FARM FIRE RESULTS IN HEAVY LOSS

A fire of undetermined origin destroyed two large barns, a garage, scale house, hog house and small shed on the Charles Huffman farm (tenanted by Mr. and Mrs. Leroy Huffman and family), south of Talma, Aug. 22. The fire started about 6 p. m. and was brought under control by the Rochester fire department after a two hour battle. Included in the estimated \$10,000 loss was 30 tons of hay, eight tons of straw, 35 head of hogs and a young calf. A sanding machine, owned by the state highway department, was also destroyed. Firemen prevented the residence from burning.

The Green Township Pirates, of South Bend, will play the Mentone baseball team Sunday afternoon, at the local diamond. The Pirates have a good ball club—as the Mentone boys have learned in their two previous encounters—and a good game should be presented.

MIRACULOUSLY ESCAPES AS CAR IS DEMOLISHED

Jack Shinn, son of Mr. and Mrs. Earl Shinn, managed, by some trick of fate, to escape with only minor cuts and bruises when his car skidded on the wet pavement near No. Manchester Saturday night. The car skidded into a telephone pole, rolled over a number of times and ended up a total wreck.

A belt Jack was wearing, made of hooked spring steel, was entirely ripped in two at the back while the wearer had only a couple of scratches. The car lost the decision on a technical KO.

Mrs. Whetstone was born December 27, 1871, in Mentone, the daughter of Christian and Susan Sarber. She was united in marriage to Albert Whetstone and they operated a restaurant here for many years prior to the husband's death four years ago. She was a member of the Methodist church here and was always a willing and hard worker.

Surviving are a son, Wade W. Whetstone; a daughter, Mrs. Ada Wagner, and two grandsons, Robert and James Whetstone, Mentone; one brother, Isaac Sarber of Fort Wayne, and two half-brothers, M. M. Latimer, of near Mentone, and Lem L. Latimer of North Manchester.

Funeral services, with the Reed funeral home in charge of the arrangements, were held Sunday afternoon at the Whetstone home, with Rev. C. C. Collins, pastor of the local Methodist church, officiating. Interment was in the Mentone cemetery.

Friends of the family extend deepest sympathy to the grieved relatives.

CORNBELT DAIRYMEN SPEED DEFENSE PASTURES

Answering the call of National Defense for an unlimited increase in dairy products, Midwestern dairymen, livestock raisers, and agricultural workers, are joining forces to increase quantity and quality, cut feed costs, and extend the grazing season during which the cheapest and best feeds are available.

"Increased demand for milk and beef calls for efficient operation of pastures," records R. H. Lush, pasture specialist of The National Fertilizer Association. "This can be made a profitable proposition too," he pointed out. Results of ten years pasture improvement demonstrations in south-

ern Indiana showed an increased grass yield of 50 per cent the first season of treatment, an increase of 106 per cent the second year following the initial application. Increased yields were much higher on a percentage basis than from the use of fertilizer on any other field crop.

The cost of producing 100 pounds of milk in Ohio was 33 per cent less with complete fertilizer, and 28 per cent less with superphosphate than when the pasture was not fertilized. Pasture forage in Michigan was about doubled by use of complete fertilizer high in nitrogen.

HEAVYWEIGHT TEAM WINNERS

In publishing the awards made at the recent Mentone Community Fair, the winners in the heavyweight team pulling contest were not available. They were as follows:

John Prugh, Millersburg, placed first his team pulling 4400 pounds. Jones and Metzger, Claypool, second; Dr. Michels, Montpelier, third; Eugene Showalter, Middlebury, fourth; Herb Price, Claypool, fifth, and Bill McFarland, Silver Lake, won the \$5 sportsmanship award.

TRAFFIC FLOW JUMPS
MILLION MILES DAILY

An increase of nearly one million vehicular miles daily in traffic flow on the state highway system outside cities and towns of over 3,500 population, has occurred in the past four years, James D. Adams, chairman of the State Highway Commission, reported recently in pointing out the important part which this ten-thousand-mile motor transportation system plays in the present-day social and economic life.

Studies by the Highway Planning Survey indicate that the daily vehicular mileage traveled on the state highway system has increased since 1937 approximately 838,000 miles every 24 hours or more than three hundred vehicular miles annually.

WATER CONSERVATION IS A "LIVE" SUBJECT

Interest shown by thousands of State Fair visitors in the water conservation exhibit presented by the Division of Geology indicates the

growing realization that something must be done to protect both underground and surface water supplies. Hugh A. Barnhart, director of the Department of Conservation, states:

Scores of farmers and residents of rural areas inspected the charts and told how their wells had failed or their crops affected during the recent drought. The charts were also of interest to urban residents, especially those where municipal supplies were threatened this spring and summer.

HOOSIERS "GROW" OWN DUCKS FOR 60-DAY OPEN SEASON

On more than three thousand acres of restored marsh and artificial lakes Indiana is producing a half-million or more ducks, geese and other waterfowl each year as a part of the state's conservation program.

This production of migratory waterfowl, Hugh A. Barnhart, director of the Department of Conservation, points out, is a major factor in the better duck hunting which Hoosier sportsmen are enjoying. The open season on migratory waterfowl—ducks, geese, brant and coot—begins Thursday, October 16 and continues for 60 days under regulations established by the U. S. Dept. of the Interior.

SQUIRREL SEASON OPENED LAST WEEK

The open season for squirrel hunting in the northern zone began Labor Day and will continue for a period of sixty days. A bag and possession limit of five squirrels is established by the regulations governing the hunting season.

Perfect physical fitness is required of sailors in the U. S. Navy. Excellent athletic facilities are provided both afloat and ashore.

Pictured above are bluejackets on the aircraft tender U. S. S. Wright holding basketball practice on shipboard. Almost every ship in the U. S. Navy has its own basketball team. Rivalry among the crews of the various crafts

runs high. In addition to basketball—football, baseball, boxing, bowling, wrestling and tennis all rank high as sports with Uncle Sam's sailors.

Organized intra-fleet competitions are held for most sports. Trophies and individual awards usually are presented to the championship winning teams and players.

DEFENSE BOND QUIZ

Q. I would like to provide a regular income for myself when I retire. Can this be done by buying Defense Savings Bonds?

A. Yes. If you can purchase a Bond for \$37.50 each month, each Bond will mature in exactly 10 years. Thus at the end of 10 years you will have \$50 payable each month as each of your Bonds reaches maturity.

Q. But I will need more than \$50 a month.

A. Then you should invest a larger amount each month. Every \$75 you put into Defense Bonds will pay you \$100 ten years from now. Meanwhile, your money serves your Government during this period of national emergency.

NOTE—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C.

SOUTH BEND LIONS TO PRE- SENT FAMOUS PASSION PLAY

The mountain has come to Mohammed: Where once pilgrimages were made to Europe to behold one of its several Passion Plays, now the world's oldest, the Luenen Passion Play has established itself in the South Dakota Black Hills, "rechristened" The Black Hills Passion Play, with its home base in Spearfish, So. Dak. The play, now on its first world tour will be presented in the John Adams High School auditorium with matinee and night performances on September 24 to 28th, inclusive, at South Bend. The Proceeds are to be applied to the Lions club charity fund.

The play was established in its new home base in Spearfish in 1937. Here in the great American Garden of Eden steeped in the tradition of early frontier days, in a land where General Custer, Deadwood Dick, Calamity Jane, Wild Bill Hickock, and many other early American historical names held sway and where the sweeping terrain and the blue-black pines reached toward the heavens, where the clear, cool mountain streams abundant with trout tinkle through the Hills, the largest Passion Play grounds in the world have been erected at a cost of many thousands of dollars. The world famous Passion Play is presented there three times a week during the summer months from June 15th to September 4th.

The large company presents the play against the background of mile-high Lookout Mountain, on a stage which is an authentic reproduction of the streets of Jerusalem two thousand years ago. Supporting the large cast of human players to add authenticity to the many scenes are beautiful Arabian horses, camels, donkey, Great Dane dogs, and other domestic animals of the period.

The play will be presented in So.

Bend on an especially constructed set prepared for use in theatres and auditoriums in exactly the same manner as it is presented in its home base in the Black Hills.

Josef Meier, world famous Christus portrayer, is in the featured role. The Black Hills Passion Play was first presented in 1242 A. D. by the monks of the Capenberg Monastery. Later, the good citizens of Luenen continued to produce the play.

Meier, who plays the Christus, is the descendant of seven generations of Passion Play artists. He first appeared in the production at the age of ten weeks as the Christ Child and has been in the play ever since. He is now 37 years of age.

The play confines itself to the last seven days in the life of Christ and is given in twenty-two impressive scenes, starting with the triumphal entry into Jerusalem, and running smoothly through to one of the great highlights of the production — the Crucifixion of Christ, followed by the Ascension, and has given audi-

ences the world over a true and thrilling conception of this, "The greatest story of all times."

Since its removal to this country, the play has grown in stature until now it is the largest production of its kind in the world. Meier and all the original members of the cast have become American citizens. The present tour is the first in English.

The advance seat sale will open on Sept. 10 at Passion Play Headquarters, Corner Washington and Michigan Streets, South Bend, Ind.

NINE-DAY PHEASANT SEASON FOR HOOSIER NIMRODS

A nine-day open season for pheasants—starting Monday, Nov. 10 and ending Wednesday, Nov. 19—has been announced by the division of Fish and Game. GETS HAND CAUGHT IN POWER MEAT GRINDER

Mrs. Earl Shinn, while working at the Frozen Locker Tuesday evening, was so unfortunate as to get her right hand in a power meat grinder and the tip of one finger was mangled. It is to be hoped that she will not have to have the finger amputated at the first joint but no report has been received that stated definitely one way or the other.

The Shinn family has met with considerable misfortune recently. A daughter, Patricia, underwent an appendicitis operation recently and while recovering from that contracted a kidney infection and the past few days has been suffering terribly. A son, Jack, had his car skid on the wet pavement a few days ago and miraculously escaped with his life but the car was demolished.

Mr. and Mrs. Nelson, aged 84 and 83 years respectively, are living together in their own home and do all their own work but their health is such that they do not do much visiting.

The aged couple are the parents of four children, Mrs. Clarence Leininger, of Mentone; Masa Nelson, of Burket; Wm. T. Nelson, who recently left for California, and Don Nelson, of Argos. They have 11 grand-children and 13 great-grandchildren.

WILLIAMSON FARM HOME SAVED FROM DESTRUCTION

The Mentone fire department made a run of eight miles to Tippecanoe Sunday noon to save the farm home of James Williamson from destruction by fire. The fire, which started in an outbuilding, consumed two sheds before the fireman had it under control. Damage was but a few hundred dollars while it could have been much worse had it not been for the Mentone boys and local volunteers.

CLYMER-NEWTON NUPTIALS SUNDAY AFTERNOON

Miss Flora Lee Clymer, granddaughter of Mr. and Mrs. Harry Clymer of Rochester, and Stanley Newton, son of Mrs. Tessie Williamson of Burket, were united in marriage at the Clymer home at 2:30 on Sunday afternoon. The single ring ceremony was performed by Rev. O. C. Lemert in the presence of about thirty relatives and friends.

Preceding the ceremony Mendelssohn's Wedding March and Lohengrin's Bridal Chorus were rendered by Franklin Newton.

The bride was attired in a pink satin formal with French lace trim. She wore a corsage of yellow roses. Her matron of honor, Mrs. Edward Souther of Chicago, cousin of the bride, wore pale blue tulle. Howard Newton, of Chicago, was best man.

Following the ceremony, refreshments of bride's cake and ice cream were served to the wedding guests. Mrs. Ruth Davis, cousin of the bride, presented the bride's cake.

Later in the afternoon, the young couple left for an extended wedding trip through the east. The bride chose for traveling a powder blue tailored dress with matching accessories.

The room was beautifully decorated with bittersweet and goldenrod. After dinner the Brethren Church of Tiosa, gave a very interesting program congratulating Mr. and Mrs. Anderson on this outstanding occasion. The afternoon was spent socially, after which the guests enjoyed ice cream and a piece of the beautiful cake, baked and decorated at North Manchester by the Burns Bakery. It was as good as it looked, too, judging by the comments of the guests.

Mr. and Mrs. Anderson wish to express appreciation to all who called, for their lovely gifts and the 50 greetings. They also received two airmail letters from friends in North Carolina.

They have two children, Harley Anderson, of South Bend, and Mrs. Ona Hedrich of North Manchester, and three grandchildren, Beecher Lee Anderson, Wilma Jean Hedrich and Glen Everett Hedrich.

EDITOR'S COLUMN

The school spirit has again arrived in the hearts of many school students, although many students came to school chewing gum and eating candy. I'm sure they will settle down in a few days. A tendency to loaf during school hours has been noticed. Many boys and perhaps girls have been seen wiping sweat from their foreheads, so maybe a change in the weather will change the attitude of the students.

This page has been kindly set aside for the school students of the Junior class to fill. We will work hard and make it as interesting as possible.

For the benefit of those who do not know what the initials S.N.W.C. stand for, it is the School News of the Weekly Club, the name given our page by a special committee.

The Bulldogs won their opening game with Beaver Dam last Friday. (See sports column for details).

This page will continue until Christmas and possibly all year.

CROPS

Your Allotment. During the next three or four weeks most of Indiana's wheat will be planted. It is especially wise for every wheat grower who might be affected to learn his individual allotment before seeding his 1942 crop if he does not already have this information. By so doing he may save confusion and misunderstanding next year.

SPORTS

Mentone, Sept. 10.—Play in the Kosciusko County high school softball league is under way in both the northern and southern divisions. The winners of the two divisions will meet in October for the county championship.

Scores of Opening Games

Milford 18, Atwood 5.
North Webster 16, Pierceton 2.
Syracuse 5, Leesburg 1.
Burket 34, Sidney 7.
Claypool 10, Silver Lake 7.
Mentone 16, Beaver Dam 9.

In the game between Mentone and Beaver Dam, Mentone had 16 hits, 16 runs and 5 errors, compared to Beaver Dam's 7 hits, 9 runs and 8 errors.

MUSIC FIELD

Mr. Bowers, Mentone's popular music director, deserves much credit for the high rating received by the band at the state contest.

Studies for this season began with scale work, chords and full control of notes.

New music must be purchased. Band boosters received forty-five dollars during the Fair for this purpose. Pat Myers, Phyllis Huffman, and Miles Igo deserve special mention for their high sales of tags.

All old members were present at the first rehearsal. Two new girls, Juanita Baker playing cornet, and Frances Baum playing alto, are new members of the organization.

Three instruments, baritone, alto, and oboe, are now available for prospective members.

Watch for further news from the music field next week.

SOCIETY

Miss Joyce Epler, daughter of Mr. and Mrs. Dow Epler of Atwood, spent Saturday and Sunday at the home of Miss Merriam Shull.

Miss Edna Whetstone spent Sunday with friends in South Bend.

METHODIST YOUTH PLANNING ENTERTAINMENT

The Methodist Youth group is making plans for a little entertainment for the young people from 5 to 7:30 CST, next Sunday evening. All young people are invited.

SENIORS HAVE FAREWELL PARTY

The senior class of Mentone High School had a farewell party for Miss Eunice Bush at the home of Robert Anderson Thursday evening, Sept. 4. The thirteen members present were: Mary Ellen Paxton, Iola Tucker, Barbara Creighton, Frances Nettrover, Grace Rans, Melva Jane Lackey, Flossie Mikel, Lurena Shull, Eunice Bush, John Besson, Kenny Romine, Carl Rush and Bob Anderson.

Miss Bush, who has always attended Mentone High School, left for Fulton, New York, Saturday where she and the rest of the family will make their future home.

SPARE TIME AT THE ARMY CAMP

One evening while the boys were in their tents someone came along the outside of the tents yelling, "Turn on your radio. F. D. R. is on the air." Of course, all the boys turned on their radios to hear the President talk.

Edgar Igo, First Lieutenant, turned on the radio in his tent to hear the President's speech.

President Roosevelt said, "There will be no more war, because yesterday afternoon Hitler was killed."

"All of the buck privates will go home in the next week or two, but officers will not get to go home for one or two years. Good night, ladies and gentlemen."

First Lieut. Igo was extremely downcast.

The next morning all of the boys were talking about when they would go home. Some of the boys wrote

home telling that Hitler had been killed and the war was over and that they would be home soon.

Then someone told one of the officers that two in Company K had a short-wave sending set. They also told the officer that a boy took the part of F. D. R. on the radio.

When the officer heard this he began to check and he found the radio set in the boys' tent.

So, all over the south they heard that Hitler was killed and the war was over.

Now the boys are spending their time in the guard house.

CLASSES HOLD ANNUAL ELECTIONS

The senior class of 1942 held their annual class election in the afternoon of September 8, 1941. The meeting was called to order by Wayne Bowser and the nomination was opened for president. After nominating and voting, the seniors found themselves with a new president, Flossie Mikel, and Grace Rans as vice president. Frances Nettrover will serve as secretary and treasurer. The senior sponsor is Mr. Kelley.

The Junior class of 1942 held their annual class election on the following morning, Sept. 9, 1941. The meeting was called to order by Forrest Meredith and the nomination was open for president and vice president. These offices were filled by Miles Igo and Dean Decker, respectively. Genevieve Kraatz will serve as secretary and treasurer. Mr. Harvey will serve as class sponsor.

WEATHER

It is the general opinion of the students of Mentone High that it is too hot to study; in fact the heat seems to make some of the boys very drowsy as several have been caught sleeping in the assembly when they were supposed to be studying.

Perhaps the sudden change of weather Tuesday will help. It is supposed to continue cooler Wednesday. The radio reports it may even frost the last of this week.

The Mentone Home Economics club met for their regular meeting on Thursday, September 11 with Mrs. Ethel Eve Laird. Mrs. Edith Darr was assistant hostess.

All joined in singing, "Columbia, the Gem of the Ocean." The secretary, Mrs. Weirrick, called the roll and all responded. Mrs. Blanche Doran, the county president, gave a splendid discussion of "The Right Foods," which was followed by questions and discussion. Mrs. Doran was assisted in this lesson by Miss Parker, of Plymouth.

Refreshments were served by Mrs. Laird and Mrs. Darr.

The next meeting will be held on Thursday, October 9.

The diphtheria immunizations that are sponsored by the Kosciusko County Medical Society may now be obtained from any doctor in the county. Any school child is eligible for these, and they will be done at the doctor's office. There will be only one shot necessary for each child and the cost for each will be 50 cents. Dr. Clutter and Dr. Urschel have material available for 200 children, and it will be done on the first come, first served basis. This is an excellent opportunity to obtain this service at a reduced price and every family should take advantage of it.

MENTONE LOSES GOOD GAME

The Mentone boys were unable to secure a run for Merl Shively in the ball game at Denver Sunday and after eight scoreless innings the home team managed to score three runs to win. Shively pitched a very good game but his teammates just couldn't manage to pound that "horsie" far enough to win for him.

Box score: R H E
Mentone ----- 000 000 000—0 4 1
Denver ----- 000 000 01x—3 7 1
Batteries: Shively and Linn; Suinand and Kindig.

The boys believe they can help Merl win Sunday when Denver plays here. They say they will give the fans a real game.

THEY HAVE THEIR CAKE AND EAT IT

In the case of some profitable farm practices it is actually possible to reverse the old adage and make it read "You can have your cake and eat it, too." This is particularly true in the case of farmers who are following recommendations of their county agents and apply fertilizer to their fall wheat crop. By doing so they not only will get increased yields of wheat but also add fertility for the following year's hay crop.

"It is not infrequent for the increased yield of clover and other hay crops which follow fertilized wheat to be sufficient to pay for the whole fertilizing operation," according to H. R. Smalley, Director of Soil Improvement Work, The National Fertilizer Association.

On a demonstration farm in Michigan, the increased yield of alfalfa hay during a two-year period following wheat which was fertilized with complete fertilizer, amounted to 3,771 pounds of hay. At the average price of alfalfa hay, the increase is worth \$19.00 an acre for the two years.

One of the best ways to start a high-producing pasture is to fertilize the wheat crop heavily this fall and seed the pasture next spring. In an experiment at Wooster, Ohio, an application of 450 pounds of fertilizer gave an increase of 18 bushels of wheat and more than doubled the pasture yield for several years following.

Mr. and Mrs. Frank Bellward spent Sunday with Mr. and Mrs. Riley Rhodes of Richland Center. The dinner was in honor of Mr. Bellward, Mrs. Rhodes and Jack Kruttsch of Tippecanoe, who recently celebrated their birthdays.

Mr. and Mrs. Jeff Stookey, of Talma, and Mr. and Mrs. Harold Young and sons of near Atwood, spent last Sunday at Rome City. They had a picnic at Limberlost, visited the Tri-Lake fish hatchery and saw the large oak tree in the Burkey woods near Warsaw.

T.H.E. Club met with Mrs. Jeff Stookey and Mrs. Mary Minars on Thursday afternoon. Twelve members and two children were present. Roll call was: "The funniest incident that ever happened in my home. Contests were won by Mrs. Scott, Mrs. Deamer and Mrs. Horn.

Mrs. J. Vanderiet, of Downs, Kan., mother of Mrs. Ed Staldine, is expected Oct. 1 for a visit.

UNCLE SAM'S SAILORS GO MARKETING

"When Uncle Sam's sailors go marketing, they always return with a full market bag," says Dr. Mary de Garmo Bryan (pictured in insert). Dr. Bryan should know for she is chairman of a committee of more than twenty of the country's outstanding food experts who have been appointed to create a new official Navy cook book.

Dr. Bryan's committee has spent more than six months testing recipes for Uncle Sam's Navymen on large groups of civilian athletes and assures us that the United States bluejackets are already the best-fed sailors in the world.

Recruits in both the Navy and the Naval Reserve also are offered opportunities to receive free train-

ing to become expert cooks and bakers. "There is always a demand for good Navy-trained cooks and bakers in civilian life," said Dr. Bryan. "In New York City, for example, the usual wage for an expert cook or baker is \$40 to \$50 a week and \$75 is the average weekly salary for chefs at the better hotels and restaurants. In addition to training in cooking and baking, the U. S. Navy and Naval Reserve offer training opportunities in nearly fifty other different skilled trades and vocations. Any patriotic and ambitious young man who wants to serve his country and build his future should look into the opportunities offered for service in our new "Two-Ocean" Navy,

ket and Mentone.

The oldest member present was Mrs. Nancy Brown, 83, and Carolyn Warren, aged 2 years, was the youngest.

In the election of officers, Adam Bowen was named president; Wm. Shaines, vice president; Cora Brown Bowen, secretary-treasurer, and Reddie Brown Shaines, assistant.

The 1942 reunion will be held at the home of Mr. and Mrs. Adam Bowen.

LOCAL DOCTOR OFFICIATES WHILE TRIPLETS ARE BORN

Dr. Urschel, of Mentone, was in attendance at Woodlawn hospital at Rochester last Saturday when triplets were born to Mr. and Mrs. William Snipes, of Tippecanoe. All three were girls. The Snipes family included four boys and a girl had been desired.

The first daughter arrived at 11:20 a. m., the second at 12:22 p. m. and the third ten minutes later. It has been stated that this was the first triplets to be born in Fulton county in 76 years.

Dr. Urschel, in keeping the necessary medical records of the births, was referring to them as "A," "B" and "C" until they were named by the parents. He was somewhat surprised when he learned that the names chosen were Alice, Bernice and Catherine.

Mr. Snipes was aroused from his slumbers about three o'clock Sunday morning, we have been told, by a representative of a milk company that offered to furnish a year's supply of milk for the three girls in exchange for their pictures and the advertising publicity it would bring his firm.

Many other friends called in the afternoon to congratulate Mr. and Mrs. Nelson and wish them many more years of health and happiness. Mr. and Mrs. Nelson wish to extend their thanks and appreciation to all who called or extended regards in any manner.

NEW CHEVROLET TO BE ON DISPLAY FRIDAY

LeRoy Cox, local Chevrolet dealer, announces that the new 1942 model Chevrolet will be on display at the show rooms in Mentone Friday.

The new car does not have many new features but has retained the ones that have proven so successful in the 1941 models. The body style has been changed to give it a larger, longer and more massive appearance. The styling shows more streamlining and big-car appearance.

The line this year includes the Aerosedan, a new body style for those who desire something different in style and appearance.

Mr. Cox invites everyone to see the new 1942 wonder car—Chevrolet.

Patty Shinn is able to be back in school this week.

BELL PICTURES SHOWN AT LIONS CLUB MEETING

Those attending the regular luncheon meeting of the Mentone Lions club last Wednesday evening were given a special treat by the showing of several reels of interesting pictures. Color films were shown of the Conservation Club fish rearing ponds, which was very beautiful and interesting. (Now, we don't want any of the Conservationists shown in the picture to get any illusions, but the scenery was grand.)

Through the courtesy of Lawrence Bell, a sound and color picture of the Bell Aircraft plant and the famous Airacobra planes, was on hand to be shown and it was very interesting. The projection equipment used was furnished through the courtesy of the County Agent's office.

A number of gentlemen from the Claypool Lions club were present and extended an invitation to the local club to assist in a beach improvement project at Yellow Creek lake.

Incidentally, to those Lions who were absent, you better be on hand at 6:30 when the next meeting night rolls around. These are "war times" and A. W. O. L. means the guard house.

WITNESSED ANTIQUE EXHIBIT

Friday afternoon Mrs. Lora Covalt and Mrs. Eunice Bradway, of Warsaw, and Mrs. Ray Linn of Mentone, attended the Antiques Exhibit and sale held in the Rotary Rooms of the Oliver Hotel at South Bend.

The following states were represented at the show: Ohio, Illinois, Michigan, Iowa, Missouri, Wisconsin and Indiana. These shows are under the capable management of J. Thomas Moore, of Elkhart. A delightful tea was served to all present.

An antique show will be held at Indianapolis Athletic Club Sept. 23 to 28th.

Rev. and Mrs. Squibb, and family, of Morocco, Indiana, were Sunday afternoon guests of the Shafer and Manwaring families.

SON NOW LOCATED AT WAKE ISLAND

Mrs. Jeff Stookey, of near Talma, received word from her son, Sergt. Walter Bowsher, that he is now stationed at Wake Islands. They arrived there about Sept. 1 after being stationed at Pearl Harbor, T. H.

Wake Island is one of a group of three islands connected by bridges and the one he is on is the government is fortifying. Walter has been made postmaster at Wake and has two civilians working for him. This happens to be the first post office at that place. The crossing from Pearl Harbor took 11 days. He reports there are many birds on the island, some having a wing spread as large as eight feet, while others are very small. Some even have no wings at all. Most of them are brilliantly colored and appear to have no fear of man. Fishing is good there and there is a wide variety of sizes and colors. The waters are infested with shark and poisonous eels that are 8 to 10 feet long and as many inches thick. He reports the swimming pool is fenced with steel wire and the coral shores hide the guns used for the fortifications.

MYSTERY MOTHERS ENTERTAIN

The Mystery Mothers of the W. S. C. S. of the Methodist Church entertained their Mystery Daughters at a banquet last Friday evening in the church basement.

The room and tables were beautifully decorated with flowers and tiny flags. Approximately 75 women and girls attended.

A program of songs, stories, solo music and talks by several members was greatly enjoyed.

The committee in charge was Mrs. Wayne Tombaugh, Mrs. Glen Snider, and Faun Grubbs.

Mrs. Shafer's fingers, which were severely injured in a folding chair several weeks ago, are healing in fine shape.

Tommy Stanford, of Elkhart, spent the week end here with his parents, Mr. and Mrs. A. H. Stanford.

SPORTSMANSHIP

Sportsmanship is what really counts in any type of sports. A very familiar saying of many athletes is, "It's not whether you win or lose; it's how you play the game." A true athlete is a real sport. The one thing our softball and basketball teams strive most for is to show good sportsmanship. A team that doesn't show good sportsmanship doesn't get very far and furthermore, leaves a bad name for their team and school. So let's all be sports so our names and that of our team will stand high.

BULLDOGS TAKE FIRST DEFEAT

The Mentone Bulldogs took their first upset this season in softball when they lost last week's game to Claypool. Mentone took the lead in the first inning. Claypool came back and tied it up in the third. Mentone

failed to start in the fourth and fifth innings. Claypool ran a big score in the fourth and fifth, then the Bulldogs came back hard in the last of the sixth but failed to get in the lead again throughout the rest of the game. The game finished with Claypool leading by two runs, 15 to 13.

NEWS

MUSICLAND

To date three bands, Claypool, Silver Lake, and Sidney have agreed to play for the Warsaw fair. These bands will furnish music on school day, Friday. Mentone did not submit its name.

Band members have been placed on a merit practice schedule. Each member is expected to make a total of 1450 points before spring contests.

Band work is now well organized with three hours a week being used for practice.

Mentone was well represented at the Bourbon fair. Eugene Sarber, Leonard Smith, Miles Igo, Dean Nellans, John Tucker were missing from school Wednesday afternoon.
