REPORT ON THE FAIR

The Calf, Colt and Sheep Show held in Mentone August 24th and 25th was a great success in every way. From the beginning at 9:00 o'clock on Friday morning, until the end late Saturday evening all events proved very interesting.

The Team Pulling contest was the first feature of the program. The teams entered were divided into two classes on the basis of weight, those below three thousand pounds constituting one class and those above another. First prize in the light weight class was won by Lon Walters, with H. S. Stackhouse second. Sam Norris deserves honorable mention in this connection as one of his horses was a three year old colt which pulled with all the faithfulness of a veteran. O. A. Highway had the only entry in the heavy class. To make this a real contest, Lon Walters competed with the team that had won the previous event. Mr. Highway won this with Mr. Walters second.

The 4H Club Steers were assembled on Friday morning at the Elick Garage. These attracted a great deal of attention during the morning while their owners were grooming them for the show in the afternoon. The sheep were housed in the Monument building under the direction of Lyndes Latimer.

Promptly at 1:00 o'clock Friday afternoon the calves were led into the arena that had been especially constructed for the show. After much deliberation, the Judge, Noah Hadley of Rochester placed them as follows:

- (Place, name of steer, name of owner, name of sponsor)
- First, Lion, Geraldine Nellans, C. Goodwin.
 - Second, Billy, Paul Long, Floyd Tucker.
 - Third, Andrew, Franklin Nelson, Bob Reed.
 - Fourth, Jiggs, Everett Beeson, T. Fitzgerald.
 - Fifth, Black Beauty, Wilfred Deaton, R. Ernsberger.
 - Sixth, Andy, Paul Vandermark, Chas. Manwaring.
 - Seventh, Bill, Alice Meredith, C. Shafer.

Eighth, Midnight, Harry Brant, C. Walburn.
Ninth, Shinola, Bob Tucker, J. S. Johns.

Tenth, Jack, Forrest Meredith, Dr. Anderson.

Immediately following the Calf Show came the Sheep judging with the following results:

SHROPSHIRE SHEEP

Aged Ram—First, L. L. Latimer; Second, L. L. Latimer; Third, L. L. Latimer.

Yearling Ram—First, C. C. Williamson & Son; Second, C. C. Williamson & Son; Third, L. L. Latimer; Fourth, L. L. Latimer.

Ram Lamb—First, L. L. Latimer; Second, L. L. Latimer; Third, L. L. Latimer; Fourth, C. C. Williamson & Son; Fifth, C. C. Williamson & Son.

Aged Ewes—First, L. L. Latimer; Second, L. L. Latimer; Third, C. C. Williamson & Son; Fourth, C. C. Williamson & Son.

Yearling Ewes—First, C. C. Williamson & Son; Second, C. C. Williamson & Son.

Ewe lamb—First, L. L. Latimer, Second, C. C. Williamson & Son; Third, L. L. Latimer; Fourth, C. C. Williamson & Son.

There were 35 sheep entered in the show.

The crowd, headed by the Etna Green Band, then marched to the school grounds where it witnessed a very interesting demonstration by the Denver Boy and Girls Scout troops under the direction of Scoutmaster Edgar Moore. These Scouts marched drilled and executed a number of pleasing formations. The boys then scaled a vertical wall twelve feet in height. Following this exhibition the Scouts showed the spectators how to ride "Spark Plug". Dobbs Miller openly challenged Dr. Clutter to mount the treacherous Spark Plug, but the Doctor could not be found.

Miss Starnes, one of the Girl Scouts from Denver won the Ladies' accuracy Base Ball throwing contest. Miss Eva Tucker won the distance throwing event.

The Etna Green Band then gave a concert until 5:00 o'clock.

At 6:30 M. O. Mentzer staged the

(Continued on last page)

First Place to Mentone 4-H Calf

Geraldine Nellans, Owner of "Lion," 4H Calf, Wins First Prize at State Fair.

Residents of Mentone were highly elated Sunday morning to learn that Geraldine, daughter of Mr. and Mrs. Dean Nellans, of this place had won first prize for the best 4H calf of the Angus breed at the state fair at Indianapolis.

This is the calf that took first prize at the Mentone show week before last, and is further proof that the efforts of the local Lions Club brought excellent results.

Well, here's to you Geraldine, the Co-Op. News and entire community rejoice in seeing you win the state honors.

A GREAT SHOW WHY? HOW? WHEN?

Why? Because of the leadership, Mr. Burns, Pres. of the Lions Club was a great leader and capable of selecting efficient men on the committees, unselfish men, men willing to work for the show, knowing their only reward would be the joy of serving. Burns selected men loyal to the town, men loyal to the country, men willing to co-operate, men who were co-ops at heart. Men not seeking publicity, notoriety or glory for themselves men in whom the community had confidence. No committeeman boasting a friend, all promoting the show. All believers in unity, workers for harmony and unselfish at heart. They were heads of Homes, Leaders in Churches, Workers for Lodges all planning the show. With men like these around the counsel table, none thinking of self, all thinking of the show to be, One Great Show was the inevitable result.

A Great Show! Why? The men on the committee were big enough to cooperate. How? The streets and stores were decorated for the event. Exhibits, programs, contests were wonderful. See complete story in this issue of Co-Op News.

A Great Show How? The willingness to cooperate.

When? So long as almost universal unselfishness remains in our midst. So long as we retain pleasant memories of the show or anticipate future ones. So long as friendships made at

the show shall last.

A Great Show—When? So long as our community continues to co-operate.

Flowers To The Living

The Mentone Police Dept. did a fine job of handling the crowds and were ably assisted by the Mentone Boy Scouts who proved themselves a courteous soldierly group.

JUST A WORD

The Co-Op News was honored in being permitted to publish program and news about show and happy that local advertisers made it possible to do so without any charges. Should you appreciate this service show it by supporting Co-Op News Advertisers. They financed the publication.

We always have and always will welcome opportunity to publish clean wholesome news of interest to the community free of charge.

We welcome advertisements but must make a charge for them. That money sends this paper free into over 1000 homes. When we receive a few more news items and a few more advertisements Mentone will have a Weekly Newspaper sent free into every home in the community. The Churches, Schools and Lodges will then have a grand opportunity to tell their story free to the public each week.

RAPIDLY RECOVERING

Carl Rickel of Mentone, who two weeks ago underwent an appendicitis operation at the McDonald hospital, has been removed to his home.

WHAT THEY SAY!

(The Co-Op News requested some prominent citizens to write a few words about the Colt, Calf and Sheep show. Following are the articles handed in.)

MY OPINION OF THE FAIR

Mentone has had Home Comings and Chautauqua and the moral and social level centered on carnival shows which were very popular for a number of years. However under the auspices of the local Lions Club it has taken on a new energy to the up grade of moral and social standards. They gave us one of the best shows ever staged in Mentone. They showed us in addition to our class of cattle feeders, twenty eight boys and girls whom as a class were a complete success. Even in feeding, caring and public auction, making sales as much as \$1.50 above market price. In addition to this calf sale our horse breeders under the efforts of the Lions Club showed the largest number and the best quality colts ever exhibited in Mentone or in the county. The Sheep Show was fine as they were all registered stock. The Lions are hoping to have more contests next year and a bigger and better fair.

Dr. M. G. Yocum

FROM FARMERS STATE BANK

The Calf and Colt show last week was, in every way, a great success. Just another demonstration of the fine cooperative spirit that has always been characteristic of the people of this community.

The fine appearance of the calves was evidence of the painstaking care of the boys and girls of the 4-H Club and they are heartily congratulated on the success of their efforts.

The colt show was far greater than anyone anticipated. Not so many years ago this community was noted for the production of fine draft horses. The large number of excellent quality colts exhibited is evidence that within a short time Mentone will again take its place as the center of the production of a product that always did and always will belong to successful agriculture.

While the Lions Club assumed the leadership in putting on the show, the success attained was made possible by the splendid cooperation of the Farmers, the business men and the Ladies who had their part in the baby clinic and style show.

Many favorable comments were heard about the clean entertainment and the fact that our streets were not cluttered with shows and rackets of doubtful character. Plans are already being made for a greater show next year.

A. I. Nelson, Pres.

THE MENTONE FAIR

Mentone and Community may well be congratulated on the successful Fair of recent date. The calves, colts and sheep shown here amazed even the residents of our own locality. We have been accustomed to think that extra-high-grade stock can be seen only at the State Fair and at the International. Now we have been forced to change our ideas completely. Our home people are able to put up as good a show as can be found anywhere.

But aside from the display of choice sheep, aside from the splendid show of 4H Club calves and aside from the wonderful exhibition of colts, can be found even greater marvels. Did you note atmosphere of pride in achievement, the atmosphere of pride in our home community that was prevalent everywhere? And this situation existed not only because we had first-class exhibitions in all lines but also because magnanimous citizens gave freely of their time and means. It took much effort and money to bring about the result accomplished. This was done only through the complete cooperation of all concerned. In carrying this project through to a successful completion, our good citizens have realized to the fullest extent the joy that comes from unselfish service. In these trying times through which we are passing, we need something of this nature to restore our faith in our fellow men.

Again and again could be heard the expression that those responsible for the program had shown excellent taste in keeping away everything along the Carnival line. Such attractions lower the general standing of a community and take away money that is greatly needed.

We look forward to a bigger and better Fair next year. Some features could have been handled in a better way possibly, and we hear, even now, those in charge planning to eliminate these mistakes from next year's program.

The merchants of Mentone and the splendid citizens of the community deserve great credit and praise for the work they have done.

Dale Kelley, School Principal

A MINISTER'S FEW

We believe that the Calf and Colt Show recently held in Mentone was a decided success in many ways; it was conducted in such a fine way that it attracted the attention of all the people who are really interested in making a better and a bigger Mentone. The Lions are to be congratulated for the very high ideas they constantly kept before them in sponsoring the enterprise.

Rev. E. E. DeWitt, M. E. Pastor

AS I SEE IT

The Colt-Calf and Sheep show was a wonderful success and I think the Lions Club, Business men and citizens should be more than proud of the Boys-Girls and parents that raised these calves. Also of the Farmers who raised these wonderful Colts and Sheep. We are proud of them.

L. P. Jefferies Furniture Store.
By I. F. Snyder

A FARMERS OPINION

The Mentone Lions Club are to be congratulated for their achievements during the past year. The community is very grateful to them for putting on the splendid fair which was enjoyed by everyone. Perhaps the most outstanding achievement that the Lions have accomplished was putting over the calf club in the way they did. The calf club was a huge success and it is hoped that more boys and girls will take part in another club which we all hope will go on the next year as successfully as this one or even better.

Leroy Norris

Our Opinion Of The Lion's Fair

Mentone covered herself with laurels in the Calf-Colt show and program of home talent entertainment. The boy and girl scout demonstrations were praise worthy.

We were all pleased at the absence of questionable carnival shows and hope that part will be a permanent feature in fairs of future years.

Pres. of Home Economics Club

The Calf and Colt Show As I See It

The recent exhibition of calves and colts from this community was of much value to the young people. A proof of what they are willing and capable of doing when the proper impetus is given and of value to the older class a feeling of satisfaction for having accomplished something. The sponsors of the Calf Club are to be commended as well as the boys and girls for their excellent work.

Mrs. VanGilder, Public Librarian

CALF AND COLT SHOW

I think the Mentone Calf and Colt Show held ten days ago was one of the most inspirational events held in any small town about here for a long time. The visitors could go home with a feeling of pride in the accomplishments of the young people of this vicinity. It's a lot better than the carnival type of a fair, and the Lion's Club is to be complimented and congratulated in sponsoring it.

Hobart Creighton, Foultryman

To Our Prospective Building Material Customers:

A lot has been said and a lot has been done about the Code for the Retail Lumber Dealers. It is a fact that the operation of the code has not stimulated the building industry in our community. This cannot be attributed to the code directly but to the manner in which it has been administered. Competition has been stifled, and chiseling has become the rule rather than the exception. The Northern Indiana Cooperative Association has sold building material at the same price to all customers, allowing no discounts to any one person more than to another.

The committee in charge has gone into this matter very thoroughly, and after considerable deliberation has decided that our organization will sell this building material at the lowest possible retail price under the code regardless of any competitors. This will enable us to cut deeply into the prices set by the dealers for this district, but we are reliably informed that we are more nearly complying with the intent of the code than those who are selling at the higher prices. You can again buy No. 2 Ship lap at our mill for \$35.00 and other material in proportion. We earnestly ask you to favor us with your consideration when preparing to build, and we assure you that our department will do all we can to furnish you the best material at the lowest possible cost.

Northern Indiana Co-Op. Ass'n.

Child Struck While Playing Near Garage.

Richard "Dickie" Tinkey, five year old son of Mr. and Mrs. Clarence Tinkey, residing three miles southwest of Burket, was fatally injured late Monday when a truck driven by the lad's father ran over the youngster, crushing him to death.

The boy died of internal injuries while enroute to Warsaw for emergency treatment.

The lad sustained a severe scalp wound, a crushed chest and mangled body wounds. The truck passed completely over his stomach.

The youngster is survived by his parents and two brothers. Funeral services were held last Wednesday afternoon at 2 o'clock at the Palestine church. Burial was made at Palestine.

We wish to thank all those contributing to the success of our Colt, Calf and Sheep Show. In addition to the loyal support of Mentone and community, we received generous amounts from the following New York firms; Broad Brothers, Hunter & Walton, Kadans Butter-Egg Corp., The Silverman Butter & Egg Co., Inc. Weinberg Butter & Egg Co.

Mentone Lions Club.

MENTONE NEWS

Mr. and Mrs. Adrian Little, of Huntington spent the week end and Labor Day at the Fred Swick home.

Mr. and Mrs. Max Dunlap of Bear River, Minn. returned to their home last Monday after spending a week here with friends.

Mrs. S. A. Guy, Mrs. Cora VanGilder and Jack VanGilder attended the Old Taylor University Reunion, in Fort Wayne, Thursday.

The friends of Mr. and Mrs. Elgie Vandermark gave them a truck ride through Burket and Warsaw, in honor of their recent marriage.

The W. F. M. S. had a delightful meeting at the country home of Mrs. Ed Kesler. A fine program and good eats were included in the program.

A surprise shower and belling was given Mr. and Mrs. Ralph Ward on Friday evening. Mr. and Mrs. Arnold Flory and M. and Mrs. Ivo Wagner were included in the belling.

Rev. O. T. Martin and wife of Richmond, a former minister of Mentone, and Professor Martin and wife of Muncie College, called on friends in Mentone last Sunday and Monday.

Mr. and Mrs. Con Sarber, Mr. and Mrs. Edison Sarber and family, Mrs. Mary Sarber and Mr. and Mrs. J. E. Rush all of Detroit attended the Nelson-Penticost Reunion held at Kellys Landing, Yellow Creek Lake last Sunday.

BIRTHS

Mr. and Mrs. Marshall Goodman are the parents of a daughter, born Sunday Aug. 19. The new arrival was named Ramona June.

The "Thinker" Statue

The original study of the "Thinker," a small statue intended to have been placed over a doorway, is in the Rodin museum in France. The first cast in heroic size, displayed originally in 1904, was purchased by the French government and stands in front of the Pantheon in Paris. There are five others all made from the original mold, on this continent. One stands at the entrance of the Cleveland Museum of Art, one in the Golden Gate park, San Francisco, another in Baltimore, the fourth at the Detroit Institute of Arts, and the fifth in Buenos Aires.

"Delenda est Carthago"

When Carthage was such a menace to Rome, Cato the Elder concluded every speech he made in the senate with the words "Delenda est Carthago." Literally, they mean "Carthage must be destroyed." A liberal translation is, "That which stands in the way of our greatness must be removed at all hazards."

**Mentone Lions Club Assisted by
Citizens and Farmers
Put on Great Show**

The Colt, Calf and Sheep Show at this place on the 24th and 25th of August, was a great success and every person who had anything to do with the event deserves praise for his or her efforts.

This event fully demonstrates what can be accomplished when both farmers and townspeople co-operate, and should be the beginning of an era of greater co-operation on the part of all the people residing in this locality. By helping each other in a true co-operative spirit we can become one of the most prosperous communities in the state, and all will profit thereby.

During this show we had many new faces in our store, and they, as well as all of our regular customers were enthusiastic in their praise of the exhibits and entertainment, the older residents were unanimous in their declaration that it was the best, cleanest and best managed, and most profitable entertainment ever held in Mentone—and that is saying a lot.

We trust that the spirit of co-operation so manifest during this show will continue in this community, and that all differences of the past (should there be any) be forgotten, and that all work together for the betterment and interest of all.

In closing will say that the Mentone Lions Club officials and members deserve great credit for the vast amount of workdone, and the manner in which the exhibition was conducted, which is convincing proof that the Lions of Mentone are a live bunch of citizens, and a real asset to the entire community.

Hill & Lemler.

WEDDING

Chinworth—Black

On Wednesday evening, Aug. 22, at 7:30 o'clock, in the Methodist Episcopal Church, Mentone, Indiana, in the presence of relatives and friends Miss Louese Black became the bride of William J. Chinworth of Warsaw, Indiana. The single ring ceremony was performed by the Rev. Edward E. DeWitt. The church was beautifully illuminated by candle lights amidst baskets of gladiolus and

ferns.

Preceding the ceremony Mrs. Maude Snyder gave a thirty minute piano recital while guests were arriving. Miss Frances Clark then sang "O, Promise Me" and "Because." For the entrance of the bridal party Mrs. Snyder played "Lohongrin". The bride, who entered on the arm of her step-father, Mr. Chas. Madeford, was gowned in yellow green crepe, fur trimmed with accessories of black velvet. She wore a shoulder bouquet of gardenias. Mrs. Clair Ellis, older sister of the bride, was matron of honor and wore a brown silk dress with accessories to match. Miss Isabelle Black, the bride's younger sister, and Mrs. Ned Hamman, sister of the groom, were bride's maids. They both were dressed in rust crepe with black accessories. The three attendants wore corsages of white gladiolus. The groom was accompanied by James Brown, of Warsaw, Indiana, as best man.

After the ceremony, Mrs. Snyder played Mendelssohn's Recessional as the bridal party, followed by the guests, retired to the Reed lawn, corner of Main and Tucker streets, where the reception was held.

Mrs. Chinworth was graduated from Beaver Dam High School and has attended North Manchester College, University of Arizona, John Hoiron Art Institute and Chicago Art Institute. She has been employed for 8 years as an Art Instructor, the past five being spent in the public schools of Tucson, Arizona. She is an accomplished pianist, a member of Beta Sigma Phi sorority of Tucson and of Phi Iota Xi sorority of Mentone.

Mr. Chinworth is the senior partner of Chinworth & Oram, home appliance dealers of Warsaw. He is a graduate of Macy High School, Past Master of Warsaw Masonic Lodge and Past Commander of Warsaw Commandery Knight Templar, a member of Warsaw Rotary Club, vice president of Warsaw Chamber of Commerce and the Republican candidate for clerk-treasurer of the city of Warsaw.

Mr. and Mrs. Chinworth left immediately following the reception on an auto trip to Yellowstone National Park and points in the south-west including San Francisco, Los Angeles, Santa Diego and Tucson, returning via New Orleans. They will be at home to friends after October 15th, at 425 Columbia street, Warsaw, Ind.

England's First King

The first king of all England was Egbert, who reigned from 828 to 837. He was a descendant of Cerdic, a Saxon ealdorman (alderman), who founded a settlement on the coast of Hampshire, England, in 495.

Uncle Eben Gets Hazy

"Dey tells me a lot o' things I can't understand," said Uncle Eben. "When I try to tell 'em agin dey gets more puzzlesome and when dey is repeated dey gits no and no' understand-able—an' maybe right dar is where a whole lot o' de trouble is!"

A Bushel of Wheat

The Department of Agriculture says that out of a bushel of wheat that usually weighs 60 pounds can be made 42 pounds of flour, 9 3/5 pounds of bran and 8 2/5 pounds of shorts. However, in the milling of wheat atmospheric conditions are largely concerned and in some cases diminish or increase the amounts of the various ingredients.

give your home the spotlight

XLV HOUSE FLOOD LIGHTED AT NIGHT

YOUR home can be "spotted" just as effectively as a prima donna or a musical comedy star.

The way to do it is to use XLV, O'BRIEN'S Thermolyzed Tung Oil Paint.

XLV is an entirely new type of finish. It commands attention and ad-

miration on a house. Superb smoothness, vibrant color, handsome lustre are its qualities. A home that is a constant source of pride to its owner is the reward for using it.

XLV is made under Patents by the O'Brien Varnish Co., its inventors. Ask your painter about it. Better still, stop in at our store.

Right now is the time to do that painting job. Help is plentiful and prices on our paints are VERY LOW.

Girl Scout News

We have coaxed our leader to take us on an overnight hike without much success or rather with lots of success with everything but the weather. At last it yielded so we instantly ran for the wide open spaces. This landed us in Ray Rushes woods and we were pleased with the welcome we received.

On arriving in the woods everything was instantly thrown into confusion because the fire had to be built, the cache dug and the supper cooked. We began to bake our potatoes in the coals and to stir together the goulash. When supper was prepared we ate it with a decided relish although we found ashes in the goulash and ants in the sugar. Several of the Scouts then passed the tent building. After the dessert we gathered around the big campfire. Each patrol was to give a little program and as we gathered around the fire we found our co-Scouts dressed in the most amazing impromptu costumes you ever saw. There were fierce looking Indians and Pirates with daggers in their belts.

Finally we were sent off to bed and the watches were set. It was no fun to be awakened in the middle of the night and told it was your turn to keep watch. The next morning we were early and about our tasks. We ate a hearty breakfast all except Rosie any way for she was to have her tonsils removed.

Then came the last minute scramble but finally we arrived home, a tired but happy outfit.

WEDDING

Elgy Vandermark, of Mansfield, Ohio, and Miss Velma Nelson, daughter of Mr. and Mrs. Masa Nelson, of Burket, were united in marriage Saturday August 25, at Mansfield at the Mayflower church. They arrived at the Nelson home in Burket Sunday morning and attended the Nelson reunion at Yellow Creek lake Sunday. Mr. and Mrs. Vandermark were pleasantly entertained Sunday evening by a crowd of young people. They left Monday morning for Mansfield, where they will make their future home.

ANNOUNCEMENT

MANHATTAN LOVE SONG

Report Of The Fair

(Continued from front page)

famous Soap Box Derby, with Jack Ernsberger winning first place.

At 7:00 o'clock, the Bourbon Drum and Bagle Corps delighted the crowds with its splendid music and manoeuvres. The Band then gave another of its interesting concerts.

Early on Saturday morning the colts were assembled and made ready for the show. These were arranged in two groups—those sired by the stallion owned by Gus Mollenhour, and those sired by the stallion owned by Boganwright and Reed.

At 9:00 o'clock came the pony races. The ponies were grouped into two classes according to size. The race for smaller ponies was won by Lester Drudge, with Harold Miller second and Bob Kesler third. In the race of the larger ponies, Deverl Jefferies won first, with Paul Boganwright second and Hugh Umbaugh, Third.

In the swimming contests for boys, K. Paulus won first in the speed event with Garth Underhill second, while in the distance, Garth Underhill won first with K. Paulus second. In the girls' contest, Dortha Decker won the first in both speed and distance, with Betty Ellsworth second in each distance.

The Colt Show, as has been said before, was in reality two shows. The exhibit sponsored by Gus Mollenhour was placed as follows:

Class 1—Colts foaled in January and February. First place, Elva Jones.

Class 2—Colts foaled in March and April. First, Sherman Swick, Second, Curtis Riner, Third, H. V. Nellans, Fourth, Stanley Boggs.

Class 3—Colts foaled in May and June. First, Frank Musselman, Second, Isaac Jefferies, Third, Floyd Tucker, Fourth, Stanley Boggs.

Class 4—Colts foaled in July and August. First, Everet Swick, Second, Ora Smith, Lions Cup, Elva Jones.

The Boganwright and Reed Colts were placed as follows:

Class 1—Pure Bred Colts. (3 colts shown), First, Adam Woodyard, Second, Boganwright and Reed, Third, L. L. Boganwright.

Class 2—Grade Colts foaled in January, February, March and April. (14 colts shown), First, Hoy Meredith, Second, Raymond Weirick, Third, M. E. Jones, Fourth, Arthur Reese.

Class 3—Colts foaled in May and June. (22 colts were shown), First John Morrical, Second, George Grimm, Third, Rozell a Ford, Fourth, Rozella Ford.

Class 4—Colts foaled in July and August. (5 colts shown) First, Charles Hesson, Second, Leon Sheets, Third, Leroy Norris, Fourth

Ralph Warren.

Sweepstakes—Colts from winners of classes 2, 3, and 4—Hoy Meredith, winner.

The Lions Cup—Adam Woodyard, winner of class 1, and Hoy Meredith, winner of classes 2, 3, and 4 completed in this event in which Adam Woodyard received the cup. Immediately following the Colt Show came the parade. This was headed by the local Boy Scouts and the Girl Scouts. The members of the Home Economics Club appeared in the parade in ancient costumes, there by attracting much attention. Next came a line of children with their pets. A group of boys mounted on ponies followed. The twenty-eight calves of the 4H Club and the sixty-eight colts from the Colt Show along with the Boganwright and Reed stallions brought up the rear of the parade. While the parade was good, it could have been improved had there been more time.

At 4:00 o'clock the calves were sold at auction. A large crowd pressed around the arena, and watched these pets go under the auctioneer's hammer.

At seven o'clock on Saturday evening, Mervin Wagner won the Greased Pole Climbing event. This was followed by an excellent concert by the Mentone Band.

During the entire Fair the Ladies of the Home Economics Club conducted a lounging room for women. In connection with this they held a free baby clinic with competent Doctors and Nurses in charge. They also held frequent style shows featuring the costumes of days gone by. The work of this Club added much to the interest, comfort and convenience of the Fair.

The Committee in charge owes much to all the people who cooperated to make this Fair the outstanding success that it was.

Home Economics News

The rest room conducted by the members of the Mentone Home Economics Club and sponsored by the Lions Club, located between the Jones and Hill & Lemler groceries was well patronized during the two days of the Colt-Calf and Sheep Show.

Visitors showed much interest in the display consisting of articles made from feed sacks, quilts, coverlets, fancy pillow slips, luncheon stees, needle point stool, some very old dresses and the relics which consisted of an old Methodist Hymnal, loaned by Mrs. Sam Sanders, a three bushel home spun and home made grain bag 100 years old belonging to John Swick; dominoes 100 years old and a hand made re-bottomed chair, Mrs.

BIRTHS

FITZGERALD

Mr. and Mrs. Thomas Fitzgerald are the parents of a 9½ pound boy born Wednesday morning. The new arrival was named Denis.

DEWITT

Mr. and Mrs. Leland DeWitt of Converse are the proud parents of a son. Rev. and Mrs. DeWitt of this place are the grandparents. The grandparents are doing fine.

CREIGHTON

Mr. and Mrs. Hobart Creighton are the proud parents of a daughter born Thursday evening at the McDonald hospital. The new arrival was named Martha Louise.

SHIREY

Mr. and Mrs. Virgil Shirey are the parents of a boy born at the home of the mothers parents, last Tuesday.

JONES

Mr. and Mrs. Alden Jones of So of Burket are the parents of a Alden Gordon, born Tuesday at home.

NOTICE

We take this means of thanking Prof. Dale Kelley, Boy Scouts, Walter Songer and all who contributed to our pleasure during the Fair at Mentone. Being crippled I could not have gone but for the wonderful help of all. Again, thanking all. Mr. and Mrs. James M. Turner.

Krathwohl; a tin lantern and oriental fan, Mrs. Clark; a large bible, childs chair and spur, Lydia Rynearson; some beautiful old dishes were loaned by Mrs. Garwood and Mrs. Busenburg; Clem Ketterman contributed an old purse and part of a set of play dishes that were his grandmothers; Mary Barkman brought the pair of copper toed boots; a very old newspaper was Mrs. George Nellans; a very unusual sample of whittling dis played in a glass bottle was the property of Harold Klinck; Lem Latimer is the owner of a very old ink stand and Ed Hickman owns the 145 years old pistol which was on exhibition. An old lard lamp and a round bottomed iron stove pot were loaned by Mrs George Norris.

The Childs Clinic conducted from 1:30 to 3:30 each P. M. was also well attended. Eighteen children under six years of age were examined by Drs. Cluter, Yocum, and Dubois with nurses Josephine Sanders and Mrs. Ava Teel assisting. The youngest children attending the clinic were Rodney Kent Bowman and Vivian May Bowles.

The Marshall Co. Chapter of American War Mothers will hold their September meeting at the home of Mrs. John M. Weissert on Wednesday September 5.

OBITUARY

Levi Pierce Jefferies aged 80, born May 18, 1854 in Kosciusko County, Indiana, the son of William and Mary Ann Jefferies. He was united in marriage 60 years ago to Katherine Bechtelheimer in this county. He was a resident of Mentone all of his life where he was engaged in the furniture and undertaking business for 48 years. He was a member of the Methodist church of Mentone, Masonic Lodge, Eastern Stars, Rebecca Lodge, Modern Woodman of America I. O. O. F. Lodge, Red Men's Lodge, Lions Club and President of the Library Board.

Besides the widow, one daughter Mrs. L. F. Snyder of Mentone, two grandsons, Sheridan Snyder of Grand Rapids, Michigan and Robert Snyder of Evansville Indiana, three, nephews Mrs. Hattie Kesler of Etna Green, Mrs. Harry Duffy of Mishawaka and Mrs. Tom Whetstone of Mentone and a nephew, J. A. Jefferies of Auburn Washington survive.

Those from a distance who attended Mr. Jefferies funeral were: Mr. and Mrs. S. L. Snyder of Grand Rapids, Mich., grandson, Mr. and Mrs. Robert Snyder of Evansville, Ind., grandson, Mr. and Mrs. Paul Gifford of Hammond, Ind., Mrs. Jennie Saviers of Chicago, Ill., Mr. and Mrs. Kenneth Oliver of Chicago, Mr. and Mrs. Marvin Duffy of Chicago, Mr. and Mrs. William Duffy of Mishawaka, Ind., Mr. and Mrs. Harry Duffy of Mishawaka, Mrs. Hattie Kesler and Mr. and Mrs. Donald Poulson of Etna Green and Miss Phyllis Russell of North Manchester, Indiana.

Those who acted as pall bearers at Mr. Jefferies funeral consisted of the following undertakers in the surrounding community: Robert Kelley, Leesburg, Charles Brittan, Milford, Charley Wright, Nappanee, George Bender, North Manchester, Paul Summe, Silver Lake, Schlar Lukenville, Columbia City, Otto Grossman, Argos.

The floral bearers consisted of the following Mentone business men: M. O. Mentzer, C. W. Shafer, W. W. Whetstone and K. A. Riner.

APPRECIATION

We wish to express our deepest gratitude and thanks for the kindness, sympathy and assistance shown during the sickness and death of our husband and father.

Mrs. Jefferies
Mrs. Snyder and Family

Unclaimed Dishes

After the Co-Op. picnic at Hoffman Lake this year there were found some unclaimed dishes. If anyone who attended the picnic, lost any dishes or silverware please call at the Co-Op Mill and claim them.

Now, Please Read This

Several times we have stated in the columns of this paper that we were not the publishers of the Co-Op News—We print same from copy furnished by Miss Rush, the secretary. During the past week our attention has been called to the fact that we have left this or that out etc.

We are not expected to collect News, or do the writing for this paper. Miss Rush can be found at our office every Saturday and she will gladly receive any item of news reported to her, but as there is no subscription charge for the publication you cannot expect that the publishers, The Northern Indiana Co-Operative Association can afford to employ the secretary for the people. Do your part, write up your news items and hand them to Miss Rush and same will appear in the paper.

C. W. Krathwohl, Printer.

NOTICE

The Furniture and Undertaking business of the late L. P. Jefferies will be carried on just the same and any business entrusted to us will be promptly and properly attended to and greatly appreciated. And we want to take this time to thank all of Mr. Jefferies friends and customers for all the business given this store in the past.

Signed
Mrs. L. P. Jefferies
Mr. I. F. Snyder
Mr. Robert Reed

A Reprint And Correction

A lot has been said and a lot has been done about the Code for the Retail Lumber Dealers. It is a fact that the operation of the code has not stimulated the building industry in our community. This cannot be attributed to the code directly but to the manner in which it has been administered. Competition has been stifled, and chiseling has become the rule rather than the exception. The Northern Indiana Cooperative Association has sold building material at the same price to all customers, allowing no discounts to any one person more than to another.

The committee in charge has gone into this matter very thoroughly, and after considerable deliberation has decided that our organization will sell this building material at the lowest possible retail price under the code regardless of any competitors. This will enable us to cut deeply into the prices set by the dealers for this district, but we are reliably informed that we are more nearly complying with the intent of the code than those who are selling at the higher prices. You can again buy No. 2 Shiplap at our mill for \$35.00, another grade of Shiplap for \$30.00 and other building materials in proportion. We earnestly ask you to favor us with your consideration when preparing to build, and we assure you that our department will do all we can to furnish you the best material at the lowest possible cost.

Northern Indiana Co-Op. Ass'n.

L. P. Jefferies Was True Friend

When the Northern Indiana Co-Operative Association was organized and Mentone selected as the location for the plant the farmers as a matter of courtesy gave all the Mentone Business Firms an opportunity to purchase a share of stock. We did this, not that we needed their money but to cement the cooperative friendship between the town and country people.

The late L. P. Jefferies promptly

subscribed for stock and has been a loyal friend of the Association since its formation. His voice will be missed in the deliberation at our annual meetings in which he has always taken an active part.

The Association wishes to extend the sympathy of its members to Mrs. Jefferies and all the family and friends. He was a true friend and will be missed in the home and community life.

Mentone Couple injured As Automobiles Collide

(From Warsaw Times)

An automobile driven by James Butterbaugh, Sidney, sideswiped a car driven by Dale Wallace, Mentone, late Saturday evening, causing the latter auto to swerve from the highway three miles south of Warsaw on state road 15 and turn over. Occupants of the Butterbaugh car were uninjured. Mr. and Mrs. Dale Wallace were brought to Warsaw by passing motorists for emergency treatment.

An examination disclosed a broken jaw bone, two broken ribs, four teeth knocked out and minor cuts and bruises sustained by Mrs. Wallace. Wallace received minor cuts and bruises about the face and head.

Both cars were considerably damaged. Mr. and Mrs. Wallace were en route north of Warsaw when the accident occurred.

ASKS DIVORCE

(From Warsaw Times)

Charging non-support, Letha Shirey of near Mentone, has filed a suit for divorce in circuit court against Virgil Shirey. In the complaint Mrs. Shirey states her husband contributed no money or medicine for the care of their child, when born, and that he also told her he did not want to yive with her.

She asks alimony of \$1,000 and support money of \$250 a year for the child, custody of which is asked in the divorce complaint. The couple was married February 10, 1934, and separated June 30, 1934.

The mill buys wheat, oats, corn. Poultry medicine at the Co-Op mill.

Girl Scout News

By Amos Skeeta

Dear Mary,

I'm sorry I didn't write sooner; but better late than never, so I'll just have to write and tell you about the wonderful time we Girl Scouts had at Camp Logan this summer! We packed our blanket rolls and met at the Drug Store like we did last year. And what a carfull! Instead of the twenty-five lassies of last year, we packed twenty-nine of them into the big school bus. We sang (?) all the way down, and back too. What we lacked in harmony we made up in volume, and the way we butchered some of those songs was a crime! Our adherence to the seats was not very great when we went over some of those bumps so all we could do was hold tight till we arrived at camp.

And what a tumult. The kids spilled out of that bus like bees from a hive and scurried here and there like ants. We looked like a regular menagerie!

At length we finished unloading our blanket rolls from the bus and looked around us. Everyone was asking, "Where is Rosie?" and discussing which tent she preferred. In a little bit Miss Mentzer arrived and we gathered around her with the chorus of "Which tent do we get?" She took out an official looking paper and told us who was who's tentmates and that we could have the tent we wanted. And oh, have I told you about the tents? They are screened in! Which is very swell, we having reminiscence of last years mosquito bites which we carried several weeks post-mortem (of the mosquito). So we immediately started looking for brooms and raised miniature clouds of dust from the floors. When we had finished our tent duties we dug out our multi-colored bathing suits and went for a swim in Dewart Lake. Then we scrambled up the hill for our nose-bag lunches and assembled in the Lodge for evening lunch. After lunch we went down by the lake and had a beautiful camp fire program with each tent giving a little playlet, and closing with a beautiful good-night circle beneath the star-sprinkled firmament. It was a wonderful evening and the stars shown out of sky like diamonds on velvet. We crept off to our tents in silence, feeling small and insignificant.

In the middle of the night we heard a loud clap of thunder and scurried out of our tents to roll the flaps down with great consternation. In a little bit the wind blew a gale through the trees and now and then the lightning would coruscate the darkness and illuminate the dusky

outlines. Suddenly a soft patter played on the roof of the tents and lulled us off to sleep. When we awoke in the morning the trees were dripping and it was still drizzling. Nevertheless we donned sweaters and ran down to the Lodge where the Camp Committee had a swell breakfast all ready to be consumed, which we did without delay. After breakfast, as it was still raining, we all pitched in and helped with the camp capers.

Then Rosie conducted a nature class and Mrs. Gasaway held swimming lessons on the tables. What a funny sight! Can't you see those kids all spraddled out in crazy positions? As we were forced to stay in we managed to have a lot of fun by making all the racket we could in general making disturbances of all kinds. That evening a few of the brave ventured forth for a cold dip in the lake and I mean cold! But how good it felt. Miss Miller, a life guard and Mrs. Gasaway kept watchful eyes on us.

After supper some of us scrambled into some old costumes, stored in the attic of the lodge, and conducted hilarious impromptu exhibitions in the large dining room of the Lodge. Then we all collected in the kitchen and had a merry time flourishing the corn popper and pulling taffy. In a little while we hilariously made our way up to the wet gravel pathway and promptly piled into bed. Next morning we were awakened by the clang of the dinner bell and hurriedly ran down to breakfast. And oh, have I told you about our dinner bell? It was a big iron circle, like a tractor wheel minus the spokes. We had a large stone which we hit on the inner side and the sound was deafening but everyone liked to ring it. The morning was concluded with the regular routine and there were no mishaps except that everyone tried to find some ailment so that they could make it worthwhile to have a nurse along, as Mrs. Ava Teel had to come to camp with us. After dinner we gathered our belongings together and made our blanket rolls. Then we went for a general swim. In a short while the cars came and we piled in to bade goodby to "The Lovely Woods of Logan". And I want to assure you that a dripping time was had by all.

Your Cousin,
Jane

Charcoal Used by Porto Ricans
Fuel used in Porto Rico is chiefly charcoal made from small trees.

Hi Ho's Voice

"I have had but little to say," said Hi Ho, the sage of Chinatown. "I resume speech in order to protect my ears against the voices of those who have even less to say. Every man's voice is pleasing to its owner."

The mill buys wheat, oats, corn.

HOW

WATERPROOFING CLOTH IS MADE FOR USE ON FARM.—

A cheap and effective waterproofing liquid may be made by dissolving paraffin in gasoline, using as much of the solid paraffin as the gasoline will take up. Less may do but it may require more than one coat of the fluid if too thin. This should be painted on the cloth with a brush or old whisk broom, saturating the cloth. When the gasoline evaporates, says a correspondent in the Rural New-Yorker, the paraffin will remain in the pores of the cloth, waterproofing it. This may be used for wagon tarpaulins, tents, or any cloth upon which it is needed. I have kept outdoor tents protected by an occasional treatment. Paraffin dissolves rather slowly in gasoline unless finely shaved up.

While this will waterproof your window curtains, it will also seal up their pores and make them use less as ventilators. One may as well use glass windows for protection, save for the cost. In fact, cloth windows cannot be depended upon as a means of ventilation. Dust soon closes their pores and renders them useless for this purpose. As a protection from storms, closed when needed and opened when not, they serve a useful purpose.

How Presidents of U. S.

Receive Their Salary

The President of the United States receives his salary once each month in the form of government checks delivered by a special representative of the Treasury department. Before government pay cuts were in style the Chief Executive was paid with one check for \$6,250 each month. When government salaries were reduced 8 1/4 per cent President Hoover voluntarily cut his own salary 15 per cent. But since the President's salary cannot be either raised or lowered during his term of office, Mr. Hoover was paid his full salary, part of which he returned to the treasury. To make this convenient he had them pay him with two checks, one large and one small, the latter representing 15 per cent of the monthly salary, which he returned. Since President Roosevelt voluntarily reduced his \$75,000 a year salary by 15 per cent he is paid in the same way. —Pathfinder Magazine.

How Gold Claims Are Staked

When a claim has been located, usually a monument of stones or logs, stakes, etc., is built in the center of the claim, in which is placed a tin can or other suitable receptacle containing a written declaration of claim to that particular tract, described as so many feet each direction (depending upon the number of acres allowed for a claim in that particular locality, the size of claims being different in different states or territories). The tin can or receptacle is turned upside down in order to protect the written

declaration from the weather. The claim is then filed with the nearest recorder, or recorder of the county in which the claim is located, as soon as possible, especially where others may know of the claim or locality. A full description as to location should be filed with the recorder.

How Fast Clams Swim

Clams are sedentary and practically stationary in adult life, living for the most part in the ooze at the bottom of tidal salt water—or of streams or lakes. The clams as well as other mollusks of this type do not swim in the adult stage and have practically no power of locomotion. The larvae, however, are minute free swimming organisms, so-called because they have rudimentary organs of locomotion and are not fixed. They do not possess swimming powers comparable to those of fishes and do not progress any appreciable distance before they settle down.

How Rome Furnished Homes

In the ancient Roman houses furniture was scarce and consisted of necessities, such as beds, tables and chairs, and sometimes reclining divans. Carpets were unknown; the floors were generally of concrete or of tiles. Curtains (aulaea) were sometimes drawn over the opening in the roof of the atrium. The beds, couches, tables and chairs were generally of wood. Tables were often very elaborate and occasionally made of metal.

How Broadway Got Its Name

The first mention of Broadway was in 1643 when a land transfer is recorded as located on that thoroughfare. The name was derived from the thoroughfare being a broad way in the same manner that highway received its appellation. The Romans elevated all their roads above the adjacent land to drain off the water, hence a high way is higher and a Broadway is broader than a lane.

How Armies Compare

The largest army in the world, at the present time, is that of Russia. Russia has an active army of 830,000 and approximately 15,000,000 trained reserves. France has an active army of 584,300 and 6,328,000 trained reserves. Italy has an active force of 437,368 and a trained reserve of 5,885,000.

How "Fletcherizing" Developed

The term was popularized in the early years of this century by the lectures of Horace Fletcher, who maintained that chewing food long and carefully would do away with any dyspeptic tendency and go far toward insuring perfect health.

An Index Number

An index number is a number (generally a percentage) designed to indicate the general level of prices at any given date. It is formed from ratios of the prices of various staples at the date in question, as compared with some previous date which has been adopted as a standard and for which the index has been fixed at 100.

YEAST FOAM EGG MASH

Made by N. I. Co-Op. Ass'n. will put your Birds in fine condition to produce MORE EGGS. HEAVIER EGGS, BETTER IN EVERY WAY.

Eggs produced on Animal-Poultry Yeast Foam Mash Feeds are being sold as Yeast Foam Health Eggs. They are a thicker, heavier egg and go much farther in baking than ordinary eggs.

These yeast feeds build and maintain the vitality of the birds which means better results, better health all down the line. Try them and be convinced.

**BANK LOANS AND
BUSINESS RECOVERY**

**Official Describes Efforts of Re-
serve Banks to Bring Out
Deserving Borrowers—
Present Situation
Typical**

Appropos of the part that an expansion of business loans by banks occupies in the early stages of the business recovery which is now gaining headway, a Federal Reserve Bank official recently gave an interesting review of the experiences of his institution in this connection. In 1932 the Federal Reserve Banks were empowered by law to make direct loans to individuals in unusual circumstances when they had been unable to obtain loans from a commercial bank, he pointed out.

From the middle of 1932 to the end of 1933 there were 1,286 applicants for loans at the New York Federal Reserve Bank under this law. The great majority of these applications proved on examination to be for funds for capital purposes, which are properly supplied as an investment in the business, or else were mortgage loans or others unclassifiable as commercial.

Only Fourteen Qualify

Only 250, or less than 20 per cent, were of the type which merited detailed investigation. The amount involved was \$9,525,000. After further study of these, the Federal Reserve Bank was forced to turn down the applications of 236, finally offering credit in the sum of \$1,417,000 to 14 prospective borrowers. Of this amount, only \$806,000 was actually loaned, more than one-half of which was still outstanding many months later. Two of the borrowers went into receivership.

"Since it was the special endeavor of the Federal Reserve Bank to make every possible loan under the emergency provisions of the amendment, and since their best efforts resulted in the extension of so small a sum as to have no effect on the total volume of commercial loans, it is a reasonable assumption that eligible borrowers entitled to bank credit are being provided for by the commercial banks," says the American Bankers Association Journal in commenting on this episode.

It is characteristic, as shown by studies of past business cycles, for changes in the volume of commercial bank credit to follow behind either contraction or expansion of business activity, says a financial writer in the New York Times. This was manifest recently in England's recent recovery where there was a lag between increased business and increased commercial loans.

County Key Bankers

Describing the activities of the Agricultural Commission of the American Bankers Association, the Director, D. H. Otis, says: "With 2,500 agriculturally minded bankers, designated as county key bankers, there is enlisted a tremendous force for the improvement of agriculture. These key bankers bring organized assistance to progressive bankers, who are led to see the possibility of agricultural work in their communities. Banker farmer tours are emphasized as a means of acquainting bankers, farmers and other business men with first-hand knowledge of how agricultural improvement methods are working out in practice. These give an opportunity for the key bankers to contact county bankers and work out new ideas."

Death of the Rickshaw

The rickshaw, the East's most famous vehicle, is dying out, according to reports received from Ceylon. The bicycle and the car are driving it out of business, as well as good roads, which are now becoming as frequent as bad roads. In Ceylon there is also a movement afoot to put an end to the rickshaw traffic on the ground that it is degrading for one man to act as a beast of burden for another, and that no country in the East can attain respect in the eyes of the world so long as such conditions are tolerated. Today the rickshaw traffic is confined almost exclusively to tourists in such places as Colombo and Kandy, who still enjoy riding in so unusual a vehicle.

Why They Are "Bronc" Riders

During the last few years an association called the Rodeo Association of America has been organized and winners in the various major events are given points. The contestants with the greatest number of points during the year are declared the world champion bronc rider, or steer ropers, as the case may be.

Why It Is "Adam's Apple"

It is supposed to have originated in the absurd popular notion that a portion of the forbidden fruit, assumed to have been an apple, stuck in Adam's throat when he attempted to swallow it.

Porto Rico's Spanish Flag

Porto Rico before the United States took possession of the islands was under the Spanish flag, which was yellow, bordered at the top and bottom by a stripe of red. On the broad yellow stripe was an oval shield bearing a crown, and showing the arms of Castile impaling Leon.

**UNDER
THE OLIVER FLAG**

**The Oliver Trade Mark
Is Your Protection**

The Oliver Trade Mark is moulded into the metal of every genuine Oliver Chilled Share. The trade mark is always clear and distinct if the share is a genuine Oliver. It is never blurred. It is never hard to read. Oliver genuine Chilled Shares are made in the same factory where your Oliver Plow was made. The only way to get Oliver service from your Oliver Plow is to use a genuine Oliver Share. We are authorized Oliver Dealers "under the Oliver Flag" and sell genuine Oliver shares.

Dead-Eye on Vessel
A dead-eye on a sailing vessel is a rounded, flattish wooden block encircled by a rope on an iron band and pierced with holes to receive the lanyard on a ship, used to extend shrouds and stays and for other purposes.

Northernmost Inhabited Spot
The northernmost permanently inhabited spot on the globe is Hooker Island, in the Franz-Josef Land archipelago, nearly 900 miles north of the Arctic Circle, and its sole inhabitants are the staff of a weather station.

"Carpetbagger"
The term was used long before the Civil war, and was applied in the West to denote promoters of wildcat banks or stocks, whose earthly possessions were contained in the carpetbag with which they usually arrived at the places they desired to exploit.

Mrs. Leedy Dies
Of Paralysis
Died at her home near Tiosa Sunday afternoon, Funeral Held Tuesday.

Mrs. Ella Mae Leedy, aged 47, wife of Ezra Leedy, well known Richland township farmer, died at 1:30 p. m. Sunday was due to paralysis and followed an illness of eight weeks.

Mrs. Leedy was a life long resident of Fulton county. She was born Richland township on June 18, 1887, the daughter of W. L. and Arsada Rogers. On January 1, 1911 she was married to Ezra Leedy. She was a member of the Tiosa Christian Church.

Survivors are the husband, parents, four sisters, Mrs. Nellie Hawks, Mrs. Ollie Towns, Mrs. Ethel Nellans and Mrs. Grethel Mow, and a granddaughter, Patsy Harbaugh of South Bend. A daughter, Mrs. Evadean Harbaugh and a sister, Mrs. Hattie Kanouse preceded her in death.

The funeral services were held from the Richland Center Methodist Church at 2 p. m. Tuesday with the Rev. A. M. Thomas, pastor of the Argos Christian Church in charge, assisted by Rev. R. L. Shurte of the Richland Center M.E. Church. Burial was made in the cemetery at Richland Center.

Ezra Leedy is a member of the Northern Indiana Co-Operative Association, therefore in behalf of its membership the Co-Op. News extends to him their sympathy at his great loss.

The Co-Ops Executive Committee regret they did not learn of the death of Mrs. Leedy in time to send flowers from the Association as has been the custom since the co-operative was organized.

Pen of 2000 B. C. Type
An Egyptian tomb, 4,000 years old, was opened. Among other objects in it was found a quill pen with a barrel like a modern fountain pen. As a matter of fact there was an actual fountain pen of modern type in use in 1800, although it was not patented until years later.

Brighter Children
The children of highly educated parents are usually more intelligent than the children of those whose parents are not educated, not because the parents were educated, however, but because they were naturally more intelligent and because of this secured a higher education.

Crucifix on Warships
In the days of yore warships usually had a crucifix on the quarter-deck; when sailors passed this they crossed themselves or saluted it. The crucifix has gone, but the salute remains.

Worthy Grand Matron
Visits Chapter

Friday night, Sept. 14 occurred the annual inspection of Warsaw Chapter No. 88 and Mentone Chapter No. 331 Order Eastern Stars at Warsaw.

Warsaw Chapter gave the opening ceremony and Mentone Chapter exemplified the initiatory work. Both Chapters were highly commended for the splendid manner in which they gave their work by the Worthy Grand Matron, Hazel Thompson Coats of Veversburg. Other distinguished guests were Mrs. Gertrude Kipka of Elkhart, Grand Ruth, Mr. Bennet of Fort Wayne, Grand Sentinel, and Mrs. Mary Scarlet of Milford, Grand Deputy of this district. The meeting was honored by the presence of Sister Mamie Conrad, Past Worthy Grand Matron, Past Grand Treasurer, and at present is Grand Treasurer Emeritus of Indiana.

The honored guests were presented flowers and gifts.

The Masonic Hall was beautifully decorated with garden flowers. Refreshments were served and the entire evening was most enjoyable as well as profitable.

Home Economics News

The date for the September meeting of the Mentone Home Economics Club was set forward a few days and Mrs. Ona Blue served as hostess at her country home west of town on Friday p. m. September 14.

Members responded to roll call with some excellent health rules.

Pauline Weissert and Olive Tucker (alternate for Rhoda Jones) gave the lesson which they had received at Warsaw the day previous, on "Meat Cookery", and in the meantime had prepared a liver-loaf which was baking in the oven while the lesson was being studied. The liver-loaf and buns were converted into sandwiches and served with coffee—a very substantial lunch.

Stunts were arranged by Edith Darr and Eva Laird.

Next meeting will be Oct. 18, with Pauline Weissert and the lesson on cheese combinations.

G. Weissert, Club Reporter

MENTONE NEWS

Hugh Kesler and Miss Anna Teel spent Sunday afternoon with Mr. and Mrs. Ralph Ward.

Come in and get our prices on school supplies. We can save you money. Hill and Lemler.

Mr. and Mrs. Andy Goshert and sons, Billie and Lewis spent Sunday afternoon in Fort Wayne.

Mr. and Mrs. Goshert and son of Warsaw were callers at the Andy Goshert home last Thursday evening.

Rev. and Mrs. J. E. Smith of Edgerton, Ohio took last Sunday dinner with Mr. and Mrs. Fred Sur-guy.

Mr. George Gragg of near Etna Green had the misfortune to loose an eye while repairing a barn door last Friday.

Mr. and Mrs. S. A. Guy and Mrs. Cora Erwin of Bourbon spent last Wednesday at Pretty Lake with friends.

The Misses Kathryn Nelson and Violet Rohsenberger of Indianapolis are visiting at the home of Mr. and Mrs. A. I. Nelson.

Mr. and Mrs. Mel Molebas, Gilford Redgers and Mrs. Rufus Hains were Sunday dinner guests at the C. E. Coy home near Mentone.

Little Elf Brand cannot be beaten for quality, and our prices on this line are as low as can be obtained at any other store Hill & Lemler.

Mrs. Rose Morrison who has been visiting her daughter and husband Mr. and Mrs. Clyde Delano at Pier-ce-ton returned to her home Friday.

Our aim is to give you quality merchandise at low prices. If our services and prices please you tell others - if not tell us. Hill & Lemler.

Mr. Robert Reed and Mr. I. F. Snyder attended the State Undertaking Association Meeting at the Indiana Hotel, Fort Wayne, Indiana Thurs-day night, Sept. 13th.

We do not sell cheap meat, but we do sell good meat cheap. A trial will convince you that there is nothing so good as the Swift brand of meats. Hill & Lemler.

Mrs. George Blackburn was very fortunate when she received a check for \$10.00 last week from a flower nursery for naming a new rose. She named it Mid Night Sun.

Mr. and Mrs. Oren Mathias of Rochester spent Sunday with Mr. and Mrs. Russel Eber.

Miss Eva Robbins and Roy Robbins of Fort Wayne spent last Wednesday and Thursday with relatives in Men-tone.

Mr. and Mrs. Ivo Wagoner, Mr. and Mrs. James Sarber and Mrs. Henry Robbins spent Sunday afternoon in Fort Wayne.

Mr. and Mrs. Sol Arnsberger who lived in the Davis property have taken rooms with Mrs. Yreatha Herendeen in the Kizer property.

We handle the Swift brand of meats. There are none better—they are priced right. If you are in doubt ask your neighbor. Hill & Lemler.

Leave your news items at our store. If you do not get the paper through the post office you can get a copy free by asking for it. Hill & Lemler.

Mr. and Mrs. James Sarber and Mrs. Myrtle Sarber spent last Thurs-day evening in Fort Wayne with Mr. Isaac Sarber and helped celebrate his birthday.

On Sept. 7 the Threshing ring met at Homer Blue's for a winnie roast and had a good attendance, if it was a bad rainy evening. Everybody had a good time.

The next time you buy meat call at our store and get Swifts. After you once try this brand you will be a reg-ular meat customer at our store. Hill & Lemler.

Miss Margaret Mentzer left last Sunday for Bloomington where she will attend Indiana University. She was accompanied as far as Indiana-polis by the Misses Rosalind and Annabel Mentzer, James Mentzer and John Miller.

Hawks That Are Harmful
Hawks that are definitely more harmful than beneficial are the gos-hawk, Coopers hawk, sharpshin hawk, duck and pigeon hawks. All five of these interfere with other bird life.

Early Great Lakes Boats
LaSalle, in 1682, built the Griffon, first sailing vessel manned by white men to traverse the waters of the Great Lakes. The first American built boat on Lake Erie was put into commission in 1795 and the first steamboat, Walk-in-the-Water, was built at Black Rock, N. Y., in 1818. This steamer and the vessels that fol-lowed her did a thriving business transporting emigrants to the West.
