CHARTER MEMBERS HONORED

Mrs. Bertha Meredith, Mrs. Louisa Swick and Mrs. Phmiana Thomas, charter members of the Beaver Dam Home Economics club, were guests of honor recently at the Hotel Hays in Warsaw. The occasion celebrated the 25th anniversary of the club, and was attended by 25 members. The charter members received lovely corsages and posed with the others for pictures taken at the city park. Mrs. Maynard Summe read the history of the club up to the present time. Following the dinner the group enjoyed a musical program presented in the tabernacle at Winona Lake.

VALENTINE TO OPEN
ELEVATOR SEPTEMBER 12

Leo Valentine, who recently purchased the Mayer Grain Elevator at Mentone, will assume management Monday. That day will be taken up with inventory, but the elevator will be opened to the public on Tuesday, Sept. 12.

Harold (Macy) Nelson, who has been sales representative in this area for the Martin Feed Mills at New Paris the past ten years, will manage the plant. He will be assisted by Clarence Julian, who has been with the plant for about three years, and Harry Sullivan.

Mr. Valentine announces that he is planning on many changes and remodeling in the elevator, and it will be several weeks before this can all be accomplished. In the meantime he and Manager Nelson extend an invitation to everyone to come in and get acquainted with the feed, supplies and services they offer.

LIONS MEET FOLLOWING
SUMMER VACATION

The first meeting of the fall season for the Mentone Lions Club was held at the Mentone school Wednesday evening. Richard Manwaring, the new president, was in charge.

Theo. Knox, of Larwill, a former entertainer with a chautauqua, gave several very clever impersonations and readings, all of which were immensely enjoyed by the large number of Lions present.

DICK CLARK'S RAIN REPORT

Thursday, Aug. 31, and Friday, Sept. 1—3 inches.

PSI IOTA XI MEETS

Mrs. Harold Utter was hostess to the Beta Epsilon chapter of Psi Iota Xi sorority, for the monthly business meeting. Twelve active members answered to roll call.

It was voted to donate \$50.00 to the softball association to help defray expenses.

Mrs. Lyman Mollenhour won the door prize.

Following the closing of the business meeting, delicious refreshments were served by the hostess.

TRAILER DEMOLISHED BY
TRAIN AT BURKET MONDAY

Phillip Hill, 34, of Burket, was injured when the semi-truck he was driving was struck by a Nickel Plate train at 1:35 p. m. Monday at a crossing in Burket. He suffered severe scalp and arm lacerations. The trailer, loaded with hides, was badly wrecked and a portion of it knocked into the railroad station. Fortunately, no one was in the station at the time.

The mishap occurred when the truck stalled on the tracks and the westbound diesel train struck the vehicle broadside. The trainmen applied the brakes and stopped the train within its own length, and although the engine was badly damaged, there was no injury to passengers or crewmen.

TOMMY WHETSTONE
HAS MAJOR SURGERY

Little Tommy Whetstone, one-year-old son of Mr. and Mrs. Robert Whetstone, is recovering satisfactorily from a major operation. He is a patient at the Murphy Medical Center in Warsaw.

LOCAL BUSINESS ORGANIZA-
TIONS SUPPORT 4-H SALE

At the 4-H livestock sale held at the Warsaw fairgrounds last Thursday evening several of the local business organizations purchased either beef steers or barrows. Those from the Mentone community who purchased 4-H livestock were: Farmers State Bank, Mentone Stock Yards, A. F. Mollenhour, Northern Indiana Cooperative Association and Valentine Elevators.

The local 4-H club wishes to thank those who have supported and encouraged us in our effort "To make the best better."

ANOTHER BOUQUET

Mrs. Jake Gross brought a lovely bouquet of dahlias to the Co-Op. News office. The colors range from white and deep rose, to a rich ruby red. We do appreciate this bouquet and the others which have helped to brighten our office.

CALLED BACK INTO SERVICE

Don Coleman, son of Mrs. Marie Coleman, has received a call back into the Marines. He is to report at Indianapolis on Sept. 25, and will go from there to Camp Lejeune, N. C.

Don received his discharge from the service less than three months ago.

LARRY FLENAR IN AIR FORCE

Pvt. Larry G. Flenar, 18, son of Mrs. Mildred Flenar, has reported to the Lackland AFB (San Antonio, Texas) the Gateway to the Air Force, to begin the AF basic airmen indoctrination course, there.

Lackland is the world's largest air force base, center of Air Force basic training, for airmen and women, indoctrination station for prior service reenlistees, and home of AF's Officer Candidate School.

His basic training will prepare him for entrance into Air Force technical training and assignment in specialized work. The course will include a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

SCHOOL ENROLLMENT LISTED

The following figures were given to us by Mr. Kent and show this year's school enrollment.

Grades 1 to 8	210
Grades 7 & 8	73
Grade 9	30
Grade 10	28
Grade 11	29
Grade 12	22

The enrollment is down somewhat from last year, but will be raised soon when several students return from "hay fever" trips.

There are 38 students enrolled in the band, and 28 in the Girls' Chorus.

On Wednesday 245 meals were served, which will probably be about average.

ENJOYED CANOE TRIP

A card sent from Duluth, Minn., on Aug. 28, from the Dan Urschels, says: "Charles and I arrived here safely yesterday after eight days on the border lakes. Fourteen lakes, 16 portages, varying from a few rods to three-fourths of a mile. Plenty of cold weather, and some good fishing.—DAN."

The Urschels, like several others from our community, have to seek relief from hay fever in the north or northwest.

ENGAGEMENT REVEALED

The engagement of Miss Mary Louise Green to Robert H. Kale has been announced by the former's parents, Mr. and Mrs. Charles Green, of Talma. Mr. Kale is the son of Mr. and Mrs. Walter Kale, of near Talma. The bride-elect is a graduate of the Talma high school and is employed by the Chester White Journal at Rochester. Her fiancé, a Richland Center graduate, is employed at the Studebaker Corporation at South Bend. A fall wedding is being planned.

TO BE MARRIED SOON

The engagement and approaching marriage of Miss Marilyn Louise Bussert to Leonard J. Staldine has been announced by the bride-elect's mother, Mrs. Palmer B. Bussert, of Rochester. The couple will be married in the Rochester Grace Methodist church on Sunday, Sept. 24. Mr. Staldine is the son of Mr. and Mrs. Ed Staldine, of Talma, and is employed at the South Bend Supply Company.

CLUB CALENDAR

Mothers of World War II will meet at the home of Mrs. Helen Mollenhour, Wednesday evening, Sept. 13, at 7:30. Merry Mollys meet at Eileen Bowsers, Sept. 11. Remember the Chinese auction.

Mentone Home Economics Club will meet on Thursday, Sept. 14, at 1:30, at the home of Mrs. Linus Borton.

Jolly Janes Home Economics club will meet on Monday evening, Sept. 11, at the home of Mrs. Delford Nelson.

The Legion Auxiliary will meet on Tuesday, Sept. 12, at 8 p. m. at the Legion Home.

MENTONE MURMURS

by
DAVID and SALLY GOSSER

These September nights invite the friendly warmth and glow of hearth fires. Here and there across Mentone rise the spiral columns of wood smoke which perfume the air with an unmistakable aroma of nostalgic fragrance. "Throw another log on the fire," can be said, however, only by the few with a romantic turn of mind who have retained their fireplaces or built them new.

STAIR HAZARDS

Falls lead the list of home accidents, and a large number of such falls that result in death, or in temporary or permanent disability, take place on stairs. Leaving objects on the stairs to be carried up or down, and inadequate lighting are major causes of stairway tumbles.

Leaving objects on the stairs is a pernicious habit that should be taboo in every home. The tripper-over-toys or cleaning materials left at the top or bottom of the stairs is fortunate if he suffers nothing worse than a skinned elbow that can be taken care of with a touch of antiseptic and an adhesive bandage, i.e., one of those ready-to-use dressings that has the gauze pad already affixed to the adhesive tape. He is just as likely to end up with a broken arm or leg.

Stairways should have double-acton switches at the top and bottom so that the light can be turned on before starting up or down, and turned off afterward. Again it is only good luck if antiseptic and a ready-made adhesive bandage are all that are called for, as the result of a fall on badly lighted stairs.

Few such accidents have even the grim element of humor provided by the insurance claimant who reported that, believing he had reached the bottom of a dark basement stairs, he raised his head and struck a rafter. Thinking he had been attacked by an intruder, he struck out with his fists, hitting a post and breaking several bones in his right hand.

Folks with the super-practical outlook on life cannot be bothered with fireplaces. They contend that they are not efficient as a heating system, that they cause too much dirt, and that there would never be time to sit down and enjoy them. For the most part, their contentions are accurate and true, but the Spartan existence of a spic and span living is drab and colorless. People need to practice the art of living to keep alive any semblance of individuality. Murmurs can recall meeting folks whose countenance, like their homes, had that "never lived in" appearance.

There is as much controversy in the rules to the art of living as there is in the field of fine arts. But like the artist, the American family should retain its initiative to experiment with living until it finds the medium of expression that portrays its purposes and fulfills its ambitions and goals. The tendency of late has been to present prescribed orders of living in the realms of intellectual pursuits, economics, and religion. There has been evidence that Americans lack initiative to make their own lives, to venture beyond the status quo, to retain their will to go beyond the confines of security and ease to find a good life.

One of the dangers that exists at all times is the tendency to exact of others what we may find advantageous to ourselves. This is true in all realms of life. The saint may be as guilty of dictatorship as any tyrant and become as un-American in methods of gaining advantages as the worst political despot in the world. This is true not only in capital cities but in our rural communities as well. The over-zealous evangelist may stoop to conquer his adversaries with Neroic dastardliness which smacks of the days of the Inquisition, while at the same time he is condemning acts of immorality that in no way measure up to his own practices.

The American way of life should

retain the privilege of change without outward coercion and retribution. There is something of the Universality of God in the acceptance of people as they are. Mentone would be a happier and greater community if we were more charitable in our attitude towards our neighbors than we are. Regardless of our rules of living, this one should be a part of each and every American and Mentonite.

Mr. and Mrs. Howard Newton and family of Hammond, Indiana, spent the weekend at the home of Mrs. Tessie Newton.

Miss Marjorie Lockridge who has been a beauty operator at Lucille's Beauty Shop for the past four years is now employed at the Manitou Beauty Shop at Rochester.

Donald J. Smith of Willmette, Illinois spent the weekend with his parents, Mr. and Mrs. M. O. Smith.

Mr. and Mrs. Sam Garrison of Indianapolis called on Mrs. Bertha Sarker, Labor Day.

Mrs. Gale Morse, Miss Ellen Peterson and Miss Loe Lynch, all of Chicago were weekend guests at the homes of Obe and Tom Haimbaugh.

PROTECT OUR YOUNGSTERS

Back to school movements of youngsters 5 to 13 years of age will create additional pedestrian hazards. Although the fatality rate of this age group, is lower than that of any other group, officials are asking for even greater cooperation from the motoring public.

The little ones enroute to classes for the first time are the ones which need most watchfulness. They are away from home for the first time. They are often bewildered by the new experiences in school and in play. It is not reasonable to expect them to be alert for the street hazards.

Posters signaling "School's open" have been supplied school officials by the Chicago Motor Club as part of a joint effort with city officials to keep traffic hazards for school age youngsters at a minimum.

Greater caution in school and play areas, reduced driving speeds, increased alertness and close cooperation with police and school safety patrol members were urged by the Chicago Motor Club.

A steady decrease in child accident fatality rates was noted since the

formation of the school safety patrols 28 years ago in Chicago.

In 1922 America's toll of school children 5-14 years killed in traffic accidents was 3,700. That was the year patrols were founded. Last year the total number of children in that age group was 2,350, a drop of 37 per cent not taking into account the increase in population.

Credit for this reduction in death rates was given to police officials and school authorities whose efforts made the patrols effective.

Death rates of other age groups increased during those years, the motor club reported. The 15-24 bracket rose 86 per cent, 25-44 group rose 25 per cent, other groups averaged 13 per cent increase in traffic fatality rates.

With even better cooperation from drivers we may hang up a fatality-free pedestrian record among school children.

U. S. Grant

Ulysses S. Grant's father was a tanner. The boy who was to become president started as an apprentice in the family sole-leather tannery. A popular biography of General Grant, in 1864, was titled "The Tanner-Boy."

FIRE LOSSES AT
NEAR-RECORD LEVEL

With Fire Prevention Week ahead—the nation-wide observance will be October 8-14—public attention is being directed to the upturn in fire losses which has marked the first six months of 1950.

Total fire losses in the United States for the first six months of this year were \$387 million, an increase of 5% over 1949. This total is but \$8 million short of the \$375 million total reached at midyear in 1948, and in that year the all-time high of \$711 million in fire losses for an annual period was established.

Most disturbing to fire underwriters is the fact that of the \$18 million increase in losses during the first six months, \$16 million came in the second quarter. April losses were 11% over the same month of 1949; May losses, 8½%; and June losses, highest reported for this month in 21 years, up 11%. Monthly increases at this rate through the final six months will result in a record annual total fire loss just under \$720 million.

Underwriters were concerned when building costs rose gradually in the first quarter of 1950, for fire loss totals can be expected to follow changes in general price levels. During 1949 a drop in building costs was accompanied by a reduction of 6% in the annual fire loss total which was lower by \$43½ million in 1948. What was unlooked for, this year, was the sharp increase in building costs during the second quarter which, as of June 30, had carried costs to the highest point reached since 1939. As noted, during the second quarter, and coinciding with the rise in costs, fire losses increased by \$16 million to a near-record level.

In view of this adverse loss experience, which may result in the greatest total fire loss ever recorded for an annual period, policyholders are urged to take every precaution against fire.

USDH Inspection

Inspection of processed fruits and vegetables is optional, but many packers consider it good business to have their products government-inspected.

Bill Mollenhour, of the Warsaw Times-Union, was a visitor in the Co-Op. News office Wednesday morning.

Mr. and Mrs. Irwin Wissler and son Donald and another son, Billie and wife and son David, of Fort Wayne, were guests in the E. E. Jones home Sunday.

The 45th annual reunion of the Tommy Morgan family was held Sept. 3 at the home of Mr. and Mrs. George

Fritter, Valparaiso, Indiana. Those attending from Mentone were Mr. and Mrs. Bert Holloway, Mr. and Mrs. Abe Whetstone and Mrs. Lizzie Morgan. Mrs. Morgan remained for an extended visit. This proved to be a very delightful day and those who were not present missed something.

Monna Lee Sullivan had a tonsillectomy at the Murphy Medical Center at Warsaw Wednesday morning.

AN ORDINANCE REGULATING THE PARKING OF MOTOR VEHICLES IN THE STREETS AND ALLEYS OF THE TOWN OF MENTONE.

BE IT ORDAINED by the Board of Trustees of the Town of Mentone, Indiana:

SECTION 1. No motor vehicle shall be stopped or parked in any alley or in the traffic lanes of any street except when loading or unloading persons or property.

SECTION 2. When a motor vehicle is stopped or parked in an alley or the traffic lanes of a street for the purpose of loading or unloading persons or property, the loading or unloading shall be done promptly and without unreasonable delay.

SECTION 3. Motor vehicles shall be parked at an angle to the street where the street is marked for such parking by a series of white lines painted on the street at an angle to the street. At all other locations, motor vehicles shall be parked parallel to the street.

SECTION 4. No motor vehicle longer than a passenger car and no passenger car with a trailer attached to the rear of the car shall be parked at an angle in the areas authorized by Section 3 for angle parking. Commercial vehicles too long for angle parking may double park in the business area for, and only for, the purpose of loading and unloading persons and property.

SECTION 5. Whenever white lines have been painted on the street mark-

ing the parking space, motor vehicles shall be parked within the lines.

SECTION 6. When a motor vehicle is parked where angle parking is required, the right front wheel shall be within six (6) inches of the curb.

SECTION 7. Double parking is prohibited except when loading or unloading persons or property.

SECTION 8. No motor vehicle shall be parked where the curb is painted yellow or where signs authorized by the Board of Trustees of the Town of Mentone designate the area as a "No Parking Zone."

SECTION 9. No motor vehicle shall be parked within twelve (12) feet of any fire hydrant or in any manner that will hinder or obstruct the use of any fire hydrant.

SECTION 10. No motor vehicle shall be parked upon any sidewalk.

SECTION 11. Any person violating the provisions of any section of this ordinance shall pay a penalty in the sum of One Dollar (\$1.00), to the Town of Mentone for each violation.

SECTION 12. This ordinance shall be in effect on and after the tenth day after publication.

THIS ORDINANCE PASSED by the Board of Trustees of the Town of Mentone, Indiana, this 5th day of September, 1950.

DALE TUCKER,
Chairman of Board
DONALD J. VAN GILDER,
Member of Board

ROYAL NEIGHBORS MEET

Mrs. Lydia Rynearson, of Leesburg, was hostess to Maple Leaf Camp No. 2462, R. N. A., Tuesday evening, Sept. 5th.

The Neighbors enjoyed a delicious carry-in dinner at 6:30.

After the regular business session, Oracle Clara Parker presided. Two contests were the high points of the evening, prizes going to Neighbor Mary Teel. The mystery package went to Folsom Newell. A lovely greeting signed by each member present was sent to Pearl Fenstermaker, who hasn't been able to meet with us lately.

Just before the Neighbors took their departure, Neighbor Lydia, with Mrs. Eva as co-hostess, served ice cream.

The Camp will meet Oct. 3rd with Mrs. Kathryn Teel.

FIRE LOSSES AT
NEAR-RECORD LEVEL

With Fire Prevention Week ahead—the nation-wide observance will be October 8-14—public attention is being directed to the upturn in fire losses which has marked the first six months of 1950.

Total fire losses in the United States for the first six months of this year were \$387 million, an increase of 5% over 1949. This total is but \$3 million short of the \$375 million total reached at midyear in 1948, and in that year the all-time high of \$711 million in fire losses for an annual period was established.

Most disturbing to fire underwriters is the fact that of the \$18 million increase in losses during the first six months, \$16 million came in the second quarter. April losses were 11% over the same month of 1949; May losses, 8%; and June losses, highest reported for this month in 21 years, up 11%. Monthly increases at this rate through the final six months will result in a record annual total fire loss just under \$720 million.

Underwriters were concerned when building costs rose gradually in the first quarter of 1950, for fire loss totals can be expected to follow changes in general price levels. During 1949 a drop in building costs was accompanied by a reduction of 6% in the annual fire loss total which was lower by \$43½ million in 1948. What was unlooked for, this year, was the sharp increase in building costs during the second quarter which, as of June 30, had carried costs to the highest point reached since 1939. As noted, during the second quarter, and coinciding with the rise in costs, fire losses increased by \$16 million to a near-record level.

In view of this adverse loss experience, which may result in the greatest total fire loss ever recorded for an annual period, policyholders are urged to take every precaution against fire.

USDH Inspection

Inspection of processed fruits and vegetables is optional, but many packers consider it good business to have their products government-inspected.

Bill Mollenhour, of the Warsaw Times-Union, was a visitor in the Co-Op. News office Wednesday morning.

Mr. and Mrs. Irwin Wissler and son Donald and another son, Billie and wife and son David, of Fort Wayne, were guests in the E. E. Jones home Sunday.

The 45th annual reunion of the Tommy Morgan family was held Sept. 3 at the home of Mr. and Mrs. George

Fritter, Valparaiso, Indiana. Those attending from Mentone were Mr. and Mrs. Bert Holloway, Mr. and Mrs. Abe Whetstone and Mrs. Lizzie Morgan. Mrs. Morgan remained for an extended visit. This proved to be a very delightful day and those who were not present missed something.

Monna Lee Sullivan had a tonsillectomy at the Murphy Medical Center at Warsaw Wednesday morning.

NOT JUST A POLISH!
NOT ANOTHER WAX!

DU PONT SPRAY GLAZE IS AN ENTIRELY NEW PROCESS

- ✓ It's new! It's different! It's Du Pont Spray Glaze—the most significant development in car care in years.
- ✓ Du Pont Spray Glaze is applied to your car by a new, faster method—with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.
- ✓ Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze.

The Spray Glaze process includes:

1. Washing the finish with Du Pont Car Wash.
2. Pre-cleaning with a special Du Pont Spray Glaze Cleaner.
3. Applying Spray Glaze.

Shines brighter — lasts longer — costs you no more.

FILIPINO AT PLYMOUTH YOUTH FOR CHRIST SEPT. 9

Gregorio Tengan, of Manila, the Philippines, vice president of Youth for Christ International in the Islands, will speak at the Greater Marshall County Youth for Christ meeting in Plymouth High School auditorium on Saturday night, Sept. 9th, at 8 p. m.

Tengan, 29, has been the key man in the growth of Youth for Christ in the Philippines. Converted under the ministry of an American missionary, he served as the first Filipino director of YFC in Manila. He has been trained at the University of the Philippines, and is a graduate of Olivet College, Kankakee, Ill.

Together with Dr. Robert A. Cook, president of YFC International, and Merrill Dunlop, also of Chicago, he was instrumental in calling and holding the first national convention of YFC in Manila in 1947. During that convention the largest Protestant meeting in the history of the Philippines was held.

YFC rallies are now held in all parts of the Philippines. Meetings are also held in schools, penitentiaries, and other places.

Tengan arrived with his wife, Eglia Oranda Tengan, a graduate of a mission hospital in the Philippines, in San Francisco in the late fall of 1949 to complete his schooling.

"The Gospel of Christ—and only that—can counteract the Communistic philosophy in the Philippines," Tengan said when interviewed. "Only a superior ideology, the Gospel of Christ, can stem the tide of this ungodly force. Something should be done immediately to send spiritual aid to them. Within four years, the Philippines

may fall to the communists, unless help is sent."

Tengan is convinced that the Youth for Christ work started by American GIs should not only be continued but should be expanded greatly. He sees the key to the advance as the sending of American Youth for Christ leaders to inspire and help the native workers to do the job.

A good musical program is planned with YFC orchestra, Bob Beyer as song leader and Shirley Deavel at the piano; Paul Peterson, soloist, and a ladies' trio. Tom Morris will be Master of Ceremonies.

YFC Singingspiration will be held at the Plymouth Nazarene Church on Sunday night, Sept. 10th, 9:30-10:30. Rev. Bernard Green is pastor of the church which is one block south of road 30 at corner of Indiana and East Adams street.

Snakes Ears

A snake charmer could play his musical instrument like an angel, but he would not get a rise out of his snake if he did not have rhythm. Snakes have no external ears, and cannot hear sound waves in the air. They react only to the charmer's swing and sway.

Warns About Trees

Don't be surprised if hickories, oaks, elms and birches partly leaf out this season and then collapse. Some trees may put forth smaller leaves and take on a "wilted" look. These after-effects of the drought and beetle invasion will be felt to a diminishing degree over the next two or three years, according to Dr. Bartlett.

Burned Grass

Green grass coming in on bare blackened ground merely looks greener. Burning reduces yields as much as 50 to 70 per cent.

Indian Canoes

Canoes of Western red cedar—which often took the Chinook Indians years to hollow out—would carry 30 to 40 men.

Mr. and Mrs. Joseph A. Baker, of Mentone, were among the thousands of jewelers from all over the country who attended the jewelry trade show in Chicago, which was held Aug. 27 to Aug. 31.

Mrs. Chet Creighbaum was awarded a prize on one of her paintings at the county fair, held last week at Warsaw.

HUNTERS GET READY

Ed Dodd, wildlife expert and creator of "Mark Trail" radio character, warns that supply of game is not unlimited and must be protected.

With the peak of the hunting season within shooting distance, an estimated ten million sportsmen this week were shining up the old blunderbuss and rummaging through the trunk for last year's hunting togs.

According to current reports, nimrods can look forward to pretty good game bags. And, as usual, their wives can look forward to another long season as weekend hunting widows.

For the millions of hunters who seek the wild woods each year, the United States is truly a happy hunting ground, points out Ed Dodd, wildlife expert and creator of "Mark Trail," famous outdoorsman of radio and the comic strips. ("Mark Trail" returns to the air with his adventure stories on September 11 over the Mutual network, 5:00-5:30 PM)

From Bison to Shrews

The U.S. has a tremendous stock of wild animals ranging in size and weight from the mammoth bison, now nearly extinct and protected in national parks, to the tiny shrew (nine shrews weigh one ounce).

Despite this vast assortment of woodland animals, Dodd reminds hunters that the supply of huntable game is not unlimited. The country has been able to preserve its wildlife because state and national conservation organizations and far thinking citizens have exerted efforts in this direction.

Oregon Pioneers

Hunters, for instance, have the state of Oregon to thank for pioneering in the breeding of pheasants in this country. Back in 1881, Oregon was the first state to start breeding pheasants in the U.S.

As recently as a few years ago, Michigan carried on an unusual project designed to provide more and better hunting. A few dozen snow grouse were transplanted from their native Alaska to the colder northern regions of the state to see if possibly a new type of game could be bred for U.S. hunters.

Such activities as these are helping to preserve the sport in America.

One of Dodd's rules for hunters: shoot less and learn to get more fun from each bag.

PUBLIC SALE

I have sold the farm and will offer at public sale the personal property at the residence, 3 1/4 miles northwest of Mentone, or 2 1/4 miles southeast of Tippecanoe, on

"GOOD GOODS"

This Is Your Paper 'Want Ad' Market Place

By William R. Nelson

PEOPLE who have visited market places in foreign lands find them picturesque, quaint and colorful. If they had studied them carefully they would have found them also most inefficient. To sell things there it is necessary to transport them to the market place, display them, wait for customers, and take home what remains unsold. Often considerably deteriorated in value. Perhaps one of the very real contributors to our high American standard of living is the greater efficiency of our less picturesque market places, the classified or want ad columns of our papers.

Wasting
No
Time

Classified advertising brings seller and buyer together without the necessity of meeting at a market place. And goods that change hands need be moved only once, need not be exposed to deteriorating forces. Neither buyer nor seller need waste time awaiting the other.

People wishing to buy things not offered in want ad columns can generally find it by inserting a "Wanted" announcement, thereby obtaining what they want when they want it.

Classified or want ad advertising gets its name, of course, from the way such information is grouped under headings.

Included in such columns is considerable of life's everyday pathos and drama, its failures and successes, its comedy and its irony. Even such items as "Eggs For Sale" may herald an up or down in someone's life. Certainly there is a story behind "Exchange, set of golf clubs for baby buggy".

Whatever one's problem, when using a classified ad to solve it, certain matters of technique may well be borne in mind. Number one is timeliness. Ice skates do not sell well in summer. Number two is convenience. Make it easy to respond to your ad. And number three is adequate description. The more you tell, the more you sell is an excellent bit of advice.

If tempted to keep the cost low by being too brief, remember that your reader knows only what the advertisement says, so telling a complete story is one way to assure success. Remember also how much time you are saving, by not having to go to a market place, and be willing to spend some of that saving on additional words in your classified advertisement.

OUR BIRDS

(National Wildlife Federation)
THE BLUE JAY

How many times on early summer mornings have we been awakened in our beds by the shrill piercing shriek of the blue jay? Of all the birds that come to our homes each year the blue jay is perhaps the most difficult for us to understand.

While it is true that such insect pests as the wood-boring beetle, grasshoppers, eggs of the various caterpillars, make up about one-fifth of his daily meals, the blue jay is also accountable for the loss of many of the more useful birds whose beauty and value make our world a much happier place in which to live.

How can one kind of bird be all these things? The answer may easily be found in the records of the National Wildlife Federation, which has carefully charted the history, growth and habits of America's birds and wild animals, so that we may have a better understanding of both the two and four footed friends whom we see from time to time each day.

A resident of the Eastern United States and Southern Canada, and who is quite often seen as far west as the Dakotas, Colorado and even Texas, the blue jay actually has two personalities. He is cautious and silent in his own home, or nest, but once away from his own home and family, he is noisy and bold.

He will cry "robber!" for the slightest cause. That cause is generally himself, as the broken eggs in the nests of other birds will grimly testify. During his mating season, he steals unmercifully from other birds, thus depriving us of other members of the feathered legion who could and would do us a lot more good than the blue jay himself.

About three-fourths of his daily meal is composed of vegetables. This does not mean spinach, string beans and other table greens, but more likely acorns, chestnuts, beechnuts and the like. But if you do have ears of corn growing in your garden, beware of the blue jay!

From the tip of his bill to the end of his tail the blue jay is about 11½ inches long. He is a pretty brilliant blue of wing and tail, and these colors are combined with the black crescent of the upper breast and the crested head. He is a fast flyer and has actually been known to swoop down and attack his greatest enemy, the cat.

FINAL CONCERT OF SEASON HERE SATURDAY NIGHT

The Mentone merchants announce that the final free band concert of the season will be held Saturday night, September 9th, from eight until nine o'clock.

The Milford High School band, which rendered such a fine concert here July 4th, has been chosen for this final concert. Don't fail to hear them.

SCHOOL'S OPEN

DRIVING OR WALKING.. TAKE IT EASY

Issued by CHICAGO MOTOR CLUB

Record breaking numbers of school children will troop back to class after Labor Day. The Chicago Motor Club warns motorists to be extra careful of heedless youngsters enroute to and from school.

More than 50,000 safety patrol members will be shepherding classmates across busy streets near school. These sentinels of safety are your reminder — driving or walking, take it easy; school's open!

Mr. and Mrs. Pat Walsh and family spent the Labor Day holiday in Saybrook, Illinois at the Albert Roth home. While there they attended the wedding of Robert Roth of Gibson City.

Mr. and Mrs. M. F. Gosser of Delmont, Pennsylvania, visited with their son David Gosser and family over the Labor Day weekend, returning to the Keystone State early Tuesday morning.

Mr. and Mrs. Frank Newton and family visited Sunday at the home of Mr. and Mrs. Guy Ochampaugh of Mishawaka, Indiana.

Chas. Russ Haag of Elizabeth, N. J. spent the weekend at the Curtis Nellans home. Russ had spent a week in school for Standard Oil of New Jersey in Canada then came to Peru to visit his mother, Marie Haag, then to Mentone to visit his wife's parents, Mr. and Mrs. Curtis Nellans, also to get his daughter,

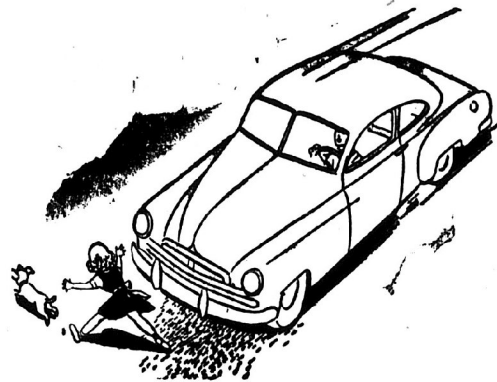

Sandra, who has spent the summer with the Clyde Berkepyles of Bourbon.

M. Roy Rush and daughter, Eleanor, visited in Detroit with his brother, J. Earl Rush and family over the Labor Day weekend. While in the city, Roy attended the Bi-annual Reunion of his Regiment, which is always held in Detroit every two years. Delegates were there from 19 states even though they were all Detroiters when enlisting in 1917.

Mrs. Samantha Norris is staying with her sister, Mrs. Stella Snyder who hasn't beep so well.

FARMERS STATE BANK

MENTONE, INDIANA

Member of the Federal Deposit Insurance Corporation

Tune in on WKAM 8:30 Sunday Morning.

INCREASE IN OLD-AGE AND SURVIVORS PAYMENTS

In the next few days 85,085 residents of Indiana will be notified by mail of the increase in their monthly old-age and survivors insurance payments under the new social security law signed by the President August 28. This was announced by Dr. Seward E. Miller, regional director of the Federal Security Agency with headquarters in Chicago. Dr. Miller explained that the checks these people will receive early in October, covering the month of September, will be for the increased amount.

Figures supplied by the FSA regional office show that monthly old-age and survivors insurance payments to residents of Indiana for August total \$1,733,638. Under the new benefit rates this monthly total is expected to rise to \$3,164,969.

Discussing this increase of \$1,431,331 in monthly benefit payments, Dr. Miller said: "The amended social security law provides for substantial increases in benefit amounts, both for persons now receiving monthly payments and for those who will become entitled to benefits in the future. Under the terms of the law, the benefit amount will be increased from about 40% to as much as 100% in some cases."

"Extension of coverage under the social security amendments of 1950 will provide insurance protection to many workers and their families in Indiana who have not heretofore participated in the Federal Insurance program," added Dr. Miller. According to Federal Security Agency estimates, some 15,700 agricultural workers, 135,000 non-farm self-employed persons, and 19,000 domestic workers in Indiana will be covered in January, 1951 when the new coverage provisions become effective. In addition, about 27,500 employees of this state and its political subdivisions who are not now covered by retirement plans may become eligible for coverage under the Old-Age and Survivors Insurance system.

makes some suggestions for eliminating the danger which it presents. A red re-proof cloth covering may be placed over the light at night if the tractor must be taken onto the highway. For nighttime farm work, the light without the cover allows the operator to see work being done by his equipment.

Mrs. Flinn urges farmers to stay off the highways at night with hay balers, corn pickers, and such implements unless they are properly lighted with a reflector. These measures are necessary not only for the motorist's safety but also for that of the farmer.

Issuing a timely warning about the use of the corn picker, Mrs. Flinn reminds Indiana farmers that accidents do not always happen to "the other fellow." In an effort to save time during the corn harvest, many farmers do not disengage the power take-off of the corn picker before attempting to remove stalks or husks; resulting accidents cost many times the few minutes saved.

The Farm Bureau safety director reminds parents of school children of their seasonal duties in the transportation problem. While it is the bus driver's responsibility to convey the children safely to school and the motorist's responsibility to use caution while children are loading and unloading, it is the parents' duty to instill in their children the need for

orderly behavior on the school bus so that the driver may give his full attention to traffic.

"Every precaution should be taken on the highways to safeguard lives," says Mrs. Flinn.

Last Free Concert Milford H. S. Band AT MENTONE SATURDAY NIGHT

From 8 until 9 o'clock

Those of you who were on hand to hear the Milford Band July 4th remember what a fine concert they gave. You will want to hear them again.

The business people of Mentone do appreciate the friendship and patronage of all the citizens, and this summer's series of free concerts, in a small measure, is a token of that appreciation. We invite you to visit our town regularly.

An Invitation:

We extend a cordial invitation to everyone to call upon us for the purchase or sale of Grains or Poultry and Live-stock Feeds.

We take possession of the former Mayer Grain Elevator at Mentone Monday, and will be open for business on Tuesday, September 12.

Valentine Elevators

Hours 7 to 5 daily except close at 4 p. m. Saturdays

AN ORDINANCE PROVIDING FOR THE CLOSING OF STREETS, ALLEYS AND SIDEWALKS.

BE IT ORDAINED by the Board of Trustees of the Town of Mentone, Indiana:

SECTION 1. It shall be the duty of the town marshal to make frequent inspections of the streets, alleys and sidewalks in the Town of Mentone.

SECTION 2. If upon the inspections provided in Section 1, the town marshal finds that any street, alley or sidewalk is in an unsafe condition for the passage of persons and/or vehicles, or, that the continued use thereof by persons or vehicles will cause excessive damage and deterioration thereto, he shall close the street, alley, or sidewalk to the use of persons and/or vehicles.

SECTION 3. When the town marshal closes any street, alley or sidewalk as provided in Section 2, it shall be the duty of the town marshal to either post notices at the entrances of the street, alley or sidewalk that it is closed to the use of persons and/or vehicles, or erect barriers at the entrances of closed streets, alleys or sidewalks.

SECTION 4. After notice has been posted or barriers erected, it shall be unlawful for any person and/or vehicle to use any street, alley or sidewalk which has been closed.

SECTION 5. It shall be unlawful for any person to remove, alter, deface, or in any other manner interfere with any notice or any barrier provided by Section 3.

SECTION 6. When, upon inspection, the marshal finds that the condition causing the street, alley or sidewalk to be closed has been removed or remedied, he shall reopen the street, alley or sidewalk for public use and remove all notices and barriers.

SECTION 7. Any person violating the provisions of any section of this ordinance shall pay a sum of Ten Dollars (\$10.00) to the Town of Mentone as a penalty for each violation.

SECTION 8. This ordinance shall be in effect on and after the tenth day after publication.

THIS ORDINANCE PASSED by the Board of Trustees of the Town of Mentone, Indiana, this 5th day of September, 1950.

DALE TUCKER,

Chairman of Board

DONALD J. VAN GILDER,

Member of Board

MILES L. MANWARING,

CARD OF THANKS

We thank the neighbors and friends who so kindly assisted us during the illness and death of our beloved husband and father; the ladies who served dinner at the church, the minister and singers, and for the beautiful floral offering.

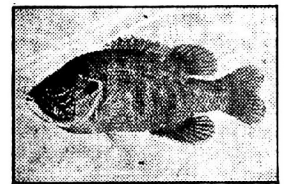

JOHN E. SHAFER and FAMILY

Sunday afternoon visitors of Mr. and Mrs. Harry Sullivan were Mr. and Mrs. J. H. Carlile and family and I. L. Fields of Rochester, Mr. and Mrs. J. L. Henderson, Macy; Mr. and Mrs. C. F. Fields, Mr. and Mrs. W. E. Fields and daughter and Mr. and Mrs. Ward Sullivan and family, all of South Bend; John Sims and Abby Sims of Poplar Bluff, Mo., and Dennis Sims of Jackson, Michigan.

Last week end visitors at the home of Rev. and Mrs. E. E. DeWitt included Miss Betty Ann Thornburg of Anderson, Miss Jo Ann Tunes of Pendleton, Mr. and Mrs. Roy Weaver of Larwill, Mr. and Mrs. Harry White of Tippecanoe, Lowell K. DeWitt family of Sturgis, Michigan, Tecumseh Kilgore and Mr. and Mrs. Stewart Lea of South Bend and Francis G. DeWitt of Pendleton.

★ Buy Co-operatively — And SAVE!

FISH OF INDIANA

GREEN SUNFISH

DESCRIPTION: The rather large mouth, with the upper jaw or maxillary extending to the middle of the eye; low dorsal fin; black spot on the dorsal and anal fin at base of hind margin, and three spiny anal rays separate this sunfish from all the rest. The Warmouth Bass has a much larger mouth and lacks the blue-green color. The other sunfishes have smaller mouths, scarcely reaching to the forepart of the eye.

DISTRIBUTION: Found throughout the state in almost all streams and some lakes.

HABITAT: Truly a creek sunfish liking sluggish pools and stagnant waters with mucky, weedy bottoms.

FOOD: Insects, worms, crayfish and small fish.

STOCKING: It is not advisable to stock the Green Sunfish along with other species because of its quick growth and habit of feeding on the young of other species.

SPAWNING AND PROPAGATION: Nests are found from April to July usually in hard clay or sandy silt. No propagation program at hatcheries.

No closed season or bag limit on this species.

MEDICS CHECKING BLOOD PRESSURES AT STATE FAIR

Free blood pressure readings are being taken at the Indiana State Medical Association's booth in the west Board of Health building at the Indiana State Fair, Dr. Malcolm O. Scamhorn of Pittsboro, chairman of the committee in charge, has announced. Physicians will be on duty each day of the fair.

Conducted as an annual event during the fair for the past several years,

the free examination of blood pressure has developed into one of the most popular features of the health exhibits. During the 1949 fair more than 9,000 persons took advantage of the blood pressure offer.

Exhibits feature such subjects as "Diseases Transmitted from Animals to Man," "The Menace of the Rat," and "Voluntary Health Insurance." The first exhibit consists of photographs showing the diseases transmitted by the cow, horse, dog, cat, sheep, goat, pig, wild animals, poultry and other birds. A transparency case will show the insect carriers of animal disease. The second exhibit shows the many different types of rats, where they are usually found, the diseases carried by the rats and explains the best methods for the control of rats. The exhibit on Voluntary Health Insurance illustrates the progress made in prepaid medical hospital and medical insurance in the various states.

Sunday dinner guests at the home of Stanley Newton and family were, Mr. and Mrs. Howard Newton and family and Mrs. Tessie Newton.

Mrs. Leroy Norris and daughter, Elener attended the State Fair last Saturday.

Mr. and Mrs. William Shroyer of Freeport, Illinois, spent Friday and Saturday at the home of Mr. and Mrs. Arthur Brown.

"FOR BY GRACE ARE YE SAVED"

Should you enter heaven's gate
In that glorious otherwhere,
Doubtless you'll astonished be,
At some people gathered there.

But do not change expression,
Just act most unaware,
Probably there'll be many folks
Amazed that you are there.

Vernett, of Mentone.

METHODIST CHURCH NEWS

The Adult Choir will meet for its first fall rehearsal on Thursday evening at seven-thirty.

The sermon topic for Sunday morning is "THE LAW MAKER". This is the final sermon on the life of Moses which has been one of the topics of Sermons in The First Person.

Sunday morning will begin the first of five Sunday services designated as "Back To Church Services". This series of services will conclude with a fellowship supper sometime in October. The congregation is urged to attend all of the services and assist with the program which is being planned for the remainder of this Conference year.

Monday, September 11, is the first District Settlement Day. The local church will be host to the pastors and laymen of the Methodist Churches of the Warsaw District. The ladies of the Woman's Society are preparing the noon meal. Dr. B. B. Shake, District Superintendent of the Warsaw District will preside over the day's program, which will begin with a worship service at nine-thirty directed by the Rev. George Manley.

Following a brief business meeting, Rev. Travis Purdy will speak on the subject, "A Dream Comes True". V. W.

Sexton will lead the discussion on "The Techniques of Evangelistic Preaching"; J. V. Sibera on "Building A Preaching Program". J. H. Richardson will give the noontide Prayer and Grace. C. W. Kocher will lead the opening Hymn and Prayer of the afternoon session. Following this, Harold D. Neel of the Mishawaka Methodist Church will speak on "Ministerial Ethics", and Evan H. Bergwall on "Memories That Bless and Burn."

The afternoon session will close with time given for Dedication to the Labor of Love followed by the Benediction. All persons interested in the work and activity of the church are invited to attend, but reservations for the noon meal should be placed with the Pastor, David Gosser, no later than Sunday evening at eight o'clock.

The complete program of the church in its week-day activities will be presented in your Co-Op News next week.

Tuesday at 3:30 p. m. will be the time to register for Handcraft classes, junior choir, and any other church-sponsored activity. The time these classes will be held will be determined by the response at registration. Adults interested in Handcraft should register, also, or contact the Pastor.

Mrs. Sarah E. Morgan is in Valparaiso visiting.

Mrs. Daisy Hatfield of Northeast, Pennsylvania arrived here last Friday to spend a short time visiting here. On Monday she and her mother, Mrs. Mae Borton left for Pennsylvania where Mrs. Borton plans to remain for about a month. She will go on to see Miss Mary Jane Borton who also lives in the east.

Mrs. Curtis Nellans and Mrs. Abe Whetstone attended the Tippecanoe Home Economics Club which was held at the home of Mrs. Tom Ritter, at Tippecanoe, Wednesday afternoon.

BENNETT-JOHNSON WEDDING

Miss Carolyn Johnson, daughter of Mr. and Mrs. Clyde Johnson, of near Mentone, and Donald Bennett, son of Mr. and Mrs. Roy Bennett, of Burket, were united in marriage at the home of the bride at seven o'clock last Saturday evening. The double ring ceremony was performed by Rev. Ralph Hoffman, of Roann.

Baskets of pastel colored gladiolias were appropriately placed about the room of the home.

The bride was attired in a teal blue dress with black accessories. She carried a bouquet of yellow roses. The maid of honor, Miss Joyce E. McIntyre, of Mentone, wore a light gray dress and carried a bouquet of red roses.

Chester Miller, of Bourbon, served the groom as best man.

Immediately following the ceremony ice cream and cake were served to the twenty guests present.

The bride graduated this spring from the Mentone high school, and Mr. Bennett graduated from the Beaver Dam high school in 1948, and is now employed at the Burket Lumber Co.

The young couple will make their home at Beaver Dam lake.

MRS. J. S. JOHNS BREAKS HIP

Last Thursday afternoon, while Mrs. J. S. Johns, mother of H. V. Johns of Mentone, was bending down to pick up newly washed clothes to hang on the line at her Indianapolis home, she fell, suffering a fracture in her hip.

The fractured was reduced and a plate attached Monday, and today Mr. Johns reported that she was in fine spirits and feeling fine. She has many friends in Mentone who will wish her a speedy recovery.

CLUB CALENDAR

O. E. S. Chapter meets at the hall Sept. 18 at 7:30.

The W. S. C. S. will meet Sept. 21 at the church. A splendid program has been planned.

Egg Show committee meeting at the school house Friday evening, Sept. 15, at 7:30.

Mentone Home Ec. Club will meet Thursday, 1:30 p. m., at the home of Mrs. Claude Barkman instead of Mrs. Linus Borton as previously announced.

MRS. MILTON KESLER

Mrs. Milton Kesler, aged 75, died Monday morning at her home at Rochester, following an illness of two weeks. She had been an invalid for the past three years.

Mrs. Kesler was born near Talma, the daughter of Dr. and Mrs. Samuel Fish. She had resided at Rochester for the past eight years. She was Miss Lynnie Bell Fish before her marriage to Mr. Kesler, who is deceased.

She was a lifelong resident of the Talma-Rochester vicinity and was a member of the Bethlehem Baptist church.

Surviving relatives include a daughter, Miss Bernice Kesler, at home; two grandchildren, Mrs. Earl McCoy and Robert Kesler, of this city; three great-grandchildren, Kay Ellen and John Frederick McCoy and Susan Kay Kesler of Warsaw; two brothers George Fish, of Ardmore, Oklahoma, and Dr. C. M. Fish of South Bend; and five sisters, Mrs. Mary Kesler of South Bend, Mrs. Calista Kessler of Bass Lake, Mrs. Frank Drudge of Talma, Mrs. Constance Wilkes of Los Angeles, California, and Mrs. Leah Bass of Fort Worth, Texas.

The late Lloyd Kesler, of Warsaw, was a son of the deceased.

Funeral services were held at 2 p. m. Wednesday at the Zimmerman funeral home in Rochester with Rev. Bailey in charge. Burial was in the Sycamore cemetery.

CELEBRATES 90TH BIRTHDAY

Over sixty relatives gathered at the home of Mrs. John Nellans Sunday afternoon to help her celebrate her 90th birthday. Two great-granddaughters, Anne Berkepile of Bourbon and Patty Nellans of Chicago, sang the "Happy Birthday" song to their great-grandmother. Many pictures were taken, especially the ones with her first orchid and the five or more different groups of the four generations. Her presents were beautiful and so appropriate.

Cake, "birthday" ice cream and punch were served, after which good-byes were exchanged and wishes extended for many more happy birthdays to come.

Mr. and Mrs. Bert Holloway attended the John Kesler reunion at South Bend Sunday.

PATIENT IN HOSPITAL

Mrs. Henry Robbins is a patient in the Murphy Medical Center where she was taken a week ago Saturday.

Mrs. Robbins fractured both bones in her leg in a fall downstairs. The fracture was set in splints on Monday of this week. Mrs. Robbins has suffered a great deal, but seems to be resting some better at this time.

CELEBRATE BIRTHDAY

Sunday dinner guests at the home of Pete Grubbs were Mr. and Mrs. Harvey Grubbs and family; Mr. and Mrs. George Grubbs and family, Mrs. Merle Merica and family, all of Warsaw; Mr. and Mrs. Angus Holbrook and son, of Columbia City; Mr. and Mrs. Charles Holbrook, of Big Lake; Mr. and Mrs. Leslie Grubbs and daughter, Mr. and Mrs. James Holloway and family, and Dollie and Max Grubbs, of Mentone, and Mrs. Zella Masten, of Fairburg, Nebraska.

The occasion was Pete Grubbs' 70th birthday.

UMT POLL TO BE TAKEN

BY THE LEGION AUXILIARY

In a recent bulletin from our Department chairman, we are asked to cooperate to the fullest extent in our National Security Program. The Legion Auxiliary units have been asked to conduct a poll in their own communities and units to find how many people approve of the Universal Military Training Program.

The question to be asked of you on Friday or Saturday of this week will be: Are you in favor of Universal Military Training? You are to answer YES or NO or UNDECIDED.

If we wish to protect our nation and our democratic way of life, we must have a state of military preparedness, which will enable us to take effective military action in the shortest possible time. This means that the youths of the nation must have had the greater part of their military or naval training before mobilization. If, in the future, we are attacked by a powerful enemy or group of enemies, we may be sure we will not be given time to mobilize or extemporize an army from the untrained youth of the nation.

Give this question considerable thought and express your opinion to an auxiliary member when you are asked if you are in favor of this bill.

GOODMAN

Mr. and Mrs. Vinson Goodman are the parents of a seven pound daughter, born last Thursday, Sept. 7.

The new daughter has been named Sharon Kay.

The mother and baby are being cared for at the home of Mrs. Abe Whetstone.

OFFICIAL APPOINTMENT
RECEIVED BY POSTMASTER

Kenneth Romine, who has been serving under an acting postmaster appointment since Sept. 1, 1949, this week received his official appointment as postmaster. This appointment was approved by the United States Senate several weeks ago, but it wasn't until August 2 that it was signed by the President.

MRS. MACK TUCKER
BURIED HERE WEDNESDAY

Mrs. Mack (Jessie A.) Tucker, aged 54 years, two months and 11 days, died suddenly at five o'clock Sunday afternoon of a heart attack. She had been in failing health for several years.

The deceased was born at Silver Lake June 29, 1896 to James and Della (Ingalls) Gill. She was reared in the Mentone community and, and following her marriage to Mack Tucker on Dec. 24, 1924, they had resided at Bremen, Talma and recently of Angola where Mr. Tucker is a professor at Tri State College. She was a member of the Methodist Church and Order of Eastern Star, at Mentone, and had the distinction of being one of the charter members of the United States in the Epsilon Sigma Omikron Society, a woman's educational society. She was also a member of the White Shrine at South Bend.

Surviving relatives in addition to the husband, are two sisters, Ethel Leach of Bloomington and Helen Hoffer, of Warsaw.

Funeral services were held at the Reed funeral home at Mentone Wednesday afternoon at two o'clock, with Rev. David Gosser, pastor of the Mentone Methodist Church, officiating. Interment was in the Mentone cemetery.

DICK CLARK'S RAIN REPORT

September 11	4 inches
September 13	2 inches

BAPTIST CHURCH NEWS

At the monthly business meeting held Thursday evening with 112 present, it was voted that the church should again hold a missionary conference for one week next spring, March 11-18. This year, of the seven nights of the conference, there will be five mission boards represented by missionaries that the church is supporting. The other two evenings will be taken by mission boards that the church is supporting but the missionaries are on the field and therefore unable to be here for the week's meetings.

Mrs. James Rogers was voted into full membership in the church. This makes a total of some 21 new members that have been taken into the church this year. A baptismal service will be held on Sunday evening, the 24th of September, for those who wish to be baptized.

Sunday the pastor will go to Syracuse where he will baptize six people who have recently been converted under the ministry of Mr. and Mrs. John Rea, members of the church here. They have organized the Grace Bible Church there and have a Sunday School of about 40. Mr. Rea is a student at Grace Theological Seminary and he and his wife are looking forward to serving the Lord in Indonesia after one more year of schooling at the seminary.

Also at the Thursday night meet-

ing Dr. Jon Rouch showed pictures of the work in **French Equatorial Africa** where he is hoping to head up a hospital under Mid-Missions, an independent Baptist board. He is hoping to be able to leave by the first of the year if he can get his outfit and support by that time. The local church will be able to help him with some of his support that he will need to go to the field. The speaker next Sunday evening will be Rev. Carl W. Brown, pastor of the Immanuel Baptist Church of Ft. Wayne. Our pastor will be speaking in his church at the same time. These two churches are planning on a Sunday School contest in October. The local church has made plans and will try to increase attendance to 300 during the four Sundays of the contest. You are invited to come to any or all of the services of this church. We are trying to serve this community through the local church and the radio broadcast each Sunday morning at 10:30 over WKAM.

Mrs. S. M. Hill was in Fort Wayne, Monday, attending the funeral of her aunt, Miss Della Johnson. For the past 15 years she had made her home with a brother in Los Angeles but was formerly of Fort Wayne.

Junior Emmons and Forst Dunnuck, both students at Manchester college, spent the week end with their parents.

Charley Miller, of Plymouth, was a recent visitor with the Maude Kinzie family.

Mrs. Callie Dawson, of Tippecanoe, was the guest of Mrs. C. M. Walker Friday.

Mrs. Raymond Bowers has accepted a position at the Freeman Mfg. Co. at this place.

Mrs. Grover Everhart and daughter Karen, of Culver, called on her grandmother, Mrs. Eda Arter, Thursday.

Mr. and Mrs. Roy Hubbard spent Thursday in Warsaw as the guests of their son-in-law and daughter, Mr. and Mrs. Rollie Surguy and daughter.

Mrs. Donald Slagle and son Norman Lee, of Coldwater, Mich., are spending a few days here as the guests of her twin sister, Mrs. Nelson Overmyer.

Miss Linda Lee left Thursday for Ball State College at Muncie where she will start her freshman year.

Mrs. Rus Eckert has returned to the home of her grandmother, Mrs. C. M. Walker, after visiting with relatives and friends in Indianapolis.

O. C. Montgomery and Lavoy spent Sunday evening in Rochester with friends.

Mr. and Mrs. Fred Roe, of Akron, were Sunday dinner guests of their son-in-law and daughter, Mr. and Mrs. Harry Sriver and family.

O. C. Montgomery called at the home of Mr. and Mrs. Russell Chapman on Sunday forenoon.

Charles Miller, who had the misfortune to dislocate his shoulder at his farm Saturday morning, was removed to the Woodlawn hospital at Rochester where the fracture was reduced and later was returned to his home.

Mrs. Ocie Brodt, of Coldwater, Mich., spent a few days here as the guest of her daughter, Mrs. Nelson Overmyer.

Mrs. Walter Sweet was the guest of Mrs. Harry Louderback, of Rochester, Wednesday.

O. C. Montgomery and Lavoy were business visitors in Rochester Wednesday morning.

Mrs. Walter Sweet is spending a few days as the guest of her sister, Mrs. A. J. Blakely.

LEGION AUXILIARY NEWS

On Tuesday evening, 29 members of the American Legion Auxiliary heard the report of Mrs. Frank Smith, delegate from the Mentone Unit, who attended the Thirty-first Annual Convention of the American Legion Auxiliary, Department of Indiana, which convened recently at French Lick. She town Home Committee as secretary to Mrs. Mildred Swiggett, Committee Chairman. Mrs. Smith spoke enthusiastically of the Knightstown Home Program and of the many other projects of auxiliary work.

The Mentone Unit received a National Membership Citation and a Certificate of Merit for having a superior unit. The Publicity Scrapbook won 3rd place in the District. Mrs. Clayton Clutter was the publicity chairman for last year.

In the business session, Blanche Paulus, Service Sales Chairman announced that there were some articles on hand to sell and asked for the unit members opinions for articles to be ordered. Mrs. Eldred Paulus, who attended Legion Day at Knightstown Sunday, spoke briefly on the Knightstown Home and of the program for the day. Our unit will sponsor an eight year old girl from Division 5. The unit will remember her on birthdays, holidays, and fulfill any need that she may have during the year.

The Community Service Chairman, Bernice Jones, announced that the back rest for bed patients was now available and any one who is in need of one may obtain it at Bernice's Beauty Shoppe.

The president appointed a fund raising committee consisting of Mrs. James Rodibaugh, Chairman; Mrs. Jack VanGilder, and Mrs. G. Allen Shirey.

Mrs. Herschel Drudge was the name drawn for the attendance award.

The next district meeting will be at Roselawn on October 25. The next meeting of the unit will be on Tuesday, September 26.

At the close of the business session,

the meeting was turned over to Mrs. James Brunner, Program chairman for the evening. The rest of the evening was spent socially playing Bunco with Mrs. Myrl Wagner winning first prize.

Assisting Mrs. Brunner on the program committee were Mrs. Don Ernsberger and Mrs. Wilbur Cochran.

Refreshments were served by the committee consisting of Mrs. Frank W. Hudson, Sr., Chairman; Mrs. Miles

Manwaring; Mrs. Herschel Drudge and Mrs. Orpha Blue.

Wood Filler

In order to fill the open grain of wood — when a transparent finish coat is to be applied—a composition known as filler, or paste wood filler is used. This is a mixture of varnish and silica—a pigment which does not obscure the wood.

Upper Mississippi "Catch"

In spite of the decline in fish prices since the war, commercial fisheries remain an important industry on the upper Mississippi. The commercial catch of more than 8,000,000 pounds was taken from the river between St. Paul and Cairo, Ill., in 1948 and production holds fairly steady in spite of lower prices.

NOW IS THE TIME
TO GET SET FOR
WINTER WITH

AN ORDINANCE REGULATING THE PARKING OF MOTOR VEHICLES IN THE STREETS AND ALLEYS OF THE TOWN OF MENTONE.

BE IT ORDAINED by the Board of Trustees of the Town of Mentone, Indiana:

SECTION 1. No motor vehicle shall be stopped or parked in any alley or in the traffic lanes of any street except when loading or unloading persons or property.

SECTION 2. When a motor vehicle is stopped or parked in an alley or the traffic lanes of a street for the purpose of loading or unloading persons or property, the loading or unloading shall be done promptly and without unreasonable delay.

SECTION 3. Motor vehicles shall be parked at an angle to the street where the street is marked for such parking by a series of white lines painted on the street at an angle to the street. At all other locations, motor vehicles

shall be parked parallel to the street.

SECTION 4. No motor vehicle longer than a passenger car and no passenger car with a trailer attached to the rear of the car shall be parked at an angle in the areas authorized by Section 3 for angle parking. Commercial vehicles too long for angle parking may double park in the business area for, and only for, the purpose of loading and unloading persons and property.

SECTION 5. Whenever white lines have been painted on the street marking the parking space, motor vehicles shall be parked within the lines.

SECTION 6. When a motor vehicle is parked where angle parking is required, the right front wheel shall be within six (6) inches of the curb.

SECTION 7. Double parking is prohibited except when loading or unloading persons or property.

SECTION 8. No motor vehicle shall be parked where the curb is painted

yellow or where signs authorized by the Board of Trustees of the Town of Mentone designate the area as a "No Parking Zone."

SECTION 9. No motor vehicle shall be parked within twelve (12) feet of any fire hydrant or in any manner that will hinder or obstruct the use of any fire hydrant.

SECTION 10. No motor vehicle shall be parked upon any sidewalk.

SECTION 11. Any person violating the provisions of any section of this ordinance shall pay a penalty in the sum of One Dollar (\$1.00), to the Town of Mentone for each violation.

SECTION 12. This ordinance shall be in effect on and after the tenth day after publication.

THIS ORDINANCE PASSED by the Board of Trustees of the Town of Mentone, Indiana, this 5th day of September, 1950.

DALE TUCKER,
Chairman of Board
DONALD J. VAN GILDER,
Member of Board
MILES L. MANWARING,

NOT JUST A POLISH!
NOT ANOTHER WAX!

DU PONT SPRAY GLAZE IS AN ENTIRELY NEW PROCESS

✓ It's new! It's different! It's Du Pont Spray Glaze—the most significant development in car care in years.

✓ Du Pont Spray Glaze is applied to your car by a new, faster method—with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.

✓ Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze.

The Spray Glaze process includes:

1. Washing the finish with Du Pont Car Wash.
2. Pre-cleaning with a special Du Pont Spray Glaze Cleaner.
3. Applying Spray Glaze.

Shines brighter — lasts longer — costs you no more.

MERRY MOLLIES MEET

Fourteen members of the Merry Mollies Home Economics Club met at the home of Mrs. Eileen Bowser on Monday night at 7:30 p. m. The meeting was brought to order with the group singing "America, the Beautiful." Following that the club creed was given in unison and Faye Whetstone gave the meditation.

"Dental Care" was the subject of Helen Creviston's health report. The lesson on "Program Planning", given by Mrs. Ann Oyler, was the topic of the evening. Following the lesson the secretary's report was read by Mrs. Wanda Simcoe, and the treasurer's report was made by Mrs. Betty Sarber. The meeting was closed with the club prayer song. The door prize was won by Mrs. Faye Whetstone.

Lovely refreshments were served by the hostess, Mrs. Bowser, assisted by Mrs. Jean Pritchard.

PAPER DRIVE STARTS AT 8:30 SATURDAY MORNING

The Boy Scouts will gather scrap paper next Saturday, Sept. 16, starting at 8:30 in the morning. Citizens are urged to have their paper bundled and on the porch or curb. (If your bundles are too large to place on the porch, then use a smaller bundle to "warn" the boys and then tell them where the balance is located.)

The Mentone firemen, during fire prevention week, plan to make a fire inspection tour and this paper drive will be a splendid time to rid the premises of all old paper, etc.

EVERFAITHFUL CLUB MEETS

The Everfaithful club met at the home of Ada Babcock September 7 with 13 members responding to roll call with a Safety Hint.

The meeting was called to order by the president, Fro Tucker. Plans were completed for the club dinner to be held "somewhere" Oct. 19.

Bunco was played with high score going to Margaret Butts; second high to Mary Tucker, and Frances Marshall and Georgia Nellans tied for most buncos.

Delicious refreshments were served by the hostess.

The next meeting will be at the home of Margaret Butts.

Mr. and Mrs. Sheridan Snyder, of Flint, Michigan, spent several days last week at the home of Mrs. Maude Snyder. They returned home Monday and Mrs. Maude Snyder returned home with them to spend several days visiting.

Mr. and Mrs. Gordon Sprunger and daughter Sandra, from Dalton, Ohio, spent the week end as guests at the home of Mr. and Mrs. Kenneth Simcoe and Mrs. Elizabeth Simcoe. Gordon was a buddy of Kenny during their war service.

Mr. and Mrs. Eldon Horn and daughters and Mrs. Lillian Harrison were visitors of Mr. and Mrs. Elmer Sarber on Sunday afternoon.

BREEDERS TO HEAR DAIRY EXPERTS AT FIELD DAY

David M. Robbins, of Warsaw, local technician's customers and friends, will have the opportunity to hear some of the leading dairy specialists in the country at the third annual field day of the Indiana Artificial Breeding Association, an American Breeders Service organization, to be held on Monday, Sept. 18th, at the Stud on Route 2 in Carmel.

The day's events will start at 10:00 a. m. with a demonstration of semen collection, preparation and handling prior to shipment by Lynford Tremaine, bull stud manager and his staff, to be repeated at 10:30 and 11:00 a. m. P. I. Higley, managing director of the Indiana association, will describe the bulls and tell how they compare with others in artificial breeding services.

COMMUNITY CLUB AT HUNTER HOME

Mrs. Delbert Hunter was hostess on Wednesday afternoon to the Pleasant Valley Community Club. The meeting was opened by the president, Mrs. Dee Berrier. After singing and pledge to the flag, roll call was answered by assigned topics. After the secretary's report by Mrs. Wallace DeMein, the history of the song of the month, "Lorelei," was given by Mrs. Martin Notz. Plans for a silver tea were made. The tea will be held at the Rochester canteen Sept. 29, for the county hospital auxiliary. It was decided to send the "Clubwoman" magazine to the library for the book shelf. An amateur program was put on by Mrs. Albert Essiert, Mrs. Lou Grove and Mrs. Dee Berrier. The program was enjoyed by all.

A feature of the afternoon was a shower for Mrs. Charles Hopner, formerly Miss Barbara Fenstermaker.

Dainty refreshments were served by the hostess. The next meeting will be at the home of Mrs. Dick Morris.

Guests were Mrs. Mack Haimbaugh and Mrs. Martin Notz.

—Newcastle Reporter.

Mrs. Maggie Dille was a Sunday dinner guest of Mrs. Earl Meredith.

SCHOOL NEWS

The high school classes have elected officers for the 1950-51 school year. Those elected were:

SENIOR CLASS: President, Philip Shilling; Vice-president, Karen Clark; Secretary-Treasurer, Jody Cullum.

JUNIOR CLASS: President, Geneva Whetstone; Vice-president, Martha Creighton; Secretary-Treasurer, Donagene Dillman.

SOPHOMORE CLASS: President, Elaine Dunnuck; Vice-president, Ronald Brown; Secretary-Treasurer, John Davis.

FRESHMAN CLASS: President, Don Rush; Vice-president, Sherry Shoemaker; Secretary, Mary Bolinger; Treasurer, Mary Van De Water.

The first issue of the school newspaper, The Mentonette, will be published this Friday. Sally Hoffer has been selected as editor. Mr. Law sponsors this project as part of his work in second year typing. An attempt will be made this year to give every family with children in school a copy of the newspaper. Parents should encourage their children to bring the newspaper home. An attempt will be made to have the school newspaper reflect the school and its work.

The Senior Class will sponsor a "Back to School" skating party, Wednesday evening, September 20, from 7:30 - 10:30 at Warsaw. All friends of the school are invited.

The softball season is underway. Etna Green defeated our boys last Friday by a score of 5-3 at Etna Green. Tuesday evening Burket defeated our boys 11-4 at Burket. The first home game is with Claypool on Tuesday, September 19th.

FOUR FROM HERE

TAKE ARMY TESTS

Floyd Nicodemus, Dean McIntyre, Richard Boganwright and Merle Alderfer were among those who went to Indianapolis last Thursday for pre-induction physical examinations.

ATTENDS PASTORS' SCHOOL

Rev. Laurence Smith, of the Burket Methodist church, attended the Ninth Annual Methodist School of the Prophets at the Purdue Union, Lafayette, September 4-8.

The five day pastor's school was the second largest school of its kind in the United States.

Mr. Smith attended special courses in Building a Church Program and Great Personalities in Christian Biography.

M. O. Mentzer, local real estate dealer, is confident that Co-Op. News advertising does work. A 25c advertisement put him in contact with Lon Walker, of Rochester, who has purchased the former Dave Ellsworth Shoe Store building in Mentone.

GET MARRIAGE LICENSE

A marriage license has been issued at Plymouth to Edwin V. Meredith, of Mentone, and Nona Marie Smith, of near Argos.

THE NORTHERN INDIANA CO-OP NEWS

Published Weekly by the

Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

Mr. and Mrs. Dennis Jones, of Palmyra, Wis., Mr. and Mrs. Esco Jones of Wapakoneta, Ohio, and Mrs. U. R. Oldfather and son of Elkhart, were week end visitors at the E. E. Jones home.

Mr. and Mrs. Harvey Mollenhour, of South Bend, returned home Wednesday, after visiting with Mr. and Mrs. Chancey Mollenhour for several days.

Hugh Nellans and family of Chicago, had Sunday dinner with his parents, Mr. and Mrs. Curtis Nellans.

GIVEN FAREWELL PARTY

Those who enjoyed a farewell dinner at the Frank Wise home Sunday were Mr. and Mrs. Ivan Johnson, and Master Terry August, of Chattanooga, Ohio; Mr. and Mrs. Jack Johnson, of Peru, and Mr. and Mrs. Robert Reed, of Mentone. The occasion was a farewell to Bud Wise who leaves for army service Sept. 18th.

Friday evening Mr. and Mrs. Wise and Bud were guests in the home of Mr. and Mrs. Pat Kehoe and daughter Esther, in a farewell party for Bud. All enjoyed home made ice cream and cake.

CARD OF THANKS

We want to thank all the friends for the floral offerings, words of consolation and all other acts of kindness during the death of our wife and sister.

HOGS WIN AT STATE FAIR

Leroy Norris placed second in aged Hampshire sow and 6th in yearling Hampshire boar class at the Indiana State Fair. Another one of his animals, raised and shown by Bert McNett, of Fort Wayne, placed second in Sr. yearling boar.

Ed Severns & Sons placed third in both classes of mature Duroc boars, and 6th and 7th in junior yearling gilt. Marilyn Holt, with a Severns junior yearling gilt, placed 9th. (At the county fair, in the Duroc class, the Severns animals placed: grand champion boar, grand champion sow, 5 firsts, 3 thirds, and Ronald Severns placed first in the Jr. class of 4-H.)

At the state fair, as usual, the Latimer family gained recognition with their Shropshire sheep.

JAMES BLACK BURIED SATURDAY

Funeral services for James Black, 87, a resident of the Palestine community, were held at two o'clock Saturday afternoon with burial in the Palestine cemetery.

Mr. Black, a former farmer and laborer, died Thursday morning at the McDonald hospital following a serious illness of two months.

Mr. Black was born in Pennsylvania Feb. 25, 1863, the son of James L. and Margaret (Vandermark) Black.

Surviving relatives include one son, Ray Black; six grandchildren and two nephews, Burton Hatfield of Palestine and Otis Black of Ohio.

James Mollenhour, of Fort Wayne, spent the week end with his parents, Mr. and Mrs. Ralph Mollenhour. He is a student at Indiana Technical Institute.

Mrs. Maggie Dille returned Saturday evening to her home in Mentone after spending several weeks caring for her sister, Mrs. Harshbarger, near Columbia City.

INFANT SON DIES

Ronald McClain, infant son of Mr. and Mrs. Sam McClain, was born at 4 a. m. Saturday at Columbus, Ind., and died shortly thereafter.

Surviving relatives include the parents, Sam and Pauline (Hall) McClain, and a twin brother, also the maternal grandparents, Mr. and Mrs. Andrew Hall, of east of Mentone.

A graveside service was held Monday at 11 a. m. at the Bethel cemetery, south of Bourbon, with Rev. Milton Dowden, pastor of the Mentone Baptist church, in charge.

N.C. Mountains

There are 125 mountains over 5,000 feet above sea level in North Carolina.

Raising Weaned Pigs

Pigs are common victims of diseases spread by older swine—but sometimes the tables are turned and the youngsters do a little disease-spreading of their own. Swine brucellosis is a typical example of that, the Journal of the American Veterinary Medical association says. Experiments have shown that brucellosis-infected pigs are capable of passing the disease to hogs. Most often, however, older swine are the worst spreaders. As a safeguard in either case, says the AVMA journal, it pays to raise weaned pigs completely apart from the rest of the herd.

MENTONE MURMURS

by

DAVID and SALLY GOSSER

Mentone is having that spruced-up, fall house cleaning appearance with new shingles having been placed on several residences this summer and the erection of new buildings.

The miracle of modern construction has been witnessed by us through the building which will house the spring manufacturing plant west of Mentone, between highway Number 25 and the railroad, and the residence which will soon house the John Boggs family on the street running north of the Co-Op. Service Station.

We may have considered the gold-rush towns of the west as the only evidence of over-night building, but here we find it within our very own yards. There may be various opinions as to the lasting quality of such structures, but the labor situation in this day and age certainly lends itself for the general acceptance of pre-fabricated buildings.

This type of construction has its advantages for those of us, unlike the Abbays, who have no skill with hammer and saw and have not the means of building homes like the lovely residence of the Charles Manwarings and that which is being built by the Hobart Creightons on the Crystal Lake road just west of Warsaw. One great disadvantage, however, is that we are not nearly as able to make last minute changes which we could not foresee until the structure is under way.

An apartment is being built above Cooper's Store for a young couple who will soon be inhabiting it. Murmurs has an idea that it wouldn't take many people a second guess to know for whom it is being prepared.

Referring again to the shingles, Murmurs had a try at putting a few on this summer. His aspirations are not to climb very high (he's wondering what his destination may be), but he anticipates a warmer reception within doors this winter. The insulation shingles are mighty fine for houses, but to become a little philosophical, the question has arisen in his mind concerning the insulation which we put on against the hardships of life. There seems to be wisdom in the words of the poet who said:

"Open my eyes to visions girt with beauty

And with wonder lit;

But never let me dare forget the dirt And all who spawn and die in it"

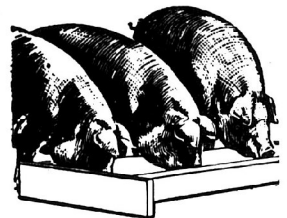

The people of a good community will never harden their heart against the needs of people within the bounds of their community, and neither will they let go unheeded the cry of those who are citizens of the world.

METHODIST CHURCH NEWS

The Back-to-Church services which were initiated last Sunday will continue through the second Sunday of October. On that day will be held the annual Rally Day program. This promises to be one of the great services of the year.

A tentative program or weekly calendar is this: Monday, Boy Scouts at 6:45; Wednesday, Adult handcraft from 1:30 through 3:30, youth class in handcraft from 3:30 through five o'clock; Thursday, adult choir at 7:30, Junior choir at 3:30, and business and committee meetings following adult choir rehearsal. Additional classes and meetings as announced through the Church Calendar Program sponsored by the Farmers Bank, the Co-Op. News and the Church Bulletin.

An announcement concerning the Arlington String Ensemble will be found elsewhere in this issue of the Co-Op. News.

BOOST HOG PROFITS...**3 WAYS WITH KRAYLETS!***

*80% dairy products in dry kernel form.

1. Promote fast growth!

The concentrated dairy products in Kraylets help give regular rations the "grow-power" they need to produce quick gains—earlier market weight.

2. Promote thrifty growth!

Kraylets helps boost the value of regular rations—helps you produce more pounds of pork for every pound of feed!

3. Save time and trouble, too!

There's no muss — no fuss — no messy slop feeding with Kraylets. You get nutritious dairy products in convenient, sanitary dry kernel form.

Ask us for full details about how Kraylets can help boost your profits.

CO-OP. MILL**PUBLIC SALE**

ELECTA BISHOP

BEN MCCOLLOUGH, Auctioneer

AN ORDINANCE PROVIDING FOR THE CLOSING OF STREETS, ALLEYS AND SIDEWALKS.

BE IT ORDAINED by the Board of Trustees of the Town of Mentone, Indiana:

SECTION 1. It shall be the duty of the town marshal to make frequent inspections of the streets, alleys and sidewalks in the Town of Mentone.

SECTION 2. If upon the inspections provided in Section 1, the town marshal finds that any street, alley or sidewalk is in an unsafe condition for the passage of persons and/or vehicles, or, that the continued use thereof by persons or vehicles will cause excessive damage and deterioration thereto, he shall close the street, alley, or sidewalk to the use of persons and/or vehicles.

SECTION 3. When the town marshal closes any street, alley or sidewalk as provided in Section 2, it shall be the duty of the town marshal to either post notices at the entrances of the street, alley or sidewalk that it is closed to the use of persons and/or vehicles, or erect barriers at the entrances of closed streets, alleys or sidewalks.

SECTION 4. After notice has been posted or barriers erected, it shall be unlawful for any person and/or vehicle to use any street, alley or sidewalk which has been closed.

SECTION 5. It shall be unlawful for any person to remove, alter, deface, or in any other manner interfere with any notice or any barrier provided by Section 3.

SECTION 6. When, upon inspection, the marshal finds that the condition causing the street, alley or sidewalk to be closed has been removed or remedied, he shall reopen the street, alley or sidewalk for public use and remove all notices and barriers.

SECTION 7. Any person violating the provisions of any section of this ordinance shall pay a sum of Ten Dollars (\$10.00) to the Town of Mentone as a penalty for each violation.

SECTION 8. This ordinance shall be in effect on and after the tenth day after publication.

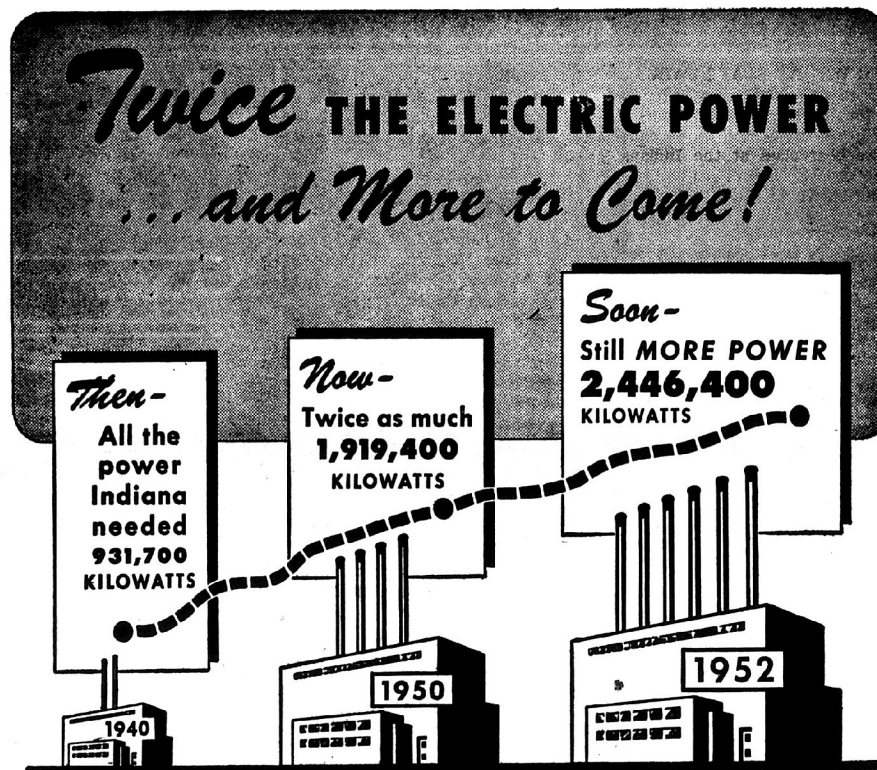

THIS ORDINANCE PASSED by the Board of Trustees of the Town of Mentone, Indiana, this 5th day of September, 1950.

HERE'S THE RECORD OF INDIANA ELECTRIC COMPANIES' POWER-FULL GROWTH

• No matter what the future brings, the people of this State have the satisfaction of knowing that the electric companies of Indiana have been building ahead as rapidly as possible since V-J Day . . . getting set in advance . . . anticipating the increasing electric power needs of Indiana's farms, homes and industries.

The Indiana Electric Companies, under their experienced managements, have always made sure there'd be plenty of power available, when and where needed in Indiana. Since World War II they have been undertaking the greatest program of electric facility expansion in the State's history.

If Indiana's industries should have to change over from their expanded peacetime production to production for defense, it is reassuring to know that the electric generating capacity of Indiana's electric companies is now already twice as great as it was in 1940 . . . will have been increased still more in the next two years, as present facilities, now under construction, are placed in service.

Additional Indiana electric power generating, transmission and distribution facilities are being planned right now by the Indiana electric companies—involving the investment of many more millions of dollars. How soon they can be built and placed in service will now principally depend upon the availability of necessary materials.

FAMOUS MUSIC GROUP HERE SUNDAY EVENING

Rev. David Gosser, pastor of the Mentone Methodist church, announces that arrangements have been made to have the Arlington String Ensemble present one of their inspirational concerts at the church on Sunday evening, Sept. 17 at 7:30.

These programs by the Arlingtons are highly praised by leading ministers, newspaper critics, school and college authorities, and civic leaders everywhere.

Of a concert given in the World War Memorial Auditorium in Indianapolis, the Indianapolis Star said in part, "The Arlington String Ensemble presented a program to a highly appreciative audience. There was purposeful, zealous playing throughout the program. The members of the ensemble took both pride and pleasure in their work. They deserve wholehearted support."

Rev. Gosser has contacted ministers who have heard and had the Ensemble in their churches, and states that only words of praise and commendation have

been given. He invites everyone of the community to share with him and his congregation in the presenting of this program. An offering will be received to defray the expense.

This is an opportunity to hear the highest type of music at a minimum

expense. Mr. Arlington plays a Stradivarius violin. His experience covers years of work with Victor Herbert, concert and Chautauqua programs and these Sunday evening concerts which are planned for the inspiration of church-going congregations. It should

be stated that all of the members of the Ensemble are Christian folks who attend their respective churches each Sunday morning.

QUALIFIES FOR CLUB

Roland Ferverda, of Mentone, has just qualified as a member of the Brotherhood Mutual Life Insurance Company's Leaders Club for 1950.

The club is composed of representatives who meet special production requirements and who maintain a high standard of service to their policyholders. Mr. Ferverda is also a member of the company's App-A-Week club.

JOLLY JANES HOME ECONOMICS CLUB MEETS

The Jolly Janes Home Economics Club met at the home of Mrs. Del-ford Nelson on Monday evening.

A report from the county fair showed that the club had placed second in number of entries and in prizes taken, and fourth place on the club exhibit on "Family Spending."

Participation in the Mentone Egg Show was discussed and each member was urged to enter one or more classes, as a special prize of \$10 is being offered to the club having the most entries.

The club was divided into several groups for discussion of various topics and then a general discussion was held to get ideas for our next year's programs.

The next meeting will be a "hard time" party at the home of Mrs. Raymond Cooper. Election of officers will be held at this meeting.

The door prize was won by Mrs. Raymond Lewis. Prizes in two contests went to Mrs. Artley Cullum and Mrs. Hap Utter.

Delicious refreshments were served to the 21 members by the hostess and assistant, Mrs. Bud Paulus.

OUR BIRDS

(National Wildlife Federation)
THE ROBIN REDBREAST

There are few of us who are not familiar with the saucy but friendly robin whose appearance each year on our front lawns and in nearby parks is usually one of the very first signs of spring. We are familiar with him, of course, but how much do we really know about him?

While the robin may do some damage to fruit trees and vegetable gardens, his constant war against insects and other pests makes him a valuable ally to the farmer and the home gardener. In fact, in the north and in some parts of the west the robin is one of the most cherished of our native birds and is considered a welcome and helpful visitor.

According to the National Wildlife Federation, an organization designed to preserve America's birds and wild animals, the technical name for the robin is *Turdus migratorius*. He feeds on many kinds of insects with no particular preference for any one type, although he is always happiest when he has captured a good sized earthworm, which he will either eat quickly himself or carry home to his babies.

Aside from insects, wildlife experts at the Federation tell us that more than half of the robin's daily food is made up of fruits. Thus it would seem, at first glance, that he would not be too welcome to the farmer who

raised strawberries, apples, peaches or any of the other fruits. The wise farmer, however, will not shoot the robin for what might well be called a bad trait. Rather he will cultivate in his orchard or near his fruit trees, small patches of wild berries, which robins will eat and enjoy just as well.

If the farmer does this, he will tend to keep the robin from destroying his fruit trees, and will have a well trained, fleetwinged policeman, to eat up many of the insects which do real damage to his crops. To prove that this method works successfully, it has been reported that in the state of California in certain years olive crops have been saved from hungry robins only through great effort.

Olive growers, however, were smart enough to recognize the usefulness of robins, and are convinced that all possible means should be exercised to keep them active so that they may be free to carry on their natural war with the more dangerous crop-destroying insects.

In size the normal healthy robin should be about 10 inches long from the tip of his tail up to the point of his beak. He hatches his eggs in all parts of the United States except those states in and around the Gulf of Mexico. In addition he may be found in abundance in Canada, Alaska and Mexico. His winters are spent in many of the United States and he will travel as far south as Guatemala, Central America.

FISH OF INDIANA

CHANNEL CATFISH

DESCRIPTION: The Channel Catfish is the most slender of all our catfish. The head is narrow and small, the eyes are nearer the upper surface of the head than the lower. The ground color is normally blue, never yellow. The young are spotted, but many lose the spots after attaining a few pounds in weight. This Catfish has 25 to 29 rays in the anal fin. The Blue Catfish has from 30 to 36 rays.

DISTRIBUTION: The Channel Catfish is found in most rivers of the state and a few of our gravel bottom lakes.

HABITAT: It prefers the deeper, clearer water of our gravel or sand bottom streams. They are usually found in those parts of streams where there is plenty of current.

FOOD: This fish feeds on both animal and vegetable matter. Prefers worms, insect larvae, clams, snails, crayfish and minnows, algae and other vegetable matter.

STOCKING: The Fish and Game Division is carrying on a stocking program at present and increased production is planned for the future.

SPAWNING AND PROPAGATION: The Channel Catfish can be raised under artificial conditions in hatchery ponds. Old nail kegs or milk cans for the purpose of spawning are placed in ponds.

SEASON AND BAG LIMIT: No closed season or bag limit but must be 10 inches in length.

FIRST P. T. A. MEETING NEXT WEDNESDAY

The first P. T. A. meeting of the year will be held next Wednesday evening, Sept. 27, at the school.

The teachers, especially the new ones, will receive special recognition at this meeting, in addition to an interesting program.

Open house will be held so that everyone can visit each class room and observe the teaching facilities. The school has been newly decorated, which is another thing the parents will want to see.

County superintendent of schools, Mr. Whitehead, has been given a special invitation to attend this meeting.

Everyone, parents especially, are invited and urged to attend this meeting of the Parent-Teachers Association. If you have never been a member, you may join the organization for 50c, which pays the dues for a year. Those who did not renew their membership last spring may do so at this meeting.

September 20	2 in.

COUNTY MEN LEAVE FOR ARMY SERVICE

LaVierre (Calvin) Wagner, 23, son of Mr. and Mrs. E. E. Wagner of Mentone, was named leader of a group of 16 county boys that left for army service Monday. All passed their pre-induction physicals Aug. 18th.

LeRoy Wise, 23, son of Mr. and Mrs. Frank Wise, of Mentone, was another member of the group from this vicinity to enter military service.

ANOTHER HOUR OF SHUT-EYE NEXT SUNDAY MORNING

About the time we cease arguing about daylight saving time, it's time to turn the clock back an hour again. Saturday night—somewhere between midnight and two a. m.—you're supposed to pry open a bleary eye or two and try to put the old alarm clock in reverse without stripping its gears.

From a distance, one would imagine it would be much easier to get to work on time when you have an extra hour to spare, but it's certainly amazing how quickly one can skid into the same old rut again.

CELEBRATE BIRTHDAYS

Mr. and Mrs. Fred Rush gave a birthday dinner Sunday for Mr. Rush's mother, Mrs. Bert Rush, of Mentone, and their daughter, Mrs. Max Hire, of Warsaw; also their grandson, Robert Plew, of Pierceton. Robert was Mrs. Bert Rush's first great-grandson and was born on her 68th birthday, Sept. 21, 1935.

All received beautiful presents and best wishes for many more happy birthdays to come.

Others present were Max Hire and Eleanor Rush.

WHETSTONE — GRINDLE

In a quiet home wedding Saturday evening at six o'clock, Mildred Whetstone, daughter of Mr. and Mrs. Dewey Whetstone, was united in marriage to Alan Grindle, son of Mr. and Mrs. Russell Grindle, of Warsaw.

The double ring ceremony was read by Rev. David Gosser, in the presence of the immediate families.

Mr. and Mrs. Lawrence Mahoney, of Warsaw, attended the couple.

The bride wore a dress of steel blue and wore a corsage of pink mums. Mrs. Mahoney wore a corsage of pink mums, also.

Bouquets of garden flowers made a lovely setting for the reception which followed.

The newlyweds took a short trip and are residing at the Whetstone residence until their apartment is ready in Warsaw, where Mr. Grindle is employed.

GIVEN BIRTHDAY DINNER

A surprise carry-in dinner was served at noon Sunday at the home of Mrs. Agnes Baker to celebrate her birthday. Those present were the honored guest, Mr. and Mrs. Oscar Baker and family and their house guest, Mr. and Mrs. Thomas Witham and family. Mr. and Mrs. Joseph Baker and daughter Linda, and Mrs. Ella King.

In the afternoon cousins called from Churubusco, Fort Wayne and Detroit.

CORRECTION

It was incorrectly stated in the obituary of Mrs. Milton Kesler, last week, that her husband, Milton Kesler, was deceased. We are sorry for this error.

VISIT IN MICHIGAN

Mr. and Mrs. Dell Leavell and brother Harry Emmons and wife and Mr. and Mrs. George Rowe spent the week end with relatives in Flint, Michigan. While there they erected a memorial to the parents of Mrs. Leavell and Mr. Emmons.

A family reunion was held at the home of Mr. and Mrs. Lew Keyser. More than 30 attended. They were accompanied home by Mr. and Mrs. Merle Rowley (Mrs. Rowley the former Ruth Emmons and granddaughter of Mrs. Dr. S. R. Fish of Talma.)

HAS MAJOR SURGERY

Clayton Holloway is a patient in the Murphy Medical Center following an operation last Thursday for hernia. He had a tonsillectomy at the same time.

He is improving, although still unable to eat because of a very tender throat.

MOTHERS OF WORLD WAR II

Mothers of World War II, Unit 106, met at the home of Mrs. Helen Mollenhour September 13th with 19 officers and members present. The meeting was opened by the president, Mrs. Blanche Paulus, reading George Washington's prayer for the U. S. of America. The members, in unison, pledged allegiance to the flag and sang one verse of the "Star Spangled Banner." Mrs. Bertha Meredith, the chaplain, led in prayer. The Veteran Aid Seals were received and the members did their part by buying them. The treasurer then reported that one set of bed rails for a hospital bed has been purchased by the unit. It was decided to send a box to the Veterans' hospital at Fort Wayne and all contributions were to be taken to Mrs. Bertha Meredith's home. Dues were paid by Mrs. Newell and Mrs. Rhoda Jones. The door prize was won by Mrs. Ocie Gross. Plans and reservations were made for the next meeting which is an anniversary dinner at the Crystal Dairy Bar at Warsaw. The meeting closed with the War Mother's creed, retiring of the colors, singing one verse of "America," and prayer by the chaplain.

Lovely refreshments were served by the hostess, assisted by Marjorie and Barbara King.

W. S. C. S. TO MEET

The W. S. C. S. of the Methodist church will have the first meeting of the fall season this Thursday evening at the church.

The committee in charge, Mrs. Allen Herendeen and Mrs. Wayne Tombaugh, have planned a challenging program which will be highlighted by a play given by several of the members dressed in the interesting costumes of the 19th century.

Lesson will be given by Mrs. Jack VanGilder. Recreational feature will be in charge of Mrs. Alice Mollenhour. All the ladies of the church are urged to be present.

PARENTS OF SON

Mr. and Mrs. Don Beard are the parents of a son born last Sunday at the St. Joseph hospital in Ft. Wayne. The new baby weighed five pounds and has been named Benny Alva.

HOME FROM HOSPITAL

Mrs. Henry Robbins was brought to her home Monday after spending over two weeks in the Murphy Medical Center for treatment of a broken leg.

AUXILIARY DISCLOSES RESULTS OF UMT POLL

Mrs. Ernest Igo, National Security Chairman of the Mentone American Legion Auxiliary, reported that a trend in favor of universal military training is evident in the results of the survey on UMT which was taken last Friday and Saturday in the Mentone community.

The 384 persons who have been polled expressed themselves as follows:
316 for UMT
25 against
43 undecided.

CLUB CALENDAR

P. T. A., Wednesday evening, Sept. 27, at the school house at 7:30.

First meeting of fall and winter season of F. & A. M. Monday evening, Sept. 25, at 7:30 p. m. CST.

There will be a meeting of the Mentone Legion Auxiliary, Unit No. 425, at 8:00 p. m. at the Post Home, Sept. 26.

The D. A. R. will meet Sept. 26 at the home of Mrs. Edna Carey.

W. S. C. S. this Thursday evening, Sept. 21, at the Methodist church.

**NOTICE OF ADMINISTRATRIX'S
SALE OF REAL ESTATE**

The undersigned, Nellie Reed, Administratrix of the estate of John Warren, deceased, hereby gives notice that by virtue of an order of the Kosciusko Circuit Court, she will at the hour of 10:00 a. m. on the 18th day of October, 1950, at the law office of James E. Rodibaugh, Mentone, Indiana, and from day to day thereafter until sold, offer for sale at private sale, all the interest of said decedent in and to the following described real estate, to-wit:

Lot Numbered Three Hundred Five in Tucker, Myers and Hackedorf's Addition to the Town of Mentone, Kosciusko County, Indiana.

Said sale will be made subject to the approval of said Court, for not less than the full appraised value and upon the following terms and condition: Not less than one-half of the purchase money cash in hand, the balance to be paid so soon as a complete abstract of title is furnished, to and including the proceedings of this sale.

Said real estate consists of a residence property and the appraised

value is \$1,500.00. Said real estate will be sold free from taxes accrued, or a lien, at decedent's death.

NELLIE REED,
Administratrix
JAMES E. RODIBAUGH,
Attorney. S20-27-04

The wear-out age of motor vehicles has quadrupled since 1925, the Chicago Motor Club points out. According to comparative surveys, vehicles were being scrapped in 1925 after 25,000 accumulated miles. Current average mileage on a car being scrapped is 120,000 miles.

Twenty-seven per cent of all train-vehicle accidents at night involve a vehicle hitting a part of the train other than the locomotive, the Chicago Motor Club points out. During the day time, only 4% of train-vehicle accidents are of this type.

The first step from the curb is the most dangerous! The Chicago Motor Club warns that seventy-five percent of pedestrians involved in accidents are struck before they reach the center of the roadway. In two-way traffic pedestrians should look first to the left, then to the right before leaving the curb.

LOCAL NEWS

Mr. and Mrs. John Bowman and children and Esther Kehoe of South Bend were Sunday evening supper guests of Mr. and Mrs. Francis Kehoe.

Mr. and Mrs. Robert Reed and Janet Rose, Mr. and Mrs. Bud Wise and family and Mr. and Mrs. Rex Tucker and family had a social gathering on Wednesday evening in honor of Bud Wise who was scheduled to leave for army service.

Mrs. Ross Smith of Lakeland, Florida is visiting her friends here, also her relatives in Milford and Ft. Wayne. She has been a guest in the Robert Reed home for the past several days. She will be remembered in this community as the former Toots Lyon.

Mr. Chester Manwaring and daughter Mrs. Jean Paulus; a sister, Mrs. Nellie Blue, and Mrs. Ethel Shafer left Sunday for an extended trip northeast through Maine and farther north. They expect to be gone several weeks.

Mr. and Mrs. Arthur Witham spent Sunday in Logansport visiting relatives. An aunt of Mr. Witham's, Mrs. Ada Bowen who had been visiting friends in this vicinity, returned with them to her home.

Mrs. Richard Greulach became sick while on an auto trip in Michigan.

She received treatment in the hospital at Grand Rapids Michigan, for several days. She was able to return to her home on Monday. Her condition is very much improved.

Mr. and Mrs. William Cook were Sunday dinner guests of their son William and family who live in South Bend.

Mr. and Mrs. Earl Smith, Mr. and Mrs. Bud Paulus of Rochester, were Sunday callers at the Cloice Paulus home.

Mr. and Mrs. Lawrence Elick returned home Monday after spending the summer at Scotts Lake, Michigan, where they have several cottages to accommodate travelers. They report that the fishing was about the same as previous summers and they enjoyed the summer very much.

Four times as many people are killed walking against the intersection signal as with it, surveys show. Most of those killed walking with the signal are struck by turning vehicles.

DU PONT

SPRAY GLAZE

IS AN ENTIRELY NEW PROCESS

- ✓ It's new! It's different! It's Du Pont Spray Glaze—the most significant development in car care in years.
- ✓ Du Pont Spray Glaze is applied to your car by a new, faster method—with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.
- ✓ Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze.

The Spray Glaze process includes:

1. Washing the finish with Du Pont Car Wash.
2. Pre-cleaning with a special Du Pont Spray Glaze Cleaner.
3. Applying Spray Glaze.

Shines brighter — lasts longer — costs you no more.

CO-OP OIL STATION

Rev. and Mrs. David Gosser and children were dinner guests last Friday evening at the home of Rev. and Mrs. E. E. DeWitt. Mr. Tecumseh Kilgore of South Bend was also a guest in this home several days last week. On last Sunday afternoon Mr. and Mrs. Fred James, of Larwill, were visitors with the DeWitts.

It sometimes takes an elderly person 30 seconds to cross a 90-foot intersection. In that length of time an auto traveling at 30 m.p.h. covers 1,320 feet.

Mrs. S. M. Hill spent last Sunday with Mr. and Mrs. George Krider, of near Columbia City. In the afternoon many friends called, the occasion being their 25th wedding anniversary.

Mrs. John Lutes was able to return Monday from the McDonald hospital where she had been a medical patient for several days.

Bedelia Belle Weirick has returned to Wheaton College after spending the summer with her parents, Mr. and Mrs. Raymond Weirick.

METHODIST CHURCH NEWS

The Warsaw District Group Conference will be held Sunday evening, Sept. 24th, at 7:30 at the Methodist Church at Warsaw with Dr. B. B. Shake presiding. All officers and teachers are requested to attend as well as all who are interested.

The W. S. C. S. will meet Thursday evening, Sept. 21st at 7:30.

On Friday, Sept. 29th, the south group of the Warsaw district W.S.C.S. will hold an all day meeting at the Mentone Methodist Church, with Mrs. B. H. Eagler, Key Woman of the South Group, presiding. Other special guests will be the district president, Mrs. G. W. Nicholson, of Elkhart, and also a missionary speaker from India, whose name will be announced next week. There will be a sack lunch at noon with coffee served by the host church. All Methodist women and friends of the church are invited to attend.

MENTONE HOME EC. CLUB MEETS

Mrs. Claude Barkman was hostess at the meeting of the Mentone Home Economics club held Thursday afternoon. During the program, Mrs. Earl Smith, president of the club, gave excerpts from a talk given recently before a group of business men by Henry F. Schricker, governor of Indiana, in which he discussed our national situation. "How Safe Is Your Kitchen Knife Drawer?" was the question discussed by Mrs. Agnes Rans, the health leader. Programs for the coming year were discussed. Mrs. Raymond Weirick gave the history of the song of the month, "I Cannot Sing the Old Songs." For the meditation Mrs. Bertha Meredith read two articles, "Be A Friend," and "I Have a Guest." During the business session plans were made for the club exhibit at the Mentone Egg Show. Auction articles were purchased by Mrs. Weirick, Mrs. Harry Vernett, Mrs. Harry Sullivan, Mrs. Cloice Paulus, Mrs. Silas Meredith and Mrs. Edith Darr. Mrs. Vernett was awarded the mystery prize. Birthday and anniversary

gifts were received by Mesdames Harry Vernett, Silas Meredith, William Vernett, Ray Terry, Emra Anderson, George McIntyre and Gertrude Hill. Mrs. Bertha Meredith assisted Mrs. Barkman in entertaining the 27 members present, and their four guests including an honorary member, Mrs. Elva Jones. October 12 is the date for the next meeting at which Mrs. Elmer Rathfon will be the hostess.

GIVEN SUSPENDED SENTENCE

In circuit court on Tuesday morning, Welcome Fore was fined \$10 and costs and received a suspended sentence of two to 14 months on charges of check forgery. The affidavit was signed by Deputy Sheriff Frank Lucas. Fore was charged with giving a check for \$27 on the Farmers State Bank, Mentone, to John Klondaris, of Warsaw. The check dated Sept. 3, was made payable to Fore and the name "Wayne Nellans" was forged to it.

SCHOOL NEWS

The teachers are holding their faculty meetings on Tuesday morning at 7:40. One of the topics discussed this week was grades and grading. A reception for the new teachers has been planned for this Friday at Melure Lake. A committee composed of Wreatha McFarren, Dale Kelley, and Lorin Burt will plan the evening's activities.

Jon Cullum, Sarah and Charles Urschel enrolled Monday morning. This boosts the enrollment up to 392 for all twelve grades.

The Veteran's training class under the direction of Maynard Johnston now meets each Monday and Wednesday evenings from 8:00 to 10:30. Mr. Johnston and family have recently moved to the Mentone community.

Teachers are looking forward to the open house next Wednesday evening. All parents are invited to make a tour of the building and meet the teachers.

Mr. Kent attended a banquet at the Colonial Hotel, Lake Manitou, Tuesday evening. The Indiana State Teachers Association held the meeting to discuss legislative problems and State Association Convention issues.

A fire drill was held on Monday. The building was cleared in 70 seconds.

All parents are cordially invited to visit school at any time. It encourages the pupils and the teachers in their work.

The Senior class has been discussing the question of whether to put out a school annual or not. It has been some time since the Mentone School printed an annual.

CARD OF THANKS

I wish to thank all my friends who sent such lovely flowers and cards while I was in the hospital.

MRS. BESSIE ROBBINS

Ink on "Declaration"

Although there is every reason to suppose that disintegration has now been arrested, the ink on the original engrossed and signed Declaration of Independence in the library of congress has been slowly fading for more than 10 years and many of the signatures have so nearly disappeared as to require magnification to identify them.

S. BERGWERK

Gordian Knot

The expression **Gordian Knot**, meaning to slice through complications, is said to have originated in the ancient city of Gordium (Gordion), in what is now west-central Turkey. It was at this site, according to legend, that Alexander the Great cut with his sword the intricately tied knot which he found would yield in no other way.

Jenny Lind

Aspiring young singers might do well to rent a cat and a window overlooking Broadway. Jenny Lind did all right with much the same setup. Heard singing to her kitten, nine-year old Jenny Lind was very quickly brought to the notice of voice teachers and enrolled at government expense in the Royal theater school, Stockholm.

Destroy Winter Clover

Tall grass areas, especially around marsh borders, give birds and animals protection from winter storms. Burning drives the inhabitants from these areas or kills them.

EGG SHOW TIME NEARING AGAIN

It's hard to believe that there are but a few short weeks left before another big two-day Mentone Egg Show. Reality suddenly dawned today when a letter was received from the finance committee seeking contributions for the 1950 show.

The egg show is one way of advertising the Mentone area as the egg center of the middle west, and everyone should feel proud that we have something here worth bragging about. Regardless of the size of your contribution, it should make you feel better to be able to say that you are helping in this worthy endeavor. If you didn't get a personal letter, but still want to contribute, see K. A. Riner, finance chairman.

Cumberland Gap

The first American colonist to file written claim to discovery of Cumberland Gap was Dr. Thomas Walker, a Virginia physician and trained woodsman who, in the spring of 1750, led a pioneer land venture into the Appalachian wilderness.

BIG FISH SELL A LOT OF FILM

I guess it's not the natural thing to take a picture of a small fish, but boy are the big ones photogenic! This week we received a picture of Frank Francis and a fishing buddy holding up a 10%-pound bass they caught in the lake where they live at Hernando, Florida. The man with Frank is George Herkomer, owner of the fishing camp where Mr. and Mrs. Francis are employed. The picture hangs in the Co-Op. News window, just in case you might question the weight of this fish.

The letter from the former Mentone citizens follows:

Dear Art:

Just a short note to let you know that we get our paper every week and we really do enjoy every page of it.

Of course, we hear from our friends in Mentone, but the paper just seems to take care of everything.

We are very happy in our new home here in Florida. Just wish our friends were here, too. I think it is the most beautiful state I have ever been in.

The storm didn't hit us too hard, although we had some wind and lots of rain, but we are inland so just got the tall winds. However, it did lots of damage not too far from us.

Yours truly,

Mr. and Mrs. Frank Francis.

Bison Population

Bison, or buffalo, now number close to 4,000 on fenced rangeland, largely in Montana and South Dakota. From an estimated 50 million at the time of early settlers, they dwindled almost to extinction. Fore-runner of all attempts at big-game censuses was naturalist W. T. Hornaday's careful survey showing a tally of only 541 bison in 1889.

We buy kitchen fats, 3c per pound. Mentone Locker Plant.

Mrs. A. I. Nelson is in Detroit caring for her daughter, Catherine, who underwent an operation last week.

Mr. and Mrs. Ed. Ward and family planned to leave Thursday morning for a week's trip to visit relatives and vacation at Eagle River, Wisconsin.

Kirk Livengood, representing Carpenter Bros., of Frostburg, Maryland, is now in the Mentone territory conferring with the egg producers. His firm is interested in promoting egg quality and he is here to help any producer that feels the need for such assistance. Anyone desiring to contact him can leave word at the Co-Op. office.

LET US HELP YOU

Improve Egg Quality

Our representative, Mr. Kirk Livengood, is spending several weeks in the Mentone area consulting with egg producers and shippers. He will be pleased to have you call him for any suggestions he may be able to make that might result in a better quality egg. Our firm has been specializing in developing a high quality egg market, and to do this we must have a constant supply of top quality eggs. Quantity is to be desired by any firm, but to us, *quality is more important.*

Call the Co-Op. Office if you'd like Mr. Livengood to visit your farm. There's no obligation.

STILL FINE WEATHER FOR VACATIONING

September is no longer the "poor relation" of the summer vacation months, says the Chicago Motor Club. Labor Day traditionally has marked the close of the vacation season. But now shrewd planners are taking advantage of the off-season prices, smaller crowds and pleasant weather to be found during the rest of the month.

September will usually mean a safer trip for tourists. A decrease in the number of cars on the road not only

lessens the chance of accidents but takes away much of the pressure that attends highway driving in the midst of the tourist season.

Rates at many hotels, inns, lodges and motels drop an estimated 10 to 30 per cent at the end of the touring season. This saving can be accompanied by better accommodations as thinning crowds give the tourist a better selection. He can also anticipate more personal attention.

Many resorts stay open into October. With the exception of the all-year parks, the National parks close officially about September 15, but remain open for public travel until the arrival of unfavorable weather. Some state parks and forests offer accommodations all year round; the others are popular scenic and recreational attractions through September and October.

In reporting results of a survey of national temperature averages, the motor club offers proof that summer does not end with the first Monday of September. The average daily high temperature for the United States in September is only eight degrees lower than the July high of 74. New England, the Middle Atlantic states, the Midwest, the Mountain states and the Pacific Coast are usually a comfortable 67 to 71 degrees.

Metals in Flakes

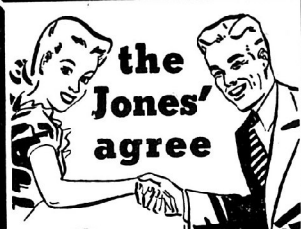

Metals, such as copper and aluminum, are stamped out in thin flakes for use as a pigment in paint. The paints thus made are used for their color and also for their mechanical effects. They are highly resistant to moisture and also aid in sealing in stains which might otherwise "bleed" into subsequent coats of paint of different color.

The Mentone Locker Plant building is receiving a new coat of stucco this week.

Mr. and Mrs. Glessil Fawley, of Warsaw, and Mr. and Mrs. Milo Faw-

ley, of Mentone, spent last week on Spider Lake, near Traverse City, Mich. They report the fishing was excellent.

ADVERTISE — IT PAYS!

Dri-gas
THE ALL-PURPOSE BOTTLED GAS
is best

FOR COOKING

Mrs. J: "Dri-gas and a ROPER gas range is the right cooking combination for me."

FOR REFRIGERATION

Mrs. J: "We Jones know the meaning of economy ... with Dri-gas and our Servel gas refrigerator."

FOR WATER HEATING

Mr. J: "Water heating the Dri-gas way is automatic ... safe ... dependable. Mrs. J and I wouldn't be without it."

You, too, will like the many conveniences of Dri-gas. It's becoming increasingly available for homes beyond the gas mains.

HOST TO SINGSPIRATION

Walnut Church of Brethern, south-east of Argos will be host to Greater Marshall County Youth for Christ Singspiration next Sunday night Sept. 24th from 9:30 to 10:30 P. M.

All ages are welcome to join in these 'sings' and we especially urge pastors to see that their youth are invited and have some way to attend these services. 250 were in attendance at the last meeting which was held at Plymouth Nazarene Church and everyone had a good time with plenty of group singing, vocal and instrumental numbers along with personal testimonies.

Why not load up your cars, bring your special numbers and join us next Sunday night?

RESOLUTIONS OF RESPECT

In memory of our departed Neighbor Cora B. Williams, who was a member of Maple Leaf Camp No. 2462 Royal Neighbors of America, departed this life August 9th, Nineteen Hundred and Fifty.

Whereas it has pleased the Almighty in his profound wisdom to remove from our midst our highly honored and beloved Neighbor Cora Williams. Therefore be it resolved, that we sincerely and deeply sympathize with the family and friends of the departed, in

their sad bereavement, and that we implore kind providence to comfort them in this, their hour of trial.

Resolved, that we will strive to the best of our ability to render such comfort as will lighten the burden of their sorrow.

Therefore, be it resolved, that our Charter be draped in mourning for a period of thirty days and that a copy of these resolutions be recorded in the minutes of our next meeting.

Gathering home to the silent shore
Eyes that are weary shall weep no more.

Softly they lay their burden down
Leaving the cross to wear the crown.

One by one, how soon 'twill be
The Lord will call for you and me.
Swiftly the fleeting moments fall
Oh, be ready when he shall call.

FISH OF INDIANA

WHITE BASS— STRIPED BASS

DESCRIPTION: The average fisherman has little trouble in identifying the White Bass. The general color is a silvery white, slightly tinged with yellow below; the sides have narrow dusky lines, about five above the lateral line, one along it, and a variable number below. The spiny dorsal fin contains 9 to 11 rays, the soft dorsal 13 to 15; the anal fin has three spines, the first short, about half the length of the second, and the second distinctly shorter than the third. The lower jaw extends considerably past the upper one. The silvery color and two separate dorsal fins distinguish it from the Black Bass.

DISTRIBUTION: This fish is found in rather limited areas of the state. Most common in Shafer and Freeman Lakes at Monticello and Tippecanoe Lake in Kosciusko County.

HABITAT: A fish of the lakes and deeper rivers. Prefers clear water. Travels in schools and responds to night fishing.

FOOD: Feeds mostly on smaller fishes, crayfish, the larger insects and their larvae.

STOCKING: Some stocking has been done in the past but no program is carried on at present.

SPAWNING: Usually in April or May; leaves the deeper water for the quiet water near shore. The eggs are not laid in nests as are those of the sunfish family, but are deposited in midwater, slowly sinking until coming in contact with objects to which they adhere.

SEASON: June 15 to April 30. Keepers 10 inches. Legal Bag Limit 6.

Your Paper Its People Are Human

By William R. Nelson

MEMBERS of this and all other newspaper staffs are victims of that quirk of human nature so well expressed by the axiom which asserts that: "An expert is a man away from home." Newspaper people are very much at home here, so they are seldom looked upon as experts. But they are experts, and specialists, in a wide variety of occupations and professions, all of them vitally important to this community.

A home town newspaper, such as this one, is published only through the teamwork of people of many skills. It is doubtful if any other business or institution in the community surpasses the newspaper in its complexity, in the varied nature of the expert know-how its operation requires.

Teamwork of Skills

Modern drug stores, which require a combination of merchandising and professional aptitudes, come closest to the newspaper in the variety of demands made upon staffs. But in addition to merchandising and professional abilities comparable to those of the drug store, the newspaper's people must also have mechanical understanding and skill of a high order.

Newspaper mechanical staff people must know both how to operate a variety of machines, and how to maintain and repair them.

Editorial staff members are specialists who perform their daily duties within the restricting confines of a code of ethics fully as binding as are those of other professions. They must have ability, a liking for people, knowledge of words, a feeling for art, insatiable curiosity, willingness to work all hours under pressure, and be familiar with mechanical practices and limitations of the printing plant.

Always on Duty

While sharing with their neighbors the enjoyment of a community event, the editorial worker must also cover it, taking notes, names, dates and data, so that while others relax afterward, the story of the event can be written. The editor and reporter, like doctors, are "on duty" every hour of every day.

Members of the advertising and business office staffs, too, are specialists, each in his or her own way. And they, too, are important to the community. Telling the local service and merchandising story is vital to the smooth functioning of professional and commercial sides of community life.

Mrs. Charles Davis, of Three Forks, Montana, arrived Sunday for a visit with her sister, Mrs. Artley Cullum, and family and with other relatives in South Whitley. Jon Cullum, who had spent two weeks with the Davis family in Montana for hay fever relief, returned with Mrs. Davis.

Dr. Urschel has been quite ill with a virus infection ever since he returned home from his hay fever trip. It appears now he won't be able to work at least until next week.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Among Indiana's 3,973,646 population it has been estimated that there are 74,000 diabetics and among these 31,000 do not know of their condition. Dr. Wendell C. Anderson, director, Division of Gerontology and Chronic Diseases, Indiana State Board of Health, said today

Dr. Anderson pointed out that in addition there are approximately 30,000 Indiana residents who have the hereditary factor which will cause diabetes to develop sometime during their life. Medical and public health people are now primarily interested in discovering these unknown diabetics so that proper treatment can be instituted and thereby delay the progression of the disease and prevent serious complications.

"In order to accomplish this," Dr. Anderson said, "Various simple screening tests are being developed so that either blood or urine can be tested for sugar on a wholesale basis. Persons with known diabetics in their immediate family should be examined at regular intervals as their chance of having the disease is five times that of one with no known case in the family.

"The principle factor other than heredity is overweight, as the probability of developing diabetes increases proportionally with the degree of obesity. This seems particularly true for people over 45 years of age. Mild diabetes can often be controlled by reduction of weight alone. Thus the maintenance of normal weight during adult life can be considered a preventive measure against diabetes as well as many of the other chronic diseases common to the older age group."

WOMEN ORGANIZED FOR MENTONE EGG SHOW

Mrs. Hobert Creighton, of near Warsaw, has been named for chairman for the women's department of the Mentone Egg Show, it has been announced by Mrs. Glenn Snellenberger, county home demonstration agent.

The women's part of the show has been tentatively slated for Thursday, October 26, the first day of the two-day event.

Other members of the committee are Mrs. Russell Creighton, of near Warsaw; Mrs. Artley Cullum, of Mentone; Mrs. Ray Kinsey, of Claypool; Mrs. Oscar Bowen, of Burket and Mrs. Charles Manwaring, of Mentone.

Mrs. Elmer Longyear, of Claypool, Mrs. Delford Nelson, of Burket, and Mrs. Snellenberger will serve as ex-officio members of the committee as officials of the County Home Economics clubs and the extension office.

Mrs. Snellenberger said the women's section of the show will be designed to stimulate interest in the use of eggs and poultry for family meals because of the excellent nutritive value.

Many Exhibits Planned

The Committee has planned open and 4-H club class of exhibits and demonstrations on egg and poultry preparations.

The open class of exhibits will include: Cake with four or more whole eggs and egg icing, accompanied by recipe; angel food cake which is shown with product using egg yolks, accompanied by recipes; egg favors; main dish using more than four eggs, accompanied by recipe; and chicken casserole.

The 4-H class of exhibits will include: Light or dark butter cake using one or more eggs with icing optional, accompanied by recipe; egg sandwiches using two slices of bread, accompanied by recipe; and plate of four drop cookies using two or more eggs, recipe required.

Premiums in both exhibit classes will be \$5 for firsts, \$3 for seconds and \$1 for thirds.

The deadline for entering the demonstration contests will be October 1. Open entries should be sent to Mrs. Ho-

bert Creighton, route 5, Warsaw, or to the county extension office, Warsaw. Four-H entries should be sent to Mrs. Oscar Bowen, route 1, Claypool, or to the county extension office.

Deadlines for entries in the exhibit classes and schedules for demonstration will be announced later, it was stated. A pot-luck dinner will be held at noon on women's day at the show.

Miss Jannet Law visited with Sandra

Barkman Sunday. They ate dinner with Sandra's Grandma Barkman.

Callers at the home of Mrs. Earl Meredith Sunday evening where Mr. and Mrs. Mace Nelson of Mentone, Mrs. Maude Emmons, Mrs. Alspaugh and Mrs. Murphy of Rochester.

Sunday callers at the home of Mr. and Mrs. John Laird of Mentone were Mr. and Mrs. Herbert Laird, Mrs. Maggie Laird and daughter Mildred, of

Bourbon, Mrs. Mary Barkman and Mrs. Bertha Meredith.

The lifespan of a car today is twice as long as those of 25 years ago. In 1925 the average age of a car being scrapped was six and a half years. Now the average age is twelve years.

Mrs. Effie Personette is spending the week in Bourbon visiting with relatives.

KNIGHTSTOWN HOME

By

Juanita Paulus and Geraldine Smith

The Indiana Soldiers' and Sailors' Children's Home at Knightstown, Ind. was established in 1865 and is supported by appropriation from the state legislature for minor children of honorably discharged soldiers and sailors, who are destitute of means of support and education. Admission to the home is gained by application to the board of trustees, composed of two American Legion members and two Auxiliary members. Blanks are furnished by the home and accompanied by proof of the father's service. After investigation, it is acted upon by the board of trustees.

Present enrollment at the school is 546. The school is located on 417 acres of land. There are 30 teachers and 50 governesses and 104 other employees.

The state of Indiana furnishes the necessities such as bed, board, and education with all of the extra needs furnished by the Legion and Auxiliary. The children gain banking experience by being able to draw from their own personal accounts which are made possible by the Auxiliary. Each unit in the state contributes to the Sunday Night Treat Fund. This fund is used for an ice cream treat for the children once each month. Every unit in the state sponsors one or more children remembering them on their birthdays, Christmas, and all other special occasions during the year. At Christmas time each child is given a list of gifts from which they may select three articles, then the committee selects a gift from these three. Each child receives the privilege of choosing gifts for friends and relatives from a supply shelf, funds of which are donated by the Auxiliary. Vacation time at the home is made possible by contributions made to the Vacation Fund by the units. The pay vacation fund enables the institution to place the children

in homes that are eligible to take them but who lack the extra funds, and because of this, all children eligible under the rules are given some time away from the home. An Auxiliary member may, with proper recommendations, take a child into her home for a summer vacation, or by contributing to the vacation fund may enable a child over six years of age to enjoy a vacation.

By the time each child reaches the age of 13, they must select a trade. After graduation, the board of trustees secures a position for each child. At the present time, the baker and the printer at the home are both graduates of the home.

The cost per child for one year for bed, board and education is \$1,000.00. From the reports submitted to the department chairman, a total of \$32,207.82 was spent at Knightstown Home this year by the department, districts, and units of the American Legion Auxiliary in the state.

MULTIFLORA, LIVING

FENCE NOW AVAILABLE

The Indiana Department of Conservation, through its Pittman-Robertson Wildlife Restoration project, announces that they are again going to furnish up to one mile of living fence free to Indiana farmers.

Multiflora Rose as a fence for Indiana farms, has several advantages over the old wire fence. It does not spread or sap the ground and requires no pruning or trimming. It can be planted either in the fall or spring. Planting sites should be prepared now for fall plantings. All fall plantings should be heavily mulched with straw, manure, or sawdust.

Multiflora Rose is very beneficial to Indiana wildlife by furnishing excellent nesting cover, food, and protection from predators.

Persons desiring applications to receive shrubs may write to Pittman-Robertson Project 6-D, 311 West Washington Street, Indianapolis, Ind.

LONGER SEASON ON

PHEASANTS THIS FALL

A five day period during which hunters may blaze away at cock pheasants has been announced by Kenneth M. Kunkel, director of the Indiana Department of Conservation. Mr. Kunkel conferred at length with Henry P. Cottingham, director of the Division of Fish and Game and attaches of Pittman-Robertson before arriving at the decision to open the season for five days. Pheasant hunting days will be from November 10 to November 15, dates inclusive. However, as all sportsmen in Indiana realize, the law prohibits Sunday hunting and inasmuch as the 13th of the month will fall on Sunday, shooting that day is out.

Prior to official sanction of the dates mentioned above, a public hearing on the matter must be held. The public is invited to attend the hearing in the offices of Director Kunkel, 311 West Washington St., Indianapolis, at 10 a. m., September 29th.

Mr. Cottingham explained that the reason for extending the season this year is due to a crowing pheasant count held this summer by means of

which it was shown that the pheasant population has increased. The season last year was a three-day one. Dates for such a season are set by discretionary order.

November 10th also will usher in the open season on rabbits, quail and Hungarian partridge.

FINE WINDOW DISPLAY

The DeLuxe Cleaners, at Mentone, has a very striking window display. It represents a fall woods scene and it certainly attracts attention when lighted up in the evening.

HAS BLOOD CLOT

Pete Grubbs is confined to his home with a blood clot in his leg.

LOCAL BUSINESSMEN PETITION FOR BETTER FREIGHT SERVICE

WILBUR WADE WHETSTONE DIES VERY SUDDENLY

Mentone community was greatly shocked and grieved by the sudden passing of one of its most esteemed citizens, Wade Whetstone, early on Monday morning.

Mr. Whetstone, a lifelong resident of Mentone, was 62 years of age, and died at 6:30 a. m. Monday at the Murphy Medical Center at Warsaw, following an illness of 24 hours, due to an acute heart ailment.

Mr. Whetstone, who was a tailor by trade, had been in business here for 45 years and was known for many miles for his ability to make men's dress suits. He had regular customers from many of the nearby cities. He was a member of the Mentone Methodist church, Modern Woodmen, and had been affiliated with the Mentone Masonic lodge for more than 40 years, and was serving his 26th year as secretary when death suddenly ended his work.

Surviving relatives include his wife, the former Myrtle McCrea; two sons, Robert and James; five grandchildren, and a sister, Ada Whetstone, all of this city.

Two sons, Bard and Wade, Jr., preceded him in death.

Funeral services were held at two p. m. Wednesday at the Mentone Methodist Church. Rev. David Gosser, the officiating minister, was assisted by Rev. E. E. DeWitt. A Masonic service was conducted and burial was in the Mentone cemetery. The Reed funeral home was in charge.

GIVEN BRIDAL SHOWER

Miss Virginia Rush was hostess at a bridal shower honoring Mrs. Donald Bennett, the former Carolyn Johnson, at the Rush home last Friday evening.

During the evening crazy bingo and a humorous Dorothy Dix Advice Contest were enjoyed.

The guest of honor received many lovely gifts.

Dainty refreshments of cake, ice cream roll, nuts and coffee were served to the following guests:

Mrs. Floyd Bennett, of Burket; Mrs. Joe Johnson, Mrs. Clyde Johnson, Mrs. Clyde Nettrover, Mrs. Ray Rush, Mrs. Letha Brown, Elaine Creighton, Betty Orcutt, Joyce McIntyre, Mary Jane Tucker, Jennie Hall, Jo Cullum, the guest of honor and the hostess.

DOLLAR DAY OCT. 7th

Mentone Merchants Are Offering Prizes and Special Prices on Indiana Volunteer Firemen's Recognition Day.

Gov. Henry F. Schricker has proclaimed October 7th as Indiana Volunteer Firemen's Recognition Day, and the Mentone Merchants Association, in cooperation with the Mentone Fire Department, will join all the other communities of the state in honoring the men of the fire department.

Many Dollar Day Bargains

The Mentone merchants, in searching for a means to further display their appreciation of the work of the fire department men, and also the fine patronage of the rural citizens, decided to cooperatively sponsor a DOLLAR-DAY SALE on Saturday, Oct. 7. Each merchant will endeavor to offer many special values on that day as a token of their esteem of all those who make Mentone their trading center.

Many Valuable Prizes

As a further measure of good will, each merchant will contribute some valuable gift to be given away on that evening. There will be no obligation to buy anything to be able to participate. Each such cooperating merchant will have an adequate supply of blank tickets and each visitor—from town or country—is urged to call at these various business establishments and sign one of the tickets. The more places you register the more chances you will have of being the recipient of one or more of the free gifts.

Your only obligation will be for you to write your name and address on a ticket at one or more business places.

Free Rides for the Youngsters.

Every youngster, it seems, has an ambition to ride on a fire truck, and Saturday the Mentone firemen will do that very thing—give every one a free ride on the fire truck. They will be carefully guarded by the firemen, and the men will likely take this opportunity to explain to the youngsters the dangers to avoid when a fire truck is speeding to a fire.

Program Still Incomplete.

Other entertaining features are in the making and they will be listed in our next issue. Watch for the paper next week. It will carry several pages of special values for everyone.

BRIDAL SHOWER

Miss Doris Snider was guest of honor at a miscellaneous shower last Wednesday evening at the home of Miss Monna Sullivan. Miss Snider received many lovely and useful gifts.

Those present were the guest of honor, Doris Snider, Mrs. Glenn Snider, Mrs. Raymond Cooper, Mrs. Gerald Romine, Mrs. Roy Cox, Mrs. Chester Coplen and daughters Velma and Donna, and Larry and Susie Sullivan.

Delicious refreshments were served by the hostesses, Monna Sullivan, Mrs. Robert Whetstone and Mrs. Harry Sullivan.

Others sending gifts were Mrs. Kenneth Boggs, Mrs. Tobie Blalock, Mrs. H. V. Johns, Mrs. Harold Linn, Mrs. Richard Manwaring, and the Misses Marilyn Tucker, Patricia Hudson, Jennie Hall, Ramona Goodman, Jackie Blue and Martha Sullivan.

FIREMEN SAVE BUILDINGS IN FIRE AT TIPPECANOE FRIDAY

The Mentone Fire Department was called to Tippecanoe Friday afternoon to help battle a blaze at the Robert Menser poultry dressing plant. A 30x66 frame building, one year old, used for storing of broilers and containing an office unit, was completely destroyed by fire, and one end of the home, some fifteen feet from the burning building, had started to blaze when the Mentone boys arrived on the scene. Another unit, used as a dressing plant, completing a triangle unit of buildings, was badly charred but was not destroyed. Firemen were further annoyed by a 55 gal. drum of gasoline midway between the three units, and a 500-gallon oil storage tank. By keeping a constant stream of water on them, no explosion occurred.

The Argos and Bourbon departments were also on hand with their two tankers, giving the fire fighters almost six thousand gallons of water.

The dial telephone system, in operation at Tippecanoe, prevented putting in the call for help for several minutes because of a "busy" buzz every time the phone was dialed.

CLUB CALENDAR

Royal Neighbor Camp No. 2462, R. N. A., will meet in the home of Mrs. Katherine Teel Tuesday evening, Oct. 3rd.

CHARLES PETERSON, RETIRED FARMER, BURIED SATURDAY

Charles Peterson, 89, died at 4 p. m. Wednesday at the home of his daughter, Mrs. O. J. Long, in Newcastle township. He had been ill one week.

Born in Sweden June 25, 1861, he was the son of Mr. and Mrs. Gustavus Peterson and came with them to Bourbon when he was 11 years old. His marriage in 1885 was to Katy Mickey, who preceded him in death in 1937. His first employment in Fulton county was farming for George Rickle. Following his marriage he operated a farm near Marstown, and in 1900 he moved to Newcastle township where he was a farmer and stock raiser, retiring about six years ago. He was a member of the Church of Christ at Mentone and the Mackabee lodge, at Grass Creek. He was active in civic and church work and activities of the Farm Bureau and the democratic party.

Survivors include: Four sons and two daughters, all of near Talma: Clarence, Ransford, Joe, Walter, Mrs. O. J. Long and Mrs. Raymond Rogers. Also surviving are a brother, Andy, of Warsaw; 20 grandchildren, 15 great-grandchildren. Two sons, Boyd and Frank, and a daughter Agnes preceded him in death.

Funeral services were held Saturday afternoon at 2:00 p. m. in the Church of Christ at Mentone, with Joseph A. Jones, minister, officiating. Burial was in the Sycamore cemetery. The Johns funeral home was in charge.

FLENAR—PETERSON

In a quiet ceremony performed on Monday evening at 7:30, Carol Peterson, daughter of Mr. and Mrs. Byron Peterson, was united in marriage to Larry Flenar, son of Mrs. Seth Flenar.

The double ring ceremony was read by Rev. Milton Dowden at the home of the bride's parents, in the presence of the immediate families.

Mr. and Mrs. Leslie Grubbs were the attendants.

The bride wore a dress of yellow crepe and a corsage of white carnations. Her matron of honor, Mrs. Grubbs, wore a corsage of white carnations, also.

Mr. Flenar is a member of the U. S. Air Force and is stationed at Scott Field, Ill.

BAPTIST NEWS

The First Baptist Church is in a four week Sunday School contest with the Immanuel Baptist Church of Fort Wayne. Next Sunday is the first Sunday and the Mentone Church is making an all-out effort to get off to a good lead the very first Sunday. This Sunday is Rally Day and it is hoped every member of the church will come to Sunday School at 9:30 for the first classes. An attractive assortment of prizes is offered for those coming the four Sundays and the children that bring the most new ones each week. If your children are not going to Sunday School anyplace we invite you to bring them next Sunday at 9:30 a. m.

One of the prizes offered to the children will be a free airplane ride by "Spud" Eaton of Talma. All new members that go all four Sundays of the contest will have their choice of an airplane ride or a New Testament. The one bringing the most new ones each Sunday will have a choice of a leather Bible, football, basketball, baseball glove, fishing rod and many other things too numerous to mention with a value up to \$10.00.

Rev. and Mrs. E. E. DeWitte spent Sunday visiting relatives and friends at Converse. Rev. DeWitte spent five years as a minister at the Converse church.

Mr. and Mrs. Ralph Mollenhour spent Monday evening as guests of the St. Joseph Chapter of O. E. S. No. 569 at South Bend.

Mr. and Mrs. Henry Cooper, daughter of Swayzee, Miss Mary Usher of Marion and Mr. and Mrs. Ernest Usher of Marion were Sunday dinner guests at the home of Mr. and Mrs. Raymond Cooper.

Rev. David Gosser conducted funeral services for Bert Ploughe of Kempton, Indiana on Tuesday of this week. Mr. Ploughe was the father of a school principle under whom Rev. Gosser worked when teaching music and art in the public school at Goldsmith, Ind.

Mr. and Mrs. Cloice Paulus spent Sunday visiting at the home of Mr. and Mrs. Kay Paulus of North Manchester.

Visitors at the home of Mrs. Earl Meredith Friday evening were: Mr. and Mrs. Roy Meredith and daughter, Mr. and Mrs. Henry Blesch of Akron; Mrs. Ora Anderson, Mr. and Mrs. John Laird and Mrs. Mary Barkman of Mentone.

DISCARD DARK BULBS

You should toss away a light bulb when it begins to look dark, points out Capper's Farmer. Otherwise, says the farm magazine, you waste electricity and money. The dark bulb gives off less light than a new one, yet it uses about the same amount of current as a new bulb.

FATHER GRISWOLD OF TALMA DIES SUDDENLY

Father Edwin Viets Griswold, 70, of the Talma Episcopal Shrine of the Passion, Sharon Lodge, died suddenly at 7:40 a. m. Wednesday at his home in Talma.

Born October 27, 1879, in Worthington, Ohio, he came to Talma three years ago from Chicago. He was the son of Worthington Franklin and Fondella Griswold and on November 27, 1906, in Ohio, was married to Olive Snyder. He was a 32nd degree Mason.

Survivors include: a daughter, three brothers and four sisters.

Funeral services were held Friday morning at 9:30 a. m. at the St. Thomas Episcopal Church at Plymouth. Father Sheridan officiated and burial was in the Reister cemetery near Talma.

ATTEND DISTRICT MEETINGS

A group of ladies from the Mothers of World War II attended a district meeting at Rochester on Wednesday, Sept. 20.

The all day program was well planned and a fine luncheon was served at noon.

Ladies who attended were: Mrs. Monroe Romine, Mrs. Myrtle Davis, Mrs. Graver Janke, Mrs. Fred Horn, Mrs. E. E. Wagner, Mrs. Claude Barkman, Mrs. Bertha Meredith and Mrs. Cloice Paulus.

SURPRISE BIRTHDAY DINNER

Mrs. Josie Smythe, of Palestine, entertained Sunday at a surprise birthday dinner for her daughter-in-law, Mrs. Leon Smythe. Present for the occasion were: Mr. and Mrs. Harry Smythe and family and Mr. and Mrs. Robert Smythe of Mentone; Mr. and Mrs. Cedric Utter and son, Rex, of Rochester; Mr. and Mrs. Walter Smythe and family and Mr. and Mrs. Leon Smythe and family, of Palestine, and Eugene Smythe and Mrs. W. S. Andreck, of Warsaw.

W. S. C. S. GROUP MEETING

Friday morning, beginning at nine o'clock, an all day meeting of the South Group of the Warsaw district of the Methodist Woman's Society of Christian Service will be held at the Mentone Methodist Church. A large attendance from nearby towns as well as from our own group is expected. There will be special music both in the forenoon and in the afternoon. The guest speaker will be Miss Vera Parks, missionary to India on furlough, formerly from Jonesboro, Indiana.

To assist in serving as hostesses to the group, the following committees have been appointed: Registrars, Mrs. Jack VanGilder, Mrs. Abe Whetstone; ushers, Mrs. F. B. Davison, Mrs. Everett Long, Mrs. Chancey Mollenhour, Mrs. Herschel Teel, Mrs. Clayton Goodwin, Mrs. John Boggs, Mrs. Richard Manwaring, Mrs. Joe Johnson and Mrs. Effie Personett; flower committee, Mrs. Don Bunner and Mrs. Curt Nellans; table committee, Mrs. Allen Herendeen, Mrs. Donald VanGilder, and Mrs. Charles Manwaring; lunch committee, Mrs. George Mollenhour, Mrs. Elmer Sarber, Mrs. Robert Firkins, Mrs. Richard Greulich, Jr., Mrs. Uda Maxwell, Mrs. John Ellsworth and Mrs. Howard Kohr; speakers lunch committee, Mrs. Mary Manwaring and Mrs. David Gosser; organist and special music, Mrs. Ruth Urschel; devotions, Mrs. David Gosser, and grace, Rev. David Gosser.

Every woman in the community is urged to attend this inspirational meeting, bringing their own sack lunch. Coffee and tea will be furnished.

D. A. R. HOLDS MEETING

The Anthony Nigo Chapter of the Daughters of the American Revolution held their first meeting of this year at the home of Edna Carey. Hazel Mann was assisting hostess.

Geraldine Smith, the new Regent, was in charge of the meeting.

Following the ritualistic opening and transaction of business, Lena Igo read the message of the President General, Mrs. Patton.

The message of State Regent, Mrs. Wayne Cory, was read by Bernice Rush.

Mrs. Orpha Blue reviewed, "What the D. A. R. is doing", with emphasis on Americanism, The American Indians the approved school some of which are wholly supported by the D. A. R. Conservation of natural resources, correct use of the flag and good citizenship.

Mrs. Lloyd Kessler of Warsaw was a guest.

The next meeting will be October 24th at the home of Yolande Riner at which time the state officers and members of the Tippecanoe River Chapter will be guests.

23 GOOD HOLSTEIN CATTLE

All of these cattle but two raised on this farm. Milking herd of 10 cows. Five of these are two yr. olds bred for second calves, four of them are 5 yr. olds and one 9 yr. old. They are all producing good now and the majority of them are bred for February and March calves. They are type and show plenty of Holstein breeding, through the use of good Holstein sires. All T. B. tested. Two Holstein bulls about 16 mos. old each. Six heifer and four bull calves from 2 to 5 mos. old. Nice smooth heifer about 15 mos. old, to freshen in late spring. Have a herd test of 4.8 at present time.

Globe Champion double unit milking machine.
2 dozen laying White Rock hens.

TRACTOR AND EQUIPMENT

John Deere, Model "B" 1941 6-speed tractor, in best of shape, with set new tires. Set J. D. tractor cultivators. 8 ft. tandem disc, used 3 seasons. 6 ft. horse drawn disc with new blades. **AIR MAP SPOTS WEEDS**

Ranchmen in a Texas county have taken to the air to stamp out bitterweed. Owners of a 12-section ranch have even plotted the weed areas on aerial maps, says Capper's Farmer. They bought a plane so they could do their own spraying. Other ranchers are hiring planes to spray the bitterweed patches, especially around watering places.

BOY SCOUT NEWS

Due to a serious accident over the week-end, Sgt. Peters of the Ligonier Post of the State Police was unable to provide a speaker for the Scouts last Monday night. The scheduled speaker for this week will appear on the meeting of Oct. 2nd. The regular Scout meeting will be at 6:30. Second class tests will be given October 9th.

MENTONE MURMURS

by
DAVID and SALLY GOSSER

The male half of this column is not able to participate in the writing of it today. Murmurs' ecclesiastical duties take many and varied forms, and many times for "week on end" he finds himself without enough leisure time (the feminine half of Murmurs thinks) to even properly partake of the necessities of life.

However, Murmurs was not completely disabled by his ecclesiastical duties of last Sunday. He so much enjoyed playing a "Francis Asbury role" that the enjoyment of preaching to a congregation on horseback minimized any apparent after-effects. For any readers who wonder what really happened, he was the guest minister for the Diamond X Saddle Club at Francis Slocum State Park, and mounted on horseback himself, spoke to a

congregation on horseback. In the quiet of the still morning air it was a beautiful and reverent service to an appreciative audience. Even the horses cooperated (that is, at least until later). Murmurs' vocal solo of "Ivory Palaces," was to the accompaniment of a portable organ. After the services and announcements of the day, pastor and congregation cantered off for an hour and a half trail ride.

It was on the ride that the incident happened of which Murmurs shall never hear the end. After following a muddy trail where the horses waded knee-deep in mud, they came to a part of Mississinawa River. There, when Murmurs' horse was up to his thighs in water, the horse decided he liked it so much that he wanted to roll in it. Amid the merriment of the rest, Murmurs led his horse on through afoot. Fortunately, there were dry clothes in the car.

The feminine half of Murmurs recalls Murmurs' other accounts, or encounters, with high water. Once was last spring when he administered communion to shut-ins. The other was

some years ago, when he helped immerse fifty people in Sand Run in West Virginia.

Yes, many and varied are the ecclesiastical duties of a minister.

INTERESTED IN THINGS ANCIENT?

Admirers of antiques, students of history and just plain lovers of beautiful scenery have a rare opportunity this coming weekend.

Galena, historic center of Illinois' "Little Switzerland" in the northwest corner of the state, throws open nine of its prized shrines -- mansions built 100 and 120 years ago in the heyday of the city's youth. The Chicago Motor Club Travel Bureau says that a pilgrimage of five hours each on Saturday, September 30 and Sunday, October 1, starting at noon, will take visitors through private homes containing priceless interior furnishings and art treasures of a century ago.

The event is sponsored by the Guild of the First Presbyterian Church. Ladies of the Guild, headed by Mrs. Walter Ehrler, chairman and Mrs. Ray Logan, wife of Galena's mayor, will escort visitors on the tour garbed in 19th century dresses and bonnets. Many of the frocks, heirlooms of Galena's older families, are over 100 years old; one is dated 1800.

Guests will see whale oil lamps made in 1845. Their marble bases are overlaid with intricate brasswork; the stems are of different kinds of colored glass pressed about an opaque glass in a spiral pattern. They will see collections of pressed glass -- heavy glasses and Goblets made a century ago.

They will see solid walnut furniture made around 1840 and 1850 by cabinet makers who emigrated from Germany. product, General U. S. Grant. This is of walnut which surrounded Galena in those years and fashioned 'fringe carved' chairs which sold for five dollars, sofas with reeded legs and ornate handwork on the back which could be had for fifty dollars. These will be on display as will cabinet masterpieces, elegant hand-tooled 'break fronts' holding prized collections of antique china, and massive parlor and dining room furniture dated 1830 to 1850.

One of the homes to be seen in the tour is that of Galena's most famed. These artisans dipped into the forests his residence before the Civil War, not to be confused with the home presented him by the people of Galena upon his return from the war and which is now a memorial museum.

LEGION AUXILIARY NEWS

Sixteen members and officers of the Mentone American Legion Auxiliary assembled at the Legion Home Tuesday evening for their regular business meeting.

In the absence of a quorum, the first vice president, Mrs. Jack VanGilder, conducted a short discussion of coming auxiliary affairs, and heard announcements and reports from the committeemen.

Mrs. Eldred Paulus, Knightstown Home chairman, reported that the girl at the Knightstown Home, whom the unit is sponsoring, has a birthday October 13. She will be nine years old. All the unit members are urged to remember her with birthday greetings. Her address is:

Beatrice Joan Jones,
Division 5
Soldiers' and Sailors' Children's
Home,
Knightstown Home,
Knightstown, Indiana.

The remainder of the evening was spent singing songs of our own choice. Mrs. Maude Snyder, music chairman and pianist for the unit, accompanied

the group singing. Mrs. Jack Shaffer, who was recently appointed song leader, led the singing.

The next district meeting will be October 25. The next meeting of the unit will be October 10.

SAD, BUT TRUE . . .

There's no two ways about it—winter is on its way. Before we know it, the cold fellow will be howling at our heels. So the wise thing to do is be sure you are ready to meet the first chilly days of winter with a warm, comfortable home. Yes, get your order for Phillips 66 Furnace Oil in today—call the Co-Op. Oil Station, the number is 130.

You'll like the way this high quality fuel gives you live, snug, warm heat. It burns with a bright clear flame—gives you plenty of live warmth per gallon. And the Co-Op. will see that you have an ample supply of Phillips 66 furnace oil to last the winter out—no delays, no fuss and bother. So order your supply today and avoid the last minute rush. Just call 130. The Co-Op. will see that your order is delivered promptly and efficiently.—Adv.

LET US HELP YOU

Improve Egg Quality

Our representative, Mr. Kirk Livengood, is spending several weeks in the Mentone area consulting with egg producers and shippers. He will be pleased to have you call him for any suggestions he may be able to make that might result in a better quality egg. Our firm has been specializing in developing a high quality egg market, and to do this we must have a constant supply of top quality eggs. Quantity is to be desired by any firm, but to us, *quality is more important.*

Call the Co-Op. Office if you'd like Mr. Livengood to visit your farm. There's no obligation.

NOT ANOTHER WAX!

DU PONT SPRAY GLAZE IS AN ENTIRELY NEW PROCESS

- ✓ It's new! It's different! It's Du Pont Spray Glaze—the most significant development in car care in years.
- ✓ Du Pont Spray Glaze is applied to your car by a new, faster method—with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.
- ✓ Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze.

The Spray Glaze process includes:

1. Washing the finish with Du Pont Car Wash.
2. Pre-cleaning with a special Du Pont Spray Glaze Cleaner.
3. Applying Spray Glaze.

Shines brighter — lasts longer — costs you no more.

SCHOOL NEWS

On Friday, Gerhart Weiser, a German student from Heidleburg, Germany, spoke to the high school. He told about life in Germany before the war, his experiences as a member of the Hitler Youth, and his present attitude toward war. Mr. Weiser was a guest of the school for the day. This assembly program was arranged by Mr. Hoffman. The next assembly program will be Tuesday, October 3rd. William Powell, magician, will present his tricks. Since there will be some expense in these assembly programs, a collection will be taken to help defray the cost.

Our softball boys are still trying for their first win of the season. The boys were defeated by Claypool 4-0 on Wednesday and by Silver Lake, 10-3 on Friday. The season will end with a game at Atwood on Friday, September 29th. Basketball practice will start on Monday, October 2nd.

The regular classroom work is progressing pretty well. A few students are not working up to capacity. Parents are encouraged to inquire about the progress of students. Remember teachers

and parents must work side by side to get a good job done.

Group pictures will be taken Friday morning of this week. Prints will be offered for sale to those pupils wishing to buy them.

The seniors have been looking at the wares of various photographers at the noon hour, but have not yet decided on any one studio.

Only one accident of any extent has occurred so far this year. Jerry Orcutt was hit by a bat during the morning gym period. The attempt is made to have the playground supervised at all times while children are playing.

The Junior Class is sponsoring a penny supper this Saturday evening in the high school cafeteria. The Juniors are anxious to make money to help finance their Senior trip.

CARD OF THANKS

I want to thank my friends, for their prayers, cards and flowers sent me during my sickness. I am grateful for your remembrance.

S. BERGWERK

A GOOD EXAMPLE**THE BEST TEACHER**

Each year 35 percent of the urban pedestrian deaths among our children are caused by crossing between intersections.

In 1948, 1,650 children were killed or injured in the U. S. because they failed to cross at an intersection.

A detailed child-accident survey in Illinois and Indiana by the Chicago Motor Club shows that Midwest children do not fare any better than children in other states.

The study reveals that in rural sections the percentage of children killed while crossing between intersection is higher than in urban areas.

Why do children cross between intersections?

Bad pedestrian practices cause most of the trouble.

When a child darts across the middle of a block a motorist has no sign or signal to warn him to watch for a pedestrian. The pedestrian throws away

all of the precautionary helps provided for him by local authorities.

Teach your child to cross streets only at intersections where he will get assistance.

Even a crossing at an intersection can result in injuries to a child if he doesn't know how to make a crossing. Upon approaching an intersection here is what your child should do: 1. Stop 2. Look at the traffic signal to see whether he has the green light. 3. Look to the left and then to the right for on-coming traffic. 4. Step into the roadway and proceed to walk rapidly across the street.

"While crossing a street a child should not only watch for cars driving in the street he is crossing, but he should be alert for turning cars," points out Chas. M. Hayes, president of the Chicago Motor Club.

"In situations where there are turning cars and crossing pedestrians at an intersection it is advisable to have either a traffic officer on duty during

heavy traffic periods or a combination of walk-wait traffic signals."

What can the motorist do to help reduce accidents caused by mid-block crossings?

He should be vigilant at all times, especially when driving through a residential neighborhood where children live. He should always be prepared for the unexpected. During the winter when road surfaces are slippery he should drive slowly so that he allows himself sufficient stopping distance.

What can parents do to help?

Train their children. Teach them safe traffic habits. Make them safety conscious. In school, children learn about safe pedestrian practices. During vacation they forget. They must be reminded about the importance of watching for cars. It's not easy. You must be relentless in your efforts to impress your children with safe street conduct. Remember: if you are not, death will be.

Our last issue carried an article regarding a birthday surprise on Mrs. Naoma Baker, and in addition to the guests listed, afternoon callers were: Mrs. Baker's nieces and families, Mr. and Mrs. Clarence Raypole of Churubusco, Mr. and Mrs. Marion Truman and son Ivan of Fort Wayne and Mr. and Mrs. John Dice of Detroit, Mich.

NOTICE OF ADMINISTRATRIX'S SALE OF REAL ESTATE

The undersigned, Nellie Reed, Administratrix of the estate of John Warren, deceased, hereby gives notice that by virtue of an order of the Kosciusko Circuit Court, she will at the hour of 10:00 a. m. on the 18th day of October, 1950, at the law office of James E. Rodibaugh, Mentone, Indiana, and from day to day thereafter until sold, offer for sale at private sale, all the interest of said decedent in and to the following described real estate, to-wit:

Lot Numbered Three Hundred Five in Tucker, Myers and Hackdorn's Addition to the Town of Mentone, Kosciusko County, Indiana.

Said sale will be made subject to the approval of said Court, for not less than the full appraised value and upon the following terms and condition: Not less than one-half of the purchase money cash in hand, the balance to be paid so soon as a complete abstract of title is furnished, to and including the proceedings of this sale.

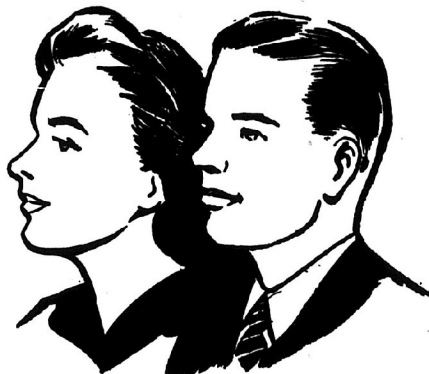

Said real estate consists of a residence property and the appraised value is \$1,500.00. Said real estate will be sold free from taxes accrued, or a lien, at decedent's death.

NELLIE REED,
Administratrix

JAMES E. RODIBAUGH,
Attorney.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Athlete's foot is a community problem involving the home, school and public recreational areas and a few tips on its prevention issued today by Dr. J. W. Jackson, director, Division of Communicable Disease Control, Indiana State Board of Health, include some pointers for the school athlete.

Dr. Jackson pointed out that Athlete's foot is caused by a form of plant life which grows from seeds called spores. The disease is not dangerous but is irritating and a health hazard. The seeds develop under favorable heat moisture and soil conditions, and have been kept as long as 196 days on plate glass and as long as 18 months in worn shoes.

The spores are found in floors of locker rooms, pools and beaches, bathrooms and bedrooms; in shoes, house slippers and towels, and on the human body.

The control of the disease includes the washing and scrubbing of these places and treating them with a good fungicide. Shoes and hose should be treated with a fungicidal powder prescribed by a physician. Airing in the sunlight is also helpful. The feet or other affected parts should always be thoroughly dried as a preventive measure.

DOUBLE CANNON ACT AT DAIRY EXPOSITION

The latest and most sensational of all thrillers, a double cannon act, in which two young ladies, serving as human projectiles, are shot simultaneously from the mouth of the giant sized cannon into a net 175 feet distant, will provide the grand climax of the nightly Hippodrome show at the Coliseum, Indiana State Fair Grounds, during the International Dairy Exposition, October 7 - 14.

Owned, conceived and perfected by Edmundo Zacchini, who is credited with having originated the first cannon act more than 25 years ago on the island of Malta, the double cannon act represents the latest development of the death-defying thriller. It is only within the last few years that Zacchini has attempted to shoot two human projectiles simultaneously from the huge cannon. Up to then, only one human missile was shot from a cannon, yet such acts had claimed 32 lives since Zacchini first originated the thriller in 1922.

For the double cannon act, he selected his two charming daughters, blond 23-year-old Duinia and the dark haired 25-year-old Victoria, as the human missiles. Each has previously been shot singly from a cannon. In

their spectacular and dangerous catapult through space, the Zacchini girls soar as high as 75 feet into the air before they land into a net with terrific force.

Up to now, the Zacchini girls, who previously had sustained injuries in the single cannon act, have missed many serious mishaps, escaping with only minor injuries.

Tickets for the Hippodrome Show are available at the Ross Babcock Agency at the Claypool Hotel in Indianapolis and may also be purchased at the box office at the Exposition.

FERVERDAS VISIT MAMMOTH CAVE

Mr. and Mrs. Roland Ferverda of Mentone have just returned from a trip to Mammoth Cave, Kentucky. The annual agent's convention for representatives of the Brotherhood Mutual Life Insurance Company was held at the Mammoth Cave Hotel, September 22 to 24.

Only those representatives who had met high production requirements were eligible for the trip as guests of the company.

Mr. Ferverda's record of production has won special company recognition for his outstanding work since joining the firm early last summer.

COOPERATION PAYS

CONTROL PLANT GROWTH

Scientists are controlling growth and development of plants through artificial light. Capper's Farmer says plants raised under blue lights are shorter and stronger than those raised under white light. Red light stimulates blooming. By controlling light, says the nationally-circulated farm magazine, tulips can be made to bloom for delivery on a predicted day with stems and leaves of predetermined length and size.

Coopers' Friendly Store

Open Every Day Except Sunday

Howard Kohr spent his 67th birthday in North Manchester Tuesday visiting old friends.

A NEW RESIDENT ALONG TIPPECANOE RIVER

There have been reports, at various times, of seeing a deer around Mentone, but as near as we know, Arlo Friesner came the closest to having venison served on a DeSoto radiator. He was driving to Etna Green Monday forenoon, in Ora McKinley's car, when he came over the hill where the road "wiggles" just north of the Tippecanoe river bridge on highway 19, when a deer walked onto the pavement. She, apparently was unaware of his approach, but the squeak of his tires on the pavement, as he tried to stop, through her subconscious reflexes in gear and in one leap from the edge of the pavement she cleared the fence and landed in the corn field. Arlo said she must have jumped 15 feet or more and seemingly did it easily.

It's interesting to know that there are deer in this area and we sincerely hope we may have more of these residents of the wild locate here.

BEAVER DAM P. T. A. TO MEET

The Beaver Dam P. T. A. will hold its first meeting of the year on Tuesday, October 3, at 7:30. The main feature of the program will be a demonstration of a resuscitator by Howard Howard, of Macy. His daughter, Robbin Lee, will entertain on the piano.

The public is invited to attend.

KITCHEN PERILS

Statistics from various sources covering home accidents differ as to which is the most dangerous room in the home, but all of them are in agreement that the kitchen stands at or near the top of the list.

Since the kitchen is the place where sharp knives and other instruments capable of inflicting wounds are kept and used, it could be assumed that cuts of one kind or another would constitute a high proportion of kitchen accidents. It could also be assumed that another high proportion would consist of burns and scalds from handling hot liquids and containers.

Your own kitchen will be a safer place if you keep knives in a separate drawer or compartment, and if you are careful to cut away from, never towards, the hand that is holding the object you are cutting. Use a pot holder when handling pans in which food is cooking, and never leave handles protruding over the edge of the stove.

Water is a conductor of electricity. To avoid the risk of a jarring shock, never handle electrical appliances with wet hands. Always wipe up immediately anything you spill on the floor. Slipping on spilled grease may result in a fall that may have more serious consequences than can be taken care of with a touch of antiseptic and a ready-made adhesive bandage.

TIME-LY TALES

Switzerland has been famous for its watches since the 16th century. But nobody is quite sure how the industry started. The most generally accepted story concerns Charles Cusin, a watch and clock maker, who came to Geneva in 1574 with a horse as his only possession. Some say he fled to France because he had stolen the horse. Others claim it was due to religious persecution. Nevertheless, it was Cusin who formed the nucleus of a craft that is world-renowned for its products.

CO-OP. OIL STATION

W. S. C. S. MEETS

The first fall meeting of the W. S. C. S. was held at the Methodist church Thursday evening. Mrs. Robert Firkins furnished the inspiring organ music for the meeting. After the business session, a very impressive devotional service was conducted by Mrs. David Gosser, assisted by Mrs. Everett Long and Mrs. Earl Anderson.

Mrs. Jack VanGilder gave a clear and interesting report on the first lesson of our new study, "Complete health for all the nations," stressing spiritual and mental health as well as physical. Mrs. Allen Herendeen gave a report on the status of women both in the past and at the present time, stressing the great advance which has been made and the increasing responsibility of women today because of their improved status. She urged all women to take definite action to live up to the privileges they have been given.

Mrs. Chancey Mollenhour gave the introduction and postscript to the clever costume play, "A Century of Struggle—a Pageant of Victory," which was planned and directed by Mrs. Wayne Tombaugh. The parts in the play were taken by Mrs. Charles Man-

waring, Mrs. Miles Manwaring, Mrs. Orpha Blue, Mrs. Donald VanGilder, Mrs. Earl Anderson, Mrs. Walter Lackey and Mrs. Wayne Tombaugh.

After the program, lovely refreshments were served by the hostesses, Mrs. John Allen Teel, Mrs. Herschel Teel and Mrs. Uda Maxwell.

Dr. and Mrs. Rus Eckert of Chicago spent the weekend here as the guests of her father, Mr. A. E. Walker and also Mrs. Eckert's grandmother, Mrs. C. M. Walker.

METHODIST NEWS

On Sunday, October 1st at the 10 a. m. worship service communion or the Lord's Supper will be observed. Churches in all parts of the world will be observing this sacrament, as October 1st has been designated as World-wide Communion Sunday. The pastor urges that all partake in this great world-wide spiritual sacrament.

The Methodist Youth Fellowship announces a special meeting for Sunday at 6:00 p. m. This is for all young people between the ages of twelve and twenty-three years and all are urged to attend this special meeting.

October 1st marks the beginning of the regular Sunday evening services at 7:30 p. m.

October 8th has been designated as Rally Day. Further announcements regarding Rally Day will be in this column next week.

POLLEN IN THE ICE BOX

Freezing apple pollen to store it for long periods of time may soon be recommended, according to Capper's Farmer. In California, says the nationally-circulated farm magazine, pollen kept in a freezer all winter successfully pollinated trees last spring. Apple growers see in the method an aid in crossing late-season varieties with those which bloom early the following spring.

LIBERATION OF 15,000

QUAIL TO BEGIN SOON

Indianapolis, Ind., Sept. 27.—Crews of employees at the Wells County Game Farm and Preserve, near Bluffton, and at the Jasper-Pulaski Game Farm and Preserve, Medaryville, today began the task of catching nearly 15,000 quail for liberation throughout Indiana, it was disclosed by Henry P. Cottingham, director of the Division of Fish and Game, Indiana Department of Conservation.

The broad expanse of pens housing the game birds that provide much sport for Indiana hunters, will be the scene of much activity as the birds are placed in boxes each of which will contain six, or three pairs. In turn these will be loaded on four trucks for distribution throughout Indiana.

According to Hovey Pritchett, Superintendent of Game Farms, it is planned to begin distribution the first of next week. The state has been divided into two zones, the Jasper-Pulaski Farm servicing that part of the state west of the north and south center line and Wells county taking

care of the eastern section. Approximately three days will be required to complete the liberation process.

Two hundred and sixteen quail will be liberated in each of thirty-seven counties in the district to the south of and directly east and west of Marion county and to the eastern and western boundaries of the state liberation will be composed of 120 birds to the county. Switzerland and Ohio counties in the southeastern section of Indiana each will receive 108 quail.

The Division of Fish and Game will announce liberation of an unusual number of pheasants within a short time, according to Kenneth M. Kunkel, director of the Indiana Department of Conservation.

FARM BABY RUN OVER BY TRACTOR SATURDAY

Jerry, the year old son of Mr. and Mrs. Harold Hoge, was seriously injured at 11:30 a. m. Saturday when the rear wheel of a tractor, driven by his father, ran over his head.

The accident occurred in the barn lot of the Hoge farm, located nine miles west of Rochester on the Leiter's Ford road.

The child was brought to the Woodlawn hospital at Rochester where it was found through X-ray study that he had suffered multiple fractures of the skull. Because of Jerry's critical condition he was rushed to the Riley hospital at Indianapolis.

Hoge was backing the tractor to couple it with a grain drill when the accident occurred. He did not know that Jerry was out of the house, until he heard the thud and investigated.

Jerry celebrated his first birthday Sept. 21.

GLENDOLEN OVERMYER, 64, OF ROCHESTER, EXPIRES

Mrs. Glendolen Long Overmyer, 64, of Rochester, died Saturday evening at the Woodlawn hospital after a ten-day illness. Born in Richland township July 26, 1886, she was the daughter of Alonzo and Mary Long. A lifetime resident of Fulton, she had lived in Rochester the past two years. She was a member of the Richland Center Methodist church and the Rebekah lodge.

Her marriage on Sept. 1, 1906, was to Walter Overmyer, who survives. Also surviving are a son, Nelson, of Tal-

ma; a grandson, Gene and a granddaughter Shirley Ann, of Talma; the mother, Mrs. Mary Eva Long of Rochester; a sister, Mrs. George Riddle, of Rochester; three brothers, O. J. Long of Talma, Orton Long, of Bourbon, and Robert Long of Niles, Mich.

Final rites were held at Rochester Monday afternoon at 2:30 p. m. with Rev. Edith Bruner in charge. Burial was made in the Richland Center cemetery.
