast is working hard on the Senior play, "If You Knew Susie." The play will be given on two nights this year, October 17 and 18.

The following pupils are enrolled in the first grade this year: Eldona Antonides, Judy Beeson, Judy Ann Drake, Vivian Hurst, Roberta Nottingham, Linda Lou Quier, Charlotte Slater, Linda Smith, Jane Tucker, Martha Van Gilder, Connie Jo Wallace, James Bryan, Larry East, Danny Fuller, Larry Gates, Jonathan Gosser, Lowell Gruenwald,

Danny Hatfield, Randy Hooenboom, Maynard Johnston, Billie Kindig, Steven Mellott, David Mikel, Steven Miller, Stephen Nelson, Larry Perrin, Johnnie Shull, Robert Dale Smith, Timothy Wallis, James Whetstone, John Zehrung. None of these children have birthdays later than the Kosciusko County ruling of October 1st.

## DISTRICT FEDERATED

### CLUBS MEET, OCT. 7

Mrs. Ralph Bryant, of Union Mills, presided over the 42nd annual convention of the 13th District of Federated Clubs held at North Judson on October 7. Americanism is the theme of the Federation this year and the convention adopted a project to "Get Out

The Vote." It was stated that the percentage of women voting in this country falls far short of that in other countries. Women should consider voting as not only a privilege but also a responsibility.

Each club woman was urged to vote herself and also to get ten other people to do likewise.

Those attending the convention from Mentone were: Mrs. Bill Lackey, Mrs. Byron Peterson, Mrs. Max Nellans, Mrs. C. O. Mollenhour, Mrs. H. V. Johns, Mrs. Walter Kent and Mrs. Raymond Cooper.

**A CITIZEN OBJECTS**

Recently your editor received a letter from a Mentone citizen wherein he complained of the scattering of trash up and down his street. He said one of the worst offenses was the loads of corn cobs being hauled out of town on trucks and farm trailers and the load not being properly covered to prevent the shucks from blowing all over the street. He said they not only cluttered up his yard and street, but

rain water washed them into the sewer catch basins and plugged them up so the water wouldn't drain away.

One farmer recently, we are informed, made his hired man come back to town and clean up a part of the mess said hired man created when he left town with a load of cobs. I don't remember the farmer's name, but he deserves our compliments.

And while we are discussing trash in town, it might be well to mention that some of us city folks aren't too considerate of our country neighbors, either. It seems that there are a few who believe that it is the proper thing to dump waste paper, trash and tin cans along any country road.

A little consideration on the part of each of us might save a flock of people from harboring ulcers.

## CONSERVATION GOES TO SCHOOL

Being teacher is a most enjoyable task for this little miss who is engaged in reading all about trees and leaves and nature along with several of her school mates. The booklets are those sponsored by the Indiana department of Conservation. A part of its participation in conservation is education in the state schools. There is

quite a series of these booklets many of which have been placed in schools by civic and conservation organizations. Henry W. Moesch, Director of the Educational Division of the Conservation department, and his staff will be glad to cooperate with those wishing to obtain the series.

## W. S. C. S. MEETS OCTOBER 16

Christian Social Relations is a World Wide Concern. The Woman's Society of Christian Service elected a local secretary who, from time to time, presents ideas and suggestions pertaining to improvement but solicits the support of every citizen.

We are confident that all who hear the "Special Feature" at our meeting, Thursday night, October 16, will be aroused with determination to meet their obligations to and better serve the community.

Mrs. Kinsey's lesson topic, "Home

Missions Winning Human Rights" will be presented in her usual interesting manner and Broda Clark's devotional periods are always stimulating.

Hostesses will be: Iris Anderson, Margaret Linn and Emma Cook.

Mrs. Delford Nelson, Mrs. Harold Utter, Mrs. Harold Markley, Mrs. Stella Emmons, Mrs. Emma Clutter, Mrs. Kenneth Romine, Mrs. Robert Whetstone, Mrs. Loren Tridle, Mrs. De Verle Jefferies and Mrs. Dwight Reichard spent last Wednesday afternoon and evening in Fort Wayne. The evening was spent at the "Holiday on Ice" show.

# A NEW WAY TO FIGHT CATTLE BLOAT

A new way to fight bloat has resulted in such striking success in three mid-west states that the method might be a popular practice in the corn belt next year.

Results of trials by several Indiana, Illinois and Iowa stockmen reported in Capper's Farmer give strong support to the new idea.

The national farm magazine outlines the procedure this way:

1. Let upright-growing legumes in mixtures or straight stands reach pre-bud stage before offering them to ruminants.

2. Chop the forage with a field harvester.

3. Haul it to dry lot and feed it green in tight bunks.

That forces stock to take a good portion of fibrous stems along with the richer, leafy portions—which seems to be the key to success.

A typical story in the report is that of an Illinois farmer and his sons who had lost eight big steers worth \$2,400 before they tried hauling pasture to their cattle.

"Losses we took in one grazing season would pay cost of chopping and feeding for 2 or 3 years," said one of the sons. "We haven't seen one case of bloat in 400 steers to which we are feeding chopped green forage."

To top it off, he found that "an

acre of grass will make twice as much beef as can be expected when it is grazed."

After four of his cattle died in one day, an Indiana farmer tried corn and cob meal and ground cobs as a fiber provider with an alfalfa-ladino-brome mixture. The new mixture took care of his bloat problem.

Mrs. Vernon Jones called on Sunday at the Darrey Tucker home to visit Mrs. Otie Dick.

### METHODIST CHURCH NEWS

The J-O-Y Circle met at the parsonage on Tuesday morning. Several items of business concerning the shipping of clothes for children at the Methodist Home in Seward, Alaska, were discussed, and a lesson presented by Mrs. Dan Urschel on the power of prayer.

Receptacles for the collecting of the clothing have been placed in the entrances of the church.

The handcraft class for making your own Christmas presents began on Monday afternoon, but beginning next week this class for adults will be held on Thursday afternoons at one o'clock. A similar class for youth will be held after school each Monday and there is a possibility that another for adults on Tuesday evenings may be held.

The Settlement Day Program which had been scheduled for Milford two weeks ago was held this past Wednesday with Dr. Wesley Pugh officiating in the absence of Dale Stackhouse who has been confined to the Methodist Hospital in Fort Wayne for Surgery.

The sermon topic for this coming Sunday's Service is: A GREAT DISCOVERY. (and it is not America)

Layman's Sunday is October 19. The Service will be directed by Mr. Raymond Cooper, Mr. Charles Manwaring, and Mr. Ralph Mollenhour. Special Music will be provided for the occasion. This will be a time to hear of their DePauw experiences.

This Sunday evening following the Fellowship Supper, the Rev. Jack Aabersol of Pierceton will open our UNIVERSITY OF LIFE with a lecture on Church Music punctuated by Organ selections. Mr. Aabersol is an accomplished organist.

The Fellowship Supper will be served

by the following committee: co-chairmen, Mr. and Mrs. Ned Miller and Mr. and Mrs. Elmore Fenstermaker; Mr. and Mrs. Mott Bryan, Mr. and Mrs. David Bowser, Mr. and Mrs. William Cook, Mr. and Mrs. Lamar Anderson, Mr. and Mrs. William Blackburn, Mrs. Dove Kercher, Mr. and Mrs. Glen Snider, Mr. and Mrs. Harry Smythe, Mr. and Mrs. Curtis Riner, Mr. and Mrs. Floyd Tucker, and Mrs. Folsom Newell.

# BOND SALE NOTICE (Amended Notice)

Notice is hereby given that the Trustee and Advisory Board of Harrison Township of Kosciusko County, Indiana, will meet at the office of the Trustee at the school in Mentone, Indiana, on the 24th day of October, 1952, at the hour of 7:30 o'clock P. M. and at said time and place will receive bids on and sell to the highest bidder therefor the following described bonds:

An issue of bonds of Harrison School Township of Kosciusko County, Indiana, designated as "School Building Bonds of 1952," in the amount of \$83,500.00; Dated as of October 1, 1952; Bearing interest at a rate not exceeding 4% per annum (the exact rate to be determined by bidding), payable on July 1, 1954, and semi-annually thereafter; Denominations one \$500.00 the remainder \$1,000.00; Maturing as follows:

\$2,500.00 on July 1, 1954;  
\$2,000.00 on January 1 and \$2,000.00 on July 1 in the years 1955 to 1964 inclusive;  
\$2,000.00 on January 1, 1965 and \$3,000.00 on July 1, 1965;  
\$3,000.00 on January 1 and \$3,000.00 on July 1 in the years 1966 to 1971 inclusive.

Also, an issue of bonds of Harrison Township of Kosciusko County, Indiana, (the same being the Civil Township), designated as "School Aid Bonds of 1952," in the amount of \$83,500.00; Dated as of October 1, 1952; Bearing interest at a rate not exceeding 4% per annum (the exact rate to be determined by bidding), payable on July 1, 1954, and semi-annually thereafter; Denominations one \$500.00 the remainder \$1,000.00; Maturing as follows:

\$2,500.00 on July 1, 1954;  
\$2,000.00 on January 1 and \$2,000.00 on July 1 in the years 1955 to 1964 inclusive;  
\$2,000.00 on January 1, 1965 and \$3,000.00 on July 1, 1965;  
\$3,000.00 on January 1 and \$3,000.00 on July 1 in the years 1966 to 1971 inclusive.

Bidders for the bonds will be required to name the rate of interest which the bonds are to bear, not exceeding 4% per annum. Such interest rate must be in multiples of 1/4 of 1%, and not more than one interest rate shall be named by each bidder on each issue. The bonds of each issue will be awarded to the highest responsible bidder therefor who has submitted his bid in accordance herewith. The highest bidder will be the one who offers the lowest net interest cost to said School and Civil Townships respectively, to be determined by computing the total interest on all of the bonds to their maturities and deducting therefrom the premium bid, if any. Each bid for these bonds must be accompanied by a certified or cashier's check in the amount of \$500.00 payable to Harrison School Township of Kosciusko County, Indiana, and a certified or cashier's check

in the amount of \$500.00 payable to Harrison Township of Kosciusko County, Indiana. In the event the bidder to whom said bonds are awarded shall fail or refuse to accept delivery of the same within five days after being notified that the bonds are ready for delivery, said checks and the proceeds thereof shall become the property of the said School and Civil Townships respectively, and shall be considered as liquidated damages growing out of such default. No bid for less than the par value of said bonds, including accrued interest to the date of delivery, at the rate named in the bid will be considered. The right is reserved to reject any and all bids.

Said School Township bonds are being issued under the provisions of Chapter 220 of the Acts of 1949, for the purpose of procuring funds to be applied on the cost of construction and equipment of an addition to the existing school building. Said bonds are the direct obligations of the School Township, payable out of unlimited, ad valorem taxes to be levied and collected on all taxable property within the School Township.

Said Civil Township bonds are being issued under the provisions of Chapter 220 of the Acts of 1949, for the purpose of procuring funds to be used in aiding the School Township in the construction and equipment of an addition to the existing school building. Said bonds are the direct obligations of the Civil Township, payable out of unlimited, ad valorem taxes to be levied and collected on all taxable property within the Civil Township.

The approving opinions of Ross, McCord, Ice & Miller, bond counsel of Indianapolis, Indiana, will be on file on the day of sale, and will be furnished to the successful bidders at the expense of the Townships. No conditional bids will be considered. The bonds will be ready for delivery within approximately twenty-one days after the date of sale. If bids are submitted by mail, they should be addressed to the undersigned at R. R. 2, Etna Green, Indiana. Dated this 8th day of October, 1952.

## THE RIGHT ANSWER

An impending law was up for consideration and about half the residents of the town were for it and about half against. During the campaign a candidate made his speech and then someone yelled from the audience: "Yeah? Tell us how you stand on this new law?"

The speaker continued with scarcely a pause.

"Friend, I'm glad you asked me that question. I understand that half my friends are for that law and half my friends are against it. Now listen! I want is distinctly understood right here that I'm for my friends!"

## SULLIVAN—GAMBEE

Mr. and Mrs. Walter R. Morris, 302 E. Ninth St., Peru, announce the marriage of the latter's daughter, Miss Mary Ann Gambee, to Roland Sullivan, route 3, Mexico.

Rev. C. R. Black of the Logansport Baptist church, read the double ring ceremony at 8 p. m. Thursday at the Morris home. Miss Marlene Stites of North Manchester, and Max Sullivan, brother of the bridegroom, attended the couple.

An improvised altar in the living room was designed from palms, bouquets of white gladioli and white tapers in seven-branch candelabra.

The bride was attired in a madonna blue wool model. The full skirt was topped by a three-quarter sleeved bodice fashioned with a small collar and V-neckline. Her accessories were navy. She wore a bridegroom's gift, a strand of pearls, and her flowers were a corsage arrangement of red roses.

An aqua blue epe robe was chosen by the maid of honor. Her accessories were black and she wore a corsage of beige carnations.

A reception for the immediate relatives of the couple was held at the close of the ceremony. White tapers lighted the serving table which was centered with a tiered wedding cake. Bouquets of white baby mums were also arranged on the table.

Miss Alice Ann Sullivan, sister of the bridegroom, and Miss Mary Norris, aunt of the bride, served the guests.

Later in the evening the couple left on a trip to northern Michigan. For travel the Mrs. Sullivan wore a navy suit with navy accessories.

The bride, a graduate of Talma high school, has been employed in the shipping department of the McLaughlin Mfg. Co. Mr. Sullivan, now engaged in farming, is a graduate of the Mexico high school and attended Purdue University. He served in the armed forces and only recently returned from Germany. The couple will be at home on route 1, Denver, after Oct. 16th.

## SPECIAL FARM MEETING AT BEAVER DAM SCHOOL

Ray Walters, chairman of the Franklin Township Farm Bureau, has made arrangements for George Doup, vice president of the Indiana Farm Bureau, to talk and give a skit of "Big M" at the Beaver Dam school on Tuesday evening, Oct. 21, at 7 o'clock.

Mr. Doup will also speak regarding the Producers Market which is being arranged for the livestock producers of Fulton, Marshall and Kosciusko counties.

The temporary board of directors of the proposed association report that they have an option on a possible shipping point and that stock solicitors are now being named.

## FIRE STRIKES NEW HOME SATURDAY NIGHT

The new home being built by Mr. and Mrs. Robert Parker, just south of the Nickle Plate depot, was damaged by fire about midnight Saturday night. The fire started in the entranceway, which is in the center of the south side of the home, and had burned into the roof before being discovered.

Two different cars passed the house less than 30 minutes before the fire was discovered. As yet the origin of the fire is undetermined.

Fortunately, Mr. and Mrs. Parker had the structure covered with insurance.

## EMMONS—WHETSTONE

In a lovely candlelight ceremony at eight o'clock on Saturday evening, Oct. 11, Geneva Whetstone, daughter of Mr. and Mrs. Cassel Whetstone, was united in marriage to Donald Emmons, Jr., son of Mrs. Don Emmons.

The altar held baskets of chrysanthemums and autumn leaves and was flanked by six tall candelabra.

An organ prelude, by Mrs. Dan Urschel, included "At Dawning," "I Love Thee," "The Sweetest Story Ever Told," "Romance," and "My Heart At Thy Sweet Voice."

"Oh Promise Me" and "The Lord's Prayer" were sung by Vance Johns, Mrs. Urschel accompanying.

The bride wore a sleeveless gown of white satin styled with a train and an overskirt of nylon tulle. She wore long satin mitts. Lace was used at the seams and hems and was covered with rhinestones. A fingertip veil fell from a crown of satin and tulle. The bride carried a bouquet of white baby mums and a white Bible.

The matron of honor was Mrs. Don Snipes, sister of the groom. She wore a floor length gown of orchid satin topped with a bolero of purple velvet. The two bridesmaids were Martha Creighton, who wore a gown of turquoise satin and velvet; and Donnejean Dillman whose gown was of aqua satin with grey velvet. Both bridesmaids' gowns were styled identically to that of the matron of honor. Their hand bouquets were of pink and lilac baby mums. Each attendant wore a headband to match her dress.

The little flower girl was Connie Wallace, who wore a pink dress. The ringbearer was Miles Huffman, nephew of the bride.

Best man was Forst Dunnuck. The ushers were Don Snipes and Floyd Nicodemus.

As Rev. David Gosser performed the double ring ceremony, "Oh Perfect Love" was played softly at the organ.

A reception for 125 guests was held in the church basement following the wedding ceremony. Autumn leaves and artistically arranged crepe paper were used for decorations.

The three-tiered wedding cake was topped by a miniature bride and groom.

Those who assisted in serving were Mrs. Robert Whetstone, Jackie Blue,

## BAKER

## BLALOCK

Kathryn Ann Blalock, new daughter of Mr. and Mrs. Tobie Blalock, is temporarily staying at the Warsaw Murphy Medical Center awaiting the return home of her mother. Kathy Ann arrived at 4:21 p. m. Monday, weighing 7 pounds, 15 ounces. Her brothers, Barry and Dennis, are visiting their aunt and uncle, Mr. and Mrs. R. C. Nottingham, in Mentone.

## GROVER HANOLD BURIED

Funeral services for Grover Franklin Hanold, 64, a native of Kosciusko county, who died Saturday morning in a hospital at Butte, Montana, were held at two p. m. Wednesday at the Johns funeral home. Rev. John Schroeder, pastor of the Etna Green EUB church officiated. Burial was in the Harrison Center cemetery.

Mr. Hanold was born Jan. 21, 1888 at Harrison Center. After the death of his parents he was reared in the Guy home at Bourbon. He farmed near Atwood for many years before moving to the west. The last 10 years he had lived at Noxon, Mont., serving as a deputy sheriff until stricken with a lung ailment.

He leaves his wife, and three children by a previous marriage, Kenneth Hanold, of St. Paul, Minn., Franklin Hanold, of Stillwater, Colo., and Miss Ella Hanold, Seattle, Wash., and a sister, Mrs. Ethel Shott, of Minneapolis.

Pat Starr and Mary Louise Bare.

The newlyweds are on a trip through the Smokies and will reside in Mentone when they return.

Both are graduates of Mentone high school. Don is employed at the Manwaring Leghorn Farm and Geneva at the Northern Indiana Cooperative Association office.

# MENTONE MURMURS

by  
DAVID and SALLY GOSSER

Last month was Mentone's bid for recognition through the publicity of the major industry of the community, The Egg Show. The decorations have been stored or thrown away, The souvenirs laid aside, and the committees have returned to their usual occupations with a load off their chests.

The wounds of youth heal fast and the disappointment over the judges' decisions have been melted in the heat of school activities and local interests. Adults are not so prone to forget, and occasional comments reveal the turbulent under-feeling which sticks to any given occasion or event like seven-minute icing to the cake knife when it only went six rounds of the minute hand.

The murmurs which have come to Murmurs' Attention have a more universal application than the Egg Show. In the first place Program Committees cannot dictate every word which participants of a program say. Many times the "ab libbing" and side comments come spontaneously and may not have been heard on previous pre-

sentations. Because of the danger of offenses, the radio net works always request a script before broadcast time. Personal appearances are always or most usually, at least, granted greater freedom of expression.

In the second place, spectators may be offensive to performers through lack of cooperation, not mentioning the annoyances to other spectators. There have been other community programs when it was difficult for the participants to continue because of the lack of courtesy on the part of the listening audience. Strange as it may seem, the offenders are not always children of irresponsible age, unless the category of adult ages are to be included in this age bracket.

At band concerts, recitals, and other musical presentations it seems that the opening chord or strain of music is a general invitation for conversation and visiting. When there is a long pause or rest, an interlude, or intermission, the voices become subdued. Usually there would be less offense at such a time than during the presentation.

In the third and final place, sponsoring organizations find it difficult to present programs and genuinely and sincerely recommend the audience to the performer when the lack of appreciation seems so apparent. If the average listener is asked to participate

even in a song fest, there is only half-hearted response. Participation on occasions may be by remaining respectfully silent then giving whole-hearted applause to show appreciation when it is expedient to do so. Many of us cannot perform well, but each of us in Mentone can be a good listener.

The behavior of children and youth is another thing. If they are encouraged to be disrespectful by the example adults set for them, we cannot, we dare not be critical of their attitudes and responses. Our lectures are in vain if we by our thoughtless action become a contradiction to our own vocalizing.

Children and youth find within their age group others who are a great stimulation to them. The best means of keeping our children quiet is to sit with them and be the partition between these stimulating forces, but there must then be provided for them opportunities when they may mingle freely to enjoy their own fellowship.

Here in Mentone the best we can do to provide good programs is to promise that we will be better and more respectful audiences.

Md. Those who enjoyed the supper were Mr. and Mrs. Linus Borton, Mr. and Mrs. Judd Marshall and son, Devon, Mr. and Mrs. Eugene Marshall and son, Carl, Sue Borton and the guest of honor, Rex left Wednesday for Bainbridge where he will join his company and go to Norfolk, Virginia.

### FRIENDLY NEIGHBORS MEET

The Friendly Neighbors Home Demonstration Club met at the home of Mrs. Turner Boggs with Mrs. Orien Deaton assistant hostess, on Monday evening, October 13. The members came arrayed in "Hard Time" costumes carrying a bountiful pot luck supper.

The meeting was opened by singing the song of the month "Silver Threads Among The Gold." Mrs. Charles Eaton read two poems, "This Is My Father's World" and "Thy Word Is Like A Garden," for meditation.

Officers for the coming year were elected. Mrs. Charles Manwaring, President; Mrs. Monroe Romine, vice-president; Mrs. Herman Olson, Secretary; Mrs. Mahlon Jefferies, assistant secretary; Mrs. Orien Deaton, Treasurer, and Mrs. Alden Jones, assistant Treasurer.

In answering roll call, the sixteen members selected Mrs. Ernest Studebaker and Mrs. Oral Welch as best portraying "Hard Times."

Mrs. Oral Welch entertained with games and contests, prizes were won by Mrs. Donald Boggs and Mrs. Everett Rookstool.

The November meeting will be at the home of Mrs. Mahlon Jefferies.

## R. N. A. MEETS

On Tuesday evening of last week the Royal Neighbors met at the home of Neighbor Kathryn Teel for a hard time party. We were welcomed into the summer kitchen lighted with a kerosene

lamp, all dressed in our rag sack togs. Needless to say we had a barrel of fun.

The meeting was called to order by the Oracle and the pledge to the flag was given. After the regular order of business the obligation was given to one new member. A get well card was signed and sent to Neighbor Fleck,

who has been sick for some time. The door prize was won by Mabel McDaniels. In closing Neighbor Lydia Ryneason gave the divine blessing.

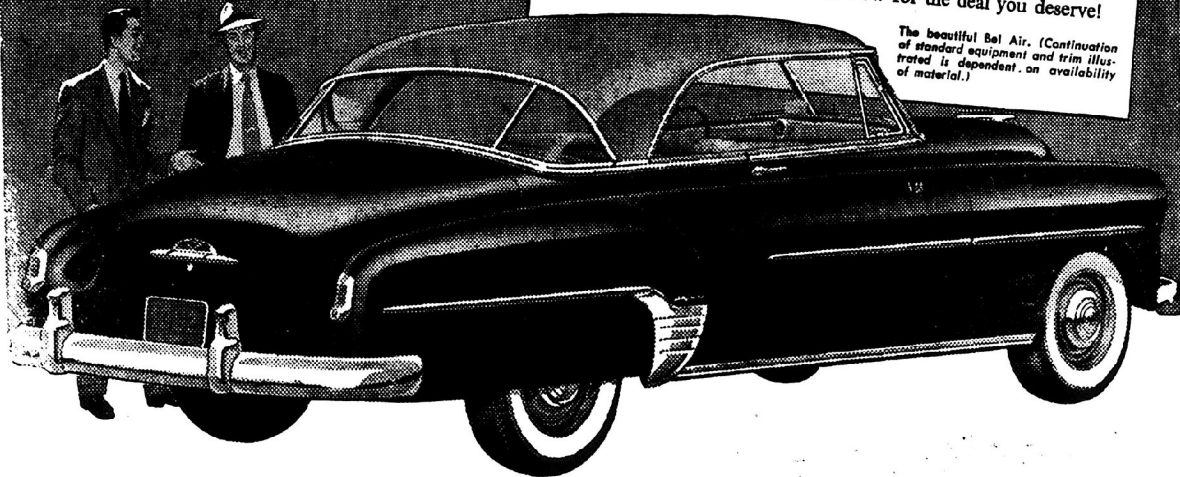

During the social hour several contests were enjoyed. Prizes went to Elvora Coplen and Mary Borton.

High bidders at Auction were Gladys

Anderson, Mary Teel, Mrs. Zolman. The next meeting will be with Gladys Anderson at Rochester on the first Monday evening in November, instead of Tuesday evening.

The hostess and her assistant, Mary Teel, served delicious sack lunches to seventeen members and three guests.

## BUILDING TO KEEP AHEAD OF INDIANA'S *Electric* NEEDS!

• We always have provided additional electric supply for you . . . before you need it. Careful, continuing studies tell us how much electricity will be needed in the future to make sure of no power shortage. That's principally why, even in the war years when the demand for electric power skyrocketed overnight, we were able to deliver all the electricity "ordered" by those we serve.

There's never been a let-up since the war. Indiana farms are setting new high production records—and continually using more electricity to help them do it. The same is true of Indiana industries. Our job, as always, is to estimate these conditions *in advance*, and to make sure your electric power supply for each future year is ample to meet all needs.

The chart above shows what's been happening. As our studies anticipated, demand has continued to increase, and so has your power supply! New additions are continually under construction, adding enormous new blocks of power. These additions are requiring the investment by the electric companies of Indiana of more than \$500,000,000 just from the first of 1952 to the end of 1954 . . . and that's only part of the story. Still more additions are already planned beyond that date. And so it goes . . . all part of our job of making sure every farm, home, business and industry in Indiana will continue to have all the electricity needed, *anytime!*

### Indiana— a POWER-FULL State

Over 95% of Indiana farms have dependable low-cost electric service today. About 48% of them are served by the electric companies of Indiana and about 52% by the REMCs which buy their power at wholesale from the electric companies.

### LAST GARBAGE COLLECTION

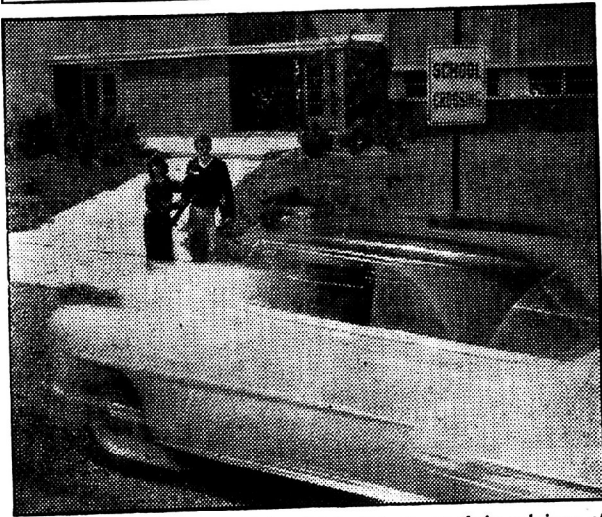

Citizens are advised that this will be the last week for the city garbage collection, until next spring.

Mr. and Mrs. Don Coleman have moved from the Lemler apartments to the farm home on the Frank Newton place, southwest of Mentone. Mr. and Mrs. Jack Pritchard have moved into the apartment vacated by the Colemans.

The Robert Firkins home was sold last Saturday, at auction, to Jake McClone.

The Raymon Hibschan auto was involved in a two-car collision a half mile east of Dutchtown Sunday afternoon. The other car involved was driven by Wilbur Zimmer, of Warsaw. Three people in the Zimmer car sustained minor cuts and bruises while the four in the Hibschan car escaped unhurt.

## Students Censure Adult Drivers

Chevrolet checked 5,000 high school students on their opinions of adult auto drivers and found Disregard of Traffic Signs (enacted above) a prime target for criticism. Recklessness was worst fault in poll.

DETROIT—If an adult driver could look at himself through the eyes of the younger generation he'd see a person who is inconsiderate of others, who cheats a bit on speed laws and who believes he can solve traffic jams by getting mad.

At least this is the picture given by a Chevrolet Motor Division survey which asked 5,000 high school driving students what they thought of their elders. Here's the way the juveniles ranked adult driving faults:

No. 1—Recklessness. ("Lots of times we ride the bumper of the car ahead.") No. 2—Poor Sportsmanship. ("He thinks the road belongs to him.") No. 3—Speeding. ("Dad goes just as fast when there's traffic as when there isn't.") No. 4—Failure to Signal Properly. ("We got hit once when pop stopped too quick for a hamburger.") No. 5—Impatience. ("My father thinks he can untangle traffic by just swearing.")

No. 6—Disregard of Signs. ("Some speed up when they see 'Slow School Crossing.'") No. 7—Inattention. ("Mom talks too much when she's driving.") No. 8—Neglect of Car's Safety Features. ("All of us cross our fin-

No hydra-armed monster but a cameraman's trick to illustrate Failure to Signal Properly by grownups.

gers when dad steps on the brakes.") No. 9—Ignorance of Laws. ("When two drivers meet at a corner they eye each other like in a duel. Neither of them knows who's supposed to stop.") No. 10—Lack of Skill. ("She can't get out of skids.")

The Chevrolet survey gave a cross-section of national opinion. Cities covered included Baltimore, Los Angeles, Miami, St. Paul, Atlanta, Dallas, Denver and Pittsburgh among others.

### BOND SALE NOTICE (Amended Notice)

Notice is hereby given that the Trustee and Advisory Board of Harrison Township of Kosciusko County, Indiana, will meet at the office of the Trustee at the school in Mentone, Indiana, on the 24th day of October, 1952, at the hour of 7:30 o'clock P. M. and at said time and place will receive bids on and sell to the highest bidder therefor the following described bonds:

An issue of bonds of Harrison School Township of Kosciusko County, Indiana, designated as "School Building Bonds of 1952," in the amount of \$83,500.00; Dated as of October 1, 1952; Bearing interest at a rate not exceeding 4% per annum (the exact rate to be determined by bidding), payable on July 1, 1954, and semi-annually thereafter; Denominations one \$500.00 the remainder \$1,000.00; Maturing as follows:

\$2,500.00 on July 1, 1954;  
\$2,000.00 on January 1 and \$2,000.00 on July 1 in the years 1955 to 1964 inclusive;  
\$2,000.00 on January 1, 1965 and \$3,000.00 on July 1, 1965;  
\$3,000.00 on January 1 and \$3,000.00 on July 1 in the years 1966 to 1971 inclusive.

Also, an issue of bonds of Harrison Township of Kosciusko County, Indiana, (the same being the Civil Township), designated as "School Aid Bonds of 1952," in the amount of \$83,500.00; Dated as of October 1, 1952; Bearing interest at a rate not exceeding 4% per annum (the exact rate to be determined by bidding), payable on July 1, 1954, and semi-annually thereafter; Denominations one \$500.00 the remainder \$1,000.00; Maturing as follows:

\$2,500.00 on July 1, 1954;  
\$2,000.00 on January 1 and \$2,000.00 on July 1 in the years 1955 to 1964 inclusive;  
\$2,000.00 on January 1, 1965 and \$3,000.00 on July 1, 1965;  
\$3,000.00 on January 1 and \$3,000.00 on July 1 in the years 1966 to 1971 inclusive.

Bidders for the bonds will be required to name the rate of interest which the bonds are to bear, not exceeding 4% per annum. Such interest rate must be in multiples of  $\frac{1}{8}$  of 1%, and not more than one interest rate shall be named by each bidder on each issue. The bonds of each issue will be awarded to the highest responsible bidder therefor who has submitted his bid in accordance herewith. The highest bidder will be the one who offers the lowest net interest cost to said School and Civil Townships respectively, to be determined by computing the total interest on all of the bonds to their maturities and deducting therefrom the premium bid, if any. Each bid for these bonds must be accompanied by a certified or cashier's check in the amount of \$500.00 payable to Harrison School Township of Kosciusko County, Indiana, and a certified or cashier's check in the amount of \$500.00 payable to

Harrison Township of Kosciusko County, Indiana. In the event the bidder to whom said bonds are awarded shall fail or refuse to accept delivery of the same within five days after being notified that the bonds are ready for delivery, said checks and the proceeds thereof shall become the property of the said School and Civil Townships respectively, and shall be considered as liquidated damages growing out of such default. No bid for less than the par value of said bonds, including accrued interest to the date of delivery, at the rate named in the bid will be considered. The right is reserved to reject any and all bids.

Said School Township bonds are being issued under the provisions of Chapter 220 of the Acts of 1949, for the purpose of procuring funds to be applied on the cost of construction and equipment of an addition to the existing school building. Said bonds are the direct obligations of the School Township, payable out of unlimited, ad valorem taxes to be levied and collected on all taxable property within the School Township.

Said Civil Township bonds are being issued under the provisions of Chapter 220 of the Acts of 1949, for the purpose of procuring funds to be used in aiding the School Township in the construction and equipment of an addition to the existing school building. Said bonds are the direct obligations of the Civil Township, payable out of unlimited, ad valorem taxes to be levied and collected on all taxable property within the Civil Township.

The approving opinions of Ross, McCord, Ice & Miller, bond counsel of Indianapolis, Indiana, will be on file on the day of sale, and will be furnished to the successful bidders at the expense of the Townships. No conditional bids will be considered. The bonds will be ready for delivery within approximately twenty-one days after the date of sale. If bids are submitted by mail, they should be addressed to the undersigned at R. R. 2, Etna Green, Indiana.

Dated this 8th day of October, 1952.

**TIMELY TOPICS**

By Mary Anne White

Overshoes for the family to wear during wet cold weather should be selected carefully and given good care.

Miss White, home demonstration agent of Kosciusko County, reports that clothing specialists at the U. S. Department of Agriculture recommend overshoes for women and teen-agers should fit the shoe heel correctly. If the shoe heel is small, it can cut into the rubbers of a wide overshoe. With wide shoe heels and narrow overshoes, the rubber heel can be crushed.

Instead of buying two pairs of overshoes, various types should be examined to get a correct fit for any kind of shoe heel. Some plastic boots may meet this specification.

Since heat dries out rubber overshoes, they should never be kept near a radiator or in any hot place. Oil and grease also damages rubber, so if any should get on, it should be washed off as soon as possible with a cloth dipped into water containing a mild detergent.

For better care, overshoes should never be left on the closet floor. They should be kept on shelves or racks in a cool closet near an outside door or in the utility or wash room. Muddy overshoes can be washed off promptly with cold water and placed on paper on these racks to dry. Brushing or wiping them out inside frequently will help keep them from soiling shoes.

Plastic boots can be washed inside and out so that they will not soil either shoes or hose. For extremely cold weather or heavy-duty wear, plastic may not be as good a selection as heavier overshoes.

Old broom handles may be made into a peg rack to keep rubber boots or tall overshoes in good shape. These should be cut longer than the height of the boot so the boot can be turned upside down over its own peg. This saves rubber boots from flopping over and later cracking at the ankles. This also helps keep them clean. If rubbers are stuffed with crumpled paper they will hold their shape and the paper will prevent cracking when they are stored.

Some of the wear and tear on overshoes can be eliminated if they are put on carefully. They should never be forced or jerked on hurriedly.

Mr. and Mrs. Kenneth Barkman entertained at a fish dinner Sunday at their home. Those present to enjoy the dinner were: Mr. and Mrs. Walter Barkman and daughter; Mr. and Mrs. Claude Barkman, of Mentone, and Mr. and Mrs. Irvin Barkman, of Boston, Massachusetts.

Mr. and Mrs. Chester Hire, of La Mesa, California, visited at the home of Mrs. Earl Meredith last Thursday. They also visited other relatives and friends in this community.

### Nova Scotia Twins

Photo Canadian National Railways  
CAMERA hunting for moose, deer and other species of game life, is steadily growing in popularity in conveniently accessible Nova Scotia as well as elsewhere in Canada. Here are two baby moose posing prettily for their pictures in a shady glen of a Nova Scotia forest. Full grown Nova Scotia moose usually are impressive in size suggesting a kinship with the fauna of a bygone age. These little chaps are naturally partial to lonely woods and marshes and even at their tender age the fleshy, bulbous muzzle clearly indicates that they are a browsing rather than a grazing animal such as their cousin, the deer.

### GOOD SPEAKERS SECURED FOR NEXT P. T. A. MEETING

Dean Russell Bollinger, of Manchester College, will be the speaker at the P. T. A. meeting to be held Oct. 22 at 7:30 p. m. at the Mentone school. Among the things Dean Bollinger will consider will be:  
Is yours a good school?  
Why do teaching methods change?  
Does the school meet individual differences?

We feel very fortunate in having Dean Bollinger and an invitation is extended to the entire community to attend this program. We especially invite all old and new members who attended our September meeting to come back again this time and help make this meeting as successful as the first one. Entertainment will be provided for the children, under adult supervision.

Memberships are due this month and you will also have an opportunity to subscribe to the Indiana P. T. and National P. T. magazines.

We have a good program—let's have a good crowd.

## JOLLY JANES HOLD MEETING

Mrs. Wayne Bowser was elected president of the Jolly Janes Home Demonstration Club of Mentone at the meeting held Monday evening at the home of Mrs. Iris Anderson.

Other new officers elected were Mrs. Loren Tridle, vice president; Mrs. John Ellsworth, secretary and Mrs. Dwight Reichard, treasurer. Mrs. Harold Utter gave the report of the nominating committee.

Mrs. Herschel Teel presented the lesson on nylon, dairon and other new fabrics on the market. Some of them are very good and some they are trying to improve. Mrs. Dwight Reichard also presented the lesson on "Know Your Fabric Finishes."

Mrs. Harold Utter read a poem, "They're Trying to Sell Your Birthright to You," for meditation. It pointed out that it should be your duty to vote. Mrs. Walter Kent, Health and Safety leader, stressed that everyone should attend Red Cross Classes on home nursing, practice good nutrition, and attend meetings on heart and cancer lectures.

There were 20 members present at the hard time party. Mrs. Raymond Lewis received the prize for her costume. Mrs. Forest Miner received the door prize. Mrs. Raymond Lewis and Mrs. Wayne Bowser received birthday gifts. Mrs. Kenneth Romine assisted the hostess.

Mrs. Walter Kent will entertain the

club on November 10th with Mrs. Roger Kelly as co-hostess.

## MENTONE READING CLUB

The Mentone Reading Club opened its club year, Wednesday evening, October 8, at the home of Mrs. Artley Cullum, with a pot luck supper. Mrs. Raymond Cooper was co-hostess.

The business meeting was conducted by the president, Mrs. Walter Lackey. An interesting account of the district meeting was presented by Mrs. Max Nellans. For the program, favorite hymns were rendered by Mrs. Ped Koenig, of Etna Green, and Mrs. Wayne Tombaugh.

The story of the Creation, in flannelgraph, was very impressively presented by Mrs. Florent Toirac, of Sidney. Mrs. Wayne Tombaugh and Mrs. Ora McKinley were in charge of the program.

**MADRID THEATRE PURCHASED**

The Madrid Theatre at Akron, Indiana recently was purchased by Mr. and Mrs. Kenneth Law, of Argos, Ind. The theatre has been renamed the Akron Theatre.

Extensive improvements have been made in the theatre since being taken over by the Laws—it has been beautifully redecorated, new lobby floors laid, new attractive concession bar built-in, the building has been completely rewired and all wiring now is in steel conduit piping in accordance with the fire underwriters code, new High-Intensity Projection lamps have been installed (these lamps are the same type now in use by the large theatres), new improvements have been made in the sound amplifying system, also the projection machines have been modernized.

Mr. Law states that it will be the general policy of the theatre to show only early run top quality pictures.

Mr. and Mrs. Law also own and op-

erate the Cozy Theatre at Argos and are people of many years of theatre experience.

Your attention is herewith called to the Akron Theatre's weekly program schedule which starts in this issue of the Co-Op. News.

**TROOPERS USE SAFETY BELTS**

Experimental use of automobile safety belts, being carried out by Indiana State Police troopers as part of a department motor vehicle crash injury research project shows the device can help reduce deaths and injuries among motorists.

The belt, troopers say, holds them in their seats on curves and rough roads, and prevents them from being thrown from the car. They point out the belt gives them a sense of security, permitting them to relax and ease the strain of long hours of driving.

Preliminary results of the State Police study have indicated that a substantial number of the state's traffic casualties are killed or injured by being hurled against the windshield, instrument panel or other interior projections in an automobile. Others are spewed out onto the pavement by the impact.

A waist belt, according to an article in the current issue of *The SHIELD*, State Police magazine, encircles the driver or front seat passenger and is anchored to bolts placed in the floor just behind the front seat. Addition of a shoulder belt, which is fastened to the waist belt and then adjusted diagonally over the user's shoulder, provides full protection by preventing the motorist from being thrown forward if a collision occurs. A simple locking device permits quick exit from the belt.

And the troopers have a reassuring word for the ladies: the belts do not cause undue wrinkling of dainty frocks.

## AMERICAN LEGION NEWS

At the regular meeting of Post No.  
425, The American Legion, held Tues-  
day evening, October 7, the adjutant,  
Dr. Frank Waltz announced his res-  
ignation to become effective as of now.

Dr. Waltz is leaving our community  
to reside in Florida. It is with reluct-  
ance and regret that we accept his  
resignation. Comrade James Rodi-  
baugh was elected to fill the vacancy  
created by Dr. Waltz.

A report on the recent repairs on  
the Home was made by John Ells-  
worth. He suggested that a note of  
thanks be sent to Roy Rush and Jack  
Molebash, the carpenters, who donated  
several hours of free labor to the  
Legion.

Carl A. Ward of Tippecanoe, was  
elected to membership in the Post.  
Ned Igo made a report on the progress  
of the membership drive, stating that  
we have 65 cards to date. Comm-

## METHODIST CHURCH NEWS

This past Sunday evening Rev. Jack Aebersole spoke on music of The Methodist Hymnal, its objective and subjective content, well as being the compilation of some of the world's best music and poetry coming out of the religious experiences of the composers and authors' lives. He illustrated and punctuated his address with organ selections, and concluded the program with selections from oratorios. Mrs. Aebersol sang "O Divine Redeemer!"

This coming Sunday evening Miss Catherine Croxall, librarian in one of the branch libraries of South Bend, will speak on the theme, BROADENING THE HORIZONS OF OUR LOCAL CHURCH THROUGH BOOKS

AND FRIENDSHIP. On one previous occasion Miss Croxall addressed one of the church groups. She has a host of friends of many nationalities and races. Her work as librarian and chairman of the Society of Crippled Children of South Bend, in addition to being the daughter of a minister, have given her many opportunities to meet the public.

Last Wednesday afternoon ministers and laymen of the Warsaw District Methodist Churches met at Milford for the year's Settlement Day. Because of the illness of Rev. Dale Stackhouse, the Superintendent of the District, the remaining Superintendents of the conference have volunteered to carry on the work in this District.

The local church will, for the time being, come under the supervision of Dr. Thurman Morris of the Richmond District and Dr. Samuel Yoder of Wabash. Dr. Yoder will be the University of Life speaker on November 30.

The Area Youth Council of Methodist Churches met at Saint Mark's Methodist Church in Indianapolis this past Saturday to lay plans for the Youth Program for this quadrennial and the Area Youth Training Confer-

ence to be held in June. The local pastor is Conference Director of Intermediate Work.

The Woman's Society of Christian Service will meet this Thursday at seven-thirty in the auditorium of the church.

On Monday afternoon the Intermediate Youth met for their first regular weekly meeting after school.

The committee serving this Sunday's Fellowship Supper consists of Mr. and Mrs. Charles Manaring and Mr. and Mrs. Phillip Blue, Co-Chairmen; Mr. and Mrs. Richard Manwaring, Mr. and Mrs. Joe Boggs, Mrs. Orpha Blue, Mr. and Mrs. John Allen Teel, Mr. and Mrs. Clyde Brugh, Mr. and Mrs. Harold Horn, Mr. and Mrs. Kenneth Sim-

coe, Mr. and Mrs. Harry Smythe, Mr. and Mrs. Howard Kohr, Mrs. Pearl Meredith, Mr. and Mrs. Lyman Mollenhour, and Mrs. and Mrs. Kligenhagen.

Rev. and Mrs. David Gosser attended the Mothers' Circle of the Bristol Methodist Church last Tuesday when Rev. Gosser spoke of the Theme, "Women in Home and Church."

Mr. and Mrs. Howard Newton and family of Hammond, Indiana, spent the week end at the home of Mrs. Tessie Newton and other relatives.

**WORD FROM MALCOLM LONG**  
6 October, 1952

Dear Art:

Have been enjoying the paper every week for several months now, Art, and I'm afraid this letter of thanks is way overdue. As every other Serviceman, I appreciate very much getting the news of happenings around the community, and also find that it is about the best way we have to keep track of other fellows who are in the service now.

I can't say too much about Laredo that it good. It has been extremely dry all year in this part of Texas. All the old settlers say that the Rio Grande river is the lowest it has been since before 1900. It is very dusty and visibility is usually not more than 10 miles due to blowing sand. The town of Laredo is over 90 per cent Mexican, and the Spanish language is used quite extensively.

This base was reactivated about 3 months ago and we are living in some old frame buildings while the new barracks are being constructed. About the only good thing is that we have all new airplanes. They have all been delivered direct from the factory since the base opened.

After getting 130 hours of flying in the T-6, we are here for 135 hours in the Advanced Single Engine phase of pilot training. Of this time, 70 hours will be in the T-28 and 65 hours in the T-33 jet trainer. The T-28 is designed

as a transition trainer from conventional aircraft to jets. It has tricycle gear, an 800 h. p. engine and cruises about 200 miles per hour, with a top diving airspeed of 390 m.p.h. indicated. Of course, we are all pretty anxious to get into the jet section. It almost makes you want to get out and push when you are cruising at a mere 200 and watch a jet pass you between two and three times that fast.

Thanks again for the paper. It's almost time for lights out so I'll close and try to write a little more promptly next time.

Sincerely,  
MALCOLM.

A/C Malcolm D. Long  
Box 8-36

Laredo AFB, Texas.

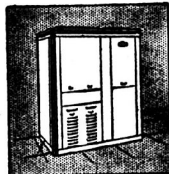

(Dear Malcolm: The only way I will ever get to answer this fine letter is for me to hammer it out on the Linotype and let Dear Old Uncle deliver the message in the Co-Op. News. Typing a letter gets rather rough on those three fingers I try to use, and if I'd do it longhand, you have to wait until you got over to China to get it deciphered. My wife says my writing is distinctive but not distinct.

Here at the old Country Print Shop we appreciate the opportunity of doing just a little favor to all the folks in service by sending them the newspaper.

## HANDLE YOUR FIREARMS SENSIBLY AND CAUTIOUSLY

In order to restrict hunting casualties to ducks, quail, mudhens, rabbits and other game this fall, Chas. M. Hayes, president of the Chicago Motor Club warns hunters that rifles and shotguns should always be disassembled and put in protective cases while being carried in passenger cars.

"Each year the 'gun that isn't loaded' causes most of the firearms accidents," Hayes said. "Hunters who travel by car should be impressed that it is never safe to leave ammunition in the barrel or magazine of a firearm while traveling by automobile."

The club president advised hunters who travel by automobile to remove firearms from the car during overnight stops. Firearms should be kept with the owner's personal baggage.

According to Hayes the right of persons to keep and bear arms has been preserved by the Constitution of the United States. This right has been interpreted in such a way as to permit both federal and state governments a considerable degree of power to regulate the manner in which firearms may be acquired, transferred and used.

For you motorists who plan to go hunting this fall, here are some state laws pertaining to the transportation of firearms:

**ILLINOIS**—No restriction on carrying firearms in motor vehicles provided that they are not concealed and provided that rifles, shotguns or air-guns are enclosed in a case or taken apart so that they cannot be fired. Certain specific restrictions apply to the carrying of firearms by persons once convicted of violent crimes.

**INDIANA**—No restrictions on carrying of firearms in private passenger cars except that the owner of a firearm with a barrel less than 12 inches in length must have a license issued by the State of Indiana. Licenses good for one year, are issued by circuit, superior and criminal court judges.

**MICHIGAN**—No restrictions on the carriage of rifles or shotguns in pri-

vate passenger cars. Pistols and revolvers may not be carried unless the weapon is not loaded and a Michigan or home state permit has been obtained.

## BAPTIST NEWS

Last Sunday the church went back on the air over WKAM from 10:30 to 11:30. After almost three years broadcasting the morning service there was a lapse of about three months. The Lord willing, the broadcast will continue and the public will be able to hear the complete service each Sunday morning.

A special treat will be offered to music lovers Thursday night, October

16, at 7:30, when Jack Conner, celebrated marimba artist, will give a concert in the church. The concert is free and a free-will offering will be taken for Mr. Conner.

Each Saturday morning at 7:15 the pastor has a program called "Religion in the News." This is a 15 minute re-

view of religious items of all churches. Listen in next Saturday morning to this interesting news cast.

Next Sunday will be the third Sunday of our five-Sunday Contest with Elkhart and Ft. Wayne. Elkhart is leading with Ft. Wayne and Mentone fighting for second place.

**DATES SET FOR OVERSEAS CHRISTMAS MAILINGS**

Christmas parcels for members of the armed forces serving overseas should be mailed between the period October 15 and November 15. Air Parcel Post intended for personnel of the Armed Forces serving overseas or on Naval vessels should be mailed not later than November 25. Air parcel post mailed after this date cannot be assured of delivery before Christmas. Air Parcel Post is limited in size to 30 inches in length and girth combined and 2 pounds in weight.

Parcels addressed to A. P. O. and F. P. O. through New York, New York are subjected to certain prohibitions. Persons sending parcel post through these A. P. O. and F. P. O. should check with the Post Office so as to find out what articles can and cannot be sent.

The term "Armed Forces Overseas" includes Military and Civilian person-

nel who receive their mail through an A. P. O. or F. P. O.

Boxes for overseas must necessarily be of strong construction on account of the great distance these parcels must be transported. Addressee must be legible and prepared in typewriting or ink. It is highly desirable that a slip of paper containing the names of sender and addressee together with a list of contents be enclosed in each parcel so as to provide identification in the event the address on the outside becomes defaced in transportation, or the parcel becomes broken open.

Mr. and Mrs. Asa Dirck are taking a week's vacation in the state of Iowa.

Mr. and Mrs. Irvin Barkman left for their home in Boston, Massachusetts, on Monday after visiting here with the former's brother and family, Mr. and Mrs. Claude Barkman.

**HALLOWE'EN SEASON IS HERE**

The Hallowe'en season is about due again, and there are those among us who are apprehensive of the pranks that are usually performed during this season.

However, during past Hallowe'ens the young people of Mentone have had their fun and still been very considerate of the citizens. We trust that the boys and girls this year will do as well in this respect as others have in the past. There have been instances when a few haven't had the brand of sportsmanship it takes to behave properly, but those youngsters just don't know any better. They haven't grown up enough yet to know how to behave.

Have all the fun that goes with the Hallowe'en season, youngsters, but see that you do not destroy property, endanger lives or limbs—and above all—don't tease or scare those who are old, or sick.

## MRS. B. G. SHAFFER

Mrs. Bessie G. Shaffer, 60, of Tippecanoe, passed away at 3:35 a. m. Tuesday at her home. She had been ill for the past two years. Mrs. Shaffer had resided in Tippecanoe practically all of her life, with the exception of a few years in Huntington and Athens. She was born July 18, 1892, at Tippecanoe, the daughter of George and Eliza Marks. In 1911 she was married to Ossa E. Shaffer.

Survivors are the husband; four sons, Harold, of South Bend; Burdette, of Homewood, Illinois; Roscoe (Jim), of Argos; and George, of Tippecanoe; three daughters, Mrs. Arlene Jefferies, of Tippecanoe; Mrs. Donna M. Botick, of South Bend and Mrs. Betty Stults, of South Bend; three sisters, Mrs. Elsie Enlow, of Tampa, Florida; Mrs. Sylvia Sobiki, of South Bend, and Mrs. Mary Horn, of Warsaw; 15 grand-children; two great-grandchildren and 4 brothers, George, William, Ernest and Walter Marks, all of Fort Wayne.

Funeral services will be held Thursday at 2 p. m. in the Tippecanoe Christian church. Rev. D. L. Slaybaugh, of Akron, will officiate and burial will be in the Rochester I. O. O. F. cemetery.

The Grossman funeral home, of Argos, is in charge.

## ORA O. LEECH DIES

Ora O. Leech, 85, Well known resident of the Akron-Athens community, died at 2:15 p. m. Tuesday at his home north of Athens, due to an acute heart ailment. He had been in fairly good health before the attack.

Mr. Leech, a retired farmer, was a lifelong resident of the Akron community. He was born September 10, 1867, the son of John and Sarah (Rickel) Leech. His wife, Dellah, died in March, 1951.

The surviving relatives include two daughters, Mrs. Gertrude Ball, at home, and Mrs. Harold (Mary) Van Doren, of near Akron; a son, John, of Callahan, Texas, six grandchildren and a brother, Sam Leech, of near Rochester.

Funeral services will be held at 2 p. m. Friday at the Moyer-Hauptert funeral home in Akron. Rev. D. L. Slaybaugh will officiate. Burial will be in the Akron cemetery. Friends may call at the funeral home.

LEGION TO TREAT YOUNGSTERS  
HERE ON HALLOWE'EN

At a meeting held Tuesday evening, the Mentone Post of the American Legion voted to offer free treats to all the youngsters on Friday evening, Oct. 31, from 7 to 8:30 o'clock.

An invitation is extended to all the young folks of the community to visit the Post Home where Legionnaires will be on hand to treat them.

The Legion boys are very much interested in the young people and appreciate them. They are using Halloween as another opportunity to express their appreciation in a tangible way.

ANNUAL FALL JOB OF LEAF  
BURNING IS AT HAND

The trees have been shedding their leaves quite rapidly the past few days and it won't be long until the limbs will be bare and the lawns well covered.

Citizens are urged to not burn the leaves on the oiled or paved streets as the heat from the fire will damage them. The paving oil is combustible and would even catch fire if the heat becomes intense enough.

## CITIZEN VERY CONSIDERATE

The chances are that many motorists have noticed it before this, but even though we had intended to mention it weeks ago, I'm just getting around to doing it.

Corn planted to the very edge of fields can so easily obstruct the view of motorists at intersections, and the corner at Highway 19 in the northwest part of Mentone is one of those places where growing corn could be a hazard. Thanks to the thoughtfulness of Owner Earl Tucker, he didn't plant corn clear to the corner. In a fair-sized triangular plot at the corner he substituted potatoes for corn. As a consequence, we motorists this summer have been able to see far enough to miss the cars coming from the other direction.

## CARS COLLIDE WEDNESDAY

Autos driven by Bert Holloway and Dewey Whetstone came together at the Leroy Cox residence corner about noon Wednesday. The autos were considerably damaged but both drivers escaped serious injury.

## NEW ARRIVALS

Mr. and Mrs. Wilfred Deaton, rural route, Mentone, are the parents of a daughter born at 7:14 a. m. Wednesday of last week at the Murphy Medical Center at Warsaw.

Mr. and Mrs. Ed Cunningham, of Crystal Lake, are the parents of a daughter born at 12:52 p. m. the same day at the Medical Center. Mr. and Mrs. Loyd Miner are the maternal grandparents.

Mr. and Mrs. Clifford Reed, of Warsaw, are the parents of a son, weighing six pounds, 13 ounces, born by caesarian section at 10:19 last Wednesday at the McDonald hospital.

## CLUB CALENDAR

D. A. R. meets Tuesday evening, October 28 at the home of Mrs. Miles Manwaring.

## WALK — PATTERSON

The Warsaw Methodist church was the scene of a pretty fall wedding on Sunday, October 12, when Miss Phyllis Patterson and Eugene Raymond Walk were united in marriage. The bride is the daughter of Mr. and Mrs. Earl Patterson, East Jefferson Street, Warsaw.

Rev. J. Thomas Frost, pastor, read the double ring service.

White chrysanthemums in beauty baskets decorated the altar where 24 white tapers provided a background of soft candlelight. Ferns were tucked in the bows, with satin streamers that marked the pews at both white carpeted aisles. Preceding the ceremony, the altar candles were lighted by two brothers of the bride, Max Patterson, of Warsaw, and Robert Patterson, of Syracuse, who served as ushers.

A prelude of nuptial music was presented by Mrs. Everett Perry, organist, and Mrs. Raymond Essig, contralto. Selections by Mrs. Perry included "Indian Love Call," Handel's "Aria in F Major," "Jesu, Joy of Man's Desiring" by Bach, "The King of Love My Shepherd Is" with the traditional bridal chorus for "Lohengrin" as the processional. Mrs. Essig sang "I Love You Truly," "Through The Years," "The Sweetest Story Ever Told" and "Because."

The bride, given in marriage by her father, was lovely in a white gown of

## ROOKSTOOL — NORRIS

Miss Lillie A. Norris, daughter of Mr. and Mrs. Samuel Norris, became the bride of Everett Earl Rookstool at the single ring ceremony performed at 2:30 p. m. Saturday, October 18. Rev. T. W. Chandler read the ceremony in the West Creighton Avenue Christian Church of Fort Wayne. The groom is the son of Mr. and Mrs. Everett M. Rookstool, of near Mentone.

The prelude was played by the church organist. Her selections were "Because" and "Always." During the ceremony she played "O Perfect Love." "I Would Be True" was played as the recessional.

Mrs. Rookstool was attended by her cousin, Elener Norris, of Mentone. Alden Jones, Jr., of near Mentone, was the groom's attendant.

The bride chose a dress of silver and black striped rayon cord fashioned with a fitted bodice having a low oval neckline, outlined by a black velvet collar. The three-quarter length sleeves were trimmed with matching black velvet cuffs. The street length skirt was styled with soft fullness falling from unpressed pleats. The bride wore pearls, and carried her red rose corsage on a white Bible, a gift from the groom.

The maid of honor was attired in a gold silk hoshan dress with a royal blue taffeta bolero and blue accessories. Her corsage was of bronze mums.

Mrs. Norris, mother of the bride, wore a black suit with red accessories and a corsage of red carnations. Mrs. Rookstool, mother of the groom, chose a navy suit with pink accessories. Her corsage was of pink carnations.

The reception was held for the immediate relatives of the couple at the home of Rev. and Mrs. T. W. Chandler. Mrs. Rookstool made her home with them while she attended business college in Fort Wayne.

The 30 guests were served a beautiful two-tiered wedding cake, topped with silver bells and red rose buds. Punch was also served by Mrs. Robert Norris and Miss Elener Norris, of Mentone, and Mrs. Leonard Jacquay, of Fort Wayne.

Mr. and Mrs. Rookstool were both members of the 1951 graduating class of Beaver Dam High School. Mrs. Rookstool is employed by the Union Tool Company, of Warsaw and Mr. Rookstool is employed by the Nickle Plate Railroad.

## MONEY IN CHICKENS AND PIGS

Back in the '30s your editor had one of the old time "tramp printers" in his employ. One of his remarks that sticks out in my mind was one answer to the query: Is there any money in the printing business? The answer was: "There ought to be. I've put \$45,000 into it."

Valentines—or some of their employees—must think there's money in the poultry and hog business. They have one pen of two pigs and a coop of chickens. The pigs will be on a special diet of some of their choice feeds and when they attain a specified weight they are to be donated to the fire department. The hens, too, will get good rations and there will be records kept to see whether the "Reds" or the Leghorns lay the most eggs. Macy didn't say what they were going to do with the eggs, so I'd better not make too many incinerating remarks or I might be presented with a few of them after they are properly ripened.

## OPEN SEASON ON DOGS ENDS FOR COUNTY MAN

Harvey Ballenger, who resides nine miles northeast of Rochester on the Fulton-Kosciusko county line, finally has ended his open season on dogs—he hopes.

The roaming animals have been causing Ballenger, and his sheep, no end of trouble during the past six months. They've killed 15 lambs and seven ewes in the last three weeks.

Ballenger has bagged four of the predators, he said, and has been unbothered since.

## MENTONE HOME DEMONSTRATION CLUB MEETS

Mrs. Cloice Paulus presented the project lesson, "Fabric Finishes," at the meeting of the Mentone Home Demonstration club held Thursday afternoon, October 9, at the home of Mrs. Leroy Cox, in Mentone. Some finishes were described by Mrs. Paulus as improving the wearing quality of the fabric, others make the fabric more attractive. She named both good and bad points to watch for when buying fabrics and advised the club members to check labels and trademarks.

"Stranger Than Fiction" was an article read by Mrs. Claude Gates for meditation. Mrs. Howard Horn, vice president introduced the program. Mrs. Harry Vernet, president, reported on the meeting held recently by the presidents of the clubs in the county Home Demonstration Association.

Mrs. Claude Gates assisted Mrs. Cox in entertaining. Auction articles were purchased by Mrs. Erma Anderson, Mrs. Silas Hill and Mrs. Vernet. Gifts were presented to Mrs. Earl Smith and Mrs. Claude Barkman. Mrs. Ethel Miller, of Akron, and Mrs. Vincent Meredith, mother of Mrs. Cox, were guests.

## METHODIST CHURCH NEWS

The University of Life Program is well under way with the third address to be given this Sunday evening. Dr. Claude McClure of the Methodist Hospital in Indianapolis, will speak on the theme of "Broadening the Horizons of our Local Church Through Hospitals and Homes."

The committee in charge of serving the fellowship supper consists of Mr. and Mrs. Frank Smith and Mr. and Mrs. Max Smith, co-chairmen; Mr. and Mrs. Rex Tucker, Mr. and Mrs. Miles Manwaring, Mr. and Mrs. Milo Fawley, Mr. and Mrs. Arlo Friesner, Mrs. Maxine Horn, Miss Greta Latimer, Mr. and Mrs. Ray Linn, Mr. and Mrs. Eldred Paulus, Mr. and Mrs.

Dale Wallace, Mr. and Mrs. Dean Witham, and Mr. and Mrs. George Clark.

The congregation was well pleased with the well planned and presented Layman's Day service this past Sunday morning. Mr. Raymond Cooper, Lay Leader, directed the service and spoke on the Stewardship of Christian laymen. His Aaron and Hur were Mr. Charles Manwaring and Mr. Ralph Mollenhour who spoke on the Laymen's Institute which was held at Depauw University in September. Boy's Work in the plan of a church program and The Methodist Men in Action. Special music was presented by a men's quartet, Mr. Ned Miller, Mr. Robert Firkins, Mr. Mott Bryan and the pastor. Mr. Denton Abbey spoke at Foster Chapel of the Bourbon Parish Charge.

The Week of Prayer and Self-Denial begins on October 26. Beginning on Monday morning the Methodist church bell will be rung at eight o'clock to remind the congregation and others who wish to observe the occasion, that prayer should be a vital part of our daily life.

# MENTONE MURMURS

by  
DAVID and SALLY GOSSER  
The other day Murmurs took their camera (a borrowed one) and went about the country-side to get a few more "shots" of Fall views. There were many good and even unusual sights of color, but the interesting part of the short drive was the significant thought that was provoked by all that was seen.

The thought was this: The expansive line of trees burning with unconsumed fire does not attract the photographer's attention as readily as the solitary maple in contrast with its surrounding environment. No doubt, this is quite obvious to our readers, but the thought does not end here. It comes to its conclusion in the analogy with human relationships.

Mankind lives in a world of contrasts as well as in one of comparisons. The tree behind Mahlon Mentone's residence would not be as spectacular if all the trees in that neighborhood were of the same hue and color, nor would the maple behind the Ray Smith residence be as gold if it were in line with the maples across the street near the Baptist church.

Here we are speaking of relative values which are as applicable to human lives as to the realm of nature. In a community where goodness abounds we are prone to accept the goodness of our neighbors as a matter of fact. It takes a very unusual individual, some Saint Francis of Assisi, to achieve recognition on the merit of goodness alone. On the other hand, a comparatively slight misdemeanor may attract undue attention. Murmurs would hasten to say, however, that all misdemeanors should be of concern to the citizens of a community, but in proportion to their offensiveness receive attention.

This is, by no means, an attempt to minimize the seriousness of certain malicious deeds which have been enacted in our community, but its purpose is to make us aware and alert to the pulse beat of our daily life in Mentone.

The evidence of a good person in a community where the environment may be definitely negative is just as obvious and spectacular, although quietly so, as the reverse situation. The world may wonder why this goodness does not attract the attention of news agencies as readily as the misdemeanors. The answer is generally that of motive.

People are good for the sake of goodness and its merits rather than

to attract attention, although there are exceptions to this statement, while much of the mischief and evil that is so apparent in the world is either the direct effort to gain attention or the result of that effort.

A child's tantrums, certain behavior patterns of both youth and adults, evidence this. The effort may not be as conscious attempts and strivings for the desired attention as frequently as it is the accompanying result, but the sub-conscious motive is still the same.

Murmurs will conclude what could approach volumes of printed discourse on the subject by reminding ourselves that another reason misdemeanors offend us so readily in Mentone is the fact that we live more intimately with our neighbors in a small community than do urban people. We should more deeply appreciate the enthusiasm which our new Mentonites like the McKeegans, Jackson (both John and Norris), Hoogenbooms and others show for this community. The

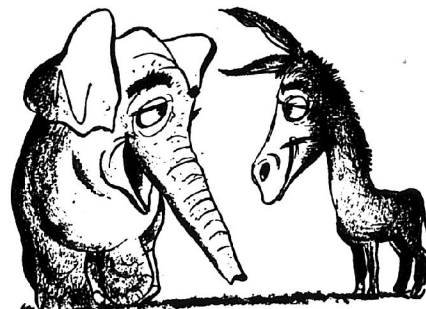

first named family having moved here from Chicago.

Then we should examine our suspicions which other nationality groups create because they may be in a minority. We take offense at their behavior more readily than we do that of our own citizens when the misbehavior of both may be of the same nature. Murmurs does not wonder that the United Nations has such a difficult time. Rural America is still provincial in her attitudes towards other peoples.

## JUST AN ORDEAL

A guy who goes for the cup that cheers somewhat too much was finally cornered by his wife in a bar where he was dreamily contemplating a slug of rye. Being in a genial mood, he offered her a sip, but when she took it she gagged and sputtered, finally coming out with: "How can you ever drink that horrible stuff?"

"See?" said the husband, "and all the while you thought I was having a good time!"

### OYSTER VS. EAGLE

When God made the oyster, He guaranteed him absolute economic and social security. He built the oyster a house, a shell to protect him from his enemies. When hungry, the oyster simply opens his shell and food rushes in for him.

But when God made the eagle, He said, "The blue sky is the limit. Go build your own house." And the eagle built on the highest mountain crag, where storms threaten him every day. For food he flies through miles of rain, snow and wind.

The eagle, not the oyster, is the emblem of America.

## COUNTY FIREMEN HOLD FISH FRY

Approximately 180 men attended the annual fish fry of the Kosciusko County Firemen's association, held last Thursday evening in the women's building at the county fairgrounds in Warsaw. Firemen from the various county departments had as their guests town officials, township trustees and advisory board members, and Warsaw city officials.

The fish fry was prepared by the Mentone Boosters club.

A short business meeting was held, with the new association president, Verland Bockman, in charge. Short talks were given by Martin Werhling, deputy state fire marshal, of Indianapolis, and William Collisson, of Winona Lake, a former fireman for 47 years and once secretary-treasurer of the state volunteer firemen's organization. The program was closed by the county association's new president, Wayne Swihart, of Silver Lake.

Mr. and Mrs. Franklin Newton and family, of Rochester, and Mr. and Mrs. Stanley Newton and family, of Burket, visited Sunday at the home of Mrs. Tessie Newton.

## COUNTRY NEIGHBORS MEET

The Country Neighbors Home Economics Club met recently at the home of Mrs. Jacob Gross with Mrs. Clarence Pfeiffer as co-hostess.

The meeting was called to order by the president, Mrs. Uda Maxwell, with the group singing the club song, "America, The Beautiful," and the song of the month, "Silver Threads Among the Gold." The pledge to the flag and club creed were repeated in unison. Mrs. Clarence Pfeiffer was in charge of Devotions. The usual order of business followed.

Mrs. Carl Zolman presented the lesson, "Purchasing and care of linoleum," which proved beneficial to all.

The following officers were elected for the coming year: Mrs. Earl Zent, president; Mrs. Joe Peterson, vice-president; Mrs. Carl Zolman, secretary and Mrs. John Teel, treasurer.

It was announced that Family Night would be held October 24th at the Talma gym. Everyone is to come as they are.

Auction articles were received by Mrs. Sam Deward, Mrs. Wm. Rathbun, Mrs. Robert Hoover, Mrs. Joe Peterson, Mrs. Russell Walters, Mrs. Earl Zent and Mrs. John Teel.

A Sunshine gift was received by Virginia Law.

Refreshments were served to 19 members, seven children and a guest, Mrs. Sam Deward.

tulle and French illusion over satin designed with a fitted bodice and pointed peplum at the back of the bouffant skirt, which ended in a chapel-length train.

Orange blossoms and pearls trimmed the lace sweetheart bonnet to which was attached her lace edged finger tip veil. She wore a pearl necklace, a gift from the bridegroom, and carried a dainty handkerchief presented by her only sister. Her bouquet of red and white carnations and sprays of smilax was tied with white satin bows and narrow streamers.

Mrs. Carl Workman, matron of honor for her sister, was gowned in mint green taffeta with bodice, bolero and peplum of lace in a matching shade. Layers of double net over taffeta formed the full skirt. In her hair she wore a braided coronet of mint green. She carried a colonial bouquet of bronze baby mums from which fell bronze ribbon streamers.

Also attending the bride were her sisters-in-law, Mrs. Robert Patterson and Mrs. Max Patterson, who wore rose pink taffeta gowns styled identically as Mrs. Workman's. Their bouquets were of yellow baby mums.

The little flower girl, Cynthia Elaine Patterson, daughter of Mr. and Mrs. Dale Patterson, wore a frock of light blue net over taffeta and carried a basket of rose petal. David Lee Patterson, nephew of bride, carried the rings on a heart shaped satin pillow.

Elwin Teel, of Mentone, a close friend of the bridegroom, served as best man. Carl Workman was the head usher.

"The Lord's Prayer" was sung by the bride as the couple knelt at the altar. The organ recessional was "Now Thank We All Our God."

Mrs. Earl Patterson chose for her daughter's wedding a dress of dusty rose crepe styled with deep yoke and bracelet length sleeves of French lace. With it she wore a rose-colored hat, white gloves and a corsage of white carnations. A similar corsage was worn by Mrs. N. E. Worden, of Chicago, the bridegroom's aunt, attired in a black ensemble.

A reception for 100 guests was held in the church parlors immediately following the ceremony. Bouquets of burgundy and bronze chrysanthemums were used throughout the room. The refreshment table, covered with white linen, had appointments in silver and crystal. The four-tiered wedding cake was decorated with red roses and was topped by a miniature bridal couple in a tiny rose garden. A garland of English ivy encircled the base of the cake and the silver candle holders on either side. Fruit punch from a large crystal bowl, was served with the cake by Mrs. Howard Lightfoot and Miss Shirley Ringer, cousins of the bride, and Mrs. Teel.

When leaving for their wedding trip to Chicago and other cities, Mrs. Walk

was wearing a forest green gabardine suit with brown accessories. Pinned to the suit lapel was a carnation corsage.

Out of town guests at the wedding were from Chicago, South Bend, Elkhart, Syracuse, Cromwell, Silver Lake, Fort Wayne, Bourbon, Tippecanoe, Oswego, Leesburg, Milford, Atwood, Palestine, Pierceton, Liberty Center, Monroe, Claypool and Rochester.

Mr. and Mrs. Walk are living in their newly furnished apartment in Warsaw. Mr. Walk, who attended South Bend and Tippecanoe schools, is employed by the Northern Indiana Cooperative mill at Mentone. Mrs. Walk attended Leesburg and Warsaw High Schools.

Tom Haimbaugh is somewhat improved after being a medical patient at the Woodlawn hospital last Thursday and Friday.

## MRS. ALICE MIDDLETON DIES

Mrs. Alice Middleton, 91, died last Friday at the home of her daughter, Mrs. Nellie Kelly, Argos. Mrs. Middleton had been a resident of Argos for 25 years, coming there from Warsaw.

Daughter of Mr. and Mrs. George Thornburg, she was born April 7, 1861 at Warsaw. In 1912 she was married to Jesse B. Middleton. Mrs. Middleton was a member of the Argos Christian church.

Survivors are three daughters, Mrs. Nellie Kelly; Mrs. Dorothy Peterson and Mrs. Gladys Hudson, Traverse, City, Michigan; three sons, Dr. William Middleton, Argos, Gerald Middleton, Omaha, Nebraska, and Glen Middleton, California; a sister, Mrs. Jennie Thomas, Mentone; nine grandchildren and 11 great-grandchildren.

Funeral services were held Sunday, at 2 p. m. in the Umbaugh funeral home, Argos. Rev. James R. Coovert officiated and burial was in the Argos Maple Grove cemetery.

## MISS OPAL WILLBERN

Miss Opal Millbern, aged 54, of South Bend, died suddenly Thursday evening at her home at 734 Park Avenue, South Bend. She had been in her usual good health before she was stricken with a heart attack.

Miss Millbern was born at Mentone, the daughter of Mr. and Mrs. Allen Millbern.

Surviving relatives include two sisters, Miss Gretchen Millbern and Miss Dorothy Millbern, and a brother, Fessler Millbern, of South Bend. Mrs. George Lyon, of Warsaw is an aunt of the deceased.

Mr. and Mrs. Milbern, parents of the deceased, died about two years.

Funeral services were held at 2 p. m. Monday at the Welsheimer funeral home in South Bend.

Austin Millbern, who was in the hardware business with Mace Wertenberger here years ago, was a grandfather of the deceased.

## WITH THE SICK

Mrs. Maggie Dille is a patient at the Murphy Medical Center where she was taken last Wednesday. She has had pneumonia but is much improved.

Stanley Boggs is much improved after being a medical patient at the McDonald hospital since last Thursday.

## LOSES HAND IN CORNPICKER

Tragedy that is ever near at this season of the year, struck in our community Monday afternoon about 4:30 when William "Shiney" Blackburn lost his right hand in the gears of a cornpicker. He was oiling the picker at the time and had neglected to shut off the motor.

At the time of the accident he was working in his field directly across from the Swick farm. He was able to get to the house there where Mrs. Henry Riffle wrapped the hand and applied pressure, and then drove him to the Woodlawn hospital. The doctor said that this first aid and the fact that he was wearing a glove saved Bill's life.

Due to the very badly mangled condition it was necessary to amputate all the fingers. The thumb was not injured.

He is expected to be able to return to his home Thursday.

## INJURED IN COLLISION

Mrs. Mervin Wagner received injuries to her right leg and neck in a two-car accident last Thursday in Warsaw, at the intersection of Fort Wayne and Indiana streets. The driver of the other car was Robert Gearhart of Warsaw. He was not injured.

Mrs. Wagner's baby and a woman companion escaped serious injury. There were two boys and a girl in the Gearhart car who were not injured.

Mrs. Wagner was taken to the Murphy Medical Center, where she was a patient until Friday.

According to Officer Wells, the car driven by Gearhart was headed east on Fort Wayne street, while the auto operated by Mrs. Wagner was enroute south on Indiana street. Wells said Mrs. Wagner failed to stop for the stop sign.

## HAS FOOT AMPUTATED

Mrs. Ota Smalley Dick is a patient in the Robert Long hospital in Indianapolis following major surgery Saturday morning at which time it was necessary to amputate her left foot, due to diabetic gangrene.

Mrs. Dearth Tucker and Earl Smalley were with their mother on Saturday.

Mrs. Dick is in Ward F. and will appreciate hearing from her friends.

## MRS. ORPHA ZENT DIES

Mrs. Orpha Zent, 87, died Tuesday evening at the home of her daughter, Mrs. Frank Ladd, of Warsaw. She had been ill for eight weeks.

She was born in Kosciusko county Aug. 28, 1865 to John L. and Emiline (Hatfield) Anderson. She was a resident of Palestine for many years. She was a member of the Palestine Christian church.

The husband, John Zent, preceded her in death in 1944. A daughter also preceded her in death.

She is survived by the daughter, Mrs. Lena Ladd, Warsaw; one son, Lloyd Zent, west of Mentone; one sister, Mary Zent, of Etna Green; two brothers, Harvey Anderson and Noah Anderson, of near Bourbon; three grandchildren; six great-grandchildren, and one great-great-grandchild.

Friends may call at the Reed Funeral Home after 9:00 p. m. Thursday until time of the service.

Funeral services will be held Friday at 2:00 p. m. at the Palestine Christian Church. Burial will be in the Palestine cemetery.

## BREAKS BOTH LEGS

Ronald Gates, 10, son of Mr. and Mrs. Harold Gates, R. R. 5, Warsaw, had both legs broken Saturday afternoon while he was helping his grandfather, Jake McClone, on a neighbor's farm near Mentone.

Ronald was helping hitch a wagon to the tractor being driven by McClone. As the clutch was released the tractor backed into the wagon pinning the boy between and breaking both his thigh bones.

He was taken by ambulance to the Murphy Medical Center where he underwent surgery Tuesday. Ronald is a pupil in the fifth grade at the Mentone school.

## PUBLIC SERVICE CREW

## "CLEANS" UP LAMPS

The Northern Indiana Public Service Company street light globe washing truck was in town today taking a little of the summer grime off the street light globes.

A slight miscalculation, however, cleaned off one light right down at the sidewalk level. As the truck drove away the back end hit the post and snapped it off just a few inches above the sidewalk.

## AUTO DEALERS OFFER

## TRANSPORTATION TO POLLS

The auto dealers of the county this week voted to join with other dealers throughout the nation to furnish free transportation to the polls Nov. 4th. Cox Motor Sales and Mentone Motors, Inc., of Mentone, will be at your service election day.

The auto dealers are making this offer as a public service and are not stipulating any support to any political candidate or party. They have confidence in the voters—if they will only vote.

## NOPE! CAN'T BE SO.

Like the old Kentucky Colonel who had just seen his first giraffe in a parade. He still said: "There ain't no such animal."

And after seeing the snow the first of the week, something seems to say that it just isn't that time of year again—or is it? Let's see now, Third quarterly installment paid on our war debt to Truman and European Nations, fall half of personal property taxes due next week, and third quarterly contribution due under social security and withholding taxes due tomorrow or else we get clipped for some sort of penalty and interest. Even though you do a job for free you're still liable for penalty and interest . . . and if you've had sixteen or more in the third half of the last 20 weeks of a 52 week year, and suffered no unusual ailments, you're subject to a surplus tax under article 15 (pp7), revised under date of August 14th, which is hereinafter referred to as the suffrage tax on a maximum of employees under a possible profit motive without the full authority of a union chief petty boss with nothing to do but spend your money and snoop . . . well, maybe it is that time of year after all.

## CLUB CALENDAR

The J. O. Y. Circle will meet next Tuesday, November 4, at the home of Bernice Rush from 9 to 11 in the morning.

The Royal Neighbors will meet with Gladys Anderson next Monday evening at 7:30. Notice change in night.

## TIMELY TOPICS

By Mary Anne White

As you are sitting there reading this article, is there a shadow falling on the paper or are you becoming sleepy? Chances are the light is not correct. Why not take time out now to check that lamp and place it properly? From the center of your newspaper, measure 15 inches to the right or left. From this point measure 26 inches at a right angle to the rear of the chair. This locates the spot over which the center of the lamp shade should be placed for best results. The bottom of the lampshade should be above your head and this usually measures 46 inches. Now, all set, isn't it easier to read now?

Perhaps you have been wondering what you can do to encourage your children to eat more nourishing school lunches when they have to take their lunch. (This applies to anyone carrying their lunch—be it to work or to school.) I'd like to pass on to you a few tips that will make the lunches more nutritious plus variety. Most children detest carrying the old-style lunch pail anymore so why not purchase a more streamlined style to

satisfy them. Now for the inside—

The pep and energy that your child or worker has in the afternoon depends largely upon what he ate for lunch at noon. Some people think that it doesn't matter what they eat for lunch if they have a good meal in the evening. **This is not true.** They cannot make up for a lost or poor meal. Our body has to function the entire day and needs a sufficient supply of energy at all times.

The traditional sandwich, pie, and soda pop are not adequate. For some variety why not collect your neighbors or keep your own glass babyfood jars and pack puddings, saucy fruit cups or perhaps custard. These jars can either be kept or thrown away. Have you every thought of using those empty cottage cheese containers? They are all waxed inside and if you're careful you can keep the lid in good condition to insure a tight fit. These too are good to throw away after the meal. Tonight try putting a dessert sponge cup in the bottom of the container, top with canned peach half, fill with syrup gelatin and chill overnight. These are also excellent for a serving of potato, vegetable, macaroni or meat salads.

A warning on those salads and meats—Some foods such as meats, sal-

ads, and egg dishes spoil very quickly if not kept cold enough. Be especially careful with these if the weather is hot or if there is not a cool place for the youngsters that do not have a cool storage place at school.

Aluminum foil is excellent for those finger foods and raw vegetables. It keeps the moisture in to insure crispness.

Oh yes, don't forget that vacuum bottle. Why not slip in some spiced malted milk, chocolate eggnog, fruit juice, or perhaps soup.

The bake and carry containers are excellent for baked-apples, custards, or baked beans.

You perhaps have already thought of many other uses for the suggested

containers and don't forget—any of these can be used for that outing you're taking this week-end or those coming up next year. Easy packing, convenience, individual servings, nutrition and variety are points we want to remember. For more ideas and recipes come in to or write to me at the extension office.

So until next week, "Be wise, be healthy wise."

## MENTONE MURMURS

by  
DAVID and SALLY GOSSER

"The snow had begun in the gloaming," seems to be a more appropriate topic at this time of writing than what Murmurs previously intended type-tapping. It certainly is a Paul Bunyan step from this past week of "October's bright blue weather." The Conservation and Forestry departments of many states will be grateful for this precipitation, regardless of its form.

The spiraling smoke of leaf fires has a tantalizing though acrid aroma, and when it comes in small puffs and

wisps is not unpleasant. The tendency is, however, to heap the leaves in mountainous hillocks or long windrows which will send up billowing columns of scented carbon to appease the nostrils of some mythological gods of tradition.

According to our land and soil experts our lawns and gardens can well use the humus which an accumulation of leaves would make by spring. A compost pile in the rear of the lot or the spading under of a large quantity of leaves will go far in adding fertility to the soil.

The raking of the leaves is necessary as a fire precaution around our buildings, but the wanton waste of nature's own provision for fertility is not to go unchallenged. As a people, we Americans are extravagant and

wasteful, and only by continual harangue do many persons become aware of their carelessness. One of the reasons that Americans have had to subsidize the world is that generations ago the people of other countries were as extravagant as we now are, and that our history in centuries to come may be no different than theirs in terms of becoming a "soil hungry nation."

Even in such little matters as disposing of leaves in our own back or front yards are the threads of human history woven into the patterns of world power.

## Akron-Mentone Basketball Game Here

The Akron Mentone basketball games will start promptly at 7:00 on Saturday evening. The officials for the contests will be George Cullers of Argos and Kermit Leininger of Fort Wayne. The band will play and march between the two games. The local firemen will be on hand in case of emergency, and to see that fire regulations are followed. The State Fire Marshall recently granted an operating permit for the school year. We ask that the "no parking" signs directly in front of the gymnasium be observed so that the fire truck or an ambulance could get up to the gymnasium in case of emergency. A large crowd is expected for the first game of the season.

Over 100 pupils and teachers expect to attend the first annual school Halloween party on Wednesday evening at the gymnasium. The party has been planned by the Mentone School Student Council.

Plans are being made to present school radio programs over WKAM at Warsaw again this year. The broadcasts will be under the direction of Nell Herriman.

Dale Hudson had the misfortune to break his wrist Monday evening after school. The fifth grade pupils and their teacher, Art Witham, sent a plant to Ronald Gates who is in the hospital with two broken legs.

Roger Kelly was absent from school on Monday. Rev. Gosser substituted.

The Mentone School Band played and marched in the parade at Warsaw on Monday evening.

An average of 220 are eating school lunches this week. The meals this year cost thirty cents per meal. The school receives no government relief or surplus foods. It was thought that the Mentone community should not become an additional burden for the federal government.

Mr. and Kent attended a Principals' meeting at Warsaw on Monday evening.

## School to Sponsor Children's Clothing Crusade

The Mentone School as well as all of the other schools of the county will sponsor the eleventh annual children's Clothing Crusade. This is a project to collect clean, wearable adults' and children's clothing—coats, underwear, dresses, shirts, pajamas, sweaters, pants, socks, blankets, and sheets—for children in Korea, Western Europe, and for the less fortunate of the United States. The clothing you send to school during bundle week will help some child live. The clothing will be collected from October 30 to November 5th.

The new Ampro motion picture projector purchased for the school by the PTA has arrived and is being used. This is a 30 watt machine of ample

size for all school and community purposes. The cost of the machine was \$545.00. The old machine was traded in and with the amount on hand in the PTA fund, there remains about \$100 yet to be paid. Any organization which wishes to contribute may do so. Several clubs have already made donations to the fund.

The school appreciates receiving The American Legion Magazine, through the courtesy of the local American Legion Post.

ADVERTISE — IT PAYS!

## SCOUTS, TAKE NOTE!

There will be no scout meeting this coming Monday evening due to election.

A special program, including a film, is being planned for Monday evening, Nov. 10.

Mr. and Mrs. Franklin Newton and family, Mrs. Tessie Newton and Connie were Sunday dinner guests at the home of Mr. and Mrs. Guy Ochepaugh in Mishawaka.

### CLOTHS DRYERS SAVE HOMEMAKER'S TIME

Lafayette, Indiana — One Hoosier homemaker reported recently that she seems to gain a day a week since a new cloths dryer was installed next to her washing machine. She washes and irons the same day regardless of rain, snow, sleet or high winds.

Miss Gerturde Monhaut, extension home management specialist at Purdue University, points out that cloths dryers are real time and labor savors. They are easy to load and unload and they are easy on the clothes. The homemaker may transfer a load of clothes from the wringer or spinner and place it in the dryer with one simple movement.

The average weekly wash weighs about 30 to 36 pounds dry and the weight is almost double when wet. The homemaker without a dryer stoops and stretches as she lifts, carries and handles about 60 pounds of wet clothes. This doesn't include carrying heavy baskets of wet clothes up or down steps out to a clothes line, making various trips to the line to see if they are

dry, and stretching to remove them when they are dry.

Dryers are designed so that dry warm air blows through the clothes which are in a revolving perforated metal basket. The homemaker can choose, if she prefers, the clothes damp dry ready for ironing or completely dry ready for folding and storage. Simple time controls are set by an easy hand motion to receive the desired dryness on each load of clothes.

Miss Monhaut explains that this circulation of warm air keeps clothes soft and fluffs up terry towels, knitwear, diapers, and fabrics which have pile. It is much easier on clothes than whipping or freezing on the line.

Automatic dryers can be used equally well with an automatic washer or the conventional wringer-type washer. Undesirable weather conditions for drying clothes in fall and winter increase the value of the dryer during these months.

### IMPROVED POSTAL SERVICE

The addition of the Highway Post Office Service recently inaugurated between Indianapolis and Elkhart will greatly improve dispatch of early morning mail from Mentone. Any mail now deposited at the Post Office in Mentone from 6:00 p. m. previous day until 7:15 a. m. following morning will be dispatched at 7:30 a. m. that morning to Claypool and re-routed from that office.

### NOTICE

**RE-USED WOOL REDUCES  
STRENGTH OF GARMENT**

Lafayette, Indiana.—The amount of new and re-used wool in a garment will determine the wear which can be expected from it.

Miss Frieda C. Stoll, extension clothing specialist at Purdue University, recommends that the shopper look for the label on the garment or yard goods. It should state that it is new wool, sometimes called "virgin wool," or that it is a mixture of new and re-used wool. When the fabric is a mixture, the percentage of re-used wool should be stated on the label.

Tests show that garments made from new wool give the best wear. However those made from fabrics of half or less than half of re-used wool wear reasonably well. In fabrics of mixtures of new and re-used wool, the more re-used wool, the less service can be expected from it.

Since the supply of new wool has not met the demand for years, some fabrics have been made from blends of new and re-used wool. When a shopper buys such a fabric, she should realize that over 50 per cent of re-used wool in a blend will not give the fabric enough strength to stand much strain when it is worn.

Wool is also being blended with new synthetic fibers. If a sufficient amount of wool is blended with such fibers, it will add strength, help control shrinkage, and reduce the garments weight.

"Now is the hour . . ." to have all materials to be sent by the J-O-Y Circle in the hands of the committee for the children of the Jesse Lee Home in Seward, Alaska. Clothing for children from two years through twelve, and school supplies: tablets, rulers, crayons, scissors, pencils and paste are needed. This coming Sunday is the deadline to have your articles placed in the boxes at church.

J-O-Y Circle will meet on Tuesday, Nov. 4, at the residence of Mrs. Bernice Rush at nine o'clock. Vote early and then attend this session of Christian study and work.

The church bell has been rung at eight o'clock each morning of this week to remind the community that this is the Week of Prayer and Self-denial. Families that pray together stay together.

This past Sunday evening Dr. Claude McClure, Chaplain of the Methodist Hospital in Indianapolis, revealed the ministry of the church through its hospitals and homes to a very receptive congregation. He commented on the almost daily occurrences of miracles in that hospital alone. He mentioned the appreciation for the service of chaplains not only on the part of patients, but also on the part of their leading physicians

who feel that FAITH and the GOSPEL of CHRIST are paramount in the healing of the human body, and that the science of medicine and the ministry of the soul accomplish these miracles when they work harmoniously together.

This Sunday evening the film, "All That I Have," will be shown to the congregation. It is an interesting and intriguing account of the generosity of a great physician who was hampered in his attempts to do good by selfish and conniving nephews who administered his estate. Part of the scene is laid in the court room where these nephews attempt to have him adjudged incompetent of handling his own affairs.

The purpose of this film is to present a Christian concept of stewardship in an interesting and dramatic way. It will be of interest to people of all ages. It is not mere entertainment, but neither is it void of interest. Truth is truth regardless of the medium of expression. It comes well recommended by the gentlemen who attended the Lay-man's Institute at DePauw in September.

The committee for serving the Fellowship Supper consists of Mr. and Mrs. D. L. Bunner and Mr. and Mrs. Everett Long, co-chairman; Mr. and Mrs. John Boggs, Dr. and Mrs. F. B. Davison, Mr. and Mrs. Herman Ol-

son, Mrs. Iris Anderson, Mr. and Mrs. Adam Carper, Mr. and Mrs. Raymond Lash, Mrs. Effie Personette, Mr. and Mrs. Elmer Sarber, Mrs. Ethel Shafer, and Mrs. Bertha Sarber.

The sermon topic for this Sunday's Worship Service will be "Men of Conflict," a Reformation Sunday sermon.

**MIX-UP IN BROADCASTS**

Listeners to the Family Altar broadcast from WKAM Wednesday morning were surprised to hear the voice of pastor Joe Jones, of the Church of Christ, instead of Rev. Milton Dowden, pastor of the Baptist church here who conducts the Family Altar broadcast.

Pastor Joe Jones, likewise, has a broadcast each day. Since both of the broadcasts are made from tape recordings, the error can easily be understood.

**SCOUTS TO HELP IN VOTE DRIVE**

The Boy Scouts of our community are going to help wind up the nationwide "Get Out the Vote" campaign this coming Saturday morning.

This campaign has been conducted all over our nation by 2,000,000 Boy Scouts, with the cooperation of Freedom's Foundation. It is strictly non-partisan, without reference to parties or candidates.

The Boy Scouts will leave a small Liberty Bell at your home, bearing this message:

"Vote as you think. Think when you vote, Tuesday, Nov. 4. Today's youth counts on you. Use your freedom to vote."

On the back of each Liberty Bell will be the name of the Scout who left it.

Not only will this campaign increase the voting percentage, but the Boy Scouts will learn a valuable lesson in citizenship.

### LOCAL BOYS CONTRIBUTE

"Curly" Witham and "Blackie" Wagner learned last week what Joe Penner meant when he said: "You bring the duck."

Dean made the mistake of leaving his purse, driver's license and hunting license in his other clothes at home. He had his duck stamp with him, but that didn't help either because they allegedly were shooting after the sun went down while hunting ducks in a marsh west of town. Ervin had all his licenses, but had pulled the feathers off his duck, which the arresting warden said wasn't proper. Leastwise, both the boys said they were guilty and paid their fines before a Plymouth JP so they wouldn't have to spend the night in jail.

## SURVEY TOWERS

### BRING QUERIES

The tall towers which seem to spring up overnight here and there in ours and neighboring counties are bringing the usual questions and speculations.

The 116-foot towers are erected for survey purposes by the U. S. Coast and Geodetic Survey. They are placed 4 to 10 miles apart. The surveys made are the basis for all maps and boundary locations for our country and has a continuing history going back 100 years. This work is invaluable in the construction of highways, bridges, flood control projects, etc.

The work is done at night, and signaling is done with lights from one tower to another. It usually takes about two weeks to complete the survey from one station. The tower is then dismantled and moved to another spot.

## DELOUSE CATTLE NOW BEFORE WINTER COMES

Lafayette, Indiana—Thick winter coats of cattle make ideal quarters in which lice can multiply but the lice are most unwelcome to the cattle. Summer conditions on the contrary, are not so favorable for lice although cattle always have a few lice to irritate them.

Consequently, spray applications should be made now before cold weather sets in if cattle are to be free of this important parasite, G. E. Lehker, Purdue University extension entomologist, says. Delaying the treatment will make it difficult to do an effective job of louse control during the winter. Lice increase rapidly during cold weather because cattle are confined and protected by heavy coats of hair. In addition, the louse powders which must be used for winter treatments are less effective than sprays.

Among the new organic chemicals which are highly effective for fall spraying are DDT, BHC, methoxychlor, lindane, and rotenone. Methoxychlor, lindane, and rotenone are approved for use on dairy animals since they do not contaminate milk or leave otherwise objectionable residues. Complete directions for using any of these materials will be found on the packages. Additional details are given in the Purdue Mimeograph E-13 available from any Indiana County agricultural agent.

Lehker says that best results are obtained if sprays are applied with power equipment or at least with sprayers having enough capacity to wet cattle thoroughly. Treatment of stalls, pens and cattle sheds will further increase the effectiveness of the louse control program.

### COMING — ATTENTION FIREMEN!

A fire fighting foam has been developed that is unaffected by alcohol and a number of other chemicals. Another fire-protection product is an alarm which is activated by smoke; a blower pushes air through a filter; if there is a fire the filter becomes clogged with smoke and sets off a warning signal.

### Still in the Future . . .

Tomorrow's fire engine may be "a self-propelled generator, a bank of oscillator vacuum tubes and a dish-shaped antenna like a radar search screen, all of which will project a supersonic frequency onto a blaze and extinguish it."

This prediction was made last week in Philadelphia, not to a meeting of space cadets, but to 2500 mutual fire and casualty insurance executives in a three-day "Conference on Future Risks." The speaker was a top fire-prevention engineer. The conference climaxed the 200th anniversary of the founding of the oldest insurance company in America.

# Special Announcement And Offer

Swift & Co. Nutritionists and Research Laboratory personnel, in collaboration with the Swift Feeding Stations, have recently concluded some very extensive research work in which the more exacting nutritional requirements of calves and feeder cattle were studied.

These new findings were more thoroughly tested by several large cattle feeders for final approval. The result of this work is now offered to you in the form of products made from select quality ingredients designed to produce more economical gains.

Extreme importance is given to the Protein-Phosphorus Vitamin A ratios which are essential to efficient gains.

The Swift Research Laboratory offers to make individual recommendations, using those feed items you have on your own farm.

The Swift representative will welcome the opportunity of discussing the details. No charge of course.

*If the ration you feed is in nutritional balance, you have more assurance of efficient gains.*

Evangelist Paul Levin

The above picture is that of Evangelist Paul Levin who will open an eight-day Revival meeting at the Baptist Church from November 23 to 30. His Partner, Bob Findley, was born blind and the two men will bring a musical program each evening before the message. They recently held successful services at the First Baptist Church in Mishawaka.

Next Sunday is the last Sunday of our 5 Sunday Contest with Elkhart and Fort Wayne and it is hoped the attendance will be the best of all next Sunday.

Rev. Harry Elder and family will show pictures of their boys clubs in Pittsburgh and he will have the evening service to tell of the work there. The pastor will be speaking at the morning service at 10:30 which will be broadcast over WKAM from 10:30 to 11:30.

WHY? Should W. R. 'Bill' Wedrick

(DEMOCRATIC CANDIDATE)

BE ELECTED  
JOINT STATE SENATOR

KOSCIUSKO-WABASH COUNTIES

1. His past voting record has been as a middle of the road Democrat.
2. Has always been positive in his convictions after informing himself on issues involved.
3. Would be absolutely fair in representing all the people all the time.
4. Has no political ambitions other than to see that these two counties are properly represented.
5. Has earned his own way in the world since childhood, has assumed large and heavy obligations at times but has never defaulted on any obligation, large or small. His word has always been as good as his note.
6. Has been associated with many men of affairs in all walks of life.
7. Has always been progressive in Community and civic affairs.
8. Has always been a strong FFA and 4-H Club supporter.
9. Has always been a heavy taxpayer, for many years the largest in Lake Township.
10. Is not dependent on this office as a job. Is in semi-retirement and can give his best to see that the proper laws are enacted to serve all the people and make Indiana better.
11. Will be poison to pressure groups who seek legislation to the general public's disadvantage.
12. There will be no political tom-foolery such as the laws my opponet sponsored, like the Parking Meter Law, and I assure you my voting record will be consistent. I deeply appreciate the wholehearted support given me by Democrats and Republicans alike and if elected I promise to give this office my very best. Thank each and every one of you.

Sincerely, W. R. (Bill) WEDRICK.

# A Message For Americans

FROM  
**GENERAL EISENHOWER**

ONCE before I had the honor and duty of leading a crusade for human freedom and dignity—in Europe during World War II.

That crusade was won not by Generals and Admirals but by the blood and effort of American G.I.'s and all the other forces fighting for freedom. Now in 1952 a different call to duty has honored me—as Republican nominee for President of the United States.

This time the effort is civilian—not military. But again, the crusade will be won not by me nor by the political leaders, but by everyday Americans who value their National heritage and are willing to go to the polls and vote to protect it.

## THIS IS A CRUSADE TO:

- ☆ **SWEEP OUT OF GOVERNMENT** the corruption and the scandal which have brought us dishonor at home and disrespect abroad.
- ☆ **BANISH THE SUBVERSIVES** and incompetents who have crucified both good public service and good public servants.
- ☆ **BUILD A STRONG ECONOMY** not based on war.
- ☆ **SAVE OUR GREAT, FREE NATION** from the reckless policies which are leading America down the road to bankruptcy—Socialism—and possibly even World War III.

## AMERICA NEEDS YOU . . . in this Civilian Crusade

I hope that you, too, believe the time has come for a complete change in our National leadership—a change which will restore courage, integrity and faith in American Government.

I INVITE YOUR SUPPORT NOVEMBER 4th.

### For Kosciusko County Treasurer:

It is that time again—Tax paying rush, as well as election time; making it impossible for me to make many house to house calls. I appreciated the support given me during the primary and will appreciate it again on November 4th. I pledge the very best to both the taxpayer and the County.

Sincerely,

**EDITH B. LICHTENWALTER**

Republican Candidate for County Treasurer

the yearly total between September and February compared with 43 per cent for the remainder of the year.

The only point favoring fall and winter is the higher price level usually prevailing during the period. Dairy-men who manage their herds so that they secure as much or more milk at this time as they do in the spring and summer months, have a two-fold advantage of greater production and higher milk prices.

To increase the dairy income during the fall and winter months, Williams suggests a four-point program:

1. Have a higher percentage of cows freshening during this period (not less than 60 per cent). A cow calving at this time produces about 1,000 pounds more milk annually than if

she calves during the spring and summer.

2. Record breeding dates and return service. Fifty per cent of the cows in some herds stand dry for as long as three months. If this is a no-pasture period, feed costs are high. Six to ten weeks are long enough for a dry cow.

3. Cull the lowest producing members of the herd when they are removed from pasture and before the high feed cost months begin.

4. Feed cows nearing end of lactation and lowest producers more roughages than less concentrates. It is always economical to feed grain according to daily milk production.

### WINTER DAIRYING CAN BE PROFITABLE

Lafayette, Indiana—During the next six months, some Indiana dairy herds will "go in the red" far enough to use up all the income above cost of feed they made during the months of March through August.

This decrease in herd income during the six cold-weather months is due to a combination of four problems in dairy herd management, according to

G. A. Williams, Purdue University extension dairymen. He draws these conclusions from monthly summaries obtained from 1,500 Hoosier dairymen who are members of 84 Dairy herd improvement associations.

Monthly butterfat production per cow for three years during each of the six more profitable months was above 30 pounds. It was less than 30 pounds each of the other six months. In addition to this problem of low production, feed costs amounted to 57 per cent of

### PTA MEETING

The PTA was called to order by Mrs. Moore. After a song-fest led by Mr. Huffman, and accompanied by Jalaine Smythe, an interlude of devotions was presented. Mrs. Cullum read verses from Ecclesiastes III dealing with "time." The Rev. Mr. Dowden led in prayer, and David Gosser, accompanied by his mother, sang "Just For Today."

The secretary's and treasurer's reports were read and approved. There were various remarks and announcements from the committee chairmen.

The group accepted a recommendation of the executive committee to replace the worn out movie projector for the school. Mrs. Moore asked Mr. Kent, Mr. Dale Kelley and Mrs. Beeson to purchase it.

There will be a meeting on Nov. 10, at 7:30 p. m. for persons interested in the organization of a kindergarten.

During the program, piano selections, "Deep Purple" and "Ronda A La Turque" were played by Rita Olsen. Sheila Fitzgerald followed with a humorous reading, "Secret Society." Lavonne Montel, with Jalaine Smythe at the piano, sang "Zippety Do Da" and "Stars Are The Windows of Heaven." Cloanne Nelson then gave a poem, "Seein' Things at Night." Mrs.

Huffman spoke briefly about the program of Home Economics taught in our school.

Mrs. Nelson then introduced Dr. Russell Bolinger, dean of students at Manchester College. He spoke on the responsibility, primarily of parents, and to a lesser degree, of teachers, in helping children to become well adjusted citizens. He stressed that a child should earn his niche in his family, and should feel secure in that niche. He believes that the child should be given responsibility commensurate with his ability. Above all, the parent should know that his example is more important than verbal instruction.

Refreshments were served by Mrs. Elery Nellans, Mrs. Charles Manwaring, Mrs. Warren, Mrs. Tombaugh and Mrs. Walburn.

Mr. and Mrs. Roy Meredith were dinner guests of the former's mother, Mrs. Earl Meredith, Sunday. Other dinner guests were: Mr. and Mrs. Henry Blesch, of Akron, and Mr. and Mrs. Orin Heeter, of Gary.

### MENTONE READING CLUB TO HELP GET OUT THE VOTE

As their foremost project for this year, The Federated Women's Clubs are making an all out, non-partisan effort to help make sure that every registered American citizen goes to the polls and votes on Nov. 4.

The Mentone Reading Club is assisting in this project and has been assigned the first precinct in Franklin township—polls located in the Mentone Library—and the second precinct in Harrison township (polls located in the Telephone Company Bldg. in Mentone.) The club members are organizing to accomplish the following goals: 1. To have a 100 per cent Reading Club member vote. 2. To furnish transportation to polls for anyone who wishes it, regardless of party. 3. To furnish baby sitters for anyone who needs one. 4. To give every voter at the polls an attractive red, white and blue tag bearing these words: "I have voted." Voters are asked to wear the tags Nov. 4th to remind others to vote.

Every voter in the first precinct of Franklin township, who needs transportation to the polls or needs a baby sitter while they vote, please call Mentone No. 33F12, if you desire transportation or a baby sitter.

All voters in Harrison township, second precinct, please call Mentone No. 33F12, if you desire transportation or a baby sitter.

The following committees have been appointed to help organize the club members to carry out this worthwhile community project: Club vote—Nell Reed (chairman), Lois Lemler and Genevieve Nelson. Transportation—Eleanor Manwaring (chairman), Mary Manwaring, Mary Shirey, Goldie Mollenhour, Lois Fenstermaker, Isabelle Johns and Pearl Lackey.

Tag distribution—Isabelle Johns and Lois Davison, co-chairmen.

### BROOK BLACK WINNER

Brook Black, noted novelty tap dancer, son of Mr. and Mrs. George Black of near Mentone, competed in a district Music Festival held in Fort Wayne last Thursday night.

Brook, representing Kosciusko county, competed against 12 other counties. Winning first place, he will represent the district of Fort Wayne in the state entertainment festival, held in the Hall of Music at Purdue on January 6, viewing for the state of Indiana.

Brook is widely known for his novelty tap dancing on roller skates, and other novel acts.

Last Tuesday morning Miss Irma Wrinkleblack of New York City and Mr. Gordon Jones of Purdue, auditioned Brook for the National Congress to be held in Chicago Dec. 6th. Here the 12 top entertainers of the United States will entertain.

### D. A. R. MEETING

The Anthony Nigo Chapter of the Daughters of the American Revolution entertained the Tippecanoe River chapter, on Tuesday evening, at the home of the regent, Mrs. Miles Manwaring.

A short business session was conducted by the regent, followed by the reading of the President General's message, by Mrs. Frank Smith.

Among other guests present were Mrs. Furel R. Burns of North Manchester, a past vice president general and a past state regent; Mrs. H. B. Thomas of Marion, state treasurer; Mrs. A. E. Bowers of Fort Wayne, who is the northern director, and Mrs. Herbert Hill, of Indianapolis, state regent. Each guest, as she was introduced, gave a short talk pertaining to her office and the state regent gave an outline of the work of the chapter which is to be accomplished this year.

During the social hour which followed, the hostess, assisted by Mrs. Frank Smith, Mrs. Robert Riewoldt and Mrs. Porter Williamson, served refreshments.

The chapter adjourned to meet on Dec. 2 at the home of Mrs. Emma Gill. At this meeting bring your gifts for the Tamasee school and also for the Christmas exchange.
