MRS. ELIZA A. GUY— PASSED AWAY WEDNESDAY

Mrs. Eliza A. Guy, aged 80 years, passed away at the McDonald hospital at Warsaw Wednesday afternoon at 4:50 p. m. following a short illness of peritonitis. She had been in failing health for the past year but was taken seriously ill Saturday and was rushed to the hospital where she died.

The deceased was the daughter of John D. and Malissa Conrick and was born at Bourbon July 11 1863. She also resided at Bluffton six years and Chicago 14 years before coming to the Mentone community 35 years ago. She was united in marriage to S. A. Guy at Chicago Oct. 16, 1907.

Surviving relatives include a sister, Mrs. Cora H. Erwin, and a nephew, Lewis Erwin, of Bourbon; two nieces, Miss Mary Conrick, Wheeler, Ind. and Mrs. Laura Lenord of North Liberty, Ind. besides a host of friends in the community who mourn the passing of this grand old lady.

Mrs. Guy took an active part not only in all activities of the church to which she belonged but she also contributed to and helped with every useful and charitable community undertaking. Many were the secret and private instances of her charity and helpfulness, known only to a few close friends.

The entire community will feel deeply her loss.

Funeral services will be held at the home Friday afternoon at 3:00 p. m., with Rev. Victor E. Stoner, pastor of the church to which she had belonged for many years, officiating. Burial will be in the Mentone cemetery.

The Johns funeral home at Mentone is in charge.

Mr. and Mrs. J. D. Long and Sylvan Long of Mentone, Mr. and Mrs. Bill Forster of Gary and Bernice Eash of Rochester, spent Sunday with Mr. and Mrs. C. E. Coon of southeast of Argos. Mrs. Russell Rohrer of Argos and Mrs. Edith (Rhinehart) Crosley of Miami Beach, Fla., were afternoon callers.

SGT. ELERY NELLANS SUFFERS INJURED LEG

Earl Nellans, of Mentone, received a letter this week from his daughter-in-law, Mrs. Elery Nellans, giving a little information about "Newt" injuring his leg. No details were given as to how he came upon the injury, but we will quote from the letter:

"... The day after Elery got hurt his outfit got their orders for overseas duty so they left last night. Elery feels awful bad about that.

"I'll try and tell you what they did when they operated on Elery. He was operated on at 8 a. m. Monday. They wired the knee cap together, sewed up the broken tendons and repaired muscles and all. He's in a cast from his hip down over his foot. The Capt. said that he would not have a stiff leg. He has to be in this cast for 8 weeks. I'll stay with him here. Then they will send him to a general hospital and have a brace on that leg for awhile. His leg will be awfully weak and he might fall without a brace. The Capt. said that his soldiering days were over for a long, long time. I don't know just what we will do yet."

THIRD WAR LOAN DRIVE STARTS SEPTEMBER 9TH

The quota for the State of Indiana in the Third War Loan Drive is \$257,000,000.00 (the estimated cost of conducting the war for one day). The quota for Kosciusko County is \$1,568,100 which is equivalent to \$750 for each of the 2,000 boys and girls who have gone into the armed services of their country from this county. It is equivalent to \$50 for each man, woman and child who resides in our county.

The quota for Harrison Township is \$72,000 — for Franklin Township \$54,500 and for the Town of Mentone \$34,500, making a total of \$161,000 which must be raised by us during this drive.

Recent figures indicate that 85% of

HARLO SHINN BURIED HERE WEDNESDAY

Harlo (Bill) Shinn, aged 52 years, who passed away in an Oshkosh, Wisconsin hospital Sunday evening, was buried at Mentone Wednesday afternoon.

Mr. Shinn had been ill about a week with pneumonia and was then taken to the hospital. His heart failed to carry the burden that was required for his recovery and death followed.

Bill, the son of Mrs. Lavina Shinn of Mn tneew ao, sbor

of Mentone, was born here but left for Wisconsin at the age of 17 years. He spent 29 years as secretary to the owner of a large paper mill, and the entire 35 years were spent at Port Edwards and Wisconsin Rapids.

H. V. Johns and Earl Shinn, the only brother, left for the Wisconsin city at one o'clock Monday morning and arrived back here at six o'clock Tuesday morning with the body.

Funeral services were held at the Johns funeral home with Rev. Victor E. Stoner officiating, Wednesday afternoon at two o'clock. Burial was in the Mentone cemetery.

Mr. Shinn took technical training in the Navy Department during the first World War but never saw combat service. His father died 22 years ago.

Other surviving relatives other than the mother and brother listed above includes a sister, Mrs. Ferd Chapman, of Warsaw.

GEORGE IRVIN MOLLENHOUR REPORTED SAFE IN SICILY

A week ago Saturday George Mollenhour received a telegram from his son, George Irvin, who is a member of a parachute corps, stating that he had received their package, but he did not state where or how he was. This week George Clark received a V-mail letter from him stating that he entered Sicily with a parachute during the invasion and was now in fine shape.

It was indeed a great relief to his parents as well as his friends, to learn that he had escaped capture or injury in the invasion.

MARTHA A. COPLEN DIED AT DAUGHTER'S HOME WEDNESDAY

Martha A. Coplen, aged 83 years, died at the home of her daughter, Mrs. Emory Anderson, at 8:30 p. m. Wednesday evening following an illness of about fifteen days. The cause of her death was paralysis.

Mrs. Coplen was born in Fulton county December 13, 1859 to Sylvester and Margaret Groves. Her entire life was spent in Fulton county except the past fifteen years when she resided at Mentone. She was married to Francis Coplen January 6, 1881. She has been a member of the Sycamore Church of Christ for 45 years.

Four children, Mrs. Emory Anderson, Mentone; Wallace Coplen, Warsaw, and Mrs. James Hall and Walter Coplen, both of Albuquerque, New Mexico, survive, in addition to one sister, Ella Ewing of Rochester, 12 grandchildren, four great-grandchildren and a host of other relatives and friends.

Funeral services will be held at the Dr. E. D. Anderson home Saturday afternoon at 2 p. m. with J. S. Johns, of Indianapolis, officiating. Interment will be in the Sycamore cemetery.

The Johns funeral home at Mentone is in charge.

FORMER MENTONE BOY ON WINNING TEAM

Bill Blue, former Mentone boy, was the pitcher that helped the Hoosier Beer baseball team of South Bend win the Northern Indiana baseball league championship this year. His hurling, too, helped his teammates prove their ability by winning the annual league tournament at Potawatomi park Sunday when they defeated both the Laporte nine and the Pythias teams by scores of 1-0 and 5-1.

All departments of the Northern Indiana Cooperative Association will be closed for Labor Day, Monday, Sept. 6th.

VICTORY'S SONS

Below him, like a toy boat floating in a pool of water, was the Japanese battleship Maruna.

All around him was winged death, hurled from the 29,000-ton Maruna's anti-aircraft batteries.

Three times this captain of a U. S. flying fortress brought the Maruna under his bombsights. Three times the bombs straightened into a pattern of curved flight, screaming their way to the deck of the target.

The Maruna flamed, then went to the bottom. Captain Colin Kelly's lone bomber had sent an enemy battleship to its grave.

Not more than two minutes from his home field, Japanese fighting planes dived out of the clouds and fired Kelly's ship. Kelly signalled five members of his crew to parachutes and safety.

Then—a blinding explosion. Kelly's lieutenant, blown free, snapped his parachute and landed safely.

But Captain Colin Kelly rode on to death and to glory.

What You Buy With WAR BONDS

Sick Bay

In this war our wounded fighting men have a greater chance for recovery than in any previous conflict because of the medical aids and services that have been developed by the War and Navy Departments.

One of these aids is the Hospital Transport Plane service that has been bringing our wounded back from Africa.

Your increased and continued purchase of War Bonds is required to help the Treasury Department finance this hospital transport service. "Back the attack with War Bonds."

When Stains 'Bleed Through'

Some varnish stains, when painted over with enamel or paint, "bleed through" and discolor the new coating. Such an undesirable result can often be prevented by first sanding the stained surface with 00 sandpaper, applying a coat of sealer, which can be obtained in any paint store, letting it dry thoroughly, and then applying the opaque coating.

FINE ATTENDANCE

AT LIONS CLUB MEETING

The regular meeting of the Mentone Lions club was held Wednesday evening and it was gratifying to see the large number that partook of the evening meal and enjoyed the splendid address of Rev. Plank of Warsaw.

It developed that lack of interest in a Lions picnic Labor Day necessitated dropping it this year.

During the session of the board of directors, following the regular meeting, two vacancies on the board were filled by appointment. Jack VanGilder and Dr. D. L. Urschel, first and second vice presidents respectively, are in the armed forces and appointments were necessary to fill their positions. Dale Kelley and Don Bunner were appointed, however, all appointments and transfers were made with the thought that if and when the inactive members return they shall be permitted to assume their respective positions.

Lions, don't forget the attendance contest is on. It's your presence at the meetings that counts. Your help is needed.

W. S. C. S. POSTPONED

The meeting of the W. S. C. S. of the Methodist church, will not be held as scheduled because of the death of Mrs. Guy.

FIRE RUN MADE TO GAIL

HARROLD HOME TUESDAY

The Mentone fire department was called to the Gail Harrold home, just south of Mentone, Tuesday noon, but **fortunately the fire was discovered** and extinguished before any material damage was done.

The fire originated in rather a peculiar way and it is not known by this writer whether any solution has been found as to why a seemingly harmless cardboard box should start burning in a darkened clothes closet. The box contained, to anyone's knowledge, nothing more than the following: A paper sack such as is frequently put on a suit of clothes at a dry cleaning paint, a small paper jack-o-lantern and a few pieces of colored chalk. It wasn't near any light cord or fixture and wasn't in a position where sunlight could reach it. Luckily the Harrolds smelled smoke and discovered the smoldering box and had a bucket of water handy just a matter of seconds after it began blazing.

The following comment isn't intended to supply any solution to the above mystery, but is only for the protection against a remote possibility. Paper novelties have always been a favorite item for the Japanese to make and export to America. They are clever people, too, when it comes to devising intricate and mysterious puzzles and items for physical or mental torment. It is not altogether unlikely that incendiary materials could have been circulated into American homes via the seemingly harm-

less route of party favors. It would do no harm if every home owner would place all such items purchased in recent years in a place where they were harmless.

MRS. PHOBE POWERS DIES FOLLOWING AUTO ACCIDENT

Injuries suffered in an auto collision west of Argos Sunday afternoon proved fatal to Mrs. Phobe Powers, of Argos, who passed away at 3:30 a.m. Tuesday in the Kelley hospital, Argos. Mrs. Powers suffered a fractured leg and shoulder blade, and internal injuries. She had been a resident of the Argos community throughout her entire life. She was nearly 80 years of age and a sister of Mrs. Clarence Coon of near here.

HUNTER RITES ARE HELD AT ROCHESTER

Funeral services were held Saturday afternoon at the Zimmerman Bros. funeral home in Rochester for Renaldo Hunter, 92. Rev. Lloyd Powell, pastor of the Church of God, was in charge. Burial was made in the Citizens cemetery.

Mr. Hunter died Thursday at a hospital at Logansport. He was born near Leiter's Ford on April 7, 1871, the son of Samuel and Sarah Hunter and practically all his life had been in the Leiter's Ford community. He was a retired farmer.

Surviving relatives are his wife, formerly Eleanor Latchaw whom he married on Nov. 16, 1902; five daughters, Mrs. Goldie Hindel of Plymouth, Mrs. Florence Boggess of Rochester, Mrs. Edith Wagener of Indianapolis, Mrs. AnnaBell Cotter of Kendallville, and Mrs. Clara Bell Zent of Talma; one son, Nelson Hunter of Rochester; eight grandchildren, and one sister, Mrs. Dora Linkenheldt of Rochester.

The Hunters were former residents of Newcastle township.

MEMORIAL SERVICES SUNDAY FOR MISSING NAVAL FLYER

Memorial services will be held Sunday, September 5 at 2:00 p. m. at the White Church at Tippecanoe for Ensign Charles Welsh, who has been listed as missing since an aircraft crash Aug. 25th at Jacksonville, Fla.

Ensign Welsh is the son-in-law of Mr. and Mrs. Orville Eizinger, who reside five miles northwest of Mentone.

The young lad graduated from the Naval Flying School in June and was reportedly practicing dive bombing about 47 miles out in the Atlantic ocean off Jacksonville and failed to return to his base. He had been in the service little more than a year. Ten days ago his training plane caught fire while in the air and he parachuted to safety.

His wife was formerly Miss Mildred Eizinger.

OLD MAN COYOTE TRIES ANOTHER PLAN

FOR three nights Old Man Coyote had stolen up through the Green Forest with the coming of the black shadows and had hidden among the aspen trees where Paddy the Beaver had cut his food, and for three nights Paddy had failed to come ashore. Each night he had seemed to have enough food logs in the water to keep him busy without cutting more. Old Man Coyote lay there and the hungry look in his eyes changed to one of doubt and then to suspicion. Could it be that Paddy the Beaver was smarter than he thought? It began to look very much as if Paddy knew perfectly well that he was hiding there each night.

"That means that he comes ashore in the daytime and cuts his trees," thought Old Man Coyote as, tired and with black anger in his heart, he trotted home the third night. "He couldn't have found out about me himself; he isn't smart enough. It must be that some one has told him. And nobody knows that I have been over there but Sammy Jay. It must be he who has been the tattle-tale. I think I'll visit Paddy by daylight tomorrow and then we'll see!"

Now the trouble with some smart people is that they are never able to believe that others may be as smart as they. Old Man Coyote didn't know that the first time he had visited Paddy's pond he had left behind him a footprint in a little patch of soft mud. If he had known it he wouldn't have believed that Paddy would be smart enough to guess what that footprint meant. But that is exactly what Paddy did do, as you and I know. So Old Man Coyote laid all the blame at the door of Sammy Jay, and that very morning when Sammy came flying over the Green Meadows Old Man Coyote accused him of being a tattle-tale.

Now Sammy had flown down to the Green Meadows to tell Old Man Coyote how Paddy was doing all his work on land in the daytime. You see Paddy had twice given Sammy a terrible fright, once by cutting another tree so that it almost fell on

"He couldn't have found out about me himself."

Sammy. So he had made up his mind to get even by telling Old Man Coyote about Paddy's work by day. But when Old Man Coyote began to call him a tattle-tale and accuse him of having warned Paddy and to threaten dreadful things, he straightway forgot all his anger at Paddy and turned it all on Old Man Coyote. He called him everything he could think of, and this was a great deal.

That afternoon Old Man Coyote tried his new plan. He slipped into the Green Forest, looking this way and that way to be sure that no one saw him. Then very, very softly he crept up through the Green Forest toward the pond of Paddy the Beaver. As he drew near he heard a crash and it made him smile. He knew what it meant. It meant that Paddy was at work cutting down trees. With his stomach almost on the ground he crept forward little by little, little by little, taking the greatest care not to rustle so much as a leaf. Presently he reached a place where he could see the aspen trees, and there sure enough was Paddy sitting up on his hind legs and hard at work cutting another tree.

Old Man Coyote lay down for a few minutes to watch. Then he wriggled a little nearer. Slowly and carefully he drew his legs under him and made ready for a rush. Paddy the Beaver was his at last! At just that very minute a harsh scream rang out right over his head: "Thief! thief! thief!"

It was Sammy Jay who had silently followed him all the way. Paddy the Beaver didn't stop to even look around. He knew what that scream meant and he scrambled down his little path to the water as he never had scrambled before. And as he dived with a great splash Old Man Coyote landed with a great jump on the very edge of the pond.

BOND SALE STARTS—

(Continued from page one)

our soldiers and 92% of our sailors are now purchasing bonds. Certainly we cannot ask these boys to fight this war for us and at the same time contribute more freely towards financing it than we do here at home.

A survey worked out as a guide for farmers indicates that each farmer should purchase bonds during the period from January 1st, 1943 to September 15th, 1943 equivalent to \$4.85 per acre of cropland which he owns. If you do not purchase bonds to this extent during this period you will not have done your part in financing the war effort, according to the estimate made by the State War Finance Committee.

During this drive it is necessary to sell twice as many bonds as we were asked to sell in the last campaign and in order to do this everyone is expected to buy bonds to the full extent of his ability or we will not reach our quota. Don't we have too much pride to let this happen

This community, in the past, has always come to the front in every project attempted and certainly on this occasion we will not let the boys down who are fighting to protect us.

Remember—that you are not giving your money when you purchase bonds—you are simply lending it to your government, at a fair rate of interest, on the best security in the world today.

During this campaign every home in these two townships and the town of Mentone will be solicited in order that every resident will have an opportunity to purchase bonds.

Everyone in this community realizes that it is his obligation and patriotic duty to purchase bonds. Therefore, be prepared to help your solicitor when he calls upon you for he is merely accommodating you.

The following persons have willingly offered their services in this huge task and we do appreciate the time and effort they are giving.

Philip Lovejoy said "It was said of old, 'ye shall know the truth and the truth shall make you free.' Young people today are more anxious than ever to seek guidance along the paths of right and wrong to help make their lives a success. The modern Sunday school is one of the most potent factors in our present-day civilization. Almost more than any other institution it provides the means for a free and frank discussion of the basic principles of the relation of the individual towards society. Few individuals who have applied themselves to the opportunities of the Sunday school have made messes of their lives or of the society of which they were a part. Countless examples can be cited to fortify this fact." Yet how many of our citizens fail to take advantage of the opportunity of the Sunday School. Every child should be in Sunday School.

NUGGETS FOR BEREANS No. 74

I AM THE WAY, THE TRUTH,
AND THE LIFE: NO MAN COMETH
UNTO THE FATHER, BUT BY ME.
(Words of Christ Jesus recorded by
John 14:6).

The public, in general, takes no recognition of this great truth. They, as thieves and robbers, try to find some other way to God (See John 10:1). Many profess to believe that

there is a God, and think that thereby they will be saved. The Devil believes the same and he will be destroyed. Some have adopted the motto "America back to God." Unless the way back is designated, that motto is useless. Some sing, "God Bless America." But blessings can come only through Christ Jesus (See Eph. 1:3).

The name of our Lord is left out. Yet it is written, "There is none other name under heaven given among men, whereby we must be saved" (Acts 4:12). No mention is made of the Savior of men in any of the official documents of this country, such as the Declaration of Independence or the Constitution. Who can claim that this is a Christian nation.

Our Lord did not come to show us the way of God, as some would have us believe. We do not have life by imitating His life, or by trying to follow His ethical teachings. All men are divided into two classes; the HATHS and HATH NOTS. This is definitely stated in I John 5:12, "He that hath the Son hath life; and he that hath not the Son of God hath not life." This is the great dividing principle, and what Jesus was trying to emphasize when He said, "I am the way, the truth, and the life: no man cometh unto the Father, but by Me."

3RD WAR LOAN DRIVE —FOR INVASION

● Put a circle around the date—Thursday, September 9th. For that's the day the 3rd War Loan Drive starts.

On that day, you will be asked to go the limit to back our valiant fighting men. You will be asked to do your share in the greatest invasion the world has ever seen. Answer your country's roll call!

Your part is to back this invasion by investing in at least one EXTRA \$100 War

Bond in September. That's *in addition* to your regular War Bond purchases. Invest *more* than \$100—a lot more—if you possibly can.

The job is big. *Everyone* must do his *full share* if we are to put this drive over the top.

War Bonds are the safest investment in the world. For your own sake, for your Country's sake, put every spare dime and dollar in War Bonds during the 3rd War Loan Drive.

Consider the Wild Birds
When haying time approaches, watch out for wild life. The majority of nesting places are located in the back swathe along the fence rows. Leaving this strip would provide an excellent winter food supply for game birds. If it has to be cut, leaving it until last will give the birds a chance to move.

LOCAL BERKSHIRE BREEDER TO SHOW AT SHOW AND SALE

R. C. Greulach, local Berkshire breeder, is exhibiting nine head at the East Central National Berkshire Show and Sale being held next week end at Indiana State Fair Grounds, according to a news story from the breeders' association. Mr. Greulach is the only local breeder participating in this national event.

Competition at this show is expected to be exceptionally keen. 27 exhibitors from five states will compete for more than \$1,500 in premium monies, which is substantially more than has been offered on a breed of hogs at the State Fair in recent years.

The show is limited to stock under a year of age. Competition is divided into four age classes, fall, winter, March, and late spring farrow. \$25 first preyail in each of these age classes for both boars and gilts, with a \$40 premium in the get of sire class, and \$30 in the produce of sow, the only two group classes.

This show, which is sponsored by the national Berkshire breeders association in cooperation with the state group, opens Friday noon, Sept. 10th with the classification of all entries into standardized grades in accordance with the system of measuring breeding value as set up by the American Berkshire Association a year ago. Only animals receiving the highest rating at the hands of the judges will be eligible for the show on Saturday morning at 9 a. m., Sept. 11th, at which time individual awards will be made in each class and champions of the show will be awarded.

In keeping with the spirit of the war effort, all stock exhibited will be offered at public auction on Saturday afternoon, the 11th. Every winner, including the champions, will sell; thus providing a rare opportunity for the farmers of Indiana and men wishing to purchase Berkshire breeding stock to make selections from a really large offering of the finest the breed has to offer. More than 140 head of boars, bred fall yearlings, and open gilts have been entered in the show, and will sell.

Judges of the show are Prof. J. S. Coffey of Ohio State University and Ivan T. Snowden of Mattoon, Ill.

Mr. Greulach will leave for the show next Thursday evening. He points out that a cordial invitation is extended to all swine breeders in this territory to attend, as it is the largest swine show in the state this year.

With hybrid corn, the important thing is NOT where the seed was grown, but how it performs where you plant it. The best way to compare varieties and decide which ones suit you the best is to see them growing side by side in a soil and climate similar to yours. That's why DeKalb has more than 3300 proving grounds or demonstration fields, throughout the corn-growing areas.

THE BOY LEFT AN ARM ON . . .

September 6, 1943

Dear Ruth,

We have often seen the slogan applied to bond buying: "They GIVE Their Lives, You LOAN Your Money." To see that in the magazines or papers may mean little to us, but to see it as I do here in the hospital gives it a new meaning.

I wish that some of those who aren't buying bonds could make rounds with me. If they could see what these young men have given for their country. I know there would be some shamefaced people at home. No sacrifice we are asked to make can even approach what these boys are giving for their country. If they could see the boy blinded by a shell, the boy who left an arm on _____, or the several young men who had to have their legs amputated after standing in the ice water on _____ for days, I think they could better understand why we are all in this war.

As you well know, I have always been a Republican, and I didn't agree with the President's policies many times, but I KNOW now that this isn't a political campaign, IT'S A WAR. And it's a bitter war, a war of death and hardship for many a young American. It's a war we MUST win, and whatever we can do to help win it is mighty little compared to what others are giving.

I want you to put every possible cent that you can into war bonds, and I hope that you can convince others to do the same.

Yours, lovingly,
DAN.

(The above letter was written by First Lieut. Dan L. Urschel, former Mentone Doctor who is in the Medical Corps and stationed in the Hoff General Hospital at Santa Barbara, Calif., to his wife and family who reside at Mentone.—Ed).

OBITUARY

Eliza Anne Conrick Guy was born in Bourbon, Indiana July 11, 1863, the daughter of John D. and Melissa Tift Conrick. Of her family, the parents, two sisters, little Mary and Mrs. Alberta Jeffries, and a brother, Milton Conrick, have preceded her in death, leaving only her sister, Mrs. Cora H. Erwin of Bourbon.

"No one hears the door that opens
As they pass beyond recall
Soft as loosened leaves of roses
One by one our loved ones fall."

Three nieces, one nephew and several great nieces and nephews also carry on.

Mrs. Guy was graduated from the Methodist College, Ft. Wayne, Indiana, taught two years in country schools and six years in the Bluffton Indiana high school. She then went to Chicago where she engaged in stenographic work for 14 years.

While both were attending college

in Ft. Wayne, Eliza Conrick met Alpheus Guy whom she married on October 16, 1907.

The Guy home has been one dear to hosts of friends as well as family, who have enjoyed its genuine hospitality for many years. Mr. Guy died July 13, 1936 and his wife has carried on the traditions of their home.

On Wednesday afternoon, Sept. 1, 1943, Mrs. Guy became suddenly worse and died at the McDonald hospital, Warsaw, where she had been a patient only a few days.

July 11th was Mrs. Guy's 80th birthday and with her many friends and family she enjoyed it to the fullest. Life had been rich for her because she had made it so. Her devotion to her home and family, to her church, especially its missionary society, and to her friends, both young and old, has endeared her to many.

The following bit of philosophy Mrs. Guy kept near her and lived it well.

Life's Endeavor

"I expect to pass through this world but once. Any good thing therefore, that I can do, or any kindness that I can show, to any fellow-being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again."

Oby Lee, publicist, says, "The Sunday school is one of our greatest forces for the education of our spiritual side of our natures. It is the unique institution for familiarizing our youth with the Bible. After all the higher criticism, and altogether aside from the historical quality of the Bible, it remains the unique book for the cultivation and inspiration of human spirit." As ever the Bible is still The Book of Books. In spite of all the higher education, the higher learning, the advanced science, etc., the Bible remains the only Book of life. As Gen. John J. Pershing said just a short time ago. "America's first and greatest need is not greater armies, is not a stronger navy, is not more efficient air force — America's primary need is more and better Sunday schools."—Where our people are taught the Bible.

Sunday School 10:30.
Evening Worship 8:00.

We worship at 9:30 in the sanctuary, both children and adults. Sunday school classes follow at 10:30.

The evening service is at 8:00.

The pastor will speak on the "Adequacy of Christ's Message for Today" in the morning and will continue the series of Sunday evening services on "The Mission of the Church."

Madame Chiang Kai-shek, in Madison Square Garden, on March 2, said:

"There must be no bitterness in the

reconstructed world. No matter what we have undergone and suffered, we must try to forgive those who injured us and remember only the lesson gained thereby. The teachings of Christ radiate ideas for the elevation of souls and intellectual capacities far above the common passions of hate and degradation. He taught us to help our less fortunate fellow-beings, to work and strive for their betterment without ever deceiving ourselves and others by pretending that tragedy and ugliness do not exist. He taught us to hate the evil in men, but not men themselves."

We recognize this as a fundamental fact. Do you know that that message is taught by the churches of your community?

"SEEK ye JEHOVAH, while He may be FOUND;

CALL ye upon HIM, while He is NEAR."—(Isa. 55:6):

Here is one of the simplest forms of structure to be found in the Word. Just notice the parallelism in the two lines, how that the second explains more fully the first. This is a great principle of Bible study that is practically unknown today. Yet the great Bible scholars from the earliest days of Christianity have noticed these phenomena. But it is only in the last two or three centuries that much progress has been made in making use of them to explain passages of the Scriptures. Not only may these structures in various forms be found in closely related verses, but large portions fall under the same laws. The whole Bible from beginning to end makes a beautiful example of perfect structural formation (A complete structural outline of the Bible mimeographed on note paper will be gladly sent on request).

An opposite type may be found in Prov. 27:6;

NO WILD HORSES

"Pat" Walsh returned to Mentone Wednesday morning after having spent the past two weeks at Parkston, South Dakota visiting his parents. South Dakota, he says, had an average yield of grain but the hail prevented a good corn crop. There have been heavy rains of late and the country is greener than he had ever seen it before at this time of the year. Pat also said he took in the "Days of '76" celebration at Belle Fouché and although he was helping with the roundup, he didn't encounter any wild horses.

**LARGE ATTENDANCE AT
LIONS MEETING WEDNESDAY**

An unusually large group of Lions club members were present at the regular bi-monthly meeting held on Wednesday evening at the Methodist church basement. Only nine members failed to respond to the roll call by Secretary Mentzer.

Without question the most interesting part of the program was the talk by Cpl. Harold Horn, son of Mr. and Mrs. Fred Horn who spent many months "pioneering" with Uncle Sam's soldiers in the South Pacific.

Cpl. Horn was given an inspiring introduction by Lion Dale Kelley and the experienced lad spent two hours talking and answering what questions he could without forsaking the military restrictions placed upon all members of the armed forces.

The first portion of his talk was of the incident that led to his receiving his second rank stripe and his citation for heroic service during the sinking of his transport ship, President Coolidge, in the harbor at the New Hebrides Islands. He sailed from San Francisco Oct. 6th last year and 14 days later they arrived at New Caledonia after a rather circuitous route to evade hostile waters. (The trip was apparently made without protection of escort ships). About one-third of the boys unloaded in the port while the balance journeyed on to New Hebrides. The ship captain, choosing between two possible channels into port, selected one that had been mine-laden by our seaman just shortly before and no warning was given to the approaching ship until it was among the hidden bubbles of destruction. The then Pfc. Horn was watching a card game in a lower deck when the first mine exploded. He took off from a sitting position as the shock neatly parked him on the deck. The captain of the ship attempted to beach the craft but was prevented from doing a good job when the second mine let go. He did, however, succeed in putting the fore end of the ship on a coral shoal while troop evacuation was begun. Harold's commander asked for a vol-

**LOCAL PLANT HAS
ORDER SUSPENDED**

The Lake City Machine Shop, at Mentone, which has been working entirely on a government order for fracture screws, received word Saturday that the contract was cancelled of that date. Many other war manufacturing plants in this area received similar notice.

Employees at the Mentone plant are temporarily off duty.

Mr. Peterson, manager at Mentone, states that he has other government contracts pending and that production on them would begin as quickly as materials and equipment can be secured. He expects that the government will eventually revise and continue the cancelled order.

**ENROLLMENT IN

Senior Class	26

In the Junior and Senior high school the principal, Mr. Dale Kelley, teaches Physics, English, Aeronautics and Latin; Mr. John Norman, English and Civics; Mrs. Marjorie Norman, Social Studies; Mr. Nenian Kessler, Mathematics and Physical Education; Miss Betty Davis, Commerce and Music, and Mr. John Stoops, Agriculture, Shop and Algebra.

Dr. and Mrs. Davison spent Sunday and Monday in Indianapolis.

**D. A. R. HAS JOINT MEETING
WITH TIPPECANOE GROUP**

The Anthony Nigo Nigo and the Tippecanoe River chapters of the Daughters of the American Revolution held a joint meeting and carry-in dinner at the country home of Mrs. W. C. Nellans, Tuesday, Sept. 14th. The hostess was assisted by her daughter, Mrs. Ruth Berkeypile and Mrs. Agnes Heisler and Mrs. Dorothy Patterson, all of Bourbon. The guests of honor included the State Regent, Mrs. J. Harold Grimes of Danville; the Vice State Regent, Mrs. Edna Burns of North Manchester; the northern director, Mrs. James Dye of Hammond; the state Historian, Mrs. F. C. Frazier of Warsaw, and Mrs. Keith, Regent of the Wythogan chapter of Plymouth.

The home was beautifully decorated with autumn flowers. After thanks was returned by Mrs. Craft, the 33 members and guests sat down to a real banquet which included a surprise dessert of home made ice cream, frozen strawberries and cake prepared by the hostess.

The afternoon program opened with the reading of the collect, the pledge to the flag and, group singing of the Star Spangled Banner. Mrs. Harvey Byrer, Regent of the Tippecanoe River chapter, and Mrs. Bernice Rush, Regent of the Anthony Nigo chapter, introduced the speakers of the afternoon. The state regent gave the address of the afternoon and short talks were given by the vice state regent, the northern director, the state historian and the regent of Wythogan chapter.

Mrs. Ralph Ralph Mason, of Etna Green, sang two beautiful solos, "A Friend or Two" and "God Bless This House." Mrs. Dorothy Patterson played the piano accompaniment.

After an inspiring program the meeting was adjourned. The Anthony Nigo chapter will hold its next meeting at the home of the new regent, Mrs. Bernice Rush, at 7:30, Oct. 26.

Mrs. Lewis Foor, who has been ill for several weeks, is slowly improving.

ERNSBERGER LUMBER COMPANY SELLS OUT FRIDAY

It has been announced that the Ernsberger Lumber Company here was sold Friday to Paul E. McGill, and others, of Fort Wayne. The new proprietors will take possession October first, at which time a complete inventory of the materials will be taken.

Clark Ernsberger has been in the lumber business in Mentone for nearly 35 years, a good part of that time he was assisted by his son, Don.

No contact has been made with the new proprietors, hence this reporter was unable to make any statements regarding the future policies or plans after Oct. 1st.

**YOUTH CENTER
TO OPEN OCTOBER 4TH**

The Mentone Youth Center, recreational room located in the telephone building, is expected to be opened to the youth of Mentone and vicinity October fourth, according to an announcement made by members of the committee this week.

It was also announced that a membership charge of 50c per year would be made and that an effort is being made to find sufficient supervisors to have it open for use every week day.

LOCAL BOND SALES CLIMBING

As we go to press, the September bond campaign workers in the town of Mentone inform us that our quota of \$34,500.00 may be reached in the next few days.

Sales up to Wednesday evening had crossed the twenty-two thousand dollar mark. The solicitors for the town are: Mrs. Ruth Urschel, Mrs. Hazel Linn, Mrs. Yolande Riner, L. A. Rickel, A. I. Nelson and Elmore Fenstermaker. Their task of interviewing every family in the town is a big one. If you have not been solicited to date you can make the job much easier for them if you inform them as to the amount of bonds you intend to buy in September. So we say, "Help them in the home stretch."

THIS IS A VITAL MESSAGE TO YOU, MISTER HUNTER

As the hunting season is growing near, and as a farmer owning a farm is also a conservationist, you, Hunter and Sportsman, are asked to please observe the laws and also be a good sportsman and conservationist, officials of the Mentone Conservation club announced this week.

First, please ask the farmer for permission to hunt on his premises; also leave your car at his house. Most of the farmers will let you hunt on their farms. But do not shoot at every thing that moves; it might be some of his livestock. Be careful at all times with your gun. Keep it pointing at the ground and not close to anyone. Unload your gun before climbing over a fence. You are all needed in the war effort.

Do not cut the farmer's fence (as we have seen done) to let your dogs through. Lift them over. Please do not go over the fence between posts and "ride" the fence down. If no gate is handy, go over the fence where it is stapled to a good post.

Last of all, we Conservation Club members, federal and state departments, are trying all we can to raise fish and game for your sport. We urge that you do not go on a farmer's premises and kill all his game. If you encounter a covey of quail, do not shoot and kill all of them. Leave some of the covey to produce for another year's hunting.

Be a sportsman—take a little and leave a little.

O. E. S. NOTICE

The next regular meeting of the Mentone chapter Order Eastern Star will be held September 20th at 7:30. A pot luck supper will be served at 6:30. All officers and members are urged to be present.

CARD OF THANKS

The children and grandchildren of Mrs. Frank Coplen wish to express their sincere thanks to all who in any way assisted them during her illness and passing. Your kindness will never be forgotten.

HOW TO RAISE MORE POULTRY AND EGGS

WE MAKE THESE SUGGESTIONS IN A SINCERE EFFORT TO HELP YOU PRODUCE MORE FOOD FOR VICTORY.

Getting Laying House Ready For The Pullets

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

CLEAN OUT LAYING HOUSE

A dirty laying house breeds disease; is a threat to egg production. So before the pullets are housed, scrape, sweep, and scrub out the dirt and filth. Then, to kill germs, bugs and parasites that would otherwise wreck egg production disinfect the house from top to bottom with Dr. Salsbury's PAR-O-SAN. It's a powerful disinfectant, safe and pleasant to use. Just one quart makes 25 gallons disinfecting solution. Also clean and disinfect feeders, waterers and other equipment with PAR-O-SAN.

REPAIR THE LAYING HOUSE

A leaky, drafty laying house is a poor place for pullets to do their best in producing eggs. In fact, such a house is ideal for an outbreak of colds. So get the house ready for top notch egg production by repairing the roof, patching up cracks, fixing ill-fitting doors and windows and replacing broken window panes. Light is necessary too, so clean the windows or replace glass substitute with new material.

START WITH AMPLE EQUIPMENT

Eggs are made from feed and water so be sure your pullets have plenty of feeding and watering space. For each 100 birds, 2 six-foot feeders open on both sides and two 2½-gallon waterers is about right. Provide one nest for every 5 layers and 8 to 10 inches of roosting space per bird also. If you need more equipment to care properly for your new laying flock see us, we have a complete line.

AND NOW —

We want to mention our poultry health service offered to help you keep your flock producing. We'll offer helpful suggestions without charge. The emblem at right signifies our cooperation in the National Poultry Conservation Program; we display it proudly.

unteer to remain in the stateroom to see that all the other men got out, and as no one volunteered, the Mentone lad spoke up. He said he didn't think, besides they had announced the ship wouldn't sink for at least 24 hours. The water by then was up nearly to their knees. He stood up at the door and allowed but ten men to leave at a time down the narrow passageway which afforded the only way of escape. The water was deepening fast and soon the life preserver below his arms was lifting his feet from the floor, making it difficult for him to stand. He discarded the preserver and remained at his post until every man was away—he swam for safety himself. He met his commander at the edge of the ship and he was told to swim back in to make sure everyone was out. He didn't linger long this time and a couple of minutes after they shoved a life raft from beneath another deck the deck disappeared below the water.

The evacuation was handled without panic of any sort. In an effort to hurry the bobbing rafts away from the ship and the treacherous "suction" as it would slide beneath the surface, Harold hollered for a rope from a motorboat, thinking he would tie the rafts together so they could be pulled to safety. His was the lead raft and he had a terrific grip on the rope. The tug backed up for a good start and when the slack left the line Harold left the raft. A brief connection was maintained with his officer holding his ankles, but that was stretching little things too far. The next tie on the rafts held, but the first big pull upset the head raft, Harold diving into the drink and his officer clung desperately and ended up on the bottom, his feet tangled in the maze of ropes which held the cork raft together. Harold said he thought the man was just taking a deep dive but when he peered back into the raft he saw his feet sticking up through the ropes. He dove below and finally released him, and from there on into shore Pfc. Horn was the best soldier in the world in the opinion of the officer. The incident was referred to superior officers and Harold got another stripe, a ci-

tation and an offer to return to the good old U. S. A. to Officers' Candidate School. This took place in March but the expected journey couldn't be made just then. A quota had to be secured, but the boy was assured it would happen in a few days. April came and went. June and July did likewise and all the while Harold had a chance to see Jap bombers come over and lay their eggs. He went on missions into the jungles among the blue-black natives and was even marooned in a native village one night when a one-day trip stretched out to three. Hungry as they were, the native feast of raw fish, raw crabs, etc. didn't look so good, so they ate coconuts.

August was just getting a good start when he was halted at his work with the news that he was to sail.

By that time he didn't believe a word of it but when he was finally convinced, Uncle Sam's work in the South Pacific went into a prolonged siesta. After 18 days sailing the shores of California burst over the horizon and he was near home again.

Dozens of other interesting and amusing incidents were related by Cpl. Horn, but it is impossible to tell them all. Not knowing the lad before he entered the service, it is difficult for one to write perfectly, but from every remark that could be gathered, all were amazed at his ease and self-confidence. In mingling with the boys from other places, he has learned that he is a capable American and has acquired a working perspective that can be acquired in no other manner than by mingling with other people of the nation and world.

Mrs. Dan Urschel and Robert Nelson added to the evening's program with a number of musical selections.

October 6th—the next meeting Carl Burt of the Warsaw schools, will speak before the Mentone club. The individual attendance contest is on, too, so be sure and attend.

GUSTAFSON—BAKER

Miss Ruth Baker, of Wheaton, Ill., daughter of Mrs. Rose Baker of Mentone, became the bride of Cpl. Arnie Gustafson, of Valparaiso, formerly of Hibbing, Minn., at a double-ring ceremony performed Friday evening at the First Baptist church at Mentone. The plans for the wedding were necessarily hurried and curtailed both because of the remodeling of the church and because of the short leave from service available to the groom, but in spite of all difficulties, the ceremony was beautiful and impressive.

Rev. E. Coleman Ralston, pastor of the church, read the vows which were said before an altar banked with ferns and flowers. The candle-light service was attended by friends and relatives.

The bride, who is a Mentone High School graduate, wore a white satin brocaded gown with a finger-tip veil, and carried white roses. Mrs. Walter Shipley of Warsaw, sister of the bride, who was matron of honor, wore pink lace and carried a mixed

bouquet of snapdragons and baby-breath. The bride's other attendants were her sister, Miss Annabel Baker, and the bridegroom's sister, Miss Irja Gustafson. Miss Baker wore a gown of white net over pink silk and Miss Gustafson wore a rose taffeta gown. Little seven-year-old Karen Lee Shipley, daughter of Mr. and Mrs. Walter Shipley of Warsaw, was flower girl. She was dressed in rose taffeta and carried a white basket of zinnias. Mrs. Baker, mother of the bride, was dressed in brown and wore a corsage of white asters.

The best man was LeRoy Cox, of Mentone, and the ushers were Robert Eiler and Chauncey Emmons, of Warsaw. Mrs. LeRoy Cox presided at the piano throughout the ceremony. Vocal selections, "Because," "O Promise Me" and "The Sands of Time" were rendered by Vance Johns of Mentone. Mrs. Cox played the Lohengrin Wedding March.

Both Mr. and Mrs. Gustafson attended Moody Bible Institute in Chicago. Mrs. Gustafson has recently been employed at the Howard Aircraft plant, St. Charles, Ill. Cpl. Gustafson is attending radio technician school at Valparaiso university. After a short wedding trip the couple will be at home at Valparaiso.

Mrs. Elmer Baker, mother of the bride who has been acting as house mother in a college girl's home in Wheaton, Ill., is spending a few weeks in her home in Mentone.

Mrs. Anna Green, of Coldwater, Michigan, sister of Mrs. Baker, and G. E. Kemick, Ph. M. 2/c of Brook-

lyn, N. Y., were the only other out of town guests at the wedding.

ENTERTAIN SUNDAY IN HONOR OF 36TH ANNIVERSARY

Mr. and Mrs. Floyd Stackhouse and daughters, Helen and Doris, entertained Sunday at their home north of Etna Green to honor the 36th wedding anniversary of Mr. and Mrs. Charles Christian and Pvt. Lewis Taylor, air cadet of Minneapolis, Minn., who is home on furlough.

Those present were Mr. and Mrs. Charles Christian and daughter, Nellie of south of Mentone; Mrs. Ecie Taylor and sons, Keith and Lewis of south of Mentone; Mr. and Mrs. John Lowery and family, and Mr. and Mrs. Roy Sickmiller and family from Plymouth; Mr. and Mrs. Alpheus Taylor of South Bend; Mr. and Mrs. Donald Taylor and family, Mrs. L. P. Taylor and children, Doris and Bill, John Davidson, and Mrs. Kenneth Taylor and children, Ronald and Carol, all of Elkhart; Mrs. Cleo Taylor and sons, Lowell and Lester, and Mr. and Mrs. Clarence Taylor, Jr., all of rural route Warsaw.

HOME ECONOMICS CLUB MEETS

The Mentone Home Economics club met on Thursday, September 9th, with Mrs. Lucinda Jones, Mrs. Esther Sarber assisting.

Creed was repeated and the club prayer sung. Response was "Bible Verses." A garden report was given by Esther Sarber. The secretary's report was read. The mystery package was won by Helen Mollenhour. Mrs. Blanche Paulus gave the history of the song of the month, "America the Beautiful," which was sung by all.

Refreshments were served to eleven members and three guests, Mrs. Brant, Sue Borton and Mrs. Alice Se-crist.

DINNER HONORING 49TH WEDDING ANNIVERSARY

A chicken dinner was enjoyed at the home of Mr. and Mrs. W. P. Dillman in honor of their 49th wedding anniversary and the birthday of their son, Russell.

The following guests were present: Mr. and Mrs. Wayne Kelley and 8 children, Mr. and Mrs. Elmer Quier and six children, Mr. and Mrs. Chas. Fitzgerald, daughter, grandson and her friend.

After the dinner, Mr. Dillman's nephews and nieces sang "Happy Birthday" for him. Ice cream and cake were served before they departed for their various homes.

Here is what one country boy who made a success in life says about the Sunday School:

"The Country Sunday School!

"In the peace and beauty of the countryside the Sunday school should flourish best. For God's bounty and beauty are all about the country Sunday school. I should like to see the country schools multiply and grow, for there is no better place in all the world for communion with the almighty than in the country Sunday school."

—Frank O. Lowden, ex-governor of Illinois.

As Mr. Lowden looked back over his childhood days in the Sunday School they brought back pleasant memories. Can you or will your children be able to look back and have those same pleasant memories? If not you and they will have lost one of the best things of life.

Why not start Sunday and bring your children?

NUGGETS FOR BEREANS

No. 76

Last week I gave two examples of the simple structural outlines. Now I wish to progress a little farther and give two more examples. The first is the SYNTHETIC type where truth, as it were, is built up by layers. Look at Psalm 1:1:

"O the happiness of that man,
What hath not WALKED in the
COUNSEL of the UNGODLY;
And hath not STOOD in the WAY of
SINNERS;
And hath not SAT in the SEAT of
the SCORNFUL."

Just see how an outline unfolds in the words, walked . . . counsel . . . ungodly, stood . . . way . . . sinners, sat . . . seat . . . scornful.

Another kind of structure is the inverted. Here the last line is related to the first, the next to the last related to the second and so on till we come to the central lines. See Isa. 6:10;

"Make the HEART of this people fat,
And make their EARS heavy,
And shut their EYES:
Lest they see with their EYES,
And hear with their EARS
And understand with their HEART."

I have given simple forms so that my readers may see that in the Bible there are certain laws of literary structure that are peculiar to God's Word and are not to be found in the books written by man. Extended forms of these structures may cover many verses, chapters, or even books, and it all goes to prove that a master mind, far above the minds of puny men, has organized and inspired all the Bible as we have it today.

For exercise, try outlining Psa. 19:7-10 and Isa. 44:26-28.

—Oscar M. Baker.

SAFFORD-BAILEY MARRIAGE.

Miss Charlene Louise Safford, daughter of Mr. and Mrs. Charley Safford of Talma, and Sgt. Earl J. Bailey, of Gulfport, Miss., son of Mr. and Mrs. Fred Bailey of south of Rochester, were married Sunday mor-

ning, Sept. 5. The single ring ceremony was read by Rev. Arthur Harmon of Lafayette at the close of the morning service of the Bethlehem Baptist church, south of Talma.

The church was decorated with fall flowers. Mrs. Von Kochenderfer sang and Albert Safford, brother of

the bride, played a violin solo. Both were accompanied on the piano by Miss Alice Haines.

The bride wore an afternoon dress of soldier blue with brown accessories. Her corsage was of talisman roses. Miss Adele Safford, sister of the bride, as maid of honor, wore a gold

colored frock and Miss Thelma Sanders, bridesmaid, was dressed in green. Each had brown accessories and corsages of rose buds. Lyle Bailey was his brother's attendant.

Following the ceremony a dinner was served in the home of the bride's parents. Sgt. and Mrs. Bailey are on a short honeymoon trip and at the end of his furlough they will reside in Gulfport, Miss.

For several years the bride was a teacher in the Talma schools and last year taught in Gary. Sgt. Bailey is an instructor of airplane mechanics at Gulfport Field.

AMATEUR ASTOUNDED BY A SWEET POTATO

That's "potato" and not "patootie" in the heading above.

H. V. Johns was making the rounds on Main street Monday displaying a giant sweetpotato which he had just unearthed in his victory garden. The wrinkled but monstrous bit of southern delight weighed just a mite over three pounds and four ounces, which is a lot of sweetpotato.

Mr. Johns, although a planter by profession, is classed among the amateurs as a victory-gardener, and it is needless to state that he was surprised at his own accomplishment.

A TRUE FUR COAT STORY

All morning I have been busy thinking in tempo with my canning of tomatoes, grapes, etc., thinking of the years I have wanted a fur coat and unable to purchase one because of lack of funds. Then came the war and we have more money than ever before. Surely now I can buy that fur coat, since I have earned and saved the money myself. Yes, I would buy a nice fur coat! But I hadn't reckoned with my conscience, for over and over it kept saying, "Buy more War Bonds, Buy more War Bonds! Yes I know you have done your part already but do your best." Well, a fur coat won't keep me warm this winter but there will be a warmth within knowing that I haven't failed a single boy who is giving his comfort, his way of living, even life itself and maybe more than life itself—as Dr. Dan Urschel could tell you (from his fine letter).

Now, honest folks, can't you give up something you had wanted to buy so much? After all, maybe it wasn't necessary anyway. Who was it that said?—

For a cap and bells our lives we pay.

Bubbles we buy with a whole soul's tasking;

So folks, let's help make the sacrifice (If getting back \$4 for every \$3 invested is a sacrifice) with our boys.

Mentone has a right to feel proud of her boys in service, as has been proven—now let's make them proud of us by buying War Bonds until it hurts!

Note to the Reverends of the town: The rest of quotation given above would make a good sermon. Do you know it? If not, will give it in paper another week.

—Contributed.

CONSERVATION CLUB PLANTS GAME FISH WEDNESDAY

The Mentone Conservation club received eight thousand bluegills and two thousand rock bass minnows on Wednesday from the State Fish Hatchery and C. O. Mollenhour took them to Yellow Creek Lake and put them where they could grow up to be bigger ones.

A recent issue of the conservation magazine, Outdoor Indiana, carries a feature article about wildlife habitat restoration areas in Indiana, and the report shows that Kosciusko county

is leading every other county in the state in establishing such game refuge areas. This county has 18, two-thirds or more of which have been established by the Mentone club. Dubois and Jasper county are next, with 17 and 16 respectively.

Boost Poultry And Egg Production ... Help The National Program

The "National Poultry Conservation Program," now in full swing, urges every poultry raiser — large and small — to do his best to raise production and lower mortality.

Select The Best Birds For The Laying House

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

☐ CHOOSE EARLY MATURING BIRDS

Early maturing pullets — the kind that have full body development and start laying at five or six months of age (6 to 7 months for heavy breeds) are the ones that make the best layers. Birds that start producing before five months seldom have good size and will lay small eggs. Pullets which are eight or nine months in maturing are also usually poor layers.

☐ SELECT ONLY STRONG HEALTHY PULLETS

Birds that are extremely thin, with droopy lazy attitudes, are not the kind to be put into the laying house. Neither are paralyzed birds, those with gray eyes and broken down irregular pupils (gray-eyed birds will eventually go blind.) Birds with severe bumble feet, swollen wattles, twisted or broken beaks, and crooked toes should also be removed, they are too handicapped to make good layers. Put in only birds that are full of pep, energy, and vitality, this way you save time, feed, and money and get a bigger return for your investment.

☐ FATTEN AND SELL THE CULLS

There is no need to lose money on the culls. Fatten them up and put them on the market as quickly as possible. Use Dr. Salsbury's AVI-TAB in their mash . . . helps pep up appetites. The meat and feed shortage together with favorable market prices makes the disposal of "cull" birds profitable.

AND NOW —

Don't forget about our Poultry Health Service. Disease Control will do much to meet the goals set by the government. We are cooperating with the National Poultry Conservation Program and will be glad to help you whenever possible.

MANPOWER SHORTAGE?

Congress, and the nation, has been engaged in a bitter controversy for many weeks regarding the drafting of family men into the armed forces and the critical shortage of laboring men and women.

There have been wild claims from all quarters, many of them substantiated only by the individual—or group's—desires.

The harlot's daughter has returned.

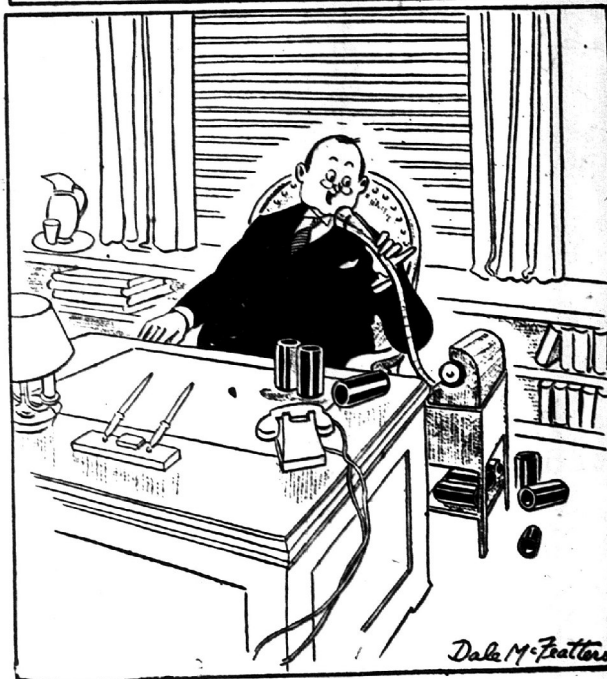

In an effort to alleviate the mental agony of war-manufacturing plant managers, the usual procedure of bidding on a war contract was placed in the discard. In its stead came the cost-plus method of payment for war materials. (This procedure is general but is not enjoyed by many of the smaller or sub-contractors.)

Therefore, the greater the cost of production could be made the larger the amount to which a percentage of profit could be obtained. Wages went higher and higher—one of the greatest aids to destructive inflation and the various costs of operation soared. The American efficiency was thrown away entirely. Foremen were bribed one way or another to slow up production; workmen were warned that they could produce only so much in a work day, and fabulous contributions to charity and institutional advertising were made—all of which was added to cost of operation—and a bigger profit-figuring total.

There are many in Mentone who have been or are working in war plants that have told of many having to loaf because there wasn't work to be done. I know, and so do you, of many instances of such unforgivable deeds of "industrial sabotage." A foreman in a Chicago plant said he had 140 men in his department and that he formerly got more work done with half as many—they were in one another's way now.

STRICTLY BUSINESS

by McFeatters

"Now, here's a fast express going through a tunnel . . ."

Another instance was regarding a special tool. This plant never used over ten a week, but for months they have had a standing order for 300 A WEEK. Why? The superintendent's answer was: "After the war is over we'll buy the unused tools back at a low price and never have to make another for ten years." (This writer is personally acquainted with the foreman who had to supervise the constant fulfillment of this order.)

Factories have seemingly been hoarding labor because they expected future big orders and wanted to be sure of having the working people when they needed them. They would not even take a chance on loaning the extras to another firm until they did need them.

Any congressman—if he had a desire to do so—could find thousands of useless employees hiding behind the so-called sacred walls of "war plants."

There are likely no more fathers afraid of the draft than there have been "non-fathers." Personally, they wouldn't hesitate one minute longer than every other American boy has hesitated. But when fathers go to war they must leave their wiv-

es and children at home, to suffer the privations of attempting to maintain a home, make a living for the family, possibly attempt to hold together a life-savings in a small business—and yet give the mother time and opportunity to properly guide her youngsters that they might grow up to be human beings and not human devils.

Industry wouldn't move an inch—irrespective of its patriotic duty—to help produce the implements of war until she was properly subsidized, financed or otherwise guaranteed that she would make a profit and suffer no bad investments or operational losses. She was willing to cast democracy to the thieves rather than make any sacrifices. If this was fair to industry, then it is fair to humanity. Guarantee the business, profession or means of livelihood of every man and there would be little need for a draft. Canada hasn't seen fit to draft men for war, and even announced a few days ago that she had decided to demobilize some of her fighting forces.

If industry had to equip that extra million fathers that are so necessary on a no-profit basis there would likely be no "need"

for them. In two years we have moved two million men to the fighting fronts. There are five million in camps ready to go. How long will it take to clear the camps sufficiently so new recruits can be trained properly and efficiently?

If the fathers are actually needed more in uniform than in strained civilian life, then let's hope they go and do their duty. At least, the finger of scorn will never then point their way as it will to many. World War I "escapists" are still in our land and few there be that don't know who they are.

DISCARD "FOR THE DURATION"

It has been quite natural for us to use the expression: "For the duration," as proof for various circumstances, etc. There is likely no harm in doing so, but it gives a rather bad impression. We're making many sacrifices, but our customers are doing the same and are not complaining too bitterly.

The constant use of the above expression is likely to undermine our own morale or enthusiasm. We can't let that happen now. Sure it's tough going at times but others have become victors in similar circumstances—and we can too. It's a challenge to humanity—and we must not fail. Others are depending upon us. The lives of all future generations will either benefit—or suffer—because of the things we do today.

As has been stated before, most of us "lost our suspenders" at Pearl Harbor. Some of us haven't found the ambition to reach down and pull our trousers back in place. It's time we did.

One of Carlisle's quotations comes to mind frequently. As I remember, it goes something like this:

"There are no hopeless situations; but merely men who have grown tired."

Can we accomplish a little more by trying a little harder? Let's try.

**ILLINOIS FARMERS FINED
BY OPA ON CORN SALES**

Earlier this month Illinois newspapers announced that OPA had prosecuted five more Illinois farmers who were charged with selling corn above ceiling prices to a co-operative elevator at Ersa, Illinois. Judgment against these five farmers amounted to \$1,683.63. The latter part of August two other farmers paid fines amounting to \$2,184.60. OPA has filed a suit against the Ersa, Illinois Cooperative for \$21,225.00 for their sale of corn above ceiling prices. This represents an amount of \$7,075.00 above ceiling price and is liable to triple penalties.

Corn Ceiling Prices at a Glance.

Here is a condensed explanation of corn transactions that may be of help to those interested. Calculations are made on the basis of track price. These are maximum prices and are based on No. 2 yellow corn.

Mentone Track Price \$1.02½

Farmer to Farmer—5c over nearest track price.

Farmer to Trucker—2c under track price.

Farmer to Elevator—2c under track price.

Trucker to Farmer—Track price at origin, plus lowest applicable common carrier rate, plus 2c per bu.

Elevator to Farmer—(At Retail).—Not to exceed 5c per bushel over track price. If a delivery charge has been customary before April 14, 1943 this can be added on. If corn is sacked, add on replacement cost of sacks, plus a sacking charge of 2c per bu. for sacking.

Trucker selling to Elevator—Track price at origin, plus lowest common carrier rate, plus 2c per bu. Trucker is required to furnish buyer with statement showing place and date of purchase, name of person from whom the corn was purchased, price paid, and amount of transportation.

Elevator to Trucker, or Carloads.—Not to exceed track price.

From the information here given

it can readily be seen that the elevator has a ceiling 7c per bushel under that of the farmer selling to his neighbor and with the demand for corn local elevators are unable to buy any local corn. It is necessary to buy corn from truckers bringing corn from other areas and as can be seen from the schedule this greatly increases the price which must be passed on to the purchaser. This accounts for the difference in the retail price of corn and the price the local elevators can pay.

Elevators are not permitted to compete for the farmer's corn as was once the situation and which made this a good market for farmer's corn. As it now stands it might appear that local feed outlets are over charging for corn but the price charged is due to the fact that corn must be brought in from a distance by truck in place of being bought locally in competition with other buyers.

NUGGETS FOR BEREANS

No. 77

Again I wish to call attention to the value of structure in the Word as a means of explanation. Psa. 19 was for a long time attacked by the critics. They said that the latter part must have belonged to some other writing; that the whole Psalm lacked unity. But when we put it on a structure, the wonderful unity becomes apparent. Look it over carefully;

A 1-4. The Heavens.

B 4-6. In them "The Sun."

A 7-10. The Scriptures.

B 11-14. In them "Thy Servant."

In other words, if we study the signs of the zodiac and as many of the original names as we can find, we do find that as the sun makes its course through the 12 signs and the 36 Decans, the story of redemption is told. The story begins with the Virgin and the Branch and ends with the Lion of the tribe of Judah. For 2500 years before Moses began to write the Pentateuch, the Gospel story was written in the stars. But man in his wickedness, changed the names and made mythological characters out of the divine characters. So today we can see how that the Gospel story has degenerated into astrology and fortune telling.

It has also been discovered that the Psalms are divided into 5 groups or books, and that each one of these corresponds to one of the books of Moses.

The Genesis Book, Psalms 1-41.
The Exodus Book, Psalms 42-72.
The Leviticus Book, Psalms 73-89.
The Numbers Book, Psalms 90-196.
The Deut. Book, Psalms 107-150.

—Oscar M. Baker.

ACHIEVEMENT AND RALLY DAY METHODIST CHURCH SUNDAY

Achievement Day and Rally Day will be observed in the Mentone Methodist church next Sunday, Sept. 26 in morning and afternoon worship and celebration.

Achievement Day is a program of celebration for the liquidation of the long-standing indebtedness. Under the pastorate of Rev. E. E. DeWitt an extensive remodeling and improvement enterprise was made possible. Through the incentive offered by the late Mrs. Eliza Guy this obligation has been entirely paid. Rev. DeWitt, who has many friends among us, will be present at the noon time and speak after dinner.

Rally Day is the period when the church faces up with its new year privileges. It is annually observed. The date has been advanced one week that our church may join most other denominations in observing World Communion Day the following Sunday. Rev. R. C. Plank, pastor of the Warsaw Methodist Church, will present the challenge of the new day in the afternoon service.

The congregation will join in a basket dinner at the noon time.

Good music, good speaking, good fellowship, and a good dinner will be the program for young and old.

Every friend of the Methodist Church is welcomed at the church for all services Sunday.

ROBERT WHETSTONE GRADUATES FROM TECHNICAL SCHOOL

A news release from Scott Field, Ill., under date of September 25th, states that Pfc. Robert J. Whetstone, son of W. W. Whetstone of Mentone, has just been graduated from the parent radio school of the Air Forces Technical Training command, according to an announcement by Gen. Wolcott P. Hayes, post commander.

During the intensive training period here R. T. Whetstone received instruction in radio operation and mechanics and is now qualified for duty as a member of a fighting bomber crew.

Since Scott Field, part of the vast network of the Technical Training Command schools under Gen. Walter R. Weaver, is devoted solely to radio the destination of Pfc. Whetstone may be a more advanced radio school, a gunnery school, or an operational training school, where he will receive instructions as part of a bombing "team." His actual designation, however Gen. Hayes said, is a military secret.

ENTERTAINS FOR DAUGHTER AND SON-IN-LAW

Mrs. Glenna Fisher entertained on Sunday at her country home southwest of Silver Lake, in honor of her daughter and son-in-law, Cpl. and Mrs. John D. Newell of Madison, Wis.

The following guests were present: Mr. and Mrs. Lester Hoyer and family of Crown Point, Mr. and Mrs. Joseph Widman and family of Larwill, Mr. and Mrs. Jesse Newell, Mr. and Mrs. Darrel Coplen and sons and Mrs. Harry Gible and son of Mentone, Mrs. Ruby Reed and son, Mr. Curtis Fisher and Mr. Que Fisher of Silver Lake, and the honored guests, Cpl. and Mrs. John D. Newell.

The Mentone fire department was called to the Clyde Moriarity home, west of Tippecanoe, Monday about 10:30 when their home burned. The building was a total loss but most of the furnishings were removed. A long, slow freight train that persisted in not hurrying or being hurried, delayed the fireman many minutes.

ATTENDING STATE MEETING

Mr. and Mrs. Charles Manwaring and Mr. Forrest Kesler attended the annual meeting of the State Poultry Association at Purdue University on Wednesday and Thursday. Charles Manwaring, who is president of the Record of Performance Association of Indiana, will have charge of the R. O. P. group meeting and Mr. Hobart Creighton will have charge of the committee dealing with the feed situation and its possible solution.

MENTONE HORSES WIN AT SOUTH WHITLEY SHOW

Robert G. Reed and family, Darrel Tucker and family and Mr. and Mrs. Rex Tucker attended the fourth annual South Whitley horse show Sunday afternoon. Seventy entrants competed for prizes. Ace High, owned by Rex Tucker and ridden by John Underwood of Winamac, won top honors in the three-gaited English saddle horse class. Nell, owned and ridden by Rex Tucker, was third in the plantation walking horse and John Underwood won top honors in horsemanship on Ace High, also owned by Rex Tucker of Mentone.

WILLIAM HARVEY POOR DIES

Mr. William Harvey Poor, 78, died of complications at 12:10 a. m. Sunday morning at his country home located four and one-half miles northwest of Warsaw. He had been in ill health for the past month, but his condition became serious this past week.

Surviving besides his wife are one daughter, Mrs. Omer Drudge, and two grandchildren, Martha and Mary Drudge, who live south of Mentone.

SODALES CLUB MEETS

Thursday, Sept. 23, the Sodales club held its regular meeting at the home of Mrs. Hazel Linn with nine members present. The afternoon was spent in playing rook with Mrs. Ruby Smith winning first prize; Mrs. Nellie Reed second, and Mrs. Tural Nelson consolation.

BANNER DAY AT METHODIST CHURCH

Rally Day and Achievement Sunday was a successful occasion for the Methodist church of Mentone last Sunday.

The morning service was conducted by the pastor, Rev. Victor E. Stoner who spoke on "Proceed Master." In the afternoon Rev. E. E. DeWitt, formerly pastor of Mentone Methodist and now of Larwill, Ind., brought remembrances of the struggles the church faced during the depression era. In an effort to overcome the sinister effects which followed, the church under his leadership launched a successful improvement project. Rev. O. F. Martin, a former Mentone pastor and district superintendent, spoke briefly of the spirit of the Mentone church. Rev. R. C. Plank, Warsaw minister, gave the concluding address on "The Church for the Future."

Mary Beth Shinn sang a solo, and two numbers were presented by Mesdames Walter E. Dillman and Arthur Witham. Violet Freisner and Patty Witham sang a duet during the Sunday school hour.

A bountiful dinner was served at the noon hour to a large number of guests and members of the church. Among the guests were Rev. and Mrs. E. C. Ralston of the Baptist church and two students of Moody Bible institute who were their house guests.

The attendance for the day was the banner for the year thus far.

Next Sunday will be World Communion Sunday when it is expected that even a larger number will attend.

Superintendent Raymond Lash announced the promotion of all scholars who were eligible. Next Sunday also begins the new Church School year.

MARRIED LAST WEEK

Mrs. Rhoda R. Beltz of Mentone and Mr. John Baucher of Tippecanoe, were united in marriage Sept. 22 at 2:30 o'clock in Plymouth, Indiana by Rev. Marsh of the First Christian Church.

POLITICAL PARTIES NAME TOWN ELECTION CANDIDATES

According to state law, all Indiana towns will elect officials on Tuesday, November 2, and in conformity with that law, candidates selected by party caucuses were to be made on or before Saturday, September 24.

The republican caucus was held on Friday evening at the town hall and elected party officials and named the candidates for their ticket. Dale Kelley was named chairman; George Clark, secretary, and W. W. Whetstone treasurer. In the nomination meeting candidates were nominated as follows: First ward, Artley D. Culum; second ward, Fred Lemler; third ward, Max Smith (who is now serving on the town board), and Raymond Bare for clerk-treasurer.

The democratic caucus was held at the same place Saturday evening at which time Arlo Freisner was named chairman with Hazel Linn as vice chairman. The candidates nominated were: Ernest W. Igo, ward one; Wm. Vernetto, ward two; Cloice Paulus, ward three, and Elmore Fenstermaker for clerk-treasurer.

FAYE—MILLER MARRIAGE

On Sunday, September 12, Miss Danzetta Faye, daughter of Mr. and Mrs. William Squires, became the bride of Joseph Miller, son of Mr. and Mrs. Rufus Miller of Bourbon. After the musical selections by Mrs. Herman Lemler, pianist, and Mrs. Louis Erwin, vocalist, the couple repeated their vows before a candle-light altar of garden flowers in the Squires home. They were attended by Mrs. Esther Thomas and Louis Schuster, Jr. Rev. Arthur Truex officiated.

The bride, attired in a princess style white satin gown with fingertip veil, carried white rosebuds. Mrs. Thomas chose turquoise mair for her gown and carried pink rosebuds.

A reception followed for the immediate families, and a few friends of the couple.

Mr. and Mrs. Miller are at home in the Berkeypile apartments in Bourbon.

MENTONE SCHOOL NEWS

Mentone continued on the victory path with a 9 to 3 rain-soaked win over the Etna Green Cubs. Mentone came from behind with a four-run rally in the second to overcome a 3-run Etna Green lead. Mentone played near errorless ball while six Etna errors hurt their chances of winning. Mosier's two singles led the Mentone offense as the Bulldogs finally got going.

"DICK" GREULACH TOPS

CHICAGO HOG MARKET

A news release was received from the Chicago Stock Yards press bureau Wednesday, as follows:

R. C. Greulach, a Kosciusko county farmer of Mentone, was represented on the Monday market at the Chicago Stock Yards this week by a shipment of extreme weight hogs that were among the outstanding sellers of the day's trade for stock of this class.

The consignment included 500-pound sows that sold at \$14.80 per cwt., or \$74.00 each. They were purebred Berkshires of outstanding quality. He also was paid \$8.25 per cwt. for a 780-pound boar, the top on Monday for hogs of this class.

"IKEY" DAVIS HONORED

A dinner was held Sunday honor-

ing Emory (Ikey) Davis, who is home on furlough from the navy, at the Howard Horn home. Those present to enjoy the occasion were: Mr. and Mrs. Chas. Davis and son Emory, Mr. and Mrs. Earl Leedy and daughters of Warsaw; Mr. and Mrs. Earl Davis and family of Talma; Mr. and Mrs. Royce Bemenderfer of Chili. Afternoon callers were Mr. and Mrs. Clifford Wilhoit of Akron.

Upon the evening of his birthday, Sept. 15th, Mr. Frank Warren was very pleasantly surprised with a birthday supper by his daughters, Neva and Tessie, of Fort Wayne, and families and his granddaughter Evelyn, also of Fort Wayne.

Mr. and Mrs. John Hindaugh and Mrs. Emma Gardner of near Larwill, and Mr. and Mrs. Merlin Hindaugh and daughter and Mrs. Ihrig, of near Columbia City, spent Sunday at the Artley Cullum home. Mrs. Gardner remained for a visit with her daughter, Mrs. Myrtle Reed, and granddaughter, Mrs. Artley Cullum.

NOTICE TO

Locker Patrons

Because no extra storage will be available in locker room this year, please, only bring to Locker Plant such amounts of meat, chickens, vegetables and other items as you are sure your locker will accomodate. There is absolutely no space to store the overflow. Moreover, baskets, boxes and what-not jamming the aisles means torn clothing and possible accidents.

If you are ill and are unable to enter the locker room to wait upon yourself, we will be glad to help, but as we now have 400 lockers to service, you can see how impossible it would be to render this service to every patron. Our time, from now on, will be entirely taken up in preparing your food quickly and efficiently for locker service. Positively nothing will be accepted for storage in lockers unless a processing charge has been paid upon it.

We thank you very much for your cooperation.

PLAN YOUR WINTER EGG PROFITS NOW

It takes a lot of planning and looking ahead to assure maximum profits throughout the entire winter.

GET LAYING HOUSE PULLETS READY FOR ACTION

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

☐ GIVE A WORM TREATMENT

Worms are robbers which can tear down production even before it gets a good start and the chances of yours birds NOT being wormy (especially if they have been on range) are so small you cannot afford to run the risk of not worming. We recommend Dr. Salsbury's ROTA-CAPS for the individual bird treatment or if you prefer a flock treatment use Dr. Salsbury's AVI-TON—both do an excellent job.

☐ VACCINATE TO STEP UP RESISTANCE

One of the big problems facing your laying flock this fall and winter is colds and roup. A stitch in time now may save a lot of trouble later. That's why we recommend that, while the birds are being handled for Rota-Capping, they also be vaccinated with Dr. Salsbury's MIXED BACTERIN (Avian) Chicken Formula to help step up resistance to a number of germs which are nearly always found associated in cold and roup outbreaks.

☐ TREAT FOR LICE

At the time you worm look for lice. By brushing the feathers back you easily see these body parasites and be completely convinced of the need for using Dr. Salsbury's NIC SAL on the roosts . . . easy to use and effective, too. Or, if you prefer, use Dr. Salsbury's LOUSE POWDER for dusting the birds.

REMEMBER—

We carry the complete line of Dr. Salsbury's poultry medicines, bacterins, and vaccines. We are in a position to advise you on all matters pertaining to poultry health. Bring your problems to us. The emblem at the right signifies our cooperation in the National Poultry Conservation Program.

A MAN AND A RAILROAD —they're guided by the same code

We all know someone like Ed Bell. That's not his name, but it will serve.

Ed was doing pretty well in business fifteen years ago. He was working hard, looking ahead, had rosy plans for the future.

But along came the depression and you know what happened. Borrowing, debts, a struggle to keep going.

Ed stayed at it. Slowly he's climbed back on his feet. Today he's working in a war plant—working harder than he ever worked before.

He's got responsibilities, plenty of them, and

Recognizes them, too. Taxes to be paid. Debts to be paid off. War bonds to be bought.

And Ed has always put first things first. He likes to buy things for his family as much as any man, but he feels that the meeting of his obligations should come before anything else.

★ ★ ★

Many railroads have a similar history, and are now faced with the same kind of obligations.

They have been through a lot in recent years. High costs for labor, material and taxes, and low revenues due to depressed traffic. The average net earnings of all our railroads from the 1929 market crash to Pearl Harbor amounted to only a fraction over 2% per year on investment.

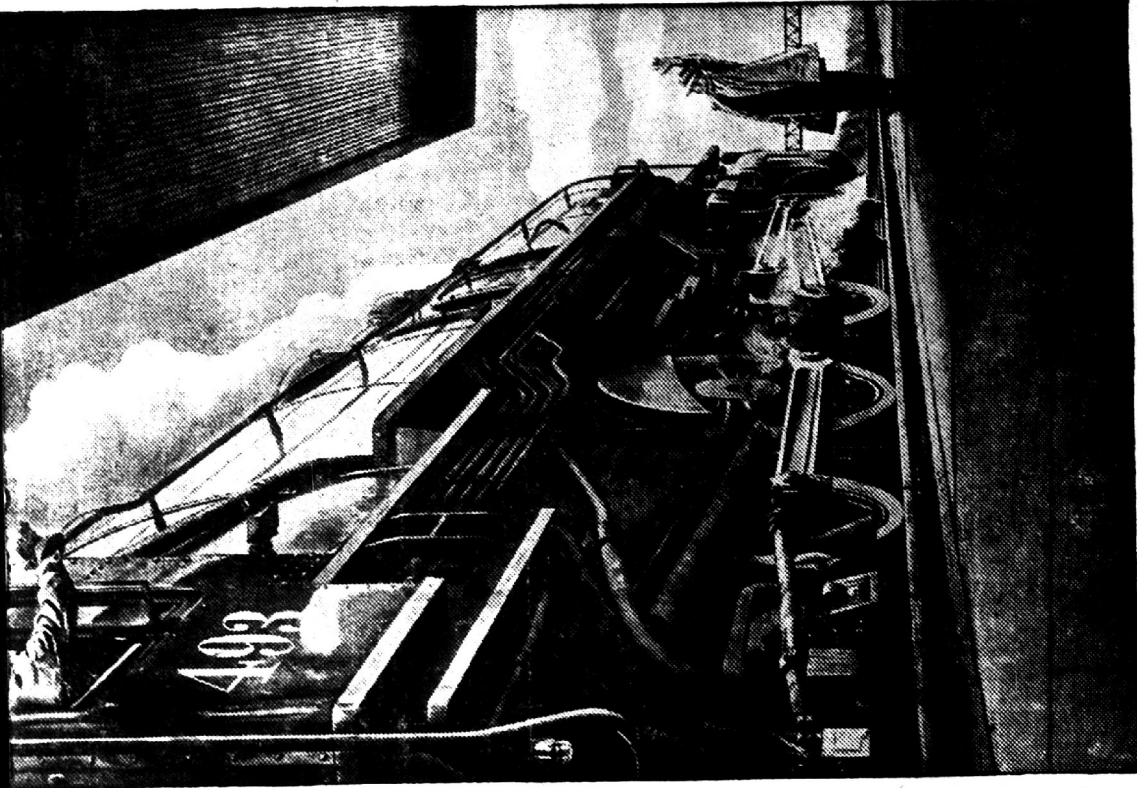

It is small wonder, then, that thirty-seven Class I railroads sought relief in bankruptcy. And that many others had a tight squeeze because of the burden of debt they carried.

Recently railroad income has improved. With the huge load of war traffic, they averaged for 1942 about 5½% return on investment.

★ ★ ★

Now they are faced with the same question that confronted Ed Bell. Shall they pay out these earnings to their families of stockholders, or shall they use them to reduce their overpowering burden of debt—so that once again our railroads can become sound and solvent institutions?

In the interest of both their stockholders and the public most of our railroads—and this includes the Nickel Plate—are currently placing debt reduction first.

NUGGETS FOR BEREANS

No. 78

"LET HIS HABITATION BE DESOLATE." (Acts 1:20). This is a quotation from Psalm 69:25. The word "habitation" in the original means "an estate," or "a country home." In verse 18 we are told that Judas had bought a field with the reward of iniquity. John 12:6 states that Judas was a thief (or a robber). Evidently he stole from the bag he carried until he was able to buy a field and set up a suburban estate.

Judas was the only one of the 12 who was not a Galilean. He was a man of Kerioth (Iscaiot) and probably was a shepherd. This accounts for the "bag" which the shepherd carried. It is likely that he was ambitious and was under the impression that Jesus would overthrow the Romans and set himself up as king in Jerusalem. If so, then Judas would have a first chance at position and

wealth.

But this rosy picture is all changed by Jesus warning them of his death which was to come soon. No doubt Judas is angered when he sees his hopes dashed to the ground, and his first impulse is to do something to harm Jesus. Knowing that the Lord is wanted by the Priests and Pharisees, he makes his way to them and strikes a bargain in which he is to betray the King of the Jews.

But Judas has been one of the 12 for several months, even years. He went out with them and healed the sick, cast out demons, and proclaimed the kingdom at hand. He knows Jesus as an innocent man, one who loved His disciples, and one who had truth. So the arrest of Jesus awakens his conscience and with a burden of guilt he goes back to the temple and casts down the blood money. But it is too late. He had made his last choice when Jesus gave him his last chance to decide at the supper.

So in remorse he goes out to his little estate, bought with stolen money, and hangs himself. Either the tree or the rope breaks and he falls with force to the earth and bursts open. This all occurred under such strange circumstances that it was known of all Jerusalem. So that place was shunned and called "The field of blood."

So ends the story of one who rejected his Lord. "He that hath not the Son of God hath not life" is still true today. Let us remember the solemn warning, "LET HIS HABITATION BE DESOLATE."

Mentone Methodist Church with the observance of the Lord's Supper at the worship hour.

This service of worship will be commemorated throughout the Christian church upon this day. It signifies the unity of the church. There is adversity of opinion among Christian believers, but there is unity in the faith.

When war speaks so loud, breeding hate and discord, the enemies of peace, it is time for all Christians of every race to show to mankind that the true basis of peace is in the Gospel of Christ and in the fellowship of His Salvation.

Morning worship is at 9:30 and in the evening at 7:30. Sunday school follows morning worship.

MARRIAGE OF DAUGHTER IS ANNOUNCED BY PARENTS

Mr. and Mrs. Russell Chapman of Talma, announce the marriage of their daughter, Helen, to Pfc. Dean Meyer, son of Mrs. C. A. Breen of Rochester.

The ceremony took place on Thursday, October 8, 1942, in the Methodist parsonage at Farmington, Mich., with the vows being read by the Rev. Howard C. Busching. Mrs. Meyer has been in nurses training at the Methodist hospital in Gary.

At present Pfc. Meyer is stationed at an air base in Florida. Mrs. Meyer will complete her training on Sunday, September 26, 1943, and is leaving immediately to join her husband in Florida.

IN MEMORY

In memory of our Mother, Mrs. Amanda Baugher, who passed away one year ago September 30.

In loving memory of our Dear Mother
Who passed away a year today.
Not one day do I forget you,
In my heart you are always there;
Loved, remembered, longed for always,

As it dawns this first sad year.
Some may think we have forgotten,
When at times they see us smile,
But they little know the sorrow
That is hidden all the while.
Deep in my heart lies a picture
Worth more than silver or gold;
It's a picture of our dear Mother,
Whose memory will never grow old.
Sweet is the spot where you are laid;
Many a visit in silence is paid,
To lay down a flower to remember thee;

Never forgotten and never will be.
