MENTONE LOSES BENEFIT GAME HERE SUNDAY

A baseball team composed of stars from Warsaw and surrounding territory defeated the Mentone team here last Sunday 3 to 2 in a eleven-inning game. Merle Shively pitched for the visitors while Mentone's chief cornerstone seemed to be somewhat "off his feed." Creakbaum did his best but just couldn't seem to get up enough steam to pitch like he has been the past few games. The local boys supported him with a number of errors, too, that didn't help so much either. The visitors, however, did have a nice team and it is expected that they may return later in the season.

The proceeds of the game were given to Royal Blue, a young Mentone lad laid up with a broken leg. \$34.25 was given to him Monday.

Colored Team Sunday

The Colored Advertisers team of Kokomo come to Mentone Sunday for another crack at the Creakbaum aggregation. The dusky boys with the hefty bats and impromptu antics always put on a real show and a real game. Their other visit to Mentone was rudely disrupted by numerous showers but those who did stick it out to see the game were highly entertained.

Mentone baseball fans have been looking forward to this game for several weeks and there'll be a big crowd on hand. Extra bleachers are being installed, we are told.

MRS. SNYDER ENTERTAINS

Mrs. Maude Snyder entertained her students, their mothers and friends at her home here Friday evening. An impromptu musical program was given by the following. Dr. Lockie Chinworth and Mrs. Snyder, piano duet; piano solos by Norma Jean Creakbaum, Larry Creakbaum, Virginia Rush, Rowena Haymond, Nellie Christian, Brooks Dalton, Marilyn Tucker, Donna Frauhiger and Bob Anderson (John Snell was unable to attend); Ruth Cullum and Mrs. Snyder, piano duet, and vocal solos by Frank Luecke and Helen Sloane.

FINE DISPLAY OF PICTURES OF SOLDIERS

Clark's Store has over 40 pictures on display in their window of the boys from this territory who are now serving in the armed forces.

The display, however, contains only about half of the boys who are in the service, and Mr. Clark urges parents and friends to give them the picture of their boy or friend in the service whether it shows him in uniform or not. The addresses of the boys are also desired as Mr. Clark wishes to encourage the writing of letters and sending of cards. Please keep them informed on any changes in address.

M. G. FAWLEY NAMED DEMOCRATIC CHAIRMAN

Morris G. Fawley, long-time employe at the state highway garage in Warsaw and for several years Democratic city chairman, on Thursday evening was elected county chairman to succeed George 2nd Myers, whose resignation was made necessary because of his enlistment in the U. S. armed forces. Mr. Myers, who has served as local highway superintendent since his retirement as manager of the Warsaw auto license branch, will report for duty at Camp Perry, O., on Wednesday. —Warsaw Times.

MEREDITH—JONES

Miss Wanetta Jones, daughter of Mr. and Mrs. Devon Jones, of near here, and Thomas L. Meredith, son of Mr. and Mrs. Harry Meredith of near Akron, were united in marriage Saturday evening at the United Brethren parsonage in Syracuse. Rev. J. W. Jones read the ceremony.

JAMES GIFFIN BURIED HERE SATURDAY

Funeral services for James B. Giffin, who passed away at Battle Creek, Mich., Wednesday morning, after an illness of two days, were held Saturday afternoon at 2:30 at the Baptist church in Mentone. Rev. Squibb Morocco, formerly of Mentone, officiated. Burial was in the Mentone cemetery.

SIX MILLION TONS OF SCRAP METAL NEEDED

Nation Hopes to Produce 85 Million Tons of Steel This Year.

The American steel industry this year hopes to produce a record-breaking 85,000,000 tons of steel—as much as all foreign countries put together can make. Our country alone this year expects to produce three tons of steel for every two tons the Axis can turn out.

Such are the production schedules put before the members of the Kosciusko county salvage committee members while they are making plans to cooperate in the national drive to get hold of all the stray bits of scrap iron scattered on almost every farm or around every home and place of business.

6,000,000 Tons of Scrap

To bring steel production up to the industry's full capacity of 90,000,000 tons in 1942, however, our steel industry needs an extra 6,000,000 tons of scrap steel for its furnaces. Every ton of scrap we can send them will swell our national production of tanks, ships, planes and guns.

Indiana's quota in the national scrap iron drive is 715,000 net tons by next December 31. Each county has been given a base quota of 1,000 tons.

The program does not demand that the scrap be donated, but it does insist and urge that all scrap iron be sold to scrap dealers or at the various salvage depots so that it will find its way to the steel furnaces.

MRS. LEVI JEFFRIES DIES AT SEATTLE, WASHINGTON

Mrs. Levi Jeffries, aged 82 years, passed away at her home at Seattle, Washington Saturday evening. Funeral services were held there Tuesday.

Mrs. Jeffries, who moved from Mentone 22 years ago, was a sister to Mrs. Lillie Phebus, Mrs. Lizzie Burden and John Kalmbacher.

Jack Shinn and Dr. Tony Gomaz, of Fort Wayne, visited the former's parents, Mr. and Mrs. Earl Shinn, over the week end.

METHODIST SERVICES

The pastor of the Methodist church, Victor E. Stoner, began a series of sermons on the Apostles' Creed last Sunday. His first sermon was on the statement of the Creed, "I believe in God, the Father Almighty, maker of heaven and Earth." Next Sunday he will follow with the statement, "I believe in Jesus Christ, His only Son our Lord, who was conceived by the Holy Spirit, born of the virgin Mary, suffered under Pontius Pilate, was crucified and buried." These sermons are delivered at the morning worship hour, 9:30, on Sunday mornings. In the evening an evangelistic service is held at 7:30. The pastor and church invite everyone to attend these services.

Youth services are conducted each week on Sunday evening at 6:30.

The Worship in Study period is at 10:30 each Sunday.

On Friday of this week the W. S. C. S. will conduct its regular monthly meeting at the church at 2:00. The subject for the afternoon discussion is "The Young People of Our Church."

MELVIN SMITH DIES AT ELGIN, ILLINOIS

The body of Melvin Smith, son of Mrs. Della Smith, Beaver Dam, who died at Elgin, Ill., Wednesday, was brought to Akron. Surviving are a son, Donald, Akron; six brothers, George, Harvey, Charles and Andrew of Akron, Ora of Burket and Everett of Texas; a sister, Kathryn Smith, and his mother of Beaver Dam.

CLEMENT SHINN BURIED HERE

Funeral services were held at the Johns funeral home Saturday afternoon at two o'clock for Clement Shinn, 78. He died at the county home last Thursday morning. Rev. Ralston officiated.

The deceased was a former resident of Franklin township and had one niece at Kalamazoo, Michigan. No relatives were present at the final rites.

REMEMBER Way Back When—

20 YEARS AGO

Taken from Tri-County Gazette
Published by Claude Taylor
SEPTEMBER 7, 1922

Mr. and Mrs. C. B. Cole and family and Mr. and Mrs. S. S. Mentzer spent the first part of last week with friends at Elkhart.

Mr. and Mrs. Ivan Estes, of DeWitt, Michigan, were over Labor Day guests of Mr. and Mrs. W. J. Lackey. Seth Henderson, of Mishawaka, spent the week end with Mr. and Mrs. Adam Bowen.

Master Donald Fish, of South Bend, spent the week at the home of Mr. and Mrs. Milton Kesler.

30 YEARS AGO

Taken from Tri-County Gazette
Published by C. M. Smith
SEPTEMBER 5, 1912

The homecoming attracted the largest crowd ever seen in Mentone. Mrs. Mary Rose, of Bourbon, won first prize in the harnessing contest and Mrs. Bert Holloway won second. Vern Blue won the trap shoot, with T. C. Dille and C. L. Teel coming in second and third. The parade of Whittenberger buggies contained 36 vehicles. Henry Meredith won the Studebaker junior wagon. The two ladies who were to parachute from the balloon had their parachutes fangle up and they could not make the leap. Both were badly scratched when the descending balloon dragged them against a fence. One was unconscious for a time.

Mrs. Cora Dudley, of near Auburn, made a homecoming visit with her sister, Mrs. M. G. Yocum.

40 YEARS AGO

ander's meat market last Saturday. It was five months old and weighed 500 pounds gross.

F. M. Umbaugh, who lives near Talma, has traded his farm to L. P. Hudson for his stock of groceries and general merchandise. The establishment will change hands on Monday, September 15, according to present arrangements.

OBITUARY

Mr. John Borton and family are called upon to cross the threshold of sorrow by the death of their wife and mother, Alice Borton. Alice was the daughter of Ruel and Ann Jefferies (they having preceded her in death several years ago). She was born Jan. 14, 1880 and departed this life at the age of 62 years, 7 months and 11 days. Even though her health had not been good for several years she tried to be as cheerful as if in good health.

Mrs. Borton leaves, a husband and son (at home); a daughter, son-in-law and two grandsons at Etna Green, Ind.; (one daughter Opal dying at the age of just a few weeks) and two sisters, Mrs. Flossie Copen and Mrs. Maud Clark of Akron, Ind., and one brother Pierce Jefferies of Mentone, Ind.; (one brother, George Jefferies who preceded her in death 8 years ago), and numerous friends to mourn her going. Her last sickness was but of a few days duration and the sudden breaking of earthly ties will render even deeper the sorrow of those who knew and loved her so dearly.

We loved her, yes we loved her
But the Angels loved her more
And they have sweetly called her
To yonder shining shore.

The Golden Gates were opened,
A gentle voice said come
And with farewell unspoken
She calmly entered home.

NUGGETS FOR BEREANS

"For we have not a high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted as we are, yet without sin." Heb. 4:15.

The expression WITHOUT SIN has troubled many a Bible student. Just what does it mean? The usual explanation is that the Lord Jesus was tempted in all points as we are, yet never yielded to the temptation. But how could the Holy One of God be tempted by the crimes and passions of our fallen nature? The answer usually given is that it is not the temptation that is sin, but the yielding. This may superficially satisfy many, but not me. I believe that He

was APART FROM SIN.

Now the epistle to the Hebrews is here using the wilderness journey of Israel as an example and if we read Deut. 8:2-5, we will find that the temptations of the journey were from God. Then they were testings, not temptations to sin. James says that the man who endures temptation is blessed, but declares that God cannot be tempted with evil, neither tempteth He any man with it. To be tempted by sin is to be drawn away of our own lust, a statement we can never make of the perfect Lamb of God in any shape or form.

The expression again appears in Heb. 9:28, "Unto them that look for Him shall He appear the second time without sin unto salvation." The temptations of "Hebrews" are "apart from sin". So also is the salvation. They are already saved so far as sin is concerned. The "so great salvation" involves more than that. Salvation is not only a past fact but a future hope. See 1 Pet. 1:11, R. V.

**EXPLAINS HOW TO AVOID
DANGEROUS BARN FIRES**

(Purdue News Service)

"Burning of barns caused by spontaneous combustion of hay can be prevented by following five simple rules," declares Charles H. Reed, extension farm building specialist at

Purdue University. The prevention of fires at this time is of utmost importance when all food, materials, and equipment are needed to win the war.

A warm, moist area on top of the hay is the first warning of spontaneous combustion. This area is caused by vapor or steam rising from the

hot spot farther down in the mow. As the heating continues, this hot spot becomes larger and hotter and more vapor is given off. The hot spots are caused by damp hay.

The five rules are: (1) only well-cured hay should be stored, (2) hay must be kept dry in storage, (3) ventilation of mows is recommended,

(4) periodic inspection of hay mows is necessary and (5), prevent flames and the burning of the barn if excessive heating of hay should develop.

If the first three steps were followed, no spontaneous combustion would develop. However, sometimes conditions favorable to spontaneous combustion prevail, unknown to the farmer, and therefore periodic inspection of hay mows should be made during the two months following the harvest.

Every rural dweller should know how to prevent the burning of a barn in the event that it contains dangerously hot hay. One never knows when this knowledge might save irreplaceable food, equipment, building materials, and even human lives. Information on this subject may be obtained from a recent leaflet, "Spontaneous Combustion of Hay," published by the Department of Agricultural Extension, Purdue University.

Copies may be obtained from the county agricultural agent.

Cows Give More Milk When Comfortable

The easiest way to increase milk production, is to keep your cows free from flies and insects by spraying the barns, and sheds with Cattleze.

CATTLEZE

THE SCIENTIFIC CATTLE SPRAY

Cattleze kills and repels flies and other tormenting and disease-breeding insects . . . protecting cows and live stock in barns or in pastures. It is surprisingly pleasant to use as it does not stain, discolor or gum the hair, nor will it burn or blister the hides.

Milking and feeding are made easier by Cattleze because cows and other farm stock remain unmolested and quiet. Cattle that are freed from the agonizing torments of insects are healthier. They give more milk and better butter.

Cattleze has a neutral petroleum odor and is a powerful repellent and destroyer of flies without any unpleasant odored ingredient.

Cattleze can be applied with either a hand or compressed air sprayer. It aids in preventing infection of wounds and sores by killing and repelling the most common carrier of disease bacteria, the ordinary house fly.

A clear, clean dependable spray that does not tend to taint milk.

FLIES SERIOUS ENEMY OF CREAM-PRODUCING FARMER

The STABLE Fly-

--a vicious blood-sucking insect largely responsible for the summer slump in milk production

The HORN Fly-

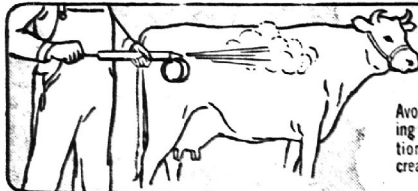

--another biter, remains on cows constantly, torturing the animals and hampering the milker

The COMMON HOUSE Fly-

--universal carrier of filth and disease--contaminates and lowers the quality of milk and cream

OFFENSIVE SPRAYS--

Flies are best fought with a good spray, but--
Avoid spray of strong penetrating odor lest it impart objectionable flavors to the milk, cream and butter.

It is not unusual for cows troubled by flies to drop off 10 per cent in their summer milk production. This figure does not take into account the annoyance and waste of time they cause for the milker, or the loss from contaminated milk. The loss from spilled milk is often very considerable also.

Pictured above are the three kinds of flies that are the most serious pests in dairy barns. The stable fly gets a full feed of blood from the cow in a few minutes, then retires to digest its meal. He is good and hungry again by the time the cows come back for the next milking. The horn fly, smallest of the three, saps the strength of the animal by never getting off of them at all. The house fly, most numerous in barns and no biter, is satisfied to continuously crawl all over the cows and irritate them with its buzzing.

To get rid of flies you have got to get rid of their breeding places.

Spreading manure from barn and barnyard not less than once a week, and breaking up the droppings in the yard and fields with a brush drag so that the fly eggs and maggots are exposed to the air and sun, is extremely helpful.

A good spray will keep flies off the cows and out of the barn and stable. Care must be taken to see that it is harmless to the animal's skin and that its odor is not so offensive as to taint milk. Spray should not be applied directly on the cows, but parallel to them so as to catch the flies as they rise from the animals. Early morning or late afternoon spraying of barn walls and ceilings catches the flies while they are napping. Such spraying is best done just before the cows come into the barn and before the milk utensils are brought in, otherwise the farmer is likely to find himself with a can of unsalable "medicine" flavored cream on his hands.

Red Cross Helps Solve Problems Of Our Recruits

Through Its Directors in Camps Red Cross Links Men With Home

Washington, D. C.—On the home and military fronts the American Red Cross is turning its focus on the man in uniform. In his behalf, more than 10,000 nurses are being recruited. Volunteers are donating their blood for a huge plasma bank. Red Cross women in chapters throughout the country are making 40,000,000 surgical dressings, and knitting sweaters for men in outlying posts and sailors on patrol.

But these are just fragments of the story. In military and naval stations, the Red Cross is concerning itself with the personal problems of the service man, helping him adjust himself to military life. For the disabled, the Red Cross is on the job in service hospitals, helping to speed recovery of the sick through a morale-building program.

In mobilizing a 2,000,000-man fighting force, the personal problems of the able-bodied man in uniform have in turn become problems of the morale divisions. Red Cross field directors stationed in all camps and reservations have been entrusted with the task of helping to solve these problems.

Speaking in a nation-wide broadcast recently, Chief of Staff Marshall, of the Army, addressed the following words to Red Cross field directors:

"When you help straighten out any of the great variety of tangles that human beings seem unable to avoid, you are helping to maintain morale on the home front and on the military front; you are helping us in training for defense."

The disabled man in a service hospital also can look to the Red Cross for help in speeding recovery. Medical-social workers, trained for their specialized assignment, are on duty at Army general and Navy hospitals to aid service physicians, to act as a medium of communication with the families of hospitalized men and to conduct recreational programs for convalescents.

BARN BURNS NEAR ATHENS
(Talma Reporter)

A large round-type barn on the farm of Mrs. James Hutchinson, one mile north of Athens, was completely destroyed by fire early Sunday evening. Damage which was partially covered by insurance, was estimated around \$3,000.

The conflagration is believed to have been caused by spontaneous combustion from newly mowed hay. The fire was discovered by neighbors; as Mrs. Hutchinson and her son, Judson, were away from home at the time.

Rev. and Mrs. Victor E. Stoner and family returned Friday from a two-weeks vacation trip, the major portion of which was spent in and near McCordsville with Mrs. Clara Stoner, Rev. Stoner's mother. While there they "went through" an old store room of old family heirlooms which had been stored since the death of Mrs. Stoner's mother fifteen years ago. They found many books, records and other items of more than a hundred years old and did manage to out-manuever some of the invading hordes of antique hunters to get some of the prized possessions to Mentone.

Needles Imported

This country does not produce the ordinary hand sewing needles. They are all imported.

Bourbon Fair

will be held

SEPTEMBER 15 to 19

The Committee plans to make this the largest and best fair yet, with four days of harness racing, and \$3,000 worth of midway by the Motor City Shows. There will be free acts and also a change of program every day. Stage shows at grandstand every evening. Starting Wednesday evening with Let Freedom Ring; Thursday Evening, Renfro Valley Barn Dance; Friday Evening, Hats Off America, and Saturday night, starting at 7:00, Saddle Horse Show and also a stage show.

Among the most enthusiastic sailors home on boot leave recently was Seaman First Class George Schricker, younger son of Governor and Mrs. Henry F. Schricker. "I wouldn't trade this Navy training for anything," was the way young Schricker summed up his recruit training at the U. S. Naval Training Station, Great Lakes, Ill. He will soon enter a Navy radio school.

Lt. (jg) Frank J. Loebs, who was known to Hoosier football fans as Purdue's all-American end, "Butch" Loebs in 1935, is touring southern Indiana interviewing prospects for the Navy's Class V-5 aviation program. With Lt. (jg) John A. Holmes, he is organizing a "George Rogers Clark" squadron along the same lines as the two "Indianapolis' Own" Naval aviation units which have been recruited from the Indianapolis area.

Having just started on the unit, they expect to line up at least seventy-five men for the squadron by October 1.

The Navy, though rushed for time to get its needed manpower enlisted and trained for actual duty, is going to gamble a few days of many recruits' time in the effort to get more recruits. The young man who has just enlisted, it is believed, is the person who will know the most about where to find another recruit and why he hasn't already enlisted. Therefore, a "Recruit-Get-Recruit" plan will now be in effect indefinitely.

Certain selected recruits will be given five days' leave with pay as soon as they take the Navy oath. From that time until they return for shipment to a Naval training station five days later, their assignment will be to find potential Navy recruits and send them to the nearest Navy recruiting station. Each of these men

is to be given credit for those who apply for enlistment as a result of his effort. Every such special recruiter who sends five applicants to a recruiting station will get a special page in his service record, which goes with him throughout his Navy service. He will also get a letter of commendation from Commander R. H. G. Mathews, officer in charge of Navy recruiting for the Indian area. In addition he will also receive a "Victory Volunteer" certificate for special recruiting service.

Joseph L. Robertson, son of William H. Robertson, former Shelbyville Mayor, has returned to Norfolk, Va., after spending several days' leave with a brother, J. R. Robertson, engineer for the state board of tax commissioners.

From now on Thursday will be Navy Recruiting day in the Shelbyville Democrat offices. Arrangements have been completed to make the office headquarters for E. J. Gilberti, chief specialist, from Indiana Navy recruiting area headquarters, when he visits Shelbyville each Thursday to interview potential Navy recruits. A special Navy recruiting desk will be set up for him in the corridor of the building, and he will be there to discuss Navy enlistments from 11 a. m. to 2 p. m. every Thursday. This will be the first time in many months that regular Navy recruiting trips have been made to Shelbyville.

Howard S. Heitkamp, boatswain's mate second class on duty at Vincennes, has left for sea duty on a newly constructed cruiser. Heitkamp has been on recruiting duty since shortly after Pearl Harbor. He had been in Indianapolis nearly three years when he enlisted and had been employed in that city.

The Indianapolis vicinity led all Navy recruiting territories of the Indiana Navy recruiting area on a percentage basis during August's second ten-day period to stand second among eleven territories for the first two-thirds of the month. Relative standings follow: Marion, Indianapolis, Terre Haute, Columbus, Kokomo, Evansville, Lafayette, Richmond, Ft. Wayne, Vincennes and Muncie.

The largest baseball crowd in Lafayette's history turned out last week to see Lt. Mickey Cochrane's Great Lakes baseball team defeat the Lafayette Red Sox 8 to 3, behind the effective pitching of John Rigney, former Chicago White Sox ace. The baseball game climaxed a huge Navy day celebration in Lafayette.

miles came to the Naval Armory in Indianapolis last week to join their sons—students at the U. S. Naval Training School for radiomen—in the second annual "Parents' Happy Hour." Amateur entertainers got a chance to exhibit their talents, chief petty officers got a chance to beat the commissioned officers in a boat race, and everyone got a chance to dance during the day's festivities.

Seeking to enroll additional physical training and drill instructors for enlistment as Chief Specialists, two representatives of the Bureau of Naval Personnel will visit Cincinnati on Sept. 7 and 8, and Chicago on Sept. 9, 10 and 11 to interview men from the Indiana area. Interviews will be held in the Federal buildings of those cities. No interviews will be held in Indiana.

CARD OF THANKS

We wish to sincerely thank everyone for the assistance, sympathy, the flowers and all other acts of kindness tendered to us during the illness and death of our Wife and Mother.

News of Mentone and Vicinity

Mrs. Dra Norris returned Monday after a ten days visit with relatives in Converse.

Mr. and Mrs. Artley Cullum and children spent Monday evening in South Whitley.

H. O. Shinn, of Wisconsin Rapids, Wisconsin, is spending his vacation visiting his mother and brother.

Rev. and Mrs. Ray L. Schlader of Racine, Wis., were guests of Rev. and Mrs. Ralston last Thursday.

Mr. and Mrs. Murray Wiltshire and Miss Eleanor Ewing of Warsaw, were dinner guests Sunday of Edna Carey.

Lieut. and Mrs. Miles Manwaring arrived in Mentone late Wednesday evening on their way from Wisconsin to Columbus, Ohio.

Rev. and Mrs. A. G. Annette and Mrs. Glenn Debolt of Plainfield, Ill., and Ray Annette of Marion, Ohio, were guests of Mr. and Mrs. E. C. Ralston on Tuesday.

Mrs. Henrietta McDonald, of San Juan, Puerto Rico, arrived Wednesday evening for a short visit with her sisters, Mrs. Allen Herendeen and Miss June Weisweaver. She made the trip to Miami, Florida by plane. Mr. McDonald is in the employ of the U. S. government and is now stationed at Norfolk, Va. He was formerly in Puerto Rico.

Mr. and Mrs. Gail Nichols, Mr. and Mrs. Merrill Goodpasture and Mrs. Charles Smallwood of LaFountain, were guests of Rev. and Mrs. Victor Stoner last Sunday.

Thomas Lee Meredith, of Mentone, was a member of the group of 40 Kosciusko county boys to go to Toledo, Ohio Wednesday for induction into the armed forces.

Mr. and Mrs. J. D. Long and Sylvan spent the day Sunday at the farm in Newcastle township, visiting their granddaughter, Marjorie Long, of Chicago, and Mr. and Mrs. J. T. Long and son Malcolm.

J. W. Aughinbaugh and daughter visited last week at South Bend with Mr. and Mrs. Hugh Aughinbaugh and children. All spent the week end at Mentone and attended the Penny supper at the M. E. church.

Word has been received from Miss Mary Jean Kalmbacher that she had reported at Des Moines Iowa for active service in the Woman's Auxiliary Army Corps. She had been on a vacation trip to Minnesota when the call to service came.

Pfc. Devon L. Swick left Thursday morning for Jefferson Barracks, Mo., after enjoying a ten day furlough with his parents, Mr. and Mrs. Percy Swick, Ft. Wayne, Ind., and other relatives and friends. Devon left Warsaw for service March 9.

Mrs. Allie Lyon was visiting her daughter, Mrs. Robert Hoover, and family of Milford, from Thursday until Sunday. Janet Rose Reed made the trip with her. Don and Frank Hoover, who had been visiting their grandmother here, returned with her.

Ernest Igo, Fred Horn, Dale Kelly and Elmer Leininger left last Wednesday on a trip to Camp Shelby, Miss., to visit some of the local boys in camp there, including Mr. Horn's son, Harold, and Mr. Igo's brother, Edgar. They returned Tuesday afternoon and report a lot of activity in the camp there.

Robert Anderson, formerly employed at the Country Print Shop, left Wednesday morning for Indiana University at Bloomington where he plans to attend school the coming year. Barbara Creighton, we are told, also plans to attend Indiana U this year. Carl Rush, son of Mr. and Mrs. Ray Rush, has entered at Purdue University at Lafayette.

SEVERELY BURNED WHEN PAN OF PARAFIN IGNITES

Trella Halterman, who lives about four miles west of Mentone, was severely burned Wednesday evening while melting parafin which she was going to use in sealing some cans.

The parafin was on the stove heating and her attention was diverted for a short time. Upon her return to the stove the liquid had boiled onto the stove and was burning. In an attempt to remove the pan from the stove, the hot parafin was spilled on her dress. It was reported that almost all her clothing was burned.

She was taken to the Rochester hospital in the Johns ambulance and remains in a serious condition.

MRS. HOLDERMAN BURIED.

Tippecanoe and community received a severe shock when they received word that Mrs. Trella Holderman had been fatally burned, at the home of her sister south of Tippecanoe.

Trella May Holderman, daughter of Wayne and Margaret E. Jordan, was born September 20, 1876, and left this life September 3, 1942, at Woodlawn Hospital, Rochester, Ind., aged 65 years, 11 months and 13 days. She was united in marriage to Harvey E. Holderman September 17, 1910, who died September 4, 1927. To this union there were no children born, although she mothered three children of Mr. Holderman, two daughters and one son. The son and father preceded her in death.

Mrs. Holderman leaves to mourn her loss, two daughters, Mrs. Albert Newell and Mrs. Roy Smith, both of Mentone. Also three sisters and one brother, Mrs. Carrie Towns with whom she lived, Mrs. Ernest Castleman of Huntington, Mrs. C. A. Fretz of Mentone and Charles Jordan of Argos.

She spent most of her life in this community and was an active member of the First Methodist Church and was always kind and ready to help her neighbors and friends.

Funeral services were held at the Methodist church at Tippecanoe Saturday at 2:00 p. m. with Rev. Collins of Ligonier officiating.

The Johns funeral home of Mentone, had charge of arrangements.

DALE LIGHTFOOT COMMISSIONED

Second Lieutenant Dale Lightfoot, son of Mr. and Mrs. Lester Lightfoot, of Etna Green, was one of a class of 600 officer candidates who graduated as officer candidates at Aberdeen, Maryland recently.

ROBERT DUGLAY NOW IN INTELLIGENCE SERVICE

Robert Duglay, former truck driver for the Northern Indiana Cooperative Association at Mentone who is stationed with a bomber squadron at Key Field, Meridian, Miss., writes that he is now in the intelligence department.

WALTER HURD DIES AT WHITE PIGEON, MICHIGAN

Walter Hurd, 51, died Sunday noon at his home at White Pigeon, Mich., where he had been ill for the past ten months suffering from carcinoma. He was born in Warsaw and was united in marriage to Minnie Guy, of Mentone, who preceded him in death several years ago.

Surviving relatives include two brothers-in-law, Jacob Kesler and William Guy, Mentone and a nephew, Ford Johnson of Warsaw.

Funeral services are to be held on Wednesday at two p. m. at the Vista church, near White Pigeon. Burial will be made in the Mottville cemetery.

LOCAL MEN WIN AT WARSAW FAIR

Mentone and vicinity was well represented in the placings at the Warsaw fair. A few of those given placings we have heard about are:

R. C. Greulach, two grand champions, 5 firsts, 4 seconds, 2 thirds and a ribbon for his 18 head pen of Berkshire hogs.

Lindsay Huffer made a clean sweep of the Jersey cattle class, winning, I believe, first place in every class or division.

Lyndes Latimer and son and Harold Williamson made good showings with their sheep, and Orven Heighway's Percheron horses attracted the attention of the judges.

Likely others of the community placed also but the fact has not come to our attention.

M. Roy Rush was in Detroit over the week end where he attended the reunion of the 16th Engineers Regiment. After enlisting at Detroit in the last World War, Mr. Rush spent 23 months with the Sixteenth and he thoroughly enjoyed his visit with the boys. Mr. Rush's mother and daughter accompanied him on the trip and spent the time visiting with Mr. and Mrs. Earl Rush and family.

Rolla Bare, of Tiffin, Ohio, uncle to Raymond Bare, spent from Thursday to Monday morning at Mentone.

BURKET LADY BURIED AT MENTONE SUNDAY

Mrs. George Dunnuck, 73, who died Thursday evening at her home in Burket, was buried at Mentone Sunday afternoon.

Mrs. Dunnuck had been ill with diabetes for several months and last December suffered a fractured hip, but had sufficiently recovered from this misfortune to be around the home on crutches. She was born in Hancock county, the daughter of Mr. and Mrs. Monroe Emmons and had resided in Burket for eighteen years. She was married to George Dunnuck, who along with a foster-son, James Height, of Blue Island, Ill., and a brother, Frank Emmons, of California, survive.

Funeral services were held Sunday afternoon at two o'clock at the Burket Methodist church with Rev. John A. Jones, Syracuse, officiating. Johns funeral home was in charge.

TALMA TEACHERS

(Talma Reporter)

The teachers for the coming year at the Talma school are: Mack Tucker, principal; Charles Good, assistant, manual training, science; Ora Lamb, mathematics; Eral Fishbaugh, music, history, Spanish; Desha Fultz, domestic science, English; Ruth Keebler, 6th and 7th grades; Carol Biddinger, 3rd, 4th and 5th grades; Mary Lukens, primary.

FIRST AID CERTIFICATES HERE

Dr. Dan Urschel announces that the certificates for those who took the First Aid course recently, are now at his office and each one can secure them by calling at his office.

K. A. Riner of Mentone, Ralph Mason of Bourbon, Robert Knepper of Etna Green and Paul Winegardner and Art Thornburg of Chicago, spent the week end at Ellsworth, Wisconsin the guests of a banker friend. They enjoyed a short fishing trip on the Mississippi river. The trip was made by train.

NEWS—PHONE 38

COLORED TEAM WINS GAME HERE SUNDAY

The Colored Advertisers from Kokomo got revenge Sunday for the defeat suffered at the hands of the Mentone baseball team a few weeks back. The final score was 8 to 11.

The colored boys appeared to have the game all sewed up Sunday when a bunched up mass of errors, flukes and tricks tore loose. Mentone tied the score at seven all in the last of the ninth to send the game into extra innings. The tenth was uneventful, but the first half of the eleventh started out in a big way. Mentone still had high hopes until the left fielder (while a colored boy was parked on every base) snacked one of their new baseballs clear out of the ball park. Mentone rallied to get one run in the last half of the inning.

In the ninth inning when it looked as if the colored boys were about due to leave with the winning score, the local lads (some of them, anyway) wanted to show their love and devotion. A player running to second on a forced play lovingly wrapped his arms around the second baseman. Besides being a democratic gesture it prevented a play on the runner at first. A couple of plays later the Mentone boy going from second to third on a hit to short tried a Houdini by tying knots in the short-stop's legs with his feet. There's a question whether he was any better at it than Houdini, but it worked. There were umpires at every base, but everything was happening between the bases and there was no way of determining where the authority of one ceased and the other began. Besides the bases kept moving around so badly Flip only missed two out of three.

The colored first baseman said: "They ain't goin to win the game; just get the most scores."

The game was interesting and kept the spectators interested until the fatal eleventh.

Sam Blue, of Bloomington, spent the week end visiting his mother, Mrs. Orpha Blue. He is now employed at Burns City.

The 2,000th recruit for the Indiana area for the month of August was Herschel B. Murphy, 22, of Muncie. He had been employed by the Durham Manufacturing Co., a firm which possesses the Navy "E" so he already knew something about high Navy standards. He enlisted as an apprentice seaman in Class V-2, which earmarks him for a Navy aviation machinist school.

Enlistments for August again ran well over the 2,000 goal and Indiana recruiters now have their sights set on another 2,000 for September.

Four Indiana men are among 279 lieutenant commanders of the regular Navy who have been temporarily promoted to the rank of commander. The Hoosiers are Chauncey Moore, Monticello; Karl A. Thieme, Lafayette; Elmer E. Yeomans, Linton, and William L. Erdmann, Greensburg. All the new commanders are line officers.

Eighteen patriotic Hoosiers have responded recently to the Navy's call for binoculars. Binoculars which have been shipped to the Naval Observatory, Washington, D. C., were sent to the Public Relations Office at the Naval Armory in Indianapolis by Eli Lilly, Frank McHale, E. S. Gilchrist, and H. C. Krannert, all of Indianapolis.

Many prism binoculars are highly satisfactory but they are not acceptable now because of the difficulty of replacing spare parts. However, these types are registered and the record is sent to the Naval Observatory in case these types are needed in the future. Persons whose binoculars have been registered are: Arthur Hood, Mrs. A. M. Flanagan, A. C. Miller, Dan W. Flickinger and Niele W. Jensen, all of Indianapolis; Rev. Carl A. Metz, Lebanon; Will A. Feudner, Attica; Paul Sisco, Connersville; A. H. Stark, Rockville; Charles

Hillabold, Waveland, and Maurice S. Lafuze, Liberty.

Three hundred and twenty-nine men who had been waiting for as much as five weeks to get into active service with the Navy have now gone to the U. S. Naval Reserve Aviation Base near Peru. They had been on inactive duty pending completion of accommodations at the base. The shipments included both men who enlisted as seamen to work toward petty officer ratings as they learn trades and men who enlisted as petty officers because they were already skilled in some technical or mechanical job essential to the Navy.

Victor H. Burkett, in charge of the Lafayette Navy recruiting substation since January, 1941, has been promoted from chief fire controlman to ensign, and Floyd Study, in charge of the Ft. Wayne substation since March, 1941, has been advanced from chief torpedoman to chief warrant torpedoman. Another recruiting station change has sent Chief Machinist's Mate James Leitch, in charge of the Terre Haute substation since November, 1940, to the Naval Training Station at Great Lakes, Ill.

Walter V. George, chief gunner's mate who has seen a lot of the world since he enlisted in the Navy at Indianapolis 37 years ago, brought his 21-year-old son, James, to the same station this week for enlistment. Chief George, on the retired list since 1935, is master-at-arms at the U. S. Naval Training School for Yeomen at Indiana University, and the son, who enlisted as seaman second class, was assigned to ship's company at the same school. Their home is at Auburn.

Several sailors are taking advantage of the Navy's offer to re-enlist them at a rating higher than the one held at the time of their discharge. Ex-Navy men re-enlisting at new ratings include the following: Wilfred K. Brown, 30, Farmersburg, gunner's mate third class; Leslie G. Chambers, Lafayette, boatswain's mate second class; Harold K. Bowen, Marion, electrician's mate third class; Harold E. Heigher, coxswain, and John Henry Lybarger, Richmond, coxswain.

Among the best tongue-twisters enlisting during the week are the names of John Francis Stuerzenberger, 18, of New Haven; Marion Stanley Sienkiewicz of Ft. Wayne, and Charles Luman Bearickx, also of Ft. Wayne.

School will have to keep for the

Bourbon Fair

will be held

SEPTEMBER 15 to 19

The Committee plans to make this the largest and best fair yet, with four days of harness racing, and \$3,000 worth of midway by the Motor City Shows. There will be free acts and also a change of program every day. Stage shows at grandstand every evening. Starting Wednesday evening with Let Freedom Ring; Thursday Evening, Renfro Valley Barn Dance; Friday Evening, Hats Off America, and Saturday night, starting at 7:00, Saddle Horse Show and also a stage show.

duation without Dean R. Malsberry of Bloomington and Vivian Lowell Jones of Danville who taught school in those cities until they recently enlisted in the Navy. Malsberry has been assigned to the yeoman school at Indiana University as a specialist first class, and Jones has been sent to Norfolk, Va., as a yeoman third class.

ARTLEY D. CULLUM, Ed. & Mgr.

SELECTED EDITORIAL—

Nothing generates determination so effectively as a slap in the face. From there on, concerted effort, backed up by sheer force, usually brings results astounding, even to the individual involved. Multiply personal effort by collective indignation and a crusade is formed. Such is the case among farm people when they review the synthetic rubber grab instigated and pushed through by the petroleum interests of America.

Tire rationing, gasoline rationing, and the scrap rubber campaign, though necessary and worthy, served as an adequate smoke screen for the oil interests while this smooth campaign to sew up the synthetic rubber program developed. The public knew little about the program until the vast appropriation for basic materials for rubber making was all allocated to the oil industry. Not one penny was set aside to make the same material from farm crops. Certainly that slap in the face awakened farmers and now they are in

the fighting spirit.

Out here in the Midwest, corn cribs and wheat bins are overflowed with grain, some of it two or three years old, and the Congress allocated all the money for synthetic rubber processing to oil interests who would rob future generations of their natural resource heritages. This is difficult to believe when the nation faces almost complete absence of rubber. This is what makes farm people sore, and before they put up their cars for lack of rubber, somebody is going to answer for the bungling of the rubber deal.

It is not too late to remedy the situation and Congressmen are beginning to realize that definite action on synthetic rubber from grain must materialize before the November election or a new set of Congressmen will adorn Capitol Hill. The President's rubber committee had better stretch its imagination to include grain butadiene and do some early reporting or Congress will override the veto and then farm interests will have definite representation and protection.

Farmers are patriotic as proved by their great production for war purposes; farmers have patience, but have no respect for double-crossing; farmers need rubber and they have the raw materials from which it can be produced. Adding all these, we arrive at this answer: grain will be used for part of this product or the greatest shift in Congressional representation on record is coming even if farmers have to WALK to the polls.

—Editor The Hoosier Farmer.

THE SAILS ARE FULL OF HOLES

December 7th, 1941 America was given a treacherous stab, but most of all she was insulted. She intends to recover from that insult by teaching a lesson in courtesy and human decency. America will be the biggest factor in bringing this about.

America, as a Nation, was awakened and leaped into action. The people, by work, sweat and outright contributions of wealth and property, started building a Victory boat that would assure them of victory. Those people have, are and will do their part, but it appears that the sails for the vessel are flapping in the breeze while the good ship Victory lies in the bay.

WARSAW

Price ceilings, parity prices, frozen rents, less food, less clothing, Red Cross, USO, Civilian Defense, bond-buying, working days, nights, Sundays, holidays everywhere all the time, no tires, no this, no that—and yet no complaining or grumbling. And while this is going on the members of Congress twiddle, twine, fool and fiddle. Jockeying for favor at the ballot box or “forcing” their way to a monopoly for one group over another. Limiting the cross-roads merchant to a bare existence while war materials manufacturing plants have unlimited profits. How well do we remember a few short years ago when we were working desperately for the privilege of voting on a foreign war that we were handed the “thirty pieces of silver” in the form of a bill to limit profits on munitions and then the rapidity with which the profit limitation clause was eliminated some three years ago when troubled began to appear in Europe. It will take more than a profits-confiscation tax now (the major portion to be returned after the war) to preserve our present level of American democracy. Let Congress awaken to the seriousness of the war which we are waging, adopt a set of rules according to the American principles of all men being equal, and treat

each and every person, business or profession exactly the same. Some will cry, “dictatorship,” but all law is a dictator to him who would prefer to infringe upon the rights of humanity.

It's not my desire to appear to complain, but in the same tone with which I would attempt to guide the steps of a child that was straying, I feel that my responsibility as a native-born American citizen would not be fulfilled if I were to sit idly by while my nation, our nation, my people, your people—our very way of life, was being jeopardized.

Congressmen, however, are not the only ones who are failing in the critical hour. With no thought of any person in particular, I'm sure all of us could do more than we have been doing, and those of us who have been doing very little would feel much better if we really got down to business and did everything we could.

If sons and brothers have the nerve to face the enemy we surely should have the nerve to forget our politics, our business, or anything else, to see that no one fumbles the ball on the ten-yard line.

Buy your coal now—The Coop.

School Days ARE MEAT Days

A company consisting of C. W. Shafer, W. F. Clark and M. O. Mentzer has been formed to proceed with the construction of a water system for Mentone. The system is expected to be completed by Christmas and the private company will then be taken over by the town council. The expenditure is expected to be in the neighborhood of \$11,000.

Dale Kelly, whose home is on a farm southwest of town, has contracted to teach the Oswego school. Mr. Kelly, we are informed, is a very excellent young man.

We are informed that a serious mishap befell Will Fisher at the Lyon gravel pit last Saturday. A cave-in covered him all but his head and workmen had to dig him out. He was not badly hurt and in this respect the accident was a lucky one.

SEPTEMBER 11, 1902

The friends of O. L. Blue will be pleased to know that he has been appointed to the position of observer in the United States Weather Bureau at Washington, D. C. Mr. Blue is a graduate of the Mentone high school class of 1900, and is well known as an industrious, capable and worthy young man.

The smart small boy has got in his work again. Here is his latest effort: "Pants are made for men, and not for women. Women are made for men and not for pants. When a man pants for a woman and a woman pants for a man, they are a pair of pants. Such pants don't last. Pants are like molasses—they are thinner in hot weather and thicker in cold. Men are often mistaken in pants; such mistakes are breeches of promise. There has been much discussion whether pants is singular or plural. Seems to me that when men wear pants it is plural, and when they don't wear any pants it is singular. Men go on a tear in pants, and it is all right; when the pants go on a tear it is all wrong. If you want to make pants last, make the coat first."

NUGGETS FOR BEREANS

It is well for us to notice the great difference between Esau and Jacob, the sons of Isaac. Esau was a man of the field (In the parable the field is the world.) Jacob stayed at home. The boys were only 15 when their grandfather Abraham died. No doubt Jacob heard about the promises of God to his grandfather and father many times, and he became ambitious to have a part in the blessings of God. Esau would rather hunt than to take responsibility. So he sold his birthright, despising it, and was subsequently cheated out of the blessing.

The ambition of Jacob was good but he chose the wrong means of obtaining what he desired and so he had to learn some bitter lessons. Out of it all he comes with a new name, ISRAEL (a prince with God). Esau also receives a new name, but it is Edom (RED, named after red potage).

Furthermore Jacob obeys his parents and the command of God and takes wives of his own people. Esau does not obey the command not to mingle with the Canaanites and takes two wives of the Hittites. Later, when he has tried to repent and found no place of repentance, he takes another wife of the Ishmaelites. He does this because he sees that Jacob has done that which was pleasing to his parents. The Ishmaelites are kinsmen alright, but they are the children of bondage. Here he illustrates how futile it is for those of the flesh to do that which is spiritual. Today we have on every hand individuals and churches following the example of Esau, putting on a poor show of spirituality, having a form of godliness but denying the power thereof.

Mrs. Arlena Jellison and daughters Marilyn and Judith, of Decatur, Ill., spent the week at the home of her parents, Mr. and Mrs. Grover Janke.

Mrs. John Latham and Mrs. Marlene Boice of Troy, Ohio, were dinner guests of Mr. and Mrs. John O'Conner and family.

Cows Give More Milk When Comfortable

The easiest way to increase milk production, is to keep your cows free from flies and insects by spraying the barns, and sheds with Cattleze.

CATTLEZE

THE SCIENTIFIC CATTLE SPRAY

Cattleze kills and repels flies and other tormenting and disease-breeding insects . . . protecting cows and live stock in barns or in pastures. It is surprisingly pleasant to use as it does not stain, discolor or gum the hair, nor will it burn or blister the hides.

Milking and feeding are made easier by Cattleze because cows and other farm stock remain unmolested and quiet. Cattle that are freed from the agonizing torments of insects are healthier. They give more milk and better butter.

Cattleze has a neutral petroleum odor and is a powerful repellent and destroyer of flies without any unpleasant odored ingredient.

Cattleze can be applied with either a hand or compressed air sprayer. It aids in preventing infection of wounds and sores by killing and repelling the most common carrier of disease bacteria, the ordinary house fly.

A clear, clean dependable spray that does not tend to taint milk.

Miss Mildred Mathews was the week end guest of the Misses Helen and Dorothy Meiser.

Miss Mary Jane Mathews spent Saturday evening in Rochester.

Miss Rosie Good will leave Wednesday for Camp Forest, Tenn. for a visit with her brother, Pvt. James Good.

JUNK RALLY REPORT

In an effort to secure enough iron, steel and rubber to keep our factories producing weapons for our boys in the service, every community in the Nation has joined in a Salvage campaign for junk and reclaim material. It matters not whether you sell (or contribute if you choose) the salvage iron, scrap, etc. lying idle around your premises—but do it today so it can be put to a good use. The various salvage depots are listed on another page of this issue. Or you may call a junk dealer to come to your home if you have enough to pay him to make the trip.

The Co-Op. News is assisting in compiling a report of all salvage material sold in this vicinity from August 31 to Sept. 12. Kindly fill out the following coupon, glue or pin it to a postcard and mail it to Box 96, Mentone, Ind., or phone the information to 38.

Name _____ Township _____
I have contributed (or sold) the following during the Salvage campaign August 31 to September 12:
Iron _____ lbs. Rubber _____ lbs. Rags _____ lbs.
(____) Salvage Depot at _____ (____) At Farm _____

A Ford roadster, containing three boys and three girls, ran into the Gootch truck at the intersection of highways 19 and 25 in Mentone Wednesday evening and seriously injured several of the occupants of the pleasure car, which was driving north. The car hit the truck on the left side. One boy was from Virginia, one from Peru and the others were from Rochester. The car was damaged extensively.

Reliable Man Wanted at Once! NO LAY-OFFS

War effort increases need for our product, and pay of our men is increasing by leaps and bounds! SCRAP PICK-UP DAYS SET BY COUNTY COMMITTEE

(County Salvage Committee)

The War Production effort needs every piece of scrap iron in Kosciusko County. We have set Tuesday and Wednesday, September 22 and 23 as pick-up days. During these two days the County and State Highway trucks will pick up scrap.

Notice to all possessors of scrap iron, rubber and rags:

1. All scrap picked up by county and state trucks will be sold to junk dealers and the money will be turned over to the USO, Navy and Army relief funds and the Red Cross.

2. To those who are going to donate their junk, get your junk in one pile and ready by Monday, September 21. Put a piece of junk by the mail box. This will let the county or state highway truck driver know you have junk.

3. If you don't want to donate your junk, then I suggest you contact your local junk dealer or deliver your junk to your local salvage depot, the operator of which has been authorized to pay you for it.

This plan was set up by the County Scrap Committee, Robert Brown, chairman, Harley Sharp, Gerald Overmyer, Maurice Fawley, Russell Phillips, D. K. Leininger and Joe Clark. If you have any questions call your local Civilian Defense chairman or one of the above committee members.

Kosciusko county's scrap quota is 200 tons of iron and 40 tons of rubber for this drive. Our county scrap iron quota for next year is 1000 tons. That old stove, binder, or what have you, that is taking up space and is not going to be used again, let's junk it. Our boys in the armed forces need weapons and our junk helps to provide these weapons.

If you know of anyone refusing to donate, sell or dispose of their junk for the war effort, just mail the name and address to the county salvage committee, Civilian Defense, Warsaw, Ind.

Mrs. F. M. Baker, of Evanston, Ill., is visiting with Mrs. Ray Linn. Mrs. Baker is an aunt to Mrs. Linn

DR. DAVISON AND MISS LOIS DORMAN MARRIED IN OHIO

Miss Lois Dorman and Dr. F. B. Davison were married on Saturday, September 12 at 2:00 p. m. in the First Presbyterian Church at Radnor, Ohio by the Reverend T. F. Campbell. The couple was attended by Mr. and Mrs. Joseph Hutchinson of Pontiac, Michigan. Mrs. Hutchinson is a sister of the bride.

INFANT BURIED WEDNESDAY

Shannon Wayne, infant child of Mr. and Mrs. Charles Welsh, was buried at Summit Chapel Wednesday afternoon, with Rev. Silas Hill of Mentone, officiating.

The mother was the former Mildred Eizinger, daughter of Orville Eizinger of near Tippecanoe, and the father was inducted into the army two weeks ago and is now stationed in Iowa. The infant was born at the Murphy Medical Center at Warsaw Tuesday evening.

Johns funeral home, of Mentone, was in charge of the funeral service.

CO-OP. OIL STATION TO CLOSE ON SUNDAYS

In line with the conservation programs being put into effect everywhere, the Co-Op. Oil Station at Mentone, starting Sunday, September 27th, will be closed each Sunday.

Dr. and Mrs. T. J. Clutter returned to their home here Wednesday evening of last week after spending five weeks in Minnesota where they had gone so the doctor could escape the ravages of hay fever. He is feeling fine now.

Raymond Busenburg of Peru, Mrs. Dale Busenburg of Long Beach, Cal., Mary Jane Busenburg and Maruis Barfell of Mentone, spent Monday evening in Chicago.

Mr. and Mrs. Merl Linn and daughter Dixie Lee, Mrs. Ray Linn and Mrs. F. M. Baker spent Sunday afternoon visiting Lake Tippecanoe, Lake Wawassee and in the evening visited with a cousin, Miss Blanch Sensibaugh, near Milford.

MENTONE WINS AT LOGANSPORT SUNDAY

The Mentone baseball team made a successful invasion into the home nest of the Logansport Eagles last Sunday and converted thirteen hits into four runs and a winning score. Shively, who pitched for Mentone, allowed but four hits and one score to the Logansport team. One error was chalked up against Mentone and Logansport messed things up for three.

Ed Creakbaum, who suffered an injury to his back in the game with Kokomo a week ago, is not sufficiently recovered to pitch and Dick Geiger will serve the horsehide against the County All Stars at Mentone on Sunday, September 20th. The All Stars won the last encounter by a narrow margin and naturally, fully expect to do it again. The Mentone boys doubt that they can do it. Be on hand Sunday and see for yourself.

YOUTH FINED FOR RECKLESS DRIVING

Dick Hollarman, 17, of Peru, driver of the car which crashed into the Joe Gootch truck at the intersection of highways 19 and 25 in Mentone last week, was fined \$1 and costs on each of two charges; one of reckless driving and one of operating a car with too many persons in the driver's seat. His driver's license was suspended for six months and the total fine was \$12. He appeared before Justice of the Peace Ed B. Smith, at Warsaw, Monday, on the charges which were filed by the highway patrolman.

Mr. and Mrs. Delmer White and Mr. Artie Miller, who is a brother of Mrs. White, returned to their home in Mentone after a ten day trip to Lawton, Oklahoma to visit with their son, First Lieutenant Wilson White, and family. Wilson is stationed at Ft. Sill. While in Lawton the Whites visited in the home of Capt. Ernest Anderson and family and report a wonderful trip, returning home as good as new.

PARTY FOR BILLY WHETSTONE ON FIRST BIRTHDAY

Friday night, September 11th, a group of neighbors and friends gathered at the W. W. Whetstone home in honor of the birthday anniversary of little Billy Whetstone, who just reached his first birthday.

Refreshments, including a birthday cake with one candle, were served to: Brodi Clark, Louise Paulus, Katherine Snider, Juanita Nellans, Norma Jean Nellans, Greta Latimer, Mr. and Mrs. W. W. Whetstone and sons Jim and Bob, the guest of honor, Billy Whetstone and his mother, Mrs. Lucille Whetstone.

HOME ECONOMICS CLUB MEETS

The Mentone Home Economics club met on Thursday Sept. 10th, with Mrs. Helen Weirick. Mrs. Mary Barkman was assisting hostess.

Creed was read and the club prayer sung. History of the song of the month, "In The Gloaming," was given, then this song was played on the phonograph.

The lesson, "Vegetables in the Menu" was given by Blanch Paulus, assisted by Edith Darr. They prepared several vegetable dishes which were very good.

The secretary's report was read and roll call answered by what we want to study in club next year. The mystery package was won by Helen Mollenhour. Delicious refreshments were served to 18 members.

The October meeting will be a family Halloween party with Ruth Leininger and Eloise Long as hostesses. Time and place will be announced later.

—Reporter.

CORN OVER FIFTEEN FEET TALL

A couple of stalks of corn, measuring fifteen feet and seven inches tall, have been on display at the entrance to the Farmers State Bank at Mentone. The ears on the stalks are so high that a man would need a ladder to "pick" them. The corn is of a variety for silage and was raised south of town about five miles.

LOST—Between the Buckman bridge and Welch school house, a black silk reticule or shopping bag about twelve inches long, with an oxidized silver top, containing handkerchief, needle book, toilet pins, cap and other articles. — Grandma Blue.

On September 5, 1902 occurred the third annual settlement of the Seward Detective Association, which consisted of the election of officers and the settlement of the books of the order. The laws of the state are such that women have no part in our organization, unless she be a widow, and then she is not permitted to attend a meeting, so a social gathering was planned for September 6th at the vacant Barber house situated on the old Barber homestead.

MORGAN REUNION HELD AT VALPARAISO SEPT. 6

The 37th annual reunion of the Morgan family was held at the home of Mr. and Mrs. Humphrey Morgan of Valparaiso, Ind., on Sunday, Sept. 6th.

At the noon hour, after thanks was returned for the blessings and kindness of the past year, a bountiful dinner was served to all.

In the business meeting old officers were re-elected for the coming year and arrangements for the next meeting to be held on Sunday before Labor Day next year at the home of Mr. and Mrs. John Morgan, Valparaiso, Ind.

Those in attendance were: Mr. and Mrs. James Cox, Mr. and Mrs. Geo. Ikens and son, Mr. and Mrs. Max Thompson, Mr. and Mrs. Ernest Borchert and six children, Mr. and Mrs. Jack Patton and two children, all of Hammond; Mr. and Mrs. Kirk Millen, Mr. and Mrs. Winston Morgan and sister Mrs. Palmer of Chicago; George Morgan of Holdenville, Okla.; Mr. and Mrs. Griffith Morgan, two daughters and two grandchildren of Alexandria, Ind.; Charles Morgan, Mrs. Ella Styles, Mr. and Mrs. Floyd Breeding and son Russel, and Miss Jetty Morgan, of Warsaw; Mr. and Mrs. Arthur Stowers and daughter of Wheeler, Ind.; Mr. and Mrs. Abe Whetstone, Mr. and Mrs. Ora Smith, daughter and son, Mr. and Mrs. Vernon Jones, Mr. and Mrs. Hiram Mollenhour of Mentone; Mr. and Mrs. Ernest Williamson, Burket; Reese Jonston, Mr. and Mrs. L. T. McCrea, Mr. and Mrs. John Morgan, Mr. and Mrs. Thomas Morgan and six child-

ren, Mr. and Mrs. George Flitter and four children, Mr. and Mrs. Theodore Koselke and son and daughter and the host and hostess, Mr. and Mrs. Humphrey Morgan, all of Valparaiso, Ind.

In the past year there were two weddings, eight births and two deaths in the family. The oldest member present was Mr. George Morgan of Holdenville, Okla., who was 81 years old. The youngest member was the son of Mr. and Mrs. Owen Criswell,

born Aug. 17th.

Eight members of the family are in the armed service of our country: Wm. Thompson, Porter B. Williamson in California; Guido Shirey, Illinois; George Mollenhour and Morgan Smith in Texas; Chester Smith in Panama; Keith Nelson in Florida, and Donald Cox in Virginia.

ARTLEY D. CULLUM, Ed. & Mgr.

PARDON ME,
MR. NELSON.

I'm not supposed to know very much about what is going on in this old world today, and quite naturally, sometimes I am puzzled about the things that are happening. Kinda inquisitive cuss anyway about things which I can't understand a little about.

Several weeks ago a committee was appointed by the President to investigate the tire and rubber situation. Of course, we practically knew what the committee would report the day they were announced. All of them, to my knowledge, lived in areas where gas was being rationed and things were not just as peaceful as they might be. We knew that if gas rationing was bad in their home localities it should be bad for the rest of us, too. And I guess it will whether our people have to go ten miles to the easterner's ten feet probably won't matter much either. If the buying of War Bonds and voluntary service in the armed services is any comparison, that

MENTONE
LOCKER PLANT

The cut illustrated above shows a plan fostered by the Chicago Motor Club for the safest route to school. This system was designed by the club three years ago to help members of the school safety patrol in the work they are doing to prevent accidents. A large number of schools already have adopted this plan.

"Thousands of children," says Charles M. Hayes, president of the club, "entering school for the first time will travel by these preferred routes. Along these routes the fewest number of hazards will be met. Ordinarily a child might take the shortest route to school, but it might be that the shortest route is also the most dangerous one. Another route will have crossings protected by policemen, stop-and-go lights, or by members of the school safety patrol. This latter route should be picked."

Blanks are available for any school in club territory. Patrol supervisors or principals who wish a supply should write to the safety department of the club.

will make us about equal. Indiana has been holding about a ten to one lead in those things.

But one thing I wanted to find out why you picked on the president of a big railroad to tell us how, when and how far we should run our cars and trucks? Mr. Jeffers may know a lot about transportation, but there seems to be quite a difference between riding a pullman coach and herding a truck down a narrow highway.

I want to hurry ask if you I was wondering if you Washington that I don't care for any appointments of any kind at any time. Appointments in Washington are coming so fast, and over so many things, I'm afraid they might make me coordinator or dictator of a day nursery to ride herd on a flock of babies while their mothers work at the war plants. I don't know anything about that kind of work, but I don't feel that is qualification enough to be made the chief ruler.

Besides, I never could think of a good story and I wouldn't be able to change my mind often enough to keep the reporters interested. I'm afraid I'd be compelled to stick to the same story day after day and that would get so monotonous.

Popped Rice
Popped rice, prepared as we prepare pop corn, is a favorite New Year's delicacy in China.

HIPSHER-VANDERMARK REUNION

The Hipsher-Vandermark reunion was held September 6 at the home of Mrs. Mary Bidelman. A big dinner was served at noon and the afternoon was spent in visiting. The reunion will be held at the same place and time.

Among those present were: Mr. and Mrs. Russel Good and daughter, Mr. and Mrs. Charles Coplen and Mrs. Engle, Mrs. Roy Sheets, Mrs. Henry Alspach, Ernest Smith and family and Mr. and Mrs. Charles Holloway, all of Rochester; Mr. and Mrs. Perk Smith, Mr. and Mrs. Charles Shemer and Florella, Mr. and Mrs. Ivan Clinker and Eugene, Mr. and Mrs. Wallace Clinker, all of near Akron; Mr. and Mrs. Jess Vandermark and Ralph Anderson of Lima, Ohio; Mrs. Charles Milkovich, Kalamazoo, Michigan; Mr. and Mrs. Ken-

neth P. Harter and Barbara of Edgerton, Wisconsin; Mr. and Mrs. Logan Ramsby of Ligonier; Mrs. Allie Hullinger, Plymouth; Mr. and Mrs. John Bidelman and Mr. and Mrs. George Hipsher and Ruth of near Warsaw; Mrs. Fern Blue of Mentone and the hostess, Mrs. Mary Bidelman.

NIMRODS WILL NEED HUNTING TIME TABLE

Waterfowl hunters will need a time-table this year to take full advantage of the extended hunting hours. Regulations provide for hunting between sunrise and sunset rather than between sunrise and 4 p. m. as last year. H. F. Mosbaugh, head of the Division of Fish and Game, reminds nimrods.

Hunters may have to consult a schedule when the weather is such that rising and setting times are not clearly evident. On October 15 the rising time is 6:56 a. m. and setting time is 5:06 p. m. while on December 23, the last day of the open season, rising time is 8:05 and setting time is 4:24. Times quoted are War Times.

Rails, sora and gallinules (except coot) may be legally taken from now until Nov. 30 but the open season on all other water fowl and migratory birds extends from Oct. 15 through December 23. Complete hunting reg-

ulations may be obtained from the Division of Fish and Game, Department of Conservation, Indianapolis.

WARSAW

Fourteen men from Indiana have reported to the U. S. Naval Training School for electricians on the Purdue University campus in West Lafayette. The Indiana men are: Earl Lucas, Ewing; Max Charles Loy, of Flora; William Franklin Crail, Rockport; Frederick L. Davis, Elwood; William E. Crowe, Hammond; Richard L. Hawkins, Anderson; Francis M. Creek, Marion; Leslie E. Samples, Speed; Ralph E. Emmons of near Crawfordsville; Adrian K. Matchett, Swayzee; Grover R. Cameron, Chas. E. Banks, Paul A. Hair and Homer E. Walton, Jr., all of Indianapolis.

Three aviation cadets from Indiana, including Bill Menke and Campbell Kane, former Indiana University athletic stars, have been appointed cadet officers at the U. S. Navy Pre-Flight School, Iowa City, Iowa. Menke has been named commander of his battalion of cadets with the rank of lieutenant-commander. Kane and Robert K. Green of Whiting, have been made second class petty officers serving as squad leaders. Menke is a native of Huntingburg and Kane is formerly of Valparaiso.

The U. S. Naval Reserve Aviation Base at Peru is now training its first group of future Naval Aviation cadets and others are scheduled to arrive soon from pre-flight schools throughout the country. A maximum of 800 cadets will be in training at the peak of operations. Approximately 1200 officers and enlisted men now are stationed at the base. This number is expected to be doubled in the near future.

The Office of Naval Officer Procurement in the Board of Trade Building in Chicago is now mailing out applications to women interested in enlisting in the Women's Reserve of the U. S. Naval Reserve. Those applying should state their age, education, marital status and, if mar-

ried, the occupation of the husband and ages of children.

Candidates for enlistment must be over 20 and under 36 years of age, have no children under 18, be of good repute in their community, meet physical qualifications of good health, and be high school graduates or business school graduates with enough experience to be equivalent to a high school education. The minimum height standard is five feet and minimum weight is 95 pounds.

William H. Payton, 18, Connersville youth who won the heavy-weight competition in the Golden Gloves at Richmond this year, the first time he ever had been in a boxing ring, is in the novice class for a bigger battle now. Having completed enlistment in the Navy as an apprentice seaman at Indianapolis after volunteering at Richmond, Payton has gone to the U. S. Naval Training Station to begin his Naval instruction.

Robert Lee Wampler, 17, Bloomfield, had more than a patriotic reason for enlisting in the Navy long before he reached "draft age." His brother, Carl A. Wampler, fireman first class, was killed aboard the U. S. S. Huston when it was sunk in the battle of Coral Sea by the Japanese. At the Indianapolis Navy recruiting station where he was snipped to Great Lakes as an apprentice seaman after volunteering at Terre Haute, he asserted his main reason for enlisting was "to get the Japs that got my brother." He is the son of Mr. and Mrs. William P. Wampler of Bloomfield.

Returning from Honolulu, where he was holding an assistant instructorship in bacteriology at the University of Hawaii at the time of the Pearl Harbor attack, Robert S. Weatherwax of Bloomington has enlisted in the Navy as a pharmacist's mate third class. He is the son of Dr. Paul Weatherwax, Indiana University botany professor.

The Japs will have to add something special to their ju-jitsu if they run into Gordon W. Long of Bedford in any hand to hand combat. Long wrestled on Bedford high school's wrestling team in the 185-pound class. He enlisted in the Navy as an apprentice seaman in Class V-2 which earmarks him for aviation machinist's school after completing preliminary training.

Step-up in overseas activity of the United States armed forces has caused an accompanying step-up in recruiting "Seabees" for the Navy. A

Navy civil engineer officer will now visit the Indianapolis Navy recruiting station once a week. His next visits are scheduled for Sept. 18 and 25 and October 2.

Navy recruiting was off to another good start during the first few days of September in its drive to get 2,000 recruits for the month. In the first few days of September enlistments were running ahead of the August rate, which carried the Indiana area well over its 2,000 goal.

Russell A. Johnson, chief specialist, has been named petty officer in charge of the Lafayette Navy recruiting substation. Chief Johnson succeeds Chief Victor Burkett who was recently promoted to Ensign.

NUGGETS FOR BEREANS

"The Lord watch between me and thee, when we are absent one from another," Gen. 31:49.

These are the words of Laban, the father-in-law of Jacob at Mizpah. They are the culmination of 20 years of dealings between the two men.

First Jacob had labored 7 years for a wife only to be cheated even as he had years previous to this cheated his brother and lied to his father. After 14 years of labor for his wives, Jacob entered upon another agreement for 7 years for a share in the flocks of Laban. However Laban was a greater cheat than Jacob ever was

and changes the agreement ten times in six years. Finally the Lord appears to Jacob and tells him to go back to his parents and people. Jacob is afraid of what Laban might say and do, so he slips away unawares to Laban and has a 3 day start before it is found out. Laban is very wroth and immediately sets out

in pursuit. It is at Mizpah that he overtakes Jacob and upbraids him for his act. There is a reconciliation, though not so complete. No blood is shed and they make a truce in which these famous words of Laban are recorded. It is an agreement that they will not cross over this heap of stones to do one another harm.

Today, many who are ignorant of the Bible have chosen these words as a benediction. But in their setting here in the Word of God they are not a benediction, but a promise or covenant that these two will not cross the line to do harm to the other. In this day of grace, no such covenants should be necessary.

—Oscar M. Baker.

Cows Give More Milk When Comfortable

The easiest way to increase milk production, is to keep your cows free from flies and insects by spraying the barns, and sheds with Cattleze.

CATTLEZE

THE SCIENTIFIC CATTLE SPRAY

Cattleze kills and repels flies and other tormenting and disease-breeding insects . . . protecting cows and live stock in barns or in pastures. It is surprisingly pleasant to use as it does not stain, discolor or gum the hair, nor will it burn or blister the hides.

Milking and feeding are made easier by Cattleze because cows and other farm stock remain unmolested and quiet. Cattle that are freed from the agonizing torments of insects are healthier. They give more milk and better butter.

Cattleze has a neutral petroleum odor and is a powerful repellant and destroyer of flies without any unpleasant odored ingredient.

Cattleze can be applied with either a hand or compressed air sprayer. It aids in preventing infection of wounds and sores by killing and repelling the most common carrier of disease bacteria, the ordinary house fly.

A clear, clean dependable spray that does not tend to taint milk.

R. C. Greulach reports that at the Akron fair his Berkshire hogs won 5 firsts, 4 seconds and 2 thirds. At Bourbon they gave him one grand champion, 4 firsts, 3 seconds and 2 thirds.

Mary Ellen Paxton, graduate of the Mentone high school in the class of 1942 and who has been taking special lessons in shorthand and typing of B. F. Jenner of Warsaw, recently passed her Civil Service examination and is awaiting a call to service as a clerk-stenographer.

Mr. and Mrs. Howard Severns, of Tippecanoe, entertained at dinner Labor Day: Mrs. Dale Busenburg and son Michael of Long Beach, California; Raymond Busenburg of the Naval Air Base at Peru, Ind.; Minnie Busenburg and daughter Mary Jane and granddaughter Sue Ellen and Mauris Barfell of Mentone.

Mr. and Mrs. Logan Ramsby, of Ligonier, spent Saturday night, Sept. 5th, at the George Hipsher home.

What You Buy With WAR BONDS

The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, heaving a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs \$50,000.

Arsenals of America are working at terrific speed turning out this long range, effective weapon for our armed forces. You and your neighbor working hand-in-hand in unity can make possible the purchase of an adequate number of these guns by buying War Bonds. Put 10 percent of your income in War Bonds to help reach your county quota, every pay day.

PRESIDENT OF
BOB JONES COLLEGE

A LOOK AT THE BOOK

DR. BOB JONES, JR.

Cleveland, Tennessee

Fear! How it grips the human heart! How the grip paralyzes with cold terror! But for the Christian it is an emotion that never need be felt. "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (II Timothy 1:7).

Fear and a sound mind are not found together. Fear makes a man act with unreasoning instinct, not with the logical accuracy of sound thought. Possessed by it the mind cannot function accurately and clearly. But love and a sound mind are a natural combination. Love stimulates life. Love motivates action and thought along the highest planes. Pure love can move men to the finest of creative effort and artistic endeavor and tireless activity.

Fear can become man's greatest enemy. Shakespeare said, "Cowards die many times before their deaths. The valiant never taste of death but once." Love is an ally that never knows defeat. Even death itself holds no terrors when love is by one's side.

The child of God is called to the "spirit of love," and he who lives up to that high calling is freed from the bondage of fear for "perfect love casteth out fear" (I John 4:18).

Having experienced the love of God fully there is no room left in the heart for fear. "God is Love" (I John 4:8), and resting in Him all is calm and confidence. However alarming external conditions may be, however dreadful may appear the circumstances with which one is surrounded, the Christian trusts unafraid in the love of God.

That God loves us is evident. "For God so loved the world, that he gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life" (John 3:16). A God who loves so greatly is not a God who will permit anything to come into the life of His child except what is best for him, and an all-wise God surely is a competent judge of what is best! As a child trusts the love of his mother and leaves the problems of his little life to her solution so may the Christian trust his life to the keeping of a loving God.

We may not understand God's choices for us now. We may not know why He permits some things to cross our paths. We may not comprehend His perfect will when the clouds hide the sun and the smoke of war darkens our sky. But with "a sound mind" and perfect confidence, God's child rests in "the love of Christ, which passeth knowledge" (Ephesians 3:19).

GO TO CHURCH RALLY DAY SUNDAY, SEPTEMBER 27

500 New Members Every Week!
What, Our Churches?
No, Our Prisons!

J. Edgar Hoover, head of the "G-Men", and many prominent judges tell us that crime in America is on the increase. 12,000 murders were committed in America last year. 140,000 criminals are now in our prisons. Over 400,000 other criminals are running loose, potential gunmen, kidnapers and racketeers. Crime costs America 13 or 14 billions of dollars a year—paid by taxes. Think of it—\$10.00 a month for every man, woman and child in the United States today.

The average age of convicted criminals today is nineteen years and each year the average is less. Records show that only three per cent of all convicted criminals have ever attended any Sunday school or church. 97 out of every 100 criminals never had religious instruction of any sort.

Judge Lewis L. Fawcett, of the New York State Supreme Court makes this startling statement: "During 23 years on the bench, in which over 4,000 boys under the age of 21 years were convicted of crime before me, of whom but THREE WERE MEMBERS OF A SUNDAY SCHOOL, has satisfied me the value of the Sunday School and church. I regard our Sunday schools and churches as the only effective means to stem the rising tide of vice and crime among our youth."

Judge Kelly says: "Out of 5,058 juvenile delinquents that appeared before me and my associates, less than 10 per cent professed any kind of religion."

Judge M. Kavanaugh, of Chicago, says: "We would have few criminals in the country if our children were made to feel the reign of God and His infinite love and care for them."

Roger Babson says: "I have not been able to find a single great and useful institution which has not been founded by either an intensely relig-

(Continued on page 6)

GETS LETTER FROM SON IN JAPANESE PRISON CAMP

Mr. and Mrs. Jeff Stookey, of near Talma, were in Mentone Saturday evening showing a letter that Mrs. Stookey had received that day—her first word from her son since he was taken prisoner by the Japanese on December 22, 1941. The son was one of the heroic defenders of Wake Island soon after war was declared.

The letter, which was sent through the International Red Cross by way of neutral Switzerland, follows:

Shanghai War-prisoner's Camp

31 May, 1942

Mrs. S. J. Stookey,
Dear Mother and All;

This leaves me well and I hope you are the same. I am now in good health and came through the war unhurt. It was cold when I arrived here in January but it is warm now.

My day begins here by arising at 6:30. We have chow at 7. There is an inspection that takes place before chow. Then out to work at 8:30. Work until 11:30, then come back in. Eat dinner at 12:30 and back to work at 1:30. We quit work at 3:30 and from then til 5 our time is devoted to games, softball, volley ball, etc. Supper at 5:30 and an inspection at 8:30. Then lights out at 9:30.

Give my friends my best regards and tell them as to my whereabouts and of my well being.

It may be my last chance to write you so in case you do not hear from me again do not worry. I will get along fine I am sure until I am able to see you again.

Love,

WALTER A. BOWSER, Jr.,
Barracks No. One.

GRAPES FOR THANKSGIVING

Lewis Foor, of Mentone, wishes to announce that anyone wanting grapes for their Thanksgiving meal should place their order now. His vines, in true American style under the stress of total war, are starting on the second crop for 1942. The second crop grapes are now about the size of peas, and Mr. Foor being a grape-grower of many years standing, predicts that they should ripen just about in time for Thanksgiving.

RALLY DAY AND BASKET DINNER METHODIST CHURCH

The annual Rally Day of the Methodist church will be observed next Sunday with a large attendance at each service and a basket dinner at the noon hour.

The worship will be held as usual at 9:30 and the Sunday school at 10:30. The pastor's theme for the morning hour is the "Holy Catholic Church, the Communion of Saints," a continuation of the series of sermons on the Apostle's Creed.

Everyone is asked to bring a basket dinner to be spread at the noon hour.

The Women's Society of Christian Service are holding a Retreat on Friday afternoon of this week. A program has been prepared to be presented at 2:00. All members and friends are requested to come to this occasion for spiritual refreshment.

MRS. ALICE SMITH, 85, PASSES AWAY WEDNESDAY

Mrs. Alice Smith, 85, died Wednesday morning at 5:15, at the home of her son, Lumley Smith, south of Mentone. Death was due to complications following an illness of about three months.

Mrs. Smith was born south of Mentone and had resided in this vicinity all her life. Her husband, Ephraim, preceded her in death.

Surviving relatives are two sons, Lumley, at whose home she died, and Earl Smith of Manvanola, Colorado, and two brothers, Clark L. Ernsberger and George Arnsberger, both of Mentone.

Funeral services will be held Friday afternoon at 1:30 at the Baptist church. Burial will be in the local cemetery.

KENNETH LEININGER SERIOUSLY INJURED

Kenneth Leinger, who resides just west of town about a mile, suffered serious injuries Tuesday evening as he was driving into his barn atop a large load of baled hay. He was pinned between the top of the door and the hay.

64TH WEDDING ANNIVERSARY CELEBRATED SUNDAY

Mr. and Mrs. Allen Nelson, of Mentone, celebrated their 64th wedding anniversary at their home here Sunday when their children and families gathered at their home. Mr. and Mrs. Nelson, who are 85 and 83 years of age, were married near Mentone on September 21 64 years ago and have lived near here all their lives. They spent some time on a farm in Fulton county until they moved to Mentone 23 years ago. Both are in fair health and reside alone. Mrs. Nelson was the daughter of Mr. and Mrs. Amasa Garwood. They have been members of the Church of Christ for over 60 years.

Those present Sunday were the children and families, Mr. and Mrs. Masa Nelson of Burket, Mr. and Mrs. Don Nelson of Argos and Mr. and Mrs. Clarence Leininger. One son, Wm. T. Nelson of San Fernando, California, was unable to attend but he and his family sent their congratulations. Other relatives present included her sister, Mrs. Allie Borton, and brother, Joshua Garwood, in addition to Mr. and Mrs. Delford Nelson and daughter, Mr. and Mrs. Densil Nelson and two children and Franklin Nelson. There are eleven grandchildren and 13 great-grandchildren living.

A pot luck dinner was served at the noon hour.

The people of Mentone and vicinity extend congratulations to Mr. and Mrs. Nelson and wish them many more years of health and happiness.

D. A. R. MEETING

The D. A. R.'s met at the home of Mrs. Lydia Rynearson of Warsaw on Tuesday afternoon. New programs for the year were given to each of the members. Several matters of business were taken care of. Mrs. Hazel Linn and Mrs. Helen Brown were appointed delegates to the state convention to be held at Lafayette Oct. 13 and 14.

Delicious refreshments were served by the hostess, assisted by Mrs. Zada Kesler.

REMEMBER Way Back When—

20 YEARS AGO

SEPTEMBER 21, 1922

Headline: "Benton Sarber Found Dead Sunday." Would have been 80 years old October 4.

Mr. and Mrs. Chris. Newby, of Knox, were guests at the home of Mr. and Mrs. D. L. Bunner over Sunday.

Mr. and Mrs. Oscar Metz spent Sunday at the home of Mr. and Mrs. E. T. Whetstone and family.

Allen Borton, who is employed in Fort Wayne, spent the week end with his mother, Mrs. Alice Borton.

SEPTEMBER 26, 1912

The D. M. Sears Co. of Fort Wayne writes the commercial club that they are making plans for locating a cat-sup plant nearby and are considering Mentone as a location.

The Mentone Detective Association met Friday evening and elected the following officers: Lyndes Latimer, president; W. F. Clark, treasurer; A. C. Manwaring, secretary, and George Lyon, captain.

A. O. Miller is laid on the shelf with a badly sprained wrist caused by his motorcycle colliding with a wagon as he was trying to keep from running over a dog out in the coun-

try yesterday as he was coming home from Henry Eaton's.

Anybody who wants to know the exact depth of a crawfish hole may find out by asking S. A. Guy who went down seven feet to recover the cap from the tire valve of his automobile. (The last issue stated Mr. Guy saw the crawfish disappear with a part to his auto.) When he went out the next day to look at the hole he had dug he saw the crawfish sitting on the bank laughing at him.

O. L. Blue has secured a patent on a one-man fence stretcher that far

surpasses similar equipment. With it one man can exert a pressure pull of five tons and it can be used on one wire or a whole web of wove fence. He expects to have it on the market soon.

Mrs. R. J. Lambert has our thanks for the finest basket of pears we have seen this season. They will average nearly a pound each.

A. W. Dilly, of near Sevastopol, has purchased the Mentone dray line of Will Underhill and will soon take possession. Mr. Underhill's plans for the future are not definitely settled.

\$300 in Free U. S. War Bonds

Free Bonds and Stamps for the most Junk!

Individual Prizes

First Prize	\$100.00
Second Prize	50.00
Third Prize	25.00
Fourth Prize	10.00
Fifth Prize	5.00
Sixth Prize	2.50
Seventh Prize	1.00

Any individual in Kosciusko County, city or rural, eligible to win these prizes. The amount of junk you turn in will be recorded by driver of truck picking it up or by attendant at Salvage Depot where you leave it. Judges' decision final.

(Paid in War Bonds & Stamps)

Junk of all kinds is needed. To help in this drive, a Warsaw manufacturer has donated nearly \$300 worth of Bonds and Stamps to be given as prizes for the most junk turned in by any individual and any organization. Here's how to turn in your junk:—

Tuesday, September 22, county and state trucks began picking up any scrap found at the curb or at the farm homes where they have junk to contribute. (All were told to notify the trucks by placing a piece of scrap iron at their mail box). This junk will be credited by the drivers to the individual donating it—and the same credit to your favorite organization, club, etc. Tell your driver and he will credit it the way you prefer.

The trucks originally planned to pick up Tuesday and Wednesday, but word has reached us that it would be continued a few days longer. If they do not call for your junk, bring it to the nearest salvage depot, call a junk dealer or the salvage committee. Turn in your weighbill at the county agent's office in the county courthouse. The winners will be determined by the totals of the weighbills.

**THE CONTEST FOR FREE BONDS CLOSES
SATURDAY NIGHT, OCT. 3**

(This space donated by the county Civilian Defense Organization)

Organization Prizes

First Prize	\$50.00
Second Prize	25.00
Third Prize	10.00
Fourth Prize	5.00

Any organization in Kosciusko county eligible to win these prizes. Scrap turned in may be designated to go to your favorite organization and will be so credited by truck driver or Salvage Depot attendant.

ARTLEY D. CULLUM, Ed. & Mgr.

SUNDAY IS RALLY DAY.

Sunday, September 27th, has been set aside as a day for every citizen to be invited to attend church services somewhere. Not that the churches wouldn't welcome you every Sunday but it is a cooperative drive of special effort.

If you are fortunate enough to be able to attend, we trust you will not do it with the thought that you are pleasing the pastor, making a show before the citizens of the community, or any other method of personal gratification. As you listen to the messages or enjoy the fellowship of friends, let your mind think deeply of God and His spirit which protects and guides us through the troublesome or gay times. Let us not partake of the folly of adoration of ourselves or our ways but gain by giving glory to One to whom glory is due.

DO NOT "STRAIN AT A KNAT AND . . ."

It is natural to be reluctant to sacrifice daily to aid in the war effort when one hears and sees where some individuals, or firms, are taking undue profits, but we must not be swayed from our obligation of duty during our hour of peril. A.

INSURE YOUR HOME AGAINST HITLER!

BUY WAR SAVINGS BONDS & STAMPS

U. S. Treasury Department

true Americans we must not only accept our share of the blame but also must do our part whenever the occasion presents itself.

We know that an European munitions maker financed Hitler's climb to political power; that a banker at Milan supplied the financial banking necessary for Mussolini to attain his position of authority; that while France and England were supplying war materials to save democracy in Spain some of their financial men were lending aid to Franco and his rebels to destroy democracy; that a few months ago Wendell Willkie returned from a trip to England and assured New York financiers that the colonels, dukes, etc. had things sufficiently under control over there that it was safe for us to continue to save democracy there, and one could go on almost indefinitely. In an address made in the spring of 1938, this writer remembers distinctly of how a ocean-going passenger boat, occupied by practically all financial men, had just returned from a trip to Europe, and I stated that: "If we had some way of knowing what was said and done on that trip we would know WHEN war would start." J. P. Morgan, who never did appreciate "nosy" reporters, informed one such gentleman that "he just went on a cruise in the Mediterranean."

This is our war—we are entirely responsible for America's part as far as diplomatic relations are concerned. For many years we have paid no more attention as to how our government was being operated than we did the government of foreign countries. Yes, we may have voted at every election, but after our servants were elected we never thanked them for their work nor suggested better ways when they erred or strayed. Many voters have remained with one party or the other religiously regardless of whether a candidate was capable or not. Like the man on the torpedoed ship—"Let it sink, it doesn't belong to me."

It's our money that's being spent; it's our future that is at stake—and it is up to us to see that we emerge from this mess with the best score possible.

Scrap rubber is needed, our steel mills are calling for scrap metal and we are urged to buy all the bonds we can. Let's do

all we can today and eliminate the lesser evils when the proper time arrives.

Put your scrap into the scrap.

CO-OP. OIL STATION TO CLOSE ON SUNDAYS

In line with the conservation programs being put into effect everywhere, the Co-Op. Oil Station at Mentone, starting Sunday, September 27th, will be closed each Sunday.

The board of directors state that the closing of the station on Sundays should not place any undue hardships upon the patrons and that in view of the labor shortages being experienced it will afford much relief to the employees. It will give them a shorter work week and at the same time will not compel them to take any reduction in salary.

All stockholders and customers are urged to make their purchases at other times during the week. It is felt that by so doing the employees of the station will be better able to give you the best service without the hardships and difficulties encountered on a seven-days-a-week schedule.

Mrs. Miles L. Manwaring who has spent the past two weeks here, left Monday morning to meet Lieut. Miles L. Manwaring in Cincinnati. From there they went to Starkville, Miss., where Lieut. Manwaring will continue his glider pilot training. Mrs. Manwaring expects to spend some time with Capt. and Mrs. Thurman Ridgway of Selma, Alabama. Mrs. Ridgway is a sister of Mrs. Manwaring. Mrs. Ridgway was formerly Miss Ruth L. Rush, daughter of Mr. and Mrs. Ray Rush.

WATER MORE EFFECTIVE THAN AIR FOR CREAM COOLING

The temperature of a can of cream direct from the separator is about 90 degrees. Place the can in an outside temperature of 16 degrees (a winter day). At the end of one hour the temperature of the cream will have come down to 76 degrees. But take a can of fresh cream and place it in a tank of water 56 degrees in temperature, stir the cream every 15 minutes, and at the end of one hour the cream will have reached 56 degrees—the exact temperature of the water.

This is no hypothetical case on the relative merits of air and water as cooling agents. The experiment has been done many times at the Minnesota College of Agriculture. The difference between keeping cream on the farm at 76 degrees or at 56 degrees may make all the difference between a product that will make

good or poor quality butter.

Many farmers don't appreciate the urgency of cooling cream quickly or of rushing milk to the separator after milking. The reason is simply this: All milk and cream unavoidably contains some bacteria. These bacteria are not harmful unless they are permitted to multiply—and multiplication begins immediately unless the temperature is lowered. Even a 20-minute delay in separating milk or in letting cream stand before cooling, may give bacteria a head start that cannot be stopped no matter how good the subsequent care may be. The only way to stop this bacterial growth is to separate the milk at once and cool the cream immediately to a temperature under 60 degrees—50 degrees is better—and then keep it cool until marketed.

CEMENT

Still Available

Building materials are becoming increasingly difficult to secure, however, we do have a good supply of cement on hand.

Take advantage of the season and do your concrete repairing or improving now.

Concrete will not only be of service for many, many years, but the improvement will add materially to the value and convenience of your farm.

NEWCASTLETOWNSHIP NEWS
By Lavoy Montgomery

Mr. and Mrs. Robert Calvert attended the fair at Bourbon Saturday.

Mr. and Mrs. Elmer Lamb have moved to their apartment after spending the summer at the Mrs. Frank Souther cottage.

Mrs. Sid Dick spent Sunday afternoon in Silver Lake the guest of her parents.

Lavoy Montgomery, who is employed in Rochester, is enjoying a vacation.

Mr. and Mrs. Lloyd Barkman spent Saturday evening in Rochester.

Mr. and Mrs. Artie Eaton, of Rochester, and Mr. and Mrs. Lou Grove attended the fair at Bourbon Friday.

Mrs. Waldo Gray has moved to Rochester to make her future home.

Robert Tippy, of Elkhart, spent the week end here with his son, Gene Tippy.

Jack Wright and Ora Foster, of the Foster funeral home of Rochester, were visitors here Friday afternoon.

Mr. and Mrs. Edwin Perkins will leave Saturday for Valparaiso where they will make their future home.

Mr. and Mrs. Elmer Lamb spent Tuesday in Lafayette with friends.

Mr. and Mrs. Sid Dick and son Jimmie Sid spent Saturday evening in Rochester.

Mrs. Jeff Stookey, of this place, received a letter from her son, Sergeant Walter Allen Bowsher, who was taken prisoner on December 22, 1941, at Wake Island. He is now at a Shanghai, China, camp. This letter is the first word received directly from him since the time of his capture. It was written May 31st.

Mr. and Mrs. Charles Good and family were supper guests of Mr. and Mrs. Lou Grove Sunday evening.

Mrs. Charley Green has returned to her home here after spending a few days in Rochester the guest of her sister, Mrs. Nelson Hunter, and family.

Mr. and Mrs. Ralph Hatfield spent Sunday evening in Rochester.

CARD OF THANKS

I wish to thank the players and many friends for the benefit given me through the Mentone and Warsaw ball game played here a few weeks ago. Would also like to thank all the friends for the many beautiful flowers, letters and cards received, and the interest of friends shown in any way.

GO TO CHURCH RALLY DAY—

(Continued from page 1)

ious man or by the son of a praying father or a praying mother. I have made this statement before the chambers of commerce of all the largest cities of the country and have asked them to bring forward a case that is an exception of the rule. Thus far I have not found a single one.

"The people of America have not the bankers to thank for their security and prosperity, but rather the preachers and the churches. The churches alone provide the solution of the great problems facing us.

The question has been asked, "What makes criminals?" Dr. Lundquist, of the University of Minnesota, answers, "A yearning for thrills makes criminals out of youths."

Where do they get this yearning? In our churches or schools? In a recent survey made at the St. Charles prison school, at St. Charles, Ill., it was found that 82 per cent learned crime in their desire for thrills, and the ways of escape from the motion picture theatre. 11 million children under 13 years of age attend movies weekly. Parents pay to send their children to the movies, but won't send them to Sunday school where they will receive free character building instruction.

There are 34 million boys and girls and young people between 4 and 18 years of age. 17 million are in Sunday school and 17 million non-attendants. Statistics show that an average of one out of every 32 who do not attend Sunday school are delinquents or criminals, while 1 out of every 1,050 of those who receive Sunday School and Church training are police problems.

YOUR CHILDREN SHOULD BE IN SOME SUNDAY SCHOOL AND CHURCH.

PARENTS — Set the example — BRING them.

A cordial welcome to all.

FORMER TALMA MAN**DIES AT INDIANAPOLIS**

(Talma Reporter)

Henry Engel, 69, of near Talma, died of a heart attack on Tuesday afternoon at 2:30 p. m., September 22 while visiting in Indianapolis.

The deceased was born in Ohio on July 6, 1873, the son of Jacob and Catherine Engel. He moved to Indianapolis from Ohio and from Indianapolis to Rochester, where he resided for six years. At the time of his death he was living with his sister, Mrs. Joseph Meiser, of near Talma.

Survivors are: the sister, Mrs. Joseph Meiser of Talma, and five brothers, John of Delong, Albert of Knox, ePte of Burghill, Ohio, Lewis of Nettleton, Ark., Charles of Monterey. One brother preceded him in death.

Funeral services were held at the home of his sister, Mrs. Joseph Meiser at 2:00 p. m. Friday. The service was in charge of Rev. Harlan Waite, pastor of the Talma Methodist church. Interment was in the Monterey cemetery. The body was removed to the Meiser home Thursday afternoon where it lay in state until the hour of the service.

SOL BURNS FARM HOME**DESTROYED BY FIRE**

(Talma Reporter)

On Tuesday, Sept. 15th at noon the farm home of Mr. and Mrs. Sol Burns was completely destroyed by fire. The home is located one and one-half miles northeast of Athens.

Mr. Burns was eating his lunch alone when he heard an explosion in the kitchen. The oil stove threw burning oil all over the kitchen setting everything afire. The Akron fire department was called but the flames had made such headway that the structure could not be saved.

A small part of the household effects were salvaged and the loss was partially covered by insurance. The family has moved into another building on another part of the farm.

**GOOD RESULTS IN
SCRAP METAL DRIVE**

Judging by the various reports being received at the Co-Op News office, the people of Mentone and vicinity have been putting forth considerable effort in the scrap salvage

campaign. To date about fifteen tons have been received at Mentone and it is difficult to determine just how much has been taken up by the highway trucks and scrap dealers or taken to other salvage depots.

This showing, however, represents contributions from but a few of the

homes and the total will be swelled tremendously when the community has responded 100 per cent.

Reach Top at 35

Mr. and Mrs. Edd. Southers and Mr. and Mrs. Lon Walters were Sunday evening callers at the Stanley Newton home to see the new baby.

Bert A. Rush left for Detroit, Mich. last Thursday where he is visiting his son, Earl, and family. It is believed a secondary motive was also to attend a few baseball games.

Mr. and Mrs. M. F. (Bud) Todd are the parents of a seven and one-half pound daughter, born at ten o'clock Sunday night at the Murphy Medical Center at Warsaw.

Mary Ellen Paxton, daughter of Mrs. Lydia Paxton, left Tuesday for Dayton, Ohio where she has been appointed to a civil service clerical job at Wright Field.

Katherine Anderson, who has been employed in Civil Service work at Southern Pines, North Carolina, arrived home Friday for a few days visit with her parents, Dr. and Mrs. E. D. Anderson.

Mrs. Mildred Welsh was removed from the Murphy Medical Center at Warsaw to the home of her parents, Mr. and Mrs. Orville Elzinger, of near Tippecanoe, Tuesday, in the H. V. Johns ambulance.

The Saturday evening issue of the Fort Wayne News-Sentinel, in a page of up-to-date news photographs, had one taken at Kelly Field, Texas. All the men in the picture were from Indiana and one was Sgt. Don Lyon, son of Mrs. Jennie A. Lyon of Mentone. Don was evidently making an inspection or adjustment to the landing gear oleo of a twin-engined bomber.

Mr. and Mrs. Edd. Southers and daughter of Chicago, who have been visiting his parents in Fletcher, N. C., while on their way home, stopped off Saturday night to visit Mr. and Mrs. Lon Walters. Mr. Burel Buckner, of North Carolina, was with them.

Those who called at the Lon Walters home Sunday were Mrs. Anna Kepler and Mr. and Mrs. Bob Kennedy of Chicago; Mr. and Mrs. Edd. Southers and daughter of Chicago; Burel Buckner of Fletcher, N. C.; Mr. and Mrs. H. A. Clymer of Rochester, and Mr. and Mrs. Earl Davis and children of Tippecanoe.

LAKE GIVES UP SIXTH VICTIM

The following article was published recently in the Jordan, Montana Tribune:

"The body of the sixth victim of the drowning in Ft. Peck lake last June 9th was recovered Saturday. It was found near the mouth of what is known as Sand Arroyo and has been identified as that of Charles Stecker. The body was found by Arnold Lee of McCone county and was lying on the bank of the coule, some distance below where his wife, Nola Stecker, Mrs. Jessie Edwards, Mr. and Mrs. August E. Soetzel and Sam Gill, lost their lives when Stecker's motor boat capsized in a tornado wind.

"All of the other bodies excepting Stecker's were recovered after an intensive search. His body was taken on the government boat to Fort Peck by Sheriff James B. Trotter and then to Glasgow for interment beside the body of Mrs. Stecker, his wife."

(Editor's Note: Mr. Gill, who also drowned in the above accident, was a brother to James Gill of near here. Mr. Lee, who found the body of Mr. Stecker, is a sheep rancher of central McCone county and well known to your editor, having been a subscriber to his newspaper there for many years.)

Mr. and Mrs. Vernon Jones entertained with dinner Sunday Mr. and Mrs. Lyman Mollenhour and daughter, Mr. and Mrs. Everett Ellis and three children of Warsaw and Mr. and Mrs. Robert Platner of Argos.

KENNETH LEININGER INJURED

(Continued from page 1)

Mr. Leininger, we have been informed, saw that he had but very little room between the top of the load and the door, but indications were that he could make it by stooping low. However, the load evidently raised as the front wheels crossed over the barn entrance and the top of the door caught him on the back of the neck while he was in a crouched position.

Mr. Leininger managed to get off the load and to the house, and as no doctor was available, H. V. Johns and Rev. Stoner took him to the Woodlawn hospital at Rochester where an X-ray disclosed a fractured vertebrae in his back and two or three broken ribs.

VICTORY TWINS

Bonnie Bell, the four-year-old Guernsey cow on the Helen Grove farm, 2½ miles east of Claypool, operated by Ward Meredith, gave birth to twin calves September 15th. One of the calves was marked with a "for Victory."

MENTONE WINS GAME

The Mentone boys evened the score with the County All-Stars Sunday when they won 3 to 2. In the previous encounter the Stars won by the same margin.

EDWARD HALTERMAN BURIED HERE MONDAY

Edward Halterman, aged 69 years, passed away at Mentone Friday evening about 6:30 o'clock, after an illness of several months. The immediate cause of his death was pneumonia. Mr. Halterman had been afflicted for several months and the people of the community followed his periods of affliction with sympathy and anxiety.

The deceased was born at Athens, in nearby Fulton county, to Jacob and Elizabeth Halterman and had been a citizen of the Mentone vicinity the past 37 years.

Surviving relatives include his wife, the former Etta Blue whom he married in 1897; one son, Verl Halterman; two daughters, Mrs. Opal Tucker, Mentone, and Mrs. Daisy Enyert of South Bend, and three grandchildren.

Funeral services were held at the home Monday afternoon at two o'clock. Rev. DeWitt, of Larwill, and Rev. Stoner, of Mentone, officiated. Interment was in the Mentone cemetery, with the Johns funeral home in charge.

CARD OF THANKS

We wish to thank the friends and neighbors who helped in any way during the long illness and death of our Husband and Father.

Mrs. Etta Halterman
Mr. and Mrs. Verl Halterman
Mr. and Mrs. Herschel Enyert
Robert and Gertrude
Mr. and Mrs. Chancey Tucker
and Lola.

OLD KEYS BEING COLLECTED

A campaign is in progress throughout the nation to gather up all the old door, car and lock keys possible. These keys usually contain essential metals that are vitally needed in the war effort.

A container has been placed at the post office and anyone having one or more keys that are no longer serving a useful purpose are asked to bring them in. The money derived from their sale will be contributed to the USO.

MARRIED IN MISHAWAKA

Miss Elaine Sullivan, formerly of Mentone, became the bride of Harold Bentley Saturday at two o'clock in the home of Rev. Stauffer, pastor of the First Christian Church in Mishawaka. The couple was attended by Miss Gertrude Enyert and Edward Purcel. The bride wore a brown velveteen suit with rust accessories and wore a single strand of pearls, a gift from the bridegroom. Her corsage was of double yellow gladiolus. Miss Enyert chose a moss green velveteen suit with brown accessories. Her corsage was of double peach gladiolus.

After the ceremony a dinner was served at Wolfs Inn. A reception was held in the evening in the home of Mr. and Mrs. Herschel Enyert of Mishawaka where the bride has made her home the past two years.

Out of town guests were Mr. and Mrs. Claude Bentley, Mr. and Mrs. William Meredith, and Mr. and Mrs. Frank Kristl, all of Chicago.

Mr. and Mrs. Bentley will make their home in Chicago.

The bride is a graduate of the Mentone high school and has made her home here most of her life. The groom is a graduate of Central high school, Peoria, Ill.

TRUCK TO GATHER SCRAP IRON IN TOWN

During the past week or so the county trucks have been gathering scrap iron in the rural sections, but until today no arrangements had been made to accommodate the residents of Mentone.

The members of the town council have made arrangements with a local trucker to gather scrap iron in Mentone Monday forenoon, October 5th. Anyone having scrap are advised to place a part or all of it near the curb as notice to the trucker. If they are pieces too large or heavy to conveniently move to the curb, at least leave a piece or two at the curb and attach a note or sign stating that there is more elsewhere on the premises.

SERVICE FLAG TO BE DEDICATED SUNDAY

Next Sunday morning at the World Wide Communion Service the Mentone Methodist church will dedicate the Service Flag for the Methodist church and constituency. An invitation is extended to the families of all such young men to be present. There will be no less than 26 stars on the flag.

In conformity to the Interdenominational request, the Methodist congregation will join in the observance of the Lord's Supper. At this service the true meaning of the universal nature of the Christian faith will be emphasized. True Christians the world around are united in the desire that the Kingdom of God become the goal of social achievement. They are one in the Divine fellowship.

An invitation is extended to all Christians to join in this service of worship.

TO PRESENT PICTURES

Moving pictures will be presented at the high school building in Warsaw on Monday evening, Oct. 5th. The program will be in charge of Mrs. Blanche E. Doran, Farmer Field Worker for the Agricultural Adjustment Administration and the topic for her discussion will be: "City and Farm Women Move Ahead Together in the War Effort."

Mrs. Doran will also appear before a meeting of the Farmers Grange at Milford on October 9th.

CONSERVATION CLUB MEETS

Several members of the Conservation club met at the Mentone Cafe Tuesday evening where plans were made to "evacuate" the fish from their rearing pounds southwest of town. Some of the boys are to start lowering the water Friday and Saturday and Sunday morning the fish will be taken from the ponds and planted in nearby lakes. The members have an invitation to help in this job Sunday.

Justin Long is going to radio school in Washington, D. C.

MASONS CONVENE AFTER MID-SUMMER RECESS

The first regular meeting of the fall season for the Mentone Masonic Lodge No. 576, F. & A. M., was held Monday night at the lodge hall, with Worshipful Master Jack VanGilder in charge. W. W. Whetstone, secretary, was also present for the initial session. They will meet each second and fourth Monday nights hereafter.

FORT WAYNE TEAM TO PLAY HERE ON SUNDAY

The Veterans of Foreign Wars baseball team of Fort Wayne will play in the final game at Mentone for this season on Sunday afternoon, October 4th.

The official handle of the visiting team might indicate a bit of age in their ranks, but they won a no-hit, 8-to-nothing game against the Delphos, Ohio team last Sunday.

NEWCASTLE TOWNSHIP FARM BUREAU MEETING HELD

(Talma Reporter)

A very enjoyable meeting was held Wednesday evening, Sept. 23, when the members and friends of Newcastle Township Farm Bureau, with teachers and bus drivers as guests, met for their annual community supper in the Talma High School building. A good attendance was present.

Following the supper group singing was enjoyed in the high school auditorium, led by Rev. Harlan Waite. Scripture reading and prayer were offered by Rev. Waite. Mrs. Eisert, of Newcastle, delighted the guests with her whistling. Short talks were given by Mrs. Werner, and Mr. Graves and Mr. Newcomb followed with talks on "World Conditions" and "Fencing, Insurance and Fuel Oil." Rev. Waite favored with two songs. He was accompanied at the piano by Mrs. Waite. Moving pictures, entitled, "This Is Our Way," followed.

The program committee for the October meeting will be as follows: Mrs. Dee Berrier, Mrs. James VanLue and Mrs. Clarence Peterson.

NEWCASTLE

TOWNSHIP NEWS

By Lavoy Montgomery

Elmer Lamb was a business visitor in Kokomo Tuesday.

Mrs. Morris Hibbs was a dinner guest of Mrs. Frank Souther Friday.

Mr. and Mrs. C. M. Walker and son Lonnie of Indianapolis are spending some time here at their home.

Mrs. Frank Souther is visiting in Hammond.

Miss Alice Haines called on Mrs. Frank Souther Friday evening.

Joe Good and Sonny Green spent Saturday evening in Rochester.

Mrs. Nelson Hunter and family of Rochester, called on her sister, Mrs. Charley Green, and family Friday evening.

Mr. and Mrs. Frank Souther had as their guests Saturday evening: Mr. and Mrs. W. A. Dick, Mr. and Mrs. Geo. Neul of Rochester; Mr. and Mrs. Eddie Creighbaum and family, of near Mentone, and Gene Souther of Hammond.

Mrs. Elmer Lamb called on Mrs. Frank Souther Saturday afternoon.

Miss Betty Kramer is on the sick list with a cold.

Rev. Harlan Waite, of Bourbon, called on friends here Friday afternoon.

Mr. and Mrs. Fred Barr and daughter Lois Jane of East Chicago, Ind., have returned to their home after spending a few days here the guests of Mrs. Barr's parents, Mr. and Mrs. Frank Arter, and sister, Mrs. Roy Hubbard, and family.

Mrs. Danna Starr and daughter Pat of Mentone, spent Saturday here the guests of the former's parents, Mr. and Mrs. Jim Hubbard.

Lavoy Montgomery called at the home of Mr. and Mrs. Sam Burket and son Jimmie of Rochester, Sunday afternoon.

Corp. Herman Mathews has returned to his camp at Camp Davis, No. Carolina, after being home on a 10-day furlough visiting his parents, Mr. and Mrs. Harley Mathews and other relatives.

Mr. and Mrs. Charles Coplen returned to their home here after visiting with their son, T. R. Coplen and family in Sioux City, Iowa, where they attended the wedding of their granddaughter, Jean Coplen, to Lieut. Donald Crawford.

Mr. and Mrs. O. C. Montgomery entertained at an eight o'clock breakfast Sunday, Mrs. Robert Berryman, of South Bend. Mrs. Berryman planned to leave Tuesday for Straton, Pennsylvania to make her future home.

TANK DRIVERS AVOID TRAPS

KEEP FROM BETWEEN PARKED CARS

One of the most dangerous of pedestrian practices is pictured in this poster which is being distributed to more than 38,000 classrooms in the Illinois and Indiana territory of the Chicago Motor Club during October. This "tank trap" type of accident, which is caused by crossing streets in the parked car area in the middle of the block, accounts for almost one-third of all traffic injuries and fatalities involving children.

Mr. and Mrs. Howard Daniels and guest of Chicago, spent the week end here at their home.

Robert Tippy, of Elkhart, spent the week end here.

Carl A. Dick, of Rochester, called on his sister, Mrs. Lloyd Barkman, Sunday evening.

Mrs. Omer Holloway has resigned her position at Kingsbury.

Mrs. Frank Rogers, of Rochester, is visiting her daughter, Mrs. Lillie Myers.

Mr. and Mrs. Charles Miller and daughter, of Plymouth, spent Sunday afternoon here the guest of his mother, Mrs. Andy Kinzie.

Gene Tippy is in Lafayette on official business.

Mr. and Mrs. Robert Calvert spent Monday in South Bend.

Mr. and Mrs. C. M. Walker and son are spending a few days in Ohio with relatives and friends.

Entertain In Honor of Corp. Mathews

Mr. and Mrs. Harley Mathews entertained at a dinner recently in honor of Corp. Herman Mathews, who was home on a 10-day furlough from Camp Davis, North Carolina. The guests were: Mr. and Mrs. Clyde Ball of Rochester; Mr. and Mrs. Levoy Hoffman and family and Mr. and Mrs. Gail Mathews and family of this place; Mr. and Mrs. DeLoy Kindig and family of Mishawaka, and Mr. and Mrs. Ernest Mathews and daughter of Plymouth. Afternoon callers were Mrs. Maurice Peterson, Mrs. Harold Horn, Virginia Ann and Fredrick Hubbard and Miss Mary Jane Mathews.

NUGGETS FOR BEREANS

"THE GATES OF HELL SHALL NOT PREVAIL," Matt. 16:18.

So many times have we heard this passage quoted and misquoted that it is about time to examine it to see what it really means. The Miltonic idea of Satan ruling in an underworld called Hell has caused a great deal of error. Satan walks up and down this world seeking whom he may devour and according to the record in Job he has access to the heavens also.

But what's Hell? Nowhere in the Bible is the lake of fire called hell. Hell is a translation of the Hebrew word SHEOL and the Greek word HADES. Sheol occurs 65 times in the OT. 31 times it is translated GRAVE, 31 times HELL, and 3 times PIT. Hades occurs 11 times in the NT. 10 times it is translated HELL and once as GRAVE. A careful study will convince one that GRAVE can

be used in every instance to translate these two words, SHEOL and HADES. We are in no wise trying to explain away the LAKE OF FIRE and the second death. They are realities that have to be faced.

But now to the text. "The gates of the GRAVE shall not prevail." It simply means that the church which is founded upon the rock Christ Jesus cannot be held by the grave, but will some day be resurrected. It has been said that almost all promises of the Bible have their fullest fulfillment in resurrection.

"And if Christ be not raised, . . . Then they also which are fallen asleep in Christ are perished," 1 Cor. 15:17,18.

—Oscar M. Baker.

Speed of Streamliner

The top speed of a streamlined train, under favorable conditions, is approximately 110 miles per hour.

12% INCREASE IN EGG PRODUCTION

U. S. GOAL!

It's a Cinch! We Increased Our Egg Yield 33 1/3%

"Our egg production used to be as up-and-down as a ride on a roller coaster. That's because every time the temperature took a nose-dive, we were too busy keeping warm to bother about laying eggs. Then our boss insulated our laying house with Celotex Vapor-seal Sheathing. Since then we've consistently turned out a third more eggs from the same-sized flock."

Progressive poultrymen are guaranteeing their quo-

tas in Uncle Sam's "Food for Freedom" program by insulating their buildings with Celotex Vapor-seal Sheathing. By maintaining constant, warm temperatures in laying houses, this efficient structural insulation encourages increased egg production. Used in brooder houses, Celotex Insulation also aids chicks to grow rapidly and feather out evenly.

Put Your "Egg Factory" on a War Production Basis. Our Free Plans Tell You How!

Leading Poultrymen know that the Celotex Poultry Building Plans are the last word in modern poultry house construction. Come in for your free copies today!

TRIBUTE WHERE TRIBUTE IS DUE

Nature, day after day and year after year, goes on its way delivering in the same old fashion. A kernel of corn can be trusted to bring forth in kind but multiplied many fold. Man, however, in his daily actions, is not so dependable. It's not always that he desires not to do the proper thing but that he just doesn't get around to do it.

Anger or disappointment can usually be depended upon to bring forth an immediate urge for revenge or restitution, but when it comes to offering praise or expressing thankfulness for a deed well done oh my, how slowly it oozes forth, if ever.

Lest I fall prey to the scavenger, procrastination, let me hasten to congratulate the people of Mentone and vicinity for the splendid response being given to the scrap salvage cam-

NEW BARRAGE BALLOONS FOR U. S. ARMY

An eye-catching tail end view of the English type barrage balloons now being manufactured, in volume, for the U. S. Army by the General Tire & Rubber Company in Akron.

Balloons previously turned out in this country were of the four fin variety as contrasted with the three fins of the English type.

What You Buy With WAR BONDS

A Flying Fortress is to America's air fleet what heavy artillery is to the Army. This gigantic four-motored bomber, equipped with heavy cannon, carries about three tons of bombs and reaches a speed of about 300 miles an hour.

These ships carry a crew of seven to nine men, weigh about 22½ tons, have a wing spread of 105 feet and each motor develops 1,000 horsepower. We need more of these "Flying Fortresses" to compete with the Nazi air force. You can help by investing at least ten percent of your income in War Bonds every payday. Buy them from your bank, post-office or other convenient issuing agent.

U. S. Treasury Department

paign. This expression is not merely a personal one, but every member of the committees in charge are mighty pleased to know that their friends and neighbors are going all the way to do their part.

I'm sure that the spirit of a free people shall not be deterred by either the forces of evil from without or within.

RULES FOR MAILING GIFTS TO BOYS IN FOREIGN SERVICE

Here are the post office department's recommendation for Christmas mail service to men outside the United States:

1. Parcels, letters and cards should be mailed between Oct. 1 and Nov. 1—the sooner the better, regardless of where you live or where the article is going. Delivery cannot be guaranteed if it is postmarked after Nov. 1.
2. Gift packages should be marked "Christmas Parcel."
3. Parcels should not exceed 11 pounds in weight or 18 inches in length or 42 inches in length and girth combined. If possible, hold

them to six pounds and the size of a shoebox.

4. Don't send food (except hard candies) or clothing. Service men have plenty of both. Don't send anything inflammable like matches or lighter fluid. Don't send intoxicants.

5. Wrap packages substantially but fix them so they may be easily opened for censorship inspection. Be sure that smaller packages inside the big package, are tightly packed.

6. Postage must be fully prepaid.

Consult your post office for parcel post rates. Better insure packages.

7. Such messages as "Merry Christmas," "Do Not Open Until Christmas," etc., are permitted if they do not interfere with the address.

8. Don't send cash gifts. Use money orders. Some countries have a law against importing foreign money, but money orders may be cashed anywhere.

WARSAW

THE CHICKEN COOP

By Artley D. Cullum

OVER THE FENCE FOR THE OLD GRAY MARE

The World Series is on again and all America has called another week of holidays. After five months of baseball we get one week, maybe, to try that seventh-inning stretch before we haul out the coon skin and head for the cinder seats in the football bowls.

A world series is when half the boys come out all busted up and the other half bankers. The winners' pay checks get bigger faster than the interest on a hocked diamond in a loan shark's vault and they get to endorse everything from lip stick to underwear.

Like the drunk that staggered off the bridge in the dark and happened to land safely. They just seem to leap into fame. At the beginning of the season an ordinary second baseman couldn't tell the difference between near beer and saur kraut juice, but after winning the series he can tell six kinds of jello at a whiff or tie a horse blanket around his head and pick out the cigarette marked "X" among the stubs on a bar room floor while six fan dancers are chasing mosquitoes.

There just doesn't seem to be anything to it but it brings in a lot of dough.

There are a lot of people that like to watch 22 men get down on all fours on a football field and root around after a pigskin pill, but there seems to be more that are fascinated by baseball.

What worries me is how they can make so many horsehide baseballs when horses are getting so scarce. The old gray mare used to kick over the whiffletree and now she goes over the shadetree for a home run. A lot of them don't come back and man is the only animal you can skin more than once.

This is series business!

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

A LOOK AT THE BOOK

By DR. BOB JONES, JR.

PRESIDENT OF
BOB JONES COLLEGE

Joseph was in prison. He was there not because he had done wrong but because he had done right. Because he had repulsed the advances of the wife of Potiphar, his master, she had lied about him and had falsely accused him; and he had, therefore, been thrown into prison.

The thirty-ninth chapter of Genesis, which tells the story says, "And he was there in the prison. But the Lord was with Joseph." It is better to be in jail and have God with you than it is to be out of jail and without God. It is better to have a body in prison and the soul free than it is to have a body free and the soul in the prison of sin. "The steps of a good man are ordered by the Lord" (Psalm 37:23), and if, as a good man, your steps are ordered of God to jail, God will share your prison cell. The presence of God can transform a dungeon to a colony of heaven, but a palace without His presence and without His love to bless it may be a bit of hell itself. It was John Newton who said:

While blessed with a sense of His love,
A palace a toy would appear;
And prisons would palaces prove,

—Released by the Gospel Fellowship Association.

If Jesus would dwell with me there.

This is not the day—at least in America—when it is common for men to be put into prison for refusing to do evil. There are, however, other surroundings in life just as unpleasant as a cell, and there are circumstances in life just as confining as the bolts and bars of a prison. The God whose presence made Joseph's time of imprisonment a time of blessing for him and a time of ministry to others, will, if our lives are yielded to Him, bless us and make us a source of blessing wherever we may be.

From his prison Joseph went to a position of power in Egypt second only to the king's. The God who was with him in prison went with him to the palace. In the day of his prominence and wealth Joseph remained as faithful to God as he had been while in jail. I wonder after all if that was not the real test of the quality of his faith and spiritual experience. Many a man who enjoys the blessings of fellowship with the Most High in the time of disappointment and sorrow and poverty forgets Him amid wealth and prosperity and prominence.

STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, Etc

Required by the Acts of Congress of August 24, 1912 and March 3, 1933 of the Northern Indiana Co-Op. News, published weekly at Mentone, Indiana for Oct. 1, 1942. State of Indiana, County of Kosciusko, ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared Artley D. Cullum, who, having been duly sworn according to law, deposes and says that he is the Editor and Business Manager of the Northern Indiana Co-Op. News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption.

1. That the names and addresses of the publisher is the Northern Indiana Cooperative Association, Mentone, Indiana, and that the editor, managing editor and business manager is Artley D. Cullum, Mentone, Indiana.

2. That the owner is: The Northern Indiana Cooperative Association

at Mentone, Indiana, and that the names and addresses of the stockholders owning or holding one percent or more of total amount of stock are: E. D. Anderson, Mentone; Wendell C. Anderson, Huntingburg; Creighton Brothers, Warsaw; Barbara Creighton, Josephine Creighton, Martha Creighton, Evelyn Creighton, Dorothy Creighton, Robert Creighton, and Marilyn Creighton, all of Warsaw; Lulu C. Lehman, Mentone; A. A. Miller, Mentone; Mrs. E. T. Robinson, Argos; Doris Resler, Milford; William Vernet, Mentone, (All addresses in Indiana).

Church Notes

CHURCH OF CHRIST Mentone, Ind.

Bible Classes 9:30 a.m.
Worship 10:30 a.m.
Bible Study (Thursday) ... 8:00 p.m.
A hearty welcome to all.
C. G. VINCENT, Minister.

FIRST BAPTIST CHURCH Mentone, Ind.

You Are Ever Welcome To This House of God.

"Time was when the average religious home observed family worship and our people were assured a familiarity with the Bible. In modern times this education has been relegated almost entirely to the Sunday School. President Noah Porter once declared: "Ten minutes a day in reading of the best literature, would insure a well educated person in literature." "If he was right the value to our civilization of the organized efforts of the Sunday school cannot be overestimated," said Simeon D. Fess, U. S. Senator in 1930.

We have classes for all ages. Won't you come and study with us?
Sunday School 9:30 A. M.
Morning Worship 10:30 A. M.
B. Y. P. U. 7:00 P. M.
Even Junior and Senior groups.
Evening Service 8:00 P. M.
Thursday 8:00 P. M.
Prayer Meeting and Bible Study.
Sept. 27th—Rally Day.
Everyone cordially invited to all of our services.

Rev. E. Coleman Ralston, Pastor.

METHODIST CHURCH Mentone, Ind.

Worship and Study 9:30 a.m.
Sunday School follows at 10:30.
Evangelistic services are at 7:30.
Bible Study and Prayer services are at 7:30 on Thursday evening.
Future events are:
World-Wide Communion, Sunday, Oct. 4.
District W. S. C. S. convention at Elma Green, Oct. 7.
District Lay Activities Meeting on Oct. 11.
District Education Conference Oct. 30.
Veterans Day and Pulpit Exchange Nov. 15.
VICTOR E. STONER, Minister.

News of Mentone and Vicinity

Mr. and Mrs. Lewis Foor enjoyed Sunday dinner at the Charles Witham home, near Big Foot.

Don Bunner is back on the job at the Nickel Plate station after an absence of several weeks due to illness.

Pvt. Robert Kinsey is home on a ten-day furlough from his duties as a signalman.

Mr. and Mrs. Artley Cullum and children and Mrs. Myrtle Reed took Sunday dinner at the Fred O. Carey home at South Whitley.

Ralph Severns and daughter Velva and little girl friend were visitors in the Lewis Foor home Sunday afternoon.

Mrs. Myrtle Kinsey of Camaguay, Cuba, visited with Oscar M. Baker and family Thursday and Friday of last week.

Dr. and Mrs. F. B. Davison returned to Mentone Tuesday after a trip that took them to many interesting historical and scenic points.

Mr. and Mrs. Wayne Zolman and son of Tippecanoe, and Mr. and Mrs. Carl Zolman of Mentone, spent Saturday in Indianapolis.

Rev. C. G. Vincent left Monday for a week's trip to Akron and Barnsville, Ohio. He expects to return to Mentone about Tuesday of next week.

Mr. and Mrs. C. E. Coon, of southwest of Argos, and their son, Raymond Coon and wife, of Gary, spent Tuesday afternoon with Mr. and Mrs. J. D. Long.

Mrs. Aden Cloud, of South Bend, while on her way to Warsaw Monday, stopped in at the home of Mr. and Mrs. Lewis Foor for a short visit. Mrs. Cloud is a niece of Mr. Foor.

COME TO THE

MENTONE CAFE

Plate Lunches - Meals

— West Main St. —

Joe Kesler, Ann Kesler and Miss Ruth Lauer of Rome City, and Mr. and Mrs. Irving Grimes of South Whitley, were Sunday dinner guests of Mr. and Mrs. Isaac Kesler.

Mr. and Mrs. Albert W. Cramer of Angola, are the parents of a son, Robert Willis, born Wednesday, Sept. 16th. The baby weighed eight and three-quarters pounds. Mrs. Cramer was formerly Miss Mildred Batz, daughter of Mr. and Mrs. I. A. Batz.

We've been advised to offer a correction in an article which appeared in our last issue. In the article regarding a D. A. R. meeting held at Warsaw, the place of meeting was in error. It was held at the home of Lydia Sanders.

Mr. and Mrs. W. E. Smith, of Manzanola, Colorado, former residents of Mentone, have received a communication from Major General H. R. Harmon that their son, Wilbur Smith had been accepted as an Aviation Cadet in the air force.

Mrs. Ray Linn spent the past week visiting Lieutenant Commander L. L. MacLellan and family of Evanston, Ill. Mrs. F. M. Baker, of Minneapolis, Minn., returned with Mrs. Linn. Mrs. MacLellan is a daughter of Mrs. Baker and a cousin of Mrs. Linn.

A communication from Rev. C. C. Collins, of Ligonier, former pastor of the Mentone Methodist church, indicates that he is rather busy. Indications were that he would be called upon to officiate at the funeral of a young lad who was killed in a plane crash at Ft. Morgan, Colo., Monday.

Mrs. Ellery Nellans and son Billy, of Mentone and Mrs. Boyd McKibben and Miss Annabelle Hoover, of Warsaw, left by car Monday for the west coast, California. Mrs. Nellans and Mrs. McKibben will join their husbands, who are in the armed forces, and Miss Hoover expects to be married soon.

A news story in the publishers' trade paper states that a printer on the west coast has arranged his printing presses to make gaskets and has speeded up the production of these necessary items tremendously. This man has been turning out gaskets for three of the shipyards under the

management of Henry J. Kaiser. Last spring this writer, in company with others from Mentone, called at the War Production Boards at Fort Wayne and South Bend offering the services of the Country Print Shop to produce die-cut gaskets, but it was "fantastic" or "had never been heard of." At South Bend we were politely informed that the gasket-makers "couldn't be bothered" with any two-bit ideas.

SEE THE CORN YOU BUY

With hybrid corn, the important thing is NOT where the seed was grown, but how it performs where you plant it. The best way to compare varieties and decide which ones suit you the best is to see them growing side by side in a soil and climate similar to yours. That's why DeKalb has more than 3300 proving grounds or demonstration fields, scattered throughout the corn-growing areas.

Another reason why you should visit your DeKalb proving ground is to keep acquainted with the newest varieties that DeKalb is continually perfecting.

Be sure to visit the DeKalb proving ground in your neighborhood. Your DeKalb dealer will be glad to show you the varieties that you are interested in and what they will do for you on YOUR FARM.

and cold. Whether they come through depends in part on the "factories" they work in—the laying houses that must shut out any "freeze orders" the weather man may issue.

Food for Freedom goal is to be won.

That means our hens must keep producing despite rain, snow, wind

and cold. Whether they come through depends in part on the "factories" they work in—the laying houses that must shut out any "freeze orders" the weather man may issue.

To afford this protection, laying houses must have properly insulated walls and roofs and a ventilating

system that supplies fresh air but does not create drafts.

In winter the amount of body heat generated by the hens is small and escapes rapidly through conventional concrete masonry or wood walls and roofs. This loss of heat is greatly retarded when the laying house

is lined with Celotex cane fibre insulation. This naturally makes the house warmer and more comfortable.

Insulation also protects the hens from sudden temperature changes because it holds the heat inside longer and the house cools gradually. This protects the flock from the sharp shock of sudden cold which often interrupts egg production.

Only warm laying houses can be ventilated properly. Warm circulating air is required to carry off the moisture through the ventilating system.

Complete plans and instructions for building a Celotex insulated laying house are available through the Building Dept. at the Northern Indiana Cooperative Association at Mentone. Thousands of these laying houses have been built and are in use throughout the United States, according to information received here.

Get a complete set of plans, drawings and other information the first time you are in town.

As I sit back, a mammoth picture just seems to be unrolling before my mind's eyes, and it is so vivid that one is almost made to shudder.

I seem to see a soldier lad at the bus station, bidding farewell to home, loved ones and friends. He would rather not go, but his country has called and he has been taught that wherever duty calls he must be strong enough to face it.

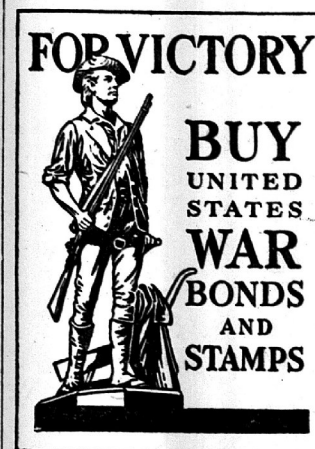

Months of strenuous training, aches and pains pass swiftly as he better prepares himself for the period ahead. Perhaps the ship carrying him to a distant land is now riding the tossing, heaving waters of a foreign sea. His every move, every minute of training and his contact with the enemy depends upon the equipment produced in his native land.

He gets his orders to intercept enemy troops far into the treacherous wilds north-west of his base, where the invaders have penetrated deeply in the center of their defending line, virtually severing the units of the allies. This force must be broken at any cost, even with a shortage of equipment. Johnny doesn't prefer to go but he would rather do it than have others take his place.

Winding through tangled brush, wading swamps, stealthfully peering around every rock, tree and bend, he moves forward—gun, bayonet and grenade ready for instant use. He's fighting, killing, blasting a path of freedom, but the enemy is far too numerous and the area too large for his equipment. He eventually finds himself entirely surrounded and all his means of protection gone. His final thoughts are flashing through his mind . . . and as he silently bids farewell . . .
