**State Fair
Grand Champion**

A yearling ewe exhibited by Karen Latimer, of Beaver Dam, was judged grand champion Shropshire lamb at the state fair last Wednesday. Karen's sister, Wilburta, showed the first place Shropshire ewe lamb, which was also named reserve champion in its class.

**Ten Classes In
Egg Show Exhibits**

There are ten classes in which eggs can be entered in the exhibits at the Mentone Egg Show. All eggs are to be entered from 4:00 to 9:00 p. m. Wednesday, September 21, at the Mentone gym. Each dozen eggs entered in the show will receive a gift at the time of entry. Trophies and cash prizes will be awarded in all of the classes.

The first four classes are for vocational or 4-H Club boys and girls in white and brown eggs or grade or high school students in white or brown eggs.

The other six classes are for farm flocks under 1,000 hens, commercial flocks above 1,000 hens, and commercial packs. For more complete details, check with an egg show catalog to be available early next week.

**Maurice Greulachs
Have Daughter**

Mr. and Mrs. Maurice Greulach of Fort Wayne, are the parents of a six pound two ounce daughter, born August 18 at the St. Joseph hospital. The new daughter has been named Sara Jo.

Who Is Really Egg-eating Champion?

There seems to be a champion for about everything, but the officials of the Mentone Egg Show want to know who can eat the most eggs, in 30 minutes. In fact they are offering \$50.00 to the person that can eat the most—on Thursday evening, Sept. 22nd, the second night of the 1955 Egg Show.

There are some among us who claim to have an enormous capacity for eggs-at-one-sitting, but we're not satisfied with loud

**Lions Club Holds
First Fall Meeting**

The first meeting of the fall season for the Mentone Lions Club was held Wednesday evening at the Mentone school, with 21 present. We can assure those who were not present that they missed a mighty fine meal, prepared by the Lions club cooks.

The new president, Leroy Cox, presided.

The club voted to join in the Bag-of-Bulbs campaign, so during October the club members will likely be seen traveling about town selling sacks of light bulbs. The proceeds are to go toward the Leder Dog and Health programs as well as other charitable activities.

A get-well card was signed by the members and will be sent to Curtis Riner who remains in the McDonald hospital after suffering a stroke recently. Report are that Mr. Riner is showing improvement.

Mr. Frederick reported that there are 129 students in the high school and a total enrollment of about 438 in both grade and high school.

Due to the fact that the next regular meeting night will fall on the first night of the egg show, it was voted to dismiss the meeting on September 21st.

Fractures Leg

Mrs. Dewey Whetstone is a patient in the McDonald hospital where she had surgery Wednesday for the reduction of a fracture of the right hip joint. Mrs. Whetstone was taken to the hospital Saturday after fracturing her leg when she slipped on a rug at her home.

**Noted MC For
Egg Show Banquet**

Jack Herbert, shown here, is classified as one of America's greatest comedians, and those who have seen him operating on all twelve cylinders say that he

is undoubtedly the greatest. His continuous flow of new and always-humorous after-dinner explications keep his listeners wide awake and interested. The Egg Show program committee is fortunate in securing such a man for the banquet session of the egg show on Friday evening, Sept. 23.

The banquet this year will feature french fried chicken and experienced gentlemen have been secured to assure us that it will be deliciously prepared. The banquet committee is endeavoring to outdo all former banquet committees in not only providing a balanced menu but to have it serve properly.

Tickets for the banquet—at the same price of \$2.00 each—are now available at banks, hatcheries, feed dealers and members of the banquet committee. Get your tickets now as they will be removed from sale, other than the committee, before the show date.

Some of the queen candidates have already been selected by the schools and will be announced within the next few days. The queen will be chosen on Wednesday evening, Sept. 21.

Another fine feature of the 3-day show will be the appearance of the 32-voice Capehart Choralers, who won first place honors at the Chicagoland Music Festival at Soldiers Field, last year.

**Fine Showing at
State Fair**

The Burket 4-H Poultry and Egg Judging Team did a swell job at the Indiana State Fair last Thursday when they placed 4th in the state while competing with 39 teams.

The Burket team scored a total of 4,047 points—just 30 points below the team winning first place.

In the individual scoring, Janice Nelson placed sixth and Ann Nelson 12th. Other members of the team, coached by Delford Nelson, were Archie Leckrone and Darrell Bruner.

Remains Serious

Mrs. Flo Plotner of Warsaw, daughter of George Mollenhour of Palestine, who was badly burned in a gas explosion in her basement, remains in a very serious condition at the Parkview Memorial hospital in Fort Wayne. Medical attendants state that because of the extent of her burns, only the determined will of the unfortunate lady can keep her alive.

Parents of Daughter

Mr. and Mrs. Jack Miller are the parents of a seven pound, 13 ounce daughter born at 11:45 p. m. Monday, at the Woodlawn hospital. The new daughter has been named Lu Ann.

Club Calendar

Mothers of World War 2 will meet Monday evening September 12 at Emma Cooks. Please come dressed for school days, or pay fine, also bring things for white Elephant sale. Meeting at 7:30.

The Merry Molly's Home Demonstration Club will meet Monday evening September 12, 7:30 p. m. at the home of Mrs. Ed Smelser. Notice the change in time.

The Merry Molly's family party will be held Sunday afternoon, September 11, at the Rochester park, Meeting time 2:00 p. m. American Legion Auxiliary meeting Tuesday, Sept. 13, 7:30, Legion hall. Installation of officers.

Mentone Lodge No. 576, F. & A. M., stated meeting, Sept. 12 at 7:30 p. m. Work on E. A. degree.

**First P. T. A. Meeting
September 14**

The first meeting of the Mentone PTA will be September 14, with a potluck supper and a "get-acquainted" program.

If you want an opportunity to unite with others in a program of activities devoted to the education, welfare, and protection of the children and youth of the community—

If you want to take part in our lively forums, panels, discussions and lectures about problems that affect our families and homes, our school and our community—

If you want opportunities to serve on worthwhile committees and learn the skills of leadership in a democratic organization—

If you want to meet and talk with your neighbors and the teachers and principal of your school in a pleasant, friendly atmosphere—

If you want to enjoy the good fellowship of parents and teachers who are rendering outstanding service to the children and youth of our community—

"JOIN OUR PTA," say the officials of the Mentone group.

They invite you because—

Your active participation, your ideas and your special abilities will help to provide our children with the best opportunities for healthy mental, physical, moral and social development, and...

Your interest and support will help us to maintain the kind of homes, schools and communities that will help our children grow into happy, useful adults—a source of pride to our community and our country.

PTA committees met Tuesday evening at the school to complete plans to start the school year. First regular meeting will be held at the school on Wed. Sept. 14. Pot luck supper will be served at 6:30. All parents are urged to attend and those persons interested in the school.

First Daughter Arrives

Mr. and Mrs. Burdell Blackburn, Route 5, Warsaw, are the parents of a nine pound two and one-half ounce daughter, born early Saturday at the McDonald hospital in Warsaw. The new daughter has been named Anita Jean.

Phillis Boyer and Betty Griffiths attended the State Fair Sunday.

Club Meets With Mrs. Maxwell

Country Neighbors Club meets at the home of Mrs. Roy Maxwell.

The meeting was opened by the president, Mrs. Joe Peterson. The group sang in unison and repeated the pledge to the flag and the club creed.

Devotions were given by Mrs. Arlean Walters reading Scripture Luke 21 and Lamentations 3:25,26.

Roll call was answered by relating incidents that happened while traveling, many amusing incidents were brought to light much to the enjoyment of all.

A short business meeting was

held and our president announced that our club was to furnish an exhibit for achievement day to be held at Leifers Ford, on October 21st, at 1 p. m. Committees were appointed, Mrs. Leroy Norris was appointed to meet with the township group for preparing entertainment for achievement day and Mrs. Allen Herendeen and Mrs. John Teel for planning and preparing the club exhibit.

The flower committee reported presenting a planter to Mrs. Hoover who was in the hospital, also cards sent and giving the sunshine box to Mrs. Walters. Plans were made to send a sunshine box to Mrs. Hoover. Mrs. Walters was able to meet with us again and expressed her thanks for the Sunshine box and cards and flowers.

Three contests were enjoyed with prizes going to Mrs. Howard Chamberlin, Mrs. John Teel and Mrs. Allen Herendeen. The door prize was drawn by Mrs. John Teel.

Auction was held with high bids going to Mrs. Joe Peterson, Mrs. Herendeen, Mrs. Leslie Welty, Mrs. Teel and Mrs. Chamberlin. We were happy to have with us eight guests, Mrs. Lewis Poling, Mrs. Floyd Walters and three children, Mrs. Leslie Welty and Susan and Sharon Zent.

Delightful refreshments were served by our hostess, Mrs. Roy

Maxwell. The next meeting will be at the home of Mrs. Bessie Grass.

Specialists at Purdue University warn poultrymen to be on the alert for indications of blue-comb disease in mature pullets. Have muriate of potash ready to treat the birds promptly—1 tablespoonful per gallon of drinking water for four days.

The Chicago Motor Club warns motorists not to pass on hills or curves. Your traffic "sight-distance" is lowered on hills and curves and you can never tell what is immediately ahead of you. You're never safe crossing the center line on a hill or curve.

Friday Wedding At Tippecanoe

By Audrey Miller

Early autumn tones were the theme of a beautiful wedding which took place at 7:30 p. m. Friday at the Tippecanoe Community church. Miss Eula Romayne Smith, daughter of Mr. and Mrs. Samuel R. Smith of Spencer, and Chester C. Smith, son of Ora A. Smith of Mentone,

were united in marriage in a double ring ceremony performed by the Rev. Gordon Rooze of Tippecanoe, before an altar decorated with lighted candelabra, palms and baskets of gold and bronze mums.

Mrs. William Heck of Tippecanoe, pianist, presented a prelude of nuptial music preceding

the ceremony and the traditional wedding marches. She also accompanied Mrs. Charles Blackford of Tippecanoe, vocalist, as at the close of the ceremony, she sang "Always," "Because" and "The Lord's Prayer."

The bride, who was given in marriage by her father, wore a floor length gown of white taffeta with a net overskirt. Her gown was fashioned with a fitted bodice which was strapless and the full skirt had a front panel of lace. With this she wore a tight fitting lace jacket with short sleeves. Her fingertip veil of net fell from a white headband. White crysanthemums with satin streamers were placed on the white bible which the bride carried.

Mrs. Lawrence Phenegar of Lapaz, was matron of honor. Her ballerina length gown was of rust rayon shantung styled with a flared skirt, a fitted sleeveless bodice. She wore a matching headband and carried a bouquet of rust colored mums. Bridesmaid was Mrs. Wayne Radcliff of Paoli. Her gold colored gown was styled identical to the matron of honor's dress with a matching headband and a bouquet of gold mums.

Paul Smith of North Manchester, served his brother as best man. Ushers were Gerald Romine and Jack Fawley, both of Mentone.

The bride's mother chose a street length dress of grey with smoke accessories. Her corsage was of bronze mums.

Immediately following the ceremony a reception for approximately a hundred guests was held in the basement of the church. The serving table was decorated with lighted candles and bronze pom-poms. A three-tiered wedding cake which was topped with a miniature bride and groom centered the table. Mrs. Keith Sill, Mrs. J. W. Cow-

en and Mrs. Jake Yantiss of Tippecanoe, served cake and punch to the guests.

The bride chose a gray and rose tweed ensemble with a rose hat and black accessories for her short wedding trip. She wore a corsage from her bridal bouquet.

Upon their return they will reside in Mentone. The bride will attend Indiana University for the fall semester.

The bride graduated from Indiana University and has been a teacher in the Tippecanoe High School for the past three years. The groom graduated from the Beaver Dam High School and served in the U. S. Air Corps. He is commander of the Mentone

American Legion Post and is employed at Lewis Motors, Mentone.

Out of town guests were present from Paoli, Crawfordsville, Spencer, Lapaz, Bourbon, Mentone and North Manchester.

DO YOU RECOGNIZE THE FARM PICTURED BELOW?

Here is another picture in the second series of farm photos to be printed in the Co-Op. News.

The pictures were taken by the Zekan & Robbins photographers, Harlan, Iowa, and are all of farms in the Mentone trading area. The pictures are not identified and it will be up to the owners or neighbors to notify this newspaper office. The pictures were taken by airplane and not even the photographer knows one from the other. It will be interesting to see who is the first to identify the pictures each week. Phone Mentone 38. We will endeavor to publish the names of each person correctly identifying the pictures each week.

The farm owner will be given the original 5 x 7 mounted picture absolutely free of any cost. All we require is that the operator himself come to our office and give us a little information about the farm, its operation, etc. Additional prints, colored enlargements, etc. can be obtained by contacting this newspaper.

Many Identify Meredith Farm

There were more than the usual number of replies on the farm picture last week, and many commented to officials of the newspaper in addition to those who called or dropped in to identify the farm as the Frank Meredith 160-acre farm, located two miles west and one mile south of Mentone. Known as the Oakwood Farm, Mr. and Mrs. Meredith have lived there for the past 19 years.

Livestock includes cattle and grain or general farming is conducted on the place. Mr. Meredith, who owns his own airplane, has been one of the Flying Farmers for many years.

The Merediths have two children, Mitzie, aged 16, a junior in the Talma high school, and Jimmie, aged 20.

Among those contacting this newspaper identifying the picture were: Mrs. Jim Meredith, Leroy Cox, Mrs. Ada Meredith (mother of Frank), Kenneth Kinzie, Mrs. Carl Zolman and Carey Landis.

Some dairymen are using fall rye for late fall and early spring pasture, report dairy specialists at Purdue University. Rye helps to maintain milk production when permanent and rotated pastures decline.

Livestock Deaths In Summer Should Be Investigated

"Don't minimize the importance of determining the cause of sudden livestock deaths in the summer," **Dr. F. A. Hall**, extension veterinarian at Purdue University, advises farmers.

Often these sudden deaths are blamed on lightning bolts during thunderstorms. However, many could be due to poisoning, anthrax, blackleg, cholera or other infectious diseases.

If the cause of death is not definitely established, there is a danger of having a disease epidemic bring disaster to the entire herd.

All dead animals should be posted by a veterinarian who will submit specimen for laboratory examination if necessary. A definite diagnosis of sudden livestock deaths could save heavy loss of animals, Hall concludes.

Psi Iota Xi Sorority Holds Meeting

Thirteen members of the Psi Iota Xi Sorority met with Miss Barbara King for a regular business meeting. This was held on September 6th at Peterson's Restaurant.

Following roll call, the secretary's report was read and approved.

Announcement of the Mid-year luncheon was read. This will be held on the Notre Dame Campus in South Bend on October 14, 1955, beginning at 9:00 a. m.

It was announced that there are walnuts available and may be purchased from any sorority member.

Plans were made for our current project. The serving of the Mentone Egg Show Banquet on Friday, September 23rd, at the Mentone School.

Mrs. Cecil Long received the door prize.

The next meeting will be held on September 20th. This will be initiation service and will be in the Mentone Methodist church at 7:30 p. m.

It was reported today that **Mrs. Ray Linn** is ushering her early-morning guests in through the side window. At least that was the procedure this morning. **Mr. Linn** leaves early for his work out of town and frequently **Mrs. Linn** returns upstairs for a few more minutes of early-morning slumber. A lock on the stairway door ruined all the desire for sleep this a. m. As she closed the door she heard the lock close—and she knew the situation. She was locked upstairs and there was no one in the house to unlock the door. A call from an upstairs window to lumber company employees across the street, eventually brought assistance. **Bill Rathbun** took off a screen, went in a downstairs window and unlocked the stairway door.

Fresh Eggs Need Proper Handling

Lafayette, Ind.—Top quality in fresh eggs may be lost because of poor handling, says Dave D. Jackson, extension poultryman at Purdue University.

Three important factors, time, temperature and humidity, must be considered if quality is to be maintained, Jackson declares.

Egg producers should reduce the period between the time the egg is laid and the time placed in the egg room. Gathered eggs should be cooled down to the egg room temperature as rapidly

as possible.

Temperature in the egg holding room must be low enough to hold quality loss to a minimum, Jackson says. A high percentage of humidity should be maintained in the egg holding room.

Freshly laid eggs have a temperature of about 104 degrees and should be gathered soon after laid and cooled to maintain quality. Eggs should be held in a cool room at a temperature of 50 to 60 degrees. Eggs should be gathered and cooled down to holding temperature in wire baskets. Time required for this cooling is from five to six hours.

Humidity in the egg room should be maintained at 70 to 80 percent, according to Jackson.

It is important that egg cases with fillers and flats be cooled before the eggs are crated. Eggs left in a warm dry case lose moisture rapidly and the quality is lowered. A dry case can draw as much as a pound of moisture from 30 dozen eggs in 48 hrs.

Eggs, like milk, are high in protein and vitamins and should

be handled with the same care that is required to preserve milk. "An egg is only as good as it was the moment laid. What happens to that egg after it is laid is up to the poultryman," Jackson concludes.

Late Summer Is Pinkeye Season

Lafayette, Ind.—Late summer is the season for pinkeye in cattle, reports Dr. F. A. Hall, extension veterinarian at Purdue University.

Although pinkeye seldom results in death, it does cause loss of body weight and reduced production.

Fever and partial loss of appetite are common symptoms, Hall says. A watery discharge flows from the corner of the eye causing the animal to squint and wink its eye. The membranes then become swollen and turn red. A partial or, possibly, total loss of sight in badly affected

eyes may result.

Pinkeye is an infectious disease spread by contact and insects. Cattle of any age, size, sex or breed are susceptible and there is apparently little immunity developed from an attack of the disease.

New shipments or exposed cattle should not be allowed to mingle with or be kept near other cattle on the farm. Farmers should also keep cattle out of pastures which adjoin fields occupied by neighbor's cattle infected with the disease.

Infected animals should be isolated in cool darkened stables and treated promptly. Eye antiseptics which reduce pain can be applied if the cattle are easy to control. When necessary, veterinary attention should be provided to get the animals back to good health.

Agronomist at Purdue University warn farmers to think twice before paying outlandish prices for seed wheat or oats for which great claims are made by smooth tongued salesmen. The agronomists test all new varieties and will be glad to answer inquiries about any variety being sold in the state.

Swine Farmers To Convene at Purdue

Indiana's greatest farm enterprise, hog production, will hold the spotlight Friday, September 16, when Purdue University specialists conduct the 35th annual Swine Day.

J. H. Conrad and W. M. Beeson, Purdue animal husbandmen,

report that the day-long program will open at 8 a. m. on the University's Livestock Experimental Farm, three miles north of West Lafayette.

Tours of the farm will be conducted until 10:30 a. m. in order that visitors can see experiments on high-level antibiotics for "tail-end" pigs, addition of "growth factors" to Purdue supplements, weaning pigs at 5 and 8 weeks, free choice versus complete mix-

ed rations, and limiting supplement intake with minerals. Discussions on swine sanitation and management and how to keep hogs cool are also scheduled.

At 1 p. m. farmers will convene in the Hall of Music at Purdue where discussions on various phases of hog production will be presented.

Damon Catron, noted animal husbandman at Iowa State College, will discuss "Life Cycle Swine Feeding and Production." Other speakers will include J. H. Conrad, F. N. Andrews and M. P. Plumlee, animal husbandmen of Purdue.

N. J. Volk, associate director of the Agricultural Experiment Station at Purdue, will direct the afternoon session which opens at 1 p. m. in the Hall of Music.

Repair work should be done on laying houses before pullets are moved in, according to poultrymen at Purdue University. Replace broken wire of roosting racks with one inch by four inch mesh welded wire.

Any grain that has been treated with chemicals containing mercury such as Ceresan M or Panogen should be destroyed if not used for seed, say plant pathologist at Purdue University. These chemicals are highly poisonous and such grain should never get into food or feed. Marketing of treated seed in normal grain channels is a violation of the Food and Drug laws.

Pasture Renovation
Suggestions Listed

When's the best time to renovate pastures in Indiana? Some farmers say spring while others claim fall.

Purdue University agronomists believe renovations in the fall will eliminate problems faced in the spring. Although pastures can be re-seeded in early spring, the land often remains wet so long that the farmer cannot prepare the seed bed before late April—when he is faced with other farm work. Late spring seedings of legumes on old sods offer results in failure because of drouths later in the summer.

Agronomists advise working the sod once or twice after early fall rains. Grasses may then be seeded with or without seeding Balbo rye. On such a seed bed, the legume mixture may be seeded in early spring much the same as is done in winter grain.

Starting seed bed preparation in the fall, even though seedings are all made in the spring, assures earlier seeding. This is especially desirable when Birds-foot Trefoil is used.

Purdue agronomists say all renovations should be done in this order: application of lime or marl, disking, plowing or field cultivation, fertilization and re-seeding.

For additional information on pasture renovation, farmers should contact their county agent or write to the office of agricultural publications at Purdue for Mimeo AY-112.

A veterinarian should be called at once when unvaccinated hogs go off feed, are slow to move out of their nests or when sudden deaths occur. Purdue University veterinarians say the trouble might be hog cholera.

Tires on tractors, balers, mowers rakes and other farm machines last longer when the air pressure is kept up, advise agricultural engineers at Purdue University.

Animal husbandmen at Purdue University say that ewes bred September 20 will start lambing between February 6 and 10. The gestation period for ewes is 146 days.

Graduates From Business College

Robert Richard Riewoldt, son of Robert H. Riewoldt of Mentone, was awarded the BSC degree from the Business Administration School of International College, Fort Wayne, on Thursday evening, Aug. 25.

Dr. Charles G. Reigner, president of the H. M. Rowe Company, Baltimore, Md., was the speaker for the commencement exercises. His subject was, "Enduring Values."

The music was furnished by Woodie Neff and his orchestra. The invocation and benediction

were given by Rev. Edward Schantz of the Church of Christ, Harlan, Indiana.

Mr. Riewoldt, shown above, was graduated from the Logansport high school with the class of 1948.

W. S. C. S. to Observe 15th Anniversary

Thursday evening September 15th, at 7:45, the W. S. C. S. of the Mentone Methodist Church will meet for its regular program. The lesson topic, "The Spread of the Kingdom in Perilous Times" will be discussed by Mary Utter and Jean Pritchard.

Fifteen years ago the Ladies Aid, the Foreign and Home Missionary societies of the church merged to become the Women's Society of Christian Service. Its

membership is now 1,733,413 and is the largest denominational organization of women in the world. It helps strengthen character, combat ignorance and prejudice, heal diseases and build moral foundations for peace. The work of this society is carried on in twenty-eight countries and it is women who support it in every way.

A special worship service of remembrance and rejoicing where by the first officers and charter members will be recognized has been planned.

All Methodist women are urged to attend and friends are cordially invited.

Check the air pressure in your tires regularly. The Chicago Motor Club says that a loss of three pounds of pressure a week is an indication that you are about to have a flat.

CARD OF THANKS

Thank you my friends of the
Mentone community including
Warsaw, lots of good people live
in that area.

Many came to see me or sent
messages, I was happy they were
able to so. I want also to mention
the many who were so kind at
heart, and helped my family and
me in so many ways.

Help came from people of many
churches and many faiths and
from many who are entirely a-
part from them all.

I see you as flowers of all ages
flowering side by side in the gar-
den of the Master Farmer. He
is wise as wisdom itself and raises
some of His flowers from par-
ent soils of weeds also He leaves
some weeds in the garden, mas-
querading as flowers but they fool
only a few and not even them-
selves.

I am getting along nicely at the
hospital and if Art grants me
space I will report to you later
through the World's Best News-
paper.

Mr. and Mrs. Earl Bruner, Sr., visited with their daughter and son-in-law, Mr. and Mrs. Boice Underhill of South Bend, Wednesday and Thursday.

Farmers To Seed More Knox Wheat

Lafayette, Ind.—Hoosier farmers who harvested Knox wheat for the first time this year are urging their neighbors to seed the new variety this fall.

State Seed Certification officials and agronomists at Purdue University say that thousands of farmers are expected to seed the Knox strain this fall.

Purdue tests have not shown Knox to have a tremendous yield advantage, but it yields enough more than other strains to be significant. Many farmers favor Knox because its short straw gives clover stands a better

chance for survival.

A high test weight is characteristic of Knox if combined promptly when ripe. Knox matures early and can be combined about a week, or more earlier than other varieties.

The new variety was bred primarily for high resistance to wheat leaf rust, the most destructive disease of wheat in Indiana. Because of its extreme earliness, Knox has still other disease assets. It matures before it can be damaged by black stem rust.

Loose smut, however, was a serious problem for the certification of Knox and other varieties this past season. The new 1955 Summer Indiana Certified Seed directory now available will aid the farmers in finding seed wheat with a low smut percentage.

Sources of Knox seed wheat as well as other varieties of soft wheat are listed in the directory, which can be obtained from the county extension office.

**Mentone Ready for Opening of Annual
Egg Show Wednesday Evening**

The main attraction on the opening night of the 16th annual Egg Show, when it comes to the Mentone gym next Wednesday night, Sept. 21, is the Egg Queen contest, in which some of the prettiest young ladies in this section will compete. Many former queens have gone on to win in other notable contests.

Usually 100 to 150 dozens of eggs are exhibited, mostly by boys and girls under 18 years of age. With few exceptions the grand championship goes to some young person.

The educational demonstration contests are for young people exclusively and, of course, the concert by the Mentone High School Band is always a headline event.

Then Friday it's the queen's coronation banquet, the presentation of trophies and awards, as well as your fill of french fried chicken. Sure, there will be plenty of professional talent, such as the Capehart Choraleers; Prof. A. M. Guhl speaking on the "Social Customs of Chickens;" Billy Romano with his balloons; Jack Herbert, master of ceremonies, and comedian; Dixie Lee, strolling accordionist, and all the rest, including the world's champion egg eater.

The entire program of three nights—Wednesday, Thursday and Friday, Sept. 21, 22 and 23—is free with the exception of the banquet dinner. There are a few tickets left at this writing, and those who would like to partake of a banquet dinner and view the fine program Friday evening, are urged to get their tickets at once.

The show is financed by the contributions of interested business and professional people and other citizens.

**Norman Hubler
Dies Suddenly**

Death came suddenly to Norman Hubler, 44, of near Mentone, when a heart attack struck him while he was working at the Co-Op. coal yards about 1:30 Saturday afternoon. Mr. Hubler had suffered a previous attack last April 25th, but apparently had not been bothered since.

Saturday he was working at the egg dock and had taken time off from his work there to load a load of coal. Apparently he had just completed his loading and as he turned off the electric conveyor the seizure came. Ed Ward and "Pete" Borton made a trip to the coal yard to notify the man that he was again needed at the egg dock, and upon their arrival there they found him lying face down on the ground. A doctor was called, but life had already left the man.

Mr. Hubler, the son of David Ira and Lula May (Platt) Hubler, was born Aug. 21, 1911, in Culver. He had lived in Warsaw most of his life and on Dec. 24, 1942, he was married to Doris M. Davis of Warsaw.

Surviving relatives are the wife, two sons, David Lee, 11, and Norman Eugene, 9; a daughter, Rose Marie, 7; two sisters, Mrs. Hubert (Tressa) Wyman and Mrs. Charles (Claudanna) McClinic, both of Warsaw.

Dr. William Sweeting and Rev. Harold Wright officiated at the services held at 2 p. m. Monday at the Paul M. Bilby funeral home, Warsaw. Interment was at the Harrison Center cemetery.

Son Is Born

Mr. and Mrs. Jacob McClone, Jr., Palestine, are the parents of a seven pound, two and one half ounce son born at 8:50 p. m. Monday in the McDonald hospital.

**Daughter Arrives
Monday**

Mr. and Mrs. Richard Gross, Mentone, are the parents of a six pound five and one half ounce daughter, Jessica Lynn, born at 3:55 a. m. Monday in the McDonald hospital.

**Sister Dies
At Rochester**

Mrs. Jessie Mae Riddle, 59, of Rochester, died at 10:45 p. m. Monday in the Woodlawn hospital where she had been a patient since September 1.

The deceased was born July 6, 1896 in Richland township to Alonzo and Mary Etta Severs Long. On August 24, 1921, she was married to George Riddle at Rochester.

Mrs. Riddle was a member of the Rochester Baptist Church, the Woman's club, the F. B. I. Club, the Dames Club of Indiana University and the Leroy C. Sheldon American Legion post Auxiliary.

Surviving are the husband at home, three brothers, Jay Long R. R. 5 Rochester, Orton Long of Bourbon, Robert Long, Niles Michigan. Funeral services will be held at 2 p. m. Thursday at the Rochester Baptist church with the Rev. Richard Mitchell officiating. Burial will be in the Rochester I. O. O. F. Cemetery.

Mrs. Linus Borton is a sister of Mr. George Riddle.

**Ancil Kelley
Buried Monday**

Funeral services were held in South Bend Monday afternoon for Ancil Kelley, aged 55, who was apparently killed by electric shock at his home at 1112 E. Fox St., in South Bend. Burial was in the South Lawn cemetery at South Bend, with the Johns funeral home of Mentone in charge.

Mr. Kelley was trimming trees in front of his home when apparently a limb fell across a high-voltage electric line. He was knocked from his ladder and fell about 25 feet, landing on his head on the sidewalk below. His hands were burned by the electrical charge.

Mr. Kelley formerly lived in Mentone, moving to South Bend about 30 years ago. He is survived by the widow, three children, three brothers and two sisters.

Licensed to Wed

A marriage license has been issued to: Richard Lee Smith, 19, laborer, son of Mr. and Mrs. Virgil Smith, Route 1, Leesburg, and Esther Iona Quier, 16, daughter of Mrs. Cleora Quier, of Mentone.

**Selected For
Special Camp**

Frank Manwaring, son of Mr. and Mrs. Charles Manwaring, left this week for Purdue University where he will enter the school of Agriculture.

Frank will attend a Freshman Leadership Camp which is made up of 190 selected Indiana high school students. During the three days at camp there will be 20 of the most outstanding upperclassmen of Purdue as leaders.

**Mrs. Emma Bruner
Passes Away**

Mrs. Emma Bruner, 69, died at about 8:15 a. m. Friday at her home in Bourbon of coronary occlusion following an illness of two years. Mrs. Bruner's death came just two weeks after that of her brother, Samuel P. Warren, of Burket.

Born in Burket March 11, 1886, Mrs. Bruner was the daughter of William Harrison and Annette (Driebaugh) Warren, and had been a lifetime resident of Burket. She was married to Russell Rowland, and he died in 1920. She married David Bruner in 1925 and he survives her. She was a member of the Burket Evangelical United Brethren church.

Other survivors include: four daughters, Mrs. Edward Zigler, S. Whitely, Mrs. Gladys Newell, Spokane, Wash., Mrs. Erwin Snyder, Huntington; two sons, Dean Rowland, Burket and Roger Bruner, at home; two step sons, John Bruner, St. Paul, Minn., and Lester Bruner, of Claypool; two sisters, Mrs. Ella Smith, Burket, and Mrs. Janie Warren, Claypool, four brothers, Charles, of Elkhart, and Elmer, Jesse and Geo. of Burket; a number of grandchildren; and a number of nieces and nephews. One daughter, Mrs. Esther Smith, preceded her in death.

Last rites were held at 2 p. m. Sunday at the Burket Evangelical United Brethren church with Rev. Joe Bear officiating. Burial was in the Palestine cemetery.

Johns funeral home was in charge.

Mr. and Mrs. Ray Linn called on Mr. and Mrs. Bert Rickel of Palestine and Mr. and Mrs. Raymond Hudson of Claypool, Sunday afternoon.

IT PAYS TO ADVERTISE**Burns Fatal to
Mrs. Flo Plotner**

Mrs. Flo Plotner, 38, daughter of George Mollenhour of Palestine, and a former Mentone lady, died at the Parkview Memorial hospital in Fort Wayne at 3:15 p. m. Friday of burns she received August 27th when gas escaping from a water heater exploded in her basement at Warsaw as she was attempting to relight the burner.

Mrs. Plotner was a lifelong resident of this county and had lived in Warsaw about ten years. She was born in Mentone Feb. 17, 1917, the daughter of George and Vera (Hardesty) Mollenhour. She spent 19 years in Mentone and nine years in Argos before moving to Warsaw. She was married to Robert O. Plotner at Mentone June 15, 1942.

The deceased was an active member of the Baptist church, had served as vice-grand of the Rebekah lodge and was a member of the Eagles and American Legion auxiliaries and the Royal Neighbors.

Survivors in addition to the husband are two sons, Kent, aged eight, and Gail, aged six, both at home; two sisters, Mrs. Everett (Helen) Ellis and Mrs. Martin (Marjorie) Rooley, Warsaw; two brothers, Lyman Mollenhour of Mentone, and George Irvin Mollenhour, Jr., of Bourbon, and the parents.

Funeral services were held at two o'clock Sunday afternoon in the McHatton funeral home, in Warsaw, with Rev. Stanley Watkins, Winona Lake, officiating. Burial was in the Oakwood cemetery, Warsaw.

Taken to Hospital

Mrs. Mildred Flenar fainted while at work at the Midwest Spring plant Wednesday noon. Dr. Wilson was called and indications were that she was suffering with appendicitis. She was taken to the McDonald hospital in the Johns ambulance. Reports this evening were that an operation had not yet been performed.

Mrs. Arlene Walters spent last Saturday with Mr. and Mrs. Lou Walters.

Connie Doyle, Sue Lackey of Mentone and Lester Horn and Larry Tucker of Beaver Dam, entered International Business college in Fort Wayne Monday.

Nurse Returns To Clinic

A recent addition to the staff at the Urschel Clinic was Mrs. John Stuber. Mrs. Stuber, the former Miss Kenneth Harper, is a registered nurse, and was employed at the Clinic in 1951 and 1952. During the past two years Mr. and Mrs. Stuber have been living in Scotland, where he was working on his Ph. D. degree. He is now on the teaching faculty at the Grace Theological College, at Winona Lake.

Mr. and Mrs. Stuber are residing in a trailer home at Raymond Weirick's.

Wheat Yields Aided By Soil Fertility

"High soil fertility pays off in high wheat yields," reports A. R. Halvorson, Purdue University extension agronomist.

Yields of 50 to 60 bushels per acre have been obtained where the soil has a good supply of plant nutrients. Farmers, who now are planning to seed this fall's wheat crop, should make sure adequate nutrients are present.

Halvorson says soil tests will determine how much phosphate and potash are needed. Nitrogen needs have been found by actual field experiments with different rates.

A good general fertilizer recommendation for wheat is about 20 pounds of nitrogen and 80 pounds each of phosphate and

potash per acre at planting time. Applications in the fall should be followed in the spring with nitrogen top dressing. If all the nitrogen is applied in the fall, it should be limited to the heavier soils where there will be less loss of nitrogen by leaching.

High fertility pays off in another way, too. Halvorson declares. Good vigorous growing plants usually can withstand attacks by disease and insects much better than starved plants.

Good fertility practices, however, must be accompanied by other good practices. Farmers should make certain the seed is clean and treated for control of stinking smut. And don't sow wheat until after the fly free date, Halvorson concludes.

Hoosier farmers can obtain additional information on seeding wheat from the county agent.

Revival at Burket

Revival services are now in progress at the Burket Methodist church. The services are at 7:30 p. m. with the Rev. S. F. Andrews speaking each evening until September 25. Mrs. Andrews is holding Children's services at 7:00 p. m. nightly until the conclusion of the meeting.

The Andrews home is in Macon, Ga. They are in full-time evangelistic work, and they are widely known in the south. Rev. Andrews has also been an evangelist in foreign countries, and has spent quite some time in South America ministering to the Aztec Indians. He is in wide demand for evangelistic services and camp meetings. Therefore, we feel fortunate to have such a man in our community and hope that everyone will avail themselves of the opportunity to hear him.

SEPT. 14, 1935

Chicago Dairy Show To Open October 8

Chicago, Sept. 8.—Purebred dairy cattle from many states and Canada have been listed for the third annual International Dairy Show, scheduled for the International Amphitheatre October 8-15, the management reports.

The first entry consisted of a show herd of purebred Milking Shorthorns from New York. They are coming from the Lest Chance ranch near Lake Placid.

Owners of the continent's finest dairy animals will compete for over \$40,000 in cash prizes that will be offered in the competitions featuring six breeds—Ayrshires, Brown Swiss, Guernseys, Jerseys, Holsteins and Milking Shorthorns. The management anticipated an entry of

over 2,000 animals by the final closing date for listing exhibits—September 12.

\$25,000 Recipe Contest

One of the feature attractions at this year's event is the International Golden Dairy Recipe Contest in which more than 5 thousand women have submitted their favorite dairy recipes. The contest will be conducted by Ruth Fisher Holbrook, noted Chicago food consultant. She will conduct a twice daily food forum during the 8-day run of the show in a specially installed "Dream Kitchen."

Prizes valued at \$25,000 will be awarded to winners in this event—the grand prize winner to receive an all-expense trip to Europe. Other winning entrants will receive refrigerators, washers, stoves, and varied other useful household appliances.

The management reports that farm group tours to the show are being arranged for the first time this year. The tour package will include transportation hotel accommodations if desired, and reserved seats for the rodeo daily entertainment feature of the show.

Big Rodeo Planned

Cowboys and Cowgirls from all parts of the United States and Canada are making their entries to compete for the \$20,000 that will be offered in cash awards in a series of dangerous events that will assure spectators thrills and spills at each performance.

It will be the 3rd appearance in Chicago of a World's Championship Rodeo in conjunction with the International Dairy

Show. It has been designated a championship point contest by the American Cowboys' Association.

Friendly Neighbors Hold Meeting

The Friendly Neighbors Home Demonstration Club was entertained recently in the home of Mrs. Goldie Jefferies. Dora Whetstone read, Ever Have Club Day Fever, Your Church and Mine, and comments on Revelation 3:2 for meditation.

The lesson on Furniture arrangement was given by Emma Jones. The president, Fern Beeson, conducted the business meeting and appointed Reatha Bal-

lenger, Emma Jones and Thelma Eaton as a nominating committee. Following the social period, the hostess and co-hostess, Mildred Fawley served delicious refreshments.

The next meeting will be a hard time party on October 6, at

10:30 at the home of Fern Beeson.

Remember to keep your headlights clean. The Chicago Motor Club says that by cleaning dirty lenses the amount of light can often be increased by as much as one-third.

NOT AN HOUR A WINTER TO REMOVE ASHES FROM.

Add up the ash-removal time in the average home using Great Heart coal and it totals short of an hour for the entire winter. There's extra convenience in the superior heating power too—for this guaranteed coal burns on long after weaker coals die away. For hand firing or stokers.

TEEL ORCHARD

Phone Mentone 82F15

We will open a large section of our orchard to "You Pick Them" on Saturday, Sept. 24th. Pick any amount in any or all varieties: Red Delicious, Delicious, Grimes, Jonathon, Baldwin, Stayman, Winesap, Winter Winesap, Spitzenberg. Price 4c per pound, equivalent to about \$1.50 per level bu. basket. This offer not open to commercial operators. Decision to rest with us. Our supply of picking ladders will be available. Bring your own picking containers. A 10-qt. pail works well. Used bushel baskets available at the orchard at 10c each.

No unusual hazard is involved, but if you decide to fall out of a tree please pick a soft spot as we assume no responsibility.

Location of orchard is second crossroad SOUTH of Mentone or first crossroad north of Nellans Hog and Poultry Farm on State Road 19, then west 1/4 mile. Open every day Sat., Sept. 24 to Mon., Oct. 3, both days included. The earlier you come the wider the selection and choice.

social security law, will have to pay a social security tax this year if their 1955 farm profit is \$400 or more.

For that reason farmers should check into their responsibilities as well as their benefits under the amendment as passed by the U. S. Congress in 1954. Agricultural economist J. B. Kohlmeier of Purdue University has checked into the social security amendment as it affects farmers and points out some features of the law which will be of interest.

Kohlmeier says that farmers 63 years old or over on January 1, 1955, will be eligible for full retirement benefits by paying social security taxes only on their 1955 and 1956 incomes. These benefits amount to a minimum of \$30 a month for the farmer, plus another \$15 a month for the farmer's wife after she becomes 65. For incomes above \$400 benefit payments will be larger.

According to Kohlmeier, farmers with a gross income between \$800 and \$1800 have the privilege of declaring one-half of that amount as net income, even though the net is less. Farmers with a minus net income can declare a \$900 net income if the gross income is \$1800 or more.

Kohlmeier urged farmers to keep good records of farm receipts and expenses in order to supply the proper information when filing reports to qualify for social security retirement benefit payments.

It will be necessary for every farmer to secure a social security number before payment time, Kohlmeier said and advised farmers to get their number now

since considerable "red-tape" is sometimes involved in finding proof of age and other needed information.

A representative of the Social Security Administration is available in each county on certain days when more detailed information can be obtained by farmers.

Installation Service At Methodist Church

An Installation Service for all officers, teachers and assistants, will be conducted in the Mentone Methodist Church during the worship service Sunday morning. The sermon will be based upon the parable of "The Empty House." "Rally Day" will be Sunday, September 25.

The Chicago Motor Club says allow at least 20 feet of highway space between your car and the one ahead for each 10 m. p. h. of speed.

The Chicago Motor Club warns motorists to make periodic checks of your tire pressure. Improperly inflated tires wear, make stopping more difficult.

DO YOU RECOGNIZE THE FARM PICTURED BELOW?

Here is another picture in the second series of farm photos to be printed in the Co-Op. News.

The pictures were taken by the Zekan & Robbins photographers, Harlan, Iowa, and are all of farms in the Mentone trading area. The pictures are not identified and it will be up to the owners or neighbors to notify this newspaper office. The pictures were taken by airplane and not even the photographer knows one from the other. It will be interesting to see who is the first to identify the pictures each week. Phone Mentone 38. We will endeavor to publish the names of each person correctly identifying the pictures each week.

The farm owner will be given the original 5 x 7 mounted picture absolutely free of any cost. All we require is that the operator himself come to our office and give us a little information about the farm, its operation, etc. Additional prints, colored enlargements, etc. can be obtained by contacting this newspaper.

Farm Identified

The farm pictured in our last issue was the 226-acre farm ten-

anted by Mr. and Mrs. George Cumberland and family. The farm is located one and one-half miles south and one mile east of Sevastopol, and has been owned the past 50 years by Marie Hoag. The Cumberlands have resided there for 29 years.

Mr. Cumberland specializes in dairying in addition to doing gen-

eral farming.

The Cumberlands have two daughters. Dianne, aged 7, is in the second grade at the Beaver Dam school, and Brenda, aged 4.

Mrs. Nora Tucker was the only person to call and correctly name the farm.

Artificial Breeding Day September 19

Lafayette, Ind.—George Hyatt Jr., North Carolina dairy extension specialist, will be among the featured speakers at the 8th Indiana Artificial Breeding Field

Day, September 19.

Norbert Moeller, extension dairyman at Purdue University, has announced that the event will open at 10 a. m. at the Carmel Bull Stud farm north of Indianapolis on 116th street between highways 31 and 421. More than 1,000 Hoosier dairymen are expected to attend.

Hyatt, who is well known by American dairymen, is a former editorial advisor for "Hoard's Dairyman." He has also served as an extension dairyman in Maryland and West Virginia. He will speak on "Challenge to Dairymen" at the Carmel Field Day.

Moeller says demonstrations on the collection, processing and shipping of semen will be shown during the morning program. Also included will be a tour of the bull stud of fifty Holstein, Jersey, Guernsey, Brown Swiss, Angus and Milking Shorthorn bulls. Leland Lamb, bull buyer for the American Breeders Service, will discuss production records and pedigrees of the bulls.

Other educational exhibits which will be on display include an exhibit of frozen semen.

The afternoon program will open at 1:15 p. m. after a luncheon on the farm grounds. All interested persons are invited to attend the Field Day.

Purdue University horticulturists says a bushel of soil, one-half pound of bluegrass seed, and a pound of 10-10-10 commercial fertilizer mixed together will provide good patching material for the bare spots in the lawn.

BALLOON ARTIST ON EGG SHOW PROGRAM

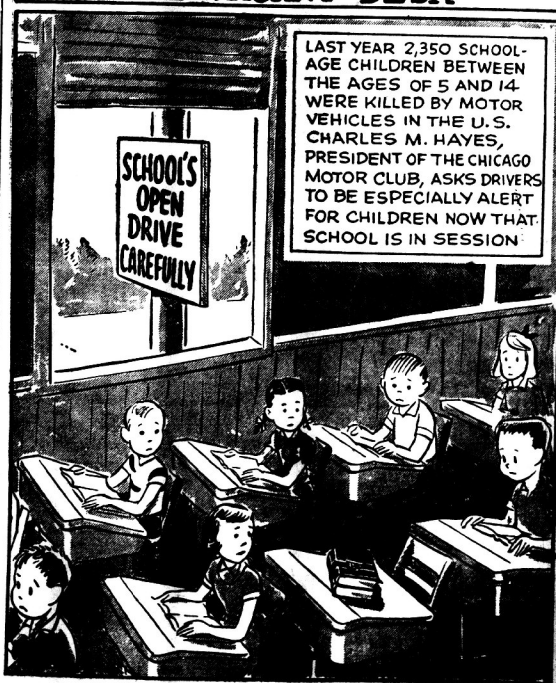

BILLY ROMANO

They claim that if you ever want to see what an expert can do with a rubber balloon, you'd better be at the Mentone Egg Show Banquet Friday evening, Sept. 23, and watch Billy Romano. In fact, it is indicated that one of his rubber creations will "lay an egg." (He didn't say whether it would be a double-yolker, but in his fertile balloonatittic mind—whatever that is supposed to be—he's sure to come up with something very unusual.)

Thursday evening, Prof. A. M. Guhl, of Kansas State College, will bring us the real dope on "Social Customs of Chickens." This is the psychologist's approach to this important matter — and perhaps Emily Post will bring out a supplement to her "dictionary of human behavior." At least Prof. Guhl is supposed to tell us "why."

Ann Creighton Bride of Melvin Fuller

In a double ring ceremony performed recently in the Atwood Evangelical United Brethren church by Rev. T. E. Longenbaugh, of Warsaw, Miss Ann Louise Creighton and Melvin D. Fuller were united in marriage.

The bride is the daughter of Mr. and Mrs. Charles Creighton, of Route 5, Warsaw, and parents of the groom are Mr. and Mrs. Ernest Fuller of Tippecanoe.

The ceremony was performed before an altar decorated with baskets of pink and white gladioli, palms and candelabra. White satin bows marked the pews. Jonathan Marshall, of Bourbon, presented a prelude of nuptial music including "Star Dust," "Melody Of Love," "Always," and the traditional wedding marches. Miss Mary Jane Miller, of Warsaw, sang, "Because," "I Love You Truly," and the "Wedding Prayer."

The bride, given in marriage by her father, was attired in a gown of chantilly lace over white satin with a tulle skirt. The fitted bodice was fashioned with a Peter Pan collar, and she wore long tapered mits. Her veil of silk illusion was held in place with a white hat covered with lace and sequins. She carried a white Bible covered with pink carnations.

Miss Shirley Hahn, of Bourbon, attended the bride as maid of honor, wearing a ballerina length gown of pink tulle over satin with a matching headband. She carried a colonial bouquet of blue carnations.

Miss Marilyn Creighton of Warsaw, cousin of the bride, was bridesmaid, and wore a ballerina length gown of pale green tulle over satin, with a matching headband. She carried a col-

onial bouquet of pink carnations.

Marvin Fuller, brother of the groom, served as best man, and Jerry Reed of Akron, Larry Hoffer of Atwood seated the guests.

For her daughter's wedding Mrs. Creighton wore a mauve taffeta dress with white accessories. Mrs. Fuller chose a navy blue crepe dress with white accessories. Both wore white carnation corsages.

Miss Carol Kay Koontz, of Bourbon, Mrs. Charles Bollinger and Mrs. Jack Johnson of Fort Wayne, served at the reception held in the church parlors.

For their wedding trip the bride changed into a pink linen dress with white accessories.

The bride is employed in the office of the Litchfield Creamery company of Warsaw, and the groom is an employee of the Endicott company. They are now residing at 2104 East Center St., Warsaw.

Joyce Staldine Weds Fredric Morgan

In a very impressive double ring ceremony performed September 4, in the home of Mr. and Mrs. Charles Morgan of Rochester, Miss Joyce Staldine became the bride of Fredric Morgan at 2 p. m. with the Rev. John Paul Jones, pastor of the Winamac Methodist Church reading the wedding vows in the presence of 50 guests.

The bride is the daughter of Mr. and Mrs. Ed Staldine of Talma and the groom is the son of Mr. and Mrs. Charles Morgan of Rochester.

The Morgan home was beautifully decorated with white Fiji mums, palms and candelabra. Mrs. Ed Morgan played bridal airs entitled "Liestraume", "Love Dreams", "Serenade", "Bridal

Chours" and "Wedding March". Mrs. Morgan accompanied the vocalist, Sonja Morgan and she sang "I Love You Truly" and Phillip Mow as he sang "O, Promise Me" and a duet of "O, Perfect Love", was sung by Phillip Mow and Sonja Morgan.

Miss Sarita Emmons of South Bend, attended the bride as maid of honor and Don Hibner, of Rochester, served the groom as best man. Ushers were Keith Warner of Rochester and Leonard Staldine of South Bend.

The bride, given in marriage by her father, wore a pearly blue silk acetate dress with tight bodice, sweetheart neck, billowy street length skirt and Eaton jacket with bracelet length sleeves.

She carried a 100 year old Bible covered with white satin topped with three white camellias and a cascade of ribbons and white Pom Poms. She wore a pearl necklace and earrings, gift of the groom.

The maid of honor wore an old gold crystallate dress with portrait neck and princess style with a ballerina length skirt. She

wore a corsage of yellow roses.

The bride's mother wore a light gray rayon dress with brown accessories, and wore a corsage of yellow glads, and the groom's mother wore a navy silk dress with black accessories and a corsage of peach glads. Following the ceremony a reception was held in the home of the groom's parents, where a four tiered wedding cake decorated with yellow roses and green leaves and lime punch was served to the wedding party and guests by Mrs. Keith Warner and Mrs. Leonard Staldine.

The bride is a graduate of the Talma High School and Memorial Hospital school of nursing of South Bend and is a nurse at the Park View Hospital at Plymouth. The groom is a graduate of the Richland Center High School and is a student at North Manchester college and is physical education major at North Manchester college.

The couple now reside at 505 Ohio Street, at Rochester.

The new station is modern in every respect and is one of the best appearing and equipped stations of its kind in the area.

Mr. Miller has recently completed a course of training with the Standard Oil people, and has had about two years experience in a filling station.

Smith - Quier

June Ann Smith, daughter of Mr. and Mrs. Virgil Smith, Leesburg, and Walter D. Quier, son of Mrs. Cleora Quier, Mentone, were united in marriage at Plymouth, Indiana, on Saturday, September 3, at the home of Justice of the Peace Clyde South.

**Bill Dorsey
Repeats Win**

Bill Dorsey, of the Syracuse Community 4-H Club, repeated his performance of a year ago and won the Mentone Egg Show demonstration contest Wednesday evening. He placed first last year also to win a 17-jewel wrist watch.

Second place went to Joyce Eiler of R. 5, Warsaw. She is a student in the Mentone H. S.

Sandra Polk, a student in the Silver Lake H. S. and a member of the Burket Club, placed third.

Quier - Smith

Esther Quier, daughter of Mrs. Cleora Quier, Mentone, and Richard Smith, son of Mr. and Mrs. Virgil Smith, Leesburg, were united in marriage at the home of the bride's mother on Saturday, September 10, with the Rev. Milton Pearsons of the Mentone Methodist church performing the ceremony.

William Smith, brother of the groom, and Mary Quier, sister of the bride attended the couple.

Hurricane Keeps Mentone Lady Off TV

Mrs. Agnes Rans and Mrs. Gertrude Hill returned home Tuesday evening from a 3 day sight-seeing tour of New York City. Some of the interesting places visited were, Rockefeller Center; N. B. C. Studios; United Nations; Radio-City Music Hall and of course The Statue of Liberty.

The yacht trip around Manhattan Island was wonderful and the bus tours of upper and lower New York were also interesting.

One exciting feature happened on Monday a. m. while attending the "Strike it Rich" program. Mrs. Rans name was selected as one of the three persons to be interviewed for a later program. An interview in the P. M. revealed that she would be on T. V. the next day; however "Hurricane Ione" changed our plans and we started home Monday evening to avoid the storm.

NEWS! PHONE 38**Miss Betty Griffis Chosen Egg Show Queen**

Entrants from Atwood, Tippecanoe, Etna Green and Silver Lake Chosen for Court

Miss Betty Griffis, a senior in the Mentone high school, was chosen to be queen of the Mentone Egg Show at the contest held this evening. She is the daughter of Mr. and Mrs. Gilbert Griffis and was a queen candidate in the 1954 show, at which time she was chosen as a member of the queen's court.

Chosen to serve in the queen's court at the coronation ceremony to be held Friday evening were:

Marilyn Kline, 17, daughter of Mr. and Mrs. Roy C. Kline. She is a senior in the Silver Lake High School.

Aimee Ann Anglin, daughter of Mr. and Mrs. Dallas Anglin, a freshman in the Etna Green H. S.

Sheri Campbell, 15, daughter of Mr. and Mrs. Homer Campbell, R. 5, Warsaw, a sophomore in the Atwood High School.

Sara Blackford, 17, daughter of Mr. and Mrs. Joe Blackford, Tippecanoe, who is a senior in the Tippecanoe school.

(See photos on back page)

Other contestants were present from Talma, Burket, Beaver Dam, Akron, Laketon and Claypool. Each of these six contestants were given gifts by the Egg Show committee, while the remaining five will receive their awards at the banquet session Friday evening.

Milo Clase, of WRSW Warsaw, again did a fine job as MC during the queen contest, and the Misses Elaine Manwaring and Sandra Nelson carried the large identification "eggs" for the candidates. The judges were Mrs. Gene Foster of North Webster, John Snell of Warsaw and Jim Stahl of Goshen. Others among the many who had a part in the queen program were: Mr. and Mrs. Harold Nelson, Mr. and Mrs. Miles Manwaring, Mrs. Ruth Snellenberger, James Beeson, Dr. Tucker, etc.

To Appear on TV Thursday

Thursday at 12 noon the Egg Show Queen, Miss Betty Griffis, and one of the egg-eating contestants, Glen Puterbaugh, will appear on a TV program over Station WSJV-TV, Elkhart, on Channel 52. Forrest Boyd, a representative of the station, was on hand Wednesday evening to make arrangements for the show.

"MISS MENTONE"

Betty Griffis

Harold Nelson, of the Egg Show committee, will accompany the folks to Elkhart.

The printing plates of the queen contestants have been supplied through the courtesy of the Warsaw Daily Times.

**Lights Installed
At School**

H. Earl Boggs, trustee of Harrison township, has had floodlights installed on the east side of the new Mentone gym. These lights—three of 150-watt ability—are focused toward the parking lot and flood the entire area. The Baker Appliance Store did the electrical work.

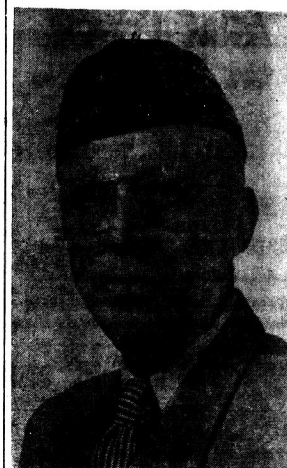

**Testing Many
Soil Samples**

Ed Ward, manager of the Northern Indiana Cooperative Association, Mentone, reports that the farm folks have been taking advantage of their soil-testing facilities, and already the new but small laboratory they built, is inadequate. However, testing will continue, and farmers are urged to have their soil analyzed.

**Treasurer of
Indiana Vet. Group**

Wilbur C. Cochran, shown below, is now serving his third year as treasurer of the Indiana unit of the Veterans of World War I, of the U.S.A. In that period of time, Wilbur states that the Indiana Barracks has grown from a membership of about 900 members to well over five thousand at this time, and membership is growing proportionately throughout the United States.

The national convention was held in Indianapolis Sept. 11 to 14, and in addition to serving as treasurer of the convention, Wilbur was chairman of both the registration and credentials committees. Fifteen hundred delegates were registered at the convention, and Kos. Co. Barracks No. 83 was represented with 17 delegates.

Harry J. Millen of Watertown, N. Y. was named national commander; Harlan W. Barnes, Portland, Oregon, Sr. Vice Comm.; Lewis Brake of Illinois, Jr. Vice Comm., and Rev. George Shurtz, Ohio, chaplain.

Mrs. Georgia Cochran is secretary of the Indiana Dept. Auxiliary, which met simultaneously with the male unit of the national organization. Edith Weiss, of Buffalo, N. Y. was named national president of the Auxiliary; Katherine Fellers, Centralia, Ill., Sr. Vice Pres., and Norma Dillage, Eugene, Ore., Jr. Vice Pres.

The convention next year will be in Portland, Oregon.

Thursday and Friday—two big nights left of the 1955 Mentone Egg Show.

War Mothers Meet

Mothers of World War II, Mentone Unit 106 met Monday evening September 12, 1955, at the home of Emma Cook. The meeting was called to order by the President, Mildred Fawley. The meeting was opened by presenting the flag, and pledging allegiance and singing one verse of our national Anthem followed by prayer by the Chaplain. 16 members answered roll call. This being our school day meeting each member gave her first grade teacher's name and where she went to school. The secretary and treasurer's report was read and approved. We discussed sending Christmas boxes to boys over sea's. Our treasurer, and several members told about their trip to the district meeting. Birtha Meredith, Bille Morrison, Edith Young, Ella Stanford, Rhoda Jones, and Ethel Wagner bought Christmas seals. Bernice Rush, Emma Cook, Blanch Paulus, Elmora Coplen, Laverna Horn and Ella Stanford gave their three months donation. Ethel Whetstone gave \$1 for white elephant sale. Ella Stanford and Mildred Fawley gave their birthday offering. It was voted on to have a Bazaar and Bake sale November 12. The nominating committee for officers this next year are Laverna Horn, Myrtle Davis, and Dora Whetstone. The members signed a get well card to Ethel Whetstone, who is in the McDonald hospital with a fractured leg. The meeting was closed by giving the Mother's creed and singing one verse of God Bless America. A closing prayer was led by the Chaplain. The members had their sack lunches and the hostess served ice cream, cookies and

coffee. Our next meeting will be October 10th and our anniversary supper. After our meeting we had our white elephant sale. Those who attended our District 2 meeting were Edith Young, Mildred Fawley, Ethel Whetstone, Ethel Wagner and Dora Whetstone.

CARD OF THANKS

I would like to express my gratitude to my neighbors and friends who remembered me during my stay at the hospital. Your thoughtfulness expressed through your help, cards visits and flowers were great appreciated.

Many thanks to you all.

Student At Indiana University

Miss Sherry Shoemaker, daughter of **Mrs. Howard Shoemaker**, Mentone, has enrolled for a two-year course in X-ray Technology at the Indiana University Medical Center in preparation for a professional career as an X-ray Technologist.

Miss Shoemaker and other members of the beginning class will spend a year in classroom studies involving the taking and processing of x-ray pictures, handling of radio-active materials and the use of x-ray in the diagnosis and treatment of various diseases. During the second year the students serve internships in radiology offices and departments of clinics and hospitals. At the conclusion of the two-year training period, the graduates passing the American X-ray Technology Registry examination are qualified for professional positions.

State 4-H'ers Outdo Tradition

Albert Safford and Roger Fields of Fulton County and Wilburta Latimer of Kosciusko County have just returned from a seven day bus tour of Pittsburgh, Gettysburg, Philadelphia, and Washington D. C. Mr. Safford was the escort and Miss Latimer and Mr. Fields were 4-H achievement winners. The group of winners totaling 32 were outstanding 4-H'ers from all points in the state and sponsored by Stark and Wetzel Packing Co. of Indianapolis. The Chaperones were Mr. Robert Amick and Miss Mary Masten both 4-H State Leaders from Purdue University.

The group stayed a night at the W. Virginia State 4-H Camp and visited the National 4-H camp at Chevy Chase just outside Washington.

During their stay in Washington they visited many government buildings, Arlington National Cemetery, and Mount Vernon. They were also luncheon guests of Senator Jenner who gave them a short talk on the Senate operation and some world affairs. After luncheon he showed them V. President Nixon's Office and took them out on the Senate floor where his and Senator Capehart's desks are located.

This was the first time any outside group had ever been entertained in the Senate dining room and also the first time any ladies had dined in it.

In Philadelphia the group visited Independence hall, saw the

liberty bell and went thru Betsy Ross Home.

At Gettysburg they had a guided tour of the Battlefield and were guests at the President's farms, where Ivan Feaster, the farm Foreman, showed them the grounds and the livestock. This was also the first time a group had been invited to visit the farms.

On their way home they stayed overnight in Pittsburgh and arrived in Indianapolis Sunday evening.

The tour was under direction of the Miller Tours of Indianapolis.

Methodist Church News

The rally day activities of the Mentone Methodist Church this next Sunday will feature a special number by the choir in the 9:30 worship and a sermon entitled: "Our Here Determines Our Hereafter". Church School will convene at 10:40. There will be a "Fellowship Supper" (carry-in) at 6:00 o'clock in the evening, followed by a special service at 7:30. Coach Don Odle of Taylor University, last year's Chamber of Commerce selection at the

most outstanding young man of Indiana, will show moving pictures of his three "Venture For Victory" evangelistic basketball tours to the Orient. Vocalist for this service will be Joe Grabill, Indiana, a member of this year's Venture for Victory squad.

The Warsaw District of The Methodist Church recently purchased and remodeled a dwelling at 221 North Union St., Warsaw, Indiana, as a home for its District Superintendents and families. Dr. and Mrs. Thurman B. Morris, the present district leaders, will conduct "Open House" at this location this next Sunday afternoon and evening.

NOTHING IN ITS FIELD CAN MATCH CHEVROLET FOR ACCELERATION!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

When you need a quick sprint for safer passing, this V8 delivers!

It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

The proof was burned into the sands of Daytona Beach at the NASCAR* trials earlier this year. In acceleration tests, Chevrolet walked away from everything else in its field. Plus all the high-priced cars except one!

It's the big reason Chevrolet's been taking all comers in short track stock car events this season. Sizzling acceleration along with handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

Former Resident Dies at Kendallville

Robert Lawrence Alexander, 53, a native of Mentone, died Wednesday afternoon near Kendallville. He was a brother of Mrs. William Nice of Warsaw. Mr. Alexander had suffered for the past seven years from a lung ailment.

Alexander was born at Mentone, July 23, 1902, the son of the late James E. and Arvadia Alexander. He was married August 13, 1921 to Treva Nine, of Warsaw.

For a number of years he resided in Warsaw and was employed as a molder at the Dalton foundry. Some 15 years or more ago he moved to South Milford, near Kendallville.

Surviving are his widow, Treva; six sons, James E., Robert Jr., Kenneth F., Max C., Floyd O., and Jerry Lee; two brothers, Clinton Alexander of South Bend, and Virgil of Philadelphia; a sister, Mrs. William (Dessie) Nice, of Warsaw and 12 grandchildren.

Eighty-one-year old Mrs. Susie Nine, of Warsaw, had been at the bedside of her son-in-law attending him for the past two weeks.

Funeral services will be held Saturday at 2 p. m. at Evangelical U. B. church, Kendallville,

with Rev. David Livengood, a native Warsawan, officiating. Following services there the body will be taken to Oakwood cemetery for burial, with graveside services being held at about 4 o'clock Saturday afternoon.

Dies at Monterey

Funeral service will be held Thursday at 2 p. m. at the Monterey Methodist Church for Frank Albert Overmyer, 62, who died of a heart attack Sunday at home five miles west of Monterey. Rev. Donald Hackett will officiate, with burial in the Monterey cemetery. The Fry and Lange funeral home, Winamac, will be in charge.

A native of Monterey, he is survived by five sons, Harry of Rochester, Elmer of Talma, Lloyd and Wayne at home and Paul of Washington State; three daughters, Mrs. Dorothy Renschler, of Portland, Ore., Martha at home and Mrs. Della Ruschau, of Monterey, 14 grandchildren and a sister, Mrs. Alta Grindle, of Monterey.

Poisoned Bait Will Stop Rodent Damage

Lafayette, Ind.—Hoosier farmers can prevent serious corn losses to rats and mice by placing poisoned bait in cribs this fall.

W. D. Fitzwater, rodent control specialist at Purdue University, says farmers should take a few minutes before corn is harvested to make places in cribs where the bait can be exposed.

Several boards 1 inch by 4 in. or 2 inches by four inches about two feet long are needed. Fitzwater

er suggests slanting two or three of the boards on end, about 8 to 10 inches from the wall. The bottom of the boards should be toenailed to the floor and the top end of the wall.

A small, clear space will thus be left on the floor where bait can be placed after the crib is filled. A small part of a slat can be cut out to allow room to set a pan of bait on the floor from outside the crib. Best locations for bait spots are along driveways of double cribs and in the south corners.

For best results, Fitzwater says to use a freshly mixed privial of warfarin bait. Directions for mixing baits are available from any county agent's office.

To Show Pictures Of Trip to Orient

Coach Don J. Odle of Taylor University will be presented to the Mentone community Sunday evening at 7:30 by the Mentone Methodist Church. He will show moving pictures and tell of his three "Venture For Victory" evangelistic basketball tours to the Orient. Joe Grabill, one of this year's Venture For Victory squad will accompany Coach Odle as vocalist.

The Venture For Victory basketball team compiled an enviable record of 169 wins and 2 losses under his leadership. Among the teams played was the National Champion team of Japan, as well as games with all-

star players in other countries.

While coach at Taylor University, his teams have won two Conference basketball championships, and he was voted Coach of the Year of the Hoosier Conference in 1952. At the present time he is President of the Hoosier College Conference. He has a Master's degree from Indiana University and has published BASIC BASKETBALL, a textbook on the game. Recently he was named the "Outstanding Young Man of the Year" by Indiana Junior Chamber of Commerce.

Mrs. Neva Teel was admitted to the Murphy Medical Center Thursday for Medical treatment and she remains about the same.

THE STORY OF PHILLIPS 66

Flite-Fuel

FROM THE SKYWAYS TO THE HIGHWAYS

FOR MILITARY USE Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful, higher anti-knock fuels for combat aircraft.

RESTRICTED for use in high performance aviation gasoline, these powerful components have for years been on U.S. Government priority. But now restrictions have been released and Phillips is able to use them in automotive gasoline.

TODAY, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel. It gives increased power, greater fuel economy, higher anti-knock quality, freedom from stalling... and it's clean-burning!

GET PHILLIPS 66 FLITE-FUEL at any station where you see the orange and black Phillips 66 Shield. Let your car's performance tell the story. You'll discover a new driving experience.

Weatherford Quartet at Beaver Dam Sept. 28

The nationally-famous Weatherford Quartet will appear in Beaver Dam Gym September 28, 7:30 p. m. it was announced today by Glenn Lowman, president of the Beaver Dam P. T. A.

The Weatherford Quartet was organized in Long Beach, California in 1945. The Quartet traveled up and down the West Coast doing radio programs and personal appearances in some of the largest churches, high schools and municipal auditoriums. Their unique style soon gave them a reputation as one of the finest groups of gospel song singers in America. In 1954, while on a nation wide tour, the Weatherford Quartet came to Fort Wayne Indiana. They were so impressed by the wonderful hospitality and friendliness of the people in the great Midwest that they decided to settle down and make Fort Wayne their headquarters. They went to work on the Staff of Radio Station WOWO and at present can be heard at 8:15 a. m. Monday through Saturday—and 7:05 a. m. Sunday mornings. Recently the Quartet received mail from twenty-seven states in one week which is a good indication of the great listening audience of the Weatherford Quartet on WOWO.

In June of 1955, the Weatherford Quartet signed a contract with RCA Victor making them one of the few artist's in Gospel music to record with the largest record company in the world. They travel over 70,000 miles a year all over the country giving concerts in churches, high schools and municipal auditoriums. Their concerts of Gospel Songs, Spirituals and Hymns are received by all denominations and the variety of sacred music seems to please people of all tastes.

The Quartet consists of Earl Weatherford (manager and second tenor), Lily Fern Weatherford (alto), Norman Wood, (baritone), George Younce (Bass), and Danny Koker (arranger and pianist). A popular saying with

the Weatherford Quartet is: "When we come to see you, You come to see us." This is a personal invitation to you to meet "The Weatherford Quartet", at Beaver Dam.

John Fitton Dies Wednesday.

John Fitton, 79, passed away at the Murphy Medical Center, at Warsaw, Tuesday, of complications following an auto accident at the Zimmer corner, west of Warsaw, recently. He had been in poor health for the past year, and suffered several broken ribs in the accident. He was born in Seward township July 19, 1876, the son of Robert and Jane (Parker) Fitton, and spent his entire life in Seward township. He spent the past 21 years in Burket. Nov. 24, 1895, he was married to Sadie Rickel, who survives. He was a retired farmer and a member of the Fairview EUB church.

In addition to the widow, he is survived by three sons, Lloyd of Warsaw, Merl of Claypool, Orville of Akron; three daughters, Mrs. Orville (Ida) Hoffman, Claypool; Mrs. Loren (Ruth) Decker, Claypool, and Mrs. Ora (Neva) Smith of Burket; 14 grandchildren and 16 great-grandchildren. He was preceded in death by a daughter, Mrs. Russell (Edna) Barber. Funeral services will be held at the Palestine Christian Church at two p. m. Friday, with Rev. Joe Bare, pastor of the Burket EUB church, officiating. Burial will be in the Palestine cemetery. Friends will be received at the Johns funeral home until 1:30 p. m. Thursday when the body will be taken to the home at Burket.

Price 4c per pound, equivalent to about \$1.50 per level bu. basket. This offer not open to commercial operators. Decision to rest with us. Our supply of picking ladders will be available. Bring your own picking containers. A 10-qt. pail works well. Used bushel baskets available at the orchard at 10c each.

No unusual hazard is involved, but if you decide to fall out of a tree please pick a soft spot as we assume no responsibility.

Location of orchard is second crossroad SOUTH of Mentone or first crossroad north of Nellans Hog and Poultry Farm on State Road 19, then west ¼ mile. Open every day Sat., Sept. 24 to Mon., Oct. 3, both days included. The earlier you come the wider the selection and choice.

tem to keep Hoosier farm land productive, report Purdue University agronomists.

Specialists at Purdue have conducted tests with lime over a period of several years on acid soil experiment fields. Results from livestock-type cropping systems show that each ton of lime produces an average gross profit of \$19 per acre during each rotation. Trials were conducted on 12 experiment fields where returns were figured on corn, soybeans, wheat, and hay. Mixed seedings of clovers, lespedeza, and timothy were used.

Based on results recorded for more than 25 years, agronomists say it pays to relime in order to hold the pH at 6.5 or above. The amount of profit obtained from liming will be influenced by the initial soil acidity, the amount and quality of lime applied, the nature of the soil and the crops grown.

Agronomists point out that lime may be applied at any time the field is in condition to permit spreading. Farmers who are planning to lime their fields this year should ask their county extension agent for copies of mimeo AY 110 and AY 124.

Agronomists discuss in AY 124, "Liming Indiana Soils," the importance of quality in liming materials. Mimeo AY-119 is entitled "Dollar and Cents Returns from Liming." The two leaflets can also be obtained from the office of agricultural publications at Purdue.

Purdue Broiler School Sept. 29

Lafayette, Ind.—Two panel discussions will highlight the 9th Purdue University Broiler school Thursday, September 29, R. L. Hogue, Purdue extension poultryman, has announced.

Poultry farmers, extension specialists, and representatives of industry will assemble in the Purdue Memorial Union at 10 a. m. for the day's events.

Robert Merkle, Claypool, chairman of the broiler department of the Indiana State Poultry Association, will serve as chairman of the morning session.

"Trends in the Broiler Industry" will be discussed by Alex Gordeuk, editor of "Broiler Growing." Hogue, Orville Wilson of Anderson, Oren Morris of Salem and Thad Macy of Spencer, will comprise a panel for a report on growth of the broiler industry in the south.

Bob Martin of Ramsey, Robert McFarling, Indianapolis, and Mr. Merkle will tell broiler growers of "action they must take to sur-

vive in the broiler industry."

Robert Schram, Peru, director of the broiler department of the state poultry association, will direct the afternoon sessions. Speakers will include Lee Campbell, merchandising director of the Institute of American Poultry Industries; Ray Wilson, secretary of the Indiana Farmer-Retailer Committee; Merkle; and

Dr. W. J. Stadelman, head of the poultry marketing section of Purdue.

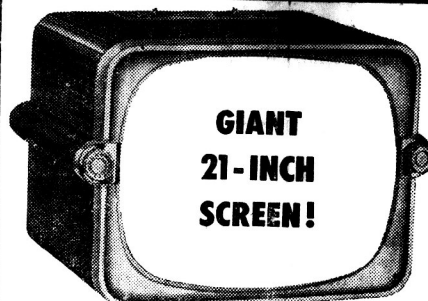

Visitors will have an opportunity to see the processing annex at the new poultry science building after the sessions end.

Mrs. Alta Mollenhour is visiting in Rochester with Mrs. Joe Foster and family.

Hoosier poultrymen should plan to keep the new pullets confined in the laying house until sold. Purdue University poultry specialists report that complete confinement under proper housing conditions makes for more eggs, cleaner eggs, and eggs with more uniform yolk color.

DO YOU RECOGNIZE THE FARM PICTURED BELOW?

SEPT. 21, 1955

Here is another picture in the second series of farm photos to be printed in the Co-Op. News.

The pictures were taken by the Zekan & Robbins photographers, Harlan, Iowa, and are all of farms in the Mentone trading area. The pictures are not identified and it will be up to the owners or neighbors to notify this newspaper office. The pictures were taken by airplane and not even the photographer knows one from the other. It will be interesting to see who is the first to identify the pictures each week. Phone Mentone 38. We will endeavor to publish the names of each person correctly identifying the pictures each week.

The farm owner will be given the original 5 x 7 mounted picture absolutely free of any cost. All we require is that the operator himself come to our office and give us a little information about the farm, its operation, etc. Additional prints, colored enlargements, etc. can be obtained by contacting this newspaper.

Farm Identified

The farm pictured in last week's issue of the News was

identified by Nora Tucker and Mrs. Orville Huffman as the Wallace Andrews farm which is located east of Sevastopol.

Mr. Andrews has owned the farm for six years and was previously owned by Kenneth Van Curen and by Clyde Keicher.

The 120 acre farm has had a new milking parlor in recent yrs.

and is primarily for general farming and dairy products.

Shipped in feeder cattle should be watched for shipping fever, advise veterinarians at Purdue University. If signs of heavy breathing, coughing or diarrhea appear, call a veterinarian at once.

4-H & FFA Youth To Purdue Clinic

Lafayette, Ind.—Several hundred vocational agriculture students, Future Farmers of America, and 4-H youths from all sections of Indiana will meet at Purdue University Saturday, September 24, for the annual vegetable contest and a special poultry judging clinic.

Roscoe Fraser, Purdue vegetable extension specialist, reported that 1290 students participated in the vegetable contest in 1954. The contest is one of the largest of its kind held in the United States.

M. O. Thomas, Purdue vegetable garden instructor and his class of future vocational agricultural teachers will direct the event. Participants will be required to identify vegetables, vegetable insects and diseases, and potato grade defects.

Judging will start at 8 a. m. and continue to 11:30 a. m. A training school for coaches will be held in conjunction with the contest, according to Fraser.

From the vegetable contest, the first five teams and their coaches plus the first three teams and their coaches from schools that have never won a vegetable judging team trip, will be sent to the National Junior Vegetable

Growers' Convention in New Orleans, December 12 to 15.

Joe Sicer, extension poultry specialist at Purdue, has announced that the poultry judging clinic will open at 9:30 a. m. and continue to 12 noon in the Purdue livestock judging pavilion. Training will be given by Purdue extension poultry specialists in all phases of poultry and egg judging.

Any 4-H or FFA group and coach is eligible to register for the clinic, Sicer said.

At the conclusion of the vegetable contests and poultry clinic most of the participants will attend the Purdue and College-of-Pacific football game.

Farmers Urged to Use Caution With Pickers

Lafayette, Ind.—As Hoosier farmers ready their corn pickers for the fall harvest many are undoubtedly thinking, "Picker accidents can happen to others but not to me."

F. R. Wilsey, farm safety specialist at Purdue University, says anyone may be a picker victim unless proper precautions are followed.

Wilsey cites the examples of Hancock County, who said, "When I heard of a neighbor's accident in a picker, I realized the

seriousness of it but the thought never occurred to me that I might sometime be in the same situation. It seemed like it was the other fellow rather than me."

But Brune did become the "other fellow" in a picker accident and lost his right hand two inches above the wrist.

First P. T. A. Meeting

On Wednesday evening August 14, the first P. T. A. meeting of the school year was held in the Mentone School cafeteria. A bountiful carry in supper was enjoyed by approximately 125 parents, teachers, and children.

The meeting was called to order by P. T. A. President, Mrs. Esther Markley. Following the pledge to the flag the minutes of the previous meeting were read and approved. Mrs. Markley then introduced the new officers for the year and stated that the convention this year would be held at Elkhart on October 4, and urged all who could to attend. The meeting was then turned over to the program chairman, Mrs. Urschel. Mrs. Urschel introduced Mentone's new principal, Mr. John Fredericks. Mr. Fred-

ricks in turn introduced the teachers, school clerk, and janitors, and gave a brief report as to how the School obtains money from the State. Mr. Fredericks stated that the amount of money the school receives is based upon the enrollment and attendance percentage during the first 43 days of school. Points were given to stress the importance of students being present each day if at all possible.

Trustee Earl Boggs gave an interesting report on the repairs, improvements, etc. made at the school during the summer months. Mrs. McKinley gave an interesting outline as to what first graders learn. A few points are, learning to share and to get along with others, to do things at a designated time, to do more personal things for themselves, and to be away from home.

Mrs. Urschel gave a special

welcome to parents of first graders, the new transfers from Burket, and new students. The Junior Class received the award for having the most parents present. Group singing was led by Mr. Dale Whitehead, after which Mr. Whitehead suggested that the P. T. A. form a mixed chorus this year.

Mrs. Markley thanked all who were present for coming and announced that the next meeting would be held on Wednesday, October 12.

Kos. County Day At Chicago Show

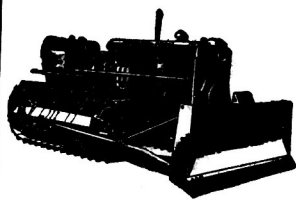

4-H boys and girls from Kosciusko county, Indiana, all dairy project members, will visit the 3rd International Dairy Show and Championship Rodeo at the International Amphitheatre in Chicago on October 15. According to W. H. Thompson, tour coordinator, 30 youngsters will make the trip.

The 3rd annual show will get underway October 8th and continue through the 15th with fourteen performances of the World's Championship Rodeo starring Gene Autry.

The group tour plan, initiated this year, is designed to help farm groups arrange trips to the show without the bother of reserving transportation, tickets and hotel rooms in Chicago. General admission for the dairy show and a reserved seat for the Rodeo are provided at half price for all groups using the package tours.

Requests for information on tours may be obtained from International Dairy Show, 842 Exchange Avenue, Chicago 9, Illinois.

New Fence At Cemetery

The Mentone town officials wish to announce that workmen have completed the installation of a low decorative fence at the cemetery, and locked cross chains have been installed for night use. This use is not to keep those in the cemetery from leaving, as one official put it, but to keep some of the meandering automobiles from roaming about the cemetery at night. The town marshalls unlock the gate chains each morning and lock them again at night. Citizens are invited to inspect the new fence.

Please Don't Burn Leaves on Pavement

Again leaf-burning time is almost at hand, and citizens are cautioned to use care to not have a blaze on the oiled streets of the city. The asphalt street surfacing material will burn, and the heat from a bonfire will damage the surface of the street.

PLYMOUTH MAN CHAMP EGG EATER

Devours Five Dozen Eggs In Egg Eating Contest Thursday

There wasn't anyone in Mentone late Thursday night who felt any desire to challenge Robert Redman, 48, of Plymouth, to an egg-eating duel. Mr. Redman, a plumber, had just won the title of world's champion egg eater by eating 60 eggs in less than 30 minutes.

Second place in the contest went to Luther Lotes, of Claypool, who managed to eclipse 39 of the carefully selected and properly cooked cackles.

Devon Ogle, of Rochester, came in third with a score of 34 eggs down.

Glen Puterbaugh, one of the Mentone contenders, was squeezed into fourth place with 33 eggs down. (Mr. Puterbaugh stated on a TV program Thursday noon that he expected to eat at least three dozen, but I don't blame him for losing interest in the contest when one of his contenders started drinking them by the dozen.)

Bob Listenberger, of Plymouth, who had a part in getting the "world's champion" into the contest, came in fifth with a mere 16 eggs.

Larry Hatfield, Mentone, tried his eggs hard-boiled and after an even dozen his appetite for eggs was as dry as the Sarah at mid-day.

Each contestant had the privilege of having his eggs prepared to suit, and the winner chose to have his soft boiled. With a dozen or so soft boiled ones in a dish, he'd stir them into a liquid and drink them by the dozen. (Someone slipped in a dozen fried ones but said he was still able to eat more if necessary to win the contest.) Mr. Redman, using his own words, "was full!"

The egg show queen and her four attendants, assisted by K. A. Riner and Jack VanGilder, served the eggs to the contestants. Carroll Eiler, chairman of the egg-eating committee, was at the microphone during the contest and did a very capable job of keeping the contest interesting and alive.

Russell Hunter, chef of the Java Shop, of the Hotel Van Orman, Fort Wayne, prepared the eggs for the contestants.

Dies After Long Illness

Edward J. Reese, 70, of Clay township, father of Francis Reece, principal of West Wayne school, died in the Woodlawn hospital, Rochester, at 7:30 p. m. Thursday of complications. He had been in failing health for the past two years and a patient at the hospital since June 16 of this year.

Reece was born in Seward twp. Kosciusko county, March 12, 1885, and was the son of Thomas and Catherine (Byerly) Reece. In 1913 he was married to Mabel Kinsey in Clay township, and has lived there since then. He has been a farmer all his life.

Survivors include his wife; 1 son Francis, of near Claypool; two grandsons, one brother, Arthur, of near Claypool; two sisters, Mrs. Lawrence (Maude) Jones, of Aurora, Ill., and Mrs. Ed (Opal) Campbell, of Route 1, Claypool. Three brothers, preceded him in death.

Funeral services were held in the Mount Pleasant Methodist church Sunday at 1 p. m. and burial was in Mount Pleasant cemetery.

Mrs. Clara Heeter

Mrs. Clara E. Heeter, 78, died at her home located five miles northwest of Akron, at 1:30 a. m. Monday following an illness of six weeks.

Mrs. Heeter was born in Kosciusko county October 25, 1876, and was the daughter of William and Sarah (Wharton) Thompson. She lived most of her life in the Akron and Mentone communities and was a member of the Bethlehem Baptist church. In April, 1902, she married Oscar Heeter, who survives her.

Other survivors include two sons, Lloyd, of Culver, and Loren of Phoenix, Ariz., one daughter, Grace Galentine, of Indianapolis, one granddaughter; and one sister, Mrs. Bertha Green, of Fulton.

Funeral services were held in the Moyer-Haupt funeral home, Akron, Wednesday at 2 p. m. with Rev. Harry Smith of Goshen, assisted by Rev. Carter Cummins, of Akron officiated and burial was in the Nichols cemetery, five miles north of Akron.

Charles G. Carted Dies

Charles G. (Bose) Carter, 72, who at one time owned and operated restaurants at Etna Green and in Mentone and had an oil dealership here, died at 6:20 a. m. Sunday in the Woodlawn hospital, Rochester, of carcinoma following an illness of 4 months.

Mr. and Mrs. Carter were living at Winter Haven, Florida, where Mr. Carter had a teaching position, and they flew to Indianapolis, when Mr. Carter became ill. He was brought to the Woodlawn hospital in the John's ambulance.

Carter was born in Newton county, near Rochester, April 26, 1883, and was the son of J. A. and Alice (Crisler) Carter. He had lived in Kosciusko county most of his life spending the past 15 years in Etna Green. In 1906 he was married to Ferne Ponsler. She preceded him in death in 1947. In 1953 he married Frances Clark, who survives. He was a member of the Mount Ayr Methodist church.

Other survivors include two sons, Jennings Carter of Evansville, and Charles Carter, of Milwaukee, Wis., two grandsons; and one sister, Mrs. Glen Shindler, of Rensselaer.

Funeral services were held in the Johns funeral home, Tuesday at 2:30 p. m. Rev. H. R. Page of Shelbyville, assisted by Rev. Homer Farthing, of the Etna Green Methodist church, officiated and burial was in the Mentone cemetery.

Club Calendar

Dies At Home In Michigan

Samuel N. Rickel, 83, of Glennie, Michigan, a native of Kosciusko county, died Sunday morning at his home there.

Richer was born in Kosciusko county, near Beaver Dam Lake, November 26, 1871, and was the son of Reason and Sarah (Warren) Rickel. He moved from Beaver Dam about 35 years ago. He was married in March 1891 to Winnie Sands, she died in 1918. In 1919 he married Lizzie Whittemberger, and she survives him. Rickel was a member of the Advent church in Glennie.

Other survivors include: two sons, and one daughter, Guy, Clyde, and Fern of near Glennie; four brothers, James and Jonas of Beaver Dam, Mahlon of Claypool, and Bert of Palestine; two sisters, Mrs. Etta Diminick of South Bend, and Mrs. Ollie Sellers of Silver Lake; two stepsons Ralph White and Everett Adams of Silver Lake; and many grandchildren.

Funeral service were held Wednesday at 2 p. m. in Glennie.

Greulack

Mr. and Mrs. Richard Greulack, Route 1, Mentone, are the parents of an eight pound four ounce daughter, born at 8:01 p. m. Thursday in the Murphy Medical Center. The new daughter has been named Carolyn Elaine.

Carlene Thompson Arnold Snipes Wed

(Missed in our last issue)

In a very impressive double ring ceremony performed a week ago Sunday at the Rochester Christian church, Miss Carlene Thompson became the bride of Arnold L. Snipes at 3:30 p. m. in the presence of 150 guests.

The bride is the daughter of Mr. and Mrs. Ben Vernon of Rochester and the groom is the son of Mr. and Mrs. William T. Snipes of Talma.

The Rev. James Kimsey read the wedding vows before a beautifully decorated altar of palms, two baskets of gladioli and two seven-branch candelabra and the pews were marked with white satin bows.

Mrs. Everett Kessler, organist, played bridal airs of "Indian" (Continued on back page)

Roy Robbins Dies In Fort Wayne

Roy E. Robbins, 48, of Fort Wayne, and formerly of Mentone, died early Friday morning in the Parkview Memorial hospital, Fort Wayne, where he had been a patient for one week. He had been in poor health for quite some time.

Robbins was born near Mentone December 14, 1907, and was the son of Henry and Bessie (Dorland) Robbins. He was a meat cutter by trade and lived with a sister in Fort Wayne.

Survivors include, his mother, Mrs. Bessie Robbins, of Mentone; two sisters, Mrs. Merl (Elsie) Linn, of Mentone, and Mrs. Marjorie Halterman, of Fort Wayne; one brother, Virgil of Mentone, and one uncle, Chas. Dorland of Mentone and five nieces.

Funeral services were held at the Reed Funeral home Sunday afternoon at 2 o'clock and burial was in the Mentone cemetery. Rev. Milton Pearsons officiated.

W. S. C. S. Celebrates 15th Anniversary

"Give me an open mind, O God, a mind ready to receive and to welcome such new light of knowledge as it is Thy will to reveal to me. Let not the past be ever so dear to me as to set a limit to the future. Give me courage to change my mind, when that is needed. Let me be tolerant to the thoughts of others and hospitable to such light as may come to me through them." Here-with a portion of a prayer from "A Diary of Private Prayer" by John Baillie, as read by Lois Davison opened our W. S. C. S. Meeting Thursday, September 15, to celebrate the fifteenth anniversary of our organization.

A short program by Mrs. Mary Utter and Mrs. Jean Pritchard on the life and religious workings in Korea with a picture display by Mr. Wagner was most interesting as we realize what can be done on foreign shores to bring these war torn people the word of God.

Mrs. Harriet Abbey led our meeting in Scripture reading and prayer.

After honoring and thanking our Lord for His many blessings bestowed upon us, we had the pleasure of reminiscing the fifteenth anniversary of our organization. (Continued on back page)

Daniel Boones Win 149 to 221

Head for the Alamo, you Davy Crocketts—the Daniel Boones have you outnumbered.

At least, that's the latest report from the Bureau of Old Age and Survivors Insurance of the Social Security Administration here. Joseph L. Fay, assistant director of accounting operations, said his bureau has issued Social Security cards to:

One hundred forty-nine people named Davy Crockett.

Two hundred twenty-two people named Daniel Boone.

And even these figures don't tell the whole story. The Davy Crocketts, Mr. Fay reports, are doing some cheating, for the count of their number includes all those people in the United States with Davy, David or David with a middle initial preceding their surname.

But the count of Daniel Boones includes only those named Daniel or Daniel with a middle initial.

Molasses Prove Good Dairy Feed

Hoosier dairy men can supplement roughages of low feed value this winter with molasses, reports G. A. Williams, extension dairyman at Purdue University. Feeding tests indicate that 6.5 gallons of molasses are equivalent in livestock feed value to one bushel of corn. If the corn-molasses price ratio is favorable, dairymen should consider the use of molasses, Williams says.

Molasses may be diluted and poured over unpalatable forages thus increasing consumption, or may be fed free choice up to two or even three pounds per cow daily if prices are favorable. 3 pounds of molasses equals about one quart.

Feed records secured from DHIA members last year indicate that a number of herds, especially if silage was not fed, received molasses during a part of all of the winter months.

Molasses does not increase the feeding value of low grade forages but it does add palatability and permits the cow to consume digestible nutrients in larger amounts.

Rice is a versatile food, according to Miss Ann Liggett, extension food and nutrition specialist at Purdue University. Rice may be cooked separately or with other foods; served as a main dish, a vegetable, in soups, salads or as dessert; and may be an extender for other foods because of its bland flavor. Rice is an economical food, providing energy at relatively low cost.

National Letter Writing Week

The Post Office Department announces that the annual observance of "National Letter Writing Week" will be from October 2 to October 8 this year. The attention of Post Office patrons is invited to posters in all Post Offices which imply that anytime, especially the present time, is exactly the right time to write and mail a personal letter. During "National Letter Writing Week" would be an ideal time to answer letters and to write persons you have been intending to. The Post Office Department urges patrons to acquaint themselves with the advantages of air mail, special delivery, first class mail, business reply cards and envelopes, and the use of the money order and registry services for remittances.

Drying Will Permit Early Corn Harvest

Forced air drying will permit Hoosier farmers to take advantage of ideal weather early this fall to harvest corn with high moisture content.

Dr. G. W. Isaacs, Purdue University agricultural engineer, says forced air drying of corn has a number of advantages.

Farmers who have equipment to dry the crop can harvest corn with 28 to 30 percent moisture content. Since the stalks are still usually erect at that time, the picker does a better job and more corn gets into the crib. In some cases the reduction of picker losses are enough to pay for the drying costs.

Numerous methods can be used to beat "Mother Nature" to the punch in the reduction of moisture content. For example, ear corn can be dried by forcing either heated or unheated air through the corn. Although forced, unheated air drying may require two to four weeks of fan operation, the corn is preserved. Portable farm driers supply heat to the air, speed up drying, and make movement of the driers from one crib to another possible.

Some farmers dry shelled corn

with heated air to eliminate drying cobs. Shelled corn is easily handled and requires only one-half as much storage space as ear corn.

Isaacs says most cribs and storage buildings can be adapted for drying either shelled or ear corn.

For detailed information on corn drying, contact the agricultural engineering department, Purdue University.

September is the time to clip and remove heavy growth from grass waterways so that the waterway will safely carry heavy runoff from fall and winter rains, say agricultural engineers at Pur-

1956 Outlook Meetings Set

Lafayette, Ind.—Is the 1955 business boom likely to continue in 1956? If so, what will probably happen to farm prices and incomes?

Purdue University agricultural economists will discuss and analyze these questions soon at 90 county and district meetings. The series of state-wide outlook sessions will open October 10 and continue through October 27.

Thousands of dairymen, swine raisers, corn growers and other farmers are expected to attend the meetings. With an aim to help Hoosier farmers plan ahead

for a successful 1956, the economists will present probable trends in general business and farm commodity prices.

Special emphasis will be placed on the hog markets for 1956. Will hog numbers continue to increase in 1956? And what are the prospects for profits in the swine industry? Purdue economists will attempt to forecast answers to

these inquiries at the outlook sessions.

Other topics to be covered include the outlook for profit margins in cattle feeding, corn prices and other items. The outlook for supplement prices as well as farm machinery, fence building, and hired labor costs will be analyzed by the economists.

Purdue specialists who will pre-

sent the '56 outlook at the various meetings include Lowell Hardin, acting head of agricultural economics department, J. B. Kohlmeier, Paul Robbins, John Dunbar, A. M. Nichter, Noah S. Hadley, R. H. Bauman, M. Paul Mitchell, J. Carroll Battum, Robert Suter, Lester L. Arnold, R. O. Dunsdon, W. S. Farris, Ed Carson, C. E. French and D.

Woods Thomas.

All farmers, business men, and others interested persons are invited to attend the opening meetings. Newspapers and county agents will disclose the date, time and place of local meetings, according to the Purdue economists.

Nearly 10,000 Indiana Farmers attended the outlook sessions in 1954.

DO YOU RECOGNIZE THE FARM PICTURED BELOW?

Here is another picture in the second series of farm photos to be printed in the Co-Op. News.

The pictures were taken by the Zekan & Robbins photographers, Harlan, Iowa, and are all of farms in the Mentone trading area. The pictures are not identified and it will be up to the owners or neighbors to notify this newspaper office. The pictures were taken by airplane and not even the photographer knows one from the other. It will be interesting to see who is the first to identify the pictures each week. Phone Mentone 38. We will endeavor to publish the names of each person correctly identifying the pictures each week.

The farm owner will be given the original 5 x 7 mounted picture absolutely free of any cost. All we require is that the operator himself come to our office and give us a little information about the farm, its operation, etc. Additional prints, colored enlargements, etc. can be obtained by contacting this newspaper.

Baptist Circle Holds Guest Day

The Bethlehem Baptist Missionary circle of Talma held its annual guest day Wednesday, September 21, in the home of Mrs. Clarence Graffis with Mrs.

Orlie Winger and Mrs. Glen Chapin as co-hostess.

The meeting was opened by the president, Mrs. Don Pfeiffer with group singing of "Still Sweeter Everyday" and "No One Ever Cared For Me Like Jesus."

Mrs. Chloris Barkman had charge of the devotions, and she read scripture verses and an article on "The Way Love Found" and the life story of Dwight L. Moody. Mrs. Faye Smith closed the devotional period with prayer.

Mrs. Harold Caruthers gave a very interesting book review of "Heaven On Horseback." Roll call was answered by 17 members each introducing their guest.

The secretary's report was read by Mrs. Wendel Duzenbury, who also read thank you letters from Bacon, Oklahoma, and the East Side Christian Center, Indiana-

polis, for the gifts sent them.

A brief report of the association meeting was given by Mrs. Dee Berrier and Mrs. Don Pfeiffer. Miss Patsy Hunter favored the group with two vocal solos entitled "You'll Never Walk Alone" and "The Lord's Prayer". Mrs. Anna Leininger dismissed the meeting with prayer.

Delicious refreshments were served by the hostess and her assistants. Guests were: Mesdames Oma Kuhn, Dick Morris, Charles Shock, Ellis Riley, Ted Kock, Delbert Hunter, Harold Caruthers, Ralph Poor and Miss Patsy Hunter.

Hoosier farmers planning to build a farm pond should clear the area of trees and stumps at the dam site. Purdue University agricultural engineers say the trees standing in water will die and be a nuisance.

Palestine W. S. C. S. Meets

The Women's Society of Christian Service of the Methodist Church met at the home of Mrs. Reda Shanes on Thursday for an all day's meeting. At the noon hour a delicious carry-in dinner was served. The afternoon meeting was conducted by the president, Mrs. Edison Vandermark. Mrs. Roy Stickler led the devotions and Mrs. Orval Secor gave the lesson. A fifteenth anniversary program was given by Mrs. Bert Rickel with several members taking part. A cake with 15 candles was used to represent the years and a large candle to grow on. At the close of the service the society sang "Happy Anniversary" to Mrs. Eldon Horn whose wedding anniversary was that day and the cake was presented to her.

There were twenty members present and two guests, Mrs. Frank Rarick and granddaughter and Mrs. William Merley and son of near Akron. Mrs. Bert Rickel was assisting hostess. The next meeting will be held on Oct. 27 at the home of Mrs. James Rose and Mrs. Louise Summy.

Brush and woody growth in can be destroyed by spraying, ac-fence rows and along ditch banks cording to the botany and plant pathology department at Purdue University. A mixture of equal parts of 2, 4-D and 2, 4, 5-T should be diluted with water. One gallon of the mixture in 100 gallons of water should be used.

The members of the Talma Rod and Gun club held their regular monthly meeting in the local high school gym September 19, at 7:30 p.m. There was a very fine attendance at this meeting.

The meeting was in charge of the president, Joe Duzan. An important and very interesting project taken up at this meeting concerned putting up lights at the school soft-ball diamond. It has been reported that boards will be given free of charge for the bleachers and material will be donated for the fence in front of the bleachers. This matter will be taken up at the next meeting and a more detailed report will be given at that time. Also the club is planning on a pot-luck

Visitor From Oregon

Miss Monna Roselyn Bennett, who has been employed by the state at Portland, Oregon the past seven years, in the payroll department, visited the Cook Brothers and her mother, Mrs. Readah Bennett who lives on the George Cook farm near Beaver Dam.

Miss Cook was a former Warsaw H. S. student and was employed in offices at Logansport and Warsaw before going west. Her brother, Maurice, married and lives at Seattle, Washington where he is employed by the city.

FINDS LARGE MUSSEL SHELL

Pierce Jefferies was showing a large mussel shell which he recently found in the creek at the south edge of Mentone. The shell was about six inches long and three and one-half inches across, and indications were that it had not been empty for a very long time.

Pierce was wondering if mussels get that large in the creeks and small lakes or whether it had drifted into the creek.

FIRST VISIT IN 40 YEARS

An auto with a Montana license plate parked in front of the News office Tuesday morning, and in a brief visit with the driver, we learned that he was born near Bourbon 44 years ago, and went to Montana when he was four years of age. This was his first visit to Indiana since that time, and I can imagine that Harold Martin will be plenty tickled when he gets that new Mercury of his headed back towards his ranch near Brocton, Montana. Mr. and Mrs. Martin and two children are visiting with an uncle, Dallas Martin, who lives two and one-half miles northwest of Mentone.

Short Dry Periods Boost Herd Output

Dairymen must keep the "dry-day" periods to a minimum in order to maintain a high annual herd average, reports G. A. Williams, Purdue extension dairyman.

Williams selected three groups of ten herds from Indiana DHIA units to show the effect of the number of milking-days per animal on yearly production.

Results showed group I had an average of 400 pounds or more of butterfat per cow, group II 300 to 375 pounds per cow, and group III less than 300 pounds per cow. Williams studied about 1200 annual records between 1951 and 1954.

Group I had only 7.4 per cent of the cows milked less than 270 days a year. The second group had 14 per cent and the low group 20 per cent. Fifty-three

per cent of the cows in group I were milked from 301 to 330 days each year. But just 45 per cent of the second group and only 37 per cent of the third group were among that division.

Williams says the milking-day loaders must be kept to a minimum in order to reach a herd average of 400 pounds of butterfat each year. He lists these recommendations to follow in reaching that 400 pound level:

Keep complete and accurate records of all heat periods.

Do not breed the cows before the second, or even better, the third heat period.

In case of delayed conception, a veterinarian should be contacted.

In case of prolonged periods of sterility, the animal should be sold.

When selecting foundation females, study the reproductive records of closely related animals.

Land Judging Interest Grows

Land judging is one of the most effective methods to teach Hoosier farm youth the fundamentals of proper land use.

Purdue University soil specialists

have played an important role in the promotion of the land evaluation program throughout the state.

Instead of teaching the students about soil in the classroom, vocational agricultural teachers now take to the fields with their classes. Here they examine the soil as it was formed by nature.

Students of the soil learn to recognize and evaluate the good and poor qualities of land by sight and by touch.

Contests in land judging which bring different schools and counties together for team competition are now a regular part of the vocational education program in Indiana. These contests operate in the same manner and follow the same principles as used in livestock or crop judging contests. Contestants scan the land for indications of quality such as texture, depth of surface soil and subsoil.

Two Purdue University agronomists, T. C. Bass and A. B. Bertrand, have prepared extension bulletin 395, "Land Judging In Indiana," to help vocational agriculture teachers and other farm leaders to conduct land judging events.

Interested persons may secure the bulletin from the county extension office or from the office of agricultural publications at Purdue.

Mrs. Wilford Teel is now a patient at the Irene Byron Sanitarium in Fort Wayne.

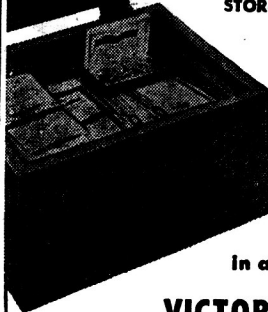

Mrs. Orla Grubbs was taken to the Memorial hospital in South Bend, Tuesday, in the Johns ambulance.

Mr. and Mrs. William Rathbun are now located in the new home they have built in the southwest part of Mentone.

Country Neighbors

Mrs. Bessie Gross entertained the Country Neighbors club in her home in Mentone, recently. The meeting was called to order by the vice president, Mrs. John Teel. The meeting was opened by singing in unison, followed by devotions by Mrs. Wilbert Utter. She used the story of the Prodigal Son and a poem entitled, "Our Task."

The history of the song of the month was given by Mrs. Robert Hoover. "The Cradle Song" was then sung by the group.

Roll call was answered by "Something I Remember about One of My Teachers." Some very amusing incidents of by-gone days were revealed.

A short business meeting was held and the secretary and treasurers' reports were given. A thank you card from Eleanor Hoover was read. The vice president then

appointed Mrs. Robert Hoover and Mrs. Howard Chamberlin on the nominating committee. An auction was held with high bids going to Mrs. Leroy Norris, Mrs. Robert Hoover, Mrs. Earl Zent and Mrs. John Teel. Secret Pal gifts were received by Mrs. Wilbert Utter, Mrs. Earl Zent and Mrs. George Craig. The door prize went to Mrs. Zent.

Delightful refreshments were served by the hostess, Mrs. Bessie Gross, to the club group and five guests: Mrs. Berry, Butchie Teel, Fay Long's granddaughters Peggy and Pam, and Johnny Craig. The next meeting will be held at the home of Mrs. John Teel.

CARD OF THANKS

We wish to thank all the blood donors, churches, organizations, friends and neighbors for the cards, flowers and acts of kindness during the illness, and following the death of our wife, daughter, and sister.

Attends Meeting of Heart Foundation

Dr. Dan Urschel, of Mentone, was in Indianapolis on Sunday, attending the Annual meeting of the Indiana Heart Foundation.

Dr. Donald Close, Professor of Cardiology at Indiana University, President of the Foundation for the coming year, presided at a meeting which was devoted largely to a report of activities of the organization for the past year. Of particular interest was a report of the Research Committee, headed by Dr. Kenneth Kohlstadt, director of research at Lilly Laboratories, in Indianapolis. Dr. Kohlstadt reported that the Heart Foundation was creating a permanent cardiovascular research division at Indianapolis General Hospital, to work jointly with Indiana University School of Medicine. He also introduced Dr. Lowell Hardin, of Purdue, who told of his extensive research on energy requirements on the farm. This project, sponsored jointly by the Indiana Heart Foundation, and by Purdue University, covers a subject on which there has been no prior data. It is of extreme importance to farmers in general, and to those with heart disease in particular, because Dr. Hardin is working in close conjunction with equipment manufacturers in an effort to lower the physical strain in farm tasks.

Numerous other research projects are being supported by the Heart Foundation, and these were described in detail by Dr. Kohlstadt.

At this meeting, Dr. Urschel took office as Vice President of the organization for the coming

year. Mr. James Stuart, of Indianapolis, editor of the Indianapolis Star, is president-elect.

teen years of service and pleasures since the establishing of the W.S.C.S. Among some of the history brought out was the reading of the Co-Op News Article reporting the first meeting, September 21, 1940. Here we were informed that the first president was Mrs. Lois Moore, also the other original officers were listed. At this time Mrs. Broda Clark gave a summary of her memories of the organization along with a free report of the first meeting. It was indeed inspiring to hear the history of a group so much involved in the work of Christ and the Church.

A most delightful lunch was served by our junior members. The girls who acted as hostesses so accomplished were: Jackie Blue, Jalaine Smythe, Kay Kindig, Barbara King and Manta Boggs.

THOMPSON-SNIPES, Cont'd

Love Call," "Through the Years," "Always" and "O Promise Me," and accompanied the vocalist, James Saltgiver, as he sang, "Because," "I Love You Truly" and "O Perfect Love."

Miss Nadine Fortna, Rochester, attended the bride as maid of honor and the bride's attendants were: Miss Joetta Blackwood, Bedford, and Mrs. Gene R. Evans, sister of the bride.

Don Snipes, Talma, brother of the groom, served as best man and the ushers were: Bob Thompson, Rochester, brother of the bride; Bob Peterson, Talma; Ivory and Albert Snipes, Talma, brothers of the groom. Miss Frieda Kampen was in charge of the guest book and Joyce Snipes, sister of the groom, was in charge of receiving the gifts. All servers wore corsages of blue and yellow carnations.

As the traditional wedding march was played on the organ by Mrs. Everett Kessler, the bride entered at the altar and was given in marriage by her stepfather, Ben Vernon. She wore a white ballerina length gown with a strapless bodice and skirt of accordion pleated nylon tulle, bolero jacket and mandarin collar and long sleeves tapering to a point at the wrist. She wore a finger tip veil which fell from a Juliet cap embroidered with seed pearls and carried a white lace handkerchief belonging to her grandmother. She carried a white bible, a gift of the groom, topped with a lavender orchid and also wore pearl earrings.

The maid of honor wore a yellow strapless ballerina length gown of net and taffeta with a draped bodice and a full skirt accented with wide flounce and a net stole and wore a headband of matching net and small velvet flowers. She carried a hand bouquet of blue baby pompoms and also wore a pearl choker and earrings, gifts of the bride.

Both attendants wore gowns identical to that of the maid of honor except they were blue in

color. They carried hand bouquets of yellow baby pompoms and wore pearl chokers and earrings, gifts of the bride.

Mrs. Vernon, mother of the bride, wore a royal blue crepe dress accented with white and winter white accessories and wore pink gladioli corsage.

Mrs. Snipes, mother of the groom, wore a black nylon dress accented with a white wing collar and black accessories. She wore a pink gladioli corsage.

Immediately following the ceremony a reception was held in the church basement. Mrs. Tad Henderson, Mrs. Don Snipes, Mrs. Larry Goss and Mrs. Ed King served.

Following a two weeks honeymoon to Canada, Niagara Falls, New York City and Washington, D. C. the couple will reside at 228 1/2 west Tenth St., Rochester.

The bride is a graduate of the Rochester high school in the class of 1952 and is a member of the Beta Mu Chapter of Kappa, Kappa, Kappa, and is employed as secretary at the Rochester Farmers Mutual Insurance Company.

The groom is a graduate of the Talma high school in the class of 1948 and is employed at the Mooreman's Manufacturing Company of Bourbon.

Victims Urge Caution When Picking Corn

Needless corn picker accidents can be eliminated on Hoosier farms this fall if operators follow the advice of victims of past years.

F. R. Willsey, farm safety specialist at Purdue University, believes farmers who heed the experience of Millard Eck, Shelby county, will use more caution around the picker this season.

Eck, who lost both hands in a picker accident October 20, 1953, says that any part of moving machinery is dangerous.

Dora C. Shoemaker, Whites-town, another farmer whose left hand was mangled in a 1953 picker accident, says his accident could have been avoided by "stopping the picker before removing a stalk caught in the re-tainer."
